Chief David Sembach stated he could not commit to assigning a patrol officer to direct the traffic on a daily basis due to priority situations. He felt the problem was the school zone itself was not long enough. He did contact the Department of Transportation and they would not commit to extending the school zone at the present time. He further explained he had recently been monitoring the traffic and he did not see more than nine cars backed up in the morning and no more than twelve cars backed up in the afternoon and it took less than two minutes for cars to turn in and out of the school. He added that this particular school zone was no different than any other school zone within Duval County.

Councilor Lee stated the school would be implementing improvements to the traffic pattern during the spring break. He asked Chief Sembach if he would make an effort to assign a patrol officer for the majority of the time until the improvements were made.

Chief Sembach stated he would do his best to have a patrol officer at the school during the morning and afternoon hours. He would also monitor the area during the first few days after new traffic pattern was implemented.

Beaches Trolley

REQUEST FOR ASSISTANCE FOR THE BEACH TROLLEY: Councilor Lee, Member of the 2008-2009 Beaches Trolley Task Force, requested the City contribute \$5,000 toward the operation of the Beaches Trolley. He explained the estimated budget for the 2009 Beaches Trolley was \$145,360. The groups involved in raising the funding included the City of Jacksonville, Mayor Peyton's Office, Jacksonville Transportation Authority, the Tourist Development Council and the three beaches' cities. There would also be sponsorships and riderships.

John Brocato, Owner of Carribee Key, stated he felt the trolley was well used last year and also helped with public safety. He would be asking the Town Center Merchant group for their support.

Mr. Kelly Elmore, Town Center Agency and Chairman of the Trolley Task Force, stated the Town Center Agency has approved a \$1,000 contribution in support of the Trolley. The committee was working to have another stop added to the route in Town Center and extending the hours to 2:00 a.m. There was also a suggestion to expand the route to the intracoastal waterway on Beach Boulevard and Atlantic Boulevard, however in order to continue the 15 minute cycle, two more trolleys would be necessary and this would add approximately 40% to the cost. They have also requested JTA consider a \$1.00 charge per rider and changing the season to run from April 1st to the end of July.

Vice Mayor Weldon suggested extending the 15 minute intervals in order to expand the service to the intracoastal. Mr. Elmore felt people would not be willing to wait 20 to 30 minutes to ride the trolley but they would be willing to wait for 15 minutes. Councilor Lee added the 15 minute intervals were simply a matter of convenience.

Councilor Pardee was concerned the trolley did not service the entire city. He felt it was inconvenient to those citizens living west of Third Street.

Councilor Lee responded some people were willing to drive their vehicles or bicycles to the trolley stop and ride the trolley.

Mayor Pruette stated she rode the trolley every weekend last year and saw people parking near trolley stops at Jarboe Park and Bay Street.

Councilor Tucker agreed that in the future the committee should consider the trolley service for the entire city.

Vice Mayor Weldon stated he would not be able to support the trolley because the money was not in the budget. He explained the city was not able to contribute to Dial-a-Ride or the Beaches Resource Center which he felt were more worthy causes.

Mayor Pruette agreed the budget was tight and the city could not afford the \$5,000 contribution but at the same time we could not afford not to give something. She agreed with Councilor Lee that not giving anything sent out the wrong message. She stated as Mayor of Neptune Beach she would make a personal donation of \$500.00 to show that Neptune Beach appreciated the trolley service to support businesses.

Vice Mayor Weldon replied he respected the commitment of Mayor Pruette to contribute \$500.00 personally. He requested in the future that individual contributions be given quietly. He felt it placed other council members under pressure to support community projects individually.

Councilor Tucker agreed it would be more important for the city to support Dial-a-Ride and the Beaches Resource Center before contributing to the trolley service which is a fun service.

Councilor Lee explained City of Jacksonville Councilman Art Graham initially brought the trolley service to the beaches. He added that Councilman Graham has been very good to our city and without his help the city would have spent a lot of other money. He felt these "quality of life" issues should be looked into during the preparation of the 2009-2010 budget.

Vice Mayor Weldon added the intentions of the trolley were great and he was not comfortable being in opposition. He asked Director of Finance Ramsey if he would try to find a way to use the resources from the Tourism Development Fund for a contribution to the trolley.

City Manager Jarboe stated staff would continue to look for a resource to contribute to the trolley service.

Mayor Pruette stated it would be helpful for the City Manager to provide a list of previous causes to which the city has contributed.

Consensus: **THE CITY DOES NOT HAVE THE MONEY AT THE PRESENT TIME BUT WILL CONSIDER THE REQUEST AT A LATER DATE.**

RESOLUTION NO. 2009-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA RECOGNIZING THE "BUILDING CITIZENSHIP IN THE COMMUNITY; BACK

TO BASICS" INITIATIVE OF THE FLORIDA LEAGUE OF CITIES, INC., AND PLEDGING SUPPORT FOR THIS STATEWIDE EFFORT.

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

RESOLUTION NO. 2009-XX: A RESOLUTION ESTABLISHING FEES TO BE CHARGED FOR COPY OF PUBLIC RECORDS, CERTIFIED COPY OF PUBLIC RECORD, VARIOUS APPLICATIONS, BAR CARDS, CITY CODE BOOK, LIEN LETTERS, BUSINESS TAX LIST, ZONING MAP, AND SERVICE CHARGE FOR EXTENSIVE USE OF CITY PERSONNEL TO COMPLY WITH PUBLIC RECORD REQUESTS.

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

EAR

EAR – 2008 EVALUATION AND APPRAISAL REPORT OF THE 2010 COMPREHENSIVE PLAN: City Manager Jarboe stated the city was required by State law to evaluate the Comprehensive Plan. This report will aid in the revaluating the comprehensive plan

Community Development Director Amanda Askew explained the Planning and Development Review Board has been working on the EAR since April 2008. They reviewed each chapter of the comprehensive plan and did a status statement on goals, objectives and policies. The state will review the EAR and respond if additional modifications, goals, or policies are needed. This information will be used to update the comprehensive plan.

Councilor Pardee would like for the bicycle and pedestrian path to remain in the comprehensive plan.

Councilor Lee wanted the bicycle and pedestrian path to remain in the comprehensive plan. He also would like to discuss Planned Unit Developments (PUD's) in the comprehensive plan.

City Manager Jarboe advised using staff resources to prepare the EAR has saved the city over \$30,000.

Comments

Mayor Pruette asked if there were any other comments from the Council before adjourning.

Councilor Lee encouraged other Council members to attend a community information meeting on February 11, 2009 at Fletcher High School auditorium regarding the Duval County School Board. The Florida PTA was also conducting a legislative rally in Tallahassee on March 18, 2009.

Councilor Pardee asked for an interpretation regarding citizens letting other citizens use their 5 minutes when addressing the Council.

Adjournment

There being no further business, the meeting adjourned at 7:15 pm.

Harriet Pruette, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
SPECIAL CITY COUNCIL MEETING
DECEMBER 2, 2008, AT 8:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held December 2, 2008, at 8:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Harriet Pruette
Vice Mayor John Weldon
Councilor Fred Lee
Councilor Eric Pardee
Councilor Kara Tucker
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:
Community Development Director Amanda Askew
Assistant to the City Manager Teresa Klein
Director of Finance Steve Ramsey
Director of Public Safety Chief Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order call

Mayor Pruette called the special meeting to order at 8:00 p.m.

Invocation and Pledge

Mayor Pruette asked Councilor Elect Kara Tucker to lead the Pledge of Alliance.

Oaths of Office

OATHS OF OFFICE:

City Clerk Lisa Volpe administered the Oath of Office to Mayor Harriet Pruette.

Supervisor of Elections Jerry Holland administered the Oath of Office to Councilor Eric Pardee

City of Jacksonville Councilwoman Glorious Johnson administered the Oath of Office to Councilor Kara Tucker.

**Presentation of
Certificate of Election**

PRESENTATION OF CERTIFICATE OF ELECTION: City Clerk Volpe presented a Certificate of Election to Mayor Pruette for Seat 1, Councilor Pardee for Seat 2 and Councilor Tucker for Seat 3.

Council Comments

Councilor Tucker thanked her supporters and fellow Councilor Members for their contributions to her campaign. She stated she looked forward to working with the citizens of Neptune Beach. She invited everyone to join her, at a reception at Shelby's Coffee Shop, following the meeting.

Councilor Pardee thanked his supporters and his family for their efforts and contributions to his campaign. He congratulated Councilor Tucker and Mayor Pruette for their success in being elected to their seats. He also stated he was looking forward to serving another four years on the City Council.

Councilor Lee congratulated Councilor Tucker and stated he looked forward to continuing to work with Councilor Pardee and the rest of the Council. He felt this coming year would be difficult and the Council had a lot of hard work to do for the citizens of Neptune Beach.

Mayor Pruette welcomed everyone and stated what an honor it was for her to serve as the Mayor of the City of Neptune Beach. She hoped the new Council would be able to reason and debate together and continue to be friends after meetings. She felt there were some difficult times ahead for the city due to lack of funds. She hoped the city would work as a team with neighboring communities on difficult issues.

Appointment of
Vice- Mayor

ELECTION OF VICE-MAYOR: Pursuant to Section 2.04(b), City Charter, Mayor Pruette opened the floor for nominations for Vice Mayor.

Mayor Pruette nominated Councilor Weldon to serve as Vice Mayor. She felt he deserved the honor because he was the most senior member of the Council.

Councilor Tucker nominated Councilor Pardee to serve as Vice Mayor. She felt he deserved the honor due to his previous efforts in keeping the Council in check over the last four years.

There being no further nominations, Mayor Pruette closed the floor and asked City Clerk Volpe to call the roll. She asked each Council Member, when their name was called, to state the name the nominee they wished to choose.

Roll Call Vote to elect Vice Mayor:

Councilor Weldon	3 – Lee, Weldon, Pruette
Councilor Pardee	2 – Pardee, Tucker

Results: **COUNCILOR WELDON TO SERVE AS VICE MAYOR.**

Announcements

Mayor Pruette made the following announcements:

- Christmas in the Park will be held Friday, December 5, 2008.
- Santa Claus will be in Town Center on Saturday, December 6, 2008.
- To be alert during the holiday shopping season.

Ord. No. 2008-14

ORDINANCE NO. 2008-14, ALLOWING DOGS IN OUTSIDE DINING AREAS, FINAL READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS ADDING SECTION 27-339 ALLOWING DOGS IN OUTSIDE DINING AREAS UNDER CERTAIN CONDITIONS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this ordinance would allow dogs to dine in outdoor seating areas at restaurants as long as the restaurant owner complied with the State guidelines.

Mayor Pruette read Ordinance No. 2008-14 by title only and opened the public hearing.

Lynda Padrta, 1113 First Street, supported Ordinance No. 2008-14.

There being no further comments from the public, the public hearing was closed.

Moved by Lee, seconded by Tucker.

Motion: **TO ADOPT ORDINANCE NO. 2008-14 ON SECOND READ AND PUBLIC HEARING.**

REGULAR CITY COUNCIL MEETING
NOVEMBER 10, 2008 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held October 6, 2008 at 6:00 p.m., in the City Hall Council Chambers, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

STAFF:

Mayor Richard A. Brown
 Vice Mayor Harriet Pruette
 Councilor Fred Lee
 Councilor Eric Pardee
 Councilor John Weldon
 City Attorney Christopher White
 City Manager Jim Jarboe
 City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
 Senior Activities Center Director Leslie Lyne
 Director of Public Safety David Sembach
 Director of Public Service Leon Smith

Order Call/Pledge

Mayor Brown called the meeting to order at 6:00 p.m. and asked Vice Mayor Pruette to lead the pledge of allegiance.

Elections

CERTIFICATE OF BOARD OF CANVASSERS: City Clerk Lisa Volpe stated it was necessary for Council to certify the election. The following final numbers were received this afternoon.

MAYOR SEAT 1 whole number of votes cast was 4136 of which number

* Harriet Pruette received 2313 votes
 Scott Wiley received 1823 votes

COUNCILOR SEAT 2 whole number of votes cast was 3751 of which number

Terri Hunnewell received 1844 votes
 * Eric Pardee received 1907 votes

COUNCILOR SEAT 3 whole number of votes cast was 3784 of which number

Sybil Ansbacher received 1595 votes
 * Kara Wade Tucker received 2189 votes

Moved by Lee, seconded by Weldon.

Motion: **TO CERTIFY THE BOARD OF CANVASSERS.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown congratulated the winners of the election and stated this would be his last Council meeting as Mayor. He really enjoyed being a part of the City Council for the past the eight years and it was a tremendous honor to work with the Council and staff.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Vice Mayor Pruette presented Mayor Brown with an Oscar Award on the Political Stage for Best Mayor 2000 to 2008. She also presented Mayor Brown with a plaque in appreciation for his outstanding service and dedication to the City of Neptune Beach.

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Mayor Brown and each Councilor disclosed they had all either met or spoken with Sandy Brinson, Peggy Cornelius, Tom Nuijens, and Board of Appeals Chairperson Chris Chin regarding the variance appeals on the agenda.

CITY MANAGER REPORT

City Manager Jarboe asked Chief Sembach to give a presentation on a new feature that has been added to the City's website regarding Police Department information.

Chief Sembach stated the Police Department received an \$86,000 grant to upgrade the computer dispatch and records management system. He gave a presentation on how the new system provides information on the website relating all 911 calls and crimes in Neptune Beach.

Vice Mayor Pruette questioned the progress of the King Road Bridge repairs. City Manager Jarboe stated the materials for the sheet piling were on order and should be received within the next four to six weeks. The contractor has a six month period from the time the bid was awarded to have construction completed.

Mayor Brown welcomed Kara Wade Tucker to the meeting and congratulated her on winning the election for Seat 3.

COMMENTS FROM THE PUBLIC

Leona Sheddan, 2010 Shadow Lane, Chairman of the Animal Ordinance Committee, stated the committee reviewed the Outdoor Dining Ordinance for dogs and recommended Council adopt the ordinance with an amendment that excludes dogs classified as dangerous.

Sandy Golding, 1203 18th Avenue, Jacksonville Beach, and member of the Animal Ordinance Committee, stated she spoke with a representative from the City of Orlando regarding the Dog Dining Ordinance. The representative indicated their Ordinance has been in place for two years and they have not received any complaints. She favored adoption of the ordinance.

Shelby Hicks, 1449 Hopkins Street, owner of Shelby's Coffee Shop, stated she has never had a problem with dogs dining outdoors at her coffee shop. She encouraged Council to adopt the Dog Dining Ordinance.

Janet Emmick, 528 Pine Street, favored the variance appeal for 104 Davis Street, and offered to give her five minutes to Sandy Brinson.

Sandy Brinson, 1512 Strand Street, favored approval of her appeal for 104 Davis Street. She felt the Board of Appeals did not have enough evidence to support the seven findings of facts. She read aloud Section 27-706 of the Code of Ordinances.

Harold Mills, 106 Davis Street, favored the appeal for 104 Davis Street and offered the remainder of his allotted five minutes to Sandy Brinson.

Sandy Brinson, 1512 Strand Street, stated Mr. Mills felt the Board of Appeals denied her husband the right to speak by saying the variance request was not the same as the 2003 request and asking him to review the new request.

Allison Free, Palm Beach County, stated she would soon be moving to Neptune Beach and felt it was important to allow dogs to dine with their owners in outdoor restaurant seating areas.

Arlene Mills, 106 Davis Street, favored approval of the variance appeal for 104 Davis Street and offered the remainder of her five minutes to Sandy Brinson.

Sandy Brinson, 1512 Strand Street, felt the proceedings of the October Board of Appeals meeting was not held in the correct manner. The record indicated the Community Development Director advised the applicant that he would be able to demolish his house and rebuild it within the same footprint. Mrs. Brinson added the property at 104 Davis Street was currently under code enforcement action because the structure was unsafe. Also the applicant did not indicate any parking spaces on the site plan. The site plan showed all parking on the city right-of-way. She felt this was a huge oversight on the part of staff.

Kerry Chin, 227-A Margaret Street, stated the Planning and Development Review Board and the Council previously denied a commercial property the ability to build across the lot line. The owner had to redesign the building in order to meet the setback requirements and replat the property. He asked Council to consider the action on that commercial property before making a decision on the Bay Street appeal.

Emory Barnes, 104 Strand Street, favored the variance appeal for 104 Davis Street and asked if Sandy Brinson could have the remainder of his time.

Sandy Brinson, 1512 Strand Street, felt the city was aiding the applicant by delaying code enforcement action on his property and allowing him to apply for a variance. She added the Board of Appeals suggested the applicant work with the Community Development Director and redraw the plans. She stated she resented tax dollars

being spent in this manner by the request of the Board of Appeals. By doing so, she felt the Board was seeking and manipulating evidence from the applicant. She also felt there was an appearance of impropriety when the Board invited the applicant to do something the Board would like better because it had nothing to do with gathering factual evidence under the criteria of the Code. She felt it should not be part of the procedure for the Board to ask the applicant to create plans that would appeal to Board members. The minutes from the August 4, 2008 Council meeting indicated there was discussion about an ordinance that would allow variance appeals to bypass Council and go straight to court. She felt the Council should be ultimately responsible for the decision of the Boards by hearing the variance appeals.

Todd Brown, 1512 Strand Street, favored the variance appeal for 104 Davis Street, stating he presented competent evidence from the Code, Section 27-706(3) at the Board of Appeals meeting. He presented evidence to the Board that the hearing was a rehearing of a 2003 variance request that was denied. He also told the Board there was no evidence of a hardship demonstrated by the applicant.

Sandy Brinson, 1512 Strand Street, felt the Board of Appeals overlooked competent substantial evidence for the seven finding of facts by disregarding the evidence presented at the meeting.

Hal Padgett, 1100 Seagate Avenue, opposed the variance appeal for Bay Street. He offered the remainder of his allotted time to Jeb Branham.

Jeb Branham, 3564 Bay Island Circle, Jacksonville Beach, Attorney for Thomas Nuijens, 218 Bay Street, stated the property in question was located at the corner of Second Street and Bay Street. Mr. Nuijens acquired the property via one deed in 2004 for both lot A and lot B. The lot has a duplex and one 760 square foot single family residence. Three variances were presented, one to expand a small portion for safety reasons, which was granted. He explained the variance requests that were at issue was to build a garage along the back of the single family structure and attach it to the detached structure and to build a covered porch attached to the single family residence. The Board of Appeals denied permission to build the porch due a supposed prohibition of building across lot lines. The Board of Appeals technically granted the variance to build the garage subject to meeting all lot area and setback requirements which is not granting a variance at all, it is actually denying a variance. He presented to the Board that Section 27-705(c) of the Code defined the lot as one lot. He also felt there was lack of competent substantial evidence to support the decision. The applicant would be willing to do whatever was necessary to allow the project to move forward even if that required recording deed restrictions to effectively put in the land records what is in the Code, that the two parcels should be considered an undivided parcel. They would prefer not to reconfigure the lots as suggested by staff because that would destroy the magnolia tree on the property. He asked Council to treat the property as one lot when considering the variance appeal.

Tom Nuijens, 218 Bay Street, stated he was trying to enhance the property by making improvements. He explained the property was platted before the City was incorporated when there was a completely different set of rules.

Michelle Mora, 921 Valley Forge Road East, favored the variance appeal for Peggy Cornelius and Tom Nuijens. She felt the property should be considered as one lot.

Chris Chin, 227A Margaret Street, Chair the Board of Appeals, explained she allowed Mr. Todd Brown to speak at the meeting during the Davis Street variance hearing by reopening the public hearing for him after he showed up 30 minutes late. During his comments he kept repeating for the record that this was the same exact

variance request that was presented to the Board in 2003. She explained to him that the plans had been scaled back therefore they were not the same as 2003. Mr. Mills also reviewed the new plan and stated that he had no problem with the new plan. She explained the Board has on a number of occasions worked with property owners to revise plans when it was obvious the plan presented would not work. She further explained, as to the Bay Street property, the Board considered the advice of the City Attorney and Community Development Director that the building could not cross over the lot line.

Elaine Brown, 1302 Neptune Grove Lane East, stated it has been an honor for her family to be a part of Neptune Beach and for Richard Brown to serve as Mayor for eight years.

Recess/ Reconvene Mayor Brown called a recess at 7:00 and reconvene the meeting at 7:30.

CONSENT AGENDA

Public Safety Building RENAMING OF THE PUBLIC SAFETY BUILDING: Council approval to rename the Public Safety Building to James P. Kelly Memorial Police Headquarters.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE THE ABOVE CONSENT AGENDA.**

Mayor Brown asked if Mrs. Sheddon's amendment to exclude dogs classified as dangerous had been added to the ordinance.

Vice Mayor Pruette questioned how a restaurant owner would know if a dog had been classified as dangerous.

Mrs. Sheddon replied it would not be up to the restaurant owner to determine if any dog was dangerous, it would be up to the owner of the dog.

Moved by Lee, seconded by Pardee.

MOTION CARRIED**OLD BUSINESS / NONE****NEW BUSINESS**

V08-11
104 Davis St.
Neptune Nest

VARIANCE APPEAL FOR V08-11 – 104 DAVIS STREET – NEPTUNE NEST PROPERTIES, LLC: The variance request is to build a two-story addition on the west side of the house. The proposed addition is completely within all setbacks, meets the lot coverage requirements and lessens the request for the variance pertaining to floor area ratio (FAR). However there are several existing non-conformities.

Councilor Weldon stated the ability for staff to provide assistance to variance applicants and to help them find reasonable solutions was appropriate and positively impacted the community. He felt staff efforts to help applicants with zoning problems should be encouraged.

Sandy Brinson asked to speak before the Council. City Attorney White stated the Council may allow her to speak. But new evidence could not be presented and they could not take her comments into consideration as part of the vote. He added the decision of the Council should be based on the record of the Board of Appeals meeting and the information contained the agenda packet.

Councilor Pardee questioned the basis for the appeal. City Attorney White stated Ms. Brinson felt there was a denial of due process and there was no competent substantial evidence to support the seven findings of facts. He explained due process involved the notice of hearing, presentation of the hearing, and the opportunity for each individual to be heard at the hearing.

Councilor Pardee questioned the concern of Ms. Brinson regarding the 2003 variance request for the same property which was denied by the Board of Appeals, upheld by the Council, and upheld by the special magistrate. City Attorney White responded requests for variances did not have time limitations.

Moved by Lee, seconded by Pardee.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS FOR VARIANCE V08-11 – 104 DAVIS STREET.**

Community Development Director Amanda Askew stated the public notice for the hearing was published 15 days prior to the meeting. Ten days prior to the hearing notices were sent to all property owners within 300 feet. The property was also posted with an orange sign 10 days prior to the meeting indicating the meeting dates. She attested that everyone who attended the hearing had the opportunity to speak.

Mayor Brown stated City Attorney White advised there were no time limitations on variance requests and the same request can be repeated. He asked if the request had been modified since 2003. Mrs. Askew concurred the Code did not have any time limitations for resubmitting variance requests. She presented a site plan for the variance request submitted in 2003 in comparison to the new 2008 request. She explained the differences were the rear yard now met the current code setback; the western side yard was reduced further than in the 2003 application, and the 2008 request met the front yard setback. The lot coverage requirements were also in conformance in the new 2008 application.

Councilor Lee asked if the current building was conforming. Mrs. Askew replied the current building is nonconforming. The existing structure encroaches into the front yard, the side yard, and the rear yard. The current building is also over the lot coverage requirement and the floor area ratio.

Councilor Lee asked if the proposed addition would bring the lot into conformity. Mrs. Askew replied it would not. In order to bring everything into conformity the structure would need to be demolished and rebuilt.

Councilor Lee asked if the variance requests added to the existing nonconformities. Mrs. Askew replied the proposed addition was completely within the setbacks. The only new variance request was an increase in the floor area ratio.

Councilor Lee questioned whether or not the Code would allow the property owner to rebuild the structure on the current footprint. City Attorney White advised the Code would allow the building to be reconstructed within the footprint.

Councilor Lee questioned if the property owner did not maintain the structure and an engineer determined the building was not structurally sound and condemned the building would the Code allow the property owner to rebuild within the exact footprint. City Attorney White advised the structure would then have to be built in conformity. Mrs. Askew added if the property owner chose to demolish the structure they would no longer have grandfathered rights and could not rebuild within the footprint.

Councilor Lee questioned what the Board of Appeals considered the hardship to be when they approved the variance request. Chair of the Board of Appeals, Chris Chin indicated she could not speak for the entire Board, however she considered the hardship a financial loss because the property would be converted from a triplex to a single family home therefore the owner would be losing income from the rental properties on the lot.

Mayor Brown felt the variance request to convert the property from a triplex to a single family was positive news for the community and questioned the concern of the opposing neighbors.

Vice Mayor Pruette was concerned the plan did not contain parking spaces and they would be building a larger structure on an already nonconforming lot.

Councilor Weldon wondered why the neighbors had a problem with the remodeling and adding 450 square feet to an existing eyesore.

Councilor Pardee stated a letter from Code Enforcement dated April 28, 2008 discussed multiple problems on the exterior of the building. He felt the building also needed an interior inspection. He stated the Council would be going against the Code to allow an addition on to a structure that had no rental activity for a 24 month period. He asked if the property owner could address the Council. City Attorney White advised any statement from the property owner would have to coincide with the record and he could not introduce any new evidence.

Mr. Ron Romeo, representative for Mr. Kawasaki, explained Mr. Hamilton represented Mr. Kawasaki at the last Board of Appeals meeting. He explained the property has been rented in the past 24 months. He added the plan has been amended from the 2003 variance request in an effort to make everyone happy. The concrete has been removed and the porches have been relocated. Instead of an outdoor stairway they added an elevator inside which has been moved back within the setback. All the other nonconformities are preexisting.

Vice Mayor Pruette questioned if loss of rental income should be considered a hardship. City Attorney White stated there could be a financial hardship if there was a severe restriction on the use of the property or if you were being deprived of the majority of the reasonable use of the property. A financial impact alone was not necessarily a hardship under the law. Vice Mayor Pruette questioned if an elevator constituted a hardship. City Attorney White replied the legal test was the hardship had to be unique to the property owner. He added the Council was to determine whether there was evidence to base the determination of hardship on not to retry the case.

Councilor Lee stated there was currently a building on the property that was considered an eyesore and they proposed converting the triplex to a single family. He questioned if those positives outweighed the existing nonconformities.

Mayor Brown felt the Board was working toward a goal of replacing the triplex with a single family unit.

Vice Mayor Pruette asked Mr. Romeo how many tenants were currently leasing the property. Mr. Romeo replied there were two or three.

Councilor Pardee stated the structure could be converted to a single family home within the existing shell without the need for a variance.

Councilor Weldon stated he would base his decision on the large representation from the neighborhood that supported the appeal.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon

Noes: 1 – Brown

MOTION CARRIED

V08-14
218, 226 & 228 Bay
St.
Nuijens / Cornelius

VARIANCE APPEAL FOR V-08-14 – 218, 226 & 228 BAY STREET – THOMAS NUIJENS AND PEGGY CORNELIUS: The variance is for Lot B to extend the existing front porch, add a covered porch on the west side of the house (that crosses over the lot line) and a garage addition onto the rear of the house.

Moved by Weldon, seconded by Lee.

Motion: **TO MODIFY THE DECISION OF THE BOARD OF APPEALS ON MR. NUIJENS PROPERTY TO GRANT THE VARIANCE WITH THE IMPOSITION OF CERTAIN CONDITIONS. THOSE CONDITIONS BEING THAT THE PROPERTY IS REPLATTED TO ACCOMADATE THE STANDARD SETBACKS BETWEEN ADJACENT PROPERTIES FOR THE WESTERN PORCH AND GARAGE ADDITION.**

Councilor Weldon stated there was no opposition from the neighborhood on this appeal. He was concerned about half of a house being located on the adjacent property. His suggestion was to replat both lots so that the structures located on each lot were separated on two separate lots. This way the properties could be sold separately in the future without having to remove part of a building or having an addition built too close to a setback. This would allow the homeowner to beautify the lot and preserve the physical

aspects of the lot and at the same time protect the long term interest of the community.

Mayor Brown supported Councilor Weldon's approach. He felt the cottage needed some upgrading.

Councilor Pardee asked if the Council could consider Section 27-705(c) of the Code. City Attorney White stated it was his opinion that Section 27-705(c) did not apply because it dealt with the division of properties and that was not the issue. The issue was whether the two separate lots should be considered as one lot because of the same property owner.

Councilor Weldon explained his motion would modify the decision of the Board of Appeals by proposing a change to the platting which would resolve the issue of building across property lines and preserve the appropriate setbacks.

Vice Mayor Pruette stated the opinion letter from City Attorney White regarding the Board of Appeals not having the authority to allow the construction of a structure across lot lines did not indicate whether it was determined by state law or case law. She questioned what law determined whether or not you could encroach on your own property.

City Attorney White responded the general intent of zoning laws was to avoid building over lot lines and building too close to lot lines. He added the adjoining lots could be replatted and combined into one.

Vice Mayor Pruette felt it was the Council's responsibility to find a way to allow people to use their property. She added there were other buildings in the city that were built across lot lines.

Mayor Brown asked City Attorney White if there was anything wrong with Councilor Weldon's motion to relocate the lot lines. City Attorney White replied that may not be acceptable to the property owner.

Councilor Weldon stated he did not want to negotiate it with the property owner. But it would be an option for them to chose or they pursue other action.

Councilor Lee questioned if the lot lines could be relocated by using a deed restriction. City Attorney White advised he would not recommend that because the Council had no control over deed restrictions.

City Manager Jarboe stated for an example there were other properties within the city that were separated illegally by the property owners bypassing the city and going straight to the Clerk of Courts to have deeds recorded without the city's knowledge.

Councilor Pardee questioned if the motion included all three variance requests or just the one to build across the lot line. Councilor Weldon felt the motion for the replat would solve all the issues so the setbacks on both lots would be adequate. It would reduce the size of Lot A and allow them to build what they wanted on Lot B.

Councilor Pardee asked to hear from the applicants.

Mr. Jeb Branham, Attorney for Ms. Cornelius, stated his opinion differed from that of City Attorney White. He felt the language in Section 27-705(c) was very clear and that it was not limited to splitting lots. It was his opinion that it referred to two or more combinations of lots with continuous frontage under single ownership being considered to be an undivided parcel. He added there were properties throughout Neptune Beach that straddled lot lines including the City Hall building. In 2006 a building permit was issued to build a structure which straddled the lot lines at the corner of Davis Street and Third Street. There was no Ordinance ever passed by the Council stating you could not build across lot lines.

Mayor Brown asked Mr. Branham to comment on the motion made by Councilor Weldon.

Ms. Cornelius stated if the lot lines were reconfigured one of the lots would not be useable without removing the huge magnolia tree. She added they would like to install a swimming pool in the future.

Vice Mayor Pruette asked City Attorney White if he had any suggestions for the Council to consider. City Attorney White replied he gave his opinion on deed restrictions. The Council could allow the property owner to build across the lot line if they so chose.

Vice Mayor Pruette did not like the suggestion to gerrymander the lot lines.

Councilor Weldon withdrew his previous motion.

Councilor Lee questioned if the lot would be nonconforming if the two lots were replatted as one lot. Community Development Director Amanda Askew replied if the two lots were combined into one lot there would be three units on one parcel which was not allowed in the R-4 district and was not supported by the Comprehensive Plan. She added the lots could be separated into three single family lots.

Mayor Brown stated he would like for Councilor Weldon to reconsider his motion.

Councilor Weldon reintroduced the motion, seconded by Lee.

Motion: **TO MODIFY THE DECISION OF THE BOARD OF APPEALS ON MR. NUIJENS PROPERTY TO GRANT THE VARIANCE WITH THE IMPOSITION OF CERTAIN CONDITIONS. THOSE CONDITIONS BEING THAT THE PROPERTY IS REPLATTED TO ACCOMADATE THE STANDARD SETBACKS BETWEEN ADJACENT PROPERTIES.**

Councilor Pardee asked if it would be a violation of the Code if the lots were replatted and the boundaries relocated so that one the lots were smaller than the other one. Mrs. Askew replied it was her opinion that it would be a violation of the Code because the lot with the duplex is currently non-conforming and no changes can be made. City Manager Jarboe stated it was his opinion that it would not be a violation of the Code.

Councilor Lee questioned the replatting of the boundaries of the lots. City Manager Jarboe stated it may violate the code since it adds another nonconforming feature to the lot.

Councilor Lee called the question. City Manager Jarboe stated it would be up to the applicant to Replat the properties.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Weldon, Brown

Noes: 1 – Pruette

COMMUNICATIONS AND CORRESPONDENCE

Deputy City Clerk Karla Strait announced that City Clerk Lisa Volpe was doing well and should be able to return to work in approximately two weeks.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- FEMA is in the process of conducting an on site audit.
- The City audit is also in process.
- The Election is in process and all political signs were properly placed.

Mayor Brown questioned the article in the Shorelines regarding the contamination of Hopkins Creek. City Manager Jarboe replied it would difficult to locate the source of the contamination without conducting a study.

MOTION CARRIED

VARIANCES

V08-15, PDRB 08-06 & PDRB 08-08
240 Third St.

V0-15, VARIANCE REQUEST FOR PARKING, PDRB 08-06, SPECIAL EXCEPTION FOR OUTDOOR DINING & PDRB 08-08, DEVELOPMENT ORDER FOR ROBERTA ROBSON, 240 THIRD STREET. (FORMER TACO BELL PROPERTY) City Manager Jarboe explained the Planning and Development Review Board recommended approval of Yucatan Mexican restaurant at the location of the former Taco Bell.

Roberta Robson, owner of the property located at 240 Third Street, stated she had tenants for the property who were interested in remodeling the old Taco Bell into a Mexican restaurant. She explained in order for to obtain a liquor license to serve margaritas they had to have seating for 150 patrons. The special exception was for outdoor dining and the variance request was to reduce the parking requirement by five spaces. She added that public parking was available in the right-of-way along Third Street.

Councilor Weldon voiced concern regarding the variance for parking. He stated there was already a 50% reduction allowance for required parking in the Central Business District. He questioned the practicality of the design and was concerned it would turn into a stand alone bar in the future. He also voiced concern about the size of the building and the alignment of the building with other buildings along Third Street. He felt the restaurant was too large for the site. He disclosed he is the owner of the office complex south of the property and is concerned his parking lot will be utilized by the restaurant patrons.

Mayor Brown felt the Mexican restaurant was a practical reuse of the property and the seasonal outdoor dining was popular. He did not have any concerns.

Councilor Pardee stated the Planning & Development Review Board recommended approval of the project and he supported the development order.

Councilor Lee was concerned about the outdoor dining deck being located only three feet from Third Street.

Councilor Weldon felt adding the large outdoor dining deck would change the appearance of Third Street. He was concerned that it would become a big party site that would have no parking. He was also concerned that it would become a long term eyesore if the restaurant was not successful.

Councilor Lee stated he would like the tenant to address the Council in order to get a better understanding of the design. He asked Community Development Director Askew if the deck would be built of pervious material. Mrs. Askew responded it would be a wood deck, thus it would not be counted as impervious surface.

Vice Mayor Pruette suggested asking the tenants to attend the October workshop meeting and explain the design in further detail. She also asked Mayor Brown to hold a special meeting after the October workshop meeting to vote on the project.

Mayor Brown asked Kerry Chin, Chairman of the Planning & Development Review Board, to address the Council.

Kerry Chin, Chairman of the Planning & Development Review Board, stated it was a consensus of the planning board this would be a nice project for a vacant lot. The board viewed the 150 seat requirement as "only a number on paper" in order for the tenant to obtain a liquor license. They also felt the restaurant would not be filled to capacity at any given time, therefore allowing the reduction in the required parking spaces. He added at one time there was a verbal agreement for parking between the Village Inn and the owner of the former Taco Bell. The Board also expressed Council's concern regarding outdoor amplified music to Ms. Robson.

Councilor Pardee asked Mr. Chin if the tenants were present at the Planning & Development Review Board meeting. Mr. Chin responded the owner was present but not the tenants.

For the Record

Vice Mayor Pruette stated for the record she supported the project. However, she was concerned about outdoor amplified music.

Councilor Pardee stated the City and Code Enforcement Officer have been pressuring the owner to clean up the property and he felt the development order should be approved.

Moved by Weldon

Motion: **TO TAKE IT BACK TO WORKSHOP AND GET MORE DETAIL FROM THE PEOPLE THAT ARE ACTUALLY GOING TO OPERATE THE RESTAURANT.**

MOTION FAILED FOR LACK OF SECOND.

Vice Mayor Pruette stated she would also like to discuss the details in a workshop meeting.

Councilor Lee stated he did not want to delay the project. However; he would like to hear more details from the tenants. He asked Community Development Director Askew if the building met the Code.

Community Development Director Askew replied the proposal met the front and side yard setbacks and met the Code requirements for impervious surface.

Councilor Lee asked if the Council could place restrictions on the outdoor dining. Mrs. Askew

replied because it was a special exception restrictions could be placed on the outdoor dining.

Councilor Lee asked if Council could limit the outdoor dining to certain hours. Mrs. Askew replied that was correct.

Councilor Lee questioned if the restrictions would be transferred if the property was sold or leased to another tenant. Mrs. Askew replied the restrictions would be conveyed with the property to the new owner.

Councilor Lee asked Mrs. Askew if a new owner or tenant would be allowed to turn the property into a stand alone bar. Mrs. Askew replied a stand alone bar would not be allowed on the property because it was within 800 feet of a church.

Councilor Weldon stated as a restaurant serving alcohol, 51% of the sales would need to be from food. Mrs. Askew replied the state audited that requirement.

Mayor Brown asked Council if they were ready to vote or if they wanted to forward the development order to the October workshop.

Councilor Lee stated he would not be comfortable moving forward without putting restrictions on noise and alcohol. He would like for the tenant to attend the October workshop.

Vice Mayor Pruette also wanted to hear from the tenant at a workshop.

Councilor Lee asked Ms. Robson if the tenants would be willing to attend a workshop meeting to address the Council. Ms. Robson replied she was concerned because her prospective tenants have been waiting for approval from the city for months and she is afraid they may find another opportunity.

Vice Mayor Pruette suggested holding a special meeting after the October workshop to approve the development order if a consensus could be reached.

Mayor Brown stated he could call a special meeting after the October workshop if Council was satisfied.

Moved by Weldon, seconded by Lee.

Motion: **FORWARD TO THE OCTOBER WORKSHOP FOR FURTHER STUDY.**

Roll Call Vote:

Ayes: 3 – Lee, Pruette, Weldon

Noes: 2 – Pardee, Brown

MOTION CARRIED

Councilor Lee asked if there would be a special meeting held after the October workshop meeting to vote on the development order. Mayor Brown replied he would call a special meeting if enough information was gathered for the majority of the Council to make a decision.

ORDINANCES

Ord. No. 2008-13

ORDINANCE NO. 2008-13, SEASONAL SALES, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 17, SALES, ARTICLE III OPEN AIR SALES AND MARKETS, ADDING SECTION 17-47 SEASONAL SALES AND PROVIDING AN EFFECTIVE DATE.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2008-13 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2008-14

ORDINANCE NO. 2008-14, ALLOWING DOGS IN OUTSIDE DINING AREAS, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS ADDING SECTION 27-339 ALLOWING DOGS IN OUTSIDE DINING AREAS UNDER CERTAIN CONDITIONS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this ordinance would allow dogs to dine in outdoor seating areas at restaurants as long the restaurant owner complied with the State guidelines.

Councilor Weldon voiced concerns about dangerous dogs being allowed in the outdoor seating areas at Sun Dog Diner and Carribbee Key because they were located on public property. City Attorney White explained the outdoor seating contracts contained clauses releasing the city of liability.

Mayor Brown read Ordinance No. 2008-14 by title only and opened the public hearing.

Allen Martin, 1113 First Street, favored the Ordinance.

There being no further comments from the public, the public hearing was closed.

Mayor Brown stated it would be a business decision made the restaurant owner as to whether or not to allow dangerous dogs to dine on their property.

Vice Mayor Pruette felt pets were part of the community and should be allowed to dine with their owners in outdoor areas. She added it would be the restaurant owner's decision as to whether or not they wanted to allow dogs in outside dining areas.

Councilor Lee was concerned the city had not yet defined "Dangerous Dogs". He was expecting the Dangerous Dog Committee to report to the Council before this ordinance was discussed.

Councilor Pardee stated the city banned dogs from the beach during certain hours because beach goers were intimidated by them. He felt restaurant patrons might also be intimidated. He added it would be the responsibility of the city to enforce the state guidelines and report incidences to the state. He was concerned how the ordinance would be enforced by the city. He also would like read the minutes from the Animal Ordinance Committee regarding their discussion of dog dining.

Mayor Brown stated he would like more input from the public and the restaurant owners. He added since there was no urgency to adopt the ordinance he would support moving it to the October workshop.

John Brocato, owner of Carribbee Key, felt the ordinance should be consistent. He would rather not allow dogs to dine outdoors at all if he had to make the decision regarding which ones to allow and which ones not to allow.

Councilor Lee also wanted to hear more from the public, the restaurant owners, and the Animal Ordinance Committee at the October workshop meeting.

Councilor Weldon felt if the ordinance was adopted it would place too much pressure on restaurant owners to allow dogs to dine in outside areas.

Consensus: **FORWARD TO THE OCTOBER WORKSHOP TO GATHER MORE INFORMATION FROM THE PUBLIC, THE RESTAURANT OWNERS, AND THE ANIMAL ORDINANCE COMMITTEE.**

OLD BUSINESS / NONE

NEW BUSINESS

Res. No. 2008-17 **RESOLUTION NO. 2008-17, BOARD APPOINTMENTS:** A RESOLUTION APPOINTING MEMBERS TO THE POLICE OFFICERS RETIREMENT FUND BOARD.

City Manager Jarboe explained the Police Officer's Retirement Fund Board was made up of two residents appointed by city council, two members appointed by the police officers, and a fifth member appointed by the Board.

Donald Padgett, 2102 First Street, Secretary for the Board, stated he had been on the board for approximately ten years. He is a Certified Public Accountant, and also spends time providing advice on stocks and bonds as well as taxes.

Councilor Weldon stated Mr. Padgett's education and experience was exactly the type of member the Board needed. He would like to have more information as to where the fund stood in general. He was concerned because the city had a very large liability to the retirement fund in the event that the investments being made by the Board did not work out well. He also felt the Council should be more cognizant of the status of the Board's investments.

Mr. Padgett explained the board hired outside firms to manage and monitor the investments.

Councilor Weldon stated in addition to hearing from the retirement fund managers at the October workshop meeting, he would also like staff to give an insight into any existing investments for bonds that the city currently maintained. He would also encourage staff to try to anticipate how the economic crisis is going to affect the city.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION NO. 2008-17**

Director of Public Services Leon Smith

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The Florida Department of Transportation has offered to help with the repairs of the infrastructure by using their contractor which one third the cost the city would have paid.

PUBLIC COMMENTS

Dana Pardee, 1421 Penman Road, supported the development order for 240 Third Street and felt Councilor Weldon should abstain himself from the vote because he owned an office building next door. She also felt some council members should be more business friendly.

Sandy Golding, 1203 18th Avenue North, Jacksonville Beach, Secretary of the Animal Ordinance Committee, advised the Council the committee unanimously recommended the City of Neptune Beach pass the Ordinance to give restaurants the opportunity to allow dogs to dine with their owners in outdoor dining areas.

Valerie Pickett, 351 4th Street, Atlantic Beach, owner of Slider's Grill, supported giving the restaurant owners the opportunity to allow outdoor dog dining.

Carolyn Zisser, 302 Third Street, Suite 6, Ocean Office Plaza, strongly opposed the

variance for parking and the special exception for outdoor seating for 240 Third Street.

David Linger, 1817 Hopkins Creek Lane, owner of property in Ocean Office Plaza, opposed the development order for 240 Third Street due to parking issues.

David Sall, M.D., 246 Third Street, owner of five units in the Ocean Office Plaza, opposed the development order for 240 Third Street due to parking issues.

Patricia Stacey Sall, 2946 Bernice Court, Ocean Office Plaza, opposed the development order 240 Third Street due to parking issues.

Michael Aston, 1522 Summers Sands Drive, thanked the Council for taking the time to consider negative effects of commercial developments to the community and its citizens.

PROPOSED ORDINANCES

Dogs Dining Outside

ORDINANCE NO. 2008-14, DOGS DINING OUTSIDE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ADDING SECTION 27-339 ALLOWING DOGS IN OUTSIDE DINING AREAS UNDER CERTAIN CONDITIONS IN THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE DATE.

Councilor Lee stated the Animal Control Committee unanimously recommended approval of the ordinance and the owners of restaurants have had indicated they would like the opportunity to allow dogs to dine outside with their owners. He supported the ordinance but suggested the Council review the ordinance in July 2009 when the State Statute expires.

Councilor Pardee suggested that a permitting process be in place before the adoption of the ordinance. He would also like to know what cost the city would incur as a result before it is adopted.

Mayor Brown stated he supported allowing restaurant owners the freedom to make the decision.

Vice Mayor Pruette supported the ordinance and stated it would be consistent with Atlantic Beach.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING FOR FIRST READ AND PUBLIC HEARING.**

Alcoholic Beverages

ORDINANCE NO. 2008-XX, ALCOHOLIC BEVERAGES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4 ALCOHOLIC BEVERAGES, ARTICLE I IN GENERAL, SECTION 4-4 LOCATION OF ESTABLISHMENTS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon questioned if paragraph (d) of the ordinance would allow grocery stores and drug stores selling beer and wine to be exempt from the distance requirements related to selling alcohol of stronger content. City Attorney White replied that grocery stores and drug stores would not be exempt.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING FOR FIRST READ.**

Variance Appeals

ORDINANCE NO. 2008-XX, VARIANCE APPEALS: AN ORDINANCE OF THE CITY OF

NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES DIVISION 8 VARIANCES SECTION 27-153 PROCEDURE FOR APPEAL AND DELETING SECTION 27-154 APPEAL OF CITY COUNCIL DECISIONS ON VARIANCES IN THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon, sponsor of this appeals procedure ordinance, requested it be removed from the agenda permanently.

Consensus: **TO WITHDRAW THE APPEALS PROCEDURE ORDINANCE PERMANENTLY.**

CONTRACTS / AGREEMENTS

Neptune Beach
Elementary Park

NEPTUNE BEACH ELEMENTARY SCHOOL PARK LEASE AGREEMENT: City Manager Jarboe stated he met with the principal of the Neptune Beach Elementary School and the Pop Warner Group and they came to some agreements. He was in the process of writing a lease agreement that would satisfy all three parties. He felt it could be removed from the agenda.

Consensus: **TO ALLOW THE CITY MANAGER TO WRITE THE LEASE AGREEMENT THAT WOULD SATISFY ALL THREE PARTIES.**

Agenda Amendment

Councilor Weldon suggested, for the benefit of the assembly, moving forward with item 8-E Development Order for 240 Third Street.

Former Taco Bell
250 Third Street

V08-15, VARIANCE REQUEST FOR PARKING, PDRB 08-06, SPECIAL EXCEPTION FOR OUTDOOR DINING & PDRB 08-08 DEVELOPMENT ORDER FOR ROBERTA ROBSON, 240 THIRD STREET, (FORMER TACO BELL PROPERTY)

Community Development Director Amanda Askew explained she met with the applicant after the last meeting. They reviewed the site and found one additional parking space. The revised variance request is for a reduction of four parking spaces. They also provided a letter indicating they would place voluntary restrictions on the outdoor dining area. She suggested making the voluntary restrictions part of the motion.

Vice Mayor Pruette felt the applicants made a fair compromise in the letter they provided and addressed the issues. She suggested if parking became an issue with Ocean Office Plaza that the owners should enforce no parking signs.

Mayor Brown also felt the compromise was fair. He did not feel the restaurant with the outdoor deck would create a drastic change in that of the commercial district.

For the Record

Councilor Pardee felt the applicants clarified the concerns of the Council in their letter. He added, for the record, he had a state plan reviewer's license and he did look at plans.

Councilor Lee stated the plans did not include signage and they would have to obtain a separate permit from the city. He asked the applicants to address the Council.

Harleston Parkes, Architect for the project, stated parking was the biggest issue. However, if the on street parking in front of the site and in front of Village Inn was included they would only be short one space. The restaurant would be an informal, family oriented restaurant and not a bar.

For the Record

Vice Mayor Pruette questioned for the record if they would have outdoor amplified music. Mr. Parkes replied they may decide to have amplified music inside but there would be no

amplified music outside.

Councilor Lee asked Ms. Robson if she felt the project would be developed. Ms. Robson replied she has been corresponding with the proposed tenants and they were very serious. He asked if they had tried to make an agreement with Village Inn for parking. Ms. Robson felt trying to work out a parking agreement with Village Inn would have taken too much time and she was eager to get approval for the restaurant.

Consensus: **FORWARD TO THE SPECIAL MEETING FOR A VOTE.**

Recess / Reconvene Mayor Brown recessed the workshop meeting at 7:05 p.m. and reconvened the workshop meeting at 7:25 p.m.

ISSUE DEVELOPMENT

City Bonds **CITY BONDS:** Director of Finance Steve Ramsey gave a brief summary regarding city debts.

PORF Investments **POLICE OFFICERS RETIREMENT FUND BOARD INVESTMENTS:** Don Padgett, Police Officers Retirement Board Member, gave a brief report on the PORF Board investments.

Safe Routes for Schools **SAFE ROUTES FOR SCHOOLS:** Councilor Lee stated the Pedestrian Safety Resolution included safe routes for schools. He asked Council to review the material provided in their agenda packets regarding the Safe Ways to School program because he would like to see this become a reality over the next year.

Public Safety Bldg. **RENAMING OF THE PUBLIC SAFETY BUILDING:** Sgt. Adam Militello explained in honor of Lt. James P. Kelly's untimely death due to cancer he would like to rename the Public Safety Building the "James P. Kelly Memorial Police Headquarters".

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING CONSENT AGENDA.**

Adjournment There being no further business, the meeting adjourned at 7:58 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pardee was concerned about the placement and removal of political signs on public property. He suggested placing the political sign ordinance on the September workshop agenda.

Vice Mayor Pruette publicly announced she felt the city staff did an outstanding job removing the storm debris left behind by Tropical Storm Faye.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The Public Services Department did an excellent job removing the storm debris left behind by Tropical Storm Faye.
- Since the manholes have been repaired there has been six thousand gallons less infiltration.
- The Kings Road Bridge contract has been signed and finalized. According to the contract the work must be completed within six months.
- The Public Safety Department was commended for their assistance before, during and after Tropical Storm Faye.

Councilor Lee questioned the progress of the new playground equipment for the parks. Community Development Director Amada Askew replied the City of Jacksonville has received new bids for the playground equipment and it would take four to six weeks for the equipment to arrive.

Deputy City Clerk Karla Strait, CMC

Director of Finance, Steve Ramsey
Director of Public Safety, Chief Sembach
Director of Public Services, Leon Smith

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and explained the meeting was called in order to meet the requirements for adopting the millage rate and final budget.

Ord. No. 2008-11

ORDINANCE NO. 2008-11, ADOPTING FINAL MILLAGE RATES AND LEVYING AD VALOREM TAXES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA ADOPTING FINAL MILLAGE RATES AND LEVYING AD VALOREM TAXES FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2008, AND ENDING SEPTEMBER 30, 2009, SETTING FORTH CERTAIN INFORMATION REGARDING "ROLLED-BACK RATES" DIRECTING THE CITY MANAGER TO ADJUST THE ADOPTED MILLAGE RATES IN THE EVENT OF CHANGES IN THE ASSESSMENT ROLL AND TAXABLE VALUE PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2008-11 by title only and opened the public hearing. There being no comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2008-11 ON SECOND AND FINAL READ.**

Councilor Lee stated for the record he wanted to make sure the citizens understood in 2005 and 2006 the millage rate was 2.9. In 2007 the Council reduced the millage rate to 2.6. This year the rate was set at 2.715. He explained the extra \$25,000 homestead exemption added another 8% reduction in property taxes. He also pointed out the city reduced the budget by \$140,000 in expenses from the general fund. He explained property tax bills may have increased due to an increase in property values.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2008-12 ORDINANCE NO. 2008-12, ADOPTING A FINAL BUDGET, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA ADOPTING A FINAL BUDGET AND APPROPRIATING FUNDS FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2008, AND ENDING SEPTEMBER 30, 2009; PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2008-12 by title only and opened the public hearing. There being no comments from the public, the public hearing was closed.

Moved by Pardee, seconded by Lee.

Councilor Lee explained the enterprise fund was separate from the general fund. The goal of the enterprise fund was to charge citizens for the cost of services. The increases in water rates were due to the Department of Environmental Protection mandating a reduction in nitrogen levels. This mandated requirement was unfunded by the federal government thereby the city had to raise rates.

Motion: **TO ADOPT ORDINANCE NO. 2008-12 ON SECOND AND FINAL READ.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Due to a conflict, Mayor Brown excused himself from the meeting at 6:15 p.m. and turned the gavel over to Vice Mayor Pruette.

Automatic Bar
Screen

AUTOMATIC BAR SCREEN – REQUEST FOR PROPOSALS: City Manager Jarboe explained the automatic bar screen was a filter that prevented large items from getting into the water treatment plant and is required on all sewer plants. The current bar screen needed to be replaced. The first request for proposals drew no qualified bidders. One bid for \$91,000 was received on the second request.

Moved by Weldon, seconded by Lee.

Motion: **TO AUTHORIZE THE CITY MANAGER TO ACCEPT THE PROPOSAL PRESENTED TO THE CITY FOR THE AUTOMATIC BAR SCREEN SYSTEM FOR THE WATER PLANT.**

Councilor Pardee questioned if the amount was comparable to other similar cities. City Manager Jarboe replied the cost was comparable for a city of our size. The money has been budgeted for this year.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Weldon, Pruette

Call to Order/Roll Call Vice Mayor Pruette called the meeting to order at 6:20 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The contractor has inspected the Kings Road Bridge and the construction should begin next week. Residents will be notified before construction begins that the bridge will be closed and the City of Jacksonville Beach will be opening the rear gate for access.

Councilor Lee stated it was September of 2008 and asked Director of Finance Steve Ramsey when the new computer system would be up and running. Mr. Ramsey replied the glitch in the billing has been corrected and he hoped the system would be up and running soon.

Councilor Pardee questioned when the Animal Ordinance Committee would be reporting to the Council. City Manager Jarboe replied the committee would provide a report at a workshop meeting once their meeting process was completed.

Councilor Weldon asked if the dog dining issue was deferred until the Animal Ordinance Committee gave their report. City Manager Jarboe replied that was correct and the Animal Ordinance Committee was considering the dog dining issue during their meeting sessions.

PUBLIC COMMENTS / NONE**PROPOSED ORDINANCES**

Seasonal Sales

ORDINANCE NO. 2008-XX, SEASONAL SALES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 17 SALES, ARTICLE III OPEN AIR SALES AND MARKETS, ADDING SECTION 17-47 SEASONAL SALES AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Pruette asked Mr. Rick Sauls if he had any concerns with the Ordinance. Mr. Sauls asked if the time period for the sale of Christmas trees could be adjusted to the Wednesday before Thanksgiving.

City Manager Jarboe stated the Ordinance also allows non-profit organizations to conduct three seasonal sales per year.

Consensus: **TO AMEND THE SEASONAL SALES ORDINANCE AS FOLLOWS: THE SALE OF CHRISTMAS TREES MAY TAKE PLACE FROM THE TUESDAY BEFORE THANKSGIVING LAST WEEK IN NOVEMBER TO DECEMBER 24TH.**

Variance Appeals

ORDINANCE NO. 2008-XX, VARIANCE APPEALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES DIVISION 8 VARIANCES SECTION 27-153 PROCEDURE FOR APPEAL AND DELETING SECTION 27-154 APPEAL OF CITY COUNCIL DECISIONS ON VARIANCES IN THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon, sponsor of the Ordinance, asked to defer this Ordinance to the October Workshop while more information is gathered.

Consensus: **TO DEFER TO THE OCTOBER WORKSHOP MEETING.**

Irrigation

ORDINANCE NO. 2008-XX, IRRIGATION: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 23, UTILITIES, ARTICLE II WATER; AMENDING SECTION 23-27 LAWN WATERING RESTRICTIONS AND PROVIDING AN EFFECTIVE DATE.

Councilor Lee, sponsor of the Ordinance, asked to defer this Ordinance until a later date.

Consensus: **TO DEFER THE IRRIGATION ORDINANCE UNTIL FURTHER NOTICE.**

Alcoholic Beverages

ALCOHOLIC BEVERAGES, CHAPTER 4, LOCATIONS: Councilor Weldon stated he would like to limit the number of package stores in the commercial district by imposing the 800 foot separation from liquor store to liquor store, churches and schools. He also felt there should be an exemption for grocery stores, convenient stores, and drug stores that sell beer and wine only.

Councilor Pardee suggested separating the definition of alcoholic beverages into two and creating one license for liquor, and one for beer and wine. He felt this would make it easier to enforce the 800 foot separation.

Consensus: **CITY ATTORNEY WHITE AND COMMUNITY DEVELOPMENT**

DIRECTOR TO DRAFT A PROPOSED ORDINANCE.

Campaign Signs

CAMPAIGN SIGNS: Councilor Pardee was concerned about political signs being placed in City right-of-ways. He suggested changing the Code from “only the Code Enforcement Officer can remove the signs from the city right-of-ways”, to allowing anyone to be able to remove them. He added that signs placed in the right-of-ways are considered abandoned property.

Councilor Weldon suggested the City Manager direct the Code Enforcement Officer to be more aggressive in removing political signs from the right-of-ways.

Councilor Pardee suggested the Code Enforcement Officer contact the candidate when one of their signs are removed and give them the option to keep the sign.

City Manager Jarboe stated the signs would be held at the city yard and the candidates would be notified to pick them up.

Consensus: **DIRECT STAFF TO AGGRESSIVELY ENFORCE THE SIGN ORDINANCE REGARDING POLITICAL SIGNS IN PUBLIC RIGHTS-OF-WAYS.**

CONTRACTS / AGREEMENTSNeptune Beach
Elementary Park

NEPTUNE BEACH ELEMENTARY SCHOOL PARK LEASE AGREEMENT: City Manager Jarboe explained the school had concerns regarding Pop Warner using their ball field. He met with the principal of the school and drafted this use agreement for Council consideration. The agreement sets requirements for Pop Warner to maintain the field during the season. He added the city currently provides maintenance of the field two days per week.

Councilor Lee agreed the field needed to be maintained properly. He hoped a compromise could be reached between the parties so the city could continue to lease the property for use as a city park. However, if an agreement could not be reached the city could no longer lease the property and the school board would be solely responsible for the maintenance of the field. He added the principal of the school was in control as to whether or not she wanted to accept the use agreement.

Sherri Nicholson, past Neptune Beach Elementary School PTA Member, stated the PTA raised \$17,000 to build the field and placed the 75,000 square feet of Bermuda grass. Their biggest concern at the time was maintenance. There was an agreement with Pop Warner from the beginning that if they saw the field starting to wear they would move elsewhere. She felt the agreement with Pop Warner needed to be reevaluated. She hoped the city would hold on to the lease / use agreement to use as a city park.

Dean Prince, Pop Warner representative, stated he has been involved with Jacksonville Beach Pop Warner for thirteen years. They have approximately 250 children in the program, 14% are Neptune Beach residents. They want to be good stewards for the city and continue to provide a service for the citizens. He would have to get approval from the Pop Warner Board to assist with the field maintenance.

Vice Mayor Pruette asked if both groups were in favor of the lease / use agreement. Mrs. Nicholson and Mr. Prince both agreed they were in favor of the agreement.

Councilor Weldon asked Mr. Prince if he would be willing to have one team play on the field at a time. Mr. Prince replied “yes” if that was in the agreement.

Councilor Weldon asked if the city would be able to mow the field and empty the trash cans twice a week. City Manager Jarboe responded this would take away from the maintenance of other parts of the city. He added that the School Board should be supplying maintenance toward the field.

Councilor Pardee asked City Manager Jarboe what it would cost the city to continue to mow the field and empty the trash cans twice per week.

Consensus: **CITY MANAGER TO MEET WITH THE PARTIES INVOLVED TO WORK OUT A USE AGREEMENT AND FORWARD TO THE OCTOBER REGULAR MEETING.**

ISSUE DEVELOPMENT

Crafternoon

USE OF JARBOE PARK – CRAFTERNOON: City Manager Jarboe explained the craft workshop for girls would take place on Saturday, November 8, 2008. They were requesting use of Jarboe Park at the location near the basketball court and in front of the Girl Scouts building.

Consensus: **FORWARD TO THE CONSENT AGENDA.**

Wind Energy

WIND ENERGY – RESIDENT PAUL NICHOLSON: Mr. Paul Nicholson gave a presentation regarding wind energy and permitting small wind turbines.

City Manager Jarboe asked Mr. Nicholson to provide copies of ordinances from similar cities that permitted the wind turbines for his review.

Adjournment

There being no further business, the meeting adjourned at 8:05 pm.

Richard A. Brown, Mayor

Building Official Don Ford

ABSENT:

Vice Mayor Harriet Pruette
Councilor Fred E. Lee

Order Call

Mayor Brown called the special meeting to order at 5:30 p.m. and explained the meeting was called in order to discuss political signs.

Res. No. 2008-16

RESOLUTION NO. 2008-16, POLITICAL SIGNS: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA DIRECTING STAFF CONCERNING THE PLACEMENT OF POLITICAL SIGNS ON PUBLIC PROPERTY.

Whereas, Political signs are not allowed on public property by City Code.

Whereas, Staff has expressed its concern to the Council concerning residents and candidates not knowing where public property begins and ends in front of their residences.

Whereas, The Council wants to clear up any confusion that residents, candidates, and staff may have concerning the placement of political signs.

Whereas, the City Council of the City of Neptune Beach, Florida, has determined that it is necessary to set forth guidelines for residents, candidates, and staff concerning political signs.

Now, Therefore, be it ordained by the City Council of Neptune Beach, Florida, the following rules apply to the placement of political signs:

Rules for placement of political signs in the residential zoned areas of the City –

1. All political signs in residential zoned areas must be placed at least six feet from

- the roadway, but in no case on the roadway side of side walks.
2. No political signs may be placed on public property within fifty feet of the Five-way Intersection (Penman, Forrest Ave., and Florida Blvd.), Third Street/Florida Blvd., the Third Street/Myrtle Street and Third Street/Seagate Intersections.
 3. No Political signs may be placed on Third Street, Penman Road, and Florida Blvd. (from Penman Road to Mayport Road) on public property.
 4. The Code Enforcement Officer, with the assistance of other City staff, is charged with the removal of political signs that do not comply with rules 1, 2, and 3 above.

The Resolution shall become effective after passage by the City Council

City Manager Jarboe stated staff was directed at the September 22, 2008, Workshop meeting to aggressively remove political signs from the city right-of-ways. However, after hearing many complaints from candidates and residents, he suspended picking up signs until further direction from the Council.

Councilor Weldon stated the direction given staff by the Council to aggressively remove political signs from the right-of-ways was not intended for code enforcement officers to remove the political from perceived front yards. City Manager Jarboe explained staff only removed the signs from public rights-of-ways. He added it is sometimes hard to interpret where the rights-of-ways are located.

Councilor Weldon suggested Council redirect staff to continue the aggressive enforcement in commercial rights-of-ways, major intersection, and major thoroughfares only, not in residents perceived front yards.

City Manager suggested striking number 1 from the resolution as follows.

~~1. All political signs in residential zoned areas must be placed at least six feet from the roadway, but in no case on the roadway side of side walks.~~

Councilor Pardee still felt the signs should be placed some distance from the road side of the sidewalk. .

Councilor Weldon suggested that number one be amended as follows:

1. All political signs in residential zoned areas ~~must be placed at least six feet from the roadway, but in no case~~ may not be placed on the roadway side of side walks.

Moved by Weldon, seconded by Pardee.

Motion: **TO ADOPT RESOLUTION NO. 2008-16 AS AMENDED.**

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

City Manager Jarboe stated he received a letter from Paul West, President of the Florida Surfing Association, requesting to hold a surfing tournament in Neptune Beach Central Business District on September 20, 2008. If there were no objections from the Council he would approve the request.

City Clerk Lisa Volpe announced the qualifying period to run for City Council is August 25th through the 29th.

CITY MANAGER REPORT

- There was a major lightning strike at the water plant. The repairs should be covered by insurance.
- There was a major water break on Second Street. Public Services were able to do the repairs.
- The Town Center parking problem has lessened.

COMMENTS FROM THE PUBLIC / NONE

CONSENT AGENDA

Res. No. 2008-13

RESOLUTION NO. 2008-13: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA SETTING THE RULES AND STANDARDS FOR THE USE OF JARBOE PARK BY GROUPS AND ACTIVITIES.

Vice Mayor Pruette suggested adding the following language to the Resolution: The City Manager may allow a special non-fund raising community event to take place when there is not time to send to Council for approval.

Councilor Lee suggested amending the long term use definition of more than two days a year. City Manager Jarboe stated he would meet with Councilor Lee regarding the amendment and bring it back to the Council.

Moved by Pruette, seconded by Lee.

Motion: TO APPROVE RESOLUTION NO. 2008-13 AS AMENDED.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

VARIANCES

Appeal
V08-08
111 Palm Place
VT Properties

APPEAL TO THE CITY COUNCIL FOR FINAL DECISION OF THE BOARD OF APPEALS WITH RESPECT TO VARIANCE V08-08, 111 PALM PLACE, VT PROPERTIES, LLC: City Attorney White reminded the Council they were to review the record of the hearing conducted by the Board of Appeals. No new evidence may be presented or considered unless it pertained to events or circumstances which have substantially changed since the Board of Appeals decision. The reason for the appeal was the allegation that the decision of the Board of Appeals was not supported by competent substantial evidence and testimony produced at the public hearing. The Supreme Court defines competent substantial evidence as such relevant evidence that a reasonable mind would accept as adequate to support a conclusion.

Councilor Weldon stated there were forty five pages of testimony and other details that were hard to digest without guidance or background. He asked if Attorney Paul Eakin, Community Development Director Amanda Askew, and Chair of the Board of Appeals Chris Chin, could address the Council and explain what was said at the public hearing.

City Attorney White explained the law required Council to review the record of the hearing and decide if there was competent substantial evidence to uphold the decision of the Board of Appeals. He suggested the Council review the verbatim and the record provided in the agenda packet. The Code clearly states the appeal is based on the record presented at the Board of Appeals not additional testimony or arguments.

Councilor Lee explained the variance request was to exceed the front setback by five feet for construction of a deck. Councilor Weldon stated he understood the request was to construct a deck on the north side of the house with the hardship being that they had lost their ocean view and should be entitled to a variance to recover that view.

City Attorney White suggested the Council ask a representative from each side to state their summary of the issue.

Paul Eakin, 599 Atlantic Boulevard, Suite 4, Atlantic Beach, Florida, Attorney for the appellants, Mr. and Mrs. John Kokawbany, 110 Palm Place, and Mr. and Mrs. Vickers, 1008 Oceanfront, read the following opening statement as submitted on the application for appeal: "The Board of Appeals granted variance V08-08 without substantial competent evidence that the applicant suffered a unique hardship and peculiar circumstances. The alleged hardship was self created. The applicants purchased the property in its present configuration with the knowledge of present non-conformity and the granting of this variance confers a special privilege on the applicants that is denied by the ULDC to other lands buildings and structures in the same zoning district." Also in the record the applicants allege the loss of the oceanfront view as their hardship. He added that on page two of the verbatim Mr. Fred Cattar talks about how the board wrestled with the same issue in the past on the exact same street and why they voted against it.

He added that on page thirty of the verbatim Mrs. Chin states she did not believe the variance was consistent with the ULDC and she felt the hardship had been created by the owners. It was important to remember that the owners are Doctor and Mrs. Von Thron and they expanded their property to obscure view of the ocean to their rental property.

Mrs. Ann Von Thron, 1012 Oceanfront, 111 Palm Place, stated she never had an ocean view at that location. Attorney Paul Eakin objected to her statement for the record. Councilor Weldon asked Mrs. Von Thron to summarize her variance request without any additional information. Mrs. Von Thron stated they asked to build a deck on the front of the property that would allow an oceanfront view, and improve the quality of the neighborhood.

Councilor Weldon felt he now had enough information to make a decision. He stated he did not see how the Council could consider granting a variance to an existing non-conforming unit on the basis of a desire to have an ocean view.

Vice Mayor Pruette agreed the need for an ocean view should not be considered a hardship.

Councilor Lee asked if the previous granting of a similar variance one year ago on the same street had any precedent.

City Attorney White stated the Code and Florida Law was clear that a variance can not be based on the granting or non-granting of a previous variance.

Councilor Pardee stated he appreciated the different board members and their opinions. He felt the evidence the board heard at the hearing gave the board the ability to make their own decision.

Councilor Weldon clarified for the record he was not basing his decision on what he heard tonight. He was basing his decision on the record presented in the agenda packet and the information that was clarified tonight.

Vice Mayor Pruette also clarified she was not basing her decision on what was said tonight. She stated she supports the Board of Appeals. But she also felt not having an ocean view was not a hardship.

Moved by Weldon, seconded by Pruette.

Motion: **TO REVERSE THE ACTION OF THE BOARD OF APPEALS AS RELATED TO VARIANCE REQUEST V08-08, 111 PALM PLACE.**

Councilor Lee stated he was confused by Councilor Weldon's decision to reverse the action of the Board of Appeals. He added there was discussion regarding supporting the Boards.

Councilor Weldon agreed at every opportunity the Council should support the decisions of the volunteer boards. He felt in this instance, after having read the material and receiving clarification, the Board of Appeals did not make the right decision.

Mayor Brown explained without the appeal process the Board's decision would be final. He felt the appeal process was an appropriate phase.

Councilor Weldon asked Council to consider amending the Code to have appeals go directly to the Circuit Court in the future.

Roll Call Vote:

Ayes: 3 – Pruette, Weldon, Brown

Noes: 2 – Lee, Pardee

MOTION CARRIED

ORDINANCES

Ord. No. 2008-09

ORDINANCE NO. 2008-09, POLICE OFFICERS RETIREMENT SYSTEM, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING CHAPTER 2, ADMINISTRATION, ARTICLE V, EMPLOYEE BENEFITS, DIVISION 4, POLICE OFFICERS' RETIREMENT SYSTEM, OF THE CODE ORDINANCES OF THE CITY OF NEPTUNE BEACH; AMENDING SECTION 2-346, MEMBERSHIP; AMENDING SECTION 2-347, BOARD OF TRUSTEES; AMENDING SECTION 2-349.5, OPTIONAL FORMS OF BENEFITS; AMENDING SECTION 2-349.15, DOMESTIC RELATIONS ORDERS; RETIREE DIRECTED PAYMENTS; EXEMPTION FROM EXECUTION, NONASSIGNABILITY; PROVIDING FOR CODIFICATION; PROVIDING FOR SEVERABILITY OF PROVISION; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

Moved by Pardee, seconded by Pruette.

Mayor Brown read Ordinance No. 2008-09 by title only and opened the public hearing. There being no comments from the public, the public hearing was closed.

Motion: **TO ADOPT ORDINANCE NO. 2008-09 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

Ord. No. 2008-10

ORDINANCE NO. 2008-10, UNIFIED LAND DEVELOPMENT REGULATIONS, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING THE CODE OF ORDINANCES CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, ARTICLE I, IN GENERAL, SECTION 27-15 DEFINITIONS, ARTICLE IV, LAND USE, SECTION 27-225, USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, TABLE 27-226-1 AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2008-10 by title only and opened the public hearing.

Michael Aston, 1523 Summer Sands Drive, was not opposed to remodeling the existing gas station but was concerned about allowing more gas stations.

There being no further comments from the public, the public hearing was closed.

Moved by Pardee, seconded by Pruette.

Councilor Pardee felt the citizens of Neptune Beach deserved to have gas stations within the city limits instead of having to wait in line in other cities.

Councilor Weldon stated for the record that his support for this ordinance was based strictly on providing a means for the Shell Station on the corner of Atlantic Boulevard and Penman Road to remodel and in no way to encourage future development of gas stations in Neptune Beach.

Motion: **TO PASS ORDINANCE NO. 2008-10 ON FIRST READ AND PUBLIC HEARING.**

Roll Call Vote:

MOTION CARRIED

OLD BUSINESS

TMDL

AUTHORIZE CITY MANAGER TO NEGOTIATE A CONTRACT WITH TOP TMDL FIRM: City Manager Jarboe stated three proposals were received for the TMDL. He asked the Council to allow him to negotiate a contract with ATM engineering firm. If a contract could not be reached with ATM, he would negotiate with the second and third place proposals.

Councilor Weldon felt an engineering firm would be helpful in figuring out a cost effective way to reduce the nitrogen content as imposed by the federal government without federal funding.

Moved by Pruette, seconded by Lee.

Motion: **TO AUTHORIZE THE CITY MANAGER TO NEGOTIATE A CONTRACT WITH ATM AND THEN IF NECESSARY THE SECOND AND THE THIRD FIRMS.**

Employee Health
Insurance

EMPLOYEE HEALTH INSURANCE: City Manager Jarboe explained he received quotes from other health insurance agencies because the present insurance policy with Humana was going to increase by 31% this year. He asked Council to allow him to negotiate a contract with AvMed. The Avmed plan would require a deductible for employees but the cost to the city would be very similar to the current Humana plan.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE THE AVMED HEALTH PROPOSAL.**

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Vice Mayor Pruette acknowledged two boy scouts in the assembly and asked them to come forward and introduce themselves. Boy Scouts Jake Petzell and Bill Young introduced themselves and explained they were working toward earning their merit badges.

Vice Mayor Pruette asked Council to consider asking Duval County by resolution to have hazardous waste picked up at the beaches more frequently than once per year.

Councilor Lee asked Council to consider appointing a Jarboe Park Foundation to help fund park improvements.

Councilor Pardee publicly thanked the City of Jacksonville for adding a turn lane at Seagate Avenue and Penman Road.

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:03 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The State and the City of Jacksonville have approved the bidding for the Kings Road Bridge repairs.
- Due to Tropical Storm Fay Public Services began cleaning gutters and storm drains. They would also be removing all political and real estate signs, newsstands and other items that may be movable until after the storm passes.
- The Penman Road repaving was in process.

Councilor Lee asked the City Manager to have the graffiti removed from Mayport Flyover.

Vice Mayor Pruette questioned the progress of the new playground equipment for Jarboe Park. Community Development Director Amanda Askew responded the city was not satisfied with the equipment chosen by the City of Jacksonville and asked them to rebid the project.

PUBLIC COMMENTS

Barbara Jackson, 2001 Cherokee Drive, favored the proposed fertilizer and irrigation ordinance although she felt it would be hard to enforce.

Rick Sauls, 126 Cedar Street, asked Council to review the outside sales ordinance to allow him to continue selling Christmas trees in Penman Plaza.

Consensus: **TO PLACE OUTDOOR SALES ON THE SEPTEMBER WORKSHOP MEETING AGENDA.**

PROPOSED ORDINANCES

Outdoor Dog Dining

ORDINANCE NO. 2008-XX, DOG DINING AREAS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ADDING SECTION 27-339 ALLOWING DOGS IN OUTSIDE DINING AREAS UNDER CERTAIN CONDITIONS IN THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained pet dining was not currently allowed in Neptune Beach. However, by State Statute the Duval County Health Department would allow pet dining if all conditions were met and a city permit was obtained.

Vice Mayor Pruette felt this would allow restaurant owners the opportunity to allow outdoor pet dining if they chose to abide by the strict state guidelines.

Councilor Lee suggested the Animal Ordinance Committee consider the outdoor pet dining proposal since they were already in the process of making recommendations to Council to change the animal ordinance.

Mayor Brown agreed that he would like to hear what the Animal Ordinance Committee recommended regarding outdoor pet dining.

Councilor Pardee also agreed the Animal Ordinance Committee should review the idea.

Vice Mayor Pruette asked to hear from the following restaurant owners:

Curtis Winter, 207 Atlantic Boulevard, Sun Dog, stated he was not aware that his patron's pets were not allowed to dine in the outdoor seating area of the restaurant until the Duval Health Department arrived. He has not had any other problems or complaints from customers.

John Bracotto, Carribee Key, stated he has not had any complaints from customers regarding outdoor pet dining and he felt it was convenient for the community.

Councilor Lee voiced concern regarding the city's liability if an animal was to bite someone while dining outdoors on city property.

City Attorney White responded the lease agreements for outdoor dining on city property would need to be revised to reflect that the restaurant would be liable for damages caused by animals dining outdoors at their facility.

Consensus: **ASK THE ANIMAL ORDINANCE COMMITTEE TO REVIEW OUTDOOR PET DINING AND MAKE SUGGESTIONS TO THE COUNCIL.**

Variance Appeals

ORDINANCE NO. 2008-XX, VARIANCE APPEALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES DIVISION 8 VARIANCES SECTION 27-153 PROCEDURE FOR APPEAL AND DELETING SECTION 27-154 APPEAL OF CITY COUNCIL DECISIONS ON VARIANCES IN THE CODE OF ORDINANCES AND PROVIDING AN EFFECTIVE

DATE.

City Attorney White explained this ordinance would have variance appeals bypassing the Council and going directly to Circuit Court.

City Manager Jarboe suggested deferring this proposed ordinance due to the absence of Councilor Weldon.

Councilor Lee questioned if there would be a cost to the city. City Attorney White replied there would be no cost to the city.

Vice Mayor Pruette asked the Board of Appeals Chairperson and past Chairperson to address the Council.

Chris Chin, Board of Appeals Chairperson, stated there had only been five or six variance appeals to the Council within the past several years. She felt it would be difficult for citizens to file appeals at the Circuit Court level and that the City Council should make the final decision.

Sybil Ansbacher, Board of Appeals Past Chairperson, agreed there were very few variance appeals to the City Council. She also felt it would be a burden and extra expense on citizens to file appeals at the Circuit Court level.

Consensus: **DEFER TO THE SEPTEMBER COUNCIL WORKSHOP MEETING.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Relay for Life

RELAY FOR LIFE USE OF JARBOE PARK: City Manager Jarboe explained Relay for Life was a non-profit, overnight event to raise funds for cancer research.

Vice Mayor Pruette stated the event has been held in Jarboe Park in the past and asked past Chair and Senior Activities Center Director Leslie Lyne to address the Council.

Leslie Lyne stated she chaired the event for the three or four years that it was held in Jarboe Park before it was moved to Fletcher High School. She stated it was a very well organized event and she felt because the location in Jarboe Park was more visible that it would help get more citizens involved.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING.**

Girls on the Run

GIRLS ON THE RUN USE OF JARBOE PARK: City Manager Jarboe explained the Girls on the Run program was to help young girls build self esteem.

Meagan McKissick, Executive Director, Girls on the Run, explained there were 650 young girls involved in the program at 44 different locations. They planned to meet under the pavilion and run around the perimeter of the park.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING.**

Hazardous Waste

RESOLUTION NO. 2008-XX, HAZARDOUS WASTE: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA REQUESTING THE CITY OF JACKSONVILLE PROVIDE AT LEAST TWO HAZARDOUS WASTE PICK-UPS A YEAR AT THE BEACHES.

Vice Mayor Pruette felt once a year pick up for hazardous waste was not enough for the

beaches. She asked the Council to support this Resolution requesting that the City of Jacksonville pick up beaches hazardous waste twice per year.

Councilor Pardee suggested if the City of Jacksonville was unable to pick up hazardous waste at the beach twice a year then perhaps Neptune Beach could provide a truck and driver once a year to pick it up and deliver it to the City of Jacksonville waste site.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING.**

Jarboe Park

FRIENDS OF JARBOE PARK: Councilor Lee asked staff to develop a foundation to help raise money toward upgrades for Jarboe Park.

Councilor Pardee added the foundation should include rules established for determining how the money would be spent.

Consensus: **HAVE STAFF DEVELOP A FOUNDATION TO HELP RAISE MONEY TOWARD UPGRADES FOR JARBOE PARK.**

Irrigation & Fertilizer

IRRIGATION AND FERTILIZER ORDINANCE: City Manager Jarboe suggested that staff simplify the City of Jacksonville ordinance and bring it back for Council review.

Consensus: **TO SIMPLIFY THE CITY OF JACKSONVILLE IRRIGATION AND FERTILIZER ORDINANCE AND FORWARD TO THE SEPTEMBER WORKSHOP FOR COUNCIL REVIEW.**

Vice Mayor Pruette stated a doggie station was donated by the Bosco family and placed on the corner of First Street and Cherry Street. She suggested donating one herself. City Manager Jarboe advised the more doggie stations the city had the more city staff would be needed to empty the stations.

Councilor Lee reminded Council of the commitment that was made to install pedestrian friendly crosswalks and signals during the repaving of Penman Road and Atlantic Boulevard.

Adjournment

There being no further business, the meeting adjourned at 7:10 pm.

MOTION CARRIED

OLD BUSINESS

Kings Rd. Bridge

KINGS ROAD BRIDGE: City Manager Jarboe stated the Kings Road Bridge Bids were opened on June 19, 2008. The bid was separated into two parts. One for the Beam and Pile repairs and one for the Bulkhead Wall Replacement. The results were reviewed by our engineers and City Attorney White. In both bids Cline Construction was the lowest bidder meeting all the requirements. The City of Jacksonville Beach was contributing \$50,000 towards the repairs and a DOT grant would cover another \$100,000. The total cost for the city would be \$205,000. He recommended awarding both bids to Cline Construction.

Moved by Pruette, seconded by Lee.

Motion: **TO AWARD THE LOW RESPONSIVE BID TO CLINE CONSTRUCTION ONE FOR THE BULKHEAD WALL REPLACEMENT BID OF \$247,752.09 AND THE OTHER FOR BEAM AND PILE REPAIRS FOR \$107,939.19**

Councilor Lee voiced concern regarding the safety of the bridge once it was repaired. He asked the engineer to confirm the experience of Cline Construction. Nina Sickler, engineer, explained Cline Construction has been in business since 1996. They were pre-qualified by the Florida Department of Transportation. They had successfully completed over 30 similar jobs and she was confident they had the qualifications and met the job requirements.

Councilor Pardee asked the engineer to describe the construction repairs. Ms. Sicker explained the three major repairs that would take place and the materials that would be used during the construction. Councilor Pardee was concerned the clearance under the bridge would be reduced. Ms. Sickler assured him that the clearance of the bridge would not be reduced.

Councilor Pardee questioned if a warranty for the repairs would be provided. Ms. Sickler explained a warranty was not explicitly stated in the bid. However, because they were being installed by certified installers, the materials used would be covered by the manufacturer.

Vice Mayor Pruette questioned the time length of construction. Ms. Sickler stated the repairs should take no longer than six months and the bridge would be closed less than two months. Vice Mayor Pruette added she was glad to see the repairs were underway and hopeful that no more problems would arise.

City Manager Jarboe stated Jacksonville Beach would open the rear entrance during the construction period.

Mayor Brown stated he would like to recognize the cooperation of Jacksonville Beach for their opening the rear entrance and contributing \$50,000 towards the cost of the repairs for the bridge.

Councilor Pardee questioned the weight limit of the bridge and asked if the garbage trucks and other heavy vehicles would be able to use the bridge. City Manager Jarboe replied that he would prefer that heavy trucks continue to use the rear entrance provided by Jacksonville

Beach.

Mayor Brown thanked the Public Services Department for maintaining and keeping the bridge safe during the process.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Pruette, Brown

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated he received many positive comments from citizens regarding crowd control on the Fourth of July and the good job put forth by the Public Safety Department.

Vice Mayor Pruette stated she received many positive comments from citizens regarding the crowd control by the Public Safety Department during the Fourth of July holiday. She also heard many comments regarding the quick clean up by the Public Services Department.

CITY MANAGER REPORT

- The Town Center grease inspection project was ongoing.
- City Manager Jarboe thanked Chief Sembach for keeping the streets safe during the Fourth of July.
- He encouraged Council to pass the outside sales ordinance.
- He thanked Mayor Brown for sending a letter to the editor regarding the inspection report received by Public Services Department.
- The Public Services Department did an excellent job cleaning up after the Fourth of July Holiday.

COMMENTS FROM THE PUBLIC

Lang Chaires, 533 Magnolia Street, thanked Council for returning his calls and helping to solve his problems with the community garden. He also expressed appreciation for the appearance of Jarboe Park.

MOTION CARRIED

City Manager Jarboe reported the parking in Town Center has become less of a problem. Mayor Brown replied this could be due to the trolley service running on Friday, Saturday, and Sunday.

Councilor Pardee asked to place the issue of land use for gasoline stations on the August workshop agenda.

WORKSHOP CITY COUNCIL MEETING
JULY 7, 2008 AT 6:00 P.M
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held July 7, 2008 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred E. Lee
Councilor Eric Pardee
City Attorney Chris White
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Senior Activities Center Director, Leslie Lyne
Director of Finance, Steve Ramsey
Director of Public Safety, Chief Sembach
Director of Public Services, Leon Smith

ABSENT:

Councilor John Weldon

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and explained the purpose of the meeting was to interview and select an auditing firm for a three year period.

Vice Mayor Pruette disclosed she met and spoke briefly with Patrick of Patrick & Robinson prior to the meeting. She felt all three firms had good qualifications.

DUFRESNE & ASSOCIATES: Linda Dufresne, Dufresne & Associates, Orange Park, Florida, explained her firm's qualifications and experience.

PATRICK & ROBINSON: Adam Robinson, Audit Partner, Patrick & Robinson, Jacksonville, Florida highlighted the firm's qualifications and experience.

MASTERS, SMITH, & WISBY: Gary Hugget, Masters, Smith & Wisby, Jacksonville Beach, explained his firm's qualifications and experience.

Councilor Lee was concerned about the low estimate given by Masters, Smith & Wisby and asked Mr. Hugget if his firms proposed price were estimated or firm. Mr. Nugget stated those numbers were firm and would be reflected in the engagement letter if his firm were selected.

Mayor Brown stated there was a difference of \$45,000 and \$50,000 in price between the three firms. However, the State required that the selection not be based on cost alone.

City Attorney White suggested each council member rank each firm one, two, and three with the lowest number being the highest rank.

RESULTS OF RANKINGS

	<u>Masters, Smith & Wisby</u>	<u>Dufresne & Associates</u>	<u>Patrick & Robinson</u>
Councilor Lee	1	2	3
Councilor Pardee	1	2	3
Vice Mayor Pruette	1	2	3
Mayor Brown	1	2	3
Totals	4	8	12

Consensus: **TO SELECT MASTERS, SMITH & WISBY AND FORWARD TO THE
REGULAR CONSENT AGENDA.**

Mayor Brown thanked each firm for submitting their proposals.

Adjournment

There being no further business, the meeting adjourned at 6:40 p.m.

MOTION CARRIED

Nitrogen Study

APPROVAL FOR THE CITY MANAGER TO ENTER INTO AN AGREEMENT WITH ATLANTIC BEACH TO CONDUCT A JOINT NITROGEN REMOVAL FEASIBILITY STUDY.
City Manager Jarboe explained the feasibility study was to determine if it would be less costly to work with Atlantic Beach on reducing our nitrogen levels.

Councilor Pardee questioned the amount of time the study would take. Mr. Jarboe replied the study would take approximately four to five months. The deadline for construction was 2011.

Motion: **TO ALLOW THE CITY MANAGER TO ENTER INTO A JOINT NITROGEN REMOVAL FEASIBILITY STUDY WITH ATLANTIC BEACH.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Senior Activities Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:10 p.m.

PRESENTATIONS

Mayor Brown recognized Jacksonville City Councilor Art Graham and thanked him for his involvement in making the Beaches Trolley possible.

Councilor Graham responded that Jacksonville Transportation Authority, Beaches Leader, and several other sponsors contributed to the Beaches Trolley this year. He explained the trolley was currently running under a ten week trial period and next year he would like to add a "Park and Ride" perhaps at the K-Mart Shopping Center.

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The First Coast Tennis Foundation was pulled from the agenda because the information necessary to make a decision was not provided.
- Public Services was in the process of cleaning the drainage ditches using the menzi muck.
- The Kings Road Bridge repairs were scheduled to begin in three weeks.
- With approval of Council he would negotiate a contract with Atlantic Beach to conduct a joint study on nitrogen removal.
- A request for proposals went out for engineering services for recommendations and construction regarding nitrogen removal.
- St. Johns River Water Management District would not allow reuse water in Jarboe Park or behind K-Mart because they were afraid it would seep into drainage ditches.
- Budget workshop sessions would begin in August.

City Clerk Volpe suggested rescheduling the September regular council meeting to Tuesday, September 2, 2008, due to the Labor Day Holiday. The meeting would also include the first read of the budget. The second read of the budget would be scheduled for September 15, 2008.

Consensus: **TO HOLD THE SEPTEMBER REGULAR MEETING TUESDAY, SEPTEMBER 2, 2008.**

PUBLIC COMMENTS

Rona and Buford Brinlee, 299 Atlantic Boulevard, owner of Book Mark, Atlantic Beach, opposed paid parking in Town Center.

Vita Hope, 324 Driftwood Road, opposed allowing the First Coast Tennis Foundation to give tennis lessons in Jarboe Park.

Cindy Strouse Benedict, 576 Valley Forge Road North, objected to First Coast Tennis Foundation giving tennis lessons in Jarboe Park on the weekends.

Myles Donaldson, 1126 Hamlet Lane East, also opposed tennis lessons in Jarboe Park.

Alan Martin, 1113 First Street, suggested allowing gas stations in the C-3 district by special exception only.

Linda Stewart, owner of Archway Gallery and Framing, Coordinator for the North Beach Art Walk, opposed paid parking in Town Center.

PROPOSED ORDINANCES

Gas Stations

ORDINANCE NO. 2008-XX, GAS STATIONS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING THE CODE OF ORDINANCES CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, AMENDING ARTICLE I, IN GENERAL, SECTION 27-15, DEFINITIONS, AMENDING ARTICLE IV, LAND USE, SECTION 27-225, USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS, AND AMENDING TABLE 27-226-1 AND PROVIDING AN EFFECTIVE DATE.

Councilor Pardee explained the Shell Gas Station on Atlantic Boulevard recently called to inquire about a ~~submitted an application to~~ remodel and to improve the building. The application was denied due to the current zoning use table not permitting gas stations in the C-3 district. He proposed this ordinance to permit gas stations in the C-3 district.

City Manager Jarboe stated gas stations were prohibited from the permissible use table back in 1991. Due to Environmental Protection Agency and the State of Florida guidelines the Shell Station recently updated their gas tanks.

Mayor Brown suggested allowing gas stations in the C-3 district by special exception. He felt this would allow the city to have more control over future uses and allow the Shell Station to remodel and improve.

Councilor Weldon stated he would be willing to compromise by allowing gas stations by special exception in an effort to help the existing Shell Station make improvements to their property.

Vice Mayor Pruette agreed to allow gas stations by special exception in the C-3 district would be appropriate and allow the Shell Station to remodel.

Councilor Lee also agreed the Shell Station needed improvements and felt permitting gas stations in C-3 by special exception would be a compromise.

Consensus: **AGREE TO PERMIT GAS STATIONS BY SPECIAL EXCEPTION ONLY IN THE C-3 DISTRICT AND FORWARD TO FIRST READ IN AUGUST.**

Councilor Weldon asked staff to research ideas on how to allow the Shell Station to improve their property without amending the zoning use table.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Jarboe Park

RESOLUTION NO. 2008-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA SETTING THE RULES AND STANDARDS FOR THE USE OF JARBOE PARK BY GROUPS AND ACTIVITIES.

City Manager Jarboe explained this Resolution would allow the City Manager to approve short term uses and events in Jarboe Park. The Council would have to authorize any long term uses or events.

City Manager Jarboe explained the First Coast Tennis Foundation had requested to reserve the tennis courts in Jarboe Park for tennis lessons. Since they had not contacted him regarding a formal agreement the request was pulled from tonight's agenda.

Councilor Lee clarified that the request of First Coast Tennis Foundation to reserve the tennis courts for private lessons included public input before any decision would have been finalized by the Council. He thanked those citizens who spoke during public comments.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR APPROVAL AS AMENDED.**

Town Center Parking

TOWN CENTER PARKING: City Manager Jarboe stated he recently spoke with the Town Center Merchants regarding the parking situation. They agreed that parking did not seem to be a problem at this time. He felt the Beaches Trolley has helped improve the parking in Town Center. He suggested if the parking became an issue in the future then maybe the merchants would be willing to develop more parking.

Vice Mayor Pruette asked Mr. Lovett if he would like to make any comments. Mr. Lovett stated he opposed paid parking in Town Center.

Councilor Weldon asked the Town Center Merchants Association if they would meet and present to both city councils advice as to how the cities could help the Town Center businesses prosper. He asked Mr. Ed Jones if he would like to comment.

Mr. Ed Jones felt the parking in Town Center was working and should not be altered at this time.

Councilor Weldon asked Mr. Lovett and Mr. Jones if they would provide both city councils with advice as well so they could monitor the publicly owned parking.

Mr. Lovett stated he owned a major portion of the parking in Town Center and it would be nice if other Town Center merchants would like to contribute to the cost and maintenance of the parking lots.

Councilor Pardee commented that a memo written by Vice Mayor Pruetto to City Attorney White regarding the Wal-Mart settlement agreement was between her and the City Attorney and was not an act of the Council.

Adjournment

There being no further business, the meeting adjourned at 7:10 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Weldon disclosed he had spoken with many citizens regarding the community garden issue.

CITY MANAGER REPORT

- The manholes that were recently repaired were working well.
- Ten to twelve contractors had picked up bid plans for the Kings Road Bridge Project.
- Terry Klein, Administrative Assistant to the City Manager, was recovering from her illness and should be back June 30, 2008.

Councilor Weldon asked the Council to meet with him after the meeting if they would like to participate in sending a bouquet of flowers to Mrs. Klein.

City Clerk Lisa Volpe advised the Supervisor of Elections Office would be sending a formal letter addressed to the Council requesting that the city revise the qualifying dates in order to meet the deadline for sending out overseas absentee ballots.

COMMENTS FROM THE PUBLIC

Mayor Brown asked City Manager Jarboe to explain the issues regarding the community garden before beginning the public comments.

City Manager Jarboe explained part of the requirement to move forward with the community garden was to have consent from the adjacent neighbors. In the beginning the neighbors consented to the community garden. After receiving additional information they asked to withdraw their consent. Mr. Jarboe suggested an alternate location, for the community garden, behind the outfield of the baseball diamond in Jarboe Park. He asked Council to make a decision to leave the garden in the current location, without the consent of the neighbors, or relocate the garden to the suggested alternate site.

Lynda Padrta, 1113 First Street, supported the community garden at either location.

Sheri Nicholson, 222 Oleander Street, supported the community garden.

Wayne Willey, 569 Bay Street, supported the community garden at the new location.

Susie Chaires, 533 Magnolia Street, opposed the community garden being located behind her property.

Lang Chaires, 533 Magnolia Street, opposed the community garden being located directly behind his property.

Paul Nicholson, 222 Oleander Street, supported the community garden.

Laurie Clarke, 420 South Street, supported the community garden.

Jonathan Felts, 1166 Third Avenue North, Jacksonville Beach, supported the community garden.

Kelly Johnson, 519 Lora Street, supported the community garden.

Philip Ramsey, 1408 Walnut Street, supported the community garden in the original location.

Teri Methvin, 208 Driftwood Road, supported the community garden in the original location.

Gretchen Ferrell, 1166 Third Avenue North, Jacksonville Beach, supported the community garden in the original location. She felt the agreements currently in place with the city were binding and she had spoken with an attorney. She also felt starting the project over in a different location would compromise the garden.

Linda Gibson, 57 North Roscoe Boulevard, Ponte Vedra Beach, supported the community garden. She suggested having a mediator address the issue of the location.

LaJuan Kazmierzak, 2102 Acacia Road, supported the community garden in the original location.

Aimie Tous-Parker, 1537 Landing Lane, supported the community garden in the original approved location.

Barbara Jackson, 2001 Cherokee Drive, favored the community garden in the current location.

Janet Larson, 887 Marshside Court, Jacksonville Beach, supported the community garden in the current location.

Tom Larson, 887 Marshside Court, Jacksonville Beach, supported the community garden in the current location.

C. Rosille Van Nostraud, 1641 Landing Lane, supported the community garden in the current location.

Brad Burbaugh, University of Florida Institute of Food and Agriculture Sciences in Duval County, introduced Mary Puckett, the Program Assistant who oversees the five projects their office manages and gave the following information for the record: The Superior Street garden had fourteen plots, has been there for twenty-five years and was fifteen feet from the housing structures. The Murray Hill Garden at the intersection of Lawnview and Hamilton was directly in middle of the neighborhood within twenty feet of homes. The Fort Caroline Garden has seventeen plots within fifty feet of apartments. The Outtenbacks Gardens on East Twentieth and Buckman Street was only twenty-five feet from the houses. He further stated that heat would deter rodents and insects from composts piles.

Tim Kazmierzak, 2102 Acacia Road, supported the community garden. He was also concerned that the manholes in his neighborhood were not at the street level.

Comm. Garden

COMMUNITY GARDEN: City Manager Jarboe stated during the public comments the public brought up concerns and issues regarding the agreements. He asked City Attorney White to address those issues.

City Attorney White stated some comments that were made implied that the Conditional Use Agreement was permanent and could not be withdrawn, the easement use could not be changed, and the sixty day notice of cancellation did not apply unless there was construction. He stated he and the City Manager would meet with the spokesperson of the group to resolve these issues before moving forward in this process.

Councilor Lee questioned how many agreements were involved. City Attorney White replied there were a Right of Way Use Agreement, Land Agreement, and Community Garden Agreement.

Councilor Lee explained the Right of Way Use Agreement allowed the group permission to use the right of way for the community garden. This was a temporary use agreement and not an ownership agreement. City Attorney White stated there appeared to be different interpretations and suggested that the temporary use be clarified.

Councilor Lee questioned what the Land Agreement identified. City Attorney White explained the focal point on the Land Agreement was the sixty day notice. The proponents for the community garden implied that sixty day notice was only implacable in the event of sale or construction and this also needed to be clarified.

