**MINUTES
PUBLIC HEARING
NOVEMBER 18, 2002 AT 7:15 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Public Hearing of the City Council of the City of Neptune Beach was held November 18, 2002, at 7:15 p.m. following the Workshop Meeting, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Richard A. Brown	City Manager Richard A. Linn
Vice Mayor Robert D. Shimp	City Clerk Lisa Volpe, CMC
Councilor James Gilbert	Public Services Director Leon Smith
Councilor Ronald D. Patronik	Building Official Dan Arlington
Councilor Harriet Pruette	Assistant to the City Manager Terry Klein
City Attorney Christopher A. White	Deputy City Clerk Karla Strait, CMC

Call to Order

The Mayor called the meeting to order at 7:15 p.m. and announced the purpose of the Public Hearing was to consider proposed assessments for the Prado Ferrer area for the purpose of completing the platted right-of-ways.

Councilor Gilbert felt a single developer was not going to come in and buy all the property and develop it properly with water, sewers, and stormwater utility, that the City should take steps and develop the area and assess the property owners that it would benefit.

Legal Advise

City Attorney White advised the City would have to pass a Resolution based on the Improvement Project with a plan of assessment based on who would benefit and hold a public hearing with all affected property owners. He added the Council would have to determine who would benefit and who would be assessed on a uniform and consistent basis.

Public Comments

PUBLIC COMMENTS

Steve Jarrett, 210 South Street, stated the City of Jacksonville Beach had a similar problem with development back in the 80's. They used the "Community Redevelopment Act" of the Florida Statutes, which qualified them to take the county portion of the taxes collected in that particular area back to the local city government for a period of 20 years. That portion of taxes was dedicated to city sponsor improvements in that geographical district.

Edward Patterson, 670 Plaza Street, member of the Fargis Lodge property located at 2130

Florida Boulevard, questioned why the list of estimated cost were different based on footage. He opposed any assessment.

Fred Outlaw, 1967 Leon Road, member of the Fargis Lodge property located at 2130 Florida Boulevard, stated Mr. Davis would speak on his behalf because he had the same questions.

W. E. Davis, 1401-1407 First Street, opposed the assessment and felt the city should have had completed plans and cost before notifying property owners of assessments.

Michael Aston, 1523 Summer Sands Drive, stated in Ponte Gorda they had what was called an impact fee. He asked if a council member would be willing to sponsor the ability of Summer Sands Homeowners Association to clean up the area at the end of Oakhurst. They were hoping to turn the area into a greenspace. Vice Mayor Shimp stated he would be the sponsor and Councilor Patronik agreed to be the co-sponsor.

Linda Pershel, 2049 Florida Boulevard, owner of the Little Red Schoolhouse, opposed the assessment stating it would not benefit her at all. She added not one of the property owners that would be assessed had asked the city to develop the area. She felt the Council was creating a problem that did not exist.

Shelly Weikil, 2005 Windswept Circle and owner of property located at 2005 Florida Boulevard, stated she had wanted to sell the Florida Boulevard property and had been waiting since February for the Council to make a decision regarding the development. She also opposed the development and assessment. She was concerned because she was not notified.

Fred Outlaw, 1967 Leon Road, an officer of the Fargis Lodge on Florida Boulevard, questioned who was in the process of purchasing one of the back lots in the area and wanted it developed.

Cliff Squires, 2100 Florida Boulevard, opposed the assessment stating none of the property owners in the area wanted it developed.

Randy Osborne, 1932 Strickland Road, stated he was the one that was in the process of closing on the back lot of the property. He added he was not involved in the proposed assessments. He was concerned about the development being done correctly according to the city plans.

Steve Jarrett, 210 South Street, stated his plans to access his property through Summer Sands did not work and the whole area was examined. That was when the plans and permits for the utilities in the entire area were discovered. He hoped there was a way to develop the area that would be a good situation for everyone.

Tim Bressin, member of the Fargis Lodge, asked if it was a mistake that the assessment figures were mailed out with the notices because the cost per foot was not consistent.

Ron Powell, 1830 Nightfall Drive, stated he was assessed based on front footage. He liked the idea of a blighted area using county taxes to pay for it and asked if Nightfall Drive could be included in the blighted area.

Lana Huguenin, 1521 Summer Sands, informed Steve Jarrett estimated the first figures

and Building Official Dan Arlington estimated the second figures. She asked where Mr. Arlington got his figures.

WORKSHOP CITY COUNCIL MEETING
NOVEMBER 18, 2002 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held November 18, 2002 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Attorney Christopher White

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call The Mayor called the meeting to order at 6:00 p.m.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE:** City Manager Linn reported the Ish Brant Beautification Committee had completed the beautification of the barricade at Seagate Avenue and First Street.

CITY MANAGERS PUNCH LIST

Bike Path **BIKE PATH IMPROVEMENT:** There was a delay in beginning construction on the bike path, which should have been started on September 12, 2002. City Manager Linn stated his contact Sally Rosier was no longer with the Florida Department of Transportation, but he would look into the cause of the delay.

Utility Improvements **UTILITY IMPROVEMENT PROJECT:** Jim Miller with PBS&J was present and would give a presentation and update on the Utility Improvement Project later in the meeting.

Kings Rd. Bridge **KINGS ROAD BRIDGE:** The contract was signed and the architect was working on the repairs.

Summer Sands **SUMMER SANDS – STEVE JARRETT ACCESS:** Council approved access for Steve Jarrett's lots on Poinciana at the November 4, 2002, regular council meeting. Councilor Pruette suggested removing this item from the punch list since the access had been granted.

Underground Containers **UNDERGROUND TRASH CONTAINERS:** City Manager Linn was continuing working with the manufacturer of the underground trash containers to trade in the jumbo

containers for smaller ones.

Seagate Ave.

PROPERTY AT THE END OF SEAGATE AVENUE: City Manager Linn reported funding through the City of Jacksonville Preservation Fund and the Florida Community Trust Fund Preservation had been received for the purpose of turning the property located at the end of Seagate Avenue at the marsh into a preserve with a canoe launch and picnic shelter. The next step in the process was to obtain an appraisal of the property. Discussion ensued about what the entire process entailed.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

Utility Study

JOINT BEACHES UTILITY STUDY: The idea of the study was to interconnect the water systems of Jacksonville Beach, Neptune Beach, and Atlantic Beach on a permanent basis allowing water to flow freely between all cities. There were two phases involved in the utility study. Phase I would consider the pros and cons of wholesaling water from the City of Atlantic Beach and the City of Jacksonville Beach. Phase II of the study would consider a central billing system for all three beach cities. The cost of the study was \$109,000 and would be split equally between the three cities.

Vice Mayor Shimp suggested including the availability of the future water supply and the City of Jacksonville in the study.

Councilor Pruette asked Jim Miller, PBS&J engineering consultant, to comment on his opinion of the study.

Mr. Miller stated he felt it was a good idea to consider combining beaches utilities. His only concern was that the wells in Neptune Beach continue being used in order to maintain the consumption use permit.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING CONSENT AGENDA FOR ACTION.**

ISSUE DEVELOPMENT

Water Imp. Project

UPDATE OF WATER IMPROVEMENT PROJECT – JIM MILLER, PBS&J: Jim Miller, PBS&J, gave a presentation regarding the current status of the Water Improvement Project.

CBD

NOTIFICATION OF PROPOSED CHANGES TO THE CENTRAL BUSINESS DISTRICT: Councilor Pruette was concerned that residents living in the Central Business District were not being notified of proposed changes in businesses.

City Attorney White drafted a proposed ordinance, at Councilor Pruette's request, that would require the city to notify abutting property owners within the Central Business District of any proposed changes regarding businesses.

Consensus: **FORWARD TO THE DECEMBER WORKSHOP MEETING FOR FURTHER DISCUSSION.**

BFI Complaints

STATUS OF BFI – TRASH & RECYCLING COLLECTION COMPLAINTS: Councilor Pruette was concerned about the increased number of trash and recycling pick up complaints.

Assistant to the City Manager Terry Klein had prepared a report of complaints for the

months of June, July, August, September, and October. The report showed a substantial increase of complaints during the month of October.

City Manager Linn explained the BFI contract enabled the city to collect liquidated damages from BFI per various incidents. The city had fined BFI a total of \$3,450.00 for the month of October. He felt the increased number of complaints might be due to BFI trucks having difficulty accessing streets that may have been blocked off by the utility company during the installation of new water lines. Councilor Pruette suggested refunding five dollars for legitimate complaints.

Parking/Lemon St.

PROPOSED PARKING ON LEMON STREET BY THE NEW AMSOUTH BANK: Vice Mayor Shimp suggested the area on Lemon Street next to the Amsouth Bank could be used to add 15 parking spacing. He felt it would help the businesses in Town Center and keep it from becoming a blighted area. City Manager Linn stated he would look into it.

Consensus: **FORWARD TO THE DECEMBER WORKSHOP MEETING FOR FURTHER DISCUSSION.**

COMMUNICATIONS AND CORRESPONDENCE

City Clerk Lisa Volpe announced the following people had qualified for elections:
Seat 2 : Jimmy Gilbert – unopposed
Seat 4: Larry Shealy and Dr. Scott DelPrete

Seat 5: John Weldon – unopposed

Ms. Volpe stated they would be sworn in on December 3, 2002 at 8 pm.

Councilor Pruette asked if the ditch at First Street and Florida Blvd would be cleaned soon. Public Works Director Leon Smith stated it would be cleaned in the very near future.

Vice Mayor Shimp stated he had become aware of a problem where the Board of Appeals allowed a resident on North Street to plant trees on the city right of way and asked for this item to be placed on the workshop. Councilor Pruette stated another resident at Davis and Strand had planted several palm trees on the city right of way and citizens were asking they be removed.

Mayor Brown introduced Anne Murphy of AT&T Broadband. She and Lynn Faulter, Vice President and General Manager presented the Mayor with their yearly check for public events.

CITY MANAGER REPORTS

40' Abandonment of First Street SET MEETING WITH AFFECTED PROPERTY OWNERS ABUTTING THE 40' ABANDONMENT OF FIRST STREET: City Manager Linn reported that a meeting would be set up for the third or fourth Wednesday in October to discuss the 40' and sidewalk.

Seawood Drive CITY COST ESTIMATE TO REMOVE VINES AND YARD WASTE FROM THE SEAWOOD DRIVE GREENSPACE: City Manager Linn reported it would take two men two full weeks to take out all the vines and compost in the area. Vice Mayor Shimp asked what the exact cost was. City Manager Linn and Public Service Director Leon Smith did not know the exact figure. Some discussion ensued. Work is to commence in the near future.

Kings Road Bridge REPORT OF ADDITIONAL COST TO DESIGN PEDESTRIAN WALKWAY ON THE KINGS ROAD BRIDGE: City Manager Linn stated he has submitted the cost of an extra sidewalk on the bridge as was requested by council. Pittman Hartenstein Engineers gave an amount of \$55,000 additional for design costs. This change would require more permits and much more construction. Construction costs would be raised by about 50%.

Unpaved streets/property owners LIST OF UNPAVED STREETS THROUGHOUT THE CITY/LIST OF PROPERTY OWNERS TO BE AFFECTED BY THE PROPOSED INFRASTRUCTURE IMPROVEMENTS IN THE PRADO-FERRER AREA: City Manager Linn stated the list of unpaved roads are listed in the agenda packet. He commented that some of the roads listed may be extremely difficult due to wetland issues such as Bartolome and Nightfall. The end of forest is being suggested to use as parking for the City yard.

Discussion ensued over cost estimates for paving roads near Summer Sands. City Manager Linn stated staff was interested in paving Pine Place behind Surface Technology. Councilor Pruette cautioned the city to proceed carefully in the area due to an already flooding problem in that area.

City Attorney Chris White felt a determination needs to be made as to if there is legal standing for an assessment which is based on two factors 1) benefit of the real property 2) and the manner the assessment is recorded.

City Manager Linn reminded everyone that any assessment needed to go through the ordinance process.

Consensus: **THAT STAFF PROVIDE LEGAL INFORMATION AND COST**

**ESTIMATES OF THE STREET PAVING, SEWER AND
STORMWATER ON POINSETTA, BAY ROAD AND KINGS CIRCLE.**

Surplus Vehicles

City Manager Linn asked council to amend the agenda to approve the surplus of old city vehicles.

PUBLIC COMMENTS

Glenn Jefferys, 111 North Street, was concerned about the Board of Appeals overturning Building Official Arlington's rejection of planting a tree on city right of way and wanted to know why, he as a neighbor, was not contacted. Vice Mayor Shimp stated this would be on the workshop in October.

Michael Aston, 1523 Summer Sands Drive, felt it was not right for the city to assess the homeowner but rather the developer should pay for the infrastructure.

Thad Moseley, 3701 Duval Drive, Jacksonville Beach, felt the city should not allow development in the CBD without having the proper amount of parking places.

Scott Weikel, 228 Windswept Circle, stated there was an error in the Duval County Property Appraiser's database therefore he may be assessed wrong due to the error. There are four more properties that could have the same problem.

Theresa McMahan, 1032 Lincoln Road, stated the vine problem on Seawood Drive had been going on for six years and did not feel cleaning it up would cause taxes to go up.

Nancy Jenson, 546 South Street, was concerned about the footprint bill. She urged the council to allow commercial buildings in the CBD to be covered within this bill. She felt the downtown area worked well as it was.

Tom Wittingslow, 110 Lemon Street, was concerned that commercial buildings would not be allowed to be rebuilt and he had a problem with parking being so strict in the code.

John Weldon, 108 Oak Street, read from his letter stating that the Land Development Regulations are there so as new buildings are built, they conform to the code. If the council were to allow commercial buildings into the footprint bill this eventual conformity would never happen. He did agree with allowing the residential buildings in the CBD in the footprint bill.

Kirk Cobb, 112 Orange Street, was concerned that residential homes in the CBD would not be left and would not be included in the footprint bill.

Linda Perschel, 1865 Nightfall Drive, stated she owned Red School House and did not want to be assessed for a road in front of this property that would not be a benefit to her school.

Leslie Karlin, 1506 Spindrift Circle West, felt that people had a right to know if something that affected them was on the agenda. She felt the city council should make a decision about the road paving. She did not think Summer Sands should be assessed and felt developers should pay for any paving. She questioned what is under Oakhurst Drive.

Lynda Padrta, 1113 First Street, agreed that 220 First Street should be required parking. She was concerned that the water project schedule on the web was not correct. She thought it was sad that not many people are interested in running for office.

Mary Ann Padrta, 1032 Second Street, felt that people should take care of their own right of way and if the city was abandoning property she wanted some.

Judith Williams, 98 Orange Street, was glad the city was moving in the direction of allowing residential properties in the CBD to be considered in the footprint bill.

Recess/Reconvene

Mayor Brown called a recess at 8: 30 p.m. and reconvened the meeting at 8:45 p.m.

Scott McClure, Summer Sands, the Neptune Beach Code states that all road improvements should be at the expense of the developers.

MOTION CARRIED

OLD BUSINESS / NONE

NEW BUSINESS

220 First Street

DEVELOPMENT ORDER – 220 FIRST STREET – Building Official Dan Arlington introduced the applicants. Tom Geolz and Patricia Geolz stated they were going to convert the old bike shop into a small grocery store and convert the two apartments on the top floor into offices for Cobalt Moon. They explained that the project had less than the necessary amount of parking spaces but they were adding three spots by restriping on the city right of way down Orange Street. They are under contract to buy the cabinet shop and hope to be able to restrip the Sliders' lot when this is bought to add some spaces.

Councilor Pruette stated there might be a stipulation that if the hours run later than mentioned they have to go back to the Planning and Development Review Board because of parking. She also felt there was a parking problem in the CBD.

Vice Mayor Shimp questioned why the PDRB allowed the development without the required amount of parking when everyone is so concerned about lack of parking. He felt the council has helped most of the businesses out in the CBD regarding parking but felt at some point they had to decide to stick to the code and say no. Mr. Geolz stated he could leave the upstairs residential and that would take care of the parking situations. Vice Mayor Shimp stated the council just may need to discuss parking issue.

Mr. Geolz stated he was not trying to slip anything by anyone. He understood the parking problems in the CBD and would consider leaving the upstairs residential. He felt this was an attractive addition to the downtown area.

Councilor Patronik felt that parking was an issue that needed to be discussed.

Councilor Gilbert stated he liked the project a lot but agreed that the parking issue needed to be discussed.

Mayor Brown suggested to the applicants that they post pone the development so that the council could discuss parking at the next workshop. Mr. Geolz stated he had nothing to lose by doing so and would be glad to wait as long as it was a month and not a five month process.

After some discussion the applicant decided it may be better to leave the upstairs residential.

City Manager Linn stated that it would be good to discuss parking and felt some of the parking rules may be too strict.

Consensus: **TO DISCUSS PARKING REGULATIONS IN THE CBD AT THE OCTOBER WORKSHOP.**

Kings Road Bridge

DESIGN PROFESSIONAL SERVICES AGREEMENT – KINGS ROAD BRIDGE REPAIRS. City Manager Linn asked if Council would like to add the \$55,000 that Pitman Hartenstein suggested for the walkway on the bridge or to stay with the original \$63,466. Mr. Linn explained that a walkway would make it necessary to add more pilings and not just repair the embankments. After some discussion the council decided not to add the \$55,000 at this time.

Moved by Pruette, seconded by Patronik.

Motion: **TO APPROVE THE DESIGN AND PROFESSIONAL SERVICE AGREEMENT FOR THE KINGS ROAD BRIDGE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

MINUTES
WORKSHOP CITY COUNCIL MEETING
OCTOBER 21, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held October 21, 2002 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance: IN ATTENDANCE:

Mayor Richard A. Brown	City Manager Richard A. Linn
Vice Mayor Robert A. Shimp	City Clerk Lisa Volpe, CMC
Councilor James Gilbert	Building Official Dan Arlington
Councilor Ronald A. Patronik	Director of Public Services Leon Smith
Councilor Harriet Pruette	Deputy City Clerk Karla Strait, CMC
City Attorney Christopher White	

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee continued to work on ongoing projects.

CITY MANAGERS PUNCH LIST

Jarboe Park Improvements JARBOE PARK IMPROVEMENTS: The Jarboe Park Improvement Project was complete and the final report had been submitted to the Department of Environmental Protection for reimbursement.

Bike Path BIKE PATH IMPROVEMENT: The Bike Path Improvement was a project of the Department of Transportation and it had not been started.

Utility Improvements UTILITY IMPROVEMENT PROJECT: City Manager Linn had been on vacation and missed the latest progress meeting. The engineer reported no major issues arose at the meeting.

Kings Rd. Bridge KINGS ROAD BRIDGE: Council had approved the contract for repairs and it had been sent to the engineering firm for approval.

Underground Containers UNDERGROUND TRASH CONTAINERS: City Manager Linn was continuing to work with the manufacturer of the underground containers on trading in the large ones for smaller ones.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS NONE**ISSUE DEVELOPMENT**

Relay for Life

RELAY FOR LIFE PRESENTATION – AMERICAN CANCER SOCIETY: Harry Graham, President of the Beaches American Cancer Society & Austin Richmond, Special Events Manager for the American Cancer Society, explained the Relay for Life Fundraiser Event. The event was a celebration of survivorship. It helped to provide patient services and programs. Mr. Richmond asked Council for approval to hold the relay event in Jarboe Park on May 2 & 3, 2003.

Consensus: **TO APPROVE THE RELAY FOR LIFE FUNDRAISING EVENT TO BE HELD IN JARBOE PARK ON MAY 2 & 3, 2003.**

Maintenance Facility

OPERATIONS AND MAINTENANCE FACILITY REPORT – JOSE PEREZ, PQH ARCHITECTS: Jose Perez, PQH Architects, explained the diagram of the design for the new operations & maintenance facility. The design reflected the needs of the facility for the next 15 years. In summary the buildings totaled 23,995 square feet. The covered areas totaled 4,333 square feet and the open yard totaled 39,436 square feet. The estimated cost was 2.9 million dollars inclusive of his fees, construction & design.

Vice Mayor Shimp questioned if the area residents had been consulted regarding the plan. Mr. Perez replied no they had not.

City Manager Linn recommended holding an open house forum with refreshments at the Senior Activity Center to allow area residents input regarding the design. Mr. Linn added there was an area of the property that could not be used due to contamination by old diesel fuel tanks. The design was prepared to avoid that area.

Councilor Pruette voiced concerned about the cost of the project. Mr. Linn stated the source of funding for the project was from the Better Jacksonville Plan and would not impact the tax base.

Mr. Perez concluded final design would take about 4 or 5 months, the bidding and negotiation process would take approximately 2 months and estimated construction to begin in 6 to 8 months.

Consensus: **TO HOLD AN OPEN HOUSE WITH THE CITY COUNCIL AND THE AREA RESIDENTS AT THE SENIOR CENTER TO ALLOW THE RESIDENTS TO REVIEW THE PLANS.**

CBD Parking

CENTRAL BUSINESS DISTRICT PARKING ISSUES: Vice Mayor Shimp felt businesses could not function in the Town Center area due to the strict parking requirements. His purpose for placing this issue on the agenda was to allow input from the Town Center business owners.

Mayor Brown felt the parking restrictions in Town Center should be flexible in working with new businesses. It was difficult to apply the same parking ordinance in Town Center as in other business districts.

Councilor Gilbert stated the only parking problems he had seen in Town Center was on Friday and Saturday evenings after 9:00 p.m. when most of the shops were closed allowing the use of their parking for the restaurant and bar patrons. He felt the parking requirements should be flexible in order to allow the remodeling of older buildings for new businesses.

There was no consensus.

BOA Decision

REVERSAL OF BUILDING OFFICIALS DECISION BY THE BOARD OF APPEALS / PUBLIC ACCESS USAGE: Building Official Dan Arlington had denied a resident use of the city right-of-way to plant a palm tree and the decision was overturned by the Board of Appeals. Vice Mayor Shimp felt the Board of Appeals should not be allowed to give permission of use of city right-of-ways. He was also concerned because the surrounding property owners were not noticed before the palm tree was planted.

City Attorney White stated the Board of Appeals did not have jurisdiction over the determination of what happened on a city right-of-way. The city had the right at it's discretion to allow the palm tree to remain in the right-of-way.

Councilor Pruette was concerned that the palm tree was not mentioned in the public notice. She questioned what could now be done about the palm tree.

Councilor Gilbert stated the Board of Appeals was designed to deal with issues on private property only. Anything dealing with city property should be decided by the Building Official and appealed to the City Council.

Councilor Patronik felt the decision of the Board to allow the palm tree should be remanded.

City Attorney stated he could give an opinion to the City Manager as to what the options were and his opinion on the action of Board of Appeals.

Consensus: **AUTHORIZE THE CITY ATTORNEY TO GIVE A LEGAL OPINION TO THE CITY MANAGER.**

Strand & Davis Palm Trees

Councilor Pruette stated someone planted approximately 20 palm trees on the city easement at the corner of Strand and Davis Street. She added that residents had requested that the trees be removed. She questioned when the trees were going to be removed.

City Manager Linn stated there was an order to remove the trees. Building Official Arlington stated he signed a 30 day temporary Certificate of Occupancy and the power would be turned off and the C/O revoked if the trees were not removed within the 30 days.

Councilor Pruette asked to place the issue on the agenda for the November workshop meeting to come up with a clear cut policy for use of city property, right-of-ways, and easements.

Infrastructure Prado Ferrer

ESTIMATED COST OF PROPOSED INFRASTRUCTURE IMPROVEMENTS IN PRADO-FERRER: This issue is in regards to Steve Jarrett's development of 4 lots at the end of Oakhurst Drive through Summer Sands. The residents of Summer Sands and their Homeowners Association have been active in trying to prevent access for the development through the subdivision. Building Official Dan Arlington had prepared a break down on the direct benefit cost to each property owner regarding the city installing infrastructure to provide and alternative access through Bay Road.

Vice Mayor Shimp felt developers should develop properties and include the cost in the selling price. He was against the city-installing infrastructure in undeveloped areas.

Legal Advise City Attorney White read the following for the record:

"There was a right to be compensated through inverse condemnation when a governmental action causes a substantial loss of access to ones property even though there was no physical appropriation of the property itself. It is not necessary that there be a complete loss of access to the property."

Mr. White advised that denying access to the property could potentially result in litigation. He added you can not choose whom to assess. The assessment had to be executed on a benefit basis and could not show preference. It also had to be consistent in application.

A lengthy discussion ensued regarding who would benefit from the improvements and whether or not the city should be involved.

City Attorney White further advised "if there was a platted right-of-way on which property was purchased the purchaser was allowed to rely on that platted right-of-way to develop the property if the right-of-way is the access to the property."

Discussion continued and the issue of drainage was brought forth.

Consensus: **TO NOTIFY IN WRITING ALL RESIDENTS ON MR. ARLINGTON'S LIST "THAT THE CITY WAS CONSIDERING IMPOSING ASSESSMENTS FOR THE SAKE OF COMPLETING THE PLATTED RIGHT-OF-WAYS IN YOUR AREA – AN INFORMATIONAL MEETING WILL BE SCHEDULED" - AND HOLD A SPECIAL PUBLIC HEARING ON NOVEMBER 18, 2002, AT 7:00 P.M. OR IMMEDIATELY UPON CONCLUSION OF THE WORKSHOP MEETING STARTING AT 6:00 P.M.**

Public Notices

PUBLIC NOTICES TO ADJACENT PROPERTY OWNERS: Councilor Pruette asked the council to come to a consensus to have the city notify adjacent property owners in the central business district regarding issues being considered in their neighborhood.

City Manager Linn requested the issue be drafted in a form of an ordinance that would require when notices would be given, to whom and for what actions or events. Otherwise, he was concerned the staff would be placed in the position of always being wrong when someone was opposed to something.

Building Official Arlington stated the proposed new Land Development Regulations addressed the issue and had new guidelines for advertising.

There was no consensus.

Seawood Greenspace

SEAWOOD GREENSPACE – CLEARING OF POTATO VINES AND COMPOST: Mayor Brown voiced concern regarding the communication of the clearance of the potato vines and compost in the greenspace area. He had received pictures and complaints that the city had cleared out too much of the natural buffer.

Director of Public Services Leon Smith stated he had ceased the clearing of the greenspace temporarily. He added it was impossible to remove all of the potato vines and debris that had been dumped in the area without clearing some of the palmettos and underbrush.

Mayor Brown stated the intent was to clear the open visible stacks of debris and potato vines without clearing the palmettos or underbrush.

There was no consensus of the Council on the issue. Councilor Pruette asked to recess and Mayor Brown stated after the recess he would go directly to into public comments.

Recess/Reconvene Mayor Brown called a recess at 9:25 p.m. The meeting reconvened at 9:35 p.m.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Michael Dunlap, 212 Lora Street, supported a new vision on parking restrictions in the Central Business District. He urged Council to resume the review of the Proposed Land Development Regulations.

Thad Mosley, 3701 Duval Drive, Jacksonville Beach, and owner of property on Orange Street, felt stricter codes were needed regarding control of variances and development orders in the Central Business District.

Michael Aston, 1523 Summer Sands Drive, President of the Summer Sands Homeowners Association, felt a lawsuit regarding access to Steve Jarrett's property through Summer Sands could be defended on the grounds of safety and infrastructure and traffic flow.

Lora Patronik, 1520 Leeward Lane, felt it was neither the city's problem nor the property owners of Leeward Landing or Summer Sands if a developer could not access his property. She did not think Buddy Crout Lane met the true legal definition of a cul-de-sac. She opposed opening the roadway through Summer Sands into Leeward Landing.

Bill Holden, 1114 Seawood Drive, urged the Council and staff to work with the residents of Lincoln Road and Seawood Drive to preserve the greenspace.

Gail Fuller, 1010 Seawood Drive, agreed with Mr. Holden.

Lynda Padrta, 1113 First Street, voiced concern about parking requirements in the Central Business District.

Ed Jones, 200 First Street, felt Town Center was considered more of a walking and bike riding area instead of a vehicle-oriented community. He felt there was a good balance in the parking.

Leslie Karlin, 1506 Spindrift Circle West, donated her 5 minutes to speak to Michael Aston. She was disappointed that Steve Jarrett did not speak.

Michael Aston, 1523 Summer Sands Drive, President of the Summer Sands Homeowners Association, stated neighborhoods should be designed to prevent through streets.

Adjournment There being no further business, the meeting adjourned at 10:08 p.m.

**WORKSHOP CITY COUNCIL MEETING
OCTOBER 28, 2002, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop City Council Meeting of the City Council of the City of Neptune Beach was held October 28, 2002 at 6:00 p.m., at the Senior Activity Center at 2002 Forest Avenue, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor James Gilbert
Councilor Harriet M. Pruette
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith

Absent:
Councilor Ronald D. Patronik

The Mayor called the meeting to order at 6:00 p.m. stating it was an informal meeting to discuss the plans for building a new City Yard Facility. City Manager Linn stated that Better Jacksonville money would be used to fund the project and PQH were hired as the architects. Director of Public Services commented that this project was a necessary upgrade to the facility.

Jose Perez of PQH Architects outlined the concept plan of the facility highlighting the green buffers between residential areas.

During a question and answer period the following three items were discussed:

1. The emergency/second entrance on Strickland Road being eliminated.
2. Providing ample vegetation and fencing in the buffer zones on Strickland Road and Forest Avenue.
3. The placement of the automotive garage where the existing garage is instead of being closer to Strickland Road.

The city manager and the architect stated there would be another informational meeting when the schematic drawing had been completed.

Adjournment

There being no further business, the meeting adjourned at 7:20 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Patronik advised he had received several e-mails and telephone calls regarding the proposed millage rate of 3.2.

Vice Mayor Shimp stated he spoke with Leman Rosenberg before the meeting regarding the increased millage rate.

Mayor Brown announced the official budget hearing would be held Thursday, September 5, 2002, at 6:00 p.m.

Councilor Pruette thanked City Manager Linn publicly for his hard work involving the Fletcher High Band Fundraiser in Jarboe Park. She asked if there was anything the Council could do to assist. City Manager Linn responded that Vice Mayor Shimp had been working hard on the event and they could use all the help they could get.

CITY MANAGER REPORTS

Utility Improvement **UTILITY IMPROVEMENT PROJECT UPDATE:** City Manager Linn reported Utilex had fractured a 4" water main on First Street and Pine Street just that afternoon. The repair had been made and pressure should be up very soon. 35% of the homes in Bal Harbor still needed to be connected to the new meters. There was still some minor sod work and restoration to be done and Bal Harbor would be complete. East of Third Street had been started and divided into three sections. A section at a time would be tested and connected. He was pleased with the work and asked the public to be patient and understanding during the project.

Holiday Decorations **HOLIDAY DECORATIONS:** City Manager Linn reported there was a need to improve the holiday decorations. He met with Councilor Pruette, Atlantic Beach Councilman Desmond Waters, and Atlantic Beach City Manager Jim Hanson to discuss decorations. They ordered 16 decorations for Atlantic Boulevard from Mayport Road to Town Center to be placed one on every other pole. The City of Jacksonville Beach volunteered to energize the streetlights. The energy cost would be calculated on kilowatts. Funding for the decorations would come from the annual B.F.I. donation of \$5,000. Donations were also being accepted from citizens and could be added to their water bill.

Fractured
Sewer Line **FRACTURED SEWER LINE:** City Manager Linn reported Utilex fractured a dropped sewer line that served 4 homes. Public Services were trying to remove batonite that got into the pipe. A camera would be placed in the pipe to determine any additional problems.

PUBLIC COMMENTS

Lee McDonald, 1140 Florida Boulevard, was concerned about the history of sewer problems at his residence. He added it affected his homeowner insurance rates and he felt the contractor should be penalized.

Teresa McMahan, 1032 Lincoln Road, rebutted statements made by Patrick Mills and other residents of Seawood Drive regarding the greenspace behind her house at the August 19th workshop meeting.

Peggy Roush, 1807 Penman Road, felt the city should not place a lien on her house for installing a new sewer line on her property.

Lana Huguenin, 1521 Summer Sands Drive, stated B.F.I. had combined her recycling and trash in one truck.

Michael Aston, 1523 Summer Sands Drive, defined the following words for the Council: close, barricade, barrier, precedent, equal, equitable, and equity. He felt those words defined the closure of First Street and asked the Council to keep them in mind while considering the closing of Oakhurst Drive.

Lynda Padrta, 1113 First Street, felt the proposed budget was too high and a lien should be placed on the property at 1807 Penman Road.

Leslie Karlin, 1506 Spindrift Circle West, was concerned about the holiday decorations discriminating against other religions.

CONSENT AGENDA

Political Signs

POLITICAL CAMPAIGN SIGNS – SUSPENSION OF ENFORCEMENT OF SECTION 27-583(B) 6.C. FOR THE SEPTEMBER, 2002 ELECTION: City Attorney White advised suspending the enforcement of the 14 day time period throughout the remaining elections of this season.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Mayport Flyover
Maintenance

APPROVAL OF MAINTENANCE AGREEMENT FOR MAYPORT FLYOVER LANDSCAPE WITH FDOT: City Manager Linn explained Neptune Beach and Atlantic Beach requested that extensive landscaping be included in the Mayport Flyover project. The Florida Department of Transportation agreed to landscape the project if the cities would agree to provide the maintenance. In the agreement FDOT had agreed to reimburse the City of the Neptune Beach \$4,356.28 annually; the amount they would have incurred to maintain the landscaping. Mr. Linn recommended approval of the agreement pending a review by the City Attorney.

Discussion ensued regarding the cost of maintenance.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE MAINTENANCE AGREEMENT FOR MAINTENANCE OF THE MAYPORT FLYOVER LANDSCAPING.**

Roll Call Vote:

Ayes: 3 – Patronik, Shimp, Brown

**SPECIAL CITY COUNCIL MEETING
SEPTEMBER 5, 2002, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Special City Council Meeting of the City Council of the City of Neptune Beach was held September 5, 2002 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor James Gilbert
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

DISCUSSION

Mayor Brown opened the meeting and commented the Council had been over the budget and made a number of changes. He explained since residents had received the proposed tax bill the "not to exceed millage rate" had been reduced to 3.2 mils. He added that over the last ten years the City had done a great job in rolling back the millage rate. The cost of running the city had significantly increased, with salaries, health insurance, etc. In order to continue serving the city without cutting services or going into the reserve fund, the millage rate would need to be increased.

City Manager Linn felt the City offered excellent service to the citizens and did not want to see a reduction in service. There was a motion made last year to set the rate at 3.2 however, it died for lack of a second. If it had been approved we would not be using reserves funds of \$300,000 to balance out the fiscal year. He was anxious to hear the comments from the public.

Finance Director Steve Ramsey stated the proposed budget was fully funded based on a millage rate of 3.2 without using reserve funds.

Senior Homestead

Vice Mayor Shimp asked about a special homestead exemption for senior citizens. City Manager Linn replied there was a special homestead exemption available for senior citizens of \$25,000 already in effect.

Councilor Patronik suggested eliminating the full time animal control officer position and creating a full time building inspector position in the Building Department. He felt this would save the City money. He also suggested the city cancel the landscape maintenance agreement with Florida Department of Transportation for the Mayport Flyover and have the city employees' cease providing maintenance on the First Street right-of-ways and maintain the landscaping of the Mayport Flyover instead.

Councilor Pruette questioned the amount of money that would be saved by having city employees stop maintaining the right-of-ways on First Street. City Manager Linn stated he was not sure how often the First Street right-of-ways were trimmed. He would have to get the answer from the Director of Public Services Leon Smith.

Councilor Gilbert apologized for missing the last budget meeting due to an illness. He felt it would be more prudent to gradually increase the millage rate. He stated a millage rate of 3.0 instead of 3.2 with an \$84,000 shortfall would be a step in the right direction.

Councilor Pruette questioned what the property values were based on. Finance Director Steve Ramsey responded he based the property values on the assessment provided by the Duval County's Property Appraiser's Office.

Councilor Pruette was not comfortable with a millage rate of 3.2 or 3.0. She added the new stormwater fees would bring in \$100,000 of extra revenue. She did not want to set the millage rate over 2.86.

Vice Mayor Shimp stated last year Council held the City to a very tight budget with the understanding that at the end of the year they would know how well the City was run and if taxes needed to be increased. By holding the City to such a tight budget there was a need to go into the reserves. Therefore, he felt an increase in the millage rate was needed.

City Manager Linn stated the reserve fund was intended to be reserved for disaster recovery not to balance the budget.

Councilor Pruette asked City Manager Linn why the City continued to spend money on things that were not needed like the new wallpaper in the Council Chambers. City Manager Linn replied the wallpaper in the Council Chambers had been budgeted for the past three years and the City received an excellent offer on it. Mr. Linn explained the budget that was passed called for a deficit spending. Councilor Pruette stated the City should not spend money on things that were not necessary.

Vice Mayor Shimp stated the Council knew the City would be going into reserves when the budget was passed. What was stipulated was that any spending requiring the use of reserve funds had to be approved by the Council.

Ord. No. 2002-08

ORDINANCE NO. 2002-08, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ADOPTING FINAL MILLAGE RATES AND LEVYING AD VALOREM TAXES FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2002, AND ENDING SEPTEMBER 30, 2003; SETTING FORTH CERTAIN INFORMATION REGARDING "ROLLED BACK RATES"; DIRECTING THE CITY MANAGER TO ADJUST THE ADOPTED MILLAGE RATES IN THE EVENT OF CHANGES IN THE ASSESSMENT ROLL AND TAXABLE VALUE; PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2002-08 by title only and opened the public hearing.

Hayes Bishop, 1443 Spindrift Circler East, stated her monthly obligations had increased and her pension had decreased. She was on a fixed income and opposed increasing the millage rate.

Michael Aston, 1523 Summer Sands Drive, explained how his property value had increased. He felt with the increase in property values and the millage rate the City's income would be sufficiently more. He opposed increasing the millage rate to 3.2.

Marsha Holton, 1503 Spindrift Circle West, asked what the citizens were getting for the 35% increase in taxes. She asked for a copy of the budget.

Cathleen Maiden, Summer Sands, asked if there were any salary increases for employees in the past five years, specifically the management. Finance Director Steve Ramsey replied the union contract that was signed last year gave a 5% increase for employees. Vice Mayor Shimp responded in order to keep the good management employees from leaving, their salaries were brought up to standards with the Florida League of Cities salary survey.

Margaret Rush, 417 Penman Road, stated the assessment had increased 20% and taxes had increased 40% on her rental house on Penman Road that was part of her retirement income.

Phyllis Benner, 244 Wind Swept Circle, asked if the seniors had to be 65 years of age to get the additional homestead exemption and what the maximum income level was. City Manager Linn responded he knew the age requirement was 65 and was not sure what the income level was. With the property value increase and a millage rate of 3.5 would be a 42% tax increase on her property.

Charlie Miller, 512 South Street, stated there was no such thing as a professional Mayor or Council Member and the Council should listen to the staff because they were the experts that were hired to advise them. He had confidence in the city staff and felt the Council should listen to them.

There being no further comments from the public the public hearing was closed.

Councilor Patronik asked if the \$100,000 contingency budget could be lowered to \$75,000.

Vice Mayor Shimp suggested lowering the millage rate to 3.0. and have the employees come back with suggestions from tonight's discussion.

Councilor Patronik felt the budget could be cut maybe to 2.9.

Councilor Pruette suggested saving \$58,632 by cutting 2 vehicles and 2 defibulators from the police department budget. She asked what percentages were allotted for salary increases and if there was room to cut 1%. She asked how much that would save.

Vice Mayor Shimp felt cutting out the defibulators and police vehicles would be taking away health and welfare from the citizens in case of an emergency. He did not want to cut back the services. He added salary increases were required by union contract and could not be decreased. He stated the budget had been cut as much as possible.

Moved by Gilbert, seconded by Pruette.

Motion: **AMEND ORDINANCE 2002-08 LOWERING THE MILLAGE RATE TO 2.9.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Moved by Patronik, seconded by Shimp.

Motion: **TO PASS ORDINANCE NO. 2002-08 AS AMENDED ON FIRST READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2002-09

ORDINANCE NO. 2002-09, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ADOPTING A FINAL BUDGET AND APPROPRIATING FUNDS FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2002, AND ENDING SEPTEMBER 30, 2003; PROVIDING AN EFFECTIVE DATE.

City Manager Linn stated an amendment would be necessary to Section 1-A to change the 3.2 millage rate to 2.9.

Moved by Shimp, seconded by Gilbert.

Motion: **TO AMEND SECTION 1-A OF ORDINANCE 2002-08 CHANGING THE MILLAGE RATE FROM 3.2 TO 2.9.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

City Manager Linn stated Section 3-A needed to be amended to read 18.64.

Moved by Shimp, seconded by Patronik.

Motion: **TO AMEND SECTION 3-A OF ORDINANCE 2002-08 TO READ 18.64.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Mayor Brown read Ordinance No. 2002-09 by title only and opened the public hearing.

Michael Aston, 1523 Summer Sands Drive, asked if there was any other way the city could bring in income. City Manager Linn described what the city had done to increase revenues in the last year.

There being no comments from the public the public hearing was closed.

Finance Director Steve Ramsey asked the Council if they wanted to stop the process and go back to first read. Councilor Pruette wanted Mr. Ramsey to address the Council on how much money the City could save with the suggested changes and amendments. Councilor Patronik stated the best thing to do was to adjust the reserves to accommodate the budget and adjust the expenditures at a later date.

Moved by Patronik, seconded by Shimp.

Motion: **TO ADJUST THE BUDGET TO DRAW THE MONEY FROM THE RESERVES INSTEAD OF REVENUES FROM THE MILLAGE RATE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Finance Director Steve Ramsey stated the City was required by state statute to fund the police pension at certain levels.

Mayor Brown read Ordinance No. 2002-10 by title only and opened the public hearing.

Cathleen Maiden, Summer Sands, asked if it was a state, city or county fund. Mr. Ramsey replied it was a city fund.

There being no further comments from the public the public hearing was closed.

Moved by Shimp, seconded by Patronik.

Motion: **TO PASS ORDINANCE NO. 2002-10 ON FIRST READ AND PUBLIC HEARING.**

MINUTES
WORKSHOP CITY COUNCIL MEETING
SEPTEMBER 16, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held September 16, 2002 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette

City Attorney Christopher White
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

AGENDA AMENDMENTS

**First St.
40' Abandonment**

FIRST STREET, 40' ABANDONMENT, SIDEWALK – CITY ATTORNEY CHRIS WHITE:
City Attorney White advised the Council action in 1994 to abandon the 40' right of way on First Street was valid in terms of procedural requirements and could not be reversed. He added that it was not legally necessary for the City to issue a deed or provide a letter to the property owners relating to the abandonment. He asked for a consensus of the Council not to issue any deeds.

Consensus: NOT TO ISSUE ANY DEEDS ON THE 40" ABANDONMENT ON FIRST STREET.

Mayor Brown questioned if would be advisable to communicate with the property owners with an objective of adjusting the abandonment to place the sidewalk in the city right-of-way. City Attorney White responded it would be ideal to have a meeting with all of the property owners to reach a consensus relating to the property that included the sidewalk. If the property owners held fast on the 40' abandonment then the City would be faced with whether or not the sidewalk would need to be removed. He asked for a consensus to organize a meeting with the property owners.

Consensus: TO ALLOW CITY ATTORNEY WHITE TO ORGANIZE A MEETING WITH THE PROPERTY OWNERS OR THEIR REPRESENTATIVES, THE CITY MANAGER AND HIMSELF, REGARDING THE SIDEWALK.

Ord. No. 2002-06

ORDINANCE NO. 2002-06 – PERMISSIBLE USES TABLE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-226-1, TABLE OF PERMISSIBLE USES AND PROVIDE AN EFFECTIVE DATE.

City Manager Linn advised there was inconsistency in allowing residential dwellings in commercial districts on Table 27-226-1. Section 27-225 of the Code expressly prohibited residential dwellings in the C-1, C-2, C-3 and the Central Business District and would also need to be amended. City Manager Linn recommended tabling the permissible uses ordinance and voting on both the table and footprint bill at the same time to eliminate the inconsistency.

Consensus: **TO AMEND SECTION 27-225 BY DELETING THE WORDING "EXPRESSLY PROHIBIT RESIDENTIAL BUILDINGS IN THE CENTRAL BUSINESS DISTRICT" AND FORWARD TO FIRST READ IN OCTOBER AND SECOND READ IN NOVEMBER AND TABLE THE PERMISSIBLE USE ORDINANCE FOR SECOND READ IN NOVEMBER.**

Footprint Bill

ORDINANCE – FOOTPRINT BILL: City Manager Linn recommended removing the clause "within a residential area" located in Sec. 27-706(c).

City Manager Linn advised the Footprint Bill only allowed residences within a residential district to be rebuilt after a natural disaster without the need for a variance. Therefore, the residences within the commercial district were excluded.

Consensus: **TO STRIKE THE WORDING "WITHIN A RESIDENTIAL AREA" FROM SECTION 27-706(C) AND INCLUDE BUSINESSES ALONG WITH THE ENTIRE CITY IN THE FOOTPRINT BILL AND FORWARD TO FIRST READ IN OCTOBER AND SECOND READ IN NOVEMBER.**

Paul Hardin, 1301 Riverplace Boulevard, representative for property owners affected by the table change, stated the owners were concerned about their vested rights. He stated adding the exception would be burdensome for the property owners and would also require the City to set up criteria. He respectfully suggested that Council reevaluate the position of requiring an exception of a permitted right.

Seawood Dr.

SEAWOOD DRIVE BUFFER / GREENSPACE – COUNCILOR GILBERT: Councilor Gilbert had mailed out a survey to the residents of Seawood Drive and Lincoln Road. The results found that the biggest problem in the greenspace was the overgrowth of the potato vines and everyone agreed they needed to be tamed. There was also a concern regarding who was responsible for the maintenance of the privacy fence and the dumping in the area. He recommended that the city provide a user-friendly clearing of the vines.

Mayor Brown reported he had spoken with the Department of Agriculture and they suggested cutting the vines at the base carefully to avoid damaging the trees and plants and treat the base with roundup. They further advised the use of roundup on public property must be regulated and performed by a certified technician and the vines should be cut at the first frost to save clean up time.

Vice Mayor Shimp was concerned about spending tax dollars to maintain the area. He felt the neighbors should work together on the maintenance. He did not feel the fence was the responsibility of the city. He felt neighbors in conflict should take it up with the State Attorney's office for neighborhood intervention.

Councilor Pruette felt the City should remove the fence. She concurred with Councilor Gilbert regarding the City cleaning out the area and getting the potato vines under control. Then allowing the residents take over the maintenance.

City Manager Linn stated City Attorney White had informed the Council at the last meeting that the fence was not the responsibility of the city. Mr. Linn felt it would not be a good use of city funds to repair and maintain privacy fences installed by developers because the city did not require the developer to erect it. The developer put up the fence for his personal benefit. He stated he would need to speak with the Director of Public Services to figure the cost of clearing the potato vines.

Consensus: **TO ALLOW CITY MANAGER LINN TO SPEAK WITH THE DIRECTOR OF PUBLIC SERVICES TO FIGURE THE COST CLEARING THE POTATO VINES AND REPORT TO THE COUNCIL AT THE NOVEMBER WORKSHOP.**

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE:** City Manager Linn reported the Ish Brant Beautification Community would be meeting with Brett Goddard to discuss the Waters Edge buffer zone. The committee was also working on Florida Boulevard, shrubbery to compliment the palm trees in the medians on A1A, and a design for landscaping First Street and Seagate Avenue.

CITY MANAGERS PUNCH LIST

Jarboe Park Improvements **JARBOE PARK IMPROVEMENTS:** City Manager Linn stated the Jarboe Park Improvement project had been completed; he was waiting on the final paperwork before removing the item from the punch list.

Bike Path **BIKE PATH IMPROVEMENT:** City Manager Linn reported the Department of Transportation had a contractor in place to begin construction of the bike path from Atlantic Boulevard to Camellia Terrace within 30 days.

Underground Trash Containers **UNDERGROUND TRASH CONTAINERS:** City Manager Linn reported he was negotiating with the manufacturer of the underground trash containers to trade the large containers for 17 smaller containers to be placed at the beach accesses.

Fletcher High Band Benefit **FLETCHER HIGH BAND BENEFIT:** City Manager Linn thanked everyone who participated in the benefit for the Fletcher High School Band. There were donations from Winn Dixie, Publix, Food Lion, David Cole, and Tom Whittingslow.

PROPOSED ORDINANCES

Ordinance Political Signs **ORDINANCE – POLITICAL CAMPAIGN SIGNS:** City Manager Linn recommended amending the Code by striking out Sec. 27-583(b) 6c and renumbering Sec. 27-583(b) 6-d to Sec. 27-583 (b) 6c.

Councilor Pruette agreed to sponsor the ordinance.

Consensus: **ACCEPT THE RECOMMENDATION OF THE CITY MANAGER AND FORWARD THE ORDINANCE TO THE OCTOBER REGULAR MEETING.**

CONTRACTS / AGREEMENTS

Kings Road Bridge **DESIGN CONSULTANTS FOR REPAIRS TO KINGS ROAD BRIDGE:** City Manager Linn recommended the selection of Pitman-Hartenstein as the Design Consultants for the Kings Road Bridge Repair Project in the amount \$63,466 and forwarding to the October

regular city council meeting for approval.

Vice Mayor Shimp recommended including a catwalk for walking across or fishing from the bridge.

Consensus: **TO UPDATE THE PROPOSAL TO INCLUDE THE DESIGN OF A CAT WALK AND FORWARD TO THE OCTOBER REGULAR MEETING AND FORWARD TO THE OCTOBER REGULAR MEETING.**

ISSUE DEVELOPMENT

Taxi Cab Parking

TAXI CAB PARKING ONLY – REDUCTION OF SPACES: City Manager Linn stated he had been asked by the town center merchants to reduce the three reserved taxi cab parking spaces in Town Center because they were not being used. He recommended reducing the number of reserved spaces to one.

Consensus: **TO REDUCE THE AMOUNT OF TAXI CAB PARKING IN TOWN CENTER FROM THREE TO ONE.**

Recess/Reconvene

Mayor Brown called a recess at 8:26 p.m. and reconvened the meeting at 8:37 p.m.

Infrastructure Prado Ferrer

INFRASTRUCTURE IMPROVEMENTS PRADO FERRER (BAY ROAD – KINGS ROAD) – COUNCILOR GILBERT: Councilor Gilbert stated the City was asked to prepare a cost estimate on paving and infrastructure on the remainder of the streets off Florida Boulevard in the Prado Ferrer section. Mr. Steve Jarrett, a private property developer, had prepared a cost estimate in the amount of \$176,000.

Mr. Steve Jarrett explained the cost estimate was \$176,000. He added it would be the Council's decision on how to distribute the costs fairly to the property owners.

Discussion ensued regarding the cost and the notification of the property owners.

Councilor Pruette stated she felt there was still an unresolved issue in the Poinciana Prado-Ferrer area.

Vice Mayor Shimp stated there were other areas within the city that were not developed and the city should develop those areas as well. Councilor Gilbert agreed the other areas should be done as well.

Consensus: **TO CLEARLY IDENTIFY THE REMAINING AREAS WITHIN THE CITY THAT WERE NOT DEVELOPED.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Kyle Kahlhaas, 1016 Lincoln Road, stated because the city owned the greenspace he felt the city should maintain the potato vines to keep them from growing onto private properties.

Teresa McMahon, 1032 Lincoln Road, was concerned about the dumping on the greenspace owned by the city. She did not understand why the city did not maintain the property.

Steve Jarrett, 210 South Street, thanked the Council members for volunteering and sacrificing their time to serve to the city.

Lynda Padrta, 1113 First Street, felt the Kings Road Bridge should be made handicap

accessible; the city should remove the fence on the city owned greenspace between Lincoln Road and Seawood Drive if it was dangerous; homeowners should be responsible for their own fences; and she would like the city to discontinue maintaining the right-of-ways on First Street.

David Baker, 1102 First Street, felt the developer should have set up a homeowners association for the residents and the association would have been responsible for the maintenance of the greenspace. He questioned why the developer turned over the property to the city. He was also concerned about shrubbery, tree growth and parked cars on the sidewalk. He suggested the city create an area for residents to dump yard trimmings.

Michael Aston, 1523 Summer Sands Drive, asked council to also consider the storm water run off on the Prado Ferrer area.

Patrick Mills, 1108 Seawood Drive, stated he was willing to cooperate with the neighbors in keeping the greenspace area maintained. He also was concerned about the area that was cleared and asked the city to plant some trees to fill the void.

Steve Jarrett, 210 South Street, developer for the Seawood subdivision, stated the residents asked him to erect the fence to allow the buffer between the subdivisions.

Councilor Pruette requested the city policy concerning the issue of trimming city easements be placed on the agenda for the October Workshop Council Meeting.

Adjournment

There being no further business, the meeting adjourned at 9:26 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown asked to place the issue of variance requests requiring approval from Homeowners Associations on the workshop meeting agenda.

Vice Mayor Shimp suggested holding the Fletcher High School Band Fund Raiser in Jarboe Park on Sunday, September 15th. He felt property owners should be notified before the city provided maintenance on an abutting right-of-way. He asked to place the issue of appointing Officer Larry Dean as the official Sergeant at Arms for the council meetings on the workshop meeting agenda.

Councilor Patronik asked to place the issue of making the roadway between Summer Sands and Leeward Landing parkland on the workshop meeting agenda.

Councilor Gilbert asked to place the issue of the cost of paving the streets in the Prado Ferrer area and assessing the property owners on the workshop meeting agenda.

Mayor Brown announced that voter registration was available at City Hall and the Senior Center.

City Clerk Volpe advised information on the Florida League of Cities Conference would be provided in Friday's hand deliveries. She also asked if the September regular meeting could be held Tuesday, September 6th because Monday was the Labor Day Holiday.

Consensus: **MOVE THE SEPTEMBER 2, 2002 REGULAR MEETING TO TUESDAY, SEPTEMBER 3, 2002 DUE TO THE LABOR DAY HOLIDAY.**

City Manager Linn stated a budget workshop meeting should be scheduled for the adoption of the budget.

Consensus: **TO HOLD A BUDGET WORKSHOP MEETING ON MONDAY AUGUST 26, 2002 AT 6:00.**

CITY MANAGER REPORTS

Utility Improvement

UTILITY IMPROVEMENT PROJECT UPDATE: City Manager Linn reported the utility improvement project in the Bal Harbor section was 90 to 95% completed. All the water lines had been installed, connected, disinfected and tested. Following approval of the testing from the Department of Environmental Protection connections to homes and new meters would be installed. The contractor would then start the final clean up of repaving the roadways, concrete, curbs, turf work, etc. The Florida Boulevard line was 40% complete. There had been some utility conflicts at the Penman Road & Florida Boulevard intersection that called for a change of routing because utility companies could not give the exact location of the lines. Phase B & C east of Third Street, had just started.

PUBLIC COMMENTS

John Northrup, 255 Myra Street, opposed increasing the millage rate. He felt the budget could be balanced without a tax increase.

Lee McDonald, 1140 Florida Boulevard, felt sub-contractors should be held responsible for repairing damaged property. He was also concerned about the utility contractors blocking traffic lanes.

Vice Mayor Shimp requested placing the issue of contractors being responsible for directing traffic when a traffic lane was blocked on the workshop council meeting agenda.

Mary Ann Padrta, 1032 Second Street, asked the city to trim the trees on the Second Street right-of-way.

Lynda Padrta, 1113 First Street, was happy that the utility project was updated on the website. She felt the city needed better utility maps. She also suggested the city could cut cost by allowing only the new council members to attend the Florida League of Cities Conference.

Sybil Ansbacher, 2008 Strand Street, Chairman of the Board of Appeals, informed the council members that the Board of Appeals always advised property owners with Homeowner Association restrictions that they needed approval from the association before beginning construction.

Leslie Karlin, 1506 Spindrifter Circle West, felt that all council members did not need to attend the Florida League of Cities Conference. She asked if the new voting machine would be used at the upcoming election and if there would be a demonstration.

City Clerk Volpe responded there was a voting machine set up for demonstrations at the Publix Super Market on Atlantic Boulevard.

Mayor Brown stated he had recently written a letter to John Stafford, Supervisor of Elections, requesting that a demonstration of the new voting equipment be provided to the public.

Larry Shealy, 1501 First Street, announced the Fletcher High School Band had raised over \$50,000 to date toward their goal for the Fiesta Bowl trip. He thanked the council for proposing a \$1,500 contribution.

Robert West, 106 Hall Place, spoke about Ordinance 2002-06, amending permissible uses. He voiced concern regarding alcohol being served at outdoor cafes. He felt it would diminish property values and quality of life.

Craig Leidy, 1810 Strand, felt the public should be more informed regarding issues before the council. He was concerned about the city abandoning right-of-ways. He felt Neptune Beach should remain as it was.

CONSENT AGENDA / NONE

VARIANCES

Variance V02-
218 Oleander St.

APPEAL ON VARIANCE APPLICATION REQUEST FOR V02-31 – KRAWIEC – 218 OLEANDER STREET: In accordance with Section 27-153, consider appeal of variance request for Mr. & Mrs. Tom Krawiec.

Mr. Tom Krawiec stated they wanted to improve their property by adding a detached garage in the front yard. The Board of Appeals denied him the variance request in February. Following Mr. Warren Anderson's appeal and approval by the city council in June to build a detached garage in his front yard, they went back to the Board of Appeals with the same request and were again denied. Because the city council set precedence by approving a similar request for Mr. Anderson they elected to appeal to the city council. The hardship was the garage had to be placed in the front yard because they did not have a backyard.

City Manager Linn stated council could only hear an appeal if there was a procedural error or lack of circumstantial evidence at the board hearing. He asked council to make a motion defining their reason for hearing the appeal. The Council did not feel it was necessary to make the motion.

Sybil Ansbacher, Chair of the Board of Appeals stated the board was doing the best they could to uphold the code. The board members were sympathetic with the Krawiec family in that there was no room to build a garage in the backyard. The board found 4 to 2 to deny the variance. The main issue of the board was Section 27-328 of the code, that stated accessory buildings shall be permitted provided the accessory building was located in the side or rear yard. The code specifically denied detached garages in front yards. She suggested a change in the code that would allow the Board of Appeals to approve detached garages by special exception.

Discussion ensued over whether or not to uphold the board's decision. Vice Mayor Shimp stated his vote did not mean he was against the board. Councilor Pruette stated the council needed to support the boards or people would stop wanting to be on them. She felt there was no procedural error in this case.

Mayor Brown opened the floor for comments from the public.

Lynda Padra, 1113 First Street, felt the council should uphold the board's decision.

There being no further comments from the public the public hearing was closed.

Moved by Shimp, seconded by Patronik.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND GRANT THE VARIANCE.**

Roll Call Vote:

Ayes: 2 – Shimp, Brown

Noes: 3 – Gilbert, Patronik, Pruette

MOTION FAILED

City Manager Linn stated because the motion failed no action had been taken. He asked the council to entertain another motion.

Councilor Pruette asked to place the issue of detached garages on the workshop meeting agenda.

Councilor Gilbert stated it was difficult to serve on a board. He felt if there was a problem with the code the city council needed to change it and not haphazardly grant variances. He felt the council should stand behind the board's decision.

Moved by Gilbert, seconded by Pruette.

Motion: **TO AFFIRM THE DECISION OF THE BOARD OF APPEALS AND DENY THE VARIANCE.**

Roll Call Vote:

Ayes: 3 – Gilbert, Patronik, Pruette

Noes: 2 – Shimp, Brown

MOTION CARRIED

816 Oceanfront

OCEANFRONT: In accordance with Section 27-153, consider appeal of variance request for Mr. William Hart.

Michael Dunlap, 212 Lora Street, architect for Mr. Hart, stated the variance was to build a detached garage in the front with a guest room above. He felt this was a model that existed as part of the history of Neptune Beach and should not have been written out of the code. The garage would cover 30% of the 5,000 square foot lot excluding the driveway. He showed a photographic example of the principle house with a drive along the side and a garage apartment in the rear. He added the detached garage with a guest room above was within the spirit and character of the community and there was not competent substantial evidence for the board to deny the variance. He asked the council to reverse the decision of the board.

Sybil Ansbacher, Chair of the Board of Appeals, stated the board voted unanimously to deny the request because it was in direct opposition to the letter and intent of the code. There were neighbors that appeared to oppose the variance and others that had written letters of objection. She felt if the council overturned the boards ruling it would create precedence and other requests would follow.

Mayor Brown opened the floor for public comments.

Julie Anderson, 1537 Arrowhead Trail, felt the council should support the board of appeals and if there was a problem with the code it should be changed.

Vice Mayor Shimp stated the council should uphold the board's decision when it was unanimous.

Thad Mosley, 3701 Duval Drive, Jacksonville Beach, stated a majority of the close neighbors opposed the addition of the second story. He asked the council to uphold the boards' decision.

Lynda Padrta, 1113 First Street, stated the detached garage apartment was clearly denied by the code.

There being no further comments from the public the public hearing was closed.

Moved by Gilbert, seconded by Pruette.

Motion: **TO AFFIRM THE DECISION OF THE BOARD OF APPEALS AND DENY THE VARIANCE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

MOTION CARRIED

Recess/Reconvene

Mayor Brown called for a recess at 8:30 p.m. and the meeting reconvened at 8:40 p.m.

Agenda
Amendment

Mayor Brown amended the agenda to vote on the new business of the donation to the Fletcher High School Band for the Fiesta Bowl Parade.

NEW BUSINESS

Fletcher High
Band

APPROVAL OF A \$1,500 DONATION TO FLETCHER SENIOR HIGH SCHOOL BAND FOR THE FIESTA BOWL PARADE TRIP FROM CATV FUND:

Moved by Shimp, seconded by Patronik.

Motion: **APPROVE A DONATION OF \$1,500 FROM THE CABLE TV TRUST FUND FOR THE FLETCHER HIGH SCHOOL BAND TRIP TO THE FIESTA BOWL.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Consensus: **TO SUPPORT A FUND RAISING EVENT IN JARBOE PARK FOR THE FLETCHER HIGH SCHOOL BAND TO BE HELD ON SEPTEMBER 15, 2002.**

City of Jacksonville Beach Councilman Art Graham challenged the Neptune Beach council members to match Jacksonville Beach's council members personal contributions of \$100.00. Vice Mayor Shimp stated he would match the \$100.00 and raise it to \$150.00

ORDINANCES

Ord. No. 2002-06

ORDINANCE NO. 2002-06, AMENDING TABLE 27-226-1, PERMISSIBLE USES, FIRST READ AND PUBLIC HEARING, SPONSOR – COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-226-1, TABLE OF PERMISSIBLE USES AND PROVIDE AN EFFECTIVE DATE.

City Manager Linn stated he had a request from the Planning & Development Review Board to send the ordinance back to them for recommendations before the second read.

Mayor Brown opened the floor for comments from public.

Daryl Grubbs, 1919 Nightfall Drive, stated the difference between fast food restaurants, carry out and delivery restaurants, and interior service restaurants should be better defined. He suggested eliminating the fast food restaurant category.

City Manager Linn informed that Section 27-227 Paragraph 12 defined the additional requirements for fast food restaurants.

Building Official Dan Arlington felt the three different categories for restaurants were needed.

Lynda Padrta, 1113 First Street, was in favor of passing the ordinance on first read and sending it back to the Planning & Development Review Board before second read.

Tom Whittingslow, 546 South Street, questioned the definition of outdoor dining and why it was permitted in three areas by special exception but not in the CBD.

Discussion ensued regarding annual renewal permits for outdoor dining facilities.

There being no further comments from the public the public hearing was closed.

Moved by Shimp, seconded by Gilbert.

Motion: **TO PASS ORDINANCE NO. 2002-06 ON FIRST READ AND PUBLIC HEARING AND SEND IT BACK TO THE PLANNING &**

MINUTES
WORKSHOP CITY COUNCIL MEETING
AUGUST 19, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 19, 2002 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Attorney Christopher White

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey
Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE:** The committee was continuing working with ongoing projects. PBS&J provided a complimentary drawing & estimate for piping on Florida Boulevard that would be submitted along with the request to State Representative Don Davis for state funding.

Bikeway Report **BEACHES BIKEWAY REPORT:** Brett Goddard, facilitator for the beaches bikeway design, gave a summary of the priority bikeway routes that were chosen by the public at three separate advertised public meetings. The priorities were based on the amount of usage and destinations. The Neptune Beach priority routes were identified as: 1) Florida Boulevard from Atlantic Boulevard down to Penman Road, and First Street, 2) Florida Boulevard and Penman Road south of Florida Boulevard and Third Street south of Florida Boulevard, and 3) Penman Road from Atlantic Boulevard down to Florida Boulevard and portions of Kings Road and Seagate Avenue. He asked the Council to make a decision to accept the report as it was, make modifications, or do nothing.

CITY MANAGERS PUNCH LIST

Utility Improvement **UTILITY IMPROVEMENT PROGRAM:** City Manager Linn explained he had invited Jeff Norcross, Representative for Utilx, the contractor for the water project, to attend the meeting. Mr. Norcross was present to give a brief report and answer any questions relating to the project.

Mr. Norcross reported they had received very few complaints, which they responded to immediately. The project was proceeding at a very good pace and was right on schedule.

Bal Harbour would be completed by the end of the week and they would start tying in homes to the new services this week. The asphalt, curb and concrete work would be completed this week with the exception of 3 or 4 driveways that would be replaced by the first of next week. They would then proceed up Florida Boulevard north on First Street working the alleyways and streets to the east then turn south on Second Street and complete the tie ins between First Street and Second Street. The working environment had been very satisfactory and they worked well with the city employees. Mr. Norcross answered questions from the council relating to concerns about water pressure and traffic lane closures. Council members commended Mr. Norcross for the good work they were doing.

Bike Path

BIKE PATH IMPROVEMENT: The Bike Path Improvement on Florida Boulevard was to begin construction on September 12, 2002.

Underground Trash Containers

UNDERGROUND TRASH CONTAINERS: City Manager Linn was currently negotiating with the manufacturer of the underground garbage containers for an even trade of the 7 large bins that could not be used for 20 smaller bins that could be used on the beach.

Vice Mayor Shimp and other council members described how the small bins would be used on the beach as they saw in Boca Raton during the Florida League of Cities Conference last week.

PROPOSED ORDINANCES**PORF AMENDMENT**

ORDINANCE AMENDING POLICE PENSION FUND: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING THE CITY OF NEPTUNE BEACH POLICE OFFICERS' RETIREMENT SYSTEM, ADOPTED PURSUANT TO ORDINANCE NO. 2000-05, AMENDING SECTION 1, DEFINITIONS, TO AMEND THE DEFINITION OF "ACCUMULATED CONTRIBUTIONS"; AMENDING SECTION 4, FINANCES AND FUND MANAGEMENT; AMENDING SECTION 8, DISABILITY; AMENDING SECTION 15, MAXIMUM PENSION; AMENDING SECTION 17, MISCELLANEOUS PROVISIONS; AMENDING SECTION 24, DIRECT TRANSFERS OF ELIGIBLE ROLLOVER DISTRIBUTIONS; AMENDING SECTION 26, MILITARY SERVICE PRIOR TO EMPLOYMENT; AMENDING SECTION 27, PRIOR POLICE SERVICES; AMENDING SECTION 28, DEFERRED RETIREMENT OPTION PLAN; PROVIDING FOR SEVERABILITY OF PROVISION; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

Scott Christiansen, Attorney for the Police Officers' Retirement Board recommended updating the ordinance to be in compliance with state statutes.

City Manager Linn recommended forwarding the ordinance to first read and inviting Scott Christiansen, the PORF Board attorney to attend the meeting.

Vice Mayor Shimp agreed to sponsor the ordinance.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR COUNCIL MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS / NONE**ISSUE DEVELOPMENT****Naming of Alley**

NAMING OF ALLEY OFF FIRST STREET: Councilor Pruette explained several property owners abutting the alley on First Street had approached her with a petition to name an abutting alleyway Ocean Place. She supported naming the alleyway and asked the

council to consider it.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR COUNCIL MEETING
FOR A MOTION OR RESOLUTION.**

Green Space

GREEN SPACE AND NOTICE TO RESIDENCE OF CITY WORK: Vice Mayor Shimp requested combining this agenda item with agenda item 6-F. He was concerned about city employees cleaning up city property without notifying the abutting property owners that took care of the property. He asked the following citizens to state their concerns to the Council:

Charles Richardson, 1300 Forest Avenue, complained he had a nice green wall of shrubs all the way down Forest Avenue behind his house before city employees left stubble and roots sticking up 2 to 3 inches while trimming the shrubs to allow school children to walk down Forest Avenue. He added that in the six years he had lived there he trimmed the hedges back off the sidewalk each year before school started.

Patrick Mills, 1108 Seawood Drive, stated the Seawood subdivision of 10 lots off Florida Boulevard had a green area across the street. He was upset that city employees cleared a 3-foot area because of a complaint from a neighbor on Lincoln Road that backed up to the area. He added in the process of clearing the city employees cut down trees including one oak tree about 4 inches in diameter. He had purchased shrubs to plant to help fill the void. He felt he should have been notified by the city and had an equal voice in the situation.

Vice Mayor Shimp asked Council to direct City Manager Linn to have city employees go back and clean it up.

Bill Holden, 1114 Seawood Drive, stated the neighbors had maintained the green space area for the last 8 years and felt they should have been notified before it was cleared by the city.

City Manager Linn stated he would take a landscaper and look at it the following day.

Mayor Brown asked how the residents of Seawood could adopt the area. City Manager Linn stated a program was in place that would give them the responsibility for maintaining the area.

Oakhurst Right-of-Way

SET ASIDE OAKHURST RIGHT-OF-WAY FROM LEEWARD LANDING TO SUMMER SANDS AS PARK LAND, COUNCILOR PATRONIK: Councilor Patronik requested that the roadway between Summer Sands and Leeward Landing be dedicated as parkland to prevent the roadway from connecting the two subdivisions in the future.

Mayor Brown questioned how to officially close the road to make sure the roads would not connect. City Attorney White advised closing the road would only be temporary. To close the road permanently it would have to be abandoned.

Councilor Gilbert suggested temporarily closing the road until a permanent solution was found.

Consensus: **TO TEMPORARILY CLOSE THE ROADWAY AND HAVE THE CITY
ATTORNEY AND CITY MANAGER REVIEW HOW TO
PERMANENTLY CLOSE THE ROAD LEGALLY.**

Assessment

RECOVERY OF COST FOR WATER & SEWER REPAIRS AND INSTALLATION – 1807

1807 Penman Rd. PENMAN ROAD: City Manager Linn explained the expense of the city to install new water & sewer lines at 1807 Penman Road, where the lines were severed, amounted to a total of \$4,499.46. The Code allowed the City to recover the cost. He recommended placing a lien on the property of \$4,499.46 and working out a payment plan with the property owner.

City Attorney White stated the ordinance read the lien had to be paid within three months or it would earn 8% interest. He advised the lien should be filed as soon as possible before the property was sold.

Consensus: **FILE A LIEN ON THE PROPERTY AND WORK OUT A PAYMENT PLAN WITH THE PROPERTY OWNER.**

Sergeant at Arms NAMING OFFICER LARRY DEAN OFFICIAL SERGEANT AT ARMS: Vice Mayor Shimp removed this item from the agenda.

Notification of Work NOTIFICATION TO RESIDENTS OF CITY WORK – VICE MAYOR SHIMP: This item was discussed with the above green space item.

Recess/Reconvene Mayor Brown called for a recess at 8:35 p.m. and reconvened the meeting at 8:45 p.m.

Detached Garages DETACHED GARAGES – APPEAL PROCESS: Councilor Pruette felt the detached garage ordinance should be reviewed because of the recent variance requests for detached garages to be located in the front yard.

Council members felt detached garages should be allowed in front yards under certain circumstances.

City Manager Linn stated the Board of Appeals could grant a variance to allow detached garages in front yards based on the finding of facts on a case-to-case basis.

Vice Mayor Shimp suggested all variances require final approval from the Council.

Councilor Pruette stated the neighboring city councils did not hear appeals for variances, the requester had to take it to court.

City Manager Linn recommended amending the code to separate detached garages from the accessory buildings to avoid tool sheds and other types of accessory buildings from being placed in front yards.

Discussion ensued relating to the duties of the Board of Appeals and whether residents that were denied a variance should be able to appeal to the Council or take it to court.

City Manager Linn stated the job of the Board of Appeals was to interpret the legislation passed by the Council. The challenge to the Council was to write good legislation that the Board could interpret.

Councilor Patronik agreed to sponsor an ordinance that would allow the council the final decision in the approval of all variance requests.

Consensus: **TO AMEND THE ORDINANCE TO ALLOW DETACHED GARAGES IN FRONT YARDS.**

Variances – HOA APPROVAL OF VARIANCES FOR PROPERTIES LOCATED WITHIN A HOME OWNERS ASSOCIATION: City Manager Linn recommended adding a clause on the variance application which would read: The Granting of a Variance by the City of Neptune

Beach does not relieve the property owner of any additional restrictions on the owner such as Homeowner Covenants or Deed Restrictions.

Consensus: **TO MODIFY THE VARIANCE APPLICATION BY ADDING THE CLAUSE.**

Political Signs

TWO-WEEK TIME PERIOD FOR PLACEMENT OF POLITICAL SIGNS: Councilor Pruette questioned the 2-week time period of placement of political signs before the election. She felt more time should be allowed.

Consensus: **FOR THE CITY MANAGER NOT TO ENFORCE THE TIME LIMIT PROVISIONS OF THE SIGN ORDINANCE FOR THE SEPTEMBER PRIMARY ELECTION AND FOR THE CITY ATTORNEY TO FIND OUT WHAT WOULD BE REASONABLE AND FORWARD TO THE SEPTEMBER REGULAR MEETING.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Lynda Padrta, 1113 First Street, favored the placement of underground trash containers on the beach. She discouraged allowing detached garages in front yards and felt the time period for political signs should be enforced.

Laura Patronik, 1520 Leeward Lane, favored and encouraged the permanent closure of the roadway between Leeward Landing and Summer Sands.

Michael Aston, 1523 Summer Sands Drive, suggested creating a definition that would denote a dedicated green space verses a park for naming the roadway between Leeward Landing and Summer Sands that would permanently close the area.

Lana Huguenin, 1521 Summer Sands Drive, suggested claiming the roadway between Leeward Landing and Summer Sands as an easement.

Jim Miller, 1633 Hopkins Creek Lane, member of the Board of Appeals, felt the ordinance for detached garages was too flexible and needed to be amended.

Leslie Karlin, 1506 Spindrift Circle West, asked the Council to be aware that the Boards work very hard for the community and did not take their duties lightly.

Adjournment

There being no further business, the meeting adjourned at 10:00 p.m.

**BUDGET WORKSHOP MEETING
AUGUST 26, 2002, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Budget Workshop Meeting of the City Council of the City of Neptune Beach was held August 26, 2002 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Director of Public Safety William Brandt
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Absent:
Councilor James Gilbert
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Finance Director Steve Ramsey explained using last years millage rate of 2.64 the previous budget showed a deficit of \$349,669. The revised budget showed a deficit of \$247,889.

The deficit was lower because tourism had picked up and the revenues had increased by \$100,000. The previous budget also showed a 30% increase in insurance cost however the insurance company had offered a different policy that would save the city \$45,000, increasing the co-payment of the employees. The telecommunication tax was also higher.

Mr. Ramsey stated to completely balance the budget the millage rate should be set at 3.2267. If the rate were set at 3.0 the deficit would be \$96,000 and if it were set at 3.05 the deficit would be \$75,000.

Councilor Pruette stated 2001/2002 was the first year the city had to dip into the reserves because of September 11th. She felt the millage rate should be raised no higher than 2.84. She added that with the increase in property values the revenue would be higher.

Vice Mayor Shimp stated he had not received any telephone calls from citizens regarding the proposed not to exceed millage rate of 3.5. He would compromise and raise the millage rate to 3.2267 if the city would run a balanced budget.

Mayor Brown felt the realistic choice would be to set the millage rate at 3.2267 balancing the budget without dipping into the reserves.

Mr. Ramsey stated the reserves in the general fund were currently approximately \$2,000,000. This year the city would go into the reserves for \$300,000 because the market had fallen and the city was required by state law to fund the Police Officers Retirement Fund.

Mr. Ramsey stated the public hearing for the first reading of the ordinance setting the millage rate, the budget, and this year's budget amendment would be held September 5, 2002. The second reading would be held at a special meeting before the workshop meeting September 16, 2002.

City Manager Linn stated he was negotiating a new franchise fee with Jacksonville Beach Electric and felt the revenue would be higher this year. He added a grant from the Department of Transportation in the amount of \$4,000 for the Mayport Flyover was not reflected in the budget.

Mayor Brown recommended setting the millage rate to 3.2.

Councilor Patronik questioned the \$2,800 for a personal computer budgeted for community development. Building Official Arlington stated the computer would have to be compatible with graphics but would most likely cost less than the \$2,800.

For the Record Vice Mayor Shimp stated at the Florida League of Cities Conference he spoke with a vendor that would take over the building department for 90% of the permit fees and the city would only have to provide office space and a phone line.

Councilor Patronik questioned Chief Brandt regarding \$83,000 that was budgeted for police vehicles. Chief Brandt responded it was for fully equipped vehicles.

Councilor Pruette questioned City Manager Linn regarding the 900% increase in overtime in his department and if there was a way to avoid some of the overtime. City Manager Linn responded he could decrease the amount of meetings his assistant attended.

Councilor Patronik questioned Director of Public Services Leon Smith regarding the \$23,000 budgeted for a pick up truck. Mr. Smith responded he had several trucks that were over ten years old and the new pick up would replace a 1985 model.

Mayor Brown commented the rate of 3.2 was below the advertised not to exceed rate of 3.5. He felt the citizens had not responded negatively to the advertised proposed rate of 3.5 because they knew the city had held the taxes down in the past and they wanted to maintain the level of service.

Consensus: **TO SET THE MILLAGE RATE AT 3.2.**

MOTION CARRIED

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Fiesta Bowl Parade

Larry Shealy, President of the Fletcher High School 12th Man Booster Club, announced the Fletcher High School Band had been invited to participate in the Fiesta Bowl

AV

Parade for the National Band Championship this year.

Paul Pippin, Director of the Fletcher High School Band, stated Fletcher High was one of sixteen bands in the United States to be selected to participate in the Fiesta Bowl Parade and the National Band Championship. They were the first band from the City of Jacksonville to ever be accepted. The band needed to raise \$200,000 in order to participate. They were actively trying to raise money and requesting contributions from the beach cities.

Julie Lucas, President of Fletcher High Band Boosters, stated the Booster Club was faced with the challenge of raising \$200,000 in four months. Since they were informed two weeks ago they had already raised \$3,000 in contributions and \$2,000 in pledges. She Invited everyone to the premier show Saturday, July 27, 2002, at 6:00 at the Fletcher High School Stadium.

Mayor Brown thanked the guests for their presentation and asked to place the issue on the July 15, 2002, workshop meeting for discussion.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated he had received copies of letters from residents thanking our Police Department for watching over their homes while they were on vacation. He added it was a nice example of personal service in a small community.

Vice Mayor Shimp was concerned about a greenscape area on Seawood Drive. Residents had complained that the city sprayed herbicide each year that destroyed the plants and did not go back and clean them up. He questioned why the area was sprayed.

Councilor Patronik requested discussing the issue of turning the property between the Leeward Landing and Summer Sands subdivisions into a park, on the July 15, 2002, workshop meeting.

Councilor Pruette requested discussing other permissible uses for commercial property, Table 27-226-1, at the July 15, 2002, workshop meeting.

Councilor Gilbert asked for an update on the beautification of the north end of Florida Boulevard at the entrance to the city to be placed on the July 15, 2002, workshop meeting. City Manager Linn stated he would meet with Councilor Gilbert for suggestions and options.

CITY MANAGER REPORTS

Utility Improvement

UTILITY IMPROVEMENT PROJECT UPDATE: City Manager Linn reported Utilex had been working in Bal Harbor for four weeks. All the main water lines were installed and 50% of the service connections had been made. They were in the process of interconnecting with the old system and hoped to have all connections made and testing complete within two weeks. They were also locating the existing utilities on Florida Boulevard to map out where the 12" main would be placed. Their working relationship was excellent with a great response time and only a few minor problems.

Public Services Director

APPOINTMENT OF LEON SMITH – DIRECTOR OF PUBLIC SERVICES: City Manager Linn introduced newly appointed Director of Public Services, Leon Smith who would be replacing John Galen. Leon Smith thanked the Council and City Manager Linn for allowing him the opportunity to serve as Director of Public Services. The Council congratulated him on his appointment.

PUBLIC COMMENTS

Dennis McLendon, 1914 Seagate Avenue, opposed the city vacating and abandoning the ¾ acres of property at the end of Seagate Avenue for Steve Jarrett's subdivision.

Steve Jarrett, 210 South Street, stated his plans were incomplete at this time. He asked the Council to table his request for abandoning the property and the development order, for the subdivision at the end of Seagate Avenue, to the July 15, 2002, workshop meeting.

Jo Anne Waddill, 115 Oleander Street, was opposed to the Council abandoning any public property especially the property at the end of Seagate Avenue. She would like for the property to be turned into a conservation area.

Mary Ann Padrta, 1032 Second Street, felt that property belonging to the city also belonged to the citizens of Neptune Beach and was not the Council's property to give away. She asked the Council to consider selling property instead of giving it away.

Lynda Padrta, 1113 First Street, asked the Council to find a way to deny deeding the 40 feet of property the city council gave away in 1994 on First Street, to the adjacent property owner. She stated it would be a \$75,000 personal gain to the owner. She added that property could be used for beach access parking. She also opposed abandoning the property at the end of Seagate Avenue. She asked that the Water Improvement Project information on the website be updated.

Kara Tucker, 1650 Leeward Lane, felt it was not prudent for the City of Neptune Beach to give away land to private citizens or profit making organizations.

Steve Jarrett, 210 South Street, stated it was his understanding that if someone had given property to the city the property could not be sold. He thought the only option would be for the city to abandon it.

Leslie Karlin, 1506 Spindrift Circle West, was concerned about the city abandoning property and how the Planning & Development Review Board could make the decision to recommend it.

Donald White, 1414 First Street, felt all residents should have a say regarding public property and any property that was to be abandoned should require a referendum.

For the Record Councilor Pruette stated for the record she would not support abandoning any public property.

CONSENT AGENDA

Councilor Patronik requested voting on the two items, on the consent agenda, separately.

Consensus: **TO VOTE SEPARATELY ON THE TWO ITEMS ON THE CONSENT AGENDA.**

4x4 Pick-up

AUTHORIZATION TO PURCHASE 4 X 4 PICK-UP: City Manager Linn stated the 4 x 4 pick-up truck would be assigned to Stormwater and the old truck would be transferred to Animal Control.

Moved by Shimp, seconded by Patronik.

Motion: **TO AUTHORIZE THE PURCHASE OF A 4 X 4 PICK-UP TRUCK FOR THE STORMWATER DEPARTMENT.**

ORDINANCE NO. 2002-05, AMENDING TABLE 27-226-1, PERMISSIBLE USES, FIRST READ AND PUBLIC HEARING, SPONSOR – MAYOR BROWN: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-226-1, TABLE OF PERMISSIBLE USES AND PROVIDE AN EFFECTIVE DATE.

Mayor Brown opened the public hearing for comments from the public.

Darryl Grubbs, 1919 Nightfall Drive, owner of Tradewinds Plaza Shopping Center, favored allowing gymnastic studio's and athletic and exercise clubs in the C-2 & C-3 districts.

Sheila Connor, owner of Curves for Women, stated she had customers in Neptune Beach that were anxious to have a facility in Neptune Beach. She explained the club offered a 30-minute workout for women.

Lynda Padrta, 1113 First Street, favored the Women's Health Club in the Tradewinds Shopping Center, but was concerned about traffic and parking.

Lana Huguenin, 15212 Summer Sands Drive, preferred the Women's Health Club over the bar that was previously in the shopping center.

Misty Wheeler, 1321 Penman Road, looked forward to the Women's Health Club opening up and felt it would benefit the city.

Leslie Karlin, 1506 Spindrift Circle West, did not visualize a problem with traffic or parking for the Women's Health Club location in the shopping center.

Carol DeMarre, felt there would not be a problem with parking because the members would only be there for 30-minute time periods.

There being no further comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Patronik.

Motion: **TO PASS ORDINANCE NO. 2002-05, ON FIRST READ AND PUBLIC HEARING.**

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Mayor Brown explained in order for Sheila Connor, owner of Curves for Women, to meet her deadline, a special meeting for second read and public hearing had been advertised for July 11, 2002 at 6:00 p.m.

NEW BUSINESS

Back to School Party **CLOSURE OF ATLANTIC BOULEVARD FOR TOWN CENTER BACK TO SCHOOL PARTY FROM 6:00 A.M. TO 6:00 P.M. JULY 27, 2002:** A back to school party would be held in Town Center on July 27, 2002, from 6:00 a.m. to 6:00 p.m.

Moved by Shimp, seconded by Gilbert.

Motion: **APPROVE CLOSURE OF ATLANTIC BOULEVARD FOR TOWN CENTER BACK TO SCHOOL PARTY FROM 6:00 A.M. TO 6:00 P.M. JULY 27, 2002.**

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Abandoned Property ABANDONING AND VACATING 40 FEET OF PUBLIC PROPERTY – FIRST STREET AND NORTH STREET: City Attorney Chris White stated the 40 foot strip was abandoned by the city council in 1994, the city kept a utility easement but did not make any mention of the sidewalk. He asked council to consider moving the issue to a workshop so he could have time to resolve any legal or practical issues before bringing the information to the council.

Councilor Pruette thought City Attorney White should do a title search on the property to find out the type of ownership. City Attorney White responded he could not have a title search done in time for the workshop meeting. The piece of property would have to be specified and may require a survey. He may be able to find out the type of ownership through the city records.

Vice Mayor Shimp stated he had spoken with the adjacent property owner and he was willing to give the sidewalk plus 10' of the property back to the city. He had asked City Attorney White to prepare the paperwork. Vice Mayor Shimp stated if the council was comfortable he would speak with the other property owners and try to work with them on the city obtaining back a right-of-way for the sidewalk.

Consensus: **FORWARD TO THE JULY 15, 2002, WORKSHOP MEETING.**

Abandon Seagate REQUEST TO VACATE, CLOSE, AND ABANDON A PORTION OF SEAGATE AVENUE: Steve Jarrett requested deferring the abandonment to the July 15, 2002, workshop meeting.

Consensus: **DEFER TO THE JULY 15, 2002, WORKSHOP MEETING.**

Development Order
Seagate Ave. APPROVAL OF DEVELOPMENT ORDER FOR SEAGATE AVENUE – STEVE JARRETT: Steve Jarrett requested deferring the development order to the July 15, 2002, workshop meeting.

Consensus: **DEFER TO THE JULY 15, 2002, WORKSHOP MEETING.**

Budget Meeting Director of Finance Steve Ramsey asked if the council would like to hold the budget meeting that was scheduled for July 8, 2002, on July 11, 2002, after the special meeting. The council declined moving any meeting.

Height Restrictions Councilor Gilbert asked to place the issue of height restrictions on the July 15, 2002, workshop meeting for discussion.

Adjournment There being no further business, the meeting adjourned at 8:33 p.m.

Richard A. Brown, Mayor

BUDGET WORKSHOP MEETING

JULY 8, 2002, AT 6:00 P.M.

**CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 8, 2002 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor James Gilbert
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Director of Public Safety William Brandt
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Absent:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn explained the proposed budget began with requests from each department head during the months of May and June. He had already cut some requests from the budget, however, the proposed budget would require going into the reserves.

General Fund Director of Finance Steve Ramsey stated the General Fund projected a revenue increase over last year of \$100,000. The increase in revenue was small because the interest rates dropped from 7% to 2%. The state advised him to project at least 4% lower on the ½ cent sales tax. Due to a projected 20 to 25% increase in health insurance he had added 30% to that line for each department.

Proposed Expenditures The total proposed expenditures were budgeted at a 10.64% increase over last year. That included employee salary raises of 5% and the health insurance increases. The proposed figures were based on last years property tax rate of 2.64 mils. Before any more cuts were made it showed a deficit of \$445,070. There were some budgeted items the City Manager or Council may consider eliminating.

Not to Exceed Millage Rate Director of Finance Steve Ramsey requested that Council consider setting the "Not to Exceed Millage Rate." In order for the rate to be on the preliminary tax bill it had to be received by the tax assessor's office before August 4, 2002. He explained it was only a "Not to Exceed Rate" and could easily be lowered. However, it would be more difficult to raise it once it was set because every taxpayer would have to be notified in writing.

The estimated tax rate of 2.64 would amount to \$1,115,582. The roll back rate of 2.444 would amount to \$1,032,928. To balance the proposed budget the millage rate would need

to be increased to 3.64.

The millage rate in 1992 was 4.2 and has dropped to 2.64 over the last 10-years. Mr. Ramsey explained if the city did not start taking steps to increase the millage rate the reserve fund would be depleted in 4 years.

Discussion

Councilor Patronik stated the city also generated income from other sources as well as property taxes.

Councilor Gilbert stated after reading in the newspaper that the millage rate had been too low for years and the city was heading for financial disaster he felt obligated to a millage rate of 2.6. He felt unprepared and did not appreciate reading about business coming before the council in the newspaper before hearing about it from staff. City Manager Linn explained the proposed budget was copied out and in the press box last Tuesday. The press had come to the city for quotes after receiving their copy.

City Manager Linn asked Council to take a serious look at the proposed budget and question each department head regarding the expenditures.

Councilor Shimp stated last year the Council rolled back the millage rate to put the staff on a strict budget.

Council Patronik stated the options were to increase the millage rate and fund the proposed budget the way it stood, leave the millage rate as it was and draw on the reserves, or cut city services. He felt trying to cut small line item requests one by one would not accomplish anything.

Councilor Pruette thanked Finance Director Steve Ramsey for his professional demeanor, adding that he has always been honest and professional in answering questions. She felt everyone needed to work together to cut the budget and the millage rate should remain the same. She did not want to raise taxes unless it was absolutely necessary. She added there was a significant difference between last year's deficit of \$153,595 and this years deficit of \$445,000. She also felt the Council should approve the purchase of all computer equipment in the future.

Mayor Brown agreed with Councilor Patronik that the city had to either reduce services or find more revenue. However, he was proud of the services the city provided to the community and did not want to reduce services.

Vice Mayor Shimp stated he was willing to go through the proposed budget line item by line item if that was what the Council wanted to do.

Director of Finance Steve Ramsey stated that he liked the property tax revenue because it was a fair tax and was deductible on federal income taxes. City Manager Linn added the only sources of revenue a municipality could control were property taxes and franchise fees. The state dictated how much a municipality would receive from sales tax, telecommunications tax, etc.

Councilor Pruette questioned what the City had done in the past to save money. City Manager Linn replied he had deferred capital purchases of vehicles and kept overtime at a minimum. He added he would not be replacing the Director of Public Services position with a certified engineer saving the city approximately \$55,000 annually.

Councilor Pruette asked how much the proposed budget could be cut while providing the same level of services. City Manager Linn responded 75 to 80% of the budget was employee salaries. To lower that figure the number of employees would need to be reduced. Finance Director Ramsey added if each department reduced expenditures by 5%

not including salaries it would only reduce the amount by \$42,000.

Vice Mayor Shimp stated the budget discussion should not be a matter of staff verses Council. The City had hired new employees and made part time positions full time positions without the consent of the Council. He asked that everyone treat each other with respect while reviewing the proposed budget otherwise it would be demeaning to all.

Councilor Patronik asked Mr. Ramsey if he conservatively estimated the other revenue sources. Mr. Ramsey responded yes, however the largest one after property tax was the local ½ cent sales tax and the state set the guidelines on that.

Councilor Patronik stated of the \$2,000,000 Police Department budget 82% was personnel cost and including the vehicles there was not much flexibility within the budget.

Mayor Brown questioned what was the recommended life cycle of police vehicles. Mr. Linn replied the capital program for police cars was to replace them every 5 years and we replaced 3 cars each year. Chief Brandt informed the capital program required replacement every 6 years.

Councilor Pruette asked Mr. Ramsey if there was a budget deficit for the year 2000-2001. Mr. Ramsey replied no that we had been fortunate because the revenues had come through. This would be the first year we actually hit the reserves. With the drop in the market the police pension fund dropped down and the city had to fund it by state law.

Mayor Brown stated we could soften using the reserve fund as much as possible but may still require a slight increase in taxes.

Councilor Gilbert questioned the need for the \$18,000 in other contractual services for the building department. Building Official Arlington replied it was used for inspections and plan reviews. Councilor Gilbert asked if Mr. Arlington's workload could be decreased to allow him the time needed to do the plan reviews and inspections himself therefore eliminating the need for other contractual services. Mr. Arlington responded his department earned enough money to cover the service because the extra work also brought more money to the general fund. It also offset hiring a new employee for the department. Mr. Linn stated he could realign personnel and do some internal reorganizing to relieve Mr. Arlington of some of his workload.

Discussion ensued regarding moving Animal Control Officer John Webber to Code Enforcement Officer.

Vice Mayor Shimp stated other departments also had expenditures for "other contractual services" and asked why city employees could not do the work.

Councilor Gilbert stated the "other contractual services" amounted to approximately \$90,700 that could be cut.

Councilor Pruette felt the budget could be cut if everyone would work together to save money.

Mayor Brown asked the Council how they would like to direct staff.

Councilor Patronik asked the staff to cut the discretionary expenses to the bare minimum, leaving services as they were. He added some cost had risen that there was no control over.

Councilor Pruette did not feel the city did enough to save money; adding that dumpsters and manholes had been purchased but could not be used and they were sitting at the city

yard. City Manager Linn explained the manholes were purchased and delivered as part of the Phase 1 Capital Improvement before it was canceled. The manholes cost around 3 or 4 thousand each and would be incorporated into the project east of Third Street. The dumpsters would also be used in the future.

Mayor Brown requested that staff work on several scenarios and come back with examples showing different millage rates and deductions.

City Manager Linn stated so far this year all of the expenditures were falling right on target with the budget. The large increase in expenditures for the Police Pension Fund was not anticipated and the revenues were on the low side.

Councilor Gilbert asked staff to take a good hard look at expenses from banking fees to the cleaning people.

Consensus: **TO RESTRUCTURE EMPLOYEES TO ELIMINATE "OTHER CONTRACTUAL SERVICES" – SET MEETING DATE OF TUESDAY, JULY 15, 2002, AT 6:00 P.M. TO REVIEW THE BUDGET AND SET THE "NOT TO EXCEED MILLAGE RATE".**

Councilor Ronald A. Patronik	Building Official Dan Arlington
Councilor Harriet Pruette	Assistant to Building Official Piper Turner
City Attorney Christopher White	Deputy City Clerk Karla Strait, CMC
City Manager Richard A. Linn	

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The Ish Brant Beautification Committee was working on the completion of the beautification of the Third Street medians. They were waiting on a proposal from Brett Goddard for the design of the Seagate Avenue barrier and also working on a grant application for the buffer zone at Watersedge/Mayport Flyover ramp. Mr. Linn was working with State House Representative Don Davis on the completion of the Bike Path culvert project and would be meeting with Director of Public Services Leon Smith, Councilor Gilbert, and Streets Supervisor Paul Williams on the Florida Boulevard/Mayport Flyover.

CITY MANAGERS PUNCH LIST

Utility Study UTILITY STUDY FOR THE THREE BEACH COMMUNITIES: The City of Atlantic Beach was currently receiving bids on a utility study that would combine the water and sewer services of the three beach communities.

Employee of the Year EMPLOYEE OF THE YEAR AWARD: The City had selected Paula Kersch and Joan Martin as the employees of year. Both were chosen because they worked as a team in the Public Service Department. The ladies had worked for the City in various positions since 1998. They were currently working on the meter change out program changing the manual read meters to remote touch meters that could be downloaded into the computer billing software. The ladies were to be honored and recognized at a luncheon hosted by the Beaches Chamber of Commerce.

Jarboe Park	<u>JARBOE PARK IMPROVEMENT:</u> The Jarboe Park Improvement Project had been completed and the bridge was installed. There was some still some minor site work necessary that would be completed by city forces.
Utility Improvement	<u>UTILITY IMPROVEMENT PROGRAM:</u> A construction meeting was held last week. The Bal Harbor area was currently 80% completed. The major portion would be completed in 1 to 2 weeks and all connections completed within 3 weeks. There had only been a few complaints that had been sent to directly to PBS&J and City Manager would be following up on them.
Kings Road Bridge	<u>KINGS ROAD BRIDGE:</u> Proposals had been received from two engineering firms for planning and designing the repairs of the Kings Road Bridge. The Department of Transportation reported the bridge did not need to be completely replaced; it only needed to be repaired. Vice Mayor Shimp asked City Manager Linn to consider installing a catwalk for walking and fishing from the bridge.
Underground Trash Containers	<u>UNDERGROUND TRASH CONTAINERS:</u> Councilor Pruette requested that City Manager Linn place the underground trash containers on his punch list. She was concerned about recuperating the money the City spent on them. Mr. Linn responded the underground containers could not be used because after they were purchased BFI changed from rear-loading trucks to front-loading trucks making it impossible to unload the underground containers. He had contacted the manufacturer of the containers and they were working on trying to sell them to another city.

PROPOSED ORDINANCES

Permissible Land Uses	<u>ORDINANCE AMENDING TABLE 27-226-1:</u> AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING TABLE 27-16-1, TABLE OF PERMISSIBLE USES AND PROVIDE AN EFFECTIVE DATE.
-----------------------	--

An Ordinance was recently adopted adding the allowance of exercise facilities in the C-2 and C-3 districts.

Councilor Pruette suggested legalizing outdoor dining and tent dining. City Manager Linn stated outdoor dining was not addressed under the current table therefore was not prohibited nor allowed. Vice Mayor Shimp stated such facilities were at the discretion of the Building Official and permitted on an annual review basis. Building Official Dan Arlington stated a line could be added to the restaurant section of the table allowing for outdoor dining in the Central Business District, C-2 & C-3 by special exception and Council review.

Consensus: **ADD A LINE UNDER THE RESTAURANT SECTION ALLOWING FOR OUTDOOR DINING IN THE CBD, C-2, & C-3 DISTRICT BY SPECIAL EXCEPTION AND COUNCIL REVIEW AS LONG AS THERE IS AN ANNUAL REVIEW AND NO DINING ON THE PUBLIC RIGHT-OF-WAY.**

Councilor Patronik questioned the use of allowing multi-family residences in the CBD. He was concerned about condominiums being built with a height limitation of 35'.

Consensus: **TO REMOVE MULTI-FAMILY RESIDENCES FROM THE CBD AND GRANDFATHER THE EXISTING ONES.**

Daryl Grubbs, 1919 Nightfall Drive, and owner of Tradewinds Shopping Center on Atlantic Boulevard, suggested allowing wholesale sales without inventory in the C-1 & C-2

districts and wholesale sales with inventory by exception in C-2.

Building Official Dan Arlington recommended allowing wholesale sales without inventory in C-2 but felt C-1 should be protected.

Consensus: **TO ALLOW WHOLESALE SALES WITHOUT INVENTORY IN THE C-1 & C-2 DISTRICTS AND WHOLESALE SALES WITH INVENTORY BY EXCEPTION ONLY IN C-2 WITH NOTIFICATION OF THE PROPOSED BUSINESS BY ADVERTISEMENT TO ABUTTING RESIDENCES.**

Councilor Pruette questioned why the Planned Unit Development had been crossed off the table. Building Official Arlington explained the PUD should not have been on the table at all because the table allowed for a specific use in a zoning district and a PUD was a zoning district within itself.

Building Official Arlington recommended adding public parks and recreation areas in the R-4 district.

Consensus: **TO ADD PUBLIC PARKS AND RECREATION AREAS IN THE R-4 DISTRICT.**

Councilor Pruette agreed to sponsor the Ordinance amending Table 27-226-1, Permissible Uses.

Mayor Brown requested that Mr. Daryl Grubbs letter of recommended changes be recorded with the minutes.

28' Height Restriction

ORDINANCE AMENDING BUILDING HEIGHT LIMITATIONS SECTION 27-239: Councilor Gilbert was concerned about the overall esthetics of the 28' height restriction. He stated modern builders wanted to have higher ceilings in homes and felt something was needed to differentiate between a 28' flat roof and perhaps a 35' peak roof. His intent was to avoid having rows of homes on a street with 28' flat roofs. It was intended to allow condominiums to be built on First Street.

Vice Mayor Shimp felt it would be a canyon effect to allow larger homes with pitched roofs to surround the smaller homes. He felt the height limit should remain at 28'.

Councilor Patronik agreed with Vice Mayor Shimp. He felt if the height limit was raised it would continue to rise.

Councilor Pruette agreed with Vice Mayor Shimp and Councilor Patronik.

Councilor Gilbert agreed the height limit would then remain at 28' and he would not bring the subject up again.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Oakhurst Right-of-Way

SET ASIDE OAKHURST RIGHT-OF-WAY FROM LEEWARD LANDING TO SUMMER SANDS AS PARK LAND, COUNCILOR PATRONIK: Councilor Patronik requested that the land between Oakhurst Drive and Leeward Landing subdivision be dedicated as parkland to prevent it from being built upon.

Part of Oakhurst Drive was already paved and discussion ensued regarding what part of the property could be dedicated as parkland.

City Manager Linn informed the Council that when any land was dedicated parkland the City and Council would no longer have any control over the land. The land would then be in the hands of the voters.

Councilor Pruette asked City Manager Linn to walk each Councilor through the property individually.

Consensus: **ASK THE STAFF TO WALK THE PROPERTY AND MAKE RECOMMENDATIONS.**

Fletcher Band
Booster

REQUEST FROM FLETCHER HIGH SCHOOL BAND BOOSTER FOR FUNDS: The Fletcher High School Band had been awarded the opportunity to perform at this years Fiesta Bowl Parade and had asked the City to donate funds towards their trip.

City Manager Linn explained money from the Cable T.V. Franchise Fee Fund could be used to promote groups or events. City Manager Linn stated since the telecommunication tax was enacted last year the City would no longer be receiving the \$5,000 franchise fee each year. He asked the Council to keep that in mind while considering a donation because the money was normally used for annual city events, festivals and other activities.

Legal Advise City Attorney White advised the City could make contributions for public purposes.

Vice Mayor Shimp made a suggestion that the City could also help the students organize a fund raising event in Jarboe Park.

Mayor Brown proposed a contribution in the amount of \$1500.00.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING WITH A PROPOSED CONTRIBUTION OF \$1,500.**

First Street
Right-of-Way

1994 ABANDONMENT OF 40' OF FIRST STREET RIGHT-OF-WAY: Councilor Pruette felt the ordinance that was adopted in 1994 to abandon the 40' right-of-way on First Street did not adequately describe the property. She felt a title search should be done to determine if the property was owned by fee simple or easement. She was also concerned because the abutting property owners had not requested a deed until recently and wanted to know who paid taxes on the property. Councilor Pruette felt the property was valuable to the citizens of Neptune Beach and should be taken back over by the city.

Legal Advise City Attorney White stated property could be abandoned regardless of the source of ownership and there was no statute of limitations on property abandonment.. He explained when a property was abandoned it was automatically deeded to the abutting property owners by operation of law. The only issue was whether or not the property was abandoned, and the answer was "yes it was" regardless if it was right or wrong. He added that it would be hard to challenge in court.

Vice Mayor Shimp reminded the Council he had spoken with two of the three abutting property owners and they were willing to return a portion of the property along with the sidewalk back to the City. He would be willing to speak with the third abutting property owner if the Council so wished. He felt City Attorney White should start the paper work.

Councilor Pruette stated she wanted the entire council to hear from the property owners. She felt that Vice Mayor Shimp and City Attorney White went behind closed doors and worked out a deal with the abutting property owners without allowing the council to hear

from them.

City Attorney White replied he would not accept an implication or insinuation that he had worked a "back door deal" with anyone. He added that he had not worked out an agreement with anyone on this issue.

Mayor Brown stated the issue of the abandonment was to discuss the history of the property and was not before the Council for a vote.

Consensus: **FOR STAFF TO WORK WITH CITY ATTORNEY WHITE TO SEE IF AN ADJUSTMENT COULD BE MADE TO THE BOUNDARY.**

Seagate Ave.
Abandonment

SEAGATE AVENUE DEVELOPMENT BY STEVE JARRETT: Steve Jarrett stated his proposed development for Seagate Avenue required a cul-de-sac at the end of the street and would require the city to abandon a portion of property. The parcel in question would be from the end of the cul-de-sac to the marsh. He felt if the property remained public it would not create the atmosphere desired by the homeowners and did not see the 66' strip being a benefit to the City. Mr. Jarrett agreed with the Planning & Development Review Board recommendation not to close the right-of-way and create a gated community. Mr. Jarrett added the new development would greatly enhance tax revenue for the City.

Vice Mayor Shimp felt the green space belonged to the public and he would not vote in favor of it.

Councilor Pruette agreed with Vice Mayor Shimp that it was prime property and she would not support it.

Councilor Gilbert stated he wanted to hear from the surrounding property owners whose quality of life it would impact. He had heard opposition from citizens that did not reside in the area. He questioned if the city should encourage development or hold on to a property for the principal of holding it.

Councilor Patronik stated he had received a number of opposing telephone calls and he could not support it.

Mr. Jarrett did not wish to abandon the entire development and would look at alternate designs.

City Manager Linn suggested Mr. Jarrett return to the Planning & Development Review Board with a modified plan.

Hotel Advertisements

REQUEST OF FUNDS FOR HOTEL ADVERTISEMENTS: The beaches hotels had requested the three beach cities contribute money from the Bed Tax Fund to help promote tourism in the beaches area.

Councilor Pruette stated the Financial News and Jacksonville Daily Record recently reported the beach hotels had a 98% occupancy rate.

Mayor Brown wanted to know if the other beach cities planned on making a contribution. He was concerned about the flexibility of the Bed Tax Fund.

Director of Finance Steve Ramsey stated under Florida Statute 212.305 the Bed Tax Fund could only be used to develop and acquire municipal parks, lifeguard stations, or athletic fields.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Bruce Rehmer, 804 McCollum Circle, felt it was time for the City to raise the millage rate. He suggested the property at the end of Seagate Avenue to be turned into a park or sold. Mr. Rehmer invited everyone to the VFW in Jacksonville Beach for hotdogs and hamburgers, on July 27, 2002, in honor of the end of the Korean War.

Roger Bennett, 1871 Nightfall Drive, opposed abandoning the property at the end of Seagate Avenue.

Ron Dowell, 1830 Nightfall Drive, opposed abandoning the property at the end of Seagate Avenue. He felt the property could be adequately used without abandoning the property.

Jo Anne Waddill, 115 Oleander Street, opposed abandoning any property that would benefit the citizens of Neptune Beach. She added that the City of Jacksonville was interested in purchasing the property for a natural resource area.

Dennis McClendon, 1914 Seagate Avenue, opposed abandoning the property at the end of Seagate Avenue and turned over a petition to the city clerk with 25 names of other residents that were opposed.

Sandy Leidy, 1810 Strand Street, opposed abandoning the property at the end of Seagate Avenue.

Greg Bossow, 1872 Seagate Avenue, opposed abandoning the Seagate Avenue property adding that 3 of the lots in the proposed Seagate Avenue would be in the City of Jacksonville Beach and enhance their tax rate.

Jamie Gibbs, 1309 Trailwood Court, opposed raising the 28' building height restriction to 35'.

Leslie Karlin, 1506 Spindrift Circle West, was concerned about new land uses increasing traffic on Brandt Boulevard. She felt the proposed parkland property between Summer Sands and Leeward Landing should extend to Poinciana Road.

Lynda Padrta, 1113 First Street, felt the 28' height limit should be maintained. She asked the city to appoint someone to oversee the suggested fundraiser for the Fletcher High Band. She felt there was a defect in the ordinance that was adopted in 1994 abandoning 40' of property of First Street. She requested that the Water Improvement Project be updated on the website.

Lana Huguenin, 1521 Summer Sands Drive, asked the City Manager to invite the residents of Summer Sands to look at the proposed parkland property and that it should be extended to the pavement.

Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn explained the budget sets the level of service the city is able to provide with the amount of money available. It is also the authorization for the administrative staff to spend money. He stated the staff came up with \$92,920 of cuts from the last budget meeting. He highlighted the larger cuts from each department.

City Manager's office	\$2,100 for a new computer
Finance Department	\$3,500 for computer equipment
Community Development	\$12,000 for professional services
Officer Larry Dean would be taking over more of the Code Enforcement duties.	
City Clerk's office	\$10,000 for imaging services
Non Departmental	\$3,300 for copier lease
Police Department	\$3,000 trade in values for old police cars
Animal Control	various smaller cuts
Street Department	\$12,000 for a chipper
Parks Department	\$22,000 for a new truck

Millage Rate

City Manager Linn explained the Millage Rate chart that was in the packet. The City of Neptune Beach has reduced their rate by 37% since 1992. The City of Jacksonville has reduced the rate by 25%. The School Board has reduced by 9%. The total tax has been reduced by 24%. The City has done the most reduction throughout the years.

Millage/budget scenarios

The City Manager explained the three scenarios the council could take. Scenario 1 would be to maintain the tax rate of 2.6400 and use \$349,669 of reserves. Scenario 2 would be to have a rate of 3.4675 to balance the budget with using any reserves. And the final would be a combination of a rate of 2.9808 using \$205,679 of reserves. He commented that if you take the 3.4675 rate on a \$100,000 home the increase would be \$82.75 a month or \$6.89 a month.

Discussion

Vice Mayor Shimp asked how much extra money the city would need with out going into the reserves/contingencies. Mr. Linn stated that with the 3.4675 rate would allow a budget with out going into any reserves with a \$100,000 contingency.

Vice Mayor Shimp asked if it were reasonable for the city to raise the millage rate from 2.6400 to 3.5 in one year. Mr. Linn commented this is a 1997 rate.

Council Patronik asked if this budget included the same level of service. City Manager Linn stated yes except for the elimination of Leon Smith's old job with his promotion to Public Services Director. Councilor Patronik felt only travel, education, overtime and repairs are the only discretionary areas.

City Manager Linn suggested setting the Not to Exceed Rate at the highest rate and then listening to the public's reaction before setting the final budget in September.

Councilor Pruette felt that it was depended on if you were on a fixed income whether a higher millage rate would hurt you.

Mayor Brown was concerned that it would be irresponsible to roll back yet again and let the reserves dwindle to nothing.

Vice Mayor Shimp stated he felt the best idea for the future would be to allow staff to set the not to exceed rate and if citizens complained when they received their proposed tax bill the Council could let them know that was a staff recommendation. Council could then decide what to set the final rate on based on the budget and public opinion. Other cities at the beaches already had this practice.

Councilor Patronik felt it was a good idea for staff to set the not to exceed millage. He thought the council should set the rate at the amount to balance the budget and then try to lower it as much as possible by seeing what could be cut.

Mayor Brown agreed with the balancing the budget not to exceed rate. Everyone agreed that services should remain the same while working on the budget and possible cuts.

Councilor Pruette questioned how much the city saved with eliminating the Fire Department. City Manager Linn stated the funding of the Volunteer Fire Department for the last year in 1998 was \$101,436. The Fire Marshal and Code Enforcement Officer's salaries were included in that budget. Those salaries are still in the budget today under different departments. He commented the Fire Department annual budget excluding salaries was roughly \$10,000. Vice Mayor Shimp stated the Volunteer Fire Department was eliminated to avoid paying Police Officers overtime. City Manager Linn stated \$150,000 of equipment would have needed to be replaced to continue the Volunteer Fire Department.

Councilor Pruette asked why there was a 900% increase in a line item. City Manager Linn stated it was to pay his assistant overtime for assisting him at the Council meetings. She asked about the 127% increase in communication services for the Police Department. Officer Larry Dean explained it was for new lines necessary for the upgraded 800-megahertz radio system.

Councilor Gilbert felt staff could cut the budget even more. He also agreed that staff could set the not to exceed millage rate and Council should set the rate this year set at 3.5. He felt the Council should be more pro active balancing the budget.

Councilor Gilbert felt if Code Enforcement were pro active it would provide the City more revenue. Councilor Pruette felt Animal Control Citations and Code Enforcement for weed cutting should be larger. Discussion ensued over Code Enforcement.

Councilor Pruette asked the City Manager and Finance Director to give a report in January on how the city could save money. Finance Director Steve Ramsey stated he would give quarterly updates to the Council on how the budget was. Councilor Patronik asked if there were better ways to do business, i.e.: suggestion boxes for employees. City Manager Linn stated there is a program set up for employee to be recognized for saving money.

Mayor Brown stated some budget items could be put off but none were totally unnecessary. Every budget should have some contingency. City Manager Linn stated the city has been working on replacing fire hydrants, repairing water lines and renegotiating the garbage contract.

Consensus: **TO SET THE "NOT TO EXCEED MILLAGE RATE" AT 3.5.**

Finance Director Ramsey stated they could set one last budget workshop at the first meeting in August. Council thanked Mr. Ramsey for his good work.

Adjournment

There being no further business, the meeting adjourned at 7:15 p.m.

Richard A. Brown, Mayor

ATTEST:

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
JUNE 3, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held June 3, 2002, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

City Attorney Christopher A. White
City Clerk Lisa Volpe, CMC
Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Larry Shealy to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

FLAG PRESENTATION – CAPTAIN FURNESS, USN: Mayor Brown stated Captain Furness would be a few minutes late.

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MINUTES AS STATED:**

MAY 6, 2002, REGULAR COUNCIL MEETING
MAY 20, 2002, WORKSHOP COUNCIL MEETING

Moved by Patronik, seconded by Gilbert.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated she had received a certified letter regarding a lot of record in

Watersedge. City Attorney White replied the title searches were complete. He would have his opinion on the remaining units by the end of the week. The topic should be placed on the workshop meeting agenda.

Councilor Pruette asked when the ditches would be cleaned. Mr. Linn replied he would check with Mr. Galen.

Councilor Patronik was concerned about Oakhurst Drive opening into Leeward Landing North. It was legally platted but the residents in Leeward Landing did not want it to open.

CITY MANAGER REPORTS

JARBOE PARK IMPROVEMENTS UPDATE: City Manager Linn reported the handicap swing had been installed another seat was on order. The bridge would be installed next week.

WATER IMPROVEMENT PROJECT: Mr. Linn reported the contractor had finished videotaping and radar all three sections and should begin construction in the morning.

EMERGENCY PURCHASE OF ANIMAL CONTROL TRUCK: City Manager reported the animal control truck had rusted out. Director of Public Services John Galen had a four-wheel drive truck he could give to animal control and he could purchase a new one. The money was budgeted in Public Works to cover. Councilor Patronik asked if there was a way to prevent rusting. City Manager Linn stated most sealing measures were a waste of time. Mayor Brown asked if repair work could be done. City Manager replied the problem was in frame and it would be lucky if it made it to October before the bed fell out.

PUBLIC COMMENTS

Lana Huguenin, 1521 Summer Sands, was concerned about Oakhurst Drive opening through. The residents of Summer Sands did not want the cut through traffic. She stated the code discouraged cut through neighborhoods.

Michael Aston, 1523 Summer Sands, mentioned it was still possible the city of Jacksonville would pick up cost of culvert on Florida Blvd. Summer sands had been told they could not have a street because of the back door, now were told there was no back door. Mr. Jarrett mentioned not enough width on Oakhurst but by his measurement it was wide as Leeward Landing. He felt that in the future paving, closing of the street, and four duplexes being 200 feet from Florida Blvd would come about. These duplexes would rather go out Florida Blvd. If Mr. Jarrett comes through Summer Sands please close all three other options.

Leslie Karlin, Spindrift Circle, did not want Oakhurst Drive connected with Poinciana Road. She did not want the minor replat approved. She felt if Summer Sands was opened she would try to open all blocked streets in Neptune Beach.

FLAG PRESENTATION – CAPTAIN FURNESS, USN: Mayor Brown interrupted comments from the public to introduce Captain John D. Furness who recently returned from Operation Enduring Freedom in Afghanistan. Captain Furness stated he volunteered to go to the front line and got there on October 4, 2001 just as the bombing started. At his request Lt. Colonel Jack Kaplan flew a flag over Afghanistan and Pakistan in honor of the three beach cities for hosting the Sea & Sky Spectacular and supporting the military. He presented the flag with a picture of Lt. Col. Jack Kaplan and a certificate honoring the City of Neptune Beach to Mayor Brown.

Laura Patronik, 1520 Leeward Lane, opposed Oakhurst Drive opening into Leeward Landing.

Mary Linger, 1817 Hopkins Creek Lane, was not in favor of connecting Leeward Landing with Summer Sands.

Lynda Padrta, 1113 First Street, felt variances should not be granted based on who you are. She suggested developing a formulated process for appeals from the variance board to the council. She supported the impervious surface ordinance along with incentives to property owners who had more pervious surfaces. She felt voting for Mr. Jarrett's property should be held off until the city heard from Jacksonville City Councilman Holland about the culvert.

Steve Jarrett, 210 South Street, supported everyone who spoke about closing the road so no traffic could cut through Summer Sands. This was his intention to begin with.

Carlos Asensio, representative for Tire Kingdom, stated he would be available for questions when the development order reached on the agenda.

CONSENT AGENDA/ NONE

VARIANCES

John Cole
1810 First Street

VARIANCE REQUEST FOR JOHN COLE – 1810 FIRST STREET: City Manager Linn stated this was an appeal from the Board of Appeals. He asked Mr. Cole to present his reason for appealing to the Council. Mr. Linn stated that Chairman of the Board Donald White was present for questions.

Mr. John Cole stated he wanted to appeal the decision on his request. The purpose of the request was to encroach on the rear setback for an addition. He wanted to expand the kitchen, add a bedroom on the second story. He could not expand otherwise without completely gutting the house. He felt the lot was a hardship because it was only 100 feet deep, a majority of lots running east and west were 110' deep. He noted the vote was three to three on the Board of Appeals. The home was 1200 to 1250 square feet. He could not add useful floor space without going back. It would also allow them to occupy the home during the construction and remodeling. Councilor Patronik questioned the relationship of the back of house with the addition to the neighbors. Councilor Pruette questioned why impervious surface was discussed.

Chairman Donald White commented there were six members of the board present and the request ended with a three to three vote failing for lack of a majority. This was Mr. Cole's second appearance before the board. He was denied the first time and then reduced his request. He did not think the size of the family was a hardship. He had received a variance before. His lot was high therefore flooding could be an issue. He voted yes to pass it. Vice Mayor Shimp, commented on the board's required findings sheets. Only two were approved on the sheets out of six.

Councilor Gilbert asked what procedural error made that caused an appeal to filed. There was no procedural error. Council needs to look at.

Moved by Shimp, seconded by Patronik.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND THEREFORE GRANT THE VARIANCE TO MR. COLE, 1810 FIRST STREET.**

Councilor Pruette commented that impervious surface should never have been an

issue since it is no currently in the code. Mr. Arlington explained Fred Cattar did write yes for all findings, if there was one no you had to vote no, Mr. Cattar gave all yeses therefore he voted verbally to deny it. He started using the impervious surface as a gage only to show how intensely the lot was used in relation to the setbacks. Vice Mayor Shimp stated that if it is not in code it should not be brought up at all. Vice Mayor Shimp called the question.

Roll Call Vote:

Ayes: 5 - Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Warren Anderson
207 Walnut Street

VARIANCE REQUEST FOR WARREN ANDERSON – 207 WALNUT STREET: Mr. Anderson presented his case to the Council. He quoted Dan Arlington's statement from the meeting about the detached garage ordinance. Mr. Arlington had recommended sending the ordinance back to Council for clarifications of what circumstances detached garages should be allowed in the front of the lot. Mr. Anderson added his neighbors favored the improvements. Mr. Anderson purchased a 25' rear easement and explained why he wanted a 3 car detached garage in his front yard.

For the Record Councilor Pruette stated on the record that she had spoken with Mr. Anderson before the meeting.

Council discussed the variance. Vice Mayor Shimp felt it was keeping within the look of the neighborhood. Councilor Pruette did not feel there was a hardship. Councilor Patronik felt if he made an attached garage it would detract from the look of the neighborhood.

Moved by Shimp, seconded by Patronik.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND GRANT THE VARIANCE FOR WARREN ANDERSON – 207 WALNUT STREET.**

Chairman of Board Donald White explained Mr. Anderson originally asked for a garage apartment which was turned down and to square off the back of his property which was approved. Mr. Anderson came back with a garage without an apartment put with a long connection between the house and the garage with an office over it. He stated the board was hesitant over the moving the setback from 25 ft to 11 ft because there was not a hardship to make this setback change. Councilor Pruette felt the garage far exceeded the 500 square foot limit. Councilor Gilbert felt there was no procedural error.

Roll Call Vote:

Ayes: 2 - Shimp, Brown
Noes: 3 - Pruette, Patronik, Gilbert,

MOTION FAILED

Mr. Anderson asked for approval if he made the garage smaller instead of having to return to the Board of Appeals. Discussion ensued about the size of the garage and the ordinance that limited garages to 500 square feet east of Third Street.

Moved by Shimp, seconded by Patronik.

Motion: **TO RECONSIDER THE MOTION.**

Ayes: 4 - Patronik, Pruette, Shimp, Brown,

Noes: 1 - Gilbert,

MOTION CARRIED

Moved by Shimp, seconded by Patronik.

Friendly Amendment: **TO REVERSE THE DENIAL AND MODIFY THE VARIANCE TO PROVIDE FOR A DETACHED GARAGE OF 500 SQUARE FEET.**

Ayes: 4 - Patronik, Pruette, Shimp, Brown

Noes: 1 - Gilbert

MOTION CARRIED.

ORDINANCES

Ord. No. 2002-04

ORDINANCE NO. 2002-04, FIRST READ AND PUBLIC HEARING, IMPERVIOUS SURFACE, SPONSORED BY COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-238, MAXIMUM LOT COVERAGE AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette asked Building Official Arlington if he felt comfortable with the ordinance the way it was. He replied yes.

Mayor Brown opened the public hearing.

Michael Adams, 200 Cherry Street, suggested changing the amount of impervious surface from 50%.to 65%.

Jim Miller, 1633 Hopkins Creek Lane, felt the ordinance should be amended, if someone could prove they would not be increasing the runoff on the property, to allow more pervious surface.

Council discussed Mr. Miller's suggestion. Discussion of properties that already built out ensued.

Steve Jarrett, 210 South Street, felt the ordinance would take away property rights. He added commercial property had water management permit requirements.

Mayor Brown asked if this ordinance pertained to commercial lots also. Mr. Arlington stated it also commented on commercial property although commercial property has to have a water management permit.

Lynda Padrta, 1113 First Street, kept hearing how the sponsor of the bill's property was built out and commented it was not a personal issue but an attempt to help the city.

Scott McClure, 310 Sunrise Circle, supported Mr. Miller's suggestion about the ordinance being amended to allow proof of the runoff.

Lana Huguenin, 1521 Summer Sands, favored the ordinance she was concerned there was not one in the past. She favored as much green space as possible to get water back into the ground and into the aquifer.

Donald White, Chairman of the Board of Appeals, was concerned about flooding and the necessity of having an impervious surface ordinance.

There being no further comments from the public, the public hearing was closed.

Councilor Gilbert commented this was a way to stop Neptune Beach from being totally concreted over. Councilor Patronik felt the ordinance was too simplistic to help the stormwater problem and that it should be brought to a workshop. Vice Mayor Shimp felt there should be a grace period.

Moved by Pruette, seconded by Gilbert.

Motion: **TO PASS ORDINANCE 2002-04 ON FIRST READ WITH AN AMENDMENT TO ALLOW A TWO YEAR GRACE PERIOD.**

City Manager Linn clarified the grace period would simply change the effective date. Vice Mayor Shimp suggested discussing the two-year grace period at a workshop meeting and see if the ordinance could apply to new homeowners immediately.

Councilor Pruette called the question. Mayor Brown asked if the two year grace period was within the motion or if it would be dealt with in a workshop. Councilor Pruette withdrew her previous motion.

Moved by Pruette, seconded by Gilbert.

Motion: **TO PASS ORDINANCE 2002-04 ON FIRST READ.**

Roll Call Vote:

Ayes: 3 – Gilbert, Pruette, Brown

Noes: 2 – Patronik, Shimp

MOTION CARRIED

Recess/Reconvene

The meeting recessed at 9:15 p.m. and reconvened at 9:25 p.m..

OLD BUSINESS

Minor Replat
Poinciana Road

MINOR REPLAT – POINCIANA ROAD – STEVE JARRETT: Vice Mayor Shimp asked to place this on the agenda in order to come to a decision without further delay. He asked Michael Ashton, Representative of Summer Sands Homeowners Association, if he would agree to allow Mr. Jarrett access if the city agreed to close the other two platted streets through Summer Sands. Mr. Ashton replied the residents of Summer Sands still did not want Mr. Jarrett to enter his property through Summer Sands due to additional traffic. He stated if it was absolutely necessary for the Council to allow Mr. Jarrett to go through Summer Sands please close the other roads.

City Manager Linn stated that Oakhurst right of way would be better suited to add better drainage to the area instead of using it for a road.

Councilor Gilbert questioned if there could be some promissory note to future councils not to allow a back entrance to Summer Sands. He suggested any work trucks would be brought in through Bay Road. That they cul di sac at poinsietta until bay and poinsietta is paved then the cul de sac could be reversed unless the other option is done and the city paved bay and poinsettia. Mr. Ashton stated it all came down to the extra \$20,000 to pave poinsietta and Bay Road.

Steve Jarrett original proposal was to enter through Summer Sands and closing off the back door. He was against complete abandonment of closing off the back yard because of the future. He was in favor of supporting the closing of Oakhurst Drive. He was in favor of sharing the cost for the alternate entrance. He did not want to open a back door to Summer Sands. He proposed a closure at the end of his cul-de-sac.

Councilor Pruette still believed it is the best way to go is through Florida Boulevard. Mr. Jarrett would be willing to go through Bay Road, but he could not pay for all of it. Councilor Pruette commented the code reads houses should be all around all cul de sacs. Mr. Jarrett stated he would bring in construction trucks through Bay no matter what.

Councilor Pruette state we had not heard back from Councilman Holland to see if Jacksonville would pay for the culvert at Florida Blvd and Oakhurst. Mr. Jarrett stated that road had more problems than just the culvert.

City Manager Linn suggested if the property was dedicated a public park it would take a charter amendment and a referendum to the voters to change.

Mayor Brown narrowed down what had been discussed. There was a commitment from Mr. Jarrett not to tie in with Florida Blvd, not to tie into the other areas, this narrows down what the options really are. All sides have been reasonable. The Mayor commented Jarrett agreed to pause and put a street end. And bring the dump trucks and construction entrance through Bay Road.

Mr. Jarrett stated what the apparent three options are 1) He pays everything 2) the city pays for everything 3) the city does the project and accesses adjacent property owners. He could not agree to absorb all costs for an alternate entrance which would be between 20 and 25 thousand dollars. He asked the council to vote on the minor replat of splitting Lot G.

Vice Mayor Shimp suggested every resident in Summer Sands give their opinion on which option they would want. They either help Mr. Jarrett pay for the alternate entrance or allow him to have a small cul de sac at the end of their subdivision. Mr. Ashton would personally ask each one and bring it back to the council.

Leslie Karlen, stated Summer Sands did not keep their neighborhood nice for Mr. Jarrett to sell his lots.

Scott McClure, 310 Sunrise Circle, questioned if developers deeded streets to the city.

Councilor Pruette commented that the problem with this entire area should be discussed at the next workshop.

Moved by Shimp, seconded by Patronik.

Motion: **TABLE THE MINOR REPLAT – POINCIANA ROAD – TO A WORKSHOP.**

Councilor Gilbert did not agree with delaying Mr. Jarrett for another month. Felt the cul de sac was a pretty good compromise. He wanted to take action to close Oakhurst to Sand Castle Way east. If Bay Road is ever opened up then the property owners would be responsible. If that were to happen they could turn the cul de sac around to go out to Florida Blvd. He suggested making Oakhurst a park and that property would not be developed. To wait another month would make people more and more aggravated. This issue has been going on for three months now and we seem to have a good compromise not to open through traffic to Summer Sands.

Vice Mayor Shimp suggested that the Summer Sands people go back to each of their residents and have them decide on which of the three alternatives they want. They could then come back to the next regular meeting and let the council know what they decided.

1. Mr. Jarrett goes through Summer Sands and then when Poinsettia is opened The cul de sac could be turned around to close off Summer Sands.

2. Summer Sands pays part of the money to allow Steve Jarrett to develop Poinsettia and Bay Road.

Michael Aston asked for a number to go back and ask each Summer Sands residents for. Steve Jarrett stated it would be between \$20,000 and 25,000 depending on the drainage needs. Mr. Jarrett asked if Lot G could be split now while other issues were being worked out.

Lana Hueginin asked why the road could not be left limerocked instead of paved.

Vice Mayor Shimp withdrew his motion.

Moved by Gilbert, seconded by Pruette.

Motion: **TO ACCEPT THE MINOR REPLAT TO DIVIDE LOT G**

Amendment: **AND PROVIDING THE INGRESS/EGRESS IS APPROVED BY CITY COUNCIL.**

Resolution
No. 2002-08

RESOLUTION NO. 2002-08, BOARD APPOINTMENTS: RESOLUTION APPOINTING BOARD MEMBERS TO THE BOARD OF APPEALS AND REAPPOINTING MEMBERS TO THE CODE ENFORCEMENT BOARD AND PLANNING & DEVELOPMENT REVIEW BOARD.

Vice Mayor Shimp questioned the board electing the chairmen. The Board of Appeals should re-elect a chairman and Donald White should resign. City Clerk Volpe stated Dan Disch was being appointed because Tom Garza had to resign for medical reason so Mr. Rosenberg could be appointed as an alternate and Elaine Reiss as a regular.

City Attorney White stated you could argue the ordinance either that his term limits started when the ordinance was voted in or when he started his next term. Chairman White could stay on the board until he was replaced on the board. Discussion ensued over term limits.

Moved by Shimp, seconded by Patronik.

Friendly Amendment to reappointment **APPOINT MR. DISCH AND ELAINE REISS REGULAR MEMBERS AND LEMAN ROSENBERG AS AN ALTERNATE. COUNCIL REQUEST MR. DONALD WHITE TO RESIGN.**

Vice Mayor Shimp called the question. City Attorney suggested appointing Elaine Reiss as a regular member to replace Mr. Donald White on the Board.

Motion: **TO APPROVE THE RESOLUTION TO INCLUDE MR. ROSENBERG AS AN ALTERNATE MEMBER AND TO INCLUDE ELAINE REISS AS A REGULAR MEMBER TO THE BOARD OF APPEALS TO REPLACE DONALD WHITE WHO HAS GONE OVER THE TERM LIMITS.**

Ayes: 3 – Gilbert, Patronik, Shimp

Noes: 2 – Pruette, Brown

MOTION CARRIED.

Donald White reminded the council that he was not elected, they appointed him and he was not entitled to resign unless it was for personal reasons. The council may as well abolish the board if they do not hold up the board decisions.

Councilor Pruette thanked Mr. White for serving and stated she appreciated his service.

Vice Mayor Shimp told Mr. White it was nothing personal about him it was a term limits.

BUDGET WORKSHOP MEETING JUNE 17, 2002, AT 6:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held June 17, 2002 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor James Gilbert
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Works John Galen
Assistant to the City Manager Terry Klein
Supervisor of Water/wastewater Leon Smith

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

**Resignation of Public
Service Director**

City Manager Linn announced that John Galen submitted a letter announcing his retirement as of June 30, 2002. He will remain a part time employee for \$100 a week on a consultant basis for any engineering services needed. Mr. Linn stated he will be bringing Supervisor of Water/Wastewater Leon Smith's name as a replacement for John Galen to the next regular meeting for council's approval. Mr. Smith would become Director and his current position would remain unfilled. This would save the city approximately \$40,000 in salary and benefits and reduce the staff at the city yard by one position. It also changed some items in the budget.

John Galen stated he had been thinking about retirement for some time. He felt the City of Neptune Beach was too small and did not require an engineer in his position. He commented that Leon Smith could handle the position and the staff was well trained. He would be available at any time for any engineering services needed.

Mayor Brown congratulated Leon Smith. Vice Mayor Shimp asked Mr. Smith if he felt he was ready. Leon Smith stated he was and he had enjoyed working with Mr. Galen. Councilor Pruette asked Mr. Smith if he felt more inclined to put more information on computer. He responded by saying that his staff knows what has been done but it can easily be put on computer.

Councilor Pruette questioned if ditch cleaning was contracted out. City Manager Linn stated it was. He also commented that city hall kept work orders on the computer along with his assistant who kept a log on Civic Tracker.

Capital Items

Director of Public Services John Galen stated that the Tahoe from the water and sewer

Reductions and
Additions

fund would not be needed along with the pick up truck. Leon Smith would be getting his Tahoe and Leon's truck would go to water and sewer.

He stated the Animal Control truck was in bad shape but would hopefully last until October 1, when it would be replaced by a Stormwater truck, which would be replaced with a new one. He told the council that the City Manager would be asking their permission to purchase a new truck in this fiscal year only on an emergency basis if the animal control truck stopped working completely.

Mr. Galen stated that the Hypo-Chlorite System in the Water and the Sewer funds was necessary. This would allow a switch from using chlorine gas, which is dangerous, to chlorine liquid. This would save the city from a lot of regulations. City Manager Linn added it would also save expensive reporting requirements and help with safety.

Finance Director Steve Ramsey stated there is a 3.75% increase in revenue due to a water rate increase. The big increase in the budget is the capital. He stated he could answer for any questions. The income showed \$92,612 in the water and sewer funds. With the cuts that Mr. Galen made it went up to \$190,993.

Vice Mayor Shimp asked why other contractual services was increased 33%. Mr. Galen responded it is due to lab fees for regulated testing.

Finance Director Ramsey stated health insurance would be increased at least 25%-30%.

City Manager Linn stated professional services was budgeted at \$20,000 for a rate study. He questioned if the backhoe was a replacement. Mr. Galen answered yes.

Councilor Patronik questioned touch read replacement. Mr. Ramsey said this was the replacement program the city started three years ago which would eventually produce more revenue.

Councilor Gilbert asked why overtime was so high for the current fiscal year. Mr. Ramsey said it was due to water breaks and should eventually go down by the end of the 2003 fiscal year.

Finance Director Ramsey stated there was an extra expense to fund our Debt Service Fund.

Mr. Ramsey reminded the council he is available for any questions at any time. He stated the Stormwater Fund was new because of the new utility and the two employees were carried over from the gas tax fund.

Councilor Pruette asked about the contracting out of ditch cleaning. Mr. Galen stated it was on a schedule.

Adjournment

There being no further business, the meeting adjourned at 6:40 p.m.

Building Official Dan Arlington

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The Beautification Committee was actively working on the Adopt-a-Street End Program, the Butterfly Garden, the Bike Path on Florida Boulevard, and a buffer zone between the Mayport Flyover and the residents of Watersedge.