Councilor Lee asked City Attorney White to define the Community Garden Agreement. City Attorney White explained the Community Garden Agreement explained the obligations and responsibilities of the applicants.

Councilor Lee questioned the legality of allowing the community garden to be located on city property in Jarboe Park. City Attorney White replied the conditional use of the public property was legal and also applies equally to other groups.

Councilor Pardee asked if the Right of Way Use Agreement also applied to other groups equally. City Attorney White replied "yes" it also applied equally to other groups.

Councilor Pardee felt the location of the community garden should satisfy the residents of Neptune Beach first. He suggested placing the issue on the ballot as a referendum for the residents to decide.

Councilor Weldon felt the Council should consider the concerns of the abutting neighbors and their right to object. He proposed relocating the garden to the alternate site and having the public services department provide assistance to the group by transferring all materials and helping prepare the site. He also proposed offering the group a two year guaranteed commitment for the alternate site if they comply with all other provisions of the agreements.

Moved by Weldon, seconded by Pruette.

Motion: **THE CITY COUNCIL DIRECT STAFF TO COOPERATE IN THE RELOCATION OF THE COMMUNITY GARDEN FROM THE CURRENTLY APPROVED SITE TO THE NEW SITE WHICH HAS BEEN DISCUSSED AND DEMONSTRATED ADJACENT TO THE BALL FIELD INSIDE JARBOE PARK. AS PART OF THIS AGREEMENT THE CITY WILL ATTEMPT IN ANY WAY TO ASSIST IN THIS RELOCATION AND TO FACILITATE THE PREPARATION OF THE NEW SITE THROUGH THE USE OF PUBLIC WORKS PERSONNEL AND EQUIPMENT. IN ADDITION WILL CONSIDER RUNNING WATER TO THE SITE WHICH WILL SUBSEQUENTLY BE METERED FOR PAYMENT AS IT IS UTILIZED. AND PROPOSE A TWO YEAR GUARANTEED COMMITMENT BY THE CITY COUNCIL OF NEPTUNE BEACH THAT WE WILL NOT CHANGE OUR MIND AGAIN THAT WE WILL NOT BRING THIS BACK BEFORE COUNCIL FOR RECOGNITION AS LONG AS ALL OTHER PROVISIONS OF THE LAND USE AGREEMENT ARE COMPLIED WITH BY THE COMMUNITY GARDEN ORGANIZATION. ALSO CONTINGENT UPON RESOLVING THE ISSUE OF THE USE WITHIN THE CONFINES OF THE PARK AND PREPARING THE APPROPRIATE DOCUMENTS ACCEPTABLE TO BOTH SIDES.**

Mayor Brown stated he would support the proposal and asked Mr. Jarboe and Mr. White to meet and discuss if any legal issues.

Councilor Pardee stated Section 103 of the Neptune Beach Charter states "the city should have all governmental corporate and power to conduct municipal government, perform municipal functions and render municipal services and may exercise any power for municipal purposes except as expressly prohibited from reducing the size of any parks or parklands without prior approval of the voters." He was concerned allowing the community garden in the park would indeed reduce the size of the parkland because it would not be accessible to everyone. He felt the issue should be placed on the ballot as a referendum.

City Attorney White responded preservation of the park and parklands did not stipulate that it could not be used for certain reasons and because the Council was interested in allowing the community garden in the park this would have to be reviewed.

Councilor Weldon voiced concerned about not having heard this opinion from the City Attorney prior to the meeting.

City Attorney White state this issue was not presented to him for an opinion.

Mayor Brown stated it would still be appropriate for the Council to make a decision regarding the alternate location contingent upon the other issues.

Vice Mayor Pruette asked Leslie Lyne to approach the podium and speak to the previous referendum to preserve parkland in which Councilor Pardee referred to earlier.

Leslie Lyne, 501 Hopkins Street, stated she was on the Council in 1995. At that time there was a proposal to relocate City Hall into Jarboe Park. The intent of the referendum was not to build any permanent structures in parklands.

City Attorney White questioned if the motion was contingent upon resolving the issue of the use of a community garden in the park and preparing the appropriate documents. He added that he would have an opinion on the use of the parklands for a community garden by the end of next week.

Beaches Chapel
Tennis

Consensus: **FORWARD TO THE JULY WORKSHOP MEETING.**

BEACHES CHAPEL – FIRST COAST TENNIS FOUNDATION: City Manager Jarboe explained the First Coast Tennis Foundation has requested to reserve the tennis courts in Jarboe Park on Tuesdays and Thursdays from 3:30 p.m. to 7:00 p.m. and Saturdays from 8:00 a.m. to 11:30 a.m. to provide private tennis lessons.

Councilor Pardee stated he would like for the "Jarboe Park Use Policy" to be adopted by the Council before considering the request. He was also concerned about the Saturday 8:00 a.m. to 12:00 p.m. reservation because he felt most tennis players would like to use the courts in the morning hours when the temperature is lower.

Councilor Lee agreed the "Jarboe Park Use Policy" should be adopted by the Council before considering the tennis program. He was also concerned about the Saturday reservations. He asked Mr. Tingsombutout, Executive Director First Coast Tennis Foundation, to approach the podium and address the Council.

Mr. Tingsombutout explained the First Coast Tennis Foundation was a non-profit organization. The money collected for lessons went towards paying the professional tennis instructors and the cost of tennis balls. If necessary he would be willing to adjust the days and hours requested.

Councilor Weldon questioned the association between the Beaches Chapel Church and the First Coast Tennis Foundation.

Mr. Tingsombutout explained Steve McCoy, Pastor of the Beaches Chapel Church, originally contacted the foundation to inquire about tennis lessons for the schools STAR Program, which involved several after school activities for their STAR students. Since Beaches Chapel Church did not have tennis courts on their premises, the First Coast Tennis Foundation approached the City to request the use of the Jarboe Park tennis courts. The tennis program would be assessable to any other groups or interested citizens as well.

Councilor Lee added Beaches Chapel would not receive any preferential treatment from the program.

Councilor Weldon suggested placing signs in Jarboe Park by the tennis courts to notify the public of the intent to reserve the tennis courts for private lessons. This would allow the regular users of the tennis courts to come to a meeting and comment to the Council on the matter.

Edi Wohlgemeth, Administrator of the Beaches Chapel STARS Program, stated the program provided after school activities that included karate, ballet, piano, guitar and art classes. She is the administrator the entire program and all the proceeds go to Beaches Chapel School. Pastor Steve McCoy is friends with Tennis Professional Brian Godfrey and that is how they learned about the First Coast Tennis Foundation. Beaches Chapel is interested in partnering with the foundation to hold a park extravaganza that would kick off the tennis program.

City Manager Jarboe stated if the program was approved by the Council the contract would be with the First Coast Tennis Foundation. He asked the foundation to formalize the agreement for consideration.

Consensus: **FORWARD TO THE JULY WORKSHOP.**

Town Center Parking

TOWN CENTER PARKING: City Manager Jarboe explained he conducted a study regarding Town Center parking options. The three options were: 1) pay and display parking, 2) parking sign enforcement, or 3) parking meters.

Councilor Lee felt Town Center Parking should be uniform both in Neptune Beach and Atlantic Beach.

City Manager Jarboe stated he would continue to work with Atlantic Beach City Manager Jim Hanson, research and gather more information to present the Council at the July workshop meeting.

Vice Mayor Pruette suggested the owners of One Ocean Resort tell their employees and contractors to park their vehicles on the One Ocean Resort property.

Councilor Weldon felt the City Manager should coordinate efforts with Atlantic Beach and conduct more research. He also felt the issue should be discussed and publicized at several meetings.

City Manager Jarboe stated he would also meet with the Town Center Association regarding the parking issue.

Councilor Lee agreed the Town Center parking has been an issue. He felt the city should coordinate with Atlantic Beach and take some type of action.

Councilor Pardee stated the Sea Turtle Inn should have taken construction parking into consideration when they decided to renovate and change their name to One Ocean. He also felt the Town Center Merchants should be involved with the Town Center parking issues.

Animal Committee

ANIMAL COMMITTEE: Mayor Brown stated he would like to appoint Leonna Sheddan, Executive Director of the Jacksonville Humane Society, Robert Hims, Certified Dog Trainer, and Sandy Golding to the Animal Task Force Committee.

Councilor Pardee stated the committee would also need regular citizens as well as the professionals to provide a good combination.

Mayor Brown also suggested that a law enforcement officer be appointed to the committee.

Vice Mayor Pruette stated a veterinarian and an attorney would also serve the committee well.

City Manager Jarboe explained the committee would be subject to the Sunshine Law and would need to be educated on the rules and regulations.

EAR

COMMUNITY ISSUES OF EVALUATION APPRAISAL REPORT: Community Development Director Amanda Askew explained the first process of the Evaluation Appraisal Report was to hold a public workshop meeting with the Planning & Development Review Board members to identify and discuss major issues for the community.

The meeting was held on May 20, 2008 and the following list of issues were identified:

- Parking in Town Center
- Flow of pedestrian traffic and motorized traffic east of Third Street and across Third Street / A1A
- Maintain existing densities and residential character of Neptune Beach
- Redevelopment of commercial along Atlantic Boulevard and Third Street / A1A
- Encouragement of mixed-use development along Atlantic Boulevard and Third Street / A1A

- Enhance and promote pedestrian safety along Atlantic Boulevard and Third Street / A1A
- Water conservation and water reuse

Councilor Weldon asked to add "protection of conservation lands" to the list.

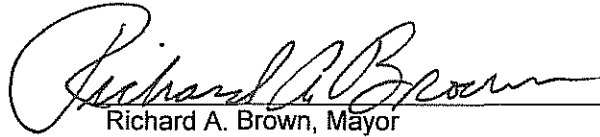

Councilor Pardee suggested broadening transportation to include pedestrians and bicycle traffic throughout the entire city.

City Manager Jarboe asked each Councilor to prepare a note for City Clerk Lisa Volpe or Community Development Director Askew concerning any amendments or additions to the list of issues.

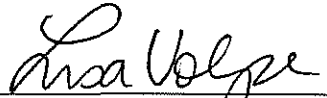

Consensus: **FORWARD TO THE JULY REGULAR MEETING FOR APPROVAL.**

Adjournment

There being no further business, the meeting adjourned at 7:53 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

City Clerk Volpe announced for the month of May the Florida League of Cities monthly dinner was being held in Jacksonville Beach.

City Manager Jarboe stated if Council desired he could allow the Green Market to operate temporarily in Jarboe Park by issuing a special event permit.

Consensus: **TO ALLOW THE CITY MANAGER TO ISSUE A SPECIAL EVENT PERMIT TO ALLOW THE GREEN MARKET TO TEMPORARILY OPERATE IN JARBOE PARK WHILE THE ORDINANCE MOVES THROUGH THE ADOPTION PROCESS.**

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The repairs on the manholes have been completed.
- The bids for the Kings Road Bridge were in process.

COMMENTS FROM THE PUBLIC

Vita Hope, 324 Driftwood Road, voiced concern regarding the proposed dangerous dog ordinance and the requirement that they be muzzled.

CONSENT AGENDA

RESOLUTION NO. 2008-05: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA CONFIRMING THE MEMBERS OF THE NEPTUNE BEACH SENIOR CENTER FOUNDATION BOARD OF DIRECTORS.

Mayor Brown removed the Waste Pro CPI Increase from the consent agenda because the increase of 3.5% that was discussed at the workshop meeting was miscalculated.

Moved by Weldon, seconded by Lee.

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Lee questioned if the Ordinance would be sent to the Planning & Development Review Board for recommendation to Council before second read. City Clerk Lisa Volpe explained the Ordinance was not in Section 27 and therefore did not require a recommendation from the Planning & Development Review Board. However, the Green Market would need recommendation from the Planning & Development Review Board when they applied for a permit.

OLD BUSINESS

Res. No. 2008-06 **RESOLUTION NO. 2008-06:** A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA DESIGNATING PROPERTY LOCATED AT 720 ATLANTIC BOULEVARD AND A PORTION OF THE LEMON STREET RIGHT OF WAY AS A BROWNFIELD AREA FOR ENVIRONMENTAL REHABILITATION AND ECONOMIC DEVELOPMENT AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown requested deferring this Resolution due to new and forthcoming information regarding the property.

Consensus: **TO DEFER RESOLUTION NO. 2008-06 UNTIL NEW INFORMATION IS RECEIVED.**

Res. No. 2008-07 **RESOLUTION NO. 2008-07:** A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA STATING STEPS AN ORDINANCE GOES THROUGH TO BE INTRODUCED TO COUNCIL.

Councilor Weldon explained the steps of the ordinance adoption process.

Vice Mayor Pruette stated Section 2-46 of the Code required that proposed ordinances be approved by the city attorney. Therefore, she felt the ordinance adoption process should include a step that required review by the city attorney before going to the Planning & Development Review Board for recommendation to Council.

PROCESS FOR ADOPTING ORDINANCES

1. Proposed ordinance introduced by staff or council member at a workshop meeting.
2. Proposed ordinance be reviewed by the city attorney.
3. Ordinance sent to regular council meeting for first read.
4. Ordinance sent to Planning & Development Review Board for recommendation to Council.
5. Ordinance sent to regular council meeting for second read and adoption.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe stated the Town Center annual event "Dancin in the Street" was held Saturday May 17th and went well with no major problems.

Councilor Weldon stated he received complaints about the raucous nature and the excessive consumption of alcohol that occurred during the festival. He felt city staff needed to take that into consideration before the next "Dancin in the Streets."

Code Enforcement reported a number of street vendors set up in vacant lots without business licenses.

The parking situation in Town Center seemed to be more crowded this year especially at lunch time.

An Art Walk was held in Town Center on Thursday, May 15th.

Councilor Lee spotted and reported an alligator in Hopkins Creek. The Florida Fish and Wildlife have been contacted.

Two male suspects were recently caught painting graffiti in the area.

He would be meeting with the Florida Department of Transportation regarding utility issues on Third Street / A1A before the repaving begins.

The South Street manhole was completed and working well.

He was still waiting for permission from the Florida Department of Transportation to install a manhole on Third Street.

Councilor Lee asked City Manager Jarboe if he had heard from the Florida Department of Transportation regarding pedestrian safety. Mayor Brown stated he would follow up with the Florida Department of Transportation regarding the pedestrian safety.

Vice Mayor Pruette questioned the Kings Road Bridge project. City Manager Jarboe responded the plans were out for bids. A pre bid meeting would be held the end of May and the bid opening would be June 19th.

City Manager Jarboe informed everyone the first meeting for the Evaluation Appraisal Report process would begin on Tuesday, May 20th at 6:00 p.m. in the Council Chambers.

Councilor Lee asked City Manager Jarboe if he had heard from the Penman Plaza Associates regarding the development. City Manager Jarboe replied Code Enforcement action was being pursued.

Councilor Pardee stated he visited several different countries in Europe during the last three weeks. During his visit he observed many different lifestyles and cultures. He passed around photographs he had taken of some public art that he found interesting.

PUBLIC COMMENTS

Mary Ann Baker, 1102 First Street, stated her little dog was attacked by a pit bull and had to be put to sleep due to its injuries. She felt she should not feel threatened by other animals when walking in the neighborhood.

David Baker, 1102 First Street, was concerned about dangerous animals and felt they should be registered and muzzled while on the streets.

Leonna Sheddin, Jacksonville Humane Society Executive Director, suggested the city form a Task Force Committee to collect facts and information regarding dangerous dogs and suggest penalties. She added she would be happy to serve as a member on the Task Force Committee.

City Manager Jarboe stated after the attack the owner of the pit bull in question had the dog put to sleep.

Linda Stewart, 1309 Neptune Grove Drive West, organizer for the Art Walk, explained the issues that were brought to her attention regarding the previous Art Walk had been resolved.

PROPOSED ORDINANCES

Ord. No. 2008-XX

ORDINANCE NO. 2008-XX, AMENDING SECTION 6-17 ANIMALS CAUSING INJURY: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 6-17 ANIMALS CAUSING INJURY, ADDING SECTION (B) AND DELETING SECTION 6-29 PERSONS BITTEN MUST REPORT TO POLICE DEPARTMENT AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Pruette explained this ordinance requires the owner or person in control of any animal that causes injury or harm to another person or animal to report the incident to the Public Safety Department within twenty four hours.

Councilor Weldon favored the suggestion to form a Task Force Committee.

Vice Mayor Pruette also favored the suggestion of appointing a Task Force Committee. She suggested the committee include a veterinarian, an attorney, the Director of the Humane Society, and regular citizens.

Mayor Brown stated he also favored appointing a Task Force Committee.

Councilor Pardee felt a Task Force Committee would be a proactive approach and would be important to make sure the information they provided to Council would be politically correct.

Councilor Pardee questioned why the ordinance gave the owner or person in control of the animal twenty four hours to report the incident. He felt that would give the person an opportunity to flee.

City Attorney White advised there had to be time cap otherwise the ordinance would be too vague.

Councilor Pardee questioned why the ordinance would no longer require the victim to report the incident.

City Attorney White stated the victim had the right to choose to report the incident or not and the victim should not be punished. This ordinance placed the burden on the owner or person in control of the animal causing injury.

Councilor Lee also supported appointing a Task Force Committee. He added there were also Florida State laws.

Consensus: **GATHER INFORMATION AND MOVE FORWARD WITH THE PROCESS OF APPOINTING A TASK FORCE COMMITTEE.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

720 Atlantic Blvd.

RESOLUTION NO. 2008-06: A RESOLUTION DESIGNATING PROPERTY LOCATED AT 720 ATLANTIC BOULEVARD AS A BROWNFIELD AREA FORENVIRONMENTAL REHABILITATION AND ECONOMIC DEVELOPMENT; PROVIDING AN EFFECTIVE DATE.

City Attorney White confirmed the new site plan and site description were correct.

Consensus: **TO FORWARD TO THE JUNE REGULAR MEETING FOR APPROVAL.**

Waste Collection

RESOLUTION NO. 2008-XX: A RESOLUTION ESTABLISHING CERTAIN CHARGES FOR FEES FOR SOLID WASTE COLLECTION SERVICES.

Councilor Pardee felt the 4% cost of living increase for Waste Pro should not be shifted to the residents.

Councilor Lee stated he did not object to the contract itself or the cost of living increase, what he objected to was the service they provided.

Councilor Weldon stated the total amount including the 4% increase was still far below what the citizens of neighboring cities were paying for garbage pickup.

Consensus: **TO FORWARD TO THE JUNE REGULAR MEETING.**

1602/1604 First St.

FORECLOSURE OF 1602 / 1604 FIRST STREET: Mayor Brown stated this item was addressed at the previous shade meeting and should be removed from the agenda.

Art Walk

ART WALK: City Manager Jarboe stated it was beyond his authority to approve the Art Walk because he could only approve special events that were held once or twice per year. The organizer for the Art Walk was requesting to hold the event twelve times per year. Therefore, the Art Walk needed approval from the Council.

Councilor Weldon stated the Art Walk was a nice idea. He questioned whether or not the Art Walk was a benefit to the community or was it only a benefit for the business owners and Town Center. Ms. Stewart, organizer for the Art Walk, stated the Art Walk was a cultural event and gave the artists the opportunity to show their art to the community. It also gave the children the opportunity to participate in learning experiences.

Councilor Weldon asked if the event was profitable. Ms. Stewart stated this was only a way to give the artists exposure and was not profitable to her as the organizer.

Vice Mayor Pruette asked what day of the month the event would be held. Ms. Stewart replied the Art Walk would be held on the third Thursday of every month.

Councilor Pardee and Councilor Lee both supported the Art Walk.

Councilor Weldon asked to hear from the merchants that were present.

Jo Ann Adams, First Street Gallery, stated the Art Walk was good for businesses and enjoyed by the community.

Bootsy Haas, Tranquil Waters, felt the Art Walk promoted local businesses. She also asked Council to consider allowing signage.

Consensus: **FORWARD TO THE JUNE CONSENT AGENDA TO ALLOW ARTWALK TWELVE TIMES PER YEAR.**

Jarboe Park Use

USE OF JARBOE PARK BY PROFIT & NON-PROFIT ORGANIZATIONS: Councilor Lee stated he received a request from First Coast Tennis Foundation.

Toy Tingsombutout, Director, First Coast Tennis Foundation, explained the foundation was contacted by the Beaches Chapel Church to start a tennis program for the children and juniors in their school using the tennis courts in Jarboe Park. They would like to begin with a Tennis Play Day to introduce the program to the kids and parents. After the Tennis Play Day they would like to start teaching the school children for two hours a day on two separate days during the work week. They would also be interested in providing tennis lessons to the entire community as well.

City Manager Jarboe stated he would like to meet with Mr. Tingsombutout, regarding the time for the school program and provide the Council with more information.

Councilor Pardee asked City Manager Jarboe to consider the impact of parking, the Green Market and the Community Garden.

Consensus: **CITY MANAGER JARBOE TO CREATE A SET OF GUIDELINES FOR USE OF THE PARK AND BRING BACK TO COUNCIL.**

Town Center Parking

LIMITING TIME FOR PARKING IN TOWN CENTER: City Manager Jarboe stated he received a request from a Town Center merchants to limit parking in Town Center. There were concerns that contractors working on the new One Ocean Resort & Spa and their

200 newly hired employees were taking up all the parking in Town Center leaving no spaces for customers.

City Manager Jarboe suggested placing a two hour parking limitation on the public parking spaces in Town Center and having the Public Safety Department hire a part time person to write citations for violations. He felt the revenue from the citations would cover the cost of the extra part time personnel.

Councilor Pardee suggested that Town Center merchants could also contribute to the cost of the part time personnel.

Councilor Weldon asked staff to speak with the hotel owners and ensure their employees would be parking on their private property.

Councilor Pardee opposed parking meters. He felt because people were paying taxes on the roads they should not be charged to park on a public street.

Vice Mayor Pruette stated she had received complaints from Town Center merchants that their customers could not find parking due to beach visitors.

Mayor Brown felt parking meters would work better and asked City Manager Jarboe to look at the feasibility.

Councilor Lee felt the numbers may not be favorable for revenue.

Consensus: **GATHER MORE INFORMATION FOR COUNCIL.**

Adjournment

There being no further business, the meeting adjourned at 8:00 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown welcomed Councilor Lee back from his trip to China.

Vice Mayor Pruette disclosed she had spoken with representatives for the Penman Plaza development order.

Vice Mayor Pruette stated she heard complaints from residents regarding the driveway on the Bay Street beach access.

Councilor Weldon explained the Bay Street development order had specific language which required the driveway appear to be a non-private driveway. City Manager Jarboe explained he had spoken with the developer regarding the situation and was waiting for his reply.

Councilor Lee and Councilor Pardee also disclosed they had spoken with representatives for the Penman Plaza development order.

CITY MANAGER REPORT

There was a discrepancy in Saturday's edition of the Florida Times Union Shorelines regarding the beaches population.

The repairs to the manholes on First Street were 95% complete.

The city was able to piggyback off of other contracts for repairs to a South Street manhole and a Third Street manhole.

Although revenues are down permit activity has improved this week in the Building Department.

Seventeen applicants have been interviewed for lifeguard positions. Chief Sembach is in the process of filling the positions.

- | | |
|----------------------|---|
| Variance Request # 1 | Section 27-229-1, a variance request to increase the maximum lot coverage by 5.9%, creating 80.9% in lieu of the 75% maximum lot coverage. |
| Variance Request # 2 | Section 27-455(b), a variance request to reduce the gross landscape area by 3.6%, creating 16.4% in lieu of the required 20%. |
| Variance Request # 3 | Section 27-457(2)(a)(1), a variance request to reduce the perimeter landscape area by 3 feet leaving 6 feet in lieu of the required 9 feet. |
| Variance Request # 4 | Section 27-459(3)(a)(1), a variance request to omit the shade trees in 9 foot landscape buffer. |
| Variance Request # 5 | Section 27-457(2)(b)(2), a variance request to wave the requirement of one landscape island per 10 parking spaces for all existing parking areas. |
| Variance Request # 6 | Section 27-459(b)(3), a variance request to wave the required six foot masonry wall between commercial and single-family. |
| Variance Request # 7 | Section 27-540(C), a variance request to increase the maximum number of parking spaces to 52 spaces over minimum requirement in lieu of the thirty spaces over minimum requirement. |

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE VARIANCES NUMBER 1 THROUGH 4, 6 AND 7.**

Mayor Brown stated the development order involved removing the old Neptune Theater and constructing an attractive shopping center. He explained the reason the variance requests were required was because the building and landscaping were nonconforming.

Councilor Weldon asked the representative for the developer to come forward and address the Council.

Mr. Timothy McClain, representative for Penman Plaza, addressed the Council and explained since the previous council meeting they had met with city staff regarding plans and landscaping. They also hired a landscaping architect to address landscaping requirements. They also met with representatives for Christ United Church and Winn Dixie regarding the new development.

For the Record Councilor Weldon stated for the record since the previous council meeting he had not spoken with representatives for Penman Plaza. He disagreed with the variance requests for maximum lot coverage and landscaping. He was concerned about water runoff and nitrogen extraction. He was also concerned the variance requests would be utilized to construct out parcels. He asked if the owners would agree to bring the shopping center into compliance with impervious surface and landscaping requirements if they were to construct out parcels in the future. Mr. McClain agreed for the record they would bring the impervious surface and landscaping requirements into compliance if out parcels were built in the future.

Council Weldon stated he was also concerned about the signage not being addressed in the

development order. He explained within six years all existing pole signs within the city would be required to be removed. Mr. McClain stated he was aware of the sign ordinance and had already removed the Neptune Beach Theater pole sign. He added that he was under lease agreement with existing tenants regarding signage.

City Attorney White asked when the lease with Winn Dixie would expire. Mr. McClain replied the current lease agreement with Winn Dixie Stores expired in 2015. City Attorney White asked if there was a clause in the lease agreement relating to governmental regulations. Mr. McClain replied there was such a clause within the agreement.

Councilor Pardee felt signage was not an issue concerning the motion that was currently on the floor. He asked for discussion to move forward.

Councilor Weldon asked Mr. McClain if he acknowledged the variances would not be transferable and if he made any changes to the plans they would have to start the development process over. Mr. McClain acknowledged if they changed the plans they would have to return to Council for approval. He added they did not intend to have any major changes to the plans and they were trying their best to stay in compliance.

For the Record Councilor Weldon asked Mr. McClain for the record if they were to build a smaller center if they would attempt to improve the variance percentages. Mr. McClain responded for the record "yes"

Mr. William McClain, representative for Penman Plaza, stated if Councilor Weldon was suggesting they bring the center into total compliance if they had to make minor changes to the footprint to accommodate a tenant that did not include changing the façade or the square footage then the answer to the question would be "no". Councilor Weldon stated that was not the intention.

Councilor Weldon stated if they were to decide to build a smaller building if they would agree to bring the overall numbers into compliance. Mr. William McClain stated if they made any changes to the plans they understood they would have to return to the Council for approval therefore, he was not sure he wanted to make that commitment.

Mayor Brown stated that it was correct that the Council would have to approve any changes that were made to the development order.

Mr. William McClain stated they would like to have the ability to change the shapes of some of the buildings in order to accommodate new tenants. City Manager Jarboe explained if the size was substantially changed the building plans would not match the development order and the building official would not be able to move forward without approval from Council and therefore the applicant would need to go back through the development process. Mr. William McClain explained they understood they would need to go back through the development process if that were the case.

Councilor Weldon stated he wanted everyone to agree that the impervious surface and landscaping requirements would be revisited if major reductions in square footage were made.

Janet Whitmill, Landscape Architect for the developer, explained when the building was built in 1964 it met all requirements. Most of the non-compliance issues dealing with the development order were incompatible land use square footages that could not be met with the ability to move the trucks in the rear of the structure. The site plan shows the Winn Dixie, Aarons, and the Neptune Theater did not have sufficient green space. She explained the proposed site plan reduced parking spaces at the Tire Kingdom site and along Atlantic Boulevard. The new parking spaces that were being introduced would be pervious pavement.

Councilor Lee wanted to clarify if the size of the building substantially changed in square footage they would have to go back through the development order process. However, changes in the shape in order to attract proposed tenants did not substantially change or

reduce the size of the structure and would not require a new development order.

Vice Mayor Pruette questioned when they would be demolishing the old theater. Mr. McClain replied as soon as they received Council approval and met with the contractor.

City Manager Jarboe stated the only reason Code Enforcement action has not been taken was because there was a pending development order and it would be their best interest to demolish the building as soon as possible.

Councilor Pardee felt the Council was setting a precedent for future development by asking them to bring the non-compliances into compliance if they were to add out parcels. He asked the applicants if they were willing to comply with variance request number five. Mr. McClain stated they were confused about how variance request number five was omitted. Councilor Pardee asked to call the question.

Mayor Brown stated the question had been called if no one had any objections.

Councilor Weldon stated he objected to calling the question.

Mayor Brown stated "calling the question" was a parliamentary procedure and could not be debated. He asked City Clerk Lisa Volpe to record the vote for "calling the question".

Roll Call Vote:

Ayes: 3 – Pardee, Pruette, Brown

Noes: 2 – Lee, Weldon

MOTION CARRIED TO CALL THE QUESTION ON THE ABOVE MOTION

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE VARIANCE REQUEST NUMBER 5.**

Community Development Director Amanda Askew explained the Planning & Development Review Board recommended denial of variance number five because a few of the board members indicated the existing parking spaces could easily be converted into required landscape islands.

Mayor Brown felt some of the existing shopping center grandfathered benefits were being lost because of the expansion.

Councilor Pardee asked Mrs. Askew what percentage of the expansion made the entire site have to be brought up to today Code. Mrs. Askew replied any time gross square footage was added to an existing non-conforming site the entire site had to be brought up to Code.

For the Record Councilor Lee stated for the record the only place that could be changed at this point was to add islands in two sections. That would require removing the existing parking lot and putting an island next to Bono's Bar-B-Que.

For the Record Councilor Pardee stated for the record he was adamantly opposed to the Code being applied in this manner.

Mayor Brown agreed the Code was very unfriendly to businesses and required unnecessary

expenditures.

Vice Mayor Pruette stated she would like to see the shopping center developed as soon as possible. She felt the improvements would compliment the community.

Councilor Lee also felt the development would compliment the community and asked Mr. McClain how soon they could begin construction. Mr. McClain replied they would like to begin as soon as possible.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Pruette, Brown

Noes: 1 – Weldon

MOTION CARRIED

Development Order
Penman Plaza

APPROVAL OF THE DEVELOPMENT ORDER FOR PENMAN PLAZA ASSOCIATES, 1209, 1223, AND 1301 ATLANTIC BOULEVARD

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR PENMAN PLAZA AS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW PLAN AND RETURN TO THE COUNCIL REGARDING THE SIGNAGE.**

Councilor Weldon asked Mr. McClain if they intended to comply with the sign ordinance within the next five to six years. Mr. McClain felt he could not legally answer that question due to tenant lease agreements.

Councilor Weldon was concerned about the pine trees on the landscape plan and asked if they would replace them with palm trees. Ms. Whitmill replied she had no objection to changing the pine trees to palm trees.

Councilor Weldon questioned how the Church felt about not having a concrete barrier wall. He added that it was not up to the church to decide whether or not the barrier wall was required because the property could be sold and redeveloped in the future. Mr. McClain stated the Church was satisfied with having a chain link fence with privacy slats in lieu of a concrete barrier wall as long as the privacy slats were maintained.

MOTION CARRIED

ORDINANCES

Ord. No. 2008-05

ORDINANCE NO. 2008-05, AMENDING CHAPTER 27, SECTION 27-227, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS SECTION 27-227 SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS(B)(5) RETAIL, GENERAL AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown explained this ordinance would allow business to conduct eight outdoor sales per year in lieu of the three.

Vice Mayor Pruette felt businesses should have more flexibility with outdoor sales.

Councilor Weldon questioned if the ordinance had been recommended for approval by the

Planning & Development Review Board. Mayor Brown stated the ordinance would go to the Planning & Development Review Board for recommendation in May.

Councilor Pardee questioned why the ordinance was placed on the agenda. City Manager Jarboe responded originally businesses were not allowed to have outdoor sales. The ordinance allowing three garage sales was amended to also allow business to have three outdoor sales per year. This ordinance would amend the Code to allow businesses to have eight outdoor sales but did not change the limited amount of garage sales per year.

Councilor Pardee felt the ordinance was not necessary.

Vice Mayor Pruette suggested striking out the number of times per year and adding "general retail stores may be held on the premises of a licensed store".

Councilor Weldon felt the ordinance should not be debated at a regular council meeting because it had not been discussed at a previous workshop meeting nor had it been before the Planning & Development Review Board for a recommendation to the Council.

City Clerk Volpe stated the ordinance adoption process was for an ordinance to first be heard and discussed at a workshop meeting and forwarded to the next regular council meeting for first read. After first read the proposed ordinance would go to the next Planning & Development Review for a recommendation to Council. After recommendation by the Planning & Development Review Board the proposed ordinance would return to the next regular council meeting for second read and final adoption. She suggested, if the order was a problem, she would place the issue on the April workshop agenda for discussion. City Manager Jarboe suggested drafting a resolution for procedures on adopting ordinances for the April workshop meeting.

Consensus: **TO DRAFT A RESOLUTION FOR PROCEDURES FOR ADOPTING ORDINANCES AND FORWARD TO THE APRIL WORKSHOP MEETING.**

OLD BUSINESS

Community Garden **COMMUNITY GARDEN:** City Manager Jarboe recommended the proposed community garden be located across from the water plant on Fifth Street. If Council agreed to the Fifth Street location he would work out the details which would include an "adopt an area agreement".

Councilor Pardee met with Mary Puckett, who supervises five to six community gardens in Duval County, acting as a liaison between the gardeners and the City of Jacksonville. Councilor Pardee suggested the city also contract with her to supervise our community garden. However, he was concerned about the Fifth Street location because of the limited parking spaces for park visitors.

Councilor Weldon asked Gretchen Ferrell to approach the podium and address the Council.

Gretchen Ferrell stated she had met with City Manager Jarboe and explained the details pertinent to the "adopt an area" program. She and other interested persons spoke with the adjacent residents regarding the Fifth Street location and they did not have any objections to the garden. Also the proposed garden area would allow 24 garden plots and would only take up 200 feet of the current 400 feet used for parking.

City Manager Jarboe stated the residents adjacent to the Fifth Street location would need to sign an agreement.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE COMMUNITY GARDEN CONCEPT WITH THE CITY MANAGER WORKING OUT AN ADOPT AN AREA AGREEMENT AND DETAILS.**

Councilor Weldon questioned what would happen if one of the neighbors objected to the location. City Manager Jarboe stated if one neighbor objected he would bring the issue back to the Council for consideration.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

Town Center
Art Project

RESOLUTION FOR TOWN CENTER ROUNDABOUT ART PROJECT: Mayor Brown asked Council if they were comfortable with the substitute resolution he drafted. He felt the resolution clearly stated the city's position and would allow the Town Center Agency to move forward with the artwork selection process.

Moved by Weldon, and Pruette.

Motion: **TO APPROVE THE SUBSTITUTE RESOLUTION DRAFTED BY MAYOR BROWN REGARDING ART IN THE ROUND ABOUT.**

Councilor Pardee stated he supported the idea of allowing Town Center to go through the process of request for proposals to obtain the artwork. But he did not necessarily support placing art in the Town Center round about.

Councilor Weldon asked Michael Dunlap to approach the podium and address the Council.

Michael Dunlap stated the request for proposals for the artwork had been rewritten to include the concerns and the items discussed at the previous council meeting. He added their request was approved by the City of Atlantic Beach.

Councilor Lee was concerned because the resolution did not address the maintenance of the art structure. He stated he would not approve a high maintenance art structure. Councilor Lee also voiced concern about a vehicle running into the art structure.

For the Record Vice Mayor Pruette stated for the record that she advised the Town Center Agency to purchase an insurance policy.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

Green Market

Vice Mayor Pruette advised the Green Market in Jacksonville Beach was interested in moving to Jarboe Park.

New Development

Councilor Pardee asked staff to review the Code regarding landscaping and non-pervious surface non-conformities for new developments.

Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

Councilor Eric Pardee

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS

MPO

METROPOLITAN PLANNING ORGANIZATION: Jeff Sheffield, First Coast Metropolitan Planning Organization, gave a presentation on transportation improvements for fiscal years 2008/09 through 2012/13.

Councilor Weldon asked Mr. Sheffield if the MPO could assist the city by working with FDOT to help make Third Street / A1A more pedestrian friendly. Mr. Sheffield replied the MPO could help facilitate with FDOT while the repaving and intersection work was in process.

CITY MANAGER'S ACTION LIST

The manhole repairs are complete at no cost to the city. The Public Services Department would be monitoring the manholes during heavy rains to make sure they are working properly.

Repair work will begin on the manholes on Third Street and South Street next Tuesday.

There was a grease clog in the sewer lines in Town Center. Code Enforcement and Public Services will be monitoring the sewer lines in the Town Center area on a monthly basis.

Councilor Lee questioned the progress of the Kings Road Bridge. City Manager Jarboe

replied the bids should go out this week.

Councilor Lee questioned the progress of the new playground equipment. Community Development Director Amanda Askew replied she would prepare a letter addressed to City of Jacksonville Councilman Art Graham requesting the funding.

Consensus: **FORWARD TO THE PLANNING AND DEVELOPMENT REVIEW BOARD.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Ordinance
Procedures

RESOLUTION NO. 2008-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA STATING THE STEPS AN ORDINANCE GOES THROUGH TO BE INTRODUCED TO COUNCIL.

Councilor Weldon explained there was not a standard procedure for adopting ordinances. He suggested the following procedure for proposed ordinances: 1) the proposed ordinance is introduced for discussion at a Council workshop meeting to decide whether the Council wants to move forward with the ordinance, 2) go to the Planning and Development Review for recommendation before first read, 3) go to the Council for first read at the next regular Council meeting, and 4) return to the Council meeting the following month for second and final read. He felt this procedure would allow plenty of opportunity for the public to speak and have input. However, he was concerned about the delay in the process and suggested moving the Planning and Development Review Board meeting from the third Tuesday of the month to the first Tuesday of the month.

City Manager Jarboe recommended moving the Planning and Development Review Board meeting to the fourth Tuesday of the month.

Discussion ensued regarding public notices for ordinances and development orders.

Vice Mayor Pruette felt a review by the City Attorney should be included in the process.

Consensus: **FOR THE CITY MANAGER TO DISCUSS WITH STAFF AND BRING A PROPOSAL TO THE COUNCIL.**

720 Atlantic Blvd.

RESOLUTION NO. 2008-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA DESIGNATING PROPERTY LOCATED AT 720 ATLANTIC BOULEVARD AS A BROWNFIELD AREA FOR ENVIRONMENTAL REHABILITATION AND ECONOMIC DEVELOPMENT AND PROVIDING AN EFFECTIVE DATE.

City Attorney White explained the State allowed economic incentives for property owners and developers to develop properties with pollutants found on site. The city would have to designate the property as a Brownfield area and enter into an agreement with the

property owner as to what needed to be done to remove the contamination. This would be a long process and require an engineer.

William Finger, Attorney for the property owner, stated this would allow the city to have input as to how the contamination would be removed.

Councilor Lee asked if this included cleaning up the contamination within the city right-of-way. Mr. Finger responded "yes" that it did include cleaning the city right-of-way.

Councilor Weldon stated he was opposed to a short term solution. He questioned if the technique for removing the contamination would be scientific driven or financially driven.

Earl Faust, P.A., Access Environmental Association, 10250 Normandy Boulevard, Suite 604, Jacksonville, Florida, 32221, responded the technique would be both scientifically and financially driven. However, the Brownfield agreement would allow the city to become part of the process, the city would be actively involved and it would work to the advantage of the city.

Consensus: **FORWARD TO THE MAY REGULAR COUNCIL MEETING.**

Waste Pro

WASTE PRO – REQUEST FOR CPI INCREASE: Howard Burnett, Waste Pro of Florida, explained their contract included a paragraph which allowed adjustments for changes for the cost of doing business. They were requesting an increase of 3.5 % based on the net change in the Consumer Price Index published by the Bureau of Labor Statistics.

Councilor Lee stated he continued to see trash cans not being returned to side yards. Mr. Burnett replied that some customers preferred to carry their trash cans to the street and did not want his employees entering their property.

Councilor Lee also voiced concern regarding trash falling out of trucks onto streets and yards. Mr. Burnett replied his employees were instructed to pick up trash that was blown out of the trucks.

Vice Mayor Pruette suggested the employees take the empty trash cans at least back to the front corner of the house where they could not be blown onto streets and driveways. Mr. Burnett stated he had not received any complaints from residents regarding empty trash cans. Vice Mayor Pruette stated she had received compliments about the service in comparison to the last provider.

Councilor Weldon stated residents needed to be reminded via the Cast-a-Line Newsletter that they pay for side yard trash pickup and they should take advantage of it.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA**

Green Market

BEACHES GREEN MARKET – REQUEST TO ADD LOCATION OF JARBOE PARK: City Manager Jarboe stated the Green Market started out located in the Sea Horse Motel parking lot. Then it moved over to the K-Mart parking lot where it did not succeed. If the Green Market was allowed to be located in Jarboe Park, the ordinance would have to be changed. He voiced concern regarding the request to prepare food on the premises, which would create the necessity for water and electricity.

Councilor Weldon asked Gretchen Ferrell to address the Council. He asked her why the Green Market had proposed the hours of Saturday from 2:00 p.m. to 5:00 p.m. Ms. Ferrell responded their main vendor commuted from MacClenny and preferred those hours due to traffic and travel time.

Councilor Weldon questioned why they wanted to sell prepared foods. Ms. Ferrell replied

the Green Market created a pleasant atmosphere where people could sit and eat while listening to music. She added that if necessary the food could be prepared off site.

Councilor Lee was concerned that food vendors on site would create a problem with local restaurants owners.

Consensus: **TO HAVE THE CITY MANAGER WORK WITH STAFF TO FINE TUNE THE DETAILS AND FORWARD TO THE MAY REGULAR COUNCIL MEETING.**

Senior Center

RESOLUTION NO. 2008-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA CONFIRMING THE MEMBERS OF THE NEPTUNE BEACH SENIOR CENTER FOUNDATION BOARD OF DIRECTORS.

Senior Activities Center Director Leslie Lyne explained the foundation was created to raise funds for the Senior Center to help offset the cost of vital activities and special events since CDBG funding was cut each year.

Councilor Weldon questioned how the funds would be used and if Council would be responsible for the disbursements. Ms. Lyne explained the foundation funds would be separate from the city budget and would be for the sole purpose to benefit the center and provide programs, events, and necessities such as heating, air conditioning, or maybe eventually a new building. She added the city would be informed as to what was done with the money.

City Manager Jarboe clarified the foundation could not expend funds without approval of the city because once the items were purchased for the center they would become city property.

Leslie Lyne introduced Dr. Joan Carver, Director of the Neptune Beach Senior Center Foundation Board, to the Council. Dr. Carver addressed the Council and stated the foundation board was for a wonderful cause.

Councilor Lee indicated there would be an end of the year audit report that the Council would have the opportunity to review if they so chose.

Consensus: **FORWARD TO THE MAY REGULAR MEETING CONSENT AGENDA.**

Audit Committee

AUDIT COMMITTEE – AUDITOR SELECTION LAW AND PROCEDURES: City Manager Jarboe explained Florida Statutes required Council to select and confirm the city auditor. The intent was for staff not to select an auditor to evaluate and rate their performance. Mr. Jarboe further explained the Council could hire a consultant at a cost of \$5,000 to \$10,000. However, he felt the Council was capable of reviewing the qualifications and making a selection once the requests for proposals were received.

Consensus: **FOR THE COUNCIL AS A WHOLE TO AGREE TO ACCEPT THE RESPONSIBILITY OF SELECTING AN AUDITOR.**

Vice Mayor Pruette advised the Florida League of Cities was in the process of collecting door prizes from Beaches' Council members for the May dinner meeting, which would be sponsored by the three Beach Cities and held at the Jacksonville Beach Community Center.

Adjournment

There being no further business, the meeting adjourned at 7:54 pm.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated he attended the "Mayor's Conference on Illegal Guns and Community Safety" which was hosted today by Jacksonville Mayor John Peyton. It was attended by New York City Mayor Bloomberg and other Florida Mayors.

Vice Mayor Pruette asked Council to consider adopting a Resolution to protect public land.

Councilor Pardee asked staff for an update on the Flagler Property development. City Manager Jarboe stated the Flagler Property proposed development would be heard by the Planning & Development Review Board in March.

Councilor Pardee stated the City of Jacksonville had Penman Road on schedule to be repaved. He added that he had noticed a lot of illegal snipe signs in public rights of ways which he would continue to remove.

Councilor Weldon asked if pedestrian walkways would be part of the Penman Road repaving project.

City Clerk Volpe stated the code book supplements were available.

CITY MANAGER REPORT

The Public Services Department was able to piggyback off of an Atlantic Beach contract for sewer repair projects.

Councilor Lee asked to place playground equipment on the March workshop agenda.

COMMENTS FROM THE PUBLIC

Sybil Ansbacher, 2008 Strand Street, thanked the Council for supporting her during her service on the Board of Appeals.

Lynda Padrta, 1113 First Street, opposed extending the request by Lakeshore Village to extend the Wal-Mart development.

Mary Ann Padrta, 1030 Second Street, also opposed extending the request by Lakeshore Village to extend the Wal-Mart development.

MOTION CARRIED

OLD BUSINESS

Res. No. 2008-03 RESOLUTION NO. 2008-03: A RESOLUTION OF THE CITY NEPTUNE BEACH, FLORIDA SUPPORTING THE CONCEPT OF PLACING ART IN THE ROUNDABOUT LOCATED AT THE ENTRANCE RAMP TO THE OCEAN ON ATLANTIC BOULEVARD.

City Manager Jarboe stated Ordinance No. 2007-16 pertained to all art projects in commercial districts.

Michael Dunlap, representative for the Town Center Agency, handed out copies of a Resolution prepared by the Town Center Agency. He felt Resolution 2008-03, drafted by the City Manager was unacceptable to the Town Center Agency, because it required approval from the Planning & Development Review Board and it did not limit the art to non representational.

Councilor Weldon was concerned traditional sculptures would be excluded from the competition by limiting the submittals to abstracts. Mr. Dunlap stated the design committee felt that non-representational art would add more creativity to the competition and was a better solution for the site.

Councilor Weldon agreed the Council should maintain a simple veto on the project without the need for recommendation through the Planning & Development Review Board.

Vice Mayor Pruette asked City Attorney White if art work on public property would need a recommendation from the Planning & Development Review Board. City Attorney White replied the City had the absolute authority to govern whatever would be placed on public property.

City Manager Jarboe explained the Planning & Development Review Board was a recommendation board which only made recommendations to the Council and Council had the ability to deny or approve the board's recommendation.

Mayor Brown was concerned about approving an art project that would be placed on public property before seeing it. He felt the art work should be revealed to the Council before approval or Council should be allowed to veto the decision of the Design Committee.

Councilor Pardee was not comfortable with the Town Center Agency being in complete control over the project when an Ordinance governing art work was adopted in November. He suggested there were other property within the Town Center where the art could be placed.

City Manager Jarboe suggested forwarding the art project to the March workshop meeting.

Councilor Lee asked Mr. Dunlap to consider allowing the Council to have veto power.

Consensus: **FORWARD TO MARCH WORKSHOP.**

Res. No. 2008-04 **RESOLUTION 2008-04: A RESOLUTION REAPPOINTING MEMBERS TO THE BOARD OF APPEALS. ;**

Council asked Board Member Bryan McDonald if he would be able to attend the board meetings without as many absents. He stated he did shift work but he would attend all meeting he was able to.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION NO. 2008-04.**

MOTION CARRIED

Lakeshore Village / Wal-Mart **TO DETERMINE IF ACTION IS APPROPRIATE ON THE REQUEST TO EXTEND THE LAKESHORE VILLAGE SHOPPING CENTER DEVELOPMENT ORDER FOR WAL-MART:**

City Attorney White stated he received a telephone call from the Lakeshore Village Counsel informing him no deal was reached with Wal-Mart at the meeting but they still wanted a development extension.

For the Record City Attorney White stated for the record that by agreeing to a consensus the council was in fact denying the request for the extension. The Code said that Council may grant an extension which implies the Council as taking action.

Vice Mayor Pruette stated she did not support the request for an extension because of the tri-party settlement agreement between the City, Lakeshore Village and Wal-Mart. She felt if any changes were made to the tri-party agreement Wal-Mart would also have to agree with the terms.

Audit

PRESENTATION OF ANNUAL FINANCIAL REPORT GIVEN BY DUFRESNE & ASSOCIATES, CPA, PA: Linda Dufresne, Dufresne & Associates, presented a draft of the Independent Auditors Report for the fiscal year ending September 30, 2007.

Surf Camp

SURF CAMP – SENIOR ACTIVITIES CENTER DIRECTOR LESLIE LYNE: Senior Activities Center Director Leslie Lyne explained she met with Nicole de Venoge and Julie Geissmann regarding the proposed Surf Camp being part of the City recreation program. The Surf Camp would be a five week program starting June 9th through July 11th beginning at 9:00 a.m. and ending at 12:00 p.m. There would be approximately ten participants for each session between the ages of seven and seventeen. A birth certificate providing proof of age would be required at the time of registration.

Councilor Pardee questioned if the lifeguards would be on duty during that time period. Ms. Lyne replied the lifeguards would be on duty and the camp would be held within their sight.

Councilor Weldon was concerned about the liability to the city. Ms. Lyne responded the Surf Camp would be insured under the city's umbrella policy the same as other special events.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING CONSENT AGENDA.**

CITY MANAGER'S ACTION LIST

Action List

CITY MANAGER ACTION LIST: City Manager Jarboe stated he received a letter addressed to Atlantic Beach Mayor John Meserve, from One Ocean, regarding landscaping the Town Center roundabout. The request was to allow One Ocean to landscape the roundabout until a decision was reached regarding the art sculpture. Councilor Weldon was concerned about the type of landscape they would provide. City Manager Jarboe responded they would have to submit a landscape plan to be approved by the Council.

Mr. Jarboe also reported the warranty repair work on the manholes was almost complete at no cost to city.

PUBLIC COMMENTS

Pat Hazouri, 1304 First Street & 207 Florida Boulevard, suggested that the Pedestrian Safety Corridor Plan identify intersections and provide for an additional safety corridor on Third Street between Seagate Avenue and Florida Boulevard.

Kelly Elmore, 1650 Beach Avenue, Atlantic Beach, FL, representative for the Town Center Agency, spoke about the Resolution addressing the Town Center art project. The art project was a continuation of the Town Center upgrades. It would be modeled after the art project in the San Marco area. He felt the project would identify the Town Center area.

Leslie Lyne, 501 Hopkins Street, asked the Council to show due diligence in going through the new 2020 Comprehensive Plan. She favored the concept of artwork in Town Center, but felt it would be better placed in a location other than the roundabout. She also requested the banners be replaced in Town Center.

ISSUE DEVELOPMENT

Pedestrian Safety

PEDESTRIAN SAFETY CORRIDORS PLAN: City Manager Jarboe stated he drafted a general plan for Pedestrian Safety Corridors, which included a definition of "Pedestrian Safety Corridor." He was having difficulty getting information on the crosswalks from the state but hoped to receive that information soon.

Vice Mayor Pruette stated she wished there was an easier way for pedestrians to cross Third Street / A1A to go to either the beach or Jarboe Park.

Councilor Pardee felt part of the traffic problem on Third Street was due to all the stop signs and blockades on First Street and Second Street. He felt additional traffic signals and pedestrian crosswalks on Third Street would add more traffic to Penman Road. He suggested more traffic could be routed down First Street and Second Street.

Mayor Brown stated he was enthused about the new traffic signaling devices with timers which would advise pedestrians how much time remained before the traffic signal

changed.

Councilor Weldon stated he did not support an additional traffic signal on Third Street but felt every effort should be made to protect pedestrians crossing Third Street/ A1A. He also felt First Street and Second Street should be protected from allowing through traffic at all cost.

Consensus: **REMOVE NUMBER FOUR FROM THE PROPOSED PEDESTRIAN SAFETY CORRIDOR PLAN AND FORWARD TO THE APRIL CONSENT AGENDA.**

Town Center Art

TOWN CENTER ROUNDABOUT ART PROJECT: Mayor Brown stated the City adopted an Ordinance in November regarding procedures for public art.

City Manager Jarboe stated he spoke with City of Atlantic Beach City Manager Jim Hanson. Mr. Hanson indicated the Atlantic Beach City Commission was also concerned about not having the final approval for the type of art project proposed for the Town Center roundabout. He also indicated Mayor Meserve was interested in the possibility of conducting a joint meeting with the Neptune Beach City Council in an effort to coordinate the art project. The Atlantic Beach City Commission was also in the process of adopting a Resolution for the art project, which would reflect their Ordinance Code. Mr. Hanson felt the Atlantic Beach City Commission would support the art project if the Commission had final veto power over the art.

Mayor Brown asked the Council if they would be interested in a joint meeting with Atlantic Beach City Commission.

Councilor Weldon felt there was not enough information on the art project to set up a joint meeting with the Atlantic Beach City Commission. He stated both Neptune Beach and Atlantic Beach elected officials were not comfortable allowing an appointed committee to make a final decision regarding a piece of artwork to be placed on public property without public input and final approval. Both cities were also not sure they wanted an art project placed in the roundabout. He was also concerned traditional sculptures would be excluded from the competition by limiting the submittals to abstracts.

Michael Dunlap, Town Center Agency, explained they were willing to eliminate the abstract art requirement and go through the Planning & Development Review Board process. However, the agency felt Neptune Beach and Atlantic Beach should share the maintenance of the sculpture.

Councilor Weldon questioned the issue of the final approval. Mr. Dunlap stated the Resolution should provide that both the City of Neptune Beach and the City of Atlantic Beach would have final approval of the artwork.

Councilor Weldon suggested that the jury select several art pieces from the submissions. Mr. Elwood explained the process of the jury was to select three pieces of artwork initially, and make a final selection from those three.

Mr. Elwood stated most city elected officials did not make decisions on public art work. They usually established a committee knowledgeable in the field and versed in the subject to make the best decision.

Councilor Pardee felt a joint meeting with the Atlantic Beach Commission would not be successful because Neptune Beach needed to abide by the Art Work Ordinance that was adopted in November.

Councilor Weldon agreed the procedures in the Art Work Ordinance needed to be followed. However, he felt the problem was who or what body would be responsible for the final decision on which piece of art would be selected.

Councilor Pardee asked Vice Mayor Pruette, because she was a member of the Town Center Agency Board, if she would be voting as a Neptune Beach Council Member on the project. Vice Mayor Pruette stated City Attorney White had advised her that it was not a conflict of interest and that she must vote.

Vice Mayor Pruette added that she would rather the art work be placed in an alternate location other than the roundabout and clarified the artwork would be of no cost to taxpayers.

Mr. Dunlap stated they would agree to rewrite the requests for proposals to exclude the non-representational language and give both cities veto power.

Vice Mayor Pruette added going through the Planning & Development Review Board would allow the cities public input and feedback.

City Manager Jarboe suggested the committee submit three options for review by the Planning & Development Review Board to consider for recommendation to the council. The jury could give a presentation to the Board recommending strengths and weaknesses for each object.

City Manager Jarboe stated the maintenance of the artwork was a major issue and could be a major financial undertaking. He was concerned about the decreasing tax revenue and the issue of having to cut employees and services than having to deal with the maintenance of the Town Center Art Work.

Mr. Dunlap stated that the Town Center Agency did not want to be responsible for the maintenance of the artwork.

Councilor Weldon replied if the art was crafted with future maintenance in mind he did not see an issue with the city maintaining it. Mr. Elwood responded that good public artwork was designed from high quality materials like granite, stainless steel, copper, bronze, etc. with the salt and wind environment in mind and should be a low maintenance project.

Councilor Pardee was concerned about the location in the roundabout and questioned why the art could not be placed on Town Center property instead of on city property. Mr. Elwood responded the roundabout was the logical place for the art to be placed because it could be seen.

Councilor Weldon recommended changing number five of the Resolution to read "Receive final design approval from the Neptune Beach City Council" and postponing the maintenance question.

Therefore, the five conditions of the Resolution would be to 1) receive approval from Atlantic Beach City Commission, 2) following requirements of the City Ordinance Chapter 27 Section 576 and 596, 3) have a firm commitment for funding, 4) not limit the art to abstract, and 5) receive final design approval from the Neptune Beach City Council.

Mr. Dunlap stated on behalf of the Town Center Agency he would agree to those terms.

Mayor Brown stated he was still concerned about the maintenance issue.

Councilor Weldon stated the Neptune Beach City Council would have final design approval which would include maintenance of the design materials.

Vice Mayor Pruette suggested Town Center take the responsibility to repair or replace the art if it were hit by a vehicle.

City Manager Jarboe suggested that it be clarified in the Resolution that the city would not be responsible for the future maintenance of the artwork.

Councilor Weldon stated not including the issue of maintenance in the Resolution would allow Town Center to move forward with the project. This did not mean the city would be responsible for the maintenance. He also asked that the committee be asked to consider that the design should enhance not diminish the view of the ocean.

Consensus: **POSTPONE THE MAINTENANCE ISSUE AND FORWARD RESOLUTION TO THE APRIL REGULAR MEETING.**

Playground Equip.

APPROVAL OF PLAYGROUND EQUIPMENT GRANT: City Manager Jarboe explained initially grant money was available to improve the landscaping on Florida Boulevard. Now that the money was no longer available for landscaping, he was requesting the money be used for new playground equipment for Jarboe Park and Futch Park.

Consensus: **TO FORWARD TO THE APRIL REGULAR MEETING CONSENT AGENDA.**

Record Management Software

APPROVAL OF POLICE DEPARTMENT RECORDS MANAGEMENT SYSTEM SOFTWARE GRANT: City Manager Jarboe explained the Police Department was able to receive a grant to upgrade their records management system. He recommended approval of the proposal from Detective Information Services.

Councilor Pardee asked to include a date of completion for the software conversion to be completed and charge a penalty if it is not completed by the date.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING CONSENT AGENDA.**

Forfeiture Funds

EXPENDITURE OF POLICE FORFEITURE FUNDS: City Manager Jarboe explained the forfeiture funds would be used for police training equipment, tasers, and emergency lights for unmarked police vehicles.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING CONSENT AGENDA.**

Goal Setting

DISCUSSION OF GOAL SETTING SESSION: City Manager Jarboe stated he would like to hold a goal setting session to discuss the property rate cutbacks and the upcoming budget.

Consensus: **CITY MANAGER JARBOE CALL COUNCIL MEMBERS AND TRY TO SET A DATE THAT WAS CONVENIENT FOR EVERYONE.**

Adjournment

There being no further business, the meeting adjourned at 8:10 pm.

MINUTES
REGULAR CITY COUNCIL MEETING
FEBRUARY 4, 2008 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held February 4, 2008 at 6:00 p.m., in the City Hall Council Chambers, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

STAFF:

Mayor Richard A. Brown
 Vice Mayor Harriet Pruette
 Councilor Fred Lee
 Councilor Eric Pardee
 Councilor John Weldon
 City Manager Jim Jarboe
 City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
 Senior Activities Center Director Leslie Lyne
 Director of Finance Steve Ramsey
 Director of Public Safety David Sembach
 Director of Public Services Leon Smith

Absent:
 City Attorney Christopher White

Order Call/Pledge

Mayor Brown called the meeting to order at 6:00 p.m. and asked Councilor Pardee to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown presented a Proclamation to Mr. Anthony Mazzola recognizing his seven years of service on the Planning & Development Review Board.

**Fletcher Band
 Donation**

FLETCHER HIGH SCHOOL BAND DONATION: Councilor Pardee brought forth the request by Fletcher High School Band for a donation to help support them on a trip to Washington, D.C. to participate in the Independence Day Parade on July 4th. He suggested a donation of \$3000.

The following citizens spoke in favor of the Fletcher High School Band donation:

- Cindy Bohn, 49 Tallwood Road, Jacksonville Beach
- Melissa Altaxin, 14019 Beach Boulevard, Jacksonville
- Jean Furst, 3018 Farrington Street, Jacksonville
- Anna Forest, 1659 Leeward Lane, Neptune Beach
- Jonathan Maerkl, Fletcher High School Band Director, 700 Seagate Avenue
- Karl Hankin, 717 Valley Forge Road, Neptune Beach

Moved by Pardee, seconded by Lee.

Motion: **TO APPROVE A \$3,000 DONATION TO SUPPORT THE FLETCHER HIGH SCHOOL BAND.**

Councilor Weldon questioned the amount of money available in the discretionary fund. City Manager Jarboe replied \$3,700 remained after the \$5,000 "HOPE" van donation.

Councilor Weldon recommended a \$1,500 donation. Vice Mayor Pruette stated she could also support \$1,500 as given in the past. Councilor Weldon explained to the band members present in the assembly that a small community such as the City of Neptune Beach had limited resources and could not make donations to every valuable organization.

Mayor Brown stated he would support a \$1,500 donation.

Councilor Lee explained that he received a personal request to contribute \$1,000. He added if the city donated \$2,000 he would personally donate \$1,000 bringing the total donation to \$3,000.

Revised Motion: **TO APPROVE A \$2,000 DONATION TO SUPPORT THE FLETCHER HIGH SCHOOL BAND.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

APPROVAL OF MINUTES

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE FOLLOWING MINUTES:**

JANUARY 7, 2008, REGULAR CITY COUNCIL MEETING
JANUARY 28, 2008, SPECIAL CITY COUNCIL MEETING
JANUARY 28, 2008, WORKSHOP CITY COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette stated she would like to write a letter thanking Budweiser for bringing the Clydesdale horses to Town Center and invite them to come back in the future.

Councilor Lee reminded council to attend the dedication of the Neptune Beach Elementary School playground.

City Clerk Volpe reminded Council the February workshop meeting would be held on February 25, 2008 due to Presidents' Day.

CITY MANAGER REPORT

City Manager Jarboe stated he spoke with Barbara Jackson, Chairperson of the Ish Brant Beautification Committee, regarding some interest in a community vegetable garden.

The Finance Department was in the process of finishing the audit.

Community Development was working on the EAR report. He added, with the combined experience of the Community Development Director and the Building Official, the city would be saving money by not having to hire an outside consultant.

COMMENTS FROM THE PUBLIC

Lynda Padrta, 1113 First Street, spoke in favor of Ordinance No. 2008-03 and the donation for the "HOPE" Van.

CONSENT AGENDA

INTERLOCAL AGREEMENT BETWEEN THE CITY OF JACKSONVILLE BEACH, FLORIDA AND THE CITY OF NEPTUNE BEACH, FLORIDA: Relating to the provision of potable water supply connection, sewage collection connection, and water metering services for the five residential properties in Neptune Beach at the westerly end of Seagate Avenue west of Kings Road.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

VARIANCES / NONE**ORDINANCES**

Ord. No. 2007-20

ORDINANCE NO. 2007-20, ACCESSORY AND TEMPORARY STRUCTURES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE V. ACCESSORY STRUCTURES AND USES SECTION 27-331 TEMPORARY STRUCTURES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this Ordinance allowed the City Manager to extend the time period for temporary storage units up to 45 days, if more than five days are necessary.

Mayor Brown read Ordinance No. 2007-20 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2007-20 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-21

ORDINANCE NO. 2007-21, AMENDING CHAPTER 27, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, TABLE 27-229-1 AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-21 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2007-21 ON SECOND READ AND PUBLIC HEARING.**

Mayor Brown explained this Ordinance clarified that the 60,000 square feet limit did not apply to entire shopping centers; it only applied to individual stores. Council discussed the ordinance.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

Ord. No. 2008-02

ORDINANCE NO. 2008-02, AMENDING CHAPTER 2, ADMINISTRATIONS, ARTICLE VII BOARDS AND COMMISSIONS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2, ADMINISTRATIONS, ARTICLE VII BOARDS AND COMMISSIONS, ADDING SECTION 2-412 PRESIDING OFFICER OF A BOARD OR COMMISSION AND PROVIDING AN EFFECTIVE DATE.

Moved by Lee, seconded by Pardee.

Motion: **TO PASS ORDINANCE NO. 2008-02 OF FIRST READ.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2008-03

ORDINANCE NO. 2008-03, AMENDING CHAPTER 11, GARBAGE, TRASH AND INDUSTRIAL WASTE, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 11, GARBAGE, TRASH AND INDUSTRIAL WASTE, ARTICLE II GARBAGE AND TRASH, DIVISION 4 COLLECTION AND DISPOSAL SECTION 11-84 SAME- BAGGING; CUTTING TREES AND TREE LIMBS REQUIRED AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this Ordinance would subject landscapers and property owners to a \$50.00 fine for blowing or sweeping yard waste into the storm water sewer system.

Moved by Pardee, seconded by Lee.

Motion: **TO PASS ORDINANCE NO. 2008-03 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

OLD BUSINESS

School Facility
Planning

INTERLOCAL AGREEMENT FOR PUBLIC SCHOOL FACILITY PLANNING: Approval of Interlocal Agreement for Public School Facility Planning.

City Manager Jarboe stated this was a requirement of the Florida Department of Community Affairs.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE AMENDED INTERLOCAL AGREEMENT FOR PUBLIC SCHOOL FACILITY PLANNING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

“HOPE” Van

THE SULZBACHER CENTER – “HOPE” VAN: Approval of request for donation of \$5,000 to help purchase a van for the “HOPE” Outreach Program for the Beaches.

Moved by Weldon, seconded by Lee.

Motion: **TO APPROVE THE \$5,000 DONATION FOR THE “HOPE” VAN FOR THE OUTREACH PROGRAM FOR THE BEACHES.**

Councilor Pardee questioned if the “HOPE” van would reduce the number of homeless people. Mr. Cochran, Sulzbacher Center, stated he was confident the van would make a difference by making connections with homeless people to bring them medical care and shelter services. Once they were connected with the Sulzbacher Center a case manager would work for as long as it took to get them into stable housing. He added once the program was in place at the beaches and the numbers were established he would be happy to report back to the Council.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

NEW BUSINESS

Res. No. 2008-01

RESOLUTION NO. 2008-01: A RESOLUTION REAPPOINTING MEMBERS TO THE PLANNING AND DEVELOPMENT REVIEW BOARD AND THE BOARD OF APPEALS.

City Clerk Volpe stated these appointments would fill the positions on the Board of Appeals and the Planning & Development Review Board for both regular and alternate members. The Code Enforcement Board still needed two alternate members.

Amy Cole and Keith Ann Pechonick introduced themselves to the Council and explained their qualifications.

Councilor Lee questioned Brian MacDonald’s attendance record as an alternate member and if he would be available to serve as a regular member. City Clerk Volpe explained he indicated to her over the telephone that he would be willing to serve as a regular member.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION NO. 2008-01 WITHOUT BRIAN MACDONALD’S APPOINTMENT AND ASK MR. MACDONALD TO ATTEND THE NEXT COUNCIL MEETING FOR CLARIFICATION BEFORE APPOINTING HIM.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

PDRB08-01 PDRB08-01. ART PROJECT FOR 1501 ATLANTIC BOULEVARD: The Planning & Development Review Board recommended approval of the mural of the art project at 1501 Atlantic Boulevard with the condition that any new owner would need to reapply.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE PDRB08-01. ART PROJECT FOR 1501 ATLANTIC BOULEVARD WITH THE CONDITION THAT ANY NEW OWNER WOULD NEED TO REAPPLY.**

Councilor Weldon stated he would be voting "no" on the art project because he felt the mural was a commercial sign.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Pruette, Brown

Noes: 1 – Weldon

MOTION CARRIED

PDRB08-02 PDRB08-02. SPECIAL EXCEPTION FOR 1935 ATLANTIC BOULEVARD: A special exception application for a cabinet shop has been submitted by Florida Cabinet Distributors, for the property located at 1935 Atlantic Boulevard. The special exception was recommended for approval by the Planning & Development Review Board.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE PDRB08-02, SPECIAL EXCEPTION TO OPERATE A CABINET SHOP FOR 1935 ATLANTIC BOULEVARD.**

Mr. Mike Hesford, Vice President, Florida Cabinet Distributors, 1935 Atlantic Boulevard, explained there would be a retail showroom for modular cabinets along with a shop and equipment to modify the cabinets. There would be no chemicals or solvents on site. They have a dust collection system inside the building and may occasionally do some sanding.

Councilor Weldon clarified the special exception would be approved on the basis that no painting, staining, or use of solvents would be permitted in the building.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Surplus SURPLUS VEHICLE, 1997 CHEVROLET 2500 PICK UP, PUBLIC SAFETY DEPARTMENT

Moved by Pardee, seconded by Lee.

Motion: **TO APPROVE THE SURPLUS OF 1997 CHEVROLET 2500 PICK UP FROM THE PUBLIC SAFETY DEPARTMENT.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Res. No. 2008-02 RESOLUTION NO. 2008-02: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA STATING ITS DESIRE TO HAVE A SAFE WALKABLE COMMUNITY BY IMPROVING SAFETY FOR PEDESTRIANS ON THIRD STREET.

Councilor Pruette suggested amending the title of the Resolution and number four to include Atlantic Boulevard as well as Third Street as follows:

A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA STATING ITS DESIRE TO HAVE A SAFE WALKABLE COMMUNITY BY IMPROVING SAFETY FOR PEDESTRAINS ON THIRD STREET AND ATLANTIC BOULEVARD.

4. To encourage the Florida Department of Transportation to take an active role in providing a safe pedestrian environment on Third Street and Atlantic Boulevard.

Discussion ensued regarding pedestrian safety.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE RESOLUTION NO. 2008-02 WITH THE ADDITION OF ATLANTIC BLVD.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Weldon stated the City of Atlantic Beach was debating where to locate the statute of the little girl on the sea turtle. He would like to encourage Atlantic Beach to place the statue in Town Center.

Adjournment

There being no further business, the meeting adjourned at 7:40 p.m.

WORKSHOP CITY COUNCIL MEETING
FEBRUARY 25, 2008, AT 6:00 P.M
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held February 25, 2008 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

STAFF:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Assistant Chief Anthony Carrillo
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

City Attorney Chris White

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

CITY MANAGER'S ACTION LIST

Action List

CITY MANAGER ACTION LIST: City Manager Jarboe reported on the following:

The City Attorney was absent and at home recovering from surgery. He would be available via telephone if legal advice was necessary during the meeting.

The State of Florida has completed their review of the Kings Road Bridge plans and determined that a submerge permit would not be required. The city is still waiting for the City of Jacksonville to complete their review.

A sewer main had to be repaired today and the Public Services Department was currently working on other sewer projects.

Vice Mayor Pruette questioned when residents would be able to connect to the new underground electric system. City Manager Jarboe explained the City of Jacksonville Beach would notify homeowners when the underground electric was available to them.

Councilor Lee questioned the progress of the Florida Boulevard Landscaping Project. City Manager Jarboe replied the funding for the project was no longer available.

Councilor Weldon asked if the city would be able to receive bids for underground utility connections. He felt this would lower the connection cost for homeowner's and make the connection cost equal for each homeowner. City Manager Jarboe stated the connection

fee would have to be determined for each house. He felt it would be impossible for an electric company to bid on such a project due to the variations of lot sizes and home sizes.

PRESENTATIONS / NONE

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Community Garden

COMMUNITY GARDEN PROPOSAL: City Manager Jarboe stated if Council agreed to the community garden proposal a joint agreement would need to be developed to create a formal entity and guidelines.

Councilor Pardee expressed concern regarding the location of the proposed community garden, because the Charter stated the city could not fence off any part of a park or parklands. He suggested looking into other locations.

Consensus: **FORWARD TO THE MARCH WORKSHOP MEETING AND HAVE THE CITY MANAGER LOOK INTO OTHER LOCATIONS, CREATE GUIDELINES AND A LEADERSHIP GROUP.**

PUBLIC COMMENTS

The following citizens spoke in favor of a community garden:

- Jennifer McCharen, 2745 Oak Street #4, 32205
- Gretchen Ferrell, 1166 Third Avenue North, Jacksonville Beach
- Laurie Clarke, 420 South Street
- Roselle Van Nostand, 1641 Landing Lane
- Kelly Johnson, 519 Lora Street

The following citizens spoke in opposition of the Ordinance regulating parking of Boats and Recreational Vehicles:

- Wayne Scarborough, Jr., 224 Bowles Street
- Patrick Lanahan, 234 Florida Boulevard
- Ty Petway, 215 Davis Street

Lynda Padrta, 1113 First Street, opposed extending the development order for Wal-Mart.

Michael Aston, 1523 Summer Sands Drive, opposed extending the development order for Wal-Mart and favored the creation of a Revitalization Committee.

PROPOSED ORDINANCES

ORDINANCE NO. 2008-XX, PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT AND BOATS: AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, FLORIDA CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, ARTICLE V ACCESSORY STRUCTURES AND USES, SECTION 27-225 PARKING, STORAGE OR USE OF MAJOR RECREATIONAL EQUIPMENT AND BOATS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon explained the ordinance would allow the parking of boats and recreational vehicles in front yards as long as they were completely under a covered carport and not within the required front setback.

City Manager Jarboe stated the current code did not allow parking of boats and recreational vehicles in front yards and those that were currently parked in front yards were in violation. He suggested Council change the Code if they wanted to allow boats and RV's to be parked in front yards.

Councilor Pardee was concerned about the city becoming a giant Home Owners Association. He felt the Code was clearly written and did not require any changes.

Vice Mayor Pruette also felt the current code did not require changes.

For the Record Councilor Weldon stated for the record it would be a huge mistake to change the code to allow boats and recreational vehicles to be parked in front yards.

Consensus: **TO DEFER THE ORDINANCE CHANGE AND GATHER MORE INFORMATION FROM CITIZENS.**

ISSUE DEVELOPMENT

Lakeshore / Wal-Mart **LAKESHORE VILLAGE SHOPPING CENTER – EXTENSION OF FINAL DEVELOPMENT ORDER FOR WAL-MART:** Michael Plaster, general partner for Lakeshore Village, stated Wal-Mart has signed a twenty year lease agreement on the Atlantic Boulevard property. In January, Lakeshore Village received a letter from Wal-Mart stating they were terminating the 20 year lease agreement. However, Lakeshore Village believed Wal-Mart had no legal right to terminate the agreement and therefore they were requesting the final development order for Wal-Mart be extended.

Vice Mayor Pruette stated she did not support the request for an extension because of the tri-party settlement agreement between the City, Lakeshore Village and Wal-Mart. She felt if any changes were made to the tri-party agreement Wal-Mart would also have to agree with the terms.

Mr. Bullock, Attorney for Lakeshore Village, stated he also felt the tri-party settlement agreement was binding to all three parties. However, he felt the Ordinance allowed the city to extend the time period.

Mr. Bullock further explained Lakeshore Village wrote a letter to Wal-Mart requesting that they rescind their "Letter of Termination" and comply with the terms of the 20 year lease agreement. He added that representatives from Lakeshore Village would be meeting with Wal-Mart representatives on Monday, March 3rd. They would have more information Monday evening.

Mayor Brown suggested extending the development order for 30 days to allow Lakeshore Village to gather more information.

Councilor Lee asked Mr. Bullock and Mr. Plaster if they felt Neptune Beach had fulfilled their portion of the tri-party agreement. Mr. Bullock replied they felt Neptune Beach has acted in good faith.

Councilor Pardee suggested holding a special meeting before the March workshop meeting to vote on the request for an extension.

Councilor Weldon was concerned about city's liability if they were to show favoritism of one party over the other. He asked if Lakeshore Village would still be willing to comply with the terms in paragraph 11a of the agreement and give the city \$25,000 on the 2nd of April as written.

Mr. Bullock stated the \$25,000 was going to be paid through Wal-Mart per the terms and provisions of their lease agreement.

Councilor Weldon stated he could not support the request for the extension of the development order because of the issue of favoritism and the \$25,000 was not guaranteed.

Vice Mayor Pruette stated she would not support the extension due to the legal liability and she felt the third party should also be involved in any changes to the settlement agreement.

Mayor Brown stated he would support a 30 day extension and allow Lakeshore Village to gather more information.

Councilor Pardee supported a 30 day extension and suggested waiting until the March 3rd meeting to hear from City Attorney White.

Consensus: **FORWARD TO THE MARCH 3RD REGULAR MEETING.**

Surf Camp

SURF CAMP PROPOSAL – NICOLE DE VENOGUE AND JULIE GEISSMANN: Nicole de Venogue and Julie Geissmann explained their proposal. They would like to hold a small neighborhood surf camp during the summer months for the next five years. The two preferred sites were at the end of Florida Boulevard or Atlantic Boulevard.

Discussion ensued regarding the surf camp being run independently or under the Senior Centers 501C3 with the Director of Senior Center coordinating.

Councilor Weldon stated if they wanted to operate the surf camp as independent contractors the city would have to ask for bid proposals.

City Manager Jarboe stated there were a number of new issues brought up that he needed to discuss with Ms. de Venogue and Ms. Geissmann. He asked to forward the surf camp to the March workshop meeting.

Consensus: **FORWARD TO THE MARCH WORKSHOP MEETING.**

Town Center

PLACEMENT OF ART IN TOWN CENTER – TOWN CENTER AGENCY: Michael Dunlap, representative for Town Center explained the Town Center Board would like to hold a competition for artists to compete on the development of an art sculpture to be placed in the Town Center roundabout. The competition would be judged by a jury committee.

Vice Mayor Pruette stated Neptune Beach did not have funds to donate towards the sculpture. She also felt a statue or sculpture in the roundabout would block the scenic view of the ocean and she suggested placing the sculpture in a different location.

Mayor Brown voiced concern about other annual events that were held in the roundabout area.

Mr. Dunlap explained they would like to reveal the sculpture at the Dancin' in the Streets festival May 17th.

Councilor Lee stated he would like more information. He added the city did not have funds to donate toward the sculpture but he may be interested in a personal donation.

Councilor Weldon felt the roundabout was an ideal site for a statue or sculpture.

Councilor Lee asked Mr. Dunlap if Atlantic Beach had approved proposal. Mr. Dunlap replied this would be an item on the Atlantic Beach meeting agenda March 10th.

Consensus: **HAVE THE CITY MANAGER DRAFT A RESOLUTION AND FORWARD TO THE MARCH REGULAR MEETING**

Ed Jones, 200 First Street, clarified the only site Town Center was interested in placing the art was in the Town Center roundabout. He added he was embarrassed that Council did not obtain legal advice from the City Attorney on Lakeshore Village's request to extend the Wal-Mart development order.

Adjournment

There being no further business, the meeting adjourned at 8:08 pm.

Richard A. Brown, Mayor

City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Plants Division Supervisor Mark Greenwood
Senior Activities Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety Chief Sembach

Order Call/Pledge

Mayor Brown called the meeting to order at 6:00 p.m. and led the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown presented a Proclamation to Mr. Timothy Slater recognizing his service on the Ish Brant Beautification Committee.

APPROVAL OF MINUTES

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE FOLLOWING MINUTES:**

DECEMBER 3, 2007, REGULAR CITY COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette asked to place the following issues on the January Workshop Agenda.

1. The Wal-Mart development (concerns regarding the beginning of

construction)

2. Town Center Overlay District (concerns regarding the Town Center banners)

Each Council member disclosed they had previously spoken with Mr. Jonathan Plumb regarding the relocation of City Hall to the Gateway Center. Councilor Lee further disclosed he had spoken with representatives regarding the Penman Plaza development. Councilor Weldon, Councilor Pardee and Vice Mayor Pruette also disclosed they had previously spoken with representatives or Penman Plaza.

City Clerk Lisa Volpe requested changing the dates of the January and February workshop meetings to January 28th and February 25th due to upcoming holidays.

Consensus: **TO HOLD THE JANUARY WORKSHOP MEETING ON THE 28TH AND THE FEBRUARY WORKSHOP MEETING ON THE 25TH.**

NEW BUSINESS

FDOT Easement **DEPARTMENT OF TRANSPORTATION EASEMENT:** City Manager Jarboe stated this was a request for an easement from the Florida Department of Transportation that would allow them enough space to install modern traffic signalization.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE EASEMENT FOR THE FLORIDA DEPARTMENT OF TRANSPORTATION.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Surplus **SURPLUS OF PUBLIC SAFETY VEHICLE:** Request to surplus an unused vehicle, 2003 Chevy Impala, VIN 2G1WF55K739208170 from the Public Safety Department.

Moved by Weldon, seconded by Pruette.

Motion: **TO SURPLUS THE PUBLIC SAFETY VEHICLE.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

FDOT **PRESENTATION BY THE FLORIDA DEPARTMENT OF TRANSPORTATION ON PEDESTRIAN SAFETY:** Mr. James G. Bennett, P.E., Florida Department of Transportation, Urban Area Transportation Development Engineer District Planning Manager, gave a slide show presentation on upcoming projects for the beaches. The presentation focused on the resurfacing of A1A, replacement of traffic signals, and pedestrian safety. He stated extra improvements were not within DOT's budget but the city could make additional improvements if they choose to.

Utility Rate Study **FY 2008 UTILITY RATE STUDY PRESENTATION BY BURTON AND ASSOCIATES:** Michael Burton, President of Burton and Associates, Andrew Burnham, Vice President, and Kevin Krueger, Associate Consultant, gave a presentation on the water and sewer rate study. Mr. Burton explained the purpose of the study was to

evaluate the financial status of the water and sewer enterprise fund and to ensure there was sufficient revenue to cover operating and capital cost and to ensure all regulatory requirements were met, including the unfunded mandate concerning nitrogen removal. The study determined the water and sewer rates needed to be adjusted as outlined in Ordinance No. 2008-01. Mr. Burton also mentioned that the council may want to consider adding an inclining block rate for conservation reasons.

ORDINANCES

Ord. No. 2008-01

ORDINANCE NO. 2008-01, WATER AND SEWER RATE INCREASE, FIRST READ AND PUBLIC HEARING: AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, FLORIDA CHAPTER 23 UTILITIES ARTICLE IV WATER AND SEWER SERVICE CHARGE SECTION 23-84(B), (C), AND (D) TO INCREASE WATER RATES AND AMENDING SECTION 23-85(A) (B) AND (C) TO INCREASE SEWER RATES; AND ESTABLISHING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2008-01 by title only and opened the public hearing.

Paul Nicholson, 222 Oleander Street, encouraged a reuse water system and preservation of the environment by conserving water.

Bob Harris, 811 First Street, voiced concerned regarding the level of the rate increase.

Michael Aston, 1523 Summer Sands Drive, spoke on behalf of his neighbor Hayes Bishop, who was concerned about raising rates and the polluting of the St. Johns River.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2008-01 ON FIRST READ AND PUBLIC HEARING.**

Councilor Pardee stated he could not support the Ordinance because he felt the rate increase was excessive. He felt commercial areas should carry more of the burden.

Vice Mayor Pruette stated she was not happy to support the rate increase but she felt it was necessary in order to continue improvements on water and sewer lines and to comply with unfunded state mandate on nitrogen removal.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

COMMENTS FROM THE PUBLIC

Patrice Spencer, 1040 Penman Road, Pastor of Christ United Methodist Church, stated the congregation opposed the variance requested by Penman Plaza to wave the required six foot masonry wall between commercial and residential properties.

Lynda Padrta, 1113 First Street, felt the presentation on the Water & Sewer Rate Study given by Burton and Associates was very professional. She was also opposed to the variances requested by Penman Plaza.

Kerry Chin, 227A Margaret Street, stated he was not opposed to the Penman Plaza development however he felt the amount of variances they have requested are unreasonable.

Tim Kazmierczak, 2102 Acacia Road, suggested extending the sidewalk at the Kings Road and Florida Boulevard intersection across Florida Boulevard to the bicycle path.

Michael Aston, 1523 Summer Sands Drive, stated he was not opposed to the Penman Plaza development but he was concerned about the number of variance requests.

Paul Nicholson, 222 Oleander Street, felt it would be nice if developers would meet and sometimes offer to go above and beyond city requirements instead of always requesting that the city relax the Code for their development.

CITY MANAGER REPORT

Gateway Center

REQUEST BY JONATHAN PLUMB TO RELOCATE CITY HALL AND POLICE STATION TO GATEWAY CENTER: City Manager Jarboe stated for the record that the City did not solicit Jonathan Plumb. Mr. Plumb sent a letter of proposal to relocate City Hall to the Gateway Center addressed to Mayor Brown.

Mr. Jonathan Plumb explained why he felt the Gateway Center would be ideally suited for the relocation of City Hall, the Public Safety Building and the Senior Activities Center. It would not only be a good financially but also revitalize the Prado Ferrer area and add more space for retail in Town Center.

Councilor Weldon stated he was interested in exploring the idea carefully and having staff conduct a complete analysis to see if it was worth pursuing.

Vice Mayor Pruette felt the City Hall and Public Safety buildings were located where they needed to be. They were both paid for and Council needed to hear from the citizens before selling the property.

Mayor Brown recommended that staff conduct a preliminary cost report for Council to consider.

Councilor Lee was also in favor of staff conducting a preliminary report for the Council.

Councilor Pardee stated he would be interested in hearing what the numbers would be but he was leaning more toward keeping the Gateway Center property on the tax rolls.

Mr. Jarboe asked if council wanted to spend funds for an appraisal. Council did not support spending any funds

Consensus: **TO REVIEW THE OFFER AND CREATE A BASIS FOR WHICH THE COUNCIL COULD MAKE A REASONABLE DECISION ON WHETHER THE OFFER WAS WORTH PURSUING WITHOUT SPENDING ANY MONEY.**

CONSENT AGENDA / NONE

Recess/Reconvene

Mayor Brown called a recess at 8:40 p.m. and reconvened the meeting at 8:50 p.m.

VARIANCES

PDRB07-14
Penman Plaza

PDRB07-14, PENMAN PLAZA ASSOCIATES PLAT: Approval of plat for Penman Plaza Shopping Center.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE THE PLAT FOR PENMAN PLAZA ASSOCIATES.**

Roll Call Vote:

Aye: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

V07-18
Penman Plaza

V07-18, VARIANCE REQUESTS FOR PENMAN PLAZA ASSOCIATES: Carlos Asensio, Formal Construction Management, representative for Penman Plaza Associates, described the property and updated Council on the history of the property since it was purchased by Flagler Properties in 1990.

The Planning & Development Review Board recommended approval of variance # 6 to reduce the buffer between commercial and single family by 10 feet leaving 0 feet in lieu of the required 10 feet and variance # 9 to reduce the minimum parking space size to 9' x 18' in lieu of the required 10' x 20'.

Councilor Weldon questioned Community Development Director Amanda Askew about the buffer behind the Aarrons Rental property. Ms. Askew replied there could potentially be a 10 foot buffer behind the Aarons Rental property.

SECTION 27-229-1: A variance to increase the maximum lot coverage by 7.1% creating 82.1% of lot coverage in lieu of the 75% maximum lot coverage.

SECTION 27-445(B): A variance to reduce the gross landscape area by 5% creating 15% of landscape area in lieu of the required 20%.

SECTION 27-457 (2) (a) (1): A variance to reduce the perimeter landscape area by 6 feet leaving 3 feet in lieu of the required 9 feet.

SECTION 27-459(3) (a) (1): A variance to omit the shade trees in 9 foot landscape buffer.

SECTION 27-457(2) (b) (2): A variance to wave the requirement of one landscape island per 10 parking spaces for all existing parking areas and one instance in new development area.

SECTION 27-459 (3)(b)(1): A variance to reduce the buffer between commercial and single family by 10 feet leaving 0 feet in lieu of the required 10 feet (existing non-conforming condition behind Winn-Dixie)

SECTION 27-459 (b)(3): A variance to wave the required six foot masonry wall between commercial and single family.

SECTION 27-540 (c): A variance to increase the maximum number of parking spaces to 50 spaces over the minimum requirement of 30 spaces.

SECTION 27-548(b)(1): A variance to reduce the minimum parking space size to 9' x 18' in lieu of the required 10' x 20'.

Vice Mayor Pruette asked Community Development Director Amanda Askew her opinion on the variances.

Community Development Director Amanda Askew stated there were other opportunities; simple changes could be made to the proposal that would not require the need for variances.

Councilor Weldon asked City Attorney White to give the Council an opinion on the definition of a hardship and what was required to approve a variance for a commercial development application.

City Attorney White responded the hardship had to be unique to the property owner, and not created by the developer and would require competent substantial evidence of such hardship.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE RECOMMENDATIONS OF THE PLANNING & DEVELOPMENT REVIEW BOARD REGARDING THE NINE VARIANCES WHICH APPROVED TWO OF THEM, NUMBER SIX AND NUMBER 9 AND TO ACCEPT THE DETAILED THE MINUTES OF THE PLANNING & DEVELOPMENT REVIEW BOARD AS COMPETENT SUBSTANTIAL EVIDENCE THAT THE OTHER VARIANCE REQUESTS DO NOT MEET THE DEFINITION OF A HARDSHIP.**

Councilor Pardee felt the variance requests were reasonable and the Council could grant exceptions. He felt confident that the people, who lived, shopped, and paid taxes in the community would rather have the shopping center the way the developer has designed it than empty.

Mayor Brown asked City Attorney White if the shopping center was in any way grandfathered. He was under the opinion that the new Code was only being applied to new development.

City Attorney White replied because this was a new development of an existing property it was not completely exempted from complying with the development code.

Councilor Weldon stated the structure needed to be redesigned to meet the new Code and comply with the same sets of requirements that were required by other development orders.

Councilor Pruette stated she would support the Planning & Development Review Board's recommendation to approve two of the variances.

Vice Mayor Pruette asked City Attorney White if Council could send the variances back to the Planning & Development Review Board. City Attorney White replied the only way it could go back to the Planning & Development Review Board was if the applicant was introducing new information that was not previously heard by the board. He added the Council must now either approve or reject the recommendation of the board or approve the recommendation with conditions.

Roll Call Vote:

Ayes: 2 – Pruette, Weldon

Noes: 3 – Lee, Pardee, Brown

MOTION FAILED

Moved by Pardee.

Motion: **TO APPROVE THE RECOMMENDATION OF THE PLANNING & DEVELOPMENT REVIEW BOARD AND DENY THE**

**RECOMMENDATION ON THE OTHER SEVEN VARIANCES OR IN
OTHER WORDS APPROVE ALL NINE VARIANCE REQUESTS.**

MOTION FAILED FOR LACK OF SECOND.

Moved by Lee, seconded by Weldon.

Motion: **TO FORWARD TO JANAURY WORKSHOP.**

City Attorney White read the following portion of the Code aloud: Procedures for Applying for Commercial Variance. At the next available meeting City Council shall approve, deny, or approve with conditions the application.

City Manager Jarboe suggested Council approve the recommendation of the Planning & Development Review Board with the condition that the proposal be sent back to the Planning & Development Review Board, waive the application fee, and have staff work with the developer on a new plan.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE THE PLANNING & DEVELOPMENT REVIEW BOARDS
RECOMMENDATION WITH THE CONDITION THAT THE DEVELOPER
WOULD GO BACK TO THE PLANNING & DEVELOPMENT REVIEW
BOARD WITHOUT PAYING AN ADDITIONAL FEE AND HAVE STAFF
WORK WITH THE DEVELOPER ON A NEW NEGOTIATED PLAN TO
RESOLVE SOME OF THE CONCERNS OF THE COUNCIL.**

Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:04 p.m.

CITY MANAGER'S ACTION LIST

Action List

CITY MANAGER ACTION LIST: City Manager Jarboe reported on the following:

He asked each Councilor to sign a copy of the Administrative Safety Policy. He added the first quarterly safety meeting was held at City Hall Tuesday, January 22, 2008.

He advised Council and the assembly that the Budweiser Clydesdales would be in Town Center on Thursday, January 31, 2008, to deliver beer to the Town Center Restaurants.

Vice Mayor Pruette questioned the progress of the construction of the new Kings Road Bridge. Mr. Jarboe responded he was waiting for the final review from the Florida Department of Transportation in order to receive the \$100,000 grant from the City of Jacksonville.

Vice Mayor Pruette questioned the progress of the underground electric installation. Mr. Jarboe replied it would take time to get all of the residents to switch over to the underground.

Councilor Lee questioned the progression of the new computer software program. Mr. Jarboe replied presently there is a problem with the conversion of data for the utility billing portion of the software. However, the software conversion has been in place and in use for some time in payroll and accounts payable. Councilor Lee asked if the cost of the software had been remitted. Director of Finance Steve Ramsey replied the full amount for the new software would not be paid until the system was complete.

PUBLIC COMMENTS / NONE**PROPOSED ORDINANCES**

Boards

ORDINANCE NO. 2008-XX, AMENDING CHAPTER 2 ADMINISTRATIONS, ARTICLE VII BOARDS AND COMMISSIONS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2 ADMINISTRATIONS ARTICLE VII BOARDS AND COMMISSIONS ADDING SECTION 2-412 PRESIDING OFFICER OF A BOARD OR COMMISSION AND PROVIDING AN EFFECTIVE DATE.

Councilor Lee explained the purpose of this Ordinance was to allow board members to nominate and vote for a chair person at a board meeting where both the chair and vice chair were absent.

Consensus: **FORWARD TO THE FEBRUARY REGULAR MEETING.**

Garbage

ORDINANCE NO. 2008-XX, AMENDING CHAPTER 11 GARBAGE, TRASH AND INDUSTRIAL WASTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 11 GARBAGE, TRASH AND INDUSTRIAL WASTE ARTICLE II GARBAGE AND TRASH DIVISION 4 COLLECTION AND DISPOSAL SECTION 11-84 SAME – BAGGING; CUTTING TREES AND TREE LIMBS REQUIRED AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the purpose of this Ordinance was to keep landscapers from blowing debris into the storm water sewer system. He would be sending a letter to all landscapers explaining the ordinance and issue them a warning on the first offense.

Consensus: **FORWARD TO THE FEBRUARY REGULAR MEETING.**

Councilor Weldon suggested amending the Ordinance as follows, adding the word "washed" into paragraph (a).

(a) All garden trash, except trees and tree limbs, shall be bagged in plastic bags and securely tied. ~~And thereafter placed out of the roadway for collection.~~ All garden trash including trees and tree limbs, sand and dirt shall not be blown, swept, washed, or placed onto public or private roadways or alleys or onto adjacent properties. If such garden trash is blown, swept, washed, or placed into public or private roadways or alleys or adjacent properties or not bagged and properly disposed of, a civil citation shall issue and a fine of fifty dollars (\$50.00) may be levied for each violation.

PRESENTATIONS

IBBC

BARBARA JACKSON, ISH BRANT BEAUTIFICATION COMMITTEE: Ms. Barbara Jackson, Chair of Ish Brant Beautification Committee, gave a presentation on drought resistance and eco-friendly landscaping.

At the suggestion of Councilor Lee and Councilor Weldon, City Manager Jarboe asked Public Services Director Leon Smith to meet with Barbara Jackson and the Ish Brant Beautification Committee to identify areas of the city that would benefit from using native plants.

CONTRACTS / AGREEMENTSInterlocal Agreement
Jax Bch

INTERLOCAL AGREEMENT BETWEEN THE CITY OF JACKSONVILLE BEACH, FLORIDA AND THE CITY OF NEPTUNE BEACH, FLORIDA: Relating to the provision of potable water supply connection, sewage collection connection, and water metering services for the five residential properties in Neptune Beach at the westerly end of

Seagate Avenue west of Kings Road.

City Manager Jarboe explained the City of Jacksonville Beach would bill the City of Neptune Beach for the water and sewer usage and in turn the City of Neptune Beach would bill the customer.

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

ISSUE DEVELOPMENT

Parking of
Recreational Equip.

PARKING OF RECREATIONAL EDQUIPMENT AND BOATS – SECTION 27-335: Gary Fiske, 539 Hopkins Street, asked Council to review Section 27-335 of the Code because he felt it did not specify where the front yard began.

Councilor Weldon felt recreational vehicles and boats in front yards were unsightly to neighboring properties. Recreational vehicles and boats were currently allowed to be parked in side and rear yards. He suggested modifying the code to prohibit parking of recreational vehicles and boats in front yards, unless there were enclosed in a garage.

Vice Mayor Pruette was concerned about impeding on property rights because some boat and recreational vehicle owners who are currently parking them in their front yards had no where else to park them. She felt that no action was necessary to change the code and code enforcement could be more lenient.

Mr. Fiske stated he received a code enforcement violation for parking his trailer in his neighbor's carport and he argued that the ordinance was unclear.

City Manager Jarboe explained the city was not proactive in issuing code violations for parking boats and recreational vehicles. However, Code Enforcement received three complaints regarding this particular trailer being parked in the front yard under the carport, and the city had to react. He suggested amending the code to allow boats and recreational vehicles to be parked under carports.

Councilor Lee agreed because most of the city was not in restricted gated communities and most residents living at the beach enjoyed the water and owned boats that parking should be allowed under carports.

Councilor Weldon agreed with the suggestion allowing boats and recreational vehicles to be parked under front yard carports that were not within the 25 foot front yard setback.

Councilor Pardee agreed that it should be legal to park recreational vehicles and boats under a carport in the front yards. Although he did not feel it was necessary to amend the code he agreed with Vice Mayor Pruette that the code enforcement in these situations should be lenient.

Consensus: **TO DIRECT CODE ENFORCEMENT TO ALLOW RECREATIONAL VEHICLES AND BOATS TO BE PARKED IN FRONT YARDS SO LONG AS THEY WERE IN A CARPORT.**

Garage Sales

GARAGE SALES – SECTION 17-31 AND SECTION 27-579 (b) (10): Shirley Myers, 1001 Florida Boulevard, felt garage sale signs should be allowed to be placed on the weekend during the sale as long as the sale was permitted through the city. She recommended amending Article II Garage Sales to add the following paragraph 4. Section 17-31 Permit.

4. the permit shall allow the person or persons conducting the garage sale to place directional signs, signs that provide traffic directions to the garage sale, in the vicinity of the garage sale and for the duration of the garage sale. The directional signs shall be

removed by the person or persons conducting the garage sale immediately after the conclusion of the garage sale.

Councilor Pardee felt signs should be allowed if the garage sale was permitted and held on a weekend within the City of Neptune Beach.

City Attorney White stated the Code did not allow snipe signs in the city rights of way. The city would have to allow all snipe signs or no snipe signs but the content of the signs could not be controlled by the city.