Mayor Brown reported that Crime Prevention Officer Lisa Van Nelson and himself went door to door with a flyer inviting the neighbors surrounding Jarboe Park to attend a crime watch meeting at the pavilion in the park on June 20, 2002.

CITY MANAGERS PUNCH LIST

Jarboe Park JARBOE PARK IMPROVEMENT: The fabrication of the Foot Bridge had been completed. City staff was to construct a concrete foundation for the bridge. The handicap swing was installed and a second seat for the swing had been ordered.

Utility Improvement UTILITY IMPROVEMENT PROGRAM: Utilex had started installing the new water lines in Bal Harbour and the area should be completed by the end of the month.

PROPOSED ORDINANCES

Ord. No. 2002-04 ORDINANCE NO. 2002-04, IMPERVIOUS SURFACES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-238, MAXIMUM LOT COVERAGE AND PROVIDING AN EFFECTIVE DATE.

Consensus: **HAVE BUILDING OFFICIAL DAN ARLINGTON MAKE THE RECOMMENDED CHANGES AND FORWARD TO THE JULY REGULAR MEETING.**

Ord. No. 2002-05 **ORDINANCE NO. 2002-05, AMENDING TABLE 27-226-1, PERMISSIBLE USES:** AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING TABLE 27-226-1, TABLE OF PERMISSIBLE USES AND PROVIDE AN EFFECTIVE DATE.

Mayor Brown asked to amend the ordinance to deal only with allowing the Women's Health Center in the C-2 and C-3 districts. A public hearing had been advertised for Thursday at 6:00 p.m.

Consensus: **TO AMEND THE ORDINANCE TO DEAL ONLY WITH ALLOWING THE WOMEN'S HEALTH CENTER.**

CONTRACT/AGREEMENTS

4X4 Pick-Up **PURCHASE AUTHORIZATION – 4 X 4 PICK-UP TRUCK FOR STORMWATER & DRAINAGE:** City Manager Linn explained the animal control truck needed to be replaced. He asked Council for approval to replace the stormwater pickup truck with a new truck and pass the old stormwater truck to animal control.

Consensus: **FORWARD TO THE REGULAR JULY COUNCIL MEETING.**

ISSUE DEVELOPMENT

Voting Delegate FLC **SELECTION OF VOTING DELEGATE TO FLORIDA LEAGUE OF CITIES:** Council needed to designate a voting delegate for the Florida League of Cities Conference. One official from each city would make decisions that determine the direction of the League.

Councilor Patronik nominated Mayor Brown, Councilor Gilbert seconded Councilor Patronik's nomination of Mayor Brown, and nominated Councilor Patronik to be the alternate.

Consensus: **TO DESIGNATE MAYOR BROWN TO BE DELEGATE FOR THE FLORIDA LEAGUE OF CITIES AND COUNCILOR PATRONIK TO BE HIS ALTERNATE.**

July 5th Holiday **JULY 5TH HOLIDAY, COUNCILOR GILBERT:** Councilor Gilbert recommended that Council give permission for the city employees to have the following Friday, after July 4th off.

Consensus: **TO GIVE PERMISSION FOR THE CITY EMPLOYEES TO HAVE THE FOLLOWING FRIDAY, AFTER JULY 4TH OFF.**

Roll Call Vote:

Ayes: 3 – Gilbert, Pruette, Brown

Noe: 2 – Patronik, Shimp

Special Recognition **CITIZEN SPECIAL RECOGNITION AWARD, COUNCILOR PRUETTE:** Councilor Pruette suggested a Special Recognition Award program be in place for outstanding citizens who are worthy. Vice Mayor Shimp stated the City had always recognized outstanding citizens in the past. Mayor Brown asked everyone to be aware and look for those citizens who would be considered worthy of the recognition.

- Severed Utility Lines SEVERED UTILITY LINES, COUNCILOR PRUETTE: City Manager Linn informed the Council that the City took action and installed a grinder pump and ran a water and sewer line out to Penman Road and Neptune Lane. The two women that experienced the damage to their utility lines now had utility services. He wrote a letter to the owner of the property at 1807 Penman Road, stating the city code authorized the city to assess the cost and he would bring the invoices to the Council to determine how to assess the property owner.
- City Attorney White stated there were criminal charges against Mr. Jim McCue for damaging the water, sewer and cable lines. He advised Council and staff not to comment on the issue. Under the City Code the City could assess the property owner for the cost of the connection. After three months the assessment would earn an interest rate of 8%. The code also allowed Council to decide if the City should cover part of the cost of the hook up of the lateral line.
- Ms. Peggy Roush, 1807 Penman Road, stated she received a letter from City Manager Linn, notifying her of the assessment on the property after the new utility lines were installed. She would rather have been notified before. She felt Jim McCue should take some responsibility for the cost because he initiated the problem by severing the utility lines.
- Mayor Brown stated City Manager Linn was compiling the figures and the assessment would be fair.
- Watersedge WATERSEdge – TITLE SEARCH, CITY ATTORNEY: City Attorney White explained the title searches for Watersedge had been completed. He issued an opinion letter to the city stating that lots 1 through 8 and 16 through 21 were determined lots of record. He would issue an opinion letter this week advising the remaining units 9 through 14, 15 and 22, were also determined lots of record.
- Poinciana Drive POINCIANA DRIVE – ACCESS, COUNCILOR PRUETTE: City Manager Linn stated he had not received any communications from anyone regarding the access road since the last council meeting. The minor replat was granted at the last meeting with the condition council would approve the access. When he received a proposal he would place it on the agenda.
- Steve Jarrett stated what he thought should happen next was for the city to determine if the water management permit was current and sufficient for the area. His original application to the city was that he would renew the water management permit for the area and install the infrastructure in front of his property as designed by the Master Plan for the area. The only issue that had not been determined was how to access the property. He offered to give Council a report on the current status of the water management permit at the next meeting.
- Seagate Subdivision PROPOSED SEAGATE SUBDIVISION DISCUSSION, CITY MANAGER & BUILDING OFFICIAL: City Manager Linn stated Steve Jarrett brought him the proposal for the proposed subdivision because it involved a City right-of-way on Seagate Avenue.
- Steve Jarrett stated he would like to delay the discussion on the Seagate Subdivision because the Planning & Development Review Board would be held the following night and they made a request to have the opportunity to hear all the information and make a recommendation to the Council.

Steve Jarrett asked the Council if he could address the height restriction of 28' in the wider width lots subdivision. The current residential height restriction was 28', St. Augustine, Atlantic Beach, Jacksonville Beach, and Fernandina Beach had residential height restrictions of 35'. He felt it was an unusable restriction without an identifiable objective. It was causing people buying expensive lots to have unattractive profiles and low ceilings. He felt the height restriction of 28' needed to be looked at more carefully and in detail.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Darryl Grubbs, 1919 Nightfall Drive, felt any type of sales should be permitted in the C-1 district and the C-2 district should allow on site storage by special exception. He also suggested allowing take out restaurants in commercial districts.

Lana Huguenin, 1521 Summer Sands Drive, was still concerned about how Steve Jarrett would access his property. Steve Jarrett replied he was still working on a plan to submit to the Council for their approval.

Adjournment

There being no further business, the meeting adjourned at 8:35 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
MAY 6, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held May 6, 2002, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

City Attorney Christopher A. White
City Clerk Lisa Volpe, CMC
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Patronik to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Ish Brant Portrait

PRESENTATION OF ISH BRANT PORTRAIT: Mayor Brown announced the community had raised money to purchase a portrait of Ish Brant, painted by local artist Mary Jane Birch, for placement in City Hall. Mayor Brown asked Jean McCormick to assist him in unveiling the portrait. Terry Brant presented a check to Mayor Brown for the remainder of the funds to be used by Ish Brant Beautification Committee.

Kenny

PRESENTATION OF PLAQUE TO ELAINE KENNY: Mayor Brown recognized and presented a plaque to Elaine Kenny in appreciation for her efforts and dedication for the past years hosting the annual "Sunday in Park" event.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES AS STATED:

APRIL 8, 2002, REGULAR COUNCIL MEETING
APRIL 15, 2002, WORKSHOP COUNCIL MEETING

Moved by Patronik, seconded by Gilbert.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Gilbert stated Lemon Street was overgrown behind Tucker Rental and asked the City Manager if this could be cleaned up because he was concerned about transients. Councilor Gilbert thanked City Manager Linn for repairing the pothole at the intersection of Forest Avenue and Penman Road.

Vice Mayor Shimp stated some neighbors on North Street had asked him if something was wrong with the water pressure in that area.

Councilor Patronik questioned the parking of commercial vehicles on a property on Penman Road. City Manager Linn responded the property was at Neptune Lane and Penman Road and the issue had been turned over to the building department for code enforcement. Mr. Linn added that a property owner was allowed to park a dump truck on their property if he was not conducting a commercial business out of the home. Building Official Dan Arlington reported the case was in progress.

Councilor Pruette had also received complaints regarding the low water pressure on North Street. Councilor Pruette added she had pictures of the vacuum system from the St. Augustine trip if anyone would like to view them.

CITY MANAGER REPORTS

Service Awards	<u>EMPLOYEE SERVICE AWARDS:</u> City Manager Linn reported the City held the hot dog luncheon for employee longevity awards. Forty employees were recognized for a total of 505 years of service to the community. Mr. Linn thanked Councilor Pruette for suggesting the employees be recognized for years of service.
Fire Hydrants	<u>UPDATE ON THE REPLACEMENT OF FIRE HYDRANTS:</u> The Public Service Department had completed installation of 17 replacement fire hydrants. In order to replace the remaining fire hydrants the water service would have to be cut off in some areas. This may slow down the process and create inconvenience to residents for several hours.
Water Improvement	<u>WATER CAPITAL IMPROVEMENT PROJECT UPDATE:</u> The contractor had supplied the required documents to the Florida Department of Environmental Protection and the bonding agency. He was expecting approval from DEP this week. Once approval was received he would send the contractor a notice to proceed and the contractor would be required to start the job within 30 days.
Sunday in the Park	<u>REPORT ON SUNDAY IN THE PARK:</u> City Manager Linn thanked Elaine Kenny for hosting the "Sunday in the Park" event. The event was well received by the community. He also thanked the City Council members for their participation.
Budget Mtgs	Councilor Pruette asked about setting dates for the budget meetings. City Manager Linn responded that Finance Director Steve Ramsey had requested budgets from the department heads.

COMMENTS FROM THE PUBLIC

Mayor Brown stated the council would hear public comments regarding Summer Sands under item 12-d, Jarrett development of Poinciana Drive.

Elaine Kenny, 1301 Neptune Grove Drive West, stated she enjoyed hosting "Sunday in the Park" and hoped to continue hosting it years to come.

Larry Shealy, 1501 First Street, member of the Planning & Development Review Board, stated he had served on the board for the past year and enjoyed it very much. Mr. Shealy questioned the existence of the Board when Ordinance 2002-03 was on the agenda to allow drive-in restaurants in the city after the Board had voted 6 to 1 not to change it.

Gerald Schrle, 1417 Neptune Grove Drive West, member of the Planning & Development Review Board, voiced concern about the drive-in restaurant ordinance as well as the action taken by Council last month concerning the sign at Amsouth Bank. Mr. Schrle added the board members were all volunteers and the council should accept their recommendations.

Legal Advice City Attorney Chris White advised that no official action could be taken on ordinance 2002-03. In order to consider an ordinance that dealt with changing prohibited land uses the state law required advertisement of two public hearings one at both the first and second read.

Leslie Karlin, 1506 Spindrift Circle, questioned under what cause should a board member recuse himself from hearing and voting on a case. City Attorney White advised the ethics commission had very strict standards and the only reason a member should recuse himself was if there was a financial interest or personal gain.

CONSENT AGENDA / NONE

VARIANCES / NONE

ORDINANCES

Ordinance No.
2002-02

ORDINANCE NO. 2002-02, ESTABLISHING THE STORMWATER UTILITY, FINAL READ AND PUBLIC HEARING, SPONSORED BY COUNCILOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA ESTABLISHING THE CITY'S STORMWATER UTILITY SYSTEM; SETTING FORTH PROVISIONS FOR SCHEDULE OF RATES; BILLING AND PAYMENT AND OTHER MATTERS IN RELATION THERETO; AMENDING SECTIONS 27-480(A), 27-548(D) AND 27-548(E) AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown opened the floor for public comments.

There being no comments from the public, the public hearing was closed.

Moved by Shimp, seconded by Patronik.

Motion: **TO ADOPT ORDINANCE NO. 2002-02, ESTABLISHING THE STORMWATER UTILITY, ON SECOND AND FINAL READ AS STATED.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Ordinance No.
2002-03

ORDINANCE NO. 2002-03, AMENDING CHAPER 27 TO ALLOW DRIVE IN RESTAURANTS IN C-3 DISTRICT BY SPECIAL EXCEPTION, SPONSORED BY

MAYOR BROWN: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-225(2), USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, AND TABLE 27-226-1 TABLE OF PERMISSIBLE USES AND PROVIDING AN EFFECTIVE DATE.

Ordinance 2002-03 was not heard because of City Attorney White's earlier comments. Mr. White added the first public hearing had to be held at least seven days after the first advertisement and the second hearing had to be held at least ten days after the first and should be advertised at least five days prior to that hearing.

Consensus: **MOVE ORDINANCE NO. 2002-03 TO THE MAY WORKSHOP MEETING FOR FURTHER DISCUSSION.**

OLD BUSINESS

Emergency
Generator

AWARD PURCHASE CONTRACT FOR EMERGENCY GENERATOR: City Manager Linn explained council authorized him to advertise bids on a replacement generator for the public safety building. Mr. Linn added that out of nine bids Cummings Southeastern came in the lowest at \$17,660.79. Mr. Linn recommended awarding the contract to Cummings Southeastern in the amount of \$17,660.79.

Moved by Shimp, seconded by Patronik.

Motion: **TO AWARD CONTRACT FOR EMERGENCY GENERATOR TO CUMMINGS SOUTHEASTERN IN THE AMOUNT OF \$17,660.79.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Public Services
Facility

AWARD ARCHITECTURAL SERVICE CONTRACT TO PQH VARGAS TO PLAN AND DESIGN PUBLIC SERVICES FACILITY: City Manager Linn recommended awarding a contract to PQH Vargas in the amount of \$85,391.02 to plan and design a new public services facility. Mr. Linn explained the design would be completed in two phases, the first phase would be the pre-design at \$24,891.02, the second phase was the schematics at 45,000, and the remaining amount was for reimbursements. Mr. Linn added the contract could be terminated at anytime. He anticipated the funding for the project coming from the Better Jacksonville Plan.

Moved by Shimp, seconded by Patronik.

Motion: **TO AWARD THE ARCHITECTURAL SERVICE CONTRACT FOR THE PLAN AND DESIGN – PUBLIC SERVICES FACILITY TO PQH VARGAS - \$85,391.02.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Kings Road
Bridge

AWARD ARCHITECTURAL SERVICE CONTRACT TO PQH VARGAS TO REPLACE THE KINGS ROAD BRIDGE: City Manager Linn stated the number one priority for the use of the revenue from the Better Jacksonville Plan was to replace the Kings Road bridge. Mr. Linn recommended awarding a study contract to PQH Vargas not to exceed

the amount of \$25,000, with a related budget of \$10,500 for needed testing.

Legal City Attorney White advised that according to state law the city could award a contract up to \$25,000 for a study without advertising for proposals.

City Manager Linn stated the City of Jacksonville Beach would provide temporary access at the end of a cul-de-sac while the bridge was being constructed.

Councilor Pruette asked City Manager Linn what the time frame would be. Mr. Linn estimated three to six months on the design.

Moved by Gilbert, seconded by Pruette.

Motion: **AUTHORIZE THE CITY MANAGER TO REQUEST QUALIFICATIONS FOR THE DESIGN AND BUILD OF THE KINGS ROAD BRIDGE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

NEW BUSINESS

Hagler Drive

AWARD CONTRACT TO GRUHN-MAY TO REPLACE WATER LINE ON HAGLER DRIVE: City Manager Linn stated he was recently made aware that the residents along Hagler Drive had been suffering for years with low water pressure. Mr. Linn recommended awarding a contract to Gruhn-May for replacement of the water line.

Vice Mayor Shimp asked if the pipe bursting technology could be used to replace the line. Jim Miller, PBS&J, stated the line could only go up one size. It was a 2-inch line and could not go up to a 6-inch line.

Councilor Pruette asked if it was fair to other contractors to award the bid to Gruhn-May without requests for proposals. City Manager Linn explained it was a \$35,000 project and putting together a bid package would cost \$5,000. City Manager Linn added the contract with Gruhn-May would be piggy backed off Atlantic Beach.

Moved by Shimp, seconded by Pruette.

Motion: **TO AWARD A CONTRACT TO GRUHN-MAY FOR THE REPLACEMENT OF THE WATER LINE ON HAGLER DRIVE.**

City Attorney White asked if there would be a signed contract or an agreement. City Manager Linn responded it would be done by purchase order.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

MOTION CARRIED

Legal Opinion City Attorney White clarified that you could not close off a right-of-way at the request of adjoining property owners. The right-of-way was there for the public and there had to be substantial evidence to deny access to the property.

Recess/Reconvene The meeting recessed at 8:50 p.m. and reconvened at 9:00p.m.

Poinciana **STEVE JARRETT DEVELOPMENT ON POINCIANA ROAD:** Councilor Gilbert stated he met with Steve Jarrett and the representatives for Summer Sands on two different occasions. The number one thing Summer Sands wanted was to permanently close the rear entrance to Summer Sands. Councilor Gilbert suggested the city develop the remainder of streets in Neptune Beach that had not been developed.

Vice Mayor Shimp stated he would sponsor a bill closing off Bay Street and abandoning the property. He felt there should be a compromise between the Summer Sands residents and Steve Jarrett.

Councilor Patronik felt Mr. Jarrett should not have to absorb the additional cost for an alternative access. He was concerned about having substantial evidence to close off the street.

Councilor Pruette stated Mr. Jarrett had an alternate access and it was all about money. She suggested asking the City of Jacksonville to install a culvert.

Steve Jarrett stated he had anticipated that the right-of-way would be open for access to the property. He was willing to access the property through another route but felt he should not have to bear the total cost. He added that the situation needed to be resolved as soon as possible so he could market the property while the market was still good.

Council discussed the alternative routes and the cost of providing them.

Steve Jarrett asked when Council would consider his request to divide one of the lots.

Bill Darush, 304 Sunrise Circle, President of the Summer Sands Homeowners Association, stated there was a definite traffic problem because there was not a traffic light at the intersection of Atlantic Boulevard and more vehicles would add to the problem. They did not want other cars using the entrance or the streets that they developed and maintained. It was their opinion that the developer should pay for one of the three alternative accesses. They also did not want one member of Summer Sands to be assessed for any streets that Mr. Jarrett developed because it would not benefit them in any way. His thoughts from the last meeting were that the consensus of council was that Mr. Jarrett would not use the Summer Sands entrance and they would be notified of future meetings regarding the issue. He added the residents were not notified the issue would be on the agenda tonight.

Mayor Brown emphasized the City Attorney advised that council may not have the right to deny access to a city street.

Councilor Pruette stated a solution needed to be made as soon as possible.

Vice Mayor Shimp asked the staff to estimate the cost of alternate accesses and contact the City of Jacksonville about installing a culvert.

Councilor Patronik stated cost of alternative accesses could be discussed at the next workshop and emphasized based on the City Attorney's advice there had to be a clear reason with evidence why the access was being denied.

City Manager Linn questioned how to place the subject back on the agenda since the council took action to deny the development order.

Vice Mayor Shimp stated he would ask to place the development order to split the lots back on the agenda. He questioned why Oakhurst could not be abandoned when other roads in the city have been abandoned.

Councilor Gilbert stated that according to Mr. Darush the Summer Sands Homeowners Association could not be accessed for streets unless it was for the benefit of the entire subdivision. Councilor Gilbert questioned if the law would allow the city to pay for them if it did not benefit the entire city.

COMMENTS FROM THE PUBLIC

Michael Aston, 1523 Summer Sands Drive, felt that the city had the authority, power, and legal right to control the amount and direction of traffic flow in a development within the city. He did not believe it would cause a burden to Mr. Jarrett. Mr. Aston read parts of a prepared two page letter and quoted statements from the March 2002, Planning & Development Review Board meeting. He also mentioned a letter from Mayor Vaughn to the Florida Department of Transportation and Resolution No. 2000-06 passed by the council, regarding concern for a traffic light at the intersection of Atlantic Boulevard and Summer Sands. He was also concerned that Summer Sands was not properly notified. He requested postponing the decision until experts had reviewed the issue of drainage.

Shelby Weikel, 228 Windswept Circle, agreed the residents of Summer Sands were not notified of the development. When she bought her property in 1991 she was assured the city had no plans to turn the end of Oakhurst Drive into a roadway because of a water or sewer main. Ms. Weikel also felt the owners of Summer Sands should not be accessed for any new streets.

Leslie Karlin, 1506 Spindrift Circle West, felt Mr. Jarrett should pay for the streets and pass the expense on to his buyers.

Linda Perschel, 1865 Nightfall Drive, owner of eight lots on Bay Road and Poinciana, would be most affected by the assessment. Owner of the red schoolhouse and two lots on the other side of Bay Road. The children cross back and forth on that road to play on the soccer field and baseball field. She would be penalized personally for not developing the land. She had asked many times to rezone the property and made a commitment to the council not to develop the land. It would be a tremendous cost to her. She did not think it was fair to close off the road. If she was assessed 11,000 a lot she would have nothing to lose by hiring an attorney. She also was not notified the Council was discussing assessing the property owners.

Fred Hofmann, 130 Sand Castle Way, thought the council should look into the possibility of abandoning the property at the end of Oakhurst Road.

Resolution No.
2002- 08

RESOLUTION NO. 2002-08, BOARD APPOINTMENTS: A RESOLUTION APPOINTING BOARD MEMBERS TO THE BOARD OF APPEALS AND REAPPOINTING MEMBERS TO THE CODE ENFORCEMENT BOARD AND PLANNING AND DEVELOPMENT REVIEW BOARD.

Vice Mayor Shimp stated that Donald White, Chairman of the Board of Appeals, was currently serving on the Board and his term limits had expired. Vice Mayor Shimp requested Resolution No. 2002-08 be deferred until the staff researched the term limits of the appointees.

BOARD OF APPEALS

Daniel Disch	Appoint Regular	3 year	05/06/2002	05/05/2005
--------------	-----------------	--------	------------	------------

CODE ENFORCEMENT BOARD

James Ness	Reappoint Alternate	1 year	04/02/2002	04/03/2002
------------	---------------------	--------	------------	------------

PLANNING & DEVELOPMENT REVIEW BOARD

Fred Lee	Reappoint Alternate	1 year	04/02/2002	04/01/2003
----------	---------------------	--------	------------	------------

Consensus: **TO DEFER RESOLUTION NO. 2002-08 TO THE WORKSHOP AND RESEARCH THE APPOINTEES TERM LIMITS.**

Assistant to the City Manager Terry Klein
Director of Public Finance Steve Ramsey
Director of Public Services John Galen
Building Official Dan Arlington

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE REPORT:** City Manager Linn reported the Ish Brant Beautification Committee had a work detail at the butterfly garden in Jarboe Park last Saturday.

CITY MANAGERS PUNCH LIST

Water Improvement Project **WATER IMPROVEMENT PROJECT – PHASE 1 B&C:** City Manager Linn updated he had received approval from the Florida Department of Environmental Protection for the award of the bid. The engineer issued a notice to proceed to the contractor and the clock started Friday. The city website had a link to PBS&J that had the contractor's construction schedule.

Jarboe Park **FOOTBRIDGE – JARBOE PARK:** Vice Mayor Shimp asked City Manager Linn when the footbridge would be installed in Jarboe Park. Mr. Linn responded it should be in a couple of weeks.

FLCC **FLORIDA LEAGUE OF CITIES ANNUAL CONFERENCE:** City Clerk Lisa Volpe reminded council the Florida League of Cities Conference would be held in August and asked them to notify the clerk's office if they would like to attend.

PROPOSED ORDINANCES

Ord. No. 2002-03 **ORDINANCE NO. 2002-03, DRIVE IN RESTAURANTS:** AN ORDINANCE OF THE CITY

OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-225(2), USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, AND TABLE 27-226-1, TABLE OF PERMISSIBLE USES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown explained there was a request for consideration to remove the old outdated building that was Mays Chinese Restaurant on Atlantic Boulevard and replace it with a modern Sonic's Drive-In Restaurant. The code currently prohibited drive-in service restaurants. The Planning & Development Review Board turned down the request for a special exception to allow the Sonic. This ordinance would amend the code and allow drive-in restaurants.

Councilor Pruette felt the council should consider making the current outdoor dining in Town Center legal.

Vice Mayor Shimp agreed with the Planning & Development Review Board. He was concerned about trash being blown around.

Councilor Gilbert also agreed with the Planning & Development Review Board. He stated the Sonic in Mayport created a lot of trash around the area.

Consensus: **LEAVE THE EXISTING ORDINANCE IN PLACE.**

Ord. No. 2002-04

ORDINANCE NO. 2002-04, IMPERVIOUS SURFACE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-238, MAXIMUM LOT COVERAGE AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette stated impervious surfaces were important to the future of Neptune Beach and the ordinance was needed. There were fourteen areas in the city with drainage problems. In her block alone the drainage had worsened.

Mayor Brown stated Atlantic Beach required 50% and Jacksonville Beach required 35% pervious surface. Building Official Dan Arlington stated 50% still allowed reasonable use of a lot. Mr. Arlington commented that Jacksonville Beach allowed only 35% of a lot to be impervious, so 65% would be pervious.

Vice Mayor Shimp spoke with two engineers that confirmed it would take a 100-year storm to affect the area east of Third Street. In the seven years that he had lived there it had not got any worse. He blamed the city for not keeping up with the sewer system. He felt the only people complaining were the people whose lots were built out and the people who had not built their property out would not be able to and that would lower the value of their property. He felt more research should be done.

Mayor Brown asked if a public hearing had been scheduled on the ordinance. City Clerk Volpe responded that a public hearing would be held on the second and final read of the ordinance and there could also be a public hearing at first read if desired.

Councilor Gilbert felt the ordinance was needed to control the floodwaters but should have a one or two year grace period. He also felt it would eventually create a better way of life for everyone.

Councilor Patronik stated that a stormwater utility fee of \$3.00 per household had been adopted to maintain and improve the stormwater. He wanted to see the stormwater runoff improved and that may correct the problem without the need for the ordinance.

City Manager Linn stated the ordinance would affect the entire city but the greatest impact would be east of Third Street because of the large homes on small lots. Building

Official Dan Arlington stated the ordinance would require less than half of lots east of Third Street to request a variance to add on to their property.

Vice Mayor Shimp encouraged the other council members to drive east of Third Street and look at the different size lots because some of the homes were built on half size lots and according to the code they would not be able to rebuild. Building Official Dan Arlington explained according to the footprint bill the homes could be rebuilt to the exact square footage.

Councilor Pruette stated Neptune Beach was in the process of being completely redeveloped and the city should be proactive in order to protect future green space. Other cities had an ordinance limiting impervious surface and so should Neptune Beach. As it stood now the entire city could be completely concreted without a permit.

Consensus: **MOVE ORDINANCE NO. 2002-04 FORWARD TO THE JUNE REGULAR MEETING FOR FIRST READ AND PUBLIC HEARING.**

North Street
Abandonment

ABANDONMENT OF PROPERTY SOUTH OF NORTH STREET: Vice Mayor Shimp explained the city abandoned the east side of First Street to the residents because the homes were built right up to the property line. He felt the city should abandon the property on the south side of North Street for the same reason. He explained the city property was actually their front yard and they maintained it as such. Therefore he thought the city should abandon it and let them have it. He also felt it would relieve the city of legal ramifications if anyone were to be injured on the property.

Glenn Jeffreys, 111North Street, explained the property was between First Street and Strand. He was surprised that city owned the 20' of property that was his front lawn.

City Attorney White responded to City Manager Linn that abandoning the property would have an impact on setbacks, minimum lot sizes, and density and would allow lots to be subdivided.

Councilor Gilbert did not see a reason for abandoning the property. He questioned how the homes were built out to the property line to begin with and if 10 feet were abandoned they could build out that 10 feet and so forth.

Councilor Pruette did not agree with abandoning city property because it may be needed in the future.

Councilor Patronik asked how many homes would be affected. Building Official Dan Arlington responded if one of the properties was still a double lot it would affect a total of four properties.

Councilor Gilbert stated other properties within the city were also built right up to the city line and he was concerned they would also asked the city to abandon property.

Councilor Patronik suggested the city could abandon the property but retain its right to use it and they would not be able to build on it.

Vice Mayor Shimp felt it would give the property owners peace of mind to do what they wanted with their landscaping if the city would abandon the property.

BOA Term Limits

BOARD TERM LIMITS: Vice Mayor Shimp explained that it had come to his attention that Donald White had been serving on the Board of Appeals after his term limits had expired. He felt the staff failed by not recognizing his term limits had expired and recommending him to be reappointed. He felt Mr. White should be asked to resign.

Mayor Brown stated there was some confusion because Mr. White was first appointed before the term limits were adopted and he felt that his first term should not be counted.

Legal Opinion

City Attorney White explained the ordinance setting the term limits was inconsistent however the intent was to set a three-year two-term limit for regular members and should apply to the board members who were serving when the ordinance was passed. There was a hold over provision that allowed someone to hold over the term limit until he was replaced. He considered Mr. White as a hold over member of the board until he was replaced.

Councilor Pruette stated the ordinance was flawed and needed to be corrected. She added that serving on the board was a thankless job and the members had to make tough decisions. She felt Mr. White should be allowed to remain on the board and serve the remainder of his term because he had the experience and had done a good job.

City Manager Linn stated the ordinance also read that someone could be reappointed twelve months after completion of two terms and Mr. White qualified to be reappointed because his term had expired over twelve months ago. City Attorney White responded it was a matter of interpretation but the intent was to have someone off the board for a period of one year before he was reappointed.

Councilor Gilbert agreed with Vice Mayor Shimp stating that term limits were in place for a reason and it was clear that Donald White had served on the Board for almost nine years.

Vice Mayor Shimp felt that in the spirit of good faith to the community Mr. White should resign from board. The ordinance set term limits and if the term limits were not followed then we did not need a city charter.

Councilor Pruette ask City Attorney White to clear up the language of the ordinance and bring it to the council next month.

Consensus: **FORWARD TO THE JUNE REGULAR MEETING.**

Sewer Capital Improvement

SEWER CAPITAL IMPROVEMENT PROJECT: City Manager Linn stated he had placed information from Jim Miller of PBS&J regarding the Sewer Capital Improvement Project at council stations.

Councilor Pruette felt this was not the time to discuss the Sewer Capital Improvement Project because she just received the information and had not had a chance to review it. She asked that a special meeting be held as soon as possible.

Vice Mayor Shimp asked to hold a special meeting to discuss the Sewer Capital Improvement Project. He explained he brought up the issue because the last council wanted to complete the water and sewer project at the same time.

Consensus: **TO HOLD A SEPARATE MEETING TO DISCUSS THE SEWER CAPITAL IMPROVEMENT PROJECT ON MAY 29TH AT 6:30 P.M.**

Recess/Reconvene The meeting recessed at 8:00 p.m. and reconvened at 8:10 p.m.

Severed Sewer Line SEVERED SEWER LINE ON FLORIDA BOULEVARD: Councilor Pruette placed this issue on the agenda because she wanted to find out what the problem was with the severed sewer line and discuss solutions to reconnect it.

City Manager Linn explained the city acted legitimately when a permit was issued back in 1987 for two sewer lines for two separate homes on one property. Subsequent to that time the lot had been subdivided without the knowledge of the city. It appeared now that one of the property owners had decided to sever the neighbor's sewer line because it ran across his property without an easement agreement. Mr. Linn concluded that this was a dispute between the two property owners and the city should not be involved.

Mayor Brown stated he would like to have seen the staff research the legal issues of the parties. He felt anytime there was an occupied dwelling with a cut sewer line it was a city issue and needed to be handled carefully. He never expected something like this to happen in the city.

City Manager Linn stated that both parties had been advised to seek legal counsel before the sewer pipe was cut.

Mayor Brown had spoken with the Health Department and they would permit and allow a septic tank to be installed on the property.

Councilor Pruette stated she was not aware of the problem until she was contacted by e-mail from the homeowner whose sewer line had been cut. She felt the city staff should have informed the council of the problem. She would like the council to pass an ordinance that would make it mandatory for all residences to have their own sewer line.

Building Official Dan Arlington explained there was currently an ordinance in the code that required each property to have its own sewer line.

Vice Mayor Shimp questioned if the water line was also on the neighbor's property and if it would also be cut. City Manager Linn responded that the water line was also on the neighbor's property. Vice Mayor Shimp stated the same problem existed in several areas east of Third Street. He felt if the city let it happen the city should take care of it.

City Manager Linn informed that the city did not make the mistake. The parcel was never re-platted by the city and the property owner made the mistake by subdividing the property without recording with the city.

Mayor Brown asked City Attorney White to prepare an ordinance making it illegal to sever a sewer line without the permission of the council.

Legal Advise City Attorney White stated if the property owners could not reach an agreement, the council would have to decide if the city wanted to take formal legal action in terms of seeking injunctive relief against the person who disconnected the sewer line. The city could also take a look at whether or not this created a nuisance under Section 28.33 and if emergency action could be taken on a temporary basis to abate the nuisance. The only options to the city were if something could not be worked out on a short term basis between the property owners, the council would be left no alternative but to either initiate emergency nuisance procedures or file for injunctive relief downtown seeking a court order that would require the property owner to reconnect.

Councilor Gilbert felt it was more of a civil issue than a city issue because you could not

dictate where a person ran his sewer line on his own property. The issue went deeper than just cutting the sewer line. The division of the property created the non-conformity. He felt legislation needed to be passed in Duval County that nothing could be placed on the tax roll unless it conformed to municipality standards. He felt it was the city's responsibility to get it reconnected immediately and the two parties should settle their differences in civil court. It created a health problem and the council should force it to be reconnected. It was the city's responsibility to bring city and public services to the edge of the property line. The deeds were issued with the sewer line on the property and it should remain on the property. When the owner purchased the property he purchased the sewer line along with it.

Councilor Pruette stated that Ms. Autin, the homeowner whose sewer line was disconnected, received a Sanitation Violation Notice today from Building Official Dan Arlington stating that she needed to cap the exposed sewer line.

Ms. Autin read the following letter:

After an onsite inspection of the referred property open discharge of untreated sewage was found. The open sewer line must be capped and the contaminated area disinfected with 24 hours. The cap must be made for the purpose, be tight fitting, and be permanently installed with PVC glue. Failure to cap the open sewer line within 24 hours will result in condemnation of the residence.

Mayor Brown stated the Health Department had informed him they could cite both parties but they agreed to wait until after the council workshop meeting to discuss a solution.

Vice Mayor Shimp agreed with Councilor Gilbert that when the property was sold or bought the sewer line went along with it. It should be reconnected and an easement provided.

Councilor Patronik asked what could be done in the meantime.

Legal Advise City Attorney White advised he could begin the injunction process or if the city wanted they could authorize the reconnection. However because the city would be dealing with a private dispute there could be ramifications.

Ms. Autin did not understand why the city was not responsible since they had inspected and approved it. She stated that Building Official Dan Arlington told Mr. McCue he had the right to cut the sewer line on his property. Mr. Arlington also told her that he was doing her a favor by not condemning her property.

Mr. McCue felt it was poor planning by the city to inspect, allow, and approve the sewer line on his property without an easement. He offered to deed a 10-foot easement on his property if the city would pay the cost of installing a new sewer line and a grinder pump.

Councilor Pruette stated she did not understand why Mr. McCue cut the sewer line. Mr. McCue replied he cut the sewer line because the neighbors were selling their house and he did not want to work out the problem with the new neighbors. It was the only way he could get any action out of city.

Mayor Brown asked Mr. McCue if he would be willing to allow a temporary connection while a solution was being worked out. Mr. McCue responded he would allow temporary connection with a written statement that the city would pay for and install the sewer. Mayor Brown replied the council could not take any immediate action.

Councilor Pruette stated there was a couple in the audience that lived over there that had

an easement and she wanted to hear from them.

Terry and Sandra Jordan, 1025 Neptune Lane, were concerned because the survey of their property they had done in 1981 showed their sewer line crossed their neighbor's property. City Manager Linn advised them that it would be in their best interest to get a written easement agreement with their neighbor.

City Attorney White questioned who would prepare the paperwork for the 10-foot easement agreement between the property owners.

Mr. McCue stated he would have his counsel prepare the agreement for the easement. He agreed to connect the sewer line temporarily if the city would agree to allow the 10-foot easement and install the sewer line and grinder pump. Mayor Brown stated again the city could not take action at a workshop meeting.

Mr. McCue would not agree to temporarily reconnect the sewer line until he spoke with his counsel.

For the Record Mayor Brown asked on the record if there was an agreement to reconnect the sewer line.

City Attorney White clarified Mr. McCue stated he would speak with his counsel in the morning and have a decision back to the city by 11:00 a.m. tomorrow.

Building Official Dan Arlington stated the most important issue at hand was the raw sewage coming out the pipe. He added it would only cost about ten dollars to cap it off and would take about a half an hour.

Vice Mayor Shimp asked if the city would give them until tomorrow to cap the sewer line.

Consensus: **TO FILE AN INJUNCTION IF NOTICE IS NOT RECEIVED FROM MR. MCCUE ALLOWING RECONNECT THE SEWER LINE BY 11:00 A.M. TOMORROW.**

Poinciana Road

COST OF ALTERNATE ROADWAYS TO POCIANNA ROAD: Mr. Linn stated Director of Public Works John Galen had prepared a cost estimate of \$35,500 for an alternate entrance to Steve Jarrett's property from Bay Road down to Poinciana Road. The estimate did not include drainage or curb work. Mr. Jarrett's cost estimate was around \$65,000 including drainage, water and sewage. Including the water, sewer and drainage both were about the same. The other alternate entrance was going out Oakhurst Drive to Florida Boulevard. He had contacted the City of Jacksonville and they would not agree to install a culvert at the intersection. It was beyond his ability to estimate that cost but at the direction of the council he could hire an engineer.

Councilor Pruette responded to Mr. Linn she had spoken with City of Jacksonville Councilman Jerry Holland about the installing the culvert, and was told today that he was looking into it and Mr. Beck would write a letter this week with an estimate of the cost.

Director of Public Services John Galen stated in 1985 when Smith & Gillespie did the plans for Prado Ferrer that portion of Oakhurst Drive going out to Florida Boulevard was strictly designed to be a drainage structure and was never intended to be a road.

Vice Mayor Shimp, commented that not long ago when Summer Sands requested that a traffic light be placed at the entrance on Atlantic Boulevard one of the reasons the Stated would not allow it was because there was an alternate entrance off of Florida Boulevard they could open up. At that time there was no problem with opening that portion of Oakhurst Drive. The city had agreed to open Oakhurst Drive for Summer Sands and

should do the same for Mr. Jarrett.

Mayor Brown stated the dilemma was that Mr. Jarrett had a legal right to connect through Oakhurst Drive.

Councilor Patronik thought it would be fair for the city to subsidize the additional cost of an alternate entrance other than through Summer Sands.

Councilor Gilbert stated legally the city could not deny Mr. Jarrett the right to access his property through Summer Sands. He did not think it was fair to assess the residents of Leeward Landing and Bal Harbour for the cost of the road modifications for Bay Road, Poinciana Road, and Oakhurst Drive. He thought the city needed to make a decision to develop all undeveloped streets in the city and assess the property owners to avoid this problem arising in the future.

Mayor Brown stated that without a true engineering study we could not get an accurate estimate.

Director of Public Services John Galen stated the city should leave the roads the way they were platted. He added that portion of Oakhurst Drive was a drainage structure and if it were opened up to Florida Boulevard there would be nowhere for water to drain. He felt the residents of Summer Sands would not benefit from the alternate access and should not be assessed.

Councilor Gilbert stated Summer Sands would benefit if Mr. Jarrett entered his property through Bay Road because the future owners of those four lots would not be driving through the Summer Sands entrance down Oakhurst Drive and that was precisely the reason alternate access was being discussed.

Mr. Jarrett commented Mr. Galen was trying to explain it would be a tremendous infrastructure expense to open Oakhurst Drive because the water would have to be forced to drain somewhere else and a new water management plan would be needed.

Vice Mayor Shimp suggested placing the issue on the June 3, 2002, agenda and voting on it.

Steve Jarrett stated the council had two decisions, either subsidize the project or, assess the adjoining property owners.

Budget Workshops

Mayor Brown asked if everyone agreed with the dates of June 17th and July 8th that Director of Finance Steve Ramsey had set for the budget workshops.

Consensus: **TO HOLD BUDGET WORKSHOP MEETINGS ON JUNE 17, 2002 AND JULY 8, 2002 AT 6:00 P.M.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Leslie Karlin, 1506 Spindrift Circle West, felt Summer Sands residents had a right to their privacy and the developer should pay for his own entrance and streets. She added the public right of way was not a true right of way because it did not go anywhere.

Carlos Asensio, 1311 Atlantic Boulevard, representative for the property owner, stated they would like the city to grant a special exception to allow a Sonic Drive-In Restaurant at 1311 Atlantic Boulevard. He added the shopping center was becoming a blighted area and a Sonic would bring value into the community. Sonic was a large restaurant chain with over 2,400 Sonics in 30 states.

Michael Aston, 1523 Summer Sands Drive, stated the main concern of the residents of Summer Sands was not opening Oakhurst Drive to be a through street from Atlantic Boulevard to Florida Boulevard.

Larry Shealy, 1501 First Street, member of the Planning & Development Review Board, stated Carlos Asensio, the representative for the property at 1311 Atlantic Boulevard was present at the meeting and did not take the opportunity to speak with Board.

Lana Huguenin, 1521 Summer Sands, was familiar with the Sonic restaurant chain and stated they were very involved in community. She felt it would be a good addition to the city.

Lynda Padrta, 1113 First Street, felt the city tax money belonged to the all the citizens of Neptune Beach and should be spent for the benefit of the entire city. It was her impression the two property owners discussed the sewer line and decided to cut it in order to force the city to pay for the cost of the grinder pump and new sewer line. She did not favor the drive in restaurant on Atlantic Boulevard because trash would be a major concern.

Jim Miller, 1633 Hopkins Creek Lane, stated setting limits on impervious surfaces did not necessarily mean it would increase or decrease the runoff.

Councilor Pruette urged the council to ask Building Official Dan Arlington to work with the City of Jacksonville in passing an ordinance that would not allow Duval County to record a property without the consent of the Planning & Development Review Board.

Steve Jarrett stated the city would have a hard time enforcing such an ordinance.

Adjournment

There being no further business, the meeting adjourned at 10:21 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
LAND DEVELOPMENT REGULATIONS
MAY 28, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held May 28, 2002, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

Deputy City Clerk Karla Strait, CMC
Building Official Dan Arlington
Assistant to the Building Official Piper Turner

Absent:
City Clerk Lisa Volpe, CMC
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

PUBLIC COMMENTS

Robert West, 106 Hall Place, suggested adding a paragraph in the Land Development Regulations that would allow rebuilding of homes after a hurricane.

Daryl Grubbs, 1919 Nightfall Drive, suggested allowing more land uses in the C-2 district.

Charlie Gear, 1004 Second Street, was concerned about the affect on the footprint bill.

City Manager Linn explained the existing code read that any structure substantially damaged by a natural cause could be rebuilt on the original footprint without the need for a variance.

Lynda Padrta, 1113 First Street, opposed changing the Comprehensive Plan to accommodate additional density in R-4 and R-5 districts.

Ed Jones, 430 Oceanfront, felt it was appropriate to allow detached garages on oceanfront lots and lots between First Street and Strand. He was concerned about the vision of the Central Business District.

Lynda Padrta, 113 First Street, opposed discontinuing the allowance of a 4' deck without a variance.

Judy Bost, 115 Walnut Street, asked City Manager Linn to clarify the footprint bill.

City Manager Linn explained the footprint bill allowed the rebuilding of the home if it was substantially damaged by a hurricane or fire without increasing the non-conformity. The construction had to be completed within 24 months.

Land Development
Article IV Section 27

LAND DEVELOPMENT REGULATIONS REVIEW ARTICLE IV, SECTION 27 LAND USE: Building Official Dan Arlington explained the handout was the latest edition and the proposed additions were underlined and the proposed deletions were crossed through.

SECTIONS 27-213 APPLICABILITY, 27-214 FINDINGS OF FACT, 27-215 PURPOSE AND INTENT: were expanded.

SECTION 27-216 DEFINITIONS: were moved to another location. Mr. Arlington stated definitions could still be added. He wanted to add the definition of "bay window".

SECTION 27-218 AMENDMENTS TO ZONING MAP: was expanded.

SECTION 27-219 INTERPRETATION OF ZONING DISTRICT BOUNDARIES: Had new language that required recommendation from the Planning & Development Review Board with the Council having the final decision.

SECTION 27-220, DIVISION OF LOT OF RECORD BY DISTRICT BOUNDARY: Added new language requiring Council review. Currently the zoning map was clean with no lots with split zoning districts.

SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS: See following subsections 1 through 10.

SUBSECTION 1, THE DESIGN GOALS FOR NEW CONSTRUCTION OR IMPROVEMENTS ARE AS FOLLOWS:

SUBSECTION 2, THE DESIGN OBJECTIVES FOR NEW CONSTRUCTION OR IMPROVEMENTS ARE AS FOLLOWS:

Mr. Arlington stated subsections 1 & 2 related to goals, purposes and intent, and design. Mayor Brown stated these subsections were conflicting, as subsection 1 discouraged inharmonious and out of scale development and subsection 2 encouraged originality, flexibility and innovation. Mr. Arlington added it was in the eye of the beholder and very subjective. He had tried enforcing these in the past to no avail.

A lengthy discussion ensued about subsections 1 & 2.

Consensus: **TO STRIKE OUT SUBSECTIONS 1 & 2.**

SUBSECTION 3, RESIDENTIAL R-1, RESIDENTIAL R-2, AND RESIDENTIAL R-3 ZONING DISTRICTS: There were no changes to this section.

SUBSECTION 4, RESIDENTIAL R-4 ZONING DISTRICT: described the R-4 zoning district east of Third Street. The number of dwelling units per acre had been changed to 15. Mr. Arlington recommended leaving the density at 10. The current number of dwellings units per acre was 13. He felt that number would decrease in the future with duplexes being converted to single-family homes. If this change were made the Comprehensive Plan would also have to be changed.

A lengthy discussion ensued.

Consensus: **TO LEAVE THE NUMBER OF DWELLING UNITS PER ACRE AT TEN WITH THE INTENT TO LOWER THE AMOUNT OF SQUARE FOOTAGE PER LOT FOR A DUPLEX FROM 8000 SQUARE FEET TO 6000 SQUARE FEET.**

SUBSECTION 5, RESIDENTIAL R-5 ZONING DISTRICT: The number of dwelling units per acre was changed from 17 to 20. Mr. Arlington stated the reason for this change was to have the density in R-5 higher than in R-4. If R-4 did not change, R-5 did not need to be changed. Mr. Arlington calculated the current number of dwelling units per acre to be 25 including Ocean Oaks apartments.

Consensus: **TO LEAVE THE NUMBER OF DWELLING UNITS PER ACRE BETWEEN 10.1 AND NOT TO EXCEED 17.**

SUBSECTION 6, COMMERCIAL C-1, ZONING DISTRICT: The language was changed to better describe the usage.

SUBSECTION 7, COMMERCIAL C-2, ZONING DISTRICT: Allowed more usages than C-1 and better described the usages.

SUBSECTION 8, COMMERCIAL C-3, ZONING DISTRICT: Allowed more usages than C-2 and better described the usages.

SUBSECTION 9, CENTRAL BUSINESS ZONING DISTRICT: Changed to add new language discouraging residential uses.

Consensus: **STRIKE OUT NEW RESIDENTIAL USAGE AND GRANDFATHER IN THE EXISTING RESIDENTIAL UNITS.**

SUBSECTION 10, CONSERVATION ZONING DISTRICT: No changes.

Mr. Arlington recommended adding Subsection 11 to read as follows: "Check the footprint bill after reading the above described zones".

Consensus: **TO END THE MEETING AT SECTION 27-222 AND PICK UP AT SECTION 27-223.**

Adjournment

There being no further business, the meeting adjourned at 9:10 p.m.

ATTEST:

MINUTES
SPECIAL CITY COUNCIL MEETING
MAY 29, 2002 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held May 29, 2002, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Attorney Christopher White

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait, CMC
Assistant to the Building Official Piper Turner
Building Official Dan Arlington

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m. and explained the special meeting was called to discuss the severed sewer line on Neptune Lane and Penman Road.

City Manager Linn stated Vice Mayor Shimp had reached a compromise between the Mr. McCue and Ms. Autin after Mr. McCue severed Ms. Autin's sewer line because it was on his property. His recommendation included Mr. McCue providing an agreement allowing the sewer line to be installed underground to Neptune Lane, Ms. Autin purchasing a grinder pump, and the city paying to have a new line installed.

Mr. Linn stated an agreement would need to be drawn up between Mr. McCue, Ms. Autin and the city with an understanding that the city would provide the line but would not own, operate or maintain the line. The agreement would have to be recorded with the deed so there would be no misunderstanding in the future when the property was sold.

Mr. Linn added the other option was for Ms. Autin to have a sewer line installed up to the frontage on Penman Road. However, it would be less expensive to install it up to Neptune Lane.

Vice Mayor Shimp stated all parties had agreed to the arrangement.

Mayor Brown asked City Attorney White about any legal issues and if the city would be setting a precedent.

Legal Advise

City Attorney White stated this would not set a legal precedent. The city had discretion on whatever it wanted to do in this type of situation. He advised not to enter into any agreement until he saw the easement between Mr. McCue and Ms. Autin.

Mayor Brown stated he had asked City Attorney White to draft an ordinance that would make the cutting of any sewer line in Neptune Beach unlawful. He wanted to forward it to the next council meeting for first read.

Councilor Pruette had reservations and did not agree with the City Attorney that it would not set precedence. The building department had already received a certified letter from a resident who had a sewer line on his property that did not belong to him. He wanted to know how to have the owner move it.

Legal Advise City Attorney White stated if the city installed the sewer line it would not be admitting in any way that the city was at fault or responsible or was required legally to carry any of the financial responsibility of taking care of the situation. It would not be an admission that the city was obligated to do it.

Vice Mayor Shimp felt each property in this situation would have to be dealt with individually.

Councilor Gilbert questioned who would own the easement the city; Mr. McCue or Ms. Autin and if Ms. Autin would install the grinder pump.

Mr. McCue stated the easement would be an underground sewer utility easement only. It would be on his personal property and would allow the city to come in and install the line and fix any problems, however the property would be remain with the original deed of the property owner.

Lynda Padrta, 1113 First Street, felt because the sewer line had been on the property for many years it should be an implied easement.

Councilor Patronik felt the council should agree with the plan if the City Attorney approved the easement agreement.

Mayor Brown stated the city reacted because Ms. Autin's house was going to be condemned and she would be put out of her home. He was concerned because Mr. McCue created an emergency to get the city to install a new sewer line.

City Attorney White asked Mr. McCue if he meant that the city would be responsible for maintaining the lateral pipe through easement. Mr. McCue replied the city would be allowed to enter the property to install it. City Attorney White stated it was the property owner's responsibility to supply and maintain the lateral line from their house to the main city sewer hook up.

Vice Mayor Shimp requested this special meeting for council to vote on accepting the compromise contingent on approval from the city attorney. City Attorney White advised again he wanted to see the easement first. He suggested the property owners go ahead and get the easement prepared. If the easement was satisfactory then the council could approve the compromise.

Vice Mayor Shimp asked Mr. McCue what it would cost him to have the easement prepared. Mr. McCue replied he did not know the exact figure. Vice Mayor Shimp did not think it would be fair for Mr. McCue to pay to have the easement prepared and then have the council vote against it.

City Attorney White stated again he could not prepare an agreement without seeing the easement.

Councilor Gilbert agreed that Mr. McCue should prove to the council he would allow the easement. He would not agree to anything until he saw the language in the agreement.

Mr. McCue stated he had a copy of the property appraisers records and the two houses were not built on the same parcel and could not have been permitted that way.

Mayor Brown was comfortable waiting for the City Attorney to examine the easement and prepare an agreement for a decision to be made at that point.

City Manager Linn stated there were two possible routes for the property owner to reach the city sewer line, one was Penman Road, and the other was Neptune Lane. He asked City Attorney White if the city could recover the cost from the homeowner if they decided they wanted to use the Penman Road route. City Attorney White replied the city could recover the cost and assess it as a lien against the property.

Adjournment

There being no further business, the meeting adjourned at 6:38 p.m.

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held May 29, 2002 at 6:40 p.m., following the special meeting, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait, CMC
Director of Public Services John Galen
Supervisor of Water & Wastewater Leon Smith

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 6:40 p.m.

SEWER PROJECT

Sewer Project

City Manager Linn stated the object of the meeting was to discuss how to proceed with the sewage in Phase B&C of the Master Plan. The engineer would be responsible for keeping the water and sewer construction from overlapping.

City Manager Linn asked Jim Miller, PBS&J to prepare and give a presentation on the different technologies.

Jim Miller, PBS&J, explained the following three sanitary sewer options east of Third Street.

1. **PIPE BURSTING:** Was a method where a pipe was inserted and pulled through the existing pipe. It would expand the existing pipe up to two sizes larger. This method was currently being used by J.E.A. The advantages were 1) no permits or plans would be required, 2) it was fast construction, 3) less ingress and egress interference, and 4) it was widely accepted trenchless technology. The disadvantages were 1) it did not correct depth or slope problems, 2) manholes and services must be rehabilitated to take full advantage of I/I reduction and 3) the Town Center lift station must be upgraded. The estimated cost of contract documents & bid phase would be \$30,000. The estimated cost of construction would be \$4,500,000. A complete estimated total of 4,530,000.
2. **IN-PLACE CURING / PIPE BURSTING:** A form where they set up a scaffolding over a manhole and put a material through the pipe to the next manhole and use

hot water and steam to cure it. In-Place curing was only good for 8" and above pipe. This method would have to be used in combination with pipe bursting because of the 6" lines. The same contractor could do both. The advantages to the pipe curing were 1) no permitting was required, 2) it would be relatively fast, 3) there would be less ingress & egress interference, 4) it was widely accepted trenchless technology, and 5) there would be minimal engineering. The disadvantages were 1) it would not correct depth or slope problems, 2) manholes and services must be rehabilitated to take full advantage of I/I reduction and 3) the Town Center lift station must be upgraded. The estimated cost of contract documents & bid phase would be \$30,000. The estimated cost of construction would be \$4,000,000. A total estimate of \$4,030,000.

3. VACUUM: The vacuum sewer system east of Third Street would require a vacuum station, which would be located close to lift station one. It would have the capability to serve the area east of Third Street as well as the area between Third Street and Fifth Street south of Florida Boulevard and the Bal Harbor area. The advantages are 1) they are clean and simple to operate and maintain, 2) it would eliminate the need for the Town Center lift station, and 3) it would provide a vacuum station for connection of other areas resulting in savings on future improvements. The disadvantages were 1) detailed engineering and permitting plans would be required, 2) the maintenance staff must learn the new technology, 3) it would require approximately 50% more chambers than manholes, and 4) require acceptance of new technology/concept by residents. The estimated cost of contract documents & bid phase would be \$200,000. The estimated cost of construction would be \$4,100,000. A total estimate of \$4,300,000.

If pipe bursting and pipe curing were used the estimated cost for the Town Center lift station upgrade would be \$20,000 for contract documents & bid phase, and \$75,000 for construction. Total estimated cost of \$95,000.

Director of Public Services John Galen stated the system was currently working, the only problem was infiltration. The pipe bursting from 6" would go to 8" with the current slopes. He had reservations about the vacuum system. He felt the vacuum system would work well west of Third Street between Florida Boulevard and Seagate Avenue because those lots were laid out neatly. He felt it would also work well in Oceanwood and Neptune by the Sea. It would be environmentally ideal to get the Nightfall area off septic tanks.

Director of Public Services John Galen stated the pipe curing technique was used on Forest Avenue and Penman Road.

Mr. Miller stated there were two contractors who could do both the pipe bursting and the pipe curing. If we could get approval by D.E.P. they would let us piggyback a J.E.A. contract without bidding.

Mr. Galen stated the pipe bursting system would need to be used east of Third Street because they were 6" lines and a minimum of 8" lines would be needed.

Mayor Brown asked if the infiltration causes any problems at the water treatment plant. Mr. Galen responded there is a big influx in the plant. The other thing was it surcharged the sewers and there was a tendency to see manholes rising up from the street. If the infiltration was eliminated then it would not happen and the water would most likely stay on the top and there would be a storm water problem.

Councilor Pruette was concerned about the maintenance on the vacuum system. Mr. Galen stated he did not expect any problems with the vacuum system other than not being adaptable east of Third Street.

Vice Mayor Shimp was concerned about pipe bursting in the low spots. Mr. Miller explained that if there were structural damage in the pipe it would have to be replaced. Vice Mayor Shimp also liked the vacuum system because it was environmentally conscious and could save water.

City Manager Linn stated the vacuum system would require more excavation to install the canisters. The pipe bursting would require every connection to be excavated to make the lateral connections. Mr. Linn stated one advantage of the vacuum system was the future reduction of cost and the elimination of lift stations. He felt there would be a problem east of Third Street no matter what system but the vacuum system would be the biggest.

Councilor Pruette spoke with the City Manager in Sanford and he told her they had a lot of maintenance problems. Mr. Galen responded they tied into the storm sewer system and it was not the same thing. He had no doubt the vacuum system worked, but felt it would be a problem installing it east of Third Street.

Councilor Patronik was concerned about the cost of maintenance if the pipe bursting system were used. Mr. Galen replied with either system the maintenance cost would be lower.

Councilor Gilbert asked if the old sewer lines in the back of properties in Bal Harbor would be abandoned. Mr. Miller recommended putting it in the street. He added that some sewers east of Third Street were not in right-of-ways and would also have to be addressed.

Mayor Brown asked about high priorities. Mr. Miller replied Bal Harbor and the area south of Florida Boulevard were high priorities but that at this point we had only applied to the state for loan money for Phase 1. After being urged by D.E.P. he gave Mr. Linn a proposal to prepare an amendment and apply for funds to complete the entire Master Plan.

Councilor Pruette asked what the total estimate was to complete the sewer work. Mr. Linn replied the estimate was 15.4 million dollars for both water and sewer and did not include the stormwater system.

Mayor Brown concluded this was a good update and asked what was recommended.

Tim Slater, 573 Magnolia Street, questioned the size of the pods and maintenance on the vacuum system. Mr. Miller replied they were the same size or smaller than a manhole cover. The maintenance was very minimal. The air controller may have to be replaced every three to four years, and the vacuum valve may need to be replaced every year or two.

Lynda Padrta, 1113 First Street, had heard a navy ship was planning to discontinue the use of the vacuum system and go to a gravity system. The reason was salt water and air corrosion caused a lot of maintenance. She was also concerned about power outages. Mr. Miller responded the only electricity would be the main vacuum station and it would be on a generator. The system on a ship was an entirely different system. We would not be dealing with vacuum toilets.

Mayor Brown asked Mr. Linn how he would like to proceed. Mr. Linn stated the council needed to evaluate the three different systems and come back with a decision.

Consensus: **TO USE THE PIPE BURSTING SYSTEM EAST OF THIRD STREET AND MOVE TO THE JUNE 3, 2000, REGULAR COUNCIL MEETING.**

Adjournment

There being no further business, the meeting adjourned at 7:45 p.m.

Attest:

Richard A. Brown, Mayor

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
APRIL 8, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held April 8, 2002, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

City Attorney Christopher A. White
City Clerk Lisa Volpe, CMC
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Director of Finance Steve Ramsey
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Patronik to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS/NONE

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES AS STATED:

MARCH 4, 2002, REGULAR COUNCIL MEETING
MARCH 18, 2002, WORKSHOP COUNCIL MEETING
MARCH 25, 2002, WORKSHOP COUNCIL MEETING
MARCH 28, 2002, SPECIAL COUNCIL MEETING

Moved by Shimp, seconded by Patronik.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

Agenda Amendment

AMENDMENT TO AGENDA: Mayor Brown suggested amending the agenda to allow public comments first, followed by items 12-E, Development Order for minor replat change on Oakhurst Drive, and 12-F Development Order for 115 Third Street, Amsouth Bank.

Consensus: **TO AMEND THE AGENDA ALLOWING PUBLIC COMMENTS FIRST, FOLLOWED BY ITEMS 12-E AND 12-F.**

COMMENTS FROM THE PUBLIC

Public Comments

Bill Darush, President of Summer Sands Homeowners Association, read the following letter he had written to the Council:

April 8, 2002

The Board of Summer Sands represented by Bill Darush and numerous homeowners would like a few minutes to discuss possible access roads to the West/Jarrett lots associated with Section 12 (E) and how they would impact Summer Sands, a compact well-defined community of 192 homeowners.

We would like the City Council to consider that we have maintained the entire entry area for 15 years, annually provided \$250,000 - \$300,000 in taxes and have a genuine concern regarding traffic patterns through Summer Sands and from Florida Boulevard, either via Oakhurst or next to the Little Red School House.

Thank you

Mr. Darush explained the homeowners were concerned about Steve Jarrett's development. His plans were to open up Oakhurst Drive allowing 16 vehicles access to the four duplexes through the Summer Sands entrance off Atlantic Boulevard. Mr. Darush added Summer Sands already had problems entering and leaving the subdivision because there was no traffic light at the Atlantic Boulevard entrance. The homeowners were also concerned about extending Oakhurst Drive through to Florida Boulevard. They felt the extension would create a cut through via Summer Sands to Atlantic Boulevard. The homeowners asked that Mr. Jarrett's development be accessed providing the least traffic pattern for Summer Sands. Mr. Darush suggested the development be accessed via Oakhurst Drive next to the Little Red School House.

City Manager Linn explained the item on the agenda before the Council was the minor plat division of one lot in the development. The land had already been platted and City Ordinances called for either a cul-de-sac at the end of the road or a connection to two other roads. Mr. Linn added the City could not create a land lock on the property by denying ingress or egress.

Mayor Brown asked if a final decision had been made on the roadway. City Manager Linn responded as long as the road met the City Code requirements a building permit could be issued without Council approval.

Mr. Darush stated he had no objection to Mr. Jarrett dividing the lot. What he objected to were the owners of the new duplexes accessing the property via the Summer Sands entrance off of Atlantic Boulevard. Mr. Darush felt Summer Sands property owners should be given a voice in the matter.

Mayor Brown asked if the Planning & Development Review Board had considered the ingress and egress. City Manager Linn responded the Planning & Development Review Board would not address the issue unless the Council directed him to bring it before them.

City Manager Linn stated that Mr. Jarrett had indicated his intentions were to access the development through Oakhurst Drive adding a cul-de-sac at the end that would not

connect with Bay Street.

Vice Mayor Shimp stated that Mr. Jarrett's current plan connected to Summer Sands. He added that the owners in Summer Sands had always stood together when it came to their property. They were always opposed to the idea of adding an entrance to Summer Sands off of Florida Boulevard. Vice Mayor Shimp felt that Mr. Jarrett needed to look for an alternative entrance and City Council should make the final decision on the access into the development.

Councilor Pruette agreed with Vice Mayor Shimp and added that according to the Planning & Development Review Board minutes there was also a drainage problem on Mr. Jarrett's property. She was concerned that once the property was developed it would add to the water problem. The Development Order as it stood tonight clearly allowed access through Summer Sands to Oakhurst Drive. Councilor Pruette suggested holding a separate workshop meeting to address the issue.

City Manager Linn stated Mr. Jarrett's representative would address those concerns when item 12-E came up on the agenda.

Councilor Patronik stated that allowing Mr. Jarrett's development access through Summer Sands would have a negative impact on 192 homeowners for the benefit of only a few homeowners.

Oakhurst Drive

DEVELOPMENT ORDER – APPROVAL OF MINOR PLAT CHANGE OAKHURST:

Arlene Allard, representative for Jarrett Development, stated that Mr. Jarrett was well aware of the ingress and egress issues and the citizens of Summer Sands concerns. Ms. Allard added the Development Order called for only the minor replat of Lot G, Block 22. Mr. Jarrett's plan was to separate that lot into two individual lots. Ms. Allard added that the Duval County tax records already identified the lot as two separate lots.

Mayor Brown asked City Attorney White if the Development Order could be amended to approve the minor replat dividing the two lots only.

City Attorney White questioned what Mr. Jarrett's intentions were for accessing the development if the Council approved the Development Order tonight.

Ms. Allard stated that Mr. Jarrett's intention at this point was to access the development through the Summer Sands entrance to Oakhurst Drive adding a cul-de-sac at the end of Lot 11.

City Attorney White clarified that if the Development Order was approved construction could proceed and it was Mr. Jarrett's intention to commence the paving and grading of the extension of Oakhurst Drive. The Development Order before Council was the approval of the minor replat dividing Lot G, Block 22, which included the grading and paving of Oakhurst Drive.

City Manager Linn questioned the fact that if Mr. Jarrett had not requested a replat of the development the issue of Oakhurst Drive would not require Council approval. City Attorney White responded that Mr. Linn was correct and if not for the request of the minor replat the issue of ingress/egress would not need approval of the Council.

Councilor Pruette asked if there was another way the property could be accessed. City Manager Linn replied that the City could abandon a portion of Poinciana Road and allow access to the development off Bay Street.

Councilor Gilbert stated that Bay Road was currently a gravel road and asked if it would serve as a road in its current state. City Manager Linn replied yes, it could serve as a road. Councilor Gilbert asked if Mr. Jarrett paved the road in front of his lots would the

Little Red Schoolhouse be assessed for the street in front of them? City Manager Linn responded if the City paved a street at the request of a developer or property owners there would be a special assessment to the adjacent property owners. Mr. Linn added that the developer normally paved the streets in new developments. Councilor Gilbert suggested compromising with Mr. Jarrett by asking him to pave the street in front of his development and have the City pave the connecting 50 feet. He felt Mr. Jarrett should only be responsible for paving the street in front of his development. Councilor Gilbert added that if the Development Order for dividing Lot G did not include the utilization of Oakhurst Drive he would not have a problem approving it.

City Manager Linn stated if the City paved the road there would be an assessment to the adjacent property owners.

Vice Mayor Shimp asked the Council to compromise by allowing the developer to subdivide the lot with the condition of Mr. Jarrett accessing the property through Bay Street.

City Attorney White advised that a final plan should be in place before a condition was placed on a Development Order. He would be cautious about placing a condition of accessing the development through Bay Street without seeing the final plan.

Councilor Pruette asked City Attorney White if the Council could approve only the minor replat dividing Lot G.

City Attorney White stated that if it was approved it would allow access through Oakhurst Drive. Mr. White added that the minor replat could be denied and revisited when the issue of access was adequately addressed. A denial would not place any restrictions on bringing the issue back up.

Moved by Shimp, seconded by Patronik.

Motion: **TO AMEND THE AGENDA AND VOTE ON ITEM 12-E, DEVELOPMENT ORDER – APPROVAL OF MINOR REPLAT – OAKHURST DRIVE.**

MOTION CARRIED

Councilor Pruette asked the staff to inform the citizens of Summer Sands when the final Development Order would be on the agenda.

Leeward Landing

LEEWARD LANDING NORTH – DEVELOPMENT BY STEVE JARRETT: Mayor Brown allowed Mr. Darush's request to address another problem in Summer Sands while the homeowners were present. Mr. Darush explained that Summer Sands also had

problems with Leeward Landing North, a townhouse development by Steve Jarrett. One concern was a large drain that was in Summer Sands and had since been raised about a foot and moved onto Mr. Jarrett's side in Leeward Landing. There was now massive flooding in the back of the homes immediately behind the area. He had also spoke with Mr. Jarrett about the continuation of the existing green chain link fence that had always been in Summer Sands. Mr. Jarrett had torn down half of the fence and promised he would replace it and add fencing along the backside of Leeward Landing North. Mr. Jarrett still had not replaced the fence and Mr. Darush had no assurance or anything in writing from Mr. Jarrett. Mr. Darush asked if someone from the city could make sure the fence was replaced. The other problem was the property the city abandoned to Mr. Jarrett allowing him to pave the cul-de-sac. The north side of the cul-de-sac impacted the houses in Summer Sands by backing right up to their backyards. The cul-de-sac was 6 inches from one homeowner's backyard. Mr. Darush felt the development should not have been approved allowing the cul-de-sac to be that close to the lots in Summer Sands.

Chip Manley, 1453 Spindrift Circle East, stated he had spoken with Mr. Jarrett back in July 2001, and Mr. Jarrett assured him he would replace the fence and landscape that side of the road within 30 days. Mr. Manley stated he no longer had any privacy, he could see headlights from the cars on the road, and people were trespassing through his backyard to get into Leeward Landing North. Mr. Manley added he was not aware of the development until he saw the bulldozers.

Mayor Brown asked City Manager Linn to add the issues of the fence, the drain, and the cul-de-sac to his punch list so they could be addressed in a future workshop meeting.

Councilor Patronik asked if the cul-de-sac had been paved in accordance with the approved drawings. Building Official Dan Arlington replied he had inspected the property and it was in accordance with the approved plans.

Building Official Dan Arlington explained the developer of Summer Sands developed the property right up to the back property line at the Oakhurst Drive right-of-way. Mr. Jarrett used the right-of-way for its proper purpose.

City Manager Linn questioned why those issues should be placed on his punch list because the Development Order for Leeward Landing North had already been approved by the Planning & Development Review Board and was also reviewed and approved by the City Council. The problem arose when the original plans for Summer Sands were approved allowing the lots to be developed up to the 15 feet right-of-way.

Mayor Brown felt the issue of the fence repair and the drain should be discussed at a workshop meeting. City Manager Linn stated that city staff would be able to solve those problems.

Vice Mayor Shimp was concerned that the residents of Summer Sands were not informed of the Leeward Landing North development. City Manager Linn responded the Development Order was advertised in the local newspaper in accordance with the Code. Vice Mayor Shimp felt the residents should also have been notified by other means.

Mr. Daruse felt the road should be moved because it was too close to their property. Mr. Daruse asked the Council go out and take a look at the property and readdress the issue.

Councilor Pruette asked the city staff to notify property owners in neighborhoods with homeowner associations when something effected their subdivision.

Consensus: **TO DISCUSS THE ISSUES FURTHER AT A WORKSHOP**

MEETING.

Recess/Reconvene Mayor Brown called a recess at 8:00 p.m. the meeting reconvened at 8:10 p.m.

Mayor Brown asked for a motion to move items 12-F and 12-H forward on the agenda.

Moved by Shimp, seconded by Patronik.

Motion: **TO MOVE ITEMS 12-F AND 12-H FORWARD ON THE AGENDA.**

MOTION CARRIED

Amsouth Bank **DEVELOPMENT ORDER – 115 THIRD STREET – AMSOUTH BANK:** Bob Zigginpus and James Moore, the architects and engineers for Amsouth Bank, came forward to represent Amsouth Bank. Mr. Zigginpus explained the plan called for completely demolishing the existing vacant Hardee's restaurant and parking lot and saving the established palm trees along A1A. The only issue that arose at the Planning & Development Review was the signage. The property had three street frontages and according to Code would be allowed three signs, one sign per street frontage. The original plan was for two signs. During the Planning & Development Review Board meeting they agreed to one sign. The sign would be 22 feet high, 71 square feet in area, located on the southwest corner of the property at Third Street and Lemon Street.

Vice Mayor Shimp questioned if Amsouth Bank would be a full service bank. Mr. Zigginpus responded yes; that it would have a lobby, drive through lanes, and an ATM.

Councilor Pruette asked if they were going to allow cars to park in their parking lot at night or if they would block it off at night. Mr. Zigginpus responded they did not intend to block parking at night. However, the bank would frown on overnight parking because of security reasons. Mr. Zigginpus explained if there was a car parked in the parking lot in the morning the manager would not be able to open the bank because of the possibility of a robbery.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE DEVELOPMENT FOR 115 THIRD STREET – AMSOUTH BANK.**

Roll Call Vote:

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette requested copies of Jacksonville Beach and Atlantic Beach's Stormwater Utility Ordinance for discussion at the April Workshop meeting.

CITY MANAGER REPORTS

Sunday in the Park **SUNDAY IN THE PARK:** City Manager Linn reminded the Council to don their chef hats and aprons to grill hamburgers and hotdogs Sunday April 14th from 1:00 p.m. to 5:00 p.m. for the Sunday in the Park Festival.

Employee Appreciation **EMPLOYEE APPRECIATION LUNCHEON:** City Manager Linn invited Council Members to attend the employee appreciation and recognition hot dog luncheon on Friday, April 26th at 12:00 p.m. at the City Yard. The employees would be receiving city pins and certificates for their years of service.

Fire Hydrants **FIRE HYDRANT REPLACEMENTS:** City Manager Linn reported that a total of 11 out of 21 fire hydrants had been replaced.

COMMENTS FROM THE PUBLIC

Gordon Gruhn, 500 Ranch Road, Ponte Vedra Beach, a utility contractor stated that his efforts for revising the pre-qualifications of Phase 1 B&C of the Water & Sewer Project were for the benefit of Neptune Beach not personal interest.

Ryan Schmitt, 506A Oceanfront, stated his effort for revising the specifications for Phase 1 B&C of the Water & Sewer Project was also in the interest of Neptune Beach. His company did not bid on the project because of the penalties. As a citizen he was concerned that out of sixty contractors there were only two bids both from out of town contractors.

Lynda Padrta, 1113 First Street, questioned why the room full of contractors that delayed the project by demanding the pre-qualifications and specifications be lowered did not even bid on the project. Ms. Padrta felt consideration should be given to homeowners with less concrete and impervious surfaces on the Stormwater Utility Ordinance.

Judy Bost, 115 Walnut Street, felt the City did the right thing by helping the owners of Watersedge with their drainage problem. Ms. Bost stated however that when she visited the property there was trash and broken down vehicles all over the property. Ms. Bost felt the City had done enough for them and they should deal with their own problems in the future.

CONSENT AGENDA / NONE

VARIANCES

Variance V02-13

APPEAL OF DENIAL OF VARIANCE REQUEST – LEMAN ROSENBERG – 101

Rosenberg
101 Myra St.

MYRA STREET: Donald White, Chairman of the Board of the Appeals stated that Mr. Rosenberg had come before the Board of Appeals with a request to remove his balcony and extend the exterior wall 2'11" on the east side. Mr. White explained that according to the current Code he would be able to add a four foot deck beyond that and the deck would be to close too the street. Mr. White stated the Board of Appeals denied the variance by a three to two vote.

Councilor Gilbert stated that the Board of Appeals was more familiar with these types of codes because they dealt with them on a month-to-month basis. He felt the variance should be sent back to the Board of Appeals. He added that if Council approved the variance they would be undermining the authority of the Board.

Chairman White stated in accordance with the Code an appeal to the City Council was only allowed on a basis of a procedural error. If Mr. Rosenberg determined and could prove there was a procedural error he would be entitled to go back before the Board for another vote.

Councilor Pruette asked City Attorney White if the Council had to rule on a procedural error. Mr. White responded the Council had to rule on whether or not proper notice was given, if there was a procedural defect, or a lack of substantial evidence to support the decision of the Board. Those were the items restricted to review the appeal. Mr. White added that the Code read that on appeal the Council had to affirm, modify, or reverse the decision of the Board and it could not be sent back for additional review.

Vice Mayor Shimp stated that Mr. Rosenberg did not ask for a variance to build a deck and the 4' deck should not have been considered in the variance request. He was only asking for a 2'11" extension that would remain under the roofline. Vice Mayor Shimp added if the Board found a problem in the Code they should address it to Council.

Councilor Patronik thought after reading the transcript from the Board meeting that there was confusion among the members as to what they were voting on.

Mr. Leman Rosenberg, 101 Myra Street, explained he was asking for the variance for a 2'11" extension. He wanted to take out the deck that extended 4' out under the roofline and extend the exterior wall out 2'11" to allow for more interior space in his bedrooms. He had no intentions of adding a 4' deck and he would be willing to sign an agreement to that effect.

Vice Mayor Shimp asked City Attorney White if the Council could approve the variance with the condition that Mr. Rosenberg is not allowed to build a 4' deck.

City Attorney White advised the Council could modify it, put conditions on it, or whatever they wanted to do.

Councilor Gilbert asked if the condition of the 4' deck would be placed on the property itself or just for Mr. Rosenberg.

Vice Mayor Shimp stated the issue of allowing 4' decks without a variance would be dealt with during the review of the Land Development Regulations.

Moved by Shimp, seconded by Patronik.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND APPROVE THE VARIANCE FOR ROSENBERG – 115 MYRA STREET UNDER THE CONDITION THAT HE DOES NOT BUILD A 4' DECK.**

Roll Call Vote:

Ayes: 4 – Gilbert, Patronik, Shimp, Brown

MOTION CARRIED

Sunset Bay

DEVELOPMENT ORDER – APPROVAL OF FINAL PLATTING – SUNSET BAY: City Manager Linn stated the Planning & Development Review Board recommended approval of the final plat for Sunset Bay. Mr. Linn asked the Council to approve the final plat with the condition of the underground electric design being approved by City Attorney White and Public Works Director John Galen.

Vice Mayor Shimp asked if the adjacent property owners had been notified of the development. Building Official Dan Arlington stated that some of the neighbors attended the Planning & Development Review Board meeting. Mayor Brown stated that the bulldozers were out there and the property owners should know something was going on. Vice Mayor Shimp asked why construction had begun before the final plat was approved. Building Official Dan Arlington stated approval of the final development order allowed him to start construction and this development order was for approval of the final platting that would be recorded in Duval County records.

Vice Mayor Shimp was concerned about the road being too close to the existing developed lots. City Manager Linn stated there were rear property setback requirements and unless a variance had been granted on Lots 10 and 11 they were built without a minimum setback to the property line. Mr. Linn added the people living on Lighty Lane had enjoyed the view of the marsh for years but that should not take away another persons right to buy and develop the property.

Councilor Pruette asked if drainage had been considered. Building Official Dan Arlington replied the Planning & Development Review Board, Department of Environmental Protection, the Army Corp of Engineers, and the St. Johns River Water Management addressed the drainage.

Vice Mayor Shimp was concerned about neighbors of new developments not being notified and asked City Clerk Volpe to place the issue on the April 15, workshop agenda.

City Manager Linn stated the public was legally notified by advertisement in the local newspaper.

Moved by Gilbert, seconded by Pruette.

Motion: **TO APPROVE THE FINAL PLATTING OF SUNSET BAY PENDING THE APPROVAL OF THE CITY ATTORNEY AND THE PUBLIC WORKS DIRECTOR ON THE UNDERGROUND ELECTRIC DESIGN.**

WORKSHOP CITY COUNCIL MEETING
APRIL 15, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 15, 2002 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance: IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn introduced Dayne Etherton, Chairman of the Ish Brant Beautification Committee. Mr. Etherton reported the committee was working on the following projects: 1) a state grant to finish the culvert on Florida Boulevard, 2) more plants and mulch in the Butterfly Garden, 3) grants offered through the Arbor Day Foundation, 4) continuing to choose a yard of the month, 5) bids for wildflowers on Third Street. 6) beautification of the Seagate Avenue entrance, 7) grant money for sprucing up Stevens Park, 8) getting more streets adopted, 9) creating a barrier of trees at the Watersedge overpass, and 10) trees and vegetation along the beach.

Vice Mayor Shimp suggested that Mr. Etherton obtain money from the City of Jacksonville to continue planting the palm trees in the medians south on Third Street.

Councilor Pruette thanked Mr. Etherton and the committee for their hard work and dedication.

CITY MANAGERS PUNCH LIST

Kings Road Bridge KINGS ROAD BRIDGE: City Manager Linn stated he would address the Kings Road Bridge under agenda item 5a, Architectural Services.

Flood Marking FLOOD MARKING ON FIRST STREET: City Manager Linn reported the "Flood Zone" stencils had been received and the City was ready to start marking the pavement on First

Street.

- Sewer Project SEWER PROJECT – FIELD TRIP: City Manager Linn asked the Council if they would like to accompany him on a field trip to St. Augustine Beach to look at their new operating vacuum sewer system. Council agreed to two separate trips, Tuesday evening with City Manager Linn and Saturday morning with Vice Mayor Shimp.
- CAFR COMPREHENSIVE ANNUAL FINANCIAL REPORT: City Manager Linn reported the Comprehensive Annual Financial Report was complete and asked Council if they would like him to invite the auditors to a council meeting to do a presentation.
- LDR LAND DEVELOPMENT REGULATIONS REVIEW: City Manager Linn stated that due to a heavy workload Building Official Dan Arlington would not be prepared for the Land Development Regulation Review meeting scheduled April 29th. Mr. Linn asked the council if they wanted to postpone the meeting.
- Consensus: **TO POSTPONE THE LAND DELVELOPMENT REGULATIONS REVIEW FROM MONDAY, APRIL 29, 2002 TO TUESDAY, MAY 28, 2002.**
- Sunday in the Park SUNDAY IN THE PARK – APRIL 14, 2002: City Manager Linn reported “Sunday in the Park” was well attended and thanked the Council for their participation. A financial report would be forthcoming. Mr. Linn thanked Elaine Kenny who hosted the event.
- Summer Sands SUMMER SANDS – STEVE JARRETT DEVELOPMENT ISSUES: City Manager Linn stated he would address this issue under agenda item 6d, Summer Sands/Jarrett Issues.

PROPOSED ORDINANCES/NONE

CONTRACT/AGREEMENTS

- Architectural Services ARCHITECTURAL SERVICES – CITY YARD – OPERATIONS & MAINTENANCE FACILITY: City Manager Linn introduced Jose Perez of PQH Vargas. Mr. Perez agreed that a new Public Works Facility was needed and that the overhaul would help serve the taxpayers of Neptune Beach. Mr. Perez explained his services would be in phases. The first stage was the programming phase, which was to create a report, define the functions that were needed, and define the components and sizes. The next phase would be the schematic phase, which consists of 30% completed documents, the plan layout and determining construction materials. At this point he would give an opinion of probable cost for the project and the Council could make a decision on whether or not to proceed, stop, increase, or decrease the project. If Council decided to proceed they would select a delivery method of either design build, conventional method of design and bid, or have a pre-selection of bidders and create a short list. The proposed fee for these services was \$85,391.01.

Vice Mayor Shimp asked if the residential area would be taken into the consideration of the design. Mr. Perez responded that it would be necessary to take the close proximity of the residential area into consideration.

Councilor Pruette asked if the amount of \$233,000 was for the design work only. Mr. Perez responded that amount would include the final design package ready for construction. It did not include the cost of the construction.

Councilor Patronik asked if the project could be done in phases. Mr. Perez replied if the project was done in phases it would be more difficult and more expensive. He would need to know that up front in order to make recommendations on what needed to be

done first.

City Manager Linn explained the contract with PQH Vargas in the amount of \$85,391.01 would include the total development plan. Mr. Linn added at the end of 30% of the design, the first phase, the Council would choose whether or not to proceed with the project.

Councilor Pruette asked City Manager Linn to make a list of all costly capital improvements that were needed so Council could determine the priorities before making any decisions.

Councilor Gilbert was concerned about the state and national control of the property surrounding the intercoastal waterway and asked if the City would be committed to the total amount of \$85,391.01 for the project if for some reason it had to be stopped. Mr. Perez replied it would be a pay as you go contract with a termination clause and could be stopped at anytime.

Vice Mayor Shimp felt the facility was needed and it would be more expensive to it put off for the future. There was no other property in Neptune Beach to build a new city yard except the current location. Vice Mayor Shimp added the Kings Road Bridge had to be replaced.

City Manager Linn stated PQH Vargas had an excellent recommendation from the City of Jacksonville Beach and he wanted Council to be comfortable before proceeding.

Councilor Pruette asked City Manager Linn when he would start negotiations with the City of Jacksonville Beach on the franchise fee for providing electricity in the City. City Manager Linn stated he had started the negotiations. Mr. Linn added the funds for the project would come from the Better Jacksonville ½ cent tax not from the money received from the City of Jacksonville Beach.

City Manager Linn added that he spoke with the architect about the need to replace the Kings Road Bridge being a priority in the Better Jacksonville Plan Funding. Mr. Perez brought his civil engineers out to take a look at it and they proposed a fee of \$25,000 to complete a Preliminary Study.

Mr. Perez stated the structural and civil engineer met with John Galen in regards to the Kings Road Bridge and they were in the process of working with the Department of Transportation to determine if the bridge needed to be designed and built under their standards or the City of Neptune Beach's standards. If the bridge was built and supervised under the Department of Transportation standards the DOT would adopt the bridge and it would fall into their maintenance program.

Mayor Brown asked what was the next step in the process. Mr. Linn replied he wanted Council to review all the documents and forward it to the regular Council meeting agenda.

Consensus: **TO FORWARD THE ARCHITECTUAL SERVICES CONTRACT FOR THE OPERATIONS & MAINTENANCE FACILITY TO THE MAY REGULAR CITY COUNCIL MEETING.**

ISSUE DEVELOPMENT

Development Orders

NOTIFICATION TO NEIGHBORS OF PROPOSED DEVELOPMENT ORDERS: City Manager Linn stated the provisions of the Code were to give notification to neighbors of rezoning and variance requests. Council discussed different ways to notify the surrounding neighbors of development orders.

Consensus: **ADD NOTIFICATION OF NEIGHBORS ON DEVELOPMENT ORDERS TO THE CITY MANAGER'S PUNCH LIST.**

Poinciana Rd.
Development

WORKSHOP ON POINCIANA ROAD DEVELOPMENT ORDER – SUMMER SANDS:
City Manager Linn stated there was a series of lots along Poinciana that were platted and the developer had a right to develop them. The City could not restrict access.

Steve Jarrett, 210 South Street, the developer of the property, stated his proposal was simply for a minor replat to divide one of the lots. He proposed entering the property through the Oakhurst Drive right-of-way. He would continue the pavement down to his four lots adding a cul-de-sac at the end of Oakhurst Drive. He felt that would be the minimum impact on the residents of Summer Sands. He was not opposed to opening up Bay Street to Summer Sands.

The Council discussed alternative entrances to the development and the possibility of the City paving the streets and assessing the adjoining property owners.

Steve Jarrett stated he would not mind if the City was willing to pave the streets but the Little Red Schoolhouse would have to take on the majority of the assessment.

Mayor Brown asked City Manager Linn to get an estimate of what the cost would be for the City to pave Bay Road and Poinciana Road.

Steve Jarrett questioned the right of the City Council, under state law, to deny access to development of land on a platted lot that was a legal right of someone. If he had not requested the minor replat he would be able to start construction using the entrance without the approval of Council.

City Manager Linn stated that the Code of Ordinances dictated how the City would be developed. The Council was to entrust the staff to enforce the Code. The Code said there was a right-of-way on Poinciana Road and if a developer wanted to develop it there was no way, short of Council directing the City Manager and staff, not to grant the building permit. Mr. Jarrett was correct that if he had not tried to divide the one lot he would be able to go ahead and get the building permit and proceed with what he wanted to do without the approval of Council. Mr. Linn asked the Council to direct him not to deny Mr. Jarrett access through Summer Sands.

Vice Mayor Shimp called for a point of order and asked for a consensus that Mr. Jarrett be denied access to his development through Summer Sands. Mr. Linn strongly urged Council not to take that action until advised by the City Attorney because it may have legal consequences.

Councilor Gilbert stated he did not want Mr. Jarrett to access the development through Summer Sands. However, he did not want to risk a lawsuit that would affect the entire City. Councilor Gilbert asked for a consensus to gather more information until the legal issues had been resolved.

Councilor Pruette stated the Charter read that all powers were invested in the Council. She did not support Mr. Jarrett going through Summer Sands but she was willing to work with Mr. Jarrett through the City Attorney for a solution. Ms. Pruette added that it all boiled down to money.

Mr. Jarrett asked for a date when the decision would be made on the two alternative accesses of either Florida Boulevard to Oakhurst Drive or Bay Road.

Vice Mayor Shimp called the question. Councilor Gilbert wanted to know what the legal ramifications would be if access was denied.

Consensus: **TO NOT ALLOW STEVE JARRETT ACCESS OF HIS FOUR LOTS THROUGH SUMMER SANDS – EXPLORE ALTERNATIVES AND LEGAL RAMIFICATIONS.**

Impervious Surface **IMPERVIOUS SURFACE LIMITATION – COMPARISON OF BEACHES CITIES:** City Manager Linn stated that Building Official Dan Arlington had compared impervious surface Ordinances of the City of Jacksonville Beach and the City of Atlantic Beach. Atlantic Beach was 50% and Jacksonville Beach was 35%. Mr. Linn and Dan Arlington recommended 50%. Councilor Pruette stated she would sponsor an ordinance. Councilor Gilbert agreed to co-sponsor it. Both agreed the City should adopt this Ordinance to protect the future of Neptune Beach.

For the Record Vice Mayor Shimp stated for the record he felt the ordinance was wrong.

Consensus: **TO HAVE STAFF DRAFT AN ORDINANCE OF 50% IMPERVIOUS SURFACES WITH A TWO YEAR GRACE PERIOD.**

Summer Sands **SUMMER SANDS – STEVE JARRETT DEVELOPMENT ISSUES:** City Manager Linn reported he and Building Official Dan Arlington visited the site of Leeward Landing North. Summer Sands residents were concerned about three items. Number 1, Steve Jarrett had promised to replace the green chain link fence that was partially torn down by development. Mr. Jarrett told Mr. Linn he was willing to replace the fence or put up a privacy fence and also landscape the area. Item number two was the drainage. Mr. Linn stated the drainage had been installed according to the plans and there was not a problem. Item number three was that the road leading southwest off the cul-de-sac was too close to rear yards in Summer Sands. Mr. Linn reported the road was on the right-of-way, it was wider than anticipated and if it was an issue he would ask the developer to narrow it.

Public Comments **PUBLIC COMMENTS ON AGENDA ITEMS ONLY**

Bill Darush, 304 Sunrise Circle, stated there was a drainage problem since the Leeward Landing North was put in. The Board of Directors of Summer Sands Homeowners Association had requested the green chain link fence be replaced and extended. The road was too wide and it would help if ten or fifteen feet were taken off the north edge of it. Mr. Darush suggested that Mr. Jarrett pave Poinciana Road, put a cul-de-sac at the end coming in off Bay Road, and the City pay for the paving of Bay Street with no assessment. Mr. Darush felt Summer Sands should not be assessed for the paving because they would not benefit from the road.

JoAnn Hoffman, 130 Sand Castle Way, wanted a final decision on the access to Mr. Jarrett's property so she would be able to relax knowing it would not be allowed access through Summer Sands. Ms. Hoffman stated her house backed up to Poinciana and there was a severe drainage problem.

Michael Aston, 1523 Summer Sands Drive, questioned if the law stated the City had to pave access to the land or provide the access to the land. City Manager Linn responded that it said you could not deny access to the land.

Lynda Padrta, 1113 First Street, supported the impervious surface ordinance. She was opposed to the Council trying to take action while disregarding legal ramifications. Ms. Padrta was concerned about the residents wanting to block access to Mr.

Jarrett's development yet they were not willing to help pay for an alternate solution. Ms. Padrta was also concerned that an adjacent neighbor was not made aware of an appeal on a variance request, which he opposed at the Board of Appeals meeting, and was overturned by the Council. She felt if the Council wanted to overturn Board decisions they should change the Code to allow them the final approval.

Chip Manley, 1453 Spindrift Circle East, wanted to know exactly when Mr. Jarrett would be replacing the fence and planting shrubbery, when the pond would be cleaned up and who was responsible for taking care of the pond.

Romaine Moore, 1511 Spindrift Circle West, stated that her deck was about ten feet from the edge of the blacktop of Mr. Jarrett's development. She also felt Mr. Jarrett should be held accountable to landscape and replace the fence.

Debbie Fields, 1901 Forest Avenue, stated there were thirteen "No Parking" signs on Forest Avenue within 1½ blocks. Ms. Fields suggested using less signs or smaller signs.

Hays Bishop, 1443 Spindrift Circle East, felt Mr. Jarrett should be responsible to spray the retention pond or put a fountain in it to keep the mosquitoes away. Ms. Bishop was also concerned that without the fence children were trespassing through Summer Sands.

Lana Huguenin, 1520 Summer Sands Drive, was concerned about children getting hit by cars while crossing the street if they allowed access to Mr. Jarrett's development through Summer Sands. She felt paving Poinciana Road would add to their drainage problem. She favored the Ordinance for impervious surfaces. Ms. Huguenin added that if signs had been posted on the property to notify them of the development order they would have been put on the wrong side and they would not have seen them.

Larry Shealy, 1501 First Street, thanked the Council for doing a great job. Mr. Shealy was concerned about the legal ramifications of denying access to Mr. Jarrett's development without the City Attorney present.

OPEN DISCUSSION

Mayor Brown acknowledged that City of Jacksonville Beach Councilman Art Graham was present in the audience.

Councilor Pruette asked Steve Jarrett who would be responsible for taking care of the pond. Mr. Jarrett responded ultimately a Homeowners Association would be established and it would be the responsibility of that Association.

Councilor Pruette asked Steve Jarrett if he could give the residents of Summer Sands a date when the fence would be put up. Mr. Jarrett answered that he could not give an exact date but he would start right away to solve all the issues.

Chip Manley was not happy with Mr. Jarrett's reply and wanted an exact date when the fence would be up from Steve Jarrett.

Councilor Pruette stated that he had Council's attention and should give Mr. Jarrett a chance.

Councilor Gilbert stated the Code read that there had to be a procedural error for an

appeal from a Board and he felt procedural errors should be justified by the City Attorney in the future.

Adjournment

There being no further business, the meeting adjourned at 9:41 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown recognized City Manager Linn and thanked him for stepping up repairs to the water lines on 7th Street so that future water breaks would be minimal.

Councilor Patronik had concerns about a survey being sent to Neptune Beach residents by City of Jacksonville Councilman Jerry Holland asking if they would prefer utility service from JEA. He stated there were more concerns than just price such as service and who owned the facility when discussing change of utility. Mayor Brown stated Councilman Holland had contacted him about the survey and about doing a presentation for council. Mr. Holland would be at the March 18, 2002 workshop meeting. This is just for information not for any decision at this very moment.

Councilor Pruette was opposed to the sampling and felt all utility customers should receive the survey. She also did not agree with the voters registration being used to do the mailing.

Councilor Gilbert stated he did receive the mail out but had not filled it out yet. He felt it could be used as a bargaining chip with surrounding communities to show our value.

Councilor Patronik stated he spoke with Mayor Meserve of Atlantic Beach and felt the three beaches should work more closely together.

Vice Mayor Shimp was against JEA taking over because it meant loss of control and felt Jacksonville should not impose on the beaches communities.

Mayor Brown felt comfortable with Neptune Beach service but felt it could not hurt to gather all information.

Councilor Pruette thanked the Mayor for bringing this before Council and not keeping discussions to himself.

City Clerk Volpe commented that she had a new timer for comments from the public.

CITY MANAGER REPORTS

DISCUSSIONS WITH JACKSONVILLE BEACH AND ATLANTIC BEACH: City Manager Linn reported he and Jim Miller of PBS&J had met with Atlantic Beach city manager, engineer, public works and utility director. They discussed how to strengthen the relationship and each utility. They discussed linking water connections so water could be shared. They are looking at four different sample agreements to formalize these sharing relationships. He also met with Jacksonville Beach utility directors. There was interest in connecting with their water system. And building a north south main water line along Penman Road. He discussed with Jacksonville Beach for them to service some customers near Seagate Avenue that were still on septic tanks.

City Manager Linn asked the Council to ratify the emergency action he took to replace the water line on 7th Street. This would alleviate boil water alerts. He contracted Gruhn May to do the work. Work should be completed by close of business tomorrow and can be disconnected and service connects hooked up by the end of the week. Mr. Linn stated that the section of pipe would be removed from the total utility project which is now out for bid.

Motion: **THERE IS A WATER SAFETY EMERGENCY RELATED TO THE HEALTH & SAFETY OF THE PUBLIC AND ON THAT BASIS TO APPROVE THE ACTION TAKEN BY THE CITY MANAGER**

Moved by Patronik, seconded by Shimp.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

Kings Road Bridge

Councilor Pruette asked for an update on the King Road bridge repair. City Manager Linn stated a letter would be going out from Mayor Brown to the Mayor of Jacksonville Beach regarding an alternate ingress/egress for the area so that work can be done on the bridge.

COMMENTS FROM THE PUBLIC

Public Comments

Judy Bost, 115 Walnut Street, questioned the letter/survey from Councilman Holland. She stated it came at a time where some individuals would be upset about water problems in Bal Harbour. She did not understand the rate comparison, She pointed out the schools compared may not be equal. She questioned where JEA would get the money to fix our infrastructure. She also pointed out that the "no parking" signs on First Street were different in each block and felt they should all match.

Tim Slater, 573 Magnolia Street, brought a piece of pipe from Bal Harbour. He thanked the council for doing work on 7th Street. He asked when the work would begin and how he could receive updates when the work began in his neighborhood.

Mr. Linn stated Bal Harbour would be the first to be worked on and if all went as planned the work would start the first week in May. He also stated the engineer would post updates on the city web page.

Harriet Christovich, 110 Seagate Avenue, suggested letting residents know in the city newsletter that if the water is shut off then they must boil water and also let them know if they are allowed to shower in it.

Lynda Padrta, 1113 First Street, commented on the comparison used in the utility survey. She felt water problems should be worked on so businesses are not inconvenienced. She wanted citizens to be made aware of water outages during construction.

Ralph LaPerna, 2507 Waters Edge Drive, asked Council what was the status for the Watersedge Drive drainage problem.

City Attorney White stated that he and the Mayor had a meeting with JTA. They were in the process of having the project manager come out and see who is responsible and who will be fixing the problem.

Mr. LaPerna asked if it was being dealt with in violation of the Nuisance Ordinance. Mr. Linn stated it is not definite whose property it is and the homeowners may actually be responsible for it. Discussion ensued. Vice Mayor Shimp asked for a verbatim of the discussion during the February 25, 2002 meeting. City Attorney White stated that the Nuisance Ordinance could not actually be used against JEA but rather a lawsuit would have to be filed for inverse condemnation since it is a governmental unit.

Consensus: **TO HAVE CITY ATTORNEY WHITE LOOK INTO IF THE CITY COULD FILE AN INVERSE CONDEMNATION AGAINST JEA FOR THE DRAINAGE PROBLEMS AT WATERSEDGE DRIVE DUE TO THE MAYPORT FLYOVER.**

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

PRESENTATION

Water/Sewer Survey WATER/SEWER SURVEY REPORT – JACKSONVILLE COUNCILMAN JERRY HOLLAND: Mayor Brown explained that Jacksonville City Councilman Jerry Holland had mailed out a survey to Neptune Beach citizens soliciting their opinion on utility services. Councilman Holland was present with those results.

Jacksonville City Councilman Jerry Holland stated his office had mailed the survey to approximately 2,100 households in Neptune Beach for the purpose of finding out if they would be interested in pursuing a study to change utility services. Mr. Holland explained he had notified the respondents that there were some errors on the rate comparison survey. The survey had 4 different options: 1) no change, 2) change in water & sewer only, 3) electric only and, 4) change in both electric, water & sewer. Out of the 2,100 mail outs 185 responses were received and 160 were returned undeliverable. The results were as follows:

1. 27 or 15% not interested in pursuing a study to change
2. 8 or 4% interest in changing only the water & sewer
3. 3 or 2% interest in changing electric only
4. 147 or 79% interest in changing both electric, water & sewer

He presented the surveys to the City Clerk for records and introduced Walt Bussells with JEA.

Walt Bussells JEA, stated that Mr. Holland had informed him of constituent interest in

utility services and rates. Mr. Holland asked him if JEA would consider doing a joint study in order to see if there were different ways to configure utility service that would be mutually beneficial. Mr. Bussells stated it would be a complex undertaking, however he would be willing to gather the facts if asked by the Neptune Beach City Council. He added he was not seeking in any way to intrude in Neptune Beach's affairs and suggested the Council think long and hard about it and not rush into anything.

Councilor Pruette was concerned about customer service response time and inquired as to how many utility customers J.E.A. had. Mr. Bussells responded JEA serviced 750,000 different accounts and were growing 3 to 3 1/2 percent a year.

Vice Mayor Shimp felt the survey was done underhandedly because of the recent problems with the water lines. He felt Mr. Holland should have addressed the council before mailing the survey.

Mayor Brown clarified that Mr. Holland had shared the information regarding the survey with him and he in turn shared it with the Council. Mayor Brown explained although the City may not act on the information at the present time he welcomed the information because he felt it was part of the Council's job to be informed of future options.

PRESENTATION – JACKSONVILLE BEACH MAYOR BOB MARSDEN: Mayor Brown introduced Jacksonville Beach Mayor Bob Marsden to give a presentation. Mayor Marsden read the following letter as stated for the record:

Dear Mayor and City Council Members:

Thank you for providing me with an opportunity to speak tonight. As the Mayor of Jacksonville Beach I can relate to your concerns about the operation and maintenance of your water and sewer systems. These are systems that are crucial for the welfare and control of our Cities.

This letter is to offer our support for your efforts and provide an additional option for you to consider. I understand that you are considering ways the JEA may be of service to you.

I would propose that instead of relinquishing control of your system to JEA or anyone else you consider a second option. This option is to join with the City of Jacksonville Beach and Atlantic Beach to support an engineering study on how all three beach cities can work together to create water and sewer operating efficiencies that will benefit all of our citizens. This is not an idea without precedent as all three beach communities jointly constructed and maintain a treated effluent line to the St. Johns River. I believe this would have the advantage of:

- Allowing Neptune Beach to maintain ownership and operational control over your system and thereby retain control of your own destiny.
- Make all three-beach cities stronger and more efficient.
- Keep the cooperation that is currently at a very high level between all beach cities intact.

Regardless of your decision, the City of Jacksonville Beach remains committed to assisting its neighbors. Thank you for your consideration.

Sincerely,
Bob Marsden
Mayor

Mayor Marsden introduced Gary Quick, Director of Electric Utilities for Jacksonville Beach. Mr. Quick stated almost all of the rate comparisons on the survey were wrong, one major error on the survey was that Neptune Beach's water & sewer system belonged to Jacksonville Beach Utility Company.

Mr. Quick handed out a listing of different electric company rates for a residential account. JEA's rates were lower than Jacksonville Beach's; however there were other companies that had rates lower than JEA's. Mr. Quick stated that Jacksonville Beach Electric provided Neptune Beach with superior customer service and if Neptune Beach was considering changing electric providers not to base it solely upon the rates.

Councilor Patronik questioned if Jacksonville Beach Electric received the power from Florida Power & Light. Mr. Quick responded Jacksonville Beach along with 13 other municipalities belonged to an organization called the Florida Municipal Power Agency out of Orlando.

PRESENTATION ATLANTIC BEACH – MAYOR MESERVE: Atlantic Beach Mayor Meserve stated the three beach cities currently worked together successfully in a lot of different areas. He felt there were more opportunities for joint venture in things from children's activities to beach clean up's. He agreed with Mayor Marsden regarding a joint effort between the beach cities to find and implement a strategy on projects that would help maintain the beaches independence and insure the continued high quality of life. Mayor Meserve suggested joining together to do a study on cross connecting the water and sewer systems.

City Manager Linn thanked Jacksonville Beach City Manager George Forbes and Atlantic Beach City Manager Jim Hansen publicly for their cooperative sharing of services throughout the past years.

Mayor Brown acknowledged that Jacksonville Beach City Manager George Forbes and Atlantic Beach City Manager Jim Hansen were in the audience.

Public Comments

PUBLIC COMMENTS

Richard Brown, 716 Magnolia Street, stated he did not receive one of the utility surveys. Mr. Brown added that he was happy with the current utility providers and concerned about hidden cost if the providers were changed.

Scott Birdsong, 616 McCollum Circle, had received superior customer from Jacksonville Beach Electric and was willing to pay more for outstanding customer service.

Judy Bost, 115 Walnut Street, expressed disappointment in the city not proceeding with the water & sewer project. She felt it should have been started 20 years ago when it was less expensive. Ms. Bost did not think that JEA would be willing to do repairs for free and charge less for services. Ms. Bost questioned what would happen with the garbage collection, public works employees, cashiers, and customer representatives if the services were sold to JEA. Ms. Bost referred to an article in the paper relating to the recent takeover of United Water by JEA that stated JEA was bogged down with their billing process. She wondered if JEA would be bogged down with taking over a system that was in bad shape and needed to be completely revamped.

Laura Patronik, 1520 Leeward Lane, stated their household did not receive a survey. She liked the idea of three beach cities working together.

Chris Oakey, 620 Camellia Terrace Drive, felt Jacksonville Beach provided excellent services. He received a survey but he did not respond because he did not understand the comparisons.

Lynda Padrta, 1113 First Street, felt there were inconsistencies in the rate comparisons. She also felt Jacksonville Beach provided better response time. Ms. Padrta was concerned about how JEA easements would affect the property owners.

Roy Deese, 1720 Light Lane, thanked Jerry Holland for his good intentions. Mr. Deese stated that Jacksonville Beach Electric provided better service than he had received anywhere.

Mayor Brown acknowledged that Jacksonville Beach Councilman Art Graham was in the audience.

Recess/Reconvene Mayor Brown called a recess at 8:15 p.m. and the meeting reconvened at 8:20.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the irrigation system and palm trees had been installed in the Third Street medians. The wildflowers were yet to be installed and they were looking into funds for shrubbery. The committee was also working on beautifying the south barricade on First Street.

CITY MANAGERS PUNCH LIST

New Water Line City Manager Linn informed the Council the replacement of the water line on Seventh Street from Florida Boulevard to Bal Harbor was complete. The old line would be decommissioned at 2:00 a.m.

Change in Regular Meeting Date City Manager Linn stated that himself, Director of Finance Steve Ramsey, and the Director of Public Safety Bill Brandt would be in Orlando for the National Hurricane Conference on the date of the regular Council meeting in April. Mr. Linn suggested changing the date of the meeting to the following week. Mr. Linn also suggested holding a special meeting to award the contract for the Water Project.

Consensus: **TO MOVE THE DATE OF THE REGULAR COUNCIL MEETING TO APRIL 8, 2002.**

Consensus: **TO HOLD A SPECIAL MEETING TO AWARD THE CONTRACT FOR THE WATER PROJECT ON THURSDAY, MARCH 28, 2002, AT 6:00 P.M.**

Jarboe Park JARBOE PARK IMPROVEMENTS: City Manager Linn reported the Jarboe Park Improvement Project was almost complete. He was waiting on the bridge. The handicap swings were in and would soon be installed. The J's were still missing on the park sign and he made several calls and was working on replacing them.

Flood Marking FLOOD ZONE MARKINGS ON FIRST STREET: City Manager Linn stated he was waiting on the paper to come in so a stencil could be made to do the "Flood Zone" markings on the pavement on First Street.

Kings Road Bridge KINGS ROAD BRIDGE: City Manager Linn stated he was working with Jacksonville Beach on an alternative ingress & egress in order to install the bridge. Director of Public Works John Galen was working on the timing and permits.

Vice Mayor Shimp asked City Manager Linn if the timer could be changed on the irrigation system in the Third Street medians to the evening hours when there was less traffic.

Councilor Gilbert asked if there would be a chance of getting some trees planted on Florida Boulevard at the entrance to Neptune Beach. Mr. Linn responded when the Mayport Flyover was complete that JTA would be installing some landscaping and landscaping was also planned along with the bike path. Mr. Linn stated he would work on getting landscaping for the west side of Florida Boulevard.

Councilor Gilbert mentioned there was still a big pothole in the middle of the intersection at Florida Boulevard and Penman Road.

Mr. Linn stated Councilor Pruette and Councilor Patronik would have to recuse themselves from voting on the Resolution in support of the JFK because they worked for the federal government. Councilor Pruette stated for the record that although she could not vote she supported the resolution.

PROPOSED ORDINANCES/NONE

CONTRACT/AGREEMENTS/NONE

ISSUE DEVELOPMENT

Senior Center

UPDATE REPORT ON NEW SENIOR CENTER: Director of the Senior Center Leslie Lyne informed the Council the Senior Center that was created with the CDBG Grant was an absolute hit. The center was available not only to Neptune Beach seniors but to Jacksonville Beach and Atlantic Beach seniors as well. The center opened for activities on January 7, 2002. The age limit was 55 and above. She had 380 seniors visit the center during the month of February. There were many different activities available to the seniors.

The Council and City Manager Linn thanked Leslie Lyne for her enthusiasm and doing an excellent job in getting the senior center up and running.

Resolution
No. 2002-02

RESOLUTION NO. 2002-02 – SUPPORT OF JFK: A RESOLUTION URGING THE NORTHEAST FLORIDA CONGRESSIONAL DELEGATION AND THE U.S. DEPARTMENT OF DEFENSE TO MAKE EVERY EFFORT TO ENSURE THAT THE UPCOMING MAJOR OVERHAUL OF THE AIRCRAFT CARRIER USS JOHN F. KENNEDY BE PERFORMED AT ITS HOME PORT OF NAVAL STATION MAYPORT IN JACKSONVILLE, FLORIDA; DIRECTING THE COUNCIL SECRETARY TO FORWARD COPIES OF THIS ADOPTED RESOLUTION TO THE MEMBERS OF THE NORTHEAST FLORIDA CONGRESSIONAL DELEGATION AND TO THE U. S. SECRETARY OF DEFENSE AND SECRETARY OF THE NAVY; PROVIDING AN EFFECTIVE DATE.

Consensus: **TO FORWARD RESOLUTION NO. 2002-02 TO THE APRIL REGULAR COUNCIL MEETING.**

Watersedge Drive

WATERSEDGE DRIVE DRAINAGE PROBLEM: Vice Mayor Shimp stated several emails had been distributed, but the Watersedge Drive drainage problem had still not been corrected. Vice Mayor Shimp felt it was time to file an official complaint against JEA with the Code Enforcement Board.

City Manager Linn commented he had met with representatives from JEA out on the property. He thought they would have had the work completely by now. City Attorney

White was researching how the city could force JEA to correct the drainage problem since JEA was a government agency. Mr. Linn felt the city was morally obligated to help resolve the problem but legally the homeowners were responsible.

A discussion ensued regarding different ways to resolve the problem.

Consensus: **FOR THE CITY COUNCIL AS A BODY TO FILE AN OFFICIAL COMPLAINT AGAINST JEA WITH THE CITY CODE ENFORCEMENT BOARD.**

Councilor Pruette stated that she wanted to wait to hear from the City Attorney before moving forward on the issue.

WORKSHOP CITY COUNCIL MEETING
MARCH 25, 2002 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 25, 2002 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
Councilor Ronald Patronik
Councilor Harriett Pruette
City Attorney Christopher A. White

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Finance Director Steve Ramsey
Building Official Dan Arlington
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

City Manager Linn reviewed and identified the stormwater projects that could be funded with a stormwater utility fee. The source of the information was from the Stormwater Master Plan that was completed in 1998 by PBS&J. Some of the work on Kings Road and Acacia Road had already been completed. There was not a cost attached or priority list to the projects. Mayor Brown asked why it was mentioned to pump water out of certain retention ponds. City Manager Linn replied he had to check with PBS&J. He stated that Drainage Problem #5, Florida Boulevard west of Penman Road intersection, was a City of Jacksonville problem. The city could ask them to fix this problem that could be a danger to motorists. Vice Mayor Shimp asked if the work completed on Hopkins Creek helped with the drainage. Mr. Linn stated it helped move the water but did not totally solve the problem.

Vice Mayor Shimp asked if grants could be acquired to do these projects. Mr. Linn answered that it was necessary to have a utility in order to receive grant money from St. Johns River Management.

Discussion ensued on how to set up the stormwater utility.

Councilor Pruette asked if a record of when and where the city cleaned up for maintenance. Mr. Linn stated the city only has record of contracted work. The state was now mandating us to record what we do and a program was being set up to do this. Councilor Pruette stated we could use any extra money through renegotiation with Jacksonville Beach Electric to use for stormwater and therefore lower the fee. City Manager Linn stated the new fee would be minimal considering the amount the city

needs for stormwater.

Councilor Gilbert stated if constituents understood what the money was for they would be less likely to be upset about it. He felt if was necessary to stop depleting the gas tax fund.

Councilor Patronik asked if the state mandated the creation of a stormwater utility fee. Mr. Linn stated there was no mandate but there is a permit necessary for stormwater, which requires certain activities that need funding.

Councilor Patronik asked how the billing would be done. Mr. Linn clarified that the stormwater utility fee would be added to the monthly utility bill based on the number of dwelling units per property.

Councilor Pruette questioned how commercial properties would be charged. Mr. Linn stated they would be charged per ERU (equivalent residential unit) basis. Close to 50% of the total revenue would be paid by the commercial areas.

Councilor Pruette asked for concreting to be permitted before dealing with stormwater. Discussion ensued about this type of permit. Building Official Dan Arlington stated this could be done by a policy change because it was already mentioned in the code. He felt guidelines should be set up before starting a fee. City Attorney Chris White stated there should be some guidelines so that it could not be ruled an invalid fee. Discussion ensued.

Mayor Brown asked what the gas tax was earmarked for besides stormwater. Mr. Linn stated it was for the maintenance of our streets. This would start to be a problem after the water and sewer work was complete and streets need to be rebuilt. Repaving would be impacted if gas tax money was depleted.

Vice Mayor Shimp questioned how the gas tax is funded. Mr. Linn stated it is a penny on the gallon of gas and is approximately \$238,000 a year in revenue.

Councilor Gilbert explained that along with the stormwater utility they were attempting to encourage builders to use pervious surfaces by giving them a break on permitting fees. He announced three ways to help the cities stormwater problems. 1) to have a percentage of a property not be allowed to be impervious in the land use codes, 2) to have a stormwater utility fee to fund projects 3) to have a reason such as a permit break for people not to concrete in their whole yard. This will be helpful as more people renovate their home. Discussion ensued about permitting for impervious surfaces and percentage of the lots. Problems with yard waste going into the storm drains was also discussed.

Building Official Arlington explained that the stormwater ordinance was the same as at the last workshop with the addition of sections 8 and 9. These sections amend the sections of the code that call for impervious surfaces for driveways and allows pervious surfaces to be used. He explained he could start charging a permit fee for paving if the council wished but he felt they should wait until better guidelines could be formed. Mr. Arlington clarified for council that private property drainage problems had to be corrected by the homeowners. The city could not be responsible.

City Manager Linn commented that a small permit fee would not stop people from using impervious material on their property. He felt the best control would be having a percentage of the lot that could not be built on. Councilor Pruette felt permits were for keeping track of the concrete, not to stop people from concreting. Mayor Brown stated it could be discussed in the future as a type of incentive for people to use impervious surfaces.

Mayor Brown stated that instead of having different amounts for districts now the council could establish a basic rate and then in the future could increase certain areas if necessary.

Consensus: **TO ESTABLISH A \$3.00 STORMWATER UTILITY AND TO MOVE THE STORMWATER UTILITY ORDINANCE TO THE APRIL REGULAR COUNCIL MEETING.**

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCETable the Consent
Agenda

Vice Mayor Shimp asked the council to table the consent agenda due to some information received over the weekend regarding open trenching verses directional drilling. Vice Mayor Shimp suggested a special meeting be held to discuss the most cost effective method.

City Attorney White advised that if one member of the Council requested that something to be removed from the consent agenda it was automatically removed and did not require a majority vote of the Council.

Consensus: **TO HOLD A SPECIAL WORKSHOP MEETING MONDAY, FEBRUARY 11, 2002, AT 6:30 P.M. TO DISCUSS THE PRE-QUALIFICATIONS FOR THE WATER IMPROVEMENT PROJECT.**

Bartalome Road

BARTALOME ROAD: Councilor Pruette referred to an e-mail from a resident of Water Edge Drive regarding a road under construction and asked what it was all about. Dan Arlington stated someone was looking into building on the property behind Waters Edge Drive and a survey for a road had been completed. Mr. Arlington added that it was a preliminary study and nothing was firm. City Attorney White stated there were some issues to be worked out with St. Johns River Water Management District which he and Mr. Arlington were working on.

Penman Road &
Florida Blvd.

PENMAN ROAD & FLORIDA BOULEVARD: Councilor Gilbert asked City Manager Linn about the potholes in the intersection of Florida Boulevard and Penman Road. City Manager Linn responded that Florida Boulevard is a Jacksonville road but Neptune Beach could do the repairs.

CITY MANAGER REPORTSProject 1-A
Close Out

PROJECT 1-A – CLOSE OUT: City Manager Linn announced that Project 1-A of the Water Improvement Plan was completed.

Waters Edge
Lots of Record

WATERS EDGE DRIVE – LOTS OF RECORD – NOTIFICATION: City Manager Linn stated City Attorney Chris White had sent him the results of the title search at Waters Edge Drive. City Attorney White added that lots 9-15 were not addressed in his opinion letter and the owners of those units needed to send him a copy of their deed so he could run a title search. City Manager Linn stated he would have his assistant send the owners a letter notifying them to send a copy of their deed.

Recess

Mayor Brown called a recess at 7:25 p.m. to go to the parking lot for a demonstration of the Smart Trailer.

Smart Trailer
Demo

DEMONSTRATION OF SMART TRAILER: Officer Larry Dean demonstrated how the smart trailer operated and explained it was a speed monitoring/awareness radar designed to alert drivers of the posted speed limit and the speed in which they were traveling.

Reconvene

Mayor Brown called the meeting back to order at 7:35 p.m.

COMMENTS FROM THE PUBLIC

Public Comments

Ralph LaPerna, 2507 Waters Edge Drive, thanked Council for completing title searches on Waters Edge Drive and acknowledging them as lots of record. Mr. LePerna added there was still a drainage problem.

David Baker, 1102 First Street, suggested adding more “no parking” signs on First

Street and more "speed limit" signs on Third Street.

Lynda Padrta, 1113 First Street, felt the city should move forward with the Water Improvement Project. Ms. Padrta felt it would delay the project even longer if the water and sewer project were combined.

Brian Schmitt, 506 Oceanfront, stated that he worked for an underground utility contractor. Mr. Smidt felt the pre-qualification specifications would exclude a lot of quality contractors.

Gordon Gruhn, 500 Ranch Road, stated that there would be no difference in impact on the residents if the pipes were installed with directional drilling or if they were installed with open trenches. Mr. Gruhn suggested having an open dialog at the workshop meeting.

CONSENT AGENDA

Water Improvement
Project

RESCINDING SUSPENSION OF BIDDING OF WATER IMPROVEMENT PROJECT:
Mayor Brown stated the consent agenda had been tabled by earlier council action.

ORDINANCES

Ordinance No.
2002-01

ORDINANCE NO. 2002-01, MECHANICAL PERMIT FEES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 8-182, PERMIT FEES MECHANICAL AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown opened the floor for public comments.

There being no comments from the public the public hearing was closed.

Moved by Shimp, seconded by Gilbert.

Motion: **TO ADOPT ORDINANCE 2002-01, MECHANICAL PERMIT FEES, ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shimp, Brown

Noes: 0

Absent: 1 – Patronik

MOTION CARRIED

OLD BUSINESS/NONE

NEW BUSINESS

Smart Trailer

PURCHASE AUTHORIZATION – SMART TRAILER - \$14,465 TO KUSTOM SIGNALS: The funds to be used to purchase the Smart Trailer would come from the contingency line item fund, which required City Council approval.

Mayor Brown questioned if the city was large enough to put the trailer to use full time and suggested perhaps a partnership with Atlantic Beach would be worth exploring. He also suggested running some field tests.

Councilor Pruette was concerned about a shortage in the contingency fund and suggested waiting until August or September to purchase it if it was decided that it was needed.

Vice Mayor Shimp felt the city would get a lot of use out of the trailer and was not in favor of sharing one with Atlantic Beach. He was in favor of field tests.

Councilor Gilbert felt the trailer would also be useful for counting traffic thus eliminating the need for traffic studies.

Director of Public Safety Brandt stated the department had borrowed a trailer from Jacksonville before and it was very useful in slowing the traffic down on Florida Boulevard. Chief Brandt added it could be used on Third Street, in school zones, and wherever a police officer was not present.

Councilor Gilbert voiced concern about the school zone on Florida Boulevard being too small and suggested posting signs and increasing it to two blocks.

Sunset Point

APPROVAL OF FINAL PLAT AND AN ENCROACHMENT PERMIT: City Manager Linn explained since the previous approval of the final development two lots had been removed from the plat. Because those two lots had been removed the developer was requesting an encroachment permit to allow for a landscape buffer between the development and the two lots. The landscape encroachment would be between 4 and 8 feet wide and extend about 200 feet.

Steve Jarrett, 210 South Street, the developer of the property explained that the owner of the two lots found another buyer and requested not to be a part of the plat. Mr. Jarrett needed the encroachment permit in order to landscape along that common side and in front of the subdivision to make an attractive entrance into the subdivision.

Moved by Shimp, seconded by Pruette.

Motion: **TO APPROVE THE FINAL PLAT AND THE ENCROACHMENT PERMIT FOR SUNSET POINT.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shimp, Brown

Absent: 1 – Patronik

MOTION CARRIED

Days Inn

APPROVAL OF DEVELOPMENT ORDER – 1401 ATLANTIC BOULEVARD – DAYS INN: Gary McDonald, architect for Nemesis Hotel Management, stated that he had received preliminary development approval from the Planning & Development Review Board for the project and they were now requesting a final approval from the City Council. Mr. McDonald explained they were planning to upgrade the quality of the hotel to provide a very nice upscale hotel. Mr. McDonald stated there were 132 rooms of 2 stories and 1 long wing with an existing lobby, restaurant, and nightclub area. The 132 rooms were currently being renovated and they were waiting on a permit to start renovations on the lobby, restaurant, and nightclub. The new construction involved a 5,600 square foot lobby building in front of the existing lobby and to the side of the existing restaurant. The entire front of the building would look completely different and the landscaping would also be upgraded.

Moved by Shimp, seconded by Gilbert.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR 1401 ATLANTIC BOULEVARD – DAYS INN.**

WORKSHOP CITY COUNCIL MEETING
FEBRUARY 11, 2002 AT 6:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held February 11, 2002 at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Jimmy Gilbert
(arrived 6:40 p.m.)

Councilor Ronald Patronik
Councilor Harriett Pruette

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Supervisor of Water & Waster/Water Leon Smith

Absent:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:30 p.m. and asked for questions from Council. Councilor Patronik asked for the most cost effective method.

City Manager Linn stated he and Jim Miller from PBS&J and the city attorney met during the prior week. They outlined in a memo the best compromise solution with the best price. He summarized the memo stating they have changed the specifications to allow the contractor to decide which method they would like to use either open cut or horizontal directional drilling. Either method would have to use High Density Polyethelene (HDPE) pipe. Poly vinyl chloride (PVC) pipe could not be used without a permit change. The qualifications would remain the same for any work completed by a contractor or subcontractor for horizontal directional drilling.

Councilor Pruette asked how the bid would be awarded if two different methods were in the bids. Mr. Linn stated the bid would be awarded based on the lowest price.

Vice Mayor Shimp asked if it would be more cost effective if the city installed sewer at the same time as the water if the city did the open trench method. He also asked if the city would have a special machine necessary to weld the new type of High Density Polyethelene (HDPE) pipe. Mr. Linn stated the city would have the new machine. He also stated the water and sewer pipes had to be 10 feet apart by state mandate, therefore it would be just as easy to do these separately.

Councilor Pruette felt the city should begin with water and attack the sewer later due to the water break problems in the recent weeks. Mr. Linn did comment that the city should begin design work on sewer as soon as the water project is underway.

Councilor Patronik asked if pipe bursting was an option. Mr. Miller said the permit would

not allow pipe bursting due to the type of pipe permitted.

Vice Mayor Shimp asked why the qualifications for directional drilling had not changed which could allow someone with no experience in the Jacksonville area to win the bid. Mr. Miller commented that the specifications were changed to let open cut bid. He stated the qualifications were necessary to be sure the company had the ability and experience to do the job. The specs were not JEA specs yet but JEA hoped to adopt them in the future and should definitely be looked at. The job would not allow for any change orders and there would be strict penalties for delays, line destructions, ingress/egress problems, liquidated damages, and a bonus if completed early. This allows the city to stop contractors who have a bad record with telecommunication companies to be able to bid.

Vice Mayor Shimp reiterated that open cut contractor could bid and penalties were for anyone doing the job but did not understand why the qualification was so strict with 200,000 feet of piping experience.

Mr. Miller stated he was going by the recommendation of many engineers all over Florida in his company. He would change the qualifications if directed by Council but did not feel comfortable changing them on his own.

Councilor Patronik suggested adding to the penalties to offset the lowering of qualifications.

Councilor Gilbert read from a letter he had previously submitted by a JEA official that stated qualifications were not necessary as written. Councilor Gilbert had objections to imposing the 200,000 feet qualification to subcontractors and felt qualifications should be imposed based on what percent of the job was being completed by directional drilling. Mr. Miller stood by his recommendation but would listen to any directive made by Council. Discussion ensued about Councilor Gilbert's recommendation.

City Manager Linn stated that John Galen, Director of Public Services, had told him the Consumptive Water Use Permit was being renewed and St. John's River Water Management was beginning to question why we kept saying we were going to do this project and why it kept being put off. Mr. Linn also stated he had spoken with the city attorney and if a consensus was made tonight then it could be advertised and an official vote be made at a special meeting preceding the workshop on February 25, 2002.

Mayor Brown opened the floor to public comments.

PUBLIC COMMENTS

Gordon Gruhn, 500 Ranch Road, stated that the specification attempting to be used was not used anywhere else and would not guarantee a qualified contractor. He objected to having to qualify subcontractors thereby using a sub that he would be bidding against. He stated the information he had previously given was factual but did not guarantee a million dollar savings. JEA does not go by any specifications but they did have a qualification list with many good contractors on it. He stated that JEA did not require a permit for pipe bursting. He felt the general contractor should be able to choose which technology to use on what section and not have to use a "qualified contractor" as a subcontractor. He suggested using the added paragraph that he had suggested at the last meeting. Council engaged in discussion with Mr. Gruhn.

Tim Slater, 573 Magnolia Street, asked when Bal Harbour would be done and stated it should be given priority due to the excessive water breaks in the last year. Vice Mayor Shimp assured him it was first on the list. Councilor Pruette asked for an updated priority list in writing from Mr. Linn. Mr. Slater also asked for the sewer to

be looked into because of the problems it is causing in this neighborhood where lines are in the back yards.

Bryan Schmidt, 506 Oceanfront, passed out a resume of the contractors within the Utility Contractors Association. He asked for no one to be excluded in the bidding process and was glad for the compromise but felt a meshing of the two technologies would be the best economically speaking. He felt qualifications should not be placed on subcontractors.

Mike Woodall, John Woody Inc., 424 Pond Drive, as an open cut contractor, he felt there were some places it would be better to directionally drill. He wanted to be able to use a subcontractor of his choosing. He also questioned the liquidated damages for hitting existing pipes especially when a lot of times the city did not know where the pipes were themselves.

Grady James, Jax Utility Construction a part of the Haskell Company, 6130 Hecksher Drive, was also interested in lowering the amount of drilling required in the qualifications and felt the city would be better off by using local talent. He disagreed with having to qualify the subcontractor.

Robin Thigpen, 1445 West Church Street, stated that pipe bursting did not need a permit but did have excess interruption of service. He stated JEA does have a pre-qualifying list called 18 b&g and his company is on it. He stated AT&T cable had 11 contractors running their cable. His company uses ground radar and put in 20,000 feet of lines in this area by directional drilling. His company is always prompt in fixing anything that may be damaged during the work. His company has completed a lot of work for drilling for gas companies.

Lynda Padrta, 1113 First Street, asked what the 18 b&g list meant for JEA and what qualifications were needed. She also asked the council to be clear what the consensus was before the end of the meeting.

The council discussed some of the specifications such as contractors having to own their own equipment and blending the two technologies. They also discussed allowing subcontractors who are only doing a percentage of the job not to have the same qualifications; having qualifications for open cut contractors; residential drilling requirements; and JEA qualifications.

Vice Mayor Shimp stated that a compromise needed to be worked out by the end of the meeting.

Councilor Pruette asked for a brief recess.

Recess/Reconvene

Mayor Brown called a recess at 8:30 p.m. The meeting was called back to order at 8:45 p.m.

Mayor Brown stated that when he was with the telephone company he sat on the Utility Association Board. He remembers them being interested in safety and professionalism.

Vice Mayor Shimp asked Robin Thigpen how much directional drilling he had completed in the last year. Mr. Thigpen stated it was a lot but mostly gas lines. Discussion ensued about whether or not gas mains were equal in experience to water mains.

Mr. Miller stated that if the council wanted the qualifications to be changed they just needed to direct him to do so. He also stated if the qualifications were changed for subcontractors they needed to be changed for contractors.

Councilor Gilbert asked about the paragraph that the contractors asked to be inserted at a prior meeting. Mr. Miller stated it meant less experience. Councilor Gilbert asked if they could pre qualify based on percentage of the job being directional drilled. Discussion ensued on this topic. City Manager Linn stated he would be more comfortable with allowing gas line experience rather than percentage of job to determine pre-qualifications. Councilor Pruette suggested going with only open cut method. Mr. Miller said if this was going to be done then you may as well use PVC pipe and therefore you would have to re-permit. Mr. Gruhn spoke about mitigating damages. Discussion ensued about whether to raise the amount of damages or to change the specifications to allow for gas pipe experience. Discussion also centered on what licensing would be required.

Vice Mayor Shimp asked Leon Smith, Supervisor of Water and Sewer what he felt should be done. Mr. Smith stated he had no problem with any of the contractors in the audience but the council were the ones making the decision.

Councilor Pruette asked if the memo by the City Manager and Mr. Miller would allow the contractors in the audience to bid. They stated it would allow them to bid open cut.

The council discussed using licensing as a pre-qualification or using JEA lists as a qualification.

Councilor Pruette stated that as a councilor she needed to rely on staff and she supported the memo that was in front of them.

A contractor suggested adding pressure pipe to the pre-qualifications. The compromise was discussed.

Consensus: **TO USE THE MEMO CITY MANAGER LINN AND JIM MILLER OF PBS&J SUMMITTED TO GO OUT TO BID BUT CHANGING IT TO AND/OR DIRECTIONAL DRILLING / OPENCUT. AND ADDING PRESSURE PIPE TO THE PREQUALIFICATION REQUIREMENTS.**

City Manager Linn recognized Donna Kaluzniak of Atlantic Beach and Gary Quick of Jacksonville Beach.

Lynda Padrta thanked the council for all of their efforts.

Adjournment

There being no further business, the meeting adjourned at 9:45 p.m.

The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the irrigation system was installed in the Third Street medians and the palm tress and wildflowers would be installed on March 4th . The committee was also looking at the Bike Path Beautification.

CITY MANAGERS PUNCH LIST

Jarboe Park

JARBOE PARK IMPROVEMENTS: City Manager Linn reported the handicap swing and the footbridge were on order and would be installed within two weeks.

Bike Path – Penman Road

BIKE PATH – PENMAN ROAD: City Manager Linn stated he attended a meeting on January 17th. The Florida Department of Transportation was handling it.

Vice Mayor Shimp asked about shrubs around the new lift station in Jarboe Park. City Manager Linn stated they were supposed to have already planted some.

Councilor Pruette asked for the water project to be placed on the punch list.

PROPOSED ORDINANCES

Ordinance 2002-02

ORDINANCE NO. 2002-02 ESTABLISHMENT OF A STORMWATER UTILITY COUNCILOR GILBERT. Councilor Gilbert stated this issue keeps getting pushed back

and the funding available now through the local option gas tax is depleting quickly with no other source in place. The surrounding communities already have this tax. He stated while no one may want to raise taxes but they can not let the funds deplete. He suggested raising within a period of years to an eventual break even point. He asked that incentives be made for people to use less impervious surfaces. City Manager Linn stated PBS&J had completed a stormwater report last year. The numbers that were being suggested are based on this report. The fund being used now for services had a \$1.1 million amount in 1996 and this past year it is down to \$448,000 and within four years the city will be broke in that fund.

For the record Mayor Brown stated this was pretty much a state mandate to have a Stormwater Utility and a dedicated source of revenue. City Manager Linn stated it is mandated to have a certain level of services regardless of where the money comes from.

Vice Mayor Shimp had concerns for everyone paying the same amount when not everyone had the same benefit. The city needs to encourage people to build less impervious service. He felt there should be two different rates; one for east and one for west of Third Street.

Councilor Pruette stated she wanted a workshop solely on stormwater. She also found the code stated driveways had to be paved. She felt this caused some of the problem. She also wanted to know what the five year plan was. City manager Linn stated we did have a Storm Water Master Plan.

City Manager Linn stated all commercial property would be divided by the ERU's and have to pay the majority of the total utility. He explained that PBS&J had written what they felt was the most fair way for the utility to be set up.

Councilor Pruette asked if the city could get help from other agencies to fund this. City Manager Linn did not think so.

Vice mayor Shimp asked why each lot could not be taken separately. City Manager Linn stated it could be completed that way but it would be very costly to survey each property.

Councilor Gilbert felt there should be incentive and there should be permits for pouring concrete.

Mayor Brown pointed out that the storm water utility does not only deal with flooding problems in one area of town it also dealt with maintenance, street sweeping, and processing of stormwater throughout the city.

Councilor Patronik discussed using zones to make the rate fair throughout the city or charging per dwelling unit. City Manager Linn stated staff had some recommendations for changes to make it easier to bill. Councilor Pruette asked if the fee could be folded into property taxes.

Consensus: **TO HAVE A SPECIAL WORKSHOP ON STORM WATER UTILITY.**

CONTRACT/AGREEMENTS

Utility Improvement
Project

RECOMMENDATION FOR SELECTION OF ARCHITECTURAL SERVICES PUBLIC SERVICES FACILITIES. City Manager Linn stated the Public Services Facilities was in much needed repair and replacement. He felt it was the best way to spend Better Jacksonville money. He was in favor of a design build method. Staff agreed to use the firm that Jacksonville Beach used. City Manager Linn asked council to start negotiating or for them to make a presentation to council.

Consensus: **TO ALLOW THE CITY MANAGER TO NEGOTIATE WITH PGH/VARGAS ARCHITECT/ENGINEERS FOR THE PUBLIC SERVICES FACILITY.**

ISSUE DEVELOPMENT

Emergency Generator **PURCHASE OF EMERGENCY GENERATOR:**

Smart Trailer **PURCHASE OF A "SMART TRAILER" SPEED INDICATOR UNIT.**

City Manager Linn suggested putting the Smart Trailer off until budget time and using contingency money to buy the generator, which is very necessary. The generator in use now is extremely unreliable. Council discussed the purchasing of both items.

Consensus: **TO MOVE THE EMERGENCY GENERATOR TO THE NEXT COUNCIL MEETING AND TO DELAY THE SMART TRAILER UNTIL THE NEXT BUDGET SEASON.**

Jarboe Park shower **INSTALLATION OF SHOWER UNIT AT JARBOE PARK - COUNCILOR PATRONIK:** Councilor Patronik stated it was just a spicket for hosing off after volleyball games. City manager Linn stated the same thing was tried at the lifeguard station and was a maintenance problem. Councilor Patronik stated a hose spicket was fine so no maintenance problems would start.

Flooding
First Street **FLOODING – FIRST STREET – COUNCILOR PRUETTE:** Councilor Pruette explained she understood not much could be done except for maybe some signage. Discussion ensued.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Ralph LaPerna, 2507 Watersedge Drive, asked if JEA could be fined by our city for standing water. Mayor Brown stated he and the city attorney met with JTA and they said they would meet with JEA. There was discussion concerning the problem.

Joanne Waddill, Oleander Street, asked questions concerning flooding.

Lynda Padrta, 1113 First Street, discussed concerns about the Stormwater Utility and the property taxes. She felt that concrete should be permitted and new residents should get local information packets. She also stated flooding concerned all residents.

Ron Powell, 1830 Nightfall Drive, stated his concern for paying for services he would not benefit from since his neighborhood had no stormwater system. He did not mind paying a fee as long as he could see some benefit.

Jean Powers, 215 Florida Blvd, asked if council would allow the residents to speak after each topic.

Roy Dees, 1720 Lighty Lane, thanked the council for the work they do and the abuse they take.

Ralph LaPerna, 2507 Waters Edge Drive, suggested stenciling Flood Area on the street.

Councilor Pruette asked the city manager for an update on the Kings Road Bridge at the next meeting. Vice Mayor Shimp hoped Councilor Gilbert's foot felt better.

Adjournment

There being no further business, the meeting adjourned at 8:50 p.m.

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Shimp felt the specifications and qualifications for the bidding of Phase I of the Water Utilities Plan were too strict and eliminated smaller companies from the bidding process. Shimp suggested postponing the pre-qualifying and reducing the qualifications. He requested that the subject be placed on the next workshop meeting for discussion.

City Manager Linn stated an official action was needed in order to cancel the bidding process. Mr. Linn supported the bid specifications as they were written by the engineer and was concerned about lack of performance and increased costs if the qualifications were reduced. Mr. Linn asked Jim Miller to estimate the additional costs the city would incur to re-bid the project.

Jim Miller, PBS&J, stated the whole job would need to be re-advertised and would take at least another 30 days. Mr. Miller estimated that it would cost the city approximately \$3,000 to \$4,000 more in bidding expenses.

Moved by Shimp, seconded by Patronik.

Motion: **TO SUSPEND THE BIDDING PROCESS.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Vice Mayor
Resignation &
Reappointment

ELECTION OF NEW VICE MAYOR: Vice Mayor Shimp stated when he was elected Vice Mayor a year ago he promised he would resign the post after a year and allow a fellow council member the opportunity to serve as Vice Mayor for a year. Vice Mayor Shimp nominated Councilor Patronik for Vice Mayor and asked to place the issue on the next workshop meeting.

Councilor Pruette voiced concern about electing a new Vice Mayor because of the expenses the city would incur in ordering new business cards, stationary, etc. Councilor Pruette asked City Attorney White for a legal opinion because the Charter clearly stated that the Vice Mayor was chosen when there was an election. City Attorney White responded he would give a legal opinion at the workshop meeting.

Penman Road &
Florida Blvd.

PENMAN ROAD & FLORIDA BOULEVARD: Councilor Gilbert asked City Manager Linn if the city was responsible for the paving at Penman Road & Florida Boulevard because the center of the intersection was in need of repair. City Manager Linn responded that the paving was the responsibility of Duval County.

Atlantic Blvd.
Entrance to the City

ATLANTIC BOULEVARD – ENTRANCE TO THE CITY: Councilor Gilbert questioned who was responsible for the upkeep of the area west of Penman Road on Florida Boulevard at the entrance to the city. City Manager Linn responded that the City of Jacksonville was responsible for the upkeep of that area. Mr. Linn added the Metropolitan Planning Organization and Jacksonville Transportation Authority were currently working with landscape architects for the landscaping once the bike path was completed.

Change of Meeting
Dates

CHANGE OF WORKSHOP MEETING DATES – JANUARY & FEBRUARY 2002: City Clerk Lisa Volpe suggested changing the dates of the January and February workshop meetings. The regularly scheduled January workshop meeting would fall on Martin Luther King Day and the February meeting on Presidents Day.

Consensus: **TO HOLD THE JANUARY 2002 WORKSHOP MEETING ON TUESDAY, JANUARY 22ND AND HOLD THE FEBRUARY WORKSHOP MEETING ON MONDAY THE 25TH.**

CITY MANAGER REPORTS

Longevity Service Awards

LONGEVITY SERVICE AWARDS – EMPLOYEES: City Manager Linn stated he had spoken to and received support from the department heads on the implementation of the Longevity Service Award Program and recommended council approval.

Consensus: **TO MOVE FORWARD WITH THE EMPLOYEE LONGEVITY SERVICE AWARD PROGRAM AND ORDER THE PINS USING THE FOUR-YEAR OPTION PLAN PRESENTED BY STEVE RAMSEY.**

COMMENTS FROM THE PUBLIC

Public Comments

Larry Shealy, 1501 First Street, opposed extending the parking hours on First Street and presented an opposing petition with 130 signatures. He feared council would extend the hours without the input from residents and proposed a discussion forum.

David Baker, 1102 First Street, felt First Street was a unique street where people came from all over to walk, skate, and bicycle. Mr. Baker felt it would be a mistake to extend the parking hours on First Street and suggested allowing parking permits for residents if they needed extra parking for guests.

John Weldon, 108 Oak Street, Chairman of the Planning & Development Review Board, opposed extending the parking hours on First Street stating the parking was intended to support beach access during the sunlight hours not to provide additional parking for evening parties.

Lynda Padrta, 1113 First Street, opposed extending the parking hours on First Street and felt the hours should not be changed unless there was very good justification.

Mary Ann Padrta, 1113 First Street, opposed extending the parking hours on First Street. Ms. Padrta felt if the parking was extended more people would drink, litter on residents' lawns, and party in parked cars. She did not want to live in a party community.

Robin Thigpen, 1445 West Church Street, applauded the decision of the council to suspend the bidding process on the Water Project and reevaluate the qualifications for contractors.

CONSENT AGENDA

Water Improvement Plan

APPROVAL OF FACILITIES PLAN FOR WATER IMPROVEMENT PROJECT: City Manager Linn explained this was the facility plan on the environmental impact for the Department of Environmental Protection.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA AS STATED.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED

VARIANCES

207 Walnut Street APPEAL OF DENIAL OF VARIANCE REQUEST – 207 WALNUT STREET – MR. WARREN ANDERSON: City Manager Linn asked Mr. Warren Anderson, the appellant, to present his case to the council.

For the Record Councilor Pruette stated for the record that she had spoken with Mr. Warren Anderson the previous night. Councilor Patronik and Vice Mayor Shimp had also spoken with Mr. Anderson.

Mr. Warren Anderson stated he purchased the lot because of the large front yard and had plans to build a courtyard effect with a garage in the front, a green space and small swimming pool in the middle.

His variance request to the Board of Appeals was on the following three issues:

1. An addition to the front and rear of the house.
2. A swimming pool in the front yard.
3. A detached 3-car garage apartment in the front yard.

- 1) Mr. Anderson explained that because of the 3' backyard he had contacted "Foundation Holding IV" the owner of the property to the south, immediately behind his property. Foundation Holding IV granted him the use of a 25' easement on the property. The 25' easement allowed him a 28' backyard, which he felt placed him in compliance with of the code. The Board of Appeals did not take into consideration the 25' easement but they did grant him the variance to add on to the back of the house as long as it did not encroach on the 3' backyard.
- 2) The Board of Appeals ruled against his request and denied the variance for the swimming pool. According to Building Official Dan Arlington a swimming pool was not considered a hardship and according to the Code was not allowed in front yards. Mr. Anderson argued that point with the Board but to no prevail.
- 3) The Board of Appeals also denied the variance request for the detached garage apartment and the front yard setback.

Mr. Anderson was appealing the Board of Appeals decision on the swimming pool and the 11' front yard setback. He was asking the Council to vote on a variance only on the front yard setback and not the garage apartment itself because his architect was redesigning the plans changing from a detached garage to an attached garage. Therefore the garage apartment was not before the Council because the new plans had not presented to the Board of Appeals.

Mr. Anderson asked the Council to allow him to build the swimming pool and grant him a variance on the front -yard setback for the garage apartment.

Vice Mayor Shimp felt the 3' backyard was indeed a hardship and the pool was a reasonable request as long as it was securely fenced in. Vice Mayor Shimp also felt that front yard setbacks should be consistent along the street. Mr. Anderson stated the houses on Walnut Street where all setback about 5' and he was only asking for an 11' front setback.

For the Record Councilor Pruette felt the 3' backyard was a hardship and the request was for the pool

was reasonable as long as Mr. Anderson assured the water would not drain onto the neighbor's property.

Mr. Anderson had spoken with his neighbors about the drainage and the possibility of building a retention wall between the properties. Mr. Anderson added the new plans for the garage apartment would attach the second story to the house allowing a walkway underneath. The walkway would be pervious surface and allow for drainage. Mr. Anderson assured Councilor Pruette he would work with the neighbors and do whatever was necessary to prevent drainage onto their property.

Councilor Gilbert asked Building Official Dan Arlington to state why the Board of Appeals did not approve the variance. Mr. Arlington responded the Board had listened to two presentations given by Mr. Anderson and followed the Code. Mr. Anderson bought the house knowing that it did not meet his needs. The Board granted the variance for the addition of squaring off the back of the house because it would not encroach on the 3' backyard. The Board granted him the variance for an addition on the front of the house to allow him to enlarge the master bedroom. Mr. Arlington added that a swimming pool in the front yard would be next to the neighbor's front entrance and windows. Detached garages as well as garage apartments were not allowed. Mr. Arlington quoted the Code of Ordinances, Section 27-215, Purpose and intent, 1) to regulate height and size of buildings, 2) to regulate and limit the intensity of the use of lot areas, 3) to provide for open space, 4) to classify, regulate, and restrict the location of trades and industries, and 5) to minimize the conflict between land uses. Mr. Arlington added the purpose of setbacks was to control the development of lots and restrict building. Mr. Anderson's 3' backyard was 22' short and he should have a 47' front yard. Mr. Arlington concluded that the Board of Appeals heard the presentation, considered the Code, conducted a finding of facts, and voted against the variance. Mr. Arlington asked the Council to uphold the decision of the Board of Appeals and deny the variance request.

Mayor Brown questioned Mr. Anderson if he was asking for a single variance including the pool and the front structure or two separate variances. Mr. Anderson replied his request today was to allow him the variance for the pool and an 11' front setback. If the 11' setback was granted he could take the revised plans to Mr. Arlington and have them approved without the need to appear before the Board of Appeals again for another variance.

Councilor Gilbert stated the Board of Appeals debated heavily and granted part of Mr. Anderson's request and denied other parts. He felt Mr. Anderson should take his revised plans back to the Board of Appeals. Mr. Anderson restated that he was hoping Council would approve the 11' setback conditional on the new plans.

Legal Advise City Attorney White stated the setback and the swimming pool were two separate and independent issues before the Council. He did not think the Council should rule on the setback issue because it was different from what was presented to the Board of Appeals and should be considered in light of the total project. The variance that was before the Board of Appeals was for a detached garage with a garage apartment not just the setback. He had some concern about Council granting a variance on the setback because he originally requested a setback of 8' from the Board and changed it to an 11' setback. Mr. White advised it was premature for the council to grant the variance allowing an 11' setback before the total project was considered by the Building Official and the Board of Appeals.

Vice Mayor Shimp asked City Attorney White if it would be appropriate to make a motion to allow a variance for the swimming pool. City Attorney White stated the swimming pool was a separate issue he still felt setbacks needed to be considered in light of the total project being submitted for approval.

Moved by Shimp, seconded by Patronik.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND GRANT THE VARIANCE FOR THE SWIMMING POOL WITH THE CONDITION THAT A SIX FOOT BARRIER WALL TO PREVENT RUN OFF ON ADJACENT PROPERTY AND PRIVACY.**

Building Official Dan Arlington stated Mr. Anderson's lot was supposed to have 50' of yard space, 25' in the front and 25' in the back. If they grant the variance he would have 14'. The staff and the Board of Appeals based their decision on the code not their opinion. Swimming pools in side yards required at least 18' of clear property plus the width of pool. Mr. Arlington added the staff worked hard to enforce the code fairly and consistently and requested the Council to uphold the decision of the Board of Appeals.

Vice Mayor Shimp called the question and asked for a vote.

Roll Call Vote:

Ayes: 4 – Patronik, Pruette, Shimp, Brown

Noes: 1 – Gilbert

Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait, CMC
Assistant to the City Manager Terry Klein

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:30 p.m.

Mayor Brown explained the meeting had been delayed in order for City Clerk Lisa Volpe, Councilor Pruette, and himself to represent the City of Neptune Beach at the City of Jacksonville Council Meeting in the adoption of a Resolution honoring former Neptune Beach Mayor Ish Brant.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee had the irrigation system installed in the Third Street medians and it was functioning well. Palm tress, wildflowers, and shrubbery would be installed in the medians in March. The committee had also received a \$5,000 matching grant from the Jacksonville Mayors Neighborhood Beautification Program and were soliciting plans from landscapers to improve the barricade at Seagate Avenue & First Street

CITY MANAGERS PUNCH LIST

Jarboe Park

JARBOE PARK IMPROVEMENTS: City Manager Linn reported the handicap swing and the footbridge were on order and should arrive soon. The project should be complete, inspected and closed out in two months.

Bike Path – Penman Road

BIKE PATH – PENMAN ROAD: City Manager Linn stated he attended a utility meeting with the utility companies involved in the right of way. The meeting went well, they would

have to coordinate the activity, and a couple of manholes would have to be adjusted.

- Mechanical Permits MECHANICAL PERMIT FEES: City Manager Linn reported the Ordinance was passed on first read at the January regular council meeting.
- Traffic Light
Florida Blvd. TRAFFIC LIGHT- FLORIDA BOULEVARD – NEPTUNE BEACH ELEMENTARY: City Manager Linn reported he was awaiting the arrival of a letter from the City of Jacksonville with the results of their traffic study.
- Mezza Luna / Sliders MEZZA LUNA – SLIDERS: There had been rumors that Mezza Luna Italian Restaurant and Sliders Oyster Bar were going out of business. Councilor Pruette announced she had spoken with the owners and they had no intentions of closing and were in business to stay.

PROPOSED ORDINANCES/NONE

CONTRACT/AGREEMENTS

- Utility Improvement
Project UTILITY IMPROVEMENT PROJECT – PRE-QUALIFICATION REQUIREMENTS – PHASE I, B&C, FLORIDA BOULEVARD & BAL HARBOUR: City Manager Linn stated the engineer set the pre-qualifications of the bid specifications to insure a successful contractor would be awarded the contract. The pre-qualifications allowed the contractor to list his successful job experiences and qualifications and have his references checked by the engineer. Without pre-qualifications the bid would be open to anyone and a low bidder that did not have experience could not be eliminated. Mr. Linn reminded the council that the first phase of the project had problems because the contractor was not pre-qualified.

Mayor Brown questioned if the pre-qualifications were too strict. City Manager Linn responded he felt they were fair and there were at least four contractors that could meet the qualifications.

A lengthy discussion ensued regarding the pre-qualifications.

Jim Miller, PBS&J Engineering, stated he had been directed by the council on three different occasions to avoid the trouble the city experienced in the past with Harcon. The pre-qualifications came directly from Jacksonville Electric Authority and he felt strongly about them. The pre-qualifications provided for bids from contractors that had experience in horizontal directional drilling and owned their own equipment thereby eliminating subcontracting to gas or cable contractors. The contractor would also have to hold an underground contractors license. The pre-qualifications would allow the city the ability to approve the sub-contractors they could hire. If the subcontractor had a bad record the city could reject them. Mr. Miller felt that if the bid pre-qualifications were lowered it would open the bidding to more contractors but that did not mean the bids would be lower. Mr. Miller added Phase I, B&C, was the biggest part of the project and if we are not satisfied with the contractor it would be too late. Therefore, we needed to do all we could from the beginning to assure we are getting the best-qualified contractor.

City Manager Linn added the goal of the project was to get a good job done at a fair price and he felt we had established what the fair estimates would be.

- Public Comment Gordon Gruhn, 500 Ranch Road, stated he was in favor of the pre-qualification requirements. He did not want to lower the standards he wanted to raise the standards to insure the City of Neptune Beach had a qualified contractor to do the installation. Mr. Gruhn felt that successful completion of 200,000 total linear feet of pipe was too strict and would not insure a good contractor because of the 200,000

feet there was no set standard for how much had to be in a residential area. Mr. Gruhn explained that of the 200,000 feet only 5,000 had to be in sandy wet conditions and the entire Neptune Beach job would be in sandy wet conditions. Mr. Gruhn felt because he had completed jobs for J.E.A. putting 15,000 feet of pipe in the ground in 60 days he would be better qualified than the other guy. Mr. Gruhn also felt a contractor should not be excluded if he hired subcontractors for the drilling. What was important was if the contractor had worked with the subcontractor in the past and if he had performed well. Mr. Gruhn concluded that he had provided Mr. Linn and Mr. Miller with an additional paragraph to add to the pre-qualifications.

Jim Miller, PBS&J, stated his company of sixty offices did a lot of work throughout the United States and the consensus of their top engineers was these were good specifications. They were proposed J.E.A. specifications. Mr. Miller stood behind the specifications and was reluctant to make any changes because he was not sure what the overall impact would be.

Consensus: **TO LEAVE THE PRE-QUALIFICATIONS AS THEY STOOD AND FORWARD TO THE FEBRUARY CONSENT AGENDA.**

ISSUE DEVELOPMENT

Flooding
First Street

FLOODING – FIRST STREET – COUNCILOR PRUETTE: Mayor Brown explained that Councilor Pruette had asked to forward the issue of flooding on First Street to the February regular council meeting.

Parking Hours
First Street

NO PARKING HOURS – FIRST STREET – VICE MAYOR SHIMP: Vice Mayor Shimp stated he was asked by a citizen to bring up the discussion of increasing the parking hours on First Street until 10:00 p.m. Vice Mayor Shimp added that it was the council's job to bring up controversial issues and one council member should not be criticized for their effort because it takes a majority vote of the council to make changes. Vice Mayor Shimp added further that if there was no support for increasing the hours he would not move forward with it.

Mayor Brown clarified no formal action would be taken on increasing the parking hours on First Street.

Public Comments

Wendie Ruibal, 303 First Street, stated that it would change her quality of life completely if the parking hours on First Street were increased. Ms. Ruibal also felt that the current parking hours between 7:30 a.m. and 7:30 p.m. should be strictly enforced.

Kelly Greenburg, 801 First Street, opposed increasing the parking hours on First Street. Ms. Greenburg felt First Street was more of a pedestrian avenue and there were problems with speeding.

Heath Weldon, 628 Midway, thanked the Council for listening to the constituents and making the right decision by shelving the issue of changing the parking hours on First Street.

Tim Slater, 573 Magnolia Street, thanked the council for not changing the parking hours on First Street. Mr. Slater wanted to know if the Bal Harbour portion of the Water Improvement Project could be a priority.

Ed Jones, 430 Ocean Front, opposed extending the parking hours on First Street. He felt the pedestrians should have the right of way on First Street.

Larry Shealy, 1501 First Street, also thanked the council for listening to the people and stated it was nice to know the system worked.

Vice Mayor
Position

VICE MAYOR POSITION – VICE MAYOR SHIMP: Vice Mayor Shimp explained when he was elected Vice Mayor on December 5, 2000; he felt it was such an honor and a privilege he suggested that at the end of each year a fellow council member be given the same opportunity. At that time there were no objections from the council. A year had passed and he was honoring his commitment to resign and elect a new Vice Mayor.

City Manager Linn stated the City Attorney's opinion was that the term of office of Vice Mayor was not spelled out in the Charter therefore City Council was free to do as they wished. A referendum was not necessary. It could be done by adopting an Ordinance that would have a Vice Mayor elected annually.

Mayor Brown suggested drafting an Ordinance and asked Vice Mayor Shimp to delay his resignation until the Ordinance was adopted.

Councilor Pruette stated that the Vice Mayor had the responsibility to act as Mayor in the Mayor's absence and felt that Councilor Patronik's job would prevent him from being available. Councilor Pruette added that Vice Mayor Shimp made a promise to the citizens of Neptune Beach to eliminate needless spending and she thought spending \$300 to change the Vice Mayor for nine months was needless. Councilor Pruette felt Vice Mayor Shimp was doing a good job and should remain as Vice Mayor until the upcoming election.

Councilor Patronik stated that in most cities the title of Vice Mayor was passed around from each council member. Councilor Patronik added that Councilor Pruette had a tremendous dislike and a personal vendetta against him and it was not just a matter of spending \$300.

Mayor Brown suggested if the Council were interested in making a change to rotate the Vice Mayor each year the appropriate time to introduce an Ordinance would be this fall to make it effective with the new term. Mayor Brown added that if Vice Mayor Shimp resigned as Vice Mayor with a letter and an effective date the Council could elect a replacement at that time.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Robin Thigpen, 1445 West Church Street, felt he was qualified for the Water Project and should have the opportunity to bid; however the pre-qualifications were too strict. Mr. Thigpen stated his company had installed 25,000 lineal feet of this type of pipe in Duval County. Mr. Thigpen presented the Council with a marketing videotape of his company.

Mayor Brown recognized that City of Jacksonville Beach Councilman Art Graham was in the audience.

Marvin Shealy, 840 Penman Road, asked how the Water Project would be bid, if it were by low bid, request for proposals, or negotiated bid. City Manager Linn responded it was by pre-qualified contractors and low bid. Mr. Shealy asked why negotiated bid was not considered. City Manager Linn responded that the city had always taken the low bid by the City Attorney's opinion and a City Ordinance. Mr. Shealy asked council to consider negotiated bids in the future for projects of this size because you could review the bid packages and choose the best value not the lowest bid.

Laura Patronik, 1520 Leeward Lane, thanked Vice Mayor Shimp for his efforts

concerning First Street. Ms. Patronik referred to a newspaper article and stated she was disheartened that a visitor and possible future resident held our community in such low regard. She doubted that residents would come and park on First Street and commit sexual acts in their cars. Ms. Patronik referred to letter addressed to the council and she hoped that personal attacks on council members would cease.

Adjournment

There being no further business, the meeting adjourned at 9:20 p.m.

Richard A. Brown, Mayor

Mayor Brown presented Carl Russell with a plaque for his dedicated service on the Code Enforcement Board.

Verna Griffin &
Rosalind Starling

Verna Griffin and Rosalind Starling were unable to be present and these presentations of appreciation were postponed.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE DECEMBER 5, 2000, SPECIAL INDUCTION CEREMONY MEETING AND DECEMBER 11, 2000, WORKSHOP MEETING AND APPROVE THE DECEMBER 4, 2000, REGULAR COUNCIL MEETING WITH AN AMENDMENT THAT WOULD INCLUDE THAT THE MINUTES CLARIFY THAT THE VARIANCE AT 519 AND

520 OCEANFRONT WAS APPROVED BY THE COUNCIL WITH THE RECOMMENDATION OF THE PLANNING AND DEVELOPMENT REVIEW BOARD THAT A PERMANENT DEED RESTRICTION BE PLACED ON BOTH LOTS SHOWING THESE TWO LOTS WILL STAY SINGLE FAMILY:

DECEMBER 4, 2000, REGULAR CITY COUNCIL MEETING
DECEMBER 5, 2000, SPECIAL INDUCTION CEREMONY
DECEMBER 11, 2000, WORKSHOP CITY COUNCIL MEETING

Moved by Pruette, seconded by Shimp.

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

- Fuel Tank Councilor Crout cautioned City Manager Linn that past experiences with above ground fuel tanks were expensive because of the environmental cleanup that may be caused by leakage. Councilor Crout asked City Manager Linn to put in the appropriate safeguards to prevent that liability. Councilor Crout added that the insurance would also be higher.
- Goals Councilor Pruette stated that at the January Workshop Meeting she would like the Council to discuss team goals.
- Parking Stickers City Clerk Lisa Volpe reminded the Council that she had the forms that needed to be filled out in order for council members to receive parking stickers for parking in downtown Jacksonville.
- Amended Budget Report City Manager Linn explained that Finance Director Steve Ramsey had prepared an amendment to the December 31, 2000, Budget Report that included the year-end auditing figures. Mr. Linn added there were still two final adjustments to be made.
- Winn Dixie The representative for Winn Dixie had arrived and Mayor Brown asked Councilor Pruette to describe the community service that had been given by Winn Dixie. Councilor Pruette explained that the Neptune Beach Winn Dixie and their employees needed to be commended for making all city events special by contributing fresh baked cookies, juice, candy and hot chocolate. Mayor Brown then presented the representative and employees of Winn Dixie with a plaque of appreciation from the City of Neptune Beach.
- Lynda Padrta & Amy Roberts City Manager Linn recognized Lynda Padrta and Amy Roberts for their service with the Christmas in the Park event.

CITY MANAGER REPORTS

- Utility Improvements Phase 1- A UPDATE ON UTILITY CAPITAL IMPROVEMENT PLAN PHASE 1 – A: City Manager Linn asked Jim Miller, of Post, Buckley, Schuh, and Jernigan to report on the Utility Improvement Phase 1-A. Mr. Miller reported that the project had been delayed because the contractors had run into some difficulty with the bore and jacks under A1A. Discussion ensued about possible options.
- Jarboe Park Grant UPDATE ON JARBOE PARK GRANT: City Manager Linn reported that the architect for Jarboe Park was expected to submit the preliminary drawing this month. Mr. Linn added that he would consider any design suggestions from the Council.

Fuel Tanks

ABOVE GROUND FUEL TANKS: City Manager Linn stated that the fuel tanks that we had all served emergency generators and were not for dispensing fuel. Mr. Linn added that there was one diesel fuel tank that dispensed fuel into vehicles and that he would take the necessary precautions to prevent spillage from the tank.

COMMENTS FROM THE PUBLIC

Leslie Karlin, 1506 Spindrift Circle, suggested that artwork from local artists and school children be displayed in the Council Chambers and in the hallway of City Hall.

Roy Deese, 1720 Lighty Lane, explained that the Pledge of Alliance should be recited as "one nation under God" instead of "one nation, under God" with no pause between the words nation and under.

CONSENT AGENDA

911 Interlocal Agreement

911 INTERLOCAL AGREEMENT: City Manager Linn stated that the annual renewal of the 911 Agreement would provide Neptune Beach with \$75,409.00 in reimbursements for dispatching expenses.

Moved by Crout, seconded by Pruette.

Motion: **TO APPROVE THE 911 INTERLOCAL AGREEMENT.**

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

VARIANCES / NONE**ORDINANCES / NONE****OLD BUSINESS / NONE****NEW BUSINESS**

Budget Transfer

BUDGET TRANSFER – INVOICE FOR REVISIONS TO LAND DEVELOPMENT REGULATIONS: City Manager Linn asked council to approve an invoice for \$4,080.20 from Ivy, Harris, and Walls for land development regulations, to be paid for out of the \$150,000 contingency line item account.

Moved by Pruette, seconded by Crout.

Motion: **TO APPROVE THE PAYMENT IN THE AMOUNT OF \$4,080.20 FOR IVY, HARRIS AND WALLS.**

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Surplus Property

SURPLUS PROPERTY – TRADE IN HARBEN SEWER JETTING UNIT: City Manager Linn recommended that City Council declare a 1984 Herben Sewer Jetting Unit surplus and authorize its trade-in value of \$2,500 on the purchase of a replacement unit.

Moved by Crout, seconded by Shimp.

Motion: **TO DECLARE THE HERBEN SEWER JETTING UNIT SURPLUS AND AUTHORIZE TRADE IN ON THE PURCHASE OF A REPLACEMENT UNIT.**

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Resolution 2001-01

RESOLUTION NO. 2001-01, TREE AMENDMENT REFERENDUM: Councilor Pruette requested consideration of a Resolution recognizing the grass roots works of individuals to successfully pass the county referendum. Councilor Pruette added that 77% of the citizens of Neptune Beach voted for the tree amendment.

Legal Opinion

City Attorney White suggested changing Section 4 of the Resolution to read as follows: By the passage of this Resolution the City Council of Neptune Beach does not waive any of its rights or powers under the Municipal Home Rule Powers Act or the Florida Constitution relating to the application of the Tree Preservation Amendment within the City of Neptune Beach. Mr. White also suggested adding Section 5 to read: This Resolution shall take effect immediately upon its adoption.

Moved by Crout, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION 2001-01.**

MOTION CARRIED

Resolution 2001-02

RESOLUTION NO. 2001-02, SETTING THE SALARY FOR THE CITY CLERK: Council considered Resolution No. 2001-02, increasing the salary of the City Clerk by the 5% that had been budgeted, or raising the salary to the level of the average City Clerks salary in similar size cities.

Consensus: **DEFER RESOLUTION 2001-02 TO THE JANUARY WORKSHOP CITY COUNCIL MEETING FOR DISCUSSION.**

Workshop Meeting **SET A DATE FOR THE JANUARY WORKSHOP CITY COUNCIL MEETING:** City Manager Linn explained that the normal Workshop Meeting would fall on Martin Luther King Day which was a holiday for the city and recommended holding the Workshop on January 22, 2001.

Consensus: **TO HOLD THE WORKSHOP MEETING ON JANUARY 22, 2001.**

Council made closing remarks.

Adjournment There being no further business, the meeting adjourned at 8:28 p.m.

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the plans for the Third Street/A1A medians had been introduced and the committee was waiting for the permit. Mr. Linn added that Councilor Holland of the Jacksonville City Council sponsored a bill that would provide \$40,000 to install an irrigation system in the medians and would go the Jacksonville City Council for approval. Mr. Linn also mentioned that the "yard of the month" signs had been vandalized and replaced.

CITY MANAGERS PUNCH LIST

Traffic Signal / Atlantic Blvd. & Brant Blvd.

TRAFFIC SIGNAL AT ATLANTIC BOULEVARD & BRANT BOULEVARD INTERSECTION: Vice Mayor Shimp asked if the traffic signal could be removed from the punch list since the city had done everything they could do about having one installed. City Manager Linn responded that the traffic signal was now left up to the Department of Transportation.

Jarboe Park Improvement

JARBOE PARK IMPROVEMENT: City Manager Linn explained that the architect was expected to present drawings for the Jarboe Park improvements this month.

Kings Road Bridge

KINGS ROAD BRIDGE REPLACEMENT: Vice Mayor Shimp asked if this item could be removed from the Punch List.

- Bike Path / Penman Road** BIKE PATH – PENMAN ROAD: City Manager Linn advised that Sally Rosier with the Department of Transportation was expecting to have the plans completed in January.
- Naval Air Show** NAVAL AIR SHOW: Vice Mayor Shimp asked that the City Manager's punch list clarify that the Air Show was placed on the T.V. Trust Fund as a one time only expense.
- Media One/AT&T** MEDIA ONE / AT&T CABLE BOXES: Councilor Pruette requested the City Manager stay abreast on the Media One/AT&T cable box problems that would be discussed later tonight.
- Request for removal of items from punch list** CITY MANAGER'S REQUEST FOR REMOVAL OF ITEMS FROM HIS PUNCH LIST: City Manager Linn asked Council for a consensus to remove the Kings Road bridge replacement, the traffic signals, and the shuttle trolleys from his punch list.
- Consensus: **TO REMOVE THE KINGS ROAD BRIDGE REPLACEMENT, THE TRAFFIC SIGNALS AND THE SHUTTLE TROLLEYS FROM THE CITY MANAGERS PUNCH LIST.**
- Short Term Rentals** SHORT TERM RENTALS: Councilor Patronik inquired as to why short term rentals had been removed from the City Manager's punch list. City Manger Linn responded that short term rentals were part of the Land Development Regulations and the problem had resolved itself because the property in question had been sold and was currently being developed into a single family dwelling.

PROPOSED ORDINANCES/NONE

CONTRACT/AGREEMENTS

- Solid Waste & Recycling** SOLID WASTE & RECYCLING COLLECTION CONTRACT WITH BFI: City Manger Linn explained that the solid waste collection contract would expire on May 31, 2001, and a new one needed to be in effect by June 1, 2001. Mr. Linn recommended acceptance of the low bid from Brown, Ferris, Industry's. Mr. Linn added that totor's for each resident had been included in the proposal and recommended not accepting that option. Mr. Linn stated further that he and Finance Director Steve Ramsey would recommend new rates before June 1, 2001.
- Vice Mayor Shimp suggested looking at the bid from Superior because it lowered residential rates and raised commercial rates instead of increasing rates across the board.
- Legal Opinion** City Attorney White advised that by statutory obligation the City was required to take the lowest most responsible bid. Mr. White offered to research and present to Council if a bid would be acceptable if it was lower for residential as opposed to commercial.
- City Manager Linn added that in addition to the 10% franchise fee the contract included Monday pick up of yard waste and a donation to a holiday Christmas lighting program.
- Pilot Program** Vice Mayor Shimp asked about the large containers that were out at the city yard. City Manager Linn explained they were for a pilot project to replace the blue commercial boxes throughout the city and could not be used because the trucks were unable to lift the boxes out of the ground.
- Mr. Linn was asked to place this item on his punch list.
- Change Orders/** CHANGE ORDERS FOR HARCON ENTERPRISES IN THE AMOUNT OF \$99,003: City

Harcon Enterprises Manager Linn explained that the contractors had submitted a change order in the amount of \$99,003, for various work performed due to the difficulties they encountered with the bore and jacks under A1A. Mr. Linn stated the amount of the change order included sheet piling that was required by the Department of Transportation which the contractor had not included in his bid. Mr. Linn added he was not ready to make a recommendation and suggested moving the issue to a separate workshop.

A lengthy discussion ensued.

A separate workshop was suggested for discussion of this problem.

COMMENTS FROM THE PUBLIC

Public Comments Former Vice Mayor & Councilor Ed Jones, 200 First Street, felt a 10% salary increase for the City Clerk was appropriate. Mr. Jones also urged council members to spend time with the contractors and the City Manager to become more knowledgeable about the sewer project.

Joe Demato, 249 Florida Boulevard, stated the residents on the corner of Third Street and Florida Boulevard had been deeply impacted and inconvenienced by the sewer project and were concerned about the length of time and cost of the project.

Former City Councilor & Vice Mayor Tom Tankersley, 1038 Kings Road, stated the previous council, in which he was part of, was told that the gravity system would work and he felt the contractors should be held responsible. He felt the city should abandon the Hopkins Creek property to the adjacent property owners because the city wasn't using it. Mr. Tankersley supported a 5% increase in the City Clerk's salary and also felt something should be done about the loose cable wires and boxes throughout the city.

David Baker, 1102 First Street, stated that as a business man if he hired a consultant he would expect the consultant to know what he was doing and the contractors selected should have been reviewed and qualified by the consultant. He thought the consultant and the contractor should be reconsidered. Mr. Baker also felt that the city should not be divided by naming east of Third Street "Seaside". Mr. Baker stated he had witnessed city employees cleaning up after the Media One/AT&T Broadband installation.

Lynda Padrta, 1113 First Street, preferred a garbage contract that would provide a financial break for the citizens shifting the higher expense to the businesses. Ms. Padrta added she had spoken with the cable company and they had not responded in the last year. She also felt that east of Third Street should not be named "Seaside".

ISSUE DEVELOPMENT

Tuition
Reimbursement
Program **REPAYMENT OF TUITION REIMBURSEMENT & CHANGE IN PERSONNEL POLICY:**
City Manager Linn presented a change to the personnel policy that the previous council had requested him to prepare during the budget preparation. The new policy would provide employees who received a reimbursement for tuition and left employment with the city would be required to repay 100% within one year and 50% within two years of the moneys having been received.

Consensus: **TO FORWARD THE PERSONNEL POLICY CHANGE REQUIRING TUITION REIMBURSEMENT TO THE FEBRUARY AGENDA.**

- Resolution No. 2001-03 RESOLUTION NO. 2001-03, STATE REVOLVING FUND FOR PHASE 1 B&C WATER PROJECT: City Manager Linn explained Resolution No. 2001-03 would authorize funding in the amount of \$211,033 for Phase 1 B&C of the water project and needed to be passed before February 5, 2001. Mr. Linn added the loan agreement needed to be executed by March 31, 2001.
- Consensus: **TO FORWARD RESOLUTION 2001-03, STATE REVOLVING FUND FOR PHASE 1 B&C WATER PROJECT TO THE FEBRUARY REGULAR CITY COUNCIL MEETING CONSENT AGENDA.**
- Resolution No. 2001-02 RESOLUTION NO. 2001-02, SETTING SALARY FOR THE CITY CLERK: Mayor Brown explained that Resolution No. 2001-02 called for a 5% increase in the City Clerk's salary. Discussion ensued over the percentage. A majority of council agreed on 5%.
- Consensus: **TO FORWARD RESOLUTION 2001-02, SETTING THE CITY CLERKS SALARY TO THE FEBRUARY REGULAR CITY COUNCIL MEETING CONSENT AGENDA.**
- Resolution No. 2001-04 RESOLUTION NO. 2001-04, SUPPORT FOR FLORIDA DEFENSE ALLIANCE – LEGISLATION TO CONTROL PAYDAY LOAN COMPANIES: Mayor Brown stated that Resolution No. 2001-04 called for legislation to control the payday loan companies.
- Consensus: **TO FORWARD RESOLUTION 2001-04, SUPPORTING FLORIDA DEFENSE ALLIANCE TO THE FEBRUARY REGULAR CITY COUNCIL MEETING CONSENT AGENDA.**
- Cable/Phone Boxes CONDITION OF CABLE/PHONE BOXES IN THE CITY: Councilor Pruette stated her concern about the city's liability of the loose cable wires and cable boxes left by Media One/AT&T Broadband throughout the city. Ms. Pruette added that Anne Murphy of AT&T Broadband had been contacted about the problem and nothing had been done in response. Ms. Pruette asked City Attorney White to look over the franchise agreement that was signed in 1992 to see if it could be renegotiated and asked that this item be placed on the February workshop agenda. Ms. Pruette suggested that the City Manager speak with Anne Murphy on a weekly basis. City Manager Linn stated that he would like a list of each cable location so his office could track each problem as it arose. Council also discussed the expenses that the city had incurred for street sweeping, sewer backups, cut water lines, and pipes, that were caused by the new cable installation.
- Truck Parking at Shopping Centers TRUCK PARKING AT SHOPPING CENTERS: Vice Mayor Shimp stated tractor trailers that had been parking in the shopping center parking lots were an eyesore and were not being ticketed. City Attorney White advised the law placed the obligation on the property owner. Vice Mayor Shimp stated the city had an ordinance in place to ticket them. City Manager Linn responded that the ordinance was for residential property only. Councilor Pruette suggested getting a letter from the owners of the lots allowing permission to ticket the parked tractor trailers. City Manager Linn responded that we currently had a letter from the property owner that allowed us to ticket them. Mayor Brown asked City Attorney White to review the problem.
- Council Goals DISCUSSION OF GOALS OF COUNCIL: Councilor Pruette offered to forward this to the February workshop meeting.
- Consensus: **TO FORWARD DISCUSSION OF COUNCIL GOALS TO THE FEBRUARY WORKSHOP MEETING.**
- Public Survey PUBLIC OPINION SAMPLING SURVEY OF RECREATIONAL VEHICLE PARKING: City

Manager Linn explained he would like to survey every 20th water customer on the limits of parking recreational vehicles on private property. Councilor Pruette suggested replacing the Cast a Line Newsletter one month with the survey and adding your street, with the name, address, and phone number optional to the sample survey. Chief Brandt offered the use of the auto dialer for notifying citizens of the survey. A citizen suggested the city provide RV parking for the residents that already owned one. Councilor Crout asked for advice from the City Attorney on enacting an ordinance that would change the use of property after it had purchased. City Attorney White advised that it could be done and was done all over the country.

Consensus: **TO WORK ON A WIDER DISTRIBUTION OF THE SURVEY ON LIMITING RECREATIONAL VEHICLE PARKING.**

Town Center
Maintenance
Agreement

MAINTENANCE AGREEMENT CONTRACT – TOWN CENTER: City Manger Linn stated a tri-party maintenance agreement between Atlantic Beach, the City of Jacksonville, and Neptune Beach had been approved to maintain the Town Center improvements. Mr. Linn added that as our share of the invoices was received they would come to council for approval to be paid for out of the contingency fund. Mr. Linn also stated the agreement did not include the trimming of the palm trees.

Recess/Reconvene

Mayor Brown called for a recess at 8:55 p.m. and reconvened the meeting at 9:05 p.m.

Fire Engines

FIRE ENGINES: Vice Mayor Shimp suggested that the city surplus the old fire truck.

Consensus: **TO FORWARD THE SURPLUS OF THE FIRE TRUCK TO THE FEBRUARY REGULAR MEETING.**

Hopkins Creek

HOPKINS CREEK RESIDENTS PETITION FOR CITY ABANDONMENT OF LAND: Discussion ensued about a petition to abandon the Hopkins Creek property and deed it to the adjacent homeowners.

Consensus: **TO PREPARE AN ORDINANCE FOR ABANDONING THE HOPKINS CREEK PROPERTY FOR FIRST READ AT THE FEBRUARY REGULAR MEETING.**

Greenscape
Partnership

REQUEST FOR SPONSORSHIP OF GREENSCAPE PARTNERSHIP – 2ND ANNUAL BEACHES TREE SALE: Mayor Brown stated that he had received a letter from Greenscape requesting to sponsor the 2nd Annual Beaches Tree Sale and asked for consideration of a \$500 donation. Discussion ensued and the sponsorship was not favored.

Building Permits

BUILDING PERMITS – PLAN REVIEWS: Council discussed the timing required for plan reviews and permitting. City Manger Linn stated that plan reviews and inspections had been budgeted to be contracted out when there was a backlog in the building department.

Seaside Division

SEASIDE – SEPARATE DISTRICT FOR AREA EAST OF THIRD STREET: Mayor Brown suggested the idea of naming the east side of Third Street “Seaside” because of the significant differences in property sizes. Council discussed the possibility.

Recording System

REQUEST TO REPLACE THE COUNCIL MEETING RECORDING SYSTEM: City Clerk Lisa Volpe stated that the recording system used to record council meetings was purchased in 1984 and could no longer be fixed due to no parts being manufactured. Ms. Volpe asked the council to approve the purchase of new recording system in the amount of \$2,845.

Consensus: **TO FORWARD THE PURCHASE OF THE NEW RECORDING SYSTEM
TO THE FEBRUARY REGULAR MEETING.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Former Councilor and Vice Mayor Tom Tankersley, 1038 Kings Road, commented that the media had reported that the water rates in Neptune Beach had increased 45% and clarified that there had been two 10% increases and there would be another 25% increase. Mr. Tankersley felt it would be nice if Media One/AT&T Broadband had a landscape company to clean up after them. He stated if the Planning & Development Review Board had approved the shopping center parking lots for car parking than the tractor trailer trucks were in violation of the code. Mr. Tankersley added that because Neptune Beach was a smaller city we should only be asked to sponsor a prorated share of events such as Greenscape.

Adjournment

There being no further business, the meeting adjourned at 9:48 p.m.

Dick Brown, Mayor

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Code Enforcement

Vice Mayor Shimp stated he had received a complaint from the owner of Tangerine Apartments about non-enforcement of the parking ordinance. Mr. Shimp asked that this

issue be placed on the Workshop Agenda.

Town Center Cleanup	Vice Mayor Shimp stated he had observed pieces of glass on the sidewalk outside of Papa Joe's on a Friday evening. Mr. Shimp requested this issue be placed on the Workshop Agenda.
Code Enforcement	Councilor Pruette requested that a discussion of code enforcement be included in the Workshop Agenda.
Dogs on Beach	Mayor Brown proposed that the ordinance restricting the hours dogs were allowed on the beach be reviewed at the workshop meeting.
Legislative Action Day	City Clerk Lisa Volpe advised council members to contact the Clerk's office if they were interested in attending Legislative Action Day.
February Workshop	City Clerk Lisa Volpe informed the council that the regularly scheduled Workshop Meeting for February would fall on Presidents' Day and that City Hall would be closed. Ms. Volpe requested that the Workshop Meeting be moved to February 26, 2001.

CITY MANAGER REPORTS

FL League of Cities Meeting	City Manager Linn stated the Northeast Florida League of Cities meeting would be held in Starke this month and asked council members to contact his office if anyone would like to attend.
Sexual Assault	City Manager Linn reported the media had misinformed the public on two issues involving the sexual assault that occurred on First Street. Mr. Linn stated the media reported that the perpetrator was hiding in the bushes at Oleander Street when in fact he was not. Mr. Linn added the other misinformation to the public was that our police department did not offer counseling to the victim through the Rape Victim Advocacy when in fact it was offered and recommended by the police department on two occasions and declined by the victim both times.

COMMENTS FROM THE PUBLIC

Public Comments	Steve Rosenbloom, 1417 Beach Ave., Atlantic Beach, explained the goal of Greenscape was to preserve the tree canopy and the flowering tree sale was the only means of funding. Mr. Rosenbloom asked council to reconsider sponsoring the sale.
-----------------	--

Moved by Crout, seconded by Pruette.

Motion: **TO NAME GREENSCAPE AS A SPONSORED EVENT.**

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Leslie Karlin, 1506 Spindrift Circle, asked if any action had been taken on her request to redecorate the council chambers with artwork of students from the local schools. City Manager Linn answered that her suggestion had been taken into consideration. Ms. Karlin felt that a member of the Code Enforcement Board should be present at workshop meetings that involved code enforcement discussions. Ms. Karlin was also concerned about the increase in Neptune Beach businesses that had been going out of business and suggested forming an ad hoc committee to advise new businesses.

Edward Lane, 1735 Beach Avenue, Atlantic Beach, attorney retained by South Coast

Capital Partnership to address the development order concerning 200 First Street stated that the current parking situation at 200 First Street was inadequate and requested denial of the development order on behalf of South Coast Capital.

Jo Anne Waddill, 115 Oleander Street, was concerned about the hedges on the corner of Oleander and asked the City Manager when they would be trimmed. City Manager Linn responded that Building Official Dan Arlington had sent out a letter informing the property owner to comply by February 8, 2001, by either removing or trimming the hedges to the 4-foot requirement. Mr. Linn added that if he did not comply before the deadline, the city would take care of it.

A lengthy discussion ensued.

Moved by Crout, seconded by Pruette.

Motion: **TO INSTRUCT THE CITY MANAGER TO BRING THE HEDGES AT THE OLEANDER STREET END UP TO CODE WITHIN 15 DAYS.**

Legal Advice

City Attorney White cautioned council that the issue needed to go through the Code Enforcement Board.

Amended Motion: **CHANGE THE MOTION TO REMOVE THE HEDGES.**

Legal Advice

Mayor Brown asked City Attorney White if it was appropriate to make a motion during a public hearing. City Attorney White advised if the council was going to take formal action that it should be on the agenda to allow the public to speak for or against it.

MOTION WITHDRAWN

Steve Leitman, 1820 Strand Street, was concerned about the safety at the Oleander Street end. He felt the hedges blocked the line of sight for approaching traffic and someone was going to get hurt.

Harriet Christovich, 110 Seagate Ave, felt that the south end of First Street needed to be cleaned up and should be sufficiently marked to alert drivers that they cannot get through to the other end because of the barricades.

Steve Leitman, 1820 Strand Street, asked if the Adopt-A-Street End program gave Ms. Waddill permission to maintain the bushes at the Oleander Street end. City Manager Linn answered no, that the trimming of the bushes was the responsibility of the city. Mr. Linn explained that the Adopt-A-Street End program was a program that the Ish Brant Beautification Committee brought to Council requesting to adopt public areas under certain terms and agreements. Mr. Linn added that Mr. Steel, owner of the property in question, had also requested to adopt that street.

On the Record Councilor Pruette asked on the record what the city was going to do concerning the problem with the overgrown hedges at the end of Oleander Street. City Manager Linn responded that Building Official Dan Arlington had written a letter to Mr. Steel, owner of the property, allowing him until February 8, 2001, to comply with the city code. Mr. Linn added if he did not comply with the code that the city would trim it down to the 4' maximum or eliminate the hedge entirely.

Lynda Padrta, 1113 First Street, stated that she would like to see the bushes at the end of Oleander Street be cut down completely and asked council not to approve the development order for 200 First Street.

David Baker, 1102 First Street, felt the City Manager should be able to maintain the city

codes without direction from the council.

Kristie Pecci, 5419 Basque Court, Jacksonville, property manager for the owner of the parking lots in Town Center, stated the parking lots were maintained strictly for patrons of their tenants. Ms. Pecci urged council to deny the new development order for 200 First Street due to the inadequate parking that currently existed at the property. Ms. Pecci added that because of the problem the parking lot owner was considering installing paid parking.

CONSENT AGENDA

Resolution No. 2001-02 RESOLUTION NO. 2001-01, SETTING THE SALARY FOR THE CITY CLERK: A RESOLUTION INCREASING THE SALARY OF THE CITY CLERK OF NEPTUNE BEACH.

Resolution No. 2001-03 RESOLUTION NO. 2001-03, APPROVAL OF STATE REVOLVING LOAN APPLICATION: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA, RELATING TO THE STATE REVOLVING FUND LOAN PROGRAM; MAKING FINDINGS; AUTHORIZING THE LOAN APPLICATION; AUTHORIZING THE LOAN AGREEMENT, ESTABLISHING PLEDGED REVENUES; DESIGNATING AUTHORIZED REPRESENTATIVES; PROVIDING ASSURANCE; PROVIDING FOR CONFLICTS, SEVERABILITY, AND EFFECTIVE DATE.

Resolution No. 2001-04 RESOLUTION NO. 2000-04, SUPPORT OF FLORIDA DEFENSE EFFORT FOR STATE LEGISLATION: A RESOLUTION OF THE CITY OF NEPTUNE BEACH SUPPORTING REGULATION OF CHECK CASHING OUTLETS, CASH ADVANCE OFFICES AND PAYDAY LOAN COMPANIES.

Moved by Shimp, seconded by Pruette.

Motion: **TO APPROVE THE CONSENT AGENDA AS STATED.**

MOTION CARRIED

VARIANCES/NONE

ORDINANCES / NONE

OLD BUSINESS

Harcon Enterprises Change Order CHANGE ORDER #1, HARCON ENTERPRISES, INC. FOR \$99,003.11: City Manager Linn stated he had spoken with PBS&J Engineer Jim Miller, Public Safety Director John Galen and consulted with City Attorney Chris White about the change order and he felt that it was justified. Mr. Linn recommended payment of change order #1 to Harcon Enterprises for \$99,003.11.

Legal Advice Mayor Brown asked City Attorney White for his comments. City Attorney White responded that the Director of Public Works and the City Manager felt it was appropriate. Mr. White stated that there was no way to know if sheet piling had been included in the bids because they were not broken down. Mr. White felt that it was appropriate for the contractor to ask for the change order and it was up to the council to grant it.

Councilor Patronik felt that the contractors had plenty of time to find out what the

requirements were before they bid on the project. Mr. Patronik added that it could not be determined that the cost of the sheet piling was not in the contractor's bid that if we agreed to pay the change order we could be paying double. Mr. Patronik felt that Neptune Beach was not at fault and the change order was not justified.

Councilor Pruette commented that she agreed with Councilor Patronik and that council had discussed the issue at the Workshop Meeting held January 22, 2001, and it was agreed that the change order would not be voted on until after a separate Workshop was held for further discussion.

Councilor Crout agreed with Councilor Pruette about holding a separate workshop.

Vice Mayor Shimp felt it was inappropriate to bring up the change order and asked why it was put on the agenda.

Councilor Patronik added that the change order was to be the only issue on the Workshop Agenda.

Mayor Brown stated that after the trip to Englewood, if everyone felt they were ready, a date would be set for a Workshop Meeting.

City Manger Linn stated that Harcon had requested the change order to be placed on the agenda.

Consensus: **TO HOLD A SEPARATE WORKSHOP TO DISCUSS THE CHANGE ORDER FROM HARCON.**

NEW BUSINESS

Tuition
Reimbursement

AMENDMENT TO PERSONNEL POLICY – REPAYMENT OF TUITION: Councilor Pruette commented that she preferred 100% repayment as opposed to the 50% requirement after two years.

Moved by Crout, seconded by Patronik.

Motion: **TO ADOPT THE AMENDMENT TO THE PERSONNEL POLICY REQUIRING TUITION REIMBURSEMENT.**

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

MOTION CARRIED

Board Appointments

RESOLUTION NO. 2001-05: RESOLUTION REAPPOINTING BOARD MEMBERS TO THE BOARD OF APPEALS, THE CODE ENFORCEMENT BOARD, AND THE PLANNING AND DEVELOPMENT REVIEW BOARD: City Clerk Lisa Volpe explained that Resolution No. 2001-05 re-appointed Donald White to serve on the Board of Appeals, re-appointed William Weldon to serve as an alternate on the Code Enforcement Board and, re-appointed Marsha Jawitz to serve on the Planning & Development Review Board. Ms. Volpe added that Mr. Whitmire did not wish to be reappointed to the Planning & Development Review Board.

Moved by Crout, seconded by Pruette.

Motion: **TO ADOPT RESOLUTION NO. 2001-05.**

Moved by Crout, seconded by Pruette.

Amendment: **TO AMEND RESOLUTION NO. 2001-05 TO ELIMINATE MR. BILL WHITMIRE JR.**

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

City Clerk Lisa Volpe added that there was an opening on the Board of Appeals for one alternate and one regular, an opening for one alternate on the Code Enforcement Board, and openings for one alternate and one regular on the Planning & Development Review Board. Ms. Volpe informed that applications were in her office if anyone would like to serve.

Hopkins Creek

ABANDONMENT OF PROPERTY ON HOPKINS CREEK: City Manger Linn stated that the newspapers had reported that council would be considering an ordinance for the abandonment of certain property on Hopkins Creek. Mr. Linn added that he had not received the legal description of the property and that it would be ready for first read in March.

1415 Atlantic
Boulevard

DEVELOPMENT ORDER – 1415 ATLANTIC BOULEVARD: There was no discussion.

Moved by Crout, seconded by Shimp.

Motion: **TO ADOPT THE PLANNING & DEVELOPMENT REVIEW BOARD'S
RECOMMENDATION FOR THE DEVELOPMENT ORDER AT 1415
ATLANTIC BOULEVARD.**

MOTION CARRIED

200 First Street

DEVELOPMENT ORDER – 200 FIRST STREET: Edward S. Jones, owner and applicant of 200 First Street, explained his request for the approval of the following four items;

- 1) Storage efficiency apartment over the garage for a security person to live in,
- 2) A variance allowing the existing windows in the garage,
- 3) Allowing new tenants to move in as long as the parking was completed within 60 days and,
- 4) Construction of a 961-sq. ft. building that was not in the original plans.

Mr. Jones added that the Planning & Development Review Board had recommended approval of his requests except for the new building.

Moved by Pruette, seconded by Patronik.

Motion: **DENY THE RECOMMENDATION OF THE PLANNING &
DEVELOPMENT REVIEW BOARD.**

Roll Call Vote:

Ayes: 1 – Pruette

Noes: 4 – Crout, Patronik, Shimp, Brown

MOTION NOT CARRIED

Moved by Shimp, seconded by Crout.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 200 FIRST STREET
WITH THE FOLLOWING CONDITIONS OF THE WHOLE
RECOMMENDATION OF THE PLANNING & DEVELOPMENT REVIEW
BOARD ALONG WITH THE RESTRICTIONS:**

- 1) **AUTHORIZE THE APARTMENT/STORAGE WITH THE
DEED RESTRICTION THAT THE SPACE CANNOT BE
USED FOR RETAIL. IT CAN BE USED FOR STORAGE OR
RESIDENTIAL SPACE:**
- 2) **AUTHORIZE WINDOWS ON THE WEST WALL OF THE
PARKING GARAGE IF THEY CAN FIND A MEANS OF
COMPLYING WITH THE ONE-HOUR FIRE CODE THAT
RELATES TO PARKING GARAGES:**

- 3) DO NOT APPROVE THE CONSTRUCTION OF SUITE "E" OR BUILDING "E", AS IT IS DEPICTED:
- 4) AND THAT WE AUTHORIZE OCCUPANCIES PERMITS FOR THE ADDITIONAL OFFICES IN BUILDING "A" & "B" IMMEDIATELY RATHER THAN WAITING FOR THE COMPLETION OF PARKING GARAGE:
- 5) THAT WE ALSO ENCOURAGE THE LAND OWNER TO DEVELOP LANDSCAPING AND PARKING THAT IS THEREFORE OPENED UP IN THE ABSENCE OF SUITE "E" AND TO MAKE AN OFFICIAL FLOW OF TRAFFIC IN AND OUT OF THAT DRIVEWAY:
- 6) PARKING GARAGE TO BE COMPLETED WITHIN 60 DAYS OR REASONABLE TIME THEREAFTER:
- 7) ADD THREE PARKING SPACES ON-SITE.

Roll Call Vote:

Ayes: 4 – Crout, Patronik, Shimp, Brown

Noes: 1 – Pruette

MOTION CARRIED

218 First Street

WAIVER OF PARKING – 218 FIRST STREET: Councilor Pruette believed a special exception clause should be added to have the Building Official review the request the request once a year in February. Councilor Crout advised that the motion was only for the parking and did not involve the tent.

Moved by Shimp, seconded by Crout.

Motion: TO APPROVE THE WAIVER OF PARKING FOR 218 FIRST STREET.

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

PUBLIC COMMENTS

Public Comments

Jo Anne Waddill, 115 Oleander Street, asked what was the final outcome of her request about the bushes at Oleander Street end. Mayor Brown answered that council did not need to take action at this time and her request would be fulfilled.

Vice Mayor Robert D. Shimp
Councilor Ronald Patronik
Councilor Harriet Pruette
Councilor J. W. "Buddy" Crout
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Finance Director Steve Ramsey
Building Official Dan Arlington
Public Works Director John Galen
Animal Control Officer John Webber
Customer Service Representative Denise Helms

ABSENT:

City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee had received the permit to plant palm trees and wild flowers in the A1A/Third Street medians and they were going to wait until the irrigation was installed before planting them. Mr. Linn added that the committee was also waiting on the design of the bike path on Florida Boulevard, working on the Yard of the Month, and looking at enhancing the intersection of First and Seagate.

Easter Egg Hunt

ANNUAL EASTER EGG HUNT 2001: City Manager Linn reported that this year's Easter Egg Hunt would be held on Friday, April 13, 2001 and the Police Department volunteered to coordinate it.

Councilor Pruette thanked Candy Sullivan, who was in the audience, for her efforts in coordinating the Easter Egg Hunt for over ten years. City Manager Linn also thanked Ms. Sullivan.

CITY MANAGERS PUNCH LIST

**Jarboe Park
Improvement**

JARBOE PARK IMPROVEMENT: City Manager Linn stated Goddard Design would be at the March 5, 2001, Regular Council Meeting to give a presentation on the Jarboe Park

Improvement designs.

Roadway between Shopping Centers	<u>ROADWAY BETWEEN SHOPPING CENTERS:</u> City Manager Linn stated he had received a letter of commitment for \$20,000 from one of the shopping centers last October.
Bike Path	<u>FLORIDA BOULEVARD BIKE PATH:</u> City Manager Linn stated that he was still waiting on the design plan for the Florida Boulevard Bike Path.
Underground Containers	<u>UNDERGROUND GARBAGE CONTAINERS:</u> City Manager Linn mentioned that the BFI contract was on the agenda and the underground containers were identified in the contract.
Naval Air Show	<u>NAVAL AIR SHOW:</u> City Manager Linn stated that the Interlocal Agreement for the Naval Air & Sea Show was on the agenda to be discussed.
AT&T/Broadband	<u>AT&T/BROADBAND CLEAN UP OF CABLES:</u> City Manager Linn stated he had been notifying AT&T of the loose cable wires in writing and they had been correcting the problems.

PROPOSED ORDINANCES

Cross Connectors	<u>ORDINANCE REGULATING CROSS CONNECTIONS:</u> City Manager Linn explained that the Florida Administrative Code Chapter 62-555.330 and 62-555.360 required each municipality to regulate cross connections and backflow preventions with its public water supply. Mr. Linn added that the Backflow Prevention Policy had been in place since 1992 and the Ordinance was needed to back it up. Director of Public Works John Galen explained that the program insured that where there was a lawn meter for an irrigation system attached to a water supply the backflow prevented the water from the sprinkler system from getting sucked back into the drinking water supply.
------------------	--

Councilor Shimp agreed to sponsor the Ordinance and Councilor Crout agreed to be the co-sponsor.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING
CONSENT AGENDA.**

Dogs Beach Hours	<u>ORDINANCE CHANGING THE HOURS ALLOWING DOGS ON THE BEACH:</u> Mayor Brown stated he had received a letter from a citizen suggesting extending the hours that dogs are allowed on the beach during the non season hours.
------------------	---

The council members discussed the following issues:

1. dogs defecating on the beach,
2. dogs on the beach without a leash,
3. dogs not having city pet tags, and
4. increasing the amount of the animal violation citations.

Animal Control Officer John Webber explained the process of collecting the citation fees.

There was no consensus to move forward on this issue.

Green Market	<u>ORDINANCE CHANGING THE HOURS OF OPERATION OF THE GREEN MARKET:</u> City Manager Linn stated he received a letter from the Planning & Development Review Board recommending changing the hours of operation of the Green Market to 10:00 a.m. to 2:00 p.m. Mr. Linn felt the council should extend the permitted hours by ordinance and allow the Board to establish the seasonal hours of operation.
--------------	---

Councilor Pruette agreed to sponsor the Ordinance and Councilor Crout agreed to be the co-sponsor.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING.**

CONTRACT/AGREEMENTS

Garbage Collection **GABAGE COLLECTION CONTRACT TO BFI:** City Manager Linn stated the bid from BFI was \$67,000 lower than the others and recommended the approval of the garbage collection contract with BFI.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING
CONSENT AGENDA.**

Air & Sea Show
Interlocal Agreement **INTERLOCAL AGREEMENT FOR JOINT SPONSORSHIP OF THE AIR & SEA SHOW:** City Manager Linn stated that following discussions with the Steering Committee and the Chief of Special Events for the City of Jacksonville a consensus was reached on the proposed interlocal agreement for joint sponsorship of the Air & Sea Show. Mr. Linn added that the agreement spelled out the duties and responsibilities of everyone involved and recommended approval of this agreement.

For the Record Vice Mayor Shimp stated for the record that the \$10,000 contribution from Neptune Beach was a onetime kick off contribution only.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING.**

Air & Sea Show
Consulting Agreement **AIR & SEA SHOW CONSULTING AGREEMENT:** City Manager Linn stated the Executive Steering Committee of the Air Show selected Aerial Entertainment Resources, Inc., to provide the consulting services for the show and recommended approval of the agreement.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING.**

City Managers Car **REPLACEMENT OF CITY MANAGERS VEHICLE:** City Manager Linn explained he had received a proposal in the amount of \$6,840 from Garber Country Chevrolet for a brand new 2001 Chevrolet Impala that included the trade in value of four police vehicles and the surplus fire truck. Mr. Linn recommended approval of the proposal for the purchase of the Impala for use by the City Manager.

Consensus: **FORWARD TO THE MARCH REGULAR CITY COUNCIL MEETING.**

ISSUE DEVELOPMENT

Harcon Change Order **SETTING A DATE FOR WORKSHOP FOR CHANGE ORDER #1:** Council discussed payment of the change order from Harcon for the sheet piling required by Florida Department of Transportation that was not included in their bid.

Consensus: **TO HOLD A SPECIAL WORKSHOP MEETING TO DISCUSS THE
CHANGE ORDER FROM HARCON BEFORE THE REGULAR CITY
COUNCIL MEETING ON MONDAY, MARCH 5, 2001, BEGINNING AT
6:00 P.M.**

Mayor Brown asked the Council if anyone would like to accompany him along with Jim Miller, City Manager Linn, and John Galen, on a trip to explore the pipe bursting technology in Jacksonville either Thursday or Friday afternoon.

- Parking Enforcement ENFORCEMENT OF PARKING ORDINANCE: Vice Mayor Shimp stated that Mr. Linn advised that property owners should call Chief Brant when unauthorized vehicles were parked on their private property. Vice Mayor Shimp added that the Florida League of Cities was working on an ordinance that would enforce the unauthorized parking in parking lots.
- Town Center
Clean Up TOWN CENTER CLEAN UP: Vice Mayor Shimp felt that Town Center merchants should take some responsibility for the clean up around and in front of their establishments. Mayor Brown stated that he would be chairing the next Project Oversight Committee Meeting and he would bring up the issue.
- Goal Setting DISCUSSION OF COUNCIL GOALS: Councilor Pruette stated the goals she would like to accomplish were; 1) Land Development Regulations, 2) working on the Budget earlier this year, 3) replacing faded street signs, 4) repairing pot holes and, 5) trimming tree limbs hanging over the sidewalks.
- Mayor Brown suggested future special events and programs such as flags being sold at City Hall for citizens to display on flag days and a Community Watch Program.
- Councilor Crout wanted to work on a solution for the water & sewer problems, water pressure, and take action on one ordinance at a time in order to improve the code.
- Councilor Patronik felt the codes, the water & sewer project, signs, sidewalks, and street resurfacing needed to be addressed.
- Vice Mayor Shimp felt that the water & sewer project was the most pressing issue and that the water pressure, land use codes, budget, and traffic control needed to be improved.
- Code Enforcement DISCUSSION OF CODE ENFORCEMENT ISSUES: Councilor Pruette suggested that the city come up with a better way of tracking code enforcement complaints. City Manager Linn recommended using the civic tracker software that his office used for various other complaints.
- Cable TV Franchise DISCUSSION OF CABLE TV FRANCHISE: Councilor Pruette stated that City Attorney White and City Manager Linn were in the process of seeing if the Cable TV Franchise contract could be renegotiated.
- Beaches Park Project BEACHES PARK PROJECT: Mayor Brown stated that the Beaches Park Project for Kids was asking for a donation of \$10,000 to be shared by the beaches cities. Discussion ensued about donating a pro rata share instead of 1/3 of the cost and donating to a project that was not within our city. City Manager Linn stated that he would allow the employees to volunteer to help with the project.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Steve Hould, 111 Walnut Street, was pleased that the council was proceeding to continue to review the Land Use Codes.

Tom Tankersley, 1038 Kings Road, agreed that the Land Development Regulations needed to continue. Mr. Tankersley stated that AT&T/Broadband's contract was for cable only and did not include computer lines. Mr. Tankersley suggested that unleashed dogs be picked up by animal control and have the owner pay a fee to get them out. Mr. Tankersley stated although BFI provided side yard pick up for garbage, people were still putting their cans out front to avoid the scattering of stuff

all over the yard. Mr. Tankersley was tired of seeing Neptune Beach pay the same amount as the other cities and felt we should only pay a pro rata share. Mr. Tankersley was concerned why \$64,000 was included in Harcon's bid if they didn't know about the sheet piling. Mr. Tankersley also was concerned about the beer bottles coming out of the restaurants and bars at Town Center and felt that the merchants should be cleaning them up.

JoAnne Waddill, showed the council a butterfly plague and stated there would be six more of them all to be placed throughout the Butterfly Garden in Jarboe Park.

Lynda Padrta, 1113 First Street, stated that she was terrified of the dogs at large on the beach. Ms. Padrta suggested placing dog poop bag stations at the street ends and having a list of rules given to new residents whenever they applied to have their water turned on. Ms. Padrta asked council to consider having the citizens that are caught not cleaning up after their dogs or allowing them to run at large do some community service by cleaning up poop throughout the city. Ms. Padrta added that Massachusetts had a deposit and refund system for bottles and cigarette butts and thought maybe we could do something similar. Ms. Padrta also stated that AT&T/Broadband had not repaired the damage to her property or responded to her letter.

Cecilia Adams, 449 Lora Street, favored extending the hours that dogs were allowed on the beach. Ms. Adams added that she had lived in Neptune Beach since 1988 and was not aware of the licensing requirement for dogs.

Tom Tankersley, 1038 Kings Road, asked if the problem with the water pressure was serious enough that people had to worry about their homes burning down.

City Manager Linn responded that the pressure and the flow of the fire hydrants were audited annually.

JoAnne Waddill asked if the homeowners were aware of the fire hydrant situation.

John Webber, Animal Control Officer, responded that there were 180 fire hydrants in the city and informed that only 10% of the fire hydrants had a problem and most of them were putting out what they were supposed to and it was not a crisis situation.

Adjournment

There being no further business, the meeting adjourned at 9:45 p.m.

Dick Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
MARCH 5, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held March 5, 2001, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert Shimp
Councilor Harriet Pruette
Councilor Ronald Patronik
Councilor Buddy Crout
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Finance Director Steve Ramsey
Building Official Dan Arlington
Assistant to the Building Official Piper Turner

Order Call/Pledge

Vice Mayor Shimp called the meeting to order at 7:00 p.m. and asked Councilor Crout to led the Pledge of Allegiance. Vice Mayor Shimp presided over the meeting because Mayor Brown had a severe soar throat.

Agenda Changes

Vice Mayor Shimp requested that Change Order #1 from Harcon be placed on the consent agenda.

Consensus: **TO PLACE CHANGE ORDER #1 FROM HARCON ON THE CONSENT AGENDA.**

City Manger Linn asked to add the Jarboe Park Design Improvements to the agenda under City Manager Reports.

Consensus: **TO ADD THE JARBOE PARK IMPROVEMENT DESIGN TO THE AGENDA UNDER CITY MANAGER REPORTS.**

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

U.S.S. Roosevelt

City Manager Linn presented a plank from the USS Roosevelt to the City Council for support for the christening of the Roosevelt USS DDG80 on January 23, 1999 commissioned October 14, 2000.

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MINUTES AS STATED:**

FEBRUARY 5, 2001, REGULAR CITY COUNCIL MEETING

Moved by Pruette, seconded by Crout.

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

- Water Bills Councilor Pruette thanked Finance Director Steve Ramsey for taking care of a number of water bill disputes.
- Town Center Lighting Councilor Pruette stated the lighting at Town Center issue had already been solved by a letter of explanation from City Manager Linn that there would be lighting installed on top of the new street posts.
- Donations & Contributions Councilor Pruette asked City Attorney White for a legal opinion on donations and contributions outside of Neptune Beach.
- Trash on Florida Boulevard Councilor Patronik stated that he had a number of citizens contact him about trash on Florida Boulevard but it should be taken care of by the new contract with BFI.
- Legislative Action Day City Clerk Lisa Volpe advised council members to contact the Clerk's office if they were interested in attending Legislative Action Day.

CITY MANAGER REPORTS

- 1992 Bond Issue City Manager Linn stated he had received several proposals ranging from \$400,000 to \$700,000 from different bonding companies and agencies on the 1994 bond valued at 3,500,000. Mr. Linn advised that he would like to refinance that bond and receive proposals.
- Fact Finding Trip City Manager Linn reported that a manufacture of the sewer vacuum system had offered to reimburse the city for expenses to go Europe due to lack of experience in the united States. The trip is to examine the vacuum system technology that has been in place for 20 to 30 years. Mr. Linn added that Vice Mayor Shimp, Councilor Patronik, Jim Miller with PBS&J and himself would be going.
- For the Record Councilor Pruette stated that she would not be going and commented that she did not believe the elected officials should go. She felt it should be up to City Manger Mr. Linn, Public Works Director John Galen, and other city employees that would be doing the work.
- Jarboe Park City Manager Linn introduced Brett Goddard, landscape design architect. Mr. Goddard explained his plan and that he needed council approval to begin the bid process.

Consensus: **TO MOVE TO THE APRIL REGULAR MEETING CONSENT AGENDA**

COMMENTS FROM THE PUBLIC

- Public Comments Sheri Nicholson, 222 Oleander, asked council to reconsider sponsoring the Beaches Park Project for Kids.

CONSENT AGENDA

- Surplus **SURPLUS OF VEHICLES**

City Manager Vehicle PURCHASE OF SEDAN USING CONTINGENCY LINE ITEM

Air Show APPROVAL OF AIR SHOW INTERLOCAL AGREEMENT

Air Show APPROVAL OF AIRSHOW CONSULTANT CONTRACT

Solid Waste APPROVAL OF SOLID WASTE CONTRACT

Change Order APPROVAL OF CHANGE ORDER # 1 FROM HARCON ENTERPRISES

For the Record Councilor Pruette asked Mr. Linn to confirm on the record that regular trash and yard trash would be picked up on Mondays. Mr. Linn confirmed that was correct.

Moved by Crout, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA AS STATED.**

OLD BUSINESS

There was controversy over the Harcon Change Order being placed on the Consent Agenda.

For the Record Councilor Pruette stated for the record that she was against payment of the change order.

For the Record Councilor Crout stated for the record that the information he requested from Harcon was not furnished in order for him to make an intelligent decision.

Legal Advise City Attorney White advised to remove the Harcon Change Order from the consent agenda and place it back under old business and vote on it.

Consensus **TO REMOVE THE HARCON CHANGE ORDER #1 FROM THE CONSENT AGENDA AND CALL FOR A VOTE SEPARATELY.**

Harcon Enterprises Change Order CHANGE ORDER #1, HARCON ENTERPRISES, INC. FOR \$99,003.11: City Manager Linn stated he had spoken with PBS&J Engineer Jim Miller, Public Safety Director John Galen and consulted with City Attorney Chris White about the change order and he felt that it was justified. Mr. Linn recommended payment of change order #1 to Harcon Enterprises for \$99,003.11.

Moved by Shimp, seconded by Brown.

Motion: **TO APPROVE THE CHANGE ORDER FROM HARCON.**

Councilor Crout made a motion to amend the change order and pay \$12,267.50 that they billed for the electrical conduit that was not seconded.

Roll Call Vote:

Ayes: 3 - Patronik, Shimp, Brown

Noes: 2 - Crout, Pruette

MOTION CARRIED

NEW BUSINESS

Development Order DEVELOPMENT ORDER, TWO-STORY BUILDING ON LOTS 8, 30 THRU 39 AND 41, BLOCK 1 FLORIDA BEACH PRADO FERRER: City Manager Linn called on Mr. or Mrs. Craig Anderson to present the project to the council for consideration. Hilton Meadows, representative for the Anderson's presented the project to the council. Councilor Crout called a point of order and asked if the city should consider abandoning the property that would be required in order for the project to be built before approval of the development order.

Legal Advise City Attorney White advised that it was premature to vote on the development order until

an ordinance was approved to abandon the property.

Adjournment

There being no further business, the meeting adjourned at 8:15 p.m.

City Clerk Lisa Volpe, CMC

Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Assistant to the Building Official Piper Turner
Public Works Director John Galen

Absent:
Councilor James W. Crout

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

**Harcon
Change Order #1**

Jim Miller with PBS&J explained that change order #1 from Harcon included six items.

The first item on the change order was for the sheet piling for the jack & bore under Third Street in the amount of \$82,882.11. Mr. Miller added that this cost was additional because it was required by the Florida Department of Transportation and it was not included in the original bid because the permit was not received until after all the bids were in.

Mr. Miller stated that PBS&J tried to intervene with the Florida Department of Transportation and they were told if the contractor could show that he complied with the Trench Safety Act that they would wave the requirement for the sheet piling. Harcon did comply with the Trench Safety Act but the same inspector convinced the District Engineer for Maintenance not to wave the sheet piling because he felt that it was a dangerous deep situation.

Mr. Miller explained the next item on the change order was \$17,883.50 for removing the same sheet piling. That amount included a credit of \$15,040.00 for the trench boxes he had originally planned to use, but was not allowed to use because he had to use the sheet piling.

Mr. Miller added that the other items on the change order were \$10,000 for hand excavation for electrical conduit that was not located by Jacksonville Beach Electric or the location service.

The next item on the change order was for labor and materials in the amount \$3,290.00 for telephone conduit that was not located by the phone company or the locating service and also required hand excavation.

Mr. Miller felt that the change order was legitimate based on the information and recommended approval of payment.

QUESTION & ANSWER SESSION

Questions/Answers

Councilor Patronik asked Mr. Miller if sheet piling was required for trenches deeper than 10 feet. Mr. Miller responded that the Department of Transportation Utility Accommodation Guide stated that trenches must comply with the Florida Trench Safety Act and meet OSHA requirements and had absolutely no requirement for sheet piling.

Councilor Patronik asked if the contractor would have known about the sheet-piling requirement if the permit had been received sooner. Mr. Miller answered yes and added that because the permit was only good for a certain number of days we would also have taken a chance on having to renew the permit and the Florida Department of Transportation could have added other changes to it after the bids.

Vice Mayor Shimp requested that PBS&J get the permits earlier in the future so the projects could be bid on correctly. Vice Mayor Shimp questioned whether Harcon and the Florida Department of Transportation had ran into problems like this before.

For the Record Mr. Shimp acknowledged for the record that President of Harcon Mike Harvey shook his head no. Vice Mayor Shimp added on the record that he was surprised that small towns had no influence over state and county agencies.

President of Harcon Mike Harvey stated that he and Jim Miller worked almost four weeks trying to get the Florida Department of Transportation to reconsider the sheet piling requirements.

City Manager Linn asked Mr. Harvey how deep the wet well was and what technology was used. Mr. Harvey replied the wet well was 32 feet deep and the technology was a sheeting system. Mr. Linn asked if a change order would have been required if the trench box technology was used. Mr. Harvey answered that if he would have used trench boxes that he would not have had to charge for the sheeting. Mr. Linn asked if there were any cave ins at the wet well. Mr. Harvey answered no.

For the Record Councilor Patronik stated that based on Mr. Miller's explanation he agreed that the change order was justified because the contractor went on the best information available and it was an additional expenditure.

Councilor Pruette questioned Mr. Miller why the contractor was never told they would need the sheeting when the bid went out in May. Mr. Miller responded that the issue did not come up because the contractor did not know what he going to use until he got ready to do the jack and bore. Councilor Pruette asked if that was when he tried to get the state to change it the requirements. Mr. Harvey answered yes and added that he worked almost a solid month to have the requirement changed. Councilor Pruette asked how they knew which bidders bid sheeting and which ones did not? Mr. Miller stated he had no way of knowing which bids included sheet piling other than guessing.

Councilor Pruette felt that the contractor should negotiate with us for the amount of the change order and was concerned about future change orders and the citizens of Neptune Beach tax dollars.

Mr. Miller stated they made an honest effort with the Florida Department of Transportation negotiating with the contractor to get the amount change order down to what he thought was reasonable. Mr. Miller recommended that council approve the change order and added he would make sure that Mr. Linn, Mr. Galen, and himself would sit down with the Florida Department of Transportation well in advance of any future required permits.

Vice Mayor Shimp stated that the previous council had added a 20% contingency on the contract for change orders and that City Manger Linn had the authority to pay the change order without going through the council. Mr. Shimp requested moving the change order to the Regular City Council Meeting consent agenda that would follow this Workshop.

Adjournment

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee was actively working on the Third Street medians, the trees had been purchased and the shipment was delayed until the irrigation system could be installed. Mr. Linn added they were also working on getting the butterfly plaques installed throughout Jarboe Park and the Yard of the Month for March would be carried into April.

Easter Egg Hunt ANNUAL EASTER EGG HUNT 2001: City Manager Linn reported that the Annual Easter Egg Hunt would be held on Good Friday, April 13, 2001, from 10:00 a.m. to 12:00 p.m.

Sunday in the Park SUNDAY IN THE PARK 2001: City Manger Linn advised this year's Sunday in the Park would be held on April 22, 2001, and the Mayor & Council would be cooking hotdogs and hamburgers for the public.

Jax Beach Trolleys JACKSONVILLE BEACH TROLLEYS FOR FESTIVALS: City Manager Linn reported that he received a call from Roy Paxon with the City of Jacksonville Beach. He stated they had negotiated with Jacksonville Transportation Authority to provide trolley shuttle from Jacksonville Beach to Town Center during the festivals. The cost would be \$1.00 per ride or \$2.00 for an all day pass.

CITY MANAGERS PUNCH LIST

- Jarboe Park Improvement JARBOE PARK IMPROVEMENT: City Manager Linn stated the design plans for Jarboe Park had been given to Council and were reviewed at the last council meeting. Mr. Linn added that the Public Works Department had already started removing the old roofs in anticipation of the new roofs.
- Interlocal Agreement INTERLOCAL AGREEMENT FOR THE NAVAL AIR SHOW: City Manager Linn stated that the Interlocal Agreement for the Naval Air Show was being circulated through the signing process.
- AT&T/Broadband AT&T/BROADBAND CLEAN UP OF CABLES: City Manager Linn reported that AT&T/Broadband had been responding quickly to the loose cable complaints and urged anyone that saw a loose cable wire to report it to his office.

Vice Mayor Shimp stated that citizens were being charged for Broadband services before the new boxes had been put in. City Manager Linn advised he would look into the problem.

PROPOSED ORDINANCES

- Ordinance No. 2002-03 ORDINANCE NO. 2001-03, FLOOD PLAIN MANAGEMENT: AN ORDINANCE OF THE CODE OF CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 27, ARTICLE VIII, DIVISION 2, FLOODPLAINS; ADDING OR CHANGING CERTAIN DEFINITIONS AND GUIDELINES REQUIRED BY THE NATIONAL FLOOD INSURANCE PROGRAM AND ESTABLISHING AN EFFECTIVE DATE.

City Manager Linn stated the Florida Department of Community Affairs had conducted a Community Assistance Visit to assess the city's Floodplain Management Regulations and as a result recommended the corrections as provided in Ordinance No. 2002-03.

Building Official Dan Arlington explained the definitions of mobile homes, modular homes and manufactured homes. Mr. Arlington added that the ordinance was necessary in order to provide property owners with flood insurance and mortgages.

Consensus: **FORWARD TO THE APRIL REGULAR COUNCIL MEETING FOR FIRST READ.**

- Garbage Franchise GARBAGE FRANCHISE ORDINANCE: City Manager Linn stated that City Attorney Christopher White was preparing an ordinance for the 10% franchise fee with BFI and would have it ready for first read at April's regular council meeting.

CONTRACT/AGREEMENTS

- CDBG Grant COMMUNITY DEVELOPMENT BLOCK GRANT REVISED: City Manager Linn explained that he wanted to use the Community Development Block Grant to open a Senior Activity Center that would provide services and programs for residents of Neptune Beach age 62 and older.

Consensus: **TO ALLOW CITY MANAGER LINN TO SIGN AND MOVE FORWARD WITH THE GRANT FOR APPROVAL.**

ISSUE DEVELOPMENT

Vacuum Sewer Trip **VACUUM SEWER RESEARCH TRIP TO GERMANY:** Vice Mayor Shimp felt that council members should be allowed to accompany City Manager Linn and Jim Miller on the trip to Germany in order to be as informed as possible about the vacuum system technology. Vice Mayor Shimp added that it would not be illegal for Roediger to reimburse the city and that the trip would not sway his vote on the bids.

Councilor Patronik stated the purpose of the trip was to look at the long-term effect of the vacuum system. Councilor Patronik felt the council could not be swayed because the contractors that bid on the project would choose their own suppliers and Jim Miller, Mr. Linn, and City Attorney White would look at the bids first and make a recommendation to council. Councilor Patronik stated he would not take the trip because of the Sunshine Law.

Councilor Pruette was concerned about ethical questions relating to the influence of the trip. Councilor Pruette felt that other contractors might protest and delay the project. Councilor Pruette asked City Manager Linn to justify why he needed to go to Germany.

City Manager Linn explained the technology had been proven in Europe for the last 20 to 30 years and was new to the United States. Mr. Linn added that Roediger had offered to reimburse the city for expenses for the council members, the engineer, and himself to visit Germany to look at the track record and speak with experts about the vacuum sewer system.

On the Record Councilor Pruette stated on the record she had spoken with over one hundred citizens and all but one said they did not feel that the city should pay for the trip to Germany. Councilor Pruette gave her consensus for the trip, as long as Roediger would pay for it.

Councilor Crout was not opposed to the Germany trip as long as it did not cost the city and taxpayers any money.

Contingency Line Expenditure **APPROVAL OF \$1,375 EXPENDITURE FROM CONTINGENCY LINE ITEM:** City Manager Linn reported that the computer used by accounts payable had stopped working and had to be replaced. Mr. Linn requested approval of a budget adjustment/transfer for \$1,375 from the contingency fund.

Consensus: **FORWARD TO THE APRIL REGULAR COUNCIL MEETING FOR APPROVAL.**

Town Hall Meetings **TOWN HALL MEETINGS:** Councilor Crout asked council to consider discontinuing the Town Hall meetings immediately following the Workshops explaining that the public already had the opportunity to speak at the end of the Workshop.

Consensus: **TO DO AWAY WITH THE TOWN HALL MEETINGS.**

Public Comments **PUBLIC COMMENTS ON AGENDA ITEMS ONLY**

Lynda Padrta, 1113 First Street, cautioned council to beware of language changes and loop holes in the floodplain ordinance. Ms. Padrta was also concerned that the new Senior Activity Center would duplicate services that were currently offered at a nearby Senior Center. Ms. Padrta also felt that the city should pay for the Germany trip not Roediger.

Chris Oakley, 620 Camellia Terrace Drive, asked if the engineer's contract held him

responsible for information that was not included in bids so that the city did not have to pay for his errors. Mr. Oakley agreed that the trip to Germany was needed. He felt that Public Works Director John Galen and members of his staff should be going because they would be the ones dealing with the water and sewer on a day-to-day basis and they needed to understand the system.

Jim Miller, PBS&J, explained that the reason for the trip was to look at the long-term effect of the vacuum sewer system and added that they were also looking at pipe bursting and other options that would save the city money.

Councilor Crout asked Mr. Miller why the water lines that were originally part of phase 1 of the master plan were moved back. Mr. Miller replied that the council set the priorities and moved it back in order to get east of Third Street completed. Mr. Miller added that he would do a summary plan that would inform the council where the project was and what was lined up for the future.

Anthony Mazzola, 529 Birch Street, felt that if Roediger was allowed to pay for the Germany trip that citizens would lose respect for city officials and if the trip was necessary that the city should pay for it.

Adjournment

There being no further business, the meeting adjourned at 8:55 p.m.

Richard A. Brown, Mayor

NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held April 2, 2001, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown	City Manager Richard A. Linn
Vice Mayor Robert D. Shimp	City Clerk Lisa Volpe, CMC
Councilor Harriet Pruette	Deputy City Clerk Karla Strait
Councilor Ronald D. Patronik	Assistant to the City Manager Terry Klein
Councilor J.W. "Buddy" Crout	Finance Director Steve Ramsey
City Attorney Christopher A. White	Building Official Dan Arlington

Order Call/Pledge

Mayor Brown called the meeting to order and asked Doc Silver to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Parliamentary
Emphasis Month

Mayor Brown asked City Clerk Lisa Volpe to read a Proclamation in honor of Parliamentary Emphasis Month. Mayor Brown presented the Proclamation to Sherry Strange the Parliamentarian for the local chapter and invited her to say a few words. Sherry Strange explained that April was celebrated as Parliamentary Emphasis Month because it is the birth month of Thomas Jefferson who wrote the first manual for legislative bodies in this country.

FEBRUARY 26, 2001, TOWN HALL
MARCH 5, 2001, WORKSHOP
MARCH 5, 2001, REGULAR
MARCH 19, 2001, WORKSHOP
MARCH 19, 2001, TOWN HALL

Moved by Shimp, seconded by Patronik.

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

- Hurricane Hattie's Councilor Patronik voiced his concern about the continuing noise complaints from Hurricane Hattie's and asked if there was anything the Council could do to encourage the City of Jacksonville to make sure their noise Ordinance was enforced. Mayor Brown explained that a resolution was currently being typed requesting the City of Jacksonville to legislate an updated and more effective ordinance dealing with the problem.
- Ish Brant Councilor Pruette informed everyone that former Mayor Ish Brant was in the Beaches Baptist Hospital due to congestive heart failure.
- 2001-2002 Budget Councilor Crout asked the Council to consider having City Manager Linn present the 2001-2002 budget to Council no later than May 15, 2001. City Manager Linn felt it would be appropriate to present the budget at that time and added however that the revenue would be hard to predict because two labor contracts expired in September and would be renegotiated and there were also three new revenues including the garbage franchise fee, the telecommunications tax, and the new ½ cent sales tax. City Manager Linn suggested holding the first Budget Workshop meeting on May 14, 2001.
- For the Record Vice Mayor Shimp stated on the record that he felt the budget process was not a fiasco last year and that taxes were not increased.
- Councilor Crout stated that the taxes were not increased however \$180,000 was taken out of the reserve fund to cover expenses.
- Councilor Pruette stated that the property appraiser informed her that property taxes would increase this year and she would do everything possible not to raise the taxes.
- Water/Sewer Project Councilor Crout requested that Water & Wastewater Supervisor Leon Smith attend the Water/Sewer Workshop on April 10, 2001.
- City Clerk Lisa Volpe informed the Council that Resolution No. 2001-06, Ordinance No. 2001-02, and Ordinance No. 2001-03, were not in the agenda packets and had been placed at their seats.

CITY MANAGER REPORTS

- 1999-2000 Audit PRESENTATION OF REPORT BY AUDITORS: City Manager Linn announced that the auditors were present to give the report of the financial findings for the year ending September 30, 2000.
- Director of Finance Steve Ramsey gave each Council Member a copy of the Comprehensive Annual Financial Report and introduced Gary Huggett, CPA, Masters, Smith, and Wisby to present the audit.
- Mr. Huggett commended the Finance Department for receiving the "Certificate of Achievement for Excellence in Financial Reporting" issued by the Government Finance Officers Association for the highest level of reporting that a city could achieve. Mr. Huggett proceeded with presenting the report, which showed that the city was in good financial standing.

2001-2002 Budget PROPOSED BUDGET FOR YEAR 2001-2002: City Manager Linn stated that the first Budget Workshop presentation would be held on May 14, 2001.

Water/Sewer Project SPECIAL WORKSHOP MEETING TO DISCUSS THE WATER SEWER PROJECT: City Manager Linn stated that the Water/Sewer Workshop meeting was scheduled for April 10, 2001. Mr. Miller stated that he would not be available to attend the meeting. Councilor Crout requested that Director of Public Works John Galen and Water & Wastewater Supervisor Leon Smith be present at the meeting to explain what needed to be done and what the priorities were. Councilor Pruette asked Jim Miller to prepare a memorandum addressed to the council explaining where the project was and where it was headed.

COMMENTS FROM THE PUBLIC

Public Comments Gregory Scott, 3460 Heron Drive North, explained that he and his wife had purchased oceanfront property at Midway and Cedar Street and had requested a variance to place a driveway on a city right-of-way. Mr. Scott added that the Planning & Development Review Board had denied their request. Mr. Scott stated that he had asked to be taken off the council agenda and he would go through the board process.

Linda Padrta, 1113 First Street, felt there should be no infringements on the public beach accesses.

CONSENT AGENDA

Jarboe Park APPROVAL OF JARBOE PARK IMPROVEMENT BID PROCESS: Approval to start the bid process for the Jarboe Park Improvement design.

Line Item Transfer APPROVAL OF USE OF CONTINGENCY LINE ITEM \$1,375 FOR NEW COMPUTER: Request to approve transfer of funds in the amount of \$1,375, to replace the accounts payable computer.

Moved by Shimp, seconded by Crout.

OLD BUSINESS/NONE

NEW BUSINESS

Development Order **DEVELOPMENT ORDER FOR MR. AND MRS. GREGORY SCOTT:** City Manager Linn stated he had received a letter from Mr. Gregory Scott on Friday, March 30, 2001, asking him to interpret the code and that he would be responding to his request. City Manager Linn also stated that Mr. Scott asked that the development order be taken off the agenda.

For the Record Vice Mayor Shimp stated for the record that the citizens had voted for a referendum amending the Charter to prohibit the city from closing, vacating or abandoning any public right-of-way ending on the ocean access without prior approval of the electors. Councilor Shimp added he would not consider giving away any part of the right-of-away because they are for all the citizens of Neptune Beach.

Councilor Pruette agreed with Vice Mayor Shimp and stated that she would fight to protect the right-of-ways.

Councilor Patronik stated according to the referendum the citizens would have to vote to give away city property.

For the Record Councilor Pruette stated on the record that Florida Law required variances could only be granted in instances where denying a variance would lead to the inability of a property owner to use the property as zoned.

Board Appointments **RESOLUTION NO. 2001-06, REAPPOINTING BOARD MEMBERS:** RESOLUTION APPOINTING BOARD MEMBERS TO THE BOARD OF APPEALS, THE CODE ENFORCEMENT BOARD, AND THE PLANNING & DEVELOPMENT REVIEW BOARD.

BOARD OF APPEALS

Member	Type	Term	Begins	Ends
Jim Miller	Appoint Regular	3 year	04/02/2001	04/01/2004
Robert Newbern	Appoint Regular	3 year	04/02/2001	04/01/2004

CODE ENFORCEMENT BOARD

James Niss	Appoint Alternate	1 year	04/02/2001	04/01/2002
------------	-------------------	--------	------------	------------

PLANNING & DEVELOPMENT REVIEW BOARD

Sally Vickers	Appoint Regular	3 year	04/02/2001	04/01/2004
Anthony Mazzola	Appoint Alternate	1 year	04/02/2001	04/01/2002
Gerald Schrule	Appoint Alternate	1 year	04/02/2001	04/01/2002
Fred Lee	Appoint Alternate	1 year	04/02/2001	04/01/2002

Councilor Pruette requested in the future to have all new board members be introduced to the Council and recognized for their duties.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE RESOLUTION NO. 2001-06.**

WORKSHOP CITY COUNCIL MEETING
APRIL 10, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 10, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown	City Clerk Lisa Volpe, CMC
Vice Mayor Robert D. Shimp	Director of Finance Steve Ramsey
Councilor James W. Crout	Director of Public Works John Galen
Councilor Ronald Patronik	Supervisor of Water & Waster/Water Leon Smith
Councilor Harriett Pruette	Assistant to the City Manager Terry Klein
City Attorney Christopher A. White	Deputy City Clerk Karla Strait
City Manager Richard A. Linn	

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m. and asked each council member to make opening comments relating to their concerns, ideas, and questions about the water/sewer project.

OPENING COMMENTS

Vice Mayor Shimp commented that the project was not an east & west of Third Street issue and that both east and west of Third Street should be treated equally. He also questioned why the sewer system was being worked on before the water system.

Councilor Pruette stated that she wanted to hear from Leon Smith and John Galen. Councilor Pruette was concerned about the sewer problems in Bal Harbour. She felt each area of the city had different problems but since the low water pressure was a shared issue, it should be worked on first.

Councilor Crout stated his purpose for the meeting was to hear from John Galen and Leon Smith and gain more knowledge about the water and sewer problems in order to make an intelligent decision.

Councilor Patronik was concerned about the long-range maintenance cost of the vacuum sewer system. He suggested a comparative analysis to determine which system would be best for the city.

Mayor Brown thanked the council members for their opening comments and asked Director of Public Works John Galen and Supervisor of Water/Wastewater Leon Smith to explain where the project was at today and what needed attention.

OPEN DISCUSSION

Director of Public Works John Galen began the discussion by stating that the present water and sewer systems had some flaws but were functioning well. Mr. Galen explained that the Master Plan was just a suggested direction and some changes may have to take place. Various systems may need to be used throughout the city because what would work for one area may not work for another. Mr. Galen explained the vacuum system may not work east of Third Street because it would involve a high cost of replacing the pavement and was not sure the vacuum system could adapt. Mr. Galen suggested pipe bursting east of Third Street; going from the 6" lines to 8" lines; using the current system and tying into existing lift stations because it would not disturb the surface and would cost less. The manholes needed to be replaced on Penman Road from Winn Dixie to Neptune Lane. We were still in Phase 1A of the project which would be finished by the end of this summer. Nothing else had been decided and the various technologies needed to be looked at.

Mayor Brown asked Mr. Galen if east of Third Street was the first order of business and asked what the nature of Bal Harbour problems were.

Mr. Galen's main concern east of Third Street was infiltration. The city is treating rainwater at the wastewater plant when there are heavy rains because the lift station becomes overpowered. This is why the idea was to start the work east of Third first. The water pressure east of Third was also a problem, although there were new water lines north of Florida Boulevard. In the Bal Harbour area trees had grown over the lines in the back yards causing problems with bellies in the pipes.

Vice Mayor Shimp questioned the two water main breaks in Bal Harbour.

Leon Smith replied that Bal Harbour was a swampy area and the pipes were brittle and sagging.

Councilor Pruette asked if all the pipes had been video taped.

Mr. Galen answered that a lot of the pipes were video taped but not all of them.

Leon Smith stated that the sewer east of Third Street was flowing fine but some of the cast iron crossings had build up and needed to be replaced. There was also a problem with manholes overflowing from Florida Boulevard south to Penman Road and west to Fifth Street because the lift station could not keep up.

Councilor Crout asked Mr. Galen that if he owned the city, what he would do to correct it.

Mr. Galen replied that he would start the work on Penman Road and then work on east of Third Street across from Jarboe Park back to Atlantic Boulevard.

Councilor Pruette asked John Galen what he thought should be done about the water and sewer.

Mr. Galen replied that he would start south of Penman Road because it could be finished quickly and then work on the water and sewer east of Third Street.

City Manager Linn explained that when he started working for the city in 1997 the infrastructure needed to be repaired. He asked council to approve \$240,000 for a master plan and a map of the entire city to find out exactly what the problems were. He chose not to add \$50,000 to \$100,000 to video tape the entire system. Jim Miller with PBS&J did the

master plan and listed priorities. Mr. Miller identified a concern about the fire flows. Mr. Miller outlined Phase 1-1A and Phase 2 at that time which since has been changed. Mr. Miller identified where all the interconnecting loops should be put in the system to increase the water flow and pressure. Because the city was not built at the same time some developments were never interconnected and lines were missing. Mr. Linn felt that as a council and a community it was owed to the citizens to fix the sewage flowing today and do the major overhaul that would take care of it for the next 20 years not just the next 5 years. Mr. Linn explained that the first interruption in the Master Plan came with the Town Center Project. The next interruption was the decision not to place lift stations east of Third Street when the Master Plan called for three. The last interruption was when the boring across Third Street failed eliminating the gravity system. Mr. Linn recommended making the connections west of Third Street and getting the water system looped in those areas.

Vice Mayor Shimp stated it was the citizens living east of Third Street that did not want the lift stations. It was not a council decision.

City Manager Linn explained that a 12" line running from the tank to east of Third Street was needed because it was not putting out enough water.

Councilor Pruette asked about replacing the line running from the tank to east of Third Street.

Mr. Linn answered that the water line was a top priority.

Leon Smith stated there was a problem with low water pressure because when a pipe broke the water could not be shut off because of improper valving. If there was proper valving he could shut them off and areas could be isolated. Mr. Smith added that another problem east of Third Street was the corroded 2" lines that feed down to the 6" lines on First and Third Street.

Vice Mayor Shimp stated that the pipe bursting technology was not explained to the council in the beginning.

For the Record Vice Mayor Shimp stated on the record that he did not like blaming previous councils or the new council trying to change what the previous council did. That is why the master plan was done so that when this council is gone there is still a logical plan. Councilor Shimp asked City Clerk Lisa Volpe to look at the records to find out where they had talked about pipe bursting.

John Galen stated that before any pipe bursting was done it needed to be video taped and if the trenchless technology were used there would still be bellies in the lines.

Mayor Brown asked what were the logical steps to get back on track.

Councilor Patronik suggested slowing down and taking time to gather all the information and figure out the best and least expensive option.

Councilor Crout stated the estimate for pipe bursting was \$110.00 per linear foot.

Mr. Linn stated that 6 million dollars had been approved from the state-revolving loan for the sewer in Phase 1, but there was a shortfall in water funding.

Mayor Brown stated the next step was to gather more information on the vacuum system.

Councilor Crout stated he would like for John Galen and Mr. Linn to sit down and make a list of priorities.

Director of Finance Steve Ramsey stated the Water Rate Study for the year 2000 looked good. Mr. Ramsey added that the state had allocated \$400,000 for the water project. An alternative method of borrowing would be to add the remaining amount needed for the water to the 3-½ million dollar bond loan and refinance it at a lower rate.

Mayor Brown opened the floor to public comments.

PUBLIC COMMENTS

Former Council Member Tom Tankersley, questioned the options for east of Third Street.

David Baker, felt that if the current system was working that pipe bursting would be the least expensive option.

Mayor Brown summarized that there was not a crisis and due to the delay we would most likely end up with a better system and save the taxpayers money.

Adjournment

There being no further business, the meeting adjourned at 8:37p.m.

Richard A. Brown, Mayor

MINUTES
WORKSHOP CITY COUNCIL MEETING
APRIL 16, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 16, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Ronald Patronik
Councilor Harriet Pruette
Councilor J. W. "Buddy" Crout
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Utility Billing Supervisor Rosemary Phillips
Service Division Supervisor Joan Herman

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Agenda Change Councilor Pruette requested amending the agenda to include a discussion about oceanfront accesses.

Beach Crossovers Vice Mayor Shimp asked City Manager Linn to inquire about applying for a grant for beach crossovers.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the "Yard of the Month" had been selected and presented. He had received approval from the City of Jacksonville for the beautification of the Third Street medians and the purchase order was written and approved for \$40,000. He was working on the bid specifications and would bring it back to council for approval to bids.

Bike Path BIKE PATH ALONG FLORIDA BOULEVARD: Mr. Linn reported that Sally Rosier with the Florida Department of Transportation was expecting the drawings from the engineers within two weeks.

Sunday in the Park SUNDAY IN THE PARK 2001: City Manager Linn reported that "Sunday in the Park" would be held on April 22, 2001, and council members were expected to grill hotdogs and hamburgers. Mayor Brown added that Oceanside Bank had agreed to sponsor the event and donate \$150.00 for supplies.

CITY MANAGERS PUNCH LIST

- Jarboe Park Improvement JARBOE PARK IMPROVEMENT: City Manager Linn stated city employees had started removing the old roofs from the picnic shelters in anticipation of the new roofs. Mr. Linn added that Brett Goddard would have the bid packages ready very soon.
- Roadway Between Shopping Centers ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn stated there was nothing new to report on the roadway between the shopping centers.
- Underground Containers UNDERGROUND GARBAGE CONTAINERS: City Manager Linn stated he had a meeting scheduled with Walt Ritter of BFI this past week to discuss the underground containers, however Mr. Ritter had a family emergency and the meeting was canceled.
- Naval Air Show NAVAL AIR SHOW: City Manager Linn stated that Mayor Brown had written a letter in support of the Naval Air Show.
- AT&T/Broadband AT&T/BROADBAND CLEAN UP OF CABLES: City Manager Linn stated there was nothing new to report on the loose cables.

Service Division Supervisor Joan Herman informed that she was being charged for Broadband services and was not receiving them.

Councilor Pruette asked if the money was refundable and suggested publishing a phone number with a contact person in the city newsletter for people to call that were being charged for the service and not receiving it.

PROPOSED ORDINANCES

- Ordinance No. 2001-05 ORDINANCE NO. 2001-05, GARBAGE COLLECTION FEES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, DELETING SECTION 11-96 AND 11-106 OF CHAPTER 11, GARBAGE, TRASH AND INDUSTRIAL WASTE AND PROVIDING AN EFFECTIVE DATE.

City Manager Linn explained that this ordinance would change the method used to establish garbage collection fees from an ordinance to a resolution.

Vice Mayor Shimp stated that the newspaper had misinterpreted the garbage collection fees. Mr. Shimp asked city staff to have the newspaper publish that they made a mistake and correct it.

Vice Mayor Shimp agreed to sponsor Ordinance No. 2001-05.

Consensus: **FORWARD TO THE MAY REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

CONTRACT/AGREEMENTS/NONE**ISSUE DEVELOPMENT**

- Phone System Request QUOTES FOR INSTALLATION OF NEW PHONE SYSTEM FOR CITY HALL: City Manager Linn stated the current phone system was inadequate after hours because City Hall forwarded the calls to the police department and the police department was required to handle all incoming calls. Mr. Linn called on Utility Billing Supervisor Rosemary Phillips to present the quotes that she had received for a new system. Rosemary Phillips explained that the current phone system was out dated, new lines could not be added

and computer modems and a fax machine were piggybacking off main lines. Ms. Phillips added that the new system could be answered automatically after hours and go directly to the person the caller is trying to contact by dialing their extension. The automated system would save time at the front desk and also allow an option to talk to a live person. The new system would also allow transfer of calls directly to the city yard and police department.

Discussion ensued about customer service. Vice Mayor Shimp was concerned about the personal relationship with the citizens.

Scott Preister with Nortel Networks explained that the automatic attendant could be customized to go directly to the person the caller is calling and if that person was not available they would have the option to leave a voice mail, go back to the operator, or to talk to a live person. Mr. Preister added that the new system would take care of all communication needs for the next ten years.

City Manager Linn recommended using money from the contingency for the remainder of this year and put it in next years budget. Scott Preister added that there was no required down payment and no payments for 3 months.

Consensus: **FORWARD TO THE MAY REGULAR CITY COUNCIL MEETING
CONSENT AGENDA.**

Resolution 2001-08 **RESOLUTION NO. 2001-08, SOLID WASTE FEES:** A RESOLUTION ESTABLISHING CERTAIN CHARGES OR FEES FOR SOLID WASTE COLLECTION SERVICES.

Consensus: **FORWARD TO THE MAY REGULAR CITY COUNCIL MEETING FOR
FIRST READ.**

Community Center **ATLANTIC BEACH COMMUNITY CENTER:** Mayor Brown stated that we had been asked to consider supporting the study of the need for a community center in a partnership with Atlantic Beach for the amount of \$2000. Mayor Brown suggested participating if the vacant A&P store could be considered as a potential site. Vice Mayor Shimp questioned spending city funds outside of the city.

City Attorney Chris White advised that was no issue with spending public funds outside of the city and that it was okay.

Consensus: **FORWARD TO THE MAY REGULAR CITY COUNCIL MEETING.**

Oceanfront Accesses **PRESERVATION OF OCEANFRONT ACCESSES:** Councilor Pruette referenced a letter from City Manager Linn addressed to Mr. Gregory Scott indicating that his lot located at Midway and Cedar was not considered a corner lot. Councilor Pruette brought about the question of preserving the ocean front accesses for the future.

City Manager Linn explained that Mr. Scott had addressed a letter to him requesting interpretation of the code. Mr. Linn responded that the definition of a corner lot was property that abutted two streets. Mr. Linn added if the street ends were considered corner lots, property owners abutting the street could request pavement and have driveways going out into the street ends.

City Attorney White stated that there were two issues; 1) protection of the beach accesses and 2) whether these lots are considered corner lots. Mr. White stated it would be extremely difficult to hold up in court that these were corner lots because there was no street there. Mr. White explained that if you started calling these corner lots the property owners could privately pave them. Mr. White also explained that according to the code

permanent encroachments are not permitted on any right-of-way and the street ends were right-of-ways whether or not they were considered a street. Mr. White added that the charter provision says that you cannot vacate, close or do anything to any beach access without a referendum.

Discussion ensued creating an ordinance designating the street end property and addressing the use of the lots.

City Attorney White stated that each beach access right-of-way would need to be looked at for encroachments in the right-of-ways and citizens may be required to remove the encroachments if there were no legal obstacles. Mr. White added it is extremely hard for a property owner to acquire title to a public right-of-way by prescription.

On the Record Councilor Pruette stated for the record she was not trying to go back and change what the city has done through the years, she just wanted to protect the accesses that we had today.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Lynda Padrta, 1113 First Street, favored an open telephone system that could grow with new technology. Ms. Padrta felt that each street end should be evaluated to determine what was legal and what was not.

Adjournment

There being no further business, the meeting adjourned at 8:40 p.m.

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Neptune Beach Elementary	<u>NEW LIGHT POLES AT NEPTUNE BEACH ELEMENTARY SCHOOL:</u> Councilor Patronik questioned City Manager Linn regarding the timing of the field lights at Neptune Beach Elementary School. City Manager Linn replied that the lights were only lit when the field was in use and were not allowed to be lit after 9:00 p.m.
DCA Grant	<u>DEPARTMENT OF COMMUNITY AFFAIRS GRANT SURVEY:</u> Councilor Patronik inquired about a survey from the Auditor General. City Manager Linn answered that it was a survey for grant recipients of an annual grant for the Public Safety Department.
City Manager Goals	<u>CITY MANAGER PERFORMANCE EVALUATION:</u> In order to help determine salary increases for the upcoming budget year, Councilor Crout asked City Manager Linn to report his goals for the next fiscal year to the Council at the May 21, 2001 workshop meeting.
Redistricting	<u>CITY OF JACKSONVILLE REDISTRICTING:</u> Vice Mayor Shimp felt that the beaches should remain together in the same district.
For the Record	<p>Vice Mayor Shimp stated on the record that if the Jacksonville City Council divided the beaches district the citizens of the beaches should consider forming Ocean County.</p> <p>Mayor Brown stated that he had invited Jerry Holland to attend tonight's meeting to explain Jacksonville's plans for redistricting.</p> <p>Councilor Crout suggested expanding Ocean County to include Ponte Vedra Beach.</p> <p>Councilor Pruette attended a redistricting meeting in Jacksonville and stated she was surprised at the animosity she felt toward the beaches from the Jacksonville City Council.</p>
Sunday in the Park	<u>SUNDAY IN THE PARK:</u> Councilor Pruette awarded Councilor Crout with a hamburger magnet thanking him for succeeding in his efforts to serve hamburgers as well as hotdogs at Sunday in the Park.
Police Memorial	<u>FRATERNAL ORDER OF POLICE MEMORIAL SERVICE:</u> Mayor Brown announced that the public was invited to attend the Fraternal Order of Police Memorial Ceremony, Monday, May 14, 2001.
Dancin' in the Street	<u>DANCIN' IN THE STREET:</u> Mayor Brown stated he had received a request from the "Dancin' in the Street" committee to sit in the dunking tank.
Thanks	City Clerk Lisa Volpe thanked the Council for the letter of congratulations.
NEFLOC Meeting	City Manager Linn announced the Northeast Florida League of Cities was meeting Thursday May 10, 2001 and anyone who would like to attend should contact his assistant.
Agenda Change	City Manager Linn requested that the agenda be amended to include item 12-A FOP Water Bill and item 8-A new phone system for City Hall.

CITY MANAGER REPORTS

Life Guard Salaries	<u>2001 LIFEGUARD SALARIES:</u> After researching what nearby municipalities were paying their lifeguards City Manager Linn recommended increasing our lifeguard salaries to \$8.75 per hour in order to provide adequate compensations and keep good lifeguards.
Redistricting	<u>REDISTRICTING OF JACKSONVILLE CITY COUNCIL:</u> Mayor Brown asked Jacksonville Councilman Jerry Holland, to give an overview on the redistricting of Jacksonville.

Councilman Jerry Holland stated that Jacksonville was considering seven redistricting plans. They had not decided if they were going to use voting age population or total population in determining the new districts. Councilman Holland announced that a Town Hall Meeting would be held at Fletcher High School Tuesday, May 15, 2001 at 7:00 p.m. and consultants would be on hand to answer questions. Mr. Holland explained that the redistricting was an ongoing process and the plan that would separate the beaches was just one of seven plans. Mr. Holland added that he would do his best to keep the beaches together in the same district if that was what the beaches wanted.

Council voiced their concerns about redistricting and the possibility of splitting the beaches to Councilman Holland.

Theo Mitchelson, Atlantic Beach Commissioner, was concerned that the beaches would eventually have no voice at all in Jacksonville if the representation was separated. Mr. Mitchelson urged the beaches to stand together, be vocal, demand to remain together as a district, and be heard by one voice.

COMMENTS FROM THE PUBLIC

Public Comments

Hal Mankin, 2037 Sandpiper Point, hoped Resolution No. 2001-07 would help resolve the noise issue with Hurricane Hatties. He thanked all council members including City of Jacksonville Councilman Holland for their support.

Leslie Karlin, 1506 Spindrift Circle, supported the idea of the beaches becoming Ocean County if the redistricting of Jacksonville separated the three beaches.

Hank Baltar, Planning & Development Review Board Member, 2029 Sandpiper Point, urged Council to support Resolution No. 2001-07 to help resolve the noise issue with Hurricane Hatties.

Tom Tankersley, former Vice Mayor and Council Member, 1038 Kings Road, suggested placing a decibel meter outside of Hurricane Hatties that would light up when they exceeded the noise level. Mr. Tankersley also supported the idea of Ocean County.

Jerry Holland, Jacksonville City Council Member, 117 West Duval Street, stated that Hurricane Hatties had been fined \$10,000 for previous noise violations and one more complaint may put them out of business. Councilman Holland added that he appreciated the Noise Resolution and felt he could work with it.

Jim Stienkraus, Board of Appeals Member, 208 Bay Street, supported protecting beach accesses and was concerned about new construction increasing property taxes.

CONSENT AGENDA

Community Center

APPROVAL OF USE OF CONTINGENCY LINE ITEM \$2,000 FOR PARTICIPATION IN STUDY OF COMMUNITY CENTER: Approval of \$2,000 expenditure to help Atlantic Beach conduct a needs assessment study to determine the feasibility of a full service Community Center.

Phone System

NEW PHONE SYSTEM FOR CITY HALL: Approval for a new phone system for City Hall as agreed with a 5.25% interest rate.

Moved by Crout, seconded by Shimp.

MOTION CARRIED

FOP Lodge FRATERNAL ORDER OF POLICE LODGE WATER BILL: City Manager Linn stated he had received a memo from Mayor Brown inquiring about the water rates for the Fraternal Order of Police Lodge. Mayor Brown stated that the original lease agreement had called for a charge of \$25 a month for water and garbage pick up and had since been amended. Mayor Brown asked if an adjustment should be considered.

Consensus: **MOVE THE FRATERNAL ORDER OF POLICE LODGE WATER RATE ISSUE TO THE MAY 21, 2001 WORKSHOP MEETING.**

Bond Counsel BOND COUNSEL: City Attorney White requested Council authorization to secure the services of Dan Livermore for bond counsel.

Consensus: **TO AUTHORIZE CITY ATTORNEY WHITE TO SECURE THE SERVICES OF DAN LIVERMOORE FOR BOND COUNSEL.**

Germany Trip

REPORT ON GERMANY TRIP: Mayor Brown asked City Manager Linn and Vice Mayor Shimp to comment on their recent trip to Germany to examine the vacuum sewer system technology. City Manager Linn commented the trip was successful and he was amazed at the simplicity of the vacuum system. Mr. Linn added he was going to ask the manufacturer of the equipment to do a workshop for the Council and Jim Miller would be preparing a report with the numbers. Vice Mayor Shimp stated the trip was worthwhile, they took a lot of pictures and he was very impressed with the system.

Adjournment

There being no further business, the meeting adjourned at 9:00 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
MAY 21, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held May 21, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Ronald Patronik
Councilor Harriet Pruette
Councilor J. W. "Buddy" Crout
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Finance Director Steve Ramsey
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Assistant to the Building Official Piper Turner

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn referred the council to a memo in the agenda packet he had written to Chairman Dayne Etherton. Mr. Linn updated that there would be a bid opening on painting, resurfacing the tennis courts, and construction of the shelters for Jarboe Park on June 6, 2001.

CITY MANAGERS PUNCH LIST

Bike Path

PENMAN ROAD BIKE PATH: Mr. Linn reported that there was a proposal for landscaping the bike path using the Duval County Tree Mitigation Funding.

AT&T/Broadband

AT&T / BROADBAND: Mr. Linn stated that Ann Murphy had informed him AT&T Broadband would freeze the current rates throughout the city because they did not meet their obligation of having Broadband completed by the end of the year.

PROPOSED ORDINANCES

Detached Garages

PROPOSED ORDINANCE TO DEFINE AND CONTROL DETACHED GARAGES: City Manager Linn stated this ordinance was inspired by the Planning & Development Review Board and asked Chairman of the Board John Weldon to explain why the council was being asked to consider the ordinance.

Chairman of the Planning & Development Review Board John Weldon explained that garages were not addressed in the Land Development Code. Mr. Weldon stated that the Building Department had been receiving requests for detached garages and the code did not provide any guidance. The Planning & Development Review Board had forwarded the suggested ordinance to the council as an emergency measure to deal with the detached garages.

Vice Mayor Shimp was concerned that the ordinance would prevent the construction of garage apartments. John Weldon responded that it was not the intention of the ordinance to prevent garage apartments.

Discussion ensued about detached garage apartments and density.

Councilor Crout agreed to sponsor the ordinance to define and control detached garages.

Consensus: **FORWARD TO THE MAY REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

Abandon Property

PROPOSED ORDINANCE TO ABANDON, VACATE OR CLOSE CERTAIN RIGHTS OF WAYS: City Manager Linn stated this request came in as a development order for the abandonment of certain right of ways for Dynamic Anderson. Mr. Linn added that Councilor Crout had questioned the adoption of the development order without abandoning the right-of-way first. The issue was tabled and Dynamic Anderson now had a legal description of the sections that they were asking to be vacated and abandoned.

Councilor Shimp suggested that because the Dynamic Anderson Landscape Nursery would make money off the abandonment of the property that the property should be sold to them for fair market value.

Legal Advice Attorney Chris White advised that there are restrictions and prohibitions on a municipality selling public property to private owners.

Mayor Brown inquired if it was of any value to the city to preserve the easement. City Manager Linn replied that Director of Public Services John Galen was asked to review and find out if there were any immediate concerns about utilities. Mr. Linn stated that a public right of way was for all utilities and all utilities should be contacted before it was abandoned.

Council agreed to hear from Hilton T. Meadows, Land Planner & Development Consultant for the project.

Hilton T. Meadows, 6837 Merrill Road, Jacksonville Florida, showed and reviewed a map with council which explained the specific right of way they were asking to be abandoned.

At the request of Vice Mayor Shimp, City Attorney White agreed to provide an explanation in writing on the restrictions and prohibitions of a municipality selling public property to private owners.

Legal Advice Attorney Chris White advised the city to hire a surveyor at the property owners expense to confirm the survey presented by the property owners.

Councilor Crout agreed to sponsor the ordinance to abandon property.

Consensus: **TO FORWARD TO THE REGULAR CITY COUNCIL MEETING FOR FIRST READ AND GATHER INFORMATION AND LEGAL ADVISE.**

**Beach Access
Protection**

PROPOSED ORDINANCE TO CONTROL USES OF BEACH ACCESSES: Councilor Pruette felt that in the spirit of the referendum that was passed several years ago the beach accesses needed to be protected.

City Manager Linn explained the purpose of this ordinance would control what happened to right of ways on beach accesses. Mr. Linn added there was currently a charter provision whereby the city could not vacate or abandon a beach access without a referendum. However, there was nothing in the ordinance about how the right of way could be used.

Consensus: **DEFER WHILE AWAITING FEED BACK FROM CITY ATTORNEY CHRIS WHITE.**

Corner Lots

ORDINANCE TO AMEND THE DEFINITION OF A CORNER LOT: Councilor Pruette felt that corner lots needed to be defined in order to help protect the beach accesses for the following reasons: 1) If they were not considered corner lots then the side setback requirement was only 7 feet and, 2) if they were considered corner lots the property owners could have the beach accesses paved.

City Manager Linn stated that the existing code defined corner lots as being abutted by two streets, not a street and a right of way. Therefore the beach accesses were not considered corner lots. However that effected the side setback requirements and fence heights, which could be up to six feet high on side property lines.

City Attorney Chris White asked each council member to contact him with suggestions.

Consensus: **DEFER WHILE AWAITING FEED BACK FROM CITY ATTORNEY CHRIS WHITE.**

Agenda Change

Mayor Brown changed the agenda to allow John Weldon to make a presentation to the council on the Land Use Regulation Revisions.

Land Use Revision

LAND USE REVISION: Chairman of the Planning & Development Review Board John Weldon explained that two years ago the city had appointed Ivey, Harris, & Walls, a professional consultant to assist in revising the land use codes. Mr. Weldon felt that due to the rapid population growth the quality of life would change if the leaders did not act to protect the city against development abuses and densification. Mr. Weldon added that the current code was not adequate to handle the fast pace of development because of the following reasons:

- Relationships between municipal boards and the city council were not clearly delineated.
- Very little guidance was offered to the boards on which to base their decision making.
- Sections of the code were confusing and conflicted with one another.
- Many important issues were not addressed at all.
- The process of applying for development orders was poorly defined.
- Definitions in general were unclear and contradictory.
- Zoning regulations did not provide adequate protection against densification in residential districts.
- Landscaping and tree protection ordinances were inadequate.
- Parking requirements were inappropriate for many areas of the city.
- Enforcement provisions were weak and ineffective.
- The code was unclear and had to be interpreted by staff and the interpretations had been inconsistent.

- The code encouraged a wide range of unnecessary variance requests.

Mr. Weldon felt an effective Land Development Code was absolutely essential to preserve the quality of life in Neptune Beach and that it was time to regroup and restart the review process that was started two years ago.

Discussion ensued about continuing the review of the Land Use Regulations.

Consensus: **TO HAVE ASSISTANT TO THE BUILDING OFFICIAL PIPER TURNER SEND OUT COPIES TO THE COUNCIL OF THE LAND USE REVIEW SHOWING WHERE WE ARE AT THIS POINT.**

CONTRACT/AGREEMENTS

Town Center Drainage **PROPOSAL FOR A STUDY OF DRAINAGE AT TOWN CENTER:** City Manager Linn had a proposal from PBS&J for \$25,500 to study the flooding at Town Center and recommended the cost be shared between Neptune Beach, Atlantic Beach, and Jacksonville.

Discussion ensued whether to spend \$25,000 for a study that may be turned down by the D.E.P. Installing a walkway/crossover that would allow beach access for the handicapped as well as the citizens and visitors when the area was flooded was discussed.

City Manager Linn stated the Department of Environmental Protection had already permitted the crossover. But the contractor went out of business. All we need to do is find a new contractor.

Consensus: **TO BUILD THE CROSSOVER.**

FOP Lodge **FOP LODGE LEASE AGREEMENT – PROVISION FOR FEE FOR CITY UTILITY AND GARBAGE SERVICE:** Mayor Brown stated that there was nothing the council could do to decrease the water payment for the F.O.P. Lodge and asked that the issue be dropped.

Florida Blvd. Landscape **PROPOSAL FOR LANDSCAPE DESIGN SERVICES FOR FLORIDA BOULEVARD:** Mr. Linn stated that Jacksonville City Councilman Jerry Holland had stepped forward with funds from the Duval County tree mitigation fund. Councilman Holland had asked for a design and estimate and Mr. Linn said Goddard design had presented a proposal for \$4900 if we received the funding.

Consensus: **FORWARD TO THE REGULAR CITY COUNCIL MEETING.**

Harcon **HARCON – UPDATE ON PHASE I:** City Manager Linn informed the Council that Harcon was no longer in business. The bonding company had assured staff that the job would be completed. Jim Miller with PBS&J prepared a punch list of things that needed to be completed by Harcon.

ISSUE DEVELOPMENT

Beaches Park Project **DONATION TO BEACHES PARK PROJECT FOR KIDS:** Sherry Nicholson had previously asked for a donation from the city for the Beaches Park for Kids Project and had been turned down. Vice Mayor Shimp asked for reconsideration due to excessive handicap accessibility.

Consensus: **FORWARD TO THE JUNE REGULAR CITY COUNCIL MEETING CONSENT AGENDA FOR A DONATION OF \$1,620.**

Neighborhood
Intervention

NEIGHBORHOOD INTERVENTION / MEDIATION: Vice Mayor Shimp suggested initiating a neighborhood intervention/mediation program to settle disputes between neighbors.

Consensus: **HAVE MR. LINN CONTACT THE STATE ATTORNEY'S OFFICE TO SEE IF THEY COULD INCREASE THE INTAKE FACILITY TO INCLUDE NEPTUNE BEACH, INCREASE PUBLICITY, INVESTIGATE A LOCATION IN NEPTUNE BEACH TO USE AS A HEARING FACILITY AND ASK TO EXPAND THE JURISDICTION.**

City Manager's Goals

CITY MANAGER'S GOALS: Councilor Crout asked that this be moved to the next workshop due to the late hour.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Richard Keene, member of the Code Enforcement Board, 733 Bay Street, stated that he was currently a volunteer mediator with the State Attorney's Office and they had a program at the beaches. He added that Council could contact the State Attorney's Office to ask to involve Neptune Beach. Mr. Keene proposed a roll away crosswalk at the Town Center Lifeguard Station and wanted a traffic pattern arrangement completed on Florida Boulevard before the landscaping. He also suggested that the F.O.P. Lodge install a shallow well for irrigation.

Joanne Waddill, 115 Oleander Street, stated that she used to be a mediator for citizens disputes which met at Neptune Beach City Hall. Mrs. Waddill asked for a copy of the Florida Boulevard landscaping design.

Michael Adams, 320 First Street, was relieved that the Land Use Code was not rushed through the last council. Mr. Adams was happy with the new council.

Lynda Padrta, 1113 First Street, felt that the last council did not listen to citizens when they were reviewing the Land Use Code. She Padrta felt the financial status of companies should be checked out before they are hired. Ms. Padrta suggested a fix it up week to help seniors. She stated that illegal apartments should be enforced.

Tom Tankersley, former Vice Mayor & Councilor Member, 1038 Kings Road, asked if the ditch on Florida Boulevard would be filled in with the landscaping project. Mr. Tankersley stated that Section 27 Article IV was the biggest problem with the Land Use Regulation Revisions and asked the council to review the letter he wrote when he was on council.

Adjournment

There being no further business, the meeting adjourned at 10:04 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Tax Incentive

TAX INCENTIVE PROPOSAL FOR DUPLEX OWNERS EAST OF THIRD: Mayor Brown stated that he had written a letter to Jacksonville Councilman Jerry Holland requesting his assistance in sponsoring an ordinance. It would be designed to reduce density east of Third Street by freezing the ad valorem taxes for 6 years for property owners who would be willing

to convert a duplex to a single-family home. Councilman Holland requested a Neptune Beach resolution to help with the process

Appreciation

PUBLIC SAFETY DEPARTMENT APPRECIATION: Councilor Pruette shared with the council that she had received a telephone call from a new resident who commended our Public Safety Department for watching their home while they were out of town.

Keep Beautiful Signs

KEEP THE CITY BEAUTIFUL SIGNS: Vice Mayor Shimp suggested replacing the existing "Keep Jacksonville Beautiful" signs with signs that read "Keep Neptune Beach Beautiful."

Water/Wastewater
Priorities

PRIORITY LIST FOR WATER/WASTEWATER IMPROVEMENTS: Councilor Crout stated that he had not received a water/wastewater improvement priority list as promised to the council from the Public Works Department at the April 10, 2001, workshop meeting. Director of Public Works John Galen was present and replied that he would prepare and distribute a priority list with an attached budget by Wednesday, June 6, 2001.

Beach Crossover

BEACH CROSSOVER AT TOWN CENTER: Councilor Pruette asked City Manager Linn to place the beach crossover on his punch list. There were no objections from the council.

Consensus: **TO HAVE THE CITY MANAGER PLACE THE BEACH CROSSOVER ON HIS PUNCH LIST.**

Vice Mayor Shimp stated that the beach crossover needed to be completed this summer and should be a top priority.

CITY MANAGER REPORTS

In response to a memo from Councilor Pruette City Manager Linn stated the following:

1. He was pursuing opportunities for grant money to build dune crossovers.
2. He asked Director of Public Works John Galen to speak with Councilor Pruette regarding the beach access signs.
3. He had a list of streets that were being resurfaced.
4. The problems with air conditioning pumps caused by dewatering had been cleared up and the remaining problems were most likely caused by the drought conditions.
5. Florida Boulevard was not wide enough to safely install turn lanes.
6. A contractor was preparing an estimate for the beach crossover at Town Center.

Consensus: **TO HAVE THE CITY MANAGER PLACE THE GRANT MONEY FOR DUNE CROSSOVERS ON HIS PUNCHLIST**

COMMENTS FROM THE PUBLIC

Public Comments

Tom Tankersley, 1038 Kings Road, was concerned about businesses prospering in the Central Business District. Mr. Tankersley also suggested having scheduled pick up services for toxic waste disposal periodically.

Tom Whittingslow, 110 Lemon Street, asked the council to grant the development order at 120 ½ Lemon Street that would allow for a hot dog stand. Mr. Whittingslow informed the council he had stamped approved plans from the Hotel and Restaurant Commission. Council discussed that the Planning & Development Review Board had recommended approval of the development order before they were informed that carry out only restaurants were not allowed in the central business district. Mr. Whittingslow stressed that the hot dog stand would not be carry out only and there would be seating, restrooms, parking and handicap accessibility.

Legal Advise City Attorney White advised the council to send the development order for 120 ½ Lemon Street back to the Planning & Development Review Board for further review and

consideration. Mr. Whittingslow felt this would cause an unnecessary delay.

John Weldon, Chairman of the Planning & Development Review Board, 108 Oak Street, explained the application that went before the Planning & Development Board was not reviewed accurately.

Agenda Change AMEND THE AGENDA TO MOVE ITEM 12-B, DEVELOPMENT ORDER FOR 120 ½ LEMON STREET FORWARD FOR A VOTE: Upon hearing the above legal advise it was requested that item 12-B be moved forward for a vote at this time.

Development Order
120 ½ Lemon Street Moved by Crout, seconded by Pruette.

Public Comments
Continued Hilton Meadows, asked if his clients request for closing of the alleyways had been advertised for a public hearing. City Manager Linn replied that he did not receive the survey in time to give proper public notice to be placed on the agenda for consideration tonight. Mr. Linn added that the ordinance would be placed on the July agenda for first read.

Kara Tucker, 1650 Leeward Lane, requested that the Ish Brant Beautification Committee be involved in the planning of the Florida Boulevard landscape design. There were no objections from the council.

CONSENT AGENDA

FL Blvd. Landscape
Design FLORIDA BOULEVARD LANDSCAPE DESIGN PROPOSAL: Approval of the Agreement for the landscape design presented by Goddard Design Associates, Inc. in the amount of \$4,900.

Playground Donation DONATION TO THE "THE BEACHES PLAYGROUND FOR KIDS" IN THE AMOUNT OF \$1,620: Approval of a donation in the amount of \$1,620 for the Beaches Park Project for Kids.

Moved by Crout, seconded by Shimp.

Motion: **TO APPROVE THE CONSENT AGENDA AS STATED.**

MOTION CARRIEDDevelopment Order
Dynamic AndersonDEVELOPMENT ORDER – LOTS 30 THRU 39, BLOCK 1, FLORIDA BEACH PRADO FERRER: City Manager Linn stated that the Planning & Development Review Board recommended approval of this development order and asked the representative to come forward.

Moved by Pruette, seconded by Crout.

Motion: TO APPROVE THE DEVELOPMENT ORDER OF LOTS 30 THUR 39, BLOCK 1, FLORIDA BEACH PRADO FERRER FOR DYNAMIC ANDERSON.

Hilton T. Meadows, 6837 Merrill Road, representative for Dynamic Anderson Corporation, explained that this development order had nothing to do with the abandonment of property.

Councilor Crout raised the question of who owned the property. Mr. Meadows responded that Florida Beach Properties had ownership interest in the property and discussion ensued about the ownership.

Council had reservations about approving a development order for someone to develop property that did not belong to them.

Legal Counsel City Attorney White advised that council was entitled to have questions of ownership answered.

Mr. Meadows added that the Andersons had requested the development order and had the consent of Florida Beaches Properties to develop and operate a nursery on the property.

John Weldon, Member of the Planning & Development Review Board, 108 Oak Street, was discouraged that the property was not owned by the Andersons because it had been represented to the Board as owned by them throughout a year of deliberations.

Mr. Meadows asked to defer the request tonight and reconsider it at the next meeting while they get permission of Florida Beach Properties and solve some issues.

Legal Counsel City Attorney White advised that the most effective way to present consent of the owners would be in person at a council meeting.

John Weldon's final comment and what concerned him the most was that if we started granting development orders or abandoning property that would give one business person an advantage over another business owner in a negotiation for the acquisition of property we would be doing a great disservice to the other property owner.

Mr. Meadows stated that abandonment of property in 1998 bordered the property in question. He then asked that the development order be deferred until the July Council Meeting.

MOTION WITHDRAWN

Storm Water Utility PROPOSALS FOR STORM WATER UTILITY: Permission to advertise for request for proposals for the storm water utility rate. City Manager Linn explained that a grant in the amount of \$20,000 had been received from St. Johns River Water Management District to establish a storm water utility. The purpose was to establish a rate structure that was fair to everyone and could be defended in court.

Consensus: **TO MOVE FORWARD WITH REQUESTING PROPOSALS FOR THE STORMWATER UTILITY RATE.**

Final Comments Councilor Pruette had asked the City Clerk's office to provide a list of ongoing council actions and unresolved issues.

Vice Mayor Shimp encouraged that the company hired for the storm water utility be solvent.

Adjournment There being no further business, the meeting adjourned at 8:55 p.m.

Richard A. Brown, Mayor

MINUTES
WORKSHOP CITY COUNCIL MEETING
JUNE 18, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held June 18, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Councilor Ronald A. Patronik
Councilor Harriet Pruette
Councilor J. W. "Buddy" Crout
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Finance Director Steve Ramsey
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein
Building Official Dan Arlington

ABSENT:
Vice Mayor Robert A. Shimp
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn thanked the Ish Brant Beautification Committee for the Tree City flag raising ceremony that took place before the council meeting. Mr. Linn reported that the committee was awaiting approval on the irrigation system for the Third Street medians. The committee had selected a yard of the month and received the 60% drawings for the Bike Path.

CITY MANAGERS PUNCH LIST

**Jarboe Park
Improvements**

JARBOE PARK IMPROVEMENTS: City Manager Linn stated that the Jarboe Park Improvements were on the agenda for approval of the contract awards.

**Bike Path – Penman
Road**

BIKE PATH – FLORIDA BOULEVARD: City Manager Linn reported that 60% of the bike path design for Florida Boulevard had been received.

Handicap Walkway

HANDICAP WALKWAY TO BEACH AT TOWN CENTER: City Manager Linn reported that he was awaiting proposals for the handicap walkway and hoped to have it completed by the end of July.

Dune Crossovers

BEACH DUNE CROSSOVERS: City Manager Linn reported that his assistant Terry Klein was working on a state matching grant application in the amount of \$150,000 for the dune crossovers. There were no requirements for the grant other than providing beach

access to the public.