Councilor Weldon suggested directing staff to not remove the garage sales signs on the weekends as long the sales were permitted.

City Attorney White stated the city should not have selective enforcement powers.

Councilor Lee felt the garage sale signs should be allowed within a reasonable amount of distance from the sale.

"HOPE"

THE SULZBACHER CENTER – REQUEST FOR DONATION TO HELP PURCHASE A VAN FOR THE "HOPE" OUTREACH PROGRAM FOR THE BEACHES – COUNCILOR LEE: Cindy Funkhouser and Michael Cochran explained the Sulzbacher Center has asked the Beaches' communities to contribute to a new "HOPE" outreach program for the Beaches by providing a \$5,000 donation towards the purchase of a new van. The City of Jacksonville Beach has agreed to contribute \$15,000 and the City of Atlantic Beach has agreed to contribute \$10,000. The van would transport volunteers to work with homeless people in an effort to get them off the street and into stable housing. The van would also aide in transporting homeless people from the beaches to the downtown facilities where they could receive medical treatment.

Mayor Brown stated there was currently \$7,000 in the contingency fund and proposed a donation in the amount of \$4,000.

Councilor Weldon and Councilor Lee felt the issue was important enough to donate the requested amount of \$5,000.

Consensus: **FORWARD THE \$5000 DONATION TO THE FEBRUARY REGULAR COUNCIL MEETING.**

Visioning

VISIONING – COUNCILOR LEE: Councilor Lee stated during his previous visioning sessions one of the most important issues to the citizens was pedestrian safety. He suggested creating a committee made up of those concerned citizens to make recommendations to the Council regarding ways the city could improve pedestrian safety.

Pedestrian Safety

PAT HAZOURI – PEDESTRIAN CORRIDOR – COUNCILOR LEE: Pat Hazouri, asked Council to recognize and acknowledge four intersections as pedestrian corridors in a written document so that she could present the document to the Florida Department of Transportation and the City of Jacksonville.

Councilor Weldon suggested staff find out the legal definition of pedestrian corridors before Council put anything in writing. Councilor Weldon also suggested creating pedestrian safety zones in the A1A medians.

Mayor Brown stated he was concerned that Ms. Hazouri was representing herself as an official of Neptune Beach to other agencies. He felt that she should inform city staff of her ideas and proposals for Neptune Beach intersections, before meeting with these agencies.

Councilor Lee replied that Ms. Hazouri was willing to work towards developing a master plan to help the city become more pedestrian friendly and he felt she should be allowed to do so.

City Manager Jarboe suggested staff and the city attorney draft a resolution.

Consensus: **CITY MANAGER JARBOE TO WORK WITH STAFF AND THE CITY ATTORNEY ON A RESOLUTION.**

Vice Mayor Pruette asked City Attorney White to speak with Karl Sanders, Attorney for Wal-Mart, regarding the \$300,000 settlement agreement, in an effort to find out if the city would still be entitled to collect all or a portion of the money.

Adjournment

There being no further business, the meeting adjourned at 8:25 pm.

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette commended the Public Services Department for their participation and helpfulness during both the "Christmas in the Park" and the "Town Center Tree Lighting" events.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- A gas leak was reported earlier today at the Sea Turtle Hotel.
- He would be meeting with Barbara Jackson of the Beautification Committee to discuss the preliminary plan for the Florida Boulevard beatification project.
- Graffiti was an ongoing problem throughout the city.
- Construction has slowed throughout the city.

Councilor Weldon questioned when the construction would begin for the proposed Wal-Mart. City Manager Jarboe explained the contractor for Wal-Mart was currently finishing the construction of a Wal-Mart at a different location. Once that Wal-Mart was completed they would begin construction of the Neptune Beach Wal-Mart.

PUBLIC COMMENTS / NONE**CONSENT AGENDA**

MOTION CARRIEDOLD BUSINESS / NONENEW BUSINESS

Res. No. 2007-14 RESOLUTION NO. 2007-14: A RESOLUTION APPOINTING MEMBERS TO THE CODE ENFORCEMENT BOARD AND THE PLANNING & DEVELOPMENT REVIEW BOARD.

City Clerk Lisa Volpe explained Keith Anne Pechonick needed to be removed from the Resolution because she would have been a third alternate and the Board of Appeals was only allowed two alternates. She would be given the opportunity to be appointed when a position became available in February or March.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE RESOLUTION NO. 2007-14 AS AMENDED WITHOUT KIETH ANNE PECHONICK.**

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette introduced the following Resolution:

RESOLUTION NO. 2007-14: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA RECOGNIZING AND HONORING ATLANTIC BEACH COMMISSIONER DESMOND WATERS, III, FOR HIS OUTSTANDING AND DEDICATED SERVICE TO

DUVAL COUNTY AND THE CITY OF ATLANTIC BEACH.

Vice Mayor Pruette added that she would like to present the Resolution at the November 6th Atlantic Beach City Commission meeting.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE RESOLUTION NO. 2007-14.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

Senior Activities Center Director Leslie Lyne extended an invitation for everyone to attend "Christmas in the Park" on November 30, 2007.

City Clerk Volpe stated the November workshop meeting would be on the week of Thanksgiving and asked the Council if there would be a quorum.

Consensus: **TO HOLD THE WORKSHOP MEETING AS SCHEDULED ON THE WEEK OF THANKSGIVING.**

CITY MANAGER REPORT

City Manager Jarboe received an e-mail from the City of Hawthorne City Manager asking us for assistance helping them acquire a fire truck.

Moved by Weldon, seconded by Pruette.

Motion: **TO AUTHORIZE THE CITY MANAGER TO PROCEED IN COORDINATING THE PURCHASE AND RESALE OF A USED FIRE ENGINE FROM THE CITY OF JACKSONVILLE FOR DELIVERY TO THE CITY OF HAWTHORNE, AT NO COST TO THE CITY OF NEPTUNE BEACH.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOITON CARRIED

City Manager Jarboe reported on the following:

- The Finance Department is working on the September 31, 2007 year end close out.
- The engineer for the Kings Road Bridge has sent information to the State and the City of Jacksonville to receive approval from the Department of Transportation. We are awaiting those reviews before bidding the project.
- Public Services continues to work on the nitrogen testing.

Councilor Pardee questioned why Resolution No. 2007-14 was placed before the Council tonight while it was not on the present agenda and had not been on a previous workshop agenda. Councilor Pruette responded the Resolution needed to be approved and signed so that it could be presented at the Atlantic Beach Commission on November 6, 2007.

Councilor Lee requested that the City Manager provide him information regarding the future of Third Street / A1A. City Manager Jarboe explained the State planned to repave Third Street and change the timing on traffic signals at major intersections this coming year.

Agenda
Amendment

Mayor Brown requested Resolution 2007-13 be forwarded to after the public comments.

PUBLIC COMMENTS

The following residents spoke in favor of Resolution No. 2007-13:

- Nancy Jensen, 1303 Trailwood Drive
- Michael Aston, 1523 Summer Sands Drive
- Warren Anderson, 207 Walnut Street
- Barbara Jackson, 2001 Cherokee Drive
- Mary Lahr-David, 2035 Cherokee Drive
- John Henry David, 2035 Cherokee Drive
- James Jackson, 4560 Glen Kernan Parkway

Res. No. 2007-13

RESOLUTION NO. 2007-13: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA CALLING ON THE ST. JOHNS RIVER WATER MANAGEMENT DISTRICT TO PROTECT AND PRESERVE THE WATER RESOURCE OF THE ST. JOHNS RIVER BY NOT ALLOWING THE USE OF MILLIONS OF GALLONS OF RIVER WATER TO BE USED TO CONTINUE UNCHECKED GROWTH IN CENTRAL AND SOUTH FLORIDA.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE RESOLUTION NO. 2007-13.**

Neil Armingeon, St. Johns River Keeper, 2800 University Boulevard, explained River Keeper was a group of citizens working to protect, restore, and preserve the St. Johns River. He added that rivers throughout the state were also being considered for the growth of central and south Florida. He stated the River Keeper group supported Resolution No. 2007-13 and he encouraged the Council to support it.

Geoffrey Sample, 7775 Baymeadows Way, Suite 102, Intergovernmental Coordinator for the St. Johns Water Management District, offered to have the Executive Director make a presentation to the Council to explain the proposal.

Mayor Brown suggested the presentation be made at a workshop meeting. He felt more information needed to be provided.

ORDINANCES

Ord. No. 2007-16 ORDINANCE NO. 2007-16, ART PROJECTS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE XV ADVERTISING AMENDING SECTION 27-576 DEFINITIONS AND ADDING SECTION 27-596 ART PROJECT AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-16 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2007-16 ON SECOND READ AND PUBLIC HEARING.**

Vice Mayor Pruette stated the Planning & Development Review Board recommended approval with the following change:

Any such art project which deteriorates over time shall be ~~removed by the applicant at the sole discretion of the city council~~ repaired by the property owner.

City Attorney White stated if the Council ordered the art project to be removed and the property owner did not remove the project, it would become a code enforcement issue. The question would be whether it goes to code enforcement or to the city council.

Councilor Weldon stated the purpose of the ordinance was to allow Council to have final decisions regarding art projects. He felt the amendment was not necessary.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-17 ORDINANCE NO. 2007-17, ALCOHOLIC BEVERAGES, EMERGENCY READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4, ALCOHOLIC BEVERAGES SECTION 4-5 CONSUMPTION ON ATLANTIC OCEAN BEACH, OTHER PUBLIC PLACES PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated the existing ordinance only allowed beer and wine to be served at city approved special events. This ordinance would allow all alcoholic beverages to be served at city approved special events.

Mayor Brown agreed to sponsor the ordinance.

Mayor Brown read Ordinance No. 2007-17 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2007-17 ON EMERGENCY READ.**

Councilor Weldon was concerned about crowd control at Pete's Bar and asked Mr. Whittingslow to speak.

Tom Whittingslow, 600 Valley Forge Road East, stated Pete's Bar had never advertised the Thanksgiving event. The Beaches Leader advertised the event with a front page article on their newspaper a couple of years ago and the event has since grown. He added that Pete's supplied their own staff to control the crowd but if it became necessary they would hire a police officer.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

NEW BUSINESS

Solantic

SOLANTIC SETTLEMENT AGREEMENT: City Attorney White stated the final judgment order was for attorney's fees and cost in the amount of \$126,753.21. The actual amount including per diem interest from the date of the entry of the final judgment came to 127,416.07. He asked the Council to approve the settlement of the case and the satisfaction of the judgment.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE SOLANTIC SETTLEMENT IN THE AMOUNT OF \$127,416.07.**

Councilor Pardee stated according to the shade meeting verbatim it was not a unanimous decision of the Council to move forward the lawsuit.

City Attorney White stated once the litigation was resolved and the satisfaction of judgment was executed the transcriptions of the shade meetings would become public record.

City Manager Jarboe stated the original estimated cost of the settlement was approximately \$300,000.

MOTION CARRIED

PDRB 07-13

PDRB 07-13, PLAT 215, 217, 219 MIDWAY AND 112 ORANGE STREET – APPLICATION FOR REPLAT: The property was currently one lot with two structures. The applicant wished to divide the property into two lots thereby creating a lot for each structure.

Councilor Weldon was concerned about creating a residential non-conforming lot in the Central Business District.

Community Development Director Askew advised the lot would be conforming because it is in the Central Business District. However, the structure itself would be non-conforming due to the side yard setback.

Moved by Pardee, seconded by Pruette.

Motion: **TO APPROVE THE MINOR REPLAT FOR 215, 217, 219 MIDWAY AND 112 ORANGE STREET.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

Action List

City Manager Jarboe reported on the following:

- The water and sewer rate study should be complete and ready to present to the Council by February.
- The software conversion should be completed after the 1st of the year.
- Public Services continues to work on the nitrogen testing

Councilor Weldon questioned the status of the reuse. City Manager Jarboe replied the engineer was working on the permitting process.

Councilor Lee questioned the status of the proposed traffic light at Florida Boulevard and Kings Road. City Manager Jarboe replied an in house traffic study was completed and given to the City of Jacksonville for review. He would follow up on the situation.

Vice Mayor Pruette questioned the proposal for getting a left turn lane at the intersection of Florida Boulevard and Third Street / A1A and the intersection of Penman Road and Third Street / A1A. City Manager Jarboe responded that he was working with the Florida Department of Transportation regarding the issue.

City Clerk Lisa Volpe announced that members were needed for the Board of Appeals, the Planning & Development Review Board and the Code Enforcement Board. The Code Enforcement Board had to cancel the last two meetings due to lack of a quorum.

PUBLIC COMMENTS

Lee Spain, 812 Davis Street, thanked the Public Service Department for their superior work in repairing a pot hole and two broken pipe lines on the street in front of house.

Gary Fiske, 539 Hopkins Street, asked Council to review Section 27-335 of the Code of Ordinances because he felt it was vague regarding where the front of a house should begin.

Consensus: **TO PLACE SECTION 27-335 ON THE DECEMBER WORKSHOP AGENDA FOR COUNCIL REVIEW.**

Shirley Myers, 1001 Florida Boulevard, proposed revisions to Article II Garage Sales and Article XV Advertising.

Consensus: **TO PLACE GARAGE SALES PERMITS AND ADVERTISING ON THE DECEMBER WORKSHOP AGENDA.**

PROPOSED ORDINANCES / NONE**CONTRACTS / AGREEMENTS / NONE****ISSUE DEVELOPMENT**

Window Signs

WINDOW SIGNS – ITEMS PLACED ON THE EXTERIOR OR INTERIOR OF WINDOWS: City Manager Jarboe stated the Code of Ordinances did not allow signs to be placed outside of store windows. However, the Code does not address signs on the interior of store windows.

Councilor Pardee suggested not changing the Code to address sign placement on interior store windows.

Vice Mayor Pruette agreed with Councilor Pardee that the Code did not need to be changed to address sign placement on interior windows.

Mayor Brown recommended Council acknowledge the existing interior window signs on buildings and collect feedback on the issue.

City Manager Jarboe also suggested not changing the Code to regulate interior store signs.

Councilor Weldon also agreed the Code did not need to be changed.

Consensus: **TO LEAVE THE CODE AS IS AND HAVE STAFF ENFORCE IT AS ISSUES ARISE.**

Garage Sales

GARAGE SALES – SNIPE SIGNS – GENERAL DISCUSSION: Vice Mayor Pruette was concerned that some snipe signs for garage sales, that were placed in city rights of way, were being removed by the city and others were not. She acknowledged the city did not have the resources to remove snipe signs from rights of way on weekends. However, she felt the city should be consistent in snipe sign removal.

Mayor Brown stated he would like for City Attorney White to review the placement of snipe signs in rights of way and place the issue on the January workshop agenda for

discussion.

Councilor Pardee suggested that garage sale permits allow a certain number of signs to be placed within a specific time limit for advertising the sale and also have a time limit in which the signs should be removed.

Consensus: **TO PLACE THE ISSUE OF GARAGE SALE SIGNS ON THE JANUARY WORKSHOP AGENDA.**

Sidewalk on Atlantic
Boulevard

SIDEWALK ON ATLANTIC BOULEVARD: Councilor Lee asked the Council to acknowledge that the City Manager had the authority to work with the Department of Transportation on the issue of pedestrian safety regarding the sidewalk frontage of the Super Wal-Mart on Atlantic Boulevard.

City Manager Jarboe recommended that Mayor Brown write a letter to the Florida Department of Transportation informing them of the concerns regarding the safety of pedestrians and requesting they respond to the issue.

Councilor Weldon felt it was becoming more dangerous to cross Third Street / A1A. He agreed the city should take positive steps to ensure pedestrian safety.

Councilor Lee felt the Council should also be informed of FDOT's plans to improve Third Street / A1A.

Councilor Pardee suggested the option of adding a sidewalk along Lemon Street.

Consensus: **TO HAVE MAYOR BROWN WRITE A LETTER TO FDOT REGARDING PEDESTRIAN FRIENDLY SIDEWALKS AND INTERSECTIONS.**

60,000 sq. ft. Ord.

INTERPRETATION BY COUNCIL OF 60,000 SQUARE FEET ORDINANCE: Vice Mayor Pruette stated it was her interpretation of the 60,000 square feet ordinance that any retail store or warehouse would not be allowed to exceed 60,000 square feet.

Mayor Brown stated it was his interpretation as well that one single business could not exceed 60,000 square feet.

Councilor Weldon stated the intent of the Ordinance was to limit the amount a single store from exceeding 60,000 square feet not to unreasonably limit property rights in a strip center and prevent large big box entities from moving into our small neighborhood community.

Councilor Weldon voiced concern regarding the scheduling of a special Planning & Development Review Board meeting for the development order of Flagler Properties. He felt they should have gone through the regular development process.

Councilor Pardee felt Flagler Properties had vested rights in the property and the development order should not be held back. He was concerned about the 60,000 square feet ordinance creating a law suit with Flagler.

Mayor Brown stated he would like to fine tune the Ordinance.

Councilor Weldon stated he would like to revise the Ordinance so that it would not unreasonably limit property rights.

Vice Mayor Pruette stated that Chris White being the attorney for the city should write ordinances that are not vague in an effort to prevent the city from having any lawsuits.

Consensus: **INSTRUCT CITY ATTORNEY WHITE TO ADJUST THE ORDINANCE TO ENSURE THAT IT WOULD CONTINUE TO LIMIT ANY INDIVIDUAL BUSINESS TO 60,000 SQUARE FEET OR LESS WHILE AT THE SAME TIME NOT LIMITING THE CONSTRUCTION OF SHOPPING MALLS.**

Councilor Pardee was concerned about the future use of the 83,000 square feet K-Mart. City Attorney White explained because the K-Mart existed when the 60,000 square feet ordinance was adopted that K-Mart was grandfathered in and not limited to the 60,000 square feet.

Temp. Structures **TEMPORARY STRUCTURES – TEMPORARY CONSTRUCTION TRAILERS, PORTABLE STORAGE UNITS:** Councilor Lee asked Council to consider allowing the City Manager to make a judgment call in event of an emergency situation, to extend the length of time allowed for portable storage units to remain on properties from 15 days to 90 days.

Consensus: **TO ALLOW THE CITY MANAGER TO EXTEND THE LENGTH OF TIME FOR PORTABLE STORAGE UNITS TO BE ON PROPERTY FROM 10 DAYS TO 45 DAYS IN THE EVENT OF AN EMERGENCY SITUATION.**

DOT Easement **DEPARTMENT OF TRANSPORTATION EASEMENTS FOR A NEW SIGNALIZATION SYSTEM:** City Manager Jarboe stated that Florida Department of Transportation has asked the city to grant them easements to install new traffic signal devices at Florida Boulevard and Third Street / A1A, and at Florida Boulevard and Third Street and Atlantic Boulevard.

Consensus: **FORWARD A RESOLUTION FOR EASEMENTS TO THE DECEMBER REGULAR MEETING.**

City Manager Jarboe asked Council, due to News Years Day falling on a Tuesday this year, if they would be willing to consider closing the city on Monday, December 31, 2007.

Consensus: **FORWARD TO THE DECEMBER WORKSHOP MEETING.**

Adjournment There being no further business, the meeting adjourned at 7:40 pm.

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee invited the public to the Neptune Beach Elementary School Fall Festival, Saturday, October 13, 2007 from 10:00 a.m. to 2:00 p.m. He asked Council members to attend and participate in judging the best booth contest.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The drainage on First Street was working.
- Public Services Department worked to remove the dead fish on the beach that were washed up by the red tide.
- Chief Sembach informed him that crime has slowed down in the city.

Councilor Weldon questioned the toxicity of the red tide. City Manager Jarboe stated he was informed it could be harmful to people with severe allergies.

City Clerk Lisa Volpe stated City Attorney Chris White wanted to schedule a shade meeting before the October 15, 2007 at 5:30 p.m. Councilor Weldon responded he would be out of the country and would not be able to attend the October 15, 2007 meeting.

PUBLIC COMMENTS

Michael Ashton, 1523 Summer Sands Drive, passed out copies of murals he obtained from various websites and copies of letters written by the Mayor of Fort Myers. He supported murals and felt they would be an enhancement to the city.

Replat

REVISED PLAT – 241 ATLANTIC BOULEVARD – SOUTHCOAST BEACHES, LLC & SOUTHCOAST CAPITAL PARTNERSHIP: Vice Mayor Pruette stated Ms. Tolbert, representative for Southcoast Capital Partnership, was not present. Community Development Director Amanda Askew stated she spoke with the representative and she informed her that she would be present for the meeting.

Recess/Reconvene

Vice Mayor Pruette recessed the meeting at 6:20 p.m. to allow Ms. Tolbert an opportunity to arrive.

Ms. Tolbert arrived and the meeting reconvened at 6:30 p.m.

Community Development Director Amanda Askew explained the revision of the plat created Parcel C. The proposed revised plat met all city requirements. There were also eight variances associated with the project. The replat must be filed and recorded before a building permit could be issued.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROVE THE REVISED PLAT SUBMITTED BY SOUTHCOAST BEACHES, LLC AND SOUTHCOAST CAPITAL PARTNERSHIP.**

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Weldon, Pruette

Noes: 0

MOTION CARRIED

241 Atlantic Blvd.
Variances

VARIANCES – 241 ATLANTIC BOULEVARD – SOUTHCOAST BEACHES, LLC & SOUTHCOAST CAPITAL PARTNERSHIP: Community Development Director Amanda Askew explained the first variance request was on the western side facing Second Street, the applicant was asking to reduce the side yard setback to zero. The second variance was to allow the Second Street balcony to encroach over the city right-of-way. The third variance was to allow the balcony to encroach over city right-of-way on Atlantic Boulevard. The fourth variance was to reduce the minimum parking space size from 10' x 20' to 9' x 18'. The fifth variance was to reduce the required number of parking spaces for the project. The sixth variance was to eliminate the onsite dumpster requirement. The seventh variance was to eliminate the requirement to landscape the perimeter adjacent to the parking area abutting Second Street. The eighth variance request was to eliminate the required loading space.

City Manager Jarboe stated the Planning & Development Review Board recommended approval on all of the variance requests.

Councilor Weldon questioned if there would be an agreement to indemnify and hold harmless the city from any liability relating to the extension of the balconies into the city right-of-way. Ms. Tolbert responded yes there would be such an agreement. City Attorney White stated the agreement to indemnify the city of the liability would need to be a condition of the variance and development order.

Councilor Weldon questioned if Southcoast would be responsible for maintaining the area underneath the balcony on Second Street. Ms. Tolbert they would take responsibility for the maintenance of the area.

Councilor Weldon questioned if Southcoast had any plans to install security lighting in the parking area between their property and the Public Safety Building. Ms. Tolbert replied they did have plans to install security lighting. Councilor Weldon asked that security lighting also become a condition on approval of the variance

For the Record

Councilor Weldon stated on the record that the traffic volume for the proposed development did not require a traffic study. However if the building usage was to significantly change in the future a traffic study and a new planning and development process may be required.

Councilor Pardee questioned where the delivery trucks would unload merchandise for the retail stores. Ms. Tolbert replied the trucks would unload merchandise in the existing parking lot. City Manager Jarboe explained that currently the city ticketed delivery trucks found blocking traffic after 10:00 a.m.

Councilor Pardee asked Chief Sembach if he felt the reduction in the size of parking spaces would create any problems. Chief Sembach responded he felt there was not enough room for vehicles to back out of the parking area for the parking spaces on the eastern side. Vice Mayor Pruette agreed there could be problem with backing out of the parking area and suggested they revisit the parking with Chief Sembach before it was completed. Councilor Pardee suggested designating the two eastern most parking spaces and the northwest corner parking space for compact cars only.

Councilor Lee questioned the time frame for construction. Ms. Tolbert replied they would like to begin construction in December.

Vice Mayor Pruette explained Southcoast would have the option in the future to replace the sidewalk on Second Street and install parking spaces.

For the Record

Councilor Weldon stated for the record he disagreed with eliminating the sidewalk and adding parking spaces. He felt the buffer was needed between the building and Second Street.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROVE ALL EIGHT OF THE VARIANCES REQUESTED BY THE APPLICANT AND RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD WITH THE FOLLOWING CONDITIONS:**

- 1.) **THERE WILL BE AN INDEMNIFICATION AGREEMENT BETWEEN THE APPLICANT AND THE CITY AND GENERAL LIABILITY INSURANCE IN THE AMOUNT OF ONE MILLION (\$1,000,000) PER PERSON AND TWO MILLION (\$2,000,000) PER OCCURRENCE WITH THE CITY NAMED AS ADDITIONAL INSURED.**
- 2.) **THE DEVELOPER AGREES TO MAINTAIN THE RIGHT OF WAY LANDSCAPING WHICH WOULD BE COMPATIBLE WITH OTHER LANDSCAPING IN TOWN CENTER.**
- 3.) **THE DEVELOPER AGREES TO HAVE LIGHTING IN THE PARKING LOT IN THE SAME STYLE OF TOWN CENTER LIGHTING**
- 4.) **THE DEVELOPER AGREES TO KEEP THE SIDEWALK CLEAN.**

- 5.) THE TWO EASTERN MOST PARKING SPACES AND THE NORTHWEST CORNER PARKING SPACE WILL BE DESIGNATED FOR COMPACT CARS.
- 6.) ANY INTENSIFICATION OF USE ON THE PROPERTY WOULD NEED A NEW DEVELOPMENT ORDER TO DEAL WITH TRAFFIC CONCURRENCY.

City Manager Jarboe stated due to the right-of-way encroachments it would be necessary for Southcoast to obtain a right-of-way permit for the development.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Weldon, Pruette

Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

Councilor John Weldon
City Attorney Chris White

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:20 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

Action List

City Manager Jarboe reported on the following:

- The Public Services Department had been very busy cleaning up stormwater drains and sewer lines after the recent heavy rains and flooding.
- Public Services continued to work on the nitrogen level issue.

Vice Mayor Pruette questioned the status of the Kings Road Bridge Rehabilitation Project. City Manager Jarboe responded the project was still in the engineering stage and should be ready for bidding within the next few weeks. The engineer was also coordinating with Florida Department of Transportation.

Councilor Pardee voiced concern regarding concurrency and the Flagler Properties development in the Penman Plaza Shopping Center. He felt it would be fair to developers to amend the Code to allow developers a choice of three traffic engineers to conduct their traffic study instead of the city mandating which one they had to use.

City Manager Jarboe stated he would draft a request for proposals to have available for the November regular meeting.

Consensus: **TO HAVE THE CITY MANAGER DRAFT A REQUEST FOR PROPOSAL TO PRESENT AT A WORKSHOP MEETING BEFORE THE REGULAR NOVEMBER MEETING.**

PUBLIC COMMENTS

Lynda Padrta, 1113 First Street, thanked public services for their efforts in cleaning up the stormwater drains and sewer lines after the recent flooding. She also supported the Resolution to protect the St. Johns River water resource.

Niall Falloon, 110 First Street, Mezzaluna Restaurant, asked Council to allow the Town Center Agency to have more input into the Town Center Interlocal Agreement.

PROPOSED ORDINANCES

Garage Sales

ORDINANCE NO. 2007-XX, GARAGE SALES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 17, SALES, SECTION 17-32 FREQUENCY AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the ordinance would allow residents to have garage sales three times per calendar year for two consecutive days.

Councilor Lee voiced concern regarding the issue of vehicles parking too close to intersections, red lights, stop signs, etc. thus creating safety hazards while attending garage sales.

City Manager Jarboe suggested placing parking restrictions in the garage sale ordinance.

Councilor Lee stated he did not want to complicate the ordinance by adding parking restrictions.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Caribbee Assoc.

SIDEWALK LEASE AGREEMENT FOR CARIBBEE ASSOCIATES, LLC: John Brocato, owner of Caribbee Associates, recommended the city base his monthly rent increase on the CPI and requested the hours for the outdoor seating area be extended until 12:00 a.m.

Consensus: **FORWARD THE ORDINANCE AMENDING SIDEWALKS AND BIKEWAYS TO THE NOVEMBER REGULAR MEETING FOR FIRST READ AND PUBLIC HEARING.**

City Clerk Lisa Volpe explained once the ordinance was adopted the lease agreement would need to be amended and approved.

Town Center

TOWN CENTER INTERLOCAL AGREEMENT: Vice Mayor Pruette stated before approving the Town Center Interlocal Agreement she felt there should be additional dialogue with the Town Center Agency and Atlantic Beach.

Councilor Lee agreed there should be additional dialogue with Town Center. He felt a joint meeting with Atlantic Beach and the Town Center Agency would resolve the issues.

City Manager Jarboe agreed that a lot of the issues could be resolved by resolution. He

suggested tabling the Town Center Interlocal Agreement until the newly elected Atlantic Beach officials took office.

Consensus: **TO TABLE THE TOWN CENTER INTERLOCAL AGREEMENT UNTIL THE NEWLY ELECTED ATLANTIC BEACH OFFICIALS TAKE OFFICE.**

ISSUE DEVELOPMENT

St. Johns River

RESOLUTION NO. 2007-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA CALLING ON THE ST. JOHNS WATER MANAGEMENT DISTRICT TO PROTECT AND PRESERVE THE WATER RESOURCE OF THE ST. JOHNS RIVER BY NOT ALLOWING THE USE OF MILLIONS OF GALLONS OF RIVER WATER TO BE USED TO CONTINUE UNCHECKED GROWTH IN CENTRAL AND SOUTH FLORIDA.

Vice Mayor Pruette stated that the St. Johns River was an asset that needed to be protected and asked Council to support the Resolution.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING.**

Window Signs

WINDOW SIGNS – ITEMS PLACED ON THE EXTERIOR OR INTERIOR OF WINDOWS: City Manager Jarboe suggested deferring the window signs debate until Councilor Weldon could be present for the discussion.

Consensus: **TO DEFER THE WINDOW SIGN ISSUE UNTIL COUNCILOR WELDON COULD BE PRESENT FOR THE DISCUSSION.**

Special Events

SPECIAL EVENTS – THANKSGIVING DAY AT PETE’S BAR: City Manager Jarboe explained the holiday tradition at Pete’s Bar involved residents consuming Bloody Mary’s at Pete’s and sometimes spilling out into the street. This ordinance would change the special event ordinance to allow alcohol instead of only beer and wine to be consumed in the street during special events only.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING AND ADOPT AS AN EMERGENCY ORDINANCE.**

Starbucks

Councilor Lee questioned the status of the Starbucks development. Community Development Director Askew explained the project was being amended due to budget restraints and therefore would need to go back through the development process.

60,000 sq ft

Councilor Pardee was concerned about the 60,000 square foot space limit for retail sales. He questioned how it would effect the proposed new development at the Penman Plaza Shopping Center. Community Development Director Askew explained it was the City Manager’s interpretation that the proposed project would be considered non-conforming due to the 60,000 square foot space limit. However, City Attorney White would be reviewing whether or not the shopping center was entitled to vested rights.

Vice Mayor Pruette stated that interpretations of ordinances varied from person to person. She questioned if City Attorney White wrote and reviewed the original ordinance. She also voiced concern about discrepancies in ordinances creating problems for the Council and the City.

Mayor Brown suggested that City Attorney White explain how the ordinance could be modified.

Consensus: **TO PLACE THE 60,000 SQUARE FOOT LIMIT FOR RETAIL ON THE NOVEMBER WORKSHOP AGENDA.**

Adjournment

There being no further business, the meeting adjourned at 7:45 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee disclosed he had met with Joe Quest, owner of Day and Night Moves, regarding the mural of the sun and moon that was painted on the outside of his building.

Councilor Pardee disclosed he had also met with Joe Quest regarding the mural.

Councilor Weldon stated he spoke to Joe Quest on the telephone.

Mayor Brown stated he had not spoken to Mr. Quest but he had heard several comments regarding the mural.

T-Mobile Contract

T-MOBILE CONTRACT: City Manager Jarboe stated T-Mobile made changes to their contract after it had been signed by the Mayor. He asked Council to approve the following changes:

- Page 4, # 16. RIGHTS UPON SALE: Should the lessor, at any time during the term of this Agreement, decide to sell all or any part of the Property to a purchaser other than LESSEE, such sale shall be under and subject to this Agreement and LESSEE's rights hereunder. ~~And any sale by the LESSOR of the portion of this property underlying the right of way herein granted shall be under and subject to the right of the LESSEE in and to such right or way.~~
- Page 5, #22. ASSIGNMENT. As to other parties, this Agreement may not be sold, assigned or transferred without the written consent of the LESSOR which such consent will not be unreasonably withheld or delayed. This Agreement may not be sold, assigned or transferred by the LESSEE to any party convicted of a felony ~~or to any foreign owned entity~~ without the express written consent of LESSOR.

Moved by Weldon, seconded by Pruette.

MOTION CARRIED

Moved by Weldon, seconded by Lee.

Motion: **TO APPOINT JAMES LEE AS A REGULAR MEMBER TO THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Mayor Brown suggested deferring Mr. Lee's appointment until Council could be sure that Mr. Lee had the time to serve on the Planning & Development Review Board.

Councilor Weldon stated Mr. Lee's past attendance record, as an alternate member, was not acceptable. However, he felt that Mr. Lee served the community well and as a regular member his attendance record would improve. He recommended appointing him as a regular member, stating if his attendance record did not improve that he could be replaced.

Vice Mayor Pruette stated due to Mr. Lee's attendance record she could not support him as a regular member on the board. She suggested reappointing him as an alternate to see if his attendance record improved before considering him for a

regular member.

Councilor Lee stated he spoke with Mr. Lee regarding his appointment and Mr. Lee assured him that he did want to continue serving on the Planning & Development Review Board as a regular member. He did have some issues during his year as an alternate and those issues have been resolved. He felt Mr. Lee deserved a chance.

Councilor Pardee stated Mr. Lee had been absent nine times out of fourteen meetings, which was a 64% absentee rate. He also had a problem supporting him as a regular member.

Roll Call Vote:

Ayes: 3 – Lee, Weldon, Brown

Noes: 2 – Pardee, Pruette

MOTION CARRIED

OPEN DISCUSSION

Councilor Pardee stated there was an updated edition of Adobe Acrobat software with the capability to type information onto blank online forms. He felt the software would be a benefit to the city by allowing citizens and contractors to complete building permit applications, and other various forms online.

Councilor Pardee stated the City of Jacksonville planned on repaving and re-striping Penman Road.

Councilor Lee questioned the plans for the overpass at the intersection of Atlantic Boulevard and Kernan Road.

Mayor Brown stated the overpass was an original part of the Better Jacksonville Plan. The Better Jacksonville Plan for the overpass was amended and replaced by a interchange that included a Michigan U-Turn.

Councilor Lee asked if the Council could draft a Resolution in support of the original overpass.

City Clerk Lisa Volpe advised that the City of Jacksonville would be voting on the amendment next week and Council did not have the time to adopt a resolution before the vote.

Consensus: **TO HAVE THE MAYOR WRITE A LETTER TO THE CITY OF JACKSONVILLE COUNCIL, ON BEHALF OF THE NEPTUNE BEACH CITY COUNCIL, SUPPORTING THE ORIGINAL OVERPASS AT ATLANTIC BOULEVARD AND KERNAN ROAD.**

Adjournment

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:04 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

Action List

City Manager Jarboe reported on the following:

- Today's heavy rains and flooding caused several accidents and some road closures.
- The city was in the process of collecting insurance quotes.
- It would be necessary to request proposals for a water & sewer rate study.
- The rehabilitation project for the Kings Road Bridge was in the engineering stage and should be ready for the bid process in three weeks.

Councilor Lee questioned when the joint meeting with Atlantic Beach to discuss Town Center issues would take place. He also questioned when the traffic study for the Kings Road speed humps would be completed. City Manager Jarboe responded that speed humps would be placed on King Road after the Kings Road Bridge rehabilitation project and a traffic study would not be necessary.

Vice Mayor Pruette stated she spoke with Jason Gabriel, Edwards Cohen, attorney for Wal-Mart, regarding the hold harmless they had asked the property owners, abutting the rear of the Lakeshore property, to sign. He had told her that only six had signed it but Wal-Mart planned on building the rear wall regardless of whether any one else signed it.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Rights of Ways

ORDINANCE NO. 2007-XX, STREETS, SIDEWALKS, AND RIGHTS OF WAYS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE X STREETS SIDEWALKS, AND RIGHTS OF WAY SECITON 27-480 DRIVEWAY APRONS AND PAVEMENT MATERIAL AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Pruette stated this ordinance was introduced to prevent driveway materials such as gravel, pine, etc. from washing into the stormwater system and to bring about consistency of driveway encroachments on city property.

Community Development Director Amanda Askew explained this ordinance would be a good tool for standardizing construction of driveways. It was written based on Atlantic Beach's ordinance.

Councilor Lee voiced concern regarding the many existing driveways that would be considered non-conforming if the ordinance was adopted. Those property owners would need a variance for any improvements or additions to their property and because of the non-conformity they would be forced to bring the driveway into compliance.

Councilor Weldon was concerned the ordinance had too many contradictions. He suggested several changes to the proposed ordinance.

Councilor Pardee felt circular driveways should be clearly defined within the ordinance. He was also concerned about existing driveways being non-conforming.

Consensus: **TO HAVE STAFF REVIEW THE ORDINANCE AND BRING IT BACK TO THE COUNCIL AT THE OCTOBER WORKSHOP MEETING.**

CONTRACTS / AGREEMENTS

Caribbee Assoc.

SIDEWALK LEASE AGREEMENT FOR CARIBBEE ASSOCIATES, LLC: John Brocato, owner of Caribbee Associates, recommended the city base his monthly rent increase on the CPI and requested the hours for the outdoor seating area be extended until 12:00 a.m.

Consensus: **TO HAVE STAFF REVIEW BOTH ISSUES FOR THE OCTOBER WORKSHOP AND FORWARD THE LEASE AGREEMENT TO THE OCTOBER REGULAR MEETING.**

ISSUE DEVELOPMENT

Decks

DEFINITION OF DECKS IN CHAPTER 27: City Manager Jarboe stated the code currently defined decks as accessory structures. He explained that accessory structures were limited to 160 square feet. This proposed ordinance change would change the definition of decks and allow them to be larger than 160 square feet.

Councilor Weldon asked Community Development Director Amanda Askew if decks were considered impervious surface. Mrs. Askew replied that decks were not considered impervious surface.

Councilor Pardee felt there should be a definition of "elevated" and "materials" within the ordinance.

Vice Mayor Pruette asked if this would affect porches. Mrs. Askew stated this would not

affect porches because porches are considered part of the original structure and are required to stay within the setback lines.

Consensus: **FORWARD TO THE OCTOBER WORKSHOP.**

Donations

DONATIONS TO NON-PROFIT ORGANIZATIONS: City Manager Jarboe stated in the agenda packet was a list of organizations the city donated money to last year. This list did not include the Sea & Sky Show since it is once every two years. The playground sidewalk donation could be deleted since it was a one time donation.

<u>Organizations</u>	<u>2006 Contributions</u>	<u>2007 Contributions</u>
Fireworks	\$ 5,000.00	\$ 5,000.00
Playground (sidewalk)	5,000.00	None
F.A.C.E.	1,775.00	1,775.00
Beaches Resource Center	3,000.00	3,000.00
Dial-A-Ride	1,500.00	1,500.00
Sea & Sky Show	<u>None</u>	<u>2,000.00</u>
Totals	<u>\$16,225.00</u>	<u>\$13,225.00</u>

Councilor Lee stated Futch Park could use some improvements. He had spoken with some neighbors living near the park who were supportive and offered to volunteer to help raise money for improvements. He asked Council to add a \$1,500 contribution to the list for Futch Park improvements.

City Manager Jarboe stated the \$1,500 for park improvements could come out of the Convention Development Tax Fund.

Finance Director Steve Ramsey stated these organizations needed to send written requests for donations after October 1, 2007.

Consensus: **FORWARD THE APPROVAL TO THE OCTOBER CONSENT AGENDA – INCLUDING \$1,500.00 FUTCH PARK IMPROVEMENTS FROM THE CONVENTION DEVELOPMENT TAX FUND.**

Sun Dog Diner

SUN DOG DINER SIGN: City Manager Jarboe stated Code Enforcement had Sun Dog Diner remove a private sign they had placed on their outdoor seating enclosure. He explained that any private sign placed on public property must be approved by the Council.

Curtis Winters, owner of Sun Dog Diner, explained the sign was on the original drawings he submitted for the outdoor seating arrangement. He was not aware that he needed Council approval for the sign. He stated he would be willing to decrease the size of other signage on the building in order to comply with the limited sign space requirement.

Consensus: **FORWARD THE APPROVAL OF THE SIGN TO THE CONSENT AGENDA IN OCTOBER.**

A1A-Medians

A1A MEDIANS – FLORIDA DEPARTMENT OF TRANSPORTATION:

Mayor Brown stated he had met with the Secretary of the Florida Department of Transportation regarding the removal of the palm trees and medians on A1A. He explained to the Secretary the action could have a negative impact on public relations for FDOT. The Secretary agreed to have FDOT look into other options.

City Manager Jarboe stated he and representatives from Atlantic Beach would be meeting with the FDOT onsite this week.

Mayor Brown asked Councilor Pardee if he wished to discuss the sale of city hall since it was deferred when he could not be at the meeting. Councilor Pardee stated he missed the meeting due to his daughter's injury. He felt the subject should be brought up when council was ready to discuss all options for increasing revenue.

Adjournment

There being no further business, the meeting adjourned at 7:21 pm.

Attest:

Richard A. Brown, Mayor

Lisa Volpe, CMC, City Clerk

SPECIAL CITY COUNCIL MEETING
SEPTEMBER 24, 2007 AT 6:40 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held September 24, 2007 at 6:40 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred E. Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Amanda Askew
Director of Public Safety David Sembach

Order Call

Mayor Brown called the special meeting to order at 6: p.m.

Ord. No. 2007-16

ORDINANCE NO. 2007-16, ART PROJECT, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 27, ARTICLE XV ADVERTISING, AMENDING SECTION 27-576 DEFINITIONS, AND ADDING SECTION 27-596 ART PROJECT AND PROVIDING AN EFFECTIVE DATE.

Moved by Pruette, seconded by Lee.

Councilor Pardee was concerned about the public input during the Planning & Review Board process and requested adding public opinion to the ordinance.

Councilor Weldon and City Attorney White suggested changing the language as follows:

In making their determinations, the Planning and Development Review Board and City Council may consider evidence of property values ~~and~~ the opinions of the owners and occupants of surrounding properties, and the public.

Motion: **TO PASS ORDINANCE NO. 2007-16 AS AMENDED ON FIRST READ.**

MINUTES
WORKSHOP CITY COUNCIL MEETING
SEPTEMBER 24, 2007 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held September 24, 2007 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

STAFF:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Director of Public Safety David Sembach

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m. stating he felt it was necessary for Council to review the sign ordinance as it related to artwork.

Vice Mayor Pruette introduced the following proposed ordinance for discussion.

Ord. No. 2007-16

ORDINANCE NO. 2007- 16, ART PROJECT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 27, ARTICLE XV ADVERTISING, AMENDING SECTION 27-576 DEFINITIONS, AND ADDING SECTION 27-596 ART PROJECT AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated the *Shorelines* and the *Beaches Leader* newspapers wrongly reported the mural of the sun and moon painted on the building of the Day or Night Moves business was artwork and not a sign. He added that in this particular case the artwork was considered a sign because the sun and moon represented the business of Day or Night Moves.

Councilor Weldon stated he supported and agreed with the proposed ordinance because it helped clarify the issue of artwork verses signs.

Councilor Pardee agreed with City Manager Jarboe that the way the current sign ordinance was written the mural of the sun and moon painted on the exterior of the building for Day or Night Moves should be considered a sign.

City Attorney White stated Joe Quest, owner of Day or Night Moves, has requested a variance for the artwork of the sun and moon painted on his building. However, because the variance request was not before the Council at the present meeting he asked Council not to make specific comments relating to Day or Night Moves.

Vice Mayor Pruette felt allowing the Council final approval of public art displays would also eliminate any offensive artwork.

Councilor Weldon stated he supported the ordinance because it did not change the definition of a sign and it provided the Council a procedure for making decisions regarding public art.

Councilor Pardee stated he was concerned about the following underlined language in Section 27-596 because it defined an art project as a sign:

Any proposed art project in a commercial district that in the opinion of the Planning & Development Review board is found to be public art that enhances the commercial district may be recommended to the City Council for its approval. If approved by the City Council, such an art project will be considered a conforming sign as long as it is maintained in good condition.

Councilor Weldon also questioned why the ordinance determined the art project a conforming sign.

City Manager Jarboe indicated the artwork would be considered a conforming sign if it represented the business. However if the artwork was of a scenery that did not represent a business it would not be considered a sign.

City Attorney White stated he would review the language. He added the intent of the proposed ordinance was for paintings, artwork, murals, etc. to have an approval monitoring process that would allow them, but not to be counted against the businesses sign limitations if the artwork did not draw attention to the particular business.

Councilor Weldon suggested changing the language in the proposed ordinance as follows:

If approved by the City Council such an art project will be ~~considered a conforming sign~~ permitted as long as it is maintained in good condition.

Vice Mayor Pruette indicated the artwork of a boat painted on the boat house business on Florida Boulevard had been there for many years. City Manager Jarboe replied he did not receive any complaints regarding the boat house artwork until recently.

Councilor Pardee was concerned about existing businesses with exterior artwork having been cited by Code Enforcement. City Manager Jarboe responded the Code Enforcement action would be delayed on those businesses until Council acted on this proposed ordinance. If the proposed ordinance was adopted those businesses would be able to go through the Planning & Development Review Board process and Council would have final approval.

Councilor Lee recognized the effort of the Council to willingly work with citizens and business owners to resolve conflicts. He also recognized in this particular instance that the staff was enforcing the Code as it was written. He felt artwork should have an approval process to help eliminate inappropriate artwork from being displayed.

Councilor Weldon acknowledged this proposed ordinance only affected the commercial district and was not applicable to private property.

Consensus: **TO FORWARD THE PROPOSED ORDINANCE TO THE FOLLOWING SPECIAL MEETING FOR FIRST READ.**

Adjournment

There being no further business, the meeting adjourned at 6:40 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pardee read the following statement in regard to an e-mail he received and an editorial that was printed in the *Beaches Leader* to clarify his proposal to sell City Hall.

I would like to take at least \$1 million dollars and invest it in an account that is earmarked solely for gaining interest that will be used for reduction of property tax millage rate for all Neptune Beach property owners. With a \$7 million dollar budget this is a significant amount that can be applied toward cost reduction. Only in an emergency and by a super majority Council vote can this money be spent otherwise. After a 5 or 10 year period the city can revisit this and can vote to change its use. The money will still be there. The employees currently in the City Hall building can be relocated to existing buildings at the public works facility. The Council can meet in the existing buildings as well. Some money can cover the cost of renovation or a small addition. Building new facilities to replace this building is completely out of the question and would negate the effort to reduce taxes on our homeowners. We need a City Hall, not a Taj Mahal. As far as traffic issues for the Forest Boulevard and Kings Road area, a window and/or deposit box can remain at the current location at the police building so that citizens can continue to pay their bills in person at the same location if they want to. The new Neptune Beach computer system allows people to pay their water bill online right now; our citizens need to be made aware of this. Any other traffic that would be traveling to City Hall would be offset by people that live in this area now who would not be driving to the current location. Seniors who are already at the Senior Center can do their business in one place. Public Works and City Hall employees would not have to drive from one place to the other to have a meeting. The fueling facility at the public works location now so getting gas would not require an extra trip. The average Neptune Beach resident does not travel to City Hall now and will not go there if it is relocated. I think we have an opportunity to show our citizens that we can cut costs without reducing services and can give them some of their money back in the form of a tax reduction. Maybe the school board could do the same with their building and further reduce ever increasing taxes. To do nothing or make excuses for not pursuing real tax relief is not an option and I am personally a little tired of it. I can only hope that my fellow councilors would like to actually reduce property taxes along with me.

City Clerk Volpe stated due to the Labor Day holiday the September regular meeting and budget meeting would be held Tuesday, September 4, 2007.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- He was trying to get the Jacksonville Transportation Authority to complete their environmental project on the Intra Coastal Waterway.
- He was working with the Town Center merchants to clean up the Town Center area.
- He has met with Jacksonville Beach City Manager George Forbes in reference to the parking study. He and Mayor Brown also met with the Mayor and City Manager of Atlantic Beach in reference to Town Center parking.

PUBLIC COMMENTS

Michael Aston, 1523 Summer Sands Drive, thanked the Council for passing a resolution in opposition to the Moody Project. He also was opposed to selling the City Hall property.

Barry Grahek, 1403 Ocean Front, asked the city for relief regarding his code enforcement violation and the recommendation of City Attorney White to

foreclose on his property.

CONSENT AGENDA / NONE

VARIANCES / NONE

ORDINANCES

Ord. No. 2007-08 ORDINANCE NO. 2007-08, AMENDING THE 2010 FUTURE LAND USE MAP, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE 2010 FUTURE LAND USE MAP, AS ADOPTED ORDINANCE 90-6-9, AS AMENDED, SAID ORDINANCE NUMBER 2007-08, WHICH SHALL CHANGE THE LAND USE DESIGNATION AS ESTABLISHED ON THE 2010 FUTURE LAND USE MAP (FLUM) FOR LANDS AS DESCRIBED HEREIN FROM RESIDENTIAL , LOW DENSITY, TO COMMERCIAL HIGH PROVIDING FOR INTENT; AUTHORITY; FINDINGS, OF CONSISTENCY; FINDINGS OF FACT; SEVERABILITY; RECORDATION AND AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-08 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Mayor Brown agreed to sponsor the Ordinance.

Moved by Pruette, seconded by Pardee.

Motion: **TO ADOPT ORDINANCE NO. 2007-08 ON SECOND READ AND PUBLIC HEARING.**

For the Record Vice Mayor Pruette asked Kenny Richards, Tucker Rental, on the record, if he planned to deed a right-of-way to the city for a roadway, once the ordinance was passed.

Mr. Richards replied that he would be happy to deed the city a right-of-way as it would be a benefit to both Tucker Rentals and Wal-Mart. He was having a problem determining exactly where to locate the roadway in an effort to allow for the best use of the remaining property.

City Manager Jarboe requested that the location of the roadway be determined before the ordinance was passed. He asked that it be placed on the August workshop meeting.

City Attorney White stated the rezoning of the property was conditioned upon the roadway. He agreed the issue should be forwarded to the August workshop meeting.

Councilor Weldon questioned why Wal-Mart had not been involved in the discussion of the location of the road. City Manager Jarboe stated there were too many concessions asked of Wal-Mart. He asked if there was a representative for Wal-Mart in the assembly.

Jason Gabriel, 6 East Bay Street, Suite 500, Edwards, Cohen, Law Firm, and attorney representing Wal-Mart, stated that Wal-Mart would abide by the terms of the settlement agreement with the city. He quoted from the agreement that: "Wal-mart will cooperate with allowing an access connection to the Wal-Mart site as long as it does not hinder or otherwise interfere with the daily operations and business conducted on the property and as long as the right-of-way was provided." He explained that Wal-Mart needed to be provided with an accurate right-of-way plan that was signed and sealed so that they could assess the reasonableness of the connection. Wal-Mart representatives were willing to meet and correspond with the Mr. Richards.

Ord. No. 2007-09 ORDINANCE NO. 2007-09, REZONING, SECOND READ AND PUBLIC HEARING: AN ORDINANCE REZONING APPROXIMATELY 1.5+ ACRES PARCEL OF LAND LOCATED SOUTH OF LEMON STREET 155+ EAST OF ELEVENTH STREET FROM RESIDENTIAL LOW DENSITY TO COMMERCIAL HIGH DENSITY; PROVIDING AN EFFECTIVE DATE.

Consensus: **FOR BOTH SIDES TO MEET WITH THE CITY MANAGER THIS WEEK TO RESOLVE THE LOCATION OF THE ROAD – AND DEFER ORDINANCE NO. 2007-08 AND ORDINANCE NO. 2007-09 UNTIL IT IS APPROPRIATE TO TAKE TO A WORKSHOP.**

Ord. No. 2007-10 ORDINANCE NO. 2007-10, AMENDING CHAPTER 27- AMENDING ARTICLE III, PROCEDURES FOR APPLYING FOR AND ISSUING A VARIANCE, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES SECTION 27-145.2 PROCEDURES FOR APPLYING FOR AND ISSUING A VARIANCE FOR PROPERTY LOCATED WITHIN THE C-1, C-2, C-3, CBD AND CONSERVATIONS ZONING DISTRICTS, AMENDING SECTION 27-147 REQUIRED FINDINGS NEEDED TO ISSUE A VARIANCE, AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon agreed to sponsor the Ordinance.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2007-10 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-11 ORDINANCE NO. 2007-11, AMENDING CHAPTER 27, AMENDING ARTICLE III, PROCEDURES FOR APPLYING AN ISSUING A SPECIAL EXCEPTION, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES SECTION 27-159(D) PROCEDURES FOR APPLYING FOR AND ISSUING A SPECIAL EXCEPTION AND SECTION 27-160 REQUIRED FINDINGS NEEDED TO ISSUE A SPECIAL EXCEPTION AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon agreed to sponsor the Ordinance.

Councilor Weldon suggested amending the Ordinance as follows: 1) delete the duplicated paragraph (d) and, 2) Section 27-160. Required findings needed to issue a special exception should read as follows: The planning and development review board may not ~~grant~~ recommend for approval, ~~and the city council may not grant~~ for a special exception unless it makes a positive finding, based on substantial competent evidence, on each of the following, to the extent applicable:

Moved by Weldon, seconded by Pruette.

AUGUST 20, 2007 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 20, 2007 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

STAFF:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Senior Activity Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

Councilor Eric Pardee

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS

Vice Mayor Pruette presented Chief Sembach with a photograph she had taken of the over 7,000 fireworks that he confiscated during the July 4th holiday.

CITY MANAGER'S ACTION LIST

Action List City Manager Jarboe stated the engineer for the Kings Road Bridge project was caught in traffic due to the closure of the Matthews Bridge and would be arriving soon.

The labor union contracts had been voted on and approved by the members.

Budget Director of Finance Steve Ramsey explained the Budget FY 2008 was prepared using the roll back rate of 2.6460. This was an 8.76% decrease from last year's millage rate of 2.9. There was also a decrease of 1.24% in revenues. The largest budget cut was in the animal control department because the department went from having two animal control officers to only one animal control officer.

Councilor Weldon felt it was important for the citizens to know that the city could not continue to cut the budget without cutting public services.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

ORDINANCE NO. 2007-XX, AMENDING CHAPTER 27, ARTICLE XVIII: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE XVIII. NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS, SECTION 27-707 NONCONFORMING SIGNS AND PROVIDING AN EFFECTIVE DATE.

Community Development Director Askew explained Section 27-707 and Section 27-592 should have the same language. This ordinance would add paragraph (h) of Section 27-592 to Section 27-707 making the text in both sections identical.

Consensus: **FORWARD TO THE SEPTEMBER 4TH REGULAR COUNCIL MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Sea & Sky Show

SEA AND SKY SPECTACULAR: The City of Jacksonville requested contributions from the beaches' cities for the Sea & Sky Spectacular every other year when the event was held at the beaches. When the show was last held at the beach in 2005 Neptune Beach contributed \$2,000. This year the City of Jacksonville was asking for a contribution of \$3,500.

Councilor Weldon stated other agencies requested donations from our city annually that he felt were more important than the Sea & Sky Spectacular, such as the Beaches Resource Center and Dial a Ride. He would be willing to support a contribution to the Sea & Sky Spectacular if Council members would agree to contribute to those agencies as well.

Council discussed the amount they wanted to give and what other organizations they had given to in the past

Consensus: **TO CONTRIBUTE \$2,000 TO THE SEA & SKY SPECTACULAR FOR 2007 AND TO DISCUSS CONTRIBUTIONS TO OTHER ORGANIZATIONS AT THE SEPTEMBER WORKSHOP.**

ISSUE DEVELOPMENT

Fla. Blvd.

FLORIDA BOULEVARD LANDSCAPING: Mayor Brown acknowledged City of Jacksonville Councilman Art Graham in the assembly and asked him to speak regarding the Florida Boulevard landscaping project.

City of Jacksonville Councilman Art Graham stated the City of Jacksonville had \$40,000 for the project. City Manager Jarboe stated he would meet with the chairman of the Ish Brant Beautification Committee and ask the committee to work on a maintenance free beautification plan and receive quotes.

Recess/Reconvene

Mayor Brown asked to recess at 6:30 p.m. and reconvened the meeting at 6:40.

Kings Rd. Bridge

KINGS ROAD BRIDGE – LANDMARK ENGINEERING - NINA SICKLER: Nina Sickler, Landmark Engineering, gave a presentation on the current condition of the Kings Road Bridge and suggested the following three options for rehabilitation of the bridges' girders and piles.

Rehabilitation Options

Option A - \$50,000

Option B - \$200,000

Option C - \$300,000

- | | | |
|--|--|--|
| <ul style="list-style-type: none"> • Repair Girders with Fiber Wrap • Jacket Piles with 30% or Greater Loss • Expected Life 5 to 10 years • Maintenance and remediation required over remaining life | <ul style="list-style-type: none"> • Repair Girders with Fiber Wrap • Inject girder cracks with epoxy • Jacket Piles with 30% or Greater Loss • Tape Seal all other Piles • Repair abutment backwalls and wingwalls • Expected life 20 to 30 years • Maintenance and remediation required over remaining life | <ul style="list-style-type: none"> • Repair Girders with Fiber Wrap • Inject girder cracks with epoxy • Jacket ALL piles in waterway • Replace abutment backwalls and wingwalls • Overlay deck to minimize water intrusion to girders • Expected life 30 to 40 years • Maintenance and remediation required over remaining life |
|--|--|--|

Consensus: **FORWARD TO THE SEPTEMBER WORKSHOP MEETING TO DETERMINE WHICH REHABILITATION OPTION TO PROCEED WITH.**

Councilor Weldon asked Ms. Sickler what the engineering cost would be. Ms. Sickler responded for a design build project the engineering firm normally charged 10% to 20%.

City Manager Jarboe stated some of the work could be done by our public services department.

Monahan
2050 Kings Circle

REQUEST TO ABANDON RIGHT OF WAY – MONAHAN: Thomas Monahan, 2050 Kings Circle requested the city abandon a portion of the right-of-way to allow him to construct four parking spaces.

Councilor Weldon stated he could not support the abandonment without considering the development plans.

Vice Mayor Pruette stated she did not favor abandoning any city property.

Councilor Lee suggested the Planning & Development Review Board review the development application and make a recommendation to the council.

Councilor Weldon asked Community Development Director Askew to review the plan and consider alternatives for improving traffic in the area. He would be willing to compromise if there would be an improvement in the traffic.

City Manager Jarboe stated the development order was on the agenda for the Planning & Development Review Board in September. He recommended the Planning & Development Review Board make their recommendation conditioned on the "abandonment of the right-of-way" and forward the full development to the Council.

Consensus: **TO CONSIDER ABANDONING THE RIGHT-OF-WAY ONCE THE PLANNING & DEVELOPMENT REVIEW BOARD HAS MADE THEIR RECOMMENDATION TO APPROVE OR DENY THE DEVELOPMENT ORDER.**

Speed Humps

SPEED HUMP POLICY: Due to budget restraints, Councilor Lee suggested amending the Speed Hump Policy to allow residents to pay the full cost of speed humps if they so

desired.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING CONSENT AGENDA.**

City Hall

DISCUSSION TO RELOCATE CITY HALL: As a courtesy to Councilor Pardee, due to his absence, Mayor Brown asked that this item be deferred.

Consensus: **TO DEFER DUE TO THE ABSENCE OF COUNCILOR PARDEE.**

Kings Rd. & FL. Blvd.

Vice Mayor Pruette felt a traffic light needed to be installed at the intersection of Florida Boulevard and Kings Road and that the traffic light at the intersection of Florida Boulevard and Windward Lane should be longer.

Adjournment

There being no further business, the meeting adjourned at 8:02 pm.

Richard A. Brown, Mayor

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated the police department did an excellent job maintaining the crowds on July 4th.

Mayor Brown acknowledged that Leslie Karlin, resident of Summer Sands recently passed away. She was a well known and active citizen in the city and within the Summer Sands community. She will be greatly missed.

City Clerk Volpe stated, if the Council were interested she would invite the First Amendment Foundation to hold a seminar at City Hall to update Council and Board members on the Sunshine Law.

Consensus: **TO HAVE CITY CLERK VOLPE SCHEDULE A SEMINAR WITH THE FIRST AMENDMENT FOUNDATION AND INVITE THE COUNCIL AND BOARD MEMBERS TO ATTEND.**

Councilor Weldon disclosed he spoke with Ms. Susan Green and Mr. Tim Green regarding the Starbuck's special exception and development order.

Vice Mayor Pruette disclosed she spoke with Susan Green and Tim Green regarding Starbuck's. She also spoke with Mr. Curtis Winter regarding the special exception for outdoor dining at Sun Dog Seafood and Steak

Councilor Lee and Councilor Pardee disclosed they also spoke with the applicants for Starbucks and Sun Dog.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The police department did an outstanding job maintaining the crowds during the July 4th holiday.
- Chief Sembach has started paying off-duty lifeguards to aide with beach clean up.
- The building department received an application to demolish the old Neptune Theater.
- There was no information on when construction of the Wal-Mart would begin.

PDRB-V07-07 PDRB-V07-07, APPLICATION FOR VARIANCE FOR MR. AND MRS. TOM GOELZ, 220 FIRST STREET: Variance request for north side yard, parking requirements, parking space width, dumpster and landscape area.

Patricia Goelz stated the existing building was structurally unsound and they plan to demolish the structure and build a new two-story building.

Councilor Weldon questioned if the square footage would be increased. Mr. Terry Simmons, architect for the Goelz's, replied the square footage would be exactly the same with a total of 4,972 with 2,550 square of retail on the first floor and 2,442 square feet on the second floor to be used as a dance studio. The new building would look similar in style to the old building except it will be square on the lot.

Councilor Lee questioned the issues with the dumpster. Mr. Simmons stated they were currently working on an agreement to share a garbage dumpster with Slider's Restaurant.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE THE VARIANCE REQUEST FOR MR. AND MRS. TOM GOELZ, 200 FIRST STREET.**

MOTION CARRIED

PDRB07-08 PDRB07-08, APPLICATION FOR SPECIAL EXCEPTION FOR NEPTUNE PLAZA, LLC, 327 ATLANTIC BOULEVARD: Request for special exception to allow outdoor dining and fast food restaurant for Starbuck's Coffee.

Move by Pruette, seconded by Lee.

Motion: **TO APPROVE THE SPECIAL EXCEPTION FOR NEPTUNE PLAZA, LLC, 327 ATLANTIC BOULEVARD FOR OUTDOOR DINING AND FAST FOOD FOR STARBUCK'S.**

Mrs. Susan Green, Green & Kupperman, Inc. disclosed on the record that she had met and spoken with council members prior to the meeting. The request was to convert the existing drive thru bank and ATM to a walk up and drive thru for Starbuck's Coffee.

Vice Mayor Pruette felt due to the location it was very important that they keep the area neat and clean. Ms. Green went on the record to state they were committed to keeping the area clean.

Councilor Weldon questioned if they intended to have a designated non-smoking area. Ms. Green went on record to state that would make every effort to set up a non-smoking area.

City Manager Jarboe stated because this was a special exception the Council could make them create a non-smoking area as a part of the conditions to the special exception.

Mr. Tim Green, Development Manager for Starbuck's, stated he would designate a non-smoking area; however he could not stop customers from smoking. He suggested if the city had an issue with smoking in public places that they should adopt an ordinance prohibiting smoking in outdoor public places.

For the Record Councilor Weldon stated he would be comfortable if Mr. Green would agree to place the following statement on the record: "for the life of this store Starbuck's is making a commitment to at least provide a non smoking area for those of us who like to drink Starbuck's coffee but don't want to do it with someone smoking on top of them", and Mr. Green agreed with the statement on the record.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE SPECIAL EXCEPTION FOR NEPTUNE PLAZA, LLC, 327 ATLANTIC BOULEVARD FOR OUTDOOR DINING AND FAST FOOD FOR STARBUCK'S.**

327 Atlantic Blvd.

PDRB07-09, APPLICATION FOR FINAL DEVELOPMENT ORDER FOR NEPTUNE PLAZA, LLC, 327 ATLANTIC BOULEVARD: Request to convert the existing drive thru ATM to a walk up and drive thru for Starbuck's Coffee.

Councilor Weldon questioned the proposed signage plan. Ms. Susan Green replied there would be one monument sign on Third Street facing south. The plan also proposed a small directional sign along Third Street indicating the entrance to the drive-thru and another small direction sign indicating the exit along Atlantic Boulevard. Ms. Green added for the record the signs would be two (2) square feet. Community Development Director Askew stated she and the City Manager discussed these signs and considered them monument signs. If Council did not allow for them the applicant would have to get a variance. City Clerk Volpe stated it would be a good idea to include the directional signs in the motion.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR NEPTUNE PLAZA, LLC , 327 ATLANTIC BOULEVARD FOR STARBUCK'S.**

Moved by Pruette, seconded by Lee.

Friendly Amendment: **TO ALLOW THE DIRECTIONAL SIGNAGE AS PROPOSED.**

PDRB07-10
240 Third St.

PDRB07-10, APPLICATION FOR SPECIAL EXCEPTION FOR MS. ROBERTA ROBSON, 240 THIRD STREET: Request to convert the old Taco Bell to a Smoothie King and to allow for an outdoor dining and fast food restaurant.

Jason Luther and Kris Risch, representatives for Smoothie King, stated they would be partners in the new Smoothie King franchise. They intended to remodel the existing the structure for use as a drive-thru.

Councilor Weldon questioned the number of outdoor seats. Mr. Luther replied the outdoor seating area would consist of two tables with four chairs; however they would like to add more if the number of parking spaces allowed. There would be no indoor seating.

Councilor Weldon questioned the signage. Mr. Luther explained they would not be using the existing pole sign and the new sign would comply with the new sign ordinance.

Councilor Weldon asked if they would have a designated non-smoking area. Mr. Luther responded they would put no smoking signs on the tables and promote the area as non-smoking.

Councilor Pardee questioned when the remodeling project would begin. Mr. Luther replied they were currently working with Ms. Robson to finalize the lease agreement and needed her commitment before they would begin construction.

Councilor Weldon asked if the drive thru arrangement would affect the office parking to the south side of the property. Mr. Luther answered the drive thru would not affect the existing office parking area.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE THE SPECIAL EXCEPTION FOR MS. ROBERTA ROBSON, 240 THIRD STREET, FOR SMOOTHIE KING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

CPA07-01
Tucker Trust

CPA07-01, APPLICATION FOR A COMPREHENSIVE PLAN AMENDMENT, FOR MR. JOHNNY TUCKER TRUST, TO CHANGE PROPERTIES FROM LOW DENSITY RESIDENTIAL TO COMMERCIAL HIGH DENSITY: Request to change property real estate numbers 172394-0020, 178897-0000, and 172394-0000, located south of Lemon Street and approximately 155 feet east of Eleventh Street from low density residential to commercial

high density.

City Clerk Lisa Volpe explained staff just became aware that an amendment to the Comprehensive Plan had to be processed in Ordinance form requiring two public hearings. The first reading could be in August and the second reading in September.

City Manager Jarboe suggested holding a special meeting before the July workshop for first read and having the second reading in August.

City Clerk Volpe stated because of the notice requirements for the Ordinance and public hearings this would only be possible if the July workshop meeting was moved from the 16th to the 23rd.

Consensus: **TO HOLD A SPECIAL MEETING BEFORE THE JULY WORKSHOP MEETING ON THE 23RD, FOR FIRST READ OF THE ORDINANCE TO AMEND THE COMPREHENSIVE PLAN.**

Z07-01
Tucker Trust

Z07-01, APPLICATION FOR REZONING FOR MR. JOHNNY TUCKER TRUST FOR REAL ESTATE NUMBERS 172394-0020, 178897-0000 AND 172394-0000: Request to rezone properties from residential R-2 to Commercial C-3.

City Manager Jarboe stated this would be done at the same time as the comprehensive plan amendment.

OPEN DISCUSSION

Due to the state's Property Tax Reform, Council suggested ways to supplement the city's revenue. Suggestions included parking meters and parking garages.

Councilor Weldon suggested staff set up a meeting with property owners, developers and representatives of Neptune Beach and Atlantic Beach to discuss a joint venture to address parking.

City Manager Jarboe stated staff would do some research and provide information back to the Council.

Adjournment

There being no further business, the meeting adjourned at 7:25 p.m.

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m.

Ord. No. 2007-08

ORDINANCE NO. 2007-08, AMENDING THE FUTURE LAND USE MAP, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE 2010 FUTURE LAND USE MAP, AS ADOPTED BY ORDINANCE 90-6-9, AS AMENDED, SAID ORDINANCE NUMBER 2007-08, WHICH SHALL CHANGE THE LAND USE DESIGNATION AS ESTABLISHED ON THE 2010 FUTURE LAND USE MAP (FLUM) FOR LANDS AS DESCRIBED HEREIN FROM RESIDENTIAL, LOW DENSITY, TO COMMERCIAL HIGH PROVIDING FOR INTENT; AUTHORITY; FINDINGS OF CONSISTENCY; FINDINGS OF FACT; SEVERABILITY; RECORDATION AND AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-08 by title only and opened the public hearing.

Shannon Desmond, 813 Cherry Street, stated she was unaware of the amendment and questioned when the ordinance would be voted on.

City Manager Jarboe asked Ms. Desmond to speak with Community Development Director Amanda Askew after the meeting.

There being no further comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Pardee.

Motion:

TO PASS ORDINANCE NO. 2007-08, AMENDING THE FUTURE LAND USE MAP, ON FIRST READ AND PUBLIC HEARING.

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:11 p.m.

PRESENTATIONS

PRESENTATION OF CAFR GIVEN BY DUFRESNE & ASSOCIATES, CPA, PA: Linda Dufresne, Dufresne & Associates, presented the Comprehensive Annual Financial Report for the fiscal year ending September 30, 2006.

CITY MANAGER'S ACTION LIST

Action List

City Manager Jarboe explained the action list was reformatted and each action was under the corresponding department.

The new air conditioning unit is being installed in the City Hall building.

Councilor Lee questioned the item on the list referring to "safety lighting in Town Center". City Manager Jarboe explained he was working with Atlantic Beach and the Department of Transportation to change the lighting structure in the Town Center area in an effort to provide better safety to Town Center patrons.

Councilor Lee questioned the progress of the new Kings Road Bridge. City Manager Jarboe replied that an engineer would be evaluating the existing bridge within the next month.

Councilor Weldon asked about request for proposals for the new Kings Road Bridge. City Manager Jarboe responded he was going to wait for the engineers report before requesting bids so that he would be better prepared to answer questions from contractors.

Vice Mayor Pruette stated the beach access on Bay Street needed attention. City Manager Jarboe informed her the contractor had been told to clean up the area.

Councilor Pardee asked about the item on the action list referring to "the city manager meeting with a representative from Home Box Office." City Manager Jarboe explained he met with a representative from HBO regarding their consideration of using Neptune Beach as a location to film a movie / documentary about Florida elections.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Marsh Pt. Rd.

PARKING PROBLEMS ON MARSH POINT ROAD: City Manager Jarboe explained Council received a letter from Mr. Ricky Rigsbee, 2117 Marsh Point Road, regarding the lack of parking on Marsh Point Road.

Ricky Rigsbee, 2117 Marsh Point Road and Caleb Dudley, 2115 Marsh Point Road, stated they were looking for a resolution to their parking problem on Marsh Point Road. Their visiting friends and relatives were being cited for parking violations while parked on the median and / or in the right-of-way.

Mayor Brown stated he owned the property next door to the duplex and he would like to meet with them regarding some ideas to improve their parking situation.

Consensus: **MAYOR BROWN TO MEET WITH MR. RIGSBEE AND MR. DUDLEY REGARDING IDEAS FOR PARKING.**

Fla. Blvd.

FLORIDA BOULEVARD LANDSCAPING: Mayor Brown requested that this agenda item be delayed because Jacksonville City Councilman Art Graham was out of town.

Councilor Lee asked Mr. Jarboe to consider holding a meeting with developers and businessmen in the area to have a group discussion regarding not only landscaping but additional ways to improve the Florida Boulevard corridor. He also asked to place Florida Boulevard landscaping on the August workshop meeting agenda.

Waste Collection

RESOLUTION NO. 2007-XX: A RESOLUTION ESTABLISHING CERTAIN CHARGES OR FEES FOR SOLID WASTE COLLECTION SERVICES.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING.**

Variances/Special
Exceptions

PROCEDURES REQUIRED FOR ISSUING VARIANCE REQUESTS AND SPECIAL EXCEPTIONS: City Manager Jarboe stated the current Code of Ordinances required the City Council to complete the finding of facts when hearing commercial variances and special exceptions.

City Attorney White explained the finding of facts form was currently used by the Board of Appeals and the Planning & Development Review Board when hearing variance requests. The Code required Council to fill out the same form when considering exceptions and commercial development orders requiring variances.

Councilor Weldon felt filling out the finding of facts form was appropriate for the Board of Appeals and Planning & Development Review Board to complete during their decision

making process. He did not feel it was appropriate at the Council level. He suggested revising the language in the Code to eliminate the requirement.

Vice Mayor Pruette questioned why members of the Board of Appeals were required to justify their reasoning if they answered no to one of the finding of facts, but not if they answered yes. Sybil Ansbacher, Chairman of the Board of Appeals, stated it was a regulation that if a board member answered no on a finding of fact they had to justify the reasoning. A yes answer did not require justification.

Councilor Pardee felt, because Council received copies of the boards finding of facts forms in the agenda packets for their review, it was not necessary for the Council to repeat the process.

City Attorney White stated the distinction between the two boards was that the Planning & Development Review Board only made recommendations to the Council and the Council was responsible for making the final decision. Whereas, this is different from the Board of Appeals in which case the applicant would be appealing the Board of Appeals findings.

Councilor Weldon felt this requirement limited the rights of elected officials by asking them to document in writing the basis for their decisions on routine votes. This has not been practiced in the past and he did not see any basis to begin doing so. He added that if there was a code conflict then the code needed to be revised.

Vice Mayor Pruette stated when the Board of Appeals was created it removed the politics from variance approval process. She felt the Code requirement to have Council repeat the finding of facts would introduce the politics back into the process.

City Attorney White stated if it was a consensus of the Council he and Community Development Director Askew would revise the language in the Code that required Council to fill out the finding of facts form.

Consensus: **FOR CITY ATTORNEY WHITE AND COMMUNITY DEVELOPMENT DIRECTOR AMANDA ASKEW TO REVISE THE LANGUAGE IN THE CODE TO REMOVE THE FINDING OF FACTS REQUIREMENT FOR THE COUNCIL.**

Building Signs

BUILDING SIGNS: City Manager Jarboe stated a number of variance applications had recently been received for building fascia signs. The current size limit for building fascia signs was 48 square feet. He asked Council to consider enlarging the size limit.

Councilor Weldon felt a 48 square foot fascia sign for Winn Dixie was too small. He asked that the development director do some research and advise the Council of a reasonable size limit.

Consensus: **COMMUNITY DEVELOPMENT DIRECTOR AMANDA ASKEW TO RESEARCH SIZE LIMITS FOR BUILDING FASCIA SIGNS AND REPORT BACK TO THE COUNCIL.**

Board Reorganization

DISCUSSION OF REORGANIZATION OF CITY BOARDS: Mayor Brown had written a letter to the board members regarding reorganization of the boards. The letter asked for board members to respond to the following suggestions:

- 1) Reducing the number of board members on the Board of Appeals and the Planning & Development Review Board from seven to five regular members.
- 2) Moving the meeting to daytime hours to reduce staff overtime.

3) Combining the Board of Appeals and the Planning & Development Review Board.

4) Eliminating the Code Enforcement Board and hiring a magistrate to hear code enforcement.

City Clerk Lisa Volpe stated she had received two e-mails from board members and one telephone call regarding the letter from the Mayor.

Community Development Director Askew stated she attended the monthly BOA and PDRB board meetings and questioned the board members directly. The majority of the board members did not want to combine the boards, did not want to meet during the day, and did not want to reduce the number of members. She did not comment for the Code Enforcement Board.

Vice Mayor Pruette voiced concern regarding board member absenteeism and the manner in which board members should be dismissed for missing too many meetings.

City Attorney White stated the Code Enforcement Board was set by Florida State Statute. The Florida State Statute requires the Chairman of the Code Enforcement Board grant approval for member absences and dismiss members if they missed two out of three consecutive meetings without prior approval. It is up to the chairman of the CEB to determine whether or not there is cause for the absence and approve or disapprove the absence.

City Attorney White stated the Board of Appeals and the Planning & Development Review were set up according to the Code of Ordinances. If a member missed three consecutive meetings or moved out of the city it was mandatory by Code that Council, not the board chairman, declare the seat vacant.

Mr. White suggested sending a letter to the board members reminding them of the absentee rules and explaining to the Code Enforcement Board Chairman his responsibility to grant prior approval for absences and dismiss members from the board.

City Clerk Volpe asked Council if they wanted to forward Resolution No. 2007-05, reappointing members to the boards to the August Regular Council Meeting.

Consensus: **TO FORWARD RESOLUTION NO. 2007-05 TO THE AUGUST REGULAR MEETING.**

Councilor Weldon asked the City Clerk to provide an updated attendance record along with the resolution in the agenda packet. He further suggested that due to the lack of willing participants it might be worth considering reducing the number of board members on the BOA and PDRB and hiring a magistrate for the CEB. He also felt it would be a mistake to combine the Board of Appeals and the Planning & Development Review Board.

City Attorney White asked Council if they wanted to add language in the Code to address the issue of cause for excused absences.

Consensus: **TO NOT ADD A LIST A CAUSES IN THE CODE.**

City Clerk Volpe asked how the board member should communicate his absence with the board chairman. City Attorney White stated it should be in the form of a written document through the City Clerk. The Chairman should announce at the meeting the members absence and whether or not it was excused.

Vice Mayor Pruette was opposed to hiring a magistrate. She felt the Code Enforcement Board did a good job.

Councilor Pardee felt the CEB had more flexibility in enforcement of the Code.

Councilor Lee stated the board members needed to understand the absentee guidelines. The letter to the board members should clarify that the rules would not apply to previous meetings and would apply moving forward. He would like to reduce the number of board members from seven to five.

Vice Mayor Pruette asked to hear from Chairman of the Board of Appeals Sybil Ansbacher regarding her opinion on reducing the number of board members.

Ms. Ansbacher stated her board members felt the more members the more diverse the opinion would be. There was not a problem acquiring a quorum on the BOA.

Consensus: **TO NOT HIRE A MAGISTRATE, TO GATHER MORE INFORMATION ON REDUCING THE NUMBER OF MEMBERS FROM SEVEN TO FIVE, TO NOT MOVE THE MEETINGS TO THE DAYTIME AND BRING THE ISSUE BACK UP IN SEPTEMBER.**

For the Record Councilor Weldon stated for the record he aggressively opposed moving the board meeting to during the day because was it shifted the burden for participation of board members to retirees and non-employed . It takes the young adults and professionals out of the pool. It also reduces the availability of citizens to participate in the public hearings held by the board.

Mayor Brown asked if the Boards could adjust the time of the meetings to 6:00 p.m. Councilor Weldon would not oppose the meetings starting at 6:00 p.m. but not any earlier than that.

City Hall

Councilor Pardee suggested in an effort to reduce the cost of city operations and increase city revenue, the city should consider selling the valuable property on First Street where City Hall is located and relocate city hall offices to the property housing the public services department on Forest Avenue. Part of the revenue from the sale could be used to improve and remodel the public services buildings and the senior center which could also be used to conduct public meetings.

Vice Mayor Pruette stated if City Hall operations were moved to public services property the residents would not approve of the increased traffic on Forest Avenue. She also voiced concern regarding the slow real estate market.

Councilor Weldon agreed the idea deserved consideration. He objected to downgrading the city facility.

City Manager Jarboe stated he had thought about the possibility of sectioning off the office space in the public services building and building a new City Hall on the shooting range behind the building. He did agree that traffic would be a concern and suggested having a store front area located somewhere the commercial district where citizens could pay their utility bill.

Consensus: **STAFF TO FIND OUT THE POTENTIAL MARKET VALUE OF THE CITY HALL PROPERTY AND COST TO RELOCATE.**

For the Record Councilor Weldon stated for the record that he did hear a consensus of the Council to have staff find out the potential market value of the city hall property.

City Manager Jarboe stated the staff would report back to the Council on the issue.

Adjournment

There being no further business, the meeting adjourned at 8:20 pm.

Community Development Director Amanda Askew
Assistant Chief Anthony Carrillo
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith

Order Call/Pledge

Mayor Brown called the meeting to order at 6:00 p.m. and asked Vice Mayor Pruette to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS / NONE

APPROVAL OF MINUTES

Moved by Weldon, seconded by Pruette.

Vice Mayor Pruette asked to add on page two of the May 7th minutes, under disclosures, that she had also spoken to Michael Aston regarding the Aamco special exception.

Councilor Lee asked to amend the May 7th minutes to reflect that he spoken to Daryl Grubbs regarding Ordinance 2007-02, instead of Connie Grubbs.

Motion: **TO APPROVE THE FOLLOWING MINUTES AS AMENDED:**

MAY 7, 2007, WORKSHOP CITY COUNCIL MEETING
MAY 7, 2007, REGULAR CITY COUNCIL MEETING
MAY 21, 2007, WORKSHOP CITY COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee disclosed that he had spoken with Steven Carter and Steve Jarrett regarding the environmentally sensitive land ordinance.

Councilor Pardee stated he had spoken with Steven Carter regarding the environmentally sensitive land ordinance.

Vice Mayor Pruette stated she also spoke with Steven Carter.

Councilor Weldon stated he spoke with Steve Jarrett.

Mayor Brown disclosed he also spoke with Steve Jarrett regarding the environmentally sensitive land ordinance.

City Clerk Lisa Volpe stated the July regular meeting fell on Monday July 2nd. Due to the July 4th holiday, she asked if that would be convenient for Council. Councilor Weldon stated he would be out of town that week. Mayor Brown suggested changing the regular meeting to July 9, 2007.

Consensus: **TO HOLD THE JULY REGULAR MEETING ON JULY 9TH IN LIEU OF JULY 2ND.**

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The sump pump in Town Center did not work properly during the weekend storms and Town Center was flooded..
- There was also flooding on First Street due to the storm during high tide.
- Several development orders were being processed.
- The annual budget was also in process.

Councilor Lee asked City Manager Jarboe about the condition of the sod that was being replaced on the Third Street right-of-ways. City Manager Jarboe responded the Florida Department of Transportation (FDOT) was working on a drainage project on Third Street and had to remove the grass in the right-of-ways. Several complaints from citizens were received regarding the condition of the replacement sod. Director of Public Services Leon Smith met with a representative of FDOT regarding the condition of the replacement sod. However, the city had no control over the right-of-ways. FDOT also removed some irrigation systems that were placed in the right-of-way without their permission which they did not intend to replace.

PUBLIC COMMENTS / NONE

Mayor Brown recognized the boy scouts in the assembly and asked them each to come forward and introduce their selves. They were in attendance because they were learning communication skills.

CONSENT AGENDA

FLORIDA BOULEVARD LANDSCAPE PROJECT: Rejection of bid from Royal Construction for the Florida Boulevard Landscape Project.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE CONSENT AGENDA REJECTING THE BID FROM ROYAL CONSTRUCTION FOR THE FLORIDA BOULEVARD LANDSCAPE PROJECT.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIEDVARIANCES / NONEORDINANCES

Ord. No. 2007-02

ORDINANCE NO. 2007-02, AMENDING CHAPTER 27, ARTICLE IV, LAND USE, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-02 by title only and opened the public hearing.

John Henry David, 2035 Cherokee Drive, brought up some concerns regarding specific language and typographical errors within the ordinance.

Barbara Jackson, 2001 Cherokee Drive, favored Ordinance No. 2007-02 in order to protect Hopkins Creek.

Van Nostrand, 1641 Landing Lane, was concerned about dredging in Hopkins Creek.

Vice Mayor Pruette pointed out two typographical errors, which City Clerk Volpe corrected.

There being no further comments from the public, the public hearing was closed.

Councilor Weldon stated that upon adoption of the ordinance he would like for the moratorium to be canceled.

Councilor Lee asked Councilor Weldon when the ordinance would take effect. He suggested the ordinance take effect on Thursday, June 7, 2007.

City Manager Jarboe stated the ordinance would be effective upon the signature of the Mayor.

Councilor Pardee stated he opposed the ordinance because he felt it served no purpose.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE 2007-02 ON SECOND READ AND PUBLIC HEARING INCLUDING CANCELING THE 90 DAY MORTATORIUM ON DOCK CONSTRUCTION TO BE EFFECTIVE AS OF TONIGHT AND THE ORDINANCE ITSELF TO BECOME EFFECTIVE UPON THE SIGNATURE OF THE MAYOR.**

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

Ord. No. 2007-04

ORDINANCE NO. 2007-04, CONCURRENCY, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECTION 27-350, PROCEDURE

FOR APPLYING FOR AND ISSUING A CONCURRENCY CERTIFICATE AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-04 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2007-04 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-06 **ORDINANCE NO. 2007-06, AMENDING TABLE 27-229-1, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-229-1 CHANGING SIDE YARD SETBACK IN R-1 AND THE LOT SIZE FOR 35 FEET BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.**

Mayor Brown read Ordinance No. 2007-06 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Vice Mayor Pruette agreed to sponsor the ordinance.

Moved by Lee, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2007-06 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-07 **ORDINANCE NO. 2007-07, SHORT TERM RENTALS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE I, SECTION 27-15 DEFINITIONS, ADDING THE DEFINITION OF SHORT TERM RENTALS, AND AMENDING ARTICLE IV, LAND USE, SECTION 27-225(1) AND PROVIDING AN EFFECTIVE DATE.**

Mayor Brown read Ordinance No. 2007-07 by title only and opened the public hearing.

Steve Hould, 111 Walnut Street, favored the ordinance.

Dick Joyce, 1998 Strand, supported the ordinance.

Jeanell Wilson, 3090 South Third Street, All South Realty, opposed the ordinance because she felt that it infringed on the rights of private property owners.

There being no further comments from the public, the public hearing was closed.

For the Record City Manager Jarboe stated for the record that short term rentals were currently against the Neptune Beach Code of Ordinances because they were considered a commercial operation.

Councilor Pardee stated according to the minutes it had been two weeks since he had asked City Attorney White to define "short term rentals" in writing.

City Attorney White stated there was not a state definition of short term rentals. However, there were definitions for different types of facilities. What is in the ordinance would be considered as a "resort dwelling" which was defined as anything rented for periods of less than thirty days at least three times per year.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2007-07 ON SECOND READ AND PUBLIC HEARING.**

Noes: 1 – Pardee

MOTION CARRIED

OLD BUSINESS NONE

NEW BUSINESS

Res. No. 2007-05 **RESOLUTION NO. 2007-05: A RESOLUTION APPOINTING MEMBERS TO THE CODE ENFORCEMENT BOARD, AND THE BOARD OF APPEALS.**

Vice Mayor Pruette suggested forwarding Resolution No. 2007-05 to the June workshop meeting in order to review information provided in the agenda packet regarding board member absences.

Councilor Lee pointed out that several months ago Councilor Pardee suggested that the council spend more time reviewing the applications for board members.

Consensus: **TO FORWARD TO THE JUNE WORKSHOP MEETING.**

Surplus Equipment **SURPLUS EQUIPMENT:** Surplus of Public Services, Ford F-150, 4x4, serial number 1FTZF18W0WNB36824, estimated value of \$1,500.00.

Moved by Weldon, seconded by Lee.

Motion: **TO APPROVE THE SURPLUS OF THE VEHICLE.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Pardee publicly recognized Mr. John Mitchell, who recently passed away due to a heart attack. He had been a mechanical inspector for the City of Jacksonville for over twenty- four years.

Vice Mayor Pruette publicly thanked Community Development Director Amanda Askew for all of her efforts in providing information to the Council in the agenda packets.

City Manager Jarboe stated Community Development Director Amanda Askew would soon begin working on the Comprehensive Plan and the Evaluation Appraisal Report. This would

save the city money by not having to hire an outside professional.

Adjournment

There being no further business, the meeting adjourned at 6:50 p.m.

Richard A. Brown, Mayor

**MINUTES
WORKSHOP CITY COUNCIL MEETING
JUNE 18, 2007 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held June 18, 2007 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

STAFF:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Amanda Askew
Senior Activities Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Director of Public Safety David Sembach

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The solar power project was going to be dropped due lack of funding available.
- The sewer nitrogen removal was still being studied for the possible implementation of reuse.
- The information system was being worked on this week and hopefully will be up and running soon.
- The Kings Road Bridge project was having a pre-bid meeting on Thursday.
- Staff was monitoring the legislature to see what the budget would be like next year. It is projected to cut up to \$200,000 for next year's budget. The revenue projects will not be in until after July 1st. If the constitutional amendment passes it would have a dramatic effect on the budget of Oct. 2008.
- The roof and air conditioner on City Hall has been having a problem. The air conditioning unit will probably need to be replaced. Building Official Don Ford is looking into placing the unit behind the building instead of on top of it.

PUBLIC COMMENTS

Michael Aston, 1523 Summer Sands Dr., asked the council to support Mayor Wolfson of Atlantic Beach in his quest to stop or modify the Moody Condominium Project.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

Waste Pro

WASTE PRO USA, INC. – REQUEST FOR CONSUMER PRICE INDEX ADJUSTMENT: City Manager Jarboe explained it was a cost of living adjustment with the CPI. The contract allows for this as long as the contractor asks sixty days prior to the anniversary of the contract. Although they have given great service, they were late in their request. Director of Finance Steve Ramsey calculated it would be 49 cent per month increase to each residential customer. There is no money in the budget for this increase, therefore the rates would have to be changed in October to pass on the increase to the customers.

Discussion ensued about the increase. Vice Mayor Pruette suggested taking off side yard service which is not utilized by all customers to make up the difference for the increase in rate. She agreed the company does a good job but did not want to pass an increase on to the citizens. Councilor Lee stated it would be a six dollar per year increase.

Howard Burnett, Waste Pro of Florida, stated there was a delay in the request due to finding out the amount of the CPI. He felt the CPI increase was a part of the contract. Staff confirmed that the contract allowed for this increase unless there is a definite reason against it.

Council agreed the company was doing a great job and it would be difficult not to agree to a cost of living increase.

Consensus: **TO SEND THE ADJUSTMENT TO THE JULY 9TH REGULAR MEETING AGENDA.**

T-Mobile

T – MOBILE SOUTH, LLC, WATER TANK LEASE AGREEMENT: City Manager Jarboe stated this would allow T-Mobile to place an antenna on the water tower and the city would collect \$20,000 per year.

Council discussed other possible locations for antennas and asked staff to make suggestions.

Consensus: **TO SEND THE LEASE AGREEMENT TO THE JULY 9TH REGULAR MEETING CONSENT AGENDA.**

ISSUE DEVELOPMENT

2020 Seagate Ave.

BUILDING PERMIT APPLICATION FOR DOCK – 2020 SEAGATE AVENUE – MR. STEVE JARRETT: City Manager Jarboe stated this was an application for a dock.

Consensus: **TO SEND THE BUILDING PERMIT APPLICATION TO THE JULY 9TH REGULAR MEETING CONSENT AGENDA.**

241 Atlantic Blvd.

DEVELOPMENT ORDER – 241 ATLANTIC BOULEVARD – SOUTHCOST BEACH, LLC: City Manager Jarboe stated it was a 13,804 square feet building that would be built where the Neptune Mall is now. It included parking but the development order would state that there would be no restaurants allowed. He introduced Bill Ebert, architect for the project. Vice Mayor Pruette declared she had spoken with Mr. Ebert earlier in the day. Mayor Brown stated the project was delayed from last year when it decided to wait until after the Wal-Mart development.

Mr. Ebert explained some of the differences in the old plan and a slightly improved plan. The new plan was smaller building and the parking was reconfigured to add some spaces. He stated, after speaking with Vice Mayor Pruette, he added two parallel

parking spaces on Second Street. City Manager Jarboe stated two of the spaces in the lot are on city property and would not be counted as spaces toward the project.

Council discussed the flow through area between the two parking lots and whether the benefit outweighed losing four parking spaces. Also motorcycle spaces were suggested.

Councilor Pardee had concerns about the balconies over city property and the drainage off of them. Mr. Ebert stated it would only be offices. City Manager Jarboe stated the owner would have to hold the city harmless and have insurance for the city's liability. He said this would be in the development order and would have to be abided by to allow for the building. Mr. Jarboe also recommended the drainage be a part of the development order.

Councilor Lee asked if the parking lot would be open at night for area restaurants. Mr. Ebert stated he was not sure but since it was all owned by the same person, more than likely it would be open.

City Manager Jarboe stated the ratio between office and retail, if it were to intensify, would have to go through the development order process.

Councilor Weldon suggested trying to bury the dumpsters. Councilor Pardee asked if Chief Sembach had any concerns. Chief Sembach stated he will meet with Mr. Ebert and Community Development Director Askew to discuss his concerns about parking.

Consensus: **NO ACTION WAS NECESSARY. THE DEVELOPMENT ORDER NEEDED TO GO BACK TO THE PLANNING AND DEVELOPMENT REVIEW BOARD FOR THE VARIANCES.**

Retirement Plan

RESOLUTION NO. 2007-XX: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE CITY'S RETIREMENT PLAN SECTION 410 MONEY PURCHASE PLAN ICMA-RC PLAN #10 9246 AND SECTION 457 DEFERRED COMPENSATION PLAN ICMA-RC PLAN #30 3545 TO ALLOW PARTICIPANTS TO TAKE LOANS FROM THE PLAN.

City Manager Jarboe explained this would allow employees to borrow from their retirement and repay themselves with interest within five years. Payment would come directly out of their paycheck.

Consensus: **TO SEND THE RESOLUTION TO THE JULY 9TH REGULAR MEETING CONSENT AGENDA.**

Boards

DISCUSSION OF CITY BOARDS: City Clerk Lisa Volpe made recommendations to help with attendance and budget concerns. 1. To shift the board meetings to the day beginning at 3 or 4 pm. A lot of members do not work but the city would lose some current members. St John's County, St. Augustine, St. Augustine Beach and Jacksonville have day meetings. 2. To combine the Board of Appeals and the Planning and Development Review Board. This would eliminate the amount of board members needed. The boards have essentially the same function. 3. To have a magistrate instead of the Code Enforcement Board. This would cost money for the magistrate but it would eliminate the need for a board.

Councilor Weldon stated he was opposed to having meetings during the day since the public would not be able to come to meetings.

Vice Mayor Pruette commented that if people were interested they would find a way to go to meetings. She felt that with pending budget cuts saving money should be the first priority.

Mayor Brown felt the ideas should first be explored before a final decision was made.

Councilor Lee felt day meetings depended on the cost savings. He also suggested that the chairs poll their boards to see if they were interested in participating, otherwise to allow someone else the chance to be on the board. He also suggested that the chairs could evaluate the members before reappointments were made.

Councilor Pardee thanked the City Clerk for coming up with cost saving ideas. He liked the idea of starting meetings at 4 pm and giving employees flex time. City Manager Jarboe stated the union contracts would have to be changed. Councilor Pardee felt the council should take the responsibility to follow the code and be sure people attend meetings. He did not want the chairs to have the responsibility to evaluate the members.

Mayor Brown asked Finance Director to research how much overtime is spent.

Council discussed the mayor writing a letter to the board members about attendance.

Councilor Weldon did not think it was a good idea to combine the Board of Appeals and the Planning and Development Review Board. He felt the functions were different. He did suggest cutting the number of members to five instead of seven. He liked the idea of having a Code Enforcement magistrate to allow for more consistent enforcement of the ordinances.

The cost and the possibility of a pro bono attorney being a magistrate were discussed.

Council discussed the budget and how cost savings needed to be prioritized.

Mayor Brown stated the council needed more information including overtime cost and amount of times lack of quorum was an issue.

Consensus: **TO MOVE THE RESOLUTION FOR REAPPOINTMENT TO THE JULY REGULAR MEETING AND TO PLACE DISCUSSION OF BOARDS ON THE JULY WORKSHOP. FOR THE MAYOR TO WRITE A LETTER TO THE BOARD MEMBERS REGARDING THE ABSENTEE LEVEL AND OTHER IDEAS**

FL. Blvd. Landscape **FLORIDA BOULEVARD LANDSCAPING PROJECT:** City Manager Jarboe asked for this item to be deferred until the next workshop so that he could hear back from Jacksonville City Councilman Art Graham's office about the funding.

Consensus: **TO DEFER TO THE JULY WORKSHOP.**

Adjournment There being no further business, the meeting adjourned at 8:00 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette questioned if the trees in the Atlantic Boulevard median would have to be removed in order for the new turn lane for Wal-Mart to be installed.

Vice Mayor Pruette thanked Carl Hashey for the construction of the handicap walkover on Hopkins Street. She recommended the walkover be dedicated to the late Jill Bronner.

Councilor Pardee disclosed he had spoken with Daryl Grubbs, Steven Carter and Steve Jarrett in regards to the dock ordinance.

Councilor Lee disclosed he had also spoken with Daryl Grubbs, Steven Carter and Steve Jarrett regarding the dock ordinance.

Vice Mayor Pruette disclosed she had spoken with Steven Carter, Bob Cooper, Jimmy Gilbert, and Steve Jarrett regarding the dock ordinance. She spoke with Darrell Grubbs regarding the R-1 setback ordinance. She spoke with Rosemary Naughton and Christine Chin regarding the short term rental ordinance. She spoke with Alison Forsyth regarding the Aqua East Surf Shop development order. She spoke with Daryl Grubbs regarding the Seafood Galore special exception. She spoke with Steve Jarrett and Daryl Grubbs regarding the Seagate Shores final plat and final development order. She spoke with Terry Bagby, Owen McCuller, Daryl Grubbs, Michael Aston and Ron Davis regarding the Aamco special exception and development order.

Councilor Weldon disclosed he spoke with Mr. Steve Jarrett regarding the Seagate Shores development.

Mayor Brown disclosed he spoke with Steve Jarrett and Daryl Grubbs regarding the Seagate Shores development.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The Florida Legislator will be holding a special session in June regarding property tax reform. Meanwhile, the city has placed a moratorium on any non budgeted items, expenditures, travel, renewal of subscriptions, organizational memberships, hiring, and filling vacant positions. He hoped to place the money that budgeted for these items for this year into the reserve fund for next year. When the special session is completed on June 22, 2007 the city should know how it will be affected. The budget process will hence be delayed approximately five weeks. Labor negotiations for the three year union contracts are also due this

- year.
- The City of Jacksonville Council members would be meeting with the Atlantic Beach Council members regarding the proposed Moody Condominium development proposed for the west side of the intracoastal. Neptune Beach council members are also invited to attend if interested.
- All beach walkovers should be completed in approximately one week.
- The city was still in the running for grant money to use toward the state mandated nitrogen removal.

Councilor Lee questioned if City Manager Jarboe had met with the Department of Transportation regarding lights and intersections along Atlantic Boulevard. City Manager Jarboe responded he was still corresponding with the DOT.

City Clerk Lisa Volpe asked council members to contact her if they were interested in attending the Florida League of Cities monthly dinner. The dinner would be hosted by the three beach cities on May 17, 2007 at the Casa Marina. Reservations were required before May 11, 2007 and the cost was \$25.00 per person.

PUBLIC COMMENTS

Pat Hazori, 207 Florida Boulevard, requested the city designate four streets as pedestrian corridors.

Michael Aston, 1523 Summer Sands Drive, opposed the development order for Aamco and favored the dock ordinance.

Daryl Grubbs, 1919 Nightfall Drive, suggested changing the side yard setback to 12 feet or 10% of the total lot width in Ordinance No. 2007-06

Bill Green, 106 Bay Street, was concerned about a construction site at the Bay Street beach access.

Leslie Karlin, 1506 Spindrift Circle, felt the rear doors to the city hall building should be unlocked during council meetings. She also felt the streets should be better maintained.

Mayor Brown called a recess at 7:40 p.m. and reconvened the meeting at 7:50 p.m.

CONSENT AGENDA

LEWIS, LONGMAN AND WALKER, P.A.: To not pay the additional fees to Lewis, Longman, & Walker, P.A.

Moved by Pruette, seconded by Weldon.

ORDINANCE NO. 2007-02, AMENDING CHAPTER 27, ARTICLE IV, LAND USE, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF

NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Ordinance could not be voted on until after it went to the Planning and Development Review Board.

Moved by Weldon, seconded by Pruette.

Motion: **TO IMPOSE A 90 DAY MORATORIUM ON ALL DOCK CONSTRUCTION IN THE CITY OF NEPTUNE BEACH WHILE THE CITY COUNCIL DEBATES FINAL PASSAGE OF THE ENVIRONMENTAL SENSITIVE LANDS ORDINANCE AND MAKES APPROPRIATE ADJUSTMENTS TO THE TABLE OF PERMISSIBLE USES.**

For the Record Councilor Pardee reiterated for the record he felt the way the ordinance was written was illegal and needed to be rewritten before forwarding to the Planning & Development Review Board.

Mayor Brown stated the Council needed to get an opinion from City Attorney White.

For the Record Vice Mayor Pruette stated for the record she would like for City Attorney White to give Council a written legal opinion on the issues raised in reference to the Ordinance.

For the Record Councilor Lee stated for the record he would like for City Attorney White to give an opinion on the permissible use table.

Roll Call Vote:

Ayes: 3 – Lee, Pruette, Weldon

Noes: 2 – Pardee, Brown

MOTION CARRIED

Ord. No. 2007-04 **ORDINANCE NO. 2007-04, CONCURRENCY, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECTION 27-350, PROCEDURE FOR APPLYING FOR AND ISSUING A CONCURRENCY CERTIFICATE AND PROVIDING AN EFFECTIVE DATE.**

Consensus: **FORWARD TO THE PLANNING AND DEVELOPMENT REVIEW BOARD IN MAY AND THE JUNE REGULAR CITY COUNCIL MEETING FOR SECOND READ.**

Ord. No. 2007-05 **ORDINANCE NO. 2007-05, PER DIEM, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2 ADMINISTRATION BY AMENDING SECTION 2-355 SUBSISTENCE AND PROVIDING AN EFFECTIVE DATE.**

Mayor Brown stated it was suggested that Ordinance No. 2007-05 be deferred due to the expected legislative actions to reform property taxes and the moratorium on all travel.

Councilor Weldon stated employees were entitled to reasonable compensation for daily service rates while traveling on business. Whether or not the budget allowed employee travel was another question. He felt the Council should go ahead and vote on the ordinance.

Mayor Brown read Ordinance No. 2007-05 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Lee.

Motion: **TO ADOPT ORDINANCE NO. 2007-05 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-06

ORDINANCE NO. 2007-06, AMENDING TABLE 27-229-1, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-229-1 CHANGING SIDE YARD SETBACK IN R-1 AND THE LOT SIZE FOR 35 FEET BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.

Community Development Director Amanda Askew stated the Planning & Development Review Board recommended increasing the minimum side yard setback to 12 feet in order to keep the houses further apart. The current regulations allowed 10% of the lot width with a minimum of 7 feet. The proposed change was to increase the minimum side yard setback to 12 feet.

Councilor Lee stated he spoke with Mr. Darrell Grubbs and Mr. Steve Jarrett who suggested reducing the side yard setbacks from 12 feet to 10 feet.

Mrs. Askew recommended keeping the current minimum standard of 10% of the lot width.

Mayor Brown was concerned the current side yard setbacks were based on the dense area east of Third Street and the lots were much larger west of Third Street.

Councilor Weldon stated the lots in question were on the marsh and the developers would like to build as large of a house as possible. He was concerned the houses would be too close to one another.

Councilor Lee asked if the Council could hear from the developers.

Mr. Steve Jarrett suggested leaving the side yard setbacks at 10%, which would allow 20 feet between structures.

Mr. Darrell Grubbs was concerned triangular shaped lots would be at a disadvantage. He suggested the 10% with a maximum of 10 feet and a minimum of 7 feet in an effort to benefit triangular shape lots.

Councilor Weldon stated that would allow for a 7 feet on one property and 7 feet on the property next door for a total of only 14 feet between houses. Mr. Grubbs felt 14 feet between houses was appropriate for the smaller lots.

Councilor Weldon explained it was up to the developer to carve up potential plats in order to sell individual lots. If the developer chose to plat a triangle shaped lot to sell, then the developer has to accept the limitation that comes with the setback of such lot.

City Manager Jarboe recommended sending the proposed ordinance back to a workshop meeting.

Councilor Weldon stated he modified the language in the second portion of the proposed ordinance to better define paragraph five on page two. He asked Mrs. Askew to read the paragraph. Mrs. Askew read the following: For lots in the R-1 zoning district that have a minimum lot size of 12,000 square feet and a 100 feet lot width as measured at the

building line parallel to the front face of the house and perpendicular to the primary side yard. 35 feet of the maximum building height will be permitted so as long as the primary roof structure is built at a minimum 5/12 roof pitch and not to exceed two stories of living area.

Moved by Weldon, seconded by Lee.

Motion: **TO PASS ORDINANCE NO. 2007-06 AS AMENDED WITH 10' SIDE YARD SETBACKS ON FIRST READ AND FORWARD TO THE MAY WORKSHOP.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2007-07

ORDINANCE NO. 2007-07, SHORT TERM RENTALS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE I, SECTION 27-15 DEFINITIONS, ADDING THE DEFINITION OF SHORT TERM RENTALS, AND AMENDING ARTICLE IV, LAND USE, SECTION 27-225(1) AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated the ordinance was primarily directed at the residential area east of Third Street. He had been contacted from residents concerned about short term rentals of townhouses and cottages on the oceanfront. The problem was landlords were violating the law because they were using residential property for commercial use.

Mayor Brown stated this would eliminate the one week rentals and spring break party renters.

Councilor Pardee felt an ordinance was not necessary and the problem could be solved by enforcing the noise and parking ordinances.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2007-07 ON FIRST READ FORWARD TO MAY WORKSHOP.**

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

OLD BUSINESS NONE

NEW BUSINESS

PDRB07-01
696 Atlantic Blvd.
Aqua East

PDRB07-01, DEVELOPMENT ORDER FOR AQUA EAST SURF SHOP, 696 ATLANTIC BOULEVARD, MS. SHAUNA FORSYTH MOORE: The applicant is proposing a one-story, 10,663 square foot addition to an existing retail building. The new addition is on the eastern side of the existing building towards the rear of the property. The existing landscape and sidewalks will not be changed and minor modifications will be made to the parking lot.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR AQUA EAST SURF SHOP, 696 ATLANTIC BOULEVARD.**

Councilor Weldon suggested amending the motion to approve to be contingent on approval of the stormwater runoff provisions as submitted in the application. The application was based on the ability to use the drainage pipe on the new Wal-Mart building site. City Manager Jarboe felt this did not need to be in the motion because they could not obtain a building permit without approval from St. Johns River Water Management District.

A representative for Aqua East stated he had spoke with the Wal-Mart representatives, lawyers, and engineers and they agreed on both the drainage easement and the parking easement. The sidewalks have also been changed from impervious concrete to pervious pavers.

MOTION CARRIED

PDRB07-02
1589 Atlantic Blvd.
Seafood Galore

PDRB07-02, SPECIAL EXCEPTION FOR SEAFOOD GALORE / TRADEWINDS PLAZA, 1589 ATLANTIC BOULEVARD, MR. GREGORY COVIELLO: The applicant is proposing to add outdoor seating on the sidewalk between the building and parking lot and not on public property. The proposed outdoor seating area will have three (3) to five (5) tables in a ten (10) feet wide by six (6) feet deep area, leaving 3.9 feet of sidewalk between the tables and the parking lot.

Mr. Gregory Coviello, owner of Seafood Galore explained they wanted to place a few tables on the sidewalk for outdoor dining. The restaurant closed at 9:00 p.m. during the week and 10:00 p.m. on the weekends. There would be no live music and parking was not an issue.

City Manager Jarboe suggested adding the following special conditions as recommended by the Planning & Development Review Board: 1) no more than four tables, 2) close at 9:00 p.m. during the week and 10:00 p.m. on the weekend, 3) sidewalk is 9.5 feet wide with tables using 6 feet, 4) no live music, and 5) meeting handicap accessibility guidelines.

Councilor Weldon questioned if the outdoor dining area would be smoking or non-smoking. Mr. Coviello responded it would be a smoking area.

Moved by Pardee, seconded by Pruette.

Motion: TO APPROVE SPECIAL EXCEPTION FOR SEAFOOD GALORE / TRADEWINDS PLAZA, 1589 ATLANTIC BOULEVARD WITH THE FOLLOWING SPECIAL CONDITIONS: 1) NO MORE THAN FOUR TABLES, 2) CLOSE AT 9:00 P.M. DURING THE WEEK AND 10:00 P.M. ON THE WEEKEND, 3) SIDEWALK IS 9.5 FEET WIDE WITH TABLES USING 6 FEET, 4) NO LIVE MUSIC, AND 5) MEETING HANDICAP ACCESSIBILITY GUIDELINES.

MOTION CARRIED

PDRB07-03
Seagate Shores
Steve Jarrett

PDRB07-03, DEVELOPMENT ORDER FOR SEAGATE SHORES SUBDIVISION, MR. STEVE JARRETT: Development order for the proposed Seagate Shores Subdivision as submitted by Mr. Steve Jarrett.

Councilor Weldon questioned if the street end would be preserved for public access. He did not have a problem with the development as long as conditions were included that the street end would be preserved and any landscaping done within the street end would be approved by the city.

Mr. Jarrett replied that the cul-de-sac would extend out as a street bending around the oak tree. There would be driveway off the street end immediately perpendicular so that it would look like a driveway coming off the street. The homeowners association would install and maintain the landscaping within the cul-de-sac with approval from the city. The association would also install a sprinkler system for irrigation.

For the Record Councilor Weldon asked that the record show that Mr. Jarrett has agreed to the original curved street end coming off of the cul-de-sac with two driveways perpendicular to the extended street end and no other curb cuts or driveways coming off of that extension and to the landscaping of the area by the homeowners association but with approval of the city.

For the Record Vice Mayor Pruette stated for the record that the public right of way would in no way appear as private property and would be open to the public.

Moved by Pardee, seconded by Lee.

Motion: **TO APPROVE FINAL DEVELOPMENT ORDER AND FINAL PLAT FOR SEAGATE SHORES SUBDIVISION WITH THE STIPULATIONS THAT COUNCILOR WELDON STATED FOR THE RECORD.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

PDRB07-04
Aamco
2100 Florida Blvd.

PDRB07-04, SPECIAL EXCEPTION FOR AAMCO, 2100 FLORIDA BOULEVARD, LLC, MR. OWEN MCCULLER, ESQ.: The applicant is requesting a special exception to allow the use of a motor vehicle service by special exception in the C-2 zoning district at 2100 Florida Boulevard.

Mr. Mack McCuller, representative for Mr. Terry Bagby, AAMCO, 2100 Florida Boulevard, LLC, stated the city recently adopted an ordinance allowing motor vehicle service in the C-2 zoning district. He explained the applicant was willing to agree to the following conditions:

1. No outside storage of junk or inoperable vehicles not under active repair.
2. On open bay/garage doors providing access to work areas, facing an adjoining residential zoning district on the non street frontages.
3. An opaque fence or wall, providing a minimum opacity of 85%, at least 6 feet in height enclosing the rear yard.
4. Visual landscape screen along the street frontage adjacent to the parking areas at least 3 feet in height, providing minimum opacity of 85%.
5. Hours of operation shall be limited between 7:00 a.m. to 8:00 p.m.
6. Exterior lighting shall be shielded or recessed so as to limit impacts to adjacent properties.
7. Used oil and other regulated substances shall be stored properly within enclosed structures, except as may be otherwise required by law for public health and safety.
8. Trash receptacles, dumpster and above-ground tanks and containers shall be screened from view by fencing or landscaping or otherwise not visible from ground

- level on adjacent properties or streets, except as otherwise required by law for public health and safety.
9. Reduce the signage to an 8 feet monument sign with a 50 square foot maximum sign space.
 10. Conduct all activities in the enclosed building
 11. Paving of Kings Circle from Florida Boulevard to the end of his property on both sides of the road at his cost.

Mr. McCuller explained Mr. Bagby paid \$400,000 for the 60 feet by 130 feet private property that he wished to improve. The building was 3,360 square feet leaving no room to provide for the required parking spaces. However, their application does meet the required 11 parking spaces because they could park cars inside the building. Mr. Bagby has also made an arrangement with Auto Store Towing in Atlantic Beach to store overflow vehicles off site.

Mr. McCuller felt the application met the code requirements and he went over the following standards:

- The proposed use was consistent with the comprehensive plan.
- The proposed use would be compatible with the general character of the area considering density, design, scale, location, orientation of existing permissible structures.
- The commercial use would not have a detrimental affect of other commercial uses under the comprehensive plan.
- The proposed use would not overburden existing public services. It would not impact the traffic.
- The proposed use meets all of the requirements as provided elsewhere in the code.

Councilor Pardee was concerned about noise and employee parking conditions. Mr. McCuller explained Mr. Bagby was trying to acquire additional neighboring property for parking.

Councilor Weldon was concerned about vehicles parking on a large concrete apron abutting the bike and pedestrian path on the western side of the property. He questioned how they would prevent vehicles from blocking the bike path. Mr. Bagby stated he would remove the concrete apron if it was a condition for approval.

Vice Mayor Pruette also felt parking was a problem.

Mr. McCuller recognized the parking concern but explained no other business would be able to park cars inside the building. He felt the Aamco would be an improvement to the neighborhood.

For the Record City Manager Jarboe stated the business did not meet parking requirements because of the interior parking. He stated the indoor parking spaces could be counted as required parking spaces.

Moved by Weldon, seconded by Pruette.

Motion: **TO DENY AND SUPPORT THE PLANNING & DEVELOPMENT REVIEW BOARD IN THEIR DENIAL OF PDRB07-04 SPECIAL EXCEPTION.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

PDRB07-05 PDRB07-05, DEVELOPMENT ORDER FOR AAMCO, 2100 FLORIDA BOULEVARD, LLC, MR. OWEN MCCULLER, ESQ.: Development order for a motor vehicle service located at 2100 Florida Boulevard.

Consensus: **DUE TO THE DENIAL OF THE SPECIAL EXCEPTION THE DEVELOPMENT ORDER WAS NOT VOTED ON.**

Sign Ord. Temporary waiver of the sign ordinance to allow TPC – Tournament Players Championship – flags to be placed on light poles.

Councilor Weldon was concerned about setting a precedent for other event planners.

Consensus: **TO NOT PLACE TPC FLAGS ON LIGHT POLES.**

Vice Mayor Pruette suggested that the Planning & Development Review Board put all stipulations for approval of development into their motion.

Councilor Lee instructed City Manager Jarboe to handle the situation of basketball courts and parking in street end city right-of-ways.

Councilor Pardee stated Community Development Director Amanda Askew was currently putting together a map of the city's major intersections to work with the City of Jacksonville's pectrometry program. This would be able to identify and locate GPS coordinates and parcels in the event of a disaster. The city would incur no expenses other than perhaps printing.

Councilor Pardee stated he had a video recording of a Bard Owl eating a snake in his yard. City Clerk Lisa Volpe stated she would try putting the video on the city website.

Adjournment There being no further business, the meeting adjourned at 9:45 p.m.

ABSENT:

City Attorney Chris White

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PROPOSED ORDINANCES

Ord. No. 2007-02

ORDINANCE NO. 2007-02, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon explained the ordinance had been revised to include all of the recommended changes from the April workshop. He added the second reading of the ordinance would be delayed because staff did not route it through the Planning & Development Review Board in April. Due to the delay he would like to encourage a majority of the council to impose a ninety (90) day moratorium on dock construction until the code could be updated.

Councilor Lee stated he was happy with the revised ordinance. However, he would like to take more time to review a revised version of the ordinance that was written and submitted by developer Steve Jarrett and received by the Council late Friday.

Councilor Weldon explained the additional information received came directly from the developer of Seagate Shores and asked Council to consider the source.

Councilor Pardee felt the proposed ordinance was not legally written in accordance with Section 2-46(b)(4) of the Code, because it introduced too many subjects. He asked City

Manager Jarboe to read Section 2-46(b)(4).

City Manager Jarboe read Section 2-46(b)(4) aloud for the assembly. "No ordinance shall relate to more than one (1) subject, which shall be clearly expressed in its title, and no ordinance or section thereof shall be amended or repealed unless the new ordinance contains the title of the ordinance or section amended or repealed, and when practicable all ordinances shall be introduced as amendments to existing ordinances or sections thereof."

Councilor Pardee stated the subjects relating to the ordinance included: new structures, additions, fences and walls, other developments, building permits, dredging, dock construction, sale or lease of lots, lighting fixtures, runoff water, storm water runoff, onsite retention, tree root systems, buffer zones for wetlands, water views, grading lots onto adjoining lots, retaining walls, defining boathouse lots, and minimum lot widths. He suggested sending the ordinance to the Planning & Development Review Board and also to adjust the ordinance to deal with one subject at a time.

Vice Mayor Pruette felt the Planning & Development Review Board should make a recommendation to the council before the next workshop. She also felt due to the many changes that a brand new ordinance would be necessary.

City Clerk Lisa Volpe explained the title of the ordinance could have been amended in order to be placed in the environmental protection article of the code. However, she spoke with Councilor Weldon, the sponsor of the bill, who wished to leave it in the Land Use Article. A separate ordinance for the permissible use and setback tables would be introduced at a future date.

Councilor Lee requested an opinion from City Attorney White advising whether or not a dock was considered an auxiliary building.

For the Record Vice Mayor Pruette stated for the record that the city did need an ordinance in reference to the protection of Hopkins Creek and she did support Council coming up with something. But it did need to go before the Planning & Development Review Board for recommendation.

Councilor Weldon voiced concern regarding the Seagate Shores Subdivision and the possibility of applications for dock permits being submitted before the ordinance was adopted. This is the purpose of imposing the 90 day moratorium.

Mayor Brown voiced concern regarding property owners with existing docks not being aware of some of the restrictions within the ordinance that may pertain to them.

Mayor Brown suggested allowing the public to speak on the issue.

PUBLIC COMMENTS

Steven Carter, 1723 Indian Woods Drive, felt the ordinance was too restrictive and was concerned about how it would affect his property with an existing dock.

Susan Bollenbaugh, 2022 Shadow Lane, favored the 90 day moratorium on dock construction and encouraged Council to move forward with the ordinance.

John Jolly, 2034 Shadow Lane, felt there should be some local control over dock construction. He also supported the ordinance and the 90 day moratorium.

Darrell Grubbs, 1919 Nightfall Drive, felt there were enough regulations from St. Johns River Water Management, the Department of Environmental Protection, and the Army Corp of Engineers. He was in opposition of the 90 day moratorium on dock construction.

Steve Jarrett, 500 Oceanfront, felt the St. Johns River Water Management District and the Department of Environmental Protection did a good enough job regulating dock construction. He also opposed the 90 day moratorium on dock construction.

Barbara Jackson, 2001 Cherokee Drive, favored the ordinance and the 90 day moratorium on dock construction.

For the Record Councilor Pardee stated for the record according to Section 2-46(b)(4) he would like to protest the way the ordinance is written because it does not comply with section 2-46-(b)(4). It deals with more than one subject. It needs to be rewritten dealing with a specific subject according to our Code before it goes to the Planning & Development Review Board or before Council again.

Mayor Brown announced City Attorney White was recovering from surgery and could not be present for the meeting tonight.

Councilor Weldon stated if a moratorium was not imposed the council has given up the beauty of the Hopkins Creek Estuary and the attempt to protect that area. He felt the large number of docks with boathouses on the west side of the Kings Road Bridge would fundamentally change the beauty of the area and dramatically impact the environmental sensitivity of an area which the council has designated a conservation area.

Vice Mayor Pruette was concerned with some of the restrictions within the ordinance and the possibility of a lawsuit.

Councilor Weldon encouraged discussion of all aspects of the ordinance and reiterated the necessity of the 90 day moratorium in order to conduct further discussion.

City Manager Jarboe stated City Attorney White advised him during a telephone conversation that Council could impose a moratorium on dock construction, for a reasonable amount of time, defined as the amount of time it would take to adopt an ordinance.

Councilor Pardee felt the ordinance singled out a specific developer and he was concerned about a future lawsuit.

City Manager Jarboe asked the Council to specify what formal opinions they wanted from City Attorney White.

Councilor Lee requested a formal opinion on whether or not a dock was considered an auxiliary building and if docks should be included on the table of uses.

Vice Mayor Pruette requested a formal opinion on whether or not a moratorium was legal considering an application for construction of a dock was submitted to the building department on Friday. However, the building department did not accept the application because it was not complete.

Consensus: **TO VOTE AT THE REGULAR MEETING TO IMPOSE A 90 DAY OR LESS MORATORIUM ON DOCK CONSTRUCTION UNTIL SUCH TIME AS COUNCIL CAN RESOLVE THE LINGERING QUESTIONS ABOUT THE EXISTING PROPOSAL.**

Adjournment

There being no further business, the meeting adjourned at 7:00 pm.

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGER'S ACTION LIST

City Manager Jarboe reported on the following:

- The city was continuing to look for options for nitrogen removal.
- The state legislative conference committee would be meeting this week.
- A mandatory meeting with Beaches Energy will be required for all contractors that wish to bid on the Kings Road Bridge Project. The meeting will be held on July 10th.
- The Dancin' in the Street event, which was held Saturday, May 19, 2007, brought in a large crowd and funding for the Town Center Agency.
- The budget process will be delayed for six weeks due to pending legislation.

PUBLIC COMMENTS

Steve Jarrett, 500 Ocean Front, felt the state did a good job regulating boat docks and this ordinance would be a burden on city staff.

Stephen Carter, 1723 Indian Woods Drive, was concerned about how the ordinance would effect his existing dock.

Letty Jolly, 2034 Shadow Lane, did not want her view of the marsh to be destroyed by boat docks and boathouses.

Steve Hould, 111 Walnut Street, favored the short term rental ordinance.

Warren Anderson, 207 Walnut Street, showed a power point presentation on how docks and boathouses would effect the view of Hopkins Creek.

Scott Adeeb, 1507 Kings Road, favored placing speed humps on Kings Road and Indian Woods Drive.

Marc Dillon, 1550 Kings Road, felt a speed hump should be placed north of the Kings Road bridge.

PROPOSED ORDINANCES

Ord. No. 2007-02

ORDINANCE NO. 2007-02, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Lee stated in an effort to find some reasonable compromise for the environmental protection ordinance he submitted two separate revised ordinance proposals which were in the agenda packet for council consideration.

Vice Mayor Pruette voiced concern regarding the size of docks and if they were considered accessory structures. According to the code, accessory structures could not be larger than 160 square feet. She questioned if docks would need to be added to the Table of Permissible Uses.

City Attorney White stated if docks were to be considered as accessory structures Section 27-328 would have to be amended.

City Manager Jarboe stated since docks were going to be allowed up to 1,000 square feet they would need to be separate from accessory structures.

City Attorney White explained the ordinance would have to state Section 27-328 would not apply to docks. Docks would be exempted from accessory structure size limitations because they are outlined in a separate section of the code.

Consensus: **TO INSERT LANGUAGE WITHIN THE DOCK ORDINANCE THAT WOULD EXEMPT IT FROM BEING TREATED AS AN ACCESSORY STRUCTURE.**

Councilor Weldon stated he designed the original ordinance to protect the environmentally sensitive lands represented by the Hopkins Creek Estuary. He was concerned the options proposed by Councilor Lee only regulated docks. The issue was whether the city wanted large sport fishing boats and large docks at the entrance to Hopkins Creek where it joins the intracoastal waterway. He added, if that was what the Council wanted, he would withdraw his proposal and vote on one of Councilor Lee's proposals.

Councilor Lee replied the only changes in the second proposal were regarding boat storages and shelters, increasing the terminal platform size from 200 square feet to 240 square feet, and increasing the width of the access walkway from 4 feet to 5 feet.

Mayor Brown was concerned the public was not aware of the impact the ordinance would have on existing docks. He felt it may be necessary to introduce a separate ordinance that was simple and straight forward.

Councilor Lee stated he was willing to concede on the 4 feet access walkway but the issue of boat shelters needed to be addressed.

Councilor Weldon stated the ordinance would allow boat shelters but it would be incumbent upon the property owner how they wanted to use the dock platform square feet allowance.

Councilor Pardee stated he preferred option one of Councilor Lee's proposed ordinances because it addressed only one issue.

Councilor Weldon stated he would be willing to change the language related to the stormwater runoff. But he felt the issues of buffer zones and fences were important. He also agreed to eliminate section (d) Other structures on intracoastal, lake front, marsh front, canal front or stream front lots, (1) through (5) if the council agreed to go back to the 200 square feet in size and 4 feet wide access walkway.

Mayor Brown felt strongly that section (d) needed to be deleted.

Council agreed on the following changes and amendments:

- Change the word ~~new structure~~ to dock throughout the entire ordinance.
- Section 1(a) Purpose and Intent. No changes
- Section 1(b) Site Plan. Any new ~~structure~~ dock addition to any existing ~~structure~~ dock, fence of wall or significant change of an existing property on an Intracoastal, lake front, marsh front, canal front, or stream front lot until a satisfactory site plan therefore is reviewed and approved. ~~The requirements of this section are minimum requirements, and the Building and Planning Department may impose more restrictive requirements and conditions on the height, bulk, locations and any other aspect of the proposed development where necessary in order to accomplish the purpose and intent of the section.~~
- Section 1(c)(1) Docks. A building permit is required and all construction will adhere to Florida Building Code. Construction plans for docks shall be submitted for development review. All docks facilities are subject to and shall comply with all federal and state requirements and permits, including but not limited to the requirements and permits of the Florida Department of Environmental Protection, the U.S. Army Corps of Engineers and the U. S. Environmental Protection Agency. Permits shall be issued contingent upon receipt and conformation of require federal and state approvals.
- Section 1(c)(2) No changes
- Section 1(c)(3) No changes
- Section 1(c)(4) The access walkway of docks shall be a maximum of ~~five (5)~~ , four (4) feet in width. The terminal platform of docks shall be a maximum of ~~460~~ 200 square feet. Boards used to construct the surface of the dock shall not exceed eight (8) inches in width and shall be spaced at least ½" apart.
- Section 1(c)(5) No changes
- Section 1(c)(6) Only one dock is permitted per platted lot with no more than one dock allowed per single family home. ~~Community docks which serve multiple lots and homes are encouraged and may be granted exception to the size limits specified in this ordinance on a case by case basis.~~
- Section 1(c)(7) No Changes
- Section 1(c)(8) No Changes
- Add Section 1(c)(9) Boat Storage includes the area to store a boat and the necessary ramp/walkway to access boat if applicable. The total area calculation

for a dock includes the boat storage, ramp/walkway and any portions of the roof that hangs over the water beyond the dock platform.

- Add Section 1(c)(10) Boat Storage mechanisms can be ride on ramp, vertical wrench or any other industry acceptable standard.
- Section 1(c)(9)(11) The sale or lease of a portion of an Intracoastal, lakefront, marsh front, canal front and stream front after April 2, 2007, shall be construed as a subdivision and shall not enable the owners to make application for a dock and/or boathouse unless that subdivision has received the approval of the city council.
- Section 1(c)(10)-(12) Lighting fixtures may be installed upon docks, boat davits and boat lifts only in accordance with the following standards:
 - a. Lighting required under federal laws or regulations as an aid to navigation is permitted on the docks, boat davits and boat lifts, in accordance with United States Coast Guard standards.
 - b. Other lighting fixtures may be installed on docks only providing they are mushroom-type fixtures designed to direct light downward, installed at least 25 feet apart, not more than one foot above the surface of the dock, and limited to 25 watt incandescent yellow bulbs.
 - c. All existing lighting on docks, boat davits and boat lifts which does not conform to these standards shall be deemed nonconforming and shall be made to conform.
- Delete entire Section 1(d) Other Structures on intracoastal, lake front, marsh front, canal front or stream front lots (1) through (5).
- Section 1(e) and (f) No changes except they would now become Section (d) and (e).

Consensus: **FORWARD WITH ABOVE CHANGES, INCLUDING THE CHANGE SUGGESTED BY CITY ATTORNEY WHITE REFERRING TO SECTION 27-328, TO THE JUNE REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Recess/Reconvene Mayor Brown called a recess at 7:30 p.m. and reconvened the meeting at 7:40 p.m.

Ord. No. 2007-06 ORDINANCE NO. 2007-06, AMENDING TABLE 27-229-1: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING TABLE 27-229-1 CHANGING SIDE YARD SETBACK IN R-1 AND THE LOT SIZE FOR 35 FEET BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated the following language describing how the 100 feet of lot width would be determined needed to be included in item five of the ordinance.

For lots in the R-1 zoning district that have a minimum lot size of 12,000 square feet and a 100 feet lot width as measured at the building line parallel to the front face of the house and perpendicular to the primary side yard, 35 feet of the maximum building height will be permitted so as long as the primary roof structure is built at a minimum 5/12 roof pitch and not to exceed two stories of living area.

Councilor Pruette questioned if this ordinance would allow the construction of monster homes. Community Development Director Amanda Askew stated it would depend on the floor plan. A wider one story house would allow the house to be placed closer to the side yard setback than normally allowed in the district.

Consensus: **FORWARD WITH ABOVE CHANGES TO THE JUNE REGULAR MEETING FOR SECOND READING.**

Ord. No. 2007-07

ORDINANCE NO. 2007-XX, SHORT TERM RENTALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE I, SECTION 27-15 DEFINITIONS, ADDING THE DEFINITION OF SHORT TERM RENTALS, AND AMENDING ARTICLE IV, LAND USE, SECTION 27-225(1) AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained short term rentals were not allowed by Code because they were considered a commercial use within a residential area. However, this could not be enforced because there was no definition in the Code for short term rentals. The Planning & Development Review Board recommended the definition of short term rentals be 28 days or less.

Janelle Wilson, 3090 South Third Street, Realtor, opposed the ordinance because she felt the ordinance infringed upon private property rights.

City Manager Jarboe added if Council wanted to legalize short term rentals it would, need to be added to the Business Tax License section of the Code.

Councilor Pardee felt the problem with short term rentals could be resolved by enforcing the noise and parking ordinances. He was concerned about how the ordinance would be enforced.

Councilor Pardee questioned how the State defined "Short Term Rentals". City Attorney White stated he would have to research to find the State definition of short term rentals.

Consensus: **FORWARD TO THE JUNE REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

PUD

PLANNED UNIT DEVELOPMENT: Councilor Lee had asked Community Development Director Amanda Askew to research the possibility of adding Planned Unit Development (PUD) into the code. He suggested the PUD be allowed as a special exception in the commercial district permissible use table.

City Manager Jarboe explained the definitions of PUD and Mixed Uses were interchangeable. He further explained the definition of PUD was currently in the Comprehensive Plan and could simply be added to the Code. If Council preferred the term Mixed Use, the Comprehensive Plan would have to be amended.

Mayor Brown felt this would be a good tool for the city to be able to negotiate with developers. He compared it to the Wal-Mart development negotiations as far as details, landscaping, sound barriers, etc.

Councilor Weldon felt historically PUD's always worked for the advantage of the developer and to the disadvantage of the residential community. He felt it should be worded carefully and be limited to commercial zoned areas.

Vice Mayor Pruette stated she supported mixed use in the shopping centers. However, she would be concerned about traffic, density and over development.

Councilor Pardee stated he supported mixed use but he would also be concerned about traffic and noise control.

Consensus: **TO CONTINUE DISCUSSION OF ADDING PUD'S TO THE CODE**

Ord. No. 2007-XX

ORDINANCE NO. 2007-XX, AMENDING CHAPTER 2, ADMINISTRATION: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2

ADMINISTRATION, ARTICLE 2 CITY COUNCIL, SECTION 2-46, ORDINANCES, RESOLUTIONS, MOTIONS, CONTRACTS, ADDING 2-46(a)(2) AND PROVIDING AN EFFECTIVE DATE.

Councilor Pardee explained he proposed this ordinance in an effort to completely inform Council of all details and aspects of proposed ordinances before the first workshop meeting. He was interested in gathering details relating to the cost and enforcement of ordinances before first read.

Councilor Weldon felt this ordinance would add layers of staff time and delay to the process of passing needed legislation.

Councilor Pruette was concerned about the staff time and costs to prepare reports, etc.

Consensus: **NOT TO MOVE FORWARD WITH THE ORDINANCE.**

CONTRACTS / AGREEMENTS NONE

ISSUE DEVELOPMENT / NONE

Speed Humps

SPEED HUMPS – INDIAN WOODS DRIVE AND KINGS ROAD: City Manager Jarboe stated the Speed Hump Policy required the Public Safety Director TO conduct a study of the streets to determine the necessity of speed hump placements.

Public Safety Director David Sembach reported he conducted a traffic study on Kings Road and Indian Woods Drive. The study showed the 85 percentile was less than 30 miles per hour. During the time in which radar patrol vehicles were in the area no speeding citations were issued. Chief Sembach further explained that since 1985 there had only been one accident in the area, therefore, he did not feel the speed humps were necessary.

City Manager Jarboe stated the city was currently under a financial strain and trying to conservative by not funding items that were not absolutely necessary.

Councilor Weldon asked if speed humps could be considered if the property owners were willing to contribute to the cost. City Manager Jarboe replied “yes” and explained the cost was approximately \$1,000.00 per speed hump if installed by the city, which was 1/3 of the regular cost that a contractor would charge.

Councilor Lee questioned why there were so many speeding complaints from residents if there was no speeding actually occurring.

Chief Sembach explained it could be a matter of perception. There is always the exception of an occasional speeder, but it did not seem to be a continuous problem. If he felt there was a speeding problem, he would recommend a speed hump.

Councilor Lee stated he was willing to delay installing speed humps to speak with the residents again.

City Manager Jarboe stated Mr. Adeeb’s concern was toward the bridge and suggested placing a speed hump 200 feet from the south of the stop sign. Councilor Weldon stated he would like for the Public Safety Department to conduct a study on that block.

Consensus: **TO CONDUCT A SPEED HUMP/TRAFFIC STUDY ON THE SPAN OF**

KINGS ROAD BY THE BRIDGE AND COUNCILOR LEE TO SPEAK WITH THE RESIDENTS AND BRING THE RESULTS BACK TO THE COUNCIL.

Sun Dog Diner

SUN DOG DINER – REQUEST FOR OUTDOOR SEATING: City Manager Jarboe stated Sun Dog Diner has asked to have outdoor seating similar to Caribbee Key. He suggested applying the same sidewalk lease agreement rules as Caribbee Key in order to be consistent.

Curtis Winter, owner, Sun Dog Diner, 1803 Tanglewood Road, Jacksonville Beach, 32250, stated he would like to have outdoor sidewalk seating similar to Caribbee Key. A separate door would be installed for the outdoor seating area which would also help control alcohol being taken off premises.

Mayor Brown stated for the record this request and the Caribbee Key were the only locations within the city that would accommodate the use of sidewalk seating.

Councilor Weldon stated he appreciated the fact that the outdoor seating area would be non-smoking. Mr. Winter confirmed it would be non-smoking.

Councilor Weldon stated there were previous problems with the planter enclosures at Caribbee Key being moved. Mr. Winter explained their enclosure would be a permanent non moveable enclosure.

Vice Mayor Pruette voiced concern regarding the table umbrellas being able to sustain the wind. Mr. Winter stated they were still shopping for outdoor seating furniture and they were certain they Could come up with something strong enough to sustain the winds. The furniture would be moved at closing time.

Councilor Pardee questioned if the request would need to be approved by the Planning & Development Review Board. City Attorney White stated he would speak with Community Development Director Amanda Askew to determine if it was necessary to go before the PDRB.

Vice Mayor Pruette asked if Mr. Winter would be willing to replace the personalized bricks that were on the sidewalk used for restaurant seating. Mr. Winter replied that he would replace each of the personalized bricks.

Consensus: **FORWARD TO THE JUNE REGULAR MEETING. CITY ATTORNEY TO MEET WITH THE COMMUNITY DEVELOPMENT DIRECTOR TO DETERMINE IF A RECOMMENDATION FROM THE PLANNING AND DEVELOPMENT REVIEW BOARD WAS NECESSARY.**

Visioning

UPDATE ON LONG RANGE VISIONING – COUNCILOR LEE: Councilor Lee explained in the last month he held three visioning sessions with residents. The ideas from the three meetings would be consolidated outlining the priorities. He would then meet with City Manager Jarboe to discuss recommendations.

Florida Blvd.
Landscape

FLORIDA BOULEVARD LANDSCAPE PROJECT – REJECTION OF BID FROM ROYAL CONSTRUCTION GROUP: City Manager Jarboe explained the bid received from Royal Construction Group was not complete. He recommended rejection of the bid because they did not bid on the entire project. Mayor Brown suggesting placing this project on a future workshop to determine how to proceed with it.

Consensus: **FORWARD TO THE JUNE REGULAR MEETING.**

Chapter 27

CHAPTER 27 ARTICLE XVI ARCHITECTURAL REVIEW: Due to the late hour Councilor Weldon suggested deferring this agenda item.

Consensus: **TO DEFER DISCUSSION OF CHAPTER 27 - ARCHITECTURAL REVIEW.**

Adjournment

There being no further business, the meeting adjourned at 9:20 pm.

Richard A. Brown, Mayor

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated he attended Legislation Day in Tallahassee with the Florida League of Cities and they were concerned about the proposed changes to real estate tax.

Councilor Lee stated he had met with Mr. Jonathon Plumb regarding his proposed variance request. He thanked Public Services Director Leon Smith for the job performed on the drainage project at Florida Boulevard and Fifth Street.

Councilor Pardee disclosed he had spoken with Mr. Jonathon Plumb regarding his proposed variance request.

Councilor Lee stated he sent out a memorandum regarding the dates, times and places of upcoming “visioning” town hall meetings.

Vice Mayor Pruette disclosed she had also spoken with Jonathon Plumb regarding his proposed variance. She asked City Manager Jarboe to work with the County regarding traffic signaling devices. She also thanked Karl Sanders, Attorney for Lakeshore Village / Wal-Mart for agreeing to erect a concrete wall across the southern portion of the property.

Councilor Weldon disclosed he had spoke with Mr. Jonathon Plumb regarding his proposed variance request.

Mayor Brown disclosed he also spoken with Mr. Jonathon Plumb regarding his proposed variance request.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The drainage project at Fifth Street and Florida Boulevard was completed by the Public Services Department with the use of the menzi muck. If the project had been contracted outside it would have cost the city an estimated \$40,000.
- The city received a federal grant to upgrade the security systems in city buildings.
- A meeting would be scheduled with the Department of Transportation and the City of Jacksonville to discuss the traffic signals located at major intersections throughout the city.

PUBLIC COMMENTS

Pat Hazouri, 207 Florida Boulevard, voiced concern regarding pedestrian safety at intersections crossing Third Street. She suggested erecting “Yield to Pedestrians” signs.

CONSENT AGENDA / NONE**VARIANCES**

Aqua East
696 Atlantic Blvd.
Moore

VARIANCE REQUEST OF SHUANA MOORE – AQUA EAST SURF SHOP – 696 ATLANTIC BOULEVARD: Vice Mayor Pruette questioned how Aqua East planned to maintain the rear of the building because there would only be 3.5 feet to the property line. Mr. Terry Simmons, Architect, explained the building would be stucco and block and would require minimum maintenance. Councilor Weldon questioned if they had reduced the impervious surface. Mr. Simmons explained they would be using pavers in the sidewalk areas.

Councilor Pardee stated approval of this variance request would be contingent upon the adoption of Ordinance No. 2007-03.

Moved by Pardee, seconded by Pruette.

Motion: **TO APPROVE THE VARIANCE REQUEST FOR AQUA EAST – 696 ATLANTIC BOULEVARD CONTINGENT UPON ADOPTION OF ORDINANCE NO. 2007-03.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Gateway Atlantic
2300 Marsh Pt. Rd.

VARIANCE REQUEST OF GATEWAY ATLANTIC, LLC / OFFICE BUILDING – 2300 MARSH POINT ROAD: City Manager Jarboe stated the variance request was for twenty parking spaces in order to provide for a medical office within the building.

Moved by Pardee, seconded by Pruette.

Motion: **TO APPROVE THE VARIANCE REQUEST FOR GATEWAY ATLANTIC, LLC – 2300 MARSH POINT ROAD.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED**ORDINANCES**

Ord. No. 2007-02

ORDINANCE NO. 2007-02, AMENDING CHAPTER 27, ARTICLE IV, LAND USE, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-02 by title only and opened the public hearing.

Steven Carter, 1723 Indian Woods Drive, supported the city overseeing construction of docks but did not support additional restrictions of private property owner's rights.

Elliot Bailey, 1715 Indian Woods Drive, opposed the additional restrictions on

construction of docks.

Steve Jarrett, 500 Oceanfront, also opposed the additional restrictions on construction of docks.

Susan Bollenbaugh, 2022 Shadow Lane, supported the ordinance and protecting the environmentally sensitive land.

There being no further comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2007-02 ON SECOND READ AND PUBLIC HEARING.**

Councilor Pardee felt because of the state regulations the ordinance was not necessary.

Mayor Brown was concerned the proposed minimum 10' x 16' platform area may need to be increased.

Vice Mayor Pruette stated she was informed by Building Official Don Ford that property owners would be allowed to apply for a variance request in order to vary from the ordinance requirements.

For the Record Councilor Lee felt the ordinance needed to be simplified and stated for the record that he would not vote in favor of the ordinance on second read unless it was taken back to a workshop for further consideration.

Councilor Weldon stated that steps needed to be taken to protect this environmentally sensitive area from over development.

Vice Mayor Pruette withdrew her motion to adopt the ordinance on second read and public hearing.

Consensus: **FORWARD TO THE APRIL 16, 2007 WORKSHOP MEETING.**

Ord. No. 2007-03 **ORDINANCE NO. 2007-03, COMMERCIAL SETBACKS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS TABLE 27-229-1 AND PROVIDING AN EFFECTIVE DATE.**

Mayor Brown read Ordinance No. 2007-03 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Pardee.

Motion: **TO ADOPT ORDINANCE NO. 2007-03 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Pruette, Brown

Noes: 1 – Weldon

Director of Public Safety David Sembach
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m. and acknowledged City of Jacksonville Councilman Art Graham was in the assembly.

PRESENTATIONS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- The Beaches would be sponsoring the Northeast Florida League of Cities dinner meeting at the Casa Marina Hotel on May 17, 2007. Please contact City Clerk Lisa Volpe if you would like to attend.
- The city was still looking at options to reduce the sewer nitrogen level.
- The bids for the Kings Road Bridge will be received by the end of this month.
- The new computer system should be implemented within the next month or two.
- The city was considering implementing Voluntary Green Regulations for building.
- Mr. Jarboe was working with the property owners regarding the access road between the shopping centers.
- There are currently two versions of tax reform in legislation hopefully a decision will be made before the budget process begins.

PUBLIC COMMENTS

Dennis Joyce, 1998 Strand, supported the short term rental ordinance.

Susan Bollenbaugh, 2022 Shadow Lane, supported the ordinance to protect

environmentally sensitive lands.

Stephen Carter, 1723 Indian Woods, felt additional restrictions were not necessary for construction of docks.

Warren Anderson, 207 Walnut Street, supported Ordinance No. 2007-02, protecting environmentally sensitive lands.

Barbara Jackson, 2001 Cherokee Drive, supported the protection of environmentally sensitive lands.

Steve Jarrett, 500 Oceanfront, suggested many changes to the Ordinance No. 2007-02, protecting environmentally sensitive lands. City Manager Jarboe asked Mr. Jarrett to submit his suggestions in writing.

Dana Pardee, 1421 Penman Road, concerned about the city restricting rights of private property owners.

PROPOSED ORDINANCES

Ord. No. 2007-02

ORDINANCE NO. 2007-02, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Lee stated the area was zoned as a conservation area back in 1991 and the only permitted use was for single family homes. He recognized that the Table of Uses did not include docks or boathouses.

City Attorney White agreed the Table of Uses needed to be revised to include boathouses and docks.

Vice Mayor Pruette stated Building Official Don Ford advised her there was a potential for another 128 to 135 docks to be constructed on Hopkins Creek. Therefore, she felt it was necessary for the city to have some type of regulations.

Councilor Pardee stated the Comprehensive Plan explained the different agencies that regulated dock construction. He felt the city would be infringing on private property rights by further regulating docks.

Councilor Weldon demonstrated the size of 160 square feet dock to the assembly. He did not consider regulating construction of docks as restricting private property rights. He was concerned about commercial fisherman having access to the intra coastal waterways.

Mayor Brown asked Council to consider striking out language within the ordinance that they did not agree on.

Councilor Pardee and Mayor Brown questioned why community docks were considered in the ordinance.

Councilor Weldon responded in some situations instead of building six single docks property owners might agree to share one larger dock. However, he was willing to strike the language.

Councilor Weldon felt the ordinance also needed to address lighting issues.

Councilor Lee stated he would support the ordinance with the following revisions:

- The addition of docks and boathouses to the Table of Uses
- The addition of lighting restrictions
- Add clarification for the need for a building permit
- Comply with State and Federal regulations
- Strike (c)(6) Only one dock is permitted per platted lot with no more than one dock allowed per single family home. ~~Community docks which serve multiple lots and homes are encouraged and may be granted exceptions to the size limits specified in this ordinance on a case by case basis.~~
- Strike (a) Purpose and Intent. It is the intent of this section to insure that on intracoastal, lake front, marsh front, canal front, and stream front lots no boating hazards will be created, effective flow of storm water runoff will be maintained, water pollution from storm water runoff and other sources will be minimized. ~~Views of water from adjoining properties will not be unduly impaired, and the appearance of the shore when viewed from the water will be kept as natural as reasonably possible.~~
- Add (c)(1) Docks. A building permit is required and all construction will adhere to the Florida Building Code.
- Amend (c)(4) The access walkway of docks shall be a maximum of four (4) feet in width. The terminal platform of docks shall be a maximum of ~~400~~ 200 square feet.
- Strike (d)(4) ~~Structures on intracoastal, lakefront, marsh front, canal front, or stream front lots shall, to the extent reasonably possible, be designed and located to minimize their obstruction or degradation of traditional views to and through the property to the water. Structures in this context shall also include fences and walls. The City, may as conditions necessitate, reduce the height of structures, alter their locations, size and design so as to accomplish this objective.~~

Vice Mayor Pruette suggested holding a special workshop meeting before the May regular meeting in order to review and discuss the ordinance with the above changes.

Consensus: **REVISE THE ORDINANCE TO REFLECT THE CHANGES AND FORWARD TO A SPECIAL WORKSHOP MEETING BEFORE THE MAY REGULAR MEETING.**

Short Term Rentals

ORDINANCE NO. 2007-XX, SHORT TERM RENTALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE I, SECTION 27-15 DEFINITIONS, ADDING THE DEFINITION OF SHORT TERM RENTALS, AND AMENDING ARTICLE IV, LAND USE, SECTION 27-225(1) AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon felt short term rentals diminished the quality of life of the surrounding neighbors. This ordinance would not allow rentals for less than ninety (90) days. The intent is to eliminate weekend and weekly vacation rentals.

Mayor Brown stated a (28) twenty eight or (30) thirty days rental period would be a good compromise.

Councilor Pardee felt the problems could be solved by enforcing the current ordinances and added there have been only two complaints in the last two years.

Councilor Pardee questioned how the ordinance would be enforced.

Councilor Weldon replied the ordinance would be enforced starting with a complaint to the Code Enforcement Officer.

City Manager Jarboe added that websites and local newspapers would be helpful in locating the short term rental properties.

City Manager Jarboe asked Building Official Don Ford how Atlantic Beach enforced their ordinance.

Building Official Don Ford explained Atlantic Beach enforced their ordinance by sending warning letters in response to internet advertisements and local newspaper listings for short term rentals.

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ AND INCLUDE LANGUAGE FOR WARNING LETTER.**

Lighting

ORDINANCE NO. 2007-XX, LIGHTING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 28 NUISANCES SECTION 28-5 ILLUSTRATIVE ENUMERATION AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown stated the lighting ordinance was removed from the agenda at the request of Councilor Weldon.

CONTRACTS / AGREEMENTS

Lewis, Longman, & Walker

LEWIS, LONGMAN, & WALKER, P.A.: Request for direction on invoice in the amount of \$5,196.41 for additional services rendered above the original \$10,000 fee agreement.

City Manager Jarboe stated the original agreement for the land use attorney fees was not to exceed \$10,000 without notifying the city. Their final invoice amounted to \$28,000; however, at the insistence of City Attorney White they reduced the invoice by \$13,000, leaving a balance of \$5,196.41.

Mayor Brown asked City Attorney White if was usual for attorneys fees to go over the contracted amount.

City Attorney White stated the fees were reasonable for the amount of work produced. However, because they did not bring it to the attention of the city when they approached the \$10,000 limit it would be at Councils discretion to determine whether or not the city should pay the overage.

Vice Mayor Pruette stated it was clear in the engagement letter they would bring it to the city's attention if the amount would exceed \$10,000. Therefore she was not in favor of paying the additional \$5,196.41.

Councilor Lee questioned if the engagement letter was considered a contract. City Attorney White replied "yes" the engagement letter was an enforceable contract.

Councilor Lee felt the 50% overage was too much and the Council should have been notified.

Councilor Pardee questioned what the city received from the attorneys for the \$10,000. It was his impression that the firm was to review the 60,000 square foot ordinance and compare it to the comprehensive plan.

Councilor Weldon also felt the Council should have been made aware of the overage.

Mayor Brown suggested compromising by paying half the amount of the invoice.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA TO NOT PAY THE
ADDITIONAL FEES OF \$5,196.41.**

ISSUE DEVELOPMENT / NONE

Councilor Lee confirmed the dates of April 26, 30th and May 1, 2007 for his Visioning Town Hall Meetings, at 6:30 p.m.

Councilor Weldon announced the Relay for Life this coming Saturday at Jarboe Park.

Adjournment

There being no further business, the meeting adjourned at 8:15 pm.

Attest:

Richard A. Brown, Mayor

Lisa Volpe, CMC, City Clerk

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee stated he would be working with City Manager Jim Jarboe and Community Development Director Amanda Askew on visioning and mixed use development ideas.

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- He would like the city to consider a financing program for underground electrical connections for residents whereby the city would pay Beaches Energy to hook up the underground connection and assess those residents who wished to participate.
- He was concerned that if the state reduced property taxes the proposed sales tax increase would not cover the loss of revenue for the city.
- He would like to schedule a goal setting session for the current budget year.
- The Public Services Department would begin work on the Fifth Street drainage project next week.

Vice Mayor Pruette suggested adopting a resolution opposing the state reducing any of our state funding.

PUBLIC COMMENTS

Stephen Carter, 1723 Indian Woods Drive, voiced opposition of Ordinance No. 2007-02 due to further restrictions being placed on construction of docks.

CONSENT AGENDA

Kings Rd. Bridge

APPROVAL TO ADVERTISE FOR REQUESTS FOR PROPOSALS – KINGS ROAD BRIDGE: Advertisement for requests for proposals for design build construction of a new Kings Road Bridge.

APPROVAL OF REQUEST FROM JUDITH JENNESS, 1836 NIGHTFALL DRIVE, TO CONSTRUCT A DOCK OVER CITY PROPERTY: Approval to allow Ms. Jenness, 1836 Nightfall Drive to construct a dock over the marsh.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE CONSENT AGENDA.**

VARIANCES / NONE**ORDINANCES**

Ord. No. 2007-01

ORDINANCE NO. 2007-01, AMENDING CHAPTER 27, AND TABLE 27-226-1, PERMISSIBLE USES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, AMENDING TABLE 27-226-1 PERMISSIBLE USES TO ALLOW MOTOR VEHICLE SERVICE BY EXCEPTION IN ZONING DISTRICTS C-2 AND C-3 AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2007-01 by title only and opened the public hearing.

Denise Wallace, 1313 Glickstein Court, voiced concern regarding the effect the ordinance would have on the character of the neighborhood.

Mr. Mack McCuller, 225 Water Street, asked Council to approve the ordinance on behalf of his client.

There being no further comments from the public, the public hearing was closed.

Moved by Pardee, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2007-01 ON SECOND READ AND PUBLIC HEARING.**

For the Record Councilor Weldon read the following prepared statement for the record:

"The Commercial C-2 zoning district is intended to provide for retail sales and services for one (1) or more neighborhoods.

Do we have any long range plan for the future of Neptune Beach?

Or will we simply accept a cobbled-together hodgepodge of a community because this Council lacks the discipline to develop a vision of the future and then stick with it?

Why do we have this urge to accommodate any business that asks us to modify our code? Why can't AAMCO find a location in the C-3 zoning district? Might it be because the land along Florida Boulevard is less expensive than the available sites along Atlantic Boulevard?

The C-2 zoning district was never intended for motor vehicle services. It was intended to provide for the restaurants, retail shops, markets, offices and personal services that support the development of a quiet and secure residential neighborhood.

Aren't we sacrificing the long range objectives we have built into our Comprehensive plan and ULDC to an impulsive desire to encourage economic development regardless of the real cost to the community?"

Council discussed the pros and cons of the ordinance.

Roll Call Vote:

Ayes: 3 – Pardee, Pruette, Brown

Noes: 2 – Lee, Weldon

MOTION CARRIED

Ord. No. 2007-02

ORDINANCE NO. 2007-02, AMENDING CHAPTER 27, ARTICLE IV, LAND USE, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Pardee passed out copies of a memo he had prepared regarding his concern that Hopkins Creek was not designated as an aquatic preserve by the state. According to his research the water in Hopkins Creek was considered sovereign submerged lands belonging to and governed by the state. He also felt the ordinance would interfere with property owners riparian rights.

Vice Mayor Pruette suggested forwarding the ordinance to the March workshop for

further discussion.

Councilor Weldon stated the objective was to define "conservation area." He asked City Attorney Chris White if the city had the right to enact more restrictive laws regarding the conservation area. City Attorney White replied the state dealt with issuing dock permits. The city had the right to enact more restrictive laws as long as they were not in conflict with the state laws. He stated that he would research "what was exempted from state" and "what could be regulated by city government."

Vice Mayor Pruette asked City Attorney White to research and simplify the ordinance before the March workshop meeting.

Moved by Pruette, seconded by Weldon.

Motion: **TO PASS ORDINANCE NO. 2007-02 ON FIRST READ AND FORWARD TO THE MARCH WORKSHOP FOR FURTHER DISCUSSION.**

NEW BUSINESS

Seagate Paving

SEAGATE AVENUE PAVING EAST OF THIRD STREET: The cost to pave Seagate Avenue east of Third Street, through a contract with the City of Jacksonville Beach would be a total of \$20,000 to be shared equally between the two cities. Also, First Christian Church of the Beaches requested that consideration be given to paving their parking area between First Street and Ocean Front on the south side of the church. This would cost an additional \$3,649.25. The church was willing to pay its 20% share. The estimated total amount for Neptune Beach would be \$13,649.25.

City Manager Jarboe stated the money could be paid from the current gas tax fund.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE PAVING SEAGATE AVENUE EAST OF THIRD STREET TO INCLUDE THE SOUTHSIDE OF THE CHURCH PARKING AREA.**

MINUTES
SPECIAL CITY COUNCIL MEETING
MARCH 12, 2007 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held March 12, 2007 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred E. Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Amanda Askew
Director of Public Safety David Sembach

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m.

City Attorney White stated the agenda needed to be amended to include the revised settlement agreement. After the last meeting, where Vice Mayor Pruette stated her concerns about the wall, Wal-Mart changed paragraphs 6a, 6b and 6c. This added the rear wall and made some minor language changes.

Moved by Pruette, seconded by Lee

Motion: **TO AMEND THE AGENDA TO INCLUDE THE REVISED SETTLEMENT AGREEMENT.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED

Revised Settlement
Agreement

REVISED SETTLEMENT AGREEMENT: City Attorney White stated the changes in 6 a and b were technical and neither he or the city manager had a problem with them and 6c added an additional screening wall.

Moved by Pruette, seconded by Lee

Motion **APPROVAL OF TECHNICAL AMENDMENTS TO THE SETTLEMENT.**

Vice Mayor Pruette voiced her concern about the screening wall. She passed out pictures of a wall used in Jacksonville Beach for the same reason. She preferred a wall across the entire back of the property.

Karl Sanders, 6 E. Bay Street, Attorney for Wal-mart, stated noise has always been a concern. The wall is not behind the building because the truck well is at the side not at the back and there is limited access in the back therefore trucks will not have a reason to be there. In order to help with the noise problem twenty magnolias will be planted, the berm is 16 and 8 feet high and there is a fountain in the retention pond. He stated after the last meeting Wal-Mart added a screening wall on the parking lot on the eastern side of the building.

Vice Mayor Pruette asked what would stop refrigerated trucks from standing in the back. Mr. Sanders said it would be in violation of the settlement and the price of gasoline would not make it beneficial.

Councilor Lee asked to clarify where the wall would be. He discussed extending the wall behind the truck turn around area. Mr. Sanders said it could possibly be done. Discussion ensued if this was a good idea or if it was possible to put a wall across the entire berm. Mr. Sanders stated vegetation may cause a problem with a wall on the berm.

Councilor Weldon agreed an additional fence behind the truck turn around area was a good idea but a fence along the entire back was not.

Vice Mayor Pruette asked how high the screening wall around the delivery area would be. Mr. Jarboe stated the intent is to shield the trucks.

Councilor Pardee added if the fountain was for aesthetics it would be blocked by additional fencing. Mr. Sander stated the fountain was for water circulation and sound buffer. He added the extra fence was a reasonable request and he could ask his clients and report back to council on April 2nd.

Vice Mayor Pruette questioned the upkeep of the property after it has been built. Mr. Sanders stated this is an ongoing partnership between Wal-Mart and the City of Neptune Beach. He felt it would be important for the city to have a good relationship with the store manager. Concerns should be brought to the manager and dealt with in a timely manner. If they are not, Mr. Sanders stated Mr. White has his phone number. Ms. Pruette stated that was for public record.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED.

Ordinance 2007-03

ORDINANCE 2007-03, COMMERCIAL SETBACKS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS TABLE 27-229-1 AND PROVIDING AN EFFECTIVE DATE.

Chris White stated the ordinance is an amendment to the table 27-229-1.

Moved by Pardee, seconded by Lee

Motion: **TO APPROVE ORDINANCE 2007-03**

Vice Mayor Pruette asked if the buildings along Atlantic Blvd would no longer be nonconforming. City Manager Jarboe stated in relation to this ordinance they would not be.

Councilor Pardee asked the council if they still wanted to keep the 60,000 square feet limitation in the table under footnote 6. The rest of council agreed that it should be kept even though it does not pertain to this development.

Councilor Lee asked Mr. Sanders if there were any chance in the future for Walmart to expand the store if more property became available. Mr. Sanders Stated the settlement agreement would have to be renegotiated by city council if the 60,000 square feet ordinance did not stop any further development.

Vice Mayor Pruette voiced concern over the building being left empty if the store moved or went out of business.

Councilor Weldon asked for reassurance that there would be no out parcels. Mr. Sanders stated that would have to be renegotiated in the settlement agreement and from a practical stand point there is not enough parking to support out parcels.

Councilor Lee asked Mr. Jarboe if Vice Mayor Pruette's concern about an empty building much like the old A& P happened a lot in communities. Mr. Jarboe stated the way to deal with that is through code enforcement much like the city did with the A&P. Councilor Pardee reiterated what the city manager said and that it should be used more often. Mayor Brown stated part of the problem was the property owners of the A&P. Councilor Lee commented that the city sometimes takes blame for empty stores but it is not always the case. City Manager Jarboe stated some empty stores in the city already have interested tenants. Vice Mayor Pruette stated she was considering sponsering a blight ordinance.

Roll Call Vote:

Ayes: 4 – Lee, Pardee, Pruette, Brown

Director of Public Services Leon Smith
Director of Public Safety David Sembach
Deputy City Clerk Karla Strait, CMC

ABSENT:

Councilor Fred Lee

Call to Order/Roll Call

Mayor Brown called the meeting to order at 6:00 p.m. City Clerk Volpe stated Councilor Lee was out of town.

PRESENTATIONS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- Residents connecting up to the new underground electric will be required to obtain a permit from the city.
- The drainage project at Fifth Street and Florida Boulevard should be completed this week and the fencing completed next week.
- The city was still working on options to lower the nitrogen level.

PUBLIC COMMENTS

Shannon Desmond, 813 Cherry Street, was concerned about the development of the Lakeshore Village / Wal-Mart property.

Steven Carter, 1723 Indian Woods Drive, felt additional restrictions were not necessary for construction of docks.

Mike Austin, 1125 14th Street, Jacksonville Beach, felt the Department of Environmental Protection did a good job regulating the construction of docks and the city should

focus on laws regarding maintenance of docks.

Pat Hazouri, 207 Florida Boulevard, was concerned about pedestrian crossings on Third Street / A1A.

Douglas Adams, 800 Davis Street, supported the lighting ordinance.

PROPOSED ORDINANCES

Ord. No. 2007-02

ORDINANCE NO. 2007-02, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Andrew Sears, Environmental Supervisor, Northeast District of Department of Environmental Protection, explained the process and procedures required by the DEP for property owners to obtain a permit for construction of private docks.

Mr. Sears further explained that an aquatic preserve is an area of state owned sovereign submerged lands which is considered to have heightened aesthetic recreational or ecological value. The criteria for use of sovereign submerge lands that apply within aquatic preserves are actually stricter than they would be in Hopkins Creek or the St. Johns River. In order to designate an area an aquatic preserve one must apply to the Board of Trustees.

For the Record Councilor Weldon asked Mr. Sears for the record, if the state law prohibited a municipality from further restricting criteria for construction of docks. Mr. Sears replied there was absolutely nothing in the state law prohibiting additional restrictions on construction of docks.

For the Record Councilor Weldon asked Mr. Sears for the record, if the Department of Environmental Protection encouraged people outside of a defined aquatic preserve to comply with the criteria for aquatic preserve. Mr. Sears replied "yes" that ultimately their objective is to minimize the use of sovereign submerged lands.

For the Record Councilor Weldon asked Mr. Sears for the record, if he felt there were serious issues developing with the number and size of docks that were being constructed. Mr. Sears responded there were certainly a lot of docks being built, many without permits. The issue of riparian view has become more prevalent. The department was trying to ensure that the resource itself remains intact to the greatest extent possible.

For the Record Councilor Pardee asked Mr. Sears for the record, if the city denied a property owner a permit to construct a dock if that property owner would have the right to sue the city. Mr. Sears replied whenever environmental regulations are applied to private properties there is always the possibility of a property owner filing a lawsuit.

Councilor Weldon asked former council member Leslie Lyne to explain why the council had the area designated a preserve.

For the Record Former Council Member Leslie Lyne explained she was on the city council when the area was designated a conservation area. The intent at the time was to preserve this prestigious area for the future. They did not know at the time that they could have designated it as an "aquatic preserve" or they would have taken the necessary steps to do so.

Councilor Weldon asked that Mrs. Lyne's comments go on the record.

Vice Mayor Pruette asked City Attorney White if this ordinance prevented property owners from building docks. City Attorney Chris White stated property owners could still construct docks under the state guidelines without any city guidelines.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 3 – Pruette, Weldon, Brown

Noes: 1 – Pardee

Short Term Rentals

ORDINANCE NO. 2007-XX, SHORT TERM RENTALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE I, SECTION 27-15 DEFINITIONS, ADDING THE DEFINITION OF SHORT TERM RENTALS, AND AMENDING ARTICLE IV, LAND USE, SECTION 27-225(1) AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon felt short term rentals diminished the quality of life of the surrounding neighbors. This ordinance would not allow rentals for less than ninety (90) days.

City Manager Jarboe felt a thirty (30) days rental period was reasonable.

Councilor Pardee felt the problems could be solved by enforcing the current ordinances.

Council discussed if this ordinance was necessary.

Consensus: **FORWARD TO THE APRIL WORKSHOP MEETING.**

Lighting

ORDINANCE NO. 2007-XX, LIGHTING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 28 NUISANCES SECTION 28-5 ILLUSTRATIVE ENUMERATION AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon was concerned about private outdoor lighting reflecting onto private neighboring properties and into private neighboring homes.

City Attorney White felt the language in the ordinance should be less subjective. Councilor Weldon agreed to have City Attorney White amend the language.

Councilor discussed whether or not this ordinance was necessary.

Tim Ingram, 113 Pine Street, spoke in favor of the lighting ordinance.

Consensus: **FORWARD TO THE APRIL WORKSHOP MEETING.**

Concurrency

ORDINANCE NO. 2007-XX, CONCURRENCY: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECTION 27-350, PROCEDURE FOR APPLYING FOR AND ISSUING A CONCURRENCY CERTIFICATE AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated this ordinance would allow the city manager to determine whether or not a development required a traffic study. Such traffic study would be commissioned by the city at the expense of the developer.

Councilor Pardee commented that the traffic study the city commissioned for Lakeshore Village was incorrect.

For the Record City Manager Jarboe stated for the record the traffic study prepared by Martha Moore for the city was correct. It was the one prepared by Lakeshore Village that was incorrect.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR FIRST READ AND PLANNING & DEVELOPMENT REVIEW BOARD IN APRIL.**

Roll Call Vote:

Ayes: 3 – Pruette, Weldon, Brown

Noes: 1 – Pardee

Per Diem

ORDINANCE NO. 2007-XX, PER DIEM: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2 ADMINISTRATION BY AMENDING SECTION 2-355 SUBSISTENCE AND PROVIDING AN EFFECTIVE DATE.

This ordinance would allow employee meal per diem to be given based on Internal Revenue Service standards.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR APPROVAL**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Aqua East
Shauna Moore

VARIANCE REQUEST OF SHUANA MOORE / AQUA EAST SURF SHOP – 696 ATLANTIC BOULEVARD: Community Development Director Amanda Askew explained the variance request was previously granted by the Council in May of 2005 however, the applicant allowed the variance to expire.

Allison Forsyth, 696 Atlantic Boulevard, Aqua East Surf Shop, explained she had an easement from Lakeshore Village for overflow parking and drainage. Lakeshore Village had been placed on notice not to remove the existing drainage pipe.

Councilor Weldon expressed concern regarding impervious surface and asked if they could minimize the impervious surface to the 75% requirement.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING AND HAVE AQUA EAST ADDRESS THE IMPERVIOUS SURFACE AT THAT TIME.**

Surplus Vehicle

SURPLUS VEHICLE: City Manager Jarboe explained the animal control truck would be sold for parts. Council approval was necessary because the sales amount could exceed the city managers approval limit of \$750.00.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR APPROVAL.**

City Manager Jarboe stated he would like to prepare a resolution recognizing Neptune Beach Elementary School Principle Sharon Kinske for her retirement and supporting her for the Principle of the Year Award.

Vice Mayor Pruette asked to prepare a resolution recognizing Jack Gillrup, Chief, Disabled Services Division, for his retirement and for his assistance in obtaining Handicap Beach Wheelchairs.

Adjournment

There being no further business, the meeting adjourned at 8:59 pm.

Richard A. Brown, Mayor

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette asked City Manager Jarboe to update the Council on the progress of the new Kings Road Bridge.

Councilor Pardee stated the City of Jacksonville had some concern regarding revenue due to the decrease in the number of building permits issued this year.

City Clerk Volpe asked Council to bring their Code books to the City Clerk's Office so they could be updated with the new supplements.

City Clerk Volpe stated City Hall would be closed on Monday, February 19, 2007. She asked Council to change the date of the February workshop meeting.

Consensus: **TO HOLD THE FEBRUARY WORKSHOP MEETING ON FEBRUARY 12, 2007 AT 6:00 P.M.**

CITY MANAGER REPORT

City Manager Jarboe reported on the following:

- The cost to pave Seagate Avenue east of Third Street, through a contract with the City of Jacksonville Beach, would total \$20,000. Divided equally between Jacksonville Beach and Neptune Beach our share for the paving would be \$10,000.
- The City of Jacksonville Beach should have the underground electric completed in three to four months. A representative from the contracting company would be invited to speak to Council at the February workshop meeting.
- The February dinner meeting of the Northeast Florida League of Cities will be held on a riverboat cruise in Green Cove Springs.
- The design for the new Kings Road Bridge was currently being reviewed by the Department of Environmental Protection and should be ready to request proposals in March.
- Building Official Don Ford has suggested implementing a "Green Building Code" that would benefit homeowners during repairs and remodels.

PUBLIC COMMENTS

Ingrid Woodfork, 317 Cherry Street, questioned when the results of the mediation with Wal-Mart / Lakeshore Village would be available to the public. City Attorney White responded he hoped the results would be available sometime next week.

CONSENT AGENDA

Sidewalk Lease **CARRIBBEE KEY SIDEWALK LEASE AGREEMENT:** Renewal of the Carribbee Key Sidewalk Lease Agreement.

9-1-1 Agreement **9-1-1 INTER LOCAL AGREEMENT:** Approval of the Annual 9-1-1 Agreement.

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- The Kings Road Bridge will be temporarily closed for repairs Wednesday, February 14, 2007 and possibly Thursday, February 15, 2007. Residents and emergency personnel will be notified to use the back entrance until the bridge is reopened.
- A contract has been signed for the new computer telephone notification system. The new system will notify residents within the city of emergencies such as, amber alerts, boil water advisories, etc. within a three minute period.
- He would be presenting five or six options to the Council at the March workshop meeting regarding sewer nitrogen removal.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS.

Discussion ensued regarding whether or not the city had the right to regulate the construction of docks over the state regulations.

City Attorney White advised that the city had an absolute right to impose their own laws regulating the construction of docks as long as they were not inconsistent or in conflict of the state guidelines.

Councilor Pardee felt it was not necessary to duplicate the state regulations into our code. He was also concerned that the ordinance reduced the length of the dock from the state regulations of 500 feet to 300 feet.

Councilor Weldon stated he would be willing to amend the proposed ordinance to allow 500 feet docks and to have enclosed areas match with the state guidelines.

Consensus: **TO ALLOW 500 FEET DOCKS TO MATCH WITH THE STATE GUIDELINES.**

Consensus: **HAVE ENCLOSED AREAS MATCH WITH THE STATE GUIDELINES**

Consensus: **AMEND THE ORDINANCE AND FORWARD TO FIRST READ IN MARCH.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Janness
1836 Nightfall Dr.

REQUEST OF JUDITH JENNESS TO CONSTRUCT A DOCK OVER CITY PROPERTY – 1836 NIGHTFALL DRIVE: Ms. Jenness explained she had obtained the permit from the Florida Department of Environmental Protection. The required paperwork, drawings and permits had been submitted for review in the council agenda packets.

City Manager Jarboe stated the permit from the DEP was for a five feet wide dock. However, according to the state regulations it could be no more than four feet wide. He therefore recommended Council approve the dock with the condition that the dock be no more than four feet wide

Consensus: **TO ALLOW THE CONSTRUCTION OF THE DOCK TO BE NO MORE THAN FOUR FEET WIDE.**

Kings Rd. Bridge

REQUESTS FOR PROPOSALS – KINGS ROAD BRIDGE: City Manager Jarboe asked the Council for permission to allow him to request design build proposals for the new Kings Road Bridge.

Consensus: **TO ALLOW THE CITY MANAGER TO REQUEST DESIGN BUILD PROPOSALS FOR THE NEW KINGS ROAD BRIDGE.**

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m.

**Lakeshore Village /
Wal-Mart**

SETTLEMENT AGREEMENT BETWEEN LAKESHORE VILLAGE / WAL-MART AND THE CITY OF NEPTUNE BEACH: Mayor Brown explained the Council would hear public comments at the beginning of the meeting, limiting speakers to three minutes. He would then ask Special Magistrate Carlos Alvarez to give a briefing on the mediation process. The Council would then have discussion and vote.

Kris Matson, 540 Hopkins Street, thanked the Council for their efforts opposing the Wal-Mart development. She then asked Wal-Mart to reconsider their plans due to the loss of the John F. Kennedy Air Carrier from Mayport Naval Station.

Michael Aston, 1523 Summer Sands Drive, was unhappy with the settlement agreement and still concerned about crime issues. He felt the architecture was worst than previously submitted.

Ruth Holmes, Attorney, Rogers, Towers, & Bailey Law Firm, representing Aqua East Surf Shop, questioned whether or not the big box ordinance, the deed restriction, and placement of the building, were considered during mediation.

Steve Rosenbloom, 417 Beach Boulevard, Aqua East Board Member, stated Aqua East had incurred legal fees due to the deed restriction and the Aqua East was interested in how they would be effected by the decision.

Special Magistrate Carlos Alvarez explained his prior experience as a land use attorney has led him to now focus on mediation and arbitration of land use and environmental issues

known as Alternative Dispute Resolution.

He further explained after the Council denied the Lakeshore Village development order application on September 11, 2006, Lakeshore filed a Request for Relief on October 10, 2006. Both parties then agreed to the mediation process. An evidentiary hearing was held at the Florida Coastal School of Law beginning on November 30 and ending on December 1, 2006, where the issues of traffic and scale, mass, & bulk were discussed and evidence was presented from both parties. During the evidentiary hearing it was determined that traffic concurrency would not be considered an issue due to state laws and the mediation would focus on scale, mass, and bulk. In an effort to hear the concerns of the Neptune Beach residents Mr. Alvarez presided over a public hearing, November 30, 2006, at the Neptune Beach City Hall Council Chambers.

From there both sides agreed to go into mediation focusing on the scale, mass, and bulk issues and the concerns of citizens regarding, noise, crime, etc. The settlement agreement before the council for consideration tonight was agreed to be the best either side could do to meet each others' needs. The following are some of the terms and conditions agreed upon by both parties:

- The building would be placed toward the rear of the property. (See Exhibit A)
- The exterior appearance shall reflect the architectural elevations and renderings (See Exhibit B)
- The landscaping plan will include an on-site "pocket park", plantings and other features (See Exhibit C)
- Delivery hours will be prohibited between the hours of 10:00 p.m. and 6:00 a.m. with the exception of grocery deliveries commencing at 5:00 a.m.
- Delivery trucks will be allowed to remain on the property up to 12 hours before unloading and shall not be allowed to remain overnight.
- There shall be an 8-foot high screening wall designed to reduce noise along the western boundary of the property.
- For the first 3 months after the store's official grand opening Wal-Mart will hire an off-duty police officer to patrol the property for 8 hours a day, seven days a week.
- Wal-Mart will set aside a portion of its annual charity budget to sponsor at least one charity event in Neptune Beach each year.
- Wal-Mart will propose to extend Lemon Street to Penman Road for traffic improvements.
- Wal-Mart will propose to allow for an access connection adjacent to the east of the property.
- Wal-Mart shall propose to install a traffic signal device at the eastern most driveway entrance on the north side of the property.
- Wal-Mart shall pay to the City \$300,000.00 which shall be ear marked for costs associated with the development.

For the Record Vice Mayor Pruette stated for the record she felt an indoor loading dock would lessen the noise from delivery trucks. She also voiced concern about the following: 1) the twelve hour parking allowance for truck deliveries, 2) hours required for an off duty police officer should be extended beyond the eight hours per day and 3) the upkeep of the required landscaping.

Mr. Alvarez responded that this would be the smallest Wal-Mart store ever built therefore an indoor loading dock was not possible. The screening walls surrounding the rear would help to abate the noises. The twelve hour parking allowance for truck deliveries was in the city's current code and Council could revise that if they so wished. His decision regarding the hiring of an off duty police officer was based on Public Safety Director David Sembach's recommendations.

Councilor Lee questioned if the hours of operation were discussed during the mediation. Mr. Alvarez responded the hours were 24/7 as in the Wal-Mart policy and their stores were only closed one day per year. Councilor Lee was concerned about Wal-Mart not adhering to the delivery hour rules. Mr. Alvarez replied in the event Wal-Mart did not adhere to the agreement the city would have to take action via code enforcement or court. Councilor Lee asked if Wal-Mart representatives were aware that the \$300,000 monetary contribution towards expenses for the development did not include their permitting fees. Mr. Alvarez replied "yes" they were aware of the additional permit fees. Councilor Lee was also concerned about the cooperation of the two property owners whose property would be necessary for the new traffic pattern.

Councilor Weldon objected to and questioned why only one member out of the five member Council was allowed to participate in the mediation process. He felt that the majority of the council was at a disadvantage because they were left out of the process.

Mr. Alvarez replied because communications during mediation were confidential the mediation could not be held in a public forum under the Florida Sunshine Law, thereby only one member of the council could participate. However, the City Manager, City Attorney, and Community Development Director were present during mediation to discuss the concerns of the absent council members.

Councilor Pardee was concerned the "pocket park" included on the Property could attract transients and become a problem with loitering. Mr. Alvarez responded if the park created a problem the council could vote to change the agreement and ask for it to be removed.

Mayor Brown thanked Mr. Alvarez for his time and efforts during the process and asked the Council to make a motion.

Moved by Pruette, seconded by Lee.

Motion: **TO APPROVE THE SETTLEMENT AGREEMENT.**

Councilor Lee asked City Attorney White what the risk would be to the city if the settlement agreement was not approved. City Attorney White responded that Lakeshore Village would most likely file a lawsuit. He could not determine the likelihood of success or expenses for either party. It would be up to the judge or jury to determine.

Councilor Pardee asked if the \$300,000 monetary contribution from Wal-Mart exceeded the costs associated with the Wal-Mart development what would become of the excess amount. Mr. Alvarez advised the \$300,000 figure was to ensure that it would cover expenses associated with the Wal-Mart development.

Councilor Lee asked if there was excess money did it have to be used for the development. Mr. Alvarez stated any excess amount could be used at council's discretion for the good of the city..

For the Record Councilor Weldon stated for the record he would vote "no" on the proposed Wal-Mart agreement for the following reasons:

- 1) The settlement disregards the substantial negative impact that this development will have on both traffic circulation and general quality of life in Neptune Beach.
- 2) The monetary contributions called for in the settlement set a particularly bad precedent for future development applications. Will the Council accept contributions from any future developer willing to pay for favorable changes to our Code?

This is a discouraging conclusion to a long contest between Wal-Mart and another small community that objects to its one-size fits-all business strategy and slash and burn legal tactics. The citizens of Neptune Beach deserve better.

There is, however, an important lesson contained in this settlement that I hope at least a majority of this Council will have absorbed. The development industry will continue to utilize every legal maneuver and negotiating tactic in the book to accomplish its financial objectives. By initially denying this development application, we fostered a better outcome than could otherwise have been expected. As stewards of his community, we must continue to resist development that is not in the best long term interests of our citizens.

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m.

**Special Magistrate
Preliminary
Recommendation**

SPECIAL MAGISTRATE PRELIMINARY RECOMMENDATION / LAKESHORE VILLAGE:

City Attorney White stated the preliminary recommendation from Special Magistrate Carlos Alvarez regarding the Lakeshore Village / Wal-Mart proceedings had been received and distributed to Council. Mr. Alvarez's findings relating to concurrency were in favor of Lakeshore Village. However, he recommended mediation between the City and Lakeshore Village based on the issue of "Scale, Mass, and Bulk." The mediation was scheduled to take place on January 16, 2007 and would be attended by himself, City Manager Jarboe and Mayor Brown.

City Attorney White further stated the mediation would be closed to the public. He added mediation was usually a confidential process, however, because any decision reached between the parties would still need Council approval, it would have to be discussed during a public meeting.

Councilor Pardee asked City Manager Jarboe to provide a detailed cost analysis of the legal fees and relative costs the city has incurred due to the denial of the Lakeshore Village / Wal-Mart development order.

Moved by Weldon, seconded by Pruette.

Motion: **TO DIRECT THE CITY ATTORNEY, MAYOR BROWN AND CITY
MANAGER JARBOE TO ENTER INTO MEDIATION WITH LAKESHORE
VILLAGE.**

Deputy City Clerk Karla Strait, CMC

ABSENT:

Councilor John Weldon

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- He would be meeting with representatives of the City of Jacksonville Beach and Infratech regarding concerns about the installation of underground electric.
- He introduced new Community Development Director Amanda Askew.

PUBLIC COMMENTS

Steven Carter, 1723 Indian Woods Drive, felt the proposed environmental ordinance was too restrictive in comparison with state regulations. He also questioned the jurisdiction and ownership of the marshlands.

PROPOSED ORDINANCES

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS.

Consensus: **DEFER WHILE GATHERING MORE INFORMATION AND ALLOWING CITY ATTORNEY WHITE TO CLARIFY LEGAL ISSUES.**

CONTRACTS / AGREEMENTS

Caribbee Key

CARIBBEE KEY SIDEWALK LEASE AGREEMENT: City Manager Jarboe explained the new sidewalk lease agreement for the restaurant addressed concerns regarding fixed boundaries and regular pressure washing. The sum of \$400.26 would be paid to the city monthly as rent.

Consensus: **TO INCREASE THE AMOUNT OF MONTHLY RENT FROM \$399.25 TO \$400.26.**

Councilor Lee questioned how the city determined the amount of monthly rent. City Manager Jarboe explained the amount was based on a calculation of the number of tables and the total square footage.

Mr. Brocato, owner of Caribbee Key stated he would like for the area to continue to remain open until 11:00 p.m. City Manager Jarboe agreed Mr. Brocato had been given permission by the Council in the past to allow the area to remain open until 11:00 p.m. and he would amend the contract to reflect the change.

Consensus: **TO AMEND THE AGREEMENT TO ALLOW THE OUTDOOR DINING UP TO NO LATER THAN 11:00 P.M.**

Councilor Pruette felt that in the future, parking conditions should be taken into consideration when allowing outdoor seating.

City Manager Jarboe suggested decreasing the number of allowable outdoor tables from fifteen (15) to nine (9).

Consensus: **TO CHANGE THE NUMBER OF ALLOWABLE TABLES FROM FIFTEEN (15) TO NINE (9).**

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

ISSUE DEVELOPMENT

Zoning Change

REQUEST FOR ZONING CODE CHANGE: Mr. Mack McCuller, attorney representing 2100 Florida, LLC, the property owner of 2100 Florida Boulevard, explained the owner was requesting a zoning change in order to use the property for a vehicle repair service. The property was previously occupied by a boat repair shop, but the current zoning for the property excluded the use of a motor vehicle repair service.

As requested by the Council, the Planning & Development Review Board reviewed the change and recommended allowing "Motor Vehicle Service" by special exception only in the C-2 district. The Board also recommended changing the allowance of "Motor Vehicle Service" in the C-3 district from permitted to permitted by special exception.

City Manager Jarboe explained the Council was not approving the development order at this time and did not need to hear the presentation from Mr. McCuller. The proposed development order for the project would have to be submitted to the building department and go through the usual development order process before returning to Council for final approval.

City Manager Jarboe stated the nine conditions listed in the proposed ordinance may change with each individual exception. He recommended that conditions be set and included for each individual special exception and not in the ordinance itself.

Consensus: **FORWARD TO FEBRUARY REGULAR MEETING FOR FIRST READ.**

9-1-1 Agreement

9-1-1 INTER LOCAL AGREEMENT: City Manager Jarboe explained each year the city receives a portion of the 9-1-1 Telephone Tax for the purchase of equipment and operating cost for dispatch. The amount this year is \$120,462.

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

General Discussion

Vice Mayor Pruette stated she would like to place the issue of underground electric on the next agenda.

Councilor Lee stated he had heard from residents that Waste Pro was not returning the trash containers to the sides of homes. He advised those residents to contact the Public Services Department to register the complaint in order that the city could fine Waste Pro. City Manager Jarboe advised he had a meeting with the regional manager of the company scheduled.

Adjournment

There being no further business, the meeting adjourned at 6:45 pm.

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pardee stated he attended a training course for the City of Jacksonville's new GSI system. He added the system would also be beneficial to Neptune Beach.

Vice Mayor Pruette thanked staff for their efforts involving the success of the "Christmas in the Park" event.

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- An accident involving a vehicle occurred over the weekend in Town Center area and driver was arrested for careless driving.
- The lighting of the Town Center Christmas tree would take place on Saturday.
- The mediation hearing for Wal-mart and Lakeshore Village was held last Thursday and Friday at the Florida Coastal School of Law.

Councilor Pardee stated the shrubbery behind the Sun Dog Diner obstructed the view for vehicles trying to turn left onto Atlantic Boulevard. City Manager Jarboe replied he was working with the Town Center Agency to have those shrubs replaced.

City Clerk Volpe reminded Council the swearing in of the new Council would take place on December 5, 2006 at 8:00 p.m. She asked Council if they felt it was necessary to hold a workshop meeting for the month of December.

Consensus: **IF NECESSARY HOLD A WORKSHOP MEETING BEFORE THE JANUARY 8, 2007, REGULAR MEETING.**

PUBLIC COMMENTS

Joe Quest, 1501 Atlantic Boulevard, owner of Day and Night Moves, offered to allow the city use of his monument sign to advertise city events. He also suggested that the city allow him to post temporary snipe signs advertising his holiday food drive.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette thanked Senior Center Director Leslie Lyne, and all of the staff that assisted her, for the success of the 75th Anniversary Celebration.

Vice Mayor Pruette asked Council to consider allowing the Town Center Agency to temporarily place a painted statue of a jaguar somewhere within the Town Center area.

Councilor Pardee stated the City of Jacksonville was in the process of training employees to use the new GIS system. He felt the GIS system would also benefit Neptune Beach.

Councilor Pardee stated he visited the new park in Jacksonville Beach and suggested creating a similar park at the end of Seagate Avenue.

Councilor Lee stated he was working toward updating the Comprehensive Plan and his goal was to have a monthly report for the Council.

Councilor Weldon suggested that Councilor Lee communicate his reports through e-mails to the Council.

City Attorney Chris White stated the Sunshine Law prohibited council members to establish a dialog through e-mail.

City Clerk Lisa Volpe stated she would check with the First Amendment Foundation and determine whether or not council could communicate via public e-mails.

City Clerk Lisa Volpe stated the date for the November workshop meeting was the week of Thanksgiving. She asked Council if they would like to reschedule the meeting.

Consensus: **TO HOLD THE NOVEMBER WORKSHOP MEETING ON MONDAY, NOVEMBER 27TH, 2006.**

City Clerk Lisa Volpe stated the next regular meeting would be held on December 4, 2006. A separate meeting would be held on the 5th to swear in the new Councilor-Elects and select a new Vice Mayor.

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- The city had removed many political and real estate signs that were placed in the city right-of-way.
- The Third Street sewer rehabilitation was complete.
- He had met with Atlantic Beach City Manager Jim Hanson regarding the Town Center Overlay District. Atlantic Beach has delayed discussion of this due to other matters on their agenda.
- The grant was received for the purchase of five police satellite cell phones.
- A DUI checkpoint was set up at Third Street and Atlantic Boulevard on Saturday, November 4, 2006, resulting in eight DUI arrests and multiple tickets issued for various reasons.

MOTION CARRIED

City Manager Salary Councilor Weldon stated he was exceedingly pleased with the performance of City Manager Jarboe. He conducted a salary survey of surrounding cities and concluded that Mr. Jarboe was not adequately compensated. He, therefore, recommended increasing Mr. Jarboe's salary by 10%.

Councilor Pardee stated he would support giving Mr. Jarboe his 5% salary increase for next year in addition to the 5% for this year for a total increase of 10%.

Consensus: **TO PLACE THE 10% SALARY INCREASE FOR MR. JARBOE EFFECTIVE OCTOBER 1, 2006, ON THE DECEMBER CONSENT AGENDA.**

Mayor Brown suggested considering an extension of the city manager's contract.

Lakeshore Properties Councilor Pardee stated this was the last chance to call a shade meeting before the mediation with Lakeshore Properties. He felt the council should be updated on the status before the public mediation.

City Attorney White stated a shade meeting could not be held because mediation was not considered "pending litigation." He felt the council would be putting themselves at risk if they did. He also clarified that any settlement discussion, after the mediation was over, would have to be held in public since it was not a lawsuit.

Adjournment There being no further business, the meeting adjourned at 6:50 p.m.

Order Call

Mayor Brown called the special meeting to order at 7:10 p.m.

Public Art

PUBLIC ART DISPLAY: Final approval allowing the Town Center Agency to place a sculpture of a jaguar on the city right of way immediately west of the A.T.M. on the south side of Atlantic Boulevard, in the 200 block.

Vice Mayor Pruette added that the City Manager would be allowed to find an alternate location if necessary.

Moved by Pruette, seconded by Pardee.

Motion: **TO ALLOW THE TOWN CENTER TO PLACE A STRUCTURE OF A JAGUAR IN TOWN CENTER.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Elections

CERTIFICATE OF THE BOARD OF CANVASSERS: City Clerk Lisa Volpe stated it was necessary for Council to certify the election although the candidates for election ran unopposed.

Moved be Pruette, seconded by Pardee.

Motion: **TO CERTIFY THE BOARD OF CANVASSERS.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

City Clerk Volpe reminded Council the next regular council meeting would be held Monday, December 4th at 6:00 p.m. and the meeting for swearing in the new council would be held Tuesday, December 5th at 8:00 p.m. She would ask Council if they felt a December workshop meeting would be necessary at the regular meeting.

Adjournment

There being no further business, the meeting adjourned at 7:20p.m.

Richard Brown, Mayor

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- Director of Public Services Leon Smith updated the Council on the construction at Fifth Avenue and Florida Boulevard.
- Building Official Don Ford updated the Council on the JTA construction project on Atlantic at the marshland.
- Senior Center Direction Leslie Lyne explained the Holiday in the Park event would be held this Friday, December 1, 2006. The festivities would begin at 6:00 p.m.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Ord. No. 2006-xx
Flooded streets

ORDINANCE NO. 2006-XX, FLOODED STREETS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA ADDING SECTION 22-3 FLOODED STREETS – SPEED RESTRICTIONS.

Chief Sembach stated this ordinance was to stop people from driving up and down the street who had no other purpose than to make waves that could have a detrimental effect on homes.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING FOR FIRST READ.**

Ord. No. 2006-xx
Docks

ORDINANCE NO. 2006-XX, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS; AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 ARTICLE IV, LAND USE, ADDING SECTION 27-243, PROTECTION OF ENVIRONMENTALLY SENSITIVE LANDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon suggested the following changes:

Section 27-243(c)(1) Before a building permit is issued, construction plans for docks shall be submitted for development review. Such permit shall be contingent upon receipt of federal and state approval.

Section 27-243(c)(2) No dredging of marshlands outside channeled banks at mean high water shall be permitted to accommodate dock construction or to facilitate boat access to docks.

Councilor Pardee was concerned about legal issues and felt City Attorney White needed to review the ordinance before Council action.

Consensus: **HAVE THE CITY ATTORNEY REVIEW THE ORDINANCE AND FORWARD TO THE NEXT WORKSHOP.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Zoning Change

REQUEST FOR ZONING CODE CHANGE: Mr. Mack McCuller, attorney representing 2100 Florida, LLC, the property owner of 2100 Florida Boulevard, explained the owner was requesting a zoning change in order to use the property for a vehicle repair service. The property was previously occupied by a boat repair shop, but the current zoning for the property excluded the use of a motor vehicle repair service.

City Clerk Lisa Volpe stated this would require an ordinance change to allow the use of a vehicle repair service as an exception in the C-2 district.

Council voiced concern relating to the appearance of the property, noise, hours of operation, and disposal of chemicals.

Councilor Weldon stated the area was becoming more residential and he was concerned about the vehicle repair service shop being located in a surrounding residential area.

Councilor Pardee commented that the business would be a welcome addition as long as certain conditions were met.

Mr. McCuller explained the property owner would be happy to work with conditions set forth by the Council.

Councilor Weldon requested that the Planning the Development Review Board discuss the zoning change and make their recommendation to Council.

Consensus: **SEND TO THE PLANNING AND DEVELOPMENT REVIEW BOARD FOR REVIEW AND RECOMMENDATION.**

Public Art

PUBLIC ART DISPLAY: Vice Mayor Pruette explained the Town Center Agency would like to sponsor a Jaguar sculpture. They were asking permission to place the sculpture on the city right-of-way immediately west of the A.T.M. on the south side of Atlantic Boulevard, in the 200 block.

Amy Roberts, representative of and member of the Town Center Agency, added that the sculpture would be based on a mermaid theme. It would remain in place for approximately five months before it would be auctioned off for charity.

Consensus: **TO ALLOW THE SCULPTURE OF THE JAGUAR TO BE PLACED IN THE TOWN CENTER.**

Adjournment

There being no further business, the meeting adjourned at 7:10 pm.

Richard A. Brown, Mayor

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and led the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown and Councilor Lee presented a Proclamation to Christopher Ward Walter recognizing him for attaining the rank of Eagle Scout.

APPROVAL OF MINUTES

Moved by Lee, seconded by Weldon.

Councilor Weldon asked to amend the motion on page four of the Regular Council Meeting Minutes to add the word "guidance" after the word "bulk".

Councilor Pardee asked to amend his statement on page three of the Regular Council Meeting Minutes from "~~104~~ citizens to 194 citizens."

Motion: **TO APPROVE THE FOLLOWING MINUTES AS AMENDED:**

SEPTEMBER 11, 2006, SPECIAL COUNCIL MEETING
SEPTEMBER 11, 2006, REGULAR COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown announced that the City of Jacksonville would be taking action on October 9th to approve \$100,000 toward the funding of the new Kings Road Bridge.

CITY MANAGER REPORT

City Manager Jarboe reported there were 2,098 building inspections, 487 plan reviews, 1,543 permits issued, and 171 tree permits issued for the FY 2005/2006.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, thanked the Council for representing Neptune Beach.

Lynda Padrta, 1113 First Street, voiced concern about loose animals and also thanked the Council for representing Neptune Beach.

ORDINANCES

Ord. No. 2006-21 **ORDINANCE NO. 2006-21, ABANDONING A PORTION OF PRADO FERRER, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ABANDONING, VACATING AND CLOSING A PORTION OF PRADO FERRER; AND ESTABLISHING AN EFFECTIVE DATE.**

Mayor Brown read Ordinance No. 2006-21 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Lee.

Motion: **TO ADOPT ORDINANCE NO. 2006-21 AS AMENDED ON SECOND READ AND PUBLIC HEARING.**

Councilor Weldon noted the amendment "that the property would revert back to the city if not used by the development" recommended by Councilor Pardee was included in the ordinance.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED

Ord. No. 2006-22

ORDINANCE NO. 2006-22, ANIMALS CAUSING INJURY, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ADDING SECTION 6-17 ANIMALS CAUSING INJURY.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2006-22 ON FIRST READ.**

Councilor Weldon recommended the following change :(c) Definition of Injury by an Animal. An injury by an animal is defined as a wound or other harm to a person or another animal inflicted or caused by an animal.

Councilor Pardee felt it was important to inform citizens of the ordinance. City Manager Jarboe stated it would be posted in the monthly newsletter and on the website.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED**OLD BUSINESS**

Caribbee Key

CARIBBEE KEY LEASE AGREEMENT: Consider approval of a new sidewalk lease agreement for Caribbee Key.

Mayor Brown explained the restaurant owners requested to defer the lease agreement due to organizational changes.

Consensus: **TO DEFER THE LEASE AGREEMENT AT THE REQUEST OF THE RESTAURANT OWNERS.**

Generators

GENERATORS FOR THE WATER PLANT AND THE CITY YARD: Consider approval of purchasing generators for the Water Plant and the City Yard.

City Manager Jarboe explained the J.E.A. contract price for generators was actually \$15,000 higher than the original bid received from Zabatt. Therefore instead of piggybacking off of the J.E.A. contract he recommended the bid be awarded to Zabatt.

Moved by Pruette, seconded by Pardee.

Motion: **TO AWARD THE BID FOR GENERATORS TO ZABATT.**

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown
Noes: 0

MOTION CARRIED**NEW BUSINESS / NONE**

OPEN DISCUSSION

Councilor Lee asked Chief Sembach if he was comfortable with the Emergency Management Plan. Chief Sembach responded he felt comfortable with the plan.