- Michael Rowe PUBLIC WORKS EMPLOYEE – MICHAEL ROWE: City Manager Linn informed the council that Public Works employee Michael Rowe was undergoing treatment for cancer and had exhausted his sick leave. Fellow employees have donated personal leave to ensure that Michael would receive a paycheck while undergoing treatment and have donated a total of two months worth of leave.
- Roadway between Shopping Centers ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn reported there was nothing new on the roadway between the shopping centers.
- Florida League of Cities Conference FLORIDA LEAGUE OF CITIES ANNUAL CONFERENCE: City Clerk Lisa Volpe reminded council members to contact her if they wanted to attend the conference in August so there would be time to make reservations.

PROPOSED ORDINANCES

- Detached Garages PROPOSED ORDINANCE TO DEFINE AND CONTROL DETACHED GARAGES: AN ORDINANCE AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4), ACCESSORY BUILDINGS AND ADDING SECTION 27-238(A)(5), 27-328(A)(6), AND 27(A)(7).

The council discussed the proposed ordinance and the differences of lot sizes on each side of Third Street.

John Weldon, Jr., Chairman of the Planning & Development Review Board, 108 Oak Street, was not opposed to increasing the size of detached garages west of Third Street. Mr. Weldon stated that the Planning & Development Review Board currently had an application for a two-car garage west of Third Street with a playroom & bathroom attached to it. Mr. Weldon added it would essentially be a garage apartment in an area zoned single family. Mr. Weldon felt restrictions were needed on the sizes of garages in each district and suggested having maximum garage sizes tied to the existing districts.

David Baker, 1102 First Street, suggested that there be a moratorium on out buildings and garages until an ordinance was in place.

- On the Record Councilor Pruette stated on the record that she wanted Vice Mayor Shimp to know that she felt this ordinance needed to be in place as soon as possible and if he wanted to bring forward an ordinance concerning garage apartments the council would handle it separately.

Consensus: **FORWARD TO THE JULY REGULAR COUNCIL MEETING AND ADOPT AS AN EMERGENCY ORDINANCE IF CITY ATTORNEY CHRIS WHITE APPROVES AND ADD AN AMENDMENT TO INCREASE THE SIZE IN CERTAIN DISTRICTS.**

- Amend Section 27-13 RESPONSIBILITY OF INTERPRETATION OF CODE: AN ORDINANCE AMENDING SECTION 127-13, RESPONSIBILITY FOR INTERPRETATION OF THE CODE OF ORDINANCES.

Councilor Crout wanted the following sentence added to Section 127-13: This section shall not be interpreted in any way to restrict the title of the City Manager set forth in Section 2-85(B) and in the event of conflicting interpretation the interpretation of the City Manager shall prevail.

Consensus: **FORWARD TO THE JULY REGULAR COUNCIL MEETING FOR FIRST READ.**

Corner Lots

ORDINANCE TO AMEND THE DEFINITION OF A CORNER LOT: AN ORDINANCE TO AMEND SECTION 27-216, CORNER LOT DEFINITION.

Councilor Pruette asked to defer the proposed ordinance defining corner lots for further fact-finding.

Dr. Raul Moreno, 93 Orange Street, wanted to know what the ordinance would do. Several other members of the audience concurred.

Councilor Pruette explained the reason she felt the ordinance was necessary because if the lots on the beach accesses were considered corner lots the property owner could pave the beach access claiming it was a street and would have a 15-foot side building restriction line. If they were not considered corner lots the lots would have a 7-foot side building restriction line and the ocean view would be restricted.

Dr. Raul Moreno, 93 Orange Street, didn't think anything needed to be changed because the Building Department could deny the application if the building encroached in the beach access.

An unidentified man asked how big the beach accesses were. City Manager Linn responded that they varied from 50 to 57 feet and they were called street right-of-ways on the city plot.

Lynda Padrta, 1113 First Street, stated that the 15 foot wide beach access provided the view for a lot of people who paid a premium for their property and if it were changed to 7 feet it would block the view.

Judy Williams, 98 Orange Street, was concerned that if the building restriction lines were changed it would devalue her property and there would be lawsuits.

Harriet Christovich, 110 Seagate Avenue, asked for clarification. Councilor Pruette responded that was why she wanted to defer the ordinance and find out more herself.

Consensus: **TO DEFER PROPOSED ORDINANCE DEFINING CORNER LOTS AND DO FURTHER FACT FINDING.**

Beach Access Protection

PROPOSED ORDINANCE TO CONTROL USES OF BEACH ACCESSSES: AN ORDINANCE TO AMEND ARTICLE I, SECTION 7, BEACHES AND WATERWAYS BY ADDING SECTIONS 7-1 THROUGH 74.

Councilor Pruette proposed this ordinance because there were no definitions or restrictions on what could be done on the beach accesses.

Harriet Christovich, 100 Seagate Avenue, asked Councilor Pruette to read the ordinance.

Ms. Moreno, 93 Orange Street, thought that the city should beautify the beach accesses.

Harriet Christovich, 100 Seagate Avenue, stated that we needed to be careful about launching vessels from beach accesses, especially handicap accesses.

City Manager Linn stated that there was a general provision in the code that stated no one could encroach on a city right-of-way without a permit. Mr. Linn added that the beach accesses needed special attention and special provisions.

Councilor Pruette stated that her intent was to protect the natural beauty that we have on the beach accesses today where citizens could get to the beach.

Judy Williams, 98 Orange Street, asked if more employees would be hired to enforce the new ordinances.

Donald White, Chairman of the Board of Appeals, 1414 First Street, felt that the beach accesses were protected by the referendum and was concerned about violating the previous law.

David Baker, 1102 First Street, was concerned about enforcement.

Ed Jones, 200 First Street, stated that some of the accesses were used as driveways and that should be considered.

Tom Tankersley, 138 Kings Road, stated that the city was responsible for keeping the public accesses safe.

Consensus: **SEND BACK TO THE CITY ATTORNEY FOR ADVICE BEFORE FIRST READ.**

CONTRACT/AGREEMENTS

Jarboe Park
Improvements

JARBOE PARK IMPROVEMENTS – RESURFACE OF EXERCISE TRAIL: City Manager Linn recommend approval of the low bid to Duval Asphalt for the resurfacing of the exercise trail in the amount of \$21,253.

Consensus: **FORWARD TO THE JULY REGULAR COUNCIL MEETING CONSENT AGENDA.**

Jarboe Park
Improvements

JARBOE PARK IMPROVEMENTS – VARIOUS PARK STRUCTURES: City Manager Linn recommended approval of the low bid to RWBV/SWS Construction for the construction of various park structures in the amount of \$36,865.

Consensus: **FORWARD TO THE JULY REGULAR COUNCIL MEETING CONSENT AGENDA.**

ISSUE DEVELOPMENT

Tax Incentive

TAX INCENTIVE – CONVERSION OF MULTI DWELLING TO SINGLE DWELLING IN THE R-4 DISTRICT EAST OF THIRD STREET: Jacksonville City Councilman Jerry Holland had asked Council to pass a resolution requesting support from the City of Jacksonville to freeze property taxes for property owners east of Third Street that would convert multi family dwellings to single family dwellings.

Consensus: **PREPARE A RESOLUTION FOR THE JULY REGULAR COUNCIL MEETING.**

- City Manager Goals GOALS OF THE CITY MANAGER FOR YEAR 2001-2002: Councilor Crout suggested waiting until the City Manager's annual review to discuss the City Manager's goals.
- Consensus: **TO DEFER UNTIL THE CITY MANAGER'S ANNUAL REVIEW.**
- Utility Capital Improvements SET A DATE FOR UTILITY CAPITAL IMPROVEMENTS ROUNDTABLE WORKSHOP (JULY 9, 2001): Schedule a meeting with Public Works Director John Galen, City Manager Linn and Jim Miller of PBS&J to discuss the steps of the Utility Improvement Project.
- Consensus: **HOLD THE ROUNDTABLE WORKSHOP MEETING FOR UTILITY CAPITAL IMPROVEMENTS ON JULY 9, 2001.**
- Voting Delegate SELECTION OF A VOTING DELEGATE FOR THE FLORIDA LEAGUE OF CITIES 75TH ANNUAL CONFERENCE: The city was asked to select one person to be the voting delegate for the Florida League of Cities Annual Conference.
- Consensus: **TO NOMINATE MAYOR BROWN TO SERVE AS VOTING DELEGATE FOR THE FLORIDA LEAGUE OF CITIES 7TH ANNUAL CONFERENCE.**
- Third Street Medians APPROVAL FOR BIDS ON IRRIGATION SYSTEM FOR THE THIRD STREET MEDIANS:
- Consensus: **FORWARD TO THE JULY REGULAR COUNCIL MEETING FOR A VOTE.**
- Public Comments **PUBLIC COMMENTS ON AGENDA ITEMS ONLY**
- David Baker, 1102 First Street, was concerned about overgrown trees and shrubbery on public sidewalks.
- Judy O'Loughlin, 408 Oceanfront, suggested that the city clean up the overgrowth on the sidewalks and send the bill to the property owners.
- Lynda Padrta, 1113 First Street, felt that a moratorium on the construction of garages should be in place until the ordinance went into effect, suggested a referendum to define beach accesses and corner lots and was also concerned about bushes growing over the sidewalks.
- Harriet Christovich, 110 Seagate Avenue, was also concerned about bushes growing over sidewalk and suggested that the city take note of all violations.
- Tom Tankersley, 1038 Kings Road, felt overgrown bushes was a public safety issue and guidelines needed to be set for detached garages. Mr. Tankersley felt Mayor Brown would represent the city well at the Florida League of Cities Annual Conference and the tax incentive east of Third Street should include on site parking.
- Donald White, Chairman of the Board of Appeals, 1414 First Street, felt that the areas both east and west of Third Street should be considered in the detached garage ordinance.

Adjournment

There being no further business, the meeting adjourned at 9:07 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

- July 4th Councilor Patronik asked the City Manager and Police Chief to provide extra safety measures for the July 4th holiday. City Manager Linn stated there would be extra patrols along with motorcycle and bicycle police.
- Redistricting City Manager Linn announced that Jacksonville City Councilman Jerry Holland would be coming to the meeting to speak to the council about Jacksonville's redistricting.

CITY MANAGER REPORTS

- Handicap Walkway HANDICAP WALKWAY AT TOWN CENTER LIFEGUARD STATION: City Manager Linn reported the permit from the Florida Department of Environmental Protection had been received and a purchase authorization had been issued to Michael Adams for construction. The walkway was expected to be completed by the end of July. The railing will be identical to the existing lifeguard building.
- Shade meeting SHADE MEETING: City Manager Linn requested that a shade meeting be set up to discuss union contract negotiations.

Consensus: **TO HOLD THE SHADE MEETING ON MONDAY JULY 9, 2001 AT 6:30 P.M.**

COMMENTS FROM THE PUBLIC

- Public Comments Michael Dunlap, 212 Lora Street, asked the council to consider his handout on garage apartments and to amend the proposed garage ordinance to include them.
- Lynda Padrta, 1113 First Street, encouraged the passage of the curfew ordinance and tax incentive resolution and felt that garages needed to be addressed immediately without the encumbrance of the garage apartment issue.
- Regina Nolting, 1606 First Street, complained about the amount of crowds and law enforcement on First Street on July 4th.
- Susan Carol Losh, 115 Lora Street, was concerned about safety on July 4th and if existing garages would be grandfathered in with the new ordinance.

CONSENT AGENDA

ORDINANCES

- Ordinance No. ORDINANCE NO. 2001-07, JUVENILE CURFEW EMERGENCY ADOPTION – FIRST

2001-07

READ, SECOND READ, AND PUBLIC HEARING, SPONSORED BY COUNCILOR CROUT: AN ORDINANCE TO ESTABLISH A NOCTURNAL CURFEW APPLICABLE TO JUVENILES AND REGULATING THEIR ACTION IN PUBLIC PLACES; AND DEFINING THE DUTIES OF PARENTS OR GUARDIANS OF JUVENILES AND OPERATORS OF ESTABLISHMENTS; AND PROVIDING FOR POLICE PROCEDURES FOR THE VIOLATION THEREOF.

Director of Public Safety William Brandt discussed the problem that precipitated this ordinance. All other communities in Duval County have similar ordinances passed between 5 and 10 years ago. In the last few months there has been a large increase in car burglaries. He requested this so officers had a legal reason to stop suspicious juveniles and question them about their actions and intent. He explained there were legitimate exceptions to the curfew.

City Attorney White asked the Chief Brandt if he considered it an emergency. Chief Brandt responded that due to the frequency of the problems in recent months he felt it was a emergency.

The council discussed the ordinance considering changing the time to midnight and one a.m.

Mayor Brown read Ordinance No. 2001-07 by title only and opened the public hearing.

Lenne LaRue III, 600 Driftwood Road, on behalf of the teens of Neptune Beach he requested the curfew to be more lenient in the summer since school was out. He did not feel it was right to take away the rights of teens because of a few ones who may be involved in illegal actions. He asked for a compromise. The parents should control their teens and punishments should be harsher for those who do commit crimes.

Lynda Padrta, 1113 First Street, stated there is nothing you can not do at 8 p.m. that you can do at midnight.

Chris Oakey, 620 Camellia Terrace Drive, supported the ordinance due to the vandalism in his neighborhood especially to mailboxes.

Harriet Christovich, 110 Seagate Avenue, supported the ordinance because of the Police Chief's recommendation and also to protect teens.

There being no further comments from the public, the public hearing was closed.

Moved by Crout , seconded by Patronik.

Motion: **TO ADOPT ORDINANCE NO. 2001-07, JUVENILE CURFEW AS AN EMERGENCY.**

Roll Call Vote:

Ayes: 4 – Crout, Patronik, Pruette, Brown

MOTION CARRIED

Redistricting

Jacksonville City Councilman Jerry Holland stated that the Jacksonville Redistricting Committee had reached a compromise. Everything west of the intracoastal except Mayport Naval Base would become District 13. He does not live in the new district 13 but has thought about moving across the intra coastal. He would continue to represent the beach because the new lines would not take effect until the 2003 elections.

The City Council thanked him for helping in keeping the beaches together.

Ordinance No.
2001-08

ORDINANCE NO. 2001-08, DEFINING DETACHED GARAGES, FIRST READ, SPONSORED BY COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4), ACCESSORY BUILDINGS AND ADDING SECTION 27-238(a)(5), 27-328(a)(6), AND 27-328(a)(7).

Mayor Brown read Ordinance No. 2001-08 by title only.

Moved by Crout, seconded by Pruette

Motion: **TO ADOPT ORDINANCE NO. 2001-08, DEFINING DETACHED GARAGES.**

Councilor Pruette stated this ordinance was important in order to help the Building Department and the Board of Appeals. She felt that garage apartments could be considered at a later time with all information.

Mayor Brown clarified that this ordinance did not stop garage apartments and they should be considered at a later time.

Councilor Patronik felt this was important to help the boards and liked the square footage compromises. He also stated that garage apartments could still be looked into.

Roll Call Vote:

Ayes: 4 – Crout, Patronik, Pruette, Brown
Noes: 0
Absent: 1 - Shimp

MOTION CARRIED

City Manager Linn reminded the council and the audience that the second read for this ordinance would be on July 9, 2001 at 7p.m.

Councilor Pruette stated she would be more than happy to speak with Michael Dunlap about establishing regulations on garage apartments.

Ordinance No.
2001-09

ORDINANCE NO. 2001-09, RESPONSIBILITY FOR CODE INTERPRETATION, FIRST READ, SPONSORED BY COUNCILOR CROUT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-13, RESPONSIBILITY FOR INTERPRETATION OF THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2001-09 by title only.

Moved by Crout, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2001-09, RESPONSIBILITY FOR CODE INTERPRETATION, ON FIRST READ.**

Councilor Crout stated this was to clarify who had final say on code interpretation. Councilor Patronik asked the City Attorney what would happen if the City Manager had to disagree. City Attorney White said the City Manager could defer to the department head and that this ordinance would not supersede any state law.

**BUDGET WORKSHOP MEETING
JULY 5, 2001, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 5, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor J. W. "Buddy" Crout
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe

Director of Finance Steve Ramsey
Director of Public Safety William Brandt
Director of Public Works John Galen
Building Official Dan Arlington
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

City Manager Linn passed along the sad news that Vice Mayor Shimp's mother-in-law had passed away. Mr. Linn extended his condolences.

Mayor Brown asked City Manager Linn to give an opening statement.

City Manager Linn explained that the budget process began back in March when the department heads were asked to submit their needs to the Finance Director.

City Manager Linn gave the following general remarks:

1. The budget called for one additional employee in City Hall to be shared between the Building Department and the Finance Department.
2. The Police Department had requested 3 defibrillator units and two in car video cameras.
3. The Parks Department asked for a new mower costing \$15,000, a flat bed truck, and a 2002 claw truck single axle.

Director of Finance Steve Ramsey pointed out that the projected numbers in the revenues' summary were based on the current tax rate adopted for 2001. The projected budget was based on maintaining the same rate.

New Millage Rate

Mayor Brown inquired as to what the deadline was to set the new millage rate. Mr. Ramsey replied August 4, 2001.

Director of Finance Steve Ramsey made the following comments:

1. The ½ cent sales tax was down.

2. The purpose for the additional staff person in City Hall was because Assistant to the Building Official Piper Turner was overburdened and an extra person could help her with the typing of the minutes and routine tasks. Due to the web use Utility Billing Supervisor Rosemary Phillips would need to spend more time on the computer end and the additional staff person could fill in at the customer service counter.

Appropriated Fund Balance	Councilor Crout questioned the balance of the appropriated fund balance. Mr. Ramsey answered that there was a shortfall of about \$150,000.
Beach Dunes	Mayor Brown asked City Manager Linn what were the most critical needs in Neptune Beach. City Manager Linn replied that the dune crossovers were in very bad shape and could use a major haul. His assistant Terry Klein sent in a state matching grant application to be used for funding the project. There was no assurance that the funding would be received. If the funding was not received, Mr. Linn recommended starting replacement on the worst two or three crossovers each year.
Police Car Video Cameras	Vice Mayor Shimp questioned the amount of police in car video cameras. Chief Brandt responded that he currently had two from a D.U.I. Grant and was requesting two more in the budget. Mr. Brandt added that he would look for more grants. Eventually he would like to have one in every car.
Budget Cuts	Finance Director Steve Ramsey stated that City Manager Linn had already made some cuts in education, removed a vehicle, and reduced travel.
Mincey Mucker Truck	Director of Public Works John Galen explained that the truck would be used to clean ditches and it would be a nice truck to have. Mr. Galen and Mr. Linn agreed that they would feel more comfortable with a lease because it would not be used too often.
Ice Machine	Mr. Galen explained that the ice machine had to be overhauled several times and was on its last leg. The ice was used to pack water samples to carry to labs and for water coolers on work trucks.
Claw Truck	Director of Public Works John Galen stated the claw truck would be a replacement and was used to pick up heavy items. Mr. Linn strongly supported the truck stating it would be used extensively and could help the city by opening the streets after a storm.
Street Improvements	Councilor Patronik questioned the \$538,877 worth of street improvements. Mr. Ramsey replied that it was standard practice to plug in numbers in case of an emergency.
Two New Pick Ups	Councilor Pruette asked if Mr. Galen could live with only one new truck. Mr. Galen responded that the trucks would be replacements for trucks over 8 years old and the old ones would be auctioned off.
New Tahoe	City Manager Linn mentioned the budget called for a Tahoe truck for the Public Works Department, \$9,000 of which would come from the Street Department budget and the rest would come out of the Water & Sewer budget. Mr. Linn explained the new Jeep Tahoe would replace Mr. Galen's old Jeep Cherokee that would then be used by the Building Official.
Water Pressure	Mayor Brown asked if the local water pressure projects needed to be funded in this budget. Mr. Linn explained that was a different budget all together and would it would be discussed at a later date.
Animal Control	Vice Mayor Shimp asked why the Overtime was up 140% and Other Contractual Services was up 250% in Animal Control. Chief Brandt responded that Other Contractual Services was up because of the duck program that kept the ducks out of Jarboe Park. Chief Brandt

stated that he was unsure about the overtime and would speak with Mr. Ramsey.

Community
Development

Vice Mayor Shimp questioned the Other Contractual Services in Community Development because it was up 250%. Building Official Dan Arlington explained that the figures shown in Other Contractual Services and Professional Services should be reversed. Mr. Arlington added that Other Contractual Services and Professional Services were used for additional building inspections. Mr. Linn stated that he would look into this. Mr. Arlington added there were four new developments slated to start construction next fiscal year.

Principal on Debt

Vice Mayor Shimp asked about the Principle on Debt in the Finance Department being up 275%. Mr. Ramsey replied that it was for lease payments on equipment and was budgeted incorrectly for FY 2001..

Pay for Training

Vice Mayor Shimp commented that when an employee goes to a required class they should be paid their regular salary. Vice Mayor Shimp was concerned if the Lifeguards were paid when they went to first aid classes.

New City Hall
Employee

Councilor Patronik stated that he would like to see the benefits & cost the city would receive from hiring a new employee to be shared by the Building & Finance Departments.

Lifeguard Salary's

Councilor Patronik questioned the Lifeguard Salaries for year to date. Mr. Ramsey replied that the total salary up to that point was averaged over the 12-month period and since the lifeguards had not yet begun working full time the number was considerably lower then it should be.

Contingencies

Councilor Patronik asked if the \$100,000 contingency was for unknowns that the council had to approve. Mr. Ramsey replied yes.

Better Jax Plan

Councilor Patronik asked if there would be any expenditures from the Better Jacksonville ½ cent sales tax. Mr. Ramsey stated no unless the council decided to put a project in. City Manager Linn stated that the number one priority for the use of the money was the replacement of the Kings Road Bridge, number two was to upgrade the entire City Yard.

Salary Increases

Councilor Crout questioned if salary increases were included in the budget. Mr. Ramsey answered yes. City Manager Linn reminded the council that there was a shade meeting for union contract negotiations on Monday.

Property Taxes

Councilor Patronik asked if the City of Jacksonville kept 5% of the dollar for a collection fee. City Manager Linn stated the budget was figured at 95% collection and usually fell in between 96% and 97%. Councilor Patronik asked Mr. Ramsey to find about this.

Vehicle Expenditures

Councilor Patronik questioned how fuel was calculated. Chief Brandt stated that he estimated the fuel cost based on what was spent this year.

Enterprise Fund

Steve Ramsey stated that the meeting for the Enterprise Funds was scheduled for 6:00 p.m. before the workshop on July 16, 2001.

Final Comments &
Closing Statements

Councilor Pruette asked if Jacksonville Beach provided any help with the Kings Road Bridge. A discussion ensued about replacement of the bridge and that the property owners would be inconvenienced. Mr. Galen also discussed having Jacksonville Beach service those customers through an interlocal agreement otherwise the water & sewer lines would have to be run through Hopkins Creek.

Steve Ramsey stated that the date for the Final Adoption of the budget had to be completed by October 1, 2001.

City Manager Linn summarized the following points:

1. More information was needed to justify the new position in City Hall.
2. The mincey mucker truck would not be purchased.
3. Would like to see if Public Works could get by with 4 new trucks instead of 5. Mr. Galen stated that 4 would not be a problem.

City Manager Linn stated that the revenue was estimated lower and the expenditures higher so there would be no surprises at the end of the year.

The Council commended Finance Director Steve Ramsey for a job well done on the budget preparation.

Adjournment

There being no further business, the meeting adjourned at 8:12 p.m.

Call to Order/Roll Call

The Mayor called the meeting to order at 7:19 p.m.

ORDINANCE 2001-08

**Ordinance No.
2001-08**

ORDINANCE NO. 2001-08, DEFINING DETACHED GARAGES – SECOND READ AND PUBLIC HEARING, SPONSORED BY COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4), ACCESSORY BUILDINGS AND ADDING SECTION 27-238(a)(5), 27-328(a)(6), AND 27(a)(7).

Mayor Brown read Ordinance No. 2001-08 by title only and opened the public hearing.

Lynda Padrta, 1113 First Street, felt it would be irresponsible of the council not to adopt the ordinance.

John Weldon, Chairman of the Planning & Development Review Board, 108 Oak Street, supported the ordinance.

Hank Baltar, Member of the Planning & Development Review Board, 2029 Sandpiper Point, supported the ordinance.

Brian Greenwood, Member of the Planning & Development Review Board, 222 Myrtle Street, felt the ordinance was needed to close the hole in the code that had no restrictions on detached garages.

There being no further comments from the public the public hearing was closed.

Moved by Shimp, seconded by Patronik.

Motion: **TO ADOPT ORDINANCE NO. 2001-08, AS STATED.**

Vice Mayor Shimp voiced concern about the ordinance having passed a first reading while he was on vacation. He was under the impression that the issue would be discussed further at a workshop meeting when he returned from vacation.

Councilor Patronik agreed with the ordinance and increasing the square footage west of Third Street on detached garages. He supported garage apartments and agreed with Vice Mayor Shimp about how the ordinance came up while he was on vacation.

Councilor Crout was glad to see the issue of detached garages brought back to life and favored the ordinance.

Councilor Pruette commented that while Vice Mayor Shimp was on vacation the constituents did not go on vacation and she was asked by a citizen to look at a detached garage that was currently under construction. After looking at that garage Councilor Pruette understood where the Planning & Development Review Board was coming from in their efforts to define and set requirements on detached garages. Councilor Pruette apologized to Vice Mayor Shimp for bringing this back up while he was on vacation, however Councilor Pruette stated that she felt she did what was best for the constituents.

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:35 p.m.

PRESENTATIONS

PBS&J Jim Miller, PBS&J, gave a slide show presentation that consisted of a summary of the Water & Sewer Master Utility Plan on where we have been, where we were now, and where we needed to go. A copy of said slide show is incorporated, as attachment, to these minutes.

DISCUSSION

Discussion Vice Mayor Shimp was concerned that the pipe bursting technology would cause disruption in other services due to the construction. He felt the water lines needed to be replaced before the pipe bursting or the old pipes would bust. Mr. Miller responded that if the water lines were too close to the sewer it could cause water problems. Mr. Miller stated that Director of Public Services John Galen's recommendation of replacing some water mains first would be best because it would increase the water pressure.

Vice Mayor Shimp voiced concern about the future water supply and felt the city should go with technology that would be the most effective 15 years from now. He stated he learned in Germany that the vacuum system took less than one liter of water per toilet flush. Mr. Galen talked about a reuse system where the water lines would go into the house and the sewer lines would go out in a loop. Mr. Miller stated that the city was not big enough to establish a reuse system and added that a mandatory reuse system would not be cost effective and would be a burden on the taxpayers.

Mayor Brown questioned if it had been decided that the water system replacements would be first. Mr. Miller responded it was the council's decision and agreed that it was a high priority. Mr. Miller added that the Florida Boulevard water main needed to be addressed and we needed to find out what was causing the pumps not to respond to the tank levels.

Councilor Patronik was concerned about adequate pressure needed to fight fire and felt running a water line from Florida Boulevard would increase the pressure. Mr. Galen stated that the fire hydrants were going to be inspected next month and if there were any bad ones they would be replaced. The fire hydrants east of Third Street had no valves on them which might cause some inconvenience when they were replaced.

Councilor Crout realized that it would be costly but he wanted Mr. Miller to get the best price on the staff priorities and move forward with taking action and getting bids. Councilor Crout commented that the longer we waited the more costly it would be. Mr. Miller stated there was still money left in the original contract that could be used for engineering and some items could be done by purchase order.

Councilor Pruette asked how many fire hydrants were east of Third Street. Mr. Galen replied that there were a total of 215 in the city and east of Third was in good shape because new hydrants had been installed at each street end. Councilor Pruette agreed with Councilor Crout to move forward with the priorities.

Vice Mayor Shimp stated the council was waiting on staff recommendations to move forward with the water but council needed to make the decision on the type of sewer system.

Councilor Patronik agreed it was time to start implementing the water improvements.

AVAILABLE FUNDING REPORT

State Revolving Loan Fund

STATE REVOLVING LOAN FUND - WATER PROJECTS: City Manager Linn reported that the city had been authorized a \$211,033 State Revolving Loan and had been approved for a total of \$2,943,685. The loan would be available in September. The application was submitted based on the Master Plan Phase 1, A, B, & C. The funds were only available for the engineering that was done and submitted for the Master Plan. Mr. Linn added that we could ask for changes but they may not be approved.

STATE REVOLVING LOAN FUND - SEWER PROJECTS: City Manager Linn reported that the sewer projects were approved for \$6,089,778 for a State Revolving Loan for Phase 1, A, B, and C, that was submitted.

Disadvantages Small Community Grant

DISADVANTAGES SMALL COMMUNITY GRANT: City Manager Linn stated that the Disadvantages Small Community Grant was for cities under 7,500 in population. Neptune Beach was #27 on the list for the grant and should be reached in 2006 or 2007. This grant money could be used to pay off the State Revolving Loans.

Fund Balances

FUND BALANCES: City Manager Linn stated that the city had \$1,624,597.89 available in cash, \$363,778 to be reserved to meet the bond covenants of the previous bond. The available money in surpluses was \$1,060,819.89.

RECOMMENDATIONS

Water Project

City Manager Linn recommended proceeding with the water project improvement east of Third Street (Phase 1-B&C) and the main line from the water tank to First Street. Mr. Linn

further recommended either pre-qualifying contractors using unit pricing or piggybacking on another agency contract using a "trenchless" technology pipe bursting or directional boring.

Sewer Project

City Manager Linn recommended that we continue research and review of the sewer projects. Mr. Linn felt we needed to collect more cost versus benefit relationship of the various sewer system technologies.

John Galen stated he was not opposed to the vacuum system but felt one system would not be the sole solution. Mr. Galen thought a mix of different technology would be the solution.

Councilor Crout asked the City Manager to come up with a proposal on how the city would pay for the improvements. City Manager Linn replied rate studies had been done and water rates had been raised to allow the work to be done in phases.

On the Record

Vice Mayor Shimp stated on the record that the previous council approved and accepted the water rate study.

Councilor Pruette asked John Galen if the underground lift station would be removed. Mr. Galen responded it was not the original intent but it may end up being permanent.

Mayor Brown asked City Manager Linn to firm up what was covered tonight.

City Manager Linn's conclusion was that he had direction to proceed with water and he and Mr. Miller would put together a list of what they wanted to go out on contract on water lines.

Consensus: **TO GO TO WORK ON THE WATER SUPPLY EAST AND REPLACING THE FAULTY AREAS.**

Public Comments**PUBLIC COMMENTS**

Tim Slater, 573 Magnolia Street, agreed and encouraged the action for Bal Harbor, he had problems with water lines and water pressure.

Lynda Padrta, 1113 First Street, was concerned about the size of the water pipes.

Adjournment

There being no further business, the meeting adjourned at 8:32 p.m.

MINUTES
SPECIAL CITY COUNCIL MEETING
JULY 12, 2001 AT 5:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held July 12, 2001 at 5:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor Ronald A. Patronik
Councilor Harriet Pruette
Councilor J. W. "Buddy" Crout
City Attorney Christopher White

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Finance Director Steve Ramsey
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein

Call to Order/Roll Call

The Mayor called the meeting to order at 5:00 p.m. and explained that the purpose of the meeting was to take action on Resolution No. 2001-14 and Resolution No. 2001-15.

City Attorney Chris White explained that the legislature had passed a new law setting up a uniform system for accessing tax on telecommunication companies.

Finance Director Steve Ramsey stated that the City of Jacksonville, Jacksonville Beach, and Atlantic Beach had all adopted the 5.1% max rate.

City Manager Linn added that in addition to the telecommunications tax AT&T Broadband still had a franchise fee.

ORDINANCE 2001-08

**Resolution
No. 2001-14**

RESOLUTION NO. 2001-14: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, RELATING TO INCREASING THE LOCAL COMMUNICATIONS SERVICES TAX RATE; PROVIDING FOR INTENT; PROVIDING FOR INCREASED LOCAL COMMUNICATIONS SERVICES TAX RATE; PROVIDING FOR NOTICE TO THE DEPARTMENT OF REVENUE; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Assistant to the Building Official Piper Turner

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:10 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that he had signed the maintenance agreement for the Florida Boulevard Bike Path with DOT and would be meeting with Brett Goddard and engineers regarding the additional piping. He was also soliciting quotes for the construction of the irrigation system for the Third Street medians. A yard of the month had been selected.

CITY MANAGERS PUNCH LIST/NONE

PROPOSED ORDINANCES

Garage Apartments

PROPOSED ORDINANCE – GARAGE APARTMENTS – VICE MAYOR SHIMP: THAT THE CODE OF ORDINANCES, CITY OF NEPTUNE BEACH, FLORIDA, IS HEREBY AMENDED BY ADDING DEFINITIONS TO SECTION 27-216, DEFINITIONS; ADDING A NEW SECTION, TO BE NUMBERED 27-244, SECONDARY DWELLING UNITS; AND AMENDING SECTION 27-540(A)(2).

Vice Mayor Shimp explained his biggest concern was taking away property owner rights by not allowing construction of new garage apartments. He demonstrated that by not allowing garage apartments property owners could take advantage of their property by building out to the set back lines and covering the entire lot with one structure. Vice Mayor Shimp added that the ordinance would bring garage apartments that are already in

place into compliance as well.

Building Official Dan Arlington read the Ordinance in its entirety explaining the definitions and the guidelines it would require for garage apartments.

Councilor Pruette was concerned about how garage apartments would affect density and living conditions in Neptune Beach. She felt the ordinance; 1) should include that variances would not be allowed for garage apartments, 2) the ordinance was unfair because it limited garage apartments to corner lots, oceanfront lots and lots with two frontages and, 3) should include parking requirements. Councilor Pruette requested a consensus to send the ordinance to the Planning & Development Review Board for recommendations.

Councilor Crout asked that the size of garage apartments be limited to 500 square feet, which was the maximum size of detached garages.

Vice Mayor Shimp also agreed that variances should not be allowed for garage apartments and asked to move the ordinance forward by consensus having City Attorney White and Building Official Dan Arlington work on the details.

Consensus: **SEND TO THE PLANNING & DEVELOPMENT REVIEW BOARD FOR RECOMMENDATIONS AND FORWARD TO THE AUGUST REGULAR COUNCIL MEETING FOR FIRST READ.**

PRESENTATIONS

Air & Sea Show

Captain John Furness, presented an update on the Sea & Sky Spectacular regional event scheduled for November 1 through November 4, 2001.

CONTRACT/AGREEMENTS

Stormwater Utility Proposals

STORMWATER UTILITY PROPOSALS: The following three responses to the Request for Proposals for professional services to establish a stormwater utility were received.

1. Hartman & Associates, Jacksonville
2. Jones, Edmunds & Associates, Jacksonville (formerly Smith & Gillespie)
3. Post, Buckley, Schuh, & Jernigan, Jacksonville

City Manager Linn's first choice was PBS&J, and his second choice was Jones, Edmunds & Associates. Mr. Linn asked council if they would like each firm to give a presentation and the council make the decision or have him make a recommendation.

Consensus: **TO HAVE THE CITY MANAGER MAKE A RECOMMENDATION.**

ISSUE DEVELOPMENT

Employee Recognition Program

EMPLOYEE RECOGNITION PROGRAM: City Manager Linn supported Councilor Pruette's request to recognize years of service of the city employees in five-year increments. The recognition for five to fifteen years would consist of a certificate of appreciation and a pin presented by the Mayor. In addition, employees with fifteen years of service and above would also be awarded a savings bond and luncheon.

Consensus: **TO HAVE THE CITY MANAGER PROCEED WITH THE DEVELOPMENT OF THE EMPLOYEE RECOGNITION PROGRAM AND SUBMIT ESTIMATED THE COSTS.**

- Employee of the Year City Manager Linn announced that Accountant Gina Smith in the Finance Department, had been selected "Employee of the year."
- Mileage Rate SCHEDULE A DATE TO ADOPT THE "NOT TO EXCEED MILLAGE RATE": A date needed to be determined to establish the "Not to Exceed Millage Rate." City Manager Linn suggested holding a Workshop meeting before the Special meeting to firm up adjustments to the general fund.
- Consensus: **TO HOLD A SPECIAL MEETING TO ADOPT THE "NOT TO EXCEED MILLAGE RATE" MONDAY, JULY 30, 2001, AT 6:00 P.M.**
- Impervious Surfaces IMPERVIOUS SURFACES: Vice Mayor Shimp was concerned about impervious surfaces east of Third Street and suggested a tax incentive for property owners with greater green space.
- Noise Ordinance NOISE ORDINANCE – DIRECT LIGHT: Vice Mayor Shimp invited a resident who was concerned about his neighbor's floodlights shining into his home to speak to the council.
- Tim Ingram, 113 Pine Street, suggested that council adopt an ordinance to prevent lighting on the exterior of one residential property from shining directly into another because of a dispute between himself and his neighbor.
- Vice Mayor Shimp asked Building Official Dan Arlington to work with City Attorney Chris White to add verbiage to the nuisance ordinance that would take care of the problem.
- Consensus: **TO HAVE THE BUILDING OFFICIAL AND CITY ATTORNEY WORK TOGETHER ON AN ORDINANCE AMENDING CHAPTER 28, NUISANCES, AND SEND TO THE PLANNING & DEVELOPMENT REVIEW BOARD FOR RECOMMENDATIONS.**
- Councilor Patronik acknowledged that today was Mayor Brown's birthday and everyone wished him a happy birthday.
- Public Comments **PUBLIC COMMENTS ON AGENDA ITEMS ONLY**
- Glen and Kelly Greenberg, 801 First Street, were concerned about mischievous activity east of Third Street during the night and discouraged garage apartments as well as other rental property.
- Harriet Christovich, 110 Seagate Avenue, questioned why an ordinance was necessary for garage apartments when too many variances were being issued. Vice Mayor Shimp responded that the ordinance would provide guidelines and prevent variances.
- Lynda Padrta, 1113 First Street, stated that people could currently build garage apartments and passing the ordinance would be taking away property owners' rights. Ms. Padrta questioned the language and intent of the ordinance. Ms. Padrta felt that Vice Mayor Shimp should abstain from voting on the ordinance because he publicly stated personal self-interest.
- Adjournment There being no further business, the meeting adjourned at 9:18 p.m.

Richard A. Brown, Mayor

**BUDGET WORKSHOP MEETING
JULY 16, 2001, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 16, 2001 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor J. W. "Buddy" Crout
Councilor Ronald D. Patronik
Councilor Harriet M. Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe

Director of Finance Steve Ramsey
Director of Public Works John Galen
Building Official Dan Arlington
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein

Call to Order/Roll Call The Mayor called the meeting to order at 6:00 p.m.

SALARY ADJUSTMENTS

Council/Mayor

INCREASE IN SALARY FOR COUNCIL & MAYOR: City Manager Linn had spoke with City Attorney Chris White who had been asked by a council member to draft an ordinance that would increase the compensation for elected officials. City Manager Linn explained that he and Mr. White discussed the fact that the compensation had not changed since 1994 and the cost of living had increased and sometimes did not pay for their expenses of trips, time off of work, telephone calls, and other job related expenses. Mr. Linn suggested a 2.5% increase for each year that amounted to a 20% increase.

Consensus: **MOVE FORWARD WITH THE PROPOSED ORDINANCE INCREASING THE COMPENSATION OF THE MAYOR BY \$200 AND THE COUNCIL MEMBERS BY \$100.**

City Clerk

INCREASE IN SALARY FOR CITY CLERK: City Manager Linn explained that the City Clerk had written a memo proposing a salary increase and according to the code of ordinances it had to be set by resolution. City Clerk Lisa Volpe stated that her current salary was \$33,075 and she was requesting an increase of 17% that would raise her salary up to meet the average salary of other City Clerks throughout the state with the same size population.

Councilor Crout questioned if the average was based on City Clerks holding only the title of City Clerk or if it included other titles such as, City Clerk/CEO and City Clerk/Finance Director.

Ms. Volpe replied yes and Councilor Crout requested that she figure the average salary of

City Clerks holding only the title of City Clerk.

Consensus: **TO INCLUDE A \$38,722 ANNUAL SALARY FOR THE CITY CLERK IN THE BUDGET.**

City Manager

INCREASE IN SALARY FOR CITY MANAGER: City Manager Linn stated that his contract called for a salary review and questioned if the adoption of the budget was appropriate or if council wanted to give him a performance review. City Manager Linn further explained, at the request of Councilor Pruette, that under the terms of his new contract last year he was given an initial 15% salary increase and a 5% minimum increase each year thereafter with a satisfactory performance review.

Consensus: **TO GIVE THE CITY MANAGER A PERFORMANCE REVIEW AT THE NEXT WORKSHOP MEETING.**

Enterprise Funds

ENTERPRISE FUNDS

Reductions &
Additions

REDUCTIONS & ADDITIONS TO PROPOSED BUDGET: A Mincey Muck from the Local Option Gas Tax, a Pick Up Truck from the Street Department, and \$1,000 from the City Manager's office for computer equipment had been removed from the proposed budget totaling \$86,000 in reductions and \$1,000 had been added to non-departmental building improvements for painting and wall covering inside City Hall.

Water & Sewer
Enterprise Fund

WATER & SEWER ENTERPRISE FUND: There was a surplus of \$486,000 in the Water & Sewer Fund Phase 3 & 4.

Education & Travel

EDUCATION & TRAVEL - SEWER SERVICES & WATER SERVICES: The education and travel was up because the operators would be required more training by the state. John Galen explained that twelve of his employees had to be licensed and would be required to receive continuing education.

Surplus

FISCAL YEAR SURPLUS OF WATER & SEWER FUNDS: City Manager Linn mentioned that final fiscal year 2000 generated a \$450,000 surplus and the projected final for year 2001 is \$592,000 surplus and \$486,000 surplus was budgeted for 2002. Mr. Linn emphasized that the water & sewer rates were producing the surpluses needed to do the capital project.

Non Expendable
Funds

NON-EXPENDABLE FUNDS: non-expendable funds included Sanitation, King Neptune, and Cable.

Next Meeting

The next budget meeting to discuss the general fund and to set the not to exceed millage rate would be set at the following workshop meeting.

Council publicly commended Finance Director Steve Ramsey for doing a great job.

Adjournment

There being no further business, the meeting adjourned at 6:58 p.m.

City Clerk Lisa Volpe

Director of Finance Steve Ramsey
Director of Public Works John Galen
Building Official Dan Arlington
Deputy City Clerk Karla Strait
Assistant to the City Manager Terry Klein

ABSENT:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Adjustments

ADJUSTMENTS: The adjustments since the last budget meeting was the elimination of the mincey muck tractor from the Local Option Gas Tax and a pick up truck from the Street Department.

Projected Final

PROJECTED YEAR END FINAL: The 2000-2001 budget was adopted with the anticipation of the need for using \$275,000 in reserves. The projected 2000-2001 year-end final was a revenue surplus of \$81,909 without having used any of the reserved \$275, 000.

Assessed Value

The estimated assessed property value for year 2001-2002 was \$395,844,534.

DISCUSSION

City Manager Linn responded "no" to the question of whether the City of Jacksonville charged a fee to collect taxes stating it was a county service.

Councilor Crout stated the millage rate should support the expenses of the approved budget without reserve funds.

Vice Mayor Shimp felt that according to the projected 2001-2002 budget the millage rate did not need to be raised.

City Manager Linn explained the projected surplus of \$81,909 was the difference between the liabilities and revenues up to September 30, 2001.

City Manager Linn stated that the telecommunications tax and garbage franchise fees would generate more income this year.

City Manager Linn reported the city had rolled back the millage rate for the last 11 years and the cost of gas, staff, etc. was going up.

Vice Mayor Shimp stated that the water & sewer rates had increased and there would also be a storm water utility tax coming up this year. Shimp encouraged rolling back the millage rate, adding that the city was operating efficiently.

Mayor Brown reminded council that the purpose of the meeting was to set a preliminary rate in order to meet the state deadline and added that it could be decreased but not increased. City Manager Linn stated it was what the tax collector needed to notify the taxpayers of the estimated tax liabilities prior to the adoption of the budget.

Mayor Brown urged council to follow the staff recommendation and set the "not to exceed millage rate" at last years level. Mayor Brown was concerned that too many years of rolling back the rate would create false expectations and a bigger increase would be required in the future. He added that we were not doing anyone a favor by having the highest fees and reducing the millage rates and that property taxes were deductible.

Councilor Crout stated that the year was not over until October 1, 2001 and there may not be a surplus of \$81,909.

City Manager Linn recommended not setting the rate any lower than was currently.

Adjournment

There being no further business, the meeting adjourned at 6:45 p.m.

AGENDA AMENDMENTS

Agenda
Amendments

City Manager Linn requested amending the agenda in order to: 1) hear the results of the refinancing of the Bond Issue, from Michael Stuart, and Dan Livermore, 2) move item 12, Development Orders to follow public comments and, 3) at the request of the property owner of 120 ½ Lemon Street pull Item 12-F1 from the agenda.

Refinance Bond
Issue

APPROVAL OF BOND RESOLUTION TO AUTHORIZE ISSUANCE OF REFINANCE OF THE 1992 BOND ISSUE: Council had authorized the negotiated sale to refinance the 1992 Serial Bonds. City Manager Linn introduced Michael Stuart, Vice President of Gardnyr Michael Capital.

Michael Stuart, Vice President of Gardnyr Michael Capital, represented the city for the refunding of 1992 issue. The bonds were sold today and would close on August 27, 2001. The present value savings was \$317,000 after the cost of reissuing the bonds. The bonds mature in the year 2017, the same as the old bonds.

Dan Livermore, Livermore, Freeman, McWilliams, served as the Bond Counsel for the city. Mr. Livermore stated that the city needed to take legal action by approving Resolution 2001-19.

Upon the advise of the City Attorney the City Clerk read the title of Resolution No. 2001-19 for the record.

Resolution No.
2001-19

RESOLUTION NO. 2001-19, AUTHORIZING REFUNDING OF ALL OF THE CITY'S OUTSTANDING WATER & SEWER REFUNDING REVENUE BONDS, SERIES 1992:
A RESOLUTION AUTHORIZING THE REFUNDING OF ALL OF THE CITY'S OUTSTANDING WATER AND SEWER REFUNDING REVENUE BONDS, SERIES 1992; PROVIDING FOR THE ISSUANCE OF NOT EXCEEDING \$3,685,000 WATER AND SEWER REVENUE REFUNDING BONDS, SERIES 2001 OF THE CITY THE PROCEEDS OF WHICH WILL BE APPLIED TO PAY THE PRINCIPAL, REDEMPTION PREMIUMS, AND INTEREST IN RESPECT OF SUCH REFUNDED BONDS; PROVIDING FOR THE RIGHTS OF THE HOLDERS OF SUCH BONDS; MAKING CERTAIN OTHER COVENANTS IN CONNECTION THEREWITH; DESIGNATING SUCH BONDS AS QUALIFIED TAX-EXEMPT OBLIGATIONS; AWARDED THE BONDS TO THE UNDERWRITER NAMED IN THE BOND PURCHASE AGREEMENT; MAKING CERTAIN FINDINGS AND PROVISIONS WITH RESPECT TO SALE OF THE BONDS; AUTHORIZING CITY OFFICIALS TO EXECUTE THE BOND PURCHASE AGREEMENT, OFFICIAL STATEMENT AND RELATED DOCUMENTS; APPOINTING THE REGISTRAR AND PAYING AGENT FOR THE BONDS; AND PROVIDING AN EFFECTIVE DATE.

Motion: **TO APPROVE RESOLUTION NO. 2001-19, AUTHORIZING REFUNDING OF ALL OF THE CITY'S OUTSTANDING WATER & SEWER REFUNDING REVENUE BONDS, SERIES 1992.**

COMMUNICATIONS AND CORRESPONDENCE

Councilor Patronik stated he had spoken with Director of Finance Steve Ramsey who informed him that the purpose of the new position to be shared between the Building Department and the Finance Department would free up the Code Enforcement Officer and provide more code enforcement.

Councilor Patronik was concerned about the roots of a mulberry tree on Lake Neptune growing into Mr. Fails' property at 510 Oak Street, causing a nuisance problem and he felt the city should remove it. City Manager Linn was concerned about holding the bank back. Vice Mayor Shimp suggested that planting bushes on the bank before cutting down the tree would help to stabilize the bank.

Consensus: **MOVE THE ISSUE OF THE MULBERRY TREE ON LAKE NEPTUNE TO A WORKSHOP MEETING.**

Vice Mayor Shimp asked that the issue of a cost of living increase for the retired police officers be placed on the August 2001, Workshop Meeting. Vice Mayor Shimp felt that his character was being questioned relating to the issue of garage apartments and stated that he had no intention to build a garage apartment on his property.

Mayor Brown stated that he received correspondence concerning lack of security with the possibility of a residential lighting ordinance. Mayor Brown explained the proposed ordinance was not intended to eliminate exterior lighting but to eliminate lighting that may need a change of direction or partial shielding. City Manager Linn explained that the reason it was not on the agenda tonight was because it was sent to the Planning & Development Review Board for recommendations.

Councilor Crout was disturbed about settling neighborhood disputes by adopting an Ordinance and stated that council should not legislate neighborhood disputes.

Councilor Pruette asked Assistant to the Building Official to notify the citizen concerned about security lighting when the Planning & Development Review Board meeting would be held.

City Clerk Lisa Volpe introduced Sybil Ansbacher and Thomas Garzo asking them to stand and be recognized by the council. Ms. Ansbacher and Mr. Garzo were to be appointed by Resolution as alternate members of the Board of Appeals later in the meeting.

CITY MANAGER REPORTS

Jarboe Park

JARBOE PARK IMPROVEMENTS: City Manager Linn reported that the basketball court and tennis court had been resurfaced and new nets and new entrances installed. The two shelters were under construction. Post lamp lighting fixtures were being installed throughout the park for security along the jogging trail. The lighting was nearing completion with the assistance of Jacksonville Beach Electric. The overhead wiring was being replaced with underground conduit.

Utility Improvement

UTILITY CAPITAL IMPROVEMENT PROJECT: City Manager Linn reported the bond company was finishing the project since the contractor declared bankruptcy. They had installed the pumps for the well, the emergency generator, and were working on the fencing and landscaping. The project was nearing completion. A letter had been sent to the bonding company informing of intentions to collect liquidated damages for not complying with the completion date. Jim Miller, PBS&J, negotiated a preliminary estimate of 1.2 million for water east of Third Street with the firm that contracted with

Jacksonville Electric Authority. Mr. Miller was negotiating a further discount from that estimate and funding had been authorized by the state for completion of the project.

Garbage Fees

GARBAGE FEES – REPORT: Councilor Pruette had received complaints from residents that trash was not getting picked up and they were not getting what they were paying for and asked City Manager Linn what was being done to satisfy the citizens. City Manager Linn replied that since the new contract came about in July the number one complaint was the change of yard waste pick up. Residents would call and complain that the truck was picking up the household waste and leaving the yard waste. Mr. Linn explained the reason was because one truck picked up household trash and a later truck picked up yard waste because it was delivered to different places. At first some yard waste was not being picked up until 7:00 or 8:00 p.m. because B.F.I. also had a contract with Atlantic Beach for pick up on the same days. Mr. Linn added that B.F.I. had 24 hours to rectify complaints or the city could charge for liquidated damages. Mr. Linn also added that the amount of complaints had reduced.

COMMENTS FROM THE PUBLIC

Public Comments

Richard Fail, 510 Oak Street, stated that he had been waiting for three years for the city to do something about the roots of the mulberry tree on Lake Neptune growing up all over his property.

Michael Adams, 320 First Street, felt the language in the garage ordinance was not what Vice Mayor Shimp intended. Mr. Adams suggested passing a one sentence bill that said: "The minimum square footage requirement for a duplex on Neptune Beach in the R-4 zoning district is: and pick a number." Mr. Adams did not think Ms. Busbee should have needed a variance to build a duplex.

Michael Dunlap, 212 Lora Street, supported the garage apartment ordinance and suggested two changes: 1) allowing a minimum lot coverage of 60 or 65 percent and, 2) three parking spaces instead of four. Mr. Dunlap added that the 50 x 100 lots had long driveways and would hold a lot of cars but he did not think that was one of our goals in terms of the redevelopment of Neptune Beach.

Steve Hould, 111 Walnut Street, favored increasing the salary of the City Council and the City Clerk. Mr. Hould opposed the garage apartment ordinance feeling that garage apartments should be considered as part of the overall revision of Land Use Code.

Leslie Karlin, 1506 Spindrift Circle, asked what the city was going to do with the \$317,000 saved from the refinancing of the 1992 bond issue. Councilor Crout replied that it was money saved, not real money in hand. Ms. Karlin was concerned about the development on Florida Boulevard.

Lynda Padrta, 1113 First Street, admired the Councils' interest in preserving the city and finding ways to encourage the reduction of density. Ms. Padrta was opposed to the garage apartment ordinance stating that it was not an emergency and a lot more homework needed to be done.

Timothy Ingram, 113 Pine Street, was concerned about the following: 1) that there was not an ordinance regulating residential exterior lighting, 2) the signage at the end of the streets needed to be reduced 3) easements on First Street were being used as driveways and, 4) were the flashing red lights on First Street necessary in conjunction with stop signs when the speed limit was 25 miles per hour.

CONSENT AGENDA/NONE

VARIANCES

216 North Street **APPEAL OF DENIAL OF VARIANCE REQUEST FOR 216 NORTH STREET, LOT 6 NEPTUNE BEACH TERRACE:** The Board of Appeals denied a variance request to build a duplex on a 6000 square foot lot because the current code required a 6000 square foot lot providing all other density control requirements were met. The density control requirements to accomplish the Comprehensive Land Use Plan worked out to 8,712 square feet.

For the Record Councilor Pruette stated on the record that the lot abutted her lot and she expected the city to make sure that the water drained away from her lot.

Motion: **TO GRANT THE VARIANCE REQUEST FOR MRS. BUSBEE TO BUILD A DUPLEX AT 216 NORTH STREET.**

Moved by Crout, seconded by Pruette.

Legal Advice City Attorney White advised that an inconsistency existed between the density of the Comprehensive Land Use Plan and density of the Code of Ordinances. He wanted council to be aware and understand that it was an issue that could be brought up.

Roll Call Vote:

Ayes: 5 – Crout, Patronik, Pruette, Shimp, Brown

MOTION CARRIED

Ordinance No.
2001-10

ORDINANCE NO. 2001-10, SETTING STANDARDS FOR GARAGE APARTMENTS, FIRST READ: THAT THE CODE OF ORDINANCES, CITY OF NEPTUNE BEACH, FLORIDA, IS HEREBY AMENDED BY ADDING DEFINITIONS TO SECTION 27-216, DEFINITIONS; ADDING A NEW SECTION, TO BE NUMBERED 27-244, SECONDARY DWELLING UNITS; AND AMENDING SECTION 27-540(A)(2)

For the Record Vice Mayor Shimp stated for the record that he was against garage apartments back in June of 2000, but after seeing what had happened with the building of duplexes he felt that people needed other options. He did not believe there would be very many requests to build garage apartments because most properties already had duplexes that would have to be reconstructed or remodeled into single-family homes before they could build a garage apartment. He added that he did not want to build a garage apartment on his property.

Councilor Crout questioned the verbiage of the ordinance and asked Assistant to the Building Official Piper Turner to interpret the code.

Assistant to the Building Official Piper Turner explained:

1. The minimum lot size was not addressed in the ordinance because the Planning & Development Review Board expected Council to make a decision about the minimum size of duplex lots while addressing the variance for 216 North Street. There was a conflict because the code said 6000 square feet and the City Attorneys opinion was 8,712 square feet.
2. The biggest problem with the ordinance was Section 27-236, Multiple Uses of Required Yards Prohibited, no part of required yard or other open space provided in conjunction with one structure or use shall be used to meet the requirements for another structural use, except where specific provision of the contrary is made in this code.
3. On corner lots that have double frontage, the rear yard needed to be defined.
4. There is a conflict between Section 27-244, the minimum width 50 feet for a lot,

and the existing code that requires you to have 60 feet lot fronts.

5. There is an inconsistency with detached garages being required to be 7 feet from the side property line and 5 feet from the back property line when the garage apartment ordinance requires a 25 feet rear property line.

Motion: **TO TABLE ORDINANCE NO. 2001-10, SETTING STANDARDS FOR GARAGE APARTMENTS.**

Moved by Crout, seconded by Pruette.

Roll Call Vote:

Ayes: 3 – Crout, Pruette, Brown

Noes: 2 – Patronik, Shimp

MOTION CARRIED

For the Record Councilor Pruette stated for the record she was not opposed to garage apartments if they were done carefully.

Building Official Dan Arlington stated that the code was written with specific rules and general rules. In exceptions the general rules are overwritten with specific rules. For example you have to have 8,712 square foot lot for a duplex, but on corner and double frontage lots with 50 feet would be a specific rule that would override the general rule.

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Shimp saw a traffic radar system that attached to telephone poles at the Florida League of Cities Conference. They cost \$7,000 if operated with solar batteries and \$4,000 for one that needs power at the pole. He asked the city to consider buying two.

Councilor Patronik saw a computer software system to maintain records for about \$10,000 he asked the representative to contact the City Clerk.

Councilor Pruette asked Finance Director Steve Ramsey what the surplus was for the current budget. Mr. Ramsey replied the city budgeted \$275,000 last year from the reserves and \$100,000 was used.

City Manager Linn asked Steve Ramsey to include the cost of the traffic radar system in the budget.

CITY MANAGER REPORTS

City Manager Linn reported that he was in negotiations with all four of the employee unions and would need to schedule a shade meeting with the council in the next couple of weeks.

COMMENTS FROM THE PUBLIC/NONE

CONSENT AGENDA/NONE

VARIANCES

114 Palm Place
James Flynn

APPEAL OF DENIAL OF VARIANCE REQUEST FOR 114 PALM PLACE: James Flynn explained to the Council the Board of Appeals had denied his request to expand his deck. Based on the concerns of the Board Mr. Flynn had revised his plans.

Legal Advice City Attorney White advised the council could only review what was presented to the Board of Appeals and was not allowed to consider any new information.

Consensus: **TO SEND THE FLYNN VARIANCE REQUEST WITH THE REVISED PLANS BACK TO THE BOARD OF APPEALS WITHOUT ANY ADDITIONAL COST.**

ORDINANCES

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
City Attorney Christopher White

Finance Director Steve Ramsey
Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m. and thanked staff for the memorial in the councilor chambers in memory of Councilor Crout who passed away suddenly on August 17, 2001.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the Ish Brant Beautification Committee continued to work on ongoing projects such as installing the irrigation system, palm trees and wildflowers in the Third Street medians. The committee also continued working with engineers on the bike path to get the ditch piped.

CITY MANAGERS PUNCH LIST

**Jarboe Park
Improvements**

JARBOE PARK IMPROVEMENTS: City Manager Linn reported the masonry on the shelters had been completed and the next step was the roofs. The installation of the new playground equipment would start tomorrow. The jogging trail had been completed with overhead lighting fixtures installed.

**Roadway Between
Shopping Centers**

ROADWAY BETWEEN SHOPPING CENTERS: The roadway between the shopping centers was on hold because one of the owners felt that it would benefit the other shopping center.

State Revolving

STATE REVOLVING LOAN FUND GRANT: City Manager Linn reported he received a letter from the Department of Environmental Protection stating Neptune Beach was approved for a Revolving Loan Fund Grant in the amount of 3.2 million for the water improvement project east of Third Street.

PROPOSED ORDINANCES/NONE**CONTRACT/AGREEMENTS/NONE****ISSUE DEVELOPMENT**Land Development
Regulation

LAND DEVELOPMENT REGULATION – SET DATE FOR REVIEW: City Manager Linn recommended that council schedule a meeting to start the review of the Revised Land Development Regulations and asked council for a consensus on how they would like to proceed with the review.

Mayor Brown suggested holding a Special Town Hall Meeting for owners of rental properties on October 22, 2001, in order to hear comments from the public. Councilor Pruette agreed and asked each councilor to make sure they have all the pages in the LDR given to them by staff.

Vice Mayor Shimp stated the residents had input since the onset of the review and suggested that Building Official Dan Arlington stand up and go over the entire proposed Land Development Regulations at the first meeting and have a second meeting to vote on it.

Councilor Patronik concurred with Building Official Dan Arlington going over each section at a time without being interrupted by the public.

City Manager Linn stated that as a procedure the council needed to come to a consensus on the Land Development Regulations and send them to the consultant to be compiled into ordinance form. Once they were in ordinance form they would go to legal review. The legal review would compare the ordinances so there are no conflicts with state statutes. Then the ordinance would go to the city council for adoption. The public would have input at the first and second read of the ordinance. Some of the changes may require a comp plan amendment.

Vice Mayor Shimp felt that it would take too much time to have the public involved in the initial meetings and discussions. He wanted to set the first meeting as soon as possible, but felt the empty council seat should be filled first.

Councilor Pruette stated she wanted to hear from the citizens.

Councilor Patronik wanted to propose an ordinance to increase the density east of Third from 10 to 15 to protect the interest of the city.

Councilor Pruette felt that because this was so important another councilor should be appointed to fill the empty seat before moving forward.

Mayor Brown felt it was important to take the proper amount of time to review the Land Development Regulations.

Councilor Patronik felt October would be a reasonable place to start with everyone having the right documentation.

Mayor Brown felt out of respect there should be a proper period of time before filling the empty seat and it also would allow for members of the public to express their interest in the position. Mayor Brown stated the appointment should be dealt with at the regular October meeting.

Vice Mayor Shimp suggested holding a special meeting at the end of September to fill the seat. He also suggested advertising to accept applications and interviewing the candidates.

The council agreed that the position need to be advertised.

Mayor Brown asked if it was agreed to set workshops beginning in October. City Manager Linn replied that staff would be ready to hold workshop meetings by mid September.

COLA

COLA FOR POLICE RETIREES: Finance Director Steve Ramsey explained the Police Officers Retirement Fund Board had asked him to figure the cost of a 3% cost of living increase. The cost of the COLA for this year would be \$3,160. An actuary study would need to be done to recast the projections for the pension fund because it would affect the bottom line of the fund for future years. The study would cost between \$500 and \$700 and the pension board wanted the city to pay for it. Vice Mayor Shimp stated that a COLA was given to the retirees in 1998. Mayor Brown asked Mr. Ramsey to move forward with getting the study.

City Manager Evaluation

CITY MANAGER EVALUATION: Mayor Brown asked council members to share their thoughts on the City Manager's performance.

Councilor Pruette stated there was not enough information to evaluate the City Manager because the code did not describe the specific duties. She questioned what the duties of the City Manager were and wanted to address clear objectives that would be fair to the City Manager at the September meeting.

Vice Mayor Shimp thought Mr. Linn was doing a good job and asked him to continue calling him and keeping him abreast of incidents in the city.

Councilor Patronik stated he appreciated the work of the City Manager and also wanted to be informed of issues.

Mayor Brown was satisfied with the job the City Manager was doing but he wanted to hear stronger recommendations from staff at council meetings.

Councilor Pruette was concerned with the City Manager's performance. She stated she had a lot of complaints from citizens not receiving answers from the City Manager. She also felt the codes were not being enforced and didn't think he kept the council informed.

City Manager Linn stated he appreciated all the comments. Mr. Linn commented that the criteria for his evaluation were in his contract.

Mayor Brown thought that everyone would want to review the job description and place the issue on a future workshop agenda.

City Manager Linn asked if anyone knew of any code violations to bring it to his attention.

Councilor Pruette stated the city was breaking the code by allowing bushes and shrubbery to grow over the sidewalks and we could not enforce others to abide by code if we do not do it ourselves.

Public Records

PUBLIC RECORDS: Councilor Pruette felt the council was sometimes isolated from concerns of the citizens and requested all correspondences to department heads to and from citizens be given to the City Clerk and copied to the council.

Legal Opinion Mayor Brown asked City Attorney White for his opinion. City Attorney White stated that it was up to the council to decide what correspondence should be furnished to them and public record was anything received while conducting city business and was a separate issue.

Mayor Brown asked City Manager Linn to identify if it was something he felt council should be aware of and furnish it to them. Mr. Linn replied he had no problem forwarding any information to the council.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Lynda Padrta, 1114 First Street, questioned what was resolved of the issues raised by citizens during the land development review and how the garage ordinance would be incorporated. Ms. Padrta was concerned that town homes were not defined in the code. Ms. Padrta did a study and reported that 31% of units east of Third Street were owner occupied and 69% were rentals. Ms. Padrta suggested having citizens do the employee evaluations through a survey.

Larry Dean, Chairman of the Police Officers Retirement Fund Board, explained that it was at the request of the city not the Board that the COLA was asked for and therefore the city should bear the cost of the actuarial study. He also stated it was a completely separate issue from union negotiations.

Tom Tankserley, 1038 Kings Road, stated the issues of the Land Development Review were controversial and was meant to clean up the language not to change Neptune Beach. Mr. Tankersley stated that the City of Neptune Beach was ran by a City Manager form of government and not city council and the council should vote based on the city managers recommendations.

Adjournment

There being no further business, the meeting adjourned at 7:33 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

MINUTES
SPECIAL BUDGET COUNCIL MEETING
SEPTEMBER 5, 2001 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held September 5, 2000, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Vice Mayor Robert D. Shimp
Councilor Ronald D. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait

Finance Director Steve Ramsey
Assistant to the City Manager Teresa Klein
Assistant to the Building Official Piper Turner

Absent:
Mayor Richard A. Brown

Call to Order/Roll Call

The Vice Mayor called the meeting to order at 6:00 p.m.

Finance Director Steve Ramsey informed the council on the following issues regarding the budget:

1. The raises for the council and the city clerk had been added to the budget.
2. The cost of healthcare had been adjusted by 40% to take into account rate increases although the city was still shopping.
3. The employee that was to be split between the Finance Department and the Building Department was still in the budget and needed to be decided on. This person would give Piper Turner more time to be out of the office to enforce the codes. The total cost would \$18,000.
4. The council needed to decide if they wanted to add funding for the traffic control system Vice Mayor Shimp had mentioned at the previous council meeting. That would add \$7,000 to the police budget.
5. Union negotiations were still underway and may affect the budget slightly.

Mr. Linn asked if the council wanted to include the same resolution from last year where they had to approve any spending of contingency funds.

Consensus: **TO HAVE THE RESOLUTION FOR CONTINGENCY FUNDS AT THE FINAL BUDGET HEARING**

Vice Mayor Shimp opened the public hearing.

Two citizens asked why their taxes had doubled from last year. After review from staff it was shown that since they had bought the homes within the last year the houses had been reassessed from the prior owner and that was the cause for the increase.

Vice Mayor Shimp closed the public hearing.

The council discussed adding the additional employee.
Moved by Pruette, seconded by Patronik.

Motion: TO TAKE OUT THE ADDITIONAL PERSON AND EVERYTHING THE CITY DEEMS ABLE TO TAKE OUT.

Roll Call Vote:

Ayes; 3 - Patronik, Pruette, Shimp

WORKSHOP CITY COUNCIL MEETING
SEPTEMBER 17, 2001 AT 6:08 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held September 17, 2001 at 6:08 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Finance Director Steve Ramsey
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 6.08 p.m.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE:** City Manager Linn reported the Ish Brant Beautification was working on the irrigation of the Third Street medians and trying to get funding for piping along Florida Boulevard.

Better Jacksonville Plan **BETTER JACKSONVILLE PLAN:** Vice Mayor Shimp stated that a member of the Beautification Committee had asked him about funding from the Better Jacksonville Plan. City Manager Linn replied Director of Public Services John Galen wanted to use the first installment of funds from the Better Jacksonville Plan to replace the Kings Road Bridge and thereafter replace the public works facility. Mr. Linn added that Mr. Galen was currently working with engineers on cost estimates. Councilor Pruette felt it would be a good idea to make a list of goals along with cost estimates on projects in which the money could be used. Director of Finance Steve Ramsey reported that the projected revenues from the Better Jacksonville Plan were \$250,000 for next fiscal year and to date since February the city had received \$121,000.

CITY MANAGERS PUNCH LIST

Jarboe Park Improvements **JARBOE PARK IMPROVEMENTS:** City Manager Linn stated the Jarboe Park Improvements were 75% completed. However the city still had some in kind work to do. He was ready to submit a reimbursement claim to the state in the amount of \$60,000. Mr. Linn encouraged council members to go out and take a look the improvements.

- Roadway Between Shopping Centers ROADWAY BETWEEN SHOPPING CENTERS: Vice Mayor Shimp suggested inviting the owners of both shopping centers to a workshop meeting to discuss constructing a roadway between the two shopping centers. City Manager Linn stated one of the owners lived in New York. Mr. Linn explained that one option would be for the city to reacquire the property that was vacated years ago when the shopping centers were built and construct the road. An engineering report completed by Smith & Gillespie identified the cost of the project to be well over \$100,000.
- Underground Containers UNDERGROUND TRASH CONTAINERS: City Manager Linn explained that BFI and Director of Public works John Galen would be meeting to decide on the location of the underground containers.
- Dune Cross-overs DUNE CROSS-OVERS: City Manager Linn reported the grant application of \$150,000 would allow for a total of 21 dune crossovers.
- Power Surge POWER SURGE AT PUBLIC SAFETY BUILDING AND CITY HALL: City Manager Linn reported that over the weekend a power pole went down causing a surge to hit both city hall and the public safety building. The Public Safety Building lost the telephone system, one computer, two fax machines, and a television set. City Hall lost the surge protector and one computer. Mr. Linn authorized purchase of a new telephone system for the Public Safety Building at an estimated cost of \$7,000, and would be following up with the insurance company and Jacksonville Beach Electric on claims.

PROPOSED ORDINANCES

- Mechanical Fees AMEND MECHANICAL PERMITTING FEES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 8-182, PERMIT FEES, MECHANICAL. City Manager Linn explained our mechanical permits fees were higher than Atlantic Beach, Jacksonville Beach and Jacksonville. Building Official Dan Arlington did a comparison and recommended using the same fees as the City of Jacksonville.

Vice Mayor Shimp felt the rates should be more in line with Jacksonville Beach and Atlantic Beach rather than Jacksonville. Building Official Dan Arlington advised that he would be meeting with the building officials from Atlantic Beach and Jacksonville Beach on Thursday, September 20, 2001 and he would discuss it with them and get some feedback. Councilor Patronik felt we should also look at the cost of other permit fees. Mayor Brown recommended gathering information for discussion at a future meeting.

CONTRACT/AGREEMENTS

- Public Services Facility ARCHITECTURAL CONSULTING SERVICES – PUBLIC SERVICES FACILITY: City Manager Linn stated that the public works facility was extremely inadequate and in poor condition. Mr. Linn proposed using the "Better Jacksonville" revenue to construct a new city yard and recommended advertising for proposals for architectural services to start the process.

Councilors Shimp, Pruette, and Patronik felt the City Manager should identify the goals and cost estimates of projects the "Better Jacksonville" revenues could be used for in order to determine the priorities before making any decisions to spend the money.

City Manager Linn explained that allowing the request for proposals would not commit the city to anything at this point. It would just give us a cost estimate and would have to be approved by council.

Consensus: **TO ALLOW THE CITY MANAGER TO ADVERTISE FOR PROPOSALS FOR ARCHITECTURAL SERVICES TO CONSTRUCT A NEW CITY YARD.**

ISSUE DEVELOPMENT

Land Development
Regulation

REWRITE OF LAND DEVELOPMENT REGULATIONS – CHAPTER 27 – SET DATE FOR MEETINGS: Mayor Brown suggested a meeting be held soon after the filling of the vacant council seat to be done on October 1, 2001, at the regular council meeting and suggested the following Monday. City Manager Linn explained that council had asked Building Official Dan Arlington to prepare an outline form of the suggested changes to be reviewed. After the council review it would be sent to legal review and put in ordinance form to be adopted. However, if there were any amendments to the ordinance at the first reading it would be sent back to legal review. Mr. Linn added if the ordinance required changes to the comprehensive plan it would have to be sent to the Department of Community affairs for approval.

Consensus: **TO HOLD A MEETING TO DISCUSS THE LAND DEVELOPMENT REGULATIONS ON MONDAY, OCTOBER 8, 2001.**

Oakhurst Drive
Barriers

REQUEST OF TOM WEST TO REMOVE BARRIERS ON OAKHURST DRIVE IN SUMMERSANDS: City Manager Linn explained that Developer Tom West had requested the city provide access to his property on Oakhurst Drive from Summer Sands subdivision so he could develop the property. The city had erected a barrier across Oakhurst Drive west of the platted street, Poinciana Road and the residents of Summer Sands subdivision were concerned about through traffic and did not want the rear entrance opened. Mr. Linn added that the property owners along Poinciana Road needed to apply for a Development Order to construct the platted street in accordance with city codes. The Planning & Development Review Board would then review the application and they would make a recommendation to the council.

Consensus: **NO ACTION REQUIRED BY COUNCIL AT THIS TIME – LET THE PLANNING & DEVELOPMENT REVIEW BOARD LOOK AT IT.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Sherry Nutt, 2509 Waters Edge, was concerned about drainage on Waters Edge since the pump station and culverts were removed and asked the city for relief. Vice Mayor Shimp asked City Manager Linn to contact the City Attorney to see if the city could do anything.

Johnny Sweeny, 1125 Waters Edge, was going to buy the house he rented on Waters Edge but he was concerned about the flooding and standing water.

Ralph LaPerna, 2507 Waters Edge, stated the drainage problem developed in three different stages, 1) the city removed the pump station on Bartalone Road, raised the sewer lines and eliminated the culvert, 2) six months later the flyover came in and put up an 18' wall and, 3) JEA erected a 110' tower. Mr. LePerna added that big cranes and such were also tearing up the parking lot.

City Manager Linn stated he would report and turn the problem over to the Public Works Department.

Adjournment

There being no further business, the meeting adjourned at 8:10 p.m.

Richard A. Brown, Mayor

Order Call/Pledge

Mayor Brown called the meeting to order and asked Councilor Pruette to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Employee of the Year

EMPLOYEE OF THE YEAR AWARD: Mayor Brown presented the Employee of Year award to Gina Smith. Mrs. Smith thanked everyone for allowing her the opportunity to work for the city and stated that she would miss everyone when she left in December to start her family.

Appointment
Council Seat 2

APPOINTMENT TO FILL VACANCY OF COUNCIL SEAT NUMBER TWO – CHARTER PROVISION SEC. 2.06: Mayor Brown explained that eight candidates applied for the seat that was left vacant by the death of J.W. "Buddy" Crout on August 17, 2001. One candidate, former Councilman Scott Wiley, withdrew his candidacy because he felt that the other candidates were just as qualified and wanted to give them the opportunity. Mayor Brown explained that the remaining seven candidates would be asked to come forward and briefly introduce themselves to the Council and explain why they wished to become a member of the council. Following the introduction each candidate would be asked to answer a few questions from the Council. The council would then judge each candidate on a scale of one to five points and the one having the most points would be appointed.

City Clerk Lisa Volpe called the candidates in the following random order:

Robert L. Hicks, 1449 Hopkins Creek Lane, stated that he had been a resident and property owner of Neptune Beach for 30 years. He had a degree in engineering from the Naval Academy and a master's degree in Electrical Engineering from post graduated school and an MBA from the University of North Florida. He saw the vacancy and he wanted to give it a try.

Christian Eric Pardee, 1421 Penman Road, stated that he was very sorry about the loss of Councilman Buddy Crout. He had been a resident of the beaches for over 30 years. He currently worked for the City of Jacksonville as a Building Inspection Supervisor. Mr. Pardee felt he would be a good addition to the council because he could bring a fresh start; he communicated well and would like to serve his community.

James E. Gilbert, 2132 Acacia Road, Chairman of the Code Enforcement Board, had lived in Neptune Beach for 16 years. Mr. Gilbert stated that from being involved on the Code Enforcement Board he was aware of what good council could do and what bad could do. He felt that he could serve the city because he had a family here and wanted to see the community develop in the recreation area along with other things geared toward teenagers. He also liked the quality of life in Neptune Beach. He was not happy with the circumstances of how the seat became available but he wanted to do his part to see that city business went on as usual.

Thomas A. Tankersley, 1038 Kings Road, former Neptune Beach Vice Mayor and Councilman, stated he had a bachelor's degree from the University of Maryland. He was also the Field Office Manager for General Services Administration and managed public buildings here in northern Florida. In his current position he dealt with infrastructure and other issues that Council deals with. The reason he was offering to be appointed was to help fill the 13-month void quickly because he was updated on the major issues currently facing the council. Mr. Tankersley added that Buddy Crout was a good man and a good councilman and served the city well.

Joseph G. N. Allaire, 305 Sandcastle Way, stated he had been a resident of Florida since 1983 and a resident of Neptune Beach for 4 years. He was retired from the Air Force and also retired from the civil service at Mayport where he was a Safety Manager and Administrative Officer. Mr. Allaire expressed that he did not have any experience in city government, however he was a people person, and he was concerned about the city. Mr. Allaire stated if he was not chosen he would still do what ever he could for the city.

Anthony D. Mazzola, 529 Birch Court, Member of the Planning and Development Review Board, had lived here since 1987. Mr. Mazzola stated he was an Officer in the Navy and he had the opportunity to travel and live throughout the country and he thought that Neptune Beach enjoyed the highest quality of life. He wanted to serve on the council to help protect that quality of life. Mr. Mazzola reminded the council that he ran against Buddy Crout in the election last November and lost by only 135 votes and by doing so he showed his commitment to the city. Mr. Mazzola added that his fellow candidates did not campaign and did not attend council meetings on a regular basis as he did. Mr. Mazzola concluded that he was committed to the city and the job.

John W. Weldon, Jr., 108 Oak Street, Chairman of the Planning and Development Review Board, stated that he had been in the community since 1960. He was concerned about the quality of life and the management of the small communities. He served on the Tree Preservation Board in Atlantic Beach for three years before he moved to Neptune Beach and has served on the Planning and Development Review Board for almost five years as a member and was currently the Chairman. He believed that Neptune Beach was unique and special and needed to be cherished and managed in order to prevent a change in that. He felt that he had the experience, basic skills, education and other background that would suit him for a position on the council and he would appreciate the consideration.

Mayor Brown stated that he would like each candidate's opinion on the most serious challenges facing Neptune Beach and their thoughts on how to approach and handle them.

City Clerk Lisa Volpe called the candidates in the following random order:

Thomas A. Tankersley felt that infrastructure and land development were key issues. But the biggest decision facing the council was appointing someone to fill the vacant council seat and getting through the next thirteen months. He felt council should appoint someone who would be able work with the current council because there was no time for a learning curve.

John W. Weldon had been pushing the overhaul of the Land Development Code on the Planning and Development Board for over three years. He believed that Neptune Beach was in the center of a development hurricane that was occurring across the state. If we did not armor ourselves against the change that would come, we would lose the essence of the small community and that was the single most important issue facing the council.

Christian Eric Pardee thought that the main issue was the infrastructure because water was a necessity for everyone. Mr. Pardee stated that he would like to see a community center for family activities in Neptune Beach.

Joseph G. N. Allaire, agreed with the others and stated again that he did not have any government experience but he was here willing to help and learn.

Anthony Mazzola stated as a member of the Planning and Development Review Board, he felt it was important that the Land Use Code be effective and met the needs of the citizens.

James E. Gilbert, stated that serving on the Code Enforcement Board he felt the Land Use was a very important issue. It needed a lot of consideration and should be handled delicately and properly the first time, so there were no contradicting ideas or lack of understanding for those serving on the Boards. Mr. Gilbert further stated that you could have land use all you wanted but if the infrastructure did not hold it the land use would not matter, so in his opinion he felt the infrastructure was the main concern.

Robert L. Hicks felt that the land use codes needed to be headed toward helping maintain the residential character of the city and property rights should be protected when considering the code.

Mayor Brown stated that the last round involved the candidate's thoughts on the quality of life and areas that needed to be worked on.

City Clerk Lisa Volpe called the candidates in the following order:

Thomas A. Tankersley stated that to him the quality of life was the most important thing for the citizens of Neptune Beach. He moved here because it was affordable to middle class people and he wanted to keep it affordable. He felt this could be achieved by keeping city operating expenses down and not over taxing.

Christian Eric Pardee stated that most problems facing the board were neighbor against neighbor disputes. Mr. Pardee felt that bringing the neighbors together could

enhance the quality of life.

James E. Gilbert stated that we had a good quality of life in Neptune Beach and it came from an equal balance of business and residential neighborhoods. Mr. Gilbert felt keeping the residential neighborhoods residential would be a key issue for maintaining the quality of life. Mr. Gilbert added that activities for youth would also improve the quality of life.

John W. Weldon, Jr. stated the quality of life for him was the ability to walk back and forth to places where he could eat and drink, visit with the neighbors, ride bicycles on First Street, play with his child in Jarboe Park, and live in a place that was unusual and special and deserved to be cared for and nurtured. The City of Neptune Beach could be improved and his main concern for the quality of life was to maintain the beautiful gem that we already have.

Robert L. Hicks stated for him the quality of life was public safety, you could have wonderful beaches and parks, recreation and other things, but if people did not feel safe living here they would not use those things.

Joseph G. N. Allaire stated he lived in Neptune Beach because the quality of life was great. He added that he was the neighborhood watchman and when he called the police they came out immediately.

Anthony D. Mazzola felt that communicating with citizens and keeping the government efficient would enhance the quality of life. Efficient government meant lower taxes, a great police department, and great park facilities.

Mayor Brown stated this concluded the structured questions and that he was very impressed with the candidates. Mayor Brown asked the council members if they had any questions. Councilor Pruette wanted to ask all the candidates their vision for Neptune Beach. Councilor Patronik wanted their opinion on the millage rate and budgeting. Vice Mayor Shimp wanted to ask what was most important, the land use code or the infrastructure.

City Clerk Lisa Volpe called the candidates in the following random order:

Robert L. Hicks would like to see Neptune Beach become a safe city and prominently residential, with good quality schools and facilities. Mr. Hicks felt the city should spend what it needed to spend and not a penny more and it was up to the council to decide the needs. Mr. Hicks stated that the water and sewer was the most clear and present concern that was seen everyday and effected everyone and the land use mainly effected the east of Third Street.

Anthony D. Mazzola stated that his vision for Neptune Beach was to maintain the high quality of life that we enjoyed today. The infrastructure was just below the land use code in his priority. The water issues could be dealt with right now but the land use code would impact the city for years to come. The millage rate should not dictate the budget. The budget should first be developed and would dictate the millage rate.

Joseph G. N. Allaire, stated his vision for Neptune Beach was to see it stay like it was, a small town that everyone enjoyed living in. The water was the most important issue and should be worked on first. The first thing he would look at when it came to budgeting was the city employees' salaries to make sure they were being paid a fair rate in comparison to other cities.

James E. Gilbert stated his vision for the city was having residential and business neighborhoods coincide. Infrastructure was the important issue but it also coincided with land use because when you prepare the infrastructure you have to take in the

consideration of changes that might come from land use. The budget needed to be capable of handling the needs of the city and the city services should not be cut short in order to lower taxes.

Thomas A. Tankersley felt the vision was here and may need to be improved a little but it did not get much better. It should be kept affordable with a safe and healthy environment. He also felt that infrastructure was the top issue because no one should have to boil water. The infrastructure was important but we also needed a land development code that made sense. The budget should be put together by the City Manager and the Council should safeguard it by loosening and tightening the reins.

Christian Eric Pardee stated his vision for Neptune Beach was for the children to have a safe place to live and a safe park. He would like the city government to continue as it was with the separate boards and committees. In his opinion the infrastructure was the most important issue because people need and expect it. The city should have a concrete plan in order to generate income and balance the budget.

John W. Weldon, Jr. stated his vision for the community was to remain the residential low-rise community that it was. He wanted the community to respond to growth in a smart way so as not to lose those essential elements. Infrastructure was very high on his agenda as well as land use codes. The budget should be debated as a community and meet the obligations of the city. The millage rate should be determined by those factors.

That concluded the questioning. Mayor Brown stated that all the candidates were outstanding and it would be a tough decision. Mayor Brown acknowledged that Doris Crout and her daughter were in the audience as well as Art Graham, Councilman from Jacksonville Beach.

Recess/Reconvene

Mayor Brown called for a recess at 8:25 p.m. while City Clerk Lisa Volpe tallied up the points. The meeting reconvened at 8:35 p.m.

City Clerk Lisa Volpe announced that the winner was James Gilbert. At which time Mr. Gilbert respectfully resigned as Chairman of the Code Enforcement Board and accepted the appointment.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPOINT JAMES GILBERT TO FILL SEAT 2 OF THE CITY COUNCIL TO BE EFFECTIVE OCTOBER 2, 2001.**

Roll Call Vote:

Ayes: 4 – Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

City Clerk Lisa Volpe administered the Oath of Office to James Gilbert, whereupon he would respectfully assume the duties of his appointed office effective October 2, 2001.

Mayor Brown congratulated Councilor Gilbert.

Councilor Pruette suggested to Mr. Pardee that with his background he should consider applying for the vacancy that was now on the Code Enforcement Board.

Mayor Brown restated that all the candidates were qualified and dedicated and it was rewarding to see so many people cared about the community.

Agenda Change

City Attorney White requested amending the agenda to defer the development order for 120 ½ Lemon Street to the next council meeting. He needed a chance to review documents presented by the owner's legal counsel.

Motion: **TO AMEND THE AGENDA MOVING THE DEVELOPMENT ORDER FOR 120 ½ LEMON STREET TO THE NOVEMBER COUNCIL MEETING.**

Moved by Shimp, seconded by Pruette.

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Shimp thanked the candidates that applied and encouraged them to run for the council again.

Councilor Patronik also thanked the candidates.

City Clerk Lisa Volpe announced that the council agendas would now be placed on the city web site on the Thursday before the meetings.

CITY MANAGER REPORTS

Waters Edge Drive

WATERS EDGE DRIVE – DRAINAGE PROBLEM: City Manager Linn explained that he spoke with Jack Gabrielle and Mark Hersh of J.T.A. and they were aware of the drainage problem. The engineers had designed a catch basin and a pipe for the end of Bartalone to carry the water to a collection system. Mr. Linn also had contacted J.E.A. and they were going to see if they could make any correction on the marsh side.

Water & Sewer
Phase 1, 2, & 3

WORKSHOP TO ADDRESS THE WATER & SEWER PROJECT: City Manager Linn requested setting a date for a workshop meeting to address the water & sewer project Phase 1, B & C, and the stormwater utility study. Mr. Linn recommended setting the meeting for Monday, October 8, 2001, at 7:00.

Consensus: **TO SCHEDULE A MEETING TO ADDRESS THE WATER & SEWER PROJECT, PHASE 1, B & C AND THE STORMWATER UTILITY STUDY FOR MONDAY, OCTOBER 8, 2001, AT 6:00 P.M.**

Water Main Break

WATER MAIN BREAK – AUTO DIALER: City Manager Linn briefed Council on the water main break that happened early Saturday morning. The main supply line from the water tank had broken at the corner of Penman Road and Florida Boulevard. The automatic dialer notified the residents of the problem. Water samples were sent out for testing and the results should be in by Tuesday afternoon. The advisory would then be lifted and the auto dialer would notify residents.

Certificate of Achievement

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING: City Manager Linn announced that he received a letter from the Government Finance Officers Association notifying him that the Comprehensive Annual Financial Report for the fiscal year ending September 30, 2000, qualified for a Certificate of Achievement for Excellence in Financial Reporting. Mr. Linn congratulated Director of Finance Steve Ramsey for continuing the achievement for the seventh year in a row.

COMMENTS FROM THE PUBLIC

Nicole Quickstad, 617 Oak Street, was concerned about the safety of the playground equipment and improvements in Jarboe Park. Council asked the City Manager to place this issue on his punch list.

David Linger, 1817 Hopkins Creek Lane, asked if the new street “Buddy Crout Lane” would change his address.

Steve Jarrett, developer for the area, responded that Hopkins Creek Lane would remain Hopkins Creek Lane and no existing homes would be affected.

Debbie McDonald, 2028 Shadow Lane, stated that the property owners on Shadow Lane had to install their own water and septic tanks and pave the road. She was concerned about the safety of the environment because of the septic tank and wanted to know when city services would be available. City Manager Linn explained there was a sewer plan for Shadow Lane in the Master Plan in Phase 2A, and was planned for five years down the road. The estimated cost was \$217,000.

Leeward Landing
North

APPROVAL OF THE FINAL PLAT – LEEWARD LANDING NORTH – SEC. 27-102(I): Building Official Dan Arlington stated that Steve Jarrett, the developer would like to update the council on the plat. Steve Jarrett explained that the Planning and Development Review Board forwarded this to council for approval but there was an issue about where Buddy Crout Lane would begin. Mr. Jarrett stated that the issue had been resolved today and the new plat would leave the current residents on Hopkins Creek Lane and begin Buddy Crout Lane starting with the nine new lots being developed. This item needed no action at the present time.

Development Order
410 Atlantic Blvd.

APPROVAL OF DEVELOPMENT ORDER – 410 ATLANTIC BOULEVARD – OPERATION OF AN URGENT CARE FACILITY: Karen Bowling, Celantic Company had plans to open an urgent care center at the old Miami Subs at 410 Atlantic Boulevard. They planned to open the facility in February for 365 days a year, 7 days a week, about 12 hours a day. Dirk Anderson, the architect, showed the plans to the council and explained they would be adding 1000 square feet to the south end of the property. City Manager Linn stated that the Planning and Development Review had recommended approval of the order.

Moved by Shimp, seconded by Pruette.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR 410 ATLANTIC BOULEVARD – OPERATION OF AN URGENT CARE FACILITY.**

Director of Public Works John Galen
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Assistant to the Bldg Official Piper Turner

Absent:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m. City Manager Linn asked Jim Miller of PBS&J to conduct his presentation.

Water Lines

Mr. Miller presented the three priority water projects which are in the planning stages. Part B of Phase I includes all of the water mains east of Third Street and north of Florida Boulevard. The Florida Boulevard Project includes the main line from the water tank to Third Street. The Bal Harbour Project includes replacement of all the water mains in the Bal Harbor subdivision. Phase I Part B has been completely designed. The survey work has been completed for the other two projects and they are now in the design stage.

Mr. Miller requested City Council to approve the preparation of a package for Florida Department of Environmental Protection approval, which would include piggybacking on a JEA project using directional drilling technology. The contractor is Molehead Construction & Boring and the amount of the contract is \$1,394,972.50. If DEP does not approve the piggyback he will then bid the project.

Mr. Miller updated the council on the lift station at Third Street and Florida Blvd. He is waiting for the bond company to get back to him on the unresponsiveness of their contractor to complete the change out of the lift station from the old to the new.

City Manager Linn commented that the financing for the Part B water projects had been secured through the state revolving loan grant. He also explained that the city was on the priority list for a Disadvantaged Small Community Grant which could be used to repay the loans. He does not expect to receive the grant until 2005.

Mr. Miller commented that the new water main from the tank on Florida Blvd will help the entire city.

City Manager Linn confirmed for Mayor Brown that some of the loops were being completed in house by the City's Public Services Department.

Vice Mayor Shimp commented that with these improvements more valves would be installed and the entire city would not have to shut down for one water break.

Mr. Miller confirmed for Councilor Gilbert that hooking up to the new lines would only leave a resident without water for one or two hours.

CONSENSUS: APPROVAL OF JIM MILLER OF PBS&J TO SUBMIT PAPER WORK TO DEP TO PIGGYBACK ON JEA CONTRACT; IF REQUEST DENIED, TO GO OUT FOR BID.

Stormwater Utility

Jim Miller of PBS&J explained that his firm used aerial photography to determine the impervious surface of each property. The properties ranged from 1400 to 6000 sq. ft. They came up with an average of 3164 sq. ft. per property. To keep it simple and to use the method used by 99% of municipalities there would be two rates, one for commercial and one for residential. The residential rate is based on the average and therefore each homeowner is given an equivalent residential unit fee. The commercial rate is the residential rate divided into how many square feet they have on the property which gives the commercial property the larger burden of the cost. This allows the city not to have to survey each residential lot, only the commercial, which would save necessary staff. In order to cover the total cost of the stormwater division, the rate would have to be \$4.45 per unit. The standard for most utilities is \$3.00 which would leave the city \$86,000 short of its budget. Some cities allow the citizens to appeal with a survey to change the amount charged. Some cities split areas into watershed areas to charge different rates and some give credits to commercial properties for retention ponds. It could be added in the building code that a homeowner has to add retention to property if they go above a certain amount of lot coverage/impervious surface area.

Vice Mayor Shimp felt that people should not have to pay equally if they do not have as much impervious surface as their neighbor. Jim Miller stated the city has the option of charging a duplex as two units.

Jim Miller clarified for Councilor Patronik that apartment complexes are treated as commercial property. There are many options as far as how and who to charge what rate. If the city has to charge everyone by their exact lot size the city would have to hire more staff.

City Manager Linn clarified that the local gas tax fund is being overspent and it is necessary to have a revenue source in order to acquire some low rate loans. John Galen, Director of Public Services, clarified for Mayor Brown that EPA is causing some pressure to have a stormwater utility.

Jim Miller clarified for Councilor Gilbert that the unit size was based on 1998 aerials. Councilor Gilbert did not feel everyone should be charged the same exact amount.

John Galen asked the City Council if they wanted a storm water utility and they could look at the specifics later.

Councilor Pruette suggested adding this to the property tax so a citizen could deduct it from their taxes.

Consensus: TO AGREE TO THE CONCEPTUAL IDEA OF A STORMWATER UTILITY AND DECIDE ON THE SPECIFICS LATER.

Recess/Reconvene

Mayor Brown called for a recess at 7:00 p.m. The meeting reconvened at 7:11 p.m.

LDR

Building Official Dan Arlington began his presentation by stating all definitions were in Article One of the new code. He was not finished with adding all of the necessary definitions but would have them complete at the next LDR meeting. He would be going over the changes he felt necessary to point out and encouraged the council to ask any questions as he went along.

Building Official Arlington pointed out that there were typos throughout the document and they would be fixed at the final review. He then began reviewing his outline.

27-7 General finding. There is no legal bearing in this section. It is a description of the general intent.

27-16 Clarifies the number of dwelling units allowed on a lot. This is the first of several additions aimed at reducing density. This deletes any fraction of a unit which could be used to increase density.

27-19 Typos throughout document. Final legal and grammatical review has yet to be done.

27-24 Further enforces setback and density guidelines.

27-24 Insert "Foot-print Note" – See Section 27-706 (Reconstruction of substantially damaged or destroyed nonconforming residential structures)

Discussion about footprint bill ensued.

Consensus: ADD NOTE WITHIN THIS SECTION THAT IF SOMEONE STAYED WITHIN THE FOOTPRINT AND THE TOTAL SQUARE FOOTAGE, THE BUILDING OFFICIAL CAN ALLOW THEM TO TOTALLY TEAR DOWN THE HOUSE.

27-36 Should read that Council approves all Planning and Development Review Board (PDRB) decisions. The last sentence should read, "As such, the Board is created to recommend land use policies to the City Council and to review and approve or deny preliminary development plans..."

27-38(a)&(b) PDRB membership guidelines were changed and changed back again. No changes for this section, in this version.

27-38(h)&(i) Sections provide for PDRB subcommittees, including Architectural Review and Historic Preservation, subject to confirmation by the City Council.

Council discussed the idea of Architectural review. Mr. Arlington stated it was in the old code and it was not required in any way.

Consensus: TO STRIKE ADDED LANGUAGE OF 38 (h) and (i).

27-39(a)(4) Should read "advisory" not "final". (Council decision)

Consensus: STRIKE ALL REFERENCES TO HISTORIC PRESERVATION OR ARCHITECTURE BOARDS

Vice Mayor Shimp objected to boards telling citizens not to do things because it was not allowed in the new code, which has not been passed yet. He asked the council to take action on this.

Consensus: FOR THE CITY CLERK AND BUILDING OFFICIAL TO WRITE A MEMO TO THE BOARDS REQUESTING THEM NOT TO ADVISE CITIZENS BASED ON ANY NEW CODE THAT HAS NOT BEEN PASSED AND HAVE THIS MEMO BE FROM THE COUNCIL.

Councilor Pruette added that it may be wise to leave in the historical preservation board for future use. The council discussed this idea. Mr. Arlington stated that the last two articles of the regulations dealt with architecture and historical preservation and could be looked into at a future date.

27-39(c) Should read "...applications for preliminary development review..."

27-39 General comment. It is not specifically stated in the Code, but since the PDRB reviews all commercial development, in effect, they have been reviewing variances for commercial development (subject to Council approval) and the Board of Appeals has been reviewing variances for residential development.

27-78 It was the intent of the PDRB for the added language in Sec. 27-5(a)(2) to have been added here. A Development Permit will expire if the development activity is not continuous, including a City building inspection at least every six (6) months.

Consensus: ADD THE ABILITY TO GET AN EXTENTION OF THE SIX (6) MONTHS TO 27-78.

ADD "CONTINUOUS" IN THE DEFINITIONS SECTION

Councilor Pruette began a discussion on Planned Unit Developments.

Consensus: TO DISCUSS STRICT PUD GUIDELINES WHEN THAT SECTION OF THE CODE IS BROUGHT FOR DISCUSSION.

27-80(1) Adds "Intensification of use" to development activities requiring development review. The use of a structure is included in the term "enlarging a nonconformity" and "enlargement of a use" has been a difficult point in several discussions. This section also includes requiring a permit for adding driveways.

Consensus: ADD "INTENSIFICATION OF USE" TO THE DEFINITIONS.

27-82 The first of the three development review processes, "Conceptual review" was eliminated; leaving Preliminary and Final Review.

Consensus: TO LEAVE IN THE CONCEPTUAL REVIEW AS AN OPTION.

27-82(b) Throughout the proposed code, fees and other charges were changed from a fixed fee to an amount established by Resolution of City Council. Also, time to complete Final Development Review was changed from eight (8) to six (6) months after Preliminary Review.

27-101 New language clarifies and re-enforces that no property, within the City limits, can be subdivided without Council approval

Council discussed what a lot of record is and how a citizen would prove it.

27-101.1(b)(3) Refers to townhouses and condos. This Section helps the City to grandfather existing townhouses and condos but no new townhouses or condos should be approved without Council approval; they do not meet the other sections of this code.

27-101.1(b)(5) This situation should never happen. Residential lots are prohibited in nonresidential districts.

Consensus: TO STRIKE SECTION 27-101(b)(5)

27-102(a) It was intended to require ten (10) copies of Preliminary Plat in this section. Section 27-107(2) should still be four (4) copies.

Consensus: TO CHANGE THE WORD "DUPLICATE" TO "TEN COPIES".

STRIKE LAST "HOWEVER, NO FINAL DEVELOPMENT PLAN APPROVALS OR ORDERS SHALL BE ISSUED UNTIL THE PLATTING PROCESS HAS BEEN COMPLETED, FIRST AND FOREMOST".

27-107(4) New language requires a survey dated within 30 days of application so that the most current information is being considered.

27-109(a)(4) New language re-enforces density controls.

27-116(b)(1) Add the word "final" as in 116(b)(2).

Consensus: TO ADD THE WORD "FINAL".

27-133(a) New language is an extension of 27-39 notations, assigning commercial variances to the PDRB.

Consensus: TO ADD "COMMERCIAL".

27-144 Staff requests the following changes:

1. The specified time of notice in both paragraphs (a) and (c) should be 15 days.
2. To ensure proper delivery of notices, staff should mail them at the applicant's expense.
3. Mailing by certified mail is a change from regular mail in existing code.
4. Notifying property owners within 150 feet vs. abutting lots and lots directly across the street is an increased requirement. Required notification can go from six to twenty properties.
5. The current cost of certified mail is \$4.00.
6. In cases when the Board does not meet or the application is not considered, the notices already advertised, mailed, and posted should be adequate for the following meeting.

Consensus: TO MAKE ALL CHANGES LISTED TO SECTION 27-144.

27-187 Apparently, the State guidelines, for amending Comprehensive Plans, change regularly. The proposed code uses the most current version of F.S. 163 and Florida Administrative Code Rule 9J-11.

Discussion ensued about how to proceed next with the Land Development Code. Councilor Pruette asked why stormwater management was deleted. Mr. Arlington stated it was repetitive from another section of the code. City Clerk stated that once the definitions and the rewording on 27-24 was complete these articles would be finished.

Adjournment

There being no further business, the meeting adjourned at 9:00p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
WORKSHOP CITY COUNCIL MEETING
OCTOBER 15, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held October 15, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Director of Public Services John Galen
Finance Director Steve Ramsey

ABSENT:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7.00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee was working on the Third Street medians. The Public Services Department had installed the taps. The contractor was ready to start on the irrigation system but the permit had expired. A letter was sent to the Florida Department of Transportation requesting an extension of the permit. The committee was also working on installing a barricade at Seagate and First Street and had met with Jacksonville City Councilman Jerry Holland regarding the bike path.

Jarboe Park Pond

FENCING OF THE POND IN JARBOE PARK: Mayor Brown referred to a letter to the editor suggesting that the pond in Jarboe Park be fenced in for the safety of the children. City Manager Linn had not had the chance to look into fencing the pond, however he felt the cost may be prohibitive. He was not sure what safety measures it would improve because the water level was very shallow and there were problems keeping enough water in the pond for the fish to survive. Director of Public Services John Galen stated that there had not been a fence around the pond for 50 years and because one person felt it needed to be fenced in should not make it a reality. Mr. Galen added that the pond was dry most of the time. City Manager Linn felt placing a fence around the pond could give parents a false sense of security.

CITY MANAGERS PUNCH LIST

Waters Edge Drive

DRAINAGE ON WATERS EDGE DRIVE: City Manager Linn circulated a set of photos of the work that the Public Services Department had completed along Bartalome Road.

They had cleared out the culvert, redefined the swell and placed lime rock on Pine Street to elevate it, and dug a ditch beside it to channel the water. The last photograph was of the culvert pipe that J.T.A. would be installing at the end of Bartalome Road. He had spoken with the J.T.A. project manager and the contractor was scheduled to start Wednesday of this week.

Jarboe Park

JARBOE PARK IMPROVEMENTS: City Manager Linn explained that the remaining photos were of Jarboe Park. The photos showed the resurfaced tennis courts and the new playground equipment. Vice Mayor Shimp asked if a fence would be installed around the smaller children's play area. City Manager Linn responded that a plastic border would be placed around it to keep the sand in. City Manager Linn added that the playground equipment was part of the state contract and was the same equipment used all over the state and was considered safe for the different age groups. He felt a fence was not necessary around the smaller children's play area however we could revisit the issue after the improvements were completed.

Roadway between Shopping Centers

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn had spoken with the representatives of both shopping centers and they would be meeting with him at 1:00 p.m. on the afternoon of November 19, 2001.

Bike Path

BIKE PATH ALONG PENMAN ROAD: City Manager Linn reported that Chairman of the Ish Brant Beautification Committee Dayne Etherton, himself, and a representative of the City of Jacksonville Engineering Department had met with City of Jacksonville Councilman Jerry Holland to discuss the culverts along Florida Boulevard. The City of Jacksonville had not reviewed the designs and had no knowledge of the project. Mr. Linn wrote a letter to the Department of Transportation asking them to furnish the designs to the City of Jacksonville for their review.

Naval Air Show

NAVAL AIR SHOW: Councilor Pruette asked City Manager Linn how the Air Show would affect Neptune Beach. City Manager Linn responded that Lt. Kelly had been attending the meetings and the Department of Transportation, Jacksonville Sheriff's Office and all the beaches would be cooperating in maintaining the traffic and the crowds.

PROPOSED ORDINANCES/NONE**CONTRACT/AGREEMENTS/NONE****ISSUE DEVELOPMENT****Personnel Policy**

AMENDMENT TO THE PERSONNEL POLICY: City Manager Linn explained that with the unionization of most of the City Hall employees there were only seven job titles remaining that were not covered by a union contract and required an update of the personnel policy. The revised policy included salary adjustments because they had not been adjusted in four years.

Senior Citizen Director

Vice Mayor Shimp stated that the Senior Center Director was under a grant and would only last as long as the grant would support it, therefore the position should not be included in the personnel policy. Councilor Patronik, Councilor Pruette and Mayor Brown agreed the position of Senior Citizen Director should be stricken from the personnel policy.

Deputy Finance Director

City Manager Linn stated the position of Deputy Finance Director was included in the old policy but was not currently filled. He had included it in the revised policy to give Director of Finance Steve Ramsey additional flexibility in hiring a new Accountant. Vice Mayor Shimp asked if it could be stipulated somewhere that there could not be a Deputy Finance Director and an Accountant on staff at the same time. Mr. Linn responded that

was stipulated in the budget because only one position was budgeted. Vice Mayor Shimp asked City Clerk Lisa Volpe to note that the position of Senior Center Director be stricken from the personnel policy and stipulate that there would be either a Deputy Finance Director or an Accountant and not both at the same time.

Councilor Pruette asked the City Manager if all new employees were approved by the council. Mr. Linn responded the only positions that required council approval were the Police Chief, the Finance Director, and the Public Service Director. City Manager Linn clarified that the Senior Center Director would be removed from the personnel policy and if there is a Deputy Finance Director there could not be an Accountant at the same time.

Consensus: **MOVE TO THE NOVEMBER 5, 2001, CONSENT AGENDA FOR APPROVAL IF THE CHANGES ARE MADE.**

Construction
Dumpster

REQUEST TO PLACE CONSTRUCTION DUMPSTER ON BEACH ACCESS – NORTH STREET: City Manager Linn stated the request had been withdrawn because the requester found a site on his own property to place it.

Christmas Tree
Lighting

TOWN CENTER CHRISTMAS TREE LIGHTING EVENT- DECEMBER 1, 2001- REQUEST TO CLOSE FIRST STREET: City Manager Linn explained he received a call from the Town Center Merchants requesting the city to close First Street from 12:00 p.m. on December 1, 2001, the day of the Christmas Tree Lighting for a festival. Mr. Linn added that no alcohol would be allowed.

Consensus: **APPROVED THE CLOSING OF FIRST STREET ON DECEMBER 1, 2001 FOR THE TOWN CENTER CHRISTMAS TREE LIGHTING.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY/NONE

Councilor Pruette announced that someone had brought her a birthday cake and invited everyone to have some refreshments.

Adjournment

There being no further business, the meeting adjourned at 7:35 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
NOVEMBER 5, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held November 5, 2001, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert D. Shimp
Councilor Ronald D. Patronik
Councilor Harriet Pruette
Councilor Jimmy Gilbert
City Attorney Christopher A. White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey
Building Official Dan Arlington
Assistant to the Building Official Piper Turner
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait

Order Call/Pledge

Mayor Brown called the meeting to order and asked Councilor Patronik to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Certificates of
Appreciation

CERTIFICATE OF APPRECIATION – KIM ARMSTRONG AND LYNN COALSON FOR RECOGNITION OF COMMUNITY SPIRIT: Mayor Brown presented a Certificate of Appreciation to Kim Armstrong and Lynn Coalson for their efforts to the City in connection with the "Beaches Come Together" Remembrance Service in Town Center on September 23, 2001. The event was in memory of those who died on September 11, 2001 and for the support of our troops. This service was greatly appreciated during our nation's time of need.

IBBC / Volunteer of
the Year

PRESENTATION OF ISH BRANT BEAUTIFICATION COMMITTEE "VOLUNTEER OF THE YEAR" PLAQUE TO KARL ANDERSON: Mayor Brown and Kara Tucker presented Karl Anderson with a plaque for "Volunteer of Year" for his efforts in working with the Ish Brant Beautification Committee.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES AS STATED:

OCTOBER 1, 2001, REGULAR COUNCIL MEETING
OCTOBER 8, 2001, WORKSHOP COUNCIL MEETING
OCTOBER 15, 2001, WORKSHOP COUNCIL MEETING

Moved by Patronik, seconded by Shimp.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Stormwater Utility STORMWATER UTILITY: Mayor Brown referred to correspondence received from the St. Johns River Water Management District describing cost sharing of a storm water utility. Mayor Brown asked City Manager Linn if we had the potential of sharing some cost as we developed a stormwater utility system. City Manager Linn responded that he was presently working on a grant for the formation of the stormwater utility and would continue doing so.

Watersedge
"Lots of Record" WATERSEEDGE – LOTS OF RECORD: Vice Mayor Shimp voiced concern about the residents of Watersedge Drive not having a lot of record. Under the current city code if their homes were destroyed they would not be able to rebuild without a lot of record. Vice Mayor Shimp explained that the individually owned residences were originally built as apartments and were sold separately without a city-approved lot of record. Vice Mayor Shimp requested placing the issue on the agenda for a vote to acknowledge that these homes could be rebuilt if they were destroyed.

Building Official Dan Arlington explained that the property had been replated at the time of sale but the replat had never been approved by the city.

Legal Advise City Attorney White advised that it would be best for him to prepare a legal opinion on whether or not the property fell within the footprint bill and advised Council not to consider voting on the issue as an emergency.

Vice Mayor Shimp felt it was an emergency because 21 families had bought the property with the understanding that it could be rebuilt. Vice Mayor Shimp asked the Council to vote to approve the replat allowing the property owners to have a lot of record.

For the Record Councilor Pruette stated on the record that she sided with the property owners but she felt an opinion from the City Attorney was needed in order to do what was right for the homeowners as well as the city.

Councilor Gilbert agreed the issue needed to be taken care of as soon as possible. He felt the property owners might be holding back from modifying or beautifying the area because of investment concerns.

Legal Opinion Mayor Brown asked City Attorney White what his recommendations were. City Attorney White stated: 1) if something new was to be placed on the agenda there would have to be a motion, 2) it was not an appropriate item to be brought up under communications and correspondence and, 3) it was a question of interpretation of the code and the definition of a lot of record. City Attorney White stated he would be more than happy to prepare a legal opinion as soon as possible.

Building Official Dan Arlington restated that the developer designed and built the property as apartments and later split them up and sold them individually without contacting the city. He found out about the problem a few years ago after 18 out of the 21 had already been sold.

City Manager Linn advised there were probably many lots or parcels that had been subdivided throughout the city that were not recognized as lots of record. Mr. Linn read aloud the following provisions of the current code:

1. The code's definition of a lot of record meant: a parcel of land, the deed or plat of subdivision, which had been approved by the City of Neptune Beach, of which has been recorded in the office of the Clerk of the Circuit Court of Duval County as of the effective date of this code.
2. The codes definition of the footprint bill was: reconstruction of a substantially damaged or destroyed non-conforming residential structure, notwithstanding other provisions of this ordinance on conforming residential structures which were lawfully erected on a lot of record within a residential district, may be reconstructed if it was substantially damaged or destroyed.
3. The contradictory portion of the code read: Notwithstanding provisions of paragraph (a) above it is intended that the enforcement of this part shall not unduly restrict the right to reconstruct substantially damaged or destroyed residential structures in a residential district where non conformities exist only in regards to density, yards, and lot areas.

Mr. Linn added there were sections within Chapter 27 defining how to replat property with city approval, however there were no requirements at the county or state level seeking the city's approval of subdivisions.

Mayor Brown suggested Council make a motion that they were in agreement to take steps to provide a legal structure that would take care of the problem as soon as possible.

Vice Mayor Shimp stated he felt this was an emergency situation because the owners were not able to refinance while the rates were low and suggested calling a meeting tomorrow night to vote on it.

Mayor Brown stated that if the Council took a vote and it was meaningless and not legal that it would not help the situation. Vice Mayor Shimp responded that it would show the intent of the Council.

Mayor Brown asked if the Council agreed to treat this as a resolution that they intended to provide the proper structure for the individual platting as soon as legally feasible.

Councilor Patronik also felt that the situation needed to be taken care of as soon as possible but was not comfortable voting on it until the City Attorney had reviewed it.

Legal Advice City Attorney White advised the council that passing a resolution about the Council's intentions was not an appropriate resolution. Mr. White explained a resolution is passed regarding what the Council wanted at that moment, not about the Council's intention of what it wants to do in the future because Council had the right to change its intention. Mr. White also cautioned council about making statements about prospective or future applications of the code.

Moved by Gilbert, seconded by Patronik.

Motion: **TO PREPARE A RESOLUTION THAT THE COUNCIL INTENDED TO TAKE PROPER LEGAL STEPS TO REMEDY THE OVERSIGHT THAT TOOK PLACE WHEN THE PROPERTY WAS CONVERTED FROM APARTMENTS TO INDIVIDUALLY OWNED UNITS.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIEDArbor Day
Proclamation

PRESENTATION OF ARBOR DAY PLAQUE TO THE ISH BRANT BEAUTIFICATION COMMITTEE: City Clerk Lisa Volpe asked Mayor Brown to present the Arbor Day Proclamation to the Ish Brant Beautification Committee again so they could get a photo. Mayor Brown presented that Proclamation to Member of the Ish Brant Beautification Committee Kara Tucker.

CITY MANAGER REPORTS

Watersedge Drive

WATERSEDGE DRIVE – DRAINAGE PROBLEM: City Manager Linn circulated a photo of the drainage basin that was installed by J.T.A. and informed that it was working great. He had not yet been able to resolve the problem on the marsh side caused by J.E.A.

Jarboe Park
Improvements

JARBOE PARK IMPROVEMENT PROJECT: City Manager Linn circulated photos of the Jarboe Park Improvements and announced that the project was moving along and was 80 to 90% complete. Mr. Linn estimated the project to be completed within two weeks.

Fence Playground

FENCE AROUND THE SMALLER CHILDREN'S PLAYGROUND IN JARBOE PARK: Councilor Patronik questioned City Manager Linn about placing a fence around the smaller children's playground. City Manager Linn responded he would get a price on the fence.

Consensus: TO PLACE A FENCE AROUND THE SMALLER CHILDREN'S PLAY AREA IN JARBOE PARK.

COMMENTS FROM THE PUBLIC

Susan Green, 200 First Street, President of the Florida Planning & Zoning Association, invited the council to their 50th Anniversary and Conference at the Sea Turtle Hotel. Ms. Green also invited the council to the opening reception from 6:00 to 9:00 at 345 Beach Avenue. Ms. Green added that the development at 200 First Street was awarded the Outstanding Private Development Award for the entire State of Florida last year. Mr. Edward Jones would be hosting a reception from 4:00 to 7:00 p.m. on Thursday the week of the conference to recognize the building and thank the planners that were involved. Ms. Green voiced concern about Town Center stating that she would be happy to serve on a committee or task force group to help in keeping Town Center clean & beautiful and encourage development.

Leslie Karlin, 1506 Spindrift Circle West, felt that the fence around the lift station at Third Street and Florida was unattractive and asked if it could be changed to a different color. Ms. Karlin stated that opening Oakhurst Drive would directly affect the residents of Summersands and they were not in favor of opening the road. She suggested that in the future all residents be notified when issues relative to them are on the agenda.

Lynda Padrta, 1113 First Street, felt the property owners of Watersedge should consider suing the developer and the mortgage companies involved in the sales transaction because they should be held responsible for not getting the replat approved by the city. Ms. Padrta questioned how many other illegal properties existed. She opposed changing the color of the fence at Third Street

and Florida Boulevard.

Laura Patronik, 1520 Leeward Lane, asked if the handicap swings in Jarboe Park were going to be replaced. Mrs. Patronik also voiced concerned about the school crossing at Florida Boulevard and Windward Lane.

Ralph LaPerna, 2507 Watersedge Drive, stated he had faith that the city would take proper measures to correct and approve the replat of Watersedge. He felt residents should be notified if their property was not a lot of record. Mr. LaPerna also thanked the Council & City Manager for correcting the drainage problem at Watersedge.

Waters Edge
Lots of Record

A lengthy discussion ensued regarding correcting the lot of record issues at Watersedge.

City Attorney White stated regardless of Council action there was also an additional issue of whether or not the private individuals had causes of action against the title companies or the sellers for not informing them ahead of time what they were buying. He needed to know when each person bought their unit and where the footprint bill stood at that time.

Vice Mayor Shimp questioned why the city did not take any action two years ago when the Building Official found out about the problem. He suggested having staff look at each piece of property in the city so the residents could be notified if there was a problem with their property and suggested doing a one-time mass grandfathering. He recommended giving City Attorney White a time period to have his legal opinion.

City Attorney White stated he would be more than happy to accept the deadline presented by the council.

City Manager Linn stated that to ask the staff to research every individual parcel of land and when it was conveyed and subdivided, it would be an impossible task with the limited resources. City Manager Linn added one recommendation that had come forth in the past was granting a blanket as of a certain date that every parcel recorded in Duval County would be recognized in the City of Neptune Beach and any future properties subdivided without approval of the city would have no rights. Mr. Linn applauded Building Official Dan Arlington for making the property owners aware that they did not have a lot of record. City Manager Linn stated the city could also amend the code to strike the words in the footprint bill "on a lot record" and add "as of this date."

Mayor Brown stated that from the political side of the issue it would be hard to imagine the council telling someone that because of a technicality we would not allow them to rebuild their home. Mayor Brown stated it would not be realistic to think the council would do that.

City Attorney White advised that the impact on the Comprehensive Plan and the consequences of density issues needed to be considered.

Councilor Pruette asked if City Attorney White could look at the Footprint Bill to see if that would be a simpler solution. City Manager Linn felt that if words "lot of record" were taken out it would correct the problem and have less impact.

Councilor Gilbert asked if the wording was taken out did the property owners still need a lot of record as part of their mortgage papers. City Manager Linn answered that by striking the words "lot of record" they would be able to rebuild, however there would be a problem if they wanted to expand or remodel and needed a variance.

Bob Zimfer, 2525 Waters Edge Drive, asked if the property was under any potential of condemnation.

Mayor Brown had heard no suggestions of anything like that and he was committed to correcting the problem in a timely manner.

Vice Mayor Shimp stated that if there were a change in administration condemnation would be possible depending on the interpretation.

City Manager Linn stated there was a need to schedule a meeting on the Land Development Regulations.

City Attorney White was unclear if the Council wanted an opinion on if the lots qualified as lots record or if it was the Council's intention to change the language of the code to remove the phrase "lot of record" from the Footprint Bill.

City Manager Linn added that the phrase "lot of record" may be referred to in other provisions of the code and if was struck from one provision the definition still may be needed in other sections of the code.

Councilor Patronik felt it would be better served to make the Watersedge property lots of record.

Mayor Brown asked if there were any more comments from public and moved on the consent agenda.

CONSENT AGENDA

Personnel Policy

AMENDMENT TO THE PERSONNEL POLICY: The amendment to the personnel policy deleted the positions that joined the union and eliminated the authority to appoint a Deputy Finance Director at the same time the accountant position was occupied.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA AS STATED.**

Resolution
No. 2001-22

RESOLUTION NO. 2001-22 – APPOINTING BOARD MEMBERS TO THE CODE ENFORCEMENT BOARD AND THE BOARD OF APPEALS:

**RESOLUTION APPOINTING BOARD MEMBERS TO THE
CODE ENFORCEMENT BOARD AND THE BOARD OF
APPEALS**

RESOLVED, the City Council of the City of Neptune Beach, Florida, hereby confirms the following board appointments:

CODE ENFORCEMENT BOARD

Member	Type	Term	Begins	Ends
Bill Gunsch	Appoint Regular	3 yrs	11/05/2001	11/04/2004
Eric Pardee	Appoint Alternate	1yr	11/05/2001	11/04/2002

BOARD OF APPEALS

Member	Type	Term	Begins	Ends
Daniel Disch	Appoint Alternate	1yr	11/05/2001	11/04/2002

Moved by Shimp, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION NO. 2001-22, APPOINTMENT OF BOARD MEMBERS.**

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Oakhurst Drive
Access

REQUEST OF TOM WEST FOR THE CITY TO PROVIDE ACCESS TO HIS PROPERTY FROM OAKHURST DRIVE: City Manager Linn announced that he had received a fax from Tom West requesting to be removed from the agenda.

Councilor Pruette questioned if this had been before the Planning & Development Review Board per the Council consensus at the September 17, 2001, Workshop Meeting. City Manager Linn stated that the applicant was adamant about taking it directly to Council and it was the decision of Council to hear it or not.

Consensus: **TO STRIKE THE OAKHURST DRIVE ACCESS FROM THE AGENDA.**

Development Order
120 ½ Lemon Street

DEVELOPMENT ORDER FOR 120 ½ LEMON STREET – HOT DOG STAND: City Manager Linn called on the applicants to present their plans.

Paul Eakin, Attorney representing Tom Whittingslow, on his petition to transform the property at 120 ½ Lemon Street from the present single-family apartment into a hot dog stand, explained the project went before the Planning & Development Board presented as a carry out restaurant and in passed 7-0 in favor. Then the Board discovered that carry out restaurants were not allowed in the Central Business District. The Planning & Development Review Board was then concerned about parking if the hot dog stand was going to be a fast food restaurant. The owner then developed a parking plan and went back before the Planning & Development Review Board. The Board had a split vote of 3-3. Mr. Eakin explained to Council the new plan provided sufficient parking including a handicap parking space and an additional space that was allocated to them by David Cole, owner of the Sea Horse Hotel, to use for as long as Mr. Cole would allow them to. Mr. Eakin added that the hot dog stand would provide a walk up type of stand for people on the beach that were not properly dressed to eat at the Ragtime or Sundog restaurants and it would help keep people at the beach.

Legal Advice City Attorney White stated Section 27-548 of the Code read: in the event the city was going to consider waiving any parking requirement the developer would have to provide a written agreement approved in form by the City Attorney assuring the continued availability of the off site parking. Mr. White stated he did not know if the parking space was assured and that was for the council to decide. Mr. White added Council could also waive the requirement.

Moved by Shimp, seconded by Pruette.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 120 ½ LEMON STREET.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Mayor Brown asked if there were any final comments.

Watersedge
Lot of Record

Vice Mayor Shimp asked again when the meeting would be held to discuss the plight of the people at Watersedge.

Mayor Brown answered when the City Attorney had the information needed a date would be set.

Vice Mayor Shimp asked City Attorney White when he would have the information.

City Attorney White answered that from what he understood Council wanted an opinion about whether they were lots of record and he would be happy to give one.

Vice Mayor Shimp stated Council should task the staff to determine if the lots needed to be grandfathered in and advertise for a meeting on Tuesday November 13, 2001 to pass an ordinance which did so.

Mayor Brown restated that he wanted to have some legal language on the issue.

City Attorney White informed that if they wanted an ordinance it would have to be prepared and advertised.

Vice Mayor Shimp questioned why a legal opinion was necessary. City Attorney White responded that whatever Council did with Watersedge would have the impact of setting a precedent.

Councilor Gilbert suggested an advertisement notifying the residents that their lots may not be legal if they were subdivided. He was opposed to grandfathering in everything explaining that some properties may be far under the proper building codes and may have major problems.

City Attorney White informed that the Footprint Bill grandfathered everything up to August 1, 1994. Everything that was there before August 1, 1994 that was non-conforming or improperly divided was protected so they may be considered lots of record under the bill.

Vice Mayor Shimp asked City Attorney if he could have an opinion by next Tuesday. Mr. White responded yes. Vice Mayor Shimp asked Mayor Brown if they could set an emergency meeting next Tuesday night.

City Attorney White advised that economic benefit or detriment to an individual citizen was not a sufficient basis to declare an emergency.

Mayor Brown stated that as soon as the Council was prepared to meet on the subject they would notify Vice Mayor Shimp.

Adjournment

There being no further business, the meeting adjourned at 9:06 p.m.

Richard A. Brown, Mayor

**TOWN HALL MEETING
NOVEMBER 13, 2001, 7:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held November 13, 2001, 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Vice Mayor Robert D. Shimp
Councilor Ronald D. Patronik
Councilor Jimmy Gilbert
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Building Official Dan Arlington

Ass't to the Building Official Piper Turner

Absent:

Mayor Dick Brown
Councilor Harriet Pruette
City Attorney Christopher White

Call to Order

The Vice Mayor called the meeting to order at 7:00 p.m.

Public Comments

Vice Mayor Shimp opened the meeting. He stated he spoke with City Attorney White and was told if anyone has a deed that is dated before August 1, 1994, their property is already grandfathered.

City Clerk Volpe read a letter from Councilor Pruette into the record:

Regrettably I am unable to attend tonight's town hall meeting due to a prior commitment. Please rest assured that your elected body is all on the same team here to resolve this issue affecting you. At the November 5, 2001 regular council meeting, we passed a resolution to take proper legal steps to remedy the oversight. The city attorney and staff are working to provide us with the information we need to resolve this as quickly as possible. This issue has been placed on the workshop next Monday November 19, 2001 for discussion.

Sincerely,

Harriet Pruette

City Manager Linn stated the Mayor had a prior commitment and was unable to attend the meeting.

Sherry Nutt, 2507 Watersedge Drive, asked if the land has not been platted how can you have a deed of record.

Building Official Arlington stated the Footprint Bill allowed for anything built without the correct procedure prior to August 1994 to be grandfathered in.

Councilor Gilbert read from the code, Division 4 Minor Replat Requirements Sec 27-105 this type of replat can be approved by the city manager. The one requirement that the city does not have is a copy of the individual survey. City Manager Linn stated that he can only approve a minor replat if it is dividing one parcel into two plats and all other requirements are met. Discussion ensued that in this case the City Council would have to approve this replat. City Manger Linn stated each parcel would have to submit the deed and apply to council to have the land subdivided. Building Official Arlington said the city had no application but a letter of intent would satisfy requirements. Councilor Gilbert stated the entire development was not built in the proper way and now we have to fix the problems as they come up.

Sherry Nutt asked if her property met zoning requirements. Building Official Arlington said they did not but as long as they have a lot of record they can rebuild under the Footprint Bill. Ms. Nutt asked how this could be corrected at the property appraiser's office.

Building Official Arlington stated that regardless of any action the properties would be nonconforming and would have to be rebuilt to today's building code. He commented that the area was in R-4 and R-5 zoning which did not agree with what was there. He also mentioned that he did not believe any of the buildings had fire walls.

Ralph LaPerna, 2507 Watersedge Drive, asked if the city manager could take care of any parcels that just need to be subdivided.

City Manager Linn stated they would still have to go before council because they do not meet other criteria such as setbacks.

John Johnson, 2521 Watersedge Drive, liked the idea that he just had to bring the survey and asked if he could expect total council support.

Council agreed there was support and Vice Mayor Shimp said he had been disappointed there was no date set at the last meeting.

Linda Bassett, 2535 Watersedge Drive, stated she worked for a mortgage company and when she closed on the property she had a letter from Dan Arlington. She asked what could be done about the pot holes since the city did not own the street.

Councilor Gilbert asked about giving the street to the city. Vice Mayor Shimp asked if there were low income grants available to help the citizens. City Manager Linn stated the income level was too high for the grant status. He stated the street in front of the apartments was owned by JEA and street behind was owned by Neptune Beach but was considered wet lands.

Christie Mattox, 2507 Watersedge Drive, stated she had a FHA bond mortgage and did not want her home condemned if it was not up to code. She asked the amount of damage that could not be rebuilt. Mr. Arlington stated it would be 50% if the city did not replat the land.

Mr. Arlington explained the letter presented by Linda Bassett in August of 1999. He stated he would not be as broad if he wrote it today. He stated the city would support the letter but would be sure the that all surveys had common property lines.

Bob Zempher, 2545 Watersedge Drive, asked what the time limit was to get the survey in and how old it could be.

Mr. Arlington stated the age of survey did not seem to matter. The city manager stated the legal description had to agree with that on the deed. Vice Mayor Shimp asked if the people

could bring the survey by next Monday. City Clerk Volpe mentioned that residents may also want to bring their deed in case it was necessary. City Manager Linn questioned the liability of the city as to who will pay for the replat, which is usually paid by the developer.

Ralph LaPerna, 2507 Watersedge Drive, asked if he would have a lot and block number when it was finished.

Discussion ensued about the city paying for the replat.

Judy Bost, 115 Walnut Street, asked if there was a difference between deed of record and lot of record? The answer was yes. What happens if the footprint goes away? This is a legal question.

Mr. LaPerna asked who would be paying for the replat. City Manager Linn stated that usually the developer would pay for the replat and city would just record it., but this is a different circumstance so it would be up to the City Council.

Mr. Arlington stated he would not write such a broad letter as he did in 1999 because of problems east of Third Street. Mr. LaPerna felt that the city should take care of the entire city at the same time. Councilor Gilbert commented every situation needed to be treated separately.

Kurt Estebanez, 2505 Watersedge Drive, asked if one unit out of four on the lot was not ready with their information would they hold up the process.

Richard Keene, 733 Bay Street, stated all information is public record including surveys and deeds.

Jane Debord, 2513 Watersedge Drive, asked if they could be legal with Duval County and illegal with Neptune Beach

City Manager stated they were not lot of records. Duval County will give a deed for any amount of land even for 2 ft by 2 ft. Mr. Arlington stated the city sets guidelines of what can be done on the land the county just gives a legal description.

Vice Mayor Shimp thanked everyone for coming.

Adjournment

There being no further business, the meeting adjourned at 8:00 p.m.

WORKSHOP CITY COUNCIL MEETING
NOVEMBER 19, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held November 19, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor Ronald A. Patronik
Councilor Harriet Pruette
Councilor James Gilbert
City Attorney Christopher White

City Manager Richard A. Linn
Deputy City Clerk Karla Strait, CMC
Assistant to the City Manager Terry Klein
Finance Director Steve Ramsey
Assistant to the Building Official Piper Turner

Call to Order/Roll Call The Mayor called the meeting to order at 7.00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee continued to work on the Third Street medians. The water lines for the irrigation system had been installed from the curb and the irrigation system itself would soon be installed. Second Hand Rose Nursery would be installing palm trees & planting wildflower seeds in the medians within two weeks, some hawthorns would also be added. The committee was also working on the design of the bike path and the barricade at Seagate Avenue and First Street.

CITY MANAGERS PUNCH LIST

Jarboe Park

JARBOE PARK IMPROVEMENTS: City Manager Linn reported he changed the height of the fencing around the playground area from a 3' vinyl coated chain link fence to a 4' fence for the same cost.

**Roadway between
Shopping Centers**

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn reported he had met with the owners of the shopping centers to discuss the addition of a roadway between the shopping centers. The issue arose of traffic shortcutting Seminole Road, dodging into the shopping center, and increasing the volume of traffic in front of the stores. The owners were not interested in that they felt the roadway would not be a commercial benefit. Therefore, the city would be faced with paying for the roadway entirely less the \$20,000 commitment from Developers Diversified.

- Bike Path BIKE PATH ALONG FLORIDA BOULEVARD: Mr. Linn reported that 90% of the design had been received. The Ish Brant Beautification Committee would look at the design and give their recommendations and comments. The Mayors of the beach cities would be meeting with planners to coordinate the bike paths in connection with each other.
- Watersedge Drive WATERSEEDGE DRIVE – DRAINAGE SYSTEM: City Manager Linn reported the drainage and ditches were working fine. Mr. Linn asked to remove the item from his punch list.
- Naval Air Show NAVAL AIR SHOW: City Manager Linn stated the Sea & Sky Spectacular was very successful. There was plenty of security and law enforcement and no arrests were made.
- Jarboe Park JARBOE PARK – WATER PLANT: Mayor Brown asked City Manager Linn if something could be done about improving the shrubbery and small trees around the fence at the water plant. Mr. Linn responded if there were funds left over from the grant at the end of the project they would be put toward landscaping. Mr. Linn added that after the events of September 11, 2001, there had been talk of removing some of the vegetation around the fence. Mr. Linn had contacted a security alarm company to insure the safety of the drinking water. Mayor Brown agreed that security was a main priority.

PROPOSED ORDINANCES/NONE

CONTRACT/AGREEMENTS

- Ivy, Harris & Walls IVY, HARRIS & WALLS – COMPLETE LAND DEVELOPMENT REVIEW: City Manager Linn explained that Ivey, Harris & Walls had met their commitment to their contract with the city. However, the city still needed the firm's assistance with the final draft and legal review. Mr. Linn recommended approval of the firm's proposal for the final draft and legal review in the amount of \$3,850 plus reimbursement for expenses.

Councilor Pruette stated she was not in favor of using Ivey, Harris & Walls and felt the city should use a different firm for the legal review. City Attorney White recommended staying with Ivey, Harris & Walls stating they would have an independent review done by the law firm of Rogers, Towers & Gay.

Consensus: **FORWARD THE COMPLETION OF THE LAND DEVELOPMENT REVIEW BY IVY, HARRIS & WALLS IN, THE AMOUNT OF \$3,850 PLUS REIMBURSEMENT EXPENSES TO BE FUNDED OUT THE CONTINGENCY LINE ITEM ACCOUNT, TO THE CONSENT AGENDA ON THE DECEMBER REGULAR COUNCIL MEETING.**

ISSUE DEVELOPMENT

- Watersedge Drive WATERSEEDGE DRIVE – LOTS OF RECORD: City Attorney White suggested the best way to find out if the individual units were lots of record would be to have a title search done on each unit at the city's expense. The approximate cost would be \$2,000 and could be done in a period of two to three weeks. The title search would show if the units had been recorded prior to August 1, 1994 and in his opinion if they were recorded prior to that date they would be grandfathered in under the footprint bill. If they were not recorded prior to that date they could be addressed individually. Mr. White asked for the approval of council to do the title searches.

Consensus: **TO MOVE FORWARD WITH A TITLE SEARCH ON THE WATERSEEDGE PROPERTY AT THE CITY'S EXPENSE TO BE FUNDED OUT OF THE CONTINGENCY LINE ITEM ACCOUNT.**

Christmas Eve
Holiday

CLOSING OF CITY HALL ON CHRISTMAS EVE - MONDAY, DECEMBER 24, 2001:
Councilor Pruette suggested that since city employees were having to work a half day on Christmas Eve. Since it fell on a Monday the council should give them the opportunity to get on the road to visit relatives for the holidays by giving them the whole day off. Due to the events of September 11, there would be more people traveling by automobile.

Consensus: **TO FORWARD THE CLOSING OF CITY HALL ON MONDAY, DECEMBER 24TH TO THE REGULAR COUNCIL MEETING CONSENT AGENDA.**

Land Development
Review

SCHEDULE MEETING FOR LAND DEVELOPMENT REVIEW: City Manager Linn stated that a date needed to be set for the next Land Development Regulations Review. Mr. Linn added that Building Official Dan Arlington would be ready to cover Group I, Monday, November 26th.

Consensus: **TO HOLD THE NEXT MEETING FOR THE LAND DEVELOPMENT REGULATIONS REVIEW ON MONDAY, NOVEMBER 26TH AT 6:00 P.M.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Bob Zimpfer, 2545 Watersedge Drive, questioned if the new title search would override and preempt the current title insurance.

R. P. LaPerna, 2507 Watersedge Drive, asked why the city could not do a replat on Watersedge. Mr. LaPerna was concerned that they did not have a lot and block number. City Manager Linn responded that the City Attorney had advised him that it was not appropriate for a city to act as a developer.

Sandy Lighty, 1810 Strand, asked when a public meeting would be held about the bike path. Mr. Lighty questioned the cost of work done by Ivey, Harris & Walls.

Lynda Padrta, 1113 First Street, commended the council for taking the time to do the right thing in correcting the Watersedge problem. Ms. Padrta suggested the city adopt a standard letter for title searches making them aware of these situations.