Councilor Weldon asked Senior Activities Center Director Leslie Lyne to give an update on the 75th Anniversary Celebration. Mrs. Lyne stated the programming was almost completed. She had 10 bands lined up to perform, the JTA Trolley would provide transportation from parking areas, and several vendors were signed up for booths. Also local photographer Linda Olson has designed t-shirts for the event.

Adjournment

There being no further business, the meeting adjourned at 7:40 p.m.

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m.

Docks

PETITION FOR INDIVIDUALS TO CONSTRUCT DOCKS OVER CITY MARSH LAND: City Manager Jarboe explained Greg Stang and David Johnson, both residents of Nightfall Drive, had requested to reconstruct their docks. Approval from the Council was necessary because according to the property appraiser's office the docks would be located on city property.

City Attorney White stated he could not locate any evidence that the property was ever conveyed to the City. He suggested that he and the City Manager investigate and determine the ownership of the property.

Both applicants had obtained permits from the Department of Environmental Protection and the Army Corp of Engineers. They also presented surveys, plans, and photographs of the project to the Council.

Mr. Wright, attorney for Mr. Gary Kirkland, a resident of Indian Woods Drive, stated Mr. Kirkland was told he could not build a dock over the city owned property. He conducted a title search and also could not find any indication that the city owned the property. He had since been waiting for a response from the City Attorney in order to move forward.

Council advised Mr. Kirkland to obtain proper permits, surveys, plans, and return the Council for approval of his dock.

Moved by Weldon, seconded by Pruette.

Motion:

TO APPROVE RECONSTRUCTION OF DOCKS FOR MR. STANG AND MR. JOHNSON.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:35 p.m.

Wal-Mart

City Attorney Chris White explained Lakeshore Village filed a Request for Relief pursuant to the Florida Land Use and Environmental Dispute Resolution Act. The statute establishes a non-judicial settlement procedure that a private property owner could use to seek relief from a governmental decision that unfairly or unreasonably restricts the landowner's use of his property. He and Karl Sanders, Attorney for Lakeshore Village, agreed to employ the services of Special Master Carlos Alvarez to preside over the proceeding. He requested holding the proceeding at the Beaches Public Library for the convenience of our citizens; however Mr. Sanders requested the proceedings be held at the Florida Coastal School of Law. The date and location of the proceedings would be forthcoming.

City Manager Jarboe stated the surrounding property owners had been properly noticed of the proceeding. Mr. White informed that if those property owners wanted to speak during the proceedings they would need to file a request to participate. It would then be the decision of the Special Master whether or not they were allowed to participate.

City Attorney White advised this type of hearing did not allow for the Council to hold a shade meeting. He asked council members to call him directly if they had any questions.

Councilor Pardee asked the Council to be cognizant of Section 2-236. City to provide attorney; exception; recovery or reimbursement of fees.

Consensus: **TO EMPLOY THE SERVICES OF SPECIAL MASTER CARLOS ALVAREZ TO PRESIDE OVER THE PROCEEDING AND PAY FOR HALF THE COST.**

PRESENTATIONS

Town Center
Overlay Dist.

TOWN CENTER AGENCY PRESENTATION ON THE PROPOSED TOWN CENTER OVERLAY DISTRICT: Neil Falloon, owner of Hibernia and Michael Dunlap, local architect gave a presentation on the proposed Town Center Overlay District.

Consensus: **CITY MANAGER JARBOE TO MEET WITH ATLANTIC BEACH CITY MANAGER JIM HANSON REGARDING THE TOWN CENTER OVERLAY PROPOSAL AND REPORT BACK TO THE COUNCIL.**

COMMITTEE REPORTS / NONE**CITY MANAGERS ACTION LIST**

City Manager Jarboe reported on the following:

- The underground electric conversion by Beaches Energy was now 40% completed.
- The Interlocal Agreement with the City of Jacksonville for assistance in constructing the new Kings Road Bridge has been approved.
- Notification of the "Request for Relief" by Lakeshore Village has been sent out to the surrounding property owners.
- The 75th Anniversary Celebration was this coming weekend.
- Fletcher High School had their Homecoming Parade this afternoon without incident.
- The funds for the budget were coming in slowly therefore pending projects would begin as funds were received.
- The drainage project at Fifth Street and Seagate Avenue had some issues that have been resolved and the project continues to move forward.

PUBLIC COMMENTS

Michael Aston, 1523 Summer Sands Drive, felt the timing was right to consider the Town Center District Overlay.

PROPOSED ORDINANCES / NONE**CONTRACTS / AGREEMENTS / NONE****ISSUE DEVELOPMENT**

Long Range Vision
Planning

LONG RANGE VISIONING – COUNCILOR LEE: Councilor Lee gave a presentation on a 25 year – Long Range Visioning Plan for the city, looking ahead to the 100th Anniversary of the city. He asked Council to give him feedback before the next meeting.

6:00 p.m.
Council Mtgs.

CITY COUNCIL MEETINGS STARTING AT 6:00 P.M.: Mayor Brown suggested calling to order all future council meetings at 6:00 p.m. in lieu of the present 7:00 p.m. start time.

Councilor Weldon was concerned there may not be enough time for those residents working in the downtown area to arrive at City Hall before 6:00 p.m. He suggested beginning the meetings at 6:00 p.m., for a certain period of time, on a trial basis.

Councilor Weldon also recommended that public comments come before presentations on the agenda so that citizens would not have to sit through long presentations before

speaking to the Council.

Consensus: **TO BEGIN ALL COUNCIL MEETINGS AT 6:00 P.M. ON A TRIAL BASIS UNTIL THE END OF THE YEAR.**

Clerks Salary

CITY CLERK SALARY INCREASE: A RESOLUTION INCREASING THE SALARY OF THE CITY CLERK OF NEPTUNE BEACH.

Councilor Weldon questioned the current amount of the Clerk's salary. City Clerk Lisa Volpe replied her current annual salary was approximately \$47,000 and the requested 5% would increase her annual salary to approximately \$49,000.

City Manager Jarboe advised the salary increase would be retroactive from October 1, 2006.

Consensus: **FORWARD THE RESOLUTION TO INCREASE THE CITY CLERK SALARY TO THE NOVEMBER CONSENT AGENDA.**

Adjournment

There being no further business, the meeting adjourned at 8:12 pm.

- Wes Gibbs, 1501 First Street, Neptune Beach
- Jerry Albert, 1415 Big Tree Road, Neptune Beach
- Ronda McDonald, 515 Third Street, Neptune Beach
- Joan Hutchinson, 1100 Seagate Avenue, Neptune Beach
- Marsha Coker, 206 Margaret Street
- Neil McGuinness, 1629 Beach Avenue, Atlantic Beach
- Lori Armstrong, 400 Garden Lane, Atlantic Beach
- Neal Hutchinson, P. O. Box 51494, Jacksonville Beach
- Linda Banister, 826 Thirteenth Avenue North, Jacksonville
- Denise Rubin, 229 Pine Street, Atlantic Beach
- Alan Martin, 1113 First Street, Neptune Beach
- Rose Marie Campbell, 1412 Strand Street
- Alice Conte, 805 Cherry Street, Neptune Beach
- Catherine Davidson, 1913 Sevilla Boulevard West, Atlantic Beach
- Everett Crain, 146 Sand Castle Way, Neptune Beach
- Jennifer Lavore, 120 Cherry Street, Neptune Beach
- Joe Quest, 960 Hagler Drive, Neptune Beach

The following citizens spoke in favor of the Wal-Mart Development Order.

- Michael Plasker, 1 Brookhaven Drive, Unit 302, Atlanta, Georgia
- Dana Pardee, 1421 Penman Road, Neptune Beach

There being no further comments the public hearing was closed.

NEW BUSINESS

Agenda
Amendment

Mayor Brown amended the agenda to move Development Order PDRB06-06 forward.

PDRB06-06
630 Atlantic Blvd.

DEVELOPMENT ORDER PDRB06-06 – 630 ATLANTIC BOULEVARD – WAL-MART – LAKESHORE VILLAGE: Consider approval of development order PDRB06-06 for Wal-Mart, 630 Atlantic Boulevard, for proposed construction of a 117,000 square feet retail center for use as Wal-Mart Supercenter.

City Attorney White asked City Clerk Lisa Volpe to swear in all witnesses. City Clerk Volpe swore in the witnesses.

Karl Sanders, attorney and representative for Wal-Mart, stated the decision regarding the development order should be based on the current laws in the Code, not the citizens opposition of Wal-Mart, the proposed user of the property.

Mr. Sanders cited Section 27-223 of the Code. Regulations to apply uniformly throughout zoning district. The regulations for each zoning district as contained in this Code shall apply uniformly to each structure and use and to all land and water within the boundaries of the zoning district.

Mr. Sanders submitted exhibits of traffic studies conducted by CPH Engineers and Beachside Engineering, as evidence.

City Attorney White questioned if those exhibits included the study conducted by the Florida Department of Transportation. Mr. Sanders responded no they did not. City Attorney White stated the City would then submit the traffic study conducted by the Florida Department of Transportation as evidence.

Mr. Sanders asked Council to disclose any ex parte communications.

Councilor Weldon disclosed he had spoken to constituents regarding their opinions and gathered evidence regarding the development application.

Vice Mayor Pruette disclosed she had spoken to constituents, some in favor of the development, and some opposed to the development. She specifically mentioned she had spoken with Jack Proctor, Proctor Ace Hardware.

Mayor Brown disclosed many e-mails and letters had been received and copied to the Council by the City Clerk's Office. He had also received voice mails left on his home telephone asking him to vote no on the development order.

Councilor Lee disclosed he also had discussions with citizens via telephone and e-mails.

Councilor Pardee disclosed he had researched concurrency issues. He heard opposition from approximately 194 citizens, which was approximately 2% of the population of the city.

Mr. Sanders questioned if Council had discussions with the city staff regarding the development order.

Council replied with a unanimous yes.

Mr. Sanders questioned if council members had discussed the application with City Attorney White. Council replied with a unanimous yes.

Mr. Sanders called on witness Richard McCoven, Senior Traffic Engineer for CPH Engineers, 6675 Corporate Center Parkway, Jacksonville, Florida.

Mr. Sanders questioned Mr. McCoven regarding the traffic study prepared by CPH Engineers.

Mr. Sanders questioned City Manager Jarboe regarding Article VI. Concurrency. City Manager Jarboe replied in his opinion the development order did not meet any exemptions based on the number of proposed daily trips.

Mr. Sanders asked City Manager Jarboe if the city required Ace Hardware on Atlantic Boulevard to conduct a traffic study prior to their expansion. City Manager Jarboe stated the Ace Hardware property had vested rights and a traffic study was not required.

Mr. Sanders asked City Manager Jarboe if the Aqua East Surf Shop expansion was a legally conforming structure and if it was required to be setback 50 feet from Atlantic Boulevard. Mr. Jarboe replied the city was in the process of hiring a new Community Development Director and he would have to research the answer to the question.

Recess/Reconvene Mayor Brown called a recess at 9:10 p.m. and reconvened the meeting at 9:30 p.m.

City Attorney White stated he may not have disclosed earlier that he had met with each council member and Brenna Durden, Land Development Attorney, regarding the development order application, and would now like to disclose that information.

Mr. Sanders continued to question City Manager Jarboe regarding concurrency.

Michael Plasker, owner of the property, stated the current shopping center was 150,000 square feet and the proposed Wal-Mart would actually reduce the overall size of the building to 117,000 square feet.

Mr. Steve Bollock, attorney for Mr. Plasker, stated as the owner of the property Mr. Plasker had vested rights and Council should not be swayed by the constituents but should base their decision upon the laws and evidence presented, and thereby grant the development order.

A question and answer period ensued between the Council, Mr. Plasker, Mr. Bollock and Mr. Sanders regarding traffic and the level of service requirements of Atlantic Boulevard.

Ms. Martha Moore, Beachside Engineering, answered questions from Mr. Sanders and the Council regarding the traffic study she conducted for the city.

Mr. Karl Sanders stated the applicant met all Code requirements and asked the Council to apply the laws equally and grant the development order.

Moved by Pardee.

Motion: **TO APPROVE THE DEVELOPMENT ORDER.**

MOTION FAILED FOR LACK OF SECOND.

Moved by Weldon, seconded by Pruette.

Motion: **TO DENY THE APPLICATION PDRB06-06 BASED ON THE FAILURE TO MEET LEVEL OF SERVICE REQUIREMENTS OF THE COMP PLAN AND FAILURE TO CONFORM TO SCALE MASS AND BULK GUIDANCE OF THE CODE 27-222; AND FURTHER IN ACCORDANCE WITH SEC. 27-82(h)(2) TO REFUSE TO ISSUE A FINAL DEVELOPMENT ORDER IF IT IS NOT POSSIBLE FOR THE PROPOSED DEVELOPMENT, EVEN WITH REASONABLE MODIFICATION, TO MEET THE REQUIREMENT OF THIS CODE.**

Councilor Pardee was concerned if the development was denied due to the concurrency there could not be additional traffic in the future for future development orders.

SPECIAL CITY COUNCIL MEETING
SEPTEMBER 11, 2006 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held September 11, 2006 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Senior Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting was to consider the following ordinances.

Ord. No. 2006-18

ORDINANCE NO. 2006-18, FINAL MILLAGE RATES, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, ADOPTING FINAL MILLAGE RATES AND LEVYING AD VALOREM TAXES FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2006, AND ENDING SEPTEMBER 30, 2007; SETTING FORTH CERTAIN INFORMATION REGARDING "ROLLED BACK RATES"; DIRECTING THE CITY MANAGER TO ADJUST THE ADOPTED RATES IN THE EVENT OF CHANGES IN THE ASSESSMENT ROLL AND TAXABLE VALUE; PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2006-18 by title only and opened the public hearing.

Ed Vasso, owner of a vacant lot in Neptune Beach, felt his taxes were too high for an empty lot.

Wendy Griffis, 1036 Buddy Crout Lane, stated her tax bill increased 35% from last year. Finance Director Steve Ramsey explained the lot was empty last year and now that there was a house on the lot the assessment was higher.

Jeffrey Will, 218 Florida Boulevard, stated his tax bill more than doubled going from \$1,300.00 to \$2,300.00. City Manager Jarboe explained this was most likely due to the owner not being able to homestead the other half of the duplex.

There being no further comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO PASS ORDINANCE NO. 2006-18 ON FIRST READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2006-19

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette disclosed she had spoken with Mr. Jonathon Plumb regarding his development order.

Vice Mayor Pruette stated the United States Post Office agreed to place a collection box in the Town Center area later this month.

Councilor Weldon disclosed he had spoken with Mr. Plumb regarding his development order at 2109 Atlantic Boulevard.

Councilor Lee disclosed he had spoken to a representative for the Neptune Mall regarding their development order at 241 Atlantic Boulevard.

Councilor Pardee disclosed he had spoken with a representative for Benchmark regarding their development order at 2109 Atlantic Boulevard.

City Clerk Lisa Volpe suggested rescheduling the September workshop meeting from the 18th to the 25th due to the Jaguars Monday night home game and to have an extras week between meetings.

Consensus: **TO SCHEDULE THE SEPTEMBER WORKSHOP COUNCIL MEETING FOR THE 25TH.**

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- The drainage system was overworked after a rainstorm last week and there were problems with trucks creating wakes. He felt the flooding would have been worse if the tide had not been low at the time.
- He was concerned about the safety issues of trees located in the city rights of way after two large trees fell last week.

PUBLIC COMMENTS

Joe Quest, 1501 Atlantic Boulevard, thanked the Council for considering Ordinance No. 2006-10.

Chris Oakey, 620 Camellia Terrace, voiced concern regarding the enforcement of ordinances previously adopted.

MOITON CARRIED

NEW BUSINESS

PDRB06-02
2109 Atlantic Bl.
Benchmark

DEVELOPMENT ORDER PDRB06-02, 2109 ATLANTIC BOULEVARD, BENCHMARK COMMERCIAL GROUP: Consider approval of development order for Mr. Jonathan Plumb, Benchmark Commercial Group to construct a 24,400 square foot office building and request to abandon the remainder of Block 3 of Prado Ferrer Grant.

Mr. Jonathan Plumb, Benchmark Commercial Group, explained the proposal was to build a 25,000 square feet professional office building of modern design. They would also be constructing a two

lane road for approximately 300 feet ending in a cul-de-sac at the north end of Marsh Point Road and landscaping the right-of-way. In return for the construction cost of approximately \$72,000 for the roadway they request that the city deed over a portion of an alleyway for the development of the site.

Councilor Weldon questioned how many parking spaces would be provided. Mr. Plumb replied there would be 63 onsite parking spaces and 10 offsite parking spaces in the right of way on Marsh Point Road.

Councilor Lee questioned the height of the building. Mr. Plumb replied the building height was just under the 35' height limit at 34'8".

Councilor Pardee was concerned the monument sign may obstruct traffic. Mr. Plumb responded the sign would be 8' x 10', would be placed in front of the building, and would not obstruct traffic.

City Clerk Lisa Volpe stated the Council would need to adopt an Ordinance to abandon the property. The first reading would be at the September regular meeting and the second reading and adoption would take place at the October regular meeting. City Attorney White stated the applicant could apply for the building permit and proceed with construction while the abandonment ordinance was going through the process.

City Attorney White explained to Mr. Plumb the city needed a survey and description of the property in order to draw up the ordinance for the abandonment of the property. Mr. Plumb stated the survey and title search on the property was completed and had been turned in to the building department.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE PDRB06-02, 2109 ATLANTIC BOULEVARD, BENCHMARK COMMERCIAL GROUP AND DIRECT STAFF AND CITY ATTORNEY WHITE TO PREPARE AN ORDINANCE FOR THE ABANDONMENT OF THE PROPERTY RELATED TO THE SITE.**

Councilor Lee questioned the concurrency issues. City Manager Jarboe responded the project met all concurrency requirements. The project did not reach the number of trips required to have a traffic impact study.

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

MOTION CARRIED

Recess/Reconvene Mayor Brown called a recess at 8:00 p.m. and reconvened the meeting at 8:10

PDRB06-08
241 Atlantic Blvd.
Southcoast **DEVELOPMENT ORDER PDRB06-08, 241 ATLANTIC BOULEVARD, SOUTHCOAST BEACHES, LLC:** Consider approval of development order for Southcoast Beaches LLC, to construct a two story building for retail sales on the first floor and office spaces on the second floor and consider allowing the balconies to extend over city right of way.

Lindley Tolbert, representing Southcoast Beaches, LLC, explained the concept of the project was to demolish the existing Neptune Mall and construct a 14,404 square feet two story commercial building to provide for retail sales on the first floor and office space on the second floor. The building would be positioned on the lot further to the east to provide a larger buffer zone on the west side abutting Second Street.

Vice Mayor Pruette questioned the amount of parking spaces that would be provided. Ms. Tolbert responded the property owned by Southcoast Capital currently had more parking spaces than the Code required for the existing retail and restaurant establishments in Town Center. They had a

total of 134 parking spaces of which they were only required to provide 86 spaces. However, they would be removing 12 of the current parking spaces in the lot to create another avenue for entering and exiting the existing parking lot. Three additional parking spaces would be added on the Atlantic Boulevard side in the city right-of-way.

Council Weldon asked if the 86 parking spaces were utilized by the properties owned by Southcoast Capital on the Atlantic Beach side of Atlantic Boulevard. Ms. Tolbert replied those spaces were not supposed to be used by those establishments. The properties on the Atlantic Beach side supported themselves for parking through the City of Atlantic Beach and had nothing to do with Neptune Beach.

Councilor Weldon again questioned if any of the 86 parking spaces in the parking lot in Neptune Beach were used to justify the developments in Atlantic Beach. Ms. Tolbert replied they were not used to justify those developments. However, they could not prevent people that were visiting other establishments from parking in their parking lot.

Vice Mayor Pruette pointed out that the signs in the parking lot allowed parking for Ragtime and other establishments on the Atlantic Beach side of Atlantic Boulevard. Ms. Tolbert replied that was because Southcoast Capital owned those buildings.

Councilor Weldon stated the plans required the removal of 12 parking spaces on the east side, 6 or 8 spaces on north side, and 8 or 10 more on the west side of the building. Ms. Tolbert explained the current building has 8 parking spaces plus the 13 spaces in the city right-of-way on the west side. They intended to remove those 13 spaces in the right-of-way and landscape that area. They also would be adding 22 parking spaces behind the building and the Code only required 21 spaces.

Councilor Weldon stated that created a net loss of 11 parking spaces in the Town Center area. Ms. Tolbert replied the net loss was actually 12 spaces.

Councilor Weldon agreed it was a nice project and he would like to see that type of building in Town Center, however, he could not support a project that would decrease the amount of parking in the Town Center area.

Councilor Weldon suggested one solution for the parking problem would be to build a parking garage in Town Center. He felt the city would be amenable to the idea of finding a way to make it attractive to Mr. Lovett and other potential partners.

Mr. Rad Lovett, Southcoast Beaches, LLC, stated the reality was that Southcoast Capital provided parking for the majority of the customers visiting Town Center establishments.

Councilor Weldon stated the city needed people in the community like Mr. Lovett to help solve the parking problem in the long term or it would get even worse.

Mr. Rad Lovett, Southcoast Beaches, LLC, pointed out the parking for the new retail and office building would mainly be used during daytime hours, making the spaces available for restaurant establishments during the evening hours.

Councilor Weldon asked if a parking garage would be totally unfeasible. Mr. Lovett asked William Ebert, ENB Architects to address the question.

Mr. William Ebert, ENB Architects, stated the cost to construct a parking garage would be approximately \$8,000 to \$10,000 per parking space.

Councilor Weldon asked if the community were to find a way to support the development of a parking garage would it be feasible to build one providing retail sales on the first floor of the building.

Mr. Lovett replied the City of Jacksonville provided incentives for developers in downtown Jacksonville for building parking garages. In order to meet the scale of a parking garage a larger

piece of property would be necessary and he did not own a larger property in Town Center.

Mr. William Ebert advised they had studied the possibility of building a parking garage. The most efficient way to build one would be to build two 60 feet wide bays totaling 120 feet wide, with 90 degree parking spaces. The Lemon Street lot was only 100' feet wide so it would not work efficiently.

Ms. Tolbert reiterated they only needed to provide 21 parking spaces by Code and their development order provided 22 parking spaces for the building. They wanted to position the building more toward the east in order to add a sidewalk and landscaping to make it pedestrian friendly. She added that theoretically they had 48 more spaces than they needed.

Mayor Brown asked if there was anyway to salvage those 12 parking spaces and still make the project attractive. Mr. Lovett stated they would consider repositioning the building more toward the west building restriction line. There would not be much space left for landscaping but there would still be enough room on the right-of-way to put in a sidewalk.

Ms. Tolbert stated another option would be to charge for parking or have people prove that they were visiting those properties that the parking provided for.

Vice Mayor Pruette questioned if Southcoast Capital owned the parking lot on Lemon Street. Mr. Lovett replied Ed Jones currently owned the property. Southcoast Capital had a long term lease agreement on the lot with an option to purchase in the year 2022.

Councilor Lee voiced concern about Southcoast Capital using a leased parking lot to meet the parking requirements. Mr. Lovett responded that it was certainly their intention to purchase the property at the end of the lease.

Councilor Pardee inquired as to how late the retail stores would stay open. Ms. Tolbert replied the retail stores would close around 8:00 p.m. Councilor Pardee asked if any of the parking spaces would be reserved. Ms. Tolbert replied if they were reserved they would only be reserved during certain daytime hours. Councilor Pardee was also concerned about the liability of the balconies on the north side of the building hanging over onto the city right-of-way, and where the water collected on the balconies would drain. Mr. Lovett replied the balconies were mainly for aesthetic appeal, they would only be 4' feet and there would be gutters on the roof of the building. Mr. Lovett acknowledged the Planning and Development Review Board also had concerns regarding the cities liability of the balconies on over the right-of-way.

City Attorney White stated the city allowed Caribbee Key to have the overhang on the city right-of-way.

City Manager Jarboe stated if the development order were approved he would require Southcoast to provide insurance indemnifying the city from any liabilities. He was also concerned about drainage off of the balconies and he felt the parking spaces should not be reserved. Ms. Tolbert explained the spaces would only be reserved Monday through Friday 9:00 a.m. to 7:00 p.m. Mr. Jarboe also voiced concern over the parking lot being leased and not owned by Southcoast.

City Attorney White explained the primary issue was the parking requirements were determined using a leased parking lot of which the city had no control over. The Council could approve the development order using the leased parking lot but would have no control over what happened in the future. Ms. Tolbert explained it would not be a smart business move on their part if they did not purchase the property.

Vice Mayor Pruette asked if they had included the outdoor dining area for Sunni Caribbee in the parking lot count. Mr. Lovett replied they did not consider parking for it because it was not his decision to allow the outdoor dining.

Councilor Weldon asked if Southcoast had any plans to expand their establishments in Town Center. Mr. Lovett answered no they did not.

Mayor Brown stated the applicant had the parking spaces that the Code required. He added they were just as much concerned about the parking issue as the city because they had a lot at stake in Town Center.

Mayor Brown asked if the Council would consider Mr. Lovett's suggestion of repositioning the building toward the west of the lot.

Councilor Pardee suggested a one story building would required less parking spaces. Ms .Tolbert stated they had enough parking spaces to meet the Code requirements.

Councilor Lee asked if Southcoast would be willing to sign an agreement relieving the city of any liability for the balconies. Mr. Lovett replied that he would sign such an agreement.

Councilor Lee questioned if the development order met the concurrency requirements. City Manager Jarboe replied the proposed development did not require a traffic study because it was under the threshold of 500 average daily trips or 50 daily trips at peak hours.

Councilor Weldon asked if the parking spaces would be standard size. Ms. Tolbert replied they would all be standard size with the exception of one handicap space.

Councilor Weldon asked if they could move the building toward the west of the lot leaving the 12 existing parking spaces. Ms. Tolbert stated that was a possibility.

Mr. Lovett stated to shift the building to the west the building would have to be smaller than he intended, but he could try to make it work. It would give back 9 spaces to the parking lot and the 3 spaces on the Atlantic Boulevard side would remain for a total of 12 more parking spaces leaving a zero net loss.

Mayor Brown asked the Council if they would consider having Mr. Lovett rework the plans and present them at the August workshop meeting.

Mr. Lovett asked if he would have to go back before the Planning and Development Review Board. City Attorney White advised that he would not need to go back before the Board.

Mr. Lovett stated it would be in the best interest of everyone if he could save the parking spaces and he would be happy to see if he could make that work.

Consensus: **TO RETURN TO THE AUGUST WORKSHOP MEETING WITH A REVISED PLAN.**

Adjournment

There being no further business, the meeting adjourned at 9:12 p.m.

Richard A. Brown, Mayor

**MINUTES
WORKSHOP CITY COUNCIL MEETING
AUGUST 21, 2006 AT 6:36 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held July 17, 2006 at 6:36 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Senior Center Activities Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- An Ordinance amending the FY2006 budget was on the agenda.
- Funding for the Kings Road Bridge was secured with the Department of Transportation and waiting for approval from the City of Jacksonville.
- Staff was still working on the conversion and the training process on the new computer system.
- The nitrogen removal demonstration project for the wastewater plant was ongoing. Once completed a demonstration would be given to the Council.
- The capital improvements were included in the FY2007 budget and the first hearing was scheduled for September 11, 2006.

Councilor Lee questioned when the drainage improvements at Florida Boulevard and Fifth Street would begin. Public Services Director Leon Smith responded the project would begin in about one month.

Mayor Brown commended Public Services Director Leon Smith and the employees of the Public Services Department for their efforts in initiating the nitrogen system process. City Manager Jarboe stated the in-house project would save the city around 3 million dollars.

Councilor Pardee recognized the City Clerk's Office for placing all backup paperwork for council meeting agendas on the website. The backup information was now available to the public online.

PUBLIC COMMENTS

Hank Wilkinson, 203 North Street, suggested increasing animal citation fines for unleashed dogs.

Sheri Nicholson and her son Daven, 222 Oleander Street, favored the city contributing to the Neptune Beach Elementary School handicap playground.

Allison Moore, 401 McCollum Circle, supported the city contribution for the Neptune Beach Elementary School handicap playground.

Stephen Carter, 1723 Indian Woods Drive, supported placing speed humps on Forest Marsh Drive and Indian Woods Drive.

Scott Adeeb, 1507 Kings Road, supported the speed hump placement.

Bennie Furlong, 1820 Tanglewood Drive, Jacksonville Beach, supported the city contributing to Dial-a-Ride.

Susan Bolenbaugh, 2022 Shadow Lane, informed the Council she was impressed with Waste Pro when an employee could not find her trash cans and came to her door one morning to find out where they were located.

There being no further comments from the public, the public hearing was closed.

PROPOSED ORDINANCES

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, AMENDING FY2006 BUDGET: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2006, BEGINNING OCTOBER 1, 2005 AND ENDING SEPTEMBER 30, 2006.

Consensus: **FORWARD TO THE SEPTEMBER 11, 2006 REGULAR COUNCIL MEETING.**

CONTRACTS / AGREEMENTS

Caribbee Key

CARIBBEE KEY SIDEWALK LEASE AGREEMENT: Mr. John Bracato stated the outdoor seating had been well received by the public for the past two years and asked the Council to consider extending the sidewalk lease agreement for a period of one year.

City Manager Jarboe suggested amending the lease agreement to have Caribbee Key pressure wash the sidewalk area every six weeks. He also recommended placing a railing along the poles in an effort to control the boundary lines.

Councilor Weldon felt the planters currently identifying the outdoor seating area were appealing and requested the Council be able to approve the design of any railing.

Mr. Brocato stated he would work with the city to insure the boundary identification was attractive.

Vice Mayor Pruette recommended raising the rent 5%.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING FOR APPROVAL WITH RECOMMENDED CHANGES.**

ISSUE DEVELOPMENT

PDRB06-08
241 Atlantic Blvd.

DEVELOPMENT ORDER PDRB06-08, 241 ATLANTIC BOULEVARD, SOUTHCOAST BEACHES, LLC: Consider approval of development order for Southcoast Beaches LLC, to construct a two story building for retail sales on the first floor and office spaces on the second floor and consider the balconies extending over city of way.

Mayor Brown stated due to concurrency concerns Mr. Rad Lovett would like to defer this development order until further notice.

Consensus: **TO DEFER PDRB06-08, 241 ATLANTIC BOULEVARD UNTIL FURTHER NOTICE.**

Speed Humps

SPEED HUMP PLACEMENT FOR INDIAN WOODS / FOREST MARSH / KINGS ROAD: City Manager Jarboe stated the residents of the area had met all requirements of the Speed Hump Policy. Chief Sembach felt the installation of speed humps may be justified at the following locations: 1) 1513 Indian Woods Drive, 2) 1710 Indian Woods Drive, 3) 1714 Indian Woods Drive, 4) 1407 Forest Marsh Drive, 5) 1422 Forest Marsh Drive.

City Manager Jarboe stated the speed humps would be installed according to budget and workload.

Chief Sembach recommended installing one speed hump at a time and measuring the traffic speed after each installation to see if more were necessary.

Mayor Brown suggested approving up to the number of humps recommended by Chief Sembach.

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING FOR APPROVAL.**

FY2007 Contributions **DONATIONS FOR FISCAL YEAR 2007:** Requests for contributions:

• Fireworks	\$ 5,000.00
• Playground (sidewalk)	5,000.00
• F.A.C.E.	1,775.00
• Beautification	1,000.00
• Beaches Resource Center	3,000.00
• Dial-A-Ride	<u>1,500.00</u>
Total Contributions	\$ 17,275.00

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING CONSENT AGENDA.**

Councilor Weldon asked that Council reserve the right to use discretionary funds for other contributions if they were deemed worthy. City Clerk Volpe stated this list was in the budget and did not need to be voted on separately.

Setback
Requirements

LOT FRONTAGE REQUIREMENTS: Mayor Brown asked Steve Jarrett, developer, to address the assembly.

Mr. Steve Jarrett stated the Code currently required lots to have 100 feet of street frontage in order to build up to the 35 feet height limit. He explained that some of the largest lots were on cul-de-sacs and did not have much street frontage. Therefore he asked Council to consider changing the Code from 100 feet of street frontage to 100 feet of frontage at the front building line.

Councilor Pardee stated the new Community Development Director was to begin employment in September and suggested Council wait to hear her recommendations on the matter.

Consensus: **FORWARD TO THE SEPTEMBER WORKSHOP AGENDA.**

Tree Ordinance

DISCUSSION OF CURRENT TREE ORDINANCE: Councilor Fred Lee questioned why the tree ordinance required property owners to obtain a tree permit to trim trees located on their property. He also questioned the requirements for the city to obtain the Tree City USA designation.

Discussion ensued regarding the reasoning for requiring property owners to obtain tree permits to trim and/or remove trees.

Vice Mayor Pruette felt property owners should be allowed to trim trees located on their own private property.

Councilor Weldon explained the city did not charge a fee for tree permits. Permits to trim trees were only necessary if the limbs were over 8 inches in diameter. The ordinance was in place to protect the city's tree canopy.

Visioning Workshop

VISIONING WORKSHOP: Councilor Lee stated he would like the city to hold a visioning workshop meeting with an outside mediator, first with the citizens and a separate one for the Council.

City Manager Jarboe stated the 2010 Comprehensive Plan needed to be reevaluated and a new Comprehensive Plan would need to be created in the near future.

Vice Mayor Pruette asked City Manager Jarboe to provide a list of what the city wished to accomplish from the previous visioning workshop and a list of what has actually been accomplished.

Animal Control

ANIMAL CONTROL FINES: City Manager Jarboe suggested Council consider adding language to the Code to provide that the owner or guardian of any unleashed animal that attacks, injures or endangers the lives of others be fined up to a maximum of \$500.00.

Councilor Pardee questioned if the fine would be implemented on private property. City Manager Jarboe replied this would only be implemented on city property.

Councilor Pardee felt the term "injury" needed to be defined.

Consensus: **TO HAVE THE CITY MANAGER DRAFT AN AMENDMENT AND CLARIFY "INJURY".**

City Clerk Lisa Volpe stated the meeting to approve the FY2007 Budget was scheduled for September 11, 2007 at 6:00, before the regular meeting. She suggested relocating to a larger facility for the regular meeting due to the expected crowd for the Wal-Mart hearing.

Consensus: **TO HAVE THE BUDGET MEETING AT 6:00 P.M. AT CITY HALL AND RELOCATE THE REGULAR MEETING TO NEPTUNE BEACH**

ELEMENTARY SCHOOL OR FLETCHER HIGH SCHOOL.

Adjournment

There being no further business, the meeting adjourned at 9:05 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pardee disclosed he had spoken with Karl Sanders regarding the Wal-Mart traffic study. He had also previously spoken with the property owners for the proposed Wal-Mart site.

City Clerk Volpe reminded the Council that the deadline to register for the Florida League of Cities Conference was Friday, July 21, 2006.

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- A meeting to review and discuss the General Fund Budget would be held before the July workshop.
- No flooding was reported during the previous rains.
- The resurfacing of the tennis courts in Jarboe Park was completed. He would like to thank City of Jacksonville Councilman Art Graham in writing.
- Construction of the headwall would soon begin at Fifth Street and Florida Boulevard.
- Testing of the nitrogen level for the wastewater plant was still in process.

PUBLIC COMMENTS

Sandy Leidy, 1810 Strand Street, opposed the proposed Wal-Mart development on Atlantic Boulevard.

Mark Hall, 1424 Bucknoll Cove, favored the Wal-Mart development adding that as a taxpayer he did not want to pay legal fees.

Rose Marie Campbell, 1412 Strand Street, was concerned because she had to stop the band from playing at her 4th of July party due to one complaint. She asked if there was a way she could prevent this from happening at future 4th of July parties.

JoAnne Hofmann, 130 Sand Castle Way, opposed the Wal-Mart development proposal. She also suggested that lifeguards have trash bags available for people to use to clean up the beach.

Noes: 0

MOTION CARRIED

Ord. No. 2006-13 ORDINANCE NO. 2006-13, REPEALING ORDINANCE NO. 2006-08, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA REPEALING ORDINANCE NO. 2006-08 AND AMENDING SECTION 27-222(2)(C) PURPOSE AND INTENT OF ZONING DISTRICTS; AMENDING SECTION 27-238 MAXIMUM LOT COVERAGE AND ADDING FOOTNOTE (6) TO TABLE 27-229-1 IN THE CODE OF ORDINANCES LIMITING FLOORSPACE IN C-1, C-2 AND C-3 ZONING DISTRICTS TO 60,000 SQUARE FEET AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2006- 13 by title only and opened the public hearing.

Mark Hall, 1424 Bucknoll Cove, favored the Wal-Mart proposal. He felt the city was in for a large legal situation if the Wal-Mart is denied. He added he did not want his tax dollars foolishly spent on legal fees.

Michael Aston, 1523 Summer Sands Drive, opposed the Wal-Mart proposal. He asked to see the difference in tax revenue if development was or was not approved.

Sandy Leidy, 1810 Strand Street, stated the majority of citizens opposed the Wal-Mart development.

Kathy Landgon, 110 Cherry Street, did not oppose the Wal-Mart development, but did oppose any 24 hour business operation.

There being no further comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2006-13, ON SECOND READ AND PUBLIC HEARING.**

Mayor Brown disclosed he had spoken with the property owners of the proposed Wal-Mart site regarding the agenda and procedures.

For the Record Councilor Pardee stated the following for the record:

With this 60,000 square foot ordinance and the additional notes, what's very important on that, nobody ever brings up the additional notes about the 1,000 feet between common businesses. The extent of the staff study that I asked for, I had to do a public records request just to get information on something I'm voting for, was an anti-Wal-Mart website called newrules.org. Which states on its website, "why new rules, because we don't like the old ones anymore." In fact staff had no recommendation to the planning board about the 60,000 square foot ordinance. I don't think we can completely understand the impact this will have on our existing and future property owners and retailers. There are currently about a dozen available empty retail spaces in Neptune Beach right now that are less than 60,000 square feet. Why do we want to make more of what people don't want. This Council voted to pay taxpayer money on a study of this proposed ordinance. We have no results yet. To vote for this final approval before getting what we used taxpayers' money for is in my opinion a blatant misuse of public funds. In fact if any of the time spent by this law firm studying this ordinance is used to build a case to prevent any retailer from coming to Neptune Beach would in my opinion also be a misuse of public funds. This council never voted to spend money on anything other than this particular ordinance and how it relates to our comprehensive plan and existing ordinances. When I sit back and watch you use public funds to fight your personal agenda I want to publicly separate myself from any approval of this ordinance and the legal ramifications against the city. In Section 2-44 council members have the right to add the reasons for his dissent from or protest against any action of the city council entered into minutes. And I am requesting that now.

BUDGET WORKSHOP MEETING JULY 17, 2006, AT 6:00 P.M. CITY HALL, 116 FIRST STREET, NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 17, 2006 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet M. Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Senior Activity Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

City Attorney Chris White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Director of Finance Steve Ramsey explained the presentation would focus on the Proposed General Fund Budget FY 2007 which was balanced leaving a net income of \$1,581, without the need to raise taxes or pull from the reserves.

City Clerk Lisa Volpe suggested scheduling the first reading and public hearing for the budget on September 11, 2006.

Consensus: **TO SCHEDULE THE FIRST READING OF THE BUDGET ORDINANCE FOR SEPTEMBER 11TH.**

Proposed Revenue

PROPOSED REVENUE: The proposed revenue for the General Fund based on maintaining the millage rate of 2.9 was \$4,743,651, a decrease of 3.20% from the 2006 budget.

EXPENDITURES

Mayor & Council

MAYOR & COUNCIL: Total expenditures of \$38,107, a decrease of 0.12% from the 2006 budget.

City Manager's

CITY MANAGER'S OFFICE: Total expenditures of \$109,604, an increase of 5.67% from the 2006 budget. Mr. Ramsey explained the increase was due to insurance costs.

Finance	<u>FINANCE DEPARTMENT:</u> Total expenditures of \$139,142, an increase of 2.23% from the 2006 budget. Mr. Ramsey explained the increase was also due to insurance costs.
Legal Counsel	<u>LEGAL COUNSEL:</u> Total expenditures of \$117,950, an increase of 26.42% from the 2006 budget.
Building & Comm. Dev.	<u>BUILDING & COMMUNITY DEVELOPMENT DEPARTMENT:</u> Total expenditures of \$249,849 an increase of 3.38% from the 2006 budget. Mr. Ramsey explained the increase again was due to insurance costs.
City Clerk's Office	<u>CITY CLERK'S OFFICE:</u> Total expenditures of \$154,157, an overall increase of 7.40% from the proposed 2006 budget. Mr. Ramsey explained the increase was due to the election year.
Non-Departmental	<u>NON-DEPARTMENTAL:</u> Total expenditures of \$493,678, a decrease of 22.12% from the 2006 budget.
Police Department	<u>POLICE DEPARTMENT:</u> Total expenditures of \$2,598,688, an increase of 5.72%. Again the increase was due to insurance costs.
Animal Control	<u>ANIMAL CONTROL:</u> Total expenditures of \$107,754, a decrease of 5.61%.
Street Department	<u>STREET DEPARTMENT:</u> Total expenditures of \$353,968, a decrease of 37.33%. This decrease is the result of the completion of the A1A project.
Parks Department	<u>PARKS DEPARTMENT:</u> Total expenditures of \$149,866, an increase of 14.70%. The increase in this department was to replace a mower.
Lifeguards / Beach	<u>LIFEGUARD & BEACH CLEAN-UP:</u> Total expenditures of \$229,307, an increase of 3.07%. This increase was due to a cost of living increase.
Net Income/Loss	<p>With an overall decrease in expenses of 2.92% the City would be left with a net income of \$1,581.</p> <p>Councilor Pardee questioned if contributions to nonprofit organizations were included in the budget.</p> <p>Consensus: <u>TO DISCUSS CONTRIBUTIONS TO NONPROFIT ORGANIZATIONS AT THE AUGUST WORKSHOP MEETING.</u></p> <p>Mayor Brown thanked Director of Finance Steve Ramsey for the detailed budget presentation.</p> <p>City Manager Jarboe stated for the record the department heads also did a good job reducing their budgets in overtime and other areas.</p> <p>City Manager Jarboe also stated for the record he had met individually with council members earlier in the day for an overview of the proposed budget.</p>
Adjournment	There being no further business, the meeting adjourned at 6:35 p.m.

**MINUTES
WORKSHOP CITY COUNCIL MEETING
JULY 17, 2006 AT 6:36 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held July 17, 2006 at 6:36 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Building Official Don Ford
Senior Center Activities Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

ABSENT:

City Attorney Chris White

Call to Order/Roll Call Mayor Brown called the meeting to order at:6:36 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following

- Funding for the Kings Road Bridge was secured with the Department of Transportation and waiting for approval from the City of Jacksonville.
- Staff was still working on the conversion and the training process on the new computer system.
- The nitrogen removal demonstration project for the Wastewater plant was ongoing and more information would be available in time for the August council meeting.

PUBLIC COMMENTS

Carl Peacock, 211 Cherry Street, stated he had received a courtesy notice from the code enforcement officer stating his landscaping located on the city right of way was in violation of the Code. He added he originally planted the landscaping on the right-of-way in order to prevent his neighbors from having their guests park their vehicles on his front lawn. He was concerned if he removed the landscaping they would start parking there once again.

There being no further comments from the public, the public hearing was closed.

Vice Mayor Pruette stated she was aware that more citizens were interested in speaking to the Council regarding the right-of-way issue and asked Mayor Brown if he would reopen the public hearing if anyone else arrived.

Mayor Brown agreed to reopen the public hearing should anyone else arrive.

PROPOSED ORDINANCES

Ord. No. 2006-15

ORDINANCE NO. 2006-15, AMENDING OCCUPATIONAL LICENSE TAXES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 21, ARTICLE II, OCCUPATIONAL LICENSE TAXES AND ADDING SECTION 21-33 AND PROVIDING AN EFFECTIVE DATE.

City Attorney Chris White recommended the following language be added at the end of the ordinance:

Section 21-33 Wherever found in this Code, the term occupational license shall refer to and mean the business tax referenced herein and in Chapter 205, Florida Statutes.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Vice Mayor Pruette suggested Council consider, at a later date, increasing the business tax for the larger professional establishments.

Bldg. Restrictions

ORDINANCE CHANGING CHAPTER 8, BUILDINGS AND BUILDING RESTRICTIONS: Building Official Don Ford recommended the changes in Chapter 8 in order to bring the Code up to date and make it consistent with State Law. He also suggested raising some of the permit fees in order to be consistent with Jacksonville Beach and Atlantic Beach.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS NONE

ISSUE DEVELOPMENT

Fair Share

PROPORTIONATE FAIR – SHARE PROGRAM – COUNCILOR LEE: Councilor Lee stated the Proportionate Fair Share Program was a method that would require developers to share the expense of expanding transportation facilities and infrastructure. He added that City Manager Jarboe and City Attorney White would be assisting him in acquiring more information regarding the Fair Share Program for a future discussion.

Councilor Weldon felt for easier reading and for the city to have a more aggressive defense approach, the city should consider hiring an outside land use attorney to draft such an ordinance.

Councilor Pardee felt City Attorney Chris White would be capable of writing such an ordinance that was easy to read and defensible.

Mayor Brown felt it was well worth the Council's time to consider the Fair Share Program in the future.

Right- of- Way

RIGHT-OF-WAY ISSUES: City Manager Jarboe was concerned about property owners landscaping city rights-of-way abutting their property. In an effort to avoid creating public safety issues and to protect the infrastructure he recommended that citizens be required to obtain a right-of-way permit before any such landscaping of rights-of-way was permitted. He added another concern was mulching creating problems of blockage in the stormwater system.

Vice Mayor Pruette suggested the city go out and trim any landscaping or bushes currently blocking stop signs or fire hydrants. She also requested placing a list of acceptable plants on the right-of-way permit application to give citizens suggestions of what types of landscaping were permitted.

City Manager Jarboe replied that could be difficult because some types of landscaping may be acceptable in some areas and not acceptable in others.

Councilor Weldon stated the intention of landscaping rights-of-way was to improve property. He felt the city should support beautification if it was done in the interest of the community. However, if it was designed to convey the impression of private property the city should oppose it, and if necessary remove it. He also felt that a property owner should be consulted before the city trimmed or removed any landscaping.

Mayor Brown asked if carefully prepared guidelines calling attention to the fact that permit applications were available should be made public.

City Manager Jarboe stated he would place the permit application on the website and hand deliver notices to owners of corner lots.

Councilor Lee felt it was a matter of communication and public relations.

Mayor Brown reopened the public hearing for comments.

Ed Carney, 200 Walnut Street, felt the city maintenance of rights-of-way should be more consistent.

Fred Cattar, 110 Walnut Street, felt a maximum length for weeds and grass should be included in the ordinance.

Mayor Brown felt the permitting process would make people more aware.

Holiday Decorations

HOLIDAY DECORATIONS: City Manager Jarboe suggested creating an administrative policy in lieu of an ordinance to govern the installation of holiday decorations on city property. The policy would require all holiday decorations be provided and installed by the city. This was also recommended by the insurance carrier.

Consensus: **TO HAVE THE CITY MANAGER DRAFT A POLICY REGARDING HOLIDAY DECORATIONS.**

Visioning

LONG RANGE VISIONING – COUNCILOR LEE: Councilor Lee stated with the permission of the council he would like to work with the city manager and staff to create a long range visioning plan for the city and reevaluate the city's comprehensive plan.

Drainage Impr.
Florida & 5th

DRAINAGE IMPROVEMENTS – FLORIDA BOULEVARD AND FIFTH STREET: City Manager Jarboe stated due to erosion the headwall at Florida Boulevard and Fifth Street needed repairs. Only one bid was received and it was \$2,000 over the estimated expense. This item would be placed on the August regular meeting agenda for Council approval.

Adjournment

There being no further business, the meeting adjourned at 7:45 pm.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee stated he met with attorney Mr. Karl Sanders on May 12, 2006 from 3:00 p.m. to 4:00 p.m. to discuss the proposed Wal-Mart development.

Councilor Pardee announced he attended the Florida Government Conference in Orlando and made a presentation for a story board competition in which he won first place in the state.

Councilor Pruette stated she was working with the post office to reinstall at least one of several mailboxes they removed from the city. She will consider bringing a resolution to council if necessary.

City Clerk Volpe announced the Florida League of Cities Conference was in Jacksonville this year and asked council members to contact the city clerk's office if they would like to attend.

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- The city would like to upgrade the emergency notification equipment with a Code Red phone dialing system.
- The new garbage contract with Waste Pro has started and they were now picking up trash and recycling throughout the city. The city hopes to resolve any problems that may arise before penalties are charged. Waste Pro was kind enough to start their contract a couple of days early since the old contractor could not live up to their agreement.

PUBLIC COMMENTS

Paul Nicholson, 222 Oleander Street, stated the speed bump on Oleander Street had not been replaced with a speed hump and felt it was necessary.

Jo Anne Waddill, 115 Oleander Street, agreed the speed hump was needed on Oleander Street.

MOTION CARRIED

Ord. No. 2006-08

ORDINANCE NO. 2006-08, ZONING DISTRICTS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-222(2)(C) PURPOSE AND INTENT OF ZONING DISTRICTS; AMENDING SECTION 27-238 MAXIMUM LOT COVERAGE AND ADDING FOOTNOTE (6) TO TABLE 27-229-1 IN THE CODE OF ORDINANCES LIMITING FLOOR SPACE IN C-1, C-2 AND C-3 ZONING DISTRICTS TO 60,000 SQUARE FEET AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2006-08 by title only and opened the public hearing.

Karl Sanders, 6 East Bay Street, stated his client had a legal objection to the ordinance and requested council defer taking action.

Chris Matson, 540 Hopkins Street, asked what to expect at the Planning & Development Review Board meeting on June 20, 2006.

There being no further comments from the public, the public hearing was closed.

Councilor Pardee was concerned the ordinance would discourage businesses from moving to Neptune Beach. He questioned how the 60,000 square feet number was arrived at.

Councilor Weldon responded the 60,000 square foot number was arrived at through staff recommendation.

Councilor Weldon asked City Attorney White if the ordinance was properly noticed. Mr. White replied he would double check to see that the ordinance had been noticed correctly.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2006-08 ON SECOND READ AND PUBLIC HEARING.**

ORDINANCE NO. 2006-10, AMENDING CHAPTER 27, USES IN ZONING DISTRICTS, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, AMENDING SEC. 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS, AND AMENDING TABLE 27-226-1 PERMISSIBLE USES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2006-10 by title only and opened the public hearing.

Mr. Joe Quest thanked the Council for considering the ordinance.

There being no further comments from the public, the public hearing was closed.

Councilor Weldon recommended the following changes:

Section 27-227(b)(14) Moving business by exception only. No more than three (3) trucks shall be stored on site and no storage of items to be moved shall be permitted.

Table 27-226-1, add moving business by exception only in the C-3 district as well as the C-2 district.

Discussion ensued regarding the size of moving trucks to be allowed.

Moved by Pruette, seconded by Lee.

Motion: **TO PASS ORDINANCE NO. 2006-10 AS AMENDED ON FIRST READ AND PUBLIC HEARING AND FORWARD TO THE JUNE WORKSHOP FOR DISCUSSION ON THE SIZE OF THE MOVING TRUCKS.**

MOTION CARRIED

PDRB06-05
Sunset Point
Mr. May

DEVELOPMENT ORDER PDRB06-05, SUNSET POINT SUBDIVISION, TARA COURT, MR. PHILLIP MAY: Approval for Mr. Philip May and the Sunset Point Homeowners Association to construct a community dock. Community Development Director Jason Cleghorn stated it is a floating platform dock and the owners did have the necessary permits from DEP and the Army Corp of Engineers.

Council asked Mr. May who would use and have access to the dock. Mr. May stated it would be only used by the subdivision with a locked gate entrance and the homeowner's association would maintain it.

City Manager Jarboe asked for the name of the construction company who would be building it. Mr. May stated he pulled the permit but Beck Marine Construction would be building it. Mr. Jarboe stated this was the company whose barge hit the Kings Road Bridge over the weekend. Mr. Steve Jarrett stated he would give more information about the company to Mr. Jarboe if necessary.

Moved by Pardee, seconded by Lee.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR SUNSET POINT SUBDIVISION TO CONSTRUCT A COMMUNITY DOCK.**

BUDGET WORKSHOP MEETING
JUNE 5, 2006 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held June 5, 2006 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet M. Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Director of Finance Steve Ramsey explained the presentation would focus on the Proposed Enterprise Funds.

Proposed Revenue

PROPOSED REVENUE ENTERPRISE FUNDS: The proposed revenue for the enterprise funds was \$3,164,683. This amount includes a 2.40% increase in water and sewer rates as recommended by the previous rate study.

**Expenses
General**

GENERAL & ADMINISTRATION: The proposed total expenses for General & Administration of the Water and Sewer Departments are \$396,818. This included a 8.75% increase due to the cost increase of life and health insurance, property insurance, a \$10,000 bond issuance expense, and \$17,000 for a new rate study.

Sewer

SEWER SERVICES: The proposed total expenses for Sewer Services are \$951,853. This amount includes a 6.78% increase. The increase is due to capital requests. The expenses may need to be amended due the new nitrogen level requirements.

Water

WATER SERVICES: The proposed total expenses for Water Services are \$761,051. This amount includes a -7.00% decrease due to lower capital expenditures.

Sanitation Fund SANITATION FUND REVENUES AND EXPENSES: The proposed sanitation revenues are \$1,109,550 with expenses of \$1,086,435, a net income of \$23,115. This budget may need to be amended due to the new contract.

Stormwater STORMWATER UTILITY FUND REVENUES AND EXPENSES: The proposed stormwater utility fund revenues are \$213,750, with expenses of \$209,664, a net income of \$4,086.

Capital Requests Proposed Capital Requests:

<u>Wastewater</u>	Track Hoe (1/3 of cost)	\$16,000
	Rehab of Wet Wells or Manholes	25,000
	SCADA System	67,813
	Various Smaller Items	49,500
	<u>Total</u>	<u>\$158,313</u>
<u>Water</u>	Track Hoe(1/3 of cost)	\$ 16,000
	High Service Pumps	20,000
	Various Smaller Items	31,000
	<u>Total</u>	<u>\$ 67,700</u>
<u>Stormwater</u>	Track Hoe (1/3 of cost)	\$16,000
	Various Smaller Items	14,800
	<u>Total</u>	<u>\$30,800</u>

Adjournment There being no further business, the meeting adjourned at 6:25 p.m.

Call to Order/Roll Call Vice Mayor Pruette called the meeting to order at 7:00 p.m.

PRESENTATIONS

Volunteer of the Year Vice Mayor Pruette presented Wade Tucker the "2005 Volunteer of Year Award" for his hard work and dedication while serving on the Ish Brant Beautification Committee.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

- The on site test for the nitrogen levels was below the new standards. The off site testing results should be received in a few weeks.
- The funding for the Kings Road Bridge was secured with the Department of Transportation but still needed the approval of the Jacksonville City Council.
- Staff was still waiting for the sales tax revenue figures to finish the budget.
- Staff was in the training process on the new information system.
- The menzi muck was being used to clean the retention pond in Jarboe Park.
- Staff had been preparing for the hurricane season.

Councilor Lee asked if the resurfacing of the tennis courts in Jarboe Park was complete. Mr. Jarboe responded the resurfacing of the tennis courts was completed by the City of Jacksonville.

Councilor Lee asked City Manager Jarboe to place the issue of "fair share" on the July workshop agenda.

PUBLIC COMMENTS / NONE**PROPOSED ORDINANCES**

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, AMENDING POLICE OFFICERS RETIREMENT FUND: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING CHAPTER 2, ADMINISTRATION, ARTICLE V, EMPLOYEE BENEFITS, DIVISION 4, POLICE OFFICERS' RETIREMENT SYSTEM, OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH; AMENDING SECTION 2-345, DEFINITIONS, BY AMENDING THE DEFINITION OF "CREDITED SERVICE", AMENDING SECTION 2-329.5, OPTIONAL FORMS OF BENEFITS; AMENDING SECTION 2-249.12, DISTRIBUTION OF BENEFITS; AMENDING SECTION 2-349.19, DIRECT TRANSFERS OF ELIGIBLE ROLLOVER DISTRIBUTIONS; AMENDING SECTION 2-329.24, DEFERRED RETIREMENT OPTION PLAN; PROVIDING FOR SEVERABILITY OF PROVISIONS; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated these revisions to the police officers retirement fund were made in accordance with state statutes. There would be no additional costs to the city due to the revisions.

Councilor Lee agreed to sponsor the ordinance.

Consensus: **FORWARD TO THE JULY REGULAR MEETING FOR FIRST READ.**

Ord. No. 2006-10

ORDINANCE NO. 2006-10, AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, AMENDING SEC. 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS AND AMENDING TABLE 27-226-1 PERMISSIBLE USES AND PROVIDING AN EFFECTIVE DATE.

Mr. Joe Quest, owner of Day and Night Moves, Atlantic Boulevard, stated the Department of Transportation (DOT) did not require a commercial driver's license (CDL) for trucks less than 35 feet in length and 26,000 in weight when fully loaded.

Councilor Weldon requested staff verify the length and weight limits with the Department of Transportation before the second reading of the ordinance.

City Clerk Lisa Volpe stated to be in compliance with the state statute ordinances amending or revising Chapter 27, Unified Land Development Regulations, would now need to go before the Planning and Development Review Board before second read. Therefore this ordinance will be forwarded to the August regular meeting for second read.

Consensus: **STAFF TO VERIFY THE SIZE AND WEIGHT LIMITS FOR TRUCKS NOT REQUIRING A COMMERCIAL DRIVERS LICENSE (CDL) WITH DOT AND FORWARD TO THE AUGUST REGULAR MEETING FOR SECOND READ.**

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, OCCUPATIONAL LICENSES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 21, ARTICLE II, OCCUPATIONAL LICENSE TAXES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the new state law that would take effect January 1, 2007, required changing the name of "occupational licenses" to "business tax receipts." The statute also indicated that the rates for occupational licenses could be increased up to 5%

every two years.

City Manager Jarboe recommended Council discuss the possibility of increasing the rates for occupational licenses during the budget process.

Councilor Weldon was concerned the name "business tax" would discourage businesses from moving into the city. He was also concerned that other areas of the Code that referred to occupational licenses would also need to be revised.

City Attorney White advised because it was state mandated the city would have to comply.

Councilor Pardee agreed to sponsor the ordinance. He felt the change would help prevent people from misrepresenting an occupational license as a contractor's license.

Director of Finance Steve Ramsey stated he would like to have the ordinance in place before occupational licenses were renewed in October.

Consensus: **FOR STAFF TO LOOK AT RAISING THE RATES DURING THE BUDGET PROCESS AND HAVE CITY ATTORNEY WHITE REVIEW THE ORDINANCE AND PREPARE LEGAL ISSUES TO PRESENT TO THE COUNCIL AND FORWARD TO THE JULY WORKSHOP.**

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, TRAFFIC AND MOTOR VEHICLES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 22, TRAFFIC AND MOTOR VEHICLES, SECTION 22-3 CERTAIN MOTOR VEHICLES PROHIBITED FROM PARKING IN COMMERCIAL DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

Chief Sembach recommended striking the following sentence from Section 22-3(a) ~~Storage i.e. parking in excess of twelve (12) consecutive hours) of any such vehicle within such zones shall be strictly prohibited.~~

Vice Mayor Pruette agreed to sponsor the ordinance.

Consensus: **FORWARD AS AMENDED TO THE JULY REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS NONE

ISSUE DEVELOPMENT

Parking

DEFINITION OF PARKING: Vice Mayor Pruette felt in it would be helpful for the Boards, in order to avoid misinterpretation, if parking was defined in the Code.

Chief Sembach stated if parking was defined in the Code there should be a definition of both legal parking and illegal parking. He added that he had never had anyone question the definition of parking.

City Attorney White stated the definition of parking was usually standard. He had never heard of anyone questioning the definition.

Vice Mayor Pruette withdrew the issue of defining parking.

Mixed Use

MIXED USE DEVELOPMENT IN COMMERCIAL DISTRICTS: City Manager Jarboe stated a draft ordinance for mixed use development was included the agenda packet for Council consideration. He added that a mixed use development may cause concerns regarding water, sewer, and traffic capacity.

Councilor Weldon was in favor of implementing mixed use development in commercial districts. But he felt the draft ordinance was too complex and suggested preparing simply a list of objections.

Councilor Pardee stated he supported mixed use development. However, he felt problems may arise with hours of operation of outdoor dining, traffic patterns, and signs. He felt it would be a good idea for a land use attorney to review the ordinance.

City Manager Jarboe advised that the ordinance would also require a change in the comprehensive plan. The ordinance would have to have certain components in order to make that change. He would have staff draft a simpler ordinance to bring back to the Council for consideration.

Consensus: **STAFF TO DRAFT A SIMPLER ORDINANCE TO BRING BACK TO THE COUNCIL.**

Neptune Beach
Elementary

NEPTUNE BEACH ELEMENTARY SCHOOL – DONATION FOR PLAYGROUND EQUIPMENT: Vice Mayor Pruette recommended discussing the possibility of a donation for the school during the budget process.

Councilor Weldon stated he would also be interested in the city contributing in kind like having the city install sidewalks, etc.

Councilor Lee supported a donation, adding the playground provided the opportunity for children to be more active and a contribution such as installing sidewalks would allow the city to become more involved in the community.

Principal Sharon Kinske thanked the city for considering helping with the playground.

Consensus: **TO DISCUSS CONTRIBUTING TO NEPTUNE BEACH ELEMENTARY SCHOOL PLAYGROUND DURING THE BUDGET PROCESS.**

Third St. Crossover

CROSSWALK OVER THIRD STREET / A1A: Vice Mayor Pruette stated the traffic on Third Street was increasing every year. She asked Council to consider the possibility of a constructing a crosswalk for pedestrians over Third Street. She suggested staff research the availability of grants that would contribute to the construction cost.

Councilor Weldon felt it was important for the Council to project the future needs of the community. He added the state would also need to be involved because it is a state highway.

Councilor Pardee stated he would support the crossover with cooperation from the cities of Jacksonville Beach and Atlantic Beach. He did not see the justification of using tax dollars for the project.

Councilor Lee felt a crossover on Third Street would solve some of the parking problems in the Town Center area, bringing more customers to the Town Center restaurants and shops, and more people to the beach.

Councilor Weldon felt Atlantic Beach would be interested in a cooperative plan. He added he would like to see some concept drawings.

Vice Mayor Pruette stated she would take pictures of the crossover on the University of North Florida campus.

CM Contract

CITY MANAGER CONTRACT: Vice Mayor Pruette stated Mayor Brown had requested Council consider the proposal of a three year extension to the City Manager's contract.

Councilor Lee questioned the process and procedures for the city manager's performance evaluation. He felt an question and ratings sheet should be drawn up.

City Manager Jarboe requested to remove the issue from the agenda.

Councilor Weldon stated Mayor Brown placed the issue on the agenda and asked that Councilor Lee finish stating his thoughts.

City Manager Jarboe stated he no longer wished to extend his contract and asked that it be removed from the agenda.

Vice Mayor Pruette withdrew the issue from the agenda at City Manager Jarboe's request.

Holiday Decor.

HOLIDAY DECORATIONS: Mayor Brown met with Atlantic Beach Mayor Wolfson to discuss holiday decorations. They both agreed that to avoid conflict between different religions that only decorations decided and installed by city personnel would be displayed on public property.

Councilor Weldon asked staff to create an ordinance similar to the one adopted by Atlantic Beach for Council consideration.

Consensus: **HAVE STAFF READ AND CREATE AN ORDINANCE MATCHING THE ATLANTIC BEACH ORDINANCE REGARDING HOLIDAY DECORATIONS AND FORWARD TO THE JULY WORKSHOP MEETING.**

Ord. No. 2006-08 &
Ord. No. 2006-13

Councilor Pardee stated he recently sent a memorandum to the City Manager and Council asking to table Ordinance No. 2006-08, until the land use attorney finished the review of the land development regulations and the traffic study was completed. He added the reason he voted to hire these professionals was to determine if the ordinance was legal.

City Attorney White replied the Council would be considering Ordinance No. 2006-13 at the June 22, 2006 special meeting. The text of the ordinance was to repeal Ordinance No. 2006-08 and pass Ordinance No. 2006-13.

Councilor Pardee was concerned about the correspondence and communication between City Manager Jarboe and Karl Sanders, Attorney for Wal-Mart. He felt it was reaching a level where the communication should be directly between City Attorney White and the attorney for Wal-Mart, Karl Sanders.

City Attorney White responded that because Mr. Sanders acted both as an agent and attorney for Wal-Mart the respondent to his correspondence depended on the subject matter in question. For example staff should respond to administrative correspondence and he would respond to legal issues.

Councilor Weldon cautioned Council members to be very circumspect in their communications with Mr. Sanders so as not to damage potential litigation.

FLC Conference

City Clerk Volpe reminded Council to notify her if they planned on attending the Florida League of Cities Conference so she could send in the registration.

Adjournment

There being no further business, the meeting adjourned at 8:15 p.m.

Richard A. Brown, Mayor

**MINUTES
SPECIAL CITY COUNCIL MEETING
JUNE 22, 2006 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held June 22, 2006 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Chris White
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting was to consider Ordinance No. 2006-13.

ORDINANCE NO. 2006-13, REPEALING ORDINANCE NO. 2006-28, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA REPEALING ORDINANCE NO. 2006-08 AND AMENDING SECTION 27-222(2)(c) PURPOSE AND INTENT OF ZONING DISTRICTS; AMENDING SECTION 27-238 MAXIMUM LOT COVERAGE AND ADDING FOOTNOTE (6) TO TABLE 27-229-1 IN CODE OF ORDINANCES LIMITING FLOOR SPACE IN C-1, C-2, AND C-3 ZONING DISTRICTS TO 60,000 SQUARE FEET AND PROVIDING AN EFFECTIVE DATE.

City Attorney White explained other than repealing Ordinance No. 2006-08, Ordinance No. 2006-13 contained the exact same text. Representatives for Wal-Mart threatened to challenge the legality of Ordinance No. 2006-08 on the basis that it was not voted on by the Planning & Development Review Board. Therefore Ordinance No. 2006-13 if passed on first read would repeal Ordinance No. 2006-08 and pass the same. The ordinance would then be heard by the Planning & Development Review Board on June 27, 2006 and appear before Council for second read and final adoption on July 10, 2006.

City Attorney White advised Council to disclose all ex parte communications regarding this ordinance and to give the City Clerk any public record of written correspondence they may have received outside of City Hall.

Vice Mayor Pruette disclosed she had spoken with many citizens regarding Wal-Mart. She further disclosed she had briefly spoken with Mr. Karl Sanders in a telephone call to her home.

Councilor Weldon asked City Attorney White to clarify that council members were allowed to speak with board members regarding city issues outside of a public meeting. City Attorney White confirmed the Sunshine Law did not apply to council members speaking with board members regarding city issues.

Councilor Lee disclosed he discussed the ordinance with City Manager Jarboe and citizens who were both in favor of or opposed to the Wal-Mart development.

Councilor Pardee disclosed he had spoken with City of Jacksonville officials and Mr. Karl Sanders regarding Ordinance No. 2006-13.

Mayor Brown read Ordinance No. 2006-13 by title only and opened the public hearing.

John Holmes, 914 Fourth Street, felt a Wal-Mart would be an asset for the community.

Lynn Lazarus, Hopkins Street, opposed the Wal-Mart based on traffic and safety concerns.

Michael Aston, 1523 Summer Sands Drive, opposed the Wal-Mart based on additional traffic and future concerns.

Moved by Pruette, seconded by Lee.

Motion: **TO PASS ORDINANCE NO. 2006-13, ON FIRST READ AND PUBLIC HEARING.**

Councilor Pardee stated he did not see the urgency for adopting the ordinance. He suggested waiting for the completion of the traffic study and the land use attorney's advise on the legality of the ordinance before moving it forward.

City Attorney White stated he did not expect the land use attorney to advise the Council whether or not to adopt the ordinance.

Councilor Pardee stated he thought that was the reason the land use attorney was hired.

City Attorney White stated the land use attorney was hired to review the ordinance to see how it would affect the city and comprehensive plan in the future.

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

Councilor Weldon stated the outpouring of the community reflected a large majority of citizens that were opposed to the Wal-Mart development.

Councilor Lee was also impressed with the community involvement.

City Manager recognized Chairman of the Planning & Development Review Board Fred Cattar and thanked him for conducting the meeting and his handling of the crowd.

Adjournment

There being no further business, the meeting adjourned at 6:37 p.m.

Richard Brown, Mayor

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Lee stated he would like the Council to take a proactive approach dealing with growth changes in zoning and the comprehensive plan. He had sent a memo requesting this be placed on the workshop agenda.

Councilor Weldon stated he received a call from the Dalton Agency, a public relations firm, regarding the Wal-Mart proposal.

CITY MANAGER REPORT

- A beard and mustache contest would be held at the City's 75th Anniversary celebration.
- The Public Service Department was cleaning out the pond in Jarboe Park.
- The work on the tennis courts should be completed within a week.
- The lifeguards were now on duty.
- A group called the Neptune Volunteers rode in the "Opening of the Beaches Parade". The group was made up of former Neptune Beach volunteer fire fighters.

Councilor Weldon commended City Manager Jarboe for advising the city to purchase the menzi muck.

Councilor Lee was concerned about the number of trash and yard waste complaints. City Manager Jarboe responded that the waste services provider had been fined. The contract with the new provider, Waste Pro, would begin June 1, 2006.

PUBLIC COMMENTS

Karl Sanders, 6 East Bay Street, Jacksonville, Attorney for Wal-Mart, stated he had listened to and read the different opinions of the citizens regarding the Wal-Mart proposal. He further stated that if the plans for the Wal-Mart met the city code requirements that the Council had no legal reason to deny the proposal.

CONSENT AGENDA

Approval to allow the City Manager to cancel the service contract with Utility Services Co., for maintenance service of the water tower if necessary.

Approval of expenditure of forfeiture funds for the purchase of public safety equipment.

RESOLUTION NO. 2006-10: A RESOLUTION OF THE CITY COUNCIL OF NEPUTNE BEACH, FLORIDA, SUPPORTING THE ELIMINATION OF THE CAP OF THE FLORIDA

HOUSING TRUST FUNDS BEGINNING IN FISCAL YEAR 2007-2008 AND SUPPORTING FULL FUNDING FROM THE HOUSING TRUST FUNDS OF \$939.5 MILLION FOR HOUSING IN THE STATE FISCAL YEAR 2006-2007 BUDGET; AND PROVIDING FOR AN EFFECTIVE DATE.

Approval of a \$500.00 contribution for the commissioning of the USS Farragut.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Ord. No. 2006-06 ORDINANCE NO. 2006-06, DEFINITION OF FAMILIES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 DEFINITION OF FAMILY; AMENDING SECTION 27-333 RELATING TO PROHIBITED ACTIVITIES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2006-06 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Weldon, seconded by Lee.

Motion: **TO ADOPT ORDINANCE NO. 2006-06 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2006-08 ORDINANCE NO. 2006-08, ZONING DISTRICTS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-222(2)(C) PURPOSE AND INTENT OF ZONING DISTRICTS; AMENDING SECTION 27-238 MAXIMUM LOT COVERAGE AND ADDING FOOTNOTE (6) TO TABLE 27-229-1 IN THE CODE OF ORDINANCES LIMITING FLOOR SPACE IN C-1, C-2 AND C-3 ZONING DISTRICTS TO 60,000 SQUARE FEET AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated he and City Attorney Chris White amended the language as follows: Located within 1,000 feet of each other that operate under common business ownership or management, share warehouse or distribution facilities or otherwise operated as an associated integrated or cooperative business shall not combine to exceed 60,000 square feet of total gross floor area.

Councilor Pardee voiced concern regarding the legality of the ordinance and the possibility of a lawsuit. He questioned each councilor, if this ordinance was adopted, and the square footage limited to 60,000 square feet, would they accept a 60,000 square foot Wal-Mart.

Councilor Lee redirected the question and stated that he viewed this ordinance as unrelated to Wal-Mart. He agreed with the ordinance if it limited all stores to 60,000 square feet in order to prevent big boxes.

Mayor Brown replied if the ordinance passed and held up he would have to welcome anybody who occupied the space.

Vice Mayor Pruette felt the Bert Harris Act did not apply to this ordinance because it limited actual floor space and did not take any property from the property owner. She added that applicants could always request a variance.

Councilor Weldon questioned Councilor Pardee why he was so concentrated on discussing the Bert Harris Act. He felt the litigation should be left to the attorneys and not be speculated on. He stated if Wal-Mart came in with a proposal for a 60,000 square foot store which met the other perimeters of the Code and was successfully processed through the planning and

development review he would reconsider.

City Attorney White advised that the city had the right to adopt this type of ordinance adding that other cities throughout the United States had adopted similar ordinances. The timing of the proposed ordinance may be an issue. He felt it was critical under Florida law that Wal-Mart had full knowledge of the proposed ordinance when they submitted there application.

Councilor Pardee was concerned about the cost of a lawsuit.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2006-08 ON FIRST READ.**

Roll Call Vote:

Ayes: 4 – Lee, Pruette, Weldon, Brown

Noes: 1 – Pardee

MOTION CARRIED

OLD BUSINESS / NONE

NEW BUSINESS

PDRB06-02

DEVELOPMENT ORDER PDRB06-02, 2109 ATLANTIC BOULEVARD, JONATHAN PLUMB, FOR THE PROPERTY FORMERLY KNOWN AS VIXEN'S: Mr. Jonathon Plumb, 2801 Ocean Drive South, Jacksonville Beach, property owner, described the project. He wanted to demolish the old Vixen's Show Bar and construct a professional office building on the site. Mr. Plumb added there was a triangle portion of property owned by the city abutting the site that he would like to acquire for the project.

City Attorney White stated before the city could approve the request they would need Mr. Plumb to provide the city with a survey at his expense. The city would also hire a surveyor at his expense to make sure the property belonged to the city. Mr. Plumb would also need to provide a title search.

Consensus: **TO APPROVE THE PLANS CONCEPTUALLY AND HAVE MR. PLUMB REAPPEAR BEFORE THE COUNCIL WITH FINAL PLANS AND PLACE THE ABANDONMENT OF PROPERTY ON THE MAY WORKSHOP AGENDA.**

PDRB06-03

DEVELOPMENT ORDER PDRB06-03, 1311 ATLANTIC BOULEVARD, PENMAN PLAZA ASSOCIATES, SONIC: City Manager Jarboe stated that currently traffic had to make a U-turn to enter the Sonic. This would provide a driveway entrance through the traffic light on Atlantic Boulevard. The driveway would be on the Penman Plaza property and used by Sonic through an easement agreement. Signage would also be provided to direct traffic flow.

Moved by Weldon, seconded by Lee.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 1311 ATLANTIC BOULEVARD, SONIC.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Res. No. 2006-11

RESOLUTION NO. 2006-11: A RESOLUTION IN SUPPORT FOR THE EXPANSION OF JTA BUS SERVICE TO NORTHERN ST. JOHNS COUNTY.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT RESOLUTION NO. 2006-11.**

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Weldon stated one of the items Wal-Mart would need to submit to the Planning and Development Review Board was a traffic study. He was concerned that a traffic study commissioned by Wal-Mart would be in their favor. He felt the city should commission an independent traffic study.

City Manager Jarboe stated he was in the process of receiving quotes for obtaining a traffic study.

Councilor Pruette suggested the City write a letter to Wal-Mart representatives asking them to pay for a traffic study commissioned by the city.

Consensus: **TO HAVE THE CITY SEND A LETTER TO KARL SANDERS, THE ATTORNEY FOR WAL-MART ASKING THEM TO COOPERATE AND PAY FOR A TRAFFIC STUDY COMMISSIONED BY THE CITY.**

City Attorney White suggested that the letter come from the City Manager.

Fred Cattar, Chairman of the Planning & Development Review Board, questioned if the planning board should delay their meeting scheduled for May 16, 2006 until the traffic study was received.

City Manager Jarboe advised that staff would determine if the meeting needed to be postponed depending on the all the information being received.

Councilor Weldon advised Mr. Fred Cattar that the Planning & Development Review Board should consider the development order cautiously and not rush into a decision.

Adjournment

There being no further business, the meeting adjourned at 8:45 p.m.

WORKSHOP CITY COUNCIL MEETING
MAY 15, 2006 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held May 15, 2006 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager Jim Jarboe
City Attorney Christopher White
City Clerk Lisa Volpe, CMC

STAFF:

Lieutenant Anthony Carrillo
Community Development Director Jason Cleghorn
Senior Center Activities Director Leslie Lyne
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

The presentation acknowledging Dayne Etherton, former Chairman of the Ish Brant Beautification Committee, was postponed due to his absence.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the following:

- The Emergency Management Plan was completed and had been copied to Council and staff.
- The city's fire rating decreased from seven (7) to three (3) due to the upgraded water system. This should decrease the cost of home owners insurance for residents.
- The budgeting process was currently underway at the departmental level.
- Residents were concerned about the mobilization area near the water plant so the city was looking for a new place to have utility/construction companies set up.

Mayor Brown stated the Florida Department of Transportation has budgeted \$100,000 to match the city funds for the construction of the new Kings Road Bridge. This came due to efforts by the City of Jacksonville Beach.

Vice Mayor Pruette complemented City Manager Jarboe on his beard.

City Clerk Volpe advised that the regular meeting in July would fall on July 3, 2006 and recommended scheduling the meeting for July 5, 2006 or July 10, 2006.

Consensus: **TO HOLD THE JULY REGULAR MEETING ON JULY 10, 2006.**

City Manager Jarboe introduced Tim Slater, as the new chairperson of the Ish Brant Beautification Committee.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, was concerned about the definitions of parking and storage in the code.

Michael Aston, 1523 Summer Sands Drive, asked the Council to consider allowing temporary parking permits for visitors in recreational vehicles.

Lyn Lazarus, 540 Hopkins Street, cited an article in a Boston newspaper in opposition of Wal-Mart.

Dale Baker, 106 Pine Street, voiced concern regarding shrubs and plants obstructing the view of motorists, specifically at Pine Street and First Street.

Joseph Quest, 960 Hagler Drive, thanked the Council for their efforts to revise the Code to allow a moving business in the C-2 district.

Emilie Christenson, 112 Oleander Street, voiced concerned regarding the negative effect of Wal-Mart on small businesses.

Rona Brinlee, owner of the Book Mark at 299 Atlantic Boulevard, voiced concern about the economic welfare of small businesses if a Wal-Mart were to open in on our small community.

Buford Brinlee, owner of the Book Mark at 299 Atlantic Boulevard, suggested Atlantic Beach and Neptune Beach conduct a study on the economic impact that Wal-Mart or any new large store would have on small businesses.

Michael Spranger, 14138 Inlet Drive, Jacksonville, stated he was new to the area and offered to do volunteer work for the city.

Vice Mayor Pruette asked that citizens in opposition of Wal-Mart voice their concerns at the Planning and Development Review Board meeting in June.

PROPOSED ORDINANCES

Ord. No. 2006-07

ORDINANCE NO. 2006-07, TRAFFIC AND MOTOR VEHICLES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 22 TRAFFIC AND MOTOR VEHICLES BY ADDING SECTION 22-3 CERTAIN MOTOR VEHICLES PROHIBITED FROM PARKING IN COMMERCIAL DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon suggested the following change in paragraph b:

b) It shall be unlawful for any person or entity to park on commercial property an automobile, a boat or any of the ~~motor~~ vehicles listed above for the purpose of displaying same for sale.

Councilor Weldon questioned why it was necessary to have the permission of the property owner to tow vehicles or boats in violation of this section.

City Manager Jarboe explained permission of the property owner was necessary to allow entrance on the property. If the property owner denied access to their property then the property owner would be fined.

Consensus: **FORWARD AS AMENDED TO THE JUNE REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Vice Mayor Pruette asked if the ordinance should contain a definition of parking.

City Manager Jarboe explained a definition would be better suited in Chapter 27. He would draft a definition of parking with Chief Sembach and have a draft ordinance at the June Workshop.

Ord. No. 2006-XX
Animals

ORDINANCE NO. 2006-XX, ANIMALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 6 ANIMALS, ARTICLE II DOGS AND CATS, ADDING SECTION 6-33 SUPPLEMENTAL ENFORCEMENT PROCEDURES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this ordinance would enforce collection of animal citations through the county court.

Vice Mayor Pruette agreed to sponsor the ordinance.

Consensus: **FORWARD TO THE JUNE REGULAR MEETING FOR FIRST READ.**

Ord. No. 2006-XX
Zoning

ORDINANCE NO. 2006-XX, SPECIAL RESTRICTIONS IN ZONING DISTRICTS FOR OUTSIDE SALES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS (b)(5) RETAIL, GENERAL AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this ordinance would allow licensed businesses to have outside sales events four (4) times annually.

Council discussed and agreed upon the following amendments:

(5)a. Sale, display, preparation, and storage shall be conducted within a primarily enclosed building. ~~Outside~~ Special outdoor sales events by Neptune Beach general retail stores may be held ~~at on~~ on the premises of their licensed store ~~twice~~ three times a year.

Add (5)f. Outdoor sales of fireworks are prohibited.

Consensus: **FORWARD AS AMENDED TO THE JUNE REGULAR MEETING FOR FIRST READ.**

Ord. No. 2006-XX
Zoning

ORDINANCE NO. 2006-XX, SPECIAL RESTRICTIONS IN ZONING DISTRICTS FOR MOVING AND STORAGE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-227, SPECIAL RESTRICTIONS AND CONDITIONS ON ALLOWABLE USES WITHIN ZONING DISTRICTS (B)(14) AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated this ordinance would allow moving and storage facilities, by exception only, in the C-2 zoning district.

Councilor Weldon stated there was pending code enforcement action on the current owner of a moving business on Atlantic Boulevard. He felt the ordinance should not be adopted until such action was resolved.

Other Council members were in favor of the ordinance if storage facility was removed.

Council discussed and agreed upon the following amendments.

(14) Moving and storage facility business: No more than three (3) trucks shall be stored on site, unless otherwise approved through the special exception process by the City Council. No other storage of any items to be moved.

Consensus: **FORWARD AS AMENDED TO THE JUNE REGULAR MEETING FOR FIRST READ.**

Mixed Use

MIXED USE DEVELOPMENT IN COMMERCIAL ZONING DISTRICTS: Carlos Asensio, a representative for Flagler Development Company, which owns Penman Plaza, stated his clients would be a prime candidate for a mixed used development. He described mixed use development as a combination of retail/commercial and/or service uses with residential or office use in the same building or on the same site. He felt that issues relating to density, signage, parking and height would have to be discussed in order to make a project viable.

Councilor Weldon felt that the issue of density needed to be addressed by staff before adoption of the ordinance.

Consensus: **HAVE THE CITY MANAGER PREPARE A DRAFT ORDINANCE FOR MIXED USE DEVELOPMENT FOR THE JUNE WORKSHOP.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Future Development

FUTURE DEVELOPMENT: Councilor Lee felt the city should take more of a leadership role in future development of the city by cultivating a dialog between citizens, staff, property owners, developers, and having frequent discussions at council meetings. He added he would develop a road map for this process to present to council and staff at a future workshop meeting.

Recess/Reconvene

Mayor Brown called a recess at 9:10 p.m. and reconvened the meeting at 9:20 p.m.

Bike Path

STUDY TO DETERMINE THE COST OF COMPLETION OF THE BICYCLE / PEDESTRIAN PATH ON SEAGATE AVENUE WEST OF PENMAN ROAD: Councilor Pardee stated he would like the city to conduct a study to determine the cost of the completion of the bicycle/pedestrian path along Seagate Avenue west of Penman Road as outlined in the comprehensive plan.

City Manager Jarboe stated he would have the cost to complete the bicycle and pedestrian

path during the budget process for council to consider.

Consensus: **TO HAVE THE COST TO COMPLETE THE BICYCLE AND PEDESTRAIN PATH DURING THE BUDGET PROCESS FOR COUNCIL CONSIDERATION.**

State Legislation **MAYOR PAYTON'S STATEMENT OF POLICIES AND PRIORITIES FOR THE 2006 STATE LEGISLATIVE SESSION:** Councilor Pardee asked the Council to review the Mayor's Statement of Policies and Priorities of the 2006 State Legislative Session to see if it would benefit the city in anyway.

Wal-Mart Traffic Study Councilor Weldon asked if the city received a response from the Wal-Mart representatives in regards to Wal-Mart paying for a traffic study commissioned by the city.

City Manager Jarboe stated there has been no response from Wal-Mart representatives to date.

Consensus: **TO DIRECT STAFF TO RESEARCH THE COST OF AN INDEPENDENT TRAFFIC STUDY AND PLACE ON THE JUNE REGULAR MEETING AGENDA.**

City Manager Jarboe stated Wal-Mart had thirty (30) days, after the initial submission of application, to provide the information to complete their application.

Councilor Weldon recommended the city hire a land use attorney to defend the city against Wal-Mart.

Consensus: **TO PLACE THE ESTIMATED COST OF HIRING OF A LAND USE ATTORNEY ON THE JUNE REGULAR MEETING.**

Adjournment There being no further business, the meeting adjourned at 9:31p.m.

Richard A. Brown, Mayor

**MINUTES
REGULAR CITY COUNCIL MEETING
APRIL 3, 2006 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held April 3, 2006 at 7:00 p.m., in the City Hall Council Chambers, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

STAFF:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

Community Development Director Jason Cleghorn
Senior Activities Center Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown presented a Proclamation of Appreciation to Mr. James Stinekraus honoring him for his many years of service on the Board of Appeals.

Director of Beaches Emergency Assistance Ministry (BEAM), Mrs. Cindy Funkhouser asked the Council to consider adopting a Resolution supporting the elimination of the CAP of the Florida Housing Trust Funds.

APPROVAL OF MINUTES

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE FOLLOWING MINUTES:**

MARCH 6, 2006, REGULAR COUNCIL MEETING
MARCH 20, 2006 WORKSHOP COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Lee, Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown commended Chief Sembach and the Police Department for being re-accredited.

Vice Mayor Pruette, announced the annual "Spring in the Park" event would be held on Friday, April 14th, 2006. The Easter Egg Hunt will start at 10:00 a.m. and there will be a lot of other activities for the children to enjoy.

Councilor Lee had written a memo to place supporting the commissioning of the new navy destroyer and welcoming it to our community on the May workshop agenda.

Senior Center Activities Director Leslie Lyne announced the annual "Relay for Life," presented by the American Cancer Society, would take place on Saturday, April 8, 2006, beginning at 12:00 noon in Jarboe Park. Several events were scheduled to take place throughout the day.

CITY MANAGER REPORT

City Manager Jarboe reported the new palm trees in the medians on Third Street / A1A were under warranty for one year, if they should need to be replaced. He reminded the council that the trees were planted with City of Jacksonville money which would have been given to Jacksonville Beach if we had not used it.

The City of Jacksonville Beach had a lobbyist in Tallahassee asking for the Kings Road Bridge to be placed higher on the DOT replacement list.

The proposals for the design/build of the Kings Road Bridge were recently received. A structural engineer would compare the proposals and a recommendation would be made to the Council at a future workshop meeting.

City Clerk Lisa Volpe introduced the following citizens, who wished to be appointed to serve on the Code Enforcement Board: Mary Ann Padrta, Janet Johnson, and John Jolly. The Resolution would arise further on the agenda.

Proposed
Wal-Mart

Mayor Brown asked City Manager Jarboe to give an update on the proposed new Wal-Mart at the location of the old Food Lion store.

City Manager Jarboe explained the city had spoken with representatives and engineers for Wal-Mart. At the present time the City has not received a formal request. Before Wal-Mart could proceed they would have to have permission from the owner of the properties.

City Attorney White stated Wal-Mart or any other entity interested in the property would have to present plans to city staff and the Planning and Development Review Board and would have to be in compliance of the Code.

PUBLIC COMMENTS

Susan Miller, 106 Myra Street, asked for the speed bump on Myra Street to be replaced, additional one-way street signs on Strand Street, and stricter enforcement of alcohol on the beach.

Paul Nicholson, 222 Oleander Street, asked to replace the speed bump on Oleander Street.

Richard Keene, 733 Bay Street, asked Council to consider adding parking of boats and watercraft to Ordinance No. 2006-07.

Michael Adams, 320 First Street, asked that the speed bumps be taken up on Cherry street and just leave the humps in place.

The following citizens spoke in opposition of the proposed Wal-Mart Store:

- Michael Adams, 320 First Street
- Hayes Bishop, 1443 Spindrift Circle East
- Sarah Gibbs, 1501 First Street
- Wes Gibbs, 1501 First Street
- Rachel Barreau, 120 Davis Street
- Steve Barreau, 120 Davis Street
- Michael Aston, 1523 Summer Sands Drive, also delivered a petition signed by 107 residents living in the Summer Sands community that were opposed to a Wal-Mart.

Dana Pardee, 1421 Penman Road, spoke in favor of the proposed Wal-Mart Store.

**MINUTES
WORKSHOP CITY COUNCIL MEETING
APRIL 17, 2006 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 17, 2006 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager Jim Jarboe
City Attorney Christopher White
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Senior Center Activities Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

Mayor Brown publicly thanked City of Jacksonville Councilman Art Graham for having the City of Jacksonville provide the labor and material for mending the fence and resurfacing the tennis courts in Jarboe Park.

Jeff Sheffield, Director of Planning, First Coast Metropolitan Planning Organization, made a brief presentation explaining the planned future projects for highway improvements in our area through the year 2011.

Mayor Brown presented a plaque resolution to John Delaney, Former Mayor of the City of Jacksonville, for obtaining funding, in the amount of \$250,000, from the City of Jacksonville during his term as Mayor for landscaping of the medians on A1A / Third Street.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the following:

- A maintenance plan for the Third Street / A1A Landscaping was in the process.
- Wal-Mart submitted plans to the Community Development Director for a small super center to be constructed on Atlantic Boulevard at the old Food Lion site.
- The sewer nitrogen project had been started.

Councilor Weldon asked if the Wal-Mart representatives were aware of the proposed ordinance limiting floor space to 60,000 square feet. City Manager Jarboe replied the representatives had stated they read the information in the newspaper.

PUBLIC COMMENTS

James Gilbert, 1546 Emma Lane, felt big box stores did not fit into the character of Neptune Beach and made suggestions to attract small businesses.

Vita Hope, 324 Driftwood Road, opposed the development of a Wal-Mart on Atlantic Boulevard.

Steven Kuti, 1132 Linkside Drive, Atlantic Beach, opposed the development of a Wal-Mart on Atlantic Boulevard voicing concerns regarding traffic congestion.

Jo Anne Waddill, 115 Oleander Street, felt Joe Quest, owner of Day and Night Moves, Inc. on Atlantic Boulevard should be allowed to park his moving trucks on his property.

Mary Ann Padrta, 1030 Second Street, also supported allowing Joe Quest to park moving trucks on his property on Atlantic Boulevard.

PROPOSED ORDINANCES

Ord. No. 2006-04

ORDINANCE NO. 2006-04, AMENDING ELECTION DATES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 9 ELECTIONS SECTION 9-2 SCHEDULE FOR ELECTIONS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon suggested the following changes: Sec 9-2 Schedule of Elections. (a) The regular election ~~by the electors of the city to elect for the choice of all municipal officers to be elected and to determine~~ issues by referendum ~~by the electors of the city~~ shall be held once every two years on the first Tuesday following the First Monday in November. (b) Following a tie vote, or in the event that no candidate or issue by referendum receives a clear majority of all votes cast in any ~~municipal~~ regular election, a ~~special~~ runoff election will be held on the first Tuesday following the first Monday in December.

Councilor Weldon also suggested the winner in a tie vote of a runoff election be selected by a majority vote of the current city council in lieu of drawing lots to determine who shall be elected.

City Attorney White stated most cities drew lots in an effort to keep politics out of the decision.

After Council discussion, Councilor Weldon stated he would go along with the majority and leave the language in to draw lots to determine who would be elected in case of a tie vote in a runoff election.

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR SECOND READ WITH THE AGREED UPON AMENDMENTS.**

Ord. No. 2006-07

ORDINANCE NO. 2006-07: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 22 TRAFFIC AND MOTOR VEHICLES BY ADDING SECTION 22 CERTAIN MOTOR VEHICLES PROHIBITED FROM PARKING IN COMMERCIAL DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated this Ordinance dealt with parking of tractor trailers and recreational vehicles in shopping center parking lots.

Vice Mayor Pruette asked City Attorney White to provide a definition of "parking" and a definition of "storage" and have those definitions added to the ordinance. She also submitted a draft of changes to the ordinance that she and City Manager Jarboe had worked on.

Consensus: **TO LOOK AT THE NEW DRAFT AND THE DEFINITIONS OF PARKING AND STORAGE AND FORWARD TO THE MAY WORKSHOP MEETING FOR DISCUSSION.**

Ord. No. 2006-XX
Zoning

ORDINANCE NO. 2006-XX: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-222(2)(C) PURPOSE AND INTENT OF ZONING DISTRICTS; AMENDING SECTION 27-238 MAXIMUM LOT COVERAGE AND ADDING FOOTNOTE (6) TO TABLE 27-229-1 IN THE CODE OF ORDINANCES LIMITING FLOOR SPACE IN C-1, C-2 AND C-3 ZONING DISTRICTS TO 60,000 SQUARE FEET AND PROVIDING AN EFFECTIVE DATE.

City Attorney White stated these types of ordinances limiting floor space in commercial districts were rising in cities throughout the country. He had some questions regarding the language and the Bert Harris Act. He added that the existing businesses in commercial districts would be grandfathered.

Councilor Lee questioned if the ordinance would have an affect on the plans submitted by Wal-Mart representatives.

City Attorney White explained that Wal-Mart representatives were aware and put on notice that the ordinance was pending. The city was also aware of Wal-mart's interest so both the City and Wal-Mart would have arguments in a court of law.

Councilor Pardee stated the Ordinance was proposed in reaction to the interest shown by Wal-Mart. He voiced concern regarding a potential lawsuit while referencing the U.S. Constitution and the Bert Harris Act.

Councilor Weldon suggested the following change: Table 27-229-1 (6) No retail store, wholesale warehouse, or other permitted use's building shall exceed 60,000 square feet in total gross floor area, as defined in Section 27-15 of this Code, and further, any retail store, wholesale warehouse, or other permitted use's building located within 1000 feet of each other ~~that are engaged in the selling of similar goods, wares, or merchandise and or~~ operate under common ownership or management, share a warehouse or distribution facility, or otherwise operate as an associated, integrated or cooperative business shall not combine to exceed 60,000 square feet of total gross floor area in aggregate.

Councilor Weldon stated that the 1000 feet verbiage was to stop large retailers from opening a 60,000 square foot store and then a garden center right next door. This has happened in other parts of the country.

Vice Mayor Pruette stated the community was speaking out against Wal-Mart and she was

elected to serve the public. She asked City Attorney White to review the Ordinance to make sure it protected the city against a lawsuit.

Councilor Lee referred to the Comprehensive Plan statement that "the City of Neptune Beach was a residential community" and therefore the citizens did not feel a large Wal-Mart fit the character of the city.

Mayor Brown suggested moving forward with the ordinance while City Attorney White looked at the language and the council was continuing to gather information.

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ WITH THE CHANGE REQUESTED BY COUNCILOR WELDON AND COMMENTS BY CITY ATTORNEY WHITE.**

CONTRACTS / AGREEMENTS

Utility Service Co. **CANCELATION OF SERVICE WITH UTILITY SERVICE CO., INC. FOR MAINTENANCE SERVICE OF THE WATER TOWER:** City Manager Jarboe explained the contract with Utility Service Co, Inc. to maintain the water tower expires in June of 2007. The contract could not be terminated without a 120 day notice and the signatures of three council members. He asked the Council to go ahead and give him the authority to give notice in February if at that time he felt it was necessary to terminate the contract.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA.**

Recess/Reconvene Mayor Brown called a recess at 8:25 p.m. and reconvened the meeting at 8:35

ISSUE DEVELOPMENT

C-3 Zoning District **MIXED USE IN THE C-3 ZONING DISTRICT:** Vice Mayor Pruette felt allowing mixed use, as a special exception in commercial districts, would give developers more options.

Michael Dunlap gave a slide presentation on the definition of mixed use which provided a combination of residential, retail, and office space, thereby offering developers a mixture of alternatives.

City Manager Jarboe stated he had spoken with two shopping center owners who found the concept interesting. Council discussed how this could be a positive change in the cities code and would help developers have more options than just big box stores.

Consensus: **TO HAVE STAFF BRING A DRAFT OF THE ORDINANCE DEFINING MIXED USE AND ADDING IT AS A SPECIAL EXCEPTION IN C-1, C-2, AND C-3 ZONING DISTRICTS TO THE MAY WORKSHOP.**

F.A.C.E. Children Programs **REQUEST FUNDING FOR F.A.C.E. CHILDREN PROGRAMS – KIRK FARBER:** Mr. Kirk Farber, The Working Warrior, Inc. explained the Fitness and Character Education (F.A.C.E.) and "Don't be a Bully - Be a Buddy" program. The program helps build self esteem and confidence in troubled children by teaching leadership qualities. The program also focused on fitness and character education. Mr. Farber requested a contribution of \$1,775.00 from the city to provide a program this fall at Neptune Beach Elementary.

Consensus: **TO CONSIDER THE CONTRIBUTION OF 1,775.00 FOR THE PROGRAM DURING THE UPCOMING BUDGET PROCESS.**

City Manager Jarboe asked Mr. Farber to provide a letter from the school principal endorsing the program.

Neptune Fire Engine No. 2 REQUEST TO PURCHASE NEPTUNE FIRE ENGINE NO. 2 – MILLER NORTON: Due to the absence of Miller Norton the request to purchase the fire engine will be forwarded to the May workshop meeting agenda.

Consensus: **TO DEFER TO THE MAY WORKSHOP MEETING.**

Forfeiture Funds REQUEST FOR EXPENDITURE OF FORFEITURE FUNDS – CHIEF SEMBACH: Chief Sembach submitted a list of items he wished to purchase with the use of the forfeiture funds. Councilor Weldon felt the request was acceptable because the forfeiture fund was a special fund that could only be used for the purposes of public safety equipment.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA.**

Fla. Housing Trust Fund RESOLUTION SUPPORTING THE ELIMINATION OF THE CAP OF THE FLORIDA HOUSING TRUST FUNDS: The Resolution was being adopted by Florida cities in an effort to restore funds for affordable housing.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA.**

USS Farragut REQUEST FOR SUPPORT OF THE “COMMISSIONING OF USS FARRAGUT” EVENT AT NAVAL STATION MAYPORT: Councilor Lee asked the Council to consider supporting “The Commissioning of the USS Farragut” by making a small contribution for the welcoming ceremony.

Discussion ensued regarding the amount of the contribution.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA – A CONTRIBUTION OF \$500.00 FOR THE COMMISSIONING.**

Vice Mayor Pruette acknowledged the artwork by Linda Olsen that was hanging on the wall in the Council Chambers.

City Manager Jarboe acknowledged Councilor Pardee, as an employee of the City of the Jacksonville, was able to have Florida Boulevard and Fifth Street restriped by the City of Jacksonville.

City Manager Jarboe stated the Council may want to consider an alternative location for the upcoming Wal-Mart hearings.

Adjournment There being no further business, the meeting adjourned at 9:30p.m.

Richard A. Brown, Mayor

Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

City Manager Jarboe introduced Don Ford, the new Building Official.

CITY OF ATLANTIC BEACH COMMISSIONER DEZMOND WATERS - WELCOME SIGN: City of Atlantic Beach Commissioner Dezmond Waters, urged the Council to consider sharing the cost of a welcome sign with Atlantic Beach. He suggested using the money from the bed tax revenue.

GARY FISKE, NEPTUNE BEACH VOLUNTEERS: Former Neptune Beach Volunteer Firefighter Gary Fiske presented Mayor Brown and the City of Neptune Beach a framed photograph taken at their first reunion. Cathy Tucker, representing Firehouse Sub's presented Mayor Brown and the City an original photograph of the Neptune Beach Volunteer Firefighters taken back in 1965.

Councilor Weldon had to leave due to a family emergency at 7:40 p.m.

APPROVAL OF MINUTES

City Clerk Lisa Volpe explained after distribution of the minutes to the Council an error was located in the "Speed Hump Policy" and had since been corrected.

Moved by Pruette, seconded by Pardee.

Motion: **TO APPROVE THE FOLLOWING MINUTES WITH AN AMENDMENT TO THE FEBRUARY 13, 2006 WORKSHOP MEETING:**

JANUARY 30, 2006 WORKSHOP COUNCIL MEETING

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette stated she had written a memo to City Manager Jarboe requesting an increase in the wattage on the streetlight bulb at the Margaret Street beach access. This would be a one time exception for Mr. Warren, who is legally blind. City Manager Jarboe explained the streetlight policy was created by the Council and needed Council approval for exceptions.

Consensus: **FORWARD TO THE MARCH WORKSHOP MEETING FOR DISCUSSION.**

Mayor Brown stated the Beaches Historical Society Museum had their grand opening celebration over the past weekend. It was very successful and he urged everyone to visit the museum.

CITY MANAGER REPORT

City Manager Jarboe stated the islands on Third Street / A1A had been cleared for the new landscaping. The landscape contractor was waiting for the new palm trees to be delivered. The old palm trees already in the islands were being relocated throughout the city.

City Manager Jarboe asked the Council if they had any objections to asking Town Center merchants to place a fence around garbage dumpsters located on public property.

Consensus: **TO ALLOW THE CITY MANAGER TO ASK TOWN CENTER MERCHANTS TO FENCE GARBAGE DUMPSTERS LOCATED ON PUBLIC PROPERTY.**

PUBLIC COMMENTS

The following citizens spoke in opposition of Resolution 2006-04, feeling that some amendments needed to be made to the "Speed Hump Policy" :

- Patrick Clyne, 1210 Ocean Front
- James Lee, 244 Myra Street
- David Miller, 101 Rose Place

Candy Sullivan, 220 South Street, spoke in favor of Resolution 2006-04, "Speed Hump Policy".

NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 20, 2006 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Fred Lee
Councilor Eric Pardee
Councilor John Weldon
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

City Attorney Christopher White

STAFF:

Community Development Director Jason Cleghorn
Senior Center Activities Director Leslie Lyne
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the following:

- The A1A / Third Street Landscaping is completed.
- The information system conversion was still in progress.
- The Audit was complete the city is waiting for the report.
- The Freedom Shine on the wall in the Council Chamber's had been removed and replaced with Vice Mayor Pruette's art work. He would like to use the area to display local artists work.

City Manager Jarboe suggested adopting a Resolution in appreciation of the \$250,000 for the A1A / Third Street Landscaping that was made available through the City of Jacksonville by former Mayor John Delaney.

Consensus: **TO PREPARE A RESOLUTION FOR MAYOR JOHN DELANEY FOR PRESENTATION AT THE APRIL 3, 2006 MEETING.**

City Clerk Lisa Volpe announced the Supervisor of Elections Office would be conducting a Candidate's Workshop on April 4, 2006 at 6:30 p.m. at Fletcher High School. The workshop was free of charge to interested parties. Due to limited seating participants are required to pre-register. The forms were available in the City Clerk's Office.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Election Dates

ORDINANCE NO. 2006-XX, AMENDING ELECTION DATES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 9 ELECTIONS SECTION 9-2 SCHEDULE FOR ELECTIONS AND PROVIDING AN EFFECTIVE DATE.

City Clerk Lisa Volpe explained the Supervisor of Elections Office requested the city change the date of the runoff election to allow them time to prepare the ballots, mail out absentee ballots, and also to coincide with the City of Jacksonville Beach's runoff election.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR FIRST READ.**

Recycling Bins

ORDINANCE NO. 2006-XX, AMENDING RECYCLING BIN COST: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 11 GARBAGE, TRASH AND INDUSTRIAL WASTE; SECTION 11-106 ESTABLISHED; FEES; CONTAINERS; CURBSIDE COLLECTIONS; TYPES OF MATERIALS TO BE COLLECTED AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the grants previously received from the county for recycling containers, were no longer available. This ordinance would allow the cost of \$7.75 per container to be charged to the residents.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR FIRST READ.**

Land Use / Definition of Family

LAND DEVELOPMENT UPDATE – DEFINITION OF FAMILY: Vice Mayor Pruette explained the reference to the definition of "family" as described in Ordinance No. 2003-02 Section 27-333, adopted May 5, 2003, was not included in the Revised Land Development Regulations. She asked if Council would like for this to be included or reconsidered.

City Manager Jarboe stated the reference to the definition of "family" would need to be added to the Ordinance for enforcement purposes.

Councilor Weldon felt Ordinance No. 2003-02 should never have been omitted and requested it be included in the exact same form as adopted on May 5, 2003. He further requested the City Clerk's Office conduct a formal review of the entire Revised Land Use Code for any further items that may have been omitted.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Speed Hump Policy

RESOLUTION NO. 2006-04: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA ESTABLISHING A "SPEED HUMP POLICY."

Discussion ensued regarding several items within the "Speed Hump Policy."

The following revisions to Resolution No. 2006-04 were discussed and agreed upon by the Council:

ADVANTAGE OF SPEED HUMPS:

1. ~~Speed reduction on local streets.~~
2. ~~Decrease traffic volume~~
3. ~~May reduce incidence of vehicular accidents.~~
4. ~~Traffic noise may be reduced.~~

DISADVANTAGES OF SPEED HUMPS:

1. ~~Speed may increase after hump as drivers try to make up for lost time.~~
2. ~~Increased noise level at the hump due to vehicle brakes, tires, suspension and engine.~~
3. ~~Traffic may be diverted to other neighborhood streets creating new problem areas.~~
4. ~~Possible increased response time of emergency vehicles.~~
5. ~~Possible increased vehicle emissions due to acceleration and deceleration.~~
6. ~~Motorist may try to drive around the humps damaging private property.~~

PROCEDURES FOR INSTALLATION OF SPEED HUMPS:

1. The initial request for the installation of speed humps shall be made in writing to the City Manager from at least five (5) ~~residents~~ registered voters from different households on the street in question.
2. If the street meets the necessary criteria, the City Manager will provide petition forms and instruct residents on the requirement to obtain 55% approval of the speed hump proposal from ~~effected residents~~ registered voters in residences along the effected street (one signature per household).

REMOVAL OF SPEED HUMPS:

Once installed, Speed Humps must be in place for at least ~~one (1) year~~ (3) years before removal will be considered unless unanticipated safety problems arise.

Consensus: **TO DELETE ADVANTAGES OF SPEED HUMPS AND DISADVANTAGES OF SPEED HUMPS, TO CHANGE NUMBER 1. & 2. IN PROCEDURES FOR INSTALLATION TO DELETE EFFECTED RESIDENTS AND INSERT REGISTERED VOTERS LIVING IN RESIDENCES ALONG THE EFFECTED STREET, AND TO CHANGE THE REMOVAL OF SPEED HUMPS FROM ONE YEAR TO THREE YEARS.**

Waste Collection
Fees

RESOLUTION NO. 2006-XX, A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA ESTABLISHING CHARGES OR FEES FOR SOLID WASTE COLLECTION SERVICES.

Consensus: **FORWARD TO THE APRIL CONSENT AGENDA.**

Welcome Sign

WELCOME SIGN – NEPTUNE BEACH AND ATLANTIC BEACH: At the previous Council meeting, Atlantic Beach Commissioner Dezmond Waters requested our Council to consider sharing the cost of an \$80,000 proposed welcome sign with the City of Atlantic Beach.

Consensus: **TO HAVE NO FURTHER CONSIDERATION OF AN \$80,000 WELCOME SIGN WHERE THE COST WOULD BE DIVIDED BETWEEN NEPTUNE BEACH AND ATLANTIC BEACH.**

Streetlights

MARGARET STREET – STREETLIGHT BULB WATTAGE UPGRADED: Vice Mayor Pruette pulled this item from the agenda.

Day of Prayer

NATIONAL DAY OF PRAYER: Mayor Brown asked the Council if they would support the request from The Beaches Area – National Day of Prayer by proclaiming the first Thursday of May, which would be May 4, 2006 a “National Day of Prayer. “

Consensus: **TO PREPARE A PROCLAMATION SIMILAR TO THE ONE PREPARED BY JACKSONVILLE BEACH, PROCLAIMING MAY 4, 2006, AS THE BEACHES AREA NATIONAL DAY OF PRAYER.**

Parking of Trucks

PARKING OF LARGE TRUCKS ON PRIVATE PROPERTY: City Manager Jarboe was concerned about large trucks and school buses parking overnight in shopping centers and on other private properties in the city. He felt an ordinance allowing the city to fine owners of said vehicles was in order.

Discussion ensued regarding a time limit of 12 to 24 hours for parking, the amount of the fine, the size commercial trucks, and the effect of residents living in the CBD.

Consensus: **DRAFT AN ORDINANCE AND FORWARD TO THE APRIL REGULAR MEETING FOR FIRST READ.**

Commercial Setbacks

SETBACK REQUIREMENTS FOR COMMERCIAL DEVELOPMENT: Mayor Brown stated he recently received a telephone call from a Wal-mart representative regarding commercial setbacks. He was concerned after reviewing preliminary drawings of the plot plan for a proposed Wal-Mart Store to be constructed at the site of the old Food Lion Store in the Neptune Square Shopping Center.

Under the current 50 feet setback, the preliminary drawing showed the front of the store facing west, the rear facing to the east, and the garden center to the north very close to Atlantic Boulevard.

A second plot plan for the Wal-Mart showed a more traditional building placed further back on the lot, facing Atlantic Boulevard with the parking lot in the front.

He asked the Council if they would be interested in reconsidering the setback requirements in commercially zoned districts.

Councilor Weldon stated the concept of bringing the buildings closer to the highway was simply to create a more pedestrian and user friendly shopping area and encourage creative landscaping. Councilor Weldon stated he was not in favor of allowing Wal-Mart to open in Neptune Beach

Councilor Pardee stated he would be interested in changing the front setback from 50 feet in order to accommodate any store that was interested in building on the property. Councilor Pardee stated he would gladly welcome Wal-Mart to the community.

Mayor Brown stated Council needed to be aware that there were rules in place driving this type of concept.

SJRWMD

ST. JOHN'S RIVER WATER MANAGEMENT – TWO DAY PER WEEK LANDSCAPE IRRIGATION RULE: Mayor Brown stated the ordinance would require local enforcement of the two day per week landscape irrigation rule.

City Manager Jarboe stated Section 23-27 of the Code of Ordinances addressed the issue of irrigation restrictions; however it was not as comprehensive as St. Johns River Water Management would like local governments to be. Council discussed the proposed ordinance.

Consensus: **NO COUNCIL ACTION NECESSARY.**

Adjournment

There being no further business, the meeting adjourned at 8:30p.m.

Attest:

Richard A. Brown, Mayor

Lisa Volpe, CMC, City Clerk

MOTION CARRIED

VARIANCES

203 Ocean Front & 101 Lemon St.	<u>VARIANCE REQUEST OF MR. LOUIS STUART – 203 OCEAN FRONT & 101 LEMON STREET:</u> Mr. Buddy Hooten, Attorney for Louis Stuart, explained the history of the variance request. Beginning on November 19, 2003 the Board of Appeals approved the variance request for a 10' block wall to the end of the house, an 8' section from the end of the house to the end of the pool deck and a 6' section from the end of the pool deck to the end of the property for the purpose of eliminating noise. Mr. Stuart had health problems and was unable to complete the wall within the time period requirement of one year.
---------------------------------	--

The Planning & Development Review Board heard the request on June 21, 2005 and recommended Council approval.

On August 1, 2005 the City Council heard the request and recommendation of the Planning & Development Review Board. At that time they approved the request with amendments as follows: To erect a masonry wall no greater than 8' from the northwest corner of the property line to the northeast corner of the dwelling, and then slope to four feet from the northeast corner of the dwelling to the eastern end of the property line – if the land owner wishes to landscape the exterior side of the wall he needs to position the wall so as to leave adequate property for landscaping purposes so that landscaping is not on public property.

Vice Mayor Pruette asked Mr. Hooten to explain the purpose of the 10' concrete wall. Mr. Hooten replied the area is in the Central Business District and changed dramatically when the Lemon Bar was opened. Since then there has been a murder in Mr. Stuart's driveway, the noise, traffic and trash had become intolerable. The concrete wall would help eliminate some of the noise and discourage people from coming onto his property.

Discussion ensued regarding the history and height of the concrete wall. Mayor Brown felt the property was unique and the request was reasonable and not precedent setting. Vice Mayor Pruette stated the City, when they allowed the Lemon Bar, created the hardship for Mr. Stuart.

Moved by Pardee.

Motion: **TO APPROVE THE VARIANCE AS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD WITH AN 8' WALL TO THE CORNER OF THE HOUSE AND THEN 6' TO THE END OF THE POOL AND 4' TO THE PROPERTY LINE WITH LANDSCAPING ON MR. STUART'S PROPERTY.**

MOTION DIED FOR LACK OF A SECOND.

Moved by Pruette, seconded by Lee.

Motion: **TO ALLOW THE 10' FROM HOUSE TO HOUSE SLOPING DOWN TO 6' AND 4' IN THE BACK WITH THE UNDERSTANDING THERE WILL BE STRUCTURAL PLANS TO THE CITY AND THERE WILL BE SOME LANDSCAPING ON BOTH SIDES.**

City Manager Jarboe stated the Building Department can not issue a permit unless it the structure complied with the Building Code.

Discussion ensued regarding landscaping.

Councilor Pardee was concerned that without the landscaping requirement the concrete wall would become susceptible to graffiti. He asked for clarification of sloping or stepping. Mr. Hooten replied the wall would step down and not slope at an angle.

City Attorney White questioned if the wall would begin at the Northwest corner of the structure or the Northwest corner of the property. Mr. Stuart responded it would begin at the property line .

City Attorney White clarified the intent of the motion was for the concrete wall to be 10 feet from the northwest corner of the property to the northeast corner of the structure and step down to 6 feet to the end of the pool area and step down to 4 feet to the remaining northeast corner of the property.

Vice Mayor Pruette agreed to amend the motion as follows:

Moved by Pruette, seconded by Lee.

Amended Motion: **FOR THE CONCRETE WALL TO BE 10 FEET FROM THE NORTHWEST CORNER OF THE PROPERTY TO THE NORTHEAST CORNER OF THE STRUCTURE AND STEP DOWN TO 6 FEET TO THE END OF THE POOL AREA AND STEP DOWN TO 4 FEET TO THE REMAINING NORTHEAST CORNER OF THE PROPERTY.**

PRESENTATIONS

FAMILY INITIATIVE PROGRAM – ROBYN CENIZAL: Councilor Pardee introduced Robyn Cenizal, Executive Administrator, Jacksonville Mayor's Initiative to Strengthen Families.

Ms. Robyn Cenizal gave a presentation on the Mayor's Family Strengthening Initiative Program explaining how the federal funded program helped families in crisis situations.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the following:

- Negotiations for antennas on the water tower were underway.
- The A1A Landscaping Project had been started.
- The Florida Department of Transportation would be updating the streetlights on A1A during the upcoming repaving project.

- The budget process would begin once the Audit Report was concluded.
- Councilor Pardee reported that the City of Jacksonville would working on the re-striping of Florida Boulevard.

PUBLIC COMMENTS

Candy Sullivan, 220 South Street, favored speed humps and was concerned about the Speed Hump Policy requirement that speed humps not be placed within 25 feet of a driveway.

Harriet Christovich, 110 Seagate Avenue, questioned when Seagate Avenue would be repaved.

For the Record Vice Mayor Pruette stated for the record that she would support addressing the repaving of Seagate Avenue during the budget preparation.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Speed Hump Policy SPEED HUMP POLICY: Councilor Weldon announced he revised his original draft of the Speed Hump Policy to incorporate the Mayor's draft.

Vice Mayor Pruette felt a resident should have to live on the block for at least one year before they could sign a petition for a speed hump placement.

A lengthy discussion ensued regarding the placement of speed humps and the percentage of signatures required.

For the Record Councilor Pardee stated for the record that five members on the Council could not decide on a Speed Hump Policy. He felt residents living on the street should make the decision of whether or not they wanted a speed hump without involving the City Council.

Councilor Weldon agreed to revise his latest draft of the policy as follows:

Criteria for Installation of Speed Humps: 4. A petition, with verified signatures, shall be submitted from at least ~~60~~ 55% of households on the street requesting Speed Hump installation. Only one signature per household will be allowed.

Location of Speed Humps: 1. Speed Humps should not be installed ~~within 25 feet of a driveway~~ within 25 feet of a fire hydrant.

REMOVAL OF SPEED HUMPS: ~~2. If safety problems arise due to improper installation, maintenance or emergency response issues, steps may be taken to modify or remove the Speed Humps.~~

Procedures for is Installation of Speed Humps: 3. Upon receipt and verification of a petition with 55% of effected residents requesting a speed hump, the City Manager will direct Staff to conduct a thorough traffic study to include volume and speed measurements. Citizen comment and input from residents of the effected street shall be solicited. If the petition fails a new petition can not be brought up for a period of one year.

Consensus: **TO FORWARD THE SPEED HUMP POLICY WITH THE ABOVE REVISIONS TO THE MARCH CONSENT AGENDA IN THE FORM OF A RESOLUTION.**

ABSENT:

City Attorney Chris White

STAFF:

Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:30 p.m. and announced the purpose of the meeting was to select a waste service provider and level of waste services.

The following are the low bids for three available options with various levels of services:

OPTION 1 – WASTE PRO

This residential option would keep services as they are currently including two day per week garbage pickup (side yard), one day per week recycling and Monday yard waste pickup. The lowest bid for this option was Waste Pro at \$19.45 per month. Accepting this option would result in an increase from the present \$13.00 per month to approximately \$20.00 per month.

OPTION 2 – WASTE PRO

This residential option would keep services as they are currently including two day per week garbage pickup (side yard), one day per week recycling and any weekday yard waste pickup. The lowest bid for this option was Waste Pro at \$17.78 per month. Accepting this option would result in an increase from the present \$13.00 per month to approximately \$18.25 per month.

OPTION 3 – WASTE PRO

This residential option would eliminate side yard pickup and includes a two day per week garbage pickup, one day per week recycling and Monday yard waste pickup. The lowest bid for this option was Waste Pro at \$16.12 per month. Accepting this option would result in an increase from the present \$13.00 per month to approximately \$16.50 per month.

PUBLIC COMMENTS

Mayor Brown opened the public hearing.

Harriet Christovich, 110 Seagate Avenue, favored option three.

There being no further comments from the public, the public hearing was closed.

Councilor Lee was concerned that Summer Sands and Secluded Woods had covenants and restrictions that prevented garbage cans from being placed in side yards. He felt two days per week trash pickup and Monday yard waste pickup is important, therefore he favored option three.

Councilor Pardee favored side yard pickup and option two.

Councilor Weldon felt side yard waste pickup was an advantage because residents would not have to remember when to take the cans out to the curb. He supported option one or two.

Mayor Brown felt the option with the least amount of dollar impact and maintaining the level of service was option two, with trash pickup remaining the same while being flexible with the yard waste pickup.

Councilor Pruette was concerned about residents living on a fixed income. She felt the cost increase for option one was too high and favored option three. Councilor Pruette added that side yard pickup has always been available and would continue to be available for elderly and handicapped residents.

Councilor Lee felt it was important that storm debris clean up was included in the contract regardless of the option chosen.

City Manager Jarboe stated communities with covenants and restrictions such as Summer Sands had the option of providing dumpsters for their residents.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROVE OPTION TWO WITH WASTE PRO.**

Roll Call Vote:

Ayes: 3 – Pardee, Weldon, Brown

Noes: 2 – Lee, Pruette

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette stated she would like for the council to discuss the topic of subdividing lots in a future workshop meeting.

City Manager Jarboe stated the bids were received and opened for the waste services contract and he would provide information to Council for the January workshop meeting.

CITY MANAGER REPORT

The January 6th, 2006 payroll was prepared using the new software and the entire computer system should be completed and converted by the end of January.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, was concerned about traffic and asked that the stop signs east of Third Street be kept in place.

George Felts, 100 Rose Place, objected to spending tax payer money for the installation of speed humps. He suggested residents pay for speed humps if they felt they were necessary.

Patrick Cline, 1210 Ocean Front, opposed the installation of speed humps before a policy was place.

Agenda Amendment Mayor Brown interrupted the public comments session in order to present Resolution 2006-01 of appreciation to former Councilor Larry Shealy.

Res, No. 2006-01 RESOLUTION NO. 2006-01 – APPRECIATION OF SERVICE FOR COUNCILOR LARRY SHEALY: A RESOLUTION OF THE CITY OF NEPTUNE BEACH IN APPRECIATION OF FORMER COUNCILOR LARRY SHEALY WHO HAS SERVED THE COMMUNITY OF NEPTUNE BEACH IN AN OUTSTANDING MANNER.

City Clerk Lisa Volpe read Resolution 2006-01.

Mayor Brown presented the Resolution to former Councilor Larry Shealy.

Vice Mayor Pruette thanked Councilor Larry Shealy for his dedicated service and presented him with a key to the City.

PUBLIC COMMENTS CONTINUED

Paul Nicholson, 222 Oleander Street, stated there was a speed bump in front of his house before the repaving and requested that it be added to the list.

Leslie Karlin, 1506 Spindrift Circle West, was concerned that the Atlantic Coast Federal Development Order would interfere with the entrance to the Summer Sands subdivision.

Candy Sullivan, 220 South Street, favored the installation of speed humps. She added that she knew of a citizen that was moving from Neptune Beach because it was taking too long to replace the speed bump on his street.

William Doyle, Attorney representing Mr. Gonzales, JCI Associates, Inc., 1415 Atlantic Boulevard, stated his client was concerned Atlantic Coast Federal would deny him access to his property in which an easement was conveyed with his deed. Mayor Brown explained the Council would listen to his concerns when the Development Order came up later on the agenda.

CONSENT AGENDA

JARRETT DEVELOPMENT – PROVISION OF WATER & SEWER SERVICES BY JACKSONVILLE BEACH:

REPLACEMENT OF SPEED BUMPS WITH SPEED HUMPS:

Vice Mayor Pruette asked to remove "Replacement of Speed Humps" from the consent agenda for discussion.

Consensus: **REMOVE ITEM B "REPLACEMENT OF SPEED HUMPS" FROM THE CONSENT AGENDA.**

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE CONSENT AGENDA WITH ITEM A "JARRETT DEVELOPMENT" ONLY.**

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Vice Mayor Pruette was opposed to the placement of speed humps on North Street and Magnolia Street.

Councilor Pardee was concerned about the consistency of future speed hump placement and the responsibility of the cost.

Councilor Weldon explained these were streets that had speed bumps before the repaving began and those residents went through a process and procedures to have them placed. He felt they should go ahead and move forward with the installation eliminating North Street and Magnolia Street as Vice Mayor Pruette suggested.

Moved by Pruette, seconded by Weldon.

Motion: **TO REPLACE SPEED BUMPS WITH SPEED HUMPS ON CHERRY, HAGLER DRIVE, 400 AND 500 BLOCK OF SOUTH & CEDAR, HAGLER, GOLDENROD & CAMELIA WITH I.T.E. COMPLIANT SPEED HUMPS.**

Roll Call Vote:

Ayes: 2 – Pruette, Weldon

Noes: 2 – Pardee, Brown

MOTION FAILED.Consensus: **FORWARD SPEED BUMP REPLACEMENT TO THE JANUARY WORKSHOP MEETING.****VARIANCES / NONE****ORDINANCES / NONE****OLD BUSINESS / NONE****NEW BUSINESS**

1422 Tree Split Ln.

APPEAL OF ADMINISTRATIVE DECISION – 1422 TREE SPLIT LANE: City Manager Jarboe stated a heritage tree was removed without a permit at 1422 Tree Split Lane. The Board of Appeals fined both the homeowner and the tree company \$200.00.

Moved by Weldon.

Motion: **TO FINE THE HOMEOWNER AND THE TREE COMPANY \$500.00 EACH.**MOTION DIED FOR LACK OF SECOND.

Vice Mayor Pruette felt the contractor should be aware of the laws and regulations regarding tree permits and it was his responsibility to obtain a permit before starting the work.

Discussion ensued regarding the Tree Ordinance.

Moved by Weldon.

Motion: **TO UPHOLD THE BOARD OF APPEALS DECISION TO FINE THE HOMEOWNER \$200.00 AND INCREASE THE FINE FOR THE TREE COMPANY FROM \$200.00 TO \$500.00.**

Seconded by Pardee with the following amendment:

Amendment: **PLACE THE ISSUE OF THE TREE ORDINANCE ON THE JANUARY WORKSHOP AGENDA FOR CLARIFICATION.**

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Dev. Order
1425 Atlantic Blvd.

DEVELOPMENT ORDER – 1425 ATLANTIC BOULEVARD – ATLANTIC COAST FEDERAL: Community Development Director Jason Cleghorn stated the applicant was not present. He requested deferring approval of the development order to the February regular meeting.

Councilor Weldon stated he would like to hear from the person on the opposing side that was present.

William Doyle, Attorney representing Mr. Gonzales, 1415 Atlantic Boulevard, stated his client had an easement on 1425 Atlantic Boulevard which he used for access to his property. The easement had been in place since 1986. He was concerned the new owner, Atlantic Coast Federal, would not allow him access through the easement. He was also concerned parking for his building would be disrupted.

City Attorney White asked Mr. Doyle to send him a letter addressing the issue and concerns.

Consensus: **TO DEFER ACTION ON THE DEVELOPMENT ORDER UNTIL THE FEBRUARY.**

A1A Landscaping **APPROVAL OF BID FOR A1A LANDSCAPING:** City Manager Jarboe asked Council to approve the low bid for the A1A Landscaping Project from Hickory Creek Nursery.

Moved by Pruette, seconded by Pardee.

Motion: **TO ACCEPT THE BID FROM HICKORY CREEK NURSERY.**

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Influent Line Repair **APPROVAL FOR INFLUENT LINE REPAIR:** City Manager Jarboe stated Integrated Environmental Solutions, Inc., accidentally drilled into a sewer line. An emergency call was placed to Gruhn May, Inc. to repair the line. Jarboe asked the Council to approve the emergency purchase authorization for payment. The cost would be reimbursed by Integrated Environmental Solutions, Inc.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE PURCHASE AUTHORIZATION FOR GRUHN MAY, INC.**

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown

Noes: 0

MOTION CARRIED

Surplus Equipment **SURPLUS OF CITY EQUIPMENT:** Approval to surplus city vehicles, police vehicles and miscellaneous equipment.

MINUTES
WORKSHOP CITY COUNCIL MEETING
January 9, 2006, AT 6:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held December 19, 2005 at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Eric Pardee
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Sergeant at Arms Officer Ryan Hall
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:30 p.m.

**Council Seat
Vacancy**

DISCUSSION – COUNCIL SEAT 4 VACANCY SELECTION: Mayor Brown stated he was pleased that eleven resumes were submitted for consideration for the council seat vacancy. The Council now needed to determine the selection process and schedule a special meeting to interview and select a candidate.

City Manager Jarboe received a total of thirteen questions from Council members for each applicant to respond to in writing. Council reviewed the questions and agreed on six.

Discussion ensued regarding the selection process.

Councilor Weldon suggested after reviewing the written responses and interviewing the candidates that each council member rank their choices 1 through 11.

Mayor Brown suggested using a scale of 1 to 5 for each candidate and selecting the one with the highest amount of points.

Councilor Weldon suggested allowing a one week period for applicants to respond to the questions and allowing Council a week to review them. At the special meeting applicants could have a three minute period to introduce themselves and make a

statement.

City Clerk Lisa Volpe stated she would send out the questions for the applicants tomorrow, Tuesday, January 10, 2006 with a January 17, 2006, 12:00 p.m. deadline for responses. She suggested the workshop meeting be moved from January 23, 2006 to January 30, 2006 at 7:00 p.m. and the special meeting for interviewing, selecting and swearing in of the new councilor be held on January 23, 2006 at 6:30 p.m. This would allow the new councilor to take part in the workshop discussion and knowingly vote at the February regular council meeting

Consensus: **RESPONSES TO SIX QUESTIONS TO BE RECEIVED BY JANUARY 17, 2006 AT 12:00 P.M.; TO RANK THE CANDIDATES ON A SCALE OF 1 TO 5; TO HOLD A SPECIAL MEETING ON JANUARY 23, 2006 AT 6:30 P.M. TO INTERVIEW, SELECT AND SWEAR IN THE NEW COUNCILOR; TO MOVE THE JANUARY WORKSHOP MEETING TO JANUARY 30, 2006 AT 7:00 P.M.**

Director of Finance Steve Ramsey
Administrative Assistant to the City Manager Terry Klein
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:30 p.m. and announced the purpose of the meeting was to select one of the eleven candidates to fill the vacant council seat. Mayor Brown asked City Clerk Volpe to call the roll to ensure each candidate was present.

Candidates

CANDIDATES:

Sybil Ansbacher
Connie Green Austin
Thomas Byerly
Nicole Hahl
Teresa Hunnewell-McCaulie
Richard Keene
Fred Lee
James Lee
David Smith
Kara Tucker

ABSENT:

John Jolly (out of the country)

**Appointment
Councilor Seat 4**

APPOINTMENT TO FILL VACACY OF COUNCIL SEAT NUMBER TWO – CHARTER PROVISION SECTION 2.06: City Clerk Lisa Volpe explained each of the eleven candidates, with the exception of Mr. John Jolly, who was out of the country, would be allowed a three minute introduction. The candidates would draw numbers one through ten to determine the order of introductions. Once the introductions were completed, the Council would rate the candidates on a scale of one to five. She would tally the score; announce the winner and the winner would be sworn into office.

City Manager Jarboe stated under the terms of Section 2.02, Election and Terms, of the Charter of the City of Neptune Beach, council members could only serve a total of eight consecutive years. Therefore, the person selected would serve the remaining ten months of the current term, until the 2006 election. The candidate would be able to run for election in 2006 to serve a full four term. However, if the candidate decided to run for reelection in 2010 they would not be able to serve the entire four year term and could only serve three years and two months for a total of eight years.

Each Councilor personally thanked the candidates for applying for the position.

THE CANDIDATE INTRODUCTIONS BEGAN IN THE FOLLOWING ORDER:

Thomas Byerly, 527 South Street, stated he moved to Neptune Beach in 1956 as a child with his parents. After he moved away, he would return periodically for a three or four week visit. He returned permanently in 2000 after retiring from the United Nations. He felt his affiliation with the community and awareness of changes in the community made him a good choice.

Richard Keene, 733 Bay Street, Member of the Code Enforcement Board, stated his primary concern was to preserve the Interlocal agreements with the City of Jacksonville. He was also concerned with the following: solving the issue of the Kings Road Bridge, realignment of the intersection at Florida Boulevard and Third Street, control of expenses for outside consultants, budget control, adoption of a commercial blight ordinance, preservation of public beach accesses, development of a fee based parking garage in the commercial area, and traffic calming.

Sybil Ansbacher, 2008 Strand Street, Chairperson for the Board of Appeals, stated she had lived in Neptune Beach since 1978 and was active in the community during most of that period. She was employed part time as a counselor at the Beaches Resource Center. She was previously employed as the Director of the Beaches Truancy Center. She was appointed to serve on the Board of Appeals by the Council in February of 2002 and elected Chairperson of that Board in June of 2002. Her experience on the Board has taught her the diversity in the community. She has no special interests except for the City as a whole. Her past performance should be an indication of her willingness and ability. She is available to give the time necessary to do the job. She is dependable, a team player, a good listener, and a good consensus builder. She felt the challenge is to maintain the quality of the community. She has enjoyed the opportunity to serve the community and would like to continue to do so as member of the City Council.

Connie Green Austin, 1509 Strand Street, Member of the Code Enforcement Board, stated she was a lifelong resident of North Florida and deeply appreciated the neighborhood. She has been a member of the Code Enforcement Board for the past two years. She felt the biggest challenge of the council was to maintain the quality of life with the changing environment. She felt property rights should be protected while insuring the community would not be harmfully impacted. Some of her concerns were drainage, Town Center parking and Penman Road. Her most critical concern is the preservation of community character and the development of a tax base in the commercial area. She also felt code enforcement and rules must be reasonable and enforceable. If she were chosen she would respectfully listen to all input, do her homework and remain trustworthy.

Kara Tucker, 1650 Leeward Landing, Alternate Member of the Planning & Development Review Board and Member of the Ish Brant Beautification Committee, stated she was proud to say she has lived in Neptune Beach her entire life and attended the local schools. She was familiar with the different neighborhoods and has watched the city grow and prosper. While serving on the IBBC she was instrumental in Neptune Beach becoming a

Tree City. She has learned from her position on the PDRB how to listen to both sides of an issue and the importance of being fair when making decisions. She was appointed by Mayor Payton as a member of the Mayor's Disability Council. She was familiar with ADA Regulations, Roberts Rules of Order, and the Florida Sunshine Law. With her interaction skills she felt she had the ability to handle difficult problems and assist with conflict resolutions. Her love for the city and the people in it would guide her while making important decisions. She has no preconceived opinions and is very open minded. If selected she would strive to maintain the community spirit and the small town atmosphere.

Nicole Habl, 119 Margaret Street, stated she has lived in Neptune Beach for three years. She moved here from New York City after the September 11th tragedy. She received her J.D. at Brooklyn Law School and was currently a member of New York, New Jersey, Florida, and Georgia Bar. With her experience as a prosecutor she felt her greatest attribute was the ability to listen to others and remedy problems.

Davis Smith, 1053 Kings Road, stated he has lived in Duval County for ten years, most of which in Neptune Beach. He felt his experience as a high school Spanish teacher and activist would be an asset to the council. He works with the Concerned Tax Payers of Duval County, a lobbying group to the Jacksonville City Council. His priority as a councilor would be to find ways to get in touch with residents so that he could represent them better. He was available to attend meetings and would do his best to serve the city.

Fred Lee, 1501 Big Tree Road, Chairperson of the Planning & Development Review Board, stated he has been involved in the community for five years. He is a straight forward person who takes a common sense approach. He has lived in the Jacksonville area his entire life and has children currently attending local schools. He has a strong record of serving with leadership, integrity and commitment. He works as a team member. When there is a disagreement he will agree to disagree and move forward. He has shown commitment being involved at the city level. He has a good understanding of the Code of Ordinances and is knowledgeable about current issues. He has no agenda except for the betterment of the community.

Thereasa Hunnewell-McCaulie 1219 Trailwood Drive, stated she was seeking a seat with the City Council because she felt she could assist the Council in making Neptune Beach the best place to live. She has vast wealth of personal and professional experience that would benefit the Council and the citizens of Neptune Beach. She has been a mother, a student, a prosecuting attorney and is currently a practitioner with her own business. Throughout her career she has learned to treat people fairly and honestly. She knows how to interpret the law and how to apply it. She looked forward to having a more direct effect in the community by working on the City Council.

James Lee, 246 Myra Street, stated Neptune Beach had changed since he grew up here. He felt the citizens should control future changes based on their wants and needs. He would make recommendations for changes in the Code. He would like to see more sidewalks, tree planting, jogging trails and bike paths.

That concluded the introductions and each Council member rated the candidates.

Recess

Mayor Brown called for a recess at 7:15 p.m. while City Clerk Lisa Volpe tallied up the points. The meeting reconvened at 7:30 p.m.

City Clerk Lisa Volpe announced the winner was Fred E. Lee, Jr. with a total score of 20 at which time Mr. Lee formally resigned at Chairman of the Planning & Development Review Board and accepted the appointment.

City Clerk Lisa Volpe administered the Oath of Office to Fred Lee, whereupon he would respectfully assume the duties of his appointed office effective January 24, 2006.

Adjournment

There being no further business, the meeting adjourned at 7:35 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the following:

- Florida Boulevard Landscaping is waiting to be bid.
- Kings Road Bridge was on the agenda for discussion.
- The contract for the A1A Landscaping Project was signed and work should begin tomorrow.
- The new computer software system was in the conversion process and should be completed March 1st.
- Efforts were underway at Public Services to bring the level of sewer nitrogen up to new state requirements.
- The budget process for FY2006-2007 would begin soon.

- The Audit Report should be completed within the next 60 days.

PUBLIC COMMENTS

Hays Bishop, 1443 Spindrift Circle East, supported side yard garbage collection one day per week, recycling collection one day per week and Monday yard waste pick up.

John Moreland, 1702 Second Street, Jacksonville Beach, President of the Beaches Resource Center Foundation, requested a contribution from the city for support the of center.

Steven Carter, 1723 Indian Woods Drive, supported continuing maintenance of the Kings Road Bridge in lieu of a total replacement, due to the excessive costs.

Jay Ambler, 1424 Forest Avenue, questioned when the joint council meeting with the City of Jacksonville Beach, regarding the Kings Road Bridge, would take place.

Tracey Lakey, 227 South Street, supported speed humps.

James Lee, 246 Myra Street, supported having a Speed Hump Policy in place before replacement of the old speed bumps in order to ensure fairness.

David Wicker, 427 South Street, supported speed humps.

Ernie Clark, 420 South Street, supported speed humps.

Donald Rogers, 1400 Neptune Grove Drive West, favored the continuance of side yard garbage collection.

Jo Anne Hoffman, 130 Sand Castle Way, preferred yard waste collection on Monday's.

PROPOSED ORDINANCES

Ord. No. 2006-XX

ORDINANCE NO. 2006-XX, AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS, ARTICLE XV: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS ARTICLE XV ADVERTISING BY AMENDING SECTION 27-595 PROCEDURE FOR APPEAL AND PROVIDING AN EFFECTIVE DATE.

City Attorney Chris White explained the ordinance would bring the City into compliance with a recent court ruling allowing appeals for sign permits immediate access to the court system, bypassing the Board of Appeals.

Councilor Weldon agreed to sponsor the Ordinance.

Consensus: **FORWARD TO THE FEBRUARY REGULAR COUNCIL MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Garbage Proposals

GARBAGE REQUEST FOR PROPOSALS INFORMATION: City Manager Jarboe stated the current contract for waste services would expire in June. An Executive Summary explaining six different options and their associated cost was provided to the Council in the agenda packets. He would like to begin the contract negotiation as soon as possible.

OPTION 1: This residential option would keep services as they are currently, including 2 day per week side yard garbage pickup, one day per week recycling, and Monday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$20.00 per month.

OPTION 2: This residential option would keep services as they are currently, including 2 day per week side yard garbage pickup, one day per week recycling, but changing to any weekday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$18.25 per month.

OPTION 3: This residential option would eliminate side yard pickup and include 2 day per week garbage pickup, one day per week recycling and Monday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$16.50 per month.

OPTION 4: This residential option would eliminate side yard pickup and include 2 day per week garbage pickup, one day per week recycling and any weekday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$14.75 per month.

OPTION 5: This residential option would eliminate side yard pickup and include 1 day per week garbage pickup, one day per week recycling and Monday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$16.00 per month.

OPTION 6: This residential option would eliminate side yard pickup and includes 1 day per week garbage pickup, one day per week recycling and any weekday yard waste pickup. The rates for this option would increase from the current \$13.00 per month to approximately \$14.25 per month.

A lengthy discussion ensued regarding the various options and rates.

City Manager Jarboe stated he checked the references of each of the firms and they were all qualified and reputable.

For the Record Councilor Weldon stated for the record he preferred option number one; of which Waste Pro had the most attractive rate proposal.

Mayor Brown stated he would like to gather more information and public input before making a final decision.

City Manager Jarboe suggested holding a special meeting before the February workshop to select the service and provider.

City Clerk Lisa Volpe stated City Hall would be closed February 20th for Presidents Day and asked Council to schedule the Workshop meeting for February 13th or 27th.

Consensus: **TO HOLD A SPECIAL MEETING TO SELECT A WASTE SERVICES PROVIDER BEFORE THE WORKSHOP MEETING ON FEBRUARY 13TH.**

911 Salary

911 SALARY REIMBURSEMENTS FY 2005-2006: City Manager Jarboe explained the annual interlocal agreement reimbursed dispatchers salaries using the 911 tax collected from the telephone service.

Consensus: **FORWARD TO THE FEBRUARY CONSENT AGENDA.**

ISSUE DEVELOPMENT**Beaches Resource Center**

REQUEST FOR CONTRIBUTION FOR BEACHES RESOURCE CENTER: This annual contribution request was for the support of the Beaches Resource Center. The city donated \$2,000 in 2005 and \$4,000 in 2004.

City Manager Jarboe explained the donation would come from the contingency funds.

Discussion ensued regarding budget restraints and the amount of the contribution.

Councilor Weldon questioned the remainder of the contingency fund from the previous year. Director of Finance Steve Ramsey replied the remainder of the contingency fund for the 2005 was \$25,000.

Mayor Brown suggested the city contribute \$3,000.00 this year.

Vice Mayor Pruette requested that a separate fund for contributions be included in future budgets.

Consensus: **TO CONTRIBUTE \$3,000 TO THE BEACHES RESOURCE CENTER AND FORWARD TO THE FEBRUARY CONSENT AGENDA.**

Taser Purchase

APPROVAL OF TASER PURCHASE WITH FORFIETURE FUNDS: City Manager Jarboe stated the tasers would provide another option for police officers, other than the use of a deadly weapon.

Consensus: **FORWARD THE APPROVAL OF TASERS TO THE FEBRUARY CONSENT AGENDA.**

Speed Hump Policy

SPEED HUMP POLICY: Chief Sembach and Councilor Weldon both submitted a draft for the proposed speed hump policy.

Councilor Pardee felt Chief Sembach's policy covered all of the issues.

Councilor Weldon stated his draft avoided pitting neighbor against neighbor. He did not agree with the following language presented in Chief Sembach's drafted policy:

Justification for the Place of Speed Humps:

- 1) The 85th percentile speed of the street being 5 miles per hour or greater than the posted speed limit.
- 2) A petition, with verified signatures, will be submitted from at least 67% of households on the street approving the installation.
- 3) An average daily traffic volume will be no less than 200 vehicles per day.

Vice Mayor Pruette supported replacing the old speed bumps with speed humps.

Councilor Lee supported moving forward with the replacement of speed bumps with ITE compliant speed humps, providing the work would be completed by the Public Services Department, and from there move forward with a speed hump policy.

Mayor Brown suggested moving forward with the replacement of the bumps with humps while continuing to work on the language for a Speed Hump Policy.

Consensus: **TO FORWARD THE REPLACEMENT OF SPEED BUMPS FOR SPEED**

HUMPS ON THE FOLLOWING STREETS: CHERRY STREET (200 BLOCK); CAMILLIA TERRACE DRIVE; HAGGLER DRIVE; SOUTH STREET (400 BLOCK) CEDAR STREET AND HAGLER DRIVE; GOLDENROD LANE AND OLEANDER STREET (200 BLOCK)- TO THE FEBRUARY CONSENT AGENDA AND FORWARD THE SPEED HUMP POLICY TO THE FEBRUARY WORKSHOP AGENDA.

Recess/ Reconvene Mayor Brown called a recess at 9:00 p.m. and reconvened the meeting at 9:12 p.m.

Kings Rd. Bridge KINGS ROAD BRIDGE: City Manager Jarboe stated the following options and estimates for the Kings Road Bridge issue were included in the agenda packet.

OPTION # 1: Concrete Replacement Bridge at Kings Road, total estimated cost of \$1,000,000.

OPTION # 2: Wood Replacement Bridge at Kings Road, total estimated cost of \$200,000 to \$275,000 depending on the width of bridge to widen flow.

OPTION # 3: Seagate Avenue Causeway Rebuild, total estimated cost of \$1,500,000 to \$2,000,000.

OPTION # 4: Opening of Jacksonville Beach Gate, total estimated cost of \$0.

OPTION # 5: Opening Jacksonville Beach gate and Enlarging the Creeks Flow, total estimated cost of \$300,000 plus.

OPTION # 6: Maintenance of Existing Bridge, total estimated cost of \$100,000 over a thirty year period.

Councilor Pardee agreed replacement of the Kings Road Bridge was not a crisis and the city should continue maintaining the current bridge.

Councilor Weldon stated the longer the city waited to replace the bridge the more it would cost. He suggested acquiring a realistic cost estimate for a wooden bridge.

Vice Mayor Pruette felt the concrete bridge was out of our price range and the replacement of the bridge was not an immediate problem.

Councilor Lee questioned how long the Kings Road Bridge had been on the list for replacement by the Florida Department of Transportation. Director of Public Services Leon Smith responded it has been on the list for 2 or 3 years and it could be another 7 to 10 years before they considered it a priority but there was no guarantee.

Councilor Lee agreed with Councilor Weldon that the bridge needed to be replaced. He supported the request for a real cost estimate for a wooden bridge.

City Manager Jarboe explained to acquire a real estimate the city would need to advertise requests for proposals for a design/build project with basic specifications.

Councilor Lee questioned how a new bridge would be paid for. City Manager Jarboe replied \$350,000 had been set aside from the Better Jacksonville Plan. The remainder would need to be borrowed.

Consensus: **TO REQUEST PROPOSALS FOR A DESIGN / BUILD PROJECT FOR A WOODEN BRIDGE TO REPLACE THE KINGS ROAD BRIDGE.**

Tree Protection &
Landscaping

ARTICLE 9. TREE PROTECTION AND LANDSCAPING: City Manager Jarboe explained the following proposed changes to the Tree Protection & Landscaping:

Section 27-445 Permit required for tree removal or relocation (4) Pine and Palm trees of all species are not considered regulated trees by this Article and no arbor permit is needed for their removal.

Section 27-446 Permit application procedures (1)(d) For pruning of ~~six-inch~~ eight (8) inch or larger diameter limbs on regulated trees, an arbor permit will be required. This provision relates to pruning or alteration only, and applies to any development.

Section 27-448 Champion and Heritage Trees (2)(a)(7) ~~Longleaf pine (pinus palustris) 20 inches in diameter or greater.~~

Section 27-452 Unauthorized removal of or damage to regulated trees (1) If a regulated tree, to include heritage or champion trees as defined in Section 27-448, is removed without permit, or is altered or damaged such that the likelihood for disease or premature death is increased, the tree removal contractor and / or property owner shall pay a fine of one hundred dollars (\$100.00) per diameter inch of the trunk, measured at four and one-half (4.5) feet above the ground. In the event that a tree has been completely removed from the site, the measurement will be taken as the diameter of the remaining stumps. In the event that no portion of a stump remains, documents such as a tree survey, building plans, etc. may be used to determine the size of the regulated tree removed. ~~The city manager may, at his discretion, allow other appropriate remedial action in lieu of this fine. Such decisions shall be made on a case by case basis. No Exceptions to this fine shall be made by the city manager in the case of heritage or champion trees that are illegally removed. All violations of Section 27-452 shall be reviewed by the Code Enforcement Board for disposition.~~

Section 27-452 Unauthorized removal of or damage to regulated trees (3) All fines imposed by the Code Enforcement Board for unauthorized removal or damage of regulated trees shall be paid to the City of Neptune Beach.

Section 27-453 Procedure for appeal Any decision that is made in the administration ~~or enforcement~~ of this article may be appealed within thirty (30) fifteen (15) days of said decision to the ~~City Council as provided for in article III~~ Board of Appeals for final disposition as specified in Section 27-133. The Board of Appeals through competent testimony may, in their discretion, affirm, overturn, or modify any decision made in the administration of this article.

Appeals of the enforcement of this article by the Code Enforcement Board shall be made as provided for in Section 2-445.

Councilor Weldon suggested making the following changes:

Section 27-452(1) All violations of Section 27-452 shall be ~~reviewed by~~ deferred to the Code Enforcement Board for disposition.

Section 27-453 Any ~~decision that is made in the administration~~ denial made by city staff ~~or enforcement of this article~~ may be appealed to the Board of Appeals.

Consensus: **FORWARD WITH SUGGESTED CHANGES TO THE FEBRUARY REGULAR MEETING FOR FIRST READ.**

Fences, Walls, &
Hedges

SECTION 27-330, FENCES, WALLS AND HEDGES: The proposal would change the definition of Hedge in the ULDC Article 1, Chapter 27, currently defined as "a continuous, dense planting of shrubs." The new definition would be "Hedge means a fence formed by a row of closely planted shrubs or bushes, typically of such species as English Privet, Indian Hawthorne, Ligustrum or other such evergreen species. This definition is not intended to include other closely planted species commonly referred to as flowering plants such as azaleas, roses, or other such plants that are not usually planted to establish a boundary or fence-like effect."

Mayor Brown stated regulating hedges was unrealistic and he was uncomfortable doing so.

Councilor Pardee stated he would prefer to completely remove hedges from the Section.

Consensus: **FORWARD TO THE REGULAR FEBRUARY MEETING.**

Subdividing of Lots

SUBDIVIDING OF LOTS: City Manager Jarboe stated this item would be forwarded to a future agenda. He was concerned that lots were being subdivided and sold illegally without approval of the city or the awareness of the buyer.

Mayor Brown stated the City of Jacksonville has opened the Interlocal Agreement for review and it could have a severe impact on the beaches' cities.

Councilor Pardee attended several courses on hurricane preparedness for elected officials and was looking forward to the FEMA Workshop meetings.

Adjournment

There being no further business, the meeting adjourned at 10:14 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette thanked Leslie Lyne and staff for their efforts in making Christmas in the Park a success.

Mayor Brown questioned the date of the December 19, 2005 workshop meeting.

City Clerk Lisa Volpe asked if Council would like to reschedule the December Workshop meeting and the January meetings due to the upcoming holidays.

Consensus: **TO HOLD THE WORKSHOP MEETING ON DECEMBER 19, 2005**
AT 7:00 P.M. THE JANUARY REGULAR MEETING ON JANUARY
9, 2006 AND THE JANUARY WORKSHOP ON JANUARY 23, 2006.

CITY MANAGER REPORT

Requests for proposals for waste services have been advertised. The proposals will be opened on January 9, 2006 and will be presented to Council at the January Workshop meeting for consideration.

The bids received for the Third Street / A1A Landscaping Project did not include all of the required documents and therefore the project has been readvertised with a new bid opening on December 15, 2005.

PUBLIC COMMENTS

Bee Jay Lester, 907 Second Street, felt the beach cities should work together to adopt consistent times to allow leashed dogs to be on the beach.

The following citizens opposed reopening the Seagate Avenue causeway:

- Bonnie Ackerman, 1506 Seagate Avenue
- Debbie McDonald, 2028 Shadow Lane
- Wayne Faulkenbury, 2016 Shadow Lane
- John Sheddan, 2010 Shadow Lane

The following citizens opposed rebuilding the Kings Road bridge:

- Jay Ambler, 1424 Forest Avenue

- Bob Walter, 1728 Indian Woods Drive
- Gary Kirkland, 1811 Indian Woods Drive
- Steve Carter, 1723 Indian Woods Drive
- Chris Orum, 1123 Kings Road
- Michael Little, 1107 Kings Road

CONSENT AGENDA

NPDES Interlocal agreement between the City of Neptune Beach and the City of Jacksonville for NPDES monitoring.

Personnel Policy Personnel Policy Update.

Foreclosures Approval to proceed with foreclosures on 914 Fifth Street and 1602-1604 First Street.

Moved by Pruette, seconded by Weldon.

WORKSHOP CITY COUNCIL MEETING
DECEMBER 19, 2005, AT 6:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held December 19, 2005 at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Eric Pardee
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

Councilor Larry Shealy

STAFF:

Community Development Director Jason Cleghorn
Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC
Code Enforcement Officer & Fire Marshal John Webber

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:30 p.m.

City Manager Jarboe stated Councilor Shealy submitted his letter of resignation effective December 31, 2005. He then read the letter into the record:

To: The Mayor Brown, City Council of Neptune Beach
From: Larry Shealy
Subject: Resignation
Date: December 19, 2005

As you are probably aware and I've discussed with Mr. Jarboe on several occasions, my business has begun to consume a tremendous amount of my time. What was a hobby for many years, has evolved into a full time business here in Neptune Beach. It is unfortunate, but my work schedule continues to interfere with planned and impromptu Council and Workshop Meetings. I have attended every meeting that I can possibly attend, but I must put my family, my students and my business first.

As I can no longer give 100% of my self and my time, I believe it is in the best interest of the City of Neptune Beach and to this Council that I offer my resignation, effective December 31, 2005.

I wish to thank the Citizens of Neptune Beach for this awesome opportunity to serve the city. I have thoroughly enjoyed my time on the Council. I also wish to thank Mayor Brown, Councilor Weldon, Councilor Pruette, past Councilor Gilbert and Councilor Pardee for a fun and productive time together. I trust that our work together has had a positive impact on the City of Neptune Beach.

I also wish to thank Mr. Jarboe and his Directors and staff for doing an absolutely fantastic job for our City. Jim, Steve, Leon, Chief Sembach, Lisa, Karla, Terry, Jason, Piper and many, many others, you all are awesome. We are lucky to have such a professional and dedicated group using their many talents to so effectively manage our city. Thank you for what you do.

May God Bless you all!!!

Sincerely,
Larry Shealy

Mayor Brown asked City Manager Jarboe to explain the procedure for filling the vacancy.

Mr. Jarboe explained Council would need to appoint someone to fill the vacancy until the November 7, 2006 election. The vacancy would be publicly announced for interested parties to submit resumes. Council could have the applicants answer a questionnaire and vote for the candidate of their choice.

Councilor Weldon felt it would be too long and drawn out of a process for candidates to answer questions in a public forum. He suggested that each Council member submit questions and create a questionnaire for each candidate to respond to in writing.

City Manager Jarboe asked the Council members to submit their questions to him so he could present the questionnaire to the Council for approval at the January 9, 2006 meeting.

City Clerk Volpe stated she would advertise for candidates to submit resumes no later than 5:00 p.m. January 9, 2006, and advertise a special meeting for January 23, 2006 for selection.

Consensus: **ADVERTISE FOR CANDIDATES TO SUBMIT RESUMES NO LATER THAN 5:00 P.M. JANUARY 9, 2006 AND ADVERTISE A SPECIAL MEETING FOR JANUARY 23, 2006 FOR SELECTION.**

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following:

- The information for the Florida Boulevard Landscaping Project had been sent to the City of Jacksonville and advertised for bids.
- He would present the bids to Council for the A1A Landscape Project at the

January workshop meeting.

- The new computer system was in the process of being installed and the old system was being converted.
- The audit was underway.
- He would like to schedule a budget meeting soon after the first of the year.

PUBLIC COMMENTS

Steven Carter, 1723 Indian Woods Drive, thanked the City Clerk's Office for providing him with copies of the Kings Road Bridge Plans and the Hydraulic Report. He thanked the Public Safety Department for installing the new speed limit signs.

Candy Sullivan, 220 South Street, favored the speed humps. She submitted a letter from her neighbor Mr. Ernest Clarke, 420 South Street also in favor of the speed humps.

Tracey Lakey, 227 South Street, felt speed humps were necessary for the safety of children and asked that they remain in place.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Sewer Connection

JARRETT DEVELOPMENT – SEAGATE SUBDIVISION SEWER LINES: Mr. Steve Jarrett, Developer of Seagate Subdivision, explained the utility problem was no longer an issue. The City of Neptune Beach and the City of Jacksonville Beach had come to an agreement for providing the utilities as per Daniel Livermore's letter.

Consensus: **FORWARD TO THE JANUARY REGULAR MEETING CONSENT AGENDA.**

Tree Protection

ARTICLE 9 – TREE PROTECTION & LANDSCAPING: Vice Mayor Pruette felt the Tree Protection Ordinance was too restrictive and encroached on private property rights. She suggested revising the ordinance to strike pine trees and common variety palm trees from the protected tree list and to allow pruning without having to obtain a permit.

City Manager Jarboe stated under the current ordinance a permit was needed to prune trees limbs over six inches in diameter.

Councilor Pardee was concerned about being fair in enforcement of the fines and penalties involved with removing and pruning trees without a permit. Discussion ensued over the language pertaining to fines.

City Manager Jarboe stated it was up to the Board of Appeals to determine the fines after hearing the appeals from violators. He also felt violators should not be able to appeal to Council once the Board of Appeals has made a decision.

Councilor Weldon agreed the Board of Appeals should be the final authority. He would support a revision to the ordinance allowing pruning of trees up to eight inches in diameter without a permit.

Consensus: **TO ALLOW STAFF TO INCORPORATE THE DISCUSSED CHANGES: 8 INCH LIMBS FOR PRUNING, DELETING PINE TREES, APPEALS STOPPING AT THE BOARD OF APPEALS AND DELETING THE LAST SENTENCE OF SECTION 27-452(1); INTO THE ORDINANCE FOR DISCUSSION AT THE JANUARY WORKSHOP MEETING.**

Fences, Walls &
Hedges

SECTION 27-330 – FENCES, WALLS, & HEDGES: Councilor Pardee was concerned about the 4' height limit of hedges. The definition of hedges was not clarified and it could not be fairly enforced. He suggested that hedges be struck completely from the ordinance.

Councilor Weldon stated the language was included in the new Land Development Regulations in order to prevent blocking ocean views. He suggested staff change the verbiage in order to clarify the definition of hedges.

Discussion ensued about the purpose of having a height restriction for hedges close to the road.

Consensus: **TO ALLOW STAFF LOOK INTO THE RESTRICTIONS ON HEDGES AND THE DEFINITION AND TO DISCUSS IT AT THE JANUARY WORKSHOP.**

Sidewalks &
Bikeways

SECTION 27-479 – SIDEWALKS & BIKEWAYS: Councilor Pardee questioned the requirement of sidewalks for a development of three more lots.

Councilor Weldon explained the requirement for sidewalks to be installed for development of three or more lots shifted the cost from the city or property owner to the developer. He did feel that four feet was sufficient and the requirement of five feet was extensive.

City Manager Jarboe stated 48" was required for a sidewalk. Discussion ensued over the required size for a sidewalk

Speed Humps

REPLACEMENT OF SPEED BUMPS WITH SPEED HUMPS: City Manager Jarboe prepared a list, which was included in the packet, of streets where the speed bumps needed to be replaced with speed humps.

Mayor Brown asked if the speed humps could be phased in due to the cost. City Manager Jarboe replied the cost to install the speed humps in house would be \$750.00 and to have them installed by a contractor would cost \$2,400.00. The money would be paid from the contingency fund.

Consensus: **FORWARD TO THE JANUARY CONSENT AGENDA TO REPLACE THE SPEED BUMPS WITH SPEED HUMPS ON ALL NINE STREETS ON THE LIST: CHERRY STREET, CAMELLIA STREET, SOUTH STREET, HAGLER DRIVE, NORTH STREET(200 BLOCK), MAGNOLIA STREET(200 BLOCK), SOUTH STREET(400 BLOCK), CEDAR STREET AND HAGLER, AND GOLDENROD.**

Code Enforcement

CODE ENFORCEMENT: This item was originally placed on the agenda for discussion by Councilor Shealy.

Consensus: **TO TABLE DISCUSSION OF CODE ENFORCEMENT.**

Councilor Weldon publicly thanked Councilor Shealy for his service stating the Council

accomplished many things during his tenure.

Vice Mayor Pruette stated Councilor Shealy would be missed. He always agreed to disagree agreeably.

Mayor Brown stated he enjoyed working with Councilor Shealy, his resignation was understandable and Council would move forward with selecting a replacement.

Adjournment

There being no further business, the meeting adjourned at 8:10 p.m.

Attest:

Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

City Clerk Lisa Volpe suggested rescheduling the November workshop meeting to November 28, 2005, due to the Thanksgiving holiday and also the mold problem in City Hall.

Consensus: **TO RESCHEDULE THE NOVEMBER WORKSHOP MEETING TO NOVEMBER 28, 2005 AT 7:00 P.M.**

City Attorney Christopher White stated a shade meeting needed to be scheduled before the November workshop meeting to discuss on going litigation.

Consensus: **TO HOLD A SHADE MEETING NOVEMBER 28, 2005 AT 6:30 P.M.**

CITY MANAGER REPORT

City Manager Jarboe stated action was currently being taken to remove the mold of the City Hall building.

City Manager Jarboe reported more tree permits were being issued by the building department now that it was well known that they were required.

Councilor Weldon stated tree permit applications were free and could be downloaded from the city website.

PUBLIC COMMENTS

Candy Sullivan, 220 South Street, favored the increase of hours to allow leashed dogs on the beach.

David Wicker, 427 South Street, was concerned about trash and debris in the ditch in Basil Park and asked that it be cleaned up.

Bob McAteer, 1731 Penman Road, requested an update from the Council on his desire to designate an area on the beach to allow dogs to run.

Councilor Weldon explained to Mr. MacAteer that Council action was taken when the majority chose not to move forward with the issue.

Ann Hindman, 113 Bay Street, questioned if any unused land was available within the city that could be used for a dog park.

Mayor Brown replied Council would consider ideas from the public in regards to a dog park.

Deputy City Clerk Karla Strait, CMC
Fire Marshall & Code Enforcement Officer John Weber

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:10 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported there were currently ten active projects and 51 completed projects on the list. Thirty-seven Ordinances had been adopted in 2004 & 2005, three of which were on the December regular meeting for second read.

PUBLIC COMMENTS

Carl Peacock, 211 Cherry Street, favored speed humps.

Marsha Coker, 206 Margaret Street, favored the speed humps and the stop signs on First Street.

Candy Sullivan, 220 South Street, favored the speed humps on South Street and was grateful for the increased police patrol.

Mary Ann Padrta, 1030 Second Street, favored the stop signs on First Street and was concerned about the appearance of a dead cedar tree across the street from her.

James Lee, 246 Myra Street, voiced concerned regarding the agenda format which placed public comments at the beginning of the meeting. He stated he and the majority of residents he had spoken with, opposed speed humps.

Patrick Clyne, 1210 Ocean Front, was concerned regarding the agenda format which placed public comments at the beginning. He felt the city should remove the stop signs on First Street if that was Chief Sembach's recommendation. He also voiced concern about bicyclist not being ticketed for not stopping at stop signs..

David Miller, 101 Rose Place, felt the volume of traffic did not support speed humps.

Dick Crane, 120 Sand Castle Way, felt that due to the lack of maintenance on city property, the city was partially responsible for the deterioration of the fence in Summer Sands. On behalf of the Summer Sands Homeowners Association, he requested the city contribute 50% of the replacement cost.

John Shedden, 2010 Shadow Lane, felt the most economical solution for the Kings Road bridge issue would be for the City of Jacksonville Beach to open the rear entrance.

David Baker, 1102 First Street, opposed removing the stop signs and speed humps. He suggested widening First Street and installing angled parking on the east side for visitor parking.

Lynda Padrta, 1113 First Street, opposed removing stop signs on First Street without having an alternate plan in place for traffic calming.

Wayne Scarborough, Jr., 224 Bowles Street, supported speed humps.

Agenda Format

Councilor Weldon explained the meeting agenda format allowed residents to speak early as a courtesy for residents who did not wish to stay for the duration of the meeting. He added that Council did not take action at workshop meetings and the public would have other opportunities to speak prior to Council action on agenda items.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

NPDES

INTERLOCAL AGREEMENT BETWEEN THE CITY OF NEPTUNE BEACH AND THE CITY OF JACKSONVILLE FOR NPDES MONITORING: An agreement allowing the City of Jacksonville to perform periodic water quality and stormwater system monitoring at a cost of \$11,000 annually.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING.**

ISSUE DEVELOPMENT

Dog Park

DOG PARK DISCUSSION: Councilor Shealy questioned the feasibility of a dog park in the city. City Manager Jarboe reported he had spoken with the two interested residents. They were looking at two locations and would report back to him.

Kings Rd. Bridge

KINGS ROAD BRIDGE DISCUSSION: City Manager Jarboe had spoken to the City of Jacksonville Public Works Director who informed him the cost to reopen the Seagate Avenue bridge would be over one million dollars. Meanwhile he had spoken with a bridge builder working in Jacksonville Beach who told him he could replace the current bridge with a timber bridge for the cost of \$1,000 per lineal foot, approximately \$200,000 in total.

Vice Mayor Pruette felt the City of Jacksonville Beach should temporarily open the rear gate Monday through Friday from 8:00 a.m. to 5:00 p.m. for the large trucks to enter. She felt the issue was a City of Neptune Beach and Jacksonville Beach problem and they needed to work together.

City Manager Jarboe stated large trucks were currently allowed entrance through the rear gate by calling the City of Jacksonville Beach and making an appointment.

Councilor Weldon felt it was too expensive to reopen the Seagate Avenue bridge and impractical to demolish the Kings Road bridge. He felt Council should reassert the decision to rebuild the Kings Road bridge and take an effort to find the resources. He suggested having staff bring specific proposals to Council within 90 days.

Councilor Pardee stated he surveyed the residents north of Seagate Avenue and found they were concerned about traffic. He felt the best option was to rebuild the Seagate Avenue bridge.

Councilor Pruette questioned the status of a letter the Mayor was supposed to have written, by consensus of the Council, to Jacksonville Beach requesting their help with funding. City Manager Jarboe stated he had spoken with City of Jacksonville Beach City Manager George Forbes and Mr. Forbes was going to speak with a representative of the Florida Department of Transportation in an effort to move the Kings Road bridge further up on the state's list to rebuild.

Councilor Weldon asked Council if there was a consensus to pursue reopening of the Seagate Avenue causeway.

Consensus: **NOT TO PERSUE THE REBUILDING OF THE SEAGATE AVENUE CAUSEWAY.**

Councilor Weldon asked Council if there was a consensus to move forward with rebuilding of the Kings Road bridge.

Consensus: **TO MOVE FORWARD WITH THE REBUILDING THE KINGS ROAD BRIDGE AND FOR STAFF TO BRING SPECIFIC PROPOSALS TO COUNCIL WITHIN 90 DAYS.**

Councilor Shealy suggested holding a joint council meeting with the City of Jacksonville Beach Council to discuss the issue of the Kings Road bridge.

Traffic Calming

TRAFFIC CALMING STUDY: Chief Sembach presented to the Council his Traffic Calming Study for east of Third Street. The study indicated there was not enough traffic or speeding to justify speed humps. He explained the advantages and disadvantages of speed humps and recommended the city adopt a Speed Hump Policy. He also recommended forming a committee that would consider other traffic calming options and make recommendations.

Councilor Weldon suggested the Planning & Development Review Board be tasked with finding traffic calming options.

Consensus: **TO HAVE THE PLANNING & DEVELOPMENT REVIEW BOARD ALONG WITH STAFF DISCUSS TRAFFIC CALMING OPTIONS.**

Trees & Landscape **ARTICLE 9 – TREE PROTECTION AND LANDSCAPING:** Mayor Brown suggested deferring this item to the December workshop meeting.

Consensus: **DEFER TO THE DECEMBER WORKSHOP MEETING.**

Fences, Walls & Hedges **SECTION 27-330 – FENCES, WALLS AND HEDGES:** Mayor Brown suggested deferring this item to the December workshop meeting.

Consensus: **DEFER TO THE DECEMBER WORKSHOP MEETING.**

Sidewalks & Bikeways **SECTION 27-479 – SIDEWALKS AND BIKEWAYS:** Mayor Brown suggested deferring this item to the December workshop meeting.

Consensus: **DEFER TO THE DECEMBER WORKSHOP MEETING.**

Personnel Policy **PERSONNEL POLICY UPDATE:** City Manager Jarboe stated the personnel policy had been updated and needed Council approval.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING CONSENT AGENDA.**

Foreclosures
914 Fifth St. &
1602-1604 First St. **FORECLOSURE AUTHORIZATION – 914 FIFTH STREET AND 1602 & 1604 FIRST STREET:** City Manager Jarboe stated these homeowners have refused to cooperate with the Code Enforcement Board. Code Enforcement Officer John Weber explained the previous violations and non-compliances.

City Attorney White advised the lien would need to be filed for 90 days before foreclosure.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING CONSENT AGENDA.**

Adjournment There being no further business, the meeting adjourned at 10:05 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE**Dogs on Beach**

Vice Mayor Pruette asked to place the issue of extending the hours for leashed dogs to be allowed on beach during the winter months, on the October workshop agenda.

Kings Rd. Bridge

Vice Mayor Pruette questioned if Mayor Brown had sent the letter to the City of Jacksonville Beach requesting their Council consider providing aid for rebuilding the Kings Road Bridge, notifying them of the 15 Ton weight limit, and the need for heavier vehicles to have access through their rear gate.

Mayor Brown stated he had spoken with City Manager Jarboe and was informed there was still discussion relating to the bridge among the staff.

City Manager Jarboe stated the bid for the latest design had increased another \$29,000 and the project would need to be rebid. He spoke with the bridge inspectors and was informed that if the load capacity was lowered to 10 tons and used for residential traffic only it would have a longer life span. Notification had been given to contractors and the City of Jacksonville Beach regarding the 10 ton weight limit and the need for the rear gate access.

Councilor Weldon stated Council agreed to a 15 ton weight limit and questioned why it was changed to 10 tons. City Manager Jarboe stated after discussions with the Florida Department of Transportation it was decided to lower the limit to 10 tons.

Councilor Weldon commented that the challenge of rebuilding the Kings Road Bridge needed to be addressed, the cost had already increased \$29,000, and this Council needed to take action and not prolong it for future Councils to deal with.

CITY MANAGER REPORT

City Manager Jarboe reported the total number of tree permits issued by the Building Department this past fiscal year was 101. They were mostly due to hurricane damage.

Councilor Weldon asked the City Manager if the revised tree permit application, eliminating the need to have it notarized, had been updated on the webpage. City Manager Jarboe stated he would make sure that the revised tree permit application was put on the webpage.

PUBLIC COMMENTS

Linda Clyne, 1210 Ocean Front, voiced concern about the dangers of bicyclists not stopping at stop signs on First Street.

City Manager Jarboe advised Ms. Clyne that Chief Sembach was currently conducting a traffic study which would be presented at the October workshop meeting.

CONSENT AGENDA / NONE**VARIANCES / NONE****ORDINANCES****Ord. No. 2005-18**

ORDINANCE NO. 2005-18, AMENDING THE OPERATING BUDGET FOR FISCAL YEAR 2004-2005. SECOND READ AND PUBLIC HEARING: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2005 BEGINNING OCTOBER 1, 2004 AND ENDING SEPTEMBER 30, 2005.

Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC
Assistant to the Building Official Piper Turner
Code Enforcement Officer John Webber

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting.

PRESENTATION OF DONATION TO NORTH EAST FLORIDA AMERICAN RED CROSS: Senior Activities Director Leslie Lyne explained the hurricane relief function held in Town Center on September 24th raised \$13,100.00 for the victims of Hurricane Katrina. She presented a check for said amount to Jack Morgan of the Northeast Florida Red Cross.

**Appeal
Wood / Big Ben's
1309 Big Tree**

APPEAL OF ADMINISTRATIVE DECISION – MARK WOOD, 1309 BIG TREE ROAD: City Manager Jarboe explained in accordance with Section 27-452 of the Code of Ordinances, Mr. Mark Wood and Big Ben's Tree Service were each fined \$4,700.00 for removal of a heritage tree without a permit. The Board of Appeals heard both appeals September 21st and upheld the decision of the city.

Code Enforcement Officer John Webber explained he and Community Development Director Jason Cleghorn witnessed Big Ben's Tree Service cutting up a large oak tree at 1309 Big Tree Road. Upon further investigation they determined a permit had not been issued for removal of the tree. They did not observe any decay throughout any of the remaining tree sections and the stump appeared to be completely healthy.

Mr. Mark Wood, 1309 Big Tree Road, stated in advance of the approaching hurricane season he hired Big Ben's Tree Service to inspect the trees on his property. Big Ben's Tree Service determined at the time of their inspection that this particular tree was in danger of falling and needed to be removed. The next day the company came out to remove the tree. He was asked by a representative of the tree company if he had obtained a permit in which he replied "no" he was not aware that one was needed. At that time, around 7:00 a.m., his wife telephoned City Hall to inquire about obtaining a permit and received no answer from City Hall. She called back later that day and the line was busy.

Councilor Weldon asked Mr. Wood how much money Big Ben's Tree Service charged him to remove the tree. Mr. Wood responded \$1,600.00.

Bennett Geiger, owner of Big Ben's Tree Service, 2717 St. Johns Bluff Road, explained the tree was not safe due to a separation of the wood and he felt the tree needed to be removed as soon as possible. He advised the lady of the house she needed to get a permit from the city.

Councilor Weldon asked Mr. Geiger if his crew was aware that a permit had not been obtained for the tree removal, to which Mr. Geiger replied "yes".

Councilor Weldon asked Mr. Geiger why the crew did not insist on seeing a permit before beginning the work. Mr. Geiger responded due to safety purposes it was against his better judgment to wait for the permit to be obtained. Mr. Geiger added it was preprinted on the invoice that it was the property owner's responsibility to obtain the permit.

Councilor Pruette stated citizens relied on professional contractors for guidance and the contractor should be held responsible.

Councilor Pardee stated citizens relied on contractors to be aware of the laws and he felt it was the contractor's responsibility to obtain a permit and have it on site before beginning the work.

Councilor Weldon felt blame was shared however he felt the penalty was too extreme. He recommended fining the property owner \$500.00 and Big Ben's Tree Service \$1,600.00, the amount the property owner was charged to have the tree removed.

Councilor Pardee felt it should be contractor's responsibility and recommended not fining the property owner but fining Big Ben's the full amount of \$4,700.

Councilor Pruette agreed the property owner should not be fined.

Mayor Brown felt the penalty was too extreme and recommended the property owner be fined \$100.00 and the contractor \$250.00.

Councilor Weldon emphasized the decision would create a precedent and Big Ben's Tree Service should at the least not profit.

Moved by Weldon.

Motion: **TO FINE THE HOMEOWNER \$250.00 FOR FAILING TO GET A PERMIT AND FINE BIG BEN'S TREE SERVICE \$1,600.00.**

MOTION DIED FOR LACK OF A SECOND.

Moved by Pardee, seconded by Pruette.

Motion: **TO FINE THE CONTRACTOR \$3,600, \$100.00 PER DIAMETER INCH OF THE TREE AND NOT FINE THE HOMEOWNER FOR FAILURE TO PULL A PERMIT.**

Councilor Weldon stated that would be setting a bad precedent for property owners.

Roll Call Vote:

Ayes: 2 – Pardee, Pruette

Noes: 2 – Weldon, Brown

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe stated due to the lengthy workshop agenda for tonight's meeting, the presentation of the traffic study by Chief Sembach was deferred to the November workshop meeting.

City Clerk Lisa Volpe advised the Council since the regularly scheduled November workshop would fall on the week of the Thanksgiving holiday and they may wish to change the date due to holiday plans.

PUBLIC COMMENTS

The following citizens were in favor of closing the Kings Road Bridge:

- Gary Kirkland, 1811 Indian Woods Drive
- Ben Franco, 1806 Indian Woods Drive
- Stephen Carter, 1723 Indian Woods Drive
- Mark Dillon, 1550 Kings Road
- Greg Bossow, 1872 Seagate Avenue

PROPOSED ORDINANCES

Ord. No. 2005-xx
Public Right of Way

ORDINANCE NO. 2005-XX, AMENDING CHAPTER 18, STREETS, SIDEWALKS AND OTHER PUBLIC PLACES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 18, STREETS, SIDEWALKS AND OTHER PUBLIC PLACES, ADDING SECTION 18-3, USE OF PUBLIC RIGHT OF WAY, AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated this was so the city would not be responsible for redoing expensive driveways that were on city right of ways.

Vice Mayor Pruette agreed to sponsor the Ordinance.

Consensus: **FORWARD TO THE NOVEMBER REGULAR MEETING FOR FIRST READ.**

Ord. 2005-xx
Utility Deposits

ORDINANCE NO. 2005-XX, AMENDING CHAPTER 23, UTILITIES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 23 UTILITIES ARTICLE IV WATER AND SEWER SERVICE CHARGES AMENDING SECTION 23-83(G) SECURITY DEPOSITS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated the verbiage on multi unit water meters had been accidentally left out of the prior ordinance change. He also stated the additional deposit was not necessary.

Consensus: **STRIKE OUT THE ADDITIONAL DEPOSIT REQUIREMENT AND FORWARD TO NOVEMBER FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Florida Blvd.
Landscape

AGREEMENT BETWEEN THE CITY OF JACKSONVILLE AND THE CITY OF NEPTUNE BEACH FOR FUNDING ASSISTANCE FOR THE CONSTRUCTION OF STREETScape ALONG THE WESTERN SIDE OF FLORIDA BOULEVARD BETWEEN KINGS CIRCLE AND BAY ROAD:

Consensus: **TO ALLOW CITY MANAGER JARBOE TO NEGOTIATE THE CONTRACT AND PRESENT IT TO THE COUNCIL FOR APPROVAL AT THE NOVEMBER REGULAR COUNCIL MEETING.**

ISSUE DEVELOPMENT

Kings Rd. Bridge

KINGS ROAD BRIDGE DISCUSSION: Councilor Pardee had sent a letter to the residents within the Kings Road bridge area. The letter offered alternate plans to rebuilding the bridge and asked for their feedback. After consideration of the responses from the residents Councilor Pardee suggested rebuilding the Seagate Avenue bridge. He had checked with the City of Jacksonville's engineering department and found because the road previously existed mitigation fees would not be required. He stated culverts could be installed. The cost of the Seagate bridge would be considerably less than the cost to rebuild the Kings Road bridge and could be shared by Jacksonville Beach. The second part of Councilor Pardee's plan was to remove the Kings Road bridge and restore the wetlands.

City Manager Jarboe asked Councilor Pardee if the City of Jacksonville had prepared a cost estimate. Councilor Pardee stated he had inquired as to a cost estimate and was

informed that City of Jacksonville Councilman Art Graham, representative for the beaches, would need to become involved. City Council discussed this idea.

Consensus: **FOR CITY MANAGER JARBOE TO PRESENT THE IDEA TO JACKSONVILLE BEACH CITY MANAGER GEORGE FORBES AND CONTACT THE CITY OF JACKSONVILLE AND TO PROVIDE INFORMATION TO THE COUNCIL AT THE NOVEMBER WORKSHOP MEETING.**

Waste Services of FL.

WASTE SERVICES OF FLORIDA FUEL SURCHARGE: City Manager Jarboe recommended a fuel increase for Waste Services of Florida of 1.5 or 2% for the next six or seven months of their contract.

Consensus: **OKAY A 2% FUEL INCREASE FOR WASTE SERVICES OF FLORIDA AND FORWARD TO THE NOVEMBER REGULAR MEETING FOR APPROVAL.**

RFP's for Garbage Services

REQUEST FOR PROPOSALS FOR GARBAGE SERVICES: City Manager Jarboe stated Waste Services of Florida was nearing the end of their five year contract. He would like for the Council to allow him to start gathering information and prepare a bid sheet for request for proposals.

Consensus: **FOR CITY MANAGER JARBOE TO MOVE FORWARD WITH GATHERING INFORMATION FOR REQUESTS FOR PROPOSALS FOR WASTE SERVICE.**

Res. No. 2005-XX
Players by the Sea

RESOLUTION NO. 2005-XX, RECOGNIZING THE PLAYERS BY THE SEA FOR THE ORGANIZATION'S 40TH ANNIVERSARY: Mayor Brown stated he would be presenting the Resolution to Player's by the Sea at the December regular meeting.

Consensus: **FORWARD THE RESOLUTION TO THE DECEMBER REGULAR MEETING.**

Res. No. 2005-XX
City Clerk Salary

RESOLUTION NO. 2005-XX, INCREASING THE SALARY OF THE CITY CLERK:

Consensus: **FORWARD THE RESOLUTION TO THE NOVEMBER REGULAR MEETING.**

Vice Mayor Pruette asked to place the tree ordinance on the November workshop meeting for discussion.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated he received a telephone call from City of Jacksonville Mayor John Peyton regarding hurricane preparedness procedures. Mayor Peyton would like to work with the beaches cities in providing information to citizens regarding the seriousness of hurricanes.

City Manager Jarboe received a letter from the Florida Department of Transportation stating they were unable to assist with the reconstruction of the Kings Road Bridge at this time, but the project would remain on the list.

Vice Mayor Pruette asked the City Manager to provide information regarding the Council's and City's role in hurricane preparedness and evacuation procedures at the September workshop meeting,

Councilor Weldon asked staff to research the weight limits and restrictions of the Kings Road Bridge for the September workshop. He felt the City of Jacksonville Beach was not taking the need for the replacement of the bridge seriously. He added since it also served Jacksonville Beach residents, the access on the Jacksonville Beach side may need to be opened.

Councilor Pardee advised that the Federal Emergency Management Association provided online disaster training. It would be useful to not only staff but city councilors.

Vice Mayor Pruette stated a hurricane relief function would be held in Town Center on Saturday, September 24th from 12:00 p.m. to 7:00 p.m. The proceeds would be donated to the American Red Cross in order to assist the victims of Hurricane Katrina.

CITY MANAGER REPORT

City Manager Jarboe reported the following:

- He had written a letter regarding the city's accomplishments during the year that was placed at the beginning of the Fiscal Year Budget.
- The drainage project on Orange Street that was designed and completed by the Public Services Department had worked well. There was no standing water during the recent storms.
- He met with department heads regarding storm preparations during the recent hurricane watches.

Agenda Amendment City Manager Jarboe asked to move the first read of Ordinance No. 2005-18 to the beginning of the agenda.

Ord. No. 2005-18 ORDINANCE NO. 2005-18, AMENDING THE OPERATING BUDGET FOR FISCAL YEAR 2004-2005, FIRST READ: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2005 BEGINNING OCTOBER 1, 2004 AND ENDING SEPTEMBER 30, 2005.

Moved by Shealy, seconded by Pardee.

MOTION CARRIED

Ord. No. 2005-20

ORDINANCE 2005-20, AMENDING CHAPTER 27, SECTION 27-479 SIDEWALKS & BIKEWAYS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown stated that although Mr. John Brocato, owner of Caribbee Key, withdrew his request to extend the outdoor seating from 10:00 p.m. to 11:00 p.m., he felt the request was not handled properly and asked for Ordinance be placed back on the agenda.

Councilor Weldon felt once a proposal was made to the Council at a workshop meeting and forwarded for a vote by the council, the applicant should not be allowed to take the item off the agenda, only council could take something off the agenda.

Vice Mayor Pruette suggested placing language in the Ordinance that would require the establishment to hire an off duty police officer.

Councilor Shealy stated an off duty officer should not be a problem because Mr. Brocato agreed to it at the workshop meeting.

Mayor Brown stated Council had total control over the lease agreement. He felt the city should not micromanage businesses by requiring them to hire off duty police officers.

Moved by Weldon, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2005-20 ON FIRST READ AND FORWARD TO THE WORKSHOP FOR FURTHER DISCUSSION.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

VARIANCES

V05-26
220 First St.
Goelz

VARIANCE REQUEST OF TOM AND DONNALEA GOELZ, 220 FIRST STREET: The proposed variance was for the north side setback and the number and size of parking spaces. The entire project was to renovate the structure and add an elevator to comply with fire codes. The first floor would be for retail sales and the second floor would be used as a dance studio.

Vice Mayor Pruette suggested, because the access to the parking lot was so small, that Mr. Goelz post a sign prohibiting trucks and sports utility vehicles from entering.

Moved by Shealy, seconded by Weldon.

Motion: **TO APPROVE VARIANCE REQUEST V05-26 AS RECOMMENDED BY THE PLANNING AND DEVELOPMENT REVIEW BOARD.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Recess/Reconvene

Mayor Brown called a recess at 7:06 p.m. and reconvened the meeting at 7:15 p.m.

NEW BUSINESS

Replat
1008 Ocean Front

APPROVAL OF REPLAT FOR MR. BARRY GRAHEK, 1008 OCEAN FRONT: Mr. Joe Cronk, Cronk Duch Architects, stated the application was to replat thereby creating two conforming lots and to allow access to the northern lot through the Bay Street beach access.

Mayor Brown asked for clarification as to Mr. John Kowkabany's concerns about the driveway. Mr. Cronk passed out an alternate drive plan that moved the driveway seven feet to the east to allow more room for a right of way in the rear of Mr. John Kowkabany's

property. Mr. Cronk explained that he spoke with the majority of abutting neighbors to address their concerns. He also reworked the house so that an adjacent property owner would have some view of the ocean.

Councilor Weldon question the turning radius of the driveway which Mr. Cronk said was the minimum for a normal vehicle to turn.

Mayor Brown complemented the proposal in keeping within the character of the neighborhood.

Councilor Weldon asked if it was now one lot. Mr. Cronk stated it was already two lots. They are just rotating the lots. Councilor Weldon asked what was Mr. Grahek's role in the process? Mr. Cronk stated when the process began Mr. Grahek was the owner but since then they closed on the property and now they were on the owner.

Mr. Cronk clarified they were going to build a new house on the northern lot and refurbish the existing house on the southern lot.

Councilor Weldon asked Mr. Cronk if they had considered access through a Palm Place easement across the southern lot. Mr. Cronk answered, they had considered all options. Palm Place is an alley and adding traffic would cause more problems.

Councilor Weldon questioned the type of material that would be used for the driveway. Mr. Cronk replied pervious architectural pavers would be used. He had also suggested landscaping but the Planning and Development review board had stated the idea was to minimize the intrusion into the right of way and maximize the effect of the beach access.

Councilor Weldon felt the northern most landscaping may leave an impression of a private drive and it would better to save all landscaping for the southern edge of the drive. Discussion ensued regarding the landscaping of the northern lot and the appearance of private property on the beach access. Especially the fact that there should not be bushes on the north side of the driveway.

Vice Mayor Pruette felt the access would be detrimentally affected especially since Mr. Haycock would be accessing his lot from the other side of the Bay Street access. This would negatively impact the access. She asked if Mr. Cronk could use the Palm Place easement for access to the northern lot and city would allow him to use the beach access until the houses was built. Mr. Cronk stated he had difficulty with this because it would require an easement between two property owners. He had discussed this with the city staff and been led to understand that type of easement would not be permanently binding. There would also be drainage issues.

Councilor Weldon pointed out there would be a lot of vegetation cut out of the access because of Mr. Haycock's impending drive. He suggested that Mr. Cronk coordinate with the property owner on the opposite side so they are consistent. This would allow for the public beach access not to appear to be private property. Councilor Shealy felt the council would need the other property owner's plan before they ask for them to coordinate. Mayor Brown did not see the need.

Vice Mayor Pruette felt there is another access to the property other than beach access. She felt the access would be adversely affected by the driveways. Mayor Brown commented that it would always be an access regardless of the driveways. Councilor Weldon stated he would support the replat and asked Mr. Cronk to be aware of the impact made by the northern access neighbors.

Mr. Cronk assured Council the driveway on the beach access would be minimal and would not be made to look as though it were a private drive. He agreed to coordinate with the other property owners.

Moved by Shealy, seconded by Pardee.

Motion: **TO APPROVE PLANNING BOARDS APPROVAL OF THE VARIANCE FOR THE REPLAT AMENDED TO INCLUDE THE MINOR ADJUSTMENT OF THE DRIVEWAY.**

Mr. Eliot Hindman, 113 Bay Street, spoke in favor of the replat.

Roll Call Vote:

Ayes: 4 – Pardee, Shealy, Weldon, Brown

Noes: 1 – Pruette.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe stated there were eleven uncompleted items on his Action List. He expected them to be completed by the end of October. He asked the Council if they had any questions regarding the list.

Vice Mayor Pruette questioned the status of the Florida Boulevard Landscaping project. Mr. Jarboe replied he was waiting on the City of Jacksonville to approve the funding.

Vice Mayor Pruette asked when citizens would receive the 5% rate reduction on flood insurance. Mr. Jarboe replied it should be noted on their next insurance bill.

PUBLIC COMMENTS

The following citizens supported a designated area on the beach in which dogs would be allowed to run unleashed during a designated time period.

- Candy Sullivan, 220 South Street
- Joshua Bolton, 1320 South Street
- Linda Clyne, 1210 Ocean Front
- Chuck Chambliss, 1632 Strand Street
- Ann Hindman, 113 Bay Street (or any other designated area within the city)
- Madonna Williams, 207 Davis Street

The following citizens opposed allowing a designated area and time period for unleashed dogs to run on the beach.

- Mary Ann Padrta, 1030 Second Street
- Alan Martin, 1115 First Street
- Lynda Padrta, 1113 First Street
- Edith Butner, 226 Magnolia Street

Candy Sullivan, 220 South Street, also suggested increasing the hours to allow leashed dogs on the beach during the winter months, because it was dark much earlier. The following citizens supported the suggestion:

- Joshua Bolton, 1320 First Street
- Linda Clyne, 1210 Ocean Front
- Chuck Chambliss, 1632 Strand Street
- Ann Hindman, 113 Bay Street
- Madonna Williams, 207 Davis Street

PROPOSED ORDINANCES / NONE**CONTRACTS / AGREEMENTS / NONE****ISSUE DEVELOPMENT****Dogs on the Beach**

DOGS ON THE BEACH: Robert McAteer, 1731 Penman Road, proposed designating the area on the beach between Seagate Avenue and Hopkins Street to be a restricted area from 6:00 p.m. to 7:00 p.m. where dog owners could allow their dogs to run unleashed. He felt the benefits would be: 1) Dogs and their owners could run and exercise, 2) dogs could play in the water, 3) dogs could play with each other, and 4) the dogs would be able to fetch. He asked Council to consider the suggestion for a 30 day trial period.

Councilor Pardee was concerned that the one block area would be overcrowded once it became well known throughout the beach cities.

Mayor Brown stated the area behind the church would be a good location because it was not residential, however, his mission tonight was only to hear the proposal.

Vice Mayor Pruette was concerned about liability issues and how the dogs would be contained within the restricted area. She suggested Mr. McAteer propose a dog park somewhere else within the city limits where the dogs could be contained. She added that she would support increasing the hours for dogs to be allowed on the beach during the winter months.

Mayor Brown voiced concern about how the designated area would be organized and controlled.

Councilor Weldon stated the proposal appeared good on the surface, but he felt it was not practical. He was open to supporting a fenced dog park elsewhere in the city. He supported increasing the hours for leashed dogs to be allowed on the beach during the winter months.

Mayor Brown thanked Mr. McAteer for his proposal and stated the Council would discuss the issue with staff.

Hurricane
Preparedness Plan

HURRICANE PREPAREDNESS PLAN: City Manager Jarboe briefed the Council on the Hurricane Preparedness Plan and each departments' duties and responsibilities during pre-hurricane conditions, evacuation procedures, and post-hurricane recovery procedures.

Councilor Weldon asked the City Manager to prepare a registry of elderly and disabled citizens to have on hand in order to provide them assistance during hurricane evacuation orders.

City Manager Jarboe replied the City of Jacksonville kept a registry of elderly and disabled citizens at the Emergency Preparedness Center. He would retrieve that information and duplicate only the Neptune Beach citizens.

Vice Mayor Pruette felt citizens needing transportation to public shelters needed to be reminded every three to four months that there would be a staging point at Fletcher High School where buses would load and transport them to safety.

Councilor Pardee agreed the elderly and disabled needed to be provided assistance. He felt the Hurricane Preparedness Plan held people accountable and was very thorough.

Councilor Pardee cautioned citizens on the dangers of generators and the need to have them installed by a licensed electrician.

Park Place Apts.

PARK PLACE APARTMENTS FENCING: Roger Van Dusen, 131 32nd Avenue, Jacksonville Beach, and Fred Cattar, 1501 Big Tree Road, Neptune Beach, both of whom had partial ownership in Park Place Apartment buildings stated they had spoken with the other owners regarding the possibility of converting the apartments into condominiums. They had also hired an attorney to help guide them through the necessary steps. The owners were in agreement of fencing the property facing Third Street, but would like to consider all options for fencing while at the same time converting the property to condominiums. They should have a proposal before Council within a few months.

Councilor Weldon stated he appreciated their efforts and hoped the Council would hear back from them within a timely fashion.

Kings Rd. Bridge

KINGS ROAD BRIDGE REPLACEMENT: City Manager Jarboe stated there were still problems with heavy trucks crossing the Kings Road Bridge. The Florida Department of Transportation suggested posting a 15 Ton Weight Limit sign on the bridge, which Public Works was working on completing. He would be meeting with Jacksonville Beach City Manager George Forbes next week in an effort to arrange to have the back entrance, from Jacksonville Beach, opened for the heavy truck traffic.

Councilor Weldon was concerned about the liabilities of personal injuries and vehicular damages. He felt the replacement of the bridge should not be dismissed just because the previous bids were too high. He felt a plan of action needed to be implemented for the replacement Kings Road Bridge.

Councilor Pardee agreed with the 15 Ton Weight Limit and with having the heavy trucks enter the area through the rear entrance, however, he opposed the permanent opening of the rear entrance.

City Manager Jarboe explained the Florida Department of Transportation still had outstanding projects waiting to be completed. Contractors were back logged due to last year's hurricane season. He stated if the Council wished to move forward with replacing the bridge they should follow through with the current design on hand. A new design would cost in excess of \$200,000. The total amount for the replacement could be in excess of one million dollars. He proposed Council draft a Resolution asking for the City of Jacksonville Beach to contribute to the funding or authorize Mayor Brown write a letter to the Mayor of Jacksonville Beach requesting they contribute.

Mayor Brown stated the City of Jacksonville Beach needed to be notified immediately of the intent to close the Kings Road Bridge to heavy trucks weighing in excess of 15 tons so they could arrange the opening of the rear gate entrance.

Councilor Weldon asked the Council if they agreed to the following consensuses, in which they all agreed.

Consensus: **TO AUTHORIZE MAYOR BROWN TO WRITE A LETTER TO THE MAYOR OF THE CITY OF JACKSONVILLE BEACH REQUESTING THEIR COUNCIL SERIOUSLY CONSIDER SUBSTANCIAL AID IN THIS PROJECT AND ALSO NOTIFYING THEM THAT WE HAVE LIMITED THE LOAD CAPACITY TO 15 TONS AND THEREFORE ARE GOING TO NEED ACCESS THROUGH THE BACK GATE FOR UNTIL THE BRIDGE IS REBUILT.**

Consensus: **DIRECT THE CITY MANAGER AND FINANCE DIRECTOR TO REPORT WITHIN 30 DAYS AT THE OCTOBER WORKSHOP MEETING WITH FINANCING OPTIONS FOR MOVING FORWARD WITH THE CONSTRUCTION OF THIS BRIDGE.**

Permissible Uses
Table

TABLE OF PERMISSIBLE USES DISCUSSION: City Manager Jarboe stated Councilor Weldon had suggested the discussion of the Table of Permissible Uses go before the Planning and Development Review Board for a recommendation to Council.

Consensus: **TO FORWARD THE DISCUSSION OF THE TABLE OF PERMISSIBLE USES TO THE PLANNING AND DEVELOPMENT REVIEW BOARD.**

Ord. No. 2005-20

ORDINANCE 2005-20, AMENDING CHAPTER 27, SIDEWALKS & BIKEWAYS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS & BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Mr. John Bracato, owner of Caribbee Key, stated he would provide an off duty police officer to be on his premises, between the hours of 10:00 p.m. to 2:00 a.m. on Fridays and Saturdays, if he were allowed to extend the hours of operation for the outdoor seating area from 10:00 p.m. to 11:00 p.m.

Councilor Weldon stated he would also add to the contract that guests must be completely out of the area by 11:00 p.m.

Consensus: **FORWARD TO THE OCTOBER REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING AND AMEND THE CONTRACT TO ALLOW FOR THE HIRING OF A POLICE OFFICER FOR APPROVAL.**

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette stated she would like to review the data and accident reports pertaining to the traffic east of Third Street before Chief Sembach makes his recommendation regarding speed humps.

Vice Mayor Pruette thanked the city for completing the beach walkways.

Councilor Pardee thanked Public Services for cleaning up an overgrown sidewalk area on Penman Road.

CITY MANAGER REPORT

The Public Services Department was in the process of completing the drainage improvements on Orange Street.

The city received more sand for the beach renourishment project than previously expected.

The Public Safety Department continued to rotate the traffic counter east of Third Street and would make a recommendation regarding placement of speed humps once completed.

The Sea Turtle Patrol had relocated sea turtle nests between North Street and Lemon Street, where they would be least disturbed by beach renourishment. The Patrol would be sending out letters to the neighbors in nesting areas that may like to see the turtles released. Beaches Energy Service had changed a number of street lights to lower wattage to help the sea turtle hatchlings.