Sherry Nutt, 2509 Watersedge Drive, did not understand what difference a title search was going to make. Councilor Gilbert explained that if the property was individually owned before August 1, 1994, it was considered a lot of record under the footprint bill.

Kristi Maddocks, 2519 Watersedge Drive, was concerned how the property could have been sold without having a lot of record.

Adjournment

There being no further business, the meeting adjourned at 8:37 p.m.

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m. City Manager Linn asked Building Official Dan Arlington to conduct his presentation.

Building Official Dan Arlington began his presentation by stating he submitted to council a clean copy (without strike throughs and underlines) of Group I with the corrections from the last workshop. He intended to go over the corrections and also the definitions.

Councilor Pruette asked Mr. Arlington to explain how Section 27.02 Replatting Requirements came about and who asked for any changes. Building Official Arlington pointed out there was a lot of new language put in by the consultants and approved by the Planning & Development Review Board.

Councilor Gilbert asked what the agenda for the workshop was and why the council was reviewing the same group. Building Official Arlington stated he meant to point out the changes made and explain the definitions.

Vice Mayor Shimp stated if the code said there was an application to replat then the city should provide one. He asked the Building Official to explain Section 27-109(a)(3). Building Official Arlington explained if there were a choice between plotting a street below average grade or making a lot smaller, the developer would have to make the lot smaller. He clarified this would only be for new development not for existing homes. Vice Mayor Shimp asked if the City could only make state codes more strict. Building Official Arlington stated that was true.

Councilor Pruette asked why we were reviewing something that was supposed to have been final at the last meeting and stated she had found many discrepancies. Vice Mayor

Shimp agreed if there were discrepancies we should look at them. Councilor Patronik asked about a change not made in Sec. 27-102. Building Official Arlington clarified it needed to wait until they reviewed the Footprint Bill. Councilor Pruette asked why PUD had not been taken out. She also asked why the Planning & Development Review Board had a secretary and why the mail section of variances was 15 days in some and three weeks in another. City Clerk Volpe clarified that the consensus was PUD would be looked at when the council came to that section later in the code. She also stated the secretary was from years ago when someone on the board typed the minutes, and all dates for mailing should be 15 days.

There was further discussion on any discrepancies in the code; what the council should be speaking about at this workshop; and how many times these sections needed to be reviewed.

Building Official Dan Arlington began his presentation. He stated he would be adding a notation such as:

Sec. 27-25 Nonconforming Structures - Notwithstanding the preceding Sections, certain guidelines for non conforming structures are contained in Article XVIII.

This verbiage will be added to refer people to the Footprint Bill.

Building Official Dan Arlington stated he did not add the following note to Sec. 27-24 from the last workshop:

IF SOMEONE STAYED WITHIN THE FOOTPRINT AND THE TOTAL SQUARE FOOTAGE, THE BUILDING OFFICIAL CAN ALLOW THEM TO TOTALLY TEAR DOWN THE HOUSE.

It is the exact opposite of some sections of Article XVIII Nonconforming Structures. The council should put this wording in that section and do all the changes at one time as to make the footprint more clear of their intentions.

In Sec. 27-38 he made the following changes:

1. adding 'subject to confirmation by City Council' to sections h and i for PDRB subcommittees.
2. strike all references to historic preservation or architecture boards
3. added preliminary and final to areas to make more clear which board would do what

Mr. Arlington stated the city clerk and building official wrote a memo to the boards requesting them not to advise citizens based on any new code that has not been passed. He explained why this was written to the boards and hoped it would help in the future.

Mr. Arlington stated the consensus for 27-78 had been the following:

ADD THE ABILITY TO GET AN EXTENSION OF THE SIX (6) MONTHS TO 27-78. ADD "CONTINUOUS" IN THE DEFINITIONS SECTION

He did not follow the exact verbiage of the consensus. He used the information from the new Florida Building Code, which does not allow extensions. He did put an extension in by adding Sec. 27-78 (b) (c) (d) and (e). This covers if work has been started and stopped or if it has not been started. It also adds fees for these extensions. Council discussed if commenced needed to be defined.

Consensus: **TO ACCEPT THE CHANGES MADE IN SECTION 27-78.**

Mr. Arlington reminded council that the Planned Unit Development (PUD) decision was delayed until that part of the code. It was discussed briefly.

The following consensus from the last meeting were added:

Sec. 27-80(1) **TO ADD "INTENSIFICATION OF USE" TO THE DEFINITIONS.**

Sec. 27-82 (b) **TO LEAVE IN THE CONCEPTUAL REVIEW AS AN OPTION** and change any necessary wording.

Sec. 27-101(b)(5) **TO STRIKE SECTION 27-101(b)(5)**

Sec. 27-102(a) **TO CHANGE THE WORD "DUPLICATE" TO "TEN COPIES".**

27-116(b)(1) **TO ADD THE WORD "FINAL".**

27-133(a) **TO ADD "COMMERCIAL".**

27-144 TO MAKE ALL CHANGES LISTED TO SECTION 27-144

1. The specified time of notice in both paragraphs (a) and (c) should be 15 days.
2. To ensure proper delivery of notices, staff should mail them at the applicant's expense.
3. Mailing by certified mail is a change from regular mail in existing code.
4. Notifying property owners within 150 feet vs. abutting lots and lots directly across the street is an increased requirement. Required notification can go from six to twenty properties.
5. The current cost of certified mail is \$4.00.
6. In cases when the Board does not meet or the application is not considered, the notices already advertised, mailed, and posted should be adequate for the following meeting.

Building Official Arlington then proceeded to explain the definitions section. He stated that all the definitions would be moved to Sec. 27-15.

Councilor Patronik asked about the definition of Building Elevation. It was noted that "ground or" needed to be struck not "the ground". He also questioned the definition of Clinic. Council discussed Clinic.

Consensus: **TO ADD A COMMA AFTER OPTOMETRISTS AND ADD LICENSED MESSAGE THERAPIST AFTER DENTIST AND MEDICAL BEFORE PROFESSION IN THE DEFINITION OF CLINIC.**

Mr. Arlington discussed Dwelling Unit. He changed the word "cooking" to "storage or preparation of food" and changed "Standard Building Code" to "Florida Building Code". There was much discussion on the best definition including leaving the word "cooking"; using other cities' definition; and using the word "isolated".

Consensus: **TO DO MORE RESEARCH AND COME BACK TO THE DEFINITION OF DWELLING UNIT.**

Councilor Patronik asked about the definition of density including the "gross area". There was much discussion of this. Including that the Florida Department of Community Affairs uses "gross" and the city's Comp Plan uses "gross." Councilor Pruette asked if it needed to be subdivided between residential and commercial. Mr. Arlington said it was not necessary.

Mr. Arlington explained his definition of Family limited the number of non related persons to two in any household. It was his goal to limit boarding houses and fraternity houses from being built. Discussion ensued.

Consensus: **TO LEAVE THE FAMILY DEFINITION AS MR. ARLINGTON HAD PROPOSED.**

Garage was discussed. Mr. Arlington pointed out that it included "description of second story habitable space".

Consensus: **TO DISCUSS GARAGE AT A LATER DATE.**

Mr. Arlington showed that double frontage and oceanfront lot was under "Lot". Discussion of what was a front yard and what was a back yard and what oceanfront lots should be ensued.

Consensus: **TO COME BACK TO DOUBLE FRONTAGE LOTS AT A LATER DATE.**

Councilor Pruette asked about Impervious surface. Mr. Arlington asked if swimming pools could be excluded as an impervious surface.

Consensus: **TO EXCLUDE SWIMMING POOLS AS AN IMPERVIOUS SURFACE.**

Mr. Arlington read the definition of Intensification of Use. He stated that in the definition of kitchen where is said the "and/or of cooking", the "or" should be removed to be consistent with Dwelling Unit.

Consensus: **TO COME BACK TO THE DEFINITION KITCHEN WITH DWELLING UNIT.**

Mr. Arlington read the definition of Planned Unit Development (PUD) and emphasized it still had to meet with density and zoning requirements. City Manager Linn asked stormwater to be added to this definition. PUD's were discussed.

Mr. Arlington explained that Premises and the definitions of Restaurant all related in regards to parking. Councilor Pruette brought up outdoor dining. Mr. Arlington stated outdoor dining comes later in the code but he would define it. He stated it was previously discussed as a special exception with a time limit. Outdoor dining was discussed by council. The Building Official reviewed to different definitions for carryout, fast food and interior service restaurant. He felt it was important to differentiate.

Consensus: **TO USE THE NEW DEFINITIONS FOR RESTAURANTS.**

Mr. Arlington read his definition of seat and asked that floor space be considered as a seat to determine parking. Council discussed the definition including using fire marshal occupancy and combining seats and floor space. Parking was discussed in the Town Center area including parking for Atlantic Beach establishments and a letter from Atlantic Beach about this issue.

Vice Mayor Shimp asked that parking be placed on the next workshop.

Consensus: **TO DO MORE RESEARCH ON THE DEFINITION OF SEAT.**

Mr. Arlington stated he put all the types of streets together under street. He read the definition of Townhouse. The council discussed townhouse.

Consensus: **TO CHANGE "FRONT AND REAR ACCESS" TO "TWO ACCESS"**

AND REPLACE "FIRE WALL" WITH "COMMON WALL"

Mr. Arlington pointed out that Alteration, major and minor are for historic structures only therefore he added that to the definitions. He also deleted some definitions that were defined differently twice in the code. He changed recreation vehicle to delete "400 square meet or less when measure at the largest horizontal projection".

Consensus: **TO DELETE "400 SQUARE MEET OR LESS WHEN MEASURE AT THE LARGEST HORIZONTAL PROJECTION".**

The City Manager suggested typing out all of the definitions. The Council noted the next LDR meeting would be after the holiday season to review Article IV. The Christmas Luncheon will be held on December 14, 2001. Council asked Mr. Arlington to send Article IV out as soon as possible.

Consensus: **GROUP I WOULD NOT BE DISCUSSED AGAIN. IF THE COUNCIL FOUND ANY DISCREPENCES THEY ARE TO SEND A MEMO TO THE BUILDING OFFICIAL AND HE COULD BRING THEM UP AT THE END.**

Adjournment

There being no further business, the meeting adjourned at 8:37 p.m.

Richard A. Brown, Mayor

11. OLD BUSINESS/NONE
12. NEW BUSINESS:
 - A. Authorize the City Attorney to foreclose on 133-135 Cherry Street
 - B. Approve listing of sponsored events for T.V. Trust Fund FY 2001-2002
 - C. Review and authorize City Clerk to advertise bids for Phase I, B&C, Water Improvement Capital Project.
 - D. Surplus of City Vehicles
13. ADJOURN.

Respectfully submitted,

City Manager Richard A. Linn

MINUTES
WORKSHOP CITY COUNCIL MEETING
DECEMBER 17, 2001 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held December 17, 2001 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Robert A. Shimp
Councilor James Gilbert
Councilor Ronald A. Patronik
Councilor Harriet Pruette
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Finance Director Steve Ramsey
Deputy City Clerk Karla Strait, CMC
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Building Official Dan Arlington

Call to Order/Roll Call The Mayor called the meeting to order at 6.55 p.m.

PUBLIC HEARING

Water Facilities Plan

PUBLIC HEARING FOR THE WATER FACILITIES PLAN ON FLORIDA BLVD AND BAL HARBOR: City Manager Linn explained the Department of Environmental Protection required the city to hold a public hearing in order to include the addition of the main water line on Florida Boulevard and the mains in Bal Harbor to the previously adopted water facilities plan. Vice Mayor Shimp asked if there was a way to ease the new pressure since some people would be having problems with the pipes in their homes. Mr. Miller responded that he did not think the water pressure would increase that much.

Mayor Brown opened the public hearing.

Thomas Edwards, 1300 Florida Blvd, commented that if the pipes would be going on the north side of Florida Blvd. they had to be very careful since there were so many utilities already in the ground and there were a lot of trees. He asked when the sewer would be fixed in the area and if all homes along Florida Blvd will be hooked up to the new line.

There being no further comments. Mayor Brown closed the public hearing.

Consensus:

TO MOVE THE APPROVAL OF THE FACILITIES PLAN TO THE JANUARY CITY COUNCIL MEETING CONSENT AGENDA.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE:** City Manager Linn reported the Ish Brant Beautification Committee had cancelled the meeting for tonight. They were working on Adopt -a- Street end and the Third Street medians. Second Hand Rose Nursery would be planting the palm trees on Third Street soon.

CITY MANAGERS PUNCH LIST

Jarboe Park **JARBOE PARK IMPROVEMENTS:** City Manager Linn reported the fence was installed and replacing the foot bridge was next. Age group signs were at the play areas. The handicap swing could not be fixed and would be replaced. The remaining grant funds would be used for landscaping.

Mechanical permit fees **MECHANICAL PERMIT FEES:** Councilor Gilbert was introducing an ordinance later on in the meeting.

Traffic light at Neptune Beach Elementary **TRAFFIC LIGHT AT NEPTUNE BEACH ELEMENTARY:** City Manager Linn reported he spoke with Fred Kyle of the City of Jacksonville Public Works Department. Mr. Kyle is still studying the traffic counts and will have more information in two weeks. Mr. Linn discussed this with Jacksonville Mayor John Delaney and he will try to nudge it along. Mayor Brown asked what the alternatives were if the light was not approved. Councilor Patronik asked if the traffic count was completed when school was in.

Vice Mayor Shimp asked if the road between the shopping centers, the bike path and the underground containers could be removed from the punchlist. Mr. Linn stated the bike path and the underground containers were still pending.

Councilor Gilbert asked about the adoption of the street end at Cherry Street and who had final authority. Mr. Linn stated he had authority and he had let the adjacent property owner adopt the street end.

Councilor Pruette asked if there were guidelines about obstructing the view at street ends. Mr. Linn stated homeowners needed city approval before they could do anything.

PROPOSED ORDINANCES

Ordinance 2002-01 Permit fees **ORDINANCE 2002-01 AMENDING SECTION 8-182, PERMIT FEES SPONSORED BY COUNCILOR GILBERT:** Councilor Gilbert explained that this ordinance was to divide the fees for certain mechanical work. The change would allow a lower permit fee for partial repairs to an air conditioning system. He felt this would encourage contractors to obtain permits, lower the cost to the consumer and be more in line with the other beach cities.

Consensus: **TO MOVE ORDINANCE 2002-01, MECHANICAL PERMITS TO THE JANUARY CITY COUNCIL MEETING FOR FIRST READ.**

CONTRACT/AGREEMENTS/NONE**ISSUE DEVELOPMENT**

Agenda Amendment Councilor Patronik asked if City Attorney White's presentation of Watersedge Drive could be discussed first.

Watersedge Drive **WATERSEDGE DRIVE – LOTS OF RECORD:** City Attorney White stated the title searches had been completed and given to him earlier in the day. He was unable to do a

written opinion but one would follow. Lots 1 through 8 and 16 through 21 were qualified as lots of record because they had been subdivided and were grandfathered in under the 1994 Footprint Bill. The remaining six lots were being researched further and would be addressed individually.

Urbanomics

PRESENTATION – COMMUNITY CENTER STUDY KEN CREVLING URBANOMICS: Ken Crevling presented the preliminary study completed by his company, Urbanomics, as to whether it is feasible to build a YMCA community center in Neptune Beach or Atlantic Beach. The study was paid for by the city of Neptune Beach, Atlantic Beach, the YMCA Foundation, and the Boselli Foundation. He did a telephone survey of 400 households; a survey among Fletcher High School and used focus groups. He stated there was support by the community for teen programs; skateboard park; using the facilities three times a week; paying a \$25- \$75 fee for membership; senior programs; and using tax dollars to help pay for the facility. Four locations were looked into: the old Pic-n-Sav, the old A&P, Jarboe Park, and Russell Park. Each location had its benefits. He would continue to send the council updates as this study become more in depth.

Red Cross

PRESENTATION COMMUNITY EARLY DEFIBRILATION - KRYSTAL WILLIAMS - RED CROSS: Krystal Williams from the Red Cross spoke on their campaign to have more defibrilators available in public buildings in order to help save the lives of heart attack victims. She demonstrated how easy they are to use. She stated that the Red Cross would be selling them and were able to do the training for everyone interested. Vice Mayor Shimp stated that the police department had already purchased some for the police cars.

Longevity Service Award

LONGEVITY SERVICE AWARDS: Finance Director Steve Ramsey explained he researched the cost of giving service pins for employees at 5, 10 15, 20 years of service. The cost would be \$4045 for the next 4 fiscal years. The council discussed the pins and other types of awards that could be given. City Manager Linn and Finance Director Ramsey were directed to ask department heads if their employees would appreciate the pins.

Flooding

FLOODING ON FIRST STREET – WAKE AREA: Councilor Pruette stated there were about three areas on First Street that severely flooded and cars were being damaged because of the water. She showed a video recorded by Lynda Padrta of the flood areas and the flowing water. The council discussed the different areas and the possible long and short term solutions. Possible solutions included temporary barricades, signs, pumps, a stormwater utility tax, a drain on Pine Street, and a better storm drainage system. City Manager Linn stated that a study had been completed in 1967 by Smith and Gillespie Engineers that would resolve the problem. This same study had been looked at in the 1980's and in the last year. Each time it was looked at it cost too much for the city and the price kept going up. If completed today it would cost about one third of a million dollars. Councilor Pruette suggested permitting for any concrete paving. Speeding on First Street was also discussed.

Consensus:

FOR THE CITY MANAGER TO LOOK AT THE ENGINEERING STUDY AND FOR PUBLIC SERVICES DIRECTOR JOHN GALEN TO COME UP WITH POSSIBLE SOLUTIONS.

Town Center Parking

TOWN CENTER PARKING: Vice Mayor Shimp discussed changing the times for parking on First Street from 7pm to 7 am to 10 pm to 7 am. This would coincide with the noise ordinance and would allow beach goers to enjoy the beach later in the evening. He also wanted the council to think about building a parking garage in the lot across from the police station. This would help the Town Center parking problem and help attract business to the Town Center area. Councilor Pruette stated if the citizens of First Street were for the change she would support it. Council discussion ensued.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Lynda Padrta, 1113 First Street, thanked the Council for anything they could do to help with the flooding on First Street. She was opposed to changing the time on First Street parking. She also asked that residents be made aware weekly about water and sewer work. She expressed concern about double counted parking spaces in Town Center.

Gail Shealy, 1501 First Street, did not agree with changing the times for people to be allowed to park on First street. She also stated she would be glad to help in any way possible to alleviate some of the flooding problems on First Street.

Councilor Pruette asked the council when they put something on the agenda if they would include a memorandum so the council had some idea what would be discussed. Discussion ensued about parking on First Street.

Adjournment

There being no further business, the meeting adjourned at 9:15 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

DECEMBER 16, 1999, WORKSHOP
DECEMBER 16, 1999, TOWN HALL

Moved by Tankersley, seconded by Jones.

Roll Call Vote:

Ayes: 3 - Jones, Tankersley, Vaughn
Noes: 2 - Patronik, Shimp

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Neptune Beach Map

Councilor Tankersley stated he had received a notice in his electric bill about a map of Neptune Beach, and asked what it was about. City Manager Linn responded that a firm had approached him and asked about doing a map for the city. The company solicited advertising from local businesses, did all the work and would distribute the maps at no cost to us.

Fire Department Councilor Shimp stated that at the last council meeting he had requested that a vote be taken at the meeting tonight on the fire department issue and asked City Manager Linn to explain why it was not on the agenda. City Manager Linn answered that it was not a consensus of council to be placed on the agenda and that he was waiting for council to direct him on what step to take next.

Councilor Shimp asked for a consensus to add the fire equipment surplus and fire department issue to the agenda tonight under old or new business.

Councilor Tankersley asked about a report on recommendations that was requested by council from the City Manager.

Councilor Shimp stated that he felt he had heard enough reports and presentations on it and that it should be voted on tonight.

Amend the Agenda Moved by Shimp, seconded by Jones.

Motion: **TO ADD THE DISSOLVING OF THE FIRE DEPARTMENT AND SELLING OF FIRE EQUIPMENT TO THE AGENDA UNDER OLD BUSINESS.**

Friendly Amendment: **TO MOVE NEW BUSINESS BEFORE OLD BUSINESS.**

Roll Call Vote:

Ayes: 3 - Jones, Patronik, Shimp

Noes: 2 - Tankersley, Vaughn

MOTION CARRIED

January Workshop Meeting Due to Martin Luther King Jr. holiday being Monday January 17, 2000, Acting City Clerk Lisa Volpe asked Council if the January Workshop Meeting could be held, on Tuesday January 18, 2000.

Acting City Clerk Lisa Volpe stated that there was a request from the Building Department to hold a Special Workshop Meeting in January to discuss the Land Development Regulations.

Consensus: **TO HOLD THE JANUARY COUNCIL WORKSHOP MEETING ON TUESDAY JANUARY 18, 2000 AT 7:00 P.M. AND THE LAND DEVELOPMENT REGULATIONS WORKSHOP ON MONDAY JANUARY 31, 2000 AT 7:00 P.M.**

CITY MANAGER REPORTS

COMMENTS FROM THE PUBLIC

Public Records Request Harriet Pruette, 217 ½ Magnolia Street, asked the Mayor when her request for public records would be filled. Ms. Pruette also expressed her sympathies for Phil Wawzynski, a member on the Board of Appeals, who was in the hospital on life support.

Fire Department Johnnie Epley, 208 Driftwood, supported Councilor Shimp with his request that council vote on the fire department issue tonight and have some closure.

Phil Wawzynski Elaine Kenny, 1301 Neptune Grove Drive West, expressed her sympathies for Phil Wawzynski who served on the Board of Appeals who was very ill and asked that a letter of condolence to be sent to his family.

CONSENT AGENDA

Freedom Shine &
Media One Events

PLACEMENT OF THE FREEDOM SHRINE AND MEDIA ONE SPONSORED EVENTS:
City Manager Linn requested that these two items be voted on together. Mr. Linn further stated that the Freedom Shrine was to be installed by the Exchange Club of the Beaches and the list of Media One sponsored events were discussed at the workshop meeting and by consensus placed on the consent agenda tonight.

Moved by Jones, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

VARIANCES / NONE**ORDINANCES**

Ordinance No.

ORDINANCE NO. 1999-17, FINAL READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING ARTICLE III, SECTION 8-46, BUILDING AND BUILDING REGULATION, CODE OF ORDINANCES; TO ADOPT THE NATIONAL ELECTRIC CODE, 1999 EDITION AND ESTABLISHING AN EFFECTIVE DATE.

The Mayor read Ordinance No. 1999-17 by title only and opened the public hearing.

Leslie Karlin, 1506 Spindrift Circle, asked if this would apply to all city buildings. City Manager Linn answered "yes" when it came to modifications. Building Official Dan Arlington answered that it would also apply to any new buildings.

There being no further comments from the public, the public hearing was closed.

Moved by Shimp, seconded by Tankersley.

Motion: **TO ADOPT ORDINANCE NO. 1999-17, ON FINAL READ AND PUBLIC HEARING AS STATED.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

MOTION CARRIED

NEW BUSINESS

Preliminary Approval
of Olson Tire

APPROVAL OF PRELIMINARY DEVELOPMENT ORDER FOR OLSON TIRE: City Manager Linn explained that the application information that was submitted to the Planning and Development Review Board was in the agenda packets for the development of an Olson Tire Company on Atlantic Boulevard. Mr. Linn added that the Planning and Development Review Board had recommended that council approve the development order with a requirement for a monument type of sign.

Laurie Tipton, the Development Coordinator with Aikenhead & Odom Inc., Consulting Engineers, was present representing Olson Tire Company and answered questions from the council.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR OLSON TIRE.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

OLD BUSINESS

Appointment of City
Clerk

APPOINTMENT OF THE CITY CLERK: City Manager Linn stated that the deadline for receiving applications for the City Clerk position was December 31, 1999 and the resumes had been forwarded to council. Mr. Linn added that the item was placed on the agenda for council consideration on how to handle the appointment.

Mayor Vaughn stated that he had glanced through the resumes that were submitted and suggested that some time be taken in the near future to go over the resumes and address them at the workshop meeting.

Vice Mayor Jones stated that he wanted to clear up the procedure in order to make a decision. He suggested asking the thirteen or so candidates to come to the workshop meeting and present themselves to council.

Councilor Tankersley stated that the other applicants had office experience but that the one person with City Clerk training was right here and he had no qualm in making a motion to appoint Lisa Volpe as City Clerk.

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPOINT LISA VOLPE AS CITY CLERK AND AUTHORIZE CITY MANAGER LINN TO ADVERTISE FOR THE VACANCY IN HIS OFFICE.**

Councilor Patronik stated that Ms. Volpe had her bachelor's degree, was working on her master's degree in Public Administration and had worked at City Hall for quite a while. Councilor Patronik also stated that Ms. Volpe was currently working in the City Clerk position and had proven she could do the job and he would like to see her as the permanent city clerk.

Councilor Shimp also stated that Lisa Volpe had done an outstanding job and she knew the city.

Mayor Vaughn stated that what he was hearing told him that we should not have advertised for the position. He felt that council should go through the applications in a good faith manner.

On the Record Council Shimp stated on the record that he had gone through the applications and had come to the conclusion that Ms. Volpe was the correct person to have and that he did take it seriously. He did not see the point in wasting more time interviewing.

Mayor Vaughn stated that the plan was to get the resumes in and develop a short list and there was still the opportunity to do so.

Councilor Tankersley stated that he had read all the resumes and stood by his decision to appoint Lisa Volpe.

Councilor Patronik stated that they had hired a new City Manager and a City Attorney during his term as councilor and asked for applications and interviewed a lot of people for both positions because they didn't know who was best. However, in this case it was quite clear and he felt he would be doing the applicants a disservice by stringing them along when there was one application that stood out.

Mayor Vaughn stated that he was bothered by the statement that the other candidates didn't stand a chance and questioned the possibility of discrimination of some type.

Vice Mayor Jones stated that he supported the Mayor's position on this, although he was also a realist, and there were three people he would like to interview and Lisa Volpe was one of them.

Mayor Vaughn asked City Attorney White to comment on this as he was concerned about the way this was being pushed forward.

City Attorney White commented that the city by referendum decided that the City Clerk was going to be an appointed position by the council and that council could appoint the person in whatever reasonable fashion it deemed fit.

Roll Call Vote:

Ayes: 4 - Jones, Patronik, Shimp, Tankersley

Noes: 1 - Vaughn

On the Record Mayor Vaughn stated on the record that his no vote was not against Ms. Volpe that it was against the process.

Vice Mayor Jones asked that his comments be put on the record.

MOTION CARRIED

Recess / Reconvene Mayor Vaughn called for a recess at 8:15 p.m. and the meeting reconvened at 8:25 p.m.

Fire Department FIRE DEPARTMENT DISSOLUTION AND FIRE EQUIPMENT SURPLUS: Mayor Vaughn

Dissolution and Fire
Equipment Surplus

asked City Clerk Lisa Volpe to read back the earlier motion. City Clerk read the motion.

On the Record Councilor Tankersley stated on the record that City Manager Linn had spoken with Atlantic Beach and they were very comfortable with the fire services that were provided to them. After speaking with City Manager Linn he felt very comfortable with the fire services that were being provided to Neptune Beach. Councilor Tankersley also suggested taking the Fire Department and turning it into a Fire Safety Office.

Moved by Jones, seconded by Patronik.

Motion: **TO SURPLUS THE THREE FIRE ENGINES AND CORRESPONDING
FIRE SUPPRESSION EQUIPMENT AND DIRECT CITY MANAGER
LINN TO OBTAIN PRIOR APPROVAL FROM THE CITY COUNCIL ON
THE SPECIFIC ITEMS AND TERMS FOR SUPPLUSING ABOVE
STATED FIRE ENGINES AND EQUIPMENT.**

Roll Call Vote:

Ayes: 4 - Jones, Patronik, Shimp, Tankersley

Noes: 1 - Vaughn

Councilor Ronald Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn
City Attorney Christopher A. White

City Clerk Lisa Volpe
Supervisor of Water Leon Smith
Lead Operator Mark Greenwood
Director of Finance John Herbst
Building Official Dan Arlington
Deputy City Clerk Karla Strait

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the Ish Brant Beautification Committee had met on January 3, 2000 with Jacksonville Councilors Jerry Holland and Elaine Brown. They discussed joint projects along the culvert on Florida Boulevard and were working on a grant for \$5000.00 for landscaping the medians on Third Street.

CITY MANAGERS PUNCH LIST

Roadway Between Shopping Centers

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn stated that he had met with Ron Oehl the new owner of the K-mart shopping center. Mr. Oehl was discussing with U-Haul about the roadway.

Penman Road Bike Path

PENMAN ROAD BIKE PATH: City Manager Linn stated that he had spoken with Sally Rosier of the Florida Department of Transportation and they hired a consultant to design the bike path. Ms. Rosier stated that the contract called for a bike path from Atlantic Boulevard down Florida Boulevard across Penman Road, across Third Street to the ocean. The alternative route would be along Penman Road from Atlantic Boulevard down to Seagate Avenue. The consultant was to visit the area this week.

Wastewater Management Facilities

WASTEWATER MANAGEMENT FACILITIES: Mayor Vaughn asked City Manager Linn about the Wastewater Management Facilities. Mr. Linn answered that he didn't believe the city qualified for funding.

Short Term Rentals SHORT TERM RENTAL ISSUE: City Manager Linn announced that he received a letter from the enforcement agency for the State stating that they had no enforcement powers because the units were not five dwellings or more.

Taxi Cab Stands TAXICAB STANDS: Councilor Tankersley asked City Manager Linn if Director of Public Works John Galen had ordered the signs for the taxicab stands. City Manager Linn answered "yes" that they might have already come in.

PROPOSED ORDINANCES

Ord. No. 2000-01 ORDINANCE NO. 2000-01: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ABANDONING, VACATING AND CLOSING A PORTION OF FIRST STREET BETWEEN NORTH STREET AND SOUTH STREET; AND ESTABLISHING AN EFFECTIVE DATE.

Consensus: **TO MOVE ORDINANCE NO. 2000-01 FORWARD TO THE REGULAR CITY COUNCIL MEETING IN FEBRUARY FOR SECOND READ.**

CONTRACT/AGREEMENTS

CDBG Project AUTHORIZATION TO SOLICIT BIDS FOR CDBG PROJECT: City Manager Linn stated that each year council is asked permission to advertise and solicit bids for the CDBG funding of sewer work. Mr. Linn requested to place this item on the consent agenda for the Regular City Council Meeting in February.

Consensus: **TO MOVE AUTHORIZATION OF BIDS FOR CDBG PROJECT FORWARD TO THE CONSENT AGENDA FOR THE REGULAR CITY COUNCIL MEETING IN FEBRUARY.**

Sliders Oyster Bar GRANDFATHERING OF PARKING SPACES AT SLIDERS OYSTER BAR: City Manager Linn reported that an agreement had been drawn up for the grandfathering of two parking spaces at Sliders Oyster Bar.

Consensus: **TO MOVE SLIDERS OYSTER BAR GRANDFATHERING OF PARKING SPACES FORWARD TO THE CONSENT AGENDA FOR THE REGULAR CITY COUNCIL MEETING IN FEBRUARY.**

ISSUE DEVELOPMENT

Risk Management Program PRESENTATION TO THE PUBLIC OF THE RISK MANAGEMENT PROGRAM REQUIRED BY THE ENVIRONMENT PROTECTION AGENCY: Supervisor of Water Leon Smith and Lead Operator Mark Greenwood gave a presentation on the City's Risk Management Program.

Revenue Enhancements PRESENTATION AND DISCUSSION OF REVENUE ENHANCEMENTS: Director of Finance John Herbst gave a presentation and shared some ideas about how to enhance city revenue.

Interlocal Agreement SUGGESTED TEXT OF AMENDMENT TO INTERLOCAL AGREEMENT TO INCLUDE FIRE PROTECTION AND ADVANCE LIFE SUPPORT RESCUE: Mayor Vaughn stated that there was a draft of a suggested agreement involving fire services to be provided by Jacksonville in the agenda packets. Mayor Vaughn asked for a consensus of the council to move forward with the agreement between the City of Neptune Beach and the City of Jacksonville. The Mayor's intent was not to reopen the interlocal agreement with City of Jacksonville.

Mayor Vaughn felt that if the City of Jacksonville was going to provide our fire protection and fire rescue services at no cost, there needed to be a specific binding agreement between the City of Neptune Beach and the City of Jacksonville. He felt this agreement would do it.

Councilor Shimp stated that he did not want to reopen the issue, he felt that if we did Jacksonville might want to raise our millage rate.

Mayor Vaughn stated that was against his best business interest to rely on an agreement between two entities that are not connected with us.

On the Record Councilor Shimp asked how many times Mayor Delaney and the Jacksonville Fire Chief had to explain that we are covered. He asked why we couldn't just say, "you know what for some reason we got a good deal". Councilor Shimp said for the last time "there was not a Fire Department" we didn't have a volunteer Fire Department, what we had were police officers coming off the street to take care of the fire services. He also stated that insurance rates would go down because Jacksonville was providing fire services and he was willing to trust Mayor John Delaney.

On the Record Councilor Shimp stated on the record that his statements were not meant to be derogatory.

Mayor Vaughn stated that he trusted what was on paper and specific language in an agreement.

Vice Mayor Jones stated that the council voted to surplus the fire equipment at the last meeting and he had based his vote on that we have the very best fire services ever based on the interlocal agreements that were place. Jones further stated that he was not in favor of reopening the issue.

Councilor Patronik asked City Attorney White if this agreement would open up negotiations.

City Attorney White responded that he could not speculate on what would happen but it would become fair game.

Councilor Patronik stated that we might be shooting ourselves in the head if we go ahead with this agreement. He thought it would be very difficult for Jacksonville to charge for fire services in the future.

Councilor Tankersley felt that we had a good working agreement. His concern was that it opened negotiations.

City Attorney White stated that he felt we had an expressed contract.

On the record Councilor Tankersley voted no because he did not feel we needed to go into another interlocal agreement.

Consensus: **NOT TO MOVE FORWARD WITH THE FIRE PROTECTION AGREEMENT.**

Recess / Reconvene The meeting recessed at 9:00 p.m. and reconvened at 9:15 p.m.

Water & Sewer
Upgrade

UPDATE OF DESIGN OF WATER AND SEWER UPGRADE: Jim Miller with PBS&J gave an update on the design of the water and sewer upgrade.

Welcome Sign

DESIGN OF THE "WELCOME TO NEPTUNE BEACH" SIGN: Three different sign designs, numbered 1, 2, and 3 were presented to the council to choose from.

Consensus: **MOVE FORWARD WITH SIGN DESIGN NUMBER 3.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Robert West, 106 Hall Place, expressed concern about the grandfathering of parking spaces at Sliders Oyster Bar. He felt that city streets should not be grandfathered to anyone.

Harriet Pruette, 217½ Magnolia Street, commented that Mayor John Delaney had an interest in Neptune Beach because he was a resident and felt that we should trust in his word. Ms. Pruette added that Cathy Crownover, reporter for Shorelines, had done a good job on the article about city revenues.

Adjournment

There being no further business, the meeting adjourned at 10:00 p.m.

Councilor Ronald Patronik

City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Building Official Dan Arlington
Assistant to Building Official Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Mayor Vaughn informed the audience that the meeting tonight was a workshop specifically for a presentation of the final draft comments from Ivy, Harris and Walls, to the Neptune Beach City Council and that public hearings would be held in the future.

Mayor Vaughn stated that as Neptune Beach entered the new millennium that we must continue to grow internally to sustain the quality of life and prosper, and that as a growth management tool the city's Land Use Regulations were the single most important factor in determining that quality of life.

Mayor Vaughn opened the floor to Consultants, Amy Skinner McClure and Gary Dickens with Ivey, Harris and Walls, Inc. for the presentation.

Land Use Regulations

LAND USE REGULATIONS: Amy Skinner and Gary Dickens with Ivey, Harris and Walls, Inc. gave a presentation on the Proposed Land Use Regulations.

Ms. Skinner explained that the draft of the Proposed Land Use Regulations had been broken down into these following four sections:

- 1) Land Use Section
- 2) Accessory Uses
- 3) Off Street Parking and Loading
- 4) Non-conforming lots and structures.

Ms. Skinner pointed out to the council the revisions of the Proposed Land Use Regulations since the last meeting, and gave a lengthy presentation.

- Legal Opinion Councilor Tankersley asked City Manager Linn to ask City Attorney White for a legal opinion on all of the changes being proposed.
- City Manager Linn responded that Ivey, Harris and Walls, Inc. staff attorneys, would review the Proposed Land Development Regulations.
- Councilor Tankersley requested that City Attorney White speak with the staff attorneys for Ivey, Harris and Walls.
- Recess / Reconvene Mayor Vaughn called a recess at 9:25 p.m., and the meeting reconvened at 9:35.
- Ms. Skinner continued with the presentation.
- Consensus: **TO ADD "BEACHSIDE COMMUNITY" IN THE INTENT SECTION OF THE PURPOSED LAND DEVELOPMENT REGULATIONS.**
- Mayor Vaughn asked City Clerk Lisa Volpe to have copies of the current redline version of the Proposed Land Use Regulations available and to advertise in the paper that they would be available at no cost to any resident or property owner of Neptune Beach.
- Public Hearing
Scheduled Consensus: **TO HOLD A PUBLIC HEARING ON THE PROPOSED LAND USE REGULATIONS ON FEBRUARY 28, 2000 AT 7:00 P.M.**
- Adjournment There being no further business, the meeting adjourned at 10:12 p.m.

George F. Vaughn, Jr., Mayor

MINUTES
REGULAR CITY COUNCIL MEETING
FEBRUARY 7, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held February 7, 2000, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn
City Attorney Christopher White

City Clerk Lisa Volpe
Director of Finance John Herbst
Building Official Dan Arlington
Deputy City Clerk Karla Strait

ABSENT:
Vice Mayor Edward S. Jones

Order Call/Pledge

The Mayor called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

City Manager Linn presented Director of Finance John Herbst with a Certificate of Achievement for Excellence in Financial Reporting from the Florida Government Finance Association.

Director of Finance John Herbst gave a report on the financial status of the city.

Mayor Vaughn presented Grace Wazinski with a plaque for her late husband Phil Wazinski's Outstanding Volunteer Service on the Board of Appeals.

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MEETING MINUTES AS STATED:**

JANUARY 3, 2000, REGULAR
JANUARY 18, 2000, WORKSHOP
JANUARY 18, 2000, TOWN HALL
JANUARY 31, 2000, WORKSHOP

Moved by Patronik, seconded by Shimp.

Mayor Vaughn recognized that there was an error on the agenda under the approval of the minutes. The January Workshop and Town Hall Meetings were typed as January 17, 2000

and were actually held on January 18, 2000.

Mayor Vaughn asked that the January 18, 2000, Workshop Minutes have the record reflect that it was never his intent or his request that the interlocal agreement be opened for negotiation. That agreement was submitted through the City Attorney and that the only thing he asked for was a straight agreement with the City of Jacksonville and Neptune Beach.

Roll Call Vote:

Ayes: 4 - Patronik, Shimp, Tankersley, Vaughn

Noes: 0

Absent: 1 - Jones

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

February Workshop Meeting

City Clerk Lisa Volpe requested that due to Presidents Day falling on Monday, February 21, 2000, that the February Workshop Meeting be held on Tuesday, February 22, 2000.

Consensus: **TO HOLD THE FEBRUARY WORKSHOP MEETING ON TUESDAY, FEBRUARY 22, 2000.**

Taxi Cab Stands

Councilor Tankersley recognized that the taxicab stands were now in Town Center and thanked City Manager Linn.

CITY MANAGER REPORTS

Water Testing

WATER TESTING FOR MTBE (Methyl tert-butyl ether): City Manager Linn stated that our water supply had been tested on December 9, 1996 and there were no contaminants detected. Mr. Linn had spoken with Director of Public Works John Galen and was told that the water sample for the current three-year cycle had been sent out last week and the results would be forthcoming in about six weeks. Mr. Linn told council that he would add the issue to his punch list. Mr. Linn further stated that the Health Department felt that the risk of our water system in Neptune Beach being contaminated with this chemical was very low.

Hopkins Creek Fallout

HOPKINS CREEK OUTFALL DOT PROJECT TRAFFIC CONTROL PLAN: City Manager Linn stated he had received a letter from Sally Rosier of the Department of Transportation. One of the options being considered for the traffic control plan was to close off Penman Road and divert the traffic down Seagate Avenue over to Fifth Street, up Florida Boulevard and back to Penman Road. Mr. Linn felt this was not a workable solution for the community and drafted a letter indicating his concerns. Mr. Linn asked council if they had any objections. Mr. Linn felt that it would not be in any interest to the community and had serious reservations about the safety.

Councilor Patronik asked City Manager Linn who would be paying for the cost. City Manager Linn responded that the outfall was the responsibility of the Florida Department of Transportation and was a three or four million-dollar project.

Mayor Vaughn suggested that City Manager Linn ask the Department of Transportation, if they had to do the project, to do it during the summer when school is out.

Wastewater Facilities Grant

REQUEST FOR INCLUSION ON PRIORITY LIST FOR WASTEWATER FACILITIES GRANT REPORT: City Manager Linn explained that the grant was for disadvantaged small communities and that the deadline for the list was February 15, 2000. The funding for the grant program was from the interest of the state revolving loan fund. Neptune Beach qualified for inclusion on the list with about thirty other Florida communities. Priority would be given to communities that were experiencing a contamination or a health

problem. Mr. Linn added that we would be relatively low on the list because of this. However, Mr. Linn further explained that once your name was on the list that it would be on the list forever and that as other communities worked down we would eventually see some benefits. City Manager Linn added that if we could qualify for ten years that we could do a major portion of our sewer work from the grant.

Emergency
Management
Preparedness

EMERGENCY MANAGEMENT PREPAREDNESS ASSISTANCE TRUST FUND: City Manager Linn reported that Neptune Beach had made the list this year and was 28 out of 31 that may receive funding for emergency generators for lift stations and that the matching grant was \$23, 000.

COMMENTS FROM THE PUBLIC

Leslie Carlin, 1506 Spindrift Circle West, asked about the Wastewater Facilities Grant: if our income per capita increased could the grant be taken away. City Manager Linn responded "no".

Brad Duttera, 2026 Cherokee Drive, was concerned about taxes and the city purchasing more land instead of using it as a tax base.

Harriet Pruette, 217 ½ Magnolia Street, felt that the city needed to take care of the drainage problem that existed at the end of Atlantic Boulevard before adding an archway to Town Center. Ms. Pruette was also concerned about the Town Center Merchants not paying their fair share for the Town Center Project.

Mayor Vaughn responded to Harriet Pruettes' concerns stating that the town center merchants had committed to \$75,000 for the Town Center Project and at the last Project Oversight Committee Meeting over \$50,000 of those funds had been placed in the bank from the merchants. There was another meeting scheduled for the last week of the month for those merchants who had not participated to hopefully encourage them to come up with their portion. He was confident that the merchants would fulfill their commitment. Mayor Vaughn further stated that the drainage concern at the end of Atlantic Boulevard had been debated long before the Project Oversight Committee came along with the project and that there were no simple solutions to that problem. Mayor Vaughn added that the final design of the Archway was being drafted by the architect and would be a good addition to the project itself.

Councilor Shimp stated that he was against the archway and felt that it would look cheap. He was also concerned about the merchants not paying. The last meeting he had attended only 17 out of 64 had paid their share. He believed that the City had done everything it could for Town Center and felt that the Town Center Merchants and landowners needed to take some responsibilities and take the financial burden off the city.

For the Record Councilor Shimp stated that for the record he was out voted on the archway issue at the Project Oversight Committee Meeting.

Mayor Vaughn gave Harriet Pruette the name of Commissioner Desmond Waters of Atlantic Beach to contact for information regarding the collections of the Town Center Merchants.

Lynda Padrta, 1113 First Street, felt that the city did not need to spend money on an archway because there were other issues that needed to be addressed.

CONSENT AGENDA

CDBG Project &
Grandfather Parking
Spaces

SOLICIT BIDS FOR CDBG PROJECT & GRANDFATHER PARKING SPACES IN CONJUNCTION WITH TOWN CENTER PROJECT. These two items had been placed on the consent agenda to be voted on.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE CONSENT AGENDA.**

MINUTES
WORKSHOP CITY COUNCIL MEETING
FEBRUARY 22, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held February 22, 2000 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn
City Attorney Christopher A. White

City Clerk Lisa Volpe
Director of Finance John Herbst
Director of Public Services John Galen

ABSENT:
Councilor Thomas A. Tankersley

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

For the Record City Clerk Lisa Volpe read into the record a message that Councilor Tankersley was out of town due to a family emergency.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that there were two items of business in the committee report. One being the culvert on Florida Boulevard and the other addressing a \$5,000 grant to beautify the medians on Third Street. Mr. Linn turned the floor over to Dayne Etherton the Chairman of the Ish Brant Beautification Committee.

Mr. Etherton informed the council that he felt the culvert project would create an easier maintenance program for the city and would also beautifying the area. He asked the council to look at a resolution that had been drafted in favor of the culvert, trees and bike path on Florida Boulevard and asked if the council had any questions.

A lengthy discussion ensued.

Consensus: **FORWARD THE RESOLUTION FOR CULVERT ALONG FLORIDA BOULEVARD TO THE REGULAR CITY COUNCIL MEETING AGENDA FOR MARCH 6, 2000.**

CITY MANAGERS PUNCH LIST

Roadway between shopping centers	<u>ROADWAY BETWEEN SHOPPING CENTERS:</u> City Manager Linn reported that he and Building Official Dan Arlington had met with representatives of U-Haul to discuss a future roadway between the K-mart and the Food Lion shopping centers. Mr. Linn added that he and Director of Public Services John Galen had met with the representatives of Smith and Gillespie and asked them to provide a proposal on the cost of the roadway. The proposal had come in and he believed that the price was under \$5,000.
Penman Road Bike Path	<u>PENMAN ROAD BIKE PATH:</u> City Manager Linn stated that the Ish Brant Beautification Committee had requested that the Jacksonville Transportation Authority include the bike path in the scope of their work on the Florida Boulevard culvert. Mr. Linn added that a meeting with a consultant hired by Jacksonville Transportation Authority would be held on February 23, 2000, to discuss any concerns.
Shuttle Bus Trolley	<u>SHUTTLE BUS TROLLEY:</u> City Manager Linn announced that the construction of the shuttle bus parking area at the K-Mart shopping center had been completed.
Naval Air Show	<u>NAVAL AIR SHOW:</u> City Manager Linn stated a meeting was planned for February 24, 2000, with Captain Furness and the City Managers of Jacksonville Beach and Atlantic Beach to discuss the Air Show.
Wastewater Management Facilities Grant	<u>WASTEWATER MANAGEMENT FACILITIES GRANT:</u> City Manager Linn reported that the city was included on the list to receive the Wastewater Management Facilities Grant.
MTBE Testing	<u>MTBE TESTING:</u> City Manager Linn stated that water samples had been sent to the lab and he was awaiting the results.
Items on City Managers Punch List	<u>KINGS ROAD BRIDGE:</u> Councilor Shimp suggested that some old issues be removed from the City Managers punch list one being the Kings Road Bridge Safety and Fishing Pier. Discussion ensued about the safety, cost of repairs and concern for the residents having to cross the bridge. It was decided to leave the item on the punch list changing the title from "Kings Road Bridge Safety and Fishing Pier" to "Kings Road Bridge".

PROPOSED ORDINANCES / NONE**CONTRACT/AGREEMENTS**

911 – Interlocal Agreement	<u>911 – INTERLOCAL AGREEMENT:</u> Mr. Linn stated that the city would be reimbursed \$66,865 in salaries and expenses for the 911 dispatchers from the 911 interlocal agreement with Duval County. Consensus: <u>FORWARD THE 911 INTERLOCAL AGREEMENT TO THE REGULAR CITY COUNCIL MEETING CONSENT AGENDA FOR MARCH 6, 2000.</u>
Bell South Easement	<u>BELL SOUTH EASEMENT REQUEST:</u> City Manager Linn stated that he had met with representatives from Bell South and their real estate agent and they had agreed to a one time payment of \$3,500 for the easement.

Consensus: **FORWARD THE BELL SOUTH EASEMENT REQUEST TO THE REGULAR CITY COUNCIL MEETING CONSENT AGENDA FOR MARCH 6, 2000.**

Emergency 1 Fire Engine

SURPLUS AND SALE OF 1985 EMERGENCY 1 FIRE ENGINE: City Manager Linn informed the council that he had received a letter from Crescent City proposing to purchase the 1985 emergency 1 fire engine. Mr. Linn added that the proposal was for a total of \$20,000, paying \$5,000 down and the remaining \$15,000 when they passed a new budget on October 1, 2000.

Consensus: **FORWARD EMERGENCY 1 FIRE ENGINE TO THE REGULAR CITY COUNCIL MEETING AGENDA FOR MARCH 6, 2000.**

ISSUE DEVELOPMENT

Misuse of Public Funds

MISUSE OF PUBLIC FUNDS: Mayor Vaughn felt that the city had misused funds by performing the construction of curbs adjacent to the Ed Jones development. He felt that the developer had torn out the curbs during the construction of the building and should be responsible for the replacement.

Discussion ensued.

City Manager Linn stated that the city did put in the curb, it was on the city right of way, and it was the only section between Third Street and the ocean that was not curbed and had not been curbed for a long time. Mr. Linn added that the city was required by the St. Johns River Water Management District to control storm water and part of that requirement was installing curbing. Mr. Linn further stated that putting in the curbing was a normal course of city business.

Mosquito Control Aircraft

PERMISSION FOR MOSQUITO CONTROL AIRCRAFT: City Manager Linn stated that he had received an annual request from Mosquito Control requesting that council write a letter allowing them to fly an airplane over the city for the treatment of mosquitoes.

Consensus: **FORWARD THE MOSQUITO CONTROL AIRCRAFT TO THE REGULAR CITY COUNCIL MEETING CONSENT AGENDA FOR MARCH 6, 2000.**

Financial Status Report

FINANCIAL STATUS REPORT: Director of Finance John Herbst gave a financial status report indicating that the city was in a sound financial state.

Mail Handling Procedures

DISCUSSION OF MAIL HANDLING PROCEDURES: Mayor Vaughn wanted to read a memo that he had written to City Clerk Lisa Volpe regarding the opening of a letter that was addressed to him.

Vice Mayor Jones stated that it was not required for the Mayor to read the letter that could submit it for the record.

Mayor Vaughn stated that he was going to read the memo into the record.

Vice Mayor Jones made a motion to prevent the mayor from reading the memo into the record.

Consensus: **TO PREVENT THE MAYOR FROM READING A MEMO FOR THE RECORD.**

Mayor Vaughn agreed not to read the memo into the record and explained that a letter addressed to him had been delivered to city hall and was opened by the City Clerk because a member of press asked to see it. He felt that no one other than himself should open his mail.

For the Record Mayor Vaughn stated for the record that the City Clerk would have the original envelope and letter back tonight.

City Clerk Lisa Volpe explained that when the member of the press asked her to open the letter and copy it for them that she did not foresee a major problem. Ms. Volpe apologized to the Mayor and said that it would not happen again.

Flooding end of
Atlantic Blvd.

FLOODING OF ATLANTIC BOULEVARD BETWEEN FIRST STREET AND THE OCEAN: City Manager Linn suggested two possible solutions for the flooding problem at the end of Atlantic Boulevard and the ocean. One was to build a ramp or a crossover adjacent to the lifeguard building that would allow access to the beach when the area was flooded. The other was to find a place to pump the water and install pump stations.

Councilor Shimp asked if a handicap walkway could be installed next to the lifeguard station during times of flooding.

Mayor Vaughn stated that he would like to see all the cities come together and work in a committee format on an ongoing basis to develop a solution.

City Manager Linn stated that he would meet with the City Manager of Atlantic Beach and discuss a solution.

Vice Mayor Jones and Councilor Patronik felt that the Town Center Project Oversight Committee should have handled the issue.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Harriet Pruette, 217 ½ Magnolia Street, felt that the flooding at the end of Atlantic Boulevard needed to be addressed. Ms. Pruette also felt that it was a misuse of public funds to have to redo the curbing in Town Center because it was done right the first time. Ms. Pruette also felt that Mayor Vaughn could have handled the issue of mail handling directly with the City Clerk.

Elaine Kenny, 1301 Neptune Grove Drive West, stated her concern about the flooding on Atlantic Boulevard at the ocean. Ms. Kenny also felt that City Clerk Lisa Volpe had been put in an awkward position.

Adjournment

There being no further business, the meeting adjourned at 8:45 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Shimp suggested adding the issues of tax cuts for senior citizens and Media Ones installation of boxes and above ground cables to the March 20, 2000 Workshop Meeting Agenda.

Councilor Patronik extended congratulations to City Clerk Lisa Volpe for being awarded the Certified Municipal Clerk designation.

CITY MANAGER REPORTS

Water Test Results WATER TEST RESULTS FOR MTBE (Methyl *tert*-butyl ether): City Manager Linn stated that the sample water test results showed that less than .5 ug/1 was present. The detectable level for this compound is .5ug/1 and therefore could not be detected.

Bike Path PROPOSED BIKE PATH MEETING FOR FLORIDA BOULEVARD BIKE PATH: City Manager Linn stated he and Mayor Vaughn had met with the consultant hired by Jacksonville Transportation Authority and Sally Rosier with the Department of Transportation to discuss the bike path project. Mr. Linn asked for direction from the council.

Moved by Shimp, seconded by Tankersley.

Motion: **FORM A BICYCLE COMMITTEE OF INTERESTED CITIZENS THAT LIVE IN THE AREA AND LET THEM HELP TO DECIDE THE PLAN.**

For the Record Councilor Shimp stated for the record that he did not know how many people in the audience were for or against the bike path.

MOTION WITHDRAWN

Councilor Shimp withdrew the motion with the understanding that concerned citizens contact Council Members and attend the workshop meeting.

Consensus: **TO MOVE THE FLORIDA BOULEVARD BIKE PATH TO THE MARCH 20, 2000 WORKSHOP MEETING, INVITE THE DESIGN CONSULTANT AND PLACE FIRST OR AS CLOSE AS POSSIBLE ON THE AGENDA.**

Land Development Regulations FUTURE CONSIDERATIONS OF PROPOSED LAND DEVELOPMENT REGULATIONS: City Manager Linn reported that correspondence had been received from Amy Skinner of Ivey, Harris and Walls addressing group one of the Land Development Regulations asking for council decision on the following changes:

- 1) The language regarding the pre-application conference should be changed to suggest it for development proposals, but not require it.
- 2) Instead of requiring a new survey up-front in the development process. A survey could be submitted with the development application.
- 3) The administrative assistant position should be designated as the secretary for the boards.

City Manager Linn gave his opinions on the above issues.

Remaining issues from the first group:

- 1) Will the City Council automatically review final development plans as a part of the normal development review process?
- 2) Should the Planning and Development Review Board and the Board of Appeals be combined?
- 3) Should a procedure be established to formally notify the City of Atlantic Beach of development actions in the Central Business District area of Neptune Beach?

City Manager Linn gave his recommendations on the above issues.

Discussion ensued.

Consensus: ADVERTISE AND SCHEDULE THE FIRST OF SEVERAL SPECIAL WORKSHOP MEETINGS TO BEGIN REVIEW OF CHAPTER 27 ON MARCH 27, 2000, STARTING AT 7:00 AND ENDING AT 9:30. ADVERTISING THE SUBJECTS TO BE DISCUSSED ON THE GROUP TWO, LAND USE REGULATIONS CONSULTANTS RECOMMENDATIONS. WITH OTHER WORKSHOPS TO BE SCHEDULED AT A LATER DATE. ALSO INCLUDE IN THE ADVERTISEMENT THAT EVERY ATTEMPT WILL BE MADE TO COVER THOSE SUBJECT ITEMS. HOWEVER, GIVEN THE TIME RESTRAINT THERE IS A POSSIBILITY THAT THEY MAY NOT BE AND IF THEY ARE NOT THEY WILL BE COVERED AT A FOLLOWING WORKSHOP. SCHEDULE THE NEXT WORKSHOP TO BE HELD ON APRIL 10, 2000 ALSO FROM 7:00 TO 9:30 WITH SAME STIPULATIONS.

COMMENTS FROM THE PUBLIC

Michael Jumber, 800 Florida Boulevard, opposed any improvements as far as a bike path east of Penman Road.

William McCants, 1126 Hagler Drive, shared Mr. Jumber's views opposing the bike path and was concerned about trees.

Joseph Sasser, 1020 Florida Boulevard, opposed the bike path stating that a bigger sidewalk or bike path would bring more trash to the area and large oak trees would have to be removed.

Ish Brant, 1201 Penman Road, endorsed what the citizens previously stated and added a double dose.

Shirley Myers, 1001 Florida Boulevard, strongly opposed the construction of a proposed bike path on the north side of Florida Boulevard stating that it would be hazardous and felt that the current sidewalk was sufficient for both pedestrians and bicycles.

Jim Myers, 1001 Florida Boulevard, concurred with his wife.

Chris Rasche, 232 Florida Boulevard, felt that adding ten feet of asphalt one mile long would not be an aesthetic contribution to the city and was concerned about maintenance of the project and the canopy of trees.

Linda Oberdorfer, 232 Florida Boulevard, agreed with the others and urged council not to extend the bike path east of Penman Road.

Dan Disch, 224 Florida Boulevard, opposed to bike path east of Penman Road and stated there was no need for one because it was already bicycle friendly.

Faith Ingalls, 223 Florida Boulevard, opposed the bike path and felt that Florida Boulevard east of Third Street was a bike path.

Tom Brown, 220 Florida Boulevard, opposed the bike path stating that he moved to the beach for the quality of life and did not want to have it disturbed.

Johnnie Epley, 288 Driftwood, opposed to the noise that the proposed Olson Tire development on Atlantic Boulevard would cause with the bays facing Lemon

Street.

Mike Valdovinos, 212 Bowles Street, was very concerned about the prospect of having a 27 foot recreational boat parked adjacent to his property. He felt it would be an eyesore and decrease property values.

Fred DeSapio, 114 19th Avenue North, felt that the current code should be used as a starting point not the consultant's draft.

Mary Truta, 701 Valley Forge Road North, expressed concern about the enforcement of the code.

Harriet Pruette, 217 ½ Magnolia Street, suggested covering the ditches on Florida Boulevard and opposed a bike path east of Penman Road.

Edie Alcorn, 317 Oceanwood Drive, complained about noise that would come from Olson Tire.

Recess / Reconvene The meeting recessed at 8:40 p.m. and reconvened at 8:55 p.m.

CONSENT AGENDA

911 Agreement 911 INTERLOCAL AGREEMENT: Routine annual agreement for the City of Jacksonville to provide funding to Neptune Beach for salaries and other expenses for 911 call takers.

Bell South Easement BELL SOUTH EASEMENT: A proposed Bell South easement at the water tower on Florida Boulevard.

Mosquito Flights MOSQUITO CONTROL AIRCRAFT FLIGHT: Grant permission for Duval County to fly over the City for mosquito control.

Moved by Jones, seconded by Tankersley.

Motion: **TO APPROVE THE ABOVE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

NEW BUSINESS

Sale of Fire Truck **APPROVAL OF SALE OF 1985 FIRE TRUCK:** City Manager Linn stated that he had received a proposal from the City of Crescent City to purchase our 1985 Emergency One Fire Truck for a total cost of \$20,000. The terms of sale being they would pay \$5,000 at the time of delivery and \$15,000 after October 1, 2000.

Moved by Patronik, seconded by Shimp.

Motion: **TO APPROVE THE SALE OF 1985 EMERGENCY ONE FIRE TRUCK
TO THE CITY OF CRESCENT CITY FOR THE SUM OF \$20,000. \$5,000
TO BE PAID AT THE TIME OF DELIVERY AND THE BALANCE OF
\$15,000 TO BE PAID ON OR BEFORE NOVEMBER 1, 2000.**

On the Record Mayor Vaughn stated on the record that he wanted to make sure that everyone on the council understood that he still opposed the sale of the equipment and had opposed the dissolution of fire services no matter what level of services they were. He was concerned that the community would soon question the level of municipal services provided to the community.

MOTION CARRIED

Resolution No. **RESOLUTION NO. 2000-03:** RESOLUTION OF THE CITY OF NEPTUNE BEACH, 2000-03 FLORIDA SUPPORTING THE INSTALLATION OF A CULVERT PIPE ALONG FLORIDA BOULEVARD.

WHEREAS, the Jacksonville Transportation Authority (JTA) has proposed to construct a bike path adjacent to Florida Boulevard and Penman Road within Neptune Beach; and

WHEREAS, the JTA has contracted a consultant to design this bike path; and

WHEREAS, the Ish Brant Beautification Committee has researched and has been seeking support for the City of Jacksonville to install a culvert along Florida Boulevard to reduce safety hazards and health hazards by reducing the mosquito breeding in the water which stagnates in the open drainage ditch; and

WHEREAS, a culvert pipe could provide an area where landscaping could be planted to reduce noise pollution into adjacent residential areas of Neptune Beach;

NOW, THEREFORE, Be it resolved by the City Council of the City of Neptune Beach, Florida that the City Council strongly encourages the Jacksonville Transportation Authority to include the construction of a culvert pipe along Florida Boulevard in the scope of work for the design of the proposed bike path.

This Resolution adopted by the City Council of Neptune Beach, Florida, at the Regular Council Meeting held March 6, 2000.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE RESOLUTION NO. 2000-03 AS NOTED ABOVE.**

MOTION WITHDRAWN

Consensus: **FORWARD RESOLUTION NO. 2000-03 TO THE MARCH 20, 2000 WORKSHOP MEETING.**

Resolution No.
2000-04

RESOLUTION NO. 2000-04: A RESOLUTION OF THE CITY OF NEPTUNE BEACH IN SUPPORT OF THE U.S. NAVY PRESENTING THEIR ANNUAL AIR SHOW AT NAVAL AIR STATION MAYPORT IN THE FALL OF 2001 AND THEREAFTER ROTATING SHOWS BETWEEN NAVAL AIR STATION JACKSONVILLE AND NAVAL STATION MAYPORT.

WHEREAS, A Navy Air Show has been held at the Beaches in the past and was very well received by the Beach communities; and

WHEREAS, the Navy Air Show is a family oriented activity that would provide residents and visitors a first rate show featuring the Blue Angels; and

WHEREAS, Neptune Beach supports their Navy neighbors and would enjoy the opportunity to partner with the Navy in hosting the annual air show.

NOW THERE BE IT RESOLVED THAT:

SECTION 1. The City of Neptune Beach encourages the Navy to bring their annual air show to Naval Station Mayport and Naval Air Station Jacksonville.

SECTION 2. The City of Neptune Beach further encourages that future shows rotate between Naval Station Mayport and Naval Air Station Jacksonville.

SECTION 3. This resolution shall take effect upon its passage and publication as required by law.

This Resolution adopted by the City Council at the regular meeting held March 6, 2000.

Moved by Jones, seconded by Patronik.

Motion: **TO APPROVE RESOLUTION NO. 2000-04 AS NOTED ABOVE.**

MINUTES
WORKSHOP CITY COUNCIL MEETING
MARCH 20, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 20, 2000 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Finance John Herbst
Assistant to the City Manager Terry Klein

ABSENT:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

City Manager Linn asked that item 4a, additional homestead exemption for limited income senior citizens be moved to the first item on the agenda. Councilman Jerry Holland of the City of Jacksonville and Paul Harrison of the Council of Elder Affairs were present to speak about the subject.

Consensus: TO MOVE ITEM 4A, PROPOSED ORDINANCE TO PROVIDE AN ADDITIONAL EXEMPTION OF \$25,000 FOR LIMITED INCOME RESIDENTS AGED 65 OR OLDER, TO THE FIRST ITEM ON THE AGENDA.

**Ordinance Tax
Exemption**

PROPOSED ORDINANCE TO PROVIDE AN ADDITIONAL EXEMPTION OF \$25,000 FOR LIMITED INCOME RESIDENTS AGED 65 OR OLDER: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 21, TAXATION, OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, BY ADDING ARTICLE VI, ADDITIONAL HOMESTEAD EXEMPTION FOR PERSONS SIXTY-FIVE (65) AND OLDER AND PROVIDING AN EFFECTIVE DATE.

Councilman Jerry Holland of the City of Jacksonville affirmed that the City of Jacksonville had passed an ordinance exempting an additional \$25,000 for elderly people with an adjusted gross income of \$20,000 or less. Councilman Holland advised that if the City of Neptune Beach was to passed a similar ordinance only \$2000 per year would be lost in taxes. Councilman Holland further stated that Duval County would take care of the administrative work.

Councilor Shimp agreed to sponsor the tax exemption ordinance.

Consensus: **TO FORWARD THE PURPOSED ORDINANCE TO PROVIDE AN ADDITIONAL EXEMPTION OF \$25,000 FOR LIMITED INCOME RESIDENTS AGED 65 OR OLDER TO THE APRIL REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE UPDATE: City Manager Linn reported that the Ish Brant Beautification Committee was scheduled to meet at 8:00 tonight and their agenda included the landscaping of medians on Third Street.

CITY MANAGERS PUNCH LIST

New Assistant to the City Manager

NEW ASSISTANT TO THE CITY MANAGER: City Manager Linn introduced his new assistant Terry Klein to the Council.

Northeast Florida League of Cities

NORTHEAST FLORIDA LEAGUE OF CITIES: City Manager Linn announced that the Northeast Florida League of Cities would be coming to Neptune Beach on May 18, 2000.

Kings Road Bridge

KINGS ROAD BRIDGE: City Manager Linn explained that he had changed the wording on his punch list from repairing to replacing the Kings Road Bridge.

Bike Path

PROPOSED BIKE PATH ON PENMAN ROAD: City Manager Linn stated that a consultant from the Florida Department of Transportation was present to speak about the proposed bike path on Penman Road.

Naval Air Show

NAVY AIR SHOW: City Manager Linn advised that a meeting would be held for the Naval Air Show on May 23, 2000 at Mayport.

PROPOSED ORDINANCES

Ordinance Tele-communications tax

PROPOSED ORDINANCE TO MODIFY THE TELE-COMMUNICATIONS TAX STRUCTURE: AN ORDINANCE LEVYING AND IMPOSING A TELECOMMUNICATION SERVICE PUBLIC SERVICE TAX FOR THE INCORPORATED AREA OF NEPTUNE BEACH, FLORIDA, AS AUTHORIZED BY CHAPTER 166.231 (9)(A)(2), FLORIDA STATUTES; TO REPEAL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith; AND TO CREATE AN EFFECTIVE DATE.

Finance Director John Herbst stated that two types of public service taxes were available on telecommunications and the city currently had what was referred to as the 10 percent option. Herbst explained that the 10 percent option provided a 10 percent tax on land lines for local telephone service only and the other option available was a 7 percent tax on all telecommunications including beepers, pagers, cellular phones and any other items in the telecommunications field. Herbst recommended replacing the current 10 percent option with the 7 percent option advising that it would increase revenue by at least 50 percent.

Vice Mayor Jones agreed to sponsor the tele-communications ordinance.

Consensus: **TO FORWARD PROPOSED ORDINANCE TO MODIFY THE TELE-COMMUNICATION TAX STRUCTURE TO THE APRIL REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

CONTRACT/AGREEMENTSWater and Sewer
Project

APPROVAL FOR BIDS ON UTILITY IMPROVEMENT PROGRAM PHASE 1 WATER AND SEWER PART A: City Manager Linn reported that Post, Buckley, Schuh and Jernigan had introduced the drawings for phase 1a of the water and sewer project. Mr. Linn explained that the project involved a new lift station on the west corner of Third Street and Florida Boulevard and asked the Council for approval to advertise for bids on the project.

Jim Miller with Post, Buckley, Schuh & Jernigan answered a few questions from the Council.

Consensus: **TO FORWARD APPROVAL FOR BIDS ON UTILITY IMPROVEMENT PROGRAM PHASE 1 WATER AND SEWER PART A TO THE APRIL REGULAR CITY COUNCIL MEETING.**

ISSUE DEVELOPMENT

Bike Path

FLORIDA BOULEVARD AND PENMAN ROAD BIKE PATH AND RESOLUTION 2000-03 SUPPORTING THE INSTALLATION OF A CULVERT PIPE ALONG FLORIDA BOULEVARD: City Manager Linn explained to the community how the project came about and introduced Joe Montalto, the design consultant with Lochrane Engineers.

Joe Montalto explained the design process stating that first he would locate all existing features in the pathway of the proposed bike path along the north side of Florida Boulevard beginning at First Street and running to Atlantic Boulevard. Then he would prepare a preliminary layout for the bike path involving a minimal amount of object removal by placing the bike path within the existing features. After the preliminary design was complete he would then present it to the public to obtain comments and opinions and incorporate the public comments and opinions into the final design. Then he would prepare the final plans for construction.

Joe Montalto answered questions from the council and a lengthy discussion ensued.

Councilor Tankersley agreed to sponsor Resolution 2000-03

Consensus: **TO FORWARD RESOLUTION 2000-03 SUPPORTING THE INSTALLATION OF A CULVERT PIPE ALONG FLORIDA BOULEVARD TO THE APRIL REGULAR CITY COUNCIL MEETING.**

Media One Broadband

INSTALLATION OF CABLE BOXES BY MEDIA ONE: City Manager Linn stated that he had received comments from concerned residents regarding the placement of the Media One cable boxes and he had invited Anne Murphy to the meeting to address the concerns.

Broadband Construction Manager Greg McAnany explained that it was not always possible to place the cable boxes in a common area or in a median strip because they were required to place them within a certain distance of the electrical transformers. Mr. McAnany further explained that he would take whatever steps necessary to help make the boxes aesthetically pleasing.

Mr. McAnany and Anne Murphy answered questions from the council and a lengthy discussion ensued.

Consensus: **DIRECT THE CITY MANAGER TO INSPECT THE WORK DONE BY MEDIA ONE.**

Consensus: **FORWARD CABLE FRANCHISE AGREEMENT WITH MEDIA ONE TO THE APRIL CITY COUNCIL WORKSHOP MEETING.**

USS Roosevelt

COMMISSIONING OF THE USS ROOSEVELT A NEW GUIDED MISSILE DESTROYER AT MAYPORT NAVAL AIR STATION: Mayor Vaughn stated that a letter had been received from the Chairman of the Invocation Committee for the commissioning of the USS Roosevelt on October 14, 2000 at the Mayport Naval Air Station. Mayor Vaughn added that the Mayport Chapter of the Navy League of the United States was asking the beach communities to participate in the commissioning and provide a donation of \$1,000.00. Mayor Vaughn recommended moving forward with participation and donation.

Consensus: **TO HAVE CITY MANAGER LINN GET MORE INFORMATION CONCERNING THE COMMISSIONING OF THE USS ROOSEVELT AND REPORT THE INFORMATION RECEIVED ON HIS PUNCHLIST.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Harriet Clark Sasser, 1020 Florida Boulevard, presented a petition to the Council signed by 318 people in opposition of the proposed bike path east of Penman Road.

Sam Lloyd, 223 Florida Boulevard, felt there was no reasoning for a bike path and that it would destroy the neighborhood.

Chris Rasche, 232 Florida Boulevard, felt that the proposed bike path would not be an improvement for the city.

William McCants, 1126 Hagler Drive, felt that government was not listening to the public on the proposed bike path issue and expressed concerned about the cable boxes.

Jim Myers, 1001 Florida Boulevard, felt that no one used sidewalks for riding bikes.

Shirley Myers, 1001 Florida Boulevard, was upset that the design consultant did not mention the fourteen driveways that people would be backing out of on the bike path between First Street and Third Street. Ms. Myers suggested a bike lane instead of a bike path.

Dan Disch, 224 Florida Boulevard, felt that the constituents had made it clear that they were against the proposed bike path.

Lynda Padrta, 1113 First Street, hoped that council would listen to the people opposing the bike path and thought Media One was not interested in compromising with Neptune Beach.

Harriet Pruette, 2171/2 Magnolia Street, opposed the proposed bike path and felt that council should vote no on it. Ms. Pruette also expressed concern about Media Ones contract and thought the city should renegotiate.

Elaine Kenny, 1301 Neptune Grove Drive West, stated that she had a hard time getting out of her driveway on Florida Boulevard without the addition of a bike path.

John Kowkabany, 110 Palm Place, felt that the overwhelming response from the citizens at the last council meeting should have been enough to put an end to the proposed bike path project and thought that Media One was making a fool of the city.

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Mayor Vaughn explained that the meeting was a continuation of the review of the Proposed Land Use Regulations.

Councilor Shimp suggested setting a time for comments from the public.

Consensus: **TO STOP AT THE END OF ARTICLE IV TO HEAR COMMENTS FROM THE PUBLIC.**

Group Two Article IV, Land Use Mayor Vaughn read each Section aloud and asked that any concerns or recommendations be addressed at the end of each section.

Section 27-211 **ARTICLE IV, LAND USE SECTION 27-211, RESERVED.**

There was no discussion and no recommended changes to Section 27-211.

Section 27-212 **ARTICLE IV, LAND USE SECTION 27-212, GENERALLY.**

There was no discussion and no recommended changes to Section 27-212.

Section 27-213 **ARTICLE IV, LAND USE SECTION 27-213, APPLICABILITY.**

There was no discussion and no recommended changes to Section 27-213.

- Section 27-214 ARTICLE IV, LAND USE SECTION 27-214, FINDINGS OF FACT.
- There was no discussion and no recommended changes to Section 27-214.
- Section 27-215 ARTICLE IV, LAND USE, SECTION 27-215, PURPOSE AND INTENT.
- Councilor Jones announced that it was Amy Skinners understanding that council agreed that access to beachside communities should be emphasized in the introductory intent section.
- City Manager Linn read the following definition of a building as stated in Article I:
- A building means any structure either temporary or permanent having a roof impervious to weather and use or built for the shelter or enclosure of persons, animals, cattle or property of any kind. This definition shall include tent, awnings, cabanas and vehicles situated on private property and serving in any way the function of a building. It does not include screen enclosures, not having a roof impervious to weather.
- There were no recommended changes to Section 27-215.
- Section 27-216 ARTICLE VI, LAND USE, SECTION 27-216: DEFINITIONS: The definitions are found in article I.
- It was agreed that the definitions be italicized throughout the text of the Land Development Regulations.
- Section 27-217 ARTICLE VI, LAND USE, SECTION 27-217, ZONING MAP.
- There was no discussion and no recommended changes on Section 27-217
- Section 27-218 ARTICLE IV, LAND USE, SECTION 27-218, AMENDMENTS TO ZONING MAP.
- There was no discussion and no recommended changes on Section 27-218.
- Section 27-219 ARTICLE IV, LAND USE, SECTION 27-219, INTERPRETATION OF ZONING DISTRICT BOUNDARIES.
- Discussion ensued but there was no recommended changes to Section 27-219.
- Section 27-220 ARTICLE IV, LAND USE, SECTION 27-220, DIVISION OF LOT OF RECORD BY DISTRICT BOUNDARY.
- There was no discussion and no recommended changes to Section 27-220.
- Section 27-221 ARTICLE IV, LAND USE, SECTION 27-221, ZONING DISTRICTS ESTABLISHED.
- Vice Mayor Jones recommended that oceanfront lots have there own zoning category of R-4a.
- Section 27-222: Part 1 ARTICLE IV, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 1, THE DESIGN GOALS FOR NEW CONSTRUCTION OR IMPROVEMENTS.

Discussion ensued but there was no recommended changes to Section 27-222, Part 1.

Section 27-222: Part 2 ARTICLE IV, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 2, THE DESIGN OBJECTIVES FOR NEW CONSTRUCTION OR IMPROVEMENTS.

Discussion ensued about changing the word "should" in the sentence in part b "Designs which conflict with the use and enjoyment of any property should be avoided." And who would be responsible for the plan review of new construction.

There was no consensus from council and Section 27-222, Part 2 remained in question.

Section 27-222, Part 3 ARTICLE IV, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 3, RESIDENTIAL ZONING R-1, R-2, AND R-3.

There was no discussion and no recommended changes on Section 27-222, Part 3.

Section 27-222, Part 4 ARTICLE IV, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 4, RESIDENTIAL ZONING R-4.

Discussion ensued over changing 10 to 15 units per acre.

City Council asked Building Official Dan Arlington to provide information on the specific density east of Third Street block by block for the April 10, 2000, Land Development Regulations Workshop Meeting.

There was no consensus from council and Section 27-222, Part 4 remained in question.

Recess/Reconvene Mayor Vaughn called a recess at 8:50 p.m. and the meeting reconvened at 9:00 p.m. to hear Public Comments.

Public Comments Mary Truta, 701 Valley Forge Road North, stated concerned about development.

Bill Lewis, 133/35 Cherokee Drive, was concerned about the property value difference between duplexes and single family homes and felt that single family homes were more valuable.

Robert West, 106 Hall Place, expressed concern about Section 27-227 (e) outdoor seating and serving of alcohol.

Fred Desapio, 114 19th Avenue North, suggested getting a count of electric meters to determine the density east of Third Street.

Steve Hould, 111 Walnut Street, felt that the way to gain control over future development was to go forward with the Proposed Land Development Regulations.

Harriet Pruett, 217 ½ Magnolia Street, felt that east of Third Street should not be zoned R-4 and should be different from the area west of Third Street.

Linda Padrta, 1113 First Street, felt R-4 zoning was not appropriate east of Third Street.

Kurt Cobb, 112 Orange Street, 219 Midway, 217 Midway, 215 Midway, 114 Cherry Street, 125 Yucka, Unit 1, 2 and 3, felt it would be a great task for the Building Department to try to figure out what units were legal east of Third Street.

Rae Brady, Laura Street, was concerned about determining density and preserving trees.

Michael Adams, 320 First Street, felt that the density problem did not have anything to do with changing the code.

Brian Greenwood, 220 Myrtle Street, a member of the Planning and Development Review Board, clarified his opinion of a patio home and a duplex.

Adjournment

There being no further business, the meeting adjourned at 9:30 p.m.

COMMUNICATIONS AND CORRESPONDENCE

J.E.A. Councilor Shimp announced that he had received a phone call from John Jolly with Jacksonville Electric Authority stating that Jacksonville Electric Authority was interested in purchasing the water and sewer in Neptune Beach and requested advertising and placing this subject on the April 17, 2000, Workshop Meeting.

Jacksonville Day in Tallahassee Councilor Tankersley reported that he and Councilor Shimp attended Jacksonville Day in Tallahassee. Councilor Tankersley added that other issues discussed included a half cent county sales tax increase, doing away with the intangible tax and part of the cigarette tax, proceeding with projects to relieve traffic congestion on Atlantic Blvd., and a home rule issue which might allow Jacksonville to be the authority over our Comprehensive Plan instead of Tallahassee.

CITY MANAGER REPORTS

Water State Revolving Fund **DEPARTMENT OF ENVIRONMENTAL PROTECTION LETTER ON INCLUSION-WATER STATE REVOLVING FUND:** City Manager Linn reported that he had received a letter from the Department of Environmental Protection. The letter stated that the city was on the inclusion list for loan funding for the water portion of the Infrastructure Capital Project.

COMMENTS FROM THE PUBLIC

Elizabeth Hughes, 2229 Marsh Point Road, favored the extra \$25,000 tax exception for people aged 65 and over and the proposed bike path along Florida Boulevard. Ms. Hughes hoped that council would consider letting Jacksonville Electric Authority take over the water and sewer.

John Weldon, 108 Oak Street, on behalf of the Central Business District, asked council if they would be interested in sponsoring an ordinance to establish a produce market on Saturdays from 7:30 a.m. to 11:30 a.m. at the south end of the new Town Center development.

Harriet Pruette, 217 ½ Magnolia Street, felt that Media One should comply with their franchise agreement and be held accountable.

Agenda Change Mayor Vaughn requested an agenda change to include the discussion of the Media One

franchise agreement in response to Harriet Pruette's comments.

Councilor Shimp responded that he had called California and had been informed that Media One could not place the cable boxes underground because it would not be cost effective.

Councilor Patronik felt that the issue was that Media One was not complying with their contract and asked City Attorney Christopher White for an opinion.

City Attorney White responded that the original contract was with Continental Cable and that the equipment that had been installed by Continental Cable differed from what Media One was currently installing. Mr. White added that because the city and the populous knew that the equipment had been placed above the ground, regardless of the original contract, it could constitute a course of dealing that might modify the terms of the original contract in the event of an argument.

Councilor Tankersley pointed out that the contract was for cable television and not for all the other services that they were installing equipment for and felt that we could use that as leverage.

Lee McDonald, 1140 Florida Boulevard, stated that he had two floods in his home caused by Media One and was concerned about Media One creating future problems with the sewer.

Virginia Smith, 553 Davis Street, read the design objectives from the Proposed Land Development concerning trees and was concerned about the trees being cut down for the purpose of the proposed bike path along Florida Boulevard.

CONSENT AGENDA

Water and Sewer
Project

APPROVAL FOR BIDS ON UTILITY IMPROVEMENT PROGRAM PHASE 1 WATER AND SEWER PART A: City Manager Linn requested authorization to allow the City Clerk to advertise for construction bids for Phase 1-A.

WORKSHOP CITY COUNCIL MEETING
PROPOSED LAND USE REGULATIONS
APRIL 10, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 10, 2000, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Thomas A. Tankersley
Councilor Robert D. Shimp
City Manager Richard A. Linn
Assistant to the City Manager Terry Klein

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Assistant to Building Official Piper Turner
Member PDRB, Brian Greenwood
Member PDRB, John Weldon

Absent:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Mayor Vaughn explained that the meeting was a continuation of the review of the Proposed Land Use Regulations and would pick up where we left off with Section 27-222 Part 4.

Group Two Article IV, Land Use Mayor Vaughn read each Section aloud and asked that any concerns or recommendations be addressed at the end of each section.

Section 27-222 Part 4 ARTICLE IV, LAND USE SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 4, RESIDENTIAL ZONING R-4.

Building Official Dan Arlington was asked to provide information on the specific density east of Third Street and reported that he had counted 1181 dwellings averaging about 13 units per acre.

Council discussed changing the density east of Third Street from not exceeding 10 dwelling units per acre from not exceeding 15 units per acre to reflect what was currently in the field.

There was no consensus from council and Section 27-222, Part 4 remained in question.

Section 27-222 Part 5 ARTICLE IV, LAND USE SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 5, RESIDENTIAL ZONING R-5.

Discussion ensued over density.

Consensus: CITY MANAGER TO GET A LEGAL OPINION FROM THE CITY ATTORNEY AND THE ATTORNEY HIRED BY THE CONSULTANT CONCERNING DENSITY IN REGARD TO SECTION 27-222, PARTS 4 AND 5 BEFORE MAKING A FINAL DECISION.

Consensus: TO HAVE BUILDING OFFICIAL DAN ARLINGTON PROVIDE A SPECIFIC DENSITY IN R-5.

Section 27-222 Part 6 ARTICLE IV, LAND USE SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 6, COMMERCIAL C-1.

Discussion ensued about difference between the word's "several" and "one or more". There were no recommended changes to Section 27-222, Part 6.

Section 27-222 Part 7 ARTICLE IV, LAND USE SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 7, COMMERCIAL C-2.

There was no discussion and no recommended changes to Section 27-222, Part 7.

Section 27-222 Part 8 ARTICLE IV, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 8, COMMERCIAL C-3.

There was no discussion and no recommended changes to Section 27-222, Part 8.

Consensus: ALL IN FAVOR OF SECTION 27-222, PARTS 6, 7 & 8, C-1, C-2, AND C-3.

Section 27-222 Part 9 ARTICLE VI, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 9, CENTRAL BUSINESS DISTRICT.

There was no discussion and no recommended changes to Section 27-222, Part 9.

Consensus: ALL IN FAVOR OF SECTION 27-222, PART 9, CENTRAL BUSINESS DISTRICT.

Section 27-222 Part 10 ARTICLE VI, LAND USE, SECTION 27-222, PURPOSE AND INTENT OF ZONING DISTRICTS, PART 10, CONSERVATION.

There was no discussion and no recommended changes on Section 27-222, Part 10.

Section 27-223 ARTICLE IV, LAND USE, SECTION 27-223, REGULATIONS TO APPLY UNIFORMLY THROUGHOUT ZONING DISTRICT.

There was no discussion and no recommended changes on Section 27-223.

Section 27-224 ARTICLE IV, LAND USE, SECTION 27-224, SPECIAL FLOOD HAZARD DISTRICT, SHALLOW FLOODING DISTRICT, AND COASTAL HIGH HAZARD DISTRICT ESTABLISHED.

There was no discussion and no recommended changes on Section 27-224.

Section 27-225 Part 1 ARTICLE IV, LAND USE, SECTION 27-225, USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS. PART 1, R-1, R-2, R-3, R-4 AND R-5 DISTRICTS.

Discussion ensued about the wording "other non-residential uses that are consistent with the residential character of the district". There were no recommended changes to Section 27-225.

Section 27-225 Part 2 ARTICLE IV, LAND USE, SECTION 27-225, USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, PART 2, C-1, C-2, C-3 AND CBD DISTRICT: MINI WAREHOUSES, GAS STATIONS AND DRIVE-IN RESTAURANTS.

Discussion ensued about the Shell Gas Station on the corner of Penman Road and Atlantic Boulevard.

Consensus: **TO ALLOW GAS STATIONS BY SPECIAL EXCEPTION IN DISTRICT C-3 ON ATLANTIC BOULEVARD.**

Section 27-225 Part 3 ARTICLE IV, LAND USE, SECTION 27-225, USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, PART 3, C-1, C-2, AND C-3: RESIDENTIAL DWELLINGS.

Discussion ensued but there was no recommended changes to Section 27-222, Part 1.

Section 27-226: Part A, B, C & D ARTICLE IV, LAND USE, SECTION 27-226, PART (A), (B), (C), AND (D), ALLOWABLE USES WITHIN ZONING DISTRICTS.

Discussion ensued about the wording in Part (a) regarding the words "interpreted by the City Manager or designee".

Vice-Mayor Jones read Table 27-226-1 aloud.

Consensus: **TO MAKE THE FOLLOWING CHANGES TO TABLE 27-226-1:**

- 1. ELIMINATE BED AND BREAKFAST IN CBD.**
- 2. ELIMINATE DRY CLEANERS IN CBD.**
- 3. PERMIT GAS STATION'S IN C-3 BY SPECIAL EXCEPTION ONLY.**
- 4. PERMIT POST OFFICE IN C-3 AND AS SPECIAL EXCEPTION ONLY IN CBD.**
- 5. PERMIT PUBLIC PARKS AND RECREATION AREAS IN R-4.**

Section 27-227 Part 1 ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 1, TWO FAMILY RESIDENCES.

Discussion ensued about subdividing lots. There were no recommended changes on Section 27-227, Part (1) Subsection (a) (b) or (c).

Section 27-227, Part 2 ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 2, CHILD DAY CARE.

There was no discussion and no recommended changes to Section 27-227, Part 2 (a) or (b).

Section 27-227, Part 3 ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 3, FAST

FOOD RESTAURANTS.

There was no discussion on Section 27-227, Part 3 (a) or (b) and no recommended changes to Section 27-227, Part 3 (a), (b) or (c).

Discussion ensued on Section 27-227, Part 3, (c) about drive through windows being located on the rear of the building.

Consensus: **HAVE THE CONSULTANT TO WRITE IT BETTER.**

Section 27-227, Part 4

ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 4, INTERIOR SERVICE RESTAURANTS.

There was no discussion on Section 27-227, Part 4, (a), (b), (c) or (d).

Discussion ensued on Section 27-227, Part 4, (e) and (f) over outdoor seating.

Consensus: **LANGUAGE AFTER THE WORD SEATING TO READ OUTDOOR SEATING SHALL BE PERMITTED ONLY AS A SPECIAL EXCEPTION AND BE RENEWED EVERY YEAR AND SHALL BE PROVIDED IN A CONTROLLED AREA ATTACHED TO THE MAIN INTERIOR SERVICE AREA AND CAN BE REVOKED BY CITY COUNCIL. ALSO DO AWAY WITH SECTION F AND INCLUDE THAT LANGUAGE IN SECTION E SEATING SHALL ALSO BE SITUATED IN A MANNER THAT ALLOWS FOR UNIMPEDED PEDESTRIAN ACCESS ALONG ADJACENT SIDEWALKS OR PEDESTRIAN WAYS.**

Mayor Vaughn asked for a verbatim of Section 27-227, Part 4, be given to the consultant for recommendations.

Public Comments

Harriet Pruette, 217 ½ Magnolia Street, felt that the businesses in Neptune Beach should be competitive with those in Atlantic Beach. Ms. Pruette felt that the current ordinances needed to be enforced.

Linda Padrta, 1113 First Street, opposed raising the density east of Third Street and favored restaurants having outdoor seating.

Fred DeSapio, 114 19th Avenue, voiced concerns about the density east of Third Street and also felt that non-residential uses permitted in a residential zone and interpretations of the permitted uses should be reserved to the city council.

Robert West, 106 Hall Place, was concerned about the noise ordinance and favored outdoor seating for restaurants to be renewed annually.

John Kowkabany, 110 Palm Place, felt that the existing code should be revised and suggested that outdoor seating have a sunset provision and be renewable annually providing there had been no complaints. Mr. Kowkabany felt we should distinguish the illegal non-conformities east of Third Street from the legal non-conformities.

Dan Arlington suggested adding to Section 27-224 the definition of an additional flooding district to two-x zones. These zones are usually non-flood zones but the gray x zone can possibly flood up to a foot.

Upcoming Meetings Councilor Tankersley suggested scheduling the next workshop meetings on the Proposed Land Development Review.

Consensus: **TO SCHEDULE MEETINGS FOR THE PROPOSED LAND DEVELOPMENT REVIEW FOR APRIL 24, 2000, AND MAY 8, 2000, TO BEGIN AT 7:00 P.M.**

Adjournment There being no further business, the meeting adjourned at 9:35 p.m.

George F. Vaughn, Jr., Mayor

WORKSHOP CITY COUNCIL MEETING
APRIL 17, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 17, 2000 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.	City Clerk Lisa Volpe, CMC
Vice Mayor Edward S. Jones	Deputy City Clerk Karla Strait
Councilor Ronald Patronik	Director of Finance John Herbst
Councilor Robert D. Shimp	Assistant to the Building Official Piper Turner
Councilor Thomas A. Tankersley	ABSENT:
City Manager Richard A. Linn	City Attorney Christopher A. White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE UPDATE:** City Manager Linn reported that the Ish Brant Beautification Committee had chosen a yard of the month, received plans for the medians on Third Street and held working meetings in the Butterfly Garden.

CITY MANAGERS PUNCH LIST

Roadway Between Shopping Centers **ROADWAY BETWEEN SHOPPING CENTERS:** City Manager Linn announced that the road way between the shopping centers was in negotiations with Smith and Gillespie on a proposal for engineering.

Bike Path **BIKE PATH FLORIDA BOULEVARD AND PENMAN ROAD:** Mr. Linn explained that he had spoken with Sally Roiser with the Department of Transportation and requested a rough sketch from the consultant outlining the plan for the proposed bike path.

Naval Air Show **NAVAL AIR SHOW:** City Manager Linn announced that the Naval Air Show had been named "The First Coast Air and Sea Spectacular" and was scheduled for November of 2001, but it still needed approval from the military.

Disadvantaged Small Community Grant **DISADVANTAGED SMALL COMMUNITY GRANT:** City Manager Linn reported that he was concerned over state legislation's attempt to dissolve the Disadvantaged Small Community Grant. Mr. Linn felt that was our best opportunity to receive grant money for the capital project of the infrastructure and asked council to express their displeasure.

PROPOSED ORDINANCES/NONE**CONTRACT/AGREEMENTS**

Duval Beaches
Regional Sewer

AMENDMENT TO INTERLOCAL AGREEMENT CREATING THE DUVAL BEACHES REGIONAL SEWER AUTHORITY: City Manager Linn explained that Neptune Beach was an equal partner, in a "Joint Effluent Outfall Interlocal Agreement", with Jacksonville Beach and Atlantic Beach, that created the "Duval Beaches Regional Sewer Utility", dated August 16, 1984. Mr. Linn stated that the agreement needed to be amended due to an increase in plant capacity.

Consensus: **FORWARD THE AMENDMENT TO THE JOINT EFFLUENT OUTFALL INTERLOCAL AGREEMENT TO THE MAY 1, 2000, REGULAR COUNCIL MEETING CONSENT AGENDA.**

Commercial Waste
Disposal Units

PILOT PROJECT FOR COMMERCIAL WASTE DISPOSAL UNITS: City Manager Linn explained that the city had problems with odor, vectors and unsightliness with the commercial garbage containers provided by BFI. Mr. Linn recommended a 12 month pilot project to include seven new units that would be installed underground in the Central Business District and after 12 months assessing the feasibility of phasing in the new style containers citywide.

Consensus: **MOVE THE PILOT PROJECT FOR COMMERCIAL WASTE DISPOSAL UNITS FORWARD TO THE CONSENT AGENDA HAVING THE CITY MANAGER WORK IN THAT THE PRO RATA SHARE ON THE COST WOULD BE BORNE BY THE BUSINESSES.**

ISSUE DEVELOPMENT

Water/Wastewater
Alternatives

DISCUSSION OF WATER/WASTEWATER ALTERNATIVES: John Jolly, CPA and Steven Emery, CPA of Jacksonville Electric Authority gave a presentation on the possibility of purchasing our water and sewer utility.

Consensus: **TO ALLOW JACKSONVILLE ELECTRIC AUTHORITY TO DO A FACT FINDING STUDY TO DETERMINE IF THE PURCHASE OF THE WATER AND SEWER UTILITY WOULD BE BENEFICIAL TO BOTH JACKSONVILLE ELECTRIC AUTHORITY AND THE CITY OF NEPTUNE BEACH**

Town Center Traffic
Light

TOWN CENTER TRAFFIC LIGHT AT THE CORNER OF ATLANTIC BOULEVARD AND FIRST STREET: City Manager Linn asked council to consider the need for replacing the suspended traffic control signal at the intersection of First Street and Atlantic Boulevard with post mounted signals.

Consensus: **TO SUPPORT THE POST MOUNTED TRAFFIC SIGNALS PROVIDED THAT THE CITY OF NEPTUNE BEACH DID NOT PAY FOR THEM.**

Summer Sands Traffic
Light

TRAFFIC LIGHT AT ATLANTIC BOULEVARD AND BRANT DRIVE ENTRANCE INTO SUMMER SANDS SUBDIVISION: Mayor Vaughn announced that he had received a letter from the Board of Directors of Summer Sands Homeowners Association requesting that council reconsider support for a traffic light at the entrance to the Summer Sands Subdivision. Mayor Vaughn stated that he had prepared a Resolution in support of the traffic light and asked the council to endorse it.

Consensus: **FORWARD THE RESOLUTION SUPPORTING A TRAFFIC LIGHT AT THE ENTRANCE TO THE SUMMER SANDS SUBDIVISION TO THE MAY 1, 2000, REGULAR CITY COUNCIL MEETING FOR RATIFICATION.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Lehman L. McDonald, 1140 Florida Boulevard, expressed concern about the aging infrastructure of the public utilities. Mr. McDonald stated that a Media One employee told him that the city had agreed to share the cost of repairs for damages done to utilities because the city could not provide accurate maps for utility lines. Mr. McDonald asked if this statement was true.

Mayor Vaughn asked Mr. Linn if he would like to respond.

City Manager Linn responded that no one had made any commitment to Media One for sharing anything and that there was no such agreement. Mr. Linn added that Media One was paying 100% of all damages.

Lehman L. McDonald questioned where the detail maps for public utilities were located.

City Manager Linn responded that the city did not have maps for some areas of the community that were built back in the 20's and 30's.

Lehman L. McDonald asked Council to look into the cities non-department head employee's salaries to find out if they were equal to other city employees while they were renegotiating the City Manager's contract.

Michael P. Aston, 1523 Summer Sands Drive, thanked Council for their efforts to install a traffic light at the entrance to the Summer Sands subdivision.

Harriet Pruette, 2171/2 Magnolia Street, thanked council for their efforts to install a traffic light at the entrance to Summer Sands subdivision and commented on the investigation of the Sewer Plant and the possible J.E.A. takeover. Ms. Pruette questioned the proposal of the pilot program for waste.

Adjournment

There being no further business, the meeting adjourned at 8:40p.m.

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 24, 2000, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Thomas A. Tankersley
Councilor Robert D. Shimp
City Manager Richard A. Linn
Assistant to the City Manager Terry Klein

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Assistant to Building Official Piper Turner
Member PDRB, Brian Greenwood
Member PDRB, John Weldon

Absent:
City Attorney Christopher White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Mayor Vaughn explained that the meeting was a continuation of the review of the Proposed Land Use Regulations and would pick up where we left off with Section 27-227 Part 5.

Group Two Article IV, Land Use Mayor Vaughn read each section aloud and asked that any concerns or recommendations be addressed at the end of each section.

Section 27-222 Councilor Shimp asked permission of council to readdress Section 27-222, Purpose of intent of zoning districts, part 9, The Central Business District zoning district is intended to a mix of commercial uses and compatible residential uses that will encourage an urban intensive, pedestrian oriented neighborhood ambiance. Councilor Shimp strongly urged that residential uses of condominiums be denied in the Central Business District.

A lengthy discussion ensued. There was no consensus from council and Section 27-222 remained it question to be re-addressed at a later date.

Section 27-227 Part 5 ARTICLE IV, LAND USE SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 5, RETAIL, GENERAL.

There was a question regarding " primarily enclosed building". John Weldon explained that that wording was put in because K-mart and Scotty's and some of the other tenants

were exhibiting wares outside in the front of the stores and the Planning and Development Review Board wanted to include that. But that it also prohibited individuals from going out and selling things on the streets in the open area.

Mayor Vaughn recommended submitting this section back to the consultant for clarification.

Section 27-227 Part 6 ARTICLE IV, LAND USE SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 6, ADULT ENTERTAINMENT AND SERVICE.

Discussion ensued regarding the definition of Adult Entertainment and Vixen's.

City Manager Linn explained that this section included adult bookstores and adult motion picture theater's only and nude and semi-nude dancing would be discussed in Chapter 4 Section 26 under nude entertainment.

It was recommended to receive legal advice upon the sale of Vixens and having the Consultant add the definition of adult entertainment and service.

There was no consensus from council and Section 27-227, Part 6 remained in question to be revisited if not covered in subsequent parts of the code.

Section 27-227 Part 7 ARTICLE IV, LAND USE SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 7, DRY CLEANER.

There was no discussion and no recommended changes to Section 27-227, Part 7.

Section 27-227 Part 8 ARTICLE IV, LAND USE SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS PART 8, PARKING LOT.

There was no discussion and no recommended changes to Section 27-227, Part 8.

Section 27-227 Part 9 ARTICLE IV, LAND USE, SECTION 27-22, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 9, FIRE STATION.

There was no discussion and no recommended changes to Section 27-227, Part 9.

Section 27-227 Part 10 ARTICLE VI, LAND USE, SECTION 27-22, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 10, POLICE STATION.

There was no discussion and no recommended changes to Section 27-227, Part 10.

Section 27-227 Part 11 ARTICLE VI, LAND USE, SECTION 27-22, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 11, AMBULANCE SERVICE.

There was no discussion and no recommended changes to Section 27-227, Part 11.

Section 27-227 Part 12 ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 12, POST OFFICE.

The definition of Post Office was questioned relating to a drug store type service that may be welcomed.

Define Post Office.

Section 27-227
Part 13

ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 13, CULTURAL, RELIGIOUS, PHILANTHROPIC, SOCIAL AND FRATERNAL.

Discussion ensued regarding grandfathering of the F.O.P. Lodge on Forest Street, the church on the Ocean and the church on Davis Street.

There was no discussion and no recommended changes to Section 27-227, Part 13.

Section 27-227
Part 14

ARTICLE IV, LAND USE, SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, PART 14, RADIO AND TELEVISION BROADCASTING.

There was no discussion and no recommended changes to Section 27-227, Part 14.

Section 27-228

ARTICLE IV, LAND USE, SECTION 27-228, USES PERMITTED BY SPECIAL EXCEPTION.

Consensus: **CHANGE WORDING FROM "PLANNING AND DEVELOPMENT REVIEW BOARD" TO "COUNCIL" MAY PERMIT THOSE USES, AS LISTED IN TABLE 27-226-1 THAT REQUIRE A SPECIAL EXCEPTION PERMIT ACCORDING TO THE PROCEDURES AND CONDITIONS OUTLINED IN ARTICLE III OF THE CODE.**

Section 27-229

ARTICLE IV, LAND USE, SECTION 27-229, MINIMUM LOT AREA REQUIREMENTS.

Discussion ensued regarding density and the smaller lot area requirements. Dan Arlington explained that the lots were not big enough for the 6000 square foot requirements.

Member of the Planning and Development Review Board, John Weldon was asked to explain why they wanted to change the minimum lot area requirements.

Mr. Weldon stated that the board had a lot of pressure from the land owners in the R-4 district to preserve their property rights and had not intended to increase density.

Councilor Tankersley suggested tabling Sections 27-230, 27-231(a), (b)(1), (b)(2), (b)(3), (b)(4), and (b)(5), 27-232 and 27-233 that referred to table 27-229-1 until a legal opinion had been received.

Section 27-229 was tabled to a later date.

Section 27-230

ARTICLE IV, LAND USE, SECTION 27-230, MINIMUM LOT WIDTH REQUIREMENTS.

Section 27-230 was tabled to a later date.

Section 27-231

ARTICLE IV, LAND USE, SECTION 27-231, FRONT YARD SETBACK REQUIREMENTS.

Section 27-231 (a) was tabled to a later date.

Vice Mayor Jones requested review of Section 27-231(b).

Discussion of Section 27-231(b)(1) ensued regarding the footprint bill.

Consensus: **TO RECEIVE A LEGAL OPINION REGARDING THE FOOTPRINT BILL.**

Vice Mayor Jones felt that Section 27-231(b)(2) oceanfront lots should be addressed as an overlay.

There was no discussion and no recommended changes on Section 27-231(b)(3)

Vice Mayor Jones felt that Section 27-231(b)(4) oceanfront lots should be addressed as an overlay.

Discussion of Section 27-231(b)(5) ensued regarding the wording at the end of the section "ten feet from the from the front face of the principal building. It was agreed to insert the word "back" after "ten feet" making the sentence read "ten feet back from the front face of the principal building.

Section 27-232 ARTICLE IV, LAND USE, SECTION 27-232, SIDE YARD SETBACK REQUIREMENTS.

Section 27-232 was tabled to a later date.

Section 27-233 ARTICLE IV, LAND USE, SECTION 27-233, REAR YARD SETBACK REQUIREMENTS.

Section 27-233 was tabled to a later date.

Section 27-234 ARTICLE IV, LAND USE, SECTION 27-234, MEASUREMENT OF MINIMUM REQUIRED YARD SETBACK.

There was no discussion and no recommended changes to Section 27-234.

Section 27-235 ARTICLE IV, LAND USE, SECTION 27-235, USE OF FRONT, SIDE, AND REAR YARDS

There was no discussion and no recommended changes to Section 27-235.

Section 27-236 ARTICLE IV, LAND USE, SECTION 27-236, MULTIPLE USE OF REQUIRED YARDS PROHIBITED.

There was no discussion and no recommended changes to Section 27-236.

Section 27-237 ARTICLE IV, LAND USE, SECTION 27-237, BUILDING AREA REQUIREMENTS.

There was no discussion and no recommended changes to Section 27-237(a)(b) or (c).

Discussion of Section 27-237(d) ensued regarding changing the square footage of the gross floor area in R-4 zone from 1100 square feet to 800 square feet.

There was no discussion and no recommended changes to Section 27-237(e)(f)(g)(h) and (I).

Section 27-238 ARTICLE IV, LAND USE, SECTION 27-238, MAXIMUM LOT COVERAGE.

Section 27-238 was tabled to a later date.

Section 27-239 ARTICLE IV, LAND USE, SECTION 27-239, BUILDING HEIGHT LIMITATIONS.

Section 27-239 was tabled to a later date.

Section 27-240 ARTICLE IV, LAND USE, SECTION 27-240, BUILDING ELEVATION.

Discussion ensued about the twelve inches in the commercial districts. Building Official Dan Arlington explained that FEMA had guidelines and the higher we make them the more points we received.

Public Comments Rae Brady, was concerned about non-conformity and felt there was a problem with past, present and future intent.

Mary Truta, 701 Valley Forge Road North, expressed concerned about section 27-335, parking of recreational and commercial vehicles.

Harriet Pruette, 217 ½ Magnolia Street, felt that there was a lot of confusion over the Proposed Land Development Regulations.

Jo Anne Waddill, 115 Oleander Street, recommended including "except as provided in Article" when necessary and was also concerned about the footprint bill and the PUD.

Lynda Padrta, 1113 First Street, felt that if the footprint bill would not work that the whole Proposed Land Development Regulations was of no use to people east of Third Street. Ms. Padrta was also concerned about the density.

Adjournment There being no further business, the meeting adjourned at 9:48 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

City Clerk City Clerk Lisa Volpe announced that she would be attending the annual Florida Association of City Clerk's Conference in Tampa and therefore would be absent for the May 15, 2000, Workshop Council Meeting adding that Deputy City Clerk Karla Strait would be present during her absence.

CITY MANAGER REPORTS

Sunday in the Park City Manager Linn reported that Sunday in the Park was a successful event however because Finance Director John Herbst was on vacation he had not received a financial statement but it looked like the event generated \$800-\$1000 in net proceeds. Mr. Linn thanked Elaine Kenny, the volunteers and the councilmen.

Easter Egg Hunt City Manager Linn announced that the Mayors Annual Easter Egg Hunt was a huge success with about 2500 people attending and thanked the Mayor, his committee and volunteers and those who donated.

Mayor Vaughn added that the delay with the fire truck seemed to be the only problem however it was handled well. Mayor Vaughn also stated that of the 2500 people that enjoyed the event 713 were children ranging in age from two to eight.

Surplus Auction City Manager Linn reported that the gross proceeds from the sale of surplus equipment were \$5149 .00.

COMMENTS FROM THE PUBLIC

Harriet Pruette, 217 ½ Magnolia Street, requested that the review of the Proposed Land Development Regulations be stopped and asked council to make a motion to stop it. Ms. Pruette also opposed putting an archway in Town Center.

Buddy Crout, 1074 Kings Road, felt that no one understood the Proposed Land Use Regulations and that it had gotten out of hand. He requested that the review process be delayed.

Edie Alcorn, 317 Oceanwood Drive, stated that she had a problem with lighting already and opposed the upgrading of lighting that Food Lion was proposing.

Virginia Smith, 553 Davis Street, was concerned about preserving property.

Bill Lewis, 133 Cherry Street, spoke to council about a code enforcement case against his property stating it would cost the city a lot of money to fight the case because he would continue appealing it.

Debra Patterson, 201 Cherry Street, complained about construction going on during the weekends and late at night and asked when the speed bump would be put back on Cherry Street.

Elaine Kenny, 1301 Neptune Grove Drive West, thanked everyone who participated in Sunday in the Park and felt that surplus funds from the event could be used to restore a fire truck. Ms. Kenny proposed that the city purchase a painting that Perry Russell had done of the new lifeguard station.

Michael Adams, 320 First Street, felt that the Proposed Land Development Regulations imposed on homeowner property rights and the brakes should be put on the review.

CONSENT AGENDA

Sewer Outfall

MOTION CARRIEDOLD BUSINESS

Agenda Change

Councilor Shimp asked permission of the council to bring up an issue of old business.

Consensus: **TO ALLOW COUNCILOR SHIMP TO BRING UP AN ISSUE UNDER OLD BUSINESS.**Land Development
Regulations

Councilor Shimp stated that he felt council should table the review of the Proposed Land Development Regulations. Councilor Shimp added that the people he had spoken with that lived east of Third Street were opposed to changing the regulations and the people that he had spoken with that lived west of Third Street were not concerned because it did not effect them. Councilor Shimp asked for a call to vote on tabling the issue.

A lengthy discussion ensued.

For the Record Vice Mayor Jones stated on the record that council had authorized expenditures in excess of \$40,000 and he felt it would be entirely inappropriate to vote on an issue of this matter because procedure of due process would be violated and the citizens would be outraged. He did not agree with the issue not being placed on the agenda therefore no notice was given to the public.

For the Record Councilor Shimp stated on the record that his friends were the citizens of Neptune Beach that were telling him that they were opposed to the changes. Councilor Shimp added that the changes would ~~also hurt~~ benefit him because he owned a big lot with the possibility of additions. Councilor Shimp also felt that if the matter was tabled it would give the citizens more time to contact the council with their concerns and decide if they wanted the issue brought back up on the table.

For the Record Mayor Vaughn stated on the record that it was totally out of order to place an issue of such significance on the agenda and call for a vote without public notice. Mayor Vaughn further stated that the process could not possibly move any slower and that the average time a consultant spent on an issue of this magnitude was four and a half months. Mayor Vaughn stated it would be a waste of money and asked the councilors that were considering tabling the issue to seriously reconsider what they were doing.

City Manager Linn was concerned about legal issues regarding the contract with the consultants.

Moved by Shimp seconded by Tankersley.

Motion: **TO TABLE THE LAND DEVELOPMENT ORDINANCE.**

Roll Call Vote:

Ayes: 3 - Patronik, Shimp, Tankersley

Noes: 2 - Jones, Vaughn

MOTION CARRIED

NEW BUSINESS

Agenda Change City Manager Linn asked to amend the agenda moving items 12 D, E and F before A, B and C because the representatives were present and had been waiting.

CONSENSUS: **TO MOVE ITEMS 12 D, E AND F BEFORE ITEM 12 A.**

Special Exception Christ United Methodist Church **CONSIDERATION OF SPECIAL EXCEPTION AND DEVELOPMENT ORDER FOR CHRIST UNITED METHODIST CHURCH TO ESTABLISH A PRIVATE SCHOOL:** City Manager Linn recommended approval of the development order.

Ryan and Susan Harper were present on behalf of Christ United Methodist Church and Mr. Harper explained that the special exception request was for an addition of a private school for children with special needs.

Moved by Jones, seconded by Shimp.

Motion: **TO GRANT THE SPECIAL EXCEPTION AND APPROVE THE DEVELOPMENT ORDER FOR CHRIST UNITED METHODIST CHURCH TO ESTABLISH A PRIVATE SCHOOL AS STATED IN THE APPLICATION.**

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn

MOTION CARRIED

K-Mart Sidewalk
Shade System

CONSIDERATION OF A DEVELOPMENT ORDER FOR TM REALTY A.K.A. K-MART TO INSTALL A SIDEWALK SHADE SYSTEM: City Manager Linn stated that the Planning and Development Review Board recommended approval of the development order with specifications.

Frank Gabeletto, Senior Project Manager for Kmart Corporation explained that K-Mart would like to install a sidewalk shade system to protect the plants and flowers that were being displayed on the sidewalk. Mr. Gabeletto added that the system was from the Martha Stewart line, that the colors would match the store and would be 100 feet long running from the left of the facade line east toward the automotive shop but not all the way to the corner.

Moved by Jones, seconded by Patronik.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR TM REALTY A.K.A. K-MART TO INSTALL A SIDEWALK SHADE SYSTEM PER APPLICATION.**

2000-09

RESOLUTION NO. 2000-09 ON DELAYING CONGRESSIONAL ACTION ON INTERNET TAX MORATORIUM: Mayor Vaughn explained that this was a resolution similar to the one that the City of Atlantic Beach had passed that expressed a position of the council on the congressional internet tax moratorium.

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPROVE RESOLUTION NO. 2000-09 AS STATED.**

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn

Noes: 0

MOTION CARRIED

Town Center Project

REVIEW FINAL OPTIONS / ARCHWAY FEATURE ELEMENT OF THE TOWN CENTER PROJECT: Mayor Vaughn presented council with a list of final site amenity options for the Town Center Project, with their approximate costs. Mayor Vaughn asked each councilor to consider the options and prioritize them explaining that he would present their recommendations at the Project Oversight Committee Meeting to be held on May 11, 2000.

Benches, receptacles and bike racks were the number one priority for Councilors Patronik, Shimp and Tankersley and Vice Mayor Jones.

The removal of the existing traffic signal was the fourth priority for Councilors Tankersley and Patronik and the fifth choice for Vice Mayor Jones.

Refurbishing the existing landscaping was the second priority for Councilors Patronik, Tankersley and Shimp and the fifth choice for Vice Mayor Jones.

The "second" block of Ocean Boulevard was the third priority for Councilors Patronik, Tankersley and Shimp and the second choice for Vice Mayor Jones.

The archway feature was the fifth priority for Councilors Patronik and Tankersley and Vice Mayor Jones

Councilor Shimp was not in favor of the archway feature or removing the existing traffic signal.

Mayor Vaughn did not give his opinion.

Resolution 2000-07
and 2000-08

RESOLUTION 2000-07 HONORING GLORIA DEAN AS TEACHER OF THE YEAR AND
RESOLUTION 2000-08 HONORING HOLLY BRUMBLEY AS SCHOOL RELATED
EMPLOYEE OF THE YEAR: Mayor Vaughn entertained a motion to approve Resolutions
2000-07 and 2000-08 jointly.

Moved by Tankersley seconded by Shimp.

Motion: **TO APPROVE RESOLUTIONS 2000-07 AND 2000-08.**

Deputy City Clerk Karla Strait

Assistant to the Building Official Piper Turner
Assistant to the City Manager Terry Klein

ABSENT:

Councilor Ronald Patronik
City Clerk Lisa Volpe, CMC
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 9:40 p.m.

Public Comments

Linda Padrta, 1113 First Street, commended the city on the new web page.

Harriet Pruette, 217 ½ Magnolia Street, stated she was very proud of her government and felt that the tabling of the review of the Proposed Land Use Regulations generated more public interest.

Pat Lynch, 700 Valley Forge Road East, felt that recreational vehicles, commercial vehicles and boats parked in driveways were unsafe and unsightly.

Ron Powell, 1830 Nightfall Drive, was concerned about the ingress and egress off the Kings Road Bridge due to new development in Jacksonville Beach.

Discussion ensued about construction and replacement on the Kings Road Bridge.

Harriet Pruette, 217 ½ Magnolia Street, asked what the consensus was concerning the bike path on Florida Boulevard.

Discussion ensued about the bike path and installation of culvert on Florida Boulevard.

Councilor Tankersley requested a verbatim of the discussion about the bike path.

Adjournment

There being no further business, the meeting adjourned at 10:05 p.m.

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE UPDATE: City Manager Linn reported that the Ish Brant Beautification Committee was working on the plans for the median improvements on Third Street to send to the Department of Transportation for approval. Mr. Linn added they were also working on improvements for Florida Boulevard.

CITY MANAGERS PUNCH LIST

Kings Road Bridge

KINGS ROAD BRIDGE REPLACEMENT: City Manager Linn reported that he had spoken with Mayor John Meserve, the beaches representative for the Metropolitan Planning Organization, to seek funding for a preliminary study of the Kings Road Bridge replacement.

Roadway Between Shopping Centers

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn announced that a purchase authorization had been prepared for Smith and Gillespie to do the fieldwork, survey and cost estimate for the roadway between the shopping centers.

Bike Path

BIKE PATH FLORIDA BOULEVARD AND PENMAN ROAD: Councilor Shimp asked City Manager Linn what was happening with the Bike Path.

Mr. Linn explained that the consultant was working on a sketch of the bike path and he expected it this week.

Councilor Shimp stated that he thought council had a consensus that the bike path would not run east of Penman Road and asked the City Clerk's office to research the issue from the minutes and place it on the Regular City Council Meeting in June.

PROPOSED ORDINANCES

Farmer's Market **FARMER'S MARKET PROPOSED ORDINANCE: AN ORDINANCE ALLOWING FOR OUTDOOR SALES IN CONJUNCTION WITH A FARMER'S MARKET.**

Consensus: **HAVE CITY ATTORNEY CHRISTOPHER WHITE REVIEW THE PROPOSED ORDINANCE AND FORWARD TO THE JUNE REGULAR CITY COUNCIL MEETING.**

CONTRACT/AGREEMENTS

City Manager
Renegotiations **RENEGOTIATIONS OF CITY MANAGERS EMPLOYMENT CONTRACT:** City Manager Linn asked to be excused from the meeting during the discussion. Mayor Vaughn excused City Manager Linn. Vice Mayor Jones explained that the City Managers' contract would expire on July 8, 2000 and he had requested the council to review it and change some terms.

Consensus: **RENEW THE CITY MANAGERS CONTRACT FOR 3 YEARS WITH A 5% INCREASE PER YEAR AND 3 MONTHS SEVERANCE PAY AND ASK THE CITY ATTORNEY TO REVIEW ALL LANGUAGE OF THE CONTRACT MAKING SURE THAT IT WAS IN THE CITY'S BEST INTEREST.**

Land Use Code **LAND USE CODE CONTRACT WITH IVEY, HARRIS AND WALLS:** Vice Mayor Jones felt that since discussion of the Land Use Code had been tabled that a decision needed to be made about the contract that the city had with Ivey, Harris and Walls.

Consensus: **TO PLACE THE LAND USE CODE ON THE JUNE REGULAR CITY COUNCIL MEETING TO VOTE ON CONTINUING THE DISCUSSION OF THE LAND USE CODE REVISIONS.**

ISSUE DEVELOPMENT

Animal Control **ANIMAL CONTROL CITATIONS:** Councilor Shimp explained that he had written a memo to the City Manager requesting copies of the citations from animal control officers from last September and had not received them.

City Manager Linn felt that Councilor Shimp needed a consensus of council due to the amount of records that were requested and the cost involved.

Consensus: **REQUEST THE CITY MANAGER TO PRODUCE THE ANIMAL CONTROL CITATIONS COUNCILOR SHIMP HAD REQUESTED.**

City Manager Linn requested that council establish a procedure for future record requests.

Recess/Reconvene Mayor Vaughn called for a recess at 8:20 and the meeting reconvened at 8:30.

Special Events Committee	<u>SPECIAL EVENTS COMMITTEE</u> : Councilor Shimp explained that he had several names of residents that were interested in serving on a Special Events Committee and asked permission of council to give the names to the City Clerks office.
Right of way	<u>RIGHT OF WAY ON FLORIDA BOULEVARD EAST OF THIRD STREET</u> : Councilor Shimp requested that a right of way be given to the property owners on Florida Boulevard east of Third Street. City Manager Linn responded that he would discuss the issue at an upcoming staff meeting and have the City Attorney review it.
USS Roosevelt	<u>COMMISSIONING OF THE USS ROOSEVELT</u> : Ed Parpart and Larry Pecket, Members of the Navy League of Mayport Council, asked council for financial support in the amount of \$500.00 for the commissioning of the USS Roosevelt on October 14, 2000. Consensus: <u>FORWARD TO THE CONSENT AGENDA FOR THE JUNE REGULAR CITY COUNCIL MEETING.</u>
Department of Justice Grant	<u>DISCUSSION OF DEPARTMENT OF JUSTICE GRANT</u> : Public Safety Director Chief Brandt briefed council on the Department of Justice Grant, explaining it would be used for school protection and crime prevention. Consensus: <u>FORWARD TO THE CONSENT AGENDA FOR THE JUNE REGULAR CITY COUNCIL MEETING.</u>
Public Comments	<u>PUBLIC COMMENTS ON AGENDA ITEMS ONLY</u> John Ster, 1031 Marvone Lane, questioned why council tabled the review of the Proposed Land Development Regulations and recommended reconsideration of the review. Kirk Cobb, 112 Orange Street, opposed the proposed farmer's market and felt that there would be a problem with parking, vendors and visitors. Mr. Cobb also felt that the vendors should be required to have licenses stating that the other merchants in the area had to have one. Mr. Cobb supported Councilor Shimp on the animal control issue. Mr. Cobb stated that a few years ago the City Attorney said it was against the law for the city to give away property. Judy Bost, 115 Walnut Street, asked council to reconsider the review of the Proposed Land Use Regulations. Harriet Pruette, 217 ½ Magnolia Street, felt that no one should be denied access to public records. Linda Padrta, 1113 First Street, asked council for assistance in obtaining a public record request. Thad Mosesey, 219, 221, 223, 225 Orange Street, opposed the location of the proposed farmer's market due to parking, and blocking of First Street. Pat Lynch, 700 Valley Forge Road East, urged council to resume the review of the Proposed Land Development Regulations and felt that the area designated for the farmer's market was not appropriate. Tom Gelsh, 631 Beach Avenue, owner of Cobalt Moon on First Street, felt that a farmer's market would be a positive feature for Neptune Beach adding to the quality of life.

John Weber, Animal Control Officer, explained that if the citizens did not become involved that the problems would not be solved. Mr. Weber added that in order for him to issue a citation he would actually have to witness the animal going to the bathroom. Mr. Weber encouraged the citizens to become involved by filling out affidavits.

Steve Hould, 111 Walnut Street, felt the method of tabling the Proposed Land Use Regulations was brought up inappropriately under old business with no notice given to the public and felt it was disrespectful to everyone in the community. Mr. Hould strongly encouraged council to continue the review of the Proposed Land Use Regulations.

John Weldon, 108 Oak Street, explained that the idea of the farmer's market was to use a time period when very little was going on in the Central Business District and there was little demand for parking. Mr. Weldon felt that a farmer's market would create a community event that provided services that were otherwise not available in the area, including topical fruits, organic produce and fresh flowers. Mr. Weldon added that they were not committed to holding it in the street and could utilize one of the parking lots.

Adjournment

There being no further business, the meeting adjourned at: 9:30 p.m.

Order Call/Pledge

The Mayor called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance.

Mayor Vaughn acknowledged Jacksonville District 3 City Councilman Jerry Holland.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Freedom Shrine

Russ Litchfield of The Jacksonville Beaches Exchange Club, presented the Freedom Shrine on the west wall of the Council Chambers. The shrine is to remind citizens of the dedication to freedom of our forefathers. The shrine is dedicated to Ron Egan. Nitesh Paryani, a student from Bowles School, gave a speech on patriotism.

VFW Presentation

The Mayor postponed due to no one being there from the VFW.

Candy Sullivan

Mayor Vaughn read a letter of appreciation for Ms. Sullivan's hard work throughout the years in organizing the Mayor's Annual Easter Egg Hunt.

Bruce Rehmer

Mayor Vaughn presented Bruce Rehmer with a proclamation commending his volunteer work in the last 25 years.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MEETING MINUTES:

MAY 1, 2000, REGULAR CITY COUNCIL MEETING
MAY 15, 2000, WORKSHOP CITY COUNCIL MEETING
MAY 15, 2000, TOWN HALL MEETING

Councilor Tankersley pointed out on page 4 of May 1, 2000 Regular City Council meeting minutes, it should read "Councilor Shimp added that the changes would ~~also hurt~~ benefit him because he owned a big lot with the possibility of additions." He also stated that on page 2 of May 15, 2000 Workshop meeting, it should be land use code contract not land use code to be on June Regular City Council meeting. The City Clerk would relisten to tape to clarify.

Vice Mayor Jones added that it should be procedural not procedure on page 4 of May 1, 2000 Regular City Council Meeting minutes. He also added that "he did not agree with the issue not being placed on the agenda therefore no notice was given to the public."

Moved by Patronik, seconded by Tankersley.

MOTION CARRIED

Lifeguard Truck

City Manager Linn announced that the eight year old lifeguard truck broke in half due to exposure to salt and sand. A new used truck was bought with convention development tax money for \$8500.

Hurricane Floyd

City Manager Linn reported that more money than was allotted was reimbursed by FEMA for Hurricane Floyd therefore some money would be returned to the state.

COMMENTS FROM THE PUBLIC

Michael Adams, 320 First Street, felt that the Proposed Land Development Regulations imposed on homeowner property rights and should not be put back in review.

Mary Truta, 701 Valley Forge Road N., was in favor of continuing to review the code.

Fred DeSapio, 114 19th Ave N., wanted the LDR to remain tabled.

Brian Greenwood, 222 Myrtle Street, favored restarting the LDR even if it meant reworking

the changes.

Steve Jarrett, 210 South Street, wanted to restart the LDR revisions.

Fred St. Clair, 627 Cherry Street, complained about the lights in the Kmart parking lot. City Manager Linn assured him the shopping center would be shielding the lights.

Bruce Rehmer, 804 McCollum Circle, asked the council to demand a written apology to him from Finance Director John Herbst over the Easter Egg Hunt.

Mark Bradsford/Miler Norton, 401 Margaret Street, stated they are restoring a 1945 fire truck like the one they used as junior fire fighters in Neptune Beach. The truck will be available to Neptune Beach for special events at no charge.

Renee Faure, 600 Second Street, was in favor of the farmer's market and the LDR revisions and hated the idea of tabling the revisions.

Kirk Cobb, 112 Orange Street, would like the farmers market in a different location than directly on First Street and opposed the LDR revisions which hurt people's property rights.

John Weldon, 108 Oak Street, was in favor of the farmer's market but wanted volunteer citizens to be in charge of permitting not the city manager. Hopkins Creek area subdivision has agreed to a 25 feet buffer zone which is a really good thing and the cul-de-sac is smaller to save some trees.

Harriet Sasser, 1020 Florida Blvd., did not like the bike path past Penman Road.

Joseph Sasser, 1020 Florida Blvd, did not like the bike path past Penman Road. It would bring more traffic into the community.

William McCants, 1126 Hagler Drive, stated he did not want the bike path past Penman Road so the trees would not be damaged.

Anne Olsen, 1101 Hagler Drive W., was opposed to the bike path and from her experience there is not enough bike traffic to require a path.

Chris Rasche, 232 Florida Blvd, was opposed to the bike path and upset that sketches were not shown to the public. She protested the process of not being able to speak when the issue came up.

Dan Dische, 224 Florida Blvd., did not favor the bike path past Penman Road and asked the money be spent on something else.

Leslie Karlin, 1506 Spindrift Circle W., liked the farmer's market but thought it needed a larger area therefore asked that not a lot of money be invested until it was viable. She does not want a bike path.

CONSENT AGENDA

USS Roosevelt
DOJ Grant

**APPROVAL OF SUPPORT OF USS ROOSEVELT AND DEPARTMENT OF JUSTICE
GRANT ACCEPTANCE:** Mayor Vaughn entertained a motion.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn
Noes: 0

MOTION CARRIED

Interlocal agreement
1/2 sales tax

INTERLOCAL AGREEMENT 1/2 CENT SALES TAX: Mayor Vaughn introduced City of Jacksonville Mayor John Delaney. City Manager Linn asked the council to amend the agenda so that Mayor Delaney could speak on the half cent sales tax and it could be voted on.

Consensus: **TO AMEND AGENDA AND ALLOW MAYOR DELANEY TO SPEAK ON THE 1/2 CENT SALES TAX.**

Mayor John Delaney of the City of Jacksonville spoke about the Better Jacksonville Plan. He stated that the proposed countywide 1/2 cent sales tax would pay for new roads, a new courthouse, arena, downtown library and beaches library branch renovation, and baseball park. The interlocal agreement would give Neptune Beach its share which would be approximately \$300,000 in the first year.

Consensus: **TO VOTE ON THE INTERLOCAL AGREEMENT TONIGHT.**

Moved by Tankersley seconded by Shimp.

Motion: **MOVE TO APPROVE THE INTERLOCAL AGREEMENT HALF CENT SALES TAX AS STATED**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Recess/Reconvene

Mayor Vaughn called for a recess at 9:00 P.M. and the meeting reconvened at 9:10 P.M.

OLD BUSINESS

Bike Path

JTA BIKE PATH PROJECT -REVIEW/APPROVE/MODIFY/REJECT DESIGN SKETCH:
City Manager Linn introduced the sketch submitted by Lockhart and Associates. He suggested that instead of the bike path being carried down Florida Blvd have it go south on Penman Road to Seagate Avenue. The Council discussed alternatives and decided to bring the idea of the bike path going down Penman Road to a workshop.

Moved by Tankersley seconded by Shimp.

Motion: **TO ELIMINATE THE PORTION EAST OF CAMILLA TERRACE AND ALLOW THE PROJECT TO BE FOR BEAUTIFICATION AND TO REMOVE THE OPEN DITCH AND REPLACE IT WITH A CLUVERT.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Land Development
Regulations

RECONVENE LAND DEVELOPMENT REVISION CONSIDERATION Councilor Tankersley explained that he wanted to reconvene the LDR with his changes. He read his letter of June 1, 2000 into the minutes (attached). The council discussed whether or not to proceed with the revisions.

Moved by Tankersley seconded by Shimp

Motion: **START WITH ARTICLE THIRTEEN AND MOVE ON WITH THE LAND DEVELOPMENT REGULATIONS AND INCLUDE COUNCILOR TANKERSLEY'S CHANGES IN WHAT HAS ALREADY BEEN DISCUSSED.**

For the Record Councilor Tankersley stated for the record that as part of his motion the parts of the code with his revisions will be reviewed by council.

For the Record Councilor Shimp would like to see the meeting conducted differently than the way they have been.

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

NEW BUSINESS

Photo Copy Invoice

APPROVAL OF PHOTOCOPY INVOICE IN EXCESS OF \$10,000: City Manager Linn asked that the council approve the bill for photocopying subpoena documents that was in excess of \$10,000 even after shopping.

Moved by Jones seconded by Patronik.

Motion: **MOTION TO APPROVE THE INVOICE.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

Motion Carried

Personnel Policy

PERSONNEL POLICY CHANGE TO REFLECT CHANGES IN DEFINED BENEFIT PLAN City Manager Linn explained that the personnel policy still states the city has a defined benefit plan instead of the defined contribution plan that the city actually has.

Moved by Jones, seconded by Patronik

Motion: **TO APPROVE THE CHANGES IN THE PERSONNEL POLICY AS STATED IN THE AGENDA.**

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn

Noes: 0

MOTION CARRIED

Ultster Peace Project **ULTSTER PEACE PROJECT:** The mayor stated he put this item on the agenda at the request of Bruce Rehmer who was not present. It is a request to donate funds to children from Ireland who would like to visit the United States. There was no motion made.

City Government **CITY GOVERNMENT ROLE OF CITY COUNCILORS AND MAYOR -** Councilor Shimp stated that this was an idea some elderly citizens brought to him for each member of council to be a liaison for a particular department. Mayor Vaughn - City Manager; Councilor Shimp - Police Department; Vice Mayor Jones - Building; Councilor Patronik - Finance and Councilor Tankersley - Public Works

Consensus: **TO DISCUSS THIS ISSUE AT THE JULY WORKSHOP**

Little Red School House **DEVELOPMENT ORDER APPROVAL LITTLE RED SCHOOL HOUSE:** Linda Perschel, 1865 Nightfall Drive, and Dee Wagner, 1201 Kings Road, explained that they planned on opening a middle school with approximately 30 students in a duplex they recently purchased next to the established school.

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPROVE THE DEVELOPMENT ORDER AS STATED.**

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn

Noes: 0

MOTION CARRIED

D. Lee Ross et al **SUBDIVISION APPROVAL D. LEE ROSS ET AL:** City Manager Linn introduced Steve Jarrett who represented the developer. Discussion included the 38 foot cul-de-sac; the retention pond that will be owned and maintained by the homeowners association and the street which will be a public road maintained by the city.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER CONTINGENT ON PERMITS OF THE ST JOHN'S RIVER WATER MANAGEMENT DISTRICT AS STATED WITH CONTINGENCIES.**

City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:11 p.m.

Mayor Vaughn explained that the meeting was a continuation of the review of the Proposed Land Use Regulations with the changes that were submitted by Councilor Tankersley. City Clerk Lisa Volpe explained that the council left off at Section 27-240 at the April 24, 2000 Workshop meeting

**Group Two Article IV,
Land Use**

Mayor Vaughn introduced each section and asked that any concerns or recommendations be addressed.

Section 27-240

ARTICLE IV, LAND USE SECTION 27-240, BUILDING ELEVATION.

Vice Mayor Jones questioned why the Building Elevation was changed from 6 to 12 inches for commercial districts. Assistant to the Building Official Piper Turner said it would give the City of Neptune Beach points with FEMA which would lower citywide flood insurance rates.

Section 27-241

ARTICLE IV, LAND USE SECTION 27-241, BUFFER AREAS ADJACENT TO RESIDENTIAL DISTRICTS.

There was no discussion and no recommended changes to Section 27-241.

Section 27-242

ARTICLE IV, LAND USE SECTION 27-242, OPEN SPACE REQUIRMENTS.

There was no discussion and no recommended changes to Section 27-242.

Section 27-243 ARTICLE IV, LAND USE SECTION 27-243, PLANNED UNIT DEVELOPMENT.

There was discussion on section (j) about PUD on the oceanfront that was deleted. Council agreed that it should stay deleted. Building Official Arlington stated it should also be addressed on the Comprehensive Plan. There was also discussion on the change "with council approval" that Councilor Tankersley submitted in Section f. The consultants need to reword "with council approval".

ARTICLE V ARTICLE V, ACCESSORY STRUCTURES AND USES

Section 27-321 ARTICLE V, ACCESSORY STRUCTURES AND USES, SECTION 27-321, INTENT.

There was no discussion and no recommended changes to Section 27-321.

Section 27-322 ARTICLE V, ACCESSORY STRUCTURES AND USES, SECTION 27-322, GENERALLY.

There was no discussion and no recommended changes to Section 27-322.

Section 27-323 ARTICLE V, ACCESSORY STRUCTURES AND USES, SECTION 27-323, APPLICABILITY.

There was no discussion and no recommended changes to Section 27-323.

Section 27-324 ARTICLE V, ACCESSORY STRUCTURES AND USES, SECTION 27-324, DEFINITIONS.

There was no discussion and no recommended changes to Section 27-324.

Section 27-325 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-325, GENERAL STANDARDS AND REQUIREMENTS.

Section 27-325 (4): Discussion ensued regarding accessory buildings on blocks being thought of as impervious surface; Building Official Arlington explained that FAR (floor area ratio) meant permanent buildings could not exceed more than 65% of the total lot size. This does not effect the footprint bill at all. The FAR was discussed but not changed.

Section 27-325 (6): Accessory uses shall not involve operations or structures not in keeping with the character of the district where located. Building Official Arlington explained it was to stop business such as construction from running a business out of an accessory building.

Section 27-326 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-326, RADIO AND TELEVISION ANTENNAE.

There was no discussion and no recommended changes to Section 27-326

Section 27-327 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-327, SATELLITE DISH ANTENNAE.

Section 27-327(11): There was discussion on Councilor Tankersley's addition of the word "principle" public right of way, so that people on corner lots could have the opportunity to have a satellite dish. The consultant needs to define "principle".