PUBLIC COMMENTS

Robert McAteer, 1731 Penman Road, suggested designating an area of the beach for dogs to run unleashed for a specified amount of time after 7:00 p.m.

Candy Sullivan, 220 South Street, challenged citizens opposed to speed humps to drive over the new speed hump on South Street. She requested painting white stripes on the speed hump so it would be visible drivers. She recommended the "Speed Limit" signs and "Slow Children" signs be placed closer to Third Street and First Street so people understood the signs were for the entire two block stretch of each east/west road. She was also concerned about early morning fireworks.

Deb DeMars, 1310 Forest Avenue, opposed the special exception for Mr. and Mrs. Osborne to construct a single family dwelling on the land zoned conservation. She was concerned about flooding in the neighborhood especially her property and asked Council to deny the request.

Harriet Christovich, 110 Seagate Avenue, thanked the city for installing the speed humps. She asked if the agenda was on the website prior to the meeting. City Clerk Volpe responded the agenda was posted on the website the Wednesday or Thursday before the meeting and could also be e-mailed upon request. Ms. Christovich also suggested that comments from the public be heard when that particular item of interest came up on the agenda and not just at the beginning of the meeting.

Lynda Padrta, 1113 First Street, opposed dogs being unleashed on any public property. She questioned how animal control would identify dog owners if Neptune Beach tags were being eliminated. City Manager Jarboe responded dogs were required to have rabies tags with identification. Ms. Padrta felt hazardous driving was just as important as speeding. She was also concerned about early morning fireworks.

Violet Warzecha, 445 Davis Street, was in favor of zoning the church property on Davis Street for no more than six lots.

CONSENT AGENDA

Res. No. 2005-06

RESOLUTION NO. 2005-06, SIDEWALK LEASE AGREEMENT: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA AUTHORIZING THE LEASE AGREEMENT BETWEEN THE CITY OF NEPTUNE BEACH AND CARRIBBEE ASSOCIATES, LLC.

WASTE SERVICES OF FLORIDA: A 3.5% Cost of Living Increase.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE THE CONSENT AGENDA**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Weldon asked Mr. Brocato, owner of Carribbee Key, to have his staff observe the boundaries and exits that were established for the outdoor seating and adhere to the no smoking stipulation.

VARIANCES

V05-18
Stuart
203 Ocean Front

VARIANCE REQUEST OF MR. LOUIS STUART, 203 OCEAN FRONT: Rebecca Darlington, 203 Ocean Front, representative for Mr. Stuart, explained they had approval for the reconstruction of the block wall but the deadline for the variance, which they were not aware of, had expired. So they needed to go through the process again. The wall would help to relieve some of the noise from the Lemon Bar and beach access.

Community Development Director Jason Cleghorn explained the applicant's request was to build a concrete masonry wall on his property adjacent to Lemon Street. The request for the wall would be ten feet from the beginning of the house to the end of the house, then from the end of the house to the end of the pool it would slope down to eight feet, and from the end of the pool to the end of the property slope down to six feet. The Planning and Development Review recommended approval of the request. Mr. Cleghorn stated he was not comfortable with the ten foot wall and recommended granting him a six feet wall.

City Manager Jarboe added Mr. Stuart planned on hiding the wall with landscaping that would be planted on the city right of way.

Councilor Weldon was concerned about blocking the ocean view and the protection of the oceanfront. He stated he would be willing to support an eight foot wall from the northwest edge of property to the northeast edge of the house, then slope to four foot, which was the standard height for oceanfront lots. The wall would need to be inward of the property line two to three feet for exterior landscaping of the wall.

Vice Mayor Pruette supported the recommendation of the Planning and Development Review Board. She added that Mr. Stuart's house was built before the Lemon Bar and the noise and crime associated was not anticipated.

Councilor Shealy supported Mr. Cleghorn's suggestion of the wall being erected no higher than six foot.

Councilor Pardee supported the Planning and Development Review Board recommendation. But the landscaping in the right of way could not be more than four feet high.

Moved by Weldon, seconded by Pruette.

Motion: **TO PERMIT MR. STUART TO ERECT A MASONRY WALL NO GREATER THAN EIGHT FEET IN HEIGHT FROM THE NORTHWEST CORNER OF THE PROPERTY LINE TO THE NORTHEAST CORNER OF THE DWELLING, AND THEN SLOPE TO FOUR FEET FROM THE NORTHEAST CORNER OF THE DWELLING TO THE EASTERN END OF THE PROPERTY LINE – IF THE LAND OWNER WISHES TO LANDSCAPE THE EXTERIOR SIDE OF THE WALL HE NEEDS TO POSITION THE WALL SO AS TO LEAVE ADEQUATE PROPERTY FOR LANDSCAPING PURPOSES SO THAT LANDSCAPING IS NOT INSTALLED ON PUBLIC PROPERTY.**

Councilor Weldon felt the Council was setting a negative precedent if six foot fences are allowed to go all the way the dune structure along the accesses. He indicated that property in the Central Business District was subject to change over time in order to maximize the use of the land.

For the Record Vice Mayor Pruette agreed with the eight feet height but was concerned that four feet would be too low.

Councilor Pardee stated the Board of Appeals heard and approved the request on November 19, 2003, but it had expired after one year. The Planning and Development Review Board heard the request June 21, 2005 and recommended approval. So therefore, both Boards previously approved the request.

Councilor Weldon stated the request should never have been heard by the Board of Appeals because that Board was not responsible for variances in the Central Business District. He was startled that the Planning and Development Review Board recommended approval. He explained this was not an appeal to the Council but rather a recommendation and the Council could deny or amend the request.

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown.

Noes: 1 – Shealy

MOTION CARRIED

MOTION CARRIED

Res. No. 2005-08

RESOLUTION NO. 2005-08: A RESOLUTION ALLOWING THE CITY MANAGER TO EXECUTE AND DELIVER THE ATLANTIC BOULEVARD MAINTENANCE AGREEMENT TO THE FDOT.

City Manager Jarboe explained the Florida Department of Transportation paid the city to maintain Atlantic Blvd from the east end of the ICW Bridge to Florida Blvd. This Resolution allowed him to sign the agreement in order for the city to receive the money.

Moved by Weldon, seconded by Shealy.

Councilor Weldon stated and Vice Mayor Pruette agreed, if the Florida Department of Transportation was not going to keep the ditch on Fifth Street clean enough to provide efficient drainage, they should pay the city to maintain it.

Motion: **TO ADOPT RESOLUTION NO. 2005-08.**

Roll Call Vote:

MOTION CARRIED

Recess/Reconvene

Mayor Brown called for a recess at 8:05 p.m. and reconvened the meeting at 8:15 p.m.

Special Exception

APPLICATION FOR SPECIAL EXCEPTION: Mr. & Mrs. David R. Osborn, Jr., parcel number 177484-1000, which lies adjacent to Forest Avenue, request is to construct a single family dwelling on land zoned as conservation.

Mr. David Osborne explained his family had owned this 150' x 150' piece of property for 45 years. The property was zoned conservation area in the 1990 Comprehensive Plan. He was thereby executing his right for a special exception to build a house on the lot. He submitted a letter from the Department of Environment Protection stating his property is on an upland area. He assured the council there would not be drainage problems because of the building on his property.

City Council discussed the drainage issues on Forest Blvd. City Manager Jarboe stated he would have the Public Services Department look into the drainage problems in the area to see if the city could do anything to help.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE SPECIAL EXCEPTION WITH THE STIPULATION THAT THE JURISDICTIONAL LINES ARE ACCURATE AND VERIFIED BY STAFF AND THE DWELLING IS BUILT WITH AN AVERAGE 25 FOOT BUFFER ZONE FROM THE JURISDICTIONAL LINE.**

For the Record

Councilor Weldon asked Mr. Osborne for the record if he would be willing to accept the 25 foot buffer zone. Mr. Osborne agreed to comply with the stipulation.

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIEDV05-25
98 Orange St.APPLICATION FOR VARIANCE – 98 ORANGE STREET: Mr. & Mrs. James Williams, 98 Orange Street, request is to erect a six foot fence on the sides and front of the property.

Mrs. Judy Williams explained they would like to erect a five foot aluminum privacy fence on the sides and ocean side of the property in order to lower the noise level from the Orange Street beach access and keep people out of their swimming pool.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE THE VARIANCE REQUEST FOR MR. & MRS. WILLIAMS, 98 ORANGE STREET, AS RECOMMENDED BY THE PLANNING AND DEVELOPMENT REVIEW BOARD.**

Councilor Weldon voiced concern that the fence would obscure the ocean view and if the variance was granted it would set a precedent for other ocean front property owners to request privacy fencing as well.

Councilor Pardee stated a four foot high fence for security around the pool was permitted by State Code and asked if they would agree to a four foot fence.

Vice Mayor Pruette stated Orange Street was one of the busiest beach accesses of the three in the Central Business District. She felt a five foot fence was a fair compromise.

Roll Call Vote:

Ayes: 3 – Pruette, Shealy, Brown

Noes: 2 – Pardee, Weldon

MOTION CARRIEDV05-26
220 First St.APPLICATION FOR VARIANCE – 220 FIRST STREET: Mr. & Mrs. Tom Goelz, 220 First Street, request to use the existing building while adding an elevator and stairs for ADA requirements. There was no one present to represent the Goelz's.

Consensus: **TO DEFER THE VARIANCE REQUEST FOR GOELZ – 220 FIRST STREET TO THE SEPTEMBER REGULAR MEETING.**

Adjournment

There being no further business, the meeting adjourned at 8:55 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
AUGUST 15, 2005, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 15, 2005 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Eric Pardee
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

Mayor Brown announced Officer Larry Dean would be retiring after thirty two years of service with the City. This would be his last meeting as Sergeant at Arms. City Manager Jarboe informed the Council and audience that a retirement luncheon was planned for Officer Dean on Wednesday, August 17, 2005 at 11:30 a.m.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

The new computer software was in the process of being installed. The software conversion was expected to be completed by February 1, 2005.

The Public Services Department painted the recently repaired Kings Road Bridge.

Vice Mayor Pruette questioned the progress of the replacement of the Kings Road Bridge. City Manager Jarboe stated the project was under review by the Florida Department of Transportation for funding.

Councilor Weldon stated the replacement of the Kings Road Bridge was the number one priority at the Goal Setting Workshop Meeting. He suggested allowing FDOT sixty days to respond. If they did not to consider other options.

Mayor Brown added the Public Services Department recently completed extensive repairs to the bridge and he did not feel the need to rush FDOT for a response.

Councilor Weldon requested that the City Manager add a column for an estimated completion date on the City Manager Action List.

Vice Mayor Pruette questioned if there was a response from FDOT regarding the maintenance of the ditches. Mayor Brown stated he would speak with the new secretary of FDOT.

Mayor Brown recognized Councilor Pardee who was featured in the City of Jacksonville Newsletter, regarding using his skills as an employee with the City of Jacksonville, while serving as a Councilor for the City of the Neptune Beach.

Councilor Pardee suggested safety precautions for operating generators be included in the city newsletter.

Councilor Pardee was concerned with the traffic on and around Seagate Avenue, near Fletcher High School, during the hours directly before and after school. He asked if the traffic could flow better. Chief Sembach responded that officers had orders to be at Fletcher High School during those hours if they were available.

City Clerk Lisa Volpe advised because September 5, 2005 was Labor Day, the Regular Council Meeting would be held on September 12, 2005. A meeting was tentatively scheduled with the Florida Regional Planning Council to provide training for the Board of Appeals and the Planning & Development Review Board for September 26th if approved by the Council.

Consensus: **TO SCHEDULE A MEETING WITH FLORIDA REGIONAL PLANNING COUNCIL, THE BOARD OF APPEALS AND THE PLANNING & DEVELOPMENT REVIEW BOARD FOR SEPTEMBER 26, 2005.**

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Ord. No. 2005-XX **ORDINANCE NO: 2005-XX, AMENDING THE OPERATING BUDGET FOR FISCAL YEAR 2005: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2005, BEGINNING OCTOBER 1, 2004 AND ENDING SEPTEMBER 30, 2005.**

Consensus: **FORWARD TO THE SEPTEMBER REGULAR COUNCIL MEETING FOR FIRST READ.**

Ord. No. 2005-XX **ORDINANCE NO. 2005-XX, AMENDING SECTION 9-5(A) QUALIFYING OF CANDIDATES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 905(A), QUALIFYING OF CANDIDATES AND PROVIDING AN EFFECTIVE DATE.**

Consensus: **FORWARD TO THE SEPTEMBER REGULAR MEETING FOR FIRST**

READ.**CONTRACTS / AGREEMENTS**

Caribbee Associates CARIBBEE ASSOCIATES, LLC: Request for extension of hours for outdoor seating as described in Section 10 of the sidewalk lease agreement.

John Brocato, owner of Caribbee Key, stated the terra cotta planters he was using to create boundary lines for the sidewalk seating encroached 8 to 9 inches and he requested permission for the encroachment. He also requested to extend the hours of operation for the outdoor seating from 10:00 p.m. to 11:00 p.m.

Discussion ensued regarding problems associated with alcohol use.

Chief Sembach informed the Council that Caribbee Key was the second most active area in the city for police calls. He recommended waiting a period of one year before extending the hours. This time would allow him the opportunity to work with Mr. Brocato to reduce the amount of problems and police calls.

Councilor Shealy asked if an off duty police officer stationed on site would be effective in reducing the number of police calls. Chief Sembach replied an off duty officer would be effective and would help discourage and reduce negative behavior.

Councilor Weldon suggested allowing the hours to be extended until 11:00 p.m. on a provisional basis during which time Chief Sembach could accumulate data.

Consensus: **DIRECT STAFF TO REVISE THE CONTRACT AND THE ORDINANCE FOR FIRST READ AT THE SEPTEMBER REGULAR MEETING.**

Consensus: **TO HAVE MR. BROCATO COMPLY WITH THE CURRENT BOUNDARY LIMITS.**

ISSUE DEVELOPMENT

Generator PURCHASE OF GENERATOR: Bids were received for the purchase of a generator. The low bid was from Flint Power Systems for the amount of \$20,750.

Consensus: **FORWARD TO THE SEPTEMBER CONSENT AGENDA FOR APPROVAL.**

Permissible Uses Table DISCUSSION OF TABLE 27-226-1, PERMISSIBLE USES: Mayor Brown stated Community Development Director Jason Cleghorn was absent, therefore this item would be deferred.

Consensus: **TO DEFER THE DISCUSSION OF TABLE 27-226-1 UNTIL COMMUNITY DEVELOPMENT DIRECTOR JASON CLEGHORN COULD BE PRESENT.**

Welcome Sign CONCEPTUAL STUDY FOR THE NEPTUNE BEACH AND ATLANTIC BEACH WELCOME SIGN: City Manager Jarboe presented a conceptual design for a welcome sign for both Atlantic Beach and Neptune Beach on Atlantic Boulevard. The estimated cost of the sign was \$75,000 and would be shared by both cities.

Discussion ensued over the type and cost of the sign. Councilor Pardee stated he received negative input regarding welcoming people to the beaches. He felt a welcome

sign would not fix the problem and the city should create a welcoming atmosphere for residents and visitors before spending the money for a sign.

Consensus: **DIRECT STAFF TO NEGOTIATE WITH ATLANTIC BEACH AND COME BACK WITH A CONCRETE PROPOSAL.**

Res. No. 2005-XX **RESOLUTION NO. 2005-XX: A RESOLUTION FOR LEGISLATIVE BODY RELATING TO A MONEY PURCHASE PLAN.**

Consensus: **TO FORWARD TO THE SEPTEMBER CONSENT AGENDA.**

Vice Mayor Pruette asked City Manager Jarboe to have Public Services trim the bushes located in the Myrtle Street beach access. Councilor Weldon suggested that the City Manager contact the adjacent property owner and ask him to trim the bushes before sending in a city crew.

Adjournment There being no further business, the meeting adjourned at 8:25 p.m.

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Director of Finance Steve Ramsey explained the presentation would focus on the Proposed Enterprise Funds.

Proposed Revenue

PROPOSED REVENUE: The proposed revenue for the enterprise funds was \$3,090,476. This amount includes a 3.88% increase in water and sewer rates as recommended by the previous rate study and a 50% increase in reconnection fees due to the amount of reconnects.

**Expenses
General**

GENERAL & ADMINISTRATION: The proposed total expenses for General & Administration of the Water and Sewer Departments are \$364,877. This included a 36.36% increase in Special Pay and a 183.33% increase in Professional Services. The increase in Professional Services was for a new rate study required this year.

Sewer

SEWER SERVICES: The proposed total expenses for Sewer Services are \$902,732. This amount includes a 10.93% increase in Professional Services for the lower nitrogen level requirements.

Water WATER SERVICES: The proposed total expenses for Water Services are \$821,678. This amount includes a 66.83% increase in machinery & equipment.

The proposed total expenses for the enterprise fund amounts to \$3,048,280 an overall increase of 3.59% from the previous year. The proposed net income is \$42,197.

Sanitation Fund SANITATION FUND: The proposed sanitation revenues are \$912,550 with expenses of \$911,103, a net income of \$1,447.

Stormwater STORMWATER UTILITY FUND: The proposed stormwater utility fund revenues are \$272,640, with expenses of \$272,638, a net income of \$2.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE / NONE**CITY MANAGER REPORT**

City Manager Jarboe stated the Fourth of July holiday was less of a problem this year. Signs were placed notifying the public that fireworks were not allowed. Police Officers patrolled the city on bicycles & motorcycles and only one arrest was made.

City Manager Jarboe introduced David Sembach as the new Chief of Police and Public Safety Director.

PUBLIC COMMENTS

Jo Anne Waddill, 115 Oleander Street, presented a petition with 50 signatures requesting the enforcement of the animal leash law.

The following citizens spoke in opposition of installing of speed humps east of Third Street.

- Tom Byerly, 527 South Street
- Patrick Clyne, 1210 Ocean Front
- Mike Maloney, 1916 Strand Street
- David Miller, 101 Rose Place
- Pat Sowerby, 1910 Strand Street
- James Lee, 246 Myra Street

Diana Anderson, 207 Walnut Street, requested more animal control enforcement and offered some suggestions.

Candy Sullivan, 220 South Street, favored the speed humps installation east of Third Street. She asked Council to consider changing the hours for leashed dogs to be allowed on the beach.

CONSENT AGENDA

FLC/Voting Delegate **DESIGNATION OF VOTING DELEGATE FOR THE FLORIDA LEAGUE OF CITIES 79TH ANNUAL CONFERENCE:** To designate Mayor Brown to serve as voting delegate for the Florida League of Cities 79th Annual Conference or Vice Mayor in his absence.

Speed Humps **PUBLIC SERVICES TO INSTALL SPEED HUMPS:** Approval for the Public Services Department to install speed humps east of Third Street from Florida Boulevard to Hopkins Street.

Moved by Weldon, seconded by Shealy.

Councilor Weldon suggested removing speed humps from the consent agenda.

Consensus: **TO REMOVE THE SPEED HUMPS FROM THE CONSENT AGENDA AND DISCUSS SEPARATELY.**

Motion: **TO APPROVE ITEM A OF THE CONSENT AGENDA ONLY.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Weldon was dissatisfied with the design of the speed hump on South Street. He felt the speed humps should be installed consistently according to Institute of Transportation Engineers' standards. He also suggested looking at reducing the speed limit in order to slow traffic east of Third Street.

Vice Mayor Pruette stated the present speed humps were not installed by standards and the streets were being abused.

City Manager Jarboe recommended forwarding the installation of speed humps east of Third Street to the August workshop meeting.

Councilor Pardee asked to hear from Chief Sembach regarding the traffic issues east of Third Street.

Chief Sembach stated he found only five speed limit signs posted east of Third Street. He advised the Council that 56 new signs with a speed limit of 20 miles per hour had been ordered and would be installed on every other block east of Third Street. He felt without speed humps a 20 mile per hour speed limit would be fair.

Council instructed staff to leave the South Street hump as is until the workshop.

Consensus: **FORWARD THE INSTALLATION OF SPEED HUMPS EAST OF THIRD STREET TO THE JULY WORKSHOP MEETING.**

VARIANCES

V05-18
Stewart
203 Ocean Front

VARIANCE REQUEST OF MR. LOUIS STEWART, 203 OCEAN FRONT: Due to the absence of the applicant, Mr. Louis Stewart, the variance request was deferred to the regular August meeting.

Consensus: **DEFER THE VARIANCE REQUEST OF MR. LOUIS STEWART, 203 OCEAN FRONT TO THE AUGUST REGULAR MEETING.**

ORDINANCES

Ord. 2005-09

ORDINANCE NO. 2005-09 DANGEROUS DOGS, SECOND READ & PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 6 SEC. 6-1 DEFINITIONS, SEC. 6-2 BIRD SANCTUARY; EXCEPTION, SEC. 6-4 NUISANCES CAUSED BY ANIMALS, SEC. 6-27 LEASH REQUIRED; EXCEPTION, SEC. 6-31 REGISTRATION AND LICENSING REQUIRED AND SEC. 6-32 DOGS ON THE BEACH; ADDING SEC. 6-10 INTERFERENCE WITH AUTHORIZED PERSONNEL IN PERFORMANCE OF DUTIES; BREAKING INTO OFFICIAL PROPERTY, ETC, SEC. 6-11 LEGISLATIVE FINDINGS, SEC. 6-12 INJURIES CAUSED BY ANIMALS, SEC. 6-13 DANGEROUS DOGS, SEC. 6-14 CLASSIFICATION OF DOGS AS DANGEROUS; CERTIFICATION OF REGISTRATION; NOTICE AND HEARING REQUIREMENTS; CONFINEMENT OF ANIMAL EXEMPTION; APPEALS; UNLAWFUL ACTS, SEC. 6-15 ATTACK OR BITE BY DANGEROUS DOG; PENALTIES; CONFISCATION; DESTRUCTION AND SEC. 6-16E BITE BY A POLICE OR SERVICE DOG; EXEMPTION FROM QUARANTINE AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance 2005-09 by title only and opened the public hearing.

Lynda Padrta, 1113 First Street, favored Ordinance No. 2005-09.

Harriet Christovich, 110 Seagate Avenue, favored Ordinance No. 2005-09.

Alan Martin, 1113 First Street, felt animal licensing law should be enforced. He also favored Ordinance No. 2005-09.

There being no further comments from the public, the public hearing was closed.

Councilor Pardee stated he had some concerns regarding various sections of the Ordinance.

Vice Mayor Pruette supported taking Ordinance No. 2005-09 to the July workshop meeting to consider Councilor Pardee's concerns.

Consensus: **TO SEND THE ANIMAL ORDINANCE TO THE JULY WORKSHOP TO ADDRESS COUNCIL PARDEE'S CONCERNS.**

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE ORDINANCE NO. 2005-09 AS AMENDED.**

**BUDGET WORKSHOP MEETING
JULY 18, 2005, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 18, 2005 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet M. Pruette
Councilor Eric Pardee
Councilor Larry Shealy
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Safety David Sembach
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Director of Finance Steve Ramsey explained the presentation would focus on the Proposed General Fund.

Mr. Ramsey explained the following:

- 1) The State Shared Revenues for Fiscal Year 2006 were projected to remain flat. If the trend continued the City may be forced to raise millage in the future in order to maintain the service level.
- 2) The General Fund Budget presented maintained the reserve level at 25% as recommended for governments located in risk areas.
- 3) An additional transfer of \$45,000 has been added to the Fiscal Year 2006 Budget to help fund the Senior Activity Center due to a decrease in funding received from the Community Development Block Grant.
- 4) The City Manager had already made the following deductions:
 - \$80,000 from the City Hall Administration expenditures
 - \$33,000 from Public Safety
 - \$69,900 from the Street Department
 - \$40,000 from the Parks Department

Proposed Revenue	<u>PROPOSED REVENUE:</u> The proposed revenue for the General Fund based on maintaining the millage rate of 2.9 was \$4,610,747. The 3.03% increase was due to the transfers.
Expenditures	<u>EXPENDITURES</u>
Mayor & Council	<u>MAYOR & COUNCIL:</u> Total expenditures of \$38,152, an increase of 1.15%.
City Manager's	<u>CITY MANAGER'S OFFICE:</u> Total expenditures of \$95,111, an increase of 4.21%.
Finance	<u>FINANCE DEPARTMENT:</u> Total expenditures of \$136,110, an increase of 2.25%.
Legal Counsel	<u>LEGAL COUNSEL:</u> Total expenditures of \$93,300, an increase of 47.39%, due to litigations the amount of Professional Services had dramatically increased. The estimated amount may not cover all of the expenses.
Consensus:	<u>DIRECT THE CITY MANAGER TO REVIEW THE CITY ATTORNEY'S CONTRACT AND THE CODE ENFORCEMENT BOARD ATTORNEY'S CONTRACT.</u>
Building & Comm. Dev.	<u>BUILDING & COMMUNITY DEVELOPMENT DEPARTMENT:</u> Total expenditures of \$241,683, an increase of 7.23%. Mr. Ramsey explained the increase was in Professional Services in order to hire additional help with building inspections. Councilor Weldon pointed out that when the City created the position of and hired a Community Development Director part of the objective was to eliminate the need for subcontracting an additional inspector.
City Clerk's Office	<u>CITY CLERK'S OFFICE:</u> Total expenditures of \$141,038, an overall increase of 2.01%. Mr. Ramsey explained this department budget varied during election years due to the cost of elections.
Non-Departmental	<u>NON-DEPARTMENTAL:</u> Total expenditures of \$632,920, a decrease of -7.28%.
Police Department	<u>POLICE DEPARTMENT:</u> Total expenditures of \$2,448,103, an increase of 5.14%. Councilor Weldon stated the Police Department had the most rapidly increasing budget and challenged Chief Sembach to look at ways the department could save on expenditures in the future.
Animal Control	<u>ANIMAL CONTROL:</u> Total expenditures of \$120,156, an increase of 5.02%.
Street Department	<u>STREET DEPARTMENT:</u> Total expenditures of \$306,862, a decrease of 3.07%.
Parks Department	<u>PARKS DEPARTMENT:</u> Total expenditures of \$130,655, an increase of 5.59%.
Lifeguards / Beach	<u>LIFEGUARD & BEACH CLEAN-UP:</u> Total expenditures of \$222,468, an increase of 2.91%.
Net Income/Loss	With an overall increase in expenses of 3.03% the City would be left with a net income of \$89.00.
Adjournment	There being no further business, the meeting adjourned at 6:59 p.m.

Richard A. Brown, Mayor

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:08 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe explained the Corp of Engineers made a mistake in their calculations and therefore would be adding 1500 linear feet of sand for beach renourishment in Neptune Beach.

Councilor Weldon questioned the status of the replacement of the Kings Road Bridge adding that it was a number one priority at the Goal Setting Session. City Manager Jarboe stated he was continuing to work with Florida Department of Transportation for funding. Councilor Weldon suggested exploring alternate routes.

Vice Mayor Pruette asked if the Florida Department of Transportation had completed the Hopkins Creek Project. City Manager Jarboe replied the project was complete and he was working on getting a representative from FDOT to attend a Council meeting and give an update.

Councilor Pardee explained there may have been a misunderstanding regarding the Dangerous Dog Ordinance at the previous Council meeting. Dogs on the beach were still required to be leashed.

PUBLIC COMMENTS

City Manager Jarboe explained for the benefit of the public that Director of Public Safety Chief Sembach was currently conducting an in house electronic study monitoring the number of vehicles and speed of which they were traveling, on every street east of Third Street. He hoped to have the results in four to six weeks and would make a recommendation regarding the placement of speed humps.

The following residents favored the placement of speed humps east of Third Street:

1. Candy Sullivan, 220 South Street
2. Bryan Croft, 218 South Street
3. Skip Lakey, 227 South Street
4. Tracey Lakey, 227 South Street
5. Paul Nicholson, 222 Oleander Street
6. Dina Sayar, 318 Oleander Street
7. Lynda Padrta, 1113 First Street
8. Mary Ann Padrta, 1030 Second Street
9. Chris Oakley, 620 Camellia Terrace Drive
10. Charlotte Wilson, 556 Hopkins Street
11. Robert McGinty, 209 South Street
12. Lynn Sweeney, 1500 Strand Street
13. Marsha Coker, 206 Margaret Street
14. Tom Shaw, 202 Margaret Street
15. Wayne Scarborough, Jr., 224 Bowles Street
16. Geynell Mohr, 225 Margaret Street
17. Paul West, 236 Bowles Street
18. Chris Chin, 227A Margaret Street

The following residents opposed the placement of speed humps east of Third Street:

1. Patrick Clyne, 1210 Ocean Front
2. James Lee, 246 Myra Street
3. Bryan McDonald, 107 North Street
4. John Northrup, 255 Myra Street
5. Tom Byerly, 527 South Street
6. Jeff Peterson, 1300 Strand Street
7. David Miller, 101 Rose Place
8. George Felts, 100 Rose Place
9. Mary Ellen Young, 246 Myra Street
10. Helen Felts, 100 Rose Place
11. Lynne Womack, 101 Rose Place
12. Lynn Shimp, 1109 First Street
13. Lynn Lacey, 1110 First Street
14. Tina Bernardi, 120 Rose Place
15. Wendy McDonald, 107 North Street
16. Charlie Miller, 512 South Street
17. Julie Peterson, 1300 Strand

Mary Ann Padrta, 1030 Second Street, also felt homeowners should receive copies of animal citations issued to their tenants.

Recess / Reconvene Mayor Brown called for a recess at 8:30 p.m. and reconvened the meeting at 8:40 p.m.

PROPOSED ORDINANCES

Ord. No. 2005-XX ORDINANCE NO. 2005-XX, AMENDING THE PROCESS FOR SURPLUS OF CITY EQUIPMENT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 2, ADMINISTRATION ARTICLE VI FINANCE BY ADDING SECTION 2-364 SURPLUS PROPERTY AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this Ordinance would allow the City to dispose of surplus items valued under \$750.00 without the consent of Council, which was currently allowed under the current state law.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR FIRST READ.**

Ord. No. 2005-XX ORDINANCE NO. 2005-XX, AMENDING THE SECURITY DEPOSITS FOR COMMERCIAL UTILITIES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 23 UTILITIES ARTICLE IV WATER AND SEWER SERVICE CHARGES AMENDING SECTION 23-83(G) SECURITY DEPOSITS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the auditors requested the amount of commercial utility deposits be raised due to the number of delinquencies from businesses going out of business.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Waste Services WASTE SERVICES OF FLORIDA – REQUESTS FOR FUEL INCREASE AND COST OF LIVING INCREASE: City Manager Jarboe stated at the previous workshop the Council agreed to the 3.5% cost of living increase and had forwarded the requested fuel increase for further discussion.

City Attorney White stated under the current contract either side could request adjustments. The adjustment should be granted if requested 60 days before the anniversary date of the contract. His opinion was the cost of living increase adjustment could be granted but Waste Services of Florida were not entitled to the fuel increase.

Steve Wright, General Manager, Waste Services of Florida, explained their three year contract for fuel at a cost of \$1.31 per gallon had expired in March and they were now paying \$2.12 per gallon. The proposed increase was calculated based on the amount of fuel used. Mr. Wright also stated the City of Atlantic Beach had granted the fuel increase.

Councilor Weldon stated he would like to review further information before granting a fuel adjustment.

Consensus: **TO GRANT THE 3.5% COST OF LIVING INCREASE FOR WASTE MANAGEMENT EFFECTIVE JUNE 1, 2005, AND FORWARD THE REQUESTED FUEL INCREASE TO THE AUGUST WORKSHOP MEETING PROVIDING WASTE MANAGEMENT PRESENTS FURTHER DATA SUPPORTING THE REQUEST.**

Carribbee Key

CARRIBBEE KEY – RENEWAL OF ANNUAL SIDEWALK LEASE AGREEMENT: John Brocato, owner of Carribbee Key explained the outdoor seating arrangement was working well and he would like to extend the lease agreement for another year.

Vice Mayor Pruette suggested a 5% increase in the lease amount and questioned Mr. Brocato regarding the relocation of the personalized bricks.

Mr. Brocato agreed to the 5% increase and agreed to meet with Patsy Bishop of the Town Center Agency to replace and relocate the personalized bricks.

Consensus: **INCREASE THE LEASE AMOUNT 5% AND FORWARD THE LEASE RENEWAL TO THE AUGUST REGULAR MEETING CONSENT AGENDA.**

ISSUE DEVELOPMENT

Traffic Calming

TRAFFIC CALMING STUDY – SPEED HUMPS: City Manager Jarboe restated that Director of Public Safety David Sembach was currently using equipment to measure traffic and speed on the streets east of Third Street. The Chief would then make a recommendation based on the results of the study. He hoped to have the study completed in four to six weeks. Mr. Jarboe added the Chief was also concerned about bicyclist on First Street being a potential danger.

Vice Mayor Pruette suggested while the Chief was gathering information to go ahead and bring the speed humps on Hopkins Street and South Street into compliance with ITE standards. She also felt the city should have a speed hump policy.

Councilor Weldon recommended placing the speed limit signs on the east/west streets before the data was collected by the chief.

Mayor Brown felt time should be allowed for the study without rushing.

Chief Sembach stated he could only study one street every two days. He also stated the city should adopt a speed hump policy.

Councilor Weldon would like to review data on accidents and would like to hear recommendations regarding safety on First Street.

Consensus: **BRING THE SPEED HUMPS ON HOPKINS STREET AND SOUTH STREET INTO COMPLIANCE WITH ITE STANDARDS.**

Third St. Fencing

FENCE REQUIREMENTS FOR BACKYARDS FACING THIRD STREET: Mayor Brown suggested an Ordinance requiring backyards facing Third Street to have a privacy fence in order to benefit the tenants as well the city's appearance.

City Attorney White suggested looking at what the city requirements were when the properties were built. If fences were not required at the time of construction the Ordinance would be difficult to enforce.

Community Development Director Jason Cleghorn advised the Council he would gather information on the history of the property.

Res. No. 2005-XX

RESOLUTION NO. 2005-XX: A RESOLUTION RENAMING ELEVENTH STREET – SANDY'S WAY.

Councilor Pardee recommended renaming Eleventh Street after Sandy Forsyth, the owner of Aqua East Surf Shop, who recently passed away.

Councilor Weldon felt careful attention should be given when assigning a personal name to public property. It should also be required that the person had been active in community.

Councilor Shealy did not feel it was necessary to rename the street.

Vice Mayor Pruette stated she did not believe in renaming public property. She recommended naming the easement on the opposite side of Aqua East after Mr. Forsyth.

Consensus: **TO DEFER RESOLUTION NO. 2005-XX AND EXPLORE OTHER IDEAS.**

Res. No. 2005-XX

RESOLUTION NO. 2005-XX: A RESOLUTION ESTABLISHING FEES TO BE CHARGED FOR VARIOUS APPLICATIONS.

Community Development Director Jason Cleghorn explained the current fees for variance requests, special exceptions, and tree permits did not cover the city's cost of postage, copies, signs, and advertising. He recommended increasing the fees for variances and special exceptions from \$110.00 to \$250.00 and establishing a \$10.00 fee for tree permits.

Councilor Weldon stated when the tree ordinance was adopted it was agreed there would be no charge for tree permits. He did not oppose increasing the fees for variances and special exceptions.

Vice Mayor Pruette did not oppose increasing the fees for variances and special exceptions. She opposed the tree permit fee but wanted to discuss the tree ordinance at a future workshop meeting because it may be too restrictive.

Councilor Pardee stated the council was in the process of scheduling meetings with the boards in order to become informed in the process and procedures and did not want to raise the fees unless the city could provide better service.

Mayor Brown also agreed to support the \$250.00 increase for variances and special exceptions.

Consensus: **REMOVE THE \$10.00 FEE FOR ARBOR PERMITS AND FORWARD THE RESOLUTION TO THE AUGUST REGULAR MEETING.**

Animal Ord.

ANIMAL ORDINANCE CONCERNS: City Manager Jarboe stated Councilor Pardee had some concerns regarding the animal ordinance that was adopted at the July Regular Council meeting.

Councilor Pardee was concerned that Neptune Beach residents had to pay for animal license tags and non-residents did not.

Consensus: **TO ELIMINATE SECTION 6-31, REGISTRATION AND LICENSING REQUIREMENTS.**

Councilor Pardee was concerned that Section 6-4(a)(2) Nuisances caused by animals,

was not necessary because it was covered under the noise ordinance.

Consensus: **TO ELIMINATE SECTION 6-4(a)(2).**

Councilor Pardee felt the definition of an animal control officer needed to include that they should be bound, trained and certified as directed in Florida State Statute 828.27.

Discussion ensued regarding the definition of animal control officer. The Council did not feel it was necessary to change the definition in the ordinance because it was in the State Statute.

Vice Mayor Pruette suggested changing the time limit in Section 6-4(b) from seven (7) full calendar days to fifteen (15) full calendar days.

Consensus: **TO CHANGE SECTION 6-4(b) FROM SEVEN (7) TO FIFTEEN (15) FULL CALENDAR DAYS.**

Consensus: **TO FORWARD THE ORDINANCE TO THE REGULAR AUGUST COUNCIL MEETING FOR FIRST READ.**

75TH Anniversary

CITY OF NEPTUNE BEACH – 75TH ANNIVERSARY CELEBRATION FAIR / FESTIVAL:
Director of the Senior Activity Center Leslie Lyne asked the Council for their approval of the tentatively scheduled dates of Friday, October 20th through Sunday October 22nd, 2006 for the 75th Anniversary Celebration. This was the best weekend available for the carnival company. She stated there would be rides and the city would receive 20% of the profit.

Consensus: **TO MOVE AHEAD WITH PLANS FOR THE CELEBRATION ON THE SCHEDULED DATES OF OCTOBER 20-22, 2006.**

Adjournment

There being no further business, the meeting adjourned at 10:30 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown recently represented Neptune Beach at an Emergency Preparedness Executive Committee Meeting to coordinate efforts in the event of a hurricane.

City Attorney White gave an update on the litigation regarding Solantic. He stated the 11th Circuit Court of Appeals declared the city's sign ordinance to be unconstitutional. He would file a motion for a rehearing within 15 days.

Councilor Pardee asked that the proposal to change the name of Eleventh Street be placed on the June workshop meeting agenda.

Councilor Shealy stated the principle of Fletcher High School was interested in meeting with the new Chief as soon as possible.

Vice Mayor Pruette requested the wildlife sanctuary on Florida Boulevard be placed on the June workshop meeting agenda.

City Clerk Lisa Volpe reminded the Council and audience members that the First Amendment Foundation would be presenting a seminar on the Public Records Law and the Sunshine Law on Monday, June 13, 2005 at 6:00 p.m. in the Council Chambers.

City Clerk Lisa Volpe state she would be out of town at a City Clerk's Conference for the June workshop meeting. Deputy City Clerk Karla Strait would be filling in for her.

City Attorney White stated he would be out of town for trail for the June workshop meeting. He asked that he be contacted before the workshop if Council had any questions.

CITY MANAGER REPORT

City Manager Jarboe stated because the Court ruled the Sign Ordinance unconstitutional Ordinance 2005-12 should be adopted quickly. He asked Council to declare the Ordinance an emergency to be adopted immediately.

Moved by Weldon, seconded by Shealy.

Motion: **TO DECLARE ORDINANCE 2005-12 AN EMERGENCY.**

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following items and asked if there were any questions regarding the Action List enclosed in the agenda packet.

- The Kings Road Bridge repairs were complete and the bridge was reopened.
- The beach walkovers constructed in house by our Public Services Department were being well used by the public.

Mayor Brown and Council thanked Director of Public Services Leon Smith and his department for repairing the Kings Road Bridge at a significantly lower cost than the city would have paid a contractor.

City Manager Jarboe stated the Public Services Department also completed major water repairs without the use of an outside contractor.

Vice Mayor Pruette announced the Disabled Services Division of the Community Services Department was working on providing the city with an additional beach wheelchair and hoped to have it a couple weeks.

Vice Mayor Pruette suggested adopting a Resolution thanking the Florida Department of Transportation for the reconstruction of the Hopkins Creek drainage ditch. City Manager Jarboe replied he was currently in the process of drafting such a Resolution.

Vice Mayor Pruette announced she had spoken with some citizens regarding the new street lights and they were very pleased with them.

City Manager Jarboe stated the wastewater department was working on innovative approaches in order to meet the new nitrogen level now required by the Environmental Protection Agency and the Department of Environmental Protection.

PUBLIC COMMENTS

Candy Sullivan, 220 South Street, was pleased with the recently installed speed hump on South Street.

Inez Ellis, 809 Davis Street, would like for the city easement adjacent to Florida Boulevard to remain a Wildlife Sanctuary.

Camille Burban, would like the city easement adjacent to Florida Boulevard to remain a Wildlife Sanctuary.

Wayne Scarborough, Jr., 224 Bowles Street, requested speed humps be placed on Bowles Street.

Anna Kuhlman, 625 Florida Boulevard, would like the city easement adjacent to Florida Boulevard to remain a Wildlife Sanctuary.

Harriet Christovich, 110 & 112 Seagate, ask the city when Seagate Avenue would be paved.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

FLC Voting Delegate CHOICE OF VOTING DELEGATE FOR THE FLORIDA LEAGUE OF CITIES 79TH ANNUAL CONFERENCE: City Manager Jarboe stated the Mayor usually served as the voting delegate or the Vice Mayor in his absence.

Consensus: **TO DESIGNATE MAYOR BROWN TO SERVE AS THE VOTING DELEGATE FOR THE FLORIDA LEAGUE OF CITIES 79TH ANNUAL CONFERENCE AND FORWARD TO THE JULY REGULAR MEETING CONSENT AGENDA.**

Waste Services
Rate Increase

PROPOSED RATE INCREASE FOR WASTE SERVICES OF FLORIDA: City Manager Jarboe stated Waste Services of Florida provided the city's trash, recycling, and yard waste pick up. They were requesting a cost of living increase and an increase for fuel costs.

Garth Fowles, Waste Services of Florida, Northeast District Manager, stated Waste Services had a 3 year contract for fuel at a cost of \$1.31 per gallon. That contract expired in March and they now had to pay \$2.12 per gallon. The proposed increase was calculated based on the amount of four (4) fuel gallons per hour at an average of 953 gallons per month.

Vice Mayor Pruette stated she would like to review Waste Services contract with the city and asked to move to issue to the July workshop meeting.

Vice Mayor Pruette asked if the cost of living increase was included in the budget. City Manager Jarboe responded it was included in the budget.

Consensus: **TO MOVE THE COST OF LIVING INCREASE FOR WASTE SERVICES TO THE JULY REGULAR MEETING AND THE FUEL INCREASE TO THE JULY WORKSHOP MEETING.**

Garbage/Trash Bins

PLACEMENT OF GARBAGE AND TRASH BINS IN FRONT YARDS: Vice Mayor Pruette was concerned about permanent trash/garbage bins being erected in front yards. She suggested an amendment to the ordinance that would only allow permanent trash bins to be erected in side or rear yards.

Councilor Pardee felt permanent trash bins could be handled through code enforcement under the current ordinance.

City Manager Jarboe stated a code enforcement citation had been issued in the case of the permanent structure.

Mayor Brown suggested waiting to see what happened with the code violation before taking any action.

Consensus: **TO WAIT AND SEE WHAT HAPPENS WITH THE CODE ENFORCEMENT VIOLATION BEFORE MOVING FORWARD.**

Backyards facing
Third St.

FENCE REQUIREMENTS FOR BACKYARDS FACING THIRD STREET: Mayor Brown was concerned about the rear yards of two Park Place apartments in the 1100 block of Third Street currently exposed to Third Street. He had asked Community Development Director Jason Cleghorn to draft an ordinance that would require backyards facing Third Street to have a privacy fence and a buffer zone that would benefit the tenants as well as the appearance of the city.

Community Development Director Jason Cleghorn stated because the property was actually commercial and not residential a landscape buffer may already be required by the Code. He requested to speak with City Attorney Chris White before amending the ordinance.

Consensus: **FOR COMMUNITY DEVELOPMENT DIRECTOR JASON CLEGHORN TO SPEAK WITH CITY ATTORNEY WHITE AND REPORT BACK TO THE COUNCIL AT THE JULY WORKSHOP MEETING.**

Traffic Calming /
Speed Humps

TRAFFIC CALMING STUDY – SPEED HUMPS: City Manager Jarboe stated the Traffic Calming Study prepared by Volkert & Associates, Inc. recommended speed humps be placed east of Third Street and a speed table installed in one or two places on Strand Street. Mr. Jarboe stated the Public Services Department could install the speed humps according to the Florida Department of Transportation standards thereby avoiding the expense of a contractor.

Consensus: **TO HAVE THE PUBLIC SERVICES DEPARTMENT INSTALL THE SPEED HUMPS EAST OF THIRD STREET FROM FLORIDA BOULEVARD TO HOPKINS STREET AND FORWARD TO THE JULY REGULAR MEETING CONSENT AGENDA.**

Res. No. 2005-06

RESOLUTION NO. 2005-06 RENAMING ELEVENTH STREET SANDY'S WAY: Councilor Pardee suggested renaming Eleventh Street after Sandy Forsyth, the owner of Aqua East Surf Shop who recently passed away.

Mayor Brown asked to move the Resolution to the July workshop meeting agenda when all Council Members would be present.

Consensus: **FORWARD TO THE JULY WORKSHOP MEETING AGENDA.**

Fla. Blvd.
Wildlife Sanctuary

FLORIDA BOULEVARD WILDLIFE SANCTUARY: Mayor Brown stated it would be a tremendous effort to clean up the easement and provide future maintenance. He recommended leaving the easement in its current condition.

Vice Mayor Pruette stated a majority of the residents would like for the easement to remain a Wildlife Sanctuary.

Consensus: **TO ALLOW THE EASEMENT TO REMAIN A WILDLIFE SANCTUARY.**

City Manager Jarboe stated Council action was not necessary.

For the Record

Vice Mayor Pruette stated for the record that the easement was a Wildlife & Bird Sanctuary and the abutting property owners would like it to remain.

July Reg. Mtg.

Deputy City Clerk Karla Strait stated the July Regular Council Meeting fell on July 4th, a city holiday, and asked the Council to reschedule.

Consensus: **TO HOLD THE JULY REGULAR MEETING ON MONDAY JULY 11TH, 2005.**

Adjournment

There being no further business, the meeting adjourned at 8:05 p.m.

PRESENTATIONS

MPO/TIP

Debra Crammond, Representative for the Metropolitan Planning Organization, gave a presentation on the Transportation Improvement Program (TIP) for fiscal years 2005/2006 thru 2009/2010.

The following are those projects which would affect the beaches area:

- Atlantic Boulevard – Resurfacing – Mayport Road to Third Street
- Atlantic Boulevard / Hodges Boulevard – Intersection Improvements
- Atlantic Boulevard / Kernan Boulevard – Intersection Improvements
- Atlantic Boulevard / SR A1A: Traffic Signal Update at Third Street and A1A, Jacksonville Beach – Mayport Road to 9th Avenue North
- Beach Boulevard (SR 212) – Add Lanes and Reconstruct – FCCJ to San Pablo Road
- Beach Boulevard (SR 212) – Add Lanes and Reconstruct – Hodges Boulevard to San Pablo Road
- Beach Boulevard (SR 212) – Resurfacing – St. Johns Bluff Road to FCCJ

- Beach Boulevard (SR 212) – Construct new bridge at ICWW
- Beach Boulevard / Kernan Boulevard – Intersection Improvements
- Girvin Road – Construct a 4-Lane Urban Section – Mt. Pleasant Road to Atlantic Boulevard
- Hodges Boulevard – Construct 4-Lane Urban Section – Atlantic Boulevard to Beach Boulevard
- J. Turner Butler Boulevard (SR 202) Add Lanes and Reconstruct – West of Kernan Boulevard to San Pablo Road
- San Pablo Road – Construct a 3 Lane Urban Section – Atlantic Boulevard to Beach Boulevard
- State Road A1A – Resurfacing – St. Johns County Line to 34th Avenue
- State Road A1A – Resurfacing – 34th Avenue to Atlantic Boulevard.
- State Road A1A – Traffic Signal Update at Mayport Road
- State Road A1A – Traffic Signal Update – 9th Avenue North to Marsh Landing Parkway
- State Road A1A – Traffic Signals at 36th Avenue (CR 203)
- State Road A1A (Third Street South) – Add Left Turn Lane(s) – 16th Avenue South to Osceola Street

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

- The 2003/2004 fiscal year audit was complete and would be presented to the Council by the auditors at a future date.
- The Public Services Department completed the sewer repair at the 1300 block of Fourth Street.

Vice Mayor Pruette asked the City Manager to place the issue of speed humps on the June workshop agenda.

Councilor Weldon asked the City Manager if he had worked out a maintenance agreement with the Florida Department of Transportation for Hopkins Creek. City Manager Jarboe responded FDOT was reviewing the city's proposal.

PUBLIC COMMENTS

Chris Oakey, 620 Camellia Terrace Drive, was concerned about the tree removal permitting process, cracks in the new pavement, and animal control procedures.

Skip Lakey, 227 South Street, favored the installation of speed humps on South Street.

Candy Sullivan, 220 South Street, favored the installation of speed humps on South Street. She requested the City also 1) install an additional speed hump on South Street 2) paint the speed humps with stripes, and 3) add a "Slow Children" sign and a "15 mph Speed Limit" sign.

Mary Ann Padrta, 1030 Second Street, opposed the city giving away public property to private citizens.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

FDOT

FLORIDA DEPARTMENT OF TRANSPORTATION – STATE HIGHWAY SYSTEM LIGHTING, MAINTENANCE AND COMPENSATION AGREEMENT: City Manager Jarboe explained compensation from FDOT increased 3% for the year.

Consensus: **FORWARD TO THE JUNE CONSENT AGENDA FOR APPROVAL.**

ISSUE DEVELOPMENT

Ord. No. 2005-09

ORDINANCE NO. 2005-09: ANIMALS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 6, SEC. 6-1 DEFINITIONS, SEC. 6-2 BIRD SANCTUARY; EXCEPTION, SEC. 6-4 NUISANCES CAUSED BY ANIMALS AND SEC. 6-32 DOGS ON THE BEACH; ADDING SEC. 6-10 INTERFERENCE WITH AUTHORIZED PERSONNEL IN PERFORMANCE OF DUTIES; BREAKING INTO OFFICIAL PROPERTY, ETC, SEC. 6-11 LEGISLATIVE FINDINGS, SEC. 6-12 INJURIES CAUSED BY ANIMALS, SEC. 6-13 DANGEROUS DOGS, SEC. 6-14 CLASSIFICATION OF DOGS AS DANGEROUS; CERTIFICATION OF REGISTRATION; NOTICE AND HEARING REQUIREMENTS; CONFINEMENT OF ANIMAL EXEMPTION; APPEALS; UNLAWFUL ACTS, SEC. 6-15 ATTACK OR BITE BY DANGEROUS DOG; PENALTIES; CONFISCATION; DESTRUCTION AND SEC. 6-16 BITE BY A POLICE OR SERVICE DOG; EXEMPTION FROM QUARANTINE AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Pruette stated the following needed to be changed: Section 6-27. Leash Required; exceptions. All dogs not on the property of the owner shall be securely fastened to a suitable leash of dependable strength not to exceed ~~twelve (12)~~ sixteen (16) feet in length held by the owner.

Vice Mayor Pruette questioned the legality of “registered owner”. Councilor Weldon suggested the following change: Section 6-1. Definitions. Owner means any person, firm, corporation or organization ~~possessing,~~ owning, harboring, keeping or having control or custody of an animal or, if the animal is owned by a person under the age of (18) eighteen, that person’s parent or guardian.

A lengthy discussion ensued regarding animal control procedures. Animal Control Officer John Webber explained the reason for the ordinance.

Consensus: **FORWARD THE JUNE REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

First St. R-O-W

FIRST STREET RIGHT OF WAY: City Manager Jarboe explained many years ago the City Council abandoned (40’) forty foot right-of-way on First Street to the adjacent property owners which included the sidewalk and some part of the roadway.

Mr. Dostalík, 117 Florida Boulevard, stated in an effort to protect and preserve his driveway for the future he would like to return a portion of that (40’) forty feet on First Street in exchange for the portion of right-of-way on Florida Boulevard which is his current driveway.

Randy Taylor, 1315 First Street, stated he was in the same situation as Mr. Dostalík and would also like to return a portion of the (40’) forty feet in exchange for the right of way his driveway is on.

Discussion ensued regarding ownership of the property.

Consensus: **CITY MANAGER JARBOE TO RESEARCH THE STATUS OF THE**

**DEEDS FOR THE FIRST STREET RIGHTS OF WAY AND TO
COLLECT MORE INFORMATION ON THE PROPERTY EXCHANGE.**

Purchase of City
Easement

PURCHASE OF CITY EASEMENT: City Manager Jarboe explained Mr. Garnett, 629 Florida Boulevard, was interested in purchasing the portion of city easement adjacent to the rear of his property.

Mr. Garnett explained the easement was currently overgrown with undesirable foliage and had rat problems. His desire was to acquire the 100-foot wide portion of the easement directly behind his property from the city at a fair market price.

City Manager Jarboe stated the property was declared a Wildlife Sanctuary by a former city council. He was advised by the City Attorney that if the the property was a fire threat the city could clean up the underbrush.

Vice Mayor Pruette agreed the property should be cleaned and maintained by the city. She felt because there was no more property available in Neptune Beach the easement should be kept for the citizens.

Councilor Weldon agreed the easement would be in much better condition once it was cleared and would no longer be a nuisance.

Mr. Garnett stated the city sold a triangular portion of property on Florida Boulevard to an adjacent homeowner for \$2,500 and he would like to be given the same consideration.

Consensus: **TO PROCEED WITH CLEAN UP OF THE EASEMENT AND PROVIDE
MORE INFORMATION TO THE COUNCIL REGARDING THE SALE
OF THE OTHER PORTION OF PROPERTY.**

BOA

**PROPOSED ORDINANCE AND PROCESS CHANGES TO ASSIST THE BOARD OF
APPEALS:** Mayor Brown felt the variance process was designed to deny variances and needed to be revised. He stated the Board of Appeals' denial of Mr. Russell's variance request to install a six foot privacy fence on his side yard abutting Third Street demonstrated his point. After the Board denied the request Mr. Russell had no basis to appeal to the Council. The Council had to change the ordinance to allow six foot privacy fences on Third Street in certain instances, in order to alleviate Mr. Russell's concerns.

Vice Mayor Pruette thought it would be helpful to the Council if the City Attorney would review the Board verbatim and advise the Council if the applicant had valid grounds for appeal.

Councilor Shealy stated he would like to have a joint workshop meeting with the members of the Board of Appeals and City Attorney White to discuss the variance process.

Councilor Weldon felt the system was working as it should. The Board did not find a unique hardship and upheld the fence ordinance. City Council felt there was a genuine hardship for people living on Third Street and therefore changed the Code. This is how he felt the system should work.

Councilor Pardee stated he attended the last Board of Appeals meeting. He recommended that the citizens be better educated and prepared by staff before appearing before the Board. He also witnessed the Board offering options to requests in some cases and not others and felt everyone should be given the same opportunity.

Vice Mayor Pruette asked Christine Chin, Member of the Board of Appeals, to speak in reference to the Findings of Fact Sheet.

Mrs. Chin stated currently the fact sheet required members to justify their reasoning if they answered no to a finding. She felt it would be better if they justified reasoning for yes answers. She also suggested the board discuss the variance in relationship to each finding of fact. She added a workshop meeting with board members and the Council was a good suggestion.

Councilor Weldon added he would like to hold a workshop meeting with the Code Enforcement Board as well.

Consensus: **TO HOLD A JOINT MEETING WITH THE BOARD OF APPEALS AND A SEPARATE JOINT MEETING WITH THE CODE ENFORCEMENT BOARD.**

Pine Trees **TREE PROTECTION ORDINANCE:** City Manager Jarboe advised staff needed to do more research on this agenda item and would bring it back to the Council.

Surplus Equipment **SURPLUS OF CITY EQUIPMENT:** Approval to surplus a 1994 Ford F350 utility truck.

Consensus: **FORWARD TO THE JUNE CONSENT AGENDA FOR APPROVAL.**

Festival in Jarboe Park **FESTIVAL IN JARBOE PARK:** Councilor Pardee stated 2006 was the city's 75th anniversary and he would like the city to organize a festival in Jarboe Park to celebrate the occasion.

City Manager Jarboe stated staff would begin to organize the festival and bring back recommendations for Council review.

Consensus: **TO BEGIN THE PLANNING OF A 75TH ANNIVERSARY FESTIVAL IN JARBOE PARK.**

Adjournment There being no further business, the meeting adjourned at 9:30 p.m.

Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Vice Mayor Pruette called the meeting to order at 7:00 p.m. and asked City Attorney Chris White to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Vice Mayor Pruette presented Christopher Aguiar with a "Key to the City". Mr. Aguiar reported for the Florida Times Union Shorelines, covering Neptune Beach, since July of 2001. He will be relocating to advance his career in public relations.

APPROVAL OF MINUTES

Moved by Weldon, seconded by Shealy.

Motion: **TO APPROVE THE FOLLOWING MINUTES:**

APRIL 4, 2005, REGULAR COUNCIL MEETING
APRIL 18, 2005, WORKSHOP COUNCIL MEETING

Roll Call Vote:

Ayes: 4 – Pardee, Shealy, Weldon, Pruette

Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Councilor Pardee advised that the City of Jacksonville had completed the re-striping of Florida Boulevard.

City Attorney White stated the city had filed an action to foreclose on the lien on Solantic for code violations and the action was proceeding progressively.

CITY MANAGER REPORT

City Manager Jarboe reported on the following projects:

- The action list was revised so projects completed within the year would remain on the list.
- The Public Services Department was working on installing speed humps and hoped to save the city \$25,000.

For the Record Vice Mayor Pruette stated on the record she would like the replacement of the Kings Road Bridge to remain a priority.

Councilor Weldon asked City Manager Jarboe if he was working with the Florida Department of Transportation on cleaning up a overgrown segment of Hopkins Creek. City Manager Jarboe responded the item was still on the action list.

Councilor Shealy stated he would like to meet with City Manager Jarboe to discuss grant software.

PUBLIC COMMENTS / NONE**CONSENT AGENDA**

Res. 2005-03

RESOLUTION NO. 2005-03: A RESOLUTION ALLOWING THE CITY MANAGER TO EXECUTE THE AGREEMENT FOR MAINTENANCE OF SR A1A (THIRD STREET), NEPTUNE BEACH, FLORIDA.

Verizon Lease Agreement

VERIZON LEASE AGREEMENT: Approval of Verizon Wireless to lease a certain space on the Water Tower, located at 1325 Florida Boulevard, to install, maintain and operate radio communicates equipment.

Moved by Shealy, seconded by Pardee.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 4 – Pardee, Shealy, Weldon, Pruette

MOTION CARRIED**VARIANCES / NONE**

NEW BUSINESS

Agenda Amendment Vice Mayor Pruette amended the agenda to hear the variance request of Aqua East Surf Shop, 696 Atlantic Boulevard.

696 Atlantic Blvd. VARIANCE REQUEST FOR 696 ATLANTIC BOULEVARD: Terry Simmons, Architect for the project explained Mr. George (Sandy) Forsyth started planning an expansion to the east of the Aqua East building back in 2000. The project was approved by the city back then but was placed on hold due to the owners health issues. Mr. Forsyth was now ready to proceed with the project however the building requirements had changed since the original approval thereby causing the need for the variance application.

For the Record Councilor Weldon stated for the record if the property was to be subdivided for other businesses it must be approved by the Planning & Development Review Board and the Council.

Moved by Weldon, seconded by Shealy.

Motion: **TO APPROVE THE VARIANCE REQUEST FOR AQUA EAST – 696 ATLANTIC BOULEVARD WITH THE STATEMENT FOR THE RECORD THAT NO FURTHER SUBDIVISION OF THE PREMISES WOULD BE PERMITTED WITHOUT COMPLETE DEVELOPMENT REVIEW.**

WORKSHOP CITY COUNCIL MEETING
APRIL 18, 2005, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 18, 2005 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Eric Pardee
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Director of Public Services Leon Smith
Director of Finance Steve Ramsey
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following issues:

- The repaving was completed.
- One bid was received for the installation of speed humps and Finance Director Steve Ramsey would report back with budget information.
- The Public Services Department converted from using gas chlorine to liquid chlorine which increased the safety of the community.

Councilor Shealy commended City Manager Jarboe for completing 18 projects out of the 29 that were on the Action List.

Councilor Weldon stated the speed humps were included in the repaving project and questioned why they were not installed by the contractor. He asked the City Manager to bring the subject back to the Council once the affordability was determined.

Vice Mayor Pruette stated she would like to have the city get an estimate for the cost of striping First Street.

Councilor Pardee stated he had spoken with the gentleman that was in charge of the City of Jacksonville's stripping regarding striping of Florida Boulevard.

Mayor Brown stated the DOT Hopkins Creek project was almost complete.

Councilor Weldon stated the extension of Hopkins Creek on the eastern segment toward Fifth Street was cluttered and asked if could be cleaned up. City Manager Jarboe responded he would approach the DOT to see if a maintenance agreement could be arranged.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, thanked the city for installing stop signs on First Street; asked that parking be added at the end of North Street; was concerned about unleashed dogs; felt landlords should be notified when an animal control citation was given to a tenant; stated she felt permits for storm doors were unnecessary; and the Board of Appeals members had been mistreated.

Dan Russell, 239 Davis Street, remarked that the large oak tree that gave his rear yard privacy from the Third Street traffic was destroyed by the past years hurricanes which is why he requested a variance to install a six foot privacy fence on his side yard facing Third Street to provide safety and security to his family.

Sybil Ansbacher, 2008 Strand, felt the memorandum from Mayor Brown and the newspaper article regarding the decision of the Board of Appeals to deny Mr. Russell a 6' privacy fence on Third Street undermined the Boards credibility.

Chris Chin, 227 Margaret Street, felt because of the memorandum and the newspaper article regarding the Board of Appeals decision to deny Mr. Russell a six foot privacy fence on Third Street the citizens no longer had confidence in the Board.

Steve Hartsaw, 301 Oleander Street, felt the city should help the residents on Third Street with some relief from the traffic and noise.

PROPOSED ORDINANCES

Ord. No. 2005-XX

ORDINANCE NO. 2005-XX AMENDING CHAPTER 6:: AN ORDINANCE OF THE CITY NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 6, SEC. 6-1 DEFINITIONS, SEC. 6-2 BIRD SANCTUARY; EXCEPTION, SEC. 6-4 NUISANCES CAUSED BY ANIMALS AND SEC. 6-32 DOGS ON THE BEACH; ADDING SEC. 6-10 INTERFERENCE WITH AUTHORIZED PERSONNEL IN PERFORMANCE OF DUTIES; BREAKING INTO OFFICIAL PROPERTY, ETC, SEC. 6-11 LEGISLATIVE FINDINGS, SEC. 6-12 INJURIES CAUSED BY ANIMALS, SEC. 6-13 DANGEROUS; CERTIFICATION OF REGISTRATION; NOTICE AND HEARING REQUIREMENTS; CONFINEMENT OF ANIMAL EXEMPTION; APPEALS; UNLAWFUL ACTS, SEC. 6-15 ATTACK OR BITE BY DANGEROUS DOG; PENALTIES; CONFISCATION; DESTRUCTION AND SEC. 6-16 BITE BY A POLICE OR SERVICE DOG; EXEMPTION FROM QUARANTINE AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe remarked that the Ordinance related to dealing with dangerous dogs.

Councilor Pardee felt the time period for barking dog disturbances should be left at the

one hour time period.

City Attorney White advised if there was a time period of one hour, City staff or the responding police officer would have to witness the dog barking for an entire hour before a citation could be issued.

Councilor Shealy was concerned about the level of code enforcement and felt it should be stricter.

City Manager Jarboe informed the council there are only one and a half employees in the animal control department and it was a seven day a week job. He added police officers were not responsible for animal control. He suggested training citizens for part time animal control duties.

Vice Mayor Pruette suggested raising the penalty of the first offense from \$25 to \$50 and the second offense from \$50 to \$75. She also suggested changing the requirement of a 12' leash to a 16' leash.

City Manager Jarboe stated he could bring before the Council a proposal to add a new animal control employee.

Vice Mayor Pruette stated she would not support adding another animal control employee. She was also concerned that only 22 animal control citations were issued within the past year and felt there should have been more.

Councilor Weldon suggested a performance evaluation of the animal control department be conducted and provided to the Council along with an explanation as to why so few citations were issued.

Vice Mayor Pruette suggested that Council receive a report each month on the number of animal control citations issued.

Consensus: **TO RAISE THE PENALTY FOR THE FIRST OFFENSE TO \$50, AND THE SECOND OFFENSE TO \$75; CHANGE THE LENGTH OF THE LEASH FROM 12' TO 16' AND FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ.**

Recess/Reconvene Mayor Brown called a recess at 8:00 p.m. and reconvened the meeting at 8:10 p.m.

CONTRACTS / AGREEMENTS

Verizon **VERIZON WATER TOWER LEASE AGREEMENT:** Agreement to lease the water tower to Verizon Wireless to install, maintain and operate the radio communications equipment, antennas and appurtenances as described in the agreement.

Consensus: **FORWARD TO THE MAY CONSENT AGENDA FOR APPROVAL.**

ISSUE DEVELOPMENT

Civility Month **PROCLAMATION AND PLEDGE OF CIVILITY FOR THE MONTH OF MAY:** The attorneys for the City, County and Local Government Law Section of the Florida Bar requested the renewal of the pledge of public conduct and civility for the month of May.

City Clerk Lisa Volpe advised a vote was not necessary for the approval of a proclamation.

Consensus: **TO SUPPORT THE RENEWAL OF THE PROCLAMATION FOR THE PLEDGE OF CIVILITY FOR THE MONTH OF MAY.**

Purchase of City
Easement

PURCHASE OF CITY EASEMENT BY ADJACENT PROPERTY OWNER: City Manager Jarboe explained there was a 300 to 400 foot track of land behind Florida Boulevard that was once part of South Street. There was no infrastructure on the property and it was currently overgrown with vegetation. The city previously declared the property a wildlife and bird sanctuary. Mr. Jack Garnett of 629 Florida Boulevard requested the city allow him to purchase the portion of said property that abutted the rear of his lot and take responsibility for the maintenance.

Mr. Jack Garnett, 629 Florida Boulevard, stated he would like to purchase the portion of property abutting his yard. He would take responsibility for the maintenance and add it to the city's tax roll.

Mayor Brown stated if the city granted permission to Mr. Garnett for the purchase of the land, the city would also have to offer the same to the other adjacent property owners.

Councilor Weldon suggested leaving the property public and having the city employees properly maintain it. Vice Mayor Pruette stated she was against abandonment and felt that green spaces and bird sanctuaries within Neptune Beach are important to the community.

Councilor Pardee felt the land would be put to better use if the property owners were granted permission to incorporate it into their property thereby adding it to the tax rolls.

Consensus: **TO GATHER MORE INFORMATION AND FORWARD TO THE MAY WORKSHOP MEETING.**

Fencing along Third
Street

FENCING ALONG THIRD STREET: Mayor Brown felt the procedures the Board of Appeals that are required by ordinance to follow in order to grant a variance are inadequate, which was demonstrated by the denial of a request for Mr. Dan Russell to erect a six foot privacy fence on his side yard abutting Third Street. Mayor Brown felt the property owners along Third Street should be allowed to erect six foot privacy fences for security and buffering of traffic noises. He would like to change the ordinance to help the citizens.

City Manager Jarboe suggested allowing six foot privacy fences on Third Street with the following conditions: the fence must be setback two feet from Third Street; and landscaping must be provided for the area outside of the fence along Third Street to help buffer the sound. Mr. Jarboe added one of the problems for Mr. Russell was that he has a corner lot and corner lots are considered to have two front yards. Six foot privacy fences are not allowed by code to be erected in front yards.

Councilor Weldon felt the Board of Appeals handled the variance request professionally because the Code did not permit six foot privacy fences in front yards. He felt the issue was the beauty of community and it was important not to wall off Third Street. He suggested considering the following options: 1) decide how to implement six foot fencing on Third Street, 2) cite the existing code violators, 3) insist fences and walls along Third Street meet higher construction standards, 4) the fence or wall would need to be erected at least two feet inward of the property, and 5) the property owner would be responsible for landscaping and maintaining the area outside of the fence on Third Street. Councilor Weldon added that law abiding citizens should not be punished for requesting permits for six foot fences when others had been erected illegally and not fined or removed.

Vice Mayor Pruette stated the traffic and noise on Third Street would continue to rise in the future and six foot privacy fences were necessary and should be allowed on Third Street and Florida Boulevard to provide privacy and security for the property owners..

Councilor Shealy agreed that six foot privacy fencing should be allowed on Third Street with the requirement of at least a two foot setback and landscaping along the Third Street side of the fence.

Discussion ensued regarding types of fencing and how far the fence should be set inward of the property line.

Consensus: **ADD TO "ENCOURAGE" HIGHER CONSTRUCTION STANDARDS OF FENCES, CHANGE TWO FEET TO "THREE" FEET INWARD FROM THE PROPERTY LINE, ELIMINATE PENMAN ROAD LEAVING JUST THIRD STREET AND FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ.**

Ord. No. 2005-06

ORDINANCE NO. 2005-06, AMENDING CHAPTER E17, UNIFIED LAND DEVELOPMENT REGULATIONS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS AMENDING SECTION 27-458 RESIDENTIAL LANDSCAPE REQUIREMENTS AND AMENDING SECTION 27-476 STREET DESIGN STANDARDS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated during the first reading and passing of the ordinance there were concerns regarding the height of landscaping and it was brought back to workshop.

Discussion ensued regarding the height of landscaping that would be allowed on the public street ends.

Consensus: **TO LIMIT THE HEIGHT OF LANDSCAPING TO THREE FEET AND FORWARD TO THE MAY REGULAR MEETING FOR SECOND READ.**

Ord. No. 2005-08

ORDINANCE NO. 2005-08, AMENDING CHAPTER 4, ALCOHOLIC BEVERAGES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4 ALCOHOLIC BEVERAGES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated concerns were brought up at first read regarding the distance between establishments and it was brought back to workshop. Discussion ensued.

Consensus: **TO ADD AN 800 FOOT DISTANCE BETWEEN ESTABLISHMENTS WITH MORE THAN 51% OF THEIR REVENUE IN ALCOHOL AND FORWARD TO THE MAY REGULAR COUNCIL MEETING FOR SECOND READ.**

Sign Ord.

REVIEW OF SIGN ORDINANCE – OBJECTIVE OF TIGHTENING CRITERIA FOR TRIGGERING COMPLIANCE WITH THE NEW ORDINANCE – COUNCILOR WELDON:

Councilor Weldon suggested strengthening the sign ordinance by making the following revisions to Section 27-573 and Section 27-592.

Section 27-573 Applicability. Add to the end of the paragraph Mere repainting or routine

maintenance of a sign shall not, in and of itself, be construed as a substantial alteration.

Section 27-592 Nonconforming Signs. Add (3)h. Any re-branding of a sign resulting from a change in franchise and/or business ownership.

Council discussed that these changes would not allow a pole sign to be left if ownership of the business changed hands.

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ.**

Res. No. 2005-XX

RESOLUTION NO. 2005-XX: A RESOLUTION ALLOWING THE CITY MANAGER TO EXECUTE THE AGREEMENT FOR MAINTENANCE OF SR A1A (THIRD STREET), NEPTUNE BEACH, FLORIDA.

City Manager Jarboe advised that this resolution would allow him to sign the maintenance agreement with the State of Florida Department of Transportation for A1A (Third Street) .

Consensus: **FORWARD TO THE MAY REGULAR MEETING CONSENT AGENDA.**

Green Market

City Manager Jarboe stated the Green Market was currently operating in the K-Mart Shopping Center parking lot. He suggested moving the market and allowing it to operate out of Jarboe Park at Third Street and Florida Boulevard. The city would take a more active role in getting vendors to participate. He would bring more information to the council at a later date.

Adjournment

There being no further business, the meeting adjourned at 9:42 p.m.

Richard A. Brown, Mayor

Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Weldon to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS / NONE

APPROVAL OF MINUTES

Moved by Pardee, seconded by Shealy.

Councilor Weldon asked to revise page 4 of the February 28, 2005 workshop council meeting minutes: "Councilor Weldon suggested Council direct staff to implement a city wide policy to replace those streetlights currently shaded and with flush mount cobra head fixtures and the remaining to replace the others by request, where necessary, in the future."

Vice Mayor Pruette asked to add to the minutes of the March 21, 2005, workshop council meeting page 4: "City Manager Jarboe stated he would work on adding language to Ordinance No. 2005-06 that would restrict landscaping from blocking ocean views."

Motion: **TO APPROVE THE FOLLOWING MINUTES AS AMENDED:**

FEBRUARY 7, 2005, SPECIAL WORKSHOP COUNCIL MEETING
FEBRUARY 28, 2005, WORKSHOP COUNCIL MEETING
MARCH 7, 2005, REGULAR COUNCIL MEETING
MARCH 14, 2005, GOAL SETTING WORKSHOP MEETING
MARCH 21, 2005, WORKSHOP COUNCIL MEETING

COMMUNICATIONS AND CORRESPONDENCE / NONE

CITY MANAGER REPORT

The storm water improvements proved to work well as there were no long term flooding during the recent storms.

The Public Services Department continued to work on correcting the drainage problem on Orange Street and Cherry Street.

If the paving on Midway was not completed by the end of the week it would be added to the bid for speed humps that went out on March 30, 2005 to be received and opened at 2:00 p.m. April 13, 2005.

Complaints came in today regarding transients setting up tents and camping out in the marsh and they were asked to relocate. Councilor Weldon asked City Manager Jarboe if there was an ordinance against camping. Mr. Jarboe responded there was indeed such an ordinance.

PUBLIC COMMENTS

Keith Baker, 628 Second Street, expressed his appreciation to the City Manager and employees of the Public Services Department employees for installing a curb in front of his house.

Mary Ann Padrta, 1030 Second Street, requested that a curb be placed in front of her house.

CONSENT AGENDA

Tennis Camp

Approval of contract for Sandra Phillips to hold a Tennis Camp using the tennis courts in Jarboe Park for two weeks for rent in the amount of \$200.00.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

VARIANCES / NONE**ORDINANCES**

Ord. No. 2005-06

ORDINANCE NO. 2005-06, AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS AMENDING SECTION 27-458 RESIDENTIAL LANDSCAPE REQUIREMENTS AND AMENDING SECTION 27-476 STREET DESIGN STANDARDS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2005-06 by title only and opened the public hearing.

Joann Waddill, 115 Oleander Street, thanked Council for introducing the Ordinance thereby protecting and preserving the beach accesses for future generations.

There being no further comments from the public, the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2005-06 ON SECOND READ AND PUBLIC HEARING WITH DISCUSSION.**

Vice Mayor Pruette explained she felt it was important to add language that in no case landscaping shall block ocean views through the street end right of ways.

Friendly Amendment: **TO ADD LANGUAGE "IN NO CASE THAT LANDSCAPING SHALL BLOCK OCEAN VIEWS THROUGH THE STREET END RIGHTS OF WAYS."**

Councilor Weldon was concerned adding the language would limit the landscaping to just grass. He felt if the language was to be added a maximum height would need to be specified. He suggested added the following language: "In no case shall landscaping within the street ends rights of way exceed 4 feet in height."

Discussion continued regarding ocean views.

Councilor Shealy called a point of order and suggested forwarding the ordinance to the April workshop meeting for further discussion.

Vice Mayor Pruette withdrew her motion.

Consensus: **TO FORWARD ORDINANCE NO. 2005-06 TO THE APRIL WORKSHOP FOR FURTHER DISCUSSION.**

Ord. No. 2005-07

ORDINANCE NO. 2005-07, AMENDING SECTION 22-30, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 22-30 REMOVAL OF VEHICLES, TO INCLUDE 22-30(D) AND TO PROVIDE AN EFFECTIVE DATE.

City Attorney White recommended the following change to the ordinance: Section 22-30. Removal of Vehicles. (d)(3) When any vehicle is left unattended and parked illegally upon a street. ~~and is so parked illegally.~~

Moved by Shealy, seconded by Weldon.

Motion: **TO PASS ORDINANCE NO. 2005-07 AS AMENDED ON FIRST READ.**

Roll Call Vote:

MOTION CARRIED

Ord. No. 2005-08

ORDINANCE NO. 2005-08, AMENDING CHAPTER 4, ALCOHOLIC BEVERAGES, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4 ALCOHOLIC BEVERAGES AND PROVIDING AN EFFECTIVE DATE.

City Attorney White recommended the following change to the ordinance: Section 4-2 Hours of Sale.(b) No person shall be permitted on the premises of such business during such hours, except to clean up the premises, to perform necessary functions for closing the establishment, or to perform necessary maintenance- and security.

Councilor Weldon stated there was a question regarding whether or not the 3,000 foot separation of establishments selling alcohol was being eliminated. Councilor Shealy commented that the city was currently out of compliance with the 3,000 feet separation. City Manager Jarboe replied the 3,000 foot separation was being eliminated but felt some distance and separation was still necessary. Councilor Weldon added establishments selling or serving alcohol should also be separated from schools and churches.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2005-08 ON FIRST READ WITH THE CITY ATTORNEYS RECOMMENED CHANGES AND FORWARD TO THE WORKSHOP FOR FURTHER DISCUSSION.**

OLD BUSINESS / NONE

NEW BUSINESS

Dev. Order
Seagate Shores

FINAL DEVELOPMENT ORDER FOR PROPOSED SEAGATE SHORES SUBDIVISION – STEVE JARRETT: Mayor Brown stated the Planning & Development Review Board recommended Council approval for the proposed subdivision.

Councilor Shealy stated a conflict of interest because he was working on a project with Mr. Jarrett, and recused himself from the discussion and the vote.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR SEAGATE SHORES SUBDIVISION.**

Mr. Jarrett stated the developer would install the original sprinkler system and the Homeowners Association would be responsible for the maintenance and upkeep of

the grass public right-of-way.

For the Record Vice Mayor Pruette stated for the record that the public right-of-way was in no way to appear as private property and would be open to the public.

Mr. Jarrett stated the maximum road width in the neighborhood was 18 feet and he would like to build it 16 feet. It would be better for the developer to build the driveway as an extension of the road. He ensured the public road would in no way appear to the public as private property.

For the Record Councilor Weldon questioned what type of material would be used for the paving. He felt it would be better to have a 16 foot wide driveway paved with pervious pavers in lieu of asphalt. He also stated for the record that Mr. Jarrett would ensure that the road would clearly appear as a public road and not private property.

Moved by Weldon, seconded by Pruette.

Amended Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR SEAGATE SHORES SUBDIVISION WITH THE AMENDMENT THAT THE ROADWAY EXTENSION INTO THE STREET END RIGHT OF WAY BEYOND THE ROUND ABOUT BE REDUCED IN WIDTH TO 16 FEET AND PAVED WITH PERVIOUS PAVERS OF THE DEVELOPERS CHOOSING.**

Councilor Weldon also wanted to clarify that by covenants the Home Owners Association would be required to maintain the right of way landscape.

Councilor Pardee asked Mr. Jarrett if the entire 75' driveway was in Neptune Beach or was part in Jacksonville Beach. Mr. Jarrett replied that Neptune Beach owned the right of way on both sides of the road. The homeowner on that particular lot in Jacksonville Beach would need a Neptune Beach right of way permit in order to do work on the area.

Roll Call Vote:

Ayes: 4 – Pardee, Pruette, Weldon, Brown

Abstain: 1 – Shealy

MOTION CARRIED

Sea & Sky
Spectacular

CONTRIBUTION TO THE CITY OF JACKSONVILLE FOR THE SEA & SKY SPECTACULAR: Mayor Brown stated the Council agreed at the previous workshop meeting that a blanket amount of \$10,000 for each city was unfair to Neptune Beach but an amount was not determined.

Councilor Shealy suggested a per capita approach; because we were 1/6 the size of Jacksonville Beach our contribution amount should be 1/6th of the \$10,000. He added the first year this was approached we were told the \$10,000 would be a one time contribution.

For the Record Mayor Brown stated for the record he believed corporate support had increased but the event still needed some symbolic support by all three beach cities.

Councilor Pardee stated he would support rounding the \$1,600 amount up to \$2,000.

Councilor Weldon stated he would also support \$2,000.

Vice Mayor Pruette stated she would agree to the \$2,000 contribution but would

really prefer \$1,600.

Moved by Weldon, seconded by Pardee.

Motion: **TO APPROPRIATE \$2,000 FOR THE CITY OF JACKSONVILLE SEA AND SKY SPECTACULAR.**

Roll Call Vote:

Ayes: 3 – Pardee, Weldon, Brown

Noes: 2 – Pruette, Shealy

MOTION CARRIED

For the Record City Manager Jarboe for the record asked the Council for permission to allow the finance director to use funds from whatever account was available.

Consensus: **TO ALLOW THE FINANCE DIRECTOR TO FIND THE FUNDS FROM AN APPROPRIATE ACCOUNT.**

Fireworks

CONTRIBUTION TO THE CITY OF JACKSONVILLE BEACH FOR THE FOURTH OF JULY FIREWORKS DISPLAY. City Manager Jarboe stated the City of Jacksonville Beach was contributing \$15,000 for the 4th of July fireworks display. They requested a contribution of \$5,000 from Atlantic Beach and Neptune Beach. There was some discussion among council.

Moved by Shealy, seconded by Pruette.

Motion: **TO APPROVE A \$5,000 CONTRIBUTION TO THE CITY OF JACKSONVILLE BEACH FOR THE JULY 4TH FIREWORKS DISPLAY.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

FEMA/ISO – PRESENTATION OF PLAQUE IN RECOGNITION OF THE CITY'S LEVEL CHANGE FOR FLOOD INSURANCE: Mr. Gabriel Gamble, ISO, presented a plaque to the City for achieving a classification rating of eight (8) thereby receiving a 10% discount on our insurance policy.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported on the following issues:

- There was no new information on the Florida Boulevard Landscaping Project.
- The in house audit was almost complete.
- The Public Services Department was working on resolving the drainage problems on Orange Street.
- There were nine (9) requests for new streetlights and he was working with Beaches Energy Services to have them changed.

Vice Mayor Pruette requested City Manager Jarboe place the issue of paving, speed humps, and street stripping on the agenda for the April workshop.

Councilor Pardee questioned the status of the Penman Road Traffic Study. City Manager Jarboe replied the City of Jacksonville contracted the project and he had not been able to get the plans.

City Clerk Lisa Volpe stated at the recent Goal Setting Session Council requested holding a seminar based on the Public Record Laws and the Sunshine Law. Miss. Volpe advised the First Amendment Foundation would have someone available on June 13, 2005.

Consensus: **TO HOLD THE PUBLIC RECORD AND SUNSHINE LAW SEMINAR WITH BOARD MEMBERS ON JUNE 13, 2005.**

Vice Mayor Pruette announced the Annual Easter Egg Hunt would be held Friday, March 25, 2005 at 10:00 a.m.

Mayor Brown commended Vice Mayor Pruette for responding to an e-mail requesting photographs of city entrance signs. Vice Mayor Pruette photographed the welcome sign on Atlantic Boulevard and mailed them as requested.

PUBLIC COMMENTS

Franklin Dunn, 593 Margaret Street, voiced concern about increased parking on Margaret Street.

Mary Ann Padrta, 1030 Second Street, opposed adding parking on street ends. She was also concerned about signs placed in right-of-ways, loose animals, and lack of code enforcement.

PROPOSED ORDINANCES

Ord. No. 2005-XX

ORDINANCE NO. 2005-XX: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 22-30, THE POLICE DEPARTMENT HEREBY IS AUTHORIZED TO REMOVE A MOTOR VEHICLE (HEREAFTER "VEHICLE") FROM A PUBLIC STREET, WAY OR ALLEY TO A STORAGE GARAGE OR OTHER PLACE OF SAFETY, OR TO A GARAGE DESIGNATED OR MAINTAINED BY THE POLICE DEPARTMENT, OR BY THE CITY, UNDER THE CIRCUMSTANCES HEREINAFTER ENUMERATED.

City Manager Jarboe explained this Ordinance would permit police officers to have illegally parked vehicles towed without having to wait 24 hours.

Director of Public Safety Chief Brandt explained by state statute parked vehicles causing hazardous conditions could be immediately towed. Property owners could have vehicles towed if they were parked on, or blocked access to their property.

Councilor Shealy stated he supported the Ordinance and would also support an increase in the fine for illegal parking citations.

Councilor Pardee asked Chief Brandt if boats parked on the city right-of-way could also be towed. Chief Brandt responded boats could be towed if parked on a city right-of-way.

Councilor Shealy agreed to sponsor the Ordinance.

Consensus: **FORWARD TO THE APRIL 4TH REGULAR MEETING.**

Ord. No. 2005-XX

ORDINANCE NO. 2005-XX: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4 ALCOHOLIC BEVERAGES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe requested removing that section of the Ordinance requiring that alcohol could not be sold within 3,000 feet of a church or school or another business where alcohol was sold. The Ordinance also allowed the City Manager to issue up to four (4) alcohol permits per year for special events.

Discussion ensued regarding the city managers recommendation.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING – DELETE THE SECTION RECOMMENDED BY THE CITY MANAGER – 3,000 SQUARE FEET REQUIREMENT.**

CONTRACTS / AGREEMENTS

Tennis Camp

TENNIS CAMP CONTRACT – SANDRA PHILLIPS: City Manager Jarboe stated he did not have the authority to approve leasing public property to a private business. Thereby, the contract for use of the tennis courts would need to be approved by the Council.

Sandra Phillips, 58 Jefferson Avenue, Ponte Vedra Beach, explained the program for adults and juniors was offered in Jarboe Park two (2) separate weeks during the summer from 9:00 a.m. to 2:00 p.m. The program consisted of tennis lessons from 9:00 a.m. to 11:00 a.m. and lunch, arts and crafts from 11:00 a.m. to 2:00 p.m.

Vice Mayor Pruette asked if the City Attorney had reviewed the contract. City Manager Jarboe replied City Attorney White had reviewed the contract.

Consensus: **FORWARD THE APPROVAL FOR SANDRA PHILLIPS CONTRACT TO LEASE THE TENNIS COURTS IN JARBOE PARK FOR TWO WEEKS FOR RENT IN THE AMOUNT OF \$200.00 TO THE APRIL CONSENT AGENDA.**

Sea & Sky
Spectacular

2005 SEA & SKY SPECTACULAR – CITY OF JACKSONVILLE: Mayor Brown explained the Sea & Sky Spectacular rotated annually between the Naval Air Station Jacksonville and Jacksonville Beach. The City of Jacksonville asked each of the beach cities to sponsor and contribute \$10,000 for the event.

Vice Mayor Pruette stated when the event began in 2001 the City of Jacksonville had asked each of the beaches to contribute \$10,000 as a one time only contribution and the council was assured it was a one time contribution. She added if the \$10,000 contribution for the event was to continue \$5,000 should be budgeted annually. She was in favor of prorating.

Councilor Shealy felt it was not fair to the citizens of Neptune Beach for the city to contribute the same amount of money as the other larger cities. He felt contributions should be prorated per capita.

City Manager Jarboe informed the per capita amount would be approximately \$2,000. .

Consensus: **FORWARD THE \$10,000 CONTRIBUTION TO THE SEA & SKY SHOW TO THE APRIL REGULAR MEETING IF THE CITY MANAGER SPEAKS WITH THE EVENT COORDINATOR BEFORE THE MEETING**

DATE.July 4th Fireworks

City Manager Jarboe asked Council to also approval a request for a contribution of \$5,000 for the July 4th fireworks show. The City of Jacksonville Beach was contributing \$15,000 and Atlantic Beach was contributing \$5,000 towards the event. The event would be held July 4, 2005, at the City of Jacksonville Beach's new pier.

Consensus: **FORWARD THE APPROVAL OF A CONTRIBUTION FOR FIREWORKS TO THE APRIL AGENDA.**

Mayor Brown recognized City of Jacksonville Councilman Art Graham and asked if he would like to address the Council.

City of Jacksonville Councilman Art Graham stated the Jacksonville City Council held a joint meeting with the St. Johns County Commissioners. They discussed concerns relating to traffic and the increasing population between the two counties.

Penman Rd.
Traffic Study

Councilor Pardee asked Councilman Graham the status of the Penman Road Traffic Study. Councilman Graham responded the Metropolitan Planning Organization (MPO) was considering conducting the study but the scope kept growing out of the allocated funds for the study.

Mayor Brown, member of the MPO, advised if any changes were needed to Penman Road it would be to widen it to five (5) lanes. He had asked the MPO to look into alternatives like improving the intersections and regulating the traffic lights in lieu of widening the road.

For the Record

Councilor Pardee stated for the record he was against any efforts to widen Penman Road.

Vice Mayor Pruette asked Councilman Graham to have Jacksonville consider repaving and stripping both Florida Boulevard and Penman Road and also adding a right turn lane at the intersection of Penman Road and Atlantic Boulevard.

Mayor Brown felt it would be best if requests were made in writing to the City of Jacksonville Council.

ISSUE DEVELOPMENT

Ord. No. 2005-06

ORDINANCE NO. 2005-06: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS AMENDING SECTION 27-476 STREET DESIGN STANDARDS AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Pruette suggested adding to the Ordinance "landscaping shall not restrict the ocean views." Council determined it was not necessary to add the language because the landscaping limitations must be approved by the City Manager. City Manager Jarboe stated he would work on adding language to Ordinance No. 2005-06 that would restrict landscaping from blocking ocean views.

Mayor Brown suggested exploring the possibility of installing parking spaces on a few of the street ends for residential use by permit only. The revenue from the permits could be used for beautification and maintenance of the street ends.

Vice Mayor Pruette stated she received a request from a citizen to place bicycle racks at some of the beach accesses. City Manager Jarboe advised that would not be a problem,

however, those requests should be made through administration.

Mayor Brown felt the Ordinance was necessary to clarify what was permitted on beach accesses and street ends thereby prevent encroachments on the right-of-ways.

Consensus: **FORWARD TO THE APRIL REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Code Enforcement Vice Mayor Pruette felt the level of code enforcement should be tougher and suggested Council consider setting priority issues to be enforced.

City Manager Jarboe felt the priorities were unlawful signs, citizens doing work without permits, loose animals at the parks and on the beach, also the ongoing issue of parking.

Discussion ensued regarding code enforcement.

Councilor Pardee felt the city should keep citizens informed of the Codes.

The issue would be forwarded to the next workshop.

Board Applications **REVISION OF BOARD MEMBER APPLICATIONS:** City Clerk Lisa Volpe stated she had revised the board applications as requested at the Goal Setting Session and asked Council if they would like to add or change anything.

Consensus: **TO USE THE REVISED APPLICATIONS FOR BOARD MEMBERS.**

Mayor Brown stated he and Atlantic Beach Mayor John Merserve were photographed and interviewed for an article about beach communities that would appear in the September issue of Southern Living Magazine.

Adjournment There being no further business, the meeting adjourned at 8:56 p.m.

Assistant to the City Manager Teresa Klein

Call to Order/Roll Call

The Mayor called the meeting to order at 5:30 p.m.

City Manager Jim Jarboe reviewed the general rules of the goal setting session from last year's session.

The following were listed as Threats to the city:

- Hurricanes - Jarboe
- Lessening of outside help especially federal –Jarboe
- Mandates from EPA and DEP – Jarboe
- Traffic – Pruette
 - Widening of Penman Road and Third Street – Pruette –
 - Status of Jacksonville study – Pardee
- Increasing property value and impact on mid level income families – Weldon
- Impact of increasing number of visitors – Pruette
- State mandates – Brown
 - Nitrogen removal - Smith
- Attitudes towards visitors – Pardee
- Parking – Brandt
- Enforcement of rowdy residents – Brown
- Fireworks – Pruette
- Hurricane Preparedness – Weldon
- Loss of Mayport carrier - Weldon

The following were listed as Strengths of the city:

- Redevelopment – Jarboe
- Flexibility of staff – Jarboe
- Beach – Pruette
- Strong Council
- Services delivered – Pruette
- Department Heads – Shealy
- Public Safety – Brown
- Potential for community business- Pardee
- New computer system – Pardee
- Public Schools – Shealy
- Senior Center (losing funding) – Weldon
- Natural habitat- Pardee
- Controlled growth – Pruette

The following were listed as Visions of the future for the city:

- Commercial area thriving – Pardee
- Keep quality of life – Pardee
- More single family homes /less rentals – Brown
- Beautification of third Street – Shealy
- Kings Road Bridge – Pruette
- Infrastructure improvement – Pruette
- long term financial planning – Shealy
- Landscape Plan – Jarboe
- Maintaining & improving neighborhood and pedestrian friendly quality of life - Weldon

The following areas of improvement were discussed:

Growth management:

- *Workshop on variance procedure
- *Ways to preserve medium income family

Infrastructure:

- *Kings Road Bridge
- *Curbing
- *Pedestrian walkover Third Street at Atlantic Blvd
- *Signage standardization
- *Landscape Plan

Economic Development:

- * Encourage city small businesses thru links form city's website
- * Set high expectations for economic development

Fiscal:

- *Staying in business through capital planning and revenue projections
- *Interlocal agreement with county
- *Impact of navy downsizing
- *Impact of City of Jacksonville growth
- *Review fee structure

Streamline government:

- *Information exchange via pc with city council
- *Stream line legal staff on code enforcement board
- *Timely resolution of code violation court cases

Internal/external communication:

- *Council memos for agenda items
- *Sunshine Law workshop/training session
- *Team meeting with council and staff
- *Social hour between council and board members
- *Council protocol

Public Safety:

- *Animal control- stronger enforcement and more education
- *Opening of Chief's position
- *Traffic control over entire city
- *Painting curbs for no parking areas
- *Painting curbs

The following were placed in matter of importance and priority:

First Tier:

1. Kings Road bridge construction.
2. Animal Control – stronger enforcement and more educational process
3. Internal Communication – Team meeting among City Council and Staff.

Second Tier:

1. Variance procedure workshop.
2. Review of Inter-Local Agreement.
3. Business longevity – planning capital process and revenue projections.
4. Code Enforcement – Counsel / Enforcement of Codes.
5. Timely resolution of code violations.

Third Tier:

1. Feasibility study of walkover for Atlantic Boulevard and Third Street.
2. Landscaping Plan.
3. Review of City Fee Structure.
4. Information exchange via personal computer study.
5. Social hour among Council and Board Members.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette stated Leslie Lyne, Director of the Senior Activity Center, asked the Council to pass a Resolution opposing the federal budget cuts to the Community Development Block Grant Program. Vice Mayor Pruette asked staff to prepare the Resolution.

City Manager Jarboe stated the paving contractor would return Thursday to complete the repaving project.

City Clerk Volpe informed the Council the Clerks Office had sent out all Minutes, Resolutions, Ordinances, Commercial Building Plans, and some Subdivision Plans to the Municipal Code Corporation to be scanned and imaged. The original documents would be returned along with the imaged documents near the end of April. This will allow the Clerks Office to retrieve documents and plans on the computer without having to page through the original records.

City Manager Jarboe stated he recently attended a Florida League of Cities meeting. He explained to the FLC the recording software our City Clerk's office was using to record minutes. The FLC advised him they would be interested in showcasing the software.

CITY MANAGER REPORT / NONE**PUBLIC COMMENTS**

William Hamel, 509 Lora Street, stated Beaches Energy Services relocated a transformer from in front of his neighbor's property to the front of his property. He wanted the transformer moved back to its original location. Mayor Brown informed Mr. Hamel the City did not have the authority to regulate the utility company. City Attorney White advised the problem should be disputed between the individual and the agency.

CONSENT AGENDA

- | | |
|------------------------|--|
| Computer Software | <u>COGSDALE SOFTWARE</u> : Approval of purchasing Cogsdale software and conversion from HTE to Cogsdale for the amount of \$141,438. |
| Dancin' in the Streets | <u>DANCIN' IN THE STREETS</u> : Approval of closing the streets for the annual Town Center Event "Dancin' in the Streets" May 14, 2005 from 5:00 a.m. to 11:00 p.m. including Atlantic Boulevard to Second Street and First Street to Orange Street and waiving the open container ordinance between 11:00 a.m. and 9:30 p.m. for alcohol sales by Town Center Agency. |
| Beaches Dial-a-Ride | <u>BEACHES DIAL – A – RIDE</u> : Approval of donation of \$1,500 to Beaches Dial-a-Ride to be paid from the Contingency Funds. |
| Res. No. 2005-02 | <u>APPROVAL OF RESOLUTION NO. 2005-02: RESOLUTION OF THE CITY OF NEPTUNE BEACH CITY COUNCIL, ACCEPTING THE DUVAL COUNTY LOCAL HAZARD MITIGATION STRATEGY DOCUMENT.</u> |

Moved by Weldon, seconded by Shealy.

MOTION CARRIEDVARIANCES

Variance V05-07
Staley
600 Davis Street.

VARIANCE REQUEST V05-07, STALEY – 600 DAVIS STREET: Variance Appeal for Mr. and Mrs. Donald Staley, 600 Davis Street. According to Mr. Staley his appeal was based on the Board of Appeals decision not being supported by competent substantial evidence and testimony produced at the public hearing.

Variance Request # 1 Existing Table 27-299-1, Lot Size, a variance request of 675 square feet, leaving 11,325 square feet, in lieu of the required 12,000 square feet.

Variance Request # 2 Existing/Proposed Table 27-229-1 Rear Yard, a variance request of 4.6 feet, leaving 25.4 feet, in lieu of the required 30 feet.

Purpose: To replace and enlarge the existing sunroom/enclosed patio.

Mr. Staley stated his variance request was turned down by the Board of Appeals. He requested a variance of 4.6 feet. The Board modified his request and gave him a variance for the 2' encroachment that existed with the current patio. He felt the Board did not fully understand his request. Mr. Staley added his neighbors did not object to the 12' x 26' sunroom. He bought the property 1 ½ years ago and had made many improvements. He had a large corner lot and a new privacy fence and wanted to build a 12' x 26' sunroom in the rear. The Boards decision was based on a 10 x 26 sunroom.

Chairman of the Board of Appeals Sybil Ansbacher stated the Board did not turn down the request; they approved it with a modification. The existing porch infringed 2' into the setback already and he was asking for a 4 ½' infringement which would be an addition 2 ½ feet. The consensus of the Board was that a 10'x 26' sunroom would not deprive the applicant use of the property. She added there was not a procedural error in which the applicant could appeal.