- Section 27-239 (b)(4) ARTICLE IV, LAND USE, SECTION 27-239(b)(4): The Mayor asked to back up to this section concerning height restrictions: "No exception shall exceed forty feet in height." John Weldon explained that this was added so that no parapet wall for utilities could exceed five feet above the 35 feet height limit.
- Section 27-328 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-328, ACCESSORY BUILDINGS.
- Discussion ensued regarding multiple frontage lots and oceanfront lots. Vice Mayor Jones had concerns over where the air conditioning unit would go on an oceanfront lot. Vice Mayor Jones recommended that oceanfront lots be addressed and treated as a separate item.
- Chairman of the Planning and Development Review Board, John Weldon requested that Vice Mayor Jones present all of his concerns for oceanfront lots so that they could be addressed if they had not been already.
- Mayor Vaughn asked the consultants to submit a definition for oceanfront lots.
- Vice Mayor Jones felt that garage apartments should be allowed by special exception. Dan Arlington pointed out that garage apartments that were not on double frontage lots would not have access to a road.
- Section 27-235 (b) ARTICLE IV LAND USE SECTION 27-235 (1): The mayor asked to back up to this section and have "run off problems" defined due to Councilor Tankersley's change. John Weldon explained it was water run off from the roof on homes that were very close to the setback line. Consultants to define run off and give examples.
- Section 27-329 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-329, SWIMMING POOLS, POOL ENCLURES, HOT TUBS, AND SIMILAR STRUCTURES.
- Section 27-329 (1) Vice Mayor Jones felt that oceanfront lots needed to be defined in order to decide where pools can be on oceanfront lot. Dan Arlington mentioned the problem with the last phrase "located on either side of the main building." And what it would mean to oceanfront property.
- Section 27-330 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-330, FENCES, WALLS, AND HEDGES.
- Discussion of Section 27-330(a)(3) ensued regarding different types of fencing and the amount of privacy. Councilor Tankersley's change of "four feet or less in height" for solid fencing was also discussed.
- John Weldon felt that Councilor Tankersley wanted people to have privacy in their backyard and not allow house to have solid fences and form a tunnel through some alleys that could be a fire hazard.
- Mayor Vaughn asked Building Official Dan Arlington to develop better language for the fence privacy issue.
- Discussion of "discouraging" chain link fences. John Weldon explained the Planning and Development Review Board did not think it was viable to ban them although they would rather not have them.
- Section 27-330(a)(7): Vice Mayor Jones pointed out the inconsistency of the language

"ocean side of ocean front lots" instead of calling them double frontage lots. Discussion ensued on ocean front lots. Building Official Arlington suggested adding a paragraph explaining oceanfront lots. Vice Mayor Jones suggested adding definition for ocean front lots.

Consensus: **TO PLACE A DEFINITION OF OCEANFRONT LOTS.**

Section 27-331

ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-331, RESERVED ATTACHED PATIOS AND DECKS.

Council discussed allowing observation decks by special exception as a part of an architectural design. Residents would be required to make a request to the Planning and Development Review Board who only see commercial development. Vice Mayor Jones requested that the consultants use pictures to describe this.

Consensus: **TO ALLOW OBSERVATION DECKS BY SPECIAL EXCEPTION.**

Section 27-332

ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-332, HOME OCCUPATIONS.

There was no discussion and no recommended changes to Section 27-332

Section 27-333

ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-333, HOUSEHOLD PETS.

There was discussion about Councilor Tankersley's request to delete this entire section. John Weldon explained that it was deleted in order not to impede the revision of the entire Land Development code. Vice Mayor Jones suggested this section be moved to the nuisance ordinance. Dan Arlington recommended it be made part of the animal ordinance.

Consensus: **TO ASK THE CITY ATTORNEY TO MOVE THIS SECTION TO EITHER THE NUISANCE OR ANIMAL ORDINANCE AND BRING BACK A DRAFT. VICE MAYOR JONES AGREED TO SPONSOR.**

Section 27-334

ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-334, ERECTION OF MORE THAN ONE MAIN USE STRUCTURE ON A LOT.

There was discussion about what constituted two structures on a lot. Building Official Arlington commented on how it could be possible and how it is a fire hazard. The council discussed Councilor Tankersley's recommendation to delete this section.

Consensus: **TO LEAVE THIS SECTION IN THE CODE.**

Section 27-335

ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27- 335, PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT OR BOATS.

There was discussion about Councilor's Tankersley recommendation to delete this section. Vice Mayor Jones suggested it be moved to the nuisance ordinance or traffic ordinance. The mayor wanted to go on record stating he strongly supported of this RV issue.

Consensus: **TO ASK THE CITY ATTORNEY TO MOVE THIS SECTION TO EITHER THE NUISANCE OR TRAFFIC ORDINANCE AND BRING BACK A DRAFT, ALSO TO INCLUDE SECTION 27-336. VICE MAYOR JONES AGREED TO SPONSOR.**

Section 27-336 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-336, PARKING OF HEAVY COMMERCIAL VEHICLES IN RESIDENTIAL DISTRICTS.

This section was included the previous consensus.

Section 27-337 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-337, USE OF RESIDENTIALLY ZONES PROPERTY FOR ACCESS

John Weldon explained this was a recommendation from the consultant. No changes were made to this section.

Section 27-338 ARTICLE V, ACCESSORY STRUCTURES AND USE, SECTION 27-338, ATTACHED DUPLEX OR MULTIFAMILY UNITS.

Dan Arlington explained that this legalized town houses and Summer Sands subdivision. John Weldon stated that this also dealt with unwanted condominiums. Dan Arlington said it would be difficult to stop condominiums completely. Discussion ensued about condominiums.

Consensus: **TO DISCOURAGE CONDOMINIUMS AS MUCH AS POSSIBLE AND ASK THE CONSULTANTS TO BE SURE OUR CODE DOES DISCOURAGE.**

Mayor Vaughn stated the Building Official Dan Arlington had given him a list of policies of the Building Department. Mayor Vaughn had suggested that as many of these as possible be inserted into the code so that Mr. Arlington has more standing. Mr. Arlington was told to work with the city attorney. Mr. Arlington stated he would distribute his policies to the rest of the council.

Section 27-339, 340 ARTICLE V, ACCESORY STRUCTURES AND USE, SECTION 27-339, 340, RESERVED.

There was no discussion and no recommended changes on Section 27-339,340.

ARTICLE XIII ARTICLE XIII, OFF-STREET PARKING AND LOADING.

Section 27-540 (b) ARTICLE XIII, OFF-STREET PARKING AND LOADING, SECTION 27-540(b).

City Clerk Volpe stated that Councilor Tankersley had sent out a memo about this section. Vice Mayor Jones stated that the memo requested that the first subject needed to be decided on was section 27-540(b) concerning reducing parking requirements for Central Business District to be reduced by 50%. Discussion ensued about the amount of parking needed. Mayor Vaughn requested that the current amount of parking is counted and the amount that is supposed to actually have relative to the amount of businesses. Chairman of the Planning and Development Review Board, John Weldon stated the intent was to clear up an inconsistency in the code and not to inflict suburban parking standard in a pedestrian/business district. The count requested from the Building Department should be off street parking and on street parking.

Section 27-229

ARTICLE IV, LAND USE, SECTION 27-229, MINIMUM LOT AREA REQUIREMENTS.

Council discussed Councilor Tankersley's request to use the number of old code. Chairman of the Planning and Development Review Board, John Weldon stated that the board had relied on the consultants to come up with the numbers and was not quite sure why Councilor Tankersley made the recommendations that he did. Mayor Vaughn asked Piper Turner to ask Councilor Tankersley why he changed the numbers on set backs.

The council discussed 5/12 pitched roof requirement. John Weldon stated it was done so that no flat roofs be built on a three story house. Dan Arlington did not agree with this recommendation. Vice Mayor Jones suggested either a 5/12 pitch or limiting flat roof to two stories.

Consensus; **AN EXCEPTION FOR FLAT ROOFS IF BUILT WITH ONLY TWO STORIES.**

Assistant to the Building Official Piper asked if the square footage for a duplex should be "per unit" not "for".

Next meeting date

A meeting was scheduled for July 10, 2000 at 7:00 p.m. for Land Development Revisions. There was some discussion about the July and September Regular Meeting.

Adjournment

There being no further business, the meeting adjourned at 9:38 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Council Shimp requested extending the parking on First Street to 12:00 a.m., for the July 4, 2000 holiday.

Consensus: **TO EXTEND THE PARKING ON FIRST STREET TO 12:00 A.M. FOR THE JULY 4, 2000 HOLIDAY.**

Jarboe Park Grant City Manager Linn announced that the grant for Jarboe park had been approved and we would receive \$112,500 and our match would be \$37,500.

Farmer's Market Councilor Tankersley asked what had happened with the proposed ordinance for a farmers market. City Manager Linn explained there needed to be another workshop to work out the final details of the proposed ordinance.

CITY MANAGER REPORTS/NONE**COMMENTS FROM THE PUBLIC**

George Schoonover, 214 Oceanfront, was concerned that the proposed addition to the Sea Horse Motel would increase traffic flow, and create parking and noise problems.

John Northrup, 255 Myra Street, felt that a 5% increase in the City Manager's salary and a three-year contract was sufficient.

Robert West, 106 Hall Place, was concerned that the proposed addition to the Sea Horse Motel would create noise from amplified music and felt that alcohol should not be served outside the restaurant.

Craig Williams, 98 Orange Street, requested that council not allow music on the outer deck if the addition to the Sea Horse Motel was approved.

Harriet Pruette, 217 ½ Magnolia Street, felt that the city ordinances needed to be enforced. Ms. Pruette also felt that if the city had money it should increase the City Managers salary, replace signs and make improvements to the city easements, etc. without raising taxes.

Steven Hould, 111 Walnut Street, requested that council consider the value of the City Manager and recommended acceptance to his proposal.

Buddy Crout, questioned when the budget meetings would start and felt that a 5% increase in the City Managers salary was too low and a 15% increase was too high and a three-year contract was sufficient.

CONSENT AGENDA/NONE**VARIANCES / NONE****ORDINANCES**

Ordinance 2000-05 ORDINANCE 2000-05 FINAL READ AND PUBLIC HEARING; AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING AND RESTATING THE CITY OF NEPTUNE BEACH POLICE OFFICERS' AND FIREFIGHTERS' RETIREMENT SYSTEM AS ADOPTED PURSUANT TO ORDINANCE NO. 1997-10, AS SUBSEQUENTLY AMENDED, TO TERMINATE THE PLAN AS TO FIREFIGHTERS AND REMOVE FIREFIGHTERS FROM THE EXISTING RETIRMENT PLAN, AND REPEALING

**BUDGET WORKSHOP MEETING
JULY 5, 2000, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 5, 2000 at 6:10 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Councilor Thomas A. Tankersley
Councilor Robert D. Shimp
City Manager Richard A. Linn
City Clerk Lisa Volpe
Director of Finance John Herbst
Deputy City Clerk Karla Strait

Absent:
Vice Mayor Edward S. Jones
Councilor Ronald D. Patronik
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn presented the fiscal year 2001 proposed budgets for the Special Revenue, Fiduciary, and Debt Service Funds. Finance Director John Herbst explained that we legally adopted the budget for the Special Revenue Funds and the other funds were presented for informational purposes only. City Manager Linn and Finance Director John Herbst discussed the various line items and responded to various questions from council.

Councilor Tankersley requested that we:

1. review sign installations,
2. examine a health purchasing cooperation with Jacksonville Beach and Atlantic Beach,
3. use the Police Education Fund to cover overtime and,
4. contract out the function for the boom mower replacement.

Councilor Tankersley also asked how the Auto Dialer would be updated.

Mayor Vaughn asked City Manager Linn to raise the issue of requiring employees to work for a certain period of time or to reimburse the city for optional educational assistance at the next contract negotiation.

Mayor Vaughn also requested:

1. a formal budget amendment for the Jarboe Park Grant in the current year,
2. replacing the backstops in the little league field,
3. adding a water fountain and benches at the basketball court and,
4. a comparison of various tax and utility cost among the various

communities.

Councilor Shimp requested the installation of a security system in the lifeguard building.

Consensus: **RENAME THE CONTINENTAL CABLE FUND TO THE MEDIA ONE FUND.**

Finance Director John Herbst advised the council that it would be necessary to amend the FY2000 budget to reflect the fact that the Public Safety salary and overtime accounts were running ahead of appropriations. He reminded council that they had wanted to reduce the appropriation of unreserved surplus from \$300,000 to under \$100,000 and at the time, the Public Safety salary budget seemed to offer room for reduction. Herbst took responsibility for underestimating the number of officers likely to take advantage of the career tracks program and for not estimating the salary requirements accurately.

On the record Councilor Shimp stated on the record that he cared more about the residents when it came to flooding than he did Town Center.

Stormwater Utility Consensus: **ESTABLISH A STORM WATER UTILITY.**

Adjournment There being no further business, the meeting adjourned at 9:20 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
PROPOSED LAND USE REGULATIONS
JULY 10, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held July 10, 2000, at 7:17 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Robert Shimp
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Assistant to the City Manager Terry Klein

Assistant to Building Official Piper Turner
Member PDRB, Brian Greenwood

Absent:

Councilor Ronald Patronik
Councilor Thomas Tankersley
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:17 p.m.

Councilor Shimp suggested a break in the middle of the meeting to allow for public comments.

Consensus: **TO BREAK IN THE MIDDLE OF THE MEETING FOR COMMENTS FROM THE PUBLIC.**

Building Official Dan Arlington gave a report on the number of parking spaces in the Central Business District.

Group Two Article XIII,
Off Street Parking and
Loading

Mayor Vaughn introduced each section and asked that any concerns or recommendations be addressed.

Section 27-532

ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-532, GENERALLY.

There was no discussion and no recommended changes to Section 27-532.

Section 27-533

ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-533, APPLICABILITY.

There was no discussion and no recommended changes to Section 27-533.

Section 27-534 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-534, FINDING OF FACT.

There was no discussion and no recommended changes to Section 27-534.

Section 27-535 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-535, PURPOSE AND INTENT.

There was no discussion and no recommended changes to Section 27-535.

Section 27-536 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-536, DEFINITIONS.

There was no discussion and no recommended changes to Section 27-536.

Section 27-537 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-537, GENERAL PROVISIONS.

There was no discussion and no recommended changes to Section 27-327.

Section 27-538 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-538, EXEMPTIONS.

There was no discussion and no recommended changes to Section 27-538.

Section 27-539 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-539, SUBMISSION OF PLANS.

There was no discussion and no recommended changes to Section 27-539.

Section 27-540 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-540 OFF STREET PARKING REQUIREMENTS.

Section 27-540 (b): A lengthy discussion ensued regarding reducing the parking requirements 50% in the Central Business District. Member of the Planning and Development Review Board Brian Greenwood explained why the board had recommended the change. Mayor Vaughn asked Building Official Dan Arlington to count the amount of parking spaces that Atlantic Beach had in the Central Business District.

Public Comments Nancy Jensen, 117 First Street, owner of Pete's Bar, explained that Pete's had parking spaces that were removed due to the beautification of Town Center.

Robert West, 106 Hall Place, felt that Vice-Mayor Jones should not be allowed to vote on the parking issue because he owned property in the Central Business District.

Michael Dunlap, 212 Lora Street, favored reducing the parking in the Central Business District.

Harriet Christovich, 112 Seagate Avenue, questioned the approval for a third story addition to the Sea Horse Motel.

Lynda Padrta, 113 First Street, questioned why Mr. Arlington included the Village Inn, Taco Bell and Walgreen's in his count of parking spaces in the Central Business District and felt Neptune Beach and Atlantic Beach should work together to resolve the parking problem.

Harriet Pruette, 217 1/2 Magnolia Street, felt that reducing the parking requirements in the Central Business District would create a problem with parking on First and Second Streets.

Rae Brady, 223/225 Lora Street, encouraged giving allowances for retail establishments and discouraging bars and restaurants.

Building Official Dan Arlington clarified the following: (1) that Pete's Bar did have 4 parking spaces and that he had included them in the residential section, (2) that Cobalt Moon had the required amount of parking spaces and council had reduced it by 4, (3) The Sea Horse Motel had all required spaces for the third floor expansion and, (4) the parking spaces for City Hall had been double counted. Mr. Arlington recommended allowing reducing the parking requirements for retail.

Discussion ensued about losing additional parking due to the additions at the Sea Horse Motel.

Recess/Reconvene Mayor Vaughn called for a recess at 8:30 p.m. and the meeting reconvened at 8:35 p.m.

Section 27-541 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-541 USE OF TANDEM PARKING SPACES.

There was no discussion and no recommended changes to Section 27-541.

Section 27-542 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-542, BICYCLE PARKING REQUIREMENTS.

There was no discussion and no recommended changes to Section 27-542.

Section 27-543 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-543, PARKING REQUIREMENTS FOR HANDICAPPED PERSONS.

Vice Mayor Jones asked if it would be possible to have the required parking spaces include the amount of handicapped parking spaces that were required by the Americans with Disabilities Act. Building Official Dan Arlington stated this was a legal question.

Section 27-544 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-544, MOTORCYCLE PARKING REQUIREMENTS.

There was no discussion and no recommended changes to Section 27-544.

Section 27-545 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-545, DEFERRAL OF PARKING REQUIREMENTS.

There was no discussion and no recommended changes to Section 27-545.

Section 27-546 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-546, REDUCTION FOR MIXED OR JOINT USE OF PARKING SPACES.

There was no discussion and no recommended changes to Section 27-546.

Section 27-547 ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-547, SPACES REQUIRED FOR OFFSTREET LOADING.

There was no discussion and no recommended changes to Section 27-547.

Section 27-548

ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-548, DESIGN STANDARDS FOR OFF STREET PARKING AND LOADING AREAS.

Section 27-548(l) City Manager Linn suggested referencing the Turtle Ordinance. Vice Mayor Jones questioned "excessive light on adjacent property."

Section 27-548(f) Discussion ensued over whether this was residential or commercial and on the amount of cars the section referenced.

Consensus: **CHANGED FOUR (4) OR MORE VEHICLES TO FIVE (5) OR MORE VEHICLES.**

Section 27-549

ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-549, DESIGN STANDARDS FOR BICYCLE PARKING.

There was no discussion and no recommended changes to Section 27-549.

Section 27-550

ARTICLE XIII, OFF STREET PARKING AND LOADING SECTION 27-550 SPECIAL PARKING DISTRICTS.

There was no discussion and no recommended changes to Section 27-550.

Section 27-542

Dan Arlington suggested adding some language to allow the Planning and Development Review Board to request required bicycle parking.

Consensus: **TO ASK THE PLANNING AND DEVELOPMENT REVIEW BOARD TO REVIEW THIS SECTION.**

TABLE 27-540-1

TABLE 27-540-1 OFF STREET PARKING REQUIREMENTS.

Vice-Mayor Jones suggested reducing the number of parking spaces necessary for retail and office space and to consider a maximum number of parking spaces for shopping centers.

Consensus: **TO REDUCE THE NUMBER OF SPACES FOR RETAIL AND OFFICES IN THE CENTRAL BUSINESS DISTRICT AND ASK THE CONSULTANTS ABOUT REQUIRING A MAXIMUM AMOUNT OF SPACES FOR SHOPPING CENTERS.**

Councilor Shimp requested that the number of required parking spaces for worship facilities be reduced to one parking space for every three seats.

Consensus: **TO REDUCE THE NUMBER OF REQUIRED SEATS FOR WORSHIP FACILITIES TO 1 PER 3 SEATS.**

Vice Mayor Jones suggested using the Fire Marshall occupant load when requiring parking spaces for nightclubs. Mayor Vaughn asked for a chart showing the difference.

Public Comments

Mary Truta, 701 Valley Forge Road North, asked when recreational vehicles would be addressed.

Rae Brady, 223/225 Lora Street, asked about Section 27-703 and if it only applied to parking and if effected the foot print bill.

Lynn Lacy, 1112 First Street, was upset that she and her husband could not rebuild a duplex, that had been condemned and torn down, on a vacant lot they had bought from their family.

Chip Lacy, 1112 First Street, added that they had relied on the income from the rental of a duplex for retirement.

Michael Adams, 320 First Street, felt that the new code would be taking away rights from homeowners and bar/restaurants should have stricter parking requirements.

Linda Padrta, 1113 First Street, felt that the revisions to the code would protect residents rights.

Brian Greenwood, 222 Myrtle Street, announced that he was the one that requested the 5/12-roof pitch requirement.

Harriet Christovich, 112 Seagate Avenue, commended the improvements she had seen since she had lived here and felt council should allow improvements even if they incorporate a duplex.

Adjournment

There being no further business, the meeting adjourned at 9:38 p.m.

BUDGET WORKSHOP MEETING JULY 17, 2000, AT 6:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 17, 2000 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
(arrived 7:10 p.m.)

City Clerk Lisa Volpe, CMC
Director of Finance John Herbst

Councilor Ronald D. Patronik
Councilor Thomas A. Tankersley
Councilor Robert D. Shimp
City Manager Richard A. Linn

Absent:
City Attorney Christopher A. White

Call to Order/Roll Call The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn introduced the cost of living study compiled by his assistant Terry Klein. He presented the fiscal year 2001 proposed budgets for the Enterprise Funds. These funds are to balance or produce revenue for the general fund.

The following requests were made by council to staff:

1. Change the dates on the top of the proposed budget to indicate the correct fiscal years.
2. Research why account 401-4331-531-10-14 was so high.
3. Research why repair and maintenance account 401-4331-531-30-46 was so high.
4. Councilor Shimp requested council to submit a target budget to staff,
5. Research why other current charges account 401-4335-535-30-49 were high.
6. Mayor Vaughn asked the Waste Water Department to figure in man hour savings due to the Lightin XJ87 Polymer Mixer,
7. Research why accounting and auditing account 401-4331-531-30-32 was high.

Finance Director John Herbst gave the following answers to some of the questions asked:

Account number 401-4331-531-10-14 was high due to the meter Reader doing after hour utility turn off's for non payment.

Repair and maintenance account 401-4331-531-30-46 was high because \$7000 was spent on upgrading the HTE software.

Other current charges account 401-4335-535-30-49 was high because of permits for the Water and Sewer project.

COMMITTEE REPORTS

IBBC **ISH BRANT BEAUTIFICATION COMMITTEE UPDATE:** City Manager Linn announced that he had contracted with a landscape architect to draw the plans for the medians on Third Street. Mr. Linn stated that he was anxious to get the permit in place so we could get on with Mayor Delaney's Neighborhood Grant and was hoping it would be done within two weeks.

CITY MANAGERS PUNCH LIST

Traffic Signal Atlantic and Brandt **TRAFFIC SIGNAL AT ATLANTIC BOULEVARD AND BRANDT STREET:** Mr. Linn explained that a letter had been received from the Department of Transportation addressed to Mayor Vaughn announcing that they were going to do a traffic signal study within 90 days.

Jarboe Park Improvements **JARBOE PARK IMPROVEMENTS:** City Manager Linn reported about the park grant and he was accepting the Mayor's recommendation to use a general contractor.

Roadway Between Shopping Centers **ROADWAY BETWEEN SHOPPING CENTERS:** City Manager Linn stated that this item was on the agenda under Issue Development.

Bike Path **BIKE PATH FLORIDA BOULEVARD AND PENMAN ROAD:** City Manager Linn reported that he had received a phone call from Sally Rosier informing him that the Florida Department of Transportation was modifying the scope of work to meet with our

requirements.

- JTA – Trolley JTA ROUTING, SPEEDING AND TROLLEY: City Manager Linn stated that he would be attending the future Eastern Duval Transit Study Meetings.
- Navy Air Show NAVAL AIR SHOW: City Manager Linn explained that several details were still in the works including: (1) how to organize with N.A.S. Jacksonville, (2) whether to have one air show committee in two locations, (3) the depository for the funds.

PROPOSED ORDINANCES

- Ordinance No. 2000-04 ORDINANCE 2000-04 OPEN AIR MARKETS DISCUSSION: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 17 OF THE CODE OF ORDINANCES OF NEPTUNE BEACH TO INCLUDE THE NEW ARTICLE III AND SECTIONS THEREUNDER, ESTABLISHING THE REGULATION OF OPEN AIR MARKETS AND SALES IN THE CITY OF NEPTUNE BEACH; AND ESTABLISHING AN EFFECTIVE DATE.

Consensus: **TO ALLOW OPEN AIR MARKETS ON PRIVATE PROPERTY ONLY.**

Consensus: **HAVE THE CITY ATTORNEY CHANGE THE ORDINANCE TO READ THAT EACH VENDOR MUST GO THROUGH THE PLANNING & DEVELOPMENT REVIEW BOARD FOR PERMITTING AND HAVE THE ORDINANCE READY FOR SECOND AND FINAL READ AND PUBLIC HEARING FOR THE AUGUST 7, 2000, REGULAR CITY COUNCIL MEETING.**

- Storm Water Utility STORM WATER UTILITY ORDINANCE: City Manager Linn advised the Council that he recommended a Storm Water Utility because for the past several years all storm water activities had been funded out of the Local Option Gas Tax and the reserve had decreased. Mr. Linn explained that we needed a dedicated source of money for the funding.

- For the Record Councilor Shimp stated on the record that this was a residential community where people worked together and that we had one division in the city already and we didn't need anymore.

Consensus: **AUTHORIZE THE CITY MANAGER TO TAKE THE STORM WATER UTILITY TO THE NEXT LEVEL, INVESTIGATE, AND REPORT TO THE COUNCIL.**

CONTRACT/AGREEMENTS

- Underground Fuel Tanks PERMISSION TO ADVERTISE FOR BID OF REMOVAL OF UNDERGROUND FUEL TANKS - CITY YARD-WATER PLANT: City Manager Linn reported that we had a 2,000 gallon underground fuel storage tank at the city yard and a 200 gallon above ground tank with underground piping to the water plant. Mr. Linn then explained that the tanks were old and their soundness was questionable, and could be a liability to the city. Mr. Linn recommended that council consider approval to solicit bids for their removal.

Consensus: **MOVE TO APPROVE THE REMOVAL OF THE 2,000 GALLON UNDERGROUND FUEL STORAGE TANK AT THE CITY YARD AND THE 200 GALLON ABOVE GROUND TANK WITH UNDERGROUND PIPING AT THE WATER PLANT TO THE AUGUST 7, 2000, REGULAR CITY COUNCIL MEETING CONSENT AGENDA.**

City Manager's
Employment Contract

CITY MANAGER EMPLOYMENT CONTRACT: Vice Mayor Jones requested that Section 4C "If Employee is terminated, Employer agrees to provide for out placement services to Employee at its expense, should Employee desire them, in an amount not to exceed a total of Five Thousand (\$5,000)", be removed.

Consensus: **TO REMOVE SECTION 4C FROM THE CITY MANAGERS EMPLOYMENT CONTRACT.**

Mayor Vaughn requested that the new contract Section 9, Hours of Work, include the language " after rendering appropriate notification to the Mayor, or in his/her absence, to the Councilor acting in the Mayor's absence " from the old contract.

Consensus: **TO HAVE THE CITY ATTORNEY ADD THE LANGUAGE "AFTER RENDERING APPROPRIATE NOTIFICATION TO THE MAYOR, OR IN HIS/HER ABSENCE, TO THE COUNCILOR ACTING IN THE MAYOR'S ABSENCE" TO SECTION 9 OF THE CITY MANAGER'S EMPLOYMENT CONTRACT.**

Emergency Response
Contract

EMERGENCY RESPONSE CONTRACT: City Manager Linn reported that the Florida Department of Environmental Protection required the city to maintain and have available a Release Detection Response Level Plan which would provide for a contact and description of corrective action to be taken in the case of an emergency. Mr. Linn explained that expenditures may exceed the \$10, 000 purchase limit and recommended that Council consider a service purchase agreement with Environmental Regency Group.

Consensus: **MOVE THE APPROVAL OF A SERVICE PURCHASE AGREEMENT WITH ENVIRONMENTAL REGENCY GROUP TO THE AUGUST 7, 2000, CONSENT AGENDA.**

Recess/Reconvene

Mayor Vaughn called for a recess at 9:00 p.m. and the meeting reconvened at 9:15.

ISSUE DEVELOPMENT

Adopt A Street End

ADOPT A STREET END REQUEST OF JOANN WADDILL TO COUNCILOR SHIMP: Councilor Shimp explained there was controversy between a resident and the Ish Brant Beautification Committee resulting over the shrubs on the city property at the end of Oleander Street.

Consensus: **TO STICK WITH THE ADOPT-A-STREET END PROGRAM THAT THE CITY ADOPTED THAT ALLOWED THE IBBC TO DESIGNATE THE ADOPTER AND HAVE THAT ADOPTER MAINTAIN THE SHRUBBERY.**

Shopping Center
Connector

SHOPPING CENTER CONNECTOR ROAD REPORT- SMITH AND GILLESPIE: City Manager Linn reported that Smith & Gillespie Engineers had conducted a feasibility report for a connecting road between two shopping centers on Atlantic Boulevard and asked the council for direction.

Consensus: **TO ALLOW CHAIRMAN OF THE PLANNING & DEVELOPMENT REVIEW BOARD JOHN WELDON TO WORK WITH THE CITY MANAGER IN NEGOTIATIONS WITH THE DEVELOPERS TO GET THEM TO GIVE MONEY FOR THE PROJECT.**

Public Records

PUBLIC RECORDS REQUEST OF MAYOR: Mayor Vaughn explained that he had

- Request requested public records from the Director of Public Safety William Brandt in September of 1998 and still had not received them. City Manager Linn recommended that Council determine if this was considered a city sponsored request or a request by a private citizen.
- A lengthy discussion ensued and there was no consensus of council.
- Surplus Motorcycle REQUEST FOR SALE OF SURPLUS MOTORCYCLE: City Manager Linn reported that the Police Department had taken title to 1985 Harley Davidson motorcycle as a result of a forfeiture. Mr. Linn requested Council's approval to declare the motorcycle surplus property and to offer it at auction, with a minimum reserve of \$8,000.
- Consensus: **FORWARD TO THE AUGUST 7, 2000, REGULAR CITY COUNCIL MEETING CONSENT AGENDA.**
- L. D. R. LAND DEVELOPMENT REVIEW: Mayor Vaughn asked council to agree on a date for the next City Council Workshop Meeting to consider the Revised Land Use Code (Chapter 27).
- Consensus: **TO HOLD THE NEXT CITY COUNCIL WORKSHOP FOR THE LAND DEVELOPMENT REVIEW ON JULY 24, 2000.**
- Duplex Issue in R4 District DISCUSSION OF DUPLEX ISSUE EAST OF THIRD STREET - R4 DISTRICT: Councilor Shimp asked for a consensus of Council to direct Building Official Dan Arlington to allow duplexes to be constructed on the remaining 12 vacant lots east of Third Street. This issue was a result of City Attorney White's legal opinion concerning the square footage per lot needed in order to build a duplex. Mr. Shimp explained that the lots had been zoned for duplexes before the Comprehensive Land Use Plan went into effect. Councilor Shimp requested that Mr. Arlington start looking for illegal non conforming properties, and to present future similar problems to the Council or the Planning and Development Board.
- A lengthy discussion ensued and there was no consensus.
- First Street Parking FIRST STREET PARKING IN TOWN CENTER: City Manager Linn stated that he had received a letter from the owner of Allen's Jewelers regarding the changed parking patterns in Town Center and requesting that the time limit on parking spaces in front of City Hall be re-instituted.
- Consensus: **TO RE-INSTITUTE THE TIME LIMITED PARKING SPACES ON FIRST STREET IN FRONT OF CITY HALL.**
- Public Comments **PUBLIC COMMENTS ON AGENDA ITEMS ONLY**
- Jo Anne Waddill, 115 Oleander Street, felt that the hedges at Strand and Oleander were unsafe for children and that they should be cut down to 4 feet per the City Code.
- Harriet Pruette, 217 ½ Magnolia Street, felt that the Lacey's should be allowed to build a duplex on their lot. She also stated that the Mayor needed to turn in his public records to the city clerk.
- Lynda Padrta, 1113 First Street, applauded Mrs. Waddill and Ms. Pruette for their efforts in keeping the street ends open to the public. Ms. Padrta was upset that the Mayor chose to usurp the authority that had been given to the Beautification Committee to work with the street ends. Ms. Padrta also felt that the reason children did drugs was because of inadequate parental supervision.

Lynn Lacey, 1112 First Street, asked the Council what the next step would be regarding building a duplex on her lot.

Adjournment

There being no further business, the meeting adjourned at 11:25 p.m.

Attest:

George F. Vaughn, Jr., Mayor

Lisa Volpe, CMC, City Clerk

Approved: _____

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert Shimp
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Building Official Dan Arlington
Assistant to Building Official Piper Turner

Absent:
Councilor Thomas Tankersley
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Group Two Article XVIII, Nonconforming Lots, Structures, Uses and Signs

Mayor Vaughn introduced each section and asked that any concerns or recommendations be addressed.

Section 27-701

ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS
SECTION 27-701, ~~RESERVED~~ INTENT.

There was no discussion and no recommended changes to Section 27-701.

Section 27-702

ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS
SECTION 27-702 GENERALLY.

There was no discussion and no recommended changes to Section 27-702.

Section 27-703

ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS
SECTION 27-703 PURPOSE AND INTENT.

There was no discussion and no recommended changes to Section 27-703.

Section 27-704

ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS
SECTION 27-704 ~~DEFINITIONS~~ RESERVED.

There was no discussion and no recommended changes to Section 27-704.

Section 27-705	<p><u>ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS</u> <u>SECTION 27-705 NONCONFORMING LOTS OF RECORD.</u></p> <p>Councilor Shimp questioned why this section had changed so much from the existing code.</p>
For the Record	<p>Councilor Shimp observed that there were no members of the Planning and Development Review Board present.</p> <p>A lengthy discussion ensued relating to: 1) non-conformity and under what circumstances a property would be allowed to be split and sold separately, 2) what would be considered grandfathered-in and what would be declared illegal and, 3) what constituted a lot of record.</p>
For the Record	<p>Councilor Shimp stated on the record that he did not understand why this was being done.</p>
For the Record	<p>Councilor Shimp stated on the record that he took offense to the Mayor bringing up politics.</p>
Section 27-706	<p><u>ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS</u> <u>SECTION 27-706 NONCONFORMING DEVELOPMENT.</u></p> <p>There was no discussion and no recommended changes to Section 27-706.</p>
Section 27-707	<p><u>ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS</u> <u>SECTION 27-707 NONCONFORMING SIGNS AND FENCES.</u></p> <p>Vice Mayor Jones inquired why this section had been deleted and asked if non-conforming fences were dealt with in previous Section 27-333.</p>
Section 27-708-710	<p><u>ARTICLE XVIII, NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS</u> <u>SECTION 27-708-710 RESERVED.</u></p> <p>There was no discussion and no recommended changes to Section 27-708-710.</p> <p>Discussion ensued over a date to establish lots of record in Section 27-705.</p> <p>Section 27-706(a)(4) had been deleted and should not be there.</p>
Public Comments	<p>Harriet Pruette, 217 1/2 Magnolia Street, stated that she felt the city should send each property owner a certified letter advising the changing of the code. Ms. Pruette also suggested advising property owners that they could not revert back to a duplex after 3 years and questioned the footprint bill.</p> <p>Rae Brady, 223 & 224 Lora Street, did not feel that anyone was out to get her but opposed the non-conforming parking in the footprint bill. Ms. Brady stated that she did not understand 706 (b) and (c).</p> <p>Fred DeSapio, property owner, opposed invading property rights, density issues and the 24-month vacancy issue.</p> <p>Discussion ensued based on issues that the public raised.</p>

Consensus: **TO MOVE THE DISCUSSION OF HOW TO PROCEED ON THE VOTING OF THE LDR TO THE REGULAR AUGUST COUNCIL MEETING.**

Adjournment

There being no further business, the meeting adjourned at 8:50 p.m.

BUDGET WORKSHOP MEETING JULY 26, 2000 AT 6:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 26, 2000, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait

Director of Finance John Herbst
Director of Public Safety William Brant
Director of Public Works John Galen
Building Official Dan Arlington

Absent:
Councilor Thomas A. Tankersley
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Finance Director John Herbst recommended that we have the Special Workshop Meeting after the General Fund discussion.

Consensus: **TO HOLD THE GENERAL FUND BUDGET WORKSHOP MEETING BEFORE THE SPECIAL MEETING.**

On the Record

Councilor Shimp stated on the record that he would not vote for the proposed millage. He felt the city should propose a target budget and a wish budget in order to see just where the city would cut back. Councilor Shimp added for the record that he disagreed right off at the very beginning.

The Mayor read each departments proposed budget and the following changes were made.

Mayor & Council

Consensus: **INCREASE THE MAYOR'S FUND BUDGET AMOUNT FROM 0 TO \$800.**

DECREASE CONTINGENCIES & EMERGENCY FROM \$1000 TO \$500.

City Manager's Office

Mayor Vaughn asked John Herbst about the increase in the Life & Health Insurance and what the overall impact would be on the city's budget.

Finance Director John Herbst explained the Jacksonville Beach and Atlantic Beach had both experienced %50 increases in health insurance rates and that he budgeted for a similar increase. Every effort would be made to negotiate a better deal.

No changes were made to the City Manager's budget.

Finance Department	Consensus: <u>TO RELOCATE UNIFORM TO THE NON-DEPARTMENTAL BUDGET.</u>
Legal Council	Consensus: <u>DECREASE OPERATING SUPPLIES FROM \$1,500 TO \$500.</u>
Building Department	Discussion ensued over the addition of a Fire Marshall position to the Staff of the Building Department. Consensus: <u>TO HAVE THE CITY MANAGER MAKE A RECOMMENDATION ABOUT ADDING A FIRE MARSHALL POSITION TO THE BUILDING DEPARTMENT.</u>
City Clerk's Office	Council requested that City Clerk Lisa Volpe research the following budget items and get a bottom line figure: <ol style="list-style-type: none">1. Other Contractual Services2. Election Expenses3. Printing and Binding Consensus: <u>TO DECREASE REPAIRS & MAINTENANCE FROM \$3,000 TO \$2,000.</u> <u>TO DECREASE OPERATING SUPPLIES FROM \$1,500 TO \$500.</u>
On the Record	Councilor Shimp stated on the record the city should be given a target budget on educational courses.
Recess/Reconvene	The meeting was recessed at 8:45 p.m. and reconvened at 8:55 p.m.
Non-Departmental	Consensus: <u>TO DECREASE THE OVERTIME FROM \$1,000 TO \$500.</u> <u>RELOCATE SAFETY TO THE LIFEGUARD BUDGET.</u> <u>TO DECREASE INSURANCE FROM \$5,000 TO \$4,000.</u> <u>TO DECREASE REPAIR & MAINTENANCE FROM \$10,000 TO \$9,000.</u> <u>TO DECREASE OFFICE SUPPLIES FROM \$8,500 TO \$7,500.</u> <u>TO INCREASE UNIFORMS FROM \$200 TO \$700.</u>
Police Department	Consensus: <u>TO INCREASE COMMUNICATIONS SERVICES FROM \$13,000 TO \$14,500.</u>
Volunteer Fire Department	No changes were made to the Fire Department Budget.
Public Safety	Consensus: <u>TO DECREASE EDUCATIONAL COURSES FROM \$500 TO \$200.</u>
Street Department	Consensus: <u>TO ELIMINATE THE FOLLOWING 5 ITEMS FROM THE BUDGET:</u> <u>1. OVERHEAD DOOR FOR STORAGE BUILDING.</u> <u>2. ELECTRICAL INSTALLATION FOR BIKE STORAGE.</u> <u>3. FORD F-250 PICKUP TRUCK (REPLACEMENT)</u> <u>4. FORD F-250 PICKUP TRUCK (REPLACEMENT)</u> <u>5. FORD F-150 PICKUP TRUCK (REPLACEMENT)</u>

Parks Department

Consensus: **INCREASE OTHER CONTRACTURAL SERVICES FROM \$10,000 TO \$25,000.**

ELIMINATE RANSOMES 728D FRONTLINE MOWER .

Lifeguards/Beach
Clean Up

No changes were made to Lifeguards/Beach Clean Up proposed budget.

Moved by Tankersley, seconded by Patronik.

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Tankersley, Shimp, Vaughn
Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Councilor Shimp Councilor Shimp asked the City Manager Linn to direct the Building Official to do something about the lights from the back of a bank and an office building shining in citizens' backyards on McCollum Circle.

Amended Agenda Councilor Shimp requested that item's 12 A and 12 B be placed first on the agenda to keep the representatives that were present from having to wait.

Consensus: **TO MOVE ITEMS 12 A AND 12 B TO THE FRONT OF THE AGENDA.**

Mayor Vaughn asked that item 12 E, Board Appointments be moved to the front for the same reason.

Consensus: **TO MOVE ITEM 12 E TO THE FRONT OF THE AGENDA.**

City Manager Linn asked to amend the agenda to include items 11 C and 12 F.

Consensus: **TO ADD 11 C TO THE AGENDA UNDER OLD BUSINESS AND ITEM 12 F UNDER NEW BUSINESS.**

City Clerk City Clerk Lisa Volpe announced to the council that directions to the Annual Florida League of Cities Conference in Fort Lauderdale were in their boxes.

City Clerk Lisa Volpe reminded the council that she would be on vacation next week and Deputy City Clerk Karla Strait would be in the office for any necessary business.

CITY MANAGER REPORTS/NONE**COMMENTS FROM THE PUBLIC**

Richard Fail, 510 Oak Street, expressed concern about council being referred to as a combat zone. Mr. Fail was also concerned about the budget.

Buddy Crout, 1074 Kings Road, felt that the budget workshops should have begun earlier.

Robert West, 106 Hall Place, was concerned about parking at 200 First Street.

Mary Ann Padrta, 1113 First Street, read a letter from Lynda Padrta regarding density east of Third Street.

Harriet Pruette, 217 ½ Magnolia Street, suggested that allowing residents to convert from a multi family home to a single family home giving them a period of three-years in which they would be allowed to revert back to a multi family home would help to control the density. Ms. Pruette also felt that the Land Development Regulations should not be passed as one package.

NEW BUSINESS

Beaches Chapel **FINAL DEVELOPMENT ORDER FOR BEACHES CHAPEL:** Michael Altenback explained that the Beaches Chapel had asked the Planning & Development Review Board to allow them to add a facelift to the front of the gymnasium, a storage room on the side and take care of a drainage problem.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR THE BEACHES CHAPEL.**

Building Official Dan Arlington explained that the Planning & Development Review Board had made the approval contingent on council's approval of moving the easement.

Moved by Shimp, seconded by Tankersley.

Amended Motion Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR THE BEACHES CHAPEL WITH CONDITIONS THAT THE RIGHT OF WAY WILL BE ACCESSIBLE.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn.

Noes: 0

MOTION CARRIED

Resource Express **FINAL DEVELOPMENT ORDER FOR RESOURCE EXPRESS:** Building Official Dan Arlington stated that the Planning & Development Review Board had denied the request and it had not been appealed.

Moved by Jones, seconded by Shimp.

Motion: **TO DENY THE FINAL DEVELOPMENT ORDER FOR RESOURCE EXPRESS.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Board Appointments **RESOLUTION 2000-15 APPOINTING AND REAPPOINTING BOARD MEMBERS TO THE PLANNING AND DEVELOPMENT REVIEW BOARD AND THE CODE ENFORCEMENT BOARD.**

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPROVE BOARD APPOINTMENTS AS STATED.**

For the Record Councilor Shimp stated on the record that he would like for the paper to advertise that we needed more of cross section of people on the boards.

Roll Call Vote:

Land Development
Regulations

ESTABLISH PROCEDURE FOR CONTINUATION OF REVIEW OF UNIFIED LAND DEVELOPMENT REGULATIONS CHAPTER 27: Mayor Vaughn explained that a date needed to be set to decide on a procedure on how to adopt any or all of the proposed

regulations.

Consensus: **MOVE THE REVIEW OF THE ADMINISTRATIVE SECTION ON LAND USE REGULATIONS TO THE WORKSHOP MEETING.**

200 First Street **PLANNING & DEVELOPMENT REVIEW BOARD CONSENSUS EXPRESSING CONCERN ABOUT 200 FIRST STREET:** Mayor Vaughn stated that the Planning & Development Review Board had a motion at their June 20, 2000, meeting. The motion was carried by unanimous vote going on record to City Council outlining serious concerns with a proposed coffee shop (restaurant/bar) to be located at the old Ed Smith Lumber Company project. Mayor Vaughn was concerned that the subject had not come before the council.

A lengthy discussion ensued.

For the Record Brian Greenwood stated on the record that the Planning & Development Review Board had granted a lot of leeway to the parking at the Ed Smith project. Mr. Greenwood added that he felt the board had been misled about the use of the building.

Police Vehicle **APPROVAL TO SURPLUS TWO POLICE VEHICLES:** City Manager Linn recommended
Surplus declaring a surplus and sale of two police vehicles that had outlived their economic use.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE SURPLUS AND SALE OF THE TWO POLICE VEHICLES.**

WORKSHOP CITY COUNCIL MEETING
AUGUST 21, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 21, 2000 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.	Deputy City Clerk Karla Strait
Vice Mayor Edward S. Jones	Building Official Dan Arlington
Councilor Ronald Patronik	Assistant to the Building Official Piper Turner
Councilor Robert D. Shimp	City Attorney Christopher A. White
Councilor Thomas A. Tankersley	
City Manager Richard A. Linn	
City Clerk Lisa Volpe, CMC	

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE UPDATE: City Manager Linn announced that the architect had rendered the necessary documents and application for the landscaping of the Third Street medians. Mr. Linn added that the committee was also working on another grant for the Third Street medians.

CITY MANAGERS PUNCH LIST

Jarboe Park JARBOE PARK IMPROVEMENTS: City Manager Linn stated items 4b and 5a on the agenda would address this issue.

Roadway Between Shopping Centers ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn reported that he and Chairman of the Planning & Development Review Board John Weldon would be proceeding with negotiations with the owners of the shopping centers.

Disadvantaged Small Community Group DISADVANTAGED SMALL COMMUNITY GROUP: Mr. Linn explained that he had received notification from the Department of Environmental Protection that Neptune Beach ranked 30 out of 64 on a contingency list to receive the grant and that it would be about four or five years out.

Traffic Signal TRAFFIC SIGNALS ATLANTIC BOULEVARD AND AQUATIC DRIVE: Mayor Vaughn questioned City Manager Linn about the date of the last action on the issue according to his punch list. Mr. Linn responded that he would check on it.

Public Safety Building Tour PUBLIC SAFETY BUILDING TOUR BY COUNCIL: Councilor Patronik asked if this item could be removed from the punch list. City Manager Linn responded that he would remove it from the list.

Presentation by Auditors PRESENTATION BY AUDITORS: City Manager Linn introduced auditors Linda W. Dufresne, Dwinelle P. Ford and Gary Huggett from the auditing firm of Masters, Smith, & Wisby and Defresne & Associates.

Dwinelle Ford went over the city's financial statements that were prepared by our Finance Department and their auditing firm with the council.

For the Record Councilor Shimp stated on the record that the reason the auditors were here was because he had seen them at the Florida League of Cities in Orlando and asked them to come.

Councilor Tankersley asked about a way to create a spending trend analysis on a monthly basis.

Linda Dufresne presented the council with a comparison report of the budget for fiscal year 1999 with the actual for fiscal year 1999 and the actual for 1998 general and special revenue fund accounts.

PROPOSED ORDINANCES

Ordinance No. 2000-06 ORDINANCE NO. 2000-06: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA CLOSING, VACATING AND ABANDONING CERTAIN RIGHTS-OF-WAY AND ALLEYS IN NEPTUNE BEACH, FLORIDA; PROVIDING AND EFFECTIVE DATE.

City Attorney Christopher White explained that Ordinance No. 2000-06 needed to be placed on the September Workshop Meeting because he was still in the process of confirming surveys and lot descriptions and other information with Jacksonville Transportation Authority.

Consensus: **FORWARD TO THE SEPTEMBER WORKSHOP COUNCIL MEETING FOR FURTHER DISCUSSION AND TO THE OCTOBER REGULAR COUNCIL MEETING FOR SECOND AND FINAL READ.**

Ordinance No. 2000-07 ORDINANCE NO. 2000-07: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2000 BEGINNING OCTOBER 1, 1999 AND ENDING SEPTEMBER 30, 2000.

City Manager Linn explained that the Ordinance was to increase appropriation in the general fund for the amount of \$150,000 to allow the city to take advantage of a Florida Recreational Improvement Assistance Program.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING FOR SECOND AND FINAL READ.**

Ordinance No. 2000-08 ORDINANCE NO. 2000-08: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2000, BEGINNING OCTOBER 1, 1999.

City Manager Linn explained that this Ordinance was a budget amendment in the amount of 188,000 at the time of the first read and needed to increase to 202,066.20 to provide for payment for Ivey, Harris and Walls, consultants for the land development regulations.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING FOR SECOND AND FINAL READ.**

CONTRACT/AGREEMENTS

Jarboe Park
Improvements

SELECTION OF A CONSULTANT FOR JARBOE PARK IMPROVEMENTS: City Manager Linn reported that he had reviewed the Request for Proposals for the consulting services of design for the Jarboe Park Improvements and recommended approval of his selection of Goddard Design Associates Inc. for a lump sum of \$17,000.

Council discussed the possibility of the city employees doing the work.

Consensus: **FORWARD THE SELECTION OF GODDARD DESIGN ASSOCIATES INC. TO THE SEPTEMBER REGULAR CITY COUNCIL MEETING.**

ISSUE DEVELOPMENT

Sanitation cost

SANITATION COST INCREASES: City Manager Linn stated that the contracts for garbage collection and recycling included provisions for the contractors to increase their charges to the City based upon the Consumer Price Increases. Mr. Linn added that both BFI and Southland Waste Systems had notified us of their increases.

Consensus: **TO DRAFT AN ORDINANCE TO INCREASE THE RATES OF GARBAGE AND RECYCLING FOR FIRST READ AND MOVE TO THE SEPTEMBER REGULAR CITY COUNCIL MEETING.**

LDR Group I

REVIEW OF GROUP I UNIFIED LAND DEVELOPMENT REGULATIONS - ADMINISTRATIVE PROCEDURES: The following three issues of the Proposed Unified Land Development Regulations review Group 1 had been unresolved.

1. Will the city council issue final development orders or will the Planning & Development Review Board issue both the preliminary and final development orders?

Consensus: **LEAVE THE PRELIMINARY DEVELOPMENT ORDER WITH THE PLANNING & DEVELOPMENT REVIEW BOARD AND THE FINAL DEVELOPMENT ORDER WITH THE COUNCIL.**

2. Should the Planning & Development Review Board and Board of Appeals be combined?

Consensus: **NO – CLARIFY THAT THE BOARD OF APPEALS WOULD DEAL WITH RESIDENTIAL AND THE PLANNING & DEVELOPMENT REVIEW BOARD WOULD DEAL WITH COMMERCIAL.**

3. Should a procedure be established to formally notify the City of Atlantic Beach of development actions in the Central Business District area of Neptune Beach?

For the Record Councilor Tankersley stated for the record that he felt it was a crime that the three beach cities didn't talk with one another and the barriers needed to come down.

Consensus: **TO HAVE CITY MANAGER LINN ESTABLISH AN INTERGOVERNMENTAL COMMITTEE AND ADD TO HIS PUNCH LIST.**

Council recommended the following three changes to Group 1:

1. The language regarding a pre-application conference should be changed to suggest it for development proposals, but not require it. The words "optional and "may, at their option" were added to section 27-82(a).

Consensus: **YES**

2. To not require a new survey until the final development process instead of at the beginning of the development process.

Consensus: **TO HAVE BUILDING OFFICIAL DAN ARLINGTON REPORT BACK TO COUNCIL AT THE NEXT WORKSHOP MEETING WITH HIS RECOMMENDATION.**

3. The Administrative Assistant to the Building Official should be designated as the "Secretary for the Boards".

Consensus: **LEAVE SECTION 27-61 INTACT AND HAVE THE CITY MANAGER ASSIGN THE SECRETARY FOR THE BOARDS.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Harriet Pruette, 217 ½ Magnolia Street, stated that she was proud of Finance Director John Herbst and felt that he did a fantastic job. Ms. Pruette felt the services for trash and recycling should be equal to what is paid for. Ms. Pruette also felt that that Media One was making the city an eyesore and they should be held responsible.

TOWN HALL MEETING AUGUST 21, 2000 CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held August 21, 2000, immediately following the Workshop Meeting, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.	Building Official Dan Arlington
Councilor Ronald D. Patronik	Assistant to the Building Official Piper Turner
Councilor Robert D. Shimp	
Councilor Thomas A. Tankersley	
City Manager Richard A. Linn	Absent:
City Clerk Lisa Volpe, CMC	City Attorney Christopher A. White
Deputy City Clerk Karla Strait	Vice Mayor Edward S. Jones

Call to Order

The Mayor called the meeting to order at 9:04 p.m.

Public Comments

Councilor Shimp felt sorry for a lady that was not given the opportunity to speak during the Workshop Meeting. Mr. Shimp felt that citizens should be given the same opportunity to speak during meetings as consultants.

Harriet Pruette, 217 ½ Magnolia Street, felt that citizens should not have to wait until the end of the meeting to speak.

Councilor Tankersley suggested allowing public input at the beginning and the end of each meeting.

Mayor Vaughn stated that Council voted two years ago to have public comments at the end of the meeting and they could change it. The only requirement was that the meetings had to remain orderly and civil.

Councilor Shimp felt that it was injustice to have the citizens wait until late at night to speak out.

Assistant to the Building Official Piper Turner explained that the lady only needed a map and that she left satisfied.

Adjournment

There being no further business, the meeting adjourned at 9:15 p.m.

BUDGET WORKSHOP MEETING AUGUST 22, 2000 AT 7:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Budget Workshop Meeting of the City Council of the City of Neptune Beach was held August 22, 2000, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
Vice Mayor Jones (arrived 7:04)
Councilor Patronik (arrived 7:04)
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait
Director of Finance John Herbst
Director of Public Works John Galen
Director of Public Safety William Brandt
Building Official Dan Arlington

Absent:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:03 p.m.

Mayor Vaughn asked that the record show that Vice Mayor Jones and Councilor Patronik were not present.

Councilor Patronik was late because he was speaking with Public Works Director John Galen in the hallway.

City Manager Linn reported that staff had developed a revised budget in line with council directive to present a financial plan that used the roll back millage rate for ad valorem taxes and not using any reserves to balance the budget. Mr. Linn added that there were many cuts and that he did not feel comfortable with the revised budget.

City Manager Linn explained the major reductions in these line items:

- | | |
|-----------------------|---|
| Revenue | <ul style="list-style-type: none">▪ Ad Valorem Taxes from (1,147,450) to (895,626) a reduction of 251,824.01.▪ Personal Property Taxes from (43,690) to (34,102) a reduction of 9,588.▪ Appropriated Fund Balance from (200,000.) to 0 a reduction of 200,000.▪ Total reduction in revenue of 460,912. |
| Mayor & Council | <ul style="list-style-type: none">▪ Travel and Per Diem from 5,500 to 750 a reduction of 4,750.▪ Books, Subscriptions & Membership from 1,000 to 0.▪ Total reduction in Mayor & Council Budget of 6,497. |
| City Manager's Office | <ul style="list-style-type: none">▪ Other Contractual Service from 5,000 to 1,000 reduction of 4,000. |

	<ul style="list-style-type: none"> Travel & Per Diem from 2,500 to 500 a reduction 2,000. Printing and Binding from 1,100 to 0 a reduction of 1,100. Total reduction in City Manager's Office of 12,893.
Finance Department	<ul style="list-style-type: none"> Repair and Maintenance from 4,500 to 3,500 a reduction of 1,000. Printing and Binding from 2,000 to 1,000 a reduction of 1,000. Total reduction in Finance Department 10,097.99.

Total reduction in Community Development / Building Department of 89,547.
City Clerk's Office	<ul style="list-style-type: none"> Election Expenses from 6,500 to 4,000 a reduction of 2,500. Total reduction in City Clerks Office 18,080.99.
Non-Departmental	<ul style="list-style-type: none"> Other Contractual Services from 19,000 to 10,000 a reduction of 9,000. Printing and Binding from 3,000 to 0 a reduction of 3,000. Contingencies & Emergency from 20,000 to 8,000 a reduction of 12,000. Total reduction in Non-Departmental 34,5000.
Police Department	<ul style="list-style-type: none"> Police Regular Salaries from 950,800 to 914,306 a reduction of 36,494. Life and Health Insurance from 63,522 to 48,700 a reduction of 14,822. Building Improvements from 12,000 to 0 a reduction of 12,000. Educational Courses from 6,000 to 1,500 a reduction of 4,500. Total reduction in Police Department 88,109.99.
Fire Department	<ul style="list-style-type: none"> No changes were made to the Fire Department.
Animal Control	<ul style="list-style-type: none"> Animal Control Regular Salaries from 44,800 to 40,824 a reduction of 3,976. Total reduction in Animal Control of 2,688.
Street Department	<ul style="list-style-type: none"> Machinery and Equipment from 128,221 to 115,285 a reduction of 12,936. Total reduction in Street Department of 130,309.
Parks Department	<ul style="list-style-type: none"> Other Contractual Services from 10,000 to 4,500 a reduction of 5,500. Repair & Maintenance from 10,000 to 7,500 a reduction of 2,500. Machinery & Equipment from 15,219 to 0 a reduction of 15,219. Total reduction in Parks Department of 29,614.
Lifeguards/Beach Clean Up	<ul style="list-style-type: none"> Department went from a total of 168,825.01 to 142,000 a reduction of 26,825.01. To provide only the services at the level that Jacksonville reimburses the city.

City Manager Linn completed his report by stating that he had 37 years experience in government and this was the first time he had presented a budget that he did not feel was realistic.

Mayor Vaughn addressed the Council from the podium and stated that he was ashamed of what he had allowed to happen without voicing a greater opposition. Mayor Vaughn explained that the budget would only have increased \$111,000 had they not done anything. Mayor Vaughn went on to say that the actual fiscal year 2000 budget was 2,774,579 and that they had demanded that the City Manager create a budget of 2,796,010 a 14.2% decrease in his proposed budget. Mayor Vaughn disagreed with the actual proposed increase over the fiscal year 2000 budget of 482,343 or 17.4%. Mayor Vaughn felt that the city could not operate on the proposed fiscal year 2001 expenditures without cutting services. Mayor Vaughn congratulated Mr. Linn for doing the painstaking job of reducing the budget that he was instructed to do.

For the Record Mayor Vaughn stated for the record that he was ashamed of his vote to roll the taxes back for the twelfth year in a row. He did not want to be a part of the further degradation of the budget process at this meeting. He dismissed himself at 7:50 p.m. and turned the gavel over to Vice Mayor Jones.

Discussion Discussion ensued concerning: 1) educational courses, 2) having quarterly or biannual budget meetings, 3) pulling money out of reserves and, 4) quality of services.

Major Concerns City Manager Linn stated that he was concerned about delays in services due to having to ask council for emergency funds for purchases that were outside the budget. Mr. Linn added that any emergency funds would have to be granted by ordinance that would require a first and second read causing at least a two-month delay in emergency purchases.

Better Jacksonville Plan City Manager Linn stated that he anticipated extra revenue of 183,000 for the first year if the Better Jacksonville Plan was voted in favor of. Mr. Linn explained that the money could only be used for capital purchases and infrastructure.

Discussion Council discussed the possibility of using the Reserve Fund Balance for emergency contingencies.

Consensus: **TO USE \$275,000 FROM THE RESERVE FUND BALANCE ALLOWING THE CITY MANAGER TO PLUG \$125,000 BACK INTO THE BUDGET WHERE HE SAW FIT AND THE OTHER \$150,000 TO BE USED FOR EMERGENCIES BY RESOLUTION WITH COUNCIL APPROVAL.**

Next Budget Meeting City Manager Linn suggested that Finance Director John Herbst send out the revised budget for council to review before the next meeting.

Adjournment There being no further business, the meeting adjourned at 9:15 p.m.

MOTION CARRIED

Ordinance 2000-11

ORDINANCE NO. 2000-11, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4)

Moved by Jones, seconded by Patronik.

Motion: **TO PASS ORDINANCE NO. 2000-11 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

For the Record Mayor Vaughn stated that his vote did not indicate approval of the ordinance that it was only to move it forward to the Workshop Meeting.

MOTION CARRIED**OLD BUSINESS**

Fuel Tanks

AWARD CONTRACT TO CAPITAL PETROLEUM EQUIPMENT TO INSTALL TWO FUEL TANKS FOR \$8,035 AND \$9,742: City Manager Linn recommended awarding the two contracts to Capital Petroleum Equipment.

Moved by Tankersley, seconded Patronik.

Motion: **TO APPROVE THE CITY MANAGER TO HONOR THE BIDS 07 AND 08 FOR THE TWO OIL TANKS.**

Discussion ensued about the qualifications and references of Capital Petroleum Equipment.

City Attorney White explained that if we went back and asked for further information from Capital Petroleum that we would also have to ask the other companies that bid on the project for the same information.

Friendly Amendment: **TO AMEND THE MOTION TO ACCEPT THE BIDS WITH THE CONDITION THAT THE CITY MANAGER PROVIDE A COPY OF REFERENCES TO THE COUNCIL AND THE REFERENCES ARE ACCEPTABLE AND NOT AWARD THE CONTRACT IF THE REFERENCES DO NOT CHECK OUT.**

Moved by Tankersley, seconded by Patronik.

Roll Call Vote:

Ayes: 5 - Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

NEW BUSINESS

Jarboe Park Grant

AWARD A DESIGN BUILD CONTRACT TO GODDARD DESIGN ASSOCIATES, INC. IN THE AMOUNT OF \$17,000 FOR JARBOE PARK GRANT: City Manager Linn recommended awarding Goddard Design Associates Inc. a contract for a lump sum of \$17,000 for consulting services of design and build park improvement.

Moved by Jones, seconded by Tankersley.

Motion: **MOTION TO AWARD DESIGN AND BUILD CONTRACT TO GODDARD DESIGN IN THE AMOUNT OF \$17,000 FOR JARBOE PARK GRANT.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Highway Beautiful Grant

APPROVAL OF HIGHWAY BEAUTIFUL GRANT FOR THIRD STREET MEDIANS: City Manager Linn recommended approval of the Florida DOT Highway Beautiful Grant for \$5,000 to be matched by the city.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE THE FLORIDA DOT HIGHWAY BEAUTIFICATION GRANT APPLICATION.**

Discussion ensued regarding the maintenance and watering of the medians.

Roll Call Vote:

Ayes: 4- Jones, Patronik, Shimp, Tankersley

Noes: 1- Vaughn

MOTION CARRIED

Dial-A-Ride

REQUEST FOR SUPPORT OF DIAL-A-RIDE FROM COUNCILMAN JERRY HOLLAND: City Manager Linn explained that Councilman Jerry Holland had requested \$1,000 support from Neptune Beach and Atlantic Beach along with the financial support already provided

by Jacksonville Beach to continue the program.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE SUPPORT OF \$1,000 TO THE BEACHES COUNCIL ON AGING.**

Roll Call Vote:

Ayes: 4 - Patronik, Tankersley, Shimp, Vaughn

Noes: 1- Jones

Consensus: **REQUEST THE CITY MANAGER WORK WITH THE OTHER CITY'S TO CREATE A PRORATA SHARE FOR FUTURE ISSUES.**

For the Record Vice Mayor Jones felt that we should work in conjunction with Jacksonville Beach and Atlantic Beach and support the program as a group based on the percentage of population of ridership and make a joint recommendation from the three cities.

MOTION CARRIED

Hurricane Doors **CONSIDERATION OF PURCHASE OF HURRICANE DOORS FOR CITY HALL:** City Manager Linn recommended the purchase and installation of hurricane doors for the City Hall building from J. B. Matthews Co. in the amount of \$4,330.

Moved by Shimp, seconded by Jones.

Motion: **TO TABLE THE CONSIDERATION OF THE HURRICANE DOORS TO THE SEPTEMBER 18, 2000, WORKSHOP MEETING AND HAVE BILLY JONES PRESENT TO EXPLAIN HOW THE DOORS WOULD BE INSTALLED AND EXACTLY WHAT THEY WOULD LOOK LIKE.**

Council discussed the appearance and maintenance of the doors along with other alternatives.

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Secure One **FINAL DEVELOPMENT ORDER - 700 BLOCK OF THIRD STREET - SECURE ONE:** City Manager Linn explained that the Planning & Development Review Board had recommended approval of the final development order for Secure One as proposed.

Jim Smith, President and Co-Owner of Secure One proposed the construction of a 2 story, 5200 square foot office building at the 700 block of Third Street.

Moved by Jones, seconded by Shimp.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR SECURE ONE AT THE 700 BLOCK OF THIRD STREET.**

For the Record Mayor Vaughn asked that the record show that he questioned Mr. Jim Smith about a written agreement between Secure One and the neighbors that would be necessary for

the development.

Mr. Smith explained that they did have a verbal agreement and that the written agreement was in the works.

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

CDBG Grant

APPROVAL OF CDBG GRANT FOR TRUANCY REDUCTION PROGRAM: City Manager Linn described the CDBG Grant Program to provide funding for a truancy control program and recommended approval of the contract.

Moved by Shimp, seconded by Jones.

Motion: **TO TABLE THE APPROVAL OF THE CDBG GRANT FOR TRUANCY REDUCTION PROGRAM TO THE SEPTEMBER 18, 2000, WORKSHOP MEETING AND HAVE CHIEF BRANDT EXPLAIN THE PROGRAM AND PROVIDE DOCUMENTATION THAT MRS. MANN AND MRS. MOUSA WERE IN FAVOR OF THE PROGRAM.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MINUTES
WORKSHOP CITY COUNCIL MEETING
SEPTEMBER 18, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held September 18, 2000 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait

Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Director of Public Safety William Brandt

ABSENT:

Councilor Thomas A. Tankersley
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

City Clerk Lisa Volpe announced that Councilor Tankersley was absent due to a death in the family.

City Manager Linn announced that City Attorney White was absent due to an appointment in Orlando.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the Ish Brant Beautification Committee was working on the Third Street medians, and had submitted plans to the Florida Department of Transportation for approval. The committee was also in the process of a grant application for Highway Beautification and the ordinance for tree city.

CITY MANAGERS PUNCH LIST

Naval Air Show

City Manager Linn reported that he would be attending the Steering Committee Meeting on September 21, 2000 and that they were working on the mechanics, funding and marketing.

**Intergovernmental
Committee**

City Manager Linn announced that he had met with the City Managers and Mayors of Atlantic Beach and Jacksonville Beach in an effort to establish an intergovernmental committee to formally notify each city of development actions in Neptune Beach. Mr. Linn

stated that the consensus of the three cities was to keep notifications informal.

Historical Video
Development

Councilor Shimp requested that City Manager Linn approach Fletcher Senior High or Neptune Beach Elementary School to see if they would be interested in developing a historical video.

Consensus: **TO DIRECT CITY MANAGER LINN TO APPROACH FLETCHER SENIOR HIGH OR NEPTUNE BEACH ELEMENTARY SCHOOL TO SEE IF THEY WOULD BE INTERESTED IN DEVELOPING A HISTORICAL VIDEO.**

Presentation of Water
and Sewer Rate Study

PRESENTATION OF WATER AND SEWER RATE STUDY ANALYSIS: City Manager Linn introduced Jonathan Varnes and Michael Burton of Burton and Associates.

Mr. Varnes and Mr. Burton gave a presentation of the water and sewer rate study analysis and conceded that the city was in good shape and the rates looked good for the next five years.

Town Center Green
Market

TOWN CENTER GREEN MARKET ASSOCIATION REQUEST FOR \$1500 SEED MONEY: Patricia Goelz explained to the council that the Town Center Green Market Association had recognized that some seed capital would be required in order to start up the market. Ms. Goelz requested that the city contribute \$1500 in seed capital toward the start of the project.

Consensus: **TO DIRECT CITY MANAGER LINN TO RESEARCH IF AT&T BROADBAND FORMERLY MEDIA ONE WOULD BE ABLE TO SPONSOR THE EVENT AND INCLUDE IN THE BUDGET FOR EVENTS BY MEDIA ONE AND PRESENT HIS FINDINGS AT THE OCTOBER REGULAR CITY COUNCIL MEETING.**

PROPOSED ORDINANCES

Ordinance No.
2000-11

ORDINANCE NO. 2000-11: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4), ACCESSORY BUILDINGS.

Discussion ensued about how to proceed with the adoption of Article V of the Revised Land Development Regulations.

Consensus: **TO HOLD A SPECIAL WORKSHOP MEETING ON THURSDAY SEPTEMBER 21, 2000, STARTING AT 6:00 P.M. AND ENDING AT 7:00 P.M. TO DISCUSS PROPOSED ORDINANCE 2000-11 AND ARTICLE V ACCESSORY STRUCTURES AND USES.**

CONTRACT/AGREEMENTS

Capital Petroleum
Equipment Co.

CAPITAL PETROLEUM EQUIPMENT CO. BACKGROUND CHECK: City Manager Linn explained that his assistant had provided documentation that Capital Petroleum Equipment Company had met the requirements and the background check was acceptable for awarding the contract.

Truancy Program

CDBG GRANT FOR TRUANCY REDUCTION PROGRAM: City Manager Linn explained that Chief Brandt had provided documentation of how the grant would be used.

Director of Public Works Chief Brandt informed council how the program would work and that no other program could be used for the grant. Chief Brandt explained that the grant

would pay for an officer, a clerical person, and provide transportation along with other expenses. Chief Brandt added that Fletcher High School was also interested in the program.

Discussion ensued about 1) the necessity of the program, 2) concerns about what would happen with the officer if the grant was not funded, and 3) the income requirements and restrictions of the grant.

ISSUE DEVELOPMENT

Agenda Change Mayor Vaughn asked the council to consider modifying the agenda to include item g a presentation of a petition from Terry Cater to one way Cherry Street and to move to the first item under issue development.

Consensus: **TO MODIFY THE AGENDA TO INCLUDE ITEM G PRESENTATION OF A PETITION FROM TERRY CATER TO ONE WAY CHERRY STREET AND MOVE TO THE FIRST ITEM UNDER ISSUE DEVELOPMENT.**

One Way Cherry Street **PRESENTATION OF PETITION FROM TERRY CATER TO ONE WAY CHERRY STREET:** Terry Cater of 208 Cherry Street provided a petition from homeowners and tenants on Cherry Street that supported the idea of one way west bound traffic on the 200 block of Cherry Street.

For the Record Councilor Shimp stated on the record that he felt it was an injustice to the residents that lived on Walnut Street.

Consensus: **TO PREPARE A RESOLUTION TO ONE WAY THE 200 BLOCK OF CHERRY STREET WEST BOUND FOR A 60 DAY TRIAL PERIOD AND HAVE IT READY FOR THE OCTOBER REGULAR COUNCIL MEETING.**

Building Permit Fees **DISCUSSION ON BUILDING PERMIT FEE STRUCTURES:** Mayor Vaughn stated that he had been contacted by a contractor that paid a permit fee of \$360 and the same fee in the City of Jacksonville Beach would only cost \$90. Mayor Vaughn felt there was a serious disparity in permit fees between our city and neighboring cities.

Building Official Dan Arlington explained that the neighboring cities grouped all permits in one category and in our city they were split into commercial and residential and that the permit fees for commercial property is more expensive. Mr. Arlington felt that our permit fees should be a little higher than our neighboring cities because we didn't have very much new construction.

Consensus: **DIRECT CITY MANAGER LINN TO PLACE THE BUILDING PERMIT FEE STRUCTURE ON HIS PUNCH LIST.**

Hurricane Doors **CONSIDERATION OF PURCHASE OF HURRICANE DOORS FOR CITY HALL J.B. MATHEWS CO. \$3,809:** City Manager Linn recommended that the hurricane doors be placed on the consent agenda for the October Regular Council Meeting.

Billy Jones, the city carpenter, explained how the hurricane doors would operate and that they would match the exterior color of the building.

Recess/Reconvene The Mayor called for a recess at 8:55 p.m. while councilors went outside to look at the doors and the meeting reconvened at 9:05.

Consensus: **FORWARD TO THE OCTOBER REGULAR CITY COUNCIL MEETING.**

Lighting at Neptune
Beach Elementary

REQUEST FOR LIGHTING AT NEPTUNE BEACH ELEMENTARY FIELD: City Manager Linn reported that he had received a letter through Councilor Shimp from Mr. Kinsey requesting lights at the practice field behind the elementary school. Mr. Linn asked Councilor Shimp to speak in regard to issue.

Councilor Shimp stated that he had spoken with the President of Jacksonville Beach Pop Warner Association Mr. Kinsey. Councilor Shimp added that sixty kids participated in practices that were held on a reoccurring basis at the field. Councilor Shimp suggested that the neighbors next to the field be notified before making a final decision.

Discussion ensued about 1) the timing of the lighting, 2) the electric bill and 3) the lease agreement.

Consensus: **DIRECT CITY MANAGER LINN TO HAVE A REPORT PREPARED FOR POSSIBLE ACTION AT THE OCTOBER REGULAR CITY COUNCIL MEETING.**

Tennis Proposal /
Jarboe Park

TENNIS PROPOSAL FOR JARBOE PARK: City Manager Linn stated that Sandra Phillips approached him with a proposal to implement a tennis program at Jarboe Park.

Ms. Phillips addressed the council and stated that she was a member of the United States Professional Tennis Registry and had been teaching tennis for ten years. Ms. Phillips stated that she would like to create more activity at Jarboe Park by implementing junior and adult programs. Ms. Phillips explained that she would never block off all of the courts at one time.

Consensus: **DIRECT CITY MANAGER LINN TO REPORT BACK TO COUNCIL WITH A RECOMMENDATION.**

Violence at Fletcher
High School

VIOLENCE AT FLETCHER HIGH SCHOOL/FELONY THEFT COMPLAINT BY DENNIS DESPAIN AGAINST THE NEPTUNE BEACH POLICE DEPARTMENT: Mayor Vaughn stated that he received a recent complaint relating to violence at Fletcher High School. Mayor Vaughn added that he had written a memo to Mr. Linn on May 23, 2000 asking him to provide him with information regarding a violent incident in May and he still hadn't received a response. Mayor Vaughn asked for support from the council to find out why he couldn't get information when he asked for it.

Discussion ensued relating to the recent incident.

Mayor Vaughn asked City Clerk Lisa Volpe to research the May 23, 2000, memo from the Mayor to Mr. Linn to find out if it was part of the July 12, 2000, agenda packet.

Consensus: **CITY MANAGER LINN TO INVESTIGATE THE VIOLENT INCIDENTS AND REPORT BACK TO CITY COUNCIL.**

LDR Group I

UNIFIED LAND DEVELOPMENT REGULATIONS: Mayor Vaughn explained that he placed this on the agenda in hopes of coming up with some kind of schedule to address the proposed Land Development Regulations.

Consensus: **TO PROPOSE FOUR SEPARATE ORDINANCES FOR ARTICLE V, ARTICLE IV ARTICLE XIII, AND ARTICLE XVIII AND FORWARD TO THE OCTOBER REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Harriet Pruette, 217 ½ Magnolia Street, felt council was trying to rush the Land Development Regulations through.

Chief Brandt, 200 Lemon Street, stated that according to the city charter department heads were allowed to speak at anytime during council meetings.

JoAnne Waddill, 115 Oleander Street, objected to garage apartments in all of Neptune Beach.

Adjournment

There being no further business, the meeting adjourned at 10:26 p.m.

MOTION CARRIED

Ordinance No. 2000-10 ORDINANCE NO. 2000-10, SECOND AND FINAL READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ADOPTING A FINAL BUDGET AND APPROPRIATING FUNDS FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2000, AND ENDING SEPTEMBER 30, 2001; PROVIDING AN EFFECTIVE DATE.

Moved by Patronik, seconded by Jones.

Motion: **TO ADOPT ORDINANCE 2000-10 ON SECOND AND FINAL READ AND PUBLIC HEARING.**

Mayor Vaughn read Ordinance No. 2000-10 by title only and opened the public hearing.

There being no comments from the public the public hearing was closed.

Councilor Shimp asked City Manager Linn when Resolution No. 2000-16 would be ready.

Mr. Linn requested the Mayor call for a recess so that he could prepare the resolution.

Recess/Reconvene The Mayor called for a recess at 6:06 and the meeting reconvened at 6:19.

Agenda Change Adding RESOLUTION NO. 2000-16: A RESOLUTION OF THE CITY OF NEPTUNE BEACH
Resolution No. 2000-16 ALLOWING EXPENDITURE OF FUNDS FROM LINE ITEM NON DEPARTMENTAL
 CONTINGENCIES AND EMERGENCY ONLY WITH CITY COUNCIL APPROVAL.

WHEREAS, the City Council of Neptune Beach has passed on first read a proposed budget appropriating \$150,000 as a line item titled Contingencies and Emergencies, and

WHEREAS, it is the desire of the City Council that no funds will be expended from this line item without prior approval of City Council.

NOW THEREFORE BE IT RESOLVED THAT:

Prior to any expenditures of line item non-departmental Contingencies and Emergencies the City Manager will obtain such approval.

This Resolution adopted by the City Council at the regular meeting held September 18, 2000.

Moved by Patronik, seconded by Jones.

TOWN HALL MEETING SEPTEMBER 18, 2000 CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held, September 18, 2000, immediately following the Workshop Meeting, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

Building Official Dan Arlington
Director of Public Safety William Brandt
Assistant to the City Manager Terry Klein

City Clerk Lisa Volpe, CMC
Deputy City Clerk Karla Strait

Absent:
City Attorney Christopher A. White
Councilor Thomas A. Tankersley
City Manager Richard A. Linn

Call to Order

The Mayor called the meeting to order at 10:33 p.m.

City Clerk Lisa Volpe announced that Councilor Tankersley was absent due to a death in the family.

As noted in the Workshop Meeting City Manager Linn announced that City Attorney White was absent due to an appointment in Orlando.

City Clerk Lisa Volpe announced that City Manager Linn was absent because he had to pick his daughter up from the airport.

Public Comments

Harriet Pruette, 217 ½ Magnolia Street, stated that the citizens needed to be better informed on land development review issues and felt the Land Development review process should be slowed down.

JoAnne Waddill, 115 Oleander Street, suggested making the existing non-conforming garage apartments legal and putting a stop to future ones.

Laura Patronik, 1520 Leeward Lane, felt that Fletcher High School was a good school and was not violent.

Adjournment

There being no further business, the meeting adjourned at 11:00 p.m.

ABSENT:
Councilor Thomas A. Tankersley
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

City Clerk Lisa Volpe announced that Councilor Tankersley was absent due to a death in the family.

**Land Development
Review Article V**

LAND DEVELOPMENT REVIEW ARTICLE V, ACCESSORY BUILDINGS AND STRUCTURES: Mayor Vaughn explained that this meeting was set as a result of proposed Ordinance 2000-11 and Article V of the Proposed Land Development Regulations.

Satellite Installations

Councilor Shimp was concerned about Section 27-327 (5) and (11) satellite dish installations.

Discussion ensued about installation of satellite dishes.

Consensus: **TO STRIKE SECTIONS 27-327 (5) AND (11).**

Patios and Decks

Councilor Patronik questioned Section 27-331, attached patios and decks and Section 27-334, erection of more than one main use structure on a lot.

Duplexes

Amy Skinner of Ivey, Harris and Walls, explained that the intention of Section 27-334 was to allow detached duplexes.

Detached Garages

Councilor Patronik questioned Section 27-235 (4), general standards and requirements, accessory structures.

Building Official Dan Arlington stated that Article IV contained the controls for development on lots not Article V.

Amy Skinner with Ivey, Harris and Walls, agreed with Dan Arlington concerning the need for the passage of Article IV and Article V simultaneously.

Council discussed detached garages and their uses. There was no consensus.

Building Heights

Mayor Vaughn questioned Section 27-328 (3) the height of accessory buildings.

Discussion ensued about building heights and there was no consensus.

Public Comments

Mayor Vaughn opened the floor for comments from the public,

Brian Greenwood, Member of the Planning and Development Review Board, opposed garage apartments and gave a short presentation to council relating to what it would look like if all the property owners built garages.

Michael Dunlap, 212 Lora Street, felt that garage apartments were appropriate and would not be adding to the density.

John Weldon, 108 Oak Street, Chairman of the Planning and Development Review Board, felt that if garage apartments were allowed that there needed to be a specified maximum square footage, maximum height, and maximum roof pitch. Mr. Weldon also felt that it should be made clear that duplex lots could only have one primary dwelling and one garage apartment if that's what they chose, not a duplex and a garage apartment. Mr. Weldon did not oppose garage apartments but was concerned about passing the individual articles out of context of the overall code review.

Consensus: **FORWARD TO THE OCTOBER REGULAR COUNCIL MEETING.**

Adjournment

There being no further business, the meeting adjourned at 6: 55 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Shimp requested that "No Parking" signs be placed along Forest Avenue behind Neptune Beach Elementary School and asked that it be placed on the next Workshop Agenda. Mr. Linn responded that the signs were put up last week and would be enforced. Councilor Shimp then asked that the issue not be placed on the Workshop Agenda.

CITY MANAGER REPORTS

NB Elementary
Lighting

LIGHTING AT NEPTUNE BEACH ELEMENTARY SCHOOL: City Manager Linn reported that the lighting would need approval from the Assistant Superintendent, Facilities Division of the Duval County School Board. Mr. Linn added that he had spoken with the City Manager of Jacksonville Beach George Forbes who informed him that the Jacksonville Beach Utility Department would draw up the plans necessary for approval.

AT&T Events

AT&T BROADBAND SPONSORED EVENTS: City Manager Linn stated that according to the franchise agreement with Media One/AT&T Broadband we could use the funds for the Green Market without their approval because it would benefit the public.

Petition for Local 630

PETITION FOR UNIT CLARIFICATION LOCAL 630: City Manager Linn stated that he had a petition from Local 630 for the city employees that were not covered by the existing agreement. Mr. Linn announced that he had objected to two of the employees that were classified: 1) the Assistant to the City Manager and, 2) the Building Official. Mr. Linn stated that he asked the union to call for a formal vote of the employees that wished to join the union. Mr. Linn explained that the council could overrule his decision.

Moved by Shimp, seconded by Tankersley.

Motion: **TO SUPPORT MR. LINN TO GO BACK AND HAVE EMPLOYEES TAKE A VOTE.**

MOTION CARRIED

COMMENTS FROM THE PUBLIC

Public Comments

Kirk Cobb, 112 Orange Street, felt that having Cherry Street one-way would just move the problem one block.

Steve Hould, 111 Walnut Street, opposed one-way on Cherry Street because it would shift traffic to the alley.

Robert Leinenweber, 312 Midway, opposed one-way on Cherry Street.

Fred Cattar, 110 Walnut Street, opposed one-way on Cherry Street because it would divert traffic to Walnut.

Lynda Padrta, 1113 First Street, opposed garage apartments and swimming pools being too close to property lines. Ms. Padrta questioned the definition of townhouses and felt that Cherry Street one-way would cause an impact on the community.

William Worsham, 8018 Buchannan Court, Jacksonville, the Business Manager of the Local 630 thanked the council for allowing employees to vote on becoming a union

and informed the council of the proposed changes of the existing contract including 1) option to receive pay for unused sick days and bonus days and 2) twice the annual salary in lieu of the current annual salary for life insurance.

Laura Patronik, 1520 Leeward Lane, submitted a letter regarding solutions for the violence at Fletcher High School.

Fred DeSapio, 114 19th Avenue North, Jacksonville Beach, felt that Article V of the Land Use Revisions should go to a workshop meeting before being voted on for first read.

Chris Lawing, 1726 6th Avenue North, Jacksonville Beach, asked council to address the issue of different types of R-4 districts. Mr. Lawing explained that he had wanted to build a duplex west of Third Street and was denied.

Michael Dunlap, 212 Lora Street, supported garage apartments.

Charles Gear, 1004 Second Street, urged council to table the Land Use Code Revisions because he felt a portion of the population did not understand the impact.

Donald White, 1414 First Street, favored garage apartments, storage spaces, and larger set backs requirements.

Brian Greenwood, 222 Myrtle Street, asked council to postpone action on the Land Use Code Revisions so more work could be done on the revisions.

Harriet Christovich, 110 Seagate Avenue, felt the public was not well informed on garage apartments. Ms. Christovich also asked that the south end of First Street be beautified.

Steve Jarrett, 210 South Street, favored garage apartments as special exceptions and opposed having an Architectural Review Committee.

Peter Coalson, 1614 Coquina Place, Atlantic Beach, favored garage apartments and felt the city had the power to limit kitchens in these units.

Harriet Pruette, 217 1/2 Magnolia Street, stated garage apartments would impact everyone and felt that the issue should be postponed until council knew exactly how many illegal units, multi family units, single family units and undeveloped lots were in the area.

Claire Zaiser, 109 Davis Street, wanted to know if Ordinance No. 2000-14 was on the agenda because it dealt with garage apartments.

VARIANCES/NONE

ORDINANCES

Discussion ensued about Ordinance 2000-14 being added to the agenda. Vice Mayor Jones asked why Ordinance 2000-11 had not been changed as requested. City Attorney White responded that there was not sufficient time or enough information to make the substantial changes for a second read.

Ordinance 2000-11

ORDINANCE NO. 2000-11, PUBLIC HEARING AND FINAL READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-324, DEFINITIONS; AMENDING SECTIONS 27-328(3) AND 27-328(4)

The Mayor read Ordinance No. 2000-11 by title only and opened the public hearing.

Harriet Pruette, 217 1/2 Magnolia Street, opposed changing the square footage of garages from 125 to 500.

Buddy Crout, 1074 Kings Road, did not think council knew enough about the Land Use Revisions to rush them through.

Donald White, 1414 First Street, felt that the reason for Ordinance No. 2000-11 was because the 10 ft x 12 ft accessory buildings that the current code allowed for were not large enough.

Claire Zaiser, 109 Davis Street, felt the definition of garages should include "covered".

Donald White, 1414 First Street, added that garages not only housed motor vehicles they were also used for storage.

Steve Hould, 111 Walnut Street, felt there should not be a vote until everyone understood what they were voting for.

There being no further comments the public hearing was closed.

Discussion ensued.

Vice Mayor Jones requested that the City Clerk Lisa Volpe prepare a verbatim of the September 21, 2000 Land Development Regulations Council Meeting.

Moved by Jones, seconded by Shimp.

Motion: **TO ADOPT ORDINANCE 2000-11.**

Roll Call Vote:

Ayes: 0

Noes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

MOTION FAILED

OLD BUSINESS/NONE

NEW BUSINESS

AT&T Events

APPROVAL OF LIST OF EVENTS TO BE SPONSORED BY AT&T BROADBAND TRUST FUND: City Manager Linn recommended approval of the list of sponsored events which included Dial-A-Ride and the Green Market.

Moved by Shimp, seconded by Tankersley.

Motion: **TO APPROVE THE SPONSORED BY AT&T BROADBAND EVENTS.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Town Center
Maintenance
Agreement

MAINTENANCE AGREEMENT FOR TOWN CENTER: City Manager Linn explained the three party maintenance agreement between Neptune Beach, Atlantic Beach and the City of Jacksonville and recommended approval.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE TOWN CENTER MAINTENANCE AGREEMENT.**

Discussion ensued regarding Neptune Beach's responsibilities.

Legal Opinion City Attorney Chris White cautioned the approval of the maintenance agreement without Exhibit A.

MOTION WITHDRAWN

Council directed City Manager Linn to clarify contradictions and asked that Exhibit A be attached before approval.

Hurricane Doors

APPROVAL OF HURRICANE DOORS FOR CITY HALL BUILDING: City Manager Linn explained that the new proposal of \$4,889 for hurricane doors for the City Hall building, extended the height of the doors so they would be hidden from view.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE PURCHASE OF THE HURRICANE DOORS.**

Roll Call Vote:

Ayes: 4 - Patronik, Tankersley, Shimp, Vaughn

Noes: 1 - Jones

MOTION CARRIED

Cherry Street One
Way

RESOLUTION NO. 2000-17, DESIGNATION OF 200 BLOCK OF CHERRY STREET AS ONE-WAY WESTBOUND FOR A 60-DAY TRIAL PERIOD: City Manager Linn submitted Resolution 2000-17 to one-way Cherry Street as directed by Council at the October 2, 2000, Regular Council Meeting.

Moved by Jones, seconded by Vaughn.

Motion: **TO APPROVE RESOLUTION 2000-17.**

Roll Call Vote:

Ayes: 2 - Jones, Vaughn

Noes: 3 - Patronik, Shimp, Tankersley

MOTION FAILED

Local 630 Union

APPROVAL OF LOCAL 630 UNION CONTRACT MODIFICATIONS: City Manager Linn explained that Local 630 had the option to reopen its contract that expired September 30, 2001. Mr. Linn explained that the union employees had requested the following change in Article 12; be allowed to collect pay for unused sick days and bonus days, and the following change in Article 16; to increase their life insurance from their regular annual salary to twice their annual salary.

Moved by Jones, seconded by Tankersley.

Motion: **TO NOT ACCEPT THE CONTRACT MODIFICATIONS.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Recess/Reconvene Mayor Vaughn called for a recess at 9:00 and the meeting reconvened at 9:15.

Kings Road
Subdivision/ Forest
Avenue Subdivision

CONSIDERATION OF A FINAL DEVELOPMENT ORDER FOR KINGS ROAD SUBDIVISION AND FOREST AVENUE SUBDIVISION: City Manager Linn introduced the developer of the property Steve Jarrett. Mr. Jarrett requested that Council approve the development orders contingent on the approval of the St. Johns River Water Management District and the following issues involving engineering brought up by the city's engineers:

- 1) the stormwater system having a filter structure incase the system does not work,
- 2) a water line upgrade in front of the Kings Road Subdivision,
- 3) changing the diameter of the cul-de-sacs radii from 30 to 34 feet,
- 4) shallow sewer lines in both subdivisions that are less than 36 inches deep; the Kings Road Subdivision needed to be changed to either individual grinder pumps, a lift station, or adjust the thickness of the pipes to go with the gravity pull, and the Forest Boulevard Subdivision should go across street to a deeper sewer line.

Discussion ensued on council about the best solutions and Councilor Shimp added that any new lift stations had to be subterranean.

Moved by Jones, seconded by Patronik.

Motion: **TO APPROVE BOTH FINAL DEVELOPMENT ORDERS FOR KINGS ROAD SUBDIVISION AND FOREST AVENUE SUBDIVISION WITH THE CONDITIONS THAT STEVE JARRETT LISTED WITH APPROVAL FROM THE SAINT JOHNS RIVER WATER MANAGEMENT DISTRICT AND THE PUBLIC WORKS' ENGINEERS.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

New Leaf School

CONSIDERATION OF A SPECIAL EXCEPTION - NEW LEAF SCHOOL 407 THIRD STREET: City Manager Linn introduced Ronda Steinke-McDonald.

Ronda Steinke-McDonald proposed to council a special exception for "New Leaf School" allowing for a second floor addition to the Neptune Baptist Church. Ms. McDonald explained that the school would provide for a maximum of 20 5th, 6th and 7th grade students who had not been successful in the traditional school setting.

Moved by Jones, seconded by Patronik.

Motion: **TO APPROVE THE SPECIAL EXCEPTION FOR THE NEW LEAF SCHOOL AT 407 THIRD STREET.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

LDR Group III

SET DATE AND/OR PROCEDURE FOR CONSIDERATION OF GROUP THREE OF LAND DEVELOPMENT REGULATION REWRITE: Discussion ensued about the current council reviewing Group III or if Group III should be referred to the incoming council. Vice Mayor Jones requested that a special meeting be held after the October Workshop Meeting for a first read on Group II.

Legal Opinion City Attorney White advised that would not be the best way because there would not be adequate time to prepare and notice the ordinance for a public hearing.

Moved by Shimp, seconded by Tankersley.

Motion: **TO TABLE GROUP III TO THE NEXT COUNCIL AND SEND GROUP II TO THE OCTOBER WORKSHOP.**

Roll Call Vote:

Ayes: 4- Jones, Patronik, Shimp, Tankersley

Noes: 1 - Vaughn

Deputy City Clerk Karla Strait
Building Official Dan Arlington
Assistant to the City Manager Terry Klein

Call to Order/Roll Call

The Mayor called the meeting to order at 6:50 p.m.

Agenda Change

Councilor Shimp suggested changing the agenda to forward the public comments to item 3 (a).

Consensus:

TO MODIFY THE AGENDA TO MOVE PUBLIC COMMENTS FORWARD TO ITEM NO. 3(A).

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that he had personally delivered the plans for the median strips to the Florida Department of Transportation for approval because they had been misplaced in the mail and returned to city hall. Mr. Linn added that a purchase order had been issued for palm trees and the reimbursement papers had been submitted to the neighborhood grant program for \$5,000. Mr. Linn announced that the committee was also in the process of submitting an application for recognition as a Tree City and that the yard of the month program was still active.

CITY MANAGERS PUNCH LIST

Traffic Signal Atlantic Blvd. And Aquatic Dr.

TRAFFIC SIGNAL AT ATLANTIC BOULEVARD AND AQUATIC DRIVE: City Manager Linn reported that he had received a letter from the Department of Transportation rejecting the request for the traffic signal at Atlantic Boulevard and Aquatic Drive.

Roadway Between Shopping Centers

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn announced that he and Chairman of the Planning and Development Review Board John Weldon were still

pursuing the roadway to interconnect the two shopping centers. Mr. Linn added that there was new ownership to one of the shopping centers and he felt that the negotiations would be difficult.

Historical Video

HISTORICAL VIDEO: City Manager Linn stated that he had contacted Fletcher High School regarding the historical video and they had yet to respond.

Lighting at Neptune Beach Elementary

LIGHTING OF THE RECREATION FIELD AT NEPTUNE BEACH ELEMENTARY SCHOOL: City Manager Linn reported that the City of Jacksonville Beach Utility Department had submitted the plans to the school board for approval. Mr. Linn added that he had spoken with the principal of Neptune Beach Elementary School and that she strongly supported the lighting as long as the lights did not shine on the neighborhood.

Elections 2000

ELECTIONS 2000 CANVASSING MEETING: City Clerk Lisa Volpe announced that because this year's election was a national election we would probably not receive the results until after midnight on Tuesday, November 7, 2000. Ms. Volpe suggested holding the Special City Council Meeting to publicly canvass the returns and declare the results of the election on Wednesday, November 8, 2000.

Consensus:

TO HOLD THE SPECIAL CITY COUNCIL MEETING TO PUBLICLY CANVASS THE RETURNS AND DECLARE THE RESULTS OF THE ELECTION ON WEDNESDAY, NOVEMBER 8, 2000, AT 6:30 P.M.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Wendy Manasco, 1827 Leeward Lane, felt that a memo from the Chief of Police was inappropriate and that he should take responsibility for it.

Rod Wilson, 573 Valley Forge Road North, voiced concern about allegations of violence, guns and drugs at Fletcher High School because he as an employee at the school, did not feel that the school deserved the allegations.

Jim Schultz, 608 Valley Forge Road North, had a problem with recreational vehicles, boats, trailers, and commercial vehicles on his street and was in favor of Ordinance No. 2000-12.

Virginia Cauthen, 617 Valley Forge Road North, was concerned about the parking of recreational vehicles, boats, trailers, and commercial vehicles on the corner of Lincoln Road and Valley Forge Road North.

Robert A. West, 106 Hall Place, felt that the Central Business District needed more parking and less outside restaurants.

Pat Lynch, 700 Valley Forge Road North, felt that something needed to be done about the parking of recreational vehicles, boats, trailers, and commercial vehicles on the corner of Lincoln Road and Valley Forge Road North.

Brenna Durden, 9428 Baymeadows Road #625, attorney practicing in land use and environmental area, addressed the council regarding Group II of the Land Development Regulations concerning the definition section, non conforming units, and attached duplexes.

Christian Keeney, 1810 Forth Street, felt the cable situation was atrocious and he was upset that the cable company drilled though his sewer line.

Hal Mankin, 2037 Sandpiper Point, stated that a parked recreational vehicle was blocking

the lighting from his home and favored Ordinance No. 2000-12.

Laura Patronik, 1520 Leeward Lane, stated that she was confident in the School Board and Fletcher High School.

Mary Truta, 701 Valley Forge Road, presented to council pictures of a large trailer and commercial vehicles that were parked on the corner of Lincoln Road and Valley Forge Road North. Ms. Truta felt that something needed to be done about the situation and she favored Ordinance 2000-12.

Harriet Pruette, 217 ½ Magnolia Street, felt for the people on Valley Forge Road North that had to put up with the parking situation and favored Ordinance No. 2000-12, if a special exception for people without back yards would be added.

Lynda Padrta, 1113 First Street, suggested fining AT&T Broadband for littering and opposed the use of garage apartments for financial gain.

Larry Beety, 2016 Sandpiper Point, felt the city should be able to enforce neighborhood covenants and restrictions and complained about the appearance of the city yard.

Buddy Crout, 1027 Kings Road, stated that he would not want to live on Valley Forge Road North with the parking situation because it was unsafe and unsightly. Mr. Crout also felt there was not a violence problem at Fletcher High School.

Brian Greenwood, 222 Myrtle Street, Member of the Planning and Development Review Board, thanked Councilors Patronik and Shimp for postponing accessory buildings and recommended making it two different bills with garage apartments being one item and garages and sheds being the second.

Recess/Reconvene Mayor Vaughn called for a recess at 7:55 p.m. and the meeting reconvened at 8:13 p.m.

Agenda Change Because representatives were present, Councilor Patronik suggested moving agenda item 5(a) forward to item 3(b).

Consensus: **TO MOVE AGENDA ITEM 5(A) FORWARD TO ITEM 3(B).**

CONTRACT/AGREEMENTS

Proposals for solid waste collection **REQUEST FOR PROPOSALS FOR SOLID WASTE COLLECTION SERVICES:** City Manager Linn explained that the contract with BFI and Southland Waste expired on May 31, 2000. Mr. Linn added that Redman Consulting Group, Inc. had developed a request for proposal. Mr. Linn recommended moving forward with advertising and solicitation of proposals.

Consensus: **TO ALLOW SOLICITATION OF REQUEST FOR PROPOSALS WITH ONE LANGUAGE CHANGE ADDING "COOPERATION NOT CONSOLIDATION."**

Agenda Change Vice Mayor Jones requested moving agenda item 4(b) ahead of item 4(a) because residents were present to address the issue.

Consensus: **TO MOVE AGENDA ITEM 4(B) FORWARD TO ITEM 4(A).**

Agenda Change Councilor Tankersley requested moving agenda items 6(a) and 6(b) forward.

There was no consensus to move agenda items 6(a) and 6(b) forward.

PROPOSED ORDINANCES

Ordinance No.
2000-12

ORDINANCE NO. 2000-11: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RENUMBERING AND AMENDING EXISTING SECTION 22-28, PARKING OF BOATS AND TRAILERS AND AMENDING SECTION 22-28 TO INCLUDE A NEW SUBSECTION B, PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT OR BOATS ON PRIVATE PROPERTY AND PROVIDING AN EFFECTIVE DATE.

Consensus: **TO CHANGE THE BOAT LENGTH FROM 28 FEET TO 30 FEET AND MOVE ORDINANCE NO. 2000-12 FORWARD TO THE NOVEMBER 6, 2000, REGULAR CITY COUNCIL MEETING FOR FIRST READ.**

Council members where asked to give any changes in writing at first read and review changes with City Attorney White.

Group II ULDR

GROUP II, UNIFIED LAND DEVELOPMENT REGULATIONS: Councilor Shimp suggested tabling Group II for the next council.

Consensus: **TO TABLE GROUP II TO NEXT COUNCIL.**

Discussion ensued about tabling Group II, and council came to another consensus.

Superceding
Consensus: **TO HOLD A SPECIAL WORKSHOP MEETING ON MONDAY, OCTOBER 23, 2000, TO DISCUSS GROUP II OF THE LAND DEVELOPMENT REGULATIONS.**

ISSUE DEVELOPMENT

Paving Streets

REQUEST TO CLEAR, CONSTRUCT AND PAVE BARTOLOME ROAD AND ROSEWOOD DRIVE. City Manager Linn explained that two builders had purchased property and requested that the city pave these streets. Mr. Linn recommended that the City construct the streets and have each abutting property owner share in the expense through a special assessment.

Consensus: **TO HAVE CITY ATTORNEY WHITE WORK WITH CITY MANAGER LINN ON A SPECIAL ASSESSMENT FOR BARTOLOME ROAD AND ROSEWOOD DRIVE.**

Ballot Referendum

Mayor Vaughn stated that the City of Jacksonville's Charter Amendment and Ballot Referendum involving trees was being challenged in court. Mayor Vaughn was concerned about its effect and impact on Neptune Beach and asked council to consider joining the actions.

Legal Opinion

City Attorney White advised that we could intervene on the issue of whether or not the county could exercise this authority within the city limits of Neptune Beach and other urban service districts. Mr. White stated that he would be attending the hearings and invited council members to attend.

Consensus: **TO ALLOW CITY ATTORNEY WHITE TO ATTEND THE HEARINGS ON OCTOBER 30, 2000.**

Request for
Investigation

REQUEST FOR INVESTIGATION OF THE POLICE DEPARTMENT: Mayor Vaughn referred to a recent complaint from Dennis DeSpain asking the council to investigate the actions of the police department in an incident involving his son at Fletcher High School. Mayor Vaughn expressed that a letter written to the Council from Chief Brant attacked the citizen that made the complaint. Mayor Vaughn asked Council to join him in his efforts to have an investigation by Florida Department of Law Enforcement. There being no consensus from the Council, the Mayor stated that he would have an investigation done on his own as a private citizen. Each member of the Council directed City Manager Linn to deal appropriately with the Police Chief in regards to his letter.

City Manager Linn stated that Lt. Kelly had already done an internal investigation on the matter and that he would deal with the Police Chief privately.

Adjournment

There being no further business, the meeting adjourned at 10:31 p.m.

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Councilor Shimp asked Mayor Vaughn if the citizens would have a chance to speak. Mayor Vaughn asked for a consensus of the Council.

Consensus: **TO ALLOW PUBLIC COMMENTS BEFORE COUNCIL DISCUSSION.**

PUBLIC COMMENTS

Rae Brady, 1636 Sea Oaks, was concerned that the footprint bill would not protect her because building records were not available. Ms. Brady suggested that a certificate of compliance be issued to those property owners with non-conforming lots.

Lynda Padrta, 1113 First Street, was concerned about the definition of duplexes in Group 1 and felt that Group 1 should be passed before Group 2.

Claire Zaiser, 109 Davis Street, encouraged passing Article 1 "definitions" first. Ms. Zaiser also stated that garage apartments were legal in the 1950's and 1960's.

Warren Anderson Jr., 2029 North Third Street, Jacksonville Beach, introduced himself to the Council and stated he would leave some information, on the Tree Referendum, for them at City Hall.

Jesse Parks, 703 Lincoln Road, was upset that his property was placed in the newspaper, addressing his family as a nuisance, for parking his commercial

Land Development
Review Group 2

vehicles and a recreational vehicle in front of his house. Mr. Parks felt that he was being signaled out and harassed by his neighbors.

LAND DEVELOPMENT REVIEW GROUP 2: Mayor Vaughn explained that the most recent Land Use Regulations included all of the changes that were agreed to by consensus or Council vote.

Councilor Shimp opposed moving forward with the Proposed Land Development Regulations and felt they should be postponed for the next Council to address.

Vice Mayor Jones felt the Council should move forward with the Proposed Land Development Regulations and suggested the following changes:

1. Section 27-328: Divide into two separate categories, a) accessory buildings and b) garages with garage apartments over the garage.
2. Section 27-330: Leave the wording "in excess of 4 feet in height".
3. Section 27-331: where it referred to the " Architecture Review Process " change to the " Board of Appeals".
4. The setbacks on oceanfront property should be 7 feet.

For the Record Councilor Tankersley stated for the record that he agreed with Councilor Shimp.

Councilor Patronik agreed with Councilor's Shimp and Tankersley.

Councilor Shimp made a motion to adjourn the meeting. Councilor Tankersley seconded the motion and the meeting was adjourned.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Amend Agenda for

Vice Mayor Jones requested an amendment to the agenda to review a variance appeal for

Variance Request the property located at 114 South Street that was before Council at the September Meeting and sent back to the Board of Appeals because the garage issue had not been resolved. Vice Mayor Jones added that the garage issue had been resolved and felt that it was timely to hear the variance request.

Motion: **TO AMEND THE AGENDA TO HEAR THE VARIANCE REQUEST V-00-23, FOR CLIFFORD AT 114 SOUTH STREET.**

Moved by Jones, seconded by Patronik.

Legal Opinion City Attorney White stated that his opinion was that the appeal had not been filed within the five-day time limit, with the fee of \$100.00. Mr. White added if an appeal was not filed within the five-day limit that the citizen had to re-file the variance application request. Mr. White informed the council that they could wave those requirements if they so desired.

Building Official Dan Arlington explained that the Clifford's had filed a two part variance request, one being an addition to the front of the house that was heard and denied and should not be appealed because the time requirement had passed. The second part was a garage apartment in their backyard that went before council and back to the variance board. The Board of Appeals determined that it was a second dwelling unit and could not be on the property.

Mayor Vaughn stated that he agreed that it needed to be heard except for the fact that it had not been properly noticed to the public.

Roll Call Vote:

Ayes: 2 – Jones, Shimp

Noes: 3 – Patronik, Tankersley, Vaughn

MOTION FAILED

City Clerk Lisa Volpe wished Councilor's Patronik and Tankersley a happy birthday.

Local 630 City Manager Linn explained that the Public Employees Relation Commission had denied a petition to include several white-collar classifications in the blue-collar unit. Mr. Linn added that the white-collar unit had re-petitioned to be recognized as a separate unit.

Utility Improvement Project Councilor Patronik asked if the area north of Florida Boulevard and west of Third Street was on the list of high priorities. City Manager Linn responded that Mr. Miller, the consultant, was present and was prepared to start in that area if council desired to move forward.

CITY MANAGER REPORTS

Garbage Proposal City Manager Linn reported that a pre-bid was scheduled with contractors for November 16, 2000, at 1:30 p.m. and a bid opening was scheduled on December 6, 2000, at 3:00 p.m.

COMMENTS FROM THE PUBLIC

Public Comments Lee Hope, 324 Driftwood Road, opposed Ordinance No. 2000-12 because he owned a 23' motor home and the cable boxes, fire hydrants, and power pole in the right of way prevented him from moving it to his side yard.

Mary Truta, 701 Valley Forge Road North, felt people should pay for the parking of their recreational vehicles in a storage facility and favored Ordinance No. 2000-12.

Nadia Ioannides, 633 Valley Forge Road North, felt that the recreational vehicles were

unsightly and hazardous.

Pat Lynch, 700 Valley Forge Road North, felt she was fortunate that she lived in Neptune by the Sea because covenants and restrictions that prohibited the parking of commercial vehicles, boats, and recreational vehicles governed them.

W. F. Clifford, 114 South Street, stated that had been trying to get a variance since June to expand his house and was disappointed that council would not hear his variance appeal request.

Special Meeting

Mayor Vaughn called for a Special City Council Meeting to be held, with proper notice to the public, on November 13, 2000, to hear Mr. Clifford's variance request.

Hal Mankin, 2037 Sandpiper Point, thanked the council for their hard work and stated that he had lived next to a recreational vehicle for two and half years and it was unsightly.

Richard Fail, 510 Oak Street, opposed Ordinance No. 2000-12 because he felt it took away people's personal rights.

Jim Rice, 701 Bay Street, felt that people should be able to park on their private property and that all citizens should not have to be penalized because of one problem.

CONSENT AGENDA/NONE

VARIANCES/NONE

ORDINANCES

Ordinance 2000-12

ORDINANCE NO. 2000-12 FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RENUMBERING AND AMENDING EXISTING SECTION 22-28, PARKING OF BOATS AND TRAILERS AND AMENDING SECTION 22-28 TO INCLUDE A NEW SUBSECTION B, PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT OR BOATS ON PRIVATE PROPERTY AND PROVIDING AN EFFECTIVE DATE.

Discussion ensued.

Consensus: **TO REMOVE MR. BRUCE REHMER'S NAME FROM THE LIST OF APPOINTEES.**

Motion: **TO APPROVE THE RESOLUTION OF BOARD APPOINTMENTS AND RE-APPOINTMENTS WITHOUT BRUCE REHMER'S NAME ON THE LIST.**

Moved by Shimp, seconded by Tankersley.

Appointees; Leslie Karlin, James Niss, and Donald White introduced themselves to the council.

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

Mayor Vaughn noted that his yes vote was not in agreement for Mr. Rehmer to have been removed from the list of appointees but to accept all the others.

MOTION CARRIED

Resolution 2000-18 **RESOLUTION 2000-18: A RESOLUTION OF THE CITY OF NEPTUNE BEACH AUTHORIZING THE CITY MANAGER TO SIGN ANY MAINTENANCE AGREEMENT WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION FOR THE MAYPORT FLYOVER AND OTHER PROJECTS.**

Moved by Jones, seconded by Patronik.

Motion: **TO ADOPT RESOLUTION 2000-18.**

City Manger Linn explained that the Florida Department of transportation required the maintenance agreement to assure the survival of the landscaping.

Mayor Vaughn read Section 2.04 of the City Charter as follows: The Mayor shall preside at meetings of the council and shall be recognized as head of the city government for acceptance of service of process, ceremonial matters and by the Governor for purposes of military law, and execution of contracts, deeds, and other documents. Mayor Vaughn asked that the resolution be revised to reflect that the mayor should sign the agreement and take out the word "any" and reflect just the maintenance agreement required by Florida Department of Transportation.

Discussion ensued.

Roll Call Vote:

Ayes: 4 – Jones, Patronik, Shimp, Vaughn

Noes: 1 - Tankersley

MOTION CARRIED.

Recess/Reconvene Mayor Vaughn called a recess at 9:00 p.m. and the meeting reconvened at 9:15 p.m.

Tennis Program

LONG TERM RENTAL CONTRACT FOR TENNIS PROGRAM: City Manager Linn requested approval of a lease that he had prepared at council's request for the use of a portion of the tennis courts for a tennis instructional program at Jarboe Park.

Moved by Jones, seconded by Patronik.

Motion: **TO ACCEPT THE LONG TERM RENTAL CONTRACT FOR THE TENNIS PROGRAM WITH THE WORD "COURTS" UNDER ITEM (O) PARAGRAPH 1 MAKE SINGULAR INSTEAD OF PLURAL AND ADDING CLARIFICATION LANGUAGE TO ITEM 8 ON THE BACK PAGE.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Tankersley, Shimp, Vaughn

Noes: 0

MOTION CARRIED

Air-Sea Show

AUTHORIZATION TO LIST THE AIR-SEA SHOW AS A TV TRUST FUND SPONSORED EVENT: City Manager Linn recommended adding the 2001 Air and Sea Spectacular Show as a sponsored event to allow funding of the \$10,000 commitment.

Discussion ensued regarding whether or not council committed to \$10,000.

Moved by Tankersley, seconded by Patronik.

Motion: **TO AUTHORIZE TO LIST THE AIR SEA SHOW AS A TV TRUST FUND SPONSORED EVENT FOR THE \$10,000 THAT THE CITY HAD ALREADY COMMITTED.**

Roll Call Vote:

Ayes: 4 – Patronik, Shimp, Tankersley, Vaughn

Noes: 1 – Jones

MOTION CARRIED

Lighting Neptune Beach Elementary School

APPROVAL OF \$2,100 EXPENDITURE FROM THE CONTINGENCIES AND EMERGENCIES NON-DEPARTMENTAL OF THE GENERAL FUND – FOR LIGHTING NEPTUNE BEACH ELEMENTARY SCHOOLS: City Manager Linn explained that during the budget process \$150,000 was set aside in contingencies to cover unexpected expenditures. Mr. Linn recommended approval for \$2,100 for lighting at Neptune Beach Elementary ball field.

Moved by Shimp, seconded by Patronik

Motion: **TO APPROVE THE EXPENDITURES FROM NON DEPARTMENTAL CONTINGENCIES & EMERGENCIES FOR LIGHTING AT NEPTUNE BEACH ELEMENTARY SCHOOL PRACTICE FIELD.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

MOTION CARRIED

Utility Improvement
Project

APPROVAL OF PHASE I – B & C OF UTILITY IMPROVEMENT PROJECT: City Manager Linn reported that the consultant, PBS&J, had completed the design of Phase I – B & C, the area east of Third Street, and north and south of Florida Boulevard. Mr. Linn recommended approval of the design.

Jim Miller of PBS&J stated that the plans for Phase I – B & C were ready for bidding, however they could not be sent out for bid until 30 to 60 days prior to the completion of Phase I –A, which was expected to be completed June, 2000. Mr. Miler answered questions from council.

Moved by Patronik, seconded by Shimp.

Motion: **TO ACCEPT THE PLANS AND DESIGN FOR THE UTILITY IMPROVEMENT PROJECT – PHASE I – B & C.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Appointment/Council
Seat 3

APPOINTMENT TO FILL VACANT COUNCIL SEAT 3 – VICE MAYOR JONES RESIGNATION: City Manager Linn explained that Vice Mayor Jones' resignation would be effective at noon, November 7, 2000.

Legal Opinion

City Attorney White explained that under the City Charter an appointee would have to hold office until the next annual election of the city and advised to let the seat remain vacant until Councilor Elect Harriet Pruette took office.

Discussion ensued.

Moved by Shimp, seconded by Patronik.

Motion: **TO KEEP VICE MAYOR JONES ON THE COUNCIL UNTIL DECEMBER TO FILL HIS OWN VACANCY.**

MOTION WITHDRAWN

Consensus: **TO ADD THE APPOINTMENT OF COUNCILOR JONES TO THE SPECIAL MEETING AGENDA, MONDAY, NOVEMBER 13, 2000.**

Adjournment

There being no further business, the meeting adjourned at 10:50 p.m.

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held November 13, 2000, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Councilor Thomas A. Tankersley
Councilor Ronald D. Patronik
City Manager Richard A. Linn
City Clerk Lisa Volpe CMC
Deputy City Clerk Karla Strait

Assistant to the City Manager Terry Klein
Building Official Dan Arlington
Assistant Building Official Piper Turner

ABSENT:
Councilor Robert D. Shimp
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Seat 3 Vacancy

APPOINTMENT FOR VACANCY ON SEAT 3: City Clerk Lisa Volpe stated that she had spoken with City Attorney White and he had advised that the charter stated that the person appointed would have to remain appointed until the next election. Mr. White also stated that according to the charter there had to be a majority vote of the remaining council and therefore would require at least three votes.

Discussion ensued.

Consensus: **TO LEAVE THE VACANCY ON THE COUNCIL AS IS UNTIL THE NEW COUNCIL TAKES OFFICE IN DECEMBER.**

Appoint Vice-Mayor

APPOINTMENT OF VICE MAYOR: Councilor Patronik nominated Councilor Tankersley to fill the title of Vice Mayor for the rest of his term.

Consensus: **TO ACCEPT TOM TANKERSLEY AS VICE MAYOR FOR THE REMAINDER OF THE TERM.**

Roll Call Vote:

Ayes: 3 – Patronik, Tankersley, Vaughn
Noes: 0
Absent: 1 - Shimp

Variance Request

APPEAL OF VARIANCE REQUEST 114 SOUTH STREET: City Manager Linn explained that he, City Attorney White, and Building Official Dan Arlington had agreed that the variance had not been filed timely. Mr. Linn added that the applicant resubmitting the plans without a dwelling over the garage had resolved the garage issue and the remaining issue was for the main house expansion, which had been heard and denied by the Board of Appeals.

Mayor Vaughn questioned if this was the right venue for the case at this point and time, referring to a statement made by Mr. Dunlap at the Board of Appeals meeting.

Ed Jones, former council member, explained that the Board of Appeals denied the variance request for the detached garage and informed Mr. Dunlap that it would be forwarded to the September 11, 2000, Regular Council Meeting. Mr. Jones stated that City Attorney White advised at that meeting that the detached garage issue should be referred back to the Board of Appeals for an administrative decision and then come back to council *along with the issue of the denied setback*. Mr. Jones added that because the garage issue had been resolved it did not need to be referred back to the Board of Appeals and for that reason only the issue of the variance was being brought back to Council.

Building Official Dan Arlington stated that it was made very clear that only the issue of the garage would go before council and that the Board of Appeals denied the addition to the house.

Councilor Tankersley stated that he was under the impression that the variance was under appeal and explained that council could only hear what had already been presented to the Board of Appeals and that no new evidence could be heard.

City Manager Linn stated that what the Council was hearing was the *appeal of the variance* and cited Section 27-153, subsection (c) of the Neptune Beach Code of Ordinances, titled "Procedure for Appeal, that stated:

No new evidence may be presented unless it pertains to events or circumstances, which have substantially changed since the board of appeal's decision. The City Council shall uphold the decision of the Board of Appeals unless the council finds that: 1) Defects in notice or procedural due process are alleged and proven; or 2) The decision of the board of appeals is not supported by competent substantial evidence and testimony produced at the public hearing.

Mr. Clifford stated that he and his wife felt it would be best to withdraw the variance appeal at this time and proceed with the garage and deck.

Adjournment

There being no further business, the meeting adjourned at 7:36 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the committee was working on the Third Street medians, yard of the month, a project with City of Jacksonville Councilman Jerry Holland for irrigation funding and had a successful Arbor Day Celebration at the King Neptune Festival.

CITY MANAGERS PUNCH LIST

**Traffic Signal Atlantic
Blvd. And Aquatic Dr.**

TRAFFIC SIGNAL AT ATLANTIC BOULEVARD AND AQUATIC DRIVE: City Manager Linn reported that the Department of Transportation met with citizens and officials at City Hall on November 14, 2000. Discussed traffic light issue and how they conducted surveys and will continue to study it. Mayor Vaughn added FDOT's study was done at off peak hours.

On the record

Vice Mayor Tankersley stated there is another outlet to the Summer Sands subdivision onto Florida Blvd if they so wish to open that road and they could close the Atlantic Blvd. opening to avoid cut through traffic.

Discussion ensued. The City Manager was instructed to contact the homeowner's association about opening onto Florida Blvd. and closing Atlantic Blvd.

Bike Path

BIKE PATH PENMAN ROAD: City Manager Linn stated he spoke with Sally Rosier of Florida Department of Transportation and the design should be 60% done in late

December.

Jarboe Park	<u>JARBOE PARK:</u> City Manager Linn reported that a purchase authorization was done for a boundary survey required by the state since our last one was over three years old. The consultant has three more weeks before he has to submit drawings.
Naval Air Show	<u>NAVAL AIR SHOW:</u> City Manager Linn reminded the council they had voted to use TV Event funds for the Air Show. He stated that the \$10,000 to the air show was a one time seed money. It will only be for this time.
On the record	Councilman Shimp stated that the \$10,000 was a one time amount.
Short term Rentals	<u>SHORT TERM RENTALS:</u> On hold along with the Land Development Regulations.
Roadway Between Shopping Centers	<u>ROADWAY BETWEEN SHOPPING CENTERS:</u> City Manager Linn announced that there has been a letter of commitment for \$20,000 from the Scotty's Shopping center for the road and negotiations were still under way with the other shopping center.

PROPOSED ORDINANCES

Ordinance No. 2000-12	<u>ORDINANCE NO. 2000-12:</u> AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RENUMBERING AND AMENDING EXISTING SECTION 22-28, PARKING OF BOATS AND TRAILERS AND AMENDING SECTION 22-28 TO INCLUDE A NEW SUBSECTION B, PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT OR BOATS ON PRIVATE PROPERTY AND PROVIDING AN EFFECTIVE DATE.
-----------------------	---

Consensus: **TO MOVE THIS ORDINANCE TO THE DECEMBER WORKSHOP.**

CONTRACT/AGREEMENTS/NONE

ISSUE DEVELOPMENT/NONE

Public Comments	<u>PUBLIC COMMENTS ON AGENDA ITEMS ONLY</u>
-----------------	--

Nadia Ioannides, 633 Valley Forge Road North, felt that something needed to be done about the RV situation and asked the council to do something about the parking problem and harassment in her neighborhood.

Barbara Parks, 703 Lincoln Road, voiced concern about allegations against her family and harassment by her neighborhoods. She gave the council a copy of a letter she had wrote.

For the record	Councilman Shimp stated that the State Attorney's office does have neighbor dispute mediation if either party would like to try that means of resolution.
----------------	---

Rebecca Parks, 703 Lincoln Road, a student at Fletcher High School asked for an end to the problem in her neighborhood so her parents would not move and she could finish high school at Fletcher with her friends.

James Wetzel, 1821 Indian Woods Drive, stated that the Supreme Court stated the city has the right to legislate the broad police powers to regulate for the public health, public safety, public morals and public welfare. The city should decide what a safety problem is and legislate on that.

Lynda Padrta, 1113 First Street, stated that the RV issue should go to mitigation because

personalities seems to be getting in the middle of it.

Discussion ensued about the RV parking and Valley Forge Road issue.

Consensus: **TO HAVE THE CITY MANAGER REPORT BACK ON THE SAFETY
ISSUE AT VALLEY FORGE ROAD NORTH AND LINCOLN ROAD.**

519 & 520
Oceanfront

DEVELOPMENT ORDER – 519 & 520 OCEANFRONT: The applicants, Kenneth Fisher and Sandra Smith, were not present. Building Official Dan Arlington presented the case on their behalf, explaining that the new owners of the property were asking for approval to convert the existing two buildings, that currently housed a total of six units, into two single family dwellings. Mr. Arlington added that the new owners were planning to sell one of the lots after the conversion and that the lot facing Midway would be a very small non-conforming lot. Mr. Arlington also added that the Planning & Development Review Board had approved the preliminary development order because it took six units down to two.

There were no questions or comments from the Council.

Moved by Patronik, seconded by Shimp.

Motion: **TO APPROVE THE PLANNING & DEVELOPMENT REVIEW BOARD'S RECOMMENDATION FOR 519 – 520 OCEANFRONT.**

The Planning & Development Review Board's recommendation was that a permanent deed restriction be placed on both lots showing that the two lots will stay single family.

Records Supervisor Joan Herman
Director of Public Works John Galen
Administrative Assistant Robert Harding
Supervisor of Water & Wastewater Leon Smith
Supervisor of Streets & Parks Paul Williams
Finance Director John Herbst
Finance Director Steve Ramsey
Building Official Dan Arlington
Assistant to the Building Official Piper Turner

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

ORIENTATION - CITY MANAGER

City Managers Office City Manager Linn felt that it was important for the staff to explain their duties to the Council so that Council would be more familiar with each department. Mr. Linn opened the orientation by stating the goals in his department for the upcoming year. Mr. Linn introduced his assistant Terry Klein to speak about a software program called Civic Tracker.

Assistant to the City Manager Terry Klein introduced herself to the Council and explained that the City Manager's office was in the process of implementing a new software program called Civic Tracker that would track citizens complaints.

**City Attorney/
Legalities** City Attorney Christopher White explained the Government in the Sunshine Manual and that the basic rule of thumb was that if you want to discuss city business with another Council Member it must be done at a Council Meeting. Mr. White added that any City business that was done on a home computer was considered public record.

City Clerk's Office City Clerk Lisa Volpe introduced herself and her Deputy City Clerk Karla Strait to the new Council. Ms. Volpe proceeded to explain that the Clerks Office supported the City Council

with administrative services, handled the record management system, prepared the agendas, prepared the minutes of the meetings, advertised public notices, and served as Supervisor of Elections for the City. Ms. Volpe informed the Council on the total operation of the clerk's office and gave advice on how the Council could help the clerk's office run smoother.

Discussion ensued about agendas and how each Council Member would like to be informed about agenda items.

Public Works
Department

Director of Public Services/City Engineer John Galen gave each Council Member a copy of his organizational chart. Mr. Galen introduced Leon Smith and Paul Williams.

Supervisor of Water and Wastewater Leon Smith introduced himself to Council and explained that his job was to oversee the water and wastewater treatment plants collection and distribution systems, and the stormwater department. Mr. Smith added that he took care of the purchasing and coordinated the activities for the departments, and also took care of customer concerns and complaints. Mr. Smith invited the Council Members to tour the wastewater and water plants.

Supervisor of Public Works Paul Williams stated that he worked in the parks department and dealt with all the street maintenance.

Administrative Assistant Bob Harding introduced himself to the Council Members and stated that he received most of the complaints before anyone else and asked them to give him a call if they had any problems with public works.

Public Safety
Department

Director of Public Safety William Brandt introduced Joan Herman and Lt. James Kelly. Chief Brandt stated that he felt the two most important things that had been done in the police agency was to become accredited and to go through the career tracks program. Chief Brandt also informed the Council that the three beaches police departments worked together and had a good relationship. Chief Brandt thought that it was very important to maintain a good image in the community and he felt that our Police Department did have a good image.

Records' Supervisor Joan Herman introduced herself to the Council and stated that she was the Services Division Supervisor. Ms. Herman stated there were seven civilians that worked in the department three of them in the record section, two of which were part-time dispatchers. Ms. Herman added that her department provided support to all the personnel, helped with reports, and made sure the right agencies had the proper reports. Ms. Herman proceeded to explain the various services and duties of the department.

Lieutenant James Kelly informed the Council that he was in charge of criminal investigation and handled all the follow-ups on all investigations. Lt. Kelly added that he also handled complaints and reported back to the Chief on them and most complaints were related to parking and traffic tickets.

Finance Department

Finance Director John Herbst introduced himself and new Finance Director Steve Ramsey. He gave the name of each person on his staff, their job title, and what each job entailed. Mr. Herbst added that he felt he had a truly outstanding staff that went above and beyond their call of duty. Mr. Herbst explained what his department was responsible for including: 1) the daily, weekly, monthly, and annual accounting, 2) the monthly and annual budget, 3) the Comprehensive Annual Financial Report, 4) managing the main computer system and, 5) the maintenance and upkeep on the city web page.

Building Department

Building Official Dan Arlington introduced himself and his assistant Piper Turner to the new Council. Mr. Arlington explained that his department regulated building & zoning

through plan review, checked licenses and insurance and did the building inspections. Mr. Arlington added that he and Piper also served as the staff for the Planning & Development Review Board, the Board of Appeals, and the Code Enforcement Board. Mr. Arlington stated that his department also regulated liquor licenses and worked with the Fire Marshall on fire regulations. Mr. Arlington felt that their biggest challenge was treating all variance requests equally.

Administrative Assistant to the Building Official Piper Turner explained that she issued all the building, mechanical, electrical, and miscellaneous permits. Piper also stated that she felt there was a problem with the code because they had 31 requests for variances this year and that 90% of the variances were preexisting non-compliance issues.

Discussion ensued about the Land Development Regulations.

For the Record Mayor Brown stated on the record that the three council members that lived west of Third Street would be glad to work with the council on reviewing the Land Development Regulations.

Councilor Pruette asked the other council members to think about how to allow the citizens more time to speak on issues at the Council Meetings.

911 SALARY AGREEMENT

911 Salary Meeting 911 SALARY AGREEMENT: City Manager Linn explained that the 911 agreement was a standard agreement we had with the City of Jacksonville each year whereby they gave us money to operate our dispatch center and asked the Council for a consensus to place the agreement on the consent agenda.

Consensus: **TO PLACE THE 911 SALARY AGREEMENT ON THE CONSENT AGENDA.**

DATE OF NEXT MEETING

Next Meeting Date SETTING A DATE FOR THE NEXT CITY COUNCIL MEETING: City Manager Linn explained that he had nothing on the agenda for the December 18, 2000, City Council Workshop Meeting and suggested that the next Regular City Council Meeting be held on Monday, January 8, 2000.

Discussion ensued about holiday travel plans.

Consensus: **TO HAVE THE REGULAR JANUARY CITY COUNCIL MEETING ON JANUARY 8, 2001**

COMMUNICATIONS AND CORRESPONDENCE

Jan. Workshop Items The following items were directed to be placed on the January 18, 1998 Workshop Meeting:

1. Consider discontinuance of Town Hall Meetings and add Public Comments to regular workshop meetings.
2. Discussion on complaint letter received from Laura Schultz regarding speeders and suggested options.
3. Discussion on complaint letter received from T. Moseley on commercial parking infiltrating residential area near Orange Street.
4. All matters relating to restrooms in Jarboe Park.
5. Letter from Councilor Patronik to City Attorney White requesting legal opinion on recent opinion letters to newspaper editors.

January & February
Workshops

Due to holidays, the regular January workshop was rescheduled from January 18th to January 19th; and the regular February workshop was rescheduled from February 15th to February 16th

CITY MANAGER REPORTS – NONE

COMMENTS FROM THE PUBLIC

Buddy Crout, 1074 Kings Road, opposed restrooms in Jarboe Park; asked that “No Fishing” signs be placed at both entrances to the Kings Road Bridge.

Elaine Kenny, 1301 Neptune Grove Drive West, opposed restrooms in Jarboe Park.

Harriet Pruette, 217 ½ Magnolia Street, (1) opposed to restrooms in Jarboe Park; (2) recommended discontinuance of Town Hall Meetings; and (3) that the public should be able to speak at the end of each workshop meeting.

Lynn Drysdale, 1768 Ocean Grove Drive, Atlantic Beach, favored adoption of Ordinance No. 1998-34.

Aaron C. Grubbs, 1912 Nightfall Drive, (1) presented Council with a petition for no fishing on the Kings Road Bridge; and (2) responded, on the record, to Councilor Shimp’s remarks made on the record at the December 7, 1998 Regular Meeting.

Bruce Rehmer, 804 McCollum Circle, (1) favored restrooms in Jarboe Park; (2) referencing recent letters to the editor from committee chairpersons, he stated that volunteers should not be reprimanded when there were no guidelines set by Council; and (3) the money received by the City of Atlantic Beach from the City of Jacksonville for fire services to Neptune Beach should be re-routed to Neptune Beach to hire more firefighters and re-institute a volunteer firefighter program.

Elizabeth Sipple, 719 Davis Street, (1) opposed restrooms in Jarboe Park and (2) stated that the park was becoming “too busy.”

Chris Oakey, 620 Camilla Terrace Drive, suggested that Council re-visit the content of the speaker request forms, especially item three (Sec. 2-39).

Reso. No. 99-01

RESOLUTION NO. 99-01: A RESOLUTION OF THE CITY OF NEPTUNE BEACH HONORING ISH BRANT AND NAMING CITY HALL THE ISH BRANT BUILDING.

WHEREAS, it is proper to honor those who have attained an exemplary level of statesmanship, high personal integrity and dedicated service to the children and citizens of the State of Florida, and in particular, the City of Neptune Beach; we, the Mayor and Council, therefore, do unanimously resolve that:

- Ish Brant came to the City of Neptune Beach in 1942, after first graduating from the University of Florida, where he distinguished himself academically and as a member of the football, baseball and track teams and serving as Head Coach and Classroom Instructor at Cocoa High School, and the youngest Elected Member of the Rockledge, Florida, City Council.
- Ish Brant served at Fletcher High School as Head Coach and Athletic Director from 1942 to 1957, coaching all major sports and winning seven state and twenty-three conference championships, achieving an unparalleled winning record, earning the nickname the "Silver Fox".
- Ish Brant coached the North All-Star Football Team to its first ever victory; organized and expanded the Florida Community College Jacksonville Boosters, a philanthropic group making substantial financial contributions to the athletic program; highly regarded as an Administrator, Professor and Athletic Director, Florida Community College Jacksonville (FCCJ); held membership on the Board of Directors, Gator Bowl Association; served as President, Jacksonville Quarterback Club; inducted into the Florida Athletic Coaches and Jacksonville Sports Hall of Fame.
- Ish Brant was instrumental in initiating and bringing about the establishment of Florida Community College Jacksonville; received the Service to Education Award, Florida State Department of Education; Service to Citizens and School Children Award, Jacksonville Chamber of Commerce; and a Founder, Jacksonville Episcopal School, receiving the Board of Regents Recognition Award.
- Ish Brant was President and is a Board Member, Boys Home Association; Executive Board Member and Silver Beaver Award, Boy Scouts of America; and Chairman Scholarship Committee, Scottish Rite Masonic Order.
- Ish Brant has served his community honorably and capably both as an elected and appointed official: elected Duval County Superintendent of Public Instruction from 1957 - 1969; City Manager, City of Jacksonville Beach, 1974 - 1977; City Councilman, City of Neptune Beach, 1979 - 1981 and 1991 - 1995; Mayor, City of Neptune Beach, 1981 - 1989; Member, Jacksonville Civil Service Board, 1995 - Present; Member, Beaches Hospital Board 1978 - 1982, Chairman from 1980 - 1982, a period during which the hospital plant, services and staffing greatly improved under his dedicated leadership; President, Northeast Florida League of Cities; Member, Federal Road Board, appointed by President Dwight D. Eisenhower.
- Ish Brant's civic and fraternal accomplishments are many; President, Beaches Art Foundation and Chairman, Scholarship Committee; First President and Charter Member, Kiwanis Club of the Jacksonville Beaches; Governor, Florida District Kiwanis and Thirty-third Degree Scottish Rite Mason; President, Jacksonville Beaches Shrine Club; Worshipful Master, Masonic Lodge; Senior Warden, Treasurer, Sunday School Teacher and Chairman, Building Fund Committee, St. Pauls By-The-Sea Episcopal Church.
- Ish Brant played an essential role in securing the construction of a new public library in Neptune Beach; he established libraries in all Duval

County Elementary Schools during his tenure as the last Superintendent of Public Instruction elected by the people.

- Ish Brant was recently honored by Governor Lawton Chiles, at a special ceremony during which he was presented with the Heartland Award, the State's highest recognition, for a lifetime of leadership, philanthropy, integrity and service to the children and citizens of the State of Florida.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA:

SECTION 1. That, we therefore, wish to recognize and honor this unique and exceptional individual's spirit, vigor, compassion and integrity, characterized by his unequaled record of outstanding and noteworthy accomplishments and steadfast loyal service to his community and the citizens of Neptune Beach for over 50 years.

SECTION 2. Be it further resolved, that the Mayor and City Council do hereby resolve that the City Hall shall be named in honor of Ish Brant and a plaque constructed bearing the words "Ish Brant Building" to be affixed to said building.

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPROVE RESOLUTION NO. 99-01, AS NOTED ABOVE.**

Jarboe Park

JARBOE PARK RESTROOMS AND MASTER PLAN: Approval of restroom building model, discussion on maintenance of restrooms, authorization to advertise for bids for construction of restrooms and review of Jarboe Park Master Plan.

Brett Goddard, Landscape Architect, was present to answer questions on the Master Plan for Jarboe Park.

The City Manager stated that after reviewing the cost figures provided by John Galen, he found mathematical oversights that would significantly reduce the cost of maintenance of the restrooms. A lengthy discussion ensued.

Moved by Jones, seconded by Patronik.

Motion: **TO DEFER ALL ISSUES ON RESTROOMS IN JARBOE PARK FOR DISCUSSION AT THE JANUARY 19TH WORKSHOP MEETING.**

Roll Call Vote:

Ayes: 4 – Jones, Patronik, Tankersley, Vaughn

MOTION CARRIED.

Pre. Develop. Order
217 First Street

PRELIMINARY DEVELOPMENT ORDER AT 217 FIRST STREET: Application for Preliminary Development Order for the expansion of a business at 217 First Street; owner Tom Goelz, business Cobalt Moon.

The development consists of removal of 262 square foot of existing structure and 515 square foot of existing pavement and the addition of 2,816 square foot of retail space in an adjoining two-story structure, new parking, and new landscaping.

Council discussed whether or not the proposed site plan would result in commercial traffic being channeled into a residential area as a result of the parking layout. A lengthy discussion ensued.

Moved by Patronik, seconded by Jones.

Motion: **TO ACCEPT THE RECOMMENDATION OF THE PLANNING AND DEVELOPMENT REVIEW BOARD AS OUTLINED IN THEIR BOARD MINUTES OF DECEMBER 15, 1998, AND APPROVE THE PRELIMINARY DEVELOPMENT ORDER FOR EXPANSION OF BUSINESS AT 217 FIRST STREET, AS SUBMITTED.**

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AAE

City Manager Richard A. Linn
Building Official Dan Arlington
Administrative Assistant Lisa Volpe

Absent: City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

Ish Brant Beautification
Committee

ISH BRANT BEAUTIFICATION COMMITTEE REPORT: Due to the absence of Chairperson Chris Tyler, a written report was submitted to Council.

Water Usage

Consensus: **MOVE AGENDA ITEM 6I, ESTIMATE ON WATER USAGE FOR STREET ENDS AND COMMON AREAS, UNDER ISH BRANT BEAUTIFICATION COMMITTEE REPORTS.**

A lengthy discussion ensued regarding an estimated free water usage cap by residents to maintain landscaping on public property.

Consensus: **CITY STAFF AND ARCHITECT BRETT GODDARD WILL RESEARCH AND MAKE A RECOMMENDATION TO COUNCIL AT THE FEBRUARY 16, 1999 WORKSHOP MEETING ON AN ESTIMATED FREE WATER USAGE CAP FOR RESIDENTS THAT VOLUNTEER TO MAINTAIN LANDSCAPING ON PUBLIC PROPERTY.**

Events Committee
Update

COMMUNITY SPECIAL EVENTS COMMITTEE: In response to Council's request, a tentative list of upcoming events was submitted to Council, in the absence of Chairperson Beth Tyler, as follows:

Rededication of Jarboe Park	March 14 th , 1-3 p.m.
Dedication of City Hall as Ish Brant Building	To be announced
Easter Egg Hunt, Jarboe Park	April 2 nd , 10 a.m.
Picnic In The Park, Jarboe Park	June, to be announced
King Neptune Festival	Oct/Nov, to be announced
Christmas In The Park, Jarboe Park	December 10 th , 7 p.m.
Santa Claus Parade	December 18 th , 10 a.m.

Consensus: **COUNCIL RECOMMENDED THE PICNIC IN THE PARK EVENT BE SCHEDULED DURING MAY DUE TO THE COOLER WEATHER; AND THAT THE COMMITTEE, ALSO, WORK WITH THE CITY OF ATLANTIC BEACH FOR A JOINT TOWN CENTER CHRISTMAS EVENT.**

Ad Hoc Committee

AD HOC COMMUNITY CENTER COMMITTEE: No report.

POC Town Center

TOWN CENTER PROJECT OVERSIGHT COMMITTEE: The minutes of the Project Oversight Committee Meeting for the Town Center Streetscape Project held at the Sea Turtle Hotel on January 6, 1999, were reviewed and conceptual options addressed in said minutes were discussed.

Consensus: **MOVE FORWARD TO THE FEBRUARY 1, 1999 REGULAR AGENDA FOR ADOPTION OF CONCEPT "E", TWO-WAY TRAFFIC THROUGHOUT WITH ANGLED PARKING ON ONE SIDE ONLY AND WIDE SIDEWALK ON BOTH SIDES, AND RECOMMEND TO THE POC THAT A TAXI AREA BE PROVIDED ON ATLANTIC BOULEVARD.**

CITY MANAGER PUNCH LIST

City Manager Punch List

CITY MANAGER PUNCH LIST: The City Manager advised Council that the lifeguard station has been demolished and that he would pursue contacts to provide a road access between the K-Mart and Scotty's Lumber shopping areas.

PROPOSED ORDINANCES

Ord. No. 1998-22
Nuisances

DISCUSSION - ORDINANCE NO. 1998-22: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES, CITY OF NEPTUNE BEACH, FLORIDA TO INCLUDE A NEW CHAPTER 28, ENTITLED "NUISANCES"; AND PROVIDING AN EFFECTIVE DATE. (Sponsor Shimp)

Discussion and clarification ensued on several sections of the proposed ordinance. Comments and questions posed by Councilors:

1. Include a provision for citizens to appeal a decision to the Council.
2. Page 11, Sec. 28-21, what happens to liens after they have been in full force for twenty years and, perhaps 20 years is too long?
3. The higher standard will prevail in the event two provisions of the Code are in conflict.
4. Page 5, Sec. 28-4(n), more definitions should be included.
5. Page 8, Sec. 28-17, line 2, should the word "with" be replaced with "within"?
6. Page 9, Sec. 28-17(g), line 4, should the word "with" be replaced with "within"?
7. Page 9, Sec. 28-18, line 2, the phrase "otherwise interested" may be too broad.
8. Page 9, Sec. 28-18, line 4, the word "his" should be change to generic.
9. Page 10, Sec. 28-20, levying a special assessment of this type should be the

responsibility of the City Manager, not the Council.

10. Page 11, Sec. 28-20(j), clarification is needed as to the definition of "resolution", i.e. a written resolution adopted by Council or just a motion of Council?
11. Page 12, Sec. 28-32(c)(iv), clarification is needed on "To authorize the City to remove the nuisance with the City personnel through a private contractor.....". A specific position should be identified as having this responsibility.

Consensus: **MOVE FORWARD TO THE FEBRUARY 1, 1999 REGULAR AGENDA FOR PASSAGE OF ORDINANCE NO. 1998-22 ON FIRST READ; FOLLOWING PASSAGE ON FIRST READ, SEND A COPY TO THE CODE ENFORCEMENT BOARD FOR REVIEW AND RECOMMENDATION AT THEIR FEBRUARY 10, 1999 BOARD MEETING.**

CONTRACTS / AGREEMENTS - NONE

ISSUE DEVELOPMENT

Traffic Atl. Blvd.

TRAFFIC CONGESTION ON ATLANTIC BOULEVARD WEST OF THE BEACHES: Vice-Mayor Tankersley reported that completion of Atlantic Boulevard construction was behind schedule due to contract change orders. As a result, motorists are now using Atlantic Boulevard to avoid traffic congestion caused by construction on Beach Boulevard, which is on schedule. Unfortunately, due to delays, these two construction projects are overlapping.

Vice-Mayor Tankersley asked the City Manager to keep Council advised as to the status of traffic congestion and project completion.

Unused Traffic Funds

UNUSED TRAFFIC FUNDS - WONDERWOOD EXPRESSWAY: Vice Mayor Tankersley stated that \$12 million dollars of unused transportation funds was recently made available. He recommended that Council permit him to draft a letter, for Council's approval, to the Metropolitan Planning Organization requesting that the funds be channeled to make Kernan Road a parallel corridor from the Wonderwood Expressway to the J. Turner Butler Junction to relieve the volume of traffic at the beach.

On the Record

Council Shimp stated, on the record, that the Metropolitan Planning Organization did not listen to beach citizens, although several members are from the beach area. He suggested that the City appeal directly to the State.

Czn Complaint

COMPLAINT - MAYPORT ROAD EXIT: Discussion ensued regarding a complaint letter dated January 6, 1999, received from Nathan Crumbley registering a concern about reckless driving by motorists who cut in front of other drivers in order to make the Mayport Road exit as they head east on Atlantic Boulevard.

Consensus: **THE CITY MANAGER IS DIRECTED TO SEND A LETTER TO COMPLAINT NATHAN CRUMBLEY OUTLINING THE OPTIONS AVAILABLE AND UNAVAILABLE TO THE CITY WITH RESPECT TO RECKLESS DRIVING ON ATLANTIC BOULEVARD AT THE MAYPORT ROAD EXIT AND COPY SAID LETTER TO COUNCIL.**

Discontinue THM

DISCONTINUANCE OF TOWN HALL MEETINGS: Consider discontinuance of Town Hall Meetings and add Public Comments to the regular workshop agenda. A lengthy discussion ensued.

Consensus: **FORWARD TO THE FEBRUARY 1, 1999 REGULAR AGENDA, (1) AMEND APPROPRIATE RESOLUTION TO SET TOWN HALL MEETINGS IMMEDIATELY FOLLOWING THE REGULAR WORKSHOP MEETINGS, (2) CANCEL TOWN HALL MEETINGS SCHEDULED FOR THE FOURTH MONDAY OF EACH MONTH, UNLESS DEEMED NECESSARY BY COUNCIL, AND (3) AMEND THE APPROPRIATE RESOLUTION TO ADD A NEW AGENDA ITEM, "PUBLIC COMMENTS ON AGENDA ITEMS ONLY" AT THE END OF EACH REGULAR WORKSHOP MEETING.**

Speeders

SPEEDERS: Discussion on complaint letter dated December 22, 1998 from Laura Schultz regarding speeders and suggested option to form a Traffic Calming Citizen Task Force.

Ad Hoc Traffic Safety Committee: Mayor Vaughn announced that he had formed an Ad Hoc Traffic Safety Committee to study the above noted issue in greater detail and allow for much needed community input. The Committee would address traffic calming concerns and strategies as they related to the newly adopted Traffic Calming Study to make the neighborhood streets safer and to make recommendations. Ms. Laura Schultz has volunteered to chair this Committee.

City Manager Linn stated that he and Chief of Police Brandt endorsed the Ad Hoc Committee.

It was recommended that the Council schedule a workshop meeting specifically for reviewing the Traffic Calming Study in detail.

Agenda 2-16-99

Councilor Shimp requested that the issue of appointment of committees be placed on the next workshop agenda for discussion.

Parking

COMPLAINT - PARKING: Discussion ensued regarding a complaint letter dated January 5, 1999 from Thad Moseley on commercial parking infiltrating the residential area near Orange Street, in particular blocked driveways.

Per Officer Larry Dean, State Law prohibits the City from towing vehicles off private property. City Manager Linn expressed concern regarding the City's liability in the event the City did tow a private vehicle.

On the Record

Vice-Mayor Tankersley, on the record, referenced statements made by City Manager Linn on potential off-site parking relief for the proposed development at 200 First Street, as outlined on page 3 of the Planning and Development Review Board Minutes dated June 16, 1998. The Vice-Mayor strongly urged Council to address the parking problem issue in Town Center for the betterment of the whole community.

Restrooms Jarboe Park

RESTROOMS IN JARBOE PARK: Discussion of all matters relating to potential restrooms in Jarboe Park.

Architect Brett Goddard gave a presentation on the current Jarboe Park Master Plan. Restrooms being to most desired improvement suggested by citizens that frequented the park. In addition, desired improvements were basketball courts, additional parking, signage identifying the park, snack bar, benches, bike rack, water fountains, lighting and so on. Several park improvements have already been completed with current grant monies to avoid forfeiting the funds because of a deadline to complete certain projects.

Total cost of the Master Plan was estimated at approximately \$300,000 dollars, minus the

\$48,000 of grant money spent to date, over the next several years. Most of the additional funds would come from grants. Mr. Goddard noted that the Jarboe Park Master Plan needed approval from Council.

On the Record Vice-Mayor Tankersley, on the record, stated that he opposed any further money for Jarobe Park, at this time, including budgeted funds for the restrooms. He cited yearly maintenance on the restrooms, opposition by several citizens at Council meetings and identified several issues that may be more important to address before restrooms. Although, he favored improvements to Jarboe Park with grant monies.

Consensus: **DISPLAY THE PRESENT JARBOE PARK MASTER PLAN IN CITY HALL FOR CITIZEN VIEWING; FORWARD DISCUSSION OF THE MASTER PLAN TO THE FEBRUARY 22, 1999 SPECIAL TOWN HALL MEETING FOR PUBLIC INPUT.**

Legal Opinion LEGAL OPINION - LETTERS TO EDITOR: Letter dated December 21, 1998 from Councilor Patronik to City Attorney White requesting a legal opinion on whether volunteers could reference their titles in opinion letters to newspaper editors.

Per City Manager Linn, Mr. White will render a written opinion to each Councilor.

Culvert Florida Blvd. POSSIBLE CULVERT ON FLORIDA BOULEVARD: The City Manager stated that he was not ready to make a report to Council on the feasibility of the City of Jacksonville installing a culvert along Florida Boulevard in conjunction with construction of the Mayport Flyover Project. A report will be made at the next meeting.

Public Comments PUBLIC COMMENTS:

Consensus: **TO OPEN THE FLOOR FOR PUBLIC COMMENTS.**

Harriet Pruette, Magnolia Street, favored the Ad Hoc Traffic Safety Committee with citizens from each areas of the City to bring their specific concerns forward; favored placement of a sign stating "Dead End Ahead" on the 200 block of Cherry Street to stop drive through traffic onto First Street; favored citizen input at all Council meetings; and favored all committee minutes being available on the Mayor's Town Web Page.

Adjournment There being no further business, the meeting adjourned at 10:45 p.m.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn
City Attorney Christopher A. White

City Clerk Lisa Volpe
Supervisor of Water Leon Smith
Lead Operator Mark Greenwood
Director of Finance John Herbst
Building Official Dan Arlington
Deputy City Clerk Karla Strait

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the Ish Brant Beautification Committee had met on January 3, 2000 with Jacksonville Councilors Jerry Holland and Elaine Brown. They discussed joint projects along the culvert on Florida Boulevard and were working on a grant for \$5000.00 for landscaping the medians on Third Street.

CITY MANAGERS PUNCH LIST

**Roadway Between
Shopping Centers**

ROADWAY BETWEEN SHOPPING CENTERS: City Manager Linn stated that he had met with Ron Oehl the new owner of the K-mart shopping center. Mr. Oehl was discussing with U-Haul about the roadway.

**Penman Road Bike
Path**

PENMAN ROAD BIKE PATH: City Manager Linn stated that he had spoken with Sally Rosier of the Florida Department of Transportation and they hired a consultant to design the bike path. Ms. Rosier stated that the contract called for a bike path from Atlantic Boulevard down Florida Boulevard across Penman Road, across Third Street to the ocean. The alternative route would be along Penman Road from Atlantic Boulevard down to Seagate Avenue. The consultant was to visit the area this week.

**Wastewater
Management Facilities**

WASTEWATER MANAGEMENT FACILITIES: Mayor Vaughn asked City Manager Linn about the Wastewater Management Facilities. Mr. Linn answered that he didn't believe the city qualified for funding.

Short Term Rentals SHORT TERM RENTAL ISSUE: City Manager Linn announced that he received a letter from the enforcement agency for the State stating that they had no enforcement powers because the units were not five dwellings or more.

Taxi Cab Stands TAXICAB STANDS: Councilor Tankersley asked City Manager Linn if Director of Public Works John Galen had ordered the signs for the taxicab stands. City Manager Linn answered "yes" that they might have already come in.

PROPOSED ORDINANCES

Ord. No. 2000-01 ORDINANCE NO. 2000-01: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ABANDONING, VACATING AND CLOSING A PORTION OF FIRST STREET BETWEEN NORTH STREET AND SOUTH STREET; AND ESTABLISHING AN EFFECTIVE DATE.

Consensus: **TO MOVE ORDINANCE NO. 2000-01 FORWARD TO THE REGULAR CITY COUNCIL MEETING IN FEBRUARY FOR SECOND READ.**

CONTRACT/AGREEMENTS

CDBG Project AUTHORIZATION TO SOLICIT BIDS FOR CDBG PROJECT: City Manager Linn stated that each year council is asked permission to advertise and solicit bids for the CDBG funding of sewer work. Mr. Linn requested to place this item on the consent agenda for the Regular City Council Meeting in February.

Consensus: **TO MOVE AUTHORIZATION OF BIDS FOR CDBG PROJECT FORWARD TO THE CONSENT AGENDA FOR THE REGULAR CITY COUNCIL MEETING IN FEBRUARY.**

Sliders Oyster Bar GRANDFATHERING OF PARKING SPACES AT SLIDERS OYSTER BAR: City Manager Linn reported that an agreement had been drawn up for the grandfathering of two parking spaces at Sliders Oyster Bar.

Consensus: **TO MOVE SLIDERS OYSTER BAR GRANDFATHERING OF PARKING SPACES FORWARD TO THE CONSENT AGENDA FOR THE REGULAR CITY COUNCIL MEETING IN FEBRUARY.**

ISSUE DEVELOPMENT

Risk Management Program PRESENTATION TO THE PUBLIC OF THE RISK MANAGEMENT PROGRAM REQUIRED BY THE ENVIRONMENT PROTECTION AGENCY: Supervisor of Water Leon Smith and Lead Operator Mark Greenwood gave a presentation on the City's Risk Management Program.

Revenue Enhancements PRESENTATION AND DISCUSSION OF REVENUE ENHANCEMENTS: Director of Finance John Herbst gave a presentation and shared some ideas about how to enhance city revenue.

Interlocal Agreement SUGGESTED TEXT OF AMENDMENT TO INTERLOCAL AGREEMENT TO INCLUDE FIRE PROTECTION AND ADVANCE LIFE SUPPORT RESCUE: Mayor Vaughn stated that there was a draft of a suggested agreement involving fire services to be provided by Jacksonville in the agenda packets. Mayor Vaughn asked for a consensus of the council to move forward with the agreement between the City of Neptune Beach and the City of Jacksonville. The Mayor's intent was not to reopen the interlocal agreement with City of Jacksonville.

Mayor Vaughn felt that if the City of Jacksonville was going to provide our fire protection and fire rescue services at no cost, there needed to be a specific binding agreement between the City of Neptune Beach and the City of Jacksonville. He felt this agreement would do it.

Councilor Shimp stated that he did not want to reopen the issue, he felt that if we did Jacksonville might want to raise our millage rate.

Mayor Vaughn stated that was against his best business interest to rely on an agreement between two entities that are not connected with us.

On the Record Councilor Shimp asked how many times Mayor Delaney and the Jacksonville Fire Chief had to explain that we are covered. He asked why we couldn't just say, "you know what for some reason we got a good deal". Councilor Shimp said for the last time "there was not a Fire Department" we didn't have a volunteer Fire Department, what we had were police officers coming off the street to take care of the fire services. He also stated that insurance rates would go down because Jacksonville was providing fire services and he was willing to trust Mayor John Delaney.

On the Record Councilor Shimp stated on the record that his statements were not meant to be derogatory.

Mayor Vaughn stated that he trusted what was on paper and specific language in an agreement.

Vice Mayor Jones stated that the council voted to surplus the fire equipment at the last meeting and he had based his vote on that we have the very best fire services ever based on the interlocal agreements that were place. Jones further stated that he was not in favor of reopening the issue.

Councilor Patronik asked City Attorney White if this agreement would open up negotiations.

City Attorney White responded that he could not speculate on what would happen but it would become fair game.

Councilor Patronik stated that we might be shooting ourselves in the head if we go ahead with this agreement. He thought it would be very difficult for Jacksonville to charge for fire services in the future.

Councilor Tankersley felt that we had a good working agreement. His concern was that it opened negotiations.

City Attorney White stated that he felt we had an expressed contract.

On the record Councilor Tankersley voted no because he did not feel we needed to go into another interlocal agreement.

Consensus: **NOT TO MOVE FORWARD WITH THE FIRE PROTECTION AGREEMENT.**

Recess / Reconvene The meeting recessed at 9:00 p.m. and reconvened at 9:15 p.m.

Water & Sewer Upgrade UPDATE OF DESIGN OF WATER AND SEWER UPGRADE: Jim Miller with PBS&J gave an update on the design of the water and sewer upgrade.

Welcome Sign DESIGN OF THE "WELCOME TO NEPTUNE BEACH" SIGN: Three different sign designs, numbered 1, 2, and 3 were presented to the council to choose from.

Consensus: **MOVE FORWARD WITH SIGN DESIGN NUMBER 3.**

Public Comments PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Robert West, 106 Hall Place, expressed concern about the grandfathering of parking spaces at Sliders Oyster Bar. He felt that city streets should not be grandfathered to anyone.

Harriet Pruette, 217½ Magnolia Street, commented that Mayor John Delaney had an interest in Neptune Beach because he was a resident and felt that we should trust in his word. Ms. Pruette added that Cathy Crownover, reporter for Shorelines, had done a good job on the article about city revenues.

Adjournment There being no further business, the meeting adjourned at 10:00 p.m.

George F. Vaughn, Jr., Mayor

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held January 25, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

City Manager Richard A. Linn
City Clerk Becky E. Hanks CMC/AE
Building Official Dan
Arlington
Administrative Assistant Piper Turner

Order Call

The Mayor called the meeting to order at 7:00 p.m.

Public Hearing

PUBLIC HEARING - REVISIONS TO LAND DEVELOPMENT REGULATIONS:
Representatives from Ivey, Harris & Walls gave a presentation outlining their scope of work in relation to rewriting the Land Development Regulations, answer questions and receive input from citizens and conduct a survey.

Survey

The purpose of distributing a survey to those in attendance was to have a better understanding of the project and learn the views that are most important to the code revisions. Survey questions included issues on:

1. Land Use
2. Residential Use
3. Commercial Use
4. Other Uses
5. Accessory Uses and Structures
6. Tree Protection and Landscaping
7. Streets, Sidewalks and Rights-of-way
8. Off-street Parking and Loading
9. Architectural Review
10. Historic Preservation
11. Non-conforming Lots, Structures, Uses and Signs

Following a question and answer period, the consultant firm agreed to make the next survey questions in more detail.

Adjournment

There being no further business, the meeting adjourned at 8:45 p.m.

CITY MANAGER REPORTS

Florida Blvd. Culvert **FLORIDA BOULEVARD CULVERT:** The City Manager stated that he was waiting for a reply from Miles Francis, Jacksonville Transportation Authority, regarding the feasibility of Jacksonville installing a culvert along Florida Boulevard between Atlantic Boulevard and Hopkins Creek in conjunction with the Mayport Flyover Project. City Manager Linn further stated that Sam Mousa, Director of Public Works, City of Jacksonville, advised that his

department would not be involved unless there were provisions to do so in the Interlocal Agreement for Governmental Services. c

Dancing in the Street DANCING IN THE STREET 1999: The City Manager, Director of Public Services, and the Director of Public Safety recently met with the Merchant's Association to discuss planning details for Dancing In The Street 1999. Mr. Linn announced that he would bring forward for Council approval, at a later date, budget appropriations for requested security.

COMMENTS FROM THE PUBLIC

Robert West, 106 Hall Place, stated that the proposed commercial development at 200 First Street submitted by Ed Jones should meet all parking requirements.

Yves Bergeron of 2231 Marsh Point Road and Elizabeth Hughes of 2229 Marsh Point Road requested a buffer between the commercial and residential area near Kings Circle.

Danny Thiele, 107 Azalea Place, suggested adopting an ordinance regulating night-light on the beach for sea turtle protection.

Robert Hudson, 206 Hopkins Street, recommended extending the hours during the winter months that dogs would be able to walk on the beach.

CONSENT AGENDA

Ratification of Safety Labor Agmt. PUBLIC SAFETY LABOR COUNCIL AGREEMENT: Labor agreement between the City of Neptune Beach and the Neptune Beach Public Safety Department Labor Council commencing October 1, 1998 and ending September 30, 2001.

Moved by Tankersley, seconded by Patronik.

Motion: **APPROVE THE ABOVE NOTED LABOR AGREEMENT.**

Speed Bumps

SPEED BUMPS ON LORA, FIFTH, OLEANDER, AND DAVIS STREETS: Pursuant to the Speed Bump Policy, a public hearing was conducted on the following citizen requests:

1. Permanent speed bumps in the 200 block of Lora Street.
2. Permanent speed bumps on Fifth Street between Bay and Cedar Streets.
3. Temporary speed bumps on Oleander Street between Third and Fifth Streets.
4. Temporary speed bumps on Davis Street between Third and First Streets.

The following citizens who spoke in favor of speed bumps cited children safety, lack of police enforcement of speed limits, and resulting reduction of traffic in their neighborhoods:

- Verna Griffin, 229 Lora Street
- Gary Snyder, 521 Pine Street
- Dean Taylor, 517 Oak Street
- Bill Barker, 814 Fifth Street
- Bobby Stephens, 910 Fifth Street
- Bob Frosio, 804 Fifth Street

The following citizens who opposed speed bumps cited the noise level, shifting of traffic onto other streets by motorists trying to avoid them, slow response by emergency vehicles, makes streets unsightly, streets are too narrow, and cars bottom-out when traveling over them:

- Robert Hudson, 206 Hopkins Street
- James Hayes, 519 McCollum Circle
- Steve Pate, 565 Oleander Street
- Dina O'Neill, 318 Oleander Street
- Barbara Evans, 1514 First Street
- John Schehr, 540 Davis Street
- Murray & Tom Trotta, 124 Davis Street
- Bacot Wright, 1516 First Street
- Gayle Granger, 1510 First Street
- Mike Hillegass, 1707 Strand Street
- Harriet Pruette, 217 ½ Magnolia Street.
- Jill McGriff, Davis Street
- Claire Zaiser, 109 Davis Street
- John Herbst, 805 McCollum Circle

Numerous citizen made the following suggestions:

- Determine if more transitory renters are requesting the speed bumps than homeowners.
- A lot of the speeders are a teenager going to and from school.
- Lower speed limits.
- Install more stop signs.
- Place an opening in middle of speed bumps to allow bicycles, strollers, etc. to pass through.
- More police enforcement.

There being no further comments, the Mayor closed the public hearing.

Moved by Jones, seconded by Patronik

Lora St Motion: **TO DENY THE REQUEST OF INSTALLING PERMANENT SPEED BUMPS ON LORA STREET.**

Friendly Amendment: **TO ADD REMOVAL THE TEMPORARY SPEED BUMPS ALREADY IN PLACE ON LORA STREET.**

Pre. Develop. Order

PRELIMINARY DEVELOPMENT ORDER AT 200 FIRST STREET: Application for

200 First Street

Preliminary Development Order for the commercial renovation and new construction at 200 First Street (old Ed Smith Lumber building) applicant Edward S. Jones.

The Mayor acknowledged receipt of a letter dated February 1, 1999 from Michael Dunlap, architect and representative for Edward S. Jones, withdrawing the proposed development plans.

The Mayor read Mr. Dunlap's letter, addressed to the City Manager, into the record as follows:

"Dear Dick,

Please accept this letter as a request for withdrawal of the plans which I submitted to you for development review under cover letter dated January 13, 1999.

As you know, the Planning and Development Review Board did not approve the proposed development as submitted. The Owner of the property intends to submit revised plans of the development indicating on-site parking in the second phase of construction. Thank you for your assistance, and please call me if you have any questions.

Sincerely,
Michael Dunlap"

Adjournment

There being no further business, the meeting adjourned at 10:05 p.m.

George F. Vaughn, Jr., Mayor

ATTEST:

Becky E. Hanks, CMC/AAE, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
FEBRUARY 7, 2000 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held February 7, 2000, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn
City Attorney Christopher White

City Clerk Lisa Volpe
Director of Finance John Herbst
Building Official Dan Arlington
Deputy City Clerk Karla Strait

ABSENT:
Vice Mayor Edward S. Jones

Order Call/Pledge

The Mayor called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

City Manager Linn presented Director of Finance John Herbst with a Certificate of Achievement for Excellence in Financial Reporting from the Florida Government Finance Association.

Director of Finance John Herbst gave a report on the financial status of the city.

Mayor Vaughn presented Grace Wazinski with a plaque for her late husband Phil Wazinski's Outstanding Volunteer Service on the Board of Appeals.

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MEETING MINUTES AS STATED:**

JANUARY 3, 2000, REGULAR
JANUARY 18, 2000, WORKSHOP
JANUARY 18, 2000, TOWN HALL
JANUARY 31, 2000, WORKSHOP

Moved by Patronik, seconded by Shimp.

Mayor Vaughn recognized that there was an error on the agenda under the approval of the minutes. The January Workshop and Town Hall Meetings were typed as January 17, 2000

and were actually held on January 18, 2000.

Mayor Vaughn asked that the January 18, 2000, Workshop Minutes have the record reflect that it was never his intent or his request that the interlocal agreement be opened for negotiation. That agreement was submitted through the City Attorney and that the only thing he asked for was a straight agreement with the City of Jacksonville and Neptune Beach.

Roll Call Vote:

Ayes: 4 - Patronik, Shimp, Tankersley, Vaughn

Noes: 0

Absent: 1 - Jones

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

February Workshop Meeting

City Clerk Lisa Volpe requested that due to Presidents Day falling on Monday, February 21, 2000, that the February Workshop Meeting be held on Tuesday, February 22, 2000.

Consensus: **TO HOLD THE FEBRUARY WORKSHOP MEETING ON TUESDAY, FEBRUARY 22, 2000.**

Taxi Cab Stands

Councilor Tankersley recognized that the taxicab stands were now in Town Center and thanked City Manager Linn.

CITY MANAGER REPORTS

Water Testing

WATER TESTING FOR MTBE (Methyl tert-butyl ether): City Manager Linn stated that our water supply had been tested on December 9, 1996 and there were no contaminants detected. Mr. Linn had spoken with Director of Public Works John Galen and was told that the water sample for the current three-year cycle had been sent out last week and the results would be forthcoming in about six weeks. Mr. Linn told council that he would add the issue to his punch list. Mr. Linn further stated that the Health Department felt that the risk of our water system in Neptune Beach being contaminated with this chemical was very low.

Hopkins Creek Fallout

HOPKINS CREEK OUTFALL DOT PROJECT TRAFFIC CONTROL PLAN: City Manager Linn stated he had received a letter from Sally Rosier of the Department of Transportation. One of the options being considered for the traffic control plan was to close off Penman Road and divert the traffic down Seagate Avenue over to Fifth Street, up Florida Boulevard and back to Penman Road. Mr. Linn felt this was not a workable solution for the community and drafted a letter indicating his concerns. Mr. Linn asked council if they had any objections. Mr. Linn felt that it would not be in any interest to the community and had serious reservations about the safety.

Councilor Patronik asked City Manager Linn who would be paying for the cost. City Manager Linn responded that the outfall was the responsibility of the Florida Department of Transportation and was a three or four million-dollar project.

Mayor Vaughn suggested that City Manager Linn ask the Department of Transportation, if they had to do the project, to do it during the summer when school is out.

Wastewater Facilities Grant

REQUEST FOR INCLUSION ON PRIORITY LIST FOR WASTEWATER FACILITIES GRANT REPORT: City Manager Linn explained that the grant was for disadvantaged small communities and that the deadline for the list was February 15, 2000. The funding for the grant program was from the interest of the state revolving loan fund. Neptune Beach qualified for inclusion on the list with about thirty other Florida communities. Priority would be given to communities that were experiencing a contamination or a health

problem. Mr. Linn added that we would be relatively low on the list because of this. However, Mr. Linn further explained that once your name was on the list that it would be on the list forever and that as other communities worked down we would eventually see some benefits. City Manager Linn added that if we could qualify for ten years that we could do a major portion of our sewer work from the grant.

Emergency
Management
Preparedness

EMERGENCY MANAGEMENT PREPAREDNESS ASSISTANCE TRUST FUND: City Manager Linn reported that Neptune Beach had made the list this year and was 28 out of 31 that may receive funding for emergency generators for lift stations and that the matching grant was \$23, 000.

COMMENTS FROM THE PUBLIC

Leslie Carlin, 1506 Spindrift Circle West, asked about the Wastewater Facilities Grant: if our income per capita increased could the grant be taken away. City Manager Linn responded "no".

Brad Duttera, 2026 Cherokee Drive, was concerned about taxes and the city purchasing more land instead of using it as a tax base.

Harriet Pruette, 217 ½ Magnolia Street, felt that the city needed to take care of the drainage problem that existed at the end of Atlantic Boulevard before adding an archway to Town Center. Ms. Pruette was also concerned about the Town Center Merchants not paying their fair share for the Town Center Project.

Mayor Vaughn responded to Harriet Pruettes' concerns stating that the town center merchants had committed to \$75,000 for the Town Center Project and at the last Project Oversight Committee Meeting over \$50,000 of those funds had been placed in the bank from the merchants. There was another meeting scheduled for the last week of the month for those merchants who had not participated to hopefully encourage them to come up with their portion. He was confident that the merchants would fulfill their commitment. Mayor Vaughn further stated that the drainage concern at the end of Atlantic Boulevard had been debated long before the Project Oversight Committee came along with the project and that there were no simple solutions to that problem. Mayor Vaughn added that the final design of the Archway was being drafted by the architect and would be a good addition to the project itself.

Councilor Shimp stated that he was against the archway and felt that it would look cheap. He was also concerned about the merchants not paying. The last meeting he had attended only 17 out of 64 had paid their share. He believed that the City had done everything it could for Town Center and felt that the Town Center Merchants and landowners needed to take some responsibilities and take the financial burden off the city.

For the Record Councilor Shimp stated that for the record he was out voted on the archway issue at the Project Oversight Committee Meeting.

Mayor Vaughn gave Harriet Pruette the name of Commissioner Desmond Waters of Atlantic Beach to contact for information regarding the collections of the Town Center Merchants.

Lynda Padrta, 1113 First Street, felt that the city did not need to spend money on an archway because there were other issues that needed to be addressed.

CONSENT AGENDA

CDBG Project &
Grandfather Parking
Spaces

SOLICIT BIDS FOR CDBG PROJECT & GRANDFATHER PARKING SPACES IN CONJUNCTION WITH TOWN CENTER PROJECT. These two items had been placed on the consent agenda to be voted on.

Moved by Shimp, seconded by Patronik.

Resolution No.
2000-02

RESOLUTION NO. 2000-02: RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA AUTHORIZING THE CITY ATTORNEY TO REPRESENT THE CITY OF NEPTUNE BEACH IN THE CONDEMNATION PROCEEDING WITH THE JACKSONVILLE TRANSPORTATION AUTHORITY FOR THE MAYPORT FLYOVER PROJECT.

WHEREAS, it is anticipated that other lawsuits may be filed against the City of Neptune Beach, Florida by the Jacksonville Transportation Authority; and

WHEREAS, the City of Neptune Beach, Florida desires to have Christopher A. White, Esq., Neptune Beach City Attorney, represent their interests in the above-referenced litigation.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA:

SECTION 1. That the City Council of the City of Neptune Beach, Florida hereby authorizes Christopher A. White, Esq., City Attorney, to represent their interests and act as lead attorney in the condemnation suit filed in the Duval County Circuit Court, Fourth Judicial Circuit, Case No. 99-07491-CA, Division CV-A styled as Jacksonville Transportation Authority, Petitioner, vs. A. M. Coplan, Trustee for Syrian Lebanese Star Retirement Plan; Jacksonville Electric Authority; Water=s Edge Association, Inc.; City of Neptune Beach, Tax Department and Lynwood Roberts, Tax Collector for Duval County, Respondents and any other lawsuits instituted by Jacksonville Transportation Authority against the City of Neptune Beach, Florida relating to the Mayport Flyover project.

SECTION 2. Effective Date. This resolution shall become effective upon adoption.

WORKSHOP CITY COUNCIL MEETING
FEBRUARY 16, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held February 16, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
City Attorney Christopher A. White
Building Official Dan Arlington
Director of Public Services John Galen
Administrative Assistant Lisa Volpe
Sergeant-at-Arms Larry W. Dean

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

**Ish Brant Beautification
And Special Events
Committees**

ISH BRANT BEAUTIFICATION COMMITTEE REPORT: Member Joanne Waddill gave a report on recent activities of the Ish Brant Beautification Committee, including a recruitment drive for volunteers to work with both Committees.

COMMUNITY EVENTS SPECIAL COMMITTEE: Chairperson Tyler gave a slide show presentation of the accomplishments to date of the Ish Brant Beautification and Community Events Special Committees. She outlined the success of the recent events, King Neptune Festival, 5-K Run, Christmas in the Park and Christmas Parade.

Committees

COMMITTEES: In response to an inquiry as to whether or not there would be another Sunday in the Park Event, the following ensued.

Chairperson Tyler pointed out that the request of resident Elaine Kenny to the Committee to plan and coordinate, with her own committee of volunteers, a Sunday in the Park Event without oversight by the Community Events Special Committee was rejected by unanimous consent of the Committee.

Chairperson Tyler pointed out that Ms. Kenny, as a former committee member, had a very poor attendance record, resigned, un-resigned and resigned. Ms. Kenny did not follow through on accepted assignments in conducting events, therefore, slowing and hindering the forward movement of events. This history demonstrated a lack of follow-through and commitment. As a result, it would not be reasonable to turn over an event to Ms. Kenny with this kind of track record with the Committee. Dr. Tyler further stated

that Ms. Kenny was invited to volunteer and participate with the Committee as a volunteer to any event, including a Sunday in the Park. However, to date, the response from Ms. Kenny was that she would think about it.

Consensus: **GIVE THE PRIVILEGE OF THE FLOOR TO ELAINE KENNY TO GIVE A PRESENTATION ON PLANNING AND COORDINATING A SUNDAY IN THE PARK, WITHOUT THE COMMUNITY EVENTS SPECIAL COMMITTEE.**

Elaine Kenny cited the success of last year's Sunday in the Park Event that she planned and coordinated with approximately twenty-five volunteers underneath her. She stated that she could not be a part of the Community Special Events Committee because of a personality conflict and that she did not think she could work with the Committee. She further stated that she wanted to run for Council and needed to put on cost efficient events and that was her purpose in doing Sunday in the Park. Ms. Kenny informed Council that she had set the date for the Sunday in the Park for April 11, 1999 and presented Council with an itemized list of all activities and a request for \$500 from Media One to fund the event.

A lengthy discussion by Council ensued.

Consensus: **THE CITY COUNCIL WAS IN CONTROL OF WHETHER OR NOT ANY EVENTS TAKE PLACE IN THE CITY.**

Consensus: **ANY CITIZEN CAN COME FORWARD TO THE CITY MANAGER WITH A REQUEST TO PLAN AND COORDINATE AN EVENT, OUTSIDE OF THE COMMUNITY EVENTS SPECIAL COMMITTEE AND THE CITY MANAGER WILL BE RESPONSIBLE FOR MAKING THE DECISION OF WHETHER OR NOT TO BRING THE ISSUE TO COUNCIL TO CONSIDER FOR APPROVAL.**

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR AGENDA, APPROVAL OF THE SUNDAY IN THE PARK EVENT, APPROVAL FOR PLANNING AND COORDINATION TO BE DONE BY RESIDENT ELAINE KENNY, WITHOUT OVERSIGHT BY THE COMMUNITY EVENTS SPECIAL COMMITTEE, AND AUTHORIZATION TO UTILIZE \$500 FROM THE MEDIA ONE FUNDS.**

Consensus: **ALL COMMITTEES SHOULD BE UNDER THE CITY MANAGER, WHO WILL BE RESPONSIBLE FOR WORKING OUT ALL DETAILS FOR COMMITTEES, INCLUDING ITEMIZED BUDGET EXPENDITURES FOR EACH EVENT AND BRING ALL ISSUES AND BUDGET TO COUNCIL FOR APPROVAL PRIOR TO EACH EVENT TAKING PLACE.**

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR AGENDA, AMENDING RESOLUTION ESTABLISHING WORKSHOP AGENDA FORMAT TO CHANGE "COMMITTEE REPORTS" TO READ "COMMITTEE REPORTS BY CITY MANAGER".**

CITY MANAGER PUNCH LIST

City Manager Punch
List

CITY MANAGER PUNCH LIST: The following items were discussed:

- *Street Paving* - Completed.
- *Roadway between K-Mart and Scotty's Shopping Centers* - A survey revealed that the U-Haul Company owns the property connecting the two shopping centers. The U-Haul Company already has plans to construct a building on this piece of property. The City does have a ten-foot easement between the rear of the U-Haul parking lot and the fence at Scotty's which is too narrow for a roadway. Regarding the Council's question of taking said property by eminent domain, City Attorney White stated that an Attorney General Opinion revealed that eminent domain was possible if the parking areas were open to the public and it served a public purpose.
- *Jarboe Park, Removal of Geo Fabric* - The Parks Department project of replacing the geo fabric with sand continued to progress. However, some geo fabric would remain for weed control.
- *Drainage flooding, 1423 Forest Avenue* - Storm water crew will begin work next month on the ditch along Forest Avenue. A swale was needed behind all homes along Forest Avenue; in addition, lack of a City easement hindered the progress of correcting some of the problem.
- *Grant* - The City has been notified that a \$20,000 grant was approved for Neptune Beach to correct drainage problems.
- *Bike Path on Penman Road* - No report.
- *Traffic Counter* - A second traffic counter was purchased that will be placed on a street this week. The goal is to survey all streets east of Third Street. Once this is completed, a comparison will be made between streets with speed bumps, those without and a record of the overall traffic pattern. Individual street reports will be submitted to Council as they are completed.
- *New Lifeguard Station* - The old slab foundation was damaged beyond repair because it turned out to be hollow. Therefore, a request for a change order to the original contract to authorize the cost of pouring a new slab will be on the next agenda.
- *Drainage Problem, end of Atlantic Boulevard* - Due to small drainage lines, there will be flooding in this area. At this time, no solution has been determined.

Recess / Reconvene

The Mayor, with consensus of Council, recessed the meeting at 9:21 p.m. and reconvened at 9:33 p.m.

PROPOSED ORDINANCES

Ord. No. 1998-22
Nuisances

DISCUSSION - ORDINANCE NO. 1998-22: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES, CITY OF NEPTUNE BEACH, FLORIDA TO INCLUDE A NEW CHAPTER 28, ENTITLED "NUISANCES"; AND PROVIDING AN EFFECTIVE DATE.

A brief discussion ensued.

Consensus:

THE CITY ATTORNEY WILL MERGE AND REDLINE THE MAYOR'S AND CODE ENFORCEMENT BOARD'S WRITTEN SUGGESTIONS INTO THE PROPOSED ORDINANCE FOR REVIEW AT THE MARCH 15, 1999 WORKSHOP MEETING; THE CODE ENFORCEMENT BOARD WILL BE INVITED TO ATTEND AND PROVIDE INPUT AT THE MARCH WORKSHOP MEETING; AND SECOND / FINAL READING WILL TAKE PLACE AT THE APRIL 5, 1999 REGULAR MEETING.

City Attorney Excused

At this time, the City Attorney was excused to leave.

CONTRACTS / AGREEMENTS – NONE

Contract Gruhn May, Inc.

CONTRACT GRUHN MAY, INC. - SEWER LINES: The City Manager advised that no bids were received as a result of an advertisement for bids on sewer line repairs on Bay Street. The City Manager recommended Council approve a contract with Gruhn May, Inc., in the amount of \$22,500 for said repairs and appropriate funds from the Water Sewer System Reserve Fund (404-4381-581-90-99).

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR CONSENT AGENDA, APPROVAL OF CONTRACT TO GRUHN MAY, INC., IN AN AMOUNT NOT TO EXCEED \$22,500 FOR SEWER LINE REPAIRS ON BAY STREET.**

ISSUE DEVELOPMENT

JEA Water Supply

JEA WATER SUPPLY: The Mayor gave a report and recommended, with the support of the City Manager, that Council agree to future planning of an interconnection to the JEA water supply to be utilized during emergencies.

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR CONSENT AGENDA, APPROVAL OF SUPPORT AND INTEREST IN A FUTURE CONNECTION TO JEA WATER SUPPLY FOR UTILIZATION DURING AN EMERGENCY ONLY.**

Water Usage

WATER USAGE CAP - COMMON AREAS: Following research, the City Manager made a recommendation accepted by consensus of Council.

Consensus: **FORWARD TO MARCH 1, 1999 REGULAR CONSENT AGENDA, APPROVAL TO ESTABLISH ALLOTMENT OF FREE WATER USAGE IN AN AMOUNT NOT TO EXCEED 20,000 GALLONS, PER 1,000 SQUARE FEET, PER MONTH FOR LAWN AND LANDSCAPING MAINTENANCE OF CITY PROPERTY BY VOLUNTEERS, FUNDED FROM THE GENERAL FUND TO THE UTILITY FUND.**

Pawn Shops

STATE LEGISLATION ON PAWN SHOPS: The Mayor stated that a request was received from a Palm Beach County Commissioner asking for support of critical issues regarding Florida Statute 539, regulating pawn brokers as outlined in a letter dated January 19, 1999 from Commissioner Warren H. Newell.

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR CONSENT AGENDA, A RESOLUTION IN SUPPORT OF THE STATE LEGISLATURE ENACTING NEW LAWS REGULATING PAWNBROKERS, AS OUTLINED IN MR. NEWELL'S LETTER DATED JANUARY 19, 1999.**

Hurricane Preparedness

HURRICANE PREPAREDNESS EDUCATION: The Mayor stated that the City Manager, Director of Finance and Public Safety Director would be attending the National Hurricane Conference from March 29th to April 2nd. The City Manager gave a brief description of the current City Hurricane Policy. The Mayor asked that a report be made back to Council by the City Manager following attendance at the conference. The Mayor stated his preference that the City Manager schedule a workshop to review the current City Hurricane Plan with the Council.

Media One Funds

EXPENDITURE OF MEDIA ONE FUNDS: The City Manager, as recommended by the

Director of Finance, stated that pursuant to the current franchise agreement with Media One, funds must be approved by Council for City events.

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR AGENDA, AUTHORIZATION TO UTILIZE MEDIA ONE FUNDS FOR CITY EVENTS WITH THE PROPOSED BUDGET BEING PRESENTED TO COUNCIL PRIOR TO EACH EVENT; AND APPROVAL OF 1999 EVENTS LIST, INCLUDING A JOINT TOWN CENTER CHRISTMAS AND SUNDAY IN THE PARK.**

Ditch Cleaning

BAY STREET DITCH SYSTEM AND LAKE NEPTUNE CLEANING: The City Manager asked Council to consider authorizing the cleaning of the ditch that begins on the west side of the Village Inn Restaurant, runs parallel along Third Street and terminates at the culvert under Bay Street. There exists an emergency due to the weed growing spring season that is fast approaching.

Consensus: **FORWARD TO THE MARCH 1, 1999 REGULAR CONSENT AGENDA, DECLARING AN EMERGENCY AND WAIVING FORMAL BID PROCEDURE TO AWARD A CONTRACT TO VORTEX BIOLOGICAL SERVICES, INC., TO CLEAN THE BAY STREET DITCH SYSTEM AND LAKE NEPTUNE.**

Beach Preservation

BEACH PRESERVATION TECHNOLOGY CONFERENCE REPORT: The Mayor and City Manager gave brief reports on a conference that they both, recently, attended.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY: There were no comments from the public.

Adjournment

TOWN HALL MEETING FEBRUARY 22, 1999, AT 7:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held February 22, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones (late)
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

City Manager Richard A. Linn
City Clerk Becky E. Hanks CMC/AE
Director of Public Safety William Brandt

Order Call

The Mayor called the meeting to order at 7:00 p.m.

Public Hearing

PUBLIC HEARING – JARBOE PARK MASTER PLAN: The Mayor opened the meeting by stating that the purpose of the Town Hall Meeting was to receive public input regarding the Master Plan of Jarboe Park.

**Comments from the
Public**

Richard Fail, 510 Oak Street, expressed disappointment that a group of citizens would fight improvements to Jarboe Park and commented that last year's Sunday in the Park did not have enough chairs for the citizens to sit and eat.

Terry Easton, Mothers of the Beaches, submitted a petition in favor of restrooms at Jarboe Park. She stated that Mothers of the Beaches opposed restrooms only being opened part of the time.

Harriet Pruette, 217 ½ Magnolia Street, submitted a survey with opinions from residents on whether or not to have restrooms in Jarboe Park. She stated that the City should deal with more important issues such as infrastructure.

Elizabeth Sipple, 719 Davis Street, complained that unsupervised children were at Jarboe Park especially after school, and expressed concern that the City would spend \$15,000 on trees.

Claire Zaiser, 109 Davis Street, opposed restrooms in Jarboe Park due to the liability and requested that Council return to the original seating arrangement for Town Hall Meetings.

Council Discussion

- Port-a-lets illegal – According to documentation from David Jones, Environmental Supervisor with the Florida Department of Health, port-a-lets, by law, could only be temporary in one location for a period of not more than 120 days.
- Citizens should vote on the issue at the next election of whether or not to build restrooms in Jarboe Park.

- Cut an outside door to the restroom in the Water Plant to be utilized by the citizens, on a trial basis for six months. However, the City Manager explained that due to security and chemicals stored in that building, this was not a feasible option with the City or the EPA.
- Utilize the Girl Scout Hut bathrooms or tap into their water line to build an additional bathroom outside of that building.
- Use the Girl Scout bathrooms for special events only.
- Modify lease with the Girl Scouts to include the use of their bathroom facilities for special events only.
- Previous restrooms in the Park were demolished.
- Cost to City may be too great.
- A concern would be having a Police Officer available to lock the bathrooms at night.
- Continued cost of restrooms would be too high.
- Sec. 4.05, City Charter states that the City shall be prohibited from reducing the size of any parks or parklands without prior approval of the voters.
- Restrooms must be in compliance with ADA.

On the Record Mayor Vaughn stated, on the record, that in his opinion constructing restrooms in Jarboe Park would not be reducing parks referenced in Sec. 4.05 of the City Charter.

The meeting recessed at 8:34 p.m. and reconvened at 8:44 p.m.

Presentation of Master Plan of Jarboe Park Brett Godard, landscape architect, did a presentation on the Master Plan of Jarboe Park to Council and the citizens. Whereupon, a lengthy question and answer discussion ensued. The general consensus to reducing cost by approximately \$100,000 was, as follows:

- Keep the theme as a small town, local neighborhood park.
- Eliminate band shelter.
- Reduce some landscaping.
- Provide no more parking.

The Master Plan was subject to change, as needed.

Adjournment There being no further business, the meeting adjourned at 9:50 p.m.

COMMUNICATIONS AND CORRESPONDENCE

**Interlocal Agm
Govt. Services**

INTERLOCAL AGREEMENT FOR GOVERNMENTAL SERVICES: The Mayor recognized and gave the privilege of the floor to Jacksonville Councilwoman Ginger Soud who presented a check in the amount of \$30,300 for partial payment from the City of Jacksonville, as outlined in the Interlocal Agreement for Governmental Services. The funds were designated for beautification and maintenance of the Florida Boulevard and

Penman Road area.

Rearrange Agenda REARRANGE AGENDA ITEMS: At the recommendation of Vice Mayor Tankersley, and concurrence of Council, Agenda Items 12E and 12H were moved to follow 12B.

CITY MANAGER REPORTS

Hopkins Creek Outfall HOPKINS CREEK OUTFALL DRAINAGE STUDY: The City Manager announced there would be a county public hearing on March 2, 1999 regarding the Hopkins Creek Outfall Drainage Study. In preparation for the hearing, design consultants for the projects gave a short presentation to Council.

Alt. Entrance Seagate Forest ALTERNATE ENTRANCE TO SEAGATE FOREST SUBDIVISION: Per Mr. Linn, the view of the City Manager of the City of Jacksonville Beach remained the same; that there would be no alternate entrance from the city limits of Jacksonville Beach, at this time, for Jacksonville Beach residents in the Seagate Forest area.

A sixteen unit residential development was slated for approval by the Jacksonville Beach Planning Board, and construction by a private developer, without consideration of the impact these homes will have in Neptune Beach.

The City Manager announced that Building Official Dan Arlington would be attending the Jacksonville Beach Planning Board Meeting on March 8th to voice the impact concerns of Neptune Beach.

COMMENTS FROM THE PUBLIC

Donna Jimenez, 3 Sandra Drive, Jacksonville Beach, complained about safety of the children, the increasing crime at Fletcher High School, and the treatment she and her son received from the Neptune Beach Resource Officer assigned to the school.

Deborah McAlister, 1103 - 18th Avenue North, Jacksonville Beach, complained about the safety of children at the schools and the School Resource Officer.

Richard Fail, 510 Oak Street, complained about the treatment by Council, at the last Council Meeting, of Community Events Special Committee Chairperson Beth Tyler; and stated that he knew an architect that would design restrooms in Jarboe Park for the City at no charge.

Reuben P. Groom, 2016 Marye Brant Loop North, favored and encouraged Council to construct restroom in Jarboe Park.

CONSENT AGENDA

Free Water Usage RESOLUTION 99-08: RESOLUTION FOR WATER USAGE FOR MAINTAINING PUBLIC AREAS OF THE CITY OF NEPTUNE BEACH, FLORIDA.

WHEREAS, the City of Neptune Beach maintains public areas for the benefit of the residents; and

WHEREAS, various individuals and groups have volunteered to provide labor and materials to landscape these areas and generally enhance their appearance; and

WHEREAS, the maintenance of the landscaping of these

common areas require irrigation and the City Council deems it in the public interest to provide the necessary water for irrigation in a uniform manner so as not to be a financial deterrent to volunteers.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY OF NEPTUNE BEACH, FLORIDA, THAT:

SECTION 1. The City of Neptune Beach will provide a water meter to volunteers without charge for use of irrigation of common areas.

SECTION 2. The City will credit to the individual an amount equal to 20,000 gallons per each 1,000 square feet per month.

SECTION 3. The City of Neptune Beach will transfer annually an amount from the general fund to the utility fund to cover the cost of this program.

Bay St Sewer Repairs GRUHN MAY, INC., BAY STREET SEWER REPAIRS: Declared an emergency, waived formal bid procedures and approved a contract with Gruhn May, Inc., for sewer line repairs on Bay Street in an amount not to exceed \$22,500.

JEA Water Supply JEA WATER SUPPLY: Approved a statement of support and interest in future connection to JEA Water Supply for utilization during emergency situations only.

PawnShops RESOLUTION 99-05, STATE LEGISLATION - PAWNSHOPS: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA, IN SUPPORT OF A REQUEST FOR THE STATE LEGISLATURE TO ENACT NEW LAWS REGULATING PAWNBROKERS.

WHEREAS, the pawnbrokers / second hand dealers within the State of Florida have expanded rapidly over the last few years; and

WHEREAS, the State Legislature enacted State Statute 539 regulating pawnbrokers on a statewide basis under the Florida Department of Agriculture and Consumer Services; and

WHEREAS, in Florida Statute 539; the State superceded all previous local laws and restricted the ability of local governments to enact new laws pertaining to pawnbrokers; and

WHEREAS, pawnbrokers knowingly or unknowingly deal in stolen property; and

WHEREAS, it has been found that invariably pawnbrokers provide incorrect and inaccurate records on transactions; and

WHEREAS, to reduce crime, arrest criminals, keep updated records and assist victims in recovering stolen items; an amendment to Florida Statute 539 is necessary.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA:

SECTION 1. The City Council of the City of Neptune Beach, Florida hereby supports a request for the State legislature to enact new laws regulating pawnbrokers with the following recommendations.

SECTION 2. The City Council supports the following issues regarding Florida Statute 539:

- (A) Restoring property rights to victims. (Changes in the Statute allowing for easier recovery of stolen property by victims. The Statute makes recovery of stolen property difficult, time consuming and expensive for the victims. The Statute should be changed to give victims back the rights to their stolen property).
- (B) Removing conflicting provisions in Florida Statute 539.001. (Existing Florida Statute states in part that ... "any county or municipality may enact ordinances that are in compliance with, but not more restrictive than this section" ... This should be changed so that counties and municipalities can enact more restrictive laws if deemed necessary).
- (C) Provide criminal penalties for repeated record keeping violations. (Many pawnbrokers have repeatedly provided incorrect information on transactions to law enforcement. This statutory amendment will provide for a felony charge for pawnbrokers who have been convicted three times for knowingly providing false information).

Bay St Ditch Cleaning
Lake Neptune

VORTEX BIOLOGICAL SERVICES, INC. - DITCH AND LAKE CLEANING: Declared an emergency, waived formal bid procedures and approved a contract with Vortex Biological Services, Inc., in an amount not to exceed \$25,000, for cleaning of Bay Street Ditch System and Lake Neptune.

Moved by Tankersley, seconded by Shimp.

Motion: **TO APPROVE ALL ABOVE NOTED ITEMS ON THE CONSENT AGENDA.**

Absent: 1 - Patronik

MOTION CARRIED.

VARIANCES

Morehead Variance
Appeal

VARIANCE APPEAL - RICHARD MOREHEAD: Appeal by Richard Morehead to the City Council on the final decision of the Board of Appeals on Variance Application V99-2, 900 First Street, for a variance of 15 feet to the corner side yard leaving 0 feet in lieu of the required 15 feet.

Legal Opinion by City Attorney - Procedural Matters. Mr. White stated that this issue was before the Council tonight under its review authority under the new ordinance that was adopted at the end of last year relating to the procedures to be followed for variances. After review of documents presented in the agenda packet, it was discovered that the Board of Appeals, in making their Required Findings under Section 27-147 Ordinance Code, was utilizing language and factors contained in the old code and not the new version. The City Attorney rendered a legal opinion that, due to this denial of procedural

due process and a lack of competent substantial evidence to support the Board's decision based in the new code, the case should be sent back to the Board of Appeals for a new Public Hearing. Mr. White rendered a legal opinion that the Morehead Variance should be referred back to the Board of Appeals for a new Public Hearing complying with the code, addressing those factors that have to be addressed under the new Code.

Discussion ensued as to whether or not Mr. Morehead should address the Council protesting the return of his case to the Board.

On the Record Councilor Shimp stated, on the record, that the Council giving away the powers of the City to boards was shortchanging the citizens. He further stated that the seated Council members were the ones the citizens voted to put in office and, therefore, are responsible to the citizens. Boards are not responsible to the citizens.

Legal Opinion by City Attorney - Privilege of floor to Mr. Morehead: In response to a request by Councilors Jones and Shimp, Mr. White rendered a legal opinion that Mr. Morehead could have the privilege of the floor to address the merits of having Council hear the case this evening. However, there could be no discussion on the appeal review of the case.

Consensus: **ALLOW RICHARD MOREHEAD THE PRIVILEGE OF THE FLOOR TO SPEAK ONLY ON PROCEDURAL DUE PROCESS MATTERS.**

Statement by Richard Morehead: Mr. Morehead alleged that, according to Section 27-153, Procedure for Appeal, adopted October 5, 1999 Council did not have the right, by their own Code, to send his case back to the Board of Appeals. He contended that Council only had the right to affirm, modify or reverse the decision of the Board.

Legal Opinion by City Attorney - lack of procedural due process: Mr. White respectfully disagreed with Mr. Morehead's opinion. He continued that the law does allow Council to send the case back to the Board of Appeals, because the Board did not comply with procedural due process. At this time, if Council approves the decision of the Board, then Council would be approving action taken by a Board that was done procedurally improperly. This Council cannot condone improper procedures. He recommended Council send the case back to the Board.

Moved by Jones, seconded by Tankersley

Motion: **VARIANCE CASE OF RICHARD MOREHEAD SHALL BE SENT BACK TO BOARD OF APPEALS TO MODIFY AND EVALUATE REQUIRED FINDING NOS. 1 THROUGH 7, EXCEPT NO. 4, AS OUTLINED IN THE NEW CODE SECTION 27-147.**

MOTION CARRIED.

Consensus: **THE BOARD OF APPEALS SHALL GIVE THE REASON AND HOW IT RELATES TO EACH POSITIVE AND NEGATIVE FINDING REQUIRED BY SECTION 27-147, ORDINANCE CODE.**

Consensus: **THE CITY SHALL WAIVE ANY ADDITIONAL FEES FOR RICHARD MOREHEAD'S RE-APPEARANCE BEFORE THE BOARD OF**

APPEALS.

Recess / Reconvene **RECESS AND RECONVENE:** The Mayor recessed the meeting at 8:20 p.m. and reconvened at 8:29 p.m.

ORDINANCES - NONE.**OLD BUSINESS**

Town Center Streetscape Project **TOWN CENTER STREETSCAPE PROJECT:** Mayor Vaughn stated that the latest version of the Town Center Streetscape Project Phase III, including revisions to add two dedicated taxi cab stands on the south side of Atlantic Boulevard just north of the Neptune Mall, and a doublewide driveway coming off Atlantic Boulevard into the Neptune Mall. City Manager Linn stated the Neptune Mall owners, also, requested rounding the radius off at the second entrance off Second Street and add pedestrian walkways to parking spaces.

Consensus: **FORWARD TO THE MARCH 15, 1999 WORKSHOP, DISCUSSION WITH THE DIRECTOR OF FINANCE ON REVENUE GENERATION ASSOCIATED WITH THE CENTRAL BUSINESS DISTRICT.**

Ad Hoc Community Center Committee **AD HOC COMMUNITY CENTER COMMITTEE REPORT:** Chairperson Bruce Rehmer presented a written report to Council on the survey of having a Neptune Beach Community Center. The response to the survey was an overwhelming positive to have a Community Center. As a result of the survey and investigation by the Committee, the Fraternal Order of Police Lodge was recommended as the most feasible at no cost to the City. A final report to Council will be completed in May.

CEB Appt. **RESOLUTION 99-06: APPOINTING RICHARD KEENE AS AN ALTERNATE MEMBER TO THE CODE ENFORCEMENT BOARD**

RESOLVED, the City Council of the City of Neptune Beach, Florida, hereby confirms the following board appointment:

Member	Code Enforcement Board Type	Term	Begins	Ends
Richard Keene	New Alternate	1-year	3/1/1999	3/1/2000

Moved by Jones, seconded by Tankersley.

Motion: **TO ADOPT RESOLUTION 99-06, AS NOTED ABOVE.**

Roll Call Vote:

Ayes: 3 – Jones, Tankersley, Vaughn
Noes: 1 – Shimp
Absent: 1 – Patronik

MOTION CARRIED.

MOBILITY 21 **MOBILITY 21 REPORT:** Mayor Vaughn brought to everyone's attention that there was information on the City of Jacksonville Transportation Master Plan (MOBILITY 21) and a questionnaire designed to develop input on the Master Plan. He encouraged everyone to fill one out and send to the appropriate agency.

Amend Agn Format

Jaxon DeVille Mascot
Easter Egg Hunt

JACKSONVILLE JAGUAR MASCOT JAXON DEVILLE: Approval of \$200 to secure Jacksonville Jaguar "Jaxon DeVille" for Easter Egg Hunt.

Consensus: **WITHDRAWN, INDIVIDUAL APPROVAL NOT NECESSARY ACCORDING TO FRANCHISE AGREEMENT.**

In response to the Mayor, the City Manager stated that the City would approve the above noted expenditure.

Budget Sunday in
the Park

BUDGET FOR SUNDAY IN THE PARK: Appropriation of \$500 itemized budget from Media One Funds for Sunday in the Park.

Consensus: **WITHDRAWN, INDIVIDUAL APPROVAL NOT NECESSARY ACCORDING TO FRANCHISE AGREEMENT.**

NB vs. Petit

RESOLUTION 99-10: RESOLUTION FOR SETTLEMENT OF NEPTUNE BEACH v.

Litigation

PETTIT LITIGATION.

Whereas, the City of Neptune Beach has been offered the sum of \$46,500 by Defendant Barbara J. Pettit in the case of Neptune Beach v. Barbara J. Pettit, Duval County Circuit Court Case No. 97-00503-CA, Division CV-F, as full and complete settlement of the claims of the City of Neptune Beach against Barbara J. Pettit in that case; and

Whereas, it is in the best interest of the City of Neptune Beach to accept the sum of \$46,500 as full settlement in that case.

Now, therefore, be it resolved that:

Section 1. The City of Neptune Beach approved the settlement in the amount of \$46,500 as full settlement of the City's claims in this case, with said sum to be paid no later than August 16, 1999, with the understanding that if said amount was not paid by that date, the property involved will be sold at the public sale with the proceeds being used to pay the above sum to the City.

Section 2. Christopher A. White, general counsel for the City of Neptune Beach, is hereby authorized to execute all necessary documents relating to this settlement.

Moved by Jones, seconded by Shimp.

Motion: **TO ADOPT RESOLUTION 99-10, AS NOTED ABOVE.**

Roll Call Vote:

Ayes: 4 – Jones, Shimp, Tankersley, Vaughn

Seminar

DEBRIS MANAGEMENT SEMINAR: Approval of appropriate management personnel, including the City Manager, to attend Advanced Debris Management Seminar offered by Florida Division of Emergency Management. Item requested by Mayor Vaughn.

WITHDRAWN.

Dancing in the
Streets

RESOLUTION 99-09: RESOLUTION TO WAIVE ENFORCEMENT OF SECTION 4-5 OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, FLORIDA.

WHEREAS, Section 4-5 of the Code of Ordinances "Consumption on Atlantic Ocean beach, other public places" prohibits consumption or possession of open alcoholic beverages at public places in the City; and

WHEREAS, the Town Center Festival Committee has requested a waiver of this ordinance during an event know as "Dancin' in the Streets"; and

WHEREAS, the purpose of the event is to raise funds to be used to further the physical improvements of the City as a direct public interest; and

WHEREAS, the committee has designated an area whereby consumption and possession will be controlled.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA, THAT:

SECTION 1. The prohibitions as expressed in Section 4-5 of the Code of Ordinances of the City of Neptune Beach be waived during the hours established from 11:00 a.m. to 10:00 p.m. on May 15, 1999.

Moved by Jones, seconded by Shimp.

Motion: **TO ADOPT RESOLUTION 99-09, AS NOTED ABOVE.**

Roll Call Vote:

Ayes: 4 – Jones, Shimp, Tankersley, Vaughn

Noes: 0

Absent: 1 - Patronik

MOTION CARRIED.

MUP Engineers

ENGINEERING FIRMS - MASTER UTILITY PLAN: Approve selection of engineering firms to provide services for project associated with the Master Utility Plan.

City Manager Recommendation. The City Manager stated that following solicitation for request for proposals, three firms of the twelve responses received were selected by a committee to be involved in the design throughout the project. He recommended that Council authorize him to negotiate project design agreements with any of the three following engineering firms, as needed, to perform the services of various projects and tasks identified in the Capital Improvement Plan on an individual basis. Each project design agreement would require Council approval throughout the program: (1) Smith & Gillespie Engineers, (2) Post, Buckley, Schuh & Jernigan, and (3) Connelly & Wicker.

Councilor Shimp submitted a draft resolution, for Council consideration at a later date, outlining some guidelines for lift stations.

Mayor Vaughn questioned whether or not Section 287, Florida Statutes, had been complied with on request for proposals. Following discussion, the City Attorney asked for time to review the situation and facts.

Consensus: **FORWARD TO A MARCH 15, 1999 SPECIAL AGENDA FOR FURTHER DISCUSSION AND ACTION.**

Ish Brant City Hall
Dedication

ISH BRANT CITY HALL DEDICATION: Approve budget for dedication and naming City Hall as the Ish Brant Building.

Consensus: **WITHDRAWN, INDIVIDUAL APPROVAL NOT NECESSARY ACCORDING TO FRANCHISE AGREEMENT.**

Chg. Order 1
TomBoy Const.

CHANGE ORDER - TOMBOY CONSTRUCTION - LIFEGUARD STATION: Request for Change Order No. 1, in an amount not to exceed \$5,385.85, to TomBoy Construction Contract for new slab to the lifeguard station building.

City Manager Linn advised that the City recently learned the existing slab would not safely support a new building. Therefore, a Change Order would be necessary before construction could commence.

Moved by Tankersley, seconded by Jones.

Motion: **TO APPROVE CHANGE ORDER NO. 1, IN THE AMOUNT OF \$5,385.85, TO TOMBOY CONSTRUCTION FOR A NEW SLAB PRIOR TO CONSTRUCTION OF THE NEW LIFEGUARD BUILDING.**

Roll Call Vote:

Ayes: 4 – Jones, Shimp, Tankersley, Vaughn

Absent: 1 - Patronik

Adjournment

There being no further business, the meeting adjourned at 9:36 p.m.

George F. Vaughn, Jr., Mayor

ATTEST:

Becky E. Hanks, CMC/AAE, City Clerk

Approved: _____

MINUTES
MARCH 8, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 8, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
Director of Public Safety William Brandt
Director of Public Services John Galen

Absent: Councilor Edward S. Jones

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m. and stated that the purpose of the meeting was to discuss traffic calming options.

Robinson Engineering suggested three options for traffic calming east of Third Street.

1. Make traffic flow one-way northbound on Second Street; one-way southbound on First Street; and one-way westbound on Florida Boulevard to Third Street.
2. Install additional barricades.
3. Take no action until the Master Utility Plan was completed in this area.

The City Manager, Director of Public Services and Director of Public Safety, after conducting their own survey, recommended a fourth option:

4. Install stop signs at all intersections east of Third Street.

A traffic count spread sheet was distributed by the City Manager for Council information.

Discussion ensued as to whether recreational bikers could be exempt from the law in obeying stop signs, if Council chose above noted Option 4, as a permanent measure.

Consensus: **TO HAVE THE CITY ATTORNEY LOOKING INTO THE POSSIBILITY OF MAKING FIRST STREET A "SPECIAL" STREET FOR BIKERS, EXEMPT FROM THE LAW IN OBEYING STOP SIGNS.**

On the Record

Vice Mayor Tankersley stated, on the record, that he did not see a high volume of traffic as outlined in the Traffic Calming Study, nor did he agree there was a speeding problem in the City. He, also, stated that he would not agree to the stop signs unless First Street could be considered a special street. If that could not happen, then the City should wait

until the infrastructure repairs were completed.

Consensus: **TO AUTHORIZE THE CITY MANAGER TO INSTALL STOP SIGNS, AS NOTED IN OPTION 4, ON A TEMPORARY BASIS, SEE HOW IT WORKED, AND REPORT BACK TO COUNCIL IN 90 DAYS.**

The following citizens spoke:

Dr. Bob Grovenstein, 411 Snapping Turtle Court East, Atlantic Beach, recommended that the City redesign the barricades, remove the speed bumps and make Cherry Street one-way.

Mike Disch, 118 Magnolia Street, stated that it was apparent a lot of cars were through the neighborhoods, as evidenced by the traffic counter. The City should take a look at how to prevent non-neighborhood traffic.

John Reeve, 222 South Street, recommended that the speed limit be reduced on First Street, installation of stop signs at all intersections, and installation of speed bumps on First Street.

Harriet Pruette, 217 ½ Magnolia Street, stated that the City should work on problems on Second Street and other streets. She suggested that dead end signs be placed four blocks ahead with an outlet arrow to direct traffic away from the residential areas.

Gordon Beguhn, 226 Davis Street, discussed speed bumps.

Passing of
Munroe Griffin

Mayor Vaughn announced that former Councilman Munroe Griffin had passed away.

Adjournment

There being no further business, the meeting adjourned at 8:45 p.m.

ATTEST:

George F. Vaughn, Jr., Mayor

Becky E. Hanks, CMC/AEE, City Clerk

Approved: _____

MINUTES
WORKSHOP CITY COUNCIL MEETING
MARCH 15, 1999 AT 7:16 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 15, 1999, at 7:16 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
City Attorney Christopher A. White
Director of Finance John Herbst
Administrative Assistant Lisa Volpe
Deputy City Clerk Janelle Brunner
Deputy City Clerk Karla Strait

Call to Order/Roll Call

The Mayor called the meeting to order at 7:16 p.m.

COMMITTEE REPORTS

**Ish Brant Beautification
And Special Events
Committees**

ISH BRANT BEAUTIFICATION COMMITTEE REPORT: The City Manager reported that mulch had been placed in the butterfly garden, however, more would be needed to complete the project.

COMMUNITY EVENTS SPECIAL COMMITTEE: The City Manager congratulated the committee on the fine job at the Ish Brant Building Dedication. He also reported that the Jarboe Park Rededication was canceled due to rain and would be rescheduled at a later date.

CITY MANAGER PUNCH LIST

**City Manager Punch
List**

CITY MANAGER PUNCH LIST: The following items were discussed:

- *Traffic Signal* – The traffic signal at the intersection of Atlantic Boulevard and Aquatic Drive should be changed to the traffic signal at the intersection of Atlantic Boulevard and Ish Brant Boulevard.
- *JTA Buses* – Daryl Smith was the new contact at JTA. In addition, the buses going down Seagate Avenue might be changed in the future.

PROPOSED ORDINANCES

**Ord. No. 1998-22
Nuisances**

ORDINANCE NO. 1998-22: The revised version of Ordinance No. 1998-22, Nuisances, was not available for the March Workshop Meeting but would be completed for the April Workshop Meeting.

Ord. No. 1999-01
Turtle Protection

ORDINANCE NO. 1999-01: AN ORDINANCE OF NEPTUNE BEACH, FLORIDA, RELATING TO THE PROTECTION OF MARINE TURTLES; PROVIDING FINDINGS; PROVIDING TITLE, CITATION AND PURPOSE; PROVIDING JURISDICTION; PROVIDING DEFINITIONS; PROVIDING LIGHTING STANDARDS FOR NEW DEVELOPMENT; PROVIDING LIGHTING STANDARDS FOR EXISTING DEVELOPMENT; PROVIDING STANDARDS FOR PUBLICLY OWNED LIGHTING; PROVIDING PROHIBITED ACTIVITIES DISRUPTIVE TO MARINE TURTLES; PROVIDING STANDARDS FOR CONSTRUCTION DURING THE MARINE TURTLE NESTING SEASON; PROVIDING THAT IT IS UNLAWFUL TO KILL MOLEST OR INJURE MARINE TURTLES; PROVIDING EDUCATION AND INFORMATION OPTIONS; PROVIDING ENFORCEMENT PROVISIONS INCLUDING CIVIL AND ADMINISTRATIVE ENFORCEMENT POWERS AND CRIMINAL PENALTIES REGARDING MARINE TURTLES AND HATCHLINGS IN NEPTUNE BEACH, FLORIDA; PROVIDING APPLICABILITY; PROVIDING INTERPRETATION; PROVIDING SEVERABILITY AND PROVIDING AN EFFECTIVE DATE.

Homeowners should have one year to comply with the new ordinance with the building department responding to complaints from the citizens.

The City Manager was directed to investigate other cities that had a turtle protection ordinance and find out what problems they have encountered.

The Mayor requested that the last sentence in Section 11 be deleted.

Consensus: **FORWARD ORDINANCE NO. 1999-01 TO THE APRIL REGULAR COUNCIL MEETING FOR FIRST READ.**

Ord. No. 1999-02
Parking

ORDINANCE NO. 1999-02: THAT SECTION 22-26 OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH IS HEREBY AMENDED BY ADDING A NEW SUBSECTION (F) TO READ AS FOLLOWS; AND TO RENUMBER SECTION 22-26 (F) TO READ SECTION 22-26 (G); AND PROVIDING AN EFFECTIVE DATE.

This ordinance would prohibit citizens from parking on private property other than their own, without the permission of the property owner. Citizens would be able to contact the police to issue tickets to the offender instead of having the vehicle towed.

Consensus: **FORWARD ORDINANCE NO. 1999-02 TO THE APRIL REGULAR COUNCIL MEETING FOR FIRST READ.**

Ord. No 1999-03
Special Committees

ORDINANCE NO. 1999-03: THAT SECTION 2-42 OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH IS HEREBY AMENDED TO READ AS FOLLOWS; AND PROVIDING AN EFFECTIVE DATE.

Four Council Members wanted more input regarding the creation of committees and appointees to membership.

In response to a question from Councilor Patronik, the City Attorney stated that Council could dissolve any committee. A lengthy discussion ensued.

Councilor Shimp stated, on the record, that he has never spoken with Ms. Lyne about special committees.

Consensus: **FORWARD ORDINANCE NO. 1999-03 TO THE APRIL REGULAR COUNCIL MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS – NONE**ISSUE DEVELOPMENT**CBD Revenue
Generation

CENTRAL BUSINESS DISTRICT REVENUE GENERATION: Director of Finance John Herbst explained to Council the tax based revenue generated from the Central Business District, including real property tax, personal property tax, cigarette tax, alcoholic beverage licenses, sales tax and county occupational tax, as follows:

	BUDGET FY 1999	YTD FY 1999	BUDGET TO ACTUAL
Real Property Tax	872,612	573,716	65.75%
Personal Property Tax	38,759	31,004	79.99%
Cigarette Tax	109,000	35,993	33.02%
Alcoholic Licenses	5,000	4,791	95.82%
Sales Tax	550,000	207,228	37.68%
County Occupational Tax	13,000	7,069	54.38%
 Total General Fund Revenue	 2,686,251	 1,240,249	 46.17%
 Effect of development on property.		Ad Valorem Taxes	
Value of Lot		375,000	1,223
Value of mixed-use development		975,000	3,179
Value added tax increase			<u>1,956</u>

Commercial properties or businesses include, but are not limited to:

1. Vacant Ed Smith Lumber Co., owner Edward S. Jones.
2. Neptune Mall, owner Louis B. MacDonell.
3. 241 Atlantic Boulevard, owner George E. Pharr.
4. 100 First Street Complex, owner Southcoast Capital Partnership.
5. Parking Lot corner Second/Lemon Streets, owner Barbara Horne Arnold.
6. Parking Lot at Town Center, owner Frank Keasler.
7. Sea Horse Motel, owner Frank R. Keasler.
8. Pete's Bar, owner Clara Jensen
9. Parking Lots behind City Hall, owner Southcoast Capital Partnership.

Naval Air Show

NAVAL AIR SHOW: The Mayor requested that the Council support a resolution favoring the Naval Air Show. In addition, the City Manager was directed to place said item on the City Manager's Punchlist.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING A RESOLUTION SUPPORTING THE NAVAL AIR SHOW.**

Water Usage

WATER USAGE IN COMMON AREAS: The City Manager explained there was an error in Resolution 99-08 adopted March 1, 1999. The wording in Section 2, line 2, should read, "...20,000 gallons per 10,000 square feet". A revised resolution should be placed on the next regular agenda.

Consensus: **FORWARD TO THE APRIL REGULAR COUNCIL MEETING CONSENT AGENDA, AN AMENDED RESOLUTION, AS NOTED ABOVE.**

Wastewater Mgmt.
Facilities Grant

WASTEWATER MANAGEMENT FACILITIES GRANT: The City Manager announced the availability of a Wastewater Management Facilities Grant for financially disadvantage

small communities. Eighty-five percent will be for the planning, design and construction/rehabilitation of wastewater sewers, treatment and disposal/reuse facilities. After completion of these activities, a grant amendment will be made for at least 65% percent of eligible construction costs.

The appropriate application should be received by December 1999 and a return deadline of February 2000.

Consensus: **PLACE THE ABOVE NOTED ITEM ON THE CITY MANAGER'S PUNCH LIST.**

FIND Grant

FLORIDA INLAND NAVIGATION DISTRICT GRANT (FIND): The Mayor explained that the FIND, 1999-2000 Waterways Assistance Program, provides funding assistance to local governments to perform waterway improvement projects. The Department of Parks, Recreation and Entertainment, City of Jacksonville, in cooperation with the City of Neptune Beach, proposes to the Florida Inland Navigation District for 1999, a Phase I, Design, Engineering and Permitting of a Canoe Launch at the old bridge site on Seagate Avenue. The City of Jacksonville will provide the grant writing and administration, as well as the 50% percent match for Phase I of the project.

For year 2000, a Canoe Launch at the end of Forest Avenue near the City Yard will be proposed with this grant.

With regard to Forest Avenue, parking near the City Yard and FOP would be feasible. The gun range was an obstacle that could be overcome to allow the Forest Avenue Canoe Launch to be a reality.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY: Judy Bost, 115 Walnut Street, liked the idea of ticketing cars on private property and had been questioned by citizens on the purpose of the Nuisance Committee.

Deputy City Clerk Janelle Brunner
Deputy City Clerk Karla Strait

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

**Design Engineer
Consultant**

DESIGN ENGINEER CONSULTANT – MASTER UTILITY PLAN: Following request for proposals, the City Manager recommended the below noted short list of engineering firms. He requested authorization to negotiate a separate agreement with the firms listed on the short list; if an agreement could not be successfully reached with the first firm, negotiations with the second firm would commence and, if necessary, with the third firm for separate projects within the Master Utility Plan. Each project would be brought before Council for approval.

Short list of engineering firms, in priority order.

1. Post, Buckley, Schuh and Jernigan
2. Smith and Gillespie Engineers
3. Connelly and Wicker

The City Attorney stated that choosing a firm based on its workload would not violate any State law.

Moved by Tankersley, seconded by Patronik

Motion: **TO APPROVE THE RECOMMENDATION OF THE CITY MANAGER, AS NOTED ABOVE, WITH RESPECT TO THE MASTER UTILITY PLAN.**

Councilor Robert D. Shimp

City Manager Richard A. Linn
City Clerk Becky E. Hanks CMC/AE
Director of Finance John Herbst

Order Call

The Mayor called the meeting to order at 9:35 p.m.

Animal Cruelty

Jim Hayes, 519 McCullom Circle, complained that three police officers abused his two dogs while trying to retrieve them when they dug out of his back fence. The puppy received 17 lacerations on his face and an injured leg. The incident occurred on Friday, March 12th, but on Monday, March 15th, a police officer had to be called in off the road to fill out a police report of the incident so Mr. Hayes could have a copy in order to file a complaint.

Tony Mazzola, 529 Birch Court, a neighbor of Mr. Hayes, offered help to the Police Officers because he knew the dogs and could get them to come to him. However, the police officers told him to leave the premises.

Consensus: **THE CITY MANAGER WAS DIRECTED TO CONDUCT A FULL INVESTIGATION INTO THE ABOVE NOTED INCIDENT AND MAKE A REPORT TO COUNCIL AND TO SEND ALL COUNCIL MEMBERS OF COPY OF THE POLICE REPORT INVOLVING THIS INCIDENT.**

**Police Complaint
Forms**

Steve Spencer, 816 Commerce Street, stated that he asked the City Manager for the appropriate form to file a complaint against a police officer (SOP52), but was given an incorrect form (Citizen Contact Form). Mr. Spencer stated that he did not feel comfortable entering the police department and that the City Manager's office should have this form available to the public.

Consensus: **THE CITY MANAGER WAS DIRECTED TO WORK OUT AN APPROPRIATE PROCEDURE FOR OBTAINING FORM SOP52 AND OTHER GENERAL COMPLAINT FORMS.**

Committee
Minutes

Harriet Pruette, 217 ½ Magnolia Street, will be requesting copies of the minutes from the
Ish Brant Beautification Committee and the Community Special Events Committee.

COMMUNICATIONS AND CORRESPONDENCE

- Project Oversight** Project Oversight: Mayor Vaughn referred to a letter in the agenda packet, attached to the Project oversight Committee Meeting Minutes and stated that the most recent design was on the table in back of the Council Chambers for anyone wishing to review it.
- Taxi Stand** Taxi Cab Stands: Vice Mayor Tankersley stated that he spoke with our City Manager and Atlantic Beach Mayor Shaunensey about the idea of four taxi stands to be located in Town Center to help promote public transportation and give people an alternate route. This would also allow for extra parking.
- School Fight Resolution** School Fight Resolution: Councilor Shimp reported that a resolution had been reached with Fletcher High School Principal Mrs. Mann over a fight at school. The Chief of Police, under a grant, is sending a teacher from Fletcher High School and one of our Resource Officers to an Intervention class. Councilor Shimp also reported that he believed the mother was satisfied.
- Lighting** Light Bulb Wattage: Councilor Jones stated that he was concerned the high wattage light bulbs to be installed in Town Center would be too bright for the area.
- St Johns River Management District** City Manager Report on Water 20/20: The City Manager stated that he received a letter from Craig McClane, Program Manager with St. Johns River Water Management District, requesting time on the agenda for June 7, 1999 to give a report on Water 20/20.

CITY MANAGER REPORTS

- Investigation** City Manager Report on Dog Incident: The City Manager stated that the investigation of the dog incident at 509 McCollum Circle was almost complete. A full report will be forthcoming.
- SOP 52 Procedures** SOP 52 Procedures: The City Manager will have something out this week on the procedures for issuing a Police Complaint Form SOP 52, to citizens.

COMMENTS FROM THE PUBLIC

Bishop Hayes, 207 Spindrift lane, complained about the deplorable conditions that existed in the alley behind Mr. Grubbs strip mall and the view of the Mayport overpass heading east.

Danny Thiele, 107 Azalea Place, spoke in support of Ordinance No. 1999-01. He invited Blair Withington with the Department of Environmental Protection to attend the Workshop Meeting on April 19, 1999, to answer any questions.

Donald Jordan, 1423 Forest Avenue, complained that the drainage project on Forest Avenue has not been started. Mr. Jordan recommended that the Ordinance controlling political signs be enforced or repealed.

Jo Anne Waddill, 115 Oleander, requested the removal of politics from the Ish Brant Beautification Committee.

NEW BUSINESS

- Agenda Modification** Council agreed to move Agenda Item 12(A) forward for the appearance of Karen Schefeer with The Department of Parks, Recreation and Entertainment, City of Jacksonville.

- FIND Grant** FLORIDA INLAND NAVIGATION DISTRICT GRANT (FIND): Karen Schefeer with

Department of Parks, Recreation and Entertainment, City of Jacksonville, explained the application process of Phase I. Design, Engineering and Permitting of a Canoe Launch at the old bridge site on Seagate Avenue. The City of Jacksonville will provide the grant writing and administration, as well as the 50% percent match for Phase I of the project.

Discussion ensued on the feasibility of switching the location from Seagate to Forest Avenue.

Council directed the City Manager to investigate whether the City could obtain the necessary easements on Forest Avenue.

Moved by Tankersley, seconded by Jones.

Motion: **TO SUPPORT THE CITY OF JACKSONVILLE MOVING FORWARD WITH THE FIND GRANT APPLICATION.**

On The Record Councilor Shimp stated, on the record, that he would (1) not support the Seagate Avenue location due to low tide and (2) would request the FIND Grant application be withdrawn if the Forest Avenue location could not be utilized.

On The Record Mayor Vaughn stated, on the record, that the above motion would stand as the official act of this Council supporting the forward movement of the FIND Grant application. He also stated, on the record, that he did not agree with Councilor Shimp.

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Consensus: **TO PLACE THE FIND GRANT APPLICATION ON THE AGENDA FOR THE TOWN HALL MEETING ON APRIL 19, 1999 TO RECEIVE PUBLIC INPUT.**

WORKSHOP CITY COUNCIL MEETING
APRIL 19, 1999 AT 7:07 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 19, 1999, at 7:07 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
City Attorney Christopher A. White
Director of Finance John Herbst
Administrative Assistant Lisa Volpe
Deputy City Clerk Karla Strait
Administrative Assistant Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 7:07 p.m.

Transportation Master Plan

The Mayor introduced Cheryl Freeman with the City of Jacksonville, who was given the privilege of floor to speak on the Transportation Master Plan. She announced upcoming workshops for public input to be held at Atlantic Beach City Hall, Tuesday, April 27, 1999 at 5:30 to 7:00 and 7:30 to 9:00 for all beach communities.

Councilor Holland

The Mayor introduced Jerry Holland, newly elected Jacksonville City Councilman, Beaches District 3. Councilman Holland stated that he would like to be the beach city lobbyist and share ideas with the City of Jacksonville.

COMMITTEE REPORTS

Ish Brant Beautification

ISH BRANT BEAUTIFICATION COMMITTEE REPORT: The City Manager complimented the Ish Brant Beautification Committee, especially Mayor Vaughn and the efforts that were put into beautification of the Butterfly Garden. He also recognized the donation of trees and plants by Dynamic Anderson Corporation, and a Canary Island Date Palm tree donated by Diana Eastman that was placed in Jarboe Park.

Special Events Committees

COMMUNITY EVENTS SPECIAL COMMITTEE: The next planned event will have a sports theme; date to be determined later.

Sunday in the Park

SUNDAY IN THE PARK: The City Manager reported that Sunday in the Park held on April 11th was a huge success. A financial report would be forthcoming.

CITY MANAGERS PUNCH LIST

CITY MANAGER PUNCH LIST: The following items were discussed:

City Manager Punch
List

- *Forest Avenue Drainage Project:* The Forest Avenue Drainage Project will commence once the homeowner has completed work on his driveway.

Change in Agenda
Items

Reverse Ordinance placement on agenda due to visitors in attendance.

PROPOSED ORDINANCES

Ord 1999-01
Turtle Protection

ORDINANCE NO. 1999-01: AN ORDINANCE OF NEPTUNE BEACH, FLORIDA, RELATING TO THE PROTECTION OF MARINE TURTLES; PROVIDING FINDINGS; PROVIDING TITLE, CITATION AND PURPOSE; PROVIDING JURISDICTION; PROVIDING DEFINITIONS; PROVIDING LIGHTING STANDARDS FOR NEW DEVELOPMENT; PROVIDING LIGHTING STANDARDS FOR EXISTING DEVELOPMENT; PROVIDING STANDARDS FOR PUBLICLY OWNED LIGHTING; PROVIDING PROHIBITED ACTIVITIES DISRUPTIVE TO MARINE TURTLES; PROVIDING STANDARDS FOR CONSTRUCTION DURING THE MARINE TURTLE NESTING SEASON; PROVIDING THAT IT IS UNLAWFUL TO KILL MOLEST OR INJURE MARINE TURTLES; PROVIDING EDUCATION AND INFORMATION OPTIONS; PROVIDING ENFORCEMENT PROVISIONS INCLUDING CIVIL AND ADMINISTRATIVE ENFORCEMENT POWERS AND CRIMINAL PENALTIES REGARDING MARINE TURTLES AND HATCHLINGS IN NEPTUNE BEACH, FLORIDA; PROVIDING APPLICABILITY; PROVIDING INTERPRETATION; PROVIDING SEVERABILITY AND PROVIDING AN EFFECTIVE DATE.

Danny Theile, Beaches Sea Turtle Patrol introduced Blair Withington, an expert on light ordinances from the Department of Environmental Protection. In attendance was Christine Nelson, Assistant. All parties answered questions from the Council. Points and concerns addressed by Council Members:

- The ordinance will only work if all three-beach cities adopted such an ordinance in order to be uniform along the beachfront. For example, the efforts of the Sea Horse Motel would not be effective unless the Sea Turtle across the street complied with the same regulation.
- Some citizens were concerned that existing outside residential lights would be effected.
- Possible duplication of state law.
- Tinted windows should be voluntary, not mandatory.
- Enforcement may require additional funding.
- The state should be responsible for providing education to citizens on this issue.
- Opinions from the oceanfront residents should be solicited.
- Sea Horse Inn should be exempted.

Lisa Volpe, Administrative Assistant to the City Manager gave a report on how other cities enforced their turtle protection ordinance.

Consensus: **FORWARD ORDINANCE NO. 1999-01 TO THE MAY 3, 1999 REGULAR COUNCIL MEETING FOR FIRST READ.**

Ord. No. 1998-22
Nuisance Ordinance

ORDINANCE NO. 1998-22: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES, CITY OF NEPTUNE BEACH, FLORIDA TO INCLUDE AN NEW CHAPTER 28, ENTITLED "NUISANCES," PROVIDING AN EFFECTIVE DATE.

The following Code Enforcement Board members were in attendance and made recommendations: Richard Keene, Carl Russell, and John Reeves.

On the Record Councilor Shimp, on the record, stated that he did not initiate said ordinance because of a

recent dispute over moving a fence, and that it was never to be neighbor against neighbor.

Consensus: **THE CITY ATTORNEY WAS ASKED TO REVIEW THE WRITTEN RECOMMENDATIONS MADE BY RICHARD KEENE AND MAKE ANY ACCEPTABLE CHANGES TO THE ORDINANCE.**

Consensus: **FORWARD ORDINANCE NO. 1998-22 TO THE MAY 3, 1999 REGULAR COUNCIL MEETING FOR SECOND AND FINAL READING.**

Recess / Reconvene **RECESSED AND RECONVENED:** The meeting was recessed at 8:50 p.m. and reconvened at 9:05 p.m.

CONTRACTS / AGREEMENTS

PBS&J Addendum 3,
Task 3 MUP

PROFESSIONAL SERVICES AGREEMENT WITH PBS&J, ADDENDUM NO. 3, TASK NO. 3, UTILITY IMPROVEMENTS EAST OF THIRD STREET: The Scope of Work under Addendum 3, Task 3, to the agreement between the City of Neptune Beach and PBS&J included professional engineering services to prepare plans, specifications, contract documents, and permit applications; and provide bid negotiation services and construction phase services for utility improvements east of Third Street (SR A1A) and bounded by Atlantic Boulevard on the north, and Seagate Avenue on the south, as set forth in the document entitled "Water and Wastewater Systems Master Plan", adopted by the City Council on August 7, 1998. Amount not to exceed \$833,900.

Consensus: **FORWARD TO CONSENT AGENDA FOR REGULAR COUNCIL MEETING ON MAY 3, 1999.**

ISSUE DEVELOPMENT

Jarboe Park Facilities **PUBLIC FACILITIES IN JARBOE PARK AND PETITION PRESENTATION:** Mayor Vaughn deferred this matter.

City Manager **CITY MANAGER:** The Mayor addressed an issue concerning City Manager Linn.

On the Record Mayor Vaughn, on the record, read the following memorandum dated April 13, 1999 from the mayor to the city manager, into the record, as follows:

"Date: April 13, 1999
To: Richard Linn, City Manager
From: George F. Vaughn, Jr., Mayor
Subject: Meeting of April 12, 1999

The purpose of this memo is to confirm our conversation in your office at 5:00 p.m., Monday, April 12, 1999.

The purpose of my visit was to discuss several important issues currently facing our City. After concluding discussion of these issues, I took the opportunity to determine why you had not returned my phone call of last Friday, April 9th which message was relayed to you by your Assistant Lisa Volpe at approximately 4:50 p.m.

Ms. Volpe stated to me, when I entered her office on Friday, at 4:30 p.m. that you had left for the day around 3:00 p.m. and that she did not know where you were or how to contact you, other than call your home phone number or your cell phone.

At that time, I asked Ms. Volpe to contact you and have you call me in the City Clerk's Office that I had several things I needed to talk to you about. I was in City Hall until about 5:30 p.m. and did not receive a return phone call from you. I did not hear from you on Saturday, Sunday or Monday.

When I asked you at 5:00 p.m. on Monday why you did not return my phone call you stated that "that was your weekend." Being somewhat taken aback with your unexpected response, I then asked you if you were saying that you do not work on weekends, to which you responded, "no", that is not what I am saying, I am saying that, "that was my weekend." I then stated, "well what you are saying is that you had no intention of returning my phone call", to which you responded, "that is correct." I then stated to you that not returning my phone call was unacceptable and that when I left a message for you to call me, I expected you to return my call. To which you made the following response, "you are just one vote. I expressed my disappointment in your position and responded to you that this was not about votes and stated to you that I was going to document and record your response, which I did, and I got up to leave your office. As I was walking out of your office and passing through your assistant's office you stated to me that you had three (3) Councilors who had told you not to take anything off me and if I bothered you to file charges. With such a surprising statement as that, I turned and asked you to repeat what you had just said and you said you were not going to repeat it. I then stated to you, "you mean you have three (3) Councilor's telling you that it's acceptable for you not to return my phone calls, to which you responded, "that is correct, and if you bother me I am to start filing charges." My response to you as I left the building, Mr. Linn, was for you to go ahead and file charges.

I refuse to be intimidated with your threat to file charges for doing my job as an elected official to represent the interests of the citizens. But what I am most concerned with here is the arrogance of your position and insubordinate manner based on your statement that you have three (3) votes on the Council. I, therefore, deduce that you are comfortable in stating and acting on your position in this matter due to receiving directives from three (3) Councilors outside the Sunshine law.

For many months I have been concerned about your routine absence, especially, on Friday afternoons. And, further, I am alarmed that your assistant admits openly that she does not know where you are or how to contact you. If after leaving the office early on these days, you are considering that absence during normal office hours to be compensatory time off then you have repeatedly violated Section 5A, Hours of Work, of your Employment Contract. You have never complied with that portion of your employment Contract since I became Mayor October 29, 1997.

Effective immediately, as Mayor of the City of Neptune Beach, I expect you to comply fully with the provisions of your employment contract and

take compensatory time off during normal office hours only after rendering appropriate notification to me, or in my absence to the Councilor acting in the Mayor's absence, as outlined in Section 5A.

I intend to seek appropriate counsel to pursue resolution of the issues that you have presented to me, as follows:

- Failure to return my phone calls,
- Threatening to file charges,
- Actions I consider to be insubordinate,
- Breach of contract in Section 5A of your Employment Contract, and
- Taking and acting on directives from Councilor's outside the Sunshine Law."

On the Record Mayor Vaughn, on the record, read the following memorandum dated April 14, 1999 response from the city manager to the mayor, into the record, as follows:

"Date: April 1, 1999
To: Mayor George G. Vaughn, Jr.
From: Richard A. Linn, City Manager
Subject:: Response RE: Meeting of April 12, 199

This memo acknowledges receipt of the above captioned memo and I am taking your comments under advisement."

There was no response when the Mayor asked the three Councilors mentioned in the above memo to identify themselves.

The City Manager responded that he was in conference with two department heads, off site, on the above mentioned Friday.

Parking on First Street EXTENDED PARKING HOURS ON FIRST STREET. Councilor Jones stated that he would be introducing an ordinance to extend the parking hours on First Street.

Consensus: **FORWARD TO MAY 24, 1999 TOWN HALL MEETING FOR PUBLIC INPUT.**

Report Public Safety Department CLARIFICATION OF REPORT ON COMPLAINT AGAINST PUBLIC SAFETY DEPARTMENT EMPLOYEES. An incident involving a school fight at Fletcher High School previously reported as resolved by Councilor Shimp.

On the Record The Mayor, on the record, read Councilor Shimp's statement from the April 5th, 1999 Meeting, as follows:

"We had a lady here I guess it last month, she came in and she was concerned about the school and her son had been in a fight at the school. The Chief and I went to see Mrs. Mann we talked to Mrs. Mann, and the Chief under a grant is sending one of our SRO and also one of the teachers from Fletcher to an intervention class. And I wanted just to report back to that and I think that the mother was satisfied and we worked some things out so I thought it was a very, very good meeting and both with everybody reaching a consensus, so I thought it was very good. "

Mr. and Mrs. Jemenez, 3 Sandra Drive of Jacksonville Beach, whose son was involved in the above noted incident, stated that the issue had not been resolved to their satisfaction and they had filed an SOP52 Complaint Form against the involved police officer.

Councilor Shimp stated that he thought the matter had been resolved to everyone's satisfaction and apologized for the misunderstanding.

Legal Opinion

City Attorney White cautioned Council that, in light of Mr. and Mrs. Jemenez statement this evening that they had filed a complaint, it would be inappropriate for any Councilor to discuss any aspect of this case. At this time, a particular procedure that must be followed.

On the Record

Mayor Vaughn, on the record, stated that the Police Department had still not complied with his public record request for certain police reports.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Roy Deese, 1720 Lighty Lane, praised the City Manager, Chief of Police and Director of Public Works for their professionalism and expertise. He stated that these persons had earned the respect of the citizens.

Elaine Kenny, 1301 Neptune Grove Drive, stated that, as a friend of the City Manager's family, he should be able to leave the stress of the office behind when he goes home to his family on weekends. In addition, she stated, in her opinion, that a verbatim was an interpretation and not the actual words spoken by a citizen.

Harriett Pruette, 217 Magnolia Street, expressed her opinion that the community should come together and that no public official should be humiliated and embarrassed in public.

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

City Manager Richard A. Linn
City Clerk Becky E. Hanks CMC/AE
Deputy City Clerk Karla Strait

Order Call

The Mayor called the meeting to order at 10:36 p.m.

**Public input on FIND
Grant Application**

FLORIDA INLAND NAVIGATION DISTRICT GRANT: The Council received Public input on the FIND Grant application for a canoe launch at the end of Seagate Avenue or Forest Avenue.

Harry Penland, 2018 Cherokee Drive, stated that the area at the end of Forest Avenue did not have enough water at high or low tide to keep a kayak afloat. He suggested the Hopkins Creek area by the Kings Road Bridge because people would be able to get in and out at all tide phases.

Rudolph Lowey-Ball, 1834 Nightfall Drive, explained that the Seagate Avenue location was just as dry as Forest Avenue. He was concerned that the areas would become a party site and generate traffic in what is, essentially, a quiet neighborhood.

John Jolly, 2034 Shadow Lane, opposed the Seagate Avenue location. He suggested that since Neptune Beach didn't have a good location for a canoe launch, then we should let one of our neighboring beaches apply for the Grant.

Laurie Anderson, 1848 Kings Circle, suggested running a launch out over the grass to deeper water.

Debbie Penland, 2018 Cherokee Drive, spoke about the danger of speeding jet skiers in the area.

Debbie McDonald, 2028 Shadow Lane, opposed the canoe launches in these areas and objected to her privacy being disturbed. Also people get stuck in the mud.

Michael Meyers, 2029 Shadow Lane, explained that the marsh area could be dangerous for the inexperienced canoer.

On The Record

Councilor Shimp stated, on the record, he was totally against a canoe launch in these areas. He recommended the city help the residents with cleaning up the trash in the area and volunteered his services.

MOTION CARRIED.**COMMUNICATIONS AND CORRESPONDENCE**

Subgrant Application No. 00-017 Beach Access	<u>Beach Access:</u> Mayor Vaughn advised that he received a letter from Ralph Cantral, Executive Director with Florida Coastal Management Program, stating that due to limited funding the city grant application for beach access improvements could not be approved for fiscal year 1999-2000.
Short Term Rentals	<u>Short Term Rentals:</u> Council discussed recent correspondence regarding short-term rentals and the need to set a policy. The City Manager reported that he was actively working with the Code Enforcement Board and Building Official on the issue. Council agreed to add this to the City Managers Punch List.
Sunshine Law	<u>Sunshine Law:</u> Councilor PatroniK stated that any violations of the Florida Sunshine Law should be referred to the State Attorneys Office.
Mayport Flyover	<u>Mayport Flyover:</u> Vice Mayor Tankersley and Mayor George Vaughn gave a report on a meeting they attended in Atlantic Beach regarding the Mayport Flyover.
Town Center Taxi Cab Stand	<u>Town Center:</u> Vice Mayor Tankersley and Councilor Jones stated that the Town Center Board approved a taxi cab stand in the circle at Town Center. The City Manager stated that he would place this item to his punch list.
The CAFR Report AUDIT	<u>The Comprehensive Annual Financial Report:</u> City Manager Linn stated that the Comprehensive Annual Financial Report was completed and copied to each Council member. The auditors will be here to answer questions anyone may have at the Workshop City Council Meeting on May 17, 1999.
Hurricane Emergency Preparedness Plan	<u>Hurricane Emergency Preparedness Plan:</u> City Manager Linn gave Council a current copy of the Hurricane Emergency Preparedness Plan to review before the Special Council Meeting, Monday, May 10, 1999.
City Manager's Performance Evaluation	<u>City Managers Annual Performance Evaluation:</u> At the City Manager's request, his Annual Performance Review was scheduled for the May 17, Workshop Council Meeting.

CITY MANAGER REPORTS

Advanced Debris Management Seminar	<u>Advanced Debris Management Seminar:</u> City Manager Linn and Building Official Dan Arlington attended an Advanced Debris Management Workshop at the Emergency Operations Center in Jacksonville. Recommendations and suggestions for the City Council's approval, will be forthcoming.
---------------------------------------	--

COMMENTS FROM THE PUBLIC

Danny Thiele, 107 Azalea Place, requested that after adoption of Turtle Protection Ordinance 1999-01, a workshop be conducted for concerned citizens.

Bob Hicks, 1449 Hopkins Creek Lane, complimented the Public Safety Department for looking after his property while he and his wife were on an extended vacation. He also, objected to a memo sent from the Mayor to the City Manager regarding a situation that took place on April 12, 1999.

Debbie McDonald, 2020 Shadow Lane, objected to a canoe launch in Neptune Beach.

Harriet Pruette, 217½ Magnolia Street, stated that there was a sign on Midway advertising

resort property in a residential area. She also commended Councilor Shimp for sponsoring Ordinance No. 1999-02 regarding parking on private property, and expressed her disappointment that it was not placed on tonight's agenda.

Mrs. Moore, 225 Margaret Street, received clarification on the difference between residential and city property parking as it related to Ordinance No. 1999-02.

CONSENT AGENDA

PBS&J Addendum 3
Task No. 3 MUP

PROFESSIONAL SERVICES AGREEMENT WITH PBS&J, ADDENDUM NO. 3, TASK NO. 3, UTILITY IMPROVEMENTS EAST OF THIRD STREET: The Scope of Work under Addendum 3, Task 3, to the agreement between the City Neptune Beach and PBS&J included professional engineering services to prepare plans, specifications, contract documents, and permit applications; and provide bid negotiation services and construction phase services for utility improvements east of Third Street (SR A1A) and bounded by Atlantic Boulevard on the north, and Seagate Avenue on the south, as set forth in the document entitled "Water and Wastewater Systems Master Plan", adopted by the City Council on August 7, 1998. Amount not to exceed \$833,900.

Moved by Tankersley, seconded by Patronik.

Motion: **TO APPROVE ADDENDUM NO. 3 TASK NO. 3 PROFESSIONAL SERVICES AGREEMENT WITH POST, BUCKLEY, SCHUH AND JERNIGAN, AS NOTED ABOVE.**

Roll Call Vote:

Ayes: 5-Jones, Shimp, Tankersley, Patronik, Vaughn

FIND Grant

FLORIDA INLAND NAVIGATION DISTRICT GRANT: FIND Grant Application for a canoe launch. Council discussed locations for a canoe launch, and the feasibility of withdrawing the application.

Moved by Jones, seconded by Patronik.

Motion: **TO DIRECT THE CITY MANAGER TO NOT PURSUE LOCATING A CANOE LAUNCH IN THE CITY OF NEPTUNE BEACH, BUT TO PURSUE THE APPLICATION TO ALLOW THE FUNDS TO BE USED AT DUTTON ISLAND FOR THE CITY OF ATLANTIC BEACH. IF THE TERMS OF THE GRANT WILL ALLOW IT.**

Roll Call Vote:

Ayes: 4 – Jones, Tankersley, Shimp, Patronik
Noes: 1- Vaughn

MOTION CARRIED.

Grant Application for
Preserving Natural
Land.

GRANT APPLICATION FOR PRESERVING NATURAL LAND. Building Official Dan Arlington was given the privilege of floor to speak on a Florida Communities Trust Non-Matching Grant that the city could use to purchase and preserve in its natural state unbuildable land located off Kings Road, just north of the Kings Road Bridge. Said land consisted of 2.9 acres at a cost of \$297,000. In addition, access land to Kings road can be purchased since the 2.9 acres is landlocked.

Consensus: **TO SUPPORT MOVING FORWARD WITH SAID APPLICATION, AS NOTED ABOVE**

Mayport Flyover

MAYPORT FLYOVER ON ATLANTIC BOULEVARD: Council discussed the need for the Mayport Flyover Project and concluded that it would not be beneficial to our city.

Moved by Jones, seconded by Patronik.

Motion: **THE MAYOR WILL PREPARE A RESOLUTION OPPOSING THE MAYPORT FLYOVER AND SEND TO THE APPROPRIATE OFFICIALS.**

WHEREAS, it is proposed by the Jacksonville Transportation Authority to construct a flyover superstructure at the intersection of Atlantic Boulevard and Mayport Road for the purpose of providing a solution to current congestion problems; and

WHEREAS, there is sufficient concern throughout the community questioning the need for the construction of a flyover superstructure and;

WHEREAS, the flyover superstructure will be a visual eyesore to our City and contribute to noise and pollution levels thereby negatively impacting the quality of life; and

WHEREAS, the flyover superstructure will not solve the problem since traffic will continue to backup, because there are no provisions to improve traffic flow on Mayport Road; and

WHEREAS, other existing, unfinished and on-going major construction projects further compound traffic problems in areas already experiencing serious congestion and traffic delay, including but not limited to:

- Atlantic Boulevard between St. Johns Bluff Road and the Intercoastal Waterway
- Beach Boulevard at Southside Boulevard
- J.Turner Butler Boulevard between Southside Boulevard and the Intercoastal Waterway

WHEREAS, other major construction projects are planned and will come on line before the above mentioned projects are completed adding even greater traffic congestion and delays, including but not limited to:

- Atlantic Boulevard Bridge at Pablo Creek
- Wonder wood Connector
- McCormick Bridge on Beach Boulevard at Intercoastal waterway
- Beach Boulevard between Florida Community College South Campus and Highway A1A

WHEREAS, with a cost of approximately ten million dollars the construction of the flyover does not represent the best use of limited tax dollars and these funds could be directed toward another construction project of demonstrably greater necessity in regards to public safety and the needs of the effected beach communities.

WHEREAS, construction of the Wonderwood Connector will provide an alternate route for a significant portion of the traffic currently using the Atlantic Boulevard / Mayport Road corridor, thereby, reducing traffic levels at this interchange.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA:

SECTION 1. That the City Council of the city of Neptune Beach, Florida, hereby expresses the need for greater community input and consideration by the Jacksonville Transportation Authority for present and future projects effecting our City.

SECTION 2. That the City Council of the City of Neptune Beach, Florida, hereby expresses, by unanimous vote, opposition to the construction of the flyover superstructure.

SECTION 3. EFFECTIVE DATE. The Resolution shall become effective upon adoption

NEW BUSINESS

Supporting Naval
Air Show

RESOLUTION NO. 99-12: A RESOLUTION OF THE CITY OF NEPTUNE BEACH IN SUPPORT OF THE US NAVY PRESENTING THEIR ANNUAL AIR SHOW AT NAVAL AIR STATION MAYPORT IN THE FALL OF 2000 AND THEREAFTER ROTATING SHOWS BETWEEN NAVAL AIR STATION JACKSONVILLE AND NAVAL STATION MAYPORT.

WHEREAS, the closure of the naval Air Station at Cecil Field provides the Naval Station at Mayport the opportunity to host the annual Navy Air Show in the fall of 2000; and

WHEREAS, the Navy Air Show was held at the Beaches several years ago and was very well received by the Beach communities; and

WHEREAS, the Navy Air Show is a family oriented activity that would provide residents and visitors a first rate show featuring the Blue Angels; and

WHEREAS, the show would benefit the business community by bringing visitors to the area during the off season; and

WHEREAS, Neptune Beach supports their Navy neighbors and would enjoy the opportunity to partner with the Navy in hosting the annual air show.

NOW THEREFORE BE IT RESOLVED THAT:

SECTION 1. The City of Neptune Beach encourages the Navy to bring their annual air show to Naval Station Mayport for the fall of 2000.

SECTION 2. The city of Neptune Beach Further encourages that future shows rotate between Naval Station Mayport and Naval Air Station Jacksonville.

Moved by Jones, seconded by Patronik.

Motion: **TO ADOPT RESOLUTION NO. 99-12, AS NOTED ABOVE.**

MINUTES
SPECIAL EMERGENCY CITY COUNCIL MEETING
MAY 10, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held May 10, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
City Attorney Christopher A. White
Deputy City Clerk Karla Strait
Administrative Assistant Lisa Volpe

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m. and stated the purpose of the meeting was to educate the public on the Hurricane Preparedness Plan.

Recognition of Guest

The Mayor introduced Brian Teeple with Northeast Florida Regional Planning Council and Robert "Chip" Patterson, Chief of Emergency Preparedness for Duval County Emergency Operation Center.

Brian Teeple was given the privilege of the floor to give a presentation. The report consisted of the following parts:

- Hazard analysis
- Population analysis
- Vulnerability analysis
- Shelter analysis
- Behavioral analysis
- Transportation analysis
- Storm surge atlas
- Categories of storms

Robert Patterson gave a presentation on the Duval County Comprehensive Emergency Management Plan. The report consisted of Evacuation Zones & Traffic Management.

City Manager Linn gave a report on the City's Hurricane Preparedness and the responsibilities of Council and each Department Head.

The Chief of Police made the following recommendations:

1. Vehicle Stickers for identifying citizen's vehicles to allow them access back onto the beach after the hurricane.
2. Purchasing an automatic dialing system to notify residents of an evacuation.
3. Purchasing a small travel trailer designed by Federal Emergency Management Agency (FEMA) that will sleep 6 or 8 people, for the purpose visiting other disaster areas. And also for use as a computer base for the city in case of an emergency.

**TOWN HALL MEETING
MAY 17, 1999, 7:10 AT P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held May 17, 1999, at 7:10 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

City Manager Richard A. Linn
City Clerk Becky E. Hanks CMC/AE
Deputy City Clerk Karla Strait
Administrative Assistant Lisa Volpe

Order Call

The Mayor called the meeting to order at 7:10 p.m. and stated the purpose was (1) to receive public input on Ordinance No. 1999-01, Turtle Protection and (2) extending parking hours on First Street.

Public Comments

Bruce Rehmer, 804 McCollum Circle, stated that extending the parking hours on First Street for commercial business would cause problems in neighboring residential areas.

Harriet Pruette, 217 ½ Magnolia Street, opposed extending parking hours on First Street and stated that it would cause more traffic problems and only benefit Commercial businesses.

Regina Nolte, 1606 First Street, opposed extending parking hours on First Street due to trash, noise and safety.

Kurt Cobb, 112 Orange Street, stated that he would like to see the barricades on First Street down, because Midway got all First Street traffic. He recommended moving the grand stand, used by Dancing in the Street Festival, forward, to discourage traffic from entering the residential area on Midway. He also stated that he thought the Turtle Ordinance was to strict.

John Kowkabany, 110 Palm Place, stated that extending parking hours on First Street would interfere with the people's right to quiet enjoyment.

David Baker, 1102 First Street, stated that he favored the barricades on First Street, and suggested extending parking hours on First Street during the summer only.

John Knooz, 816 Oceanfront, opposed the Turtle Ordinance and stated that it was too strict.

George Phelps, 100 Rose Place, felt that the Turtle Ordinance was not necessary and that everyone was already in compliance.

Linda Padrta, 1113 First Street, opposed extending parking hours on First Street and stated that she preferred the present atmosphere on First Street, including the barricades.

Harriet Christovich, 112 Seagate Avenue, stated that the Turtle Ordinance was not necessary and that everyone was already in compliance. She suggested parking permits for homeowners and temporary permits for extended guests.

Patricia Sowerby, 1910 Oceanfront, was out of town for the public hearing, therefore, City Manager Linn read a letter from her opposing the Turtle Ordinance.

Fred Cattar, 110 Walnut Street, opposed extending parking hours on First Street, citing an increase in litter and noise.

Adjournment

There being no further business, the meeting adjourned at 8:07 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
MAY 17, 1999 AT 8:20 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held May 17, 1999, at 8:20 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Clerk Becky E. Hanks, CMC/AEE

City Manager Richard A. Linn
City Attorney Christopher A. White
Director of Finance John Herbst
Administrative Assistant Lisa Volpe
Deputy City Clerk Karla Strait

Call to Order/Roll Call

The Mayor called the meeting to order at 8:20 p.m.

COMMITTEE REPORTS

Ad Hoc Traffic Safety Committee

AD HOC TRAFFIC SAFETY COMMITTEE REPORT: City Manager Linn reported that the next committee meeting was set for May 18, at 7:00 p.m. to discuss the traffic calming study and how to incorporate it into the Utility Master Plan. The City Manager's office will be presenting information to the committee on the traffic counters and speed studies that were done.

Dancing in the Street

DANCING IN THE STREET: City Manager Linn reported that although Dancing in the Street was not a city event, it was very well organized, the clean up went well and there was one arrest for a bicycle theft in Atlantic Beach.

CITY MANAGERS PUNCH LIST

CITY MANAGER PUNCH LIST: The following items were discussed:

City Manager Punch List

- ***Traffic Counter:*** City Manager Linn reported that the traffic counter was now at Lora and Margaret Street to see if the temporary speed bumps made an impact.
- ***Life Guard Station:*** City Manager Linn reported that we should have been in the new Life Guard Station last weekend, however, we were delayed by some last minute punch list items. The lifeguards should be in the building this coming weekend. Linn added that it was a beautiful attraction to our community and well constructed.
- ***Drainage on Forest Avenue:*** Councilor Shimp stated that property owner Don Jordan has work going on in his front yard and when that was complete Public Works will start the work for the city.

- *Roadway between Shopping Centers:* City Manager Linn reported that this was still a possibility and should be kept on the Punch List.
- *Traffic Signal at Atlantic Boulevard and Brant Boulevard:* Mayor Vaughn stated that he would like the City Manager to pursue this issue.

PROPOSED ORDINANCES - NONE

Change in Agenda items

Mayor Vaughn asked to move agenda item 6.a. as the next item on the agenda.

ISSUE DEVELOPMENT

Community Center

UPDATE BY BRUCE REHMER ON COMMUNITY CENTER: Bruce Rehmer gave a proposal for Players By The Sea to construct a Community Center Theater on property located in the City Yard.

Megan Phifer, the children's coordinator for non-profit drama programs at the beach, gave a proposal to Council and stated that the children were in need of a permanent home for their theater.

Greg Loita, with Players By The Sea, stated that he hoped Council would consider their proposal.

Whitney Hudson, actress, stated that she has been in the acting program for six years and she felt the program helped children express themselves and show their inner talents through theater.

Matt Williams, actor, stated this is an extra curricular activity for after school and during the summer, plus gave students an alternative to doing drugs and other bad things.

Susanne Harmon, a Community Center Committee Member, stated that she was amazed by how these young people conducted themselves while putting on productions and she thought this would be a worthwhile project.

Consensus: **FORWARD TO THE JUNE TOWN HALL MEETING TO LOOK AT PRELIMINARY DRAWINGS AND RECEIVE PUBLIC INPUT.**

CONTRACTS / AGREEMENTS

Springdale Travel Trailer

REQUEST TO PLACE THE PURCHASE OF A SPRINGDALE TRAVEL TRAILER ON THE CONSENT AGENDA FOR JUNE 7, 1999: The Public Safety Department has requested the purchase of a personnel-housing trailer for use during emergencies such as hurricanes.

Consensus: **FORWARD TO MAY 19, 1999 SPECIAL EMERGENCY MEETING.**

ISSUE DEVELOPMENT

City Manager's Annual
Salary Review

CITY MANAGERS ANNUAL SALARY REVIEW: Council discussed whether or not this would be a performance review or a salary review. City Attorney White stated that the contract read salary review for the second anniversary but there was nothing that prevented the Council from doing a performance review. Whereupon, each member of Council gave an opinion of the City Managers job performance.

Following discussion, Council agreed to a 5 percent salary increase.

Consensus: **FORWARD TO THE JUNE REGULAR COUNCIL MEETING FOR
APPROVAL OF SALARY INCREASE IN THE AMOUNT OF 5
PERCENT FOR THE CITY MANAGER.**

The City Manager thanked Council for their comments and pointed out how well the city functions as a whole.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

David Baker, 1102 First Street, commended Mr. Linn for his job performance. He expressed embarrassment from confrontations and newspaper articles.

Harriet Pruette, 217 ½ Magnolia Street, stated that Mr. Linn did a good job and deserved a gold star.

Harriet Christovich, 112 Seagate Avenue, stated that she would like to see Council work more together.

Adjournment

There being no further business, the meeting adjourned at 9:52 p.m.

MOTION CARRIED.

Ordinance No. 1999-03

PUBLIC HEARING ORDINANCE NO. 1999-03, SECOND AND FINAL READ: Providing for each councilor to appoint one citizen to each committee.

The Mayor read Ordinance No. 1999-03 by title only and opened the public hearing.

John Kowkabany, 110 Palm Place, stated that as a previous member of the Council for four years and Mayor for eight years, the worst committees he ever had were Council appointed. He urged Council to oppose said Ordinance.

Johnnie Epley, 208 Driftwood Road, stated that she thought Council should approve all committees and members.

There being no further public comments, the public hearing was closed.

Moved by Shimp, seconded by Jones.

Motion: **TO ADOPT ORDINANCE NO. 1999-03.**

After discussion the motion and second were withdrawn Ordinance 1999-03 died due to lack of a motion.

City Clerk's Resignation CITY CLERK BECKY HANKS RESIGNATION: City Clerk Becky Hanks read a letter of resignation for the record. A Copy of the resignation is attached and incorporated as a part of these minutes.

Special Emergency Meeting The Mayor called for a Special Emergency Council Meeting to be held May 19, 1999, to determine the procedure for the replacement of the City Clerk.

COMMUNICATIONS AND CORRESPONDENCE

- Mayport Flyover** Mayport Flyover: Mayor Vaughn stated that a letter was received from Mr. Miles Francis and Michael Stewart of the Jacksonville Transportation Authority, dated May 21, 1999, in response to the Resolution stating our opposition to the Mayport Flyover. The response stated that they will be proceeding with the project and suggested that we meet with their staff to discuss the matter further. Council discussed several options.
- Surfing Areas** Surfing Areas: Councilor Shimp discussed the surfing areas and the possibility of moving the lifeguard towers to the areas that have the most rip current's and suggested this issue be placed on the June 21, 1999, Workshop Meeting Agenda.
- "No Parking" Signs** "No Parking" Signs: Councilor Shimp stated that he received a letter and pictures from Braccus Giavanno, 1224 Strand Street, regarding "No Parking" signs along Strand and suggested this issue be placed on the June 21, 1999, Workshop Meeting Agenda.
- Hopkins Creek Property** Hopkins Creek Property: Vice Mayor Tankersley stated that he received a petition from homeowners along the eastern side of Hopkins Creek Lane requesting that the City of Neptune Beach abandon their adjacent property and transfer title to the adjacent property owners. He suggested that this issue be placed on the June 21, 1999, Workshop Meeting Agenda.
- Taxes¹** Taxes: Vice Mayor Tankersley requested the Director of Finance to explore the possibility that a budget be proposed for the city to roll back taxes up to a quarter mill to off set the recent water rate increase, and suggested this item be placed on the June 21, 1999, Workshop Agenda.
- Verbatim** Verbatims: Councilor Patronik suggested that anyone requesting a verbatim receive a copy of the tape recording in order to cut down expenses.
- On the Record** Mayor George Vaughn stated on the record that when he feels there is a verbatim warranted that he will ask for one.
- "Acting" City Clerk** "Acting" City Clerk: Councilor Jones suggested that the official record show that Lisa Volpe is the "Acting City Clerk" in lieu of "City Clerk".
- July Regular Meeting** July Regular City Council Meeting: Acting City Clerk Lisa Volpe stated that the July Regular Meeting falls on Monday July 5, 1999, and should be rescheduled for Tuesday July 6, 1999, due to the observance of the July 4, 1999, holiday being on Monday July 5, 1999.

CITY MANAGER REPORTS

- Water State Revolving Loan Fund** Water State Revolving Loan Fund: City Manager Linn reported that he and Finance Director John Herbst would be attending a workshop on the Water State Revolving Loan Fund on June 17th and 18^t in Orlando. The purpose for attending is to try to leverage some low interest money for the Master Utility Plan.
- Kings Road Bridge** Kings Road Bridge: City Manager Linn stated that Director of Public Works John Galen is working out an agreement with the engineering firm for design and field investigation for the Kings Road Bridge.
- Sewer line between** Sewer line between Bay Street and Magnolia Street: City Manager Linn reported that the

¹ Revised June 30, 1999

- Bay St. and Magnolia St. repair work on the sewer line between Bay Street and Magnolia Street had been completed.
- Chlorine Study Chlorine Study: City Manager Linn reported that the Chlorine Study Project, requiring the City's Chlorine team to meet the Environmental Protection Agency and Occupational Safety and Health Administration "OSHA" requirements had been completed.
- Special Meetings Special Meetings: City Manager Linn recommended that a Special Meeting be held for Phase I of the Land and Development Regulations and for the consideration for minor verbiage changes to the Comprehensive Plan.
- "Water 2020 Project" Water 2020 Project: John Wehle and Ed Coplin with the St. Johns River Water Management District, gave a report on the water supply for the future, "Water 2020".
- Auditors Report 1998 CAFR The Comprehensive Annual Financial Report: Gary Hugget, with Masters, Smith and Wisby gave a report and answered questions from the council on The Comprehensive Annual Financial Report.
- Recognition of Guests Mayor Vaughn introduced and welcomed a visiting civics class from Fletcher High School.
- Mayor Vaughn introduced and welcomed Councilwoman elect Elaine Brown and Councilman Elect Jerry Holland with the City of Jacksonville, Florida.**
- Jacksonville Councilwoman Elect Elaine Brown stated that she was looking forward to working with the Neptune Beach Council.**
- Jacksonville Councilman Elect Jerry Holland invited the Council to a luncheon on July 15th, 1999, at the Jacksonville Beach Pier.**

COMMENTS FROM THE PUBLIC

Bob Stoll, 19 Little Bay Harbor, Ponte Vedra Beach, stated that he was a member of the Sea Turtle Patrol Committee in St. Johns County and that he feels St. Johns County had the most comprehensive beach front light management ordinance in Florida.

Peter Maloney, 1916 Strand, opposed the Sea Turtle Ordinance.

Danny Theile, 107 Azalea Place, was opposed a "voluntary" lighting ordinance.

Harriet Pruette, 217½ Magnolia Street, stated that parking has been allowed on Strand for the last 12 or 14 years and should continue, in addition she believed that verbatims are a waste of taxpayers money.

Janice Jeffreys, 111 North Street, proposed that the lifeguard stand be moved from North Street to Florida Boulevard.

Elaine Kenny, 1301 Neptune Grove Drive West, requested that the lifeguard stand be moved from North Street to Florida Boulevard.

- Recess / Reconvene RECESS AND RECONVENE: The meeting was recessed at 9:10 p.m. and reconvened at 9:25 p.m.

WORKSHOP CITY COUNCIL MEETING
JUNE 21, 1999 AT 7:35 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held June 21, 1999, at 7:35 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Attorney Christopher A. White

City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Administrative Assistant Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 7:35 p.m.

COMMITTEE REPORTS

Ad Hoc Traffic Safety Committee

AD HOC TRAFFIC SAFETY COMMITTEE REPORT: City Manager Linn reported that the committee is still working on a plan and looking through the traffic calming study.

Beautification Committee

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that at the last meeting a quorum was not present, however they did discuss the street end adoption program.

CITY MANAGERS PUNCH LIST

CITY MANAGER PUNCH LIST: The following items were discussed:

City Manager Punch List

- ***Kings Road Bridge:*** City Manager Linn reported that a consultant had been hired for engineering design.
- ***Bike Path Penman Road:*** Vice Mayor Tankersley recommended to City Manager Linn to contact Calvin Burney of Jacksonville Transportation Authority, member of the Metropolitan Planning Organization, to ask that the bike path project for Penman Road and Florida Boulevard be moved forward.
- ***Taxi-Cab-Stand:*** City Manager Linn reported that the Project Oversight Committee thought the location at the end of Atlantic Boulevard would cause congestion. Linn suggested that there are three parking spaces immediately pass the traffic light on the right of Atlantic Boulevard and First Street, two of which could be utilized for a cab stand.

- *Shuttle System:* Councilor Jones reported that the Planning and Development Review Board of Atlantic Beach would like to work with Neptune Beach in securing a shuttle system for the downtown area. Councilor Shimp stated he felt our city was being used as a parking lot for Atlantic Beach businesses. Council directed the City Manager Linn to report back about the shuttle at the July workshop.

PROPOSED ORDINANCES - NONE

CONTRACT/AGREEMENTS - NONE

ISSUE DEVELOPMENT

Land Development
Regulation Revision.

LAND DEVELOPMENT REGULATION REVISION: Amy McClure Skinner and Jay Epstein of Ivey Harris & Walls gave a presentation on the changes that were made to the Land Development Regulations.

The following issues were unresolved:

- (1) Final development plan process.
- (2) Boards/combining/leaving.
- (3) Potential language for coordination with Atlantic Beach.

For the Record

Mayor Vaughn objected to this subject being put on any agenda and stated that it needed to be addressed as a separate meeting.

Petition from Hopkins
Creek Residents

PETITION FROM HOPKINS CREEK RESIDENTS REGARDING ABANDONMENT OF CITY PROPERTY: The Council discussed the issue and requested that all adjacent property holders be notified. The City Attorney was instructed to meet with the City Manager to draw up any necessary paper work

Consensus: **TO MOVE THIS ITEM TO THE JULY REGULAR COUNCIL MEETING.**

No Parking Zone Strand
Street

NO PARKING ZONE - STRAND STREET: City Manager Linn recommended placing the no parking sign on Strand. He was also asked to look into a possible illegal fifth unit at 1214 Strand and to put it on the punch list.

Walking House Count

WALKING HOUSE COUNT EAST OF THIRD: Assistant to the Building Official Piper Turner reported that she and Amy McClure Skinner of Ivy, Harris and Walls did a walking tour east of Third Street. Mayor Vaughn requested a written report be presented at the next Council Meeting.

Y2K Compliance

Y2K COMPLIANCE: The City Manager updated the Council. He reported that the City of Jacksonville representative stated we were well ahead of most agencies.

Change in Agenda

AGENDA CHANGE: The Mayor asked that item 6(g) Dynamic Anderson Corporation be moved to the next item. Council agreed.

Dynamic Anderson
Corporation

EXTENSION OF TEMPORARY MODULAR OFFICE FOR DYNAMIC ANDERSON CORPORATION: The City Attorney stated that this case had been mistakenly sent to the Planning and Development Review Board. It was administrative and had already been sent to the Code Enforcement Board and that the Council could not vote on it.

The Council discussed the case.

Fire equipment DISCUSSION ON USE OF FIRE EQUIPMENT REGARDING NEW FIRE AGREEMENT BETWEEN ATLANTIC BEACH AND THE CITY OF JACKSONVILLE: Council requested that the City Manager and the Public Safety Director report on what the City of Jacksonville expected from our Volunteer Fire Department in case of a fire in Neptune Beach, at the July 19, 1999 Workshop Council Meeting.

Town Center Parking at Sliders Oyster Bar DISCUSSION OF TOWN CENTER PARKING SPACES AT SLIDERS OYSTER BAR: Council discussed the possibility of Sliders' Oyster Bar losing its entrance on First Street due to the pending Town Center project. Council will bring this to the attention of the Project Oversight Committee at the next meeting.

Public Comments PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Patricia Pasco, 2200 Florida Blvd, concerned about her neighbor encroaching on her property and causing environmental problems. Also asked for the city to support her existing business and not just new businesses.

Laurie Anderson, 1838 Kings Circle South, thanked the Council for all of their help and stated that she will be glad to comply with all city regulations.

Call to Order/Roll Call

The Mayor called the meeting to order at 7:10 p.m.

**Comprehensive Plan
Amendment**

City Manager Linn stated that a resolution needed to be adopted in order to make changes to the Comprehensive Plan to apply for a grant package for obtaining parkland.

City Attorney White explained that The Department of Community Affairs might require an Ordinance in order to make the required changes and suggested that a resolution be passed until he can confirm it.

Resolution 99-16

Resolution to amend the Comprehensive Plan of the City of Neptune Beach.

WHEREAS, The City of Neptune Beach finds it necessary to amend the Comprehensive Plan regarding vegetative communities, wildlife protection and public access.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA, THAT:

Section 1. The City of Neptune Beach Comprehensive Plan be amended as follows:

E.01.01.02 In an effort to preserve remaining natural vegetative communities, wildlife habitat, wetlands, and open space, the City of Neptune Beach shall identify and, where feasible, pursue public acquisition (or protective easements) of those properties that will serve to protect such environmentally sensitive resources.

Objective E.02.05Vegetative Communities

THE CITY OF NEPTUNE BEACH SHALL ATTEMPT TO PRESERVE AT LEAST 25% OF THE REMAINING INTACT NATIVE UPLAND VEGETATIVE COMMUNITIES WITHIN THE ITS BOUNDARIES, AND WHERE FEASIBLE, RESTORE EXISTING DEGRADED FORESTED AREAS.

POLICIES

E.02.05.01 THE CITY OF NEPTUNE BEACH SHALL PRIORITIZE FOR PUBLIC ACQUISITION OR PROTECTIVE EASEMENTS PROPERTIES THAT CONTAIN INTACT NATIVE UPLAND VEGETATIVE COMMUNITIES, OR WHERE SUCH COMMUNITIES SERVE AS A NATURAL BUFFER FOR OTHER ENVIRONMENTALLY SENSITIVE RESOURCES.

E.02.05.02 THE CITY SHALL TARGET DEGRADED FORESTED COMMUNITIES FOR RESTORATION ACTIVITIES, PARTICULARLY THOSE THAT OCCUR ON PUBLIC LANDS. REFORESTATION, REMOVAL OF NON-NATIVE AND INVASIVE SPECIES, AND REGRADING THE SURFACE TO PROMOTE NEW NATIVE GROWTH SHOULD BE CONSIDERED FOR RESTORATION ACTIVITIES WHERE APPLIED AS APPROPRIATE.

Objective E.02.06Wildlife Protection

THE CITY OF NEPTUNE BEACH SHALL IDENTIFY LISTED WILDLIFE SPECIES AND THEIR ASSOCIATED HABITAT, AND ADOPT APPROPRIATE MEASURES TO PROTECT AND PRESERVE SUCH WILDLIFE AND HABITAT.

MOVE POLICY E.02.02.07 AND AMEND AS FOLLOWS:

POLICIES

E.02.06.01 THE CITY SHALL ESTABLISH POLICIES THAT WILL PROTECT ANIMAL SPECIES LISTED AS ENDANGERED, THREATENED, AND SPECIAL CONCERN BY THE U.S. FISH AND WILDLIFE SERVICE, THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, AND THE FLORIDA GAME AND FRESHWATER FISH COMMISSION. POLICIES FOR THE PROTECTION OF LISTED SPECIES SHALL BE CONSISTENT WITH AND IN ACCORDANCE WITH THE ABOVE NAMED AGENCIES' RECOMMENDATIONS AND BEST MANAGEMENT PRACTICES.

E.02.06.02 THE CITY SHALL ESTABLISH POLICES THAT HELP PRESERVE HABITAT UTILIZED BY LISTED SPECIES TO BE APPLIED TO PROPERTIES THAT CONTAIN, OR WHERE DEVELOPMENT MAY POTENTIALLY ADVERSELY IMPACT SUCH HABITAT. WHERE FEASIBLE, THE CITY SHALL PURSUE PUBLIC ACQUISITION OR PROTECTIVE EASEMENTS OF ALL OR THE APPROPRIATE PORTIONS OF SUCH PROPERTIES.

E.02.02.10 The City shall establish policies and standards to help protect and preserve the natural habitat and water quality functions of shoreline ecosystems (including wetland/upland interfaces). Where feasible, existing shorelines that are degraded shall be targeted for restoration activities (especially non-native invasive vegetation removal and replanting with native species), particularly those that occur within public parks and preserves.

(or replace with policy 07 which was recommended to be placed under new objective 06)

F.01.01.02 The City shall take measures to provide additional access points to natural amenities available to the public, especially waterways and beaches.

F.01.03.04 The City shall provide parks and greenways dedicated for passive recreational opportunities, including but not limited to, boardwalks, nature trails, wildlife observation areas, interpretive displays, and picnic areas.

**TOWN HALL MEETING
JUNE 21, 1999, 6:00 AT P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held June 21, 1999, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Administrative Assistant Piper Turner

Order Call

The Mayor called the meeting to order at 6:00 p.m. and stated the purpose was to receive public input on the on the proposed Community Center at the end of Forest Blvd.

The Mayor introduced Bruce Rehmer, Chairman for the Community Center Project.

Mr. Rehmer asked the public to give valid reasons for their opposition.

Megan Phifer, Director of Acting Up, spoke on behalf of the Community Center.

David Boyer, Players By The Sea, spoke on what his organization had planned on doing and answered some questions.

Public Comments

Sheldon Goldsmith, 1439 Forest Avenue, opposed the proposed community center due to the additional parking and traffic that would be created on Forrest Avenue.

Brad Duttera, 2026 Cherokee Drive, commented that he supports the idea of the youth activities, but he is opposed to the location due to the impact on the property owners.

John Horten, 1206 Indian Woods Drive, stated that he is opposed to putting anything at the location due to the additional traffic it would cause on the weekends and the evenings.

Ed Goodwin, 2014 Cherokee Drive, remarked that the city would be providing free land for a non profit organization to make money.

David Naughton, 2000 Cherokee Drive, opposed the Community Center.

Harriet Pruette, 217 1/2 Magnolia, opposed having a community center in a residential area.

Ricky Medlock, 1209 Trailwood Drive, feels that a community center would attract crime.

Dale Penland, 2018 Cherokee Drive, feels that the community center would create a lot of noise and would drastically decrease the value of the neighborhood. It would be more appropriate in a commercial district.

Leslie Lyne, 501 Hopkins Street, said that it is absurd to put a community center in a residential area.

Perry Penland, 2018 Cherokee Drive, submitted a petition to Council from residents opposing the Community Center.

Bruce Rehmer, 804 McCollum Circle, withdrew the proposal of community center due to residents oppositions and lack of a more appropriate area.

Council discussed continuing to look for a more suitable location for a theater-community center.

Sheldon Goldsmith, 1439 Forest Avenue, raised questions of the location.

Roger Low, Players by the Sea, stated he takes pride in his organization and was trying to find a home, not add problems for the city.

Adjournment

There being no further business, the meeting adjourned at 6:55 p.m.

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held June 30, 1999 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance: The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Director of Finance John Herbst
Deputy City Clerk Karla Strait

Absent:
Vice Mayor Tom Tankersley
City Attorney Christopher A. White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

City Manager, Richard A. Linn introduced John Herbst, Finance Director, who would be giving the presentation on the budget rate.

John Herbst requested that each council member submit in writing any thing they wish to include in the budget.

The City Council asked for the following items to be researched.

1. Fire Department Trust Fund
2. Which fund the tennis court lights would be paid out of.
3. City of Jacksonville radio improvements - to be put on the punchlist.

Street Sweeper **CONSENSUS:** The City Council directed the Director of Finance to delete the purchase of a street sweeper for the Stormwater Department.

COMMUNICATIONS AND CORRESPONDENCE

Turtle Ordinance No. 1999-01	<u>Turtle Ordinance No. 1999-01:</u> Councilor Shimp requested that Ordinance No. 1999-01, Turtle Protection, be placed on the July Workshop for discussion.
Slider's Oyster Bar Parking	<u>Sliders Oyster Bar Parking:</u> Councilor Shimp recommended to place on the July Workshop Meeting the parking situation at Sliders since they will be losing parking spaces, due to the Town Center Project.
Guard Rails on Kings Road	<u>Guard Rails on Kings Road:</u> Councilor Shimp stated that he had received telephone calls from citizens asking about guard rails on Kings Road and asked to place this on the July Workshop Meeting Agenda.
Day Care Business	<u>Day Care Business in Residential Areas:</u> Councilor Tankersley asked about a phone call he had received regarding a day care business. City Attorney White stated that the situation had been resolved.
For the Record	Mayor Vaughn stated on the record that he has not received any phone calls or any correspondence regarding the situation.
Commend Acting City Clerk	<u>Commend Acting City Clerk:</u> Councilor Patronik commended the Acting City Clerk Lisa Volpe for getting the minutes out so soon.
Out of Office	Acting City Clerk Lisa Volpe stated that she would be out of the office Thursday July 8, Friday July 9, and Monday July 12, 1999, for a vacation that she had planned before becoming Acting City Clerk, and that she would leave a forwarding number with the Deputy City Clerk.

CITY MANAGER REPORTS

House Count East of Third	<u>Report on house count east of Third Street:</u> City Manager Linn received a letter from Ivey, Harris and Walls, stating that there were 1,172 dwellings east of Third Street.
Ordinance No. 1999-04 Special Committees	<u>Ordinance No. 1999-04 Special Committees:</u> City Manager Linn apologized to Councilor Shimp for not placing this on the agenda for second and final read due to an oversight. It will be placed on the August Regular Council Meeting,

**Guard Rails on Kings
Road Bridge**

Guard Rails on Kings Road Bridge: City Manager Linn stated that he had received phone calls regarding the guard rails on Kings Road bridge and reported that Director of Public Works John Galen has contracted with a design consultant to do the mitigation work that was required by the Department of Transportation deficiency report. The deficiency report indicated these three items:

- End bends, the wing walls that support the roadway, replace the back wall timber and stabilize the slope protection.
- Install guardrails in accordance to current Florida Department of Transportation standards.
- Notify utility company to repair the PVC line on the bridge.

The consultant is working on these items. Councilor Shimp asked that the Acting City Clerk take this off the Workshop agenda.

COMMENTS FROM THE PUBLIC

Trisha Lepianka, 617 Davis Street, passed out pictures to Council of dead ducks being killed by too much tranquilizer bait and she feels this is a danger to the community

Harriet Pruette, 217 ½ Magnolia Street, asked the council to consider a referendum to run for Seats at large since our community is so small, she felt it would encourage more people to vote. Ms. Pruette also stated that the City Clerk should not be put under the City Manager and should be protected by the Charter.

MINUTES
WORKSHOP CITY COUNCIL MEETING
JULY 19, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held July 19, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Attorney Christopher A. White
City Manager Richard A. Linn

Acting City Clerk Lisa Volpe
Deputy City Clerk Karla Strait
Building Official Dan Arlington
Director of Finance John Herbst
Director of Public Works John Galen
Director of Public Safety William Brant

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Agenda Change:
Media One Project

City Manager Linn announced that the Media One Team was present and asked the permission of Council to change the agenda in order to allow for their presentation regarding their merger with AT&T and development into Broadband. Council agreed to the change.

Christy Kayhill, Project Manager for Media One reported that they would be completely rebuilding the beaches area including Mayport, Atlantic, Neptune and Jacksonville Beaches. The rebuild includes all aerial and underground utilities to be completely replaced.

Greg Mckanany, Construction Manager for Media One stated they would be going through each and every yard in the entire beaches area. He also stated that Media One would be responsible for all problems that may arise. He presented the new equipment that would replace the old.

Patty McDonald with the marketing department of broadband stated that the first thing they will do is notify residents via a construction notice of who is doing the work and who to call with any questions or concerns. Another notice will be sent to Media One customers explaining that the cable line from the street to the exterior of the home will be replaced. Signs will also be placed to inform residents of construction.

The team answered questions and concerns from the Council.

COMMITTEE REPORTS

- Ad Hoc Traffic Safety Committee: Mr. Linn reported that the Ad Hoc Traffic Safety Committee met on July 16, 1999 and are studying the traffic calming recommendations, designing an outreach program on trying to get a bike safety program going and planning a target message for roadway users and a media relations campaign. Their next meeting would be held on July 20, 1999.
- Ish Brant Beautification Committee: Mr. Linn stated he had received a report from the chairman of the Ish Brant Beautification Committee indicating the success of the new Butterfly Garden and the work being done in Jarboe Park with donated trees and shrubbery. The committee is working hard at Steven's Park and awaiting new cross railroad ties to replace the old ones. They are also looking at an Adopt a Road street end program.
- Preliminary Design East of Third Street: City Manager Linn reported that the water and sewer project preliminary design east of Third Street should be done within two weeks.
- Kings Road Bridge: City Manager Linn stated that Connelly and Wicker is working on the Kings Road Bridge and a report should be complete in about two weeks.
- Ish Brant Beautification Committee: Councilor Jones questioned City Attorney Chris White if the Ish Brant Beautification Committee was subject to the Florida Sunshine Law. City Attorney White responded that if the committee is anything other than a fact finding committee and makes recommendations to the council then it is subject to the Florida Sunshine Law according to the attorney generals office. Councilor Jones commented that he believed that the committees may be more effective if they were not subject to the Sunshine Law and asked Council to review the way it was set up and place this on the next workshop agenda for future discussion.

CITY MANAGERS PUNCH LIST

CITY MANAGER PUNCH LIST: The following items were discussed:

- City Manager Punch List
- *Bike Path Penman Road:* City Manager Linn discussed with Calvin Burney moving the bike path project forward per Councilor Tankersley's request. Mr. Burney stated that it would be extremely difficult and doubtful that it could be moved up because another project would have to be bumped off the list. Councilor Tankersley asked that a letter be written to pursue this issue.
 - *Shuttle Trolleys:* City Manager Linn will be meeting with Mike Blaylock to discuss the possibility of shuttle trolleys for the area.
 - *Drainage:* Director of Public Works John Galen stated that work on the drainage problem at Mr. Jordan's house on Forest Avenue will be starting this month.
 - *Tour of Public Safety Building:* Councilor Shimp asked if this item could be taken off the punch list. Mayor Vaughn stated that he had not been on the tour and asked that this item be left on the punch list.
 - *Kings Road Safety and Fishing Pier:* Councilor Shimp stated that he had read in the newspaper about the road falling away and asked about repairs to the Kings Road Fishing Bridge. Director of Public Works John Galen stated that it would have to be repaired instead of replaced because it is the only way in and out. Councilor Shimp asked City Manager Linn if Jacksonville Beach had any comments about the Bridge. Linn responded that they had no desire to provide a second entrance into the area for

their residents. Councilor Tankersley requested that a letter be written to Jacksonville Beach regarding a second entrance. City Manager Linn stated that we should wait until the report is received from Connelly and Wicker to see if it is necessary.

- *BH 1 route change:* Councilor Tankersley voiced concern about a bus route change due to the Mayport flyover.
- *Short Term Rentals:* Councilor Patronik asked about code enforcement regarding short term rentals.

PROPOSED ORDINANCES

Ord. No. 1999-01
Turtle Protection:

ORDINANCE NO. 1999-01, TURTLE PROTECTION, PASSED ON FIRST READ MAY 3, 1999: AN ORDINANCE OF NEPTUNE BEACH, FLORIDA, RELATING TO THE PROTECTION OF MARINE TURTLES; PROVIDING FINDINGS; PROVIDING TITLE, CITATION AND PURPOSE; PROVIDING JURISDICTION; PROVIDING DEFINITION; PROVIDING LIGHTING STANDARDS FOR NEW DEVELOPMENT; PROVIDING LIGHTING STANDARDS FOR EXISTING DEVELOPMENT; PROVIDING STANDARDS FOR PUBLICLY OWNED LIGHTING; PROVIDING PROHIBITED ACTIVITIES DISRUPTIVE TO MARINE TURTLES; PROVIDING STANDARDS FOR CONSTRUCTION DURING THE MARINE TURTLE NESTING SEASON; PROVIDING THAT IT IS UNLAWFUL TO KILL MOLEST OR INJURE MARINE TURTLES; PROVIDING EDUCATION AND INFORMATION OPTIONS; PROVIDING ENFORCEMENT PROVISIONS INCLUDING CIVIL AND ADMINISTRATIVE ENFORCEMENT POWERS AND CRIMINAL PENALTIES REGARDING MARINE TURTLES AND HATCHLINGS IN NEPTUNE BEACH, FLORIDA; PROVIDING APPLICABILITY; PROVIDING INTERPRETATION; PROVIDING SURVIVABILITY AND PROVIDING AN EFFECTIVE DATE.

Councilor Shimp stated that he no longer wished to sponsor this ordinance because of misdemeanors. A lengthy discussion ensued.

Council discussed several court cases.

Mayor Vaughn stated that he supported this ordinance and encouraged council to move forward. He also asked City Attorney White if we would be opening up ourselves law suits from the environmentalists if we do not pass a lighting ordinance.

On the Record: Councilor Shimp, on the record stated that to give a misdemeanor to a citizen because he happens to leave a light on is wrong. And that he would not vote on anything that is going to cause our citizens to receive a misdemeanor for leaving a light on.

Consensus: **FORWARD ORDINANCE NO. 1999-01 TO THE AUGUST 2, 1999 REGULAR COUNCIL MEETING FOR SECOND AND FINAL READ.**

Ordinance No. 1999-07

ORDINANCE NO. 1999-07: AN ORDINANCE CALLING FOR A REFERENDUM TO AMEND SECTION 2.08 AND DELETE SECTION 2.09 OF THE CHARTER TO REQUIRE THE CITY CLERK TO BE APPOINTED BY THE CITY COUNCIL; TO RECEIVE THE ANNUAL SALARY AND PERFORM DUTIES AS ESTABLISHED BY THE CITY COUNCIL; AND ESTABLISHING AN EFFECTIVE DATE.

Acting City Clerk Lisa Volpe stated that some of the original verbiage would be changed.

Councilor Jones recommended Council to vote in favor of the Ordinance.

Mayor Vaughn stated that he did not support this ordinance.

Consensus: **FORWARD ORDINANCE NO. 1999-07 TO THE AUGUST 2, 1999 REGULAR COUNCIL MEETING FOR SECOND AND FINAL READ.**

Ord. No. 1999-08
Travel Policy

ORDINANCE NO. 1999-08: AN ORDINANCE AMENDING SECTION 2, ADMINISTRATION, ARTICLE V, EMPLOYEE BENEFITS, DIVISION 5. UNIFORM TRAVEL POLICY AND PROCEDURES. CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH; AND PROVIDING AN EFFECTIVE DATE.

Councilor Patronik stated that he was asked by the Director of Finance to sponsor this ordinance to bring our travel per-diem in line with the state.

Consensus: **FORWARD ORDINANCE 1999-08 TO THE AUGUST 2, 1999 REGULAR COUNCIL MEETING FOR FIRST READ.**

Ord. No. 1999-0?
Parking Regulations

ORDINANCE NO. 1999-0?: AN ORDINANCE AMENDING SECTION 22, TRAFFIC AND MOTOR VEHICLES, ARTICLE II, PARKING STOPPING AND STANDING*. CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH; AND PROVIDING AN EFFECTIVE DATE.

City Manager Linn received a call from a citizen about a situation and asked Council for a sponsor for this ordinance. Councilor Jones stated that he would be the sponsor.

Mayor Vaughn stated that he would like to look this over and recommended Council to table until the August workshop.

Discussion ensued.

Consensus: **FORWARD ORDINANCE 1999-0? TO THE AUGUST 2, 1999 REGULAR COUNCIL MEETING FOR FIRST READ.**

Recess / Reconvene

RECESSED AND RECONVENED: The meeting was recessed at 8:30 and reconvened at 8:45.

CONTRACT/AGREEMENTS - NONE

ISSUE DEVELOPMENT

Fire Equipment Surplus: **FIRE EQUIPMENT SURPLUS:** Council discussed with City Manager Linn and Public Safety Director Chief Brandt surplusizing our fire equipment since Jacksonville had agreed to be our fire department without the help of our police officers.

Consensus: **DIRECT CITY MANAGER LINN TO FIND OUT THE COST OF MAINTAINING THE FIRE EQUIPMENT TO BE READY FOR FUTURE USE IN CASE JACKSONVILLE TERMINATES THE AGREEMENT.**

Referendum on election
of Council & Mayor:

REFERENDUM ON ELECTION OF COUNCIL & MAYOR: Before the City Manager form of government the election was held with the candidates running for council receiving the highest votes to take office without running for a particular seat. A citizen requested during a previous meeting to go back to this type of election. Council discussed the pros and cons, and because it could not be done before this year's election council decided to forward this item to a future workshop meeting.

Consensus: **FORWARD TO A FUTURE WORKSHOP MEETING.**

On the Record: Councilor Shimp on the record stated, he did not want anyone putting anything in his office mailbox unless it goes through the City Clerks office first.

Matching Neighborhood Program: MAYORS NEIGHBORHOOD MATCHING GRANT PROGRAM: City Manager Linn stated that he had received correspondence requesting the planting of wild flowers in the medians versus sod and asked if it would effect the grant application. Council discussed the Beautification Committee.

Consensus: **TO GO FORWARD WITH THE GRANT LEAVING THE LANGUAGE MORE GENERAL FOR LESS RESTRICTIONS ON LANDSCAPING.**

Youth Crisis Center: YOUTH CRISIS CENTER SAFE PLACE PROGRAM: Dana Rhimes with the Youth Crisis Program discussed with council the possibility of making City Hall an official safe place for children.

City Attorney White cautioned Council against entering into any consensus until he looked further into it because he had concerns about setting up a public building as a safe house.

Foundation of New Lifeguard Station: STRUCTURAL CONCERNS IN THE FOUNDATION OF THE NEW LIFEGUARD STATION: Mayor Vaughn stated concerns about some cracks in the foundation of the new lifeguard station. Director of Public Works John Galen stated he had looked at the cracks and they are not stress cracks they are shrinkage cracks not in the foundation but in the slab and that they are curable.

Proposed No Camping Ordinance: PROPOSED ORDINANCE PROHIBITING SLEEPING, LODGING, OR CAMPING IN PUBLIC PLACES: Mayor Vaughn stated that the City of Jacksonville Beach had recently passed a no camping ordinance and was concerned that our city would have a problem due to their ordinance.

City Attorney White advised that an ordinance could not be passed against a certain class of people, but can be passed against certain activities.

Consensus: **COUNCIL AGREED THAT THERE IS NOT A PROBLEM AT THIS TIME AND IF IT BECOMES A PROBLEM THEY WILL PURSUE IT.**

Parking Spaces at Sliders Oyster Bar: GRANDFATHERING IN OF PARKING SPACES AT SLIDERS OYSTER BAR: Council discussed Sliders' Oyster Bar losing three parking spaces one being a handicap space on First Street due to the Town Center project.

Consensus: **COUNCIL REQUESTED THE CITY ATTORNEY AND THE BUILDING OFFICIAL TO DRAW UP PAPERWORK NECESSARY TO ALLOW SLIDERS OYSTER BAR TO HAVE THE THREE PARKING SPACES GRANDFATHERED IN.**

Fireworks Incident Report: FIREWORKS INCIDENT REPORT: Mayor Vaughn stated that he was concerned about firework safety during the past fourth of July weekend.

Plaque Honoring Veterans: REQUEST FOR A PLAQUE HONORING VETERANS: Neptune Beach resident Bruce Rehmer requested that a plaque honoring veterans be placed within the city.

Consensus: **COUNCIL DIRECTED CITY MANAGER LINN TO MEET WITH MR. REHMER AND TAKE NECESSARY STEPS FOR A PLAQUE TO BE PLACED AT CITY HALL.**

Administrative
Reporting:

ADMINISTRATIVE REPORTING OF INCIDENTS OF SIGNIFICANCE TO MAYOR AND OTHER ELECTED OFFICIALS: Mayor Vaughn requested that he be informed of any incidents of significance within the city, due to residents having asked him questions regarding certain issues that he was unaware of.

Consensus: **COUNCIL DIRECTED CITY MANAGER LINN AND DIRECTOR OF PUBLIC SAFETY BRANT TO INFORM THEM OF ANY INCIDENTS OF SIGNIFICANCE.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Danny Theile, 107 Azalea Place, asked Council for their support with the Turtle Protection Ordinance.

Judy Bost, 115 Walnut Street, spoke regarding several of the agenda items. First she felt that the mayor should be notified of any incidents. She felt that most citizens wanted to keep the fire department but did not understand the cost involved. Ms. Bost also mentioned that a safe place for children is located at the Little Champ Store at Atlantic Boulevard and Second Street. Support on the camping ordinance would be okay. Lastly, she mentioned that the Proposed Parking Ordinance should read mobile homes instead of house trailers and recreational vehicles instead of motor homes.

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Hurricane Hatties Mayor Vaughn stated that he had received a letter from Mr. H. T. Mankin, dated July 29, 1999, complaining about the noise coming from Hurricane Hatties on Atlantic Boulevard in Pablo Creek Marina located in Jacksonville.

Consensus: **TO DIRECT CITY MANAGER LINN TO TAKE ACTION TO DEAL WITH THE ISSUE AND RESPOND TO MR. MANKIN.**

Mayors Neighborhood Matching Grant Program Mayor Vaughn stated that he had received a letter addressed to the Ish Brant Beautification Committee, from John Fleming, Chief of Neighborhood Services Division, advising committee chairman Chris Tyler on the success of the committee in securing a \$5,000 grant to the Mayors Matching Neighborhood Grant Program, and personally thanked Chairman Tyler and the committee for their efforts.

K-Mart Renovations Councilor Jones expressed that he was delighted to here that K-Mart had begun renovations at the Atlantic Boulevard store and should be completed by November 1, 1999.

September Regular Council Meeting Lisa Volpe Acting City Clerk reminded the council that due to the Labor Day Holiday the September Regular City Council Meeting would be held on Tuesday, September 7, 1999.

Frank Cashman City Manager Linn informed council of the passing of Sergeant Frank Cashman's father and advised that the funeral would be held August 3, 1999 at 2:00 p.m.

All Terrain Wheelchair City Manager Linn reported that he had received a letter from Charlotte Raybrook, President of the Beaches Council for Disabled Persons, addressed to Chief Brant, advising that they had voted to donate one all terrain wheelchair for the disabled, to be placed at the lifeguard station, under the condition that the city of Neptune Beach accept the ownership and responsibility of the chair by a letter of approval from the council requesting the surf-chair. They have also agreed to assist with any repairs.

Consensus: **TO ACCEPT THE CONDITIONS AS STATED ABOVE AND HAVE CITY MANAGER LINN WRITE THE LETTER OF ACCEPTANCE.**

CITY MANAGER REPORTS

Grandfathering of parking spaces at Slider's Oyster Bar **GRANDFATHERING OF PARKING SPACES AT SLIDER'S OYSTER BAR:** City Manager Linn explained that he and City Attorney White had met with the owners of Slider's Oyster Bar and discussed the grandfathering of the parking spaces that would be lost due to the Town Center Project. The attorneys for both parties were working on an agreement to be recorded with the property. The final agreement would be sent to council for approval.

Shuttle Bus meeting with JTA **SHUTTLE BUS MEETING WITH JACKSONVILLE TRANSPORTATION AUTHORITY:** City Manager Linn announced that he had met with Danny Oar and Daryl Smith with Jacksonville Transportation Authority to discuss a shuttle bus service on the beaches from Mayport to Jacksonville Beach. An on line bus would be remodeled with a beach exterior and seating on either side facing each other, to make it friendlier. They will report back to Mr. Linn with a cost and feasibility.

Recognition of
Veterans Plaque for
City Hall

RECOGNITION OF VETERANS PLAQUE FOR CITY HALL: Mr. Linn stated that he had a request from citizen Bruce Rehmer to establish a plaque honoring veterans. He met with Mr. Rehmer and a monument distributor. A monument recognizing and honoring veterans will be placed outside the City Hall Building next to the flagpole. The ceremony is planned for Veterans Day, November 11, 1999 at 9:45 a.m.

Dumpster Pilot
Project

DUMPSTER PILOT PROJECT: City Manager Linn explained that he had a meeting with representatives of BFI and Alpha Products to devise a plan to phase in a new type of commercial dumpster and collection boxes starting with the dumpsters between City Hall and the Police Station.

Distribution of
Preliminary Design
Utility Improvement
Project

DISTRIBUTION OF PRELIMINARY DESIGN UTILITY IMPROVEMENT PROJECT: Mr. Linn passed out copies of the Preliminary Design Utility Improvement Project and encouraged council to review it, stating that it would be the backbone for the August 9, 1999 meeting with Jim Miller of Post, Buckley, Schuh, and Jernigan.

Park Grant
Application

SET MEETING FOR FLORIDA RECREATION DEVELOPMENT ASSISTANCE PROGRAM FOR PARK GRANT APPLICATION: City Manager Linn stated that his assistant Laura Raccina would give a ten or fifteen minute report on the park grant at the August 9, 1999 meeting.

Proposed Fiscal Year
2000 Budget

PROPOSED FISCAL YEAR 2000 BUDGET: City Manager Linn advised that the proposed budget had been hand delivered to council last Friday and that a workshop meeting needed to set for discussion.

Consensus: **TO SET A BUDGET WORKSHOP MEETING FOR AUGUST 5, 1999 AT 7:00 P.M.**

COMMENTS FROM THE PUBLIC

Robert Hicks, 1449 Hopkins Creek Lane, addressed the council relating to unnecessary activity regarding committees.

Beth Tyler, 1914 First Street, expressed concern about false accusations from citizens regarding her husband Chris Tyler.

Danny Thiele, 107 Azalea Place, spoke on behalf of the Sea Turtle ordinance and asked council to support the ordinance.

Linda Padrta, 1113 First Street, spoke regarding the Mayor's Website and E-mail not being received properly as public records.

Leslie Karlin, 1506 Spindrift Circle West, commented on distrust of council and not being able to speak out during meetings. She also suggested that agenda packets be available for the public to review at the Beaches Library.

Terry Cater, 208 Cherry Street, revealed her concern about a traffic problem on Cherry Street and asked that the barricade at First Street and Cherry Street be removed.

Cecelia Peacock, 211 Cherry Street, also voiced her concern about a traffic problem on Cherry Street and requested that the barricade at First Street and Cherry Street to be removed.

J. W. Crout, 1074 Kings Road, cautioned council regarding misplaced e-mail and stated in his opinion that council should start looking at the budget earlier in the year. He was also concerned about a 23% increase in the budget. He also stated in his

opinion council should abolish the Ish Brant Beautification Committee.

Chris Oakey, 620 Camellia Terrace Drive, commended Finance Director John Herbst for getting the computer system certified for the year 2000 and asked about committee budgets and financials on previous events.

Elaine Kenny, 1301 Neptune Grove Drive East, replied that expense reports had been turned in on the Sunday in the Park event and the King Neptune Festival.

Harriet Pruette, 217½ Magnolia Street, asked about the harassment investigation between herself and Chairman of the Ish Brant Beautification Committee and stated that it was on going and that members of the Beautification Committee had political agendas. She also stated that in her opinion it was in bad taste for the beautification committee to give the Volunteer of the Year award to Mayor Vaughn. She also felt that something needed to be done about the traffic problem on Cherry Street.

Recess / Reconvene **RECESS AND RECONVENE:** The meeting was recessed at 8:20 and reconvened at 8:30.

ORDINANCES

Ordinance No.
1999-01

PUBLIC HEARING ORDINANCE NO. 1999-01, SECOND AND FINAL READ: AN ORDINANCE OF NEPTUNE BEACH, FLORIDA RELATING TO THE PROTECTION OF MARINE TURTLES; PROVIDING FINDINGS; PROVIDING TITLE AND CITATION, PURPOSE; PROVIDING JURISDICTION; PROVIDING DEFINITIONS; PROVIDING LIGHTING STANDARDS FOR NEW DEVELOPMENT; PROVIDING LIGHTING STANDARDS FOR EXISTING DEVELOPMENT; PROVIDING STANDARDS FOR PUBLICLY OWNED LIGHTING; PROVIDING PROHIBITED ACTIVITIES DISRUPTIVE TO MARINE TURTLES; PROVIDING STANDARDS FOR CONSTRUCTION DURING THE MARINE TURTLE NESTING SEASON; PROVIDING THAT IT IS UNLAWFUL TO KILL, MOLEST OR INJURE MARINE TURTLES; PROVIDING EDUCATION AND INFORMATION OPTIONS; PROVIDING ENFORCEMENT PROVISIONS INCLUDING CIVIL AND ADMINISTRATIVE ENFORCEMENT POWERS AND CRIMINAL PENALTIES REGARDING MARINE TURTLES AND HATCHLINGS IN NEPTUNE BEACH FLORIDA; PROVIDING APPLICABILITY; PROVIDING INTERPRETATION; PROVIDING SEVERABILITY AND PROVIDING AN EFFECTIVE DATE.

The Mayor read Ordinance No. 1999-01 by title only and opened the public hearing.

Linda Padrta, 1113 First Street, felt we should give more consideration to the turtles and help insure that they are healthy and safe in the environment in the future.

Harriet Pruette, 217½ Magnolia Street, commented that Danny Theile had done an outstanding job in his efforts to protect the sea turtles request that council pass the Ordinance.

Karen Hawkins, Oceanfront, felt that it was very important and that others that live on the oceanfront do not have a problem with turning lights out. Suggested letters being passed out in the area that the turtles were hatching and urged council to do something to protect the turtles.

There being no further public comments, the public hearing was closed.

Moved by Jones, seconded by Patronik.

Motion: **TO ADOPT ORDINANCE NO. 1999-01, AS STATED.**

Councilor Shimp expressed his concern about the misdemeanor penalty.

City Attorney Chris White suggested the following changes to the language in Section 10 to eliminate any misdemeanor penalties.

SECTION 10. Civil and Administrative Enforcement Powers; Criminal Penalties.

- (A) The City shall have the power to enforce the provisions of this Ordinance by equitable or legal judicial proceedings, including civil infractions as set forth below, as well as by any other legal or administrative means, including code enforcement proceedings as set out in Chapter 27 of the Code of Ordinances as amended, and Section 162, Florida Statutes. Each day of any such violation shall not constitute a separate and distinct offense.
- (B) No permit may be issued by the City to improve or expand any facility constructed or modified in violation of this Ordinance, unless the violation has been corrected.
- (C) A violation of any of the provisions of this Ordinance shall be a civil infraction punishable in the same manner as a misdemeanor and punishable as provided by Section 125.69, Florida Statutes by a civil penalty in an amount not to exceed \$500. Except, any violation of this Ordinance which is also a violation of Section 370.021 Florida Statutes, shall be punishable as set forth in Section 370.021. Each day of any such violation shall not constitute a separate and distinct offense.

Moved by Jones, seconded by Patronik

PUBLIC HEARING ORDINANCE NO. 1999-04 SECOND AND FINAL READ: SPECIAL COMMITTEES, THAT SECTION OF 2-42 OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH IS HEREBY AMENDED TO READ AS FOLLOWS AND PROVIDING AN EFFECTIVE DATE.

The Mayor read Ordinance No. 1999-04 by title only and opened the public hearing.

Harriet Pruette, 217& 1/2 Magnolia Street, asked council not to pass the ordinance.

Leslie Karlin, 1506 Spindrift Circle West, commented that special committees and

volunteers were needed and that council should have the responsibility.

For the Record Councilor Shimp commented that the presiding officer should come before the council first before a committee is formed and give council a reason for the committee.

There being no further comments from the public, the public hearing was closed.

**BUDGET WORKSHOP MEETING
AUGUST 5, 1999, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Budget Workshop Meeting of the City Council of the City of Neptune Beach was held August 5, 1999, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Tom Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn

Acting City Clerk Lisa Volpe
Director of Finance John Herbst
Director of Public Safety William Brant
Director of Public Works John Galen
Administrative Assistant Piper Turner

Absent:
City Attorney Christopher A. White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Council reviewed the budget page by page.

Consensus: TO DECREASE THE FOLLOWING BUDGET AMOUNTS:

MAYOR AND COUNCIL COMMUNICATIONS SERVICES:
ACCOUNT NO. 001-1111-511-30-41:
FROM \$500 TO \$0.

MAYOR AND COUNCIL PROMOTIONAL ACTIVITIES:
ACCOUNT NO. 001-1111-511-30-48:
FROM \$1,000 TO \$500.

MAYOR AND COUNCIL CONTINGENCIES & EMERGENCY:
ACCOUNT NO. 001-1111-511-90-99:
FROM \$2,500 TO \$1,250.

CITY MANAGER'S OTHER CONTRACTUAL SERVICES:
ACCOUNT NO. 001-1112-512-30-34:
FROM \$10,000 TO \$5,000.

Council decided that they would submit any small cuts in writing and review the larger budget items.

Consensus: **TO SCHEDULE ANOTHER BUDGET WORKSHOP ON AUGUST 23, 1999 AT 7:00 PM.**

Finance Director
submission of budget
reductions

John Herbst stated that the following items could be accelerated into this year's budget.

Finance	\$25,000	Machinery and Equipment
Building	\$10,000	Machinery and Equipment
City Clerk	\$ 5,000	Machinery and Equipment
Non-departmental	\$10,000	Improvements - Not Buildings

The following items are reductions:

Police	\$25,000	Regular Salaries
Police	\$15,000	Overtime
Police	\$12,000	Benefits

Council discussed leaving the \$30,000 for the parks department in the budget for the time being.

Schedule of
Modifications from
budget workshops

Council discussed the modifications of the First Draft of the Proposed Budget and the funding a Volunteer Fire Department.

On the Record Mayor Vaughn stated on the record, that this {fire department budget} is not as simple as taking those items off your sheet and to hear Councilor Patronik say we are getting a free fire service is unbelievable. He asked John Herbst if we are paying anything to Jacksonville for fire services. City Manager Linn responded that we were paying for rescue which is now located in Atlantic Beach. The Mayor asked if the \$150,000 that Jacksonville gives to Atlantic Beach for services is enough to cover us too. Mr. Linn stated that the question should be directed to Atlantic Beach. The mayor stated his concern that the city is not allowing the citizens participation in the termination of the fire department and questioned why the fire equipment was not kept up over the past few years and why money was not put in reserves.

Mayor Vaughn requested that Director of Finance John Herbst find out how many calls Atlantic Beach had received from Neptune Beach over the past twelve months and equate a cost to those calls.

Consensus: **TO DECREASE THE FIRE DEPARTMENT BUDGET TO \$4000.**

The council discussed budget items that Mayor Vaughn requested: additional street signs, widening of sidewalks, Spanish tile roofs, widening walking paths, installing video cameras, constructing new street ends, adding benches at street ends, and the dune crossovers.

On the Record Mayor Vaughn stated, on the record, that he would like council to understand that we have one of the best dune systems, however the crossovers built provide a weakness for storm surges to pass through, and he thoroughly disagreed with arbitrarily cutting this item from the budget.

Consensus: **TO ELIMINATE STREET DEPARTMENT AND PARKS DEPARTMENT, ITEMS 4 THROUGH 11, IMPROVEMENTS – NOT BUILDINGS, ON THE SCHEDULE OF MODIFICATIONS FROM THE BUDGET.**

John Galen stated that the Watersedge lift station would be reconstructed out of the Community Development Block Grant.

John Herbst advised Council that the cost of meters had been split between the water fund and the sewer fund. He also revealed there was a correction in the Water Construction Fund Department of Environmental Protection Water Revolving Loan from \$96,234 to \$1,307,854.

Recess/Reconvene The meeting was recessed at 8:45 p.m. and reconvened at 9:00 p.m.

John Herbst stated that with the amounts struck from the budget at this meeting the city has a new deficit of \$111,500.

On the Record The Mayor stated on the record that he strongly recommends that anyone who comes up with budget cuts speak with City Manager Linn and the Department Head before cutting any funds from the budget.

Adjournment There being no further business, the meeting adjourned at 9:15 p.m.

George F. Vaughn, Jr., Mayor

MINUTES
WORKSHOP CITY COUNCIL MEETING
AUGUST 9, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 9, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn

Acting City Clerk Lisa Volpe
Director of Public Works John Galen
Admin. Assistant Laura Raccina

Absent;
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

FRDAP Grant

Laura Raccina, Assistant to the City Manager informed the council on the status of the application for the Florida Recreation Development Assistance Program Grant.

Utility Capital
Improvement Project

Jim Miller of Post, Buckley, Schuh & Jernigan presented a water system, four alternatives for a sewer system and a reuse program. He recommended Alternate 2 for sewer and no reuse system.

Consensus: **FORWARD APPROVAL OF ALTERNATE 2 AND NO REUSE SYSTEM
TO THE SEPTEMBER 7, 1999 REGULAR COUNCIL MEETING.**

Town Center Water and
Sewer Project

Jim Miller stated that the notice to proceed would be given on Monday.

Underground Electric

Mr. Linn informed the council that if they let Jacksonville Beach install underground electric. This would double the project cost because the city can not require citizens to pay for underground hook up, therefore, the city would have to bear the entire cost.

Adjournment

There being no further business, the meeting adjourned at 9:15 p.m.

CONTRACT/AGREEMENTS - NONE

ISSUE DEVELOPMENT

**Schedule of fines for
violation of Sea Turtle
Ordinance**

SCHEDULE OF FINES FOR SEA TURTLE ORDINANCE VIOLATIONS: Council discussed a graduated fine schedule for violators of the Sea Turtle Ordinance.

On the record

Councilor Jones stated, on the record, that he views the Sea Turtle Ordinance as an educational tool for the citizens and he believed the citizens would do everything in their power to cooperate.

Consensus: **DIRECT CITY MANAGER LINN, BUILDING OFFICIAL DAN ARLINGTON AND CODE ENFORCEMENT OFFICER LARRY DEAN TO PRESENT THEIR RECOMMENDATIONS TO COUNCIL FOR APPROVAL AT THE NEXT REGULAR COUNCIL MEETING.**

Adopt – a – Road Program

ADOPT - A - ROAD PROGRAM: Council discussed an Adopt – A – Road program, introduced by the Ish Brant Beautification Committee. Joanne Waddill, member of the Ish Brant Beautification Committee, answered questions and concerns of the council, and stated that the program was identical to Jacksonville's program.

Consensus: **CITY MANAGER LINN TO START ACCEPTING APPLICATIONS FOR THE ADOPT- A - ROAD PROGRAM.**

E-mail concerns

COUNCIL CONCERNS ABOUT MISSING E-MAIL: Council discussed missing e-mail from the Mayor's Web Site. All councilors requested their e-mail addresses are removed from the web site. Mayor Vaughn stated that he did not know there was a problem with the redirect for Councilor Shimp's address, until a citizen brought the issue before the council, and that he does have his web master working on the problem. He said he would take their requests under consideration.

On the record

Councilor Jones stated, on the record, that he would like his e-mail address removed from the Mayor's web site.

Councilor Shimp asked City Attorney White that if he requested his e-mail address to be removed from the Mayor's web site, could he have it removed? City Attorney White responded, yes.

Committees

APPOINTMENT OF MEMBERS TO COMMITTEES: Councilor Jones recommended that the City Manager inform the council of membership applications for committees at the workshop meetings with his recommendations, and have council approve or disapprove all memberships.

Consensus: **TO HAVE THE CITY MANAGER INFORM COUNCIL AT THE WORKSHOP MEETINGS UNDER COMMITTEE REPORTS OF ALL APPLICATIONS FOR COMMITTEE MEMBERSHIPS WITH HIS RECOMMENDATIONS FOR APPROVAL AND HAVE COUNCIL APPROVE.**

K-Mart parking lot

USE OF K-MART PARKING LOT FOR SALE OF USED VEHICLES, CARS, TRUCKS, BOATS, AND MOTORCYCLES: Mayor Vaughn stated that the K-mart parking lot was an eyesore due to the vehicles parked there for sale. City Attorney White reported that he and Building Official Dan Arlington had discussed an ordinance prohibiting parking for specific purposes, impoundment procedures and enforcement for the council to consider in October.

Consensus: **TO ALLOW THE CITY ATTORNEY AND BUILDING OFFICIAL TO DRAFT AN ORDINANCE TO PRESENT TO COUNCIL IN OCTOBER.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Harriet Pruette, 217 ½ Magnolia Street, stated that Mayor Vaughn's Web Page needed to be updated on a regular basis because there are people listed as active committee members that are no longer active. She also stated that the councilors e-mail should go through the official Neptune Beach addresses.

Joanne Waddill, 115 Oleander Street, thanked the council for their support of the Ish Brant Beautification Committee and stated that she would like to recruit more members. Ms. Waddill also commented on Jarboe Park and the Butterfly Garden and stated that she had been recently intimidated by the homeless at the park and was informed that there was no law against sleeping in the park.

Adjournment

There being no further business, the meeting adjourned at 8:30 p.m.

Director of Finance John Herbst
Building Official Dan Arlington
Administrative Assistant Piper Turner

Absent:
Councilor Ronald D. Patronik
City Attorney Christopher A. White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Director of Finance John Herbst stated the proposed budget had been modified to reflect the changes requested by the Council during the August 5, 1999 Budget Workshop Meeting.

City Manager Linn reported that he had received a letter from BFI advising an increase in garbage rates. Finance Director John Herbst advised that the increase would amount to 14 cents per residential unit. Council proceeded to discuss increasing the garbage rates.

For the Record Director of Finance John Herbst stated, for the record, that as of the end of fiscal year 1998 the retained earnings for the sanitation fund was \$300,000.

Director of Finance John Herbst explained the General Enterprise Fund.

Consensus: **NOT TO MOVE FORWARD WITH AN ORDINANCE INCREASING GARBAGE RATES AT THIS TIME.**

Vice Mayor Tankersley suggested that the positions of Deputy City Clerk and Assistant to the City Manager be merged into one position.

Council discussed the Community Development Department's budget.

Consensus: **TO MOVE THE PROPOSED BUDGET FORWARD WITH AN ORDINANCE TO BE PASSED ON FIRST READ AT THE REGULAR CITY COUNCIL MEETING TO BE HELD ON SEPTEMBER 9, 1999.**

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**Harassment
Investigation

Mayor Vaughn stated that Harriet Pruette had asked him to look into her charges of harassment and stalking against Neptune Beach resident Chris Tyler and report back to her.

For the Record Mayor Vaughn: Originally Ms. Pruette's harassment and stalking claim of July 14, 1999, was investigated and the case was closed due to no evidence being found. This claim was also reiterated to the public by resident Robert L. Hicks. However, the case was then reopened after Ms. Pruette made additional claims going back as far as seven months. So to the best of my knowledge the case continues to be investigated more than 50 days after the complaint was filed.

Mr. Linn, I want to ask you, on the record, right now to give us some sort of time table for Ms. Pruette's benefit as to when this case might be resolved.

Mr. Linn: I'm not sure I can do that Mayor Vaughn, that's a police matter and I cannot interfere with the investigation.

Mayor Vaughn: I will accept your answer. The Council also received correspondence recently from Councilor Patronik's wife, Laura, stating that she was the subject of harassment by the Tyler's also. However, to the best of my knowledge, I can find no credible proof has been brought forward to substantiate the claim, which is almost one and half years old.

As to other correspondence on August 6, 1999, Robert Hicks wrote a letter to Council concerning an expenditure of \$2,700 dollars of tax money spent on legal fees to investigate a law suit against the Jacksonville Transportation Authority concerning the Atlantic Boulevard, Mayport Road Intersection Improvement Program. Mr. Hicks went on to say this is a "reckless waste of tax money for a frivolous legal action to serve the ego of one person, the Mayor". However, as each of you gentlemen know there was no city monies spent and it was the entire City Council who directed this issue to be researched.

In our last Council meeting we had three individuals come before this council and in essence state that harassing community servants is a good thing. Well I cannot disagree more and I would hope that each of you, my fellow councilmen will join me in that sentiment.

The incidents I have mentioned are already well documented and are a part of what I consider to be politics of personal destruction. Therefore, tonight I am making a request to this council and our residents to pull together and help bring an end to the politics of personal destruction in our community. Negative politics nor harassment have no place in Neptune Beach, nor in these Council Chambers. For you Councilors that are contemplating running for re-election, I ask that you run on your records and let the chips fall where they may. Lets have a good and clean campaign and turn a deaf ear to those in our community who insist upon perpetuating the negative politics in Neptune Beach. We may have our policy differences from time to time but let's give our citizens an election and a city government they can be proud of.

I wanted to make those comments on the record. If you want to discuss anything I have said I am more than willing to get into that with you at this time. If there is anything I can clarify. If not we'll move on. There being no further comments from the Council. Ms. Volpe, do you have any comments?

Ms. Volpe: No.

Mr. Linn: Nothing under correspondence and communications.

CITY MANAGER REPORTS

- Hurricane Watch **HURRICANE DENNIS WATCH ISSUED:** City Manager Linn reported that the City had been placed under a hurricane watch and that the City's Hurricane Preparedness Plan was implicated during the watch and all department heads took the steps identified in the plan and did not see any problems. However, some suggestions were made during the last staff meeting and will be followed up on.
- Adopt a Road Program **ADOPT A ROAD PROGRAM:** City Manager Linn advised that the City Attorney had reviewed the hold harmless agreement and made some recommended changes. Packets will be available this week for anyone in the community that would like to adopt a street end or road.
- Water and Sewer Project **WATER AND SEWER PROJECT:** City Manager Linn announced that the Water and Sewer Project was about a day and a half ahead of schedule. The two hundred block of First Street had been completed and the one hundred block of First Street had been started. The plan is to maintain two travel lanes of traffic in the one hundred block of First Street. There will be no parking in the one hundred block of First Street while construction is going on. Construction is anticipated to be completed in a week and a half to two weeks.
- Shuttle Bus **SHUTTLE BUS UPDATE:** City Manager Linn explained that he had contacted Danny Orr of The Jacksonville Transportation Authority. A meeting will be scheduled when Mr. Orr receives the report back on some studies that are being done on cost, feasibility and time schedules before they are ready to introduce a proposal.
- Youth Crisis Center **YOUTH CRISIS CENTER SAFE PLACE PROGRAM:** City Manager Linn advised that City Attorney White had reviewed any liability exposure the City may have and concluded that it would be minimal to none and, therefore, recommended to move forward with City Hall serving as safe house.

Consensus: **TO ALLOW THE CITY MANAGER TO MOVE FORWARD WITH CITY HALL SERVING AS A SAFE HOUSE FOR CHILDREN IN CRISIS.**

COMMENTS FROM THE PUBLIC

Richard Fail, 510 Oak Street, stated his concern about taxes being increased and felt that the Council was not listening to citizens. Mr. Fail also stated that there should be something we could do about the negative letters being written.

Aaron Grubbs, 1912 Nightfall Drive, gave a vote of confidence to Mayor Vaughn and stated that the negative people did not realize how other people are looking at them and how they are hurting our city.

Paul Hout, 209 Bowles Street, stated that he had spent his life dedicated to preserving the rights granted to us by the constitution. Whether he agrees with your opinion or not he stated that in his years of experience he had never seen the abuse of the first amendment rights of the freedom of speech that had been demonstrated in our Council Chambers. And could not understand why Councilors had allowed such disrespect not only to the mayor but also to themselves.

Robert West, 106 Hall Place, felt that the businesses should pay for a shuttle bus system if one was implemented. Mr. West was also concerned about noise and trash from businesses if they are granted a special exception for outdoor seating.

Johnnie Galiemore, Jr., 1107 South First Street, read a letter from Barbara Pettit requesting her fine to be reduced.

Bruce Rehmer, 804 McCollum Circle, stated that he believed the present Council was embarrassing themselves, friends, state and nation. He had written a letter to Mayor Vaughn requesting that a "Caution Children Playing Sign" be placed on Cedar Court entering by Cedar Street and McCollum Circle, since the request three children have almost been hit. He has received no reply.

Judy Bost, 115 Walnut Street, commented that she had not received a phone call, so she didn't know that she was supposed to make a speech and that she would prepare something for the next meeting.

MOTION CARRIED

Mayport Flyover

ATLANTIC BOULEVARD/MAYPORT ROAD INTERCHANGE PROJECT LANDSCAPE MAINTENANCE COMMITMENT: Mr. Linn affirmed that the Mayport Flyover would be a reality. Therefore, the Jacksonville Transportation Authority is requiring the city to enter into a partnership agreement with the Florida Department of Transportation on maintenance of the landscaping. Mr. Linn requested authorization from the council to enter into an agreement. Council discussed the level of landscaping and what type of agreement they would like to make.

Moved by Tankersley, seconded by Patronik.

Motion: **TO AUTHORIZE THE CITY MANAGER TO NEGOTIATE A PARTICIPATION AGREEMENT WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION ON THE SUBJECT OF THE ATLANTIC BEACH MAYPORT ROAD INTERSECTION IMPROVEMENT.**

For the Record Mayor Vaughn read the following letter and asked that this letter be reflected in the minutes.

It's addressed to Councilor Ed Jones, and reads as follows:

Dear Mr. Jones,

Last year on April 7, 1998 Mayor Vaughn sent a letter to Jacksonville Transportation Authority obligating the City of Neptune Beach to maintain a sprinkler system at the Atlantic Boulevard Mayport Road Exchange if the Jacksonville Transportation did install it and it appears from review of the JTA's memo dated 8-24-99 that the JTA is ready to commence the installation of a sprinkler system at that location next month.

I don't remember the City Council directing the Mayor to enter into such an agreement and this obligation enacted by the Mayor concerns me, as our city would have to maintain whatever system is installed. As a matter of fact wasn't there a consensus of Council recently that there are more suitable beautification alternatives than installing and maintaining expensive sprinkler systems. It seems more wise to go with natural vegetation, which provides natural beauty than the city to pay for water and maintenance of a sprinkler system to support non-native beautiful plantings, which a beautification committee may want to plant. And Mr. Jones I know you have publicly expressed your opinion about using natural vegetation wherever possible in our city.

As a taxpayer, I would rather not see the sprinkler systems installed throughout our city. We have better things on which to spend our city's money and our public works people can't keep up with the current workload let alone manage this additional burden. The City of Neptune Beach is not made of money so please take care of this issue. Thanks for considering my thoughts and concerns.

Mayor Vaughn requested that each Councilor go on the record if there was anyone who did not remember authorizing him to write the letter that Ms. Pruette referred to and ask them to speak up right now.

Ed Jones: I think sometimes we try to make a bigger thing out of something than it is and everyone is favor of landscaping. It's the maintenance issue that is the issue. Whether you obligate the city or do not obligate the city it doesn't really matter. You can't, you know you can't, we all know not one person can obligate the city to do anything. The issue before us tonight, is what do you want to spend on a yearly maintenance program for the landscaping that's put on the Mayport Flyover. We all want to landscape the flyover. Its how do we want to landscape it and how much money we will have to commit to maintain it. I think Busch Gardens has a bigger budget and they can afford to do all the landscaping they want. I mean that's one thing we don't have that. And I its just a matter of

how much you want the City to spend. I don't want to see the City spend a whole lot of money on maintenance of plants when there are plants that require little or no maintenance. The letter is just reflecting that we all agree on maintenance. I don't think there is method of contention other than how we want to landscape it and how much money do we want to spend on maintenance.

Mayor Vaughn: Mr. Jones apparently you don't understand what I'm trying to say here. This is just another example of more misinformation going out to our general public. The letter that Ms. Pruette is referring to here was dated April 7, 1998 and it was addressed to the Jacksonville Transportation Authority and it says:

Dear Jacksonville Transportation Authority,

This letter will serve as confirmation that it is the intent of the City of Neptune Beach to maintain an adequate sprinkler system to be installed by the Jacksonville Transportation Authority on the south side of the proposed Atlantic Boulevard Mayport Road interchange.

The landscaping throughout the interchange will enhance the visual entrance to our city. Therefore, the City of Neptune Beach is pleased to accept the responsibility of maintaining said system.

Mayor Vaughn: That letter was written as a direct result of this council instructing me to write that letter. I want there to be no misunderstanding there.

Councilor Jones stated that there was a misunderstanding there. I don't believe I authorized you to write a letter saying that we agreed to maintain irrigation systems and maintenance. Or even if we did now today we are discussing what level do we want to that. We don't need to make an issue of the letter. I'm not making an issue of it. If you want to write that, that's fine with me. But today the issue is how much money do we want to commit to maintenance. Let's just solve that problem and not try to bring in other issues. That's fine that you wrote that I don't have a problem with it but today, I'm trying to solve the issue of how much money do you want to commit to maintain the landscaping. And I'm saying we should minimize the cost of maintenance.

Mayor Vaughn stated that he wanted to make sure it was on record stating that he had not obligated the city without the council's approval.

WORKSHOP CITY COUNCIL MEETING
SEPTEMBER 20, 1999 AT 7:35 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held September 20, 1999, at 7:35 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Attorney Christopher A. White

City Manager Richard A. Linn
Acting City Clerk Lisa Volpe

Call to Order/Roll Call

The Mayor called the meeting to order at 7:35 p.m.

Change in Agenda

Mayor Vaughn requested a change in the agenda so that Anne Murphy with Media One could make her presentation first.

Media One

Anne Murphy with Media One presented a check to the City of Neptune Beach in the amount of \$5000.00 for contributions towards city events for the coming fiscal year.

COMMITTEE REPORTS

Traffic Safety

Laura Schulz, Chairman of the Ad Hoc Traffic Safety Committee gave a presentation on what the committee had accomplished and presented a traffic calming study as well as some recommendations.

CITY MANAGERS PUNCH LIST

Shuttle Trolley

City Manager Linn reported that Danny Orr with Jacksonville Transportation Authority requested that Atlantic Beach, Jacksonville Beach and Councilman Holland be included in a meeting to discuss the idea of a shuttle trolley. Danny Orr will be setting up a meeting.

Naval Air Show

City Manager Linn related that the new Commanding Officer of Mayport Naval Base Captain Furness had met with the Steering Committee to discuss scheduling of the Naval Air show, and that Captain Furness had to meet with his admiral to make some schedule changes and would report back.

Drainage on Forest

Councilor Shimp asked if the work had been started on the drainage problem on Forest Avenue. City Manager Linn replied that he would check with Director of Public Works John Galen.

Road between Shopping Centers	Councilor Shimp inquired if anything would be done about the proposed roadway between the Shopping Centers. City Manager Linn responded that U-haul was not interested.
Short Term Rentals	Councilor Patronik asked about an ordinance related to short term rentals. City Manager Linn replied that he was working on it along with Amy Skinner of Ivey, Harris and Walls.
Taxi Cab Stand	Councilor Shimp reported that the Project Oversight Committee had come to the conclusion that the taxi cab stand will stay where it is. Councilor Tankersley suggested that they speak with the taxicab companies to find out what they wanted.

PROPOSED ORDINANCES

Proposed rezoning ordinance	City Manager Linn reported that the Building Department had a rezoning request from the Little Red Schoolhouse. City Clerk Lisa Volpe stated that a public hearing needs to be between September 17 and October 17, 1999 and needs to be noticed 7 days prior to meeting.
-----------------------------	---

Consensus: **PUBLIC HEARING FOR REZONING OF THE LITTLE RED SCHOOLHOUSE TO BE AT THE OCTOBER 4, 1999, REGULAR CITY COUNCIL MEETING.**

CONTRACT/AGREEMENTS - NONE

ISSUE DEVELOPMENT

Freedom Shrine	The Beaches Exchange Club requested that a Freedom Shrine be placed in the Neptune Beach City Hall with no cost to the City.
Resolution of Support – Health Group	City Manager Linn stated that he received a letter from the City of Lake Butler requesting that the City of Neptune Beach pass a resolution supporting their effort for a statewide health care plan.

Consensus: **MOVE TO SUPPORT RESOLUTION FORWARD TO THE OCTOBER 4, 1999 REGULAR CITY COUNCIL MEETING.**

Resolution of Support - Everglades	City Manager Linn reported that the County of Martin requested support from municipalities by resolution, to the federal government, for the restudy of the everglades.
------------------------------------	---

Consensus: **TO CONTACT THE COUNTY OF MARTIN AND RECEIVE MORE FACTS BEFORE MOVING THE RESOLUTION FORWARD.**

City Attorney Fees	City Manager Linn requested clarification from the Council regarding City Attorney White's retainer agreement and Resolution 1997-42 allowing the City Manager and Finance Director to authorize legal expenses above the retainer.
--------------------	---

Consensus: **FOR ANY FUTURE LEGAL EXPENSES OVER AND ABOVE THE RETAINER FEE TO BE APPROVED BY THE COUNCIL AND AUTHORIZE PAYMENT OF CITY ATTORNEY WHITE'S INVOICE IN THE AMOUNT OF \$2,700.**

- Hurricane Floyd Update City Manager Linn updated Council on Hurricane Floyd and stated there was tremendous team effort from the Mayor down to City Administration and employees for a very successful evacuation and recovery and thanked everyone for their cooperation. Linn also stated that the boil water order had been dropped as of noon today.
- Muscovy Duck Control Mayor Vaughn stated that he had received a letter from the Animal Rights Foundation of Florida, regarding their concern over an article in the local newspaper.
- City Manager Linn commented about a health a safety problem that was solved in the city and that three to five ducks were lost in the control program when five hundred ducks were relocated. Mr. Linn read paragraph three of the letter regarding suggestions of how to better control the population of ducks, one would be to take the eggs and chill them to make them infertile. Mr. Linn also stated that the Animal Control had gone to great lengths to save the ducks.
- Global Warming Mayor Vaughn announced that a letter was received regarding global warming from Ozone Action. He stated there was a blank document enclosed to fill out and sign supporting a statement on global warming and asked council if they agreed with it to sign the document and send it in.
- Public Comments PUBLIC COMMENTS ON AGENDA ITEMS ONLY:
- Lynda Padra, 1113 First Street, stated her concern about the traffic on First Street.
- Harriet Pruette, 217 1/2 Magnolia Street, commented that Chris White was the best City Attorney the city ever had and that he deserved a raise. Ms. Pruette also commended the Animal Control for going over and above to help her with some cat problems.
- Adjournment There being no further business, the meeting adjourned at 9:54 p.m.

George F. Vaughn, Jr., Mayor

Attendance

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Robert D. Shimp
Councilor Ronald D. Patronik

City Attorney Christopher White
City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Building Official Dan Arlington

Order Call/Pledge

The Mayor called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance.

AWARDS / PRESENTATIONS

Employee of the Year

City Manager Linn announced that Paul Monroe, a mechanic in the Public Services Department, was nominated to receive the Employee of the Year Award. Mr. Monroe received the award on September 9, 1999 at a luncheon sponsored by the Beaches Chamber of Commerce. He would also receive a plaque and his name would be added to the permanent plaque displayed in the City Hall.

For the Record

Mayor Vaughn announced, for the record, that Dr. Jeff Goldhagen with the Duval County Health Department was present and would like to give an update on the Red Tide.

Red Tide

Dr. Jeff Goldhagen reported that a red tide organism had been identified two weeks ago and normally would last four to six weeks. The Health Department intended to sample the ocean water once a week to monitor the organism and do what is called centennials, that is having people volunteer to be part of a study to have their symptoms monitored, in order to find out if the problem is increasing, decreasing or staying the same. Dr. Goldhagen also stated that nothing could be done about the red tide and that nature just had to take its course. The only real problem suggested is that people with acute respiratory problems stay away from the beaches. Dr. Goldhagen insured residents that the water would be monitored and weekly reports would be given to the media.

COMMUNICATIONS AND CORRESPONDENCE

Proposed Land
Development
Changes

Councilor Patronik commented that he had received numerous phone calls about the proposed changes to the land development regulations reducing zoning from duplex to residential, with a limitation on rebuilding being four months, and he didn't feel that was adequate time.

Councilor Shimp also stated that he had received numerous phone calls also related to non-conformance and suggested that Council leave it the way its stands.

Trash Pick Up

Councilor Shimp commented that he had received calls about trash pick up after the storm and feels the city should be more proactive and have trash picked up in a more timely fashion.

Florida Community
Trust

City Manager Linn reported that he had received correspondence from Building Official Dan Arlington, stating that the city had received a favorable review from Florida Community Trust and had made the project list for 1. 3 million dollars to acquire property to be used for preservation. The council congratulated Dan Arlington on a job well done.

CITY MANAGER REPORTS

Water and Sewer
Project – Town
Center

WATER AND SEWER PROJECT PROJECT – TOWN CENTER: City Manager Linn reported that the project for water and sewer improvements for Town Center was ninety-five percent completed and should be one hundred percent complete within one week.

Shutter Bus Update

SHUTTLE BUS UPDATE: City Manager Linn announced that he had met with Danny Orr of Jacksonville Transportation Authority and had an estimated cost. Danny Orr suggested that Mr. Linn set a meeting with the affected merchants and proprietors of businesses to discuss interest in pursuing the matter.

Ad Hoc Traffic Safety
and IBBC

AD HOC TRAFFIC SAFETY COMMITTEE AND ISH BRANT BEAUTIFICATION COMMITTEE JOINT MEETING WITH COUNCILMAN HOLLAND AND COUNCILWOMAN BROWN: City Manager Linn explained that the Ad Hoc Traffic Safety Committee and the Ish Brant Beautification Committee had met with Councilman Holland and Councilwoman Brown last week to discuss a joint effort in funding improvements along Florida Boulevard, in conjunction with the Metropolitan Planning Organization project for a bike path in the year 2001. The effort is to put in culvert pipe and carry the water

along Florida Boulevard so that the right of way could be developed. Councilman Holland had volunteered to take on the project himself.

Florida Boulevard
Project

FLORIDA BOULEVARD PROJECT: Councilor Tankersley announced that the Metropolitan Planning Organization would be meeting on Thursday morning, and asked if anyone would be interested in joining him to try and get the Florida Boulevard Project moving forward.

COMMENTS FROM THE PUBLIC

Johnnie Eply, 208 Driftwood Road, asked why questions were not allowed during Council Meetings and asked mayor Vaughn to enforce order in meetings.

Leslie Lyne, 501 Hopkins Street, voiced concern about a comment made by our Mayor and stated that elected officials should be held to higher standards.

Danny Thiele, 107 Azalea Place, thanked the council for adopting the Sea Turtle Ordinance.

Leslie Karlin, 1506 Spindrift Circle West, thanked the Police Department for the information she received during the storm while out of town and voiced concern about the Red schoolhouse rezoning.

Ordinance No.
1999-13

ORDINANCE NO. 1999-13, FIRST READ AND PUBLIC HEARING: AN ORDINANCE TO AMEND THE FUTURE LAND USE MAP OF THE ADOPTED COMPREHENSIVE PLAN OF THE CITY OF NEPTUNE BEACH ON APPROXIMATELY .30 ACRE PARCEL OF LAND LOCATED WEST OF POINCIANA ROAD, NORTH OF BAY ROAD, EAST OF FLORIDA BOULEVARD, AND SOUTH OF KINGS CIRCLE SOUTH FROM COMMERCIAL MEDIUM DENSITY TO MEDIUM DENSITY RESIDENTIAL; AND PROVIDING AN EFFECTIVE DATE:

The Mayor read Ordinance No. 1999-13 by title only and opened the public hearing.

Leslie Karlin, 1506 Spindrift Circle West, asked exactly what the title meant.

Building Official Dan Arlington explained that according to our Land Use Regulations, a school cannot be located in a commercial district, and that the Red School House was requesting to rezone two lots from commercial to residential for expansion of the school.

Jill Sprowell, Executive Director of the Beaches Division of the Jacksonville Chamber of Commerce, voiced support for Ordinance No. 1999-13 and Ordinance No. 1999-14.

There being no further public comments the Mayor closed the public hearing.

Moved by Tankersley, seconded by Shimp.

Motion: **TO PASS ORDINANCE NO. 1999-13, AS STATED.**

Resolution 99-20

ADOPTION OF RESOLUTION NO. 99-20: RESOLUTION REQUESTING THE LEGISLATIVE DELEGATION TO SUPPORT, DEVELOP AND INTRODUCE LEGISLATION AMENDING THE PROVISIONS OF THE STATE ADMINISTERED GROUP HEALTH PROGRAM TO ALLOW PARTICIPATION BY THOSE LOCAL GOVERNMENTS WHO ARE ALSO ACTIVE PARTICIPANTS IN THE FLORIDA STATE RETIREMENT.

LET IT BE KNOWN, the City Council of the City of Neptune Beach, does hereby resolve while meeting in regular session, and recognizing that the task of obtaining adequate and continuing health insurance coverage for employees of small communities continues to become more difficult; and

WHEREAS, the City Council realizes that this is not a problem unique to the City of Neptune Beach alone; and

WHEREAS, recognizing the Florida League of Cities has made some effort in this area but has proven ineffective in meeting the needs of very small communities; and

WHEREAS, the City Council recognized this need and does hereby agree to pursue assistance through introduction of amending legislation that would allow those active participants in the Florida Group Health Insurance Program in an effort to equalize their opportunities to provide reasonable, affordable and continuing health insurance coverage for their employees.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA, THAT this Resolution shall be sent to our local Legislative Delegation requesting the drafting of amendments for introduction at the next Legislative Session and likewise circulated to all Cities and Counties that have a population of 50,000 residents or less to request their support of their Legislative Delegations to support said proposed legislative amendments.

MINUTES
SPECIAL CITY COUNCIL MEETING
INDUCTION CEREMONY
OCTOBER 13, 1999 AT 8:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held October 13, 1999, at 8:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Vice Mayor Thomas A. Tankersley
Councilor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp
City Manager Richard A. Linn
Acting City Clerk Lisa Volpe
Assistant to the City Manager Laura Raccina

Order call and Pledge

The Mayor called the special meeting to order at 8:00 p.m. and announced that the purpose of the meeting was to administer the Oaths of Office, and elect a Vice-Mayor.

Mayor Vaughn thanked Councilor Shimp and Patronik for their successful campaign and re-election to the City Council of Neptune Beach. Mayor Vaughn recognized the level of voter participation in the community, and stated that 78% of the citizens chose to remain silent by not voting and 15% of the registered voters determined the winners. Mayor Vaughn also stated that he looked forward to working with the new Council.

Oaths of Office

OATHS OF OFFICE: Acting City Clerk Lisa Volpe administered the Oath of Office to Councilor-Elect Ronald Patronik and Councilor-Elect Robert Shimp, whereupon they each, respectively, assumed the duties of their elected office.

Certificate of Election

CERTIFICATE OF ELECTION: Acting City Clerk Lisa Volpe offered congratulations to Councilors Patronik and Shimp; then presented each with a Certificate of Election.

Election of Vice- Mayor

ELECTION OF VICE-MAYOR: Pursuant to Section 2.04(b), City Charter, the Mayor opened the floor for nominations for Vice Mayor.

Councilor Patronik stated that being Vice-Mayor was an honor and that he would like to see as many people as possible have the opportunity to have the position of Vice-Mayor. Patronik commended Vice-Mayor Tankersley for doing an outstanding job serving as Vice-Mayor in the past two years and suggested that someone else be afforded the opportunity to be Vice-Mayor and nominated Councilor Ed Jones.

Moved by Patronik, seconded by Shimp.

Motion: **TO NOMINATE AND ELECT COUNCILOR EDWARD S. JONES AS VICE-MAYOR.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

Comments from the
new Councilors

COMMENTS FROM THE NEW COUNCILORS: The new Council Members were given the opportunity to address the citizens of Neptune Beach.

Councilor Patronik stated that he felt very fortunate and gratified to have been re-elected, that people had enough faith in him to serve the city well and he looked forward to serving on the council the next three years.

Councilor Shimp thanked the citizens of the community and stated that he felt humble that he had been re-elected and that he would strive for the next three years to work together and form some good ideas for the city placing the city first.

Comments from the
public

COMMENTS FROM THE PUBLIC: The floor was opened to the public to address the new Council Members.

City Manager Linn congratulated the newly elected Councilors and stated that he looked forward to working with them.

Councilor Tankersley congratulated the newly elected Councilors and stated that he looked forward to his last year as Councilor, and working together as a Council by agreeing to disagree.

Vice-Mayor Jones stated that the citizens of Neptune Beach had chosen two people that they wanted to represent them, and that he chooses to work with the citizens chosen representatives in a very professional and courteous manner and he challenged each Councilor to do the same. Vice-Mayor Jones also thanked the Council for their confidence in electing him the new Vice-Mayor.

MINUTES
WORKSHOP CITY COUNCIL MEETING
OCTOBER 18, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held October 18, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Thomas A. Tankersley
Councilor Robert D. Shimp
City Attorney Christopher A. White

City Manager Richard A. Linn
Deputy City Clerk Karla Strait

ABSENT:

Councilor Patronik
Acting City Clerk Lisa Volpe

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

Acting City Clerk Lisa Volpe was absent due to illness.

For the Record Deputy City Clerk Karla Strait read into the record a letter from Ronald Patronik stating he would not be available for the workshop meeting due to his father's serious medical condition.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn announced that the Ish Brant Beautification Committee would be meeting this evening at 8:00 p.m. and he would be in attendance.

CITY MANAGERS PUNCH LIST

Shuttle Trolley City Manager Linn reported that he had an estimated cost on running the proposed Shuttle Trolley Service with a turn around of 30 minutes, 15 minutes and 7 minutes. The next step would be to meet with the merchants to see what available funding and support there would be from the merchant community.

Naval Air Show City Manager Linn reported that the Admiral supported having the Naval Air Show bi-annually between the Mayport Naval Station and Jacksonville Naval Air Station. Jacksonville Naval Air Station would like to have the air show in the year 2000 because it would be their sixtieth anniversary, and the show would be at the beaches in the year 2001.

PROPOSED ORDINANCES

Ordinance No.
1999-13

DISCUSSION ORDINANCE NO. 1999-13: AN ORDINANCE TO AMEND THE FUTURE LAND USE MAP OF THE ADOPTED COMPREHENSIVE PLAN OF THE CITY OF NEPTUNE BEACH ON APPROXIMATELY .30 ACRE PARCEL OF LAND LOCATED WEST OF POINCIANA ROAD, NORTH OF BAY ROAD, EAST OF FLORIDA BOULEVARD, AND SOUTH OF KINGS CIRCLE SOUTH FROM COMMERCIAL MEDIUM DENSITY TO MEDIUM DENSITY RESIDENTIAL; PROVIDING AN EFFECTIVE DATE.

There was no discussion of Ordinance 1999-13.

Ordinance No.
1999-14

DISCUSSION ORDINANCE NO. 1999-14: AN ORDINANCE REZONING APPROXIMATELY .30 ACRE PARCEL OF LAND LOCATED WEST OF POINCIANA ROAD, NORTH OF BAY ROAD, EAST OF FLORIDA BOULEVARD, AND SOUTH OF KINGS CIRCLE SOUTH FROM COMMERCIAL MEDIUM DENSITY TO MEDIUM DENSITY RESIDENTIAL; PROVIDING AN EFFECTIVE DATE.

There was no discussion of Ordinance 1999-14.

Ordinance No.
1999-15

DISCUSSION ORDINANCE NO. 1999-15: AN ORDINANCE AMENDING CHAPTER 23 SECTIONS 23-86 AND 23-89, BILLS AND NOTICE OF PROPOSED TERMINATION OF SERVICE; ADMINISTRATIVE HEARING; DISCONNECTING SERVICE FOR FAILURE TO PAY CHARGES; RECONNECTING FEE. CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH; AND PROVIDING AN EFFECTIVE DATE.

City Manager Linn stated that Ordinance No. 1999-15 was needed to change the current Ordinance that states utility services are billed quarterly when they are actually billed monthly. Mr. Linn also stated that the city was currently paying city workers \$45.00 to do utility turn on's after hours, and charging a \$25.00 turn on fee to customers. Mr. Linn asked for a sponsor for this staff generated Ordinance.

Councilor Tankersley agreed to sponsor the Ordinance.

A brief discussion ensued.

Consensus: **CITY MANAGER LINN TO RECOMMEND A RATE STRUCTURE AND FORWARD TO THE NOVEMBER REGULAR CITY COUNCIL MEETING.**

CONTRACT/AGREEMENTS - NONE**ISSUE DEVELOPMENT**

Appointment of City
Clerk

APPOINTMENT OF CITY CLERK: Discussion ensued about appointing a permanent City Clerk.

Consensus: **TO DIRECT CITY MANAGER LINN TO RECOMMEND A JOB DESCRIPTION WITH MINIMUM QUALIFICATIONS AND SUBMIT AN ADVERTISEMENT TO THE COUNCIL FOR THE CITY CLERK POSITION AT THE NOVEMBER 1, 1999 REGULAR COUNCIL MEETING.**

Facilities Plans &
Capital Finance Plan

FACILITIES PLAN AND CAPITAL FINANCE PLAN-STATE REVOLVING LOAN FUND: City Manager Linn reported that he and Finance Director John Herbst had gone to the State Revolving Loan Fund Offices and were told that the City of Neptune Beach needed a Finance Plan and a Capital Facilities Plan approved by the council and adopted after a public hearing, so that we could be included in the State Revolving Loan Fund.

Consensus: **TO MOVE FORWARD WITH THE FACILITIES PLANS AND CAPITAL FINANCE PLAN TO BE INCLUDED IN THE STATE REVOLVING LOAN FUND.**

Town Center Update

TOWN CENTER UPDATE AS OF OCTOBER 18, 1999: City Manager Linn reported that he had received certification from the State. They would begin tomorrow to make the connection from the new line to the individual property owners and disconnect the old lines. This should take about two days.

Mayor Vaughn stated that the Town Center Project was running behind. The Project Oversight Committee made a motion that passed, that a letter would be written to ABBA Construction stating that they would not exceed the November 15, 1999 deadline. If they were not finished they would have to clean up, move their equipment and if necessary come back after the first of the year to finish the job.

COMMUNICATIONS AND CORRESPONDENCE

Planning & Development Councilor Shimp stated he had received a few phone calls related to Planning & Development using the term non-conformity.

For the Record Councilor Shimp stated on the record that he believed once a property was given a variance that the term non-conformity should not be used, because if given a variance it would be conforming and lawful. The statement "non-conforming" is stating that it is in violation of the law.

King Neptune Festival Councilor Shimp asked if there would be a King Neptune Festival this year. Mayor Vaughn answered no that there would not be a King Neptune Festival this year.

City Attorney White's Absence City Manager Linn announced that he received a phone call from City Attorney White stating that he had a family emergency and would not be present tonight.

CITY MANAGER REPORTS

Preservation 2000 Program Report PRESERVATION 2000 PROGRAM REPORT UPDATE: City Manager Linn reported that the city was on a list for funding of the project. Building Official Dan Arlington had mailed out letters to the owners of the two parcels off Kings Road, indicating if they were willing to sell or not. Negotiations have been started.

Town Center Water & Sewer Project Update TOWN CENTER WATER & SEWER PROJECT UPDATE: City Manager Linn announced that the Town Center Water & Sewer Project was 100% complete.

Hurricane Floyd Update HURRICANE FLOYD UPDATE / REIMBURSEMENT FROM FEMA: City Manager Linn reported that the City was requesting \$20,207 to be refunded under debris removal, protective measures and mitigation.

Veterans Plaque VETERANS' PLAQUE DEDICATION: City Manager Linn announced that each council member would receive an invitation to the Veterans Plaque Dedication at the City Hall Building on November 11, 1999, at 9:15 a.m.

IBBC Public Forum ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn announced that the Ish Brant Beautification Committee would hold a Public Forum to receive recommendations from the public on November 8, 1999, at 7:30 in the Council Chambers.

COMMENTS FROM THE PUBLIC

Buddy Crout, 1074 Kings Road, spoke about the Proposed Finance Plan for the Wastewater Treatment and stated that when he purchased his home that the price of the infrastructure was included in the price of the home, and that he has paid. Mr. Crout also expressed concern that the 6.9 million dollar loan would place the city 11 million dollars in debt.

Jim Meyers, 1001 Florida Boulevard, expressed concern about sidewalk appearances relating to graffiti.

Leslie Karlin 1506 Spindrift Circle West, requested an amendment to the Speaker Request Form in Section 2-39, Decorum by the Public, adding Decorum by Council Members.

Lena Castro, 209 Bowles Street, asked Council to conduct an inquiry into some of its members. Ms. Castro read the following, and asked for a response.

1. Were preferential considerations given to the Little Red School House, in exchange for political favors?
2. Is it acceptable behavior for a council member, running for re-election, to have their alleged misconduct disposition hearing re-set until after the election?
3. Is it acceptable behavior for a council member to be physically removed from his place of employment by law enforcement officials, and if the words "gun" or "weapon" were used, would this not raise some concerns about the mental stability of the Councilor.
4. Did Council approve and have prior knowledge of the hiring of a Drug Enforcement Officer? Why has this been a secret event, even to the point that the Mayor asks questions and Mr. Shimp tells him it's a secret? There should not be secrets unless it's illegal. We the people are entitled to know what goes on in our community by our appointed and elected officials. To say it's a secret, blows my mind, and infuriates me. Chief Brant, by his own admission, says we have no crime element, is he hiding something more from us?

Harriet Pruette, 217 ½ Magnolia Street, stated that she agreed with Buddy Crout and respected the members of the council.

Elaine Kenny, 1301 Neptune Grove Drive West, thanked Buddy Crout for his comments, and stated that she also agreed with him.

Water and
Wastewater Facilities
Plan

APPROVAL OF FACILITIES PLAN AND CAPITAL FINANCE PLAN FOR WATER AND WASTEWATER SYSTEM IMPROVEMENT: City Manager Linn explained the features of the water and wastewater facilities plan. He covered the present state of the water and wastewater system and the necessity to upgrade the system to meet the needs of the community. He discussed the conditions (both present and future) in the planning area and about improvements to service through implementing the project. He reminded Council that they had previously adopted the Water and Wastewater System Master Plan and explained that in order for the City to apply for State Revolving Fund (SRF) financing, it was necessary to adapt the Master Plan into the format of the facilities plan being presented. He also reminded Council that they have already considered several alternatives to accomplish the objective and approved Design Alternative #2. He then asked Director of Finance, John C. Herbst, to discuss the financial implications of the project.

Mr. Herbst started by explaining the Capital Financing Plan. He mentioned the project was to be financed by the SRF loan at 3.5 percent interest rate. The loan is to be repaid in 20 years and the dedicated revenue for loan payment is water and sewer user charges. He discussed the advantage of going for SRF loan instead of a conventional loan. He also

detailed the capital and operation and maintenance costs of the selected alternative. He reviewed the average user charge and the additional charge that a user has to pay due to the project.

Consensus: **TO COMBINE THE APPROVAL OF THE WATER FACILITIES PLAN AND THE WASTEWATER FACILITIES PLAN.**

Moved by Jones, seconded by Shimp.

Resolution No. 99-22 **RESOLUTION NO. 99-22, SUPPORTING IMPROVEMENTS AT JARBOE PARK AND AMENDING THE CAPITAL IMPROVEMENT PLAN.**

RESOLUTION NO. 99-22

RESOLUTION SUPPORTING IMPROVEMENTS AT JARBOE PARK
AND AMENDING THE CAPITAL IMPROVEMENT PLAN

WHEREAS, there is a present and growing need for outdoor recreation opportunities among persons of all ages both within the City of Neptune Beach, in the surrounding areas, and among those visiting this area; and

WHEREAS, the City of Neptune Beach recognizes this need for additional recreational opportunities; and

WHEREAS, meeting the increasing demand for recreation opportunities can best be met with improvements and additions to Jarboe Park; and

WHEREAS, the City of Neptune Beach is a duly constituted municipality qualified to meet the needs of its citizens, its neighbors, and its visitors; and

WHEREAS, the City of Neptune Beach has previously demonstrated its commitment to complying with All State laws, rules, and regulations.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA, that the City of Neptune Beach shall include an improvement and addition project at Jarboe Park and pledges support in the amount of \$37,500 for the current Fiscal Year.

BE IT FURTHER RESOLVED that the five-year Capital Improvement Plan of the City's Comprehensive Plan is hereby amended to include the improvements to Jarboe Park as listed in the grant application to the Florida Department of Environmental Protection, providing State and/or Federal grants to fund such additions and improvements are received.

This Resolution adopted this 1st day of November 1999, by the City Council of Neptune Beach, Florida.

Moved by Jones, seconded by Patronik.

MINUTES
WORKSHOP CITY COUNCIL MEETING
NOVEMBER 15, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held November 15, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Thomas A. Tankersley
City Attorney Christopher A. White
City Manager Richard A. Linn
Acting City Clerk Lisa Volpe

Dir. of Public Safety William Brandt
Dir. of Public Services John Galen

ABSENT:

Councilor Ronald Patronik
Councilor Robert D. Shimp

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

For the Record City Manager Linn read into the record a letter from Ronald Patronik:
"I will not be able to attend the workshop of 15, Nov, 1999 due to the death of my father.
Please excuse my absence. Please read this into the record."

City Manager Linn stated that Councilor Shimp was not able to attend due to a previous engagement.

COMMITTEE REPORTS

Traffic Safety TRAFFIC SAFETY COMMITTEE: Laura Schultz, Chairman of the Traffic Safety Committee, spoke on recommendations for the future of the committee, which has completed what it set out to do. She submitted the committee's final report.

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn announced that the Ish Brant Beautification Committee public forum had very poor attendance. The committee is concerned they are taking on too many projects that they can not keep up with. Laurie Anderson has found 2000 wax myrtles to donate to Jarboe Park. The Third Street median is on their agenda. Mr. Linn is looking to PBS&J for an estimate on a watering system for the medians.

Christmas events Mayor Vaughn announced that Christmas in the Park would be held on December 10, 1999 from 6:30 to 9:00 p.m. December 17, 1999 is the rain date. The Santa Parade will be held on Saturday, December 18, 1999 beginning at 9:30 a.m.

CITY MANAGERS PUNCH LIST

Local Mitigation City Manager Linn reported that the work is completed by that Local Mitigation committee

and when the final report is submitted a copy will be available. Some of the information was used in the Jarboe Park Grant Application.

Roadway between the Kmart and Scotty's shopping centers	John Weldon, Chairman of the Planning and Development Review board is attempting to negotiate a compromise.
Bike Path Penman Road	Councilman Holland wrote a letter as to where the project is on the list. Mr. Linn will double check on the Florida Blvd. portion.
Shuttle Bus Stop	Kmart: has already started landscaping to incorporate the shuttle bus stop.
Graffiti	The Mayor asked that Jim Meyer's complaint of sidewalk graffiti be added to the punchlist.

PROPOSED ORDINANCES: NONE

CONTRACT/AGREEMENTS - NONE

Lease of Fire Trucks	<u>LEASE OF FIRE TRUCKS:</u> City Manager Linn asked for direction on what to do with the fire trucks.
----------------------	--

For the Record	Mayor Vaughn read the following editorial from the Beaches Leader newspaper, November 12, 1999 edition:
----------------	---

Surprise. Surprise. Surprise. Only an innocent like TV's Gomer Pyle could have been surprised by the recent developments in Atlantic Beach fire fighting.

A house burned pretty badly a couple of weeks ago. There were several reasons why the inferno was so bad.

It did not help that it took a little longer than usual to get firefighters on the scene, though.

Seems the Jacksonville dispatcher wasn't sure that the Beach Avenue address was at the Beaches. It was just a minor confusion and quickly solved Jax fire officials promise. Maybe.

But that is hard to swallow since the first thing all children learn about fires is that every second counts every second.

Atlantic Beach city officials decided last summer to ask the county to provide fire protection services. They turned over their equipment and personnel to the county.

In exchange for an annual stipend to the county, the city was promised advanced life saving services and better paid, better trained fire fighters.

Too bad, that no one thought to make sure the arrangement included maps and training for the dispatchers--a critical link in fire fighting.

In what promises to soon be called the good old days, Atlantic Beach firefighters used to work directly for the citizens of Atlantic Beach. They responded to dispatches from local personnel well trained and familiar with Beach addresses.

It may not have been a perfect system. And, yes, the increased life support services are certainly a good idea. And, sure, the city's fire fighters are all getting paid more.

But, all of this would still have been possible if Atlantic Beach retained control of the fire department.

Public safety- and that means police and fire protection - is a primary duty of a municipality. When it abdicates its responsibility, it is reasonable to ask the question why does the municipality exist?

Is anyone really surprised that a county dispatcher does not know the Beaches area all that well?

It's nice to see an Atlantic Beach commissioner push for an answer to the question of how often Jacksonville fire trucks stationed at Seminole Road go west of the Intracoastal

Waterway to answer calls for service. It's a fair question.

During the course of a recent conversation, a fireman told me that the department brass have directed firefighters to make sure Atlantic Beach gets "great service" during the first year of this arrangement. That begs the question of what about the following years?

If a dispatcher can't locate a Beach home during this "honeymoon" period, as decreed by the brass, can we really expect to get better?

Questions that need answers. That seems to be the motto of the county run Atlantic Beach Fire Department, uh substation.

The questions come as no surprise to those of us who questioned the whole transfer in the first place.

After Council discussion Mr. Linn was asked to research options and find if there was any prior consensus by council to lease the fire trucks.

ISSUE DEVELOPMENT

K-mart Vehicles for Sale

K-MART VEHICLES FOR SALE: Mayor Vaughn voiced his concern of all the different vehicles for sale in the parking lot. Mr. Linn stated that our police can enforce the state law and that Dan Arlington has ticketed and towed some vehicles although it has been decided that it is a police matter not a code violation. Mayor Vaughn asked City Attorney Chris White to draft an ordinance for him to sponsor to end this problem. Vice Mayor Jones pointed out that the new landscaping at the shopping center should end the problem.

Town Center

TOWN CENTER MAINTENANCE AGREEMENT UPDATE: City Manager Linn stated that Jacksonville will draw up the three party agreement based on a contracting out of landscaping maintenance. The water costs will be shared. Jacksonville may add a ten year buy out clause.

Tony Young

TONY YOUNG: Mr. Linn reiterated, as written in his memo, that animal control had taken every action possible and it is now up to Mr. Young to fill out a complaint affidavit. Mayor Vaughn asked the city manager to contact Mr. Young.

Incidence of Community Significance

INCIDENCE OF COMMUNITY SIGNIFICANCE: City Manager Linn stated he has informed the Director of Public Safety and Public Service to notify him as soon as they are notified about any incidents of community significance.

Hurricane Floyd

HURRICANE FLOYD-BOIL WATER ADVISORY: Mayor Vaughn stated his concern that Dr. Goldhagen from the Duval County Health Department had told him that the advisory had been lifted over the weekend. He played following tape:

Verbatim:

The following message is a message that was recorded on Mayor George Vaughn's home telephone answering machine, ah at approximately 2:30 p.m. Wednesday, September 22, by Dr. Jeff Goldhagen of the Duval County Health Department relative to the boil water advisory that was issued in Neptune Beach following Hurricane Floyd. -

George, this is Jeff Goldhagen. Can you give me a call you can reach me at 750-1707 my office number is 630-3320. The facts are not quite the way they were presented in the newspaper. Um we had actually spoken with Jack Russell on Thursday and given Jack the ok to lift the advisory if the laboratory results that came back on Saturday was fine and then all we requested was for him to fax the results back to us so it was available on Monday. So we had talked to him on Thursday to give him the ok to lift the advisory ah based on normal biological levels on Saturday ah I don't want to get into a who said who to who when and so on I will come out and talk with the city council. But apparently, we had worked that option out. If you give me a call again 750-1707 work number is 750-

1707. I look forward to it thanks byebye.

City Manager Linn stated that the city took every reasonable action possible to lift the boil water command earlier but the Health Department would not cooperate until Monday. Mayor Vaughn requested that better communication be set up incase this type of incident occurs again.

City Clerk

CITY CLERK VACANCY UPDATE: City Manager Linn reported that the ad was placed in the two local papers, the Shorelines and Beaches Leader, and in the Florida League of Cities Datagram and so far only three resumes have been submitted.

Landscape Plan-
Mayport Flyover

LANDSCAPE PLAN- MAYPORT FLYOVER: The council discussed the Florida Department of Transportation's landscape plan. Mayor Vaughn will let FDOT know the council's comments.

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Ralph LaPerna, 2507 Watersedge, asked the council to consider landscaping that would act as a noise barrier along the Mayport Flyover.

Adjournment

There being no further business, the meeting adjourned at 8:45 p.m.

George F. Vaughn, Jr., Mayor

**TOWN HALL MEETING
NOVEMBER 15, 1999
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Town Hall Meeting of the City Council of the City of Neptune Beach was held November 15, 1999, immediately following the Workshop Meeting, in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor George F. Vaughn, Jr.
Councilor Thomas A. Tankersley
City Manager Richard A. Linn
Acting City Clerk Lisa Volpe

Absent:
Vice Mayor Edward S. Jones
Councilor Ronald D. Patronik
Councilor Robert D. Shimp

Call to Order

The Mayor called the meeting to order at 8:53 p.m.

Public Comments

Linda Padrta, 1113 First Street, felt the city council should talk about city business not dog poop and did not appreciate the constant attempt to badger the city manager.

Harriet Pruette, 217 1/2 Magnolia Street, stated that the council should legislate laws that would make it easier for the police officers to ticket violators of the animal ordinance.

Adjournment

There being no further business, the meeting adjourned at 8:58 p.m.

ABSENT:

Councilor Ronald Patronik
City Attorney Christopher A. White

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

For the Record City Manager Linn read the following letter from Councilor Patronik into the record.

Dear Mr. Linn,

Please read this into the record. I am unable to attend tonight's meeting because I will be out of town due to my full time job.

I am requesting a copy of all tapes of this meeting so that I can listen to all of the comments that are made concerning the land use development regulations. Let it be known that I am also concerned with some of the proposed changes. This appears to have gone beyond the intent of the original scope of work.

Sincerely,
Ronald D. Patronik, Councilor

**Land Development
Regulations**

LAND DEVELOPMENT REGULATIONS: Amy Skinner McClure with Ivey, Harris and Walls, Inc. gave a presentation on the proposed land development regulations.

Public Comments

COMMENTS FROM THE PUBLIC:

John Weldon, Chairman of the Planning and Development Review Board, 108 Oak Street, stated that the Board had been working hard for the last year. The Board decided to hire a consultant and out of eight potential companies, Ivy, Harris and Walls won the

contract. Mr. Weldon further stated that everyone involved in the process was trying to make Neptune Beach a better place to live. Mr. Weldon also stated that the current code does not protect the city from what was going in south Florida and other places where the density had dramatically increased.

Buddy Crout, 1074 Kings Road, complemented the Council for tackling the problem. He disagreed with some changes and stated that somewhere along the line something could be worked out. He also thanked John Weldon and the Planning and Development Board for their long hours. He suggested Council go over each Article with the public. He then stated his concern for certain Articles.

Robert West, 106 Hall Place, did not like the whole concept, didn't think that residents fully understood it. What concerned him most was restaurants serving alcohol with open air seating. He had concerns with subjective wording, no set hours, and no reasonable limits. He suggested that the whole section be deleted.

Bee Jay Lester, 907 Second Street, stated that she had seen a letter to the editor stating something about animals, and that was why she was present. Commented that she hoped that whatever decisions were made that they were not so prohibited to make life in Neptune Beach unbearable.

Kirk Cobb, 112 Orange Street, owns 219, 217, and 215 Midway, 125 Yucca, and 114 Cherry, stated his concern over proposed new roof pitches, current parking and taxes.

Judy Bost, 115 Walnut Street, thanked council for paying close attention to the subject, and felt council was doing an excellent job dealing with these issues. Her concerns were the word "Platted" and how to reduce density in R4.

Pat Lynch, 700 Valley Forge Road North, was concerned about a particular corner property with an abundance of commercial vehicles and a huge recreational vehicle in the driveway on the side lot. Ms. Lynch also stated concern about parking in general.

Mary Truta, 701 Valley Forge Road North, had the same concerns as Ms. Lynch, and asked the following question about "Section 27.332" Home Occupations. On a corner property, if there is a home occupation, what is the distance from the corner that the vehicles can legally park?

Lynwood Heath, 616 Penman Road, stated concern about accessory buildings, restrictions on parking, storage and use of major recreational equipment. Mr. Heath felt that if a resident had room in the driveway they should be able to park their recreational vehicles in it.

Jose Hixon, 212 Oceanfront, felt that something needed to be done.

Stan Christovich, 110 Seagate Avenue, questioned if the modifications of the code represent guidelines or if they would be concrete, with citizens having no recourse?

William (Bill) Geruais, 740 Penman Road, was concerned about off street parking.

Recess / Reconvene Mayor Vaughn called for a recess at 9:30 p.m., the Public Hearing reconvened at 9:50.

Mayor Vaughn asked Gary Dickens of Ivey, Harris and Walls to inform the public of how much longer the meeting may last.

Gary Dickens of Ivey, Harris and Walls reported that there were three more articles left to be discussed: accessories structures and uses, off street parking and loading, and non-conforming lot structure uses. The Council decided to allow the public hearing to continue.

Fred DeSapio, 114 North Nineteenth Avenue, Jacksonville Beach, stated that he owned two properties east of Third Street in Neptune Beach, and two vacant lots west of Third Street. Mr. DeSapio thanked the Planning and Review for their efforts. He stated he felt that the Building Official and Consultants had come at this as if they were drafting subdivision rules for virgin land and that trying to adopt rules that would apply to virgin lands would raise issues. Mr. DeSapio stated that he would like to see some documentation entailing problems caused by density and non-conformities, listing properties involved rather than relying on the survey. Felt that some of the revisions being discussed on lot size might create a conflict between the new land use code and the existing comprehensive plan. He proposed that council leave alone the grandfather provisions that are the current city code.

Rae Brady, 223 and 225 Lora Street, stated she had heard that some landlords did not receive a survey because their tenants paid the water bill, and that the city should not rely on a survey that many landlords had never seen. She was concerned that if a hurricane hit that people may not be able to rebuild in a 24 month period and the language on the non-conformity issue.

Jo Anne Waddill, 115 Oleander Street, asked about Section 27.237 and requested council to strike out everything in non-conforming because it was ambiguous and rewrite it.

Carol Inman, 115 Orange Street, thanked council for allowing the public to speak. Ms. Inman was concerned with the use of word "urban", and stated there was no urban area in Neptune Beach. She also stated that she did not receive a copy of the survey. Ms. Inman read a statement concerning her opposition about outdoor dining.

Harriet Pruette, 217 ½ Magnolia Street, thanked Mr. Weldon and the Board for their hard work. Ms. Pruette thought that there were some good things to the changes and some of them were needed. She was concerned with people on the east side of Third Street being able to rebuild to the footprint of what they have. She didn't like the limitation on household pets. Asked Council to please consider every word in the new plan regulations. Ms. Pruette stated her disappointment that several citizens that had showed up to speak had left.

Jean Marie Powers, 1309 West Neptune Grove Drive, stated that the demographic statistics showed that 32% of the population in Neptune Beach were retirees, 6% were at poverty level, and 50 % made up the labor force, the average income was 18,000, and if one can only afford to have a flat roof then they should be entitled to have a flat roof. Ms. Powers was also concerned with some of the language and pet restrictions.

Kelley Elwer, 404 McCullom Circle, commented he had close to ¾ of an acre of property and had wanted to build a 16 x 16 building better than what his house was and went to City Hall to get a permit and was told that he could not build a 16 x 16 without a variance.

John Kennedy, 2010 Acacia Road, asked about number 27.335, recreational vehicles not exceeding 28 feet and was curious as to how they came up with the 28 feet limit. Mr. Kennedy was also concerned about number 27.336, defining heavy commercial vehicles as any truck, bus, tractor, trailer or semi trailer having a weight rating in excess

of 12,000 pounds, he owns a F-350 pick up truck that weighs 12,500 pounds and according to this code he would not be able to park it in his yard. Mr. Kennedy suggested adding the language "used for business purposes."

Claire Zaiser, 109 Davis Street, asked what was meant by Section 27.231, front yard set back requirements. Ms. Zaiser also stated concern about density. Suggested that the City Attorney define in writing the definition of lawful and non conforming.

Lynda Padrta, 1113 First Street, had to leave, Acting City Clerk read the following for Ms. Padrta. I have to leave but raising population density is a real mistake consider South Florida where used to live, it's not a neighborhood. Garage apartments are a mistake.

John Kowkabany, 110 Palm Place, asked council to give the audience as to how they were thinking along the lines of what the citizens were complaining about particularly on the footprint issue.

The council all gave their ideas that they were not opposed to the footprint bill but did not think the rewrite took any rights away from the citizens.

The Council discussed the purpose of the meeting was to have public comments. They decided to forego any more presentations by the consultants at this meeting due to the late hour. City Manager Linn stressed that staff had no hidden agenda by staff concerning these regulations.

Harriet Pruette, 217 1/2 Magnolia Street, restated that ten people left and more opportunity should be given to the public to speak.

Adjournment

There being no further business, the meeting adjourned at 11:30 p.m.

George F. Vaughn, Jr., Mayor

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Congratulations Councilor Patronik congratulated John Herbst and Chief Brant for the outstanding job they had done. Seconded by Councilor Shimp.

December Workshop Meeting Due to upcoming holidays, Acting City Clerk Lisa Volpe asked Council when the December Workshop Meeting would be held, so that she could give proper notice to the public.

Consensus: **TO HOLD THE DECEMBER COUNCIL WORKSHOP MEETING ON THURSDAY DECEMBER 16, 1999 AT 7:00 P.M.**

Holiday Decorations Mayor Vaughn congratulated Acting City Clerk Lisa Volpe for decorating the Council Chambers and stated that it looked very festive.

CITY MANAGER REPORTS

Fire Equipment **FIRE EQUIPMENT DISPOSITION:** City Manager Linn stated that he had been directed by Council at the November Workshop Meeting to research the minutes to review what actions Council had taken in regards to the leasing of the fire equipment, and stated that Council had no such consensus. City Manger Linn proposed the following four options to the Council:

1. Do nothing and keep the equipment.
2. Lease the equipment to other agencies.
3. Lease the equipment with a purchase option.
4. Sell the equipment.

Councilor Tankersley requested a report from the City Manager with input from the Public Safety Director on how they felt about the status of the city in case of fire and if it was decided to give up our equipment council would have the concurrence of the City Manager and Police Chief.

Councilor Patronik suggested a method describing the fire protection that would be received though Jacksonville and Atlantic Beach. Would the Fire Station on Seminole Road respond to calls in Neptune Beach? Councilor Patronik also asked what would happen if the fire equipment just sits there and was not maintained.

Vice Mayor Jones stated that the City Council is charged with providing the residents of Neptune Beach with the very best fire protection and safety that we could possibly have and he felt that we had accomplished that by entering into the agreement with the Duval County Fire Department. He felt that the citizens were safe, secure and protected and believed that this was better than having our own fire department because they were very well trained, had a lot of money, and had the very latest in fire equipment. Vice Mayor Jones also stated that he felt the Council was responsible for the spending of the tax money that we received from our citizens wisely and since we were protected by a very fine fire department he thought the only responsible thing to do would be to sell the equipment.

Councilor Shimp asked that City Manager Linn look into leasing the fire equipment and have the leasee maintain the upkeep and insurance.

Councilor Patronik asked what the equipment was worth, and what a lease payment would be per month or year.

City Manager Linn responded that during the budget preparation, this issue was discussed

and the Director of Finance had prepared a spreadsheet describing what the cost of maintaining a fire department would be and they could refer back to that. City Manager Linn further stated that there was no budget for a fire department this year. To keep the equipment here we would have a repair cost coming up on the 85 for leaky sills and a budget adjustment would be necessary if we were to keep it functioning. If we decide to not participate in various agreements, we would have to desolve some agreements that Council had already agreed to. City Manager Linn stated that he had received a letter from Crescent City and they were in need of the equipment.

Mayor Vaughn asked City Manager Linn what agreements he was referring to that the Council would have to address.

City Manager Linn responded that Council had approved entering into a memorandum of understanding with Atlantic Beach in response to the interlocal agreement that the City of Jacksonville enacted with Atlantic Beach whereby Atlantic Beach received funds to provide us fire protection. The memorandum had been presented to Council and was voted on and approved. City Manager Linn urged Council to consider long and hard the expense it would take to form our own fire department independent of the City of Jacksonville in the cost of equipment, insurance and man power. In training, equipment, experience, he felt that our residents would be better served by the City of Jacksonville.

Mayor Vaughn stated that he had a problem with the manner in which the City of Neptune Beach wound up without our own fire protection system in place. How our equipment was allowed to run down, the maintenance was held on that equipment allowing the pumps to become leaky, the fire services policy in this city was changed six months before the council was ever advised about it. He had serious doubts as to how binding the memo of understanding that was signed in November of 1998 was since there was a subsequent agreement between Atlantic Beach and the City of Jacksonville, when he walked the city campaigning to run for Mayor he can't count the number of people that told him we like our city being independent from Jacksonville. We like having our own police department, we like having our own fire department, and for those people he now has to tell them you no longer have a fire service provided by the municipality of the City of Neptune Beach and guess what, I didn't know anything about it until the battle was already gone and over. He was embarrassed to tell the people of our city that something of that magnitude got by this Council. That is why it continues to be on the agenda, because when this is over with he wants the people of this City to know that Council exhausted every attempt to provide our people with the very safest and most economical service we can possibly give them.

City Manager Linn stated that he felt that was what the agreement did was to provide the citizens with the most economical and safest service.

Vice Mayor Jones asked Mayor Vaughn if he wanted the taxpayers to continue to pay for equipment that we don't need.

Mayor Vaughn stated that he would not be ready to move forward on this issue until he was convinced that the system in place was in the best interest of our community.

Councilor Shimp stated a point of order that this was just a presentation by the City Manager and that the issue was supposed to go to a workshop, and requested to move on.

COMMENTS FROM THE PUBLIC

Harriet Pruette, 217 ½ Magnolia Street, commented that as a resident she was not concerned about the fire equipment, she was concerned about the lack of water pressure.

James Jamiel, 14408 Rum Keg Court, addressed the Council about Mayport Flyover buffer and stated that he owned several properties on Marsh Point Road. Mr. Jamiel suggested six-foot trees for visual relief as well as noise relief.

Judy Bost, 115 Walnut Street, spoke about the history of the Fire Department and stated that if no one wanted to take care of the fire equipment then it was time to let it go.

Appointment date
Acting City Clerk

EXTENSION OF THE APPOINTMENT DATE FOR THE ACTING CITY CLERK: City Council had appointed Lisa Volpe as Acting City Clerk until December 31, 1999. City Council had also advertised for a City Clerk with a deadline of December 31, 1999 for applications, thus the need to extend the appointment of Lisa Volpe.

Moved by Jones, seconded by Patronik.

Motion: **TO EXTEND THE APPOINTMENT OF ACTING CITY CLERK LISA VOLPE UNTIL A SUCCESSOR IS APPOINTED CITY CLERK.**

Roll Call Vote:

Ayes: 5 – Jones, Patronik, Shimp, Tankersley, Vaughn

MOTION CARRIED

Street Sweeping
Contract

STREET SWEEPING CONTRACT: City Manager Linn stated that bids were opened on October 29, 1999, for the street sweeping contract for the upcoming year and one bid was received from Surface Management Corporation in the amount of 1850.00 per month. Public Service Director John Galen recommended approval.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE STREET SWEEPING CONTRACT FOR SURFACE MANAGEMENT CORPORATION.**

Roll Call Vote:

Ayes: 5- Jones, Patronik, Shimp, Tankersley, Vaughn

Noes: 0

MOTION CARRIED

Bell South Easement
Expansion

APPROVAL OF BELL SOUTH EASEMENT EXPANSION: City Manager Linn stated that he had been approached by Bell South to expand the easement. He felt that it was premature to make a decision for the following reasons: 1. Why was the original easement granted and why wasn't a lease worked out because this is not a right of way issue the city owns the land and has the right to lease it to them. 2. Why are we just giving them the use of public land without requiring something in return? City Manager Linn suggested to Council to table this issue until the workshop meeting and invite Bell South to the meeting.

Consensus: **FORWARD TO THE DECEMBER WORKSHOP MEETING.**

Conceptual
Agreement

APPROVAL OF CONCEPTUAL AGREEMENT: FLORIDA COMMUNITY TRUST, HOPKINS CREEK PRESERVE: City Manager Linn stated that the city had been selected for funding to establish a preserve on Hopkins Creek and in order to move forward with the process the conceptual agreement put forth by the Department of Environmental Protection needed to be signed.

Moved by Tankersley, seconded by Patronik.

Motion: **TO APPROVE CONCEPTUAL ORDER AS STATED AND PERMIT THE CITY MANAGER TO SIGN THE AGREEMENT AND MOVE FORWARD.**

On the Record Vice Mayor Ed Jones stated on the record that his understanding from the City Manager and the Building Official was that the only cost of going forward with the conceptual agreement was 50% of the appraisal fee which is estimated to be a total of \$2,000.

On the Record Councilor Patronik stated on the record he would go along with it however provided the city is not encumbered or required to build a canoe launch at some time in the future if the citizens do not want it.

Friendly
Amendment: **CHANGE LANGUAGE ON PAGE 13 PARAGRAPH NUMBER 1 TO READ OUTDOOR RECREATIONAL FACILITIES "MAY INCLUDE" NATURE TRAILS, A PICNIC AREA, CANOE LAUNCH, AND UNPAVED PARKING AREA AND INTERPRETIVE DISPLAYS SHALL BE PROVIDED.**

On the Record Mayor Vaughn asked that City Manager Linn's opening comments be included verbatim in the minutes.

MR. LINN: You have in your packet the conceptual agreement that was put forth by the Department of Environmental Protection grant for the Florida Protection Preservation Act where we were added to the list for funding for the Hopkins Creek Preserve. This is a step that is necessary to carry forth with that grant. I want to make Council aware that there is no condemnation or any other available to this city the sales have to be by agreement by the seller we are just another possible buyer in this. There are other people that are interested in this property. But to carry forth, we need to sign or permit me to sign this conceptual agreement to carry forth and see if we can't get a preserve out there on that property. If Dan wants to add anything to that. Dan was the one who did an excellent job of applying for this and has received high praise from them for the quality of that application. They have seen grant applications come in of lesser quality paid for by consultants. We are very pleased with our application.

MINUTES
WORKSHOP CITY COUNCIL MEETING
DECEMBER 16, 1999 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held December 16, 1999, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor George F. Vaughn, Jr.
Vice Mayor Edward S. Jones
Councilor Ronald Patronik
Councilor Robert D. Shimp
Councilor Thomas A. Tankersley
City Manager Richard A. Linn

City Attorney Christopher A. White
Acting City Clerk Lisa Volpe
Dir. of Public Safety William Brandt
Supervisor of Water Leon Smith
Director of Finance John Herbst
Deputy City Clerk Karla Strait

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

Mayor Vaughn thanked everyone for coming to the meeting and wished everyone the happiest of holidays.

COMMITTEE REPORTS

Traffic Safety

TRAFFIC SAFETY COMMITTEE: City Manager Linn stated that there was a report in the agenda packets from Laura Schulz Chairman of the Traffic Safety Committee. The report stated that the committee would not meet again as the Ad Hoc Traffic Safety Committee. Laura Schulz recommended that the committee convene as Volunteer Advisory Group to the public safety office. The report also stated that Laura Schulz would continue her efforts with councilors from the City of Jacksonville on issues that were still pending.

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported that the Ish Brant Beautification continued to meet and work on projects including the irrigation and landscaping of the medians on Third Street. The committee was working on a grant for funding.

CITY MANAGERS PUNCH LIST

**Local Mitigation
Funding**

LOCAL MITIGATION FUNDING: City Manager Linn reported that a check for \$15,000 had been received and was in the bank.

**Roadway Between
Shopping Centers**

ROADWAY BETWEEN SHOPPING CENTER: City Manager Linn reported that an opinion from the City Attorney Mr. White to Mayor Vaughn was received addressing the concern of negotiations between John Weldon and owners of the shopping centers.

Graffiti - Sidewalks SIDEWALK GRAFFITI: City Manager Linn announced that the graffiti had been removed from the sidewalk.

Taxi Cab Stands TAXI CAB STANDS FOR TOWN CENTER: City Manager Linn stated that Director of Public Works John Galen had ordered three taxi stand signs to be installed on the south side of Atlantic Boulevard in the three spots closest to Sun Dog Diner. Mayor Vaughn asked City Manager Linn to speak with the merchants and get their opinion on the issues and report back to council any negative feedback received.

Consensus: **TO SUPPORT THREE TAXICAB STANDS PROVIDED THERE WERE NO COMPLAINTS FROM THE MERCHANTS.**

Traffic Counters USE OF TRAFFIC COUNTERS: Mayor Vaughn asked City Manager Linn if the traffic counters were still being relocated periodically. City Manager Linn answered "no" that they had not been put out for several months because Lisa Volpe operated the computer program and had left the City Managers office to become Acting City Clerk. Lisa Volpe stated that the program needed to be reloaded in the computer because of the new computer. Councilor Tankersley suggested that council recognize the fact that City Manager Linn did not have a full time administrative assistant and to make a decision by January to either appoint Lisa Volpe as City Clerk or allow her to go back to being Administrative Assistant to the City Manager.

PROPOSED ORDINANCES: NONE

CONTRACT/AGREEMENTS - NONE

ISSUE DEVELOPMENT

Fire Department FIRE DEPARTMENT. 1. RELATIONSHIP WITH THE CITY OF JACKSONVILLE FIRE AND RESCUE. 2. ISO RATING: City Manager Linn stated that there was a report in the agenda packets that was requested by Mayor Vaughn from City Attorney White. City Manager Linn invited Fire Chief Ray Alfred with the City of Jacksonville to the meeting to answer any questions that council might have had.

Mayor Vaughn invited Fire Chief Ray Alfred with the City of Jacksonville to address the council. Mr. Alfred stated that he had asked Operations Chief Lorin Mick to come down and bring the agreement between Atlantic Beach and the City of Jacksonville and the mutual aid agreement that existed and was taken over in June. Mr. Alfred further stated that they intended to hold true to that agreement and continue to render fire protection as always for the City of Neptune Beach.

Mr. Alfred and Mr. Mick answered questions from council members.

On the Record Mayor Vaughn asked that everything from this point forward be read into the record and have a verbatim included in the minutes.

My letter to City Attorney White was dated November 22; Mr. White's response to me was dated December 10, 1999. It concerned what I consider to be the dissolution of the City of Neptune Beach Fire Department. Mr. White writes me back saying:

Dear Mayor Vaughn:

This letter is in response to your inquiry of November 22, 1999 relating to the fire department in Neptune Beach, Florida. In that memorandum, you asked for my opinion on the following points:

And then he lists the five questions that I sent him verbatim. And please include those Ms. Volpe.

1. Does the City Charter dictate that the City Council set policy;
2. Was the fire department dissolved by administrative action of city staff;
3. Is the action by city staff that merged our fire department operations with that of Atlantic Beach (according to the recent police accreditation report) legal and binding;
4. Does the dissolution of the fire department without City Council action constitute a violation of the City Charter; and
5. Are public hearings warranted or required when making substantive changes in municipal service.

After question five he says:

I will address the questions in the order in which you presented them.

It is somewhat unclear in your memorandum as to your intended definition of "policy." The City Charter does not specifically state that the City Council shall set policy. The City Charter states in Section 1.01 that the City shall continue as a municipal corporation with a mayor - council form of government. In Section 1.03 of the Charter, the city is afforded all governmental, corporate and proprietary powers to enable it to conduct municipal government. However, Section 2-81 of the Code of Ordinances establishes the position of City Manager and clearly establishes the city manager form of government for Neptune Beach.

As has previously been presented to this Council, under this form of government, the City Manager's duty is to supervise and control the conduct and operation of all officers and employees of the city, and the City Manager is expected to manage the municipal affairs efficiently and economically. As Section 2-81 of our Code of Ordinances states:

The City Manager shall be the chief executive officer of the city government, shall enforce the laws of the city and require the faithful performance of all administrative duties.

The City Council, under this form of government, constitutes the governing body, has the power to pass ordinances, adopt regulations, make annual appropriations and determine questions of municipal policy [see McQuillin Municipal Corporations, Section 9.21 (3rd edition)]. Under the city manager form of government, it has been stated that interference of the council with the exclusive functions of the city manager is a violation of the very essence of that system of government [see Ware v. Board of Commissioners of Cape May, 197 A 726]. In reviewing the role of the City Council, an analogy is that the city is a miniature state, the City Council is its legislature and the City Charter is its constitution. In other words, the City Council exists as a legislative arm of the city. It also has the authority to implement municipal policy through legislative enactments. Therefore, in answering your first question, it is not so much that the City Charter dictates that the City Council set policy. I think it is better stated that the City Charter of Neptune Beach permits the City Council to implement municipal policy through legislative enactment to the extent that it does not interfere with the historical intent of the city manager form of government. If you have a specific policy in mind, please let me know and I would be happy to address my answer to that issue.

In response to your second question, I cannot say that the fire department was dissolved by administrative action of city staff. However, it is my opinion that the City

Council, through its budgetary process and the public hearings associated with that process, decided by either consensus or majority to not appropriate funds for the 1999-2000 fiscal year to operate the fire department in the fashion that it had been operated in prior years. As you are aware, neither the Charter nor the City Code has ever formally established a fire department and, therefore, there is no mandate under either the Charter or the Code that a fire department be maintained. There is no legislative duty on the part of a municipality to maintain a fire department. In July, 1998, pursuant to council approval, Neptune Beach entered into a memorandum of understanding for a service-sharing program between the fire departments of Atlantic Beach and Neptune Beach. Section 1 of that agreement stated, *inter alia*, that:

This document formalizes the commitment of the City of Atlantic Beach to provide fire suppression response service to the residents of Neptune Beach as stated in an agreement between Atlantic Beach and the City of Jacksonville known as the 1995 Amendment to the 1982 Inter-Local Agreement dated 9-28-95.

Mayor Delaney, in November, 1998, forwarded to you, the Vice Mayor and Council members, his correspondence with a proposed contract between Jacksonville and Atlantic Beach relating to the provision of fire department services to Atlantic Beach and Neptune Beach. This was subsequent to the agreement between the City of Jacksonville and Atlantic Beach entered into in September, 1995, in which Jacksonville agreed to pay the City of Atlantic Beach \$150,000 per year to provide fire suppression response service to the residents of Neptune Beach. Although that agreement was entered into by Jacksonville and Atlantic Beach, it was clear that one of the intentions was to benefit Neptune Beach. It is clear that Neptune Beach is an intended third party beneficiary of the June 2, 1999 agreement and, therefore, can enforce it as such. It is also significant that in the service sharing program memorandum of understanding between Atlantic Beach and Neptune Beach, the above quoted language from Section 1 clearly indicates that it was the intention of that memorandum of understanding to memorialize the obligations of Atlantic Beach to provide fire suppression services for the residents of Neptune Beach, as established in the 1995 agreement. The actual agreement between Jacksonville and Atlantic Beach is dated June 2, 1999. The agreement specifically states that it is the intent of that agreement to provide an effective, efficient means of delivering advanced life support and fire services to Atlantic Beach and Neptune Beach, with said services being provided to Neptune Beach as a result of Atlantic Beach's continued obligation under the Inter-Local Agreement with Neptune Beach.

This historical perspective presents to this writer that the City Council, over the past few years, has consented to the transformation of the manner in which fire suppression services were to be provided by the Neptune Beach Volunteer Fire Department. The City Council, through its expressed ratification or its consent as a third party beneficiary to these agreements, decided to utilize the services of Atlantic Beach, and then the City of Jacksonville for the provision of fire suppression services in Neptune Beach. The Council was well within its legal authority in doing so. The Council's action relating to its appropriation for the fire department in fiscal year 1999-2000 appears to complete this transition, although, it has not per se dissolved the Neptune Beach Fire Department.

So, in specific response to your second question, it is my opinion that the duties and responsibilities of the fire department have been assigned, with Council approval, to Atlantic Beach and now the City of Jacksonville. In light of that assignment, the annual budget for Neptune Beach was addressed accordingly.

As to your third inquiry, I have not seen the recent police accreditation report and

so I cannot respond to what specific portion thereof to which you refer. However, it is my opinion that it was the action of the City Council that effected the transition of the Neptune Beach Fire Department as set forth above. As such, that action taken by the City Council is legal and binding. The agreement between Atlantic Beach and Jacksonville is legal and binding and enforceable by Neptune Beach. However, that does not mean that the City of Neptune Beach, with council approval, would be prohibited from establishing its own independent fire department. However, this would require amendments to the inter-local agreements that have been executed between Atlantic Beach and Neptune Beach; and Atlantic Beach and Jacksonville.

As to your fourth inquiry, I do direct you to the responses to your first, second and third inquiries. However, it is my opinion that the action taken by the City Council referenced in the above paragraphs does not constitute a violation of the City Charter.

As to your fifth inquiry, it is my opinion that the issue is not whether public hearings are warranted or required when making substantive changes in municipal service. Public hearings are required under the Sunshine Law when there is a meeting of two or more officials of a public body to conduct official business. The subject of those meetings is irrelevant in light of the fact that it is mandatory that any hearings on any subjects by two or more members of the same body be conducted in a public forum. As to whether these are workshop meetings, special meetings or regular meetings, and as to how often these meetings should be held, is for the council to determine. Although I was not present when the 1995 agreement between Jacksonville and Atlantic Beach was reached, I would assume there was discussion by the Council regarding its contents. As to the 1998 Service Sharing Program Memorandum of Understanding between Atlantic Beach and Neptune Beach, that document was, of course, addressed and discussed at Council meetings. The 1999 agreement between the City of Atlantic Beach and the City of Jacksonville was presented for discussion at the December, 1998 workshop when Mayor Delaney was present. Without reviewing the minutes of other meetings, I do not know the extent to which these agreements were discussed any further by the Council. However, they were, at one time or another, presented for public hearing.

Therefore, in response to your fifth inquiry, public hearings are required on any subject, if the Sunshine Law is applicable. It appears as though there were various public meetings over the last four years in which the issue of the provision of fire suppression services for Neptune Beach was discussed.

If you require any further information regarding this letter, please do not hesitate to call upon me.

Very truly yours,
Christopher A. White

MAYOR VAUGHN: Now I have prepared a response to Mr. White's letter now I'm going to share that with you. The letter was dated today and it was handed to you at your desk tonight. I'm reading it into the record for the first time. It's addressed to Chris White City Attorney about the dissolution of the City of Neptune Beach Fire Department.

Thank you for your response to my letter of inquiry dated November 22, 1999 relative to your opinion on several questions relative to the Neptune Beach Fire Department.

As to your response to my first question,... "Does the City Charter dictate that the City Council set policy?" I am somewhat unclear myself as to your statement that you are unclear as to my intended definition of "policy" as posed in my first question. However, I am not surprised based on past history of events of City Council attempts to continue to

erode the power of this City Council and the influence through leadership of the position of Mayor. Not having a legal background as you do, as a layman I have to rely greatly on personal experience and reliable documentation to develop opinions of my own, especially as it relates to city government. Your opinion, in addition to contributing to the erosion of the power and authority of this City Council is also a continuation of the erosion of influence to the leadership position of mayor that has been practiced by this City Council ever since I have been in office.

As to my intended definition of "policy", I say to you that the intent would be identical to the intent as has been referenced innumerable times by this City Council, by each Council member, on record, when there has been discussion and comment relative to City Council setting policy. In my opinion Council "policy" includes but is not limited to ordinances, regulations, projects, programs, agreements etc. Webster's Dictionary defines policy as "a principal, a plan, or course of action, as pursued by a government."

The **Florida League of Cities** distributes the attached pamphlet entitled "***The Council-Manager Plan***"

MAYOR VAUGHN: I picked it up at one the conferences I attended.

MR. WHITE: I have one thank you.

which answers numerous commonly asked questions relative to the council-manager relationship in city government. It **clearly states that "the council** is the community's legislative body. It **sets policy**,

MAYOR VAUGHN: it doesn't provide a definition

it approves the budget, and determines the tax rate....."

MAYOR VAUGHN: According to the pamphlet

It further states that "almost all council-manager communities also have a mayor who is a leader in developing community policies." This document confirms that the City Council is the legislative body, that it sets "**policy**" and that the City Manager is the chief executive officer charged with the administration of the day-to-day functions of city government.

Your statement that "...the Code of Ordinances....clearly establishes the City Manager form of government for Neptune Beach" contradicts the City Charter. Article I, Sec. 1.01 states "The City of Neptune Beach in Duval County, Florida, which was created by the Legislature, shall continue as a municipal corporation with a mayor-council form of government and with the document as the charter for the city."

I agree that the Code of Ordinances **Section 2-81** then continues by establishing, through appointment by the City Council, the position of City Manager as Chief Executive Officer of the city government responsible for enforcing the laws of the City and requiring the faithful performance of all administrative duties. However, neither Section 1.01 nor Section 2-81 establishes a City Manager form of government as you have ardently stated in your memo. This is a very important point in the structure of the government of our City.

As to your response to my second question...."Was the Fire Department dissolved by administrative action of City staff?" I am puzzled about your "opinion" that since there were no appropriations for the Fire Department for fiscal year 1999-2000 it simply ceased to exist and that you cannot say that the Fire Department was dissolved by administrative action. First, such a simplistic and ill-conceived conclusion is beyond reason. It is also

illogical to make reference to the historical perspective regarding this issue and then conclude that this City Council has somehow consented to the transformation of the manner in which fire suppression services were provided by the Fire Department. Second, if you have read the memo and letter from Public Safety Director William Brandt dated December 9, 1998 and June 24, 1999 respectively, that notified City Manager Linn that he had directed the Neptune Beach police officers to discontinue responding to fires as fire fighters and that police officers have been phased out as fire fighters and then recommending that the City surplus our fire equipment, I do not understand why you cannot say the Fire Department was dissolved by administrative action. The memo and letter were administrative actions by every definition. This was not a policy decision of City Council. Let me make myself perfectly clear, there has been no "transformation" of our Fire Department and this type of misinformation should not be disseminated to an unsuspecting public.

The City of Neptune Beach had a Fire Department under former Mayor Ish Brant. The City of Neptune Beach had a Fire Department under former Mayor John Kowkabany. The City of Neptune Beach had a Fire Department when I was elected mayor in October 1997. I was not made aware that any change had been made in the Fire Department until the City Manager recommended surplus the City's fire equipment at the July 1999 Council meeting, six months after the administrative action of the City Manager and the Public Safety Director. This I consider to be a breach of the City Charter as it relates to the separation of duties between the City Council and City Staff.

Again, there has been no "transformation" of the Neptune Beach Fire Department. What there has been is a total disregard of dealing with an issue by this City Council that involves a very real and very basic municipal service. There is also the issue of inappropriate actions by the City Manager and the Public Safety Director relative to their administrative handling and subsequent dissolution of the Fire Department. Such actions were not under their authority and violate provisions of our City Charter and Code of Ordinances. To somehow retroactively justify inappropriate actions by City Staff that resulted in significant change to a municipal service, without Council approval, is asinine and I do not believe the public can be fooled. To take such a position insults the intelligence of the people in our community. I am sure people are asking, is this really the way they (the City Council) lets our government operate?

As to your response to my third question.....Is the action by city staff that merged our fire department operations with that of Atlantic Beach (according to the recent police accreditation report) legal and binding? You state that you have not seen the recent police accreditation report and so you cannot respond to that which I am referring to. A copy of that report is filed in the City Managers office and quite accessible, however, for your edification I am enclosing a copy. The part specifically referenced is on Page 2, paragraph 6 of the Assessment Team Final Report and reads as follows: **"The city merged its fire department operations with the City of Atlantic Beach."** Again, looks like more misinformation. This is the first time I have seen the term "merged" used. What, where, when and how did we "merge"? Can you explain this terminology and why it is contained in an official report that was submitted to City Council? Now back to my original question, Is the action by City Staff that merged our Fire Department operations with that of Atlantic Beach (according to the recent police accreditation report) legal and binding?

In your response to my third question, you further stated that the City Council of Neptune Beach, with Council approval, could establish its own independent fire department but would require amendments to the inter-local agreements that have been executed. My position is this, our Fire Department was in existence when all the referenced agreements were executed. None were executed predicated upon the dissolution of the Neptune Beach Fire Department. No where was it ever stipulated or discussed that the

Neptune Beach Fire Department would be dissolved. The discussions that I recall, all made reference to another Fire Department being designated as the first responder. All the discussions that I recall were based on the City of Neptune Beach Fire Department activating upon request and sharing services. It was never agreed to or discussed that the Neptune Beach Fire Department would be abolished when we agreed to let the City of Atlantic Beach provide our City with fire suppression services.

As to your response to my fourth question, your statement that in your opinion the action taken by the City Council does not constitute a violation of the City Charter does not respond to the question. My question was, Does the dissolution of the Fire Department, without City Council action, constitute a violation of the City Charter? You state there is no Charter or Code mandate that a Fire Department be maintained and that there is no legislative duty on the part of the municipality to maintain a fire department. You made reference to agreements and to meetings and discussions of which I was in attendance, however, at no time was it ever decided to dissolve the Neptune Beach Fire Department.

I consider your answer to be rather ambiguous and evasive and ask that you consider the following: The **Code** of Ordinances, Section 2-96. Director of Public Safety **states** "The city manager, or another qualified person as provided by ordinance, shall be the director of public safety, under whose supervision **there shall be** a police department and **a fire department.**" **And** further, Section 2-112 **states** "Subject to the authority and instruction of **the city council** and under the supervision of the city manager, the director of public safety **shall have and exercise control over** the police department and **the fire department.** In my opinion, this clearly establishes the requirement of a fire department in our City.

As to your response to my fifth question..."Are public hearings warranted or required when making substantive changes in municipal service?" I believe a layman's answer to that question would be a simple and resounding "yes". However, having found nothing in the City Charter or Code that specifically addresses this issue I will concur with your reference to the applicability of the Sunshine Law. I also concur that there were many public meetings and discussions relative to the Fire Department. However, to my knowledge, there were no public meetings or public hearings held by this Council for the specific purpose to discuss the dissolution of the Neptune Beach Fire Department.

To reiterate, to simply not appropriate funds in the budget process is not sufficient action by this Council to dissolve the Neptune Beach Fire Department. The main reason for the existence of a municipality is for the purpose of providing the community with basic municipal services. The less services a municipality provides the less reason for its existence.

I was elected to represent the interests of the residents of this community. My primary objective as Mayor is to provide our residents with responsive, safe and cost effective fire services without eroding the city's autonomy. If the majority of the citizens indicate their desire to abolish the Neptune Beach Fire Department and receive that service from another community then I will support the citizen's desires. But, due process must prevail and as Mayor of this City I refuse to allow City Staff or employees to violate the City's Charter or Codes and will take whatever measures are necessary to expose anyone who is disrespectful of the laws of our City.

Because I do not have sufficient confidence in your opinion, believing it to be seriously flawed, I will seek the advice and opinion of the Attorney Generals Office in Tallahassee as it relates to this matter.

Sincerely,

George F. Vaughn, Jr.
Mayor

MAYOR VAUGHN: Now in my opinion fire departments are really the essence of what a community is all about and when you take away what this community has had for many many years you need to make sure that it is what the people want and not what a city staff person would ask you to do. It's no secret that there has been a constant attempt for many years to do away with the volunteer fire department, however, when I walked this city door to door people were adamant talking to me about keeping autonomy of their community. They enjoyed having their police department their fire department and their water department, public works. And with that being said I will hush.

City Attorney White responded that he did not think the city code had ever formally established a fire department. Mr. White further stated regarding the statement on the first page of the letter " your opinion in addition to contributing to the erosion of the power and authority of this city council" if this council felt that he had done anything to erode its power or authority or in any way had contributed to that then the council needed to find another city attorney.

Mayor Vaughn stated that that was his opinion and he had his and there was definitely a difference.

Councilor Patronik stated that the City of Neptune Beach was not incurring any expenses for outstanding fire protection services and it would cost the city 1.2 million dollars in order to provide protection that would be substandard to what we have now. That did not make sense.

Vice Mayor Jones asked Mayor Vaughn what the issue was.

Mayor Vaughn stated that the issue was that the council had not considered all options available. Mayor Vaughn referred to a document that itemized the cost of establishing a call fire department, and further stated that the City of Atlantic Beach was paying the City of Jacksonville about \$600,000 a year to pay for fire services and if we were to pay for services it would probably cost somewhere around \$350,000 to \$400,000 a year. Mayor Vaughn asked how could there be a free service.

Vice Mayor Jones stated that in his opinion the power to regulate and zone property was the essence of what a community was all about. The autonomy of the City of Neptune Beach was very important and this city would only survive if we took advantage of opportunities like this one, where the county government agreed to help us. The city council the city manager and the chief of police have the responsibility to provide our residents with the best and most well trained professional fire and rescue personnel that could be afforded. His main concern was that the City of Neptune Beach provide the safest and most cost effective fire service for the residents of the community while holding down homeowners insurance rates. This had been accomplished and it is time to move on.

Councilor Shimp apologized to Mr. White and gave him a vote of confidence for his hard work. He felt that when the council voted not to put any money in the fire department budget that it was a consensus that the fire department was gone. Mr. Shimp also stated that the issue needed to be put on January's agenda, voted on and put to rest.

Councilor Tankersley stated that this issue had been going on for a long time and enough was enough and council needed to work together as a group.

Mayor Vaughn stated that he was not elected to turn his head when it came to the way our city government was run, he was discouraged that council would condone and encourage an arrogant and disrespectful manner from your city manager and public safety director.

City Manager Linn stated that he took great offense to what Mayor Vaughn had just said and some statements made in the letter to City Attorney Chris White and asked the council if that was their opinion then he should be dismissed immediately.

Councilor Patronik gave City Manager Linn his vote of confidence stating that Mr. Linn had done exactly what the council had instructed him to do. Councilor Patronik asked Director of Finance John Herbst to state for the record how much it cost Neptune Beach to receive its fire suppression service from the City of Jacksonville.

On the Record John Herbst answered that it did not cost the City of Neptune Beach anything at all to receive fire suppression services from the City of Jacksonville. We do not as a city pay anything for that service.

Councilor Patronik gave Mr. White a vote of confidence for the hard work and effort that he had put forth. And asked Mr. White if there could be any unilateral change made to the agreement by the City of Jacksonville or Atlantic Beach where the fire suppression services of Neptune Beach would be eliminated. Mr. White answered "no". Councilor Patronik also felt that the council had done outstanding job with providing citizens with the best fire suppression services we could.

Councilor Shimp gave his vote of confidence to the City Manager and also apologized to him for what was going on. Councilor Shimp asked City Attorney White if someone on the council was deliberately rude, spiteful and hateful if there was way council could sanction it.

City Attorney White answered that if something like happened a point of order is taken and presented to council.

Councilor Shimp added that next time this happened he would call a point of order.

Councilor Jones gave his vote of confidence to the City Manager, Police Chief and City Attorney.

Councilor Tankersley added that the City Manager, Police Chief, City Attorney and Director of Finance also had his vote of confidence and called a point of order to move forward with the agenda.

Chief Brant stated they were in contact with the inspector from ISO and he had advised that he would recommend a rating of three which would be down from a six.

Recess / Reconvene RECESS - RECONVENE: The meeting was recessed at 9:00 and reconvened at 9:10 p.m.

Bell South Easement BELL SOUTH EASEMENT REQUEST REPORT ON NEGOTIATIONS: City Manager Linn stated that at the last meeting Bell South requested an expansion of the easement that they have on the property adjacent to the water tank. Council had asked Mr. Linn to negotiate with Bell South and Mayor Vaughn had written a letter to Mr. Linn stating his concerns on the issue.

Mr. Linn added that he had met with Teresa Graham, an employee with Bell South and William Starett, a contractor with Bell South. Bell South would be presenting the city with a new proposal which would include a payment of a one time fee, cancel the existing easement with the city, language in the easement would modify the terms of perpetuity and a clause would be added that should they cease operations on that site the easement would reverse back to the city. Council discussed options and asked Mr. Linn to keep them updated.

- Freedom Shrine FREEDOM SHRINE – EXCHANGE CLUB OF THE BEACHES: City Manager Linn stated that several months ago the Beaches Exchange Club showed the council photographs of a freedom shrine and asked to have a freedom shrine located in the City Hall Building. Mr. Linn asked council if this could be on the consent agenda in January.
- Consensus: **TO MOVE TO THE CONSENT AGENDA IN JANUARY.**
- Vacating Portion of Right – of - Way VACATING A PORTION OF RIGHT – OF WAY ON FIRST STREET BETWEEN NORTH AND SOUTH STREET: Councilor Shimp stated that four homeowners had asked him that ten feet be vacated to take six non conforming homes and make them conforming. The homeowners had been taking care of the property since they bought their homes and they would like to own the property.
- On the record Mayor Vaughn asked that the record show that Ordinance No. 1999-18 would be moved to the regular council meeting in January for first read.
- Update on FCT UPDATE ON FCT – HOPKINS CREEK PRESERVE: City Manager Linn stated that he had asked Building Official Dan Arlington to look into the issues that were addressed at the last council meeting, and referred to a memo from Mr. Arlington stating that he had spoken with Keith McCarron from the FCT. Mr. McCarron answered 1. That the canoe launch did not have to be a structure, we already have a canoe launch by the simple fact that open water laps up against the property. 2. The document you are signing now is only the conceptual approval agreement. We can give notice with the CAA that we intend to make the canoe launch optional on the final management plan.
- Quality on Tap Report QUALITY ON TAP REPORT: City Manager Linn stated that as a requirement to maintain our water permit that an annual report had to be issued to the public. There were some questions about the report. Mr. Linn introduced Leon Smith who was present to address the problems.
- Leon Smith stated that he had understood there were problems with the cadmium and cyanide that violated water quality standards and that samples were used from 1996 and 1998 that were not current and that since that time these problems had been corrected.
- Census Report CENSUS REPORT: City Manager Linn stated that the three beach communities and Baldwin would not be included in the census report. Mr. Linn suggested that Council write a resolution supporting Mayor Delaney's effort to attach legislation to Community Development Block Grant appropriations at the federal level recognizing Neptune Beach as an urban county.
- Director of Finance John Herbst added that he had spoke with the Mayor's office and the Bureau of Planning and was told the Census Bureau had declined to view Neptune Beach as a consolidated county. HUD relies on census data to develop their allegations for Community Development Block Grant Funding. We would not be eligible to apply under the consolidated form of government that we have. The City of Jacksonville is talking with our congressional delegation regarding the issue. Mr. Herbst further stated that this did not effect us for the current year funding in place now. We had been advised to go ahead and apply for next year with the assumption that nothing would change.
- Media One Sponsored Events MEDIA ONE SPONSORED EVENTS: City Manager Linn stated that Director of Finance John Herbst had put together a list of events that required council's approval for use of Media One funds for the upcoming year. The list included an Easter Egg Hunt, Sunday in the park, King Neptune Festival, Christmas in the Park, Santa Claus Parade, and Town Center Christmas.

Consensus: **MOVE FORWARD TO THE JANUARY CONSENT AGENDA AND HAVE THE CITY MANAGER'S OFFICE HANDLE THE EVENTS.**

Public Comments

PUBLIC COMMENTS ON AGENDA ITEMS ONLY:

Buddy Crout, 1079 Kings Road, gave a vote of confidence to the City Manager and City Attorney. Mr. Crout felt that the agreement for fire services was good, and that the Chief had done nothing wrong. Mr. Crout also felt that the reason the Mayor voted against the budget was because he did not get the 950,000 dollars that he wanted.

Russ Linkwell, Jacksonville Beach, representing the exchange club, thanked the council for taking a look at what they wanted to do and hoped that they would be able to do it.

Roy Deese, 1720 Lighty Lane, felt that the agreement with Jacksonville was one of the best things that could have happened to Neptune Beach and would save the residents money. Mr. Deese felt that Chris White was an outstanding attorney and suggested that the Mayor to listen to him.

Harriet Pruette, 217 ½ Magnolia Street, expressed her disappointment in Mayor Vaughn for running down the City Attorney and the City Manager. She felt that Chris White was one of the best attorneys that the city had ever had and should be appreciated.

Johnnie Epley, 208 Driftwood, felt that it was a natural thing that Jacksonville became the fire department for Neptune Beach.

Chris Oakey, 620 Camellia Terrace Drive, backed up what Mr. Crout stated earlier and felt that to be a leader you had to earn it and that Mayor Vaughn had been in this job for two and half years and in his opinion Mayor Vaughn hadn't earned it.

Adjournment