Mayor Brown felt the request was reasonable and the system in which the Board was required by the Code to follow had failed. The lot was large, had a privacy fence and the neighbors did not object. He felt 2 additional feet would not make a difference. He supported overturning the decision of the Board and granting the 4.6' variance request.

Vice Mayor Pruette agreed the lot was large and the current system had failed in this circumstance.

Councilor Shealy stated board members worked hard volunteering their time and he did not want to overrule their decision.

Councilor Pardee asked City Attorney White to comment on the Council's role in the decision. City Attorney White advised the applicant was appealing the Board's decision based on the decision not being supported by competent substantial evidence and testimony. The issue before the Council was to determine if the Board's decision was or was not supported by competent substantial evidence and testimony produced at the hearing.

Councilor Weldon felt there was not a procedural error and stated he would vote against approval of the appeal and affirm the decision of the Board of Appeals.

Moved by Weldon, seconded by Shealy.

Motion: **TO AFFIRM THE DECISION OF THE BOARD OF APPEALS.**

Roll Call Vote:

Ayes: 3 – Pruette, Shealy, Weldon

ORDINANCE NO. 2005-06, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS AMENDING SECTION 27-458 RESIDENTIAL LANDSCAPE REQUIREMENTS AND AMENDING SECTION 27-476 STREET DESIGN STANDARDS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon suggested the following changes to Ordinance No. 2005-06:

Section 1. Section 27-458(3) ~~manage~~ manager

Section 2. Section 27-476(2) Public walkways and ramps may be built in these right-of-ways. No other construction is permitted except as necessary to access adjacent properties when no other means of access to said properties is possible.

Section 2. Section 27-476 ~~(1)(2)(3)(4)~~ (a)(b)(c)(d)

Section 2. Section 27-476(c) ~~deemed necessary~~ necessary

Vice Mayor Pruette was concerned the Ordinance did not refer to trees being planted in accesses where they may restrict ocean views.

Councilor Weldon asked City Manager Jarboe to place Ordinance No. 2005-06 on the Workshop Meeting agenda to discuss trees in the right-of-ways.

Moved by Pruette, seconded by Pardee.

Motion: **TO PASS ORDINANCE NO. 2005-06 WITH CHANGES DISCUSSED.**

Director of Public Safety William Brandt
Community Development Director Jason Cleghorn
Information System Technician Rosemary Phillips
Director of Public Services Leon Smith
Administrative Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:30 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe asked the Council if they had any questions regarding his Action List which was provided in the Agenda Packets.

Councilor Shealy questioned the progress of the Florida Boulevard Landscaping Project. City Manager Jarboe replied he was awaiting approval from the City of Jacksonville on the landscaping plans which were submitted two weeks ago.

Mayor Brown questioned the status of the street repaving. City Manager Jarboe explained part of the delay was due to the City of Jacksonville's need to use the contractor to repair streets in preparation for the Super Bowl. The contractor now had a piece of equipment that was undergoing repairs thereby preventing the completion of paving at Midway and Strand Street.

Councilor Weldon questioned when the speed humps would be installed and where they would be placed. Director of Public Services Leon Smith responded that once the milling was completed the speed humps would be installed. He was aware of the exact locations where placement was needed.

Vice Mayor Pruette suggested placing the street repaving project on the next agenda for a full progress report from the City Manager.

City Manager Jarboe stated the menzi muck was used to clean out the ditch on Bay Street and asked Council members to visit the site and view the results. He expected all major ditches to be cleaned out by this spring. Mayor Brown asked how many employees were trained to operate the menzi muck. City Manager Jarboe replied there were currently two employees trained to operate the equipment.

PUBLIC COMMENTS

Danny Thiele, 107 Azalea Place, stated Council previously adopted an Ordinance to protect sea turtles from lighting on the beach. He asked Council to consider the best interest of the sea turtles when replacing street lights.

Bryan MacDonald, 107 North Street, agreed sea turtles should be protected from the lighting. He favored replacing the existing streetlights with new cobra fixtures.

Wes Gibbs, 1501 First Street, felt the property owner should have the choice whether or not to illuminate their property. He favored the cobra streetlight fixtures.

Sybil Ansbacher, 2008 Strand Street, opposed Ordinance No. 2005-04, reducing the number of board members.

Dana Pardee, 1421 Penman Road, opposed the proposed parking permit Ordinance.

Tom Byerly, 527 South Street, opposed the proposed parking permit Ordinance. He felt it would restrict the public from access in which they had a legal right to.

Tim Ingram, 113 Pine Street, favored replacing the existing streetlights with cobra streetlight fixtures.

Michael Adams, 320 First Street, favored replacing the existing streetlights with cobra streetlight fixtures.

Chris Chin, 227A Margaret Street, stated the proposed parking permits were not intended for the removal of certain tenants. She suggested extending the parking hours on First Street. She also favored the cobra streetlight fixtures.

Lynn Sweeney, 1500 Strand Street, stated one way signs were missing on Strand Street and the traffic had increased. He asked that the signs be replaced.

David Baker, 1102 First Street, favored replacing the existing streetlights with the cobra streetlight fixtures. He opposed the parking permit ordinance and felt it was the property owners' responsibility to provide parking spaces for their tenants. He also felt animal control laws should be stricter.

Mary Ann Padrta, 1030 Second Street, suggested enforcing the regulation that property owners provide parking spaces for their tenants. She felt the animal control ordinance needed enforcement.

PROPOSED ORDINANCES

Ord. No. 2005-XX

ORDINANCE NO. 2005-XX, AMENDING SECTION 22-29: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 22-29 – TO ADD LANGUAGE TO EXERCISE AUTHORITY CONTROL OF VEHICULAR TRAFFIC IN CERTAIN CONGESTED AREAS.

City Manager Jarboe stated Council had asked him to suggest ideas to help reduce street parking in certain congested areas. The Code now required that each house had to have a certain number of parking spaces. He suggested issuing parking permits to residents in congested areas, for the number of spaces provided for their property. Under the current Code vehicles illegally parked could be ticketed but could not be towed without 24 hour notice.

Vice Mayor Pruette recommended more policing and code enforcement rather than permits. She requested that code enforcement and policing to be placed on the workshop agenda in March.

Councilor Shealy questioned how many vehicles were being ticketed for illegal parking and how many tickets had been issued for animal violations. City Manager Jarboe stated he would provide Council a report on the numbers.

Councilor Pardee suggested updating the existing code to allow for stricter enforcement ability. He was concerned issuing parking permits for one congested area would only cause problems in other areas. City Manager Jarboe agreed the police needed more authority to enforce illegal parking and the code could be stronger.

Councilor Weldon suggested Council direct staff to examine the towing procedures and revise the Code to tighten enforcement.

Consensus: **TO DROP THE IDEA OF PERMITS; AND LOOK INTO TIGHTENING THE EXISTING CODE.**

CONTRACTS / AGREEMENTS / NONE**ISSUE DEVELOPMENT**

Dancin' in the Street

DANCIN' IN THE STREET – APPROVAL TO CLOSE STREETS: Approval to close the streets that perimeter Town Center on May 14th from 5:00 a.m. to 11:00 p.m. for the Town Center Event “Dancin’ in the Street” and waive the open container ordinance for the day to allow alcohol sales by the Town Center Agency only.

Consensus: **FORWARD TO THE MARCH CONSENT AGENDA.**

Dial-a-Ride

BEACHES DIAL A RIDE – REQUEST FOR CONTRIBUTION: Approval for a contribution of \$1,500 to the Beaches Dial-a-Ride, a senior transportation service. Previous Councils donated \$1,000 per year to Dial-a-Ride, however, Senior Activity Center Director Leslie Lyne asked to raise the contribution this year due to the high cost of oil and gasoline.

Consensus: **TO CONTRIBUTE \$1,500 TO DIAL A RIDE AND PLACE ON THE MARCH CONSENT AGENDA FOR APPROVAL.**

IT System

INFORMATION TECHNOLOGY SYSTEM – COMPARISION OF SOFTWARE: The Florida League of Cities conducted a Technology Study and determined the software the

city was using was outdated and ready for replacement. Department of Finance gathered Information and pricing from a number of vendors that provided software packages for local governments. After comparing the software packages and features the staff recommended the Cogsdale Software Package for the amount of \$141,438.00.

City Manager Jarboe informed the software would allow residents access to their accounts and allow them to remit payments online. It would also allow contractors to complete permit applications online and remit payments online as well as a number of other features. The software was similar to all Microsoft products and very user friendly,

Consensus: **FORWARD TO THE MARCH CONSENT AGENDA FOR APPROVAL OF STAFF RECOMMENDATION.**

Streetlights

STREETLIGHTS: Councilor Weldon suggested Council direct staff to implement a city wide policy to replace those streetlights currently shaded with flush mount cobra head fixtures and to replace the others by request, where necessary, in the future.

Councilor Shealy questioned the cost of replacing the streetlights. City Manager Jarboe stated the cost would be less than \$200.00 each including installation.

Councilor Pardee was concerned if the cobra fixtures would provide enough safety and asked Director of Public Safety William Brandt to provide a ruling stating the fixtures would provide adequate safety.

Consensus: **TO HAVE THE CITY MANAGER CHANGE OUT THE DISPUTED LIGHTS AND APPROVE COUNCILOR WELDON'S RECOMMENDATION.**

City Manager Jarboe stated he would coordinate and schedule the replacements with Beaches Energy Services. He added if cost rose exceedingly high he would consult the Council for further approval.

Recess/Reconvene

Mayor Brown called a recess at 8:15 p.m. and reconvened the meeting at 8:25 p.m.

FEMA

DUVAL COUNTY LOCAL MITIGATION STRATEGY ADOPTION – FEMA: City Manager Jarboe explained the update of the mitigation strategy was required by the Federal Emergency Management Association. Heather Jones, Representative from Emergency Preparedness advised if the update was not adopted the City would not be eligible for funding.

Consensus: **PREPARE A RESOLUTION FOR THE ADOPTION OF THE DUVAL COUNTY LOCAL MITIGATION STRATEGY FOR THE MARCH REGULAR MEETING CONSENT AGENDA.**

Ord. No. 2005-01

ORDINANCE NO. 2005-01, AMENDING SECTION 13-5(C) AND 25-5(E): AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(C) AND SECTION 13-5(E) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained Ordinance No. 2005-01 was revised to clarify issues for the Code Enforcement Board.

Consensus: **FORWARD TO THE MARCH REGULAR MEETING FOR SECOND READ.**

Ord. No. 2005-04

ORDINANCE NO. 2005-04, AMENDING CHAPTER 27: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATION, ARTICLE II. ADMINISTRATIVE AND ENFORCEMENT BODIES, DIVISION 2. PLANNING AND DEVELOPMENT REVIEW BOARD, SECTION 27-38(A) APPOINTMENTS AND 27-38(L) ALTERNATE MEMBERS, ADDING SECTION 27-38(N) TRAINING; AMENDING DIVISION 3. BOARD OF APPEALS, SECTION 27-47(A) APPOINTMENTS, SECTION 27-47(I) ALTERNATE MEMBERS, ADDING SECTION 27-47(J) TRAINING, AMENDING SECTION 27-50(A) VOTING AND QUORUM, AMENDING CHAPTER 2, ADMINISTRATION, ARTICLE VII. BOARDS AND COMMISSIONS, DIVISION 2. CODE ENFORCEMENT BOARD AMENDING SECTION 2-439(E) ADDING SECTION 2-439 (F) TRAINING AND PROVIDING AN EFFECTIVE DATE.

City Attorney White advised Florida Statutes required the Code Enforcement Board to consist of 7 regular members and 2 alternate members.

Councilor Pardee suggested revising the Ordinance for the Board of Appeals and the Planning & Development Review Board to remain consisting of 7 regular members and 3 alternate members. He would like to forward the remaining revisions in the Ordinance to second read.

Discussion ensued regarding the recruitment of board members and the process of approval of applications for placement on a board. City Clerk Volpe suggested holding all completed applications until there was a vacancy on a board. Once there was a vacancy she would distribute the completed applications along with a memo listing the vacancies.

Councilor Shealy questioned if there was enough information about a persons interest and qualifications on the completed applications. He suggested adding some questions to the application.

Consensus: **AMEND THE ORDINANCE AS RECOMMENDED AND MOVE TO THE MARCH REGULAR MEETING FOR SECOND READ. PLACE BOARD APPLICATION ON THE MARCH WORKSHOP.**

Ord. No. 2005-05

ORDINANCE NO. 2005-05, AMENDING CHAPTER 4, ALCOHOLIC BEVERAGES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 4 ALCOHOLIC BEVERAGES SECTION 4-4(B) LOCATION OF ESTABLISHMENTS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon suggested amending Ordinance No. 2005-05, Section 1(b) to read as follows:

ALCOHOLIC BEVERAGES: Section 1(b) The provisions of subsection (a) above shall not apply to any restaurant licensed by the State of Florida Department of Business and Professional Regulation Division of Hotel and Restaurants having or applying for a 2-COP license.

Consensus: **FORWARD TO THE MARCH REGULAR MEETING FOR SECOND READ WITH THE REQUESTED CHANGES.**

Street Ends

STREET ENDS: Councilor Weldon suggested adopting a policy that would specify how and under what circumstances to allow access to privacy property on a public access.

Councilor Weldon proposed the following language for an Ordinance:

STREET END PRESERVATION: The City of Neptune Beach street ends terminating at the Atlantic Ocean and at the Intracoastal Waterway are special public rights-of-way which shall be carefully preserved for present and future public use. No construction is permitted in these rights-of-way except as necessary to access adjacent properties when no other means of access to said properties is possible. In the event that access through a street end right-of-way is deemed necessary, the design and construction of such access shall be approved or disapproved by the City Council after appropriate development review. Criteria for approval shall include maximum preservation of greenspace within the street ends and the use of pervious paving materials. In no case may access ways to adjacent properties be designed or landscaped in order to create the image of private property.

STREET END LANDSCAPING: Landscaping of the City of Neptune Beach street ends terminating at the Atlantic Ocean and at the Intracoastal Waterway that, by its location or characteristics of growth, creates the image of private property or has the effect of appropriating public property for private use shall be prohibited. Voluntary care of the street end rights-of-way to include a minimum level of landscaping and beautification for the public benefit may be approved by the City Manager upon submission of a Right-of-Way Permit application.

City Attorney White stated he would meet with the staff regarding the language and bring a proposed Ordinance back to the Council for approval.

Consensus: **FOR THE CITY ATTORNEY AND THE CITY MANAGER TO PROPOSE AN ORDINANCE.**

Council Protocol **COUNCIL PROTOCOL:** City Manager Jarboe suggested amending Chapter 2 Administrative Rules to clarify that agenda items must be placed on a workshop agenda for discussion before being placed on a regular agenda for action unless it is an emergency.

City Wide Landscaping **CITY WIDE LANDSCAPING PLAN:** City Manager Jarboe asked Council to give him direction on creating a city wide landscaping plan. He stated he would add this to the Goal Setting Session.

Public Info. Prog. **PUBLIC INFORMATION PROGRAM ESTABLISHMENT:** City Manager Jarboe stated the new computer system would provide better ways to communicate with the public.

City Manager Jarboe reminded the Council the Goal Setting Session would be held on Monday, March 14, 2005, at 5:30 p.m.

Councilor Pardee asked if there was a way the City Clerks Office could forward his e-mail to him. City Attorney White recommended forwarding mail via fax or placing the e-mail on the website and issuing access codes.

Adjournment There being no further business, the meeting adjourned at 9:04 p.m.

MINUTES
SPECIAL WORKSHOP CITY COUNCIL MEETING
FEBRUARY 7, 2005 AT 6:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held February 7, 2005 at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Pruette
Councilor Eric Pardee
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Director of Community Development Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:30 p.m. and announced the purpose of the meeting was to discuss the First Street right of way.

First St. Right-of-Way

FIRST STREET RIGHT OF WAY: City Manager Jarboe explained that a number of years ago the city gave away forty feet (40') of right of way on First Street to the adjoining property owners including the sidewalk and part of the street. City Attorney White stated the city should have retained an easement for a sidewalk and utilities but they did not.

Councilor Weldon questioned if there was any history on why the property was given away.

Mr. Steve Robertson, 1211 First Street, stated the city deeded over the property because at the time his lot was only 50 ft x 50 ft. His front yard was all city property, he had to park his car on city property and the property was not on the tax rolls. He wanted to execute a quit claim deed back to the city the part of his property from the sidewalk to the road.

City Manager Jarboe stated he was working with the other properties that were effected but those owners wanted to be compensated for the property.

City Attorney White stated a survey would need to be done showing exactly what portion of the property was being returned to the city.

Consensus: **FORWARD TO THE FOLLOWING REGULAR COUNCIL MEETING
FOR APPROVAL OF THE QUIT CLAIM DEED TO TAKE BACK THAT
PART OF THE PROPERTY FROM THE SIDEWALK TO THE ROAD.**

Adjournment

There being no further business, the meeting adjourned at 6:43 p.m.

REGULAR CITY COUNCIL MEETING
FEBRUARY 7, 2005 6:43 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held February 7, 2005 at 6:43 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Harriet Pruette
Councilor Eric Pardee
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 6:43 p.m. and led the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS / NONE

APPROVAL OF MINUTES

Moved by Pruette, seconded by Pardee.

Councilor Weldon asked to amend page 5 of the January 10, 2005, Workshop Council Meeting minutes to reflect that he stated "he would like to ~~replace all~~ consider replacing the disputed fixtures as soon as possible and replace the remaining streetlights as needed."

Motion: **TO APPROVE THE FOLLOWING MINUTES AS AMENDED:**

JANUARY 3, 2005, REGULAR CITY COUNCIL MEETING
JANUARY 10, 2005, WORKSHOP CITY COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown recognized Finance Director Steve Ramsey for receiving an award from the Government Finance Officers Association of the United States and Canada for the Comprehensive Annual Financial Report.

Mayor Brown reminded the Council that the City Manager's annual salary adjustment was approaching.

Mayor Brown asked Council on behalf of City Manager Jarboe to authorize the city manager to reside outside the city limits.

Moved by Weldon, seconded by Shealy.

Motion: **TO AUTHORIZE THE CITY MANAGER IN THIS ONE CASE TO RESIDE OUTSIDE THE NEPTUNE BEACH CITY LIMITS BUT WITHIN THE COUNTY LIMITS.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Vice Mayor Pruette requested all agenda items be discussed at a workshop prior to the regular meeting.

Councilor Pardee informed everyone that former Tax Collector Lynwood Roberts had passed away on Sunday, February 6, 2005. The funeral would be held Thursday, February 10, 2005.

Councilor Shealy reported he had received positive feedback from residents regarding the repaving of the streets.

City Clerk Volpe asked the Council to reschedule the February 21, 2005, workshop meeting because it would fall on Presidents Day and City Hall would be closed.

Consensus: **TO RESCEDULE THE FEBRUARY WORKSHOP MEETING FOR MONDAY, FEBRUARY 28, 2005.**

Councilor Pruette asked when the new Land Development Regulations would be distributed to board members. City Clerk Volpe advised the new Code was just received and would be distributed as soon as possible.

CITY MANAGER REPORT / NONE

PUBLIC COMMENTS

Christine Chin, 227A Margaret Street, opposed reducing the number of board members from seven (7) to five (5). She was concerned that a five (5) member board would only require a three (3) member quorum allowing only two (2) members to determine the outcome of issues.

Kerry Chin, 227A Margaret Street, also opposed reducing the number board members from seven (7) to five (5).

Hank Wilkinson, 203 North Street, voiced concern regarding traffic safety issues and lack of police patrol.

CONSENT AGENDA / NONE

VARIANCES

V05-06 TM Neptune Realty VARIANCE REQUEST V05-06, TM NEPTUNE REALTY, 580 ATLANTIC BOULEVARD:
A variance request to erect a 196 square foot sign in lieu of the minimum 41 square foot sign as governed by Section 27-585A(2)(a) of the ULDC.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE VARIANCE V05-06, 580 ATLANTIC BOULEVARD, TM NEPTUNE REALTY.**

ORDINANCES

Ord. No. 2005-02 ORDINANCE NO. 2005-02, AMENDING THE 2010 FUTURE LAND USE MAP, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE 2010 FUTURE LAND USE MAP, AS ADOPTED BY ORDINANCE 90-6-9, AS AMENDED, SAID ORDINANCE NUMBER 2005-02, WHICH SHALL CHANGE THE LAND USE DESIGNATION AS ESTABLISHED ON THE 2010 FUTURE LAND USE MAP (FLUM) FOR LANDS AS DESCRIBED HEREIN FROM CHURCH TO RESIDENTIAL, LOW DENSITY, PROVIDING FOR INTENT; AUTHORITY; FINDINGS OF CONSISTENCY; FINDINGS OF FACT; SEVERABILITY; RECORDATION AND AN EFFECTIVE DATE.

Moved by Weldon, seconded by Pruette.

Motion **TO ADOPT ORDINANCE NO. 2005-02 ON SECOND READ AND PUBLIC HEARING.**

Mayor Brown read Ordinance No. 2005-02 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

For the Record Councilor Pruette stated she would not support the property being subdivided into more than seven (7) lots.

For the Record Councilor Weldon stated six (6) lots would be the maximum amount he would consider.

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon.

Noes: 0

MOTION CARRIED

Ord. No. 2005-03

ORDINANCE NO. 2005-03, AMENDING CHAPTER 27-15 DEFINITIONS, AND ADDING SECTION 27-31, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27-15 DEFINITIONS AND ADDING CHAPTER 27-31 TEMPORARY STRUCTURES AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette agreed to sponsor Ordinance No. 2005-03.

Councilor Pruette suggested changing the time period for temporary storage structures to remain on a property from four (4) days to five (5) days.

Moved by Shealy, seconded by Pardee.

Motion **TO PASS ORDINANCE NO. 2005-03 ON FIRST READ WITH AN AMENDMENT TO CHANGE THE TIME PERIOD FOR TEMPORARY STRUCTURES FROM FOUR (4) DAYS TO FIVE (5) DAYS.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2005-04

ORDINANCE NO. 2005-04, AMENDING CHAPTER 27, UNIFIED LAND DEVELOPMENT REGULATIONS, ARTICLE II AND ARTICLE VII, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATION, ARTICLE II. ADMINISTRATIVE AND ENFORCEMENT BODIES, DIVISION 2. PLANNING AND DEVELOPMENT REVIEW BOARD, SECTION 27-38(A) APPOINTMENTS AND 27-38(L) ALTERNATE MEMBERS, ADDING SECTION 27-38(N) TRAINING; AMENDING SECTION 27-41 VOTING AND QUORUM, AMENDING DIVISION 3. BOARD OF APPEALS, SECTION 27-47(A) APPOINTMENTS, SECTION 27-47(I) [ALTERNATE MEMBERS], ADDING SECTION 27-47(J) TRAINING, AMENDING SECTION 27-50(A) VOTING AND QUORUM, AMENDING CHAPTER 2 ADMINISTRATION, ARTICLE VII. BOARDS AND COMMISSIONS, DIVISION 2. CODE ENFORCEMENT BOARD AMENDING SECTION 20439(E) ADDING SECTION 2-439 (F) TRAINING AND PROVIDING AN EFFECTIVE DATE.

Councilor Pardee agreed to sponsor Ordinance No. 2005-04.

Vice Mayor Pruette stated she was not comfortable reducing the number of board members from seven (7) to five (5).

Councilor Shealy stated five (5) members was sufficient for the Council requiring a quorum of three (3). He questioned how the number of board members making decisions differed from the number of council members.

Councilor Weldon stated if the board members were reduced to five (5) with two (2) alternates the city could stipulate a requirement that it would take four (4) members to be considered a quorum. He felt five (5) people were more than adequate to conduct the meeting. It would also be easier for the Clerk's office to manage the boards and would alleviate pressure on staff.

Moved by Weldon, seconded by Pruette.

Motion **TO PASS ORDINANCE NO. 2005-04 ON FIRST READ AND PLACE ON THE FEBRUARY WORKSHOP MEETING FOR FUTHER DISCUSSION.**

MOTION CARRIED

Beaches Resource
Center

BEACHES RESOURCE CENTER: Mr. John Moreland, Beaches Resource Center Foundation requested a monetary contribution of \$4,000 from the city.

City Manager Jarboe stated last year Neptune Beach contributed \$4,000. Atlantic Beach and Jacksonville Beach contributed \$2,000. He felt the contribution should be consistent with the sister cities.

Councilor Weldon stated the Resource Center provided excellent service for at risk children and felt the \$4,000 contribution should be continued.

Discussion ensued regarding the services provided by the Resource Center.

Mayor Brown agreed to the \$2,000 contribution and felt it should be an annual contribution. He requested the \$2,000 contribution to be included in future budgets.

Moved by Pruette, seconded by Pardee.

Motion: **TO CONTRIBUTE \$2,000 TO THE BEACHES RESOURCE CENTER FOUNDATION AND TO USE THE FUNDS FROM THE CONTINGENCY FUND.**

MOTION CARRIED

Ocean Acces
Moratorium

MORATORIUM - BUILDING ON STREET ENDS: Review of Ordinance 2003-11, placing a moratorium on development of ocean accesses which expired November 20, 2004. City Manager Jarboe stated he was beginning to receive requests for permits and needed a clear direction from the Council.

Councilor Weldon asked staff to prepare a set of rules regarding property access,

impervious surface, and landscaping encroachments for discussion at the February workshop meeting.

Mayor Brown stated he had recently walked all the beach accesses and found many were landscaped by the adjacent property owners and looked as though the property was private.

Councilor Weldon stated he was in favor of the landscaping if it was a benefit to the entire community not only for the benefit of the adjacent property owner.

Consensus: **TO FORWARD TO THE FEBRUARY WORKSHOP MEETING FOR FURTHER DISCUSSION.**

General Employee
Retirement

VESTMENT CHANGE AND PENSION PLAN FOR GENERAL EMPLOYEES: To approve changes to the general employees retirement account including, reducing the vestment period from seven years to five years, allowing employee contribution to go into a 457 account in lieu of the 401(a) to avoid a 10% penalty upon withdrawal, and reducing the mandatory employee contribution from 6% to 3%. He also asked Council to consider increasing the matching contribution to 8% or 9% for employees with over ten years service at the beginning of the budget process..

Moved by Weldon, seconded by Pardee.

Motion: **AUTHORIZE THE CITY MANAGER TO TAKE THE NECESSARY ACTIONS TO MAKE ALL OF THE CHANGES IN THE CURRENT PENSION PLAN FOR GENERAL EMPLOYEES AS SOON AS POSSIBLE.**

Roll Call Vote:

Ayes: 5 – Pardee, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Pruette questioned when the repaving would be complete. City Manager Jarboe responded the paving may have to wait until after the Super Bowl as the City of Jacksonville was working on preparations. Director of Public Services Leon Smith stated he would be meeting with the contractor tomorrow at 8:30 a.m.

Councilor Shealy stated he had received several telephone calls from area realtors and the Northeast Florida Association of Realtors concerning Ordinance No. 2005-01.

City Clerk Volpe informed that the proofs for the new code books should arrive this week. Once approved they would be printed and distributed within a couple of weeks.

City Clerk Volpe announced the date for the January workshop meeting fell on Martin Luther King Jr. Day and City Hall would be closed. She asked Council to choose either January 10th or January 24th to hold the workshop meeting.

Consensus: **TO HOLD THE JANUARY WORKSHOP MEETING ON JANUARY 10, 2005.**

CITY MANAGER REPORT

City Manager Jarboe advised that a part of Penman Road would be closed for 2 hours tomorrow to allow Duval County to install a pedestrian walkway. Traffic would be rerouted.

City Manager Jarboe explained the notices sent out by Waste Services of Florida changing the dates of yard waste and recycling pick up were rescinded. Waste Services of Florida was under contract with the city and could not change the dates without Council approval.

City Manager Jarboe stated the Building Department was catching up after back log due to the holidays and illnesses.

City Manager Jarboe informed the Council three noise control signs were installed on Margaret Street. One of the signs had already been stolen, so the signs would be reinstalled with concrete.

Councilor Weldon asked the City Manager to encourage FDOT to clean up the easterly two thirds of the ditch behind Fletcher High School while the equipment was still in place for the repairs.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, voiced safety concerns relating to two pit bull dogs running loose in her neighborhood.

Reverend Richard Wood, 424 Davis Street, explained the Beaches Church of the Nazarene was growing and the property on Davis Street was too small to expand. He asked the Council to consider rezoning the property from Church to Residential so it could be saleable to a developer.

Jerry Jackson, 4560 Glen Kernan Parkway East, attorney for Jonathon Lyon, 427 Bowles Street, was concerned the Church property would be rezoned into substandard lot sizes.

Jonathon Lyon, 427 Bowles Street, voiced concern about the Church property being rezoned into substandard lot sizes. He added he would be in favor of the property being rezoned for no more than 7 lots.

Mary Patton, 405 Davis Street, was also concerned about substandard lot sizes.

OLD BUSINESS

Kings Rd. Bridge

KINGS ROAD BRIDGE – REJECTION OF BIDS RECEIVED NOVEMBER 16, 2004:
City Manager Jarboe stated he was disappointed in the bids received for the construction of the new Kings Road Bridge. The design firm estimated a cost of \$350,000. The low bid was \$799,289.50; the only other bid was for \$1,105,500.00. He recommended Council reject the bids. He added that he would be looking at other options to provide to the Council.

Vice Mayor Pruette questioned the timing of the construction. City Manager Jarboe replied it could be mid-summer before the bridge would be completed.

Moved by Pruette, seconded by Shealy.

Motion **TO REJECT THE BIDS FOR THE KINGS ROAD BRIDGE RECEIVED NOVEMBER 16, 2004.**

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the paving contractor was back on the job and would continue the paving until the job was completed.

City Manager Jarboe explained plans for the creation of the Atlantic Boulevard Revitalization Committee were on hold due to recent activity.

City Manager Jarboe stated the annual audit was currently underway in the commercial area.

PUBLIC COMMENTS

Del Balter, 106 Pine Street, felt streetlights should be as bright as possible for the safety of the community.

Johns Roberts, 109 Pine Street, felt streetlights should be as bright as possible and felt the Council should focus on more important issues.

PROPOSED ORDINANCES

Animal Control

City Manager Jarboe stated although it was not an agenda item, staff was in the process of updating the animal control ordinance.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

First Street

FIRST STREET PROPERTY & SIDEWALK: City Manager Jarboe requested deferring this issue until City Attorney White could be present to answer legal questions.

Consensus: **TO DEFER THE FIRST STREET PROPERTY UNTIL FEBRUARY 7, AT 6:30 P.M . WHEN THE CITY ATTORNEY COULD BE PRESENT TO ANSWER LEGAL QUESTIONS.**

Board Appt's.

CITIZEN ADVISORY BOARD REVIEW AND BOARD APPOINTMENT POLICY: Currently there were seven regular members and three alternate members serving on the Code Enforcement Board, the Planning & Development Review Board and the Board of Appeals. Florida State Statutes require seven regular members and two alternate members to serve on the Code Enforcement Board.

City Manager Jarboe made the following suggestions:

1. Keep seven regular members on the PDRB and the BOA but change the number of alternates from three to two.
2. Play a proactive role in recruiting new board members.
3. Each board have an educational session with the City Attorney once a year to review the rules and the role of the Board.

City Clerk Volpe explained it was difficult to get board members because it was not a paid position. She suggested changing the amount of regular members on the PDRB and the BOA from seven to five.

City Clerk Volpe pointed out currently regular members could serve two consecutive 3 year term limits. However alternates were appointed to 1 year terms and could be reappointed with no consecutive term limit.

Councilor Weldon was in favor of reducing the number of board members from seven to five with two alternates.

Vice Mayor Pruette felt the board members should receive a copy of Chapter 27 so they would be knowledgeable of the Code and thereby make better decisions. She suggested moving alternates up to regular members instead of automatically reappointing regular members.

Councilor Pardee suggested placing an advertisement in the local newspaper in an effort to recruit members. He felt some residents may not be aware of the need for board members or perhaps they felt they were not qualified. He favored setting term limits for

alternate members.

City Clerk Volpe advised if the City wanted to train board members it would be costly to send each board member to an annual conference and the expense would need to be budgeted.

City Clerk Volpe stated there was a Civil Service Board, but it has been inactive.

Consensus: **DRAFT AN ORDINANCE TO REDUCE THE NUMBER OF MEMBERS ON THE PLANNING & DEVELOPMENT REVIEW BOARD AND THE BOARD OF APPEALS FROM SEVEN TO FIVE AND ALTERNATES FROM THREE TO TWO, PROVIDE ONCE A YEAR TRAINING SESSION FOR EACH BOARD WITH THE CITY ATTORNEY, AND PROVIDE TERM LIMITS FOR ALTERNATE MEMBERS.**

Goal Setting

GOAL SETTING SESSION: Councilor Weldon stated he was in favor of holding a goal setting session but did not want to hire an instructor for \$1,500.00 He felt the City Manager could moderate the session.

City Manager Jarboe stated the Goal Setting Session was important because it gave the Council the opportunity to provide input for future budget needs. He suggested holding the session on a Monday night that was not a regular meeting night. He added he would provide some dates for Council consideration.

Consensus: **CITY MANAGER JARBOE TO PROVIDE DATES FOR GOAL SETTING SESSION FOR COUNCIL CONSIDERATION.**

Lift Station Fence

LIFT STATION FENCING / THIRD STREET & FLORIDA BOULEVARD: City Manager Jarboe stated it would cost three times more to construct a concrete fence instead of wooden fence around the lift station. He suggested erecting a wooden fence surrounded by landscaping for beautification. He added Director of Public Services Leon Smith could move the fence back 3 to 4 feet from the sidewalk to allow for a larger area of landscape.

Councilor Weldon stated Third Street and Florida Boulevard was a key intersection in the city and Jarboe Park was a key feature of Neptune Beach. He suggested because the park was a key feature, instead of going for the least expensive option for fencing that the city develop a theme for the park and stay consistent. He favored a concrete fence because it would provide more longevity than a wooden fence.

Vice Mayor Pruette was concerned a concrete fence would not leave enough area for landscaping. She was also concerned about graffiti being painted on a concrete fence.

Mayor Brown felt a wooden fence was reasonable and would look nice surrounded by landscaping.

Councilor Pardee voiced concern that the irrigation system may cause damage to a wooden fence over a period of time.

Consensus: **TO HAVE THE CITY MANAGER PROJECT COSTS OF BOTH A CONCRETE FENCE AND A WOODEN FENCE AND REPORT TO COUNCIL AT THE NEXT MEETING.**

Retirement Fund

VESTMENT CHANGE FROM SEVEN TO FIVE YEARS AND CONTRIBUTION LEVEL FOR ICMA RETIREMENT FUND: City Manager Jarboe explained the city currently had two separate pension plans, one for the Police Officers and one for general employees.

The Police Officers Retirement Fund was a defined benefit plan which they controlled. He was not suggesting any changes to that plan.

The General Employee Plan required all employees, after a six month probation period, to contribute 6% of their salary into a 401A retirement plan in which the city contributed 7% of that employee's salary.

Mr. Jarboe suggested Council consider enhancing the general employee benefit plan by eliminating the 6% required employee contribution, reducing the vestment period from seven years to five years, matching employee contributions up to 9%, and allow employees contribution to be put into a 457 Plan in order to eliminate the 10% IRS penalty upon withdrawal. He would also like Council to consider a defined benefit plan for general employees at the Goal Setting Session.

Councilor Weldon stated he would be in favor of reducing the vestment period from seven years to five years. He would consider increasing the city contribution depending on the employee's years of service. He felt changing to a defined benefit plan should be approached carefully because of the unfunded liability to the city.

Director of Finance Steve Ramsey stated the required 6% employee contribution could be harsh on new employees. He favored reducing that required amount and allow the employee the option of increasing the amount once they were established.

Councilor Pardee favored reducing the amount of employee contributions and reducing the vestment period from seven to five years. He also favored a defined benefit plan for the general employees.

City Manager Jarboe stated he would review the cost of a defined benefit plan for general employees for discussion at the Goal Setting Session.

Consensus: **TO REDUCE THE VESTMENT PERIOD FROM SEVEN YEARS TO FIVE YEARS.**

Consensus: **TO REDUCE THE AMOUNT OF EMPLOYEE CONTRIBUTION AND ALLOW EMPLOYEES TO CONTRIBUTE 3% TO A 457 PLAN AND THE CITY CONTRIBUTE 7% TO A 401A.**

Consensus: **TO INCREASE THE AMOUNT OF MATCHING CONTRIBUTIONS TO 8% OR 9% FOR EMPLOYEES WITH 10 YEARS OF SERVICE.**

Recess/Reconvene Mayor Brown called a recess at 7:45 p.m. and reconvened the meeting at 7:54 p.m.

Streetlights **STREETLIGHTS:** Councilor Weldon stated streetlights were intended to provide safe lighting for vehicular and pedestrian traffic, not to provide home security. He explained the streetlight fixtures installed throughout city were the least expensive type and the cost to operate them was greater. He suggested changing to a cobra lamp fixture with a 70 watt bulb without a globe.

The meeting relocated at 8:00 p.m. to the 100 block of Oak Street for a demonstration of streetlight fixtures.

Consensus: **PLACE ON THE REGULAR AGENDA FOR DISCUSSION**

Councilor Weldon demonstrated the two streetlights.

John Roberts, 109 Pine Street, favored leaving the streetlights as they were.

William & Sarah Gibbs, 1501 First Street, favored changing over to the newer streetlights.

Jarboe commented that Beaches Energy Services, formerly Jacksonville Beach Electric would replace the old fixtures with new fixtures as needed. Councilor Weldon stated he would like to consider replacing the disputed fixtures as soon as possible and replace the remaining streetlights as needed."

Adjournment

There being no further business, the meeting adjourned at 8:30 p.m.

Richard A. Brown, Mayor

MINUTES
REGULAR CITY COUNCIL MEETING
DECEMBER 6, 2004, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held December 6, 2004, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Director of Public Safety William Brandt
Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Vice Mayor Gilbert to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Bill Watson, Comcast Vice President of Operations for Southeast Georgia and Northeast Florida, presented a check to the city in the amount of \$5,000 to be used for the purpose of city special events.

APPROVAL OF MINUTES

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE FOLLOWING MINUTES:**
NOVEMBER 1, 2004, REGULAR COUNCIL MEETING
NOVEMBER 4, 2004, SPECIAL COUNCIL MEETING
NOVEMBER 15, 2004, SPECIAL COUNCIL MEETING
NOVEMBER 15, 2004, WORKSHOP COUNCIL MEETING
NOVEMBER 23, 2004, SPECIAL COUNCIL MEETING

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Vice Mayor Gilbert stated the landscape design plan for Florida Boulevard had been submitted to City of Jacksonville Councilman Art Graham. Action on the plan should begin in January.

Councilor Pruette thanked the Public Safety Department for their efforts and hard work setting up the holiday events.

City Clerk Lisa Volpe reminded everyone the special meeting to swear in the new Council on December 7, 2004, would begin at 8:00 p.m.

Mayor Brown introduced and recognized Councilor Elect Eric Pardee who was seated in the audience.

CITY MANAGER REPORTS

City Manager Jarboe stated the repaving is continuing and he hoped to have it completed before Christmas.

City Manager Jarboe stated the estimated cost for fencing around the lift station at Third Street and Florida Boulevard would be between \$18,000 for concrete and \$5,000 for board on board. He would place the estimates on the next workshop agenda.

PUBLIC COMMENTS

Diana Anderson, 207 Walnut Street, questioned the intent of Ordinance No. 2004-19, amending the tree ordinance. She had several trees on her property she felt needed to be removed.

James Ryals, 628 Camellia Terrace Drive, was concerned a large oak tree located on city property between his house and his neighbors was a danger to his home. He felt because the tree was on city property the city was responsible for its removal.

Chris Oakey, 620 Camellia Terrace Drive, was also concerned with the large oak tree between his and his neighbors house and felt the city needed to remove it.

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated she was glad to see that the beach access right-of-ways were being surveyed and marked.

City Clerk Lisa Volpe reminded Council of the special meeting to be held, Wednesday, November 3, 2004 at 6:00 p.m. to certify the election results and declare the winners of the election. She added if a runoff election were necessary for Seat 2 it would be held on November 23, 2004, and the results would be certified that evening.

City Clerk Lisa Volpe introduced Richard Arthur to the Council as the newly appointed alternate member of the Planning & Development Review Board.

CITY MANAGER REPORTS

City Manager Jarboe reported the Menzi Muck, all terrain vehicle, had been delivered to the Public Services Facility. A demonstration would be held November 2, 2004, at 11:30 a.m. on the corner of Florida Boulevard and Fifth Street for all interested parties.

City Manager Jarboe reported the repaving of the streets had been recently held up due to the need to obtain proper equipment for the narrower streets and lack of materials.

City Manager Jarboe reported the beach access public rights-of-way were in the process of being surveyed and marked but the surveyors.

PUBLIC COMMENTS

Tim Slater, 573 Magnolia Street, was concerned that the redevelopment of the Beaches Chapel would create additional stormwater runoff in his neighborhood.

NEW BUSINESS

Beaches Chapel

SPECIAL EXCEPTION & DEVELOPMENT ORDER FOR BEACHES CHAPEL, 610 FLORIDA BOULEVARD, PUBLIC HEARING: City Manager Jarboe addressed the stormwater runoff concern explaining that the development first had to be approved by the city and then permitted by the St. Johns River Water Management District. The development required a special exception because it was defined as a commercial use in a residential district. Mr. Jarboe added the Planning & Development Review Board recommended approval of the special exception.

Councilor Weldon stated because there were no plans included with the request Council did not have enough information to approve the final development order. He added he was in favor of approving the concept but not the development order until plans and drawings were submitted.

City Attorney White advised Council could go ahead and approve the concept only and defer action on the development order. He added the Planning & Development Review Board should review the preliminary package with the additional information and make a recommendation to the Council.

Consensus: **COUNCIL FAVORED THE CONCEPT ONLY AND TO DEFER ACTION ON THE DEVELOPMENT ORDER UNTIL FURTHER INFORMATION IS RECEIVED FROM THE APPLICANT.**

Moved by Weldon, seconded by Shealy.

Neptune Realty

DEVELOPMENT ORDER, NEPTUNE REALTY, 580 ATLANTIC BOULEVARD: City Manager Jarboe explained Neptune Realty, owner of the property located at 580 Atlantic Boulevard, known as the old A&P grocery store, had submitted preliminary plans to develop the property in order to bring the building up to code and attract a new business.

Moved by Gilbert, seconded by Weldon.

Motion: **TO APPROVE THE RECOMMENDATION OF THE PLANNING &
DEVELOPMENT REVIEW BOARD FOR NEPTUNE REALTY, 580
ATLANTIC BOULEVARD.**

Robert Wilburn, architect for Neptune Realty, explained the plan was to convert the old A&P grocery store to attract new business. They would be removing the old refrigeration and cash registers and bringing the building into compliance with the Code.

Councilor Weldon questioned if they planned to increase the size, re-roof or update the air conditioning equipment. Mr. Wilburn replied they did not plan to increase the size, the roof was in good shape and they would not know about the air conditioning until the electricity was turned on. Councilor Weldon was concerned about the noise from the exterior equipment interfering with the residential quality of life behind the store.

Councilor Pruette stated she had spoken with City Manager Jarboe regarding the blue signs currently used to notify residents of a change in Planning & Development. She was concerned that the signs, being a light blue color, would not be noticed. City Manager Jarboe informed her he would change all the signs to a bright orange color.

Councilor Pruette asked City Manager Jarboe to investigate the pine trees behind the school that were trimmed all the way up.

Councilor Weldon asked to place "Actions for Dealing with Beach Access Encroachments" and "Street Lighting Intensity" on the November workshop agenda.

Councilor Pruette asked to place "Rocks and Impervious Surface" on the November workshop agenda.

City Manager Jarboe stated Christmas Day fell on Saturday and he would prefer the city to observe the Christmas Eve holiday on Friday and the Christmas Day holiday on Monday.

Consensus: **TO OBSERVE THE CHRISTMAS HOLIDAY'S ON THE FRIDAY BEFORE CHRISTMAS AND THE MONDAY FOLLOWING.**

Vice Mayor Gilbert inquired about the landscape design report from Brett Goddard. City Manager Jarboe stated Mr. Goddard would present the design at the November workshop meeting.

City Manager Jarboe stated the city received \$250,000 for the beautification of A1A and plans were underway.

City Clerk Lisa Volpe informed an extra meeting would be held the Tuesday after the first regular meeting in December to swear in the newly elected officials.

SPECIAL CITY COUNCIL MEETING
NOVEMBER 4, 2004 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held November 4, 2004, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

City Attorney Christopher White

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of certifying the election results.

City Clerk Lisa Volpe read the results of the elections:

MAYOR SEAT 1

Mayor Brown ran unopposed for Seat 1.

COUNCILOR SEAT 2

Connie Austin	received	556	votes
Eric Pardee	received	1819	votes
Bob Shimp	received	1496	votes

Total Votes 3871

There will be a run off between Eric Pardee and Bob Shimp on November 23, 2004.

COUNCILOR SEAT 3

Harriet Pruette ran unopposed.

REFERENDUM 35 FEET HEIGHT LIMIT:

Yes	received	3459	votes
No	received	785	votes

The referendum passed.

Moved by Pruette, seconded by Gilbert.

Motion: **TO APPROVE THE ELECTION RESULTS OF NOVEMBER 2, 2004.**

Councilor Pruette asked why the referendum received 4244 votes and the council seat only received 3871. City Clerk Volpe stated some people choose to leave some choices blank on their ballot.

Vice Mayor Gilbert stated the absentee ballots would be available next week at the City Clerk's office. City Clerk Volpe confirmed the ballots should arrive by Wednesday and city hall is closed on Thursday for Veterans Day. Voters can pick them up and drop them off at city hall.

Councilor Shealy stated turn out was about 60 or 70% for the election which was a good turn out.

Councilor Pruette asked the city clerk to ask the Supervisor of elections to get the ballots out as soon as possible.

Roll Call Vote:

Ayes: 5 - Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Pruette stated that before the 2006 election she would like the council to think about having open seat elections where the people with the top amount of votes would be elected to the seats. She also would like to discuss the 50%+1 rule. There was some discussion. Mayor Brown asked that the city clerk do research with the Florida League of Cities when this topic comes before the council.

Christine Chin, 227A Margaret Street, pointed out citizens will only have seven business days to obtain absentee ballots.

City Clerk Volpe stated the earliest they could have them is Wednesday. Councilor Pruette question the runoff only being in 2 weeks. City Clerk Volpe suggested looking at this in the charter since the 4th Tuesday is always going to be right before Thanksgiving.

Council discussed the absentee ballot process. City Manager Jarboe questioned early voting at the beach. City Clerk Volpe stated the elections office would have to have one of their people at the library and Neptune Beach would have to absorb this cost. She stated with absentee ballots available at city hall early voting was not necessary.

Adjournment

There being no further business, the meeting adjourned at 6:15 p.m.

Richard Brown, Mayor

City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

Councilor Larry Shealy

STAFF:

Director of Public Safety William Brandt
Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:08 p.m.

PRESENTATIONS

Mayor Brown presented a plaque to Director of Finance Steve Ramsey for his efforts preparing the documents required for Federal Emergency Management Assistance (FEMA) due to Hurricane Bonnie, Hurricane Charley, and Tropical Storm Jeanne.

Mayor Brown presented a plaque to Councilor Harriet Pruette for being voted the Beaches Favorite Politician by the Beaches Leader.

FL. Blvd. Landscape

FLORIDA BOULEVARD LANDSCAPING DESIGN – BRETT GODDARD: Brett Goddard presented a design for the landscaping and beautification of Florida Boulevard. His plan was to pave the right-of-ways using pavers with a concrete sub-base. He explained the pavers were more durable than concrete or asphalt and would withstand the heavy truck traffic.

Vice Mayor Gilbert stated the goal was for Neptune Beach to provide the design work and have the City of Jacksonville fund the landscaping.

Election Info.

City Clerk Lisa Volpe announced a special meeting would be held November 23, 2004, at 8:00 p.m. to certify the results of the election and a special meeting would be held December 7, 2004 to swear in the new Council Members. She added that absentee ballots would be available at City Hall until election day.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe reported the major activity within the city was the repaving. There had been some difficulty with sub-contractors, but he hoped the project would be finished soon.

The Menzi Muck, all terrain vehicle, was delivered to the Public Services Department and the employees were in the process of training on how to operate it.

Staff was in the process of discussing long term stormwater solutions.

The bids for the construction of the new Kings Road Bridge would be received and opened tomorrow, November 16th at 2:00 p.m.

Mayor Brown commented the Hopkins Creek project was looking good. City Manager Jarboe replied the pedestrian bridge would be replaced with a steel bridge.

Councilor Pruette asked when the speed humps and street striping would begin. Mr. Jarboe replied the speed humps and striping would be installed once the paving was complete.

Councilor Weldon stated landscaping around the lift station on Third Street was on the City Manager's Action List. He questioned plans to replace the fence around it with a wall. City Manager Jarboe stated he would get a cost for walling the lift station for the December workshop meeting.

PUBLIC COMMENTS

Rodger Bennett, 1871 Nightfall Drive, asked the Council to reconsider the Ordinance that required driveways to be paved with concrete or asphalt in lieu of using rocks. City Manager Jarboe responded that the Ordinance had previously been changed. City Clerk Lisa Volpe stated she would place the Ordinance on the website.

Marsha Coker, 206 Margaret Street, was disappointed with Code Enforcement on the issue of the Three Strike Ordinance because the property owners had not been properly notified.

Geynell Mohr, 225 Margaret Street, was disappointed the Code Enforcement Board was not prepared to handle the cases relating to the noise ordinance.

Kerry Chin, 227A Margaret Street, member of the Planning & Development Review Board, was concerned because the Planning & Development Review Board meeting was tomorrow night and he had just received his packet in the mail today. He felt the Boards needed more time to review the material before the meeting.

Tim Ingram, 113 Pine Street, asked the Council to look into alternative streetlight fixtures

that would not illuminate inside of homes and patios.

Lynda Padrta, 1113 First Street, thanked the Public Safety Department for dealing with the noise issue. She also thanked the City Manager for dealing with the drainage problem on First Street. She also felt the streetlights illuminated too much on private property.

JoAnne Waddill, 115 Oleander Street, thanked the city for surveying and marking the street ends. She was concerned about the protection of the beach accesses.

Recess/Reconvene Mayor Brown called a recess at 8:20 p.m. and reconvened the meeting at 8:33 p.m.

PROPOSED ORDINANCES

Tree Protection TREE PROTECTION AND LANDSCAPING ORDINANCE: City Manager Jarboe stated he had concerns regarding the new tree ordinance. He asked the Council if they felt pine trees should be protected.

Consensus: **TO DELETE IN SECTION 27-445, (a) (1) "OR OF A", TO REPLACE IN SECTION (a)(4) "DANGER" WITH "HAZARD", TO ADD IN SECTION (a)(5) "THAT". TO FORWARD TO FIRST READ.**

Councilor Pruette agreed to sponsor the Ordinance and Mayor Brown agreed to Co-Sponsor the Ordinance.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Ord. No. 2004-18 ORDINANCE NO. 2004-18, LIGHT MANUFACTURING: Councilor Weldon was concerned that the definition of light manufacturing included too wide a range and may attract undesirable businesses. He also felt the performance standards should be more specific.

Discussion ensued regarding the definition of "light manufacturing" and the performance standards.

City Attorney White advised that any business meeting the performance standards could not be denied the special exception.

Consensus: **TO CHANGE THE DEFINITION OF LIGHT MANUFACTURING TO "LIGHT MANUFACTURING INCLUDES SHALL BE LIMITED TO THE FOLLOWING GOODS: HOME APPLIANCES, ELECTRICAL INSTRUMENTS, OFFICE MACHINES, PRECISION INSTRUMENTS, ELECTRONIC DEVICES, TIMEPIECES, JEWELRY, OPTICAL GOODS, MUSICAL INSTRUMENTS, NOVELTIES, WOOD PRODUCTS, CABINET MAKING, PRINTED MATERIALS, LITHOGRAPHIC PLATES, TYPE COMPOSITION, MACHINE TOOLS, DIES AND GAGES, CERAMICS, APPAREL, LIGHTWEIGHT NONFERROUS METAL CASTINGS, FILM PROCESSING, LIGHT SHEET METAL PRODUCTS, PLASTIC GOODS, GLASSWARE, PHARMACEUTICAL GOODS AND FOOD PRODUCTS, BUT NOT ANIMAL SLAUGHTERING OR CURING. TO CHANGE THE PERFORMANCE STANDARDS IN 1.a. REPLACE PARCEL WITH BUSINESS. 1.d. REPLACE SHOULD WITH SHALL AND REPLACE "OUT IN THE OPEN" WITH "OUTDOORS". INCLUDE THE SPECIAL EXCEPTION IN C-3 AS WELL AS C-2."**

Streetlights

STREET LIGHTS: Councilor Weldon stated Atlantic Beach used cobra light fixtures on their streetlights that reduced the glare and intensity and illuminated downward. He suggested the City Manager Jarboe ask the City of Jacksonville Beach to look at alternative streetlight fixtures.

Consensus: **TO HAVE CITY MANAGER JARBOE EXPLORE THE POSSIBILITY OF COBRA STREET LIGHT FIXTURES.**

Street Ends

STREET ENDS: Councilor Weldon stated the moratorium for development of the street ends expired on November 20th. He felt now that the beach accesses had been surveyed and marked the city needed to take action on protecting them and reversing any encroachments.

City Attorney White advised the longer the encroachments on the beach accesses were allowed the more they could be considered an implied abandonment.

Consensus: **FORWARD TO THE JANUARY WORKSHOP MEETING AGENDA.**

Impervious Surface

PERVIOUS / IMPERVIOUS SURFACE RELATING TO ROCKS / MULCH, ETC: Councilor Pruette stated there were several rock driveways already on the city easement. She questioned why rocks were not considered as impervious surface in consideration with the 50% impervious surface allowable per lot. City Manager Jarboe stated that was the way the Ordinance was written and if the Council wanted to consider rocks as a pervious surface the Ordinance would need to be changed. Vice Mayor Gilbert stated the current Ordinance implied that if a resident had an engineer's proof that the rocks were indeed impervious the city could then consider that as impervious surface.

City Attorney White advised it was not an issue of changing what was already in place. The new Ordinance implied now had to be enforced.

Density

DENSITY AS IT RELATES TO DUPLEX LOTS IN R-4: Vice Mayor Gilbert stated the Comprehensive Plan needed to be addressed in the future as to how it relates with duplex lots and density. He felt as long as other requirements were met the size requirement should not be necessary.

City Manager Jarboe reminded the Council the City would be observing the Christmas Eve holiday on Friday, December 24, and Christmas Day on Monday, December 27, 2004.

Adjournment

There being no further business, the meeting adjourned at 10:08 p.m.

Richard A. Brown, Mayor

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated she had a lot of compliments on the fence around the water plant.

City Clerk Volpe congratulated both Mayor Brown and Councilor Pruette for running unopposed in the city elections. She also reminded everyone the City Yard Grand Opening would be on Thursday October 7th at 6:00 pm.

City Manager Jarboe stated the fence was complete and the gates would be put up soon. FEMA would hopefully be paying for repairs to the ball field due to the hurricane cleanup being centralized there. The paving was under way. There will be a tour of the beach damage on Friday with Jacksonville and Rep. Don Davis.

CITY MANAGER REPORTS/NONE

CONSENT AGENDA / NONE

VARIANCES

V04-24 V04-24 VARIANCE APPEAL FOR CONSTANCE GREEN 1509 STRAND STREET:
Mayor Brown suggested doing this after the LDR. City Clerk Volpe stated Ms. Green was not present. Vice Mayor Gilbert stated the variance would not be necessary if the LDR's passed.

ORDINANCES

Ord. No. 2004-10 ORDINANCE NO. 2004-10, AMENDING AND REVISING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING AND REVISING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS; REVISING THE FOLLOWING ARTICLES: ARTICLE I IN GENERAL, ARTICLE II ADMINISTRATIVE AND ENFORCEMENT BODIES, ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES, ARTICLE IV LAND USE, ARTICLE V ACCESSORY STRUCTURES AND USES, ARTICLE IX TREE PROTECTION AND LANDSCAPING, ARTICLE X STREETS, SIDEWALKS, AND RIGHT OF WAY, ARTICLE XIII OFF STREET PARKING AND LOADING AND ARTICLE XVIII NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS, AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-10 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Vice Mayor Gilbert thanked everyone for their work on this bill and to remind everyone that light manufacturing would be on the next workshop.

Councilor Pruette was glad we are moving on and we could fix things later if we had to.

Mayor Brown stated it may not be perfect but it is a living document. He gave Councilor Weldon credit for moving it along.

City Clerk Volpe pointed out two typos. Brenna Durden, Lewis Longman & Walker, PA stated she had some types that could be corrected but she suggested crossing out planned unit development and light manufacturing from table 27-229.

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2004-10 ON SECOND READ AND PUBLIC HEARING TO ACCEPT SCRIVINER'S ERROR'S AS CORRECTED.**

Amendment: **TO DELETE PLANNED UNIT DEVELOPMENT AND LIGHT MANUFACTURING FROM TABLE 27-229 SO NOT TO CREATE CONFUSION IN THE CODE**

Mayor Brown read Ordinance No. 2004-14 by title only and opened the public hearing.

Larry Dean, Chairman of the Police Officers Pension Fund Board, stated this was to comply with state updates. No revisions would impact the city.

There being no comments from the public, the public hearing was closed.

City Manager Jarboe stated there was a letter in the agenda packet from the actuaries that this would cost nothing for the city.

Moved by Gilbert, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2004-14 ON FIRST READ.**

Ord. 2004-17

ORDINANCE NO. 2004-17, FIRST READ AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, TABLE 27-229-1, LOT AREAS, SETBACKS, AND BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown asked if there was a public hearing. City Manager Jarboe and Ms. Durden agreed it needed to be treated as a land use change with a public hearing. City Clerk Volpe stated it had not been advertised that way, therefore it needed to be delayed until a special meeting before the workshop.

Councilor Pruette asked for it to be added to the workshop agenda. Councilor Weldon asked the council to consider changing it so it only allowed 35 feet in R-1 and delete R-2. He felt it could be set up as an overlay district or just allow it in R-1.

OLD BUSINESS / NONE

NEW BUSINESS

Super Bowl

APPROVAL OF A SHORT TERM RENTALS DURING THE WEEK OF THE SUPER BOWL

Councilor Pruette stated this was a one time opportunity and felt she should not deny citizens this opportunity. She felt a one time permit fee for the city for any one renting their home would be appropriate so we could have some idea where people were staying. The fee could be about \$25.

Councilor Weldon agreed with the idea of a permit. Mayor Brown suggested the realtor coordinate the permit fee. Vice Mayor Gilbert agreed with the \$25 and the extra safety valve having the permit. City Manager Jarboe asked if it were for everyone or just those who go through the realty.

Councilor Shealy felt it was contradictory to what the city was trying to accomplish the last couple of years. The city was a residential place and he would vote no for this.

Mayor Brown reminded everyone that Ordinance 2004-16 would also be used for "Dancin' in the Streets." Vice Mayor Gilbert asked if this needed to be passed by super majority. City Clerk Volpe responded that it did.

Councilor Weldon asked for more discussion since he was still undecided. Mayor Brown felt it was a unique position for Jacksonville to be in. The surrounding communities were making provisions for this, so we should allow our citizens to participate. Councilor Pruette felt the city should allow the citizens to participate but a permit will keep control and give us statistics for future use. Vice Mayor Gilbert felt it would be primarily a place for people to rest since most of the activities will be in Jacksonville.

Moved by Gilbert, seconded by Pruette

Motion: **TO SUSPEND THE ORDINANCE FOR COMMERCIAL USE IN A RESIDENTIAL DISTRICT TO ALLOW SHORT RENTAL DURING AND ONLY DURING THE WEEK OF THE SUPER BOWL JANUARY 29, 2005 THROUGH FEBRUARY 7, 2004.**

Moved by Pruette, seconded by Gilbert.

Amendment : **TO HAVE ANY CITIZEN REQUEST A PERMIT/ADMINISTRATIVE FEE OF \$25 FOR RENTING OUT THEIR HOUSE FOR SUPER BOWL REGARDLESS OF WHETHER THEY GO THROUGH A REALTOR.**

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting.

Ord. No. 2004-17

ORDINANCE NO. 2004-17, AMENDING CHAPTER 27, TABLE 27-229-1, FIRST READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, TABLE 27-229-1, LOT AREAS, SETBACKS, AND BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-17 by title only and opened the public hearing.

Sandra Brenson, 1512 Strand Street, stated the Beaches Leader newspaper article printed the height limit would be increased east of Third Street.

Mayor Brown explained the article was misprinted and should have stated the west side of Third Street and not the east side. There would be more discussion and revisions to the ordinance at the workshop meeting immediately following.

There being no further comments from the public the public hearing was closed.

Moved by Shealy, seconded by Gilbert.

WORKSHOP CITY COUNCIL MEETING
OCTOBER 18, 2004, AT 6:33 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held October 18, 2004 at 6:33 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

Councilor John Weldon

STAFF:

Lieutenant Anthony Carrillo
Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:33 p.m.

PRESENTATIONS

Mayor Brown presented a plaque to the Public Safety Department for their outstanding recovery assistance during hurricane season 2004. Lieutenant Anthony Carrillo accepted the plaque on behalf of the department.

John R. Crescimbeni, former City of Jacksonville Councilman, explained he was involved with a JCCI committee that conducted a study in the spring of 2002. The study reviewed efforts to reduce litter and make Jacksonville a clean city. The City of Jacksonville proposed to adopt a Zero Tolerance Policy either by ordinance or referendum. The cost to implement the policy was an estimated 3.4 million dollars. The service districts would be given an opportunity to either be included in the policy or to opt out. If the policy was adopted by referendum of the voters it would have to be ratified by the service districts governing body.

City Attorney White questioned why we were not notified of the action before it was presented to the Jacksonville City Council. He added he had seen the material.

Councilor Pruette stated she would like to see the entire Ordinance along with background information.

Councilor Shealy was also concerned that we did not receive notice of the study beforehand.

Brenna Durden, a member of the JCCI committee, asked the Council to review the study.

City Manager Jarboe stated he would contact the Jacksonville City Council and remind them that they need to give us 7 days notice on issues that affect Neptune Beach.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

Kings Rd. Bridge	The Kings Road Bridge Project had been sent out for bids. Bids would be received and opened on November 15, 2004.
Repaving Project	The repaving had begun. Mr. Jarboe asked if Council had any other questions regarding his action list.
Public Service Facility Fencing	Mayor Brown asked Mr. Jarboe if he received any comments regarding the new fencing at the Public Service Facility. Mr. Jarboe replied he had received many complements regarding the fence and complements regarding clean up efforts after the storms.
A1A Beautification	Councilor Pruette questioned when the A1A beautification project would begin. Mr. Jarboe replied he was waiting to receive the contract from the City of Jacksonville. The contract would require initial payment from Neptune Beach and reimbursement by the City of Jacksonville.
Fl. Blvd. Landscape	Vice Mayor Gilbert asked about the status of the Florida Boulevard Landscape Design. Community Development Director Jason Cleghorn explained Mr. Goddard was still working on completing the design and he would follow up with him tomorrow.

PUBLIC COMMENTS

Leslie Karlin, felt the Ordinance defining light manufacturing affected Summer Sands subdivision and the residents should have been notified.

David Baker, 1102 First Street, was concerned that the Comprehensive Plan and the Land Development Regulations square footage requirements for duplexes did not allow him to rebuild a duplex on his property.

Randy Osborne, 1932 Strickland Road, favored adoption of the Ordinance to allow light manufacturing.

PROPOSED ORDINANCES

Light Manufacturing	<u>PROPOSED ORDINANCE REGARDING THE DEFINITION OF LIGHT MANUFACTURING AND DRAFT PERFORMANCE STANDARDS:</u> Community Development Director Jason Cleghorn prepared a memo to the City Manager regarding the definition of light manufacturing and performance standards for zoning exceptions.
---------------------	--

Discussion ensued regarding the definition of light manufacturing and lot size requirements.

City Manager Jarboe stated if Council moved forward the performance standards would be more important than the definition.

Brenna Durden, Development Attorney, suggested developing an overlay district. She felt it would be faster and easier. She added she would report on air permit requirements.

Vice Mayor Gilbert stated he agreed with Mr. Cleghorn's suggestions for the definition of light manufacturing. He also agreed with the suggested performance standards except for the parcel having to be at least a half acre in size.

Consensus: **TO TAKE OUT (a) "ANY PARCEL WHICH APPLIES FOR A LIGHT MANUFACTURING SPECIAL EXCEPTION MUST BE AT LEAST A HALF ACRE IN SIZE AND DRAFT AN ORDINANCE FOR FIRST READ IN NOVEMBER."**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Ord. No. 2004-17

ORDINANCE NO. 2004-17, AMENDING CHAPTER 17, TABLE 27-229-1: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 17, TABLE 27-229-1, LOT AREAS, SETBACKS, AND BUILDING HEIGHT AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette stated the Council had previously discussed limiting the 35 feet height limit to two story buildings and questioned why that was not included in the ordinance.

Consensus: **TO LIMIT THE 35' HEIGHT LIMIT TO TWO STORY BUILDINGS.**

Vice Mayor Gilbert questioned why the 100 feet lot width requirement was measured at the front building restriction line and not the front of the lot. Discussion ensued. The council also discussed whether or not to include zoning district R-2.

Consensus: **TO CHANGE (5) TO READ "FOR LOTS IN THE R-1 ZONING DISTRICT THAT HAVE A MINIMUM LOT SIZE OF 10,000 SQUARE FEET AND 100 FEET OF LOT WIDTH, 35 FEET OF MAXIMUM BUILDING HEIGHT WILL BE PERMITTED, SO LONG AS THE PRIMARY ROOF STRUCTURE IS BUILT AT A MINIMUM 5/12 PITCH ROOF AND DOES NOT EXCEED 2 STORIES OF LIVING SPACE."**

Recess/Reconvene

Mayor Brown called a recess at 8:20 p.m. and reconvened the meeting at 8:30 p.m.

Duplexes/Density

CODE REVISIONS CONCERNING DUPLEXES AND DENSITY: City Manager Jarboe explained currently the Land Development Regulations were in compliance with the Comprehensive Plan. The Land Development Regulations allowed for a maximum of 10 dwelling units per acre or 4,356 square feet per dwelling unit, therefore, duplexes would require a lot size of 8,712 square feet. The Land Development Regulations and the Comprehensive Plan both had to be changed if the council decided to change the lot size requirement for duplexes.

Vice Mayor Gilbert stated there were other restrictions in the Land Development Regulations regarding parking, setbacks, and impervious surface per unit. He questioned if

all of those restrictions were met why a property owner could not be allowed to rebuild a duplex. He asked if there was any other way to protect the property owner other than the Footprint Bill. He felt the Comp Plan should be updated to match the current density.

City Manager Jarboe stated the Comprehensive Plan was not intended to project the existing density. It was intended to propose the standard where the city would like to be in the future. We were trying to reach the 10 unit per acre standard that was set. It was up to the Council to determine the standards and change them in the Comp Plan if necessary.

Councilor Pruette stated the City should know exactly how many units existed. She felt the existing Comp Plan was effective since some properties had been converted from duplexes to single family homes.

A lengthy discussion ensued regarding existing duplexes, lot sizes, and the right for a property owner to rebuild a duplex.

Brenna Durden explained how many units you can have on a parcel really has nothing to do with the zoning code but has everything to do with the comp plan. The future land use map, in the comp plan, shows that an R-4 parcel is in the residential low land use designation with a maximum of 5 units per acre regardless of size or shape. If it is changed to medium density, 10 units per acre can be built and high density allows 17 units per acre. The only exception was the footprint bill if there was a natural disaster.

City Manager Jarboe asked if the density in the comp plan could be changed to allow for duplexes on smaller lots. Ms. Durden stated it could be done but was difficult.

Vice Mayor Gilbert asked if anything could be done to protect the footprint for more than just natural disasters. Ms. Durden stated a natural disaster is an unintentional act and therefore a plausible reason to be inconsistent with the density designation allowed for in the comp plan. Ms. Durden stated you need data to support that you are not actually increasing density in to convince the state to change the comp plan.

Councilor Pruette asked to find a way to decrease density but protect property rights. Councilor Shealy stated he thought the city was trying to move toward single family homes. Mayor Brown stated the 8712 feet meant no more duplexes east of third due to the small lots.

City Manager Jarboe made the suggestion to make an in depth study of what was currently in Neptune beach with an outside firm, to document the information. He could bring back a plan of action and its cost and bring it to the council.

Councilor Pruette was not in favor of spending a lot of money. City Manager Jarboe stated it could be done in house but it would not be as in depth as the state would want it and it could not be done quickly.

Mayor Brown stated the council had to be concerned over property rights as elected officials. Mr. Jarboe stated he was trying to get council where they wanted it to be. Vice Mayor Gilbert felt the comp plan was to correct when it was written and it should be corrected now.

Councilor Pruette asked what was the exposure for not following the density in the comp plan. Mr. White stated you are open to investigation with the DCA and individual lawsuits. Mr. Jarboe stated the comp plan is a set of goals the city is attempting to meet.

Councilor Pruette felt it was a persons right to be able to rebuild a duplex in a duplex zoned area.

City manager Jarboe stated staff was attempting to change the comp plan to suit council's wishes. Ms. Durden remarked the DCA has a schedule you can follow to prepare the Evaluation and Analysis Report. This may help the city focus on the issue of density east of Third Street. She suggested the city hire a consultant to figure out what is there and what is wanted and how to get there.

Discussion ensued over duplexes and triplexes and what is wanted east of Third Street.

Consensus: **FOR STAFF TO GIVE OPTIONS OF HOW TO CONDUCT A STUDY AND HOW TO CHANGE THE COMP PLAN TO SUIT THE COUNCIL'S IDEAS.**

Dune crossovers

PBS&J PROFESSIONAL AGREEMENT FOR DESIGN AND PERMITTING OF DUNE CROSSOVERS AT LEMON STREET AND HOPKINS STREET: City Manager Jarboe stated the council wanted two handicap ramps to the beach. Staff designed the ramps but has been repeatedly turned down by the Department of Environmental Protection. This is a proposal by PBSJ to draw the plans and get the permit from DEP. Staff recommends this, because this is how the City of Jacksonville Beach received the permits to build their ramps.

Councilor Pruette told council she had taken pictures for staff of Jacksonville Beach's ramps. She did not like having to pay a consultant to get the permits.

Jim Miller, PBS&J, stated the hurricanes have changed the process of permitting dune crossovers. His company would be glad to secure permits for the city.

Discussion ensued over whether or not to use a consultant. Vice Mayor Gilbert did not approve of spending \$18,000 on a consultant and felt the state should not force cities to use a consultant to help handicap citizens.

Mayor Brow recommended asking Rep. Davis to get the city the criteria for the permit. Councilor Pruette Thanked Public Service Director Leon Smith and staff for their attempts at attaining a permit.

Consensus: **FOR STAFF TO SPEAK WITH REPRESENTATIVE DON DAVIS TO FIND OUT THE CRITERIA NEEDED TO GET A PERMIT.**

Councilor Pruette suggested putting an ad in the paper about the height referendum. City Clerk Volpe stated the supervisor of Elections does run two adds for our referendum.

Adjournment

There being no further business, the meeting adjourned at 9:40 p.m.

MINUTES
REGULAR CITY COUNCIL MEETING
SEPTEMBER 13, 2004, 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held September 13, 2004, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Director of Public Safety William Brandt
Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 6:00 p.m. and asked Vice Mayor Gilbert to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Safety Officer Larry Dean gave a presentation on the effects and aftermath of Hurricane Charley and Tropical Storm Frances. He explained he and five other police officers were sent to the City of Wauchula, Florida to help with the relief efforts after Hurricane Charley. He showed photographs of damage caused by Hurricane Charley in Wauchula, and photographs of damages of property here in Neptune Beach caused by Tropical Storm Frances. He added the Public Safety Department had learned vital information about destruction recovery and relief efforts regarding these types of storms.

City Manager Jarboe commended the Public Services Department and the Public Safety Department for their efforts during and after the storms. He added that Federal Emergency Management Association (FEMA) would reimburse the city for the overtime worked and extra costs due to the storm. He recommended the purchase of a generator for City Hall so the City could operate and function in future emergency situations.

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MINUTES:**
AUGUST 2, 2004, REGULAR CITY COUNCIL MEETING
AUGUST 16, 2004, WORKSHOP CITY COUNCIL MEETING

Moved by Pruette, seconded by Gilbert.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown acknowledged receipt of Vice Mayor Gilbert's memorandum informing the Council that he had decided not to seek re-election for a second term. Mayor Brown expressed his appreciation of Vice Mayor Gilbert and thanked him for his years of service.

Mayor Brown stated Frankie Knight of the Supervisor of Elections office notified him the qualifying dates for the city would need to be changed to coincide with new state law. Under the new state law persons seeking qualification had to file with the qualifying officer no later than noon on the 50th day prior to the date of the first primary, but not later than the 46th day prior to the date of the first primary as set forth in Section 100.061 of the Florida Statutes. City Clerk Lisa Volpe stated the change would be made by Ordinance.

Mayor Brown stated he had attended a meeting this morning at the Emergency Operations Center. The meeting focused on the clean up from Tropical Storm Frances and keeping an eye on Hurricane Ivan. Another meeting was scheduled for tomorrow morning.

Mayor Brown stated the new track at Neptune Beach Elementary School, in which the city donated time and money, was completed. The Council was invited to attend the opening ceremony October 1, 2004, at 9:00 a.m.

Councilor Pruette thanked Vice Mayor Gilbert for his service on the Council. She stated for the record that she would not forget Florida Boulevard.

Councilor Pruette was concerned about the replacement of privacy fences damaged by Tropical Storm Frances. She felt because the adoption of the new Land Development Regulations would be deferred the Council should make a decision on allowing 6' solid fencing quickly.

Councilor Pruette questioned when the paving would begin east of Third Street. Director of Public Services Leon Smith responded the paving was supposed to have begun after Labor Day. However, the storm damage would cause a delay. An exact date had not been determined.

City Manager Jarboe stated the recent drainage improvements on First Street were successful and the drainage had improved tremendously.

City Clerk Volpe advised qualifying dates for candidates would begin Saturday, September 18, 2004, and end Saturday, October 2, 2004. The City Clerks Office would be open Saturday, September 18th from 12:00 p.m. to 5:00 p.m. and Saturday, October 2nd from 9:00 a.m. to 12:00 p.m.

City Clerk Volpe publicly congratulated Deputy City Clerk Karla Strait for achieving entrance into the first level of the Master Municipal Clerks Academy.

CITY MANAGER REPORTS

PUBLIC SERVICES FACILITY PROJECT: Construction of the new Public Services Facility was completed and the Certificate of Occupancy had been issued. The property received some minor damage from the storm. After the clean up an opening ceremony for the public would be scheduled.

PUBLIC COMMENTS

Christine Chin, 227A Margaret Street, stated many fences in her neighborhood were damaged by the storm and felt Council should make a decision to allow 6' solid privacy fences to be rebuilt so the property owners would not have to wait until the new Land Development Regulations were adopted.

MOTION CARRIED

Ord. No. 2004-13

ORDINANCE NO. 2004-13, AMENDING SECTION 13-5 (C) AND SECTION 13-5(E) PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS – EMERGENCY ORDINANCE AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 13-5 (C) AND 13-5(E), PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS.

Mayor Brown read Ordinance No. 2004-13 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Moved by Gilbert, seconded by Shealy.

Motion: **TO ADOPT ORDINANCE NO. 2004-13 ON EMERGENCY READING AND PUBLIC HEARING.**

City Manager Jarboe explained the revised ordinance doubled the fines for noise violations, defined lots of record, and changed the time period from 6 months to 12 months. He emphasized in order for the ordinance to be effective it would be necessary for residents to sign sworn affidavits. His office had notified both the renters and the owners by mail.

Mayor Brown stated the Ordinance was intended for Margaret Street residents. He felt it seemed a little excessive for the entire city. Mr. Jarboe commented sometimes warnings were issued to those that were not repeat offenders.

Vice Mayor Gilbert felt the Ordinance would be more effective now that it defined a "lot of record".

Councilor Weldon stated the action of the Code Enforcement Board was extremely important and asked to hear from Eric Pardee, Chairman of the Code Enforcement Board.

Eric Pardee, Chairman of the Code Enforcement Board, stated the definition of "lot of record" and more detailed police reports would be helpful to the Board in deciding the cases.

For the Record City Attorney Chris White advised when adopting emergency ordinances it required 2/3 vote and the nature of the emergency must be stated for the record. Mr. White stated for the record Ordinance 2004-13 was being adopted on emergency basis because of a health, safety, and public welfare issue that exist specifically on Margaret Street and potentially the rest of city that needs to be addressed at this time.

MOTION CARRIED

Ord. No. 2004-14

ORDINANCE NO. 2004-14, AMENDING CHAPTER 2, POLICE OFFICERS RETIREMENT SYSTEM, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH AMENDING CHAPTER 2, ADMINISTRATION, ARTICLE V, EMPLOYEE BENEFITS, DIVISION 4, POLICE OFFICERS' RETIREMENT SYSTEM, OF THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH; AMENDING SECTION 2-345, DEFINITIONS, BY AMENDING THE DEFINITION OF RETIREMENT; AMENDING SECTION 2-347, BOARD OF TRUSTEES; AMENDING SECTION 2-349.4, VESTING; AMENDING SECTION 2-349.5, OPTIONAL FORMS OF BENEFITS; AMENDING SECTION 2-349.15, EXEMPTION FROM EXECUTION, NONASSIGNABILITY; AMENDING SECTION 2-349.22, MILITARY SERVICE PRIOR TO EMPLOYMENT; AMENDING SECTION 2-349.24, DEFERRED RETIREMENT OPTION PLAN; ADDING SECTION 2-349.25 REEMPLOYMENT AFTER RETIREMENT; PROVIDING FOR SEVERABILITY OF PROVISIONS; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown stated Ordinance No. 2004-14 had been deferred until receipt of additional information. City Manager Jarboe the City Attorney had not received information from the financial advisors stating the amendments would not be an additional cost to the city.

Councilor Shealy agreed to sponsor the ordinance.

Recess/Reconvene

Mayor Brown called a recess at 7:00 p.m. and reconvened the meeting at 7:14 p.m.

Ord. No. 2004-10

ORDINANCE NO. 2004-10, AMENDING AND REVISING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING AND REVISING CHAPTER 27 UNIFIED LAND DEVELOPMENT REGULATIONS; REVISING THE FOLLOWING ARTICLES: ARTICLE I IN GENERAL, ARTICLE II ADMINISTRATIVE AND ENFORCEMENT BODIES, ARTICLE III ADMINISTRATIVE AND ENFORCEMENT PROCEDURES, ARTICLE IV LAND USE, ARTICLE V ACCESSORY STRUCTURES AND USES, ARTICLE IX TREE PROTECTION AND LANDSCAPING, ARTICLE X STREETS, SIDEWALKS, AND RIGHT OF WAY, ARTICLE XIII OFF STREET PARKING AND LOADING AND ARTICLE XVIII NONCONFORMING LOTS, STRUCTURES, USES AND SIGNS, AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown stated this Ordinance had been deferred due to legal issues.

Mayor Brown read Ordinance No. 2004-10 by title only and opened the public hearing.

There being no comments from the public, the public hearing was closed.

Mayor Brown asked if the Ordinance would be prepared for adoption before the September workshop meeting. City Manager Jarboe stated as soon as he received the information from the legal review it would be incorporated in the correct format and provided to Council.

Vice Mayor Gilbert requested a consensus of the Council to add light manufacturing in the C-2 Zoning District by special exception only.

Consensus: **TO DISCUSS ALLOWING LIGHT MANUFACTURING IN THE C-2 ZONING DISTRICT.**

Mayor Brown questioned when the 6' solid fencing would be addressed. City Clerk Volpe explained at the Ordinance 2004-10 would be ready for approval by October 4, 2004.

City Attorney White stated an emergency ordinance could be prepared for approval before the September workshop meeting and could be adopted at that time.

Consensus: **TO HOLD A SPECIAL MEETING BEFORE THE WORKSHOP TO ADOPT AN EMERGENCY ORDINANCE REGARDING 6' PRIVACY FENCES.**

Mayor Brown asked if short-term rentals could also be addressed at the September workshop meeting.

Consensus: **TO PLACE THE ISSUE OF ALLOWING SHORT TERM RENTALS FOR THE WEEK OF THE SUPER BOWL ON THE AGENDA FOR THE SEPTEMBER 20, 2004 WORKSHOP MEETING.**

Order Call

Mayor Brown called the special meeting to order at 7:00 p.m. and announced the purpose of the meeting was to adopt Ordinance No. 2004-05, Fences, Walls, and Hedges on emergency reading and public hearing.

Ord. No. 2004-15

ORDINANCE NO. 2004-15, EMERGENCY READING AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-330 FENCES, WALLS AND HEDGES AND ESTABLISHING AN EFFECTIVE DATE.

City Manager Jarboe explained the purpose of the emergency ordinance was to allow 6-foot privacy fences that were damaged by the Tropical Storm Francis to be replaced without having to wait until the new Land Development Regulations were adopted.

Mayor Brown introduced an amendment to Ordinance 2004-15 that would allow 6-foot privacy fences on side yards adjacent to Third Street to go beyond the front of houses.

Mayor Brown read Ordinance No. 2004-15 by title only and opened the public hearing.

Steve Hartsaw, 301 Oleander Street, supported the ordinance with the amendment.

Anne Catherine Cruddas, 601 Bowles Court, stated she was forced to install a 75% solid hurricane proof fence to replace her old 6-foot privacy fence. She felt the fence ordinance should be fair to everyone and all fences should have to be hurricane proof for the protection of all citizens.

Beverly Hartsaw, 301 Oleander Street, stated she was unable to use her side yard because of the noise and traffic from Third Street. She supported the ordinance with the amendment.

Christine Chin, 227A Margaret Street, felt 6-foot privacy fences would not decrease the traffic noise from Third Street. She questioned if 6-foot privacy fences were allowed on side yards abutting Third Street, how could the Council deny 6-foot privacy fences in front yards facing Third Street.

There being no further comments from the public the public hearing was closed.

Councilor Weldon was concerned about adding an amendment to an emergency ordinance. He felt the issue of 6-foot privacy fences on side yards adjacent to Third Street was not considered an emergency. He suggested staff study the sound and design quality of fences and provide a report for discussion at a workshop meeting before Council took action.

Vice Mayor Gilbert stated he did not wish to see different types of fences along Third Street. He suggested in order for the fences to look consistent they be covered by an equal height of hedges.

Mayor Brown asked City Attorney White to comment on whether or not the amendment was appropriate at this time.

City Attorney White advised the amendment was not necessarily an emergency and only the emergency should be addressed at this time.

Vice Mayor Gilbert called the question to vote on Ordinance No. 2004-15 as it was written.

Motion: **TO VOTE ON ORDINANCE NO. 2004-15 AS IT WAS WRITTEN WITHOUT THE AMENDMENT.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 0

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

Pubic Services	Director of Public Service Director Leon Smith received notice that the fence company off loaded equipment today in preparation to begin construction of the fencing around the Water Plant as required by state security guidelines.
Repaving Project	The paving company also off loaded equipment today in preparation to begin the repaving project.
Clean Up Efforts	The Public Services Department worked aggressively cleaning up debris from the storm, moving ahead of Jacksonville Beach Electric, clearing the roads in order for power to be restored quickly. Grubbs Emergency Services brought in a lot of equipment. Waste

Services of Florida, the normal service provider under contract was also required to help. A staging area was created in Jarboe Park in which the debris has created a mound. The debris would be taken to the Jacksonville Landfill. During the storm there was extremely good cooperation between the Public Safety Department and the Public Services Department moving traffic around and keeping roads unblocked and cleared.

Councilor Weldon questioned if the temporary pump located behind Beaches Chapel operated sufficiently with all the rain from the storms. Mr. Jarboe responded Public Services kept an eye on the pump and it held up well during all the rain with no problems. He added the Water Management District might require the City to build a large reservoir in that area to pump the water to another location when it collected.

Vice Mayor Gilbert asked Mr. Jarboe about the status of the Florida Boulevard Landscaping Design. Community Development Director Jason Cleghorn replied he would inquire as to the status.

PUBLIC COMMENTS

Bob Zimpfer, 2545 Watersedge Drive, thanked the city for repairing the potholes on Watersedge Drive.

Steve Hartsaw, 301 Oleander Street, thanked the Council for placing the issue of fencing on Third Street side yards on a workshop meeting agenda.

Beverly Hartsaw, 301 Oleander Street, stated she was astonished by the quick reaction of all of the city departments after the storm. She added the city did a fantastic job and it was appreciated.

Ralph LaPerna, 2507 Watersedge Drive, thanked the city for repairing the potholes on Watersedge Drive. He favored an additional charge on the utility bills for Watersedge Drive residents in order for the city to maintain the road. He also asked the city to pave Pine Place. He was also concerned about flooding.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Short Term Rentals

SHORT TERM RENTALS FOR SUPER BOWL WEEK: Mayor Brown stated there was potential and interest at the beaches for renting private residences for the week of the Super Bowl. Mayor Brown introduced Jay Fogle, Realtor for Coldwell Banker - Walter Williams Property Rentals.

Mr. Jay Fogle explained he was one of ten rental agents working through Coldwell Banker, Walter Williams Realty, who was awarded the management for the Super Bowl Host Committee for rental properties provided for the event and the NFL. He asked the Council to consider a one time exception to the short-term rental ordinance to allow people to rent their personal residential properties and condominiums during the week of the Super Bowl. The time period of January 30, 2005 through February 7, 2005. Mr. Fogle explained the time period would not affect the Homestead Exception for personal residences as long it was rented for less than 14 days during the calendar year of 2005. The Super Bowl Host Committee had contracted out 17,000 commercial hotel rooms throughout Northeast Florida. The NFL had already assigned 15,000 of those hotel rooms. They currently had over 850 homes and condominiums signed up for the program, which only made a dent in the demand. He was hoping to be able to provide enough rentals for those visiting so

everyone would have a pleasurable experience. Historically guests have spent \$350.00 per person per day on dining and shopping. He already had a list in excess of 50 residents of Neptune Beach that had inquired about the opportunity to rent their property for the event. Mr. Fogle added the City of Atlantic Beach passed a one time special exception allowing short-term rentals for the Super Bowl. He felt it would be a good opportunity for Neptune Beach to participate in the event and generate extra income for the retailers and restaurants. The guests would be limited per house and they would be required to abide by all city ordinances.

Mr. Jarboe stated there was not a provision in the Code that allowed Council to waive the Code for certain circumstances without adopting a new ordinance. He suggested adopting an ordinance that would allow Council to waive areas of the Code for thirty days under unusual circumstances. The ordinance could also be used to waive any number of things in the Code without adopting an ordinance each time.

Councilor Pruette questioned if personal items would have to be moved out of the houses prior to the tenant's arrival. Mr. Fogle explained with each inquiry a rental agent would inspect the property to make sure it met the guidelines. The facility would have to be clean, fully furnished, and be a place you would want to stay when you were out of town on vacation. They recommended personal photos and other such personal items be removed. Most people put their personal belongings in one closet with a lock on the door.

Councilor Weldon asked what kind of provisions the rental agents were taking to insure the peace and tranquility of the community would not be disturbed. Mr. Fogle stated the guest would be paying substantial rental rates plus a security deposit. The agency would make sure the tenants understood there were guidelines they had to abide by as if they were the resident of the property. If for any reason they created a nuisance of themselves they would have nowhere else to go, except home. The majority of the rentals would be corporate where an employee would stay on behalf of their employer. Therefore they would not want to create a problem that may effect their continued employment. The security deposit would be anywhere from 50% to 100% of the weekly rate. The guest would also pay a cleaning fee and any applicable bed and sales tax. The properties were renting anywhere between \$12,000 and \$15,000 for the week with certified funds.

Councilor Weldon questioned how the guests per property would be limited. Mr. Fogle stated there was no way to govern that 100%. But the tenant would be required to sign a contract and disclose everyone that would be occupying the property.

Councilor Pruette asked if the rental agency would acquire a permit from the city for each property. Mr. Fogle stated permits had not been required from any other community.

Mr. Jarboe stated under the Code, the listing agency, Coldwell Banker, would be held accountable for any Code violations. In the event of a violation Coldwell Banker would be required to go before the Code Enforcement Board and pay any fines.

Vice Mayor Gilbert voiced concern about allowing visitors to go into the residential community when the city has already opposed commercial public events.

Mayor Brown asked for a consensus of the Council to have City Attorney White and City Manager Jarboe prepare an ordinance.

Consensus: **TO CREATE AN ORDINANCE FOR FIRST READ ON SEPTEMBER 27, 2004 AND SECOND READ ON OCTOBER 4, 2004 TO ALLOW SHORT TERM RENTALS FOR THE WEEK OF THE SUPER BOWL.**

City Manager Jarboe asked the Council if they would also like to create an ordinance waiving the Code under special circumstances.

City Attorney White stated this would allow flexibility so that a separate ordinance would not need to be adopted each time.

Consensus: **CREATE A SECOND ORDINANCE TO WAIVE THE CODE UNDER CERTAIN DETAILED CIRCUMSTANCES.**

Recess/Reconvene Mayor Brown called a recess at 8:10 p.m. and reconvened the meeting at 8:25 p.m.

Watersedge Dr. WATERSEEDGE DRIVE: Mayor Brown stated there was some debate regarding the legalities of the City maintaining Watersedge Drive.

Councilor Pruette agreed with Mayor Brown's suggestion to add a fee to the Watersedge Drive resident's utility bills to cover the cost of the city provided maintenance.

Vice Mayor Gilbert also agreed and asked City Attorney White about the legalities. He questioned who would be responsible if the property was rented, the owner or the tenant.

City Attorney White advised the problem was that Watersedge Drive was not city property. The City could not levy a special assessment on private property.

Mayor Brown stated it would not be an assessment. It would be an adjustment to the utility bill. Mr. White advised if it was not called an assessment he would still express concerns about taking over the obligation, responsibility, and associated liabilities of maintaining property that was not the responsibility of the city.

City Manager Jarboe suggested if the homeowners would form a Homeowners Association the City could go under contract with the Homeowners Association to provide the maintenance of the road. The contract would clearly state the City was providing a particular service and would not accept liability for the road.

City Attorney White stated that agreeing to restrictions on limiting the City's liability did not guarantee the City would not be liable. The City would be brought into any type of legal action that would involve the road.

City Manager Jarboe explained because the owners leased the road from J.E.A. each property owner was individually liable for the road. He advised it would be to the owners benefit to form a Homeowners Association.

Councilor Weldon suggested this would be good opportunity to study and create a master plan for a long-term solution for the Prado Ferrer community. He supported the City providing maintenance of the road until such time as a master plan was complete.

Vice Mayor Gilbert suggested placing the issue on a five-year plan.

City Manager Jarboe stated the Prado Ferrer area was not a priority during the goal-setting meeting. He advised if Council wanted to upgrade the area to a priority he would revise the goal-setting tier and report back to Council with a plan.

Light Manufacturing LIGHT MANUFACTURING: City Manager Jarboe introduced Brenna Durden, and stated she would be available to answer questions. Mayor Brown stated a cabinet manufacturing company had been in place for a number of years. The owner wanted to build a new building across the street where light manufacturing was not permitted.

Vice Mayor Gilbert stated the code did not specify if light manufacturing was allowed in the C-2 or C-3 zoning districts. He recommended light manufacturing be allowed in the C-2 and C-3 districts by special exception.

Councilor Weldon stated he would like a clearer definition of light manufacturing.

Ms. Brenna Durden stated permitting the use by special exception was appropriate. She suggested establishing special performance standard criteria for the special exception. She asked the Council to also take into consideration that under Florida case law any person who met that criteria would have a right to utilize the land for that special exception.

Consensus: **TO ALLOW LIGHT MANUFACTURING IN THE C-2 ZONING DISTRICT AS A SPECIAL EXCEPTION AND DEVELOP PERFORMANCE STANDARDS AND A DEFINITION FOR LIGHT MANUFACTURING.**

Duplex Lots

DUPLEX LOTS: City Manager Jarboe explained there were several nonconforming duplex lots within the R-4 Zoning District. The Land Development Code currently allowed one unit per 4,356 square feet requiring 8,712 square feet for a duplex. The Comprehensive plan required density not to exceed 10 living units per acre. To achieve this, the R-4 zoning district would require 4,356 square feet of land area per living unit bringing the total to 8,712 for a duplex. Mr. Jarboe stated the Comprehensive Plan and the Land Development Regulations should be consistent. Because of the conflict, the Comprehensive Plan needed to be changed to before the Land Development Regulations were.

Ms. Durden explained that some of the duplex lots would meet the lot size requirements, but because of the Comprehensive Plan you could only have one unit.

Councilor Weldon stated Council established the 10 units per acre to keep the density at a manageable level and he would like to see that remain.

Mr. Terry McCue stated he had two lots with duplexes currently on them. He would like to demolish the old duplexes and replace them with new duplexes. However, the current Code would not allow him. He felt he should be entitled to his property rights.

Vice Mayor Gilbert asked for a consensus to change the Comprehensive Plan to be consistent with the Code.

Councilor Pruette questioned exactly what would be changed. Mr. Jarboe replied it would be easier to change the Comprehensive Plan to be consistent with the current Code.

Mr. Jarboe explained that legally the Council could not change the LDR's to be different from the Comprehensive Plan. The Comprehensive Plan should be updated before a change can be made.

Ms. Durden stated the Comprehensive Plan had not been updated since 1991. She explained it would be difficult for a property owner in 2004 to argue that the density requirements took away their property rights. She cautioned that the Land Development Regulations should be as consistent with the Comprehensive Plan as much as possible. If you allowed 6,532 square feet as the minimum lot size for a duplex the Comp Plan would change to 13 units per acre.

Councilor Weldon reiterated there was already a problem with the density in the R-4 District now and felt the Council should not encourage more.

Vice Mayor Gilbert stated the existing problems were because of unregulated building. There are now guidelines such as total lot coverage, parking requirements per unit, etc. He

supported changing the Comp Plan.

Mayor Brown supported changing the Comp Plan.

Councilor Pruette stated residents had been remodeling their duplexes into single-family homes and the City needed to survey how many duplex and single family houses it now has.

Director of Community Development Jason Cleghorn stated amending the Comp Plan was a lengthy process and would require the states approval.

City Clerk Lisa Volpe suggested going ahead and adopting the Revised Land Development Regulations and then change the density in the Comprehensive Plan if the council wishes.

Mr. Jarboe suggested holding another workshop on the Land Development Regulations and have Ms. Durden return.

City Clerk Volpe stated a Special Meeting was already scheduled for Money September 27, 2004. She suggested holding the Workshop Meeting following that meeting. The Land Development Regulations could then be adopted on October 4, 2004.

Consensus: **TO HOLD A WORKSHOP MEETING AFTER THE SPECIAL MEETING ON SEPTEMBER 27, 2004 TO DISCUSS THE LAND DEVELOPMENT REGULATIONS.**

Adjournment

There being no further business, the meeting adjourned at 10:00 p.m.

ABSENT:

City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:45 p.m.

Land Development

City Manager Jarboe stated this document has been a long process and is a good final product that may need some changes in the future. He introduced Community Development Director Jason Cleghorn and Brenna Durden from Lewis, Longman & Walker, PA. He explained they would be reviewing the changes made from the legal review. There are no major changes.

Ms. Durden began by giving the council copies of state law regarding the local planning agencies. She explained that the code suggested that the Planning and Development Review Board served as the city's local planning agency. The council discussed the local planning agency.

Art. I.

Ms. Durden commented on the definitions. She explained she had made some changes on condominiums, coastal construction control line.

Ms Durden suggested changing the definition of lot and lot coverage. Council discussed the repercussions to those definitions. Councilor Pruette questioned the 40 foot lot width requirement. Discussion ensued about lot size and density.

Consensus:

TO DELETE THE PHRASES "OF AT LEAST SUFFICIENT SIZE TO MEET MINIMUM ZONING REQUIREMENTS FOR USE COVERAGE AND AREA, AND TO PROVIDE SUCH YARDS ANND OTHER OPEN SPACES AS ARE HEREIN REQUIRED AND THE" AND "OF SUCH LOT SHALL" TO HAVE MS. DURDEN CLARIFY THE DEFINITION OF LOT COVERAGE.

Ms. Durden stated she had just tried to simplify the definition of lot coverage. It should be only any impervious surface. Vice Mayor Gilbert questioned the definition of impervious surface. The council discussed whether a pool was impervious surface. Ms. Durden stated that water bodies in the definition now would include retention ponds which are not impervious.

Consensus: **ADD POOLS TO IMPERVIOUS SURFACE AND DELETE WATER BODIES AND FOR THE CONSULTANT TO SUBSTITUTE A WORKABLE DEFINITION FOR LOT COVERAGE.**

Mr. Jarboe asked Mr. Cleghorn to point out anything else he had not changed so discussion could be made. Mr. Cleghorn stated there were not any more. He pointed out a couple of new definitions that were added.

Art. II

Councilor Weldon highlighted that Section 27 was changed so that the planning and development review board did not hear commercial variances but instead variances in C-1, C-2, C-3 and CBD. He suggested that conservation be added to that list since it is non residential district. Ms. Durden stated there were a few more places that need to be changed.

Consensus: **ADDING CONSERVATION TO 27-36 AND 27-39 (C) AND DELETE IT FROM 27-48 (2)**

Councilor Weldon brought for discussion that the code stated the Planning and Development Review Board had final decision for variances. Discussion ensued over this change.

Consensus: **TO STRIKE "AND MAKE FINAL DECISION" FROM 27-39 (C)**

Ms. Durden stated some changes will have to be made because of that deletion. She would make those before the final read.

Councilor Pruette emphasized PUDS should not be included in Article IV.

Art. III

Ms. Durden asked if there were any questions in Article III. She added definition of preliminary development plan and final development order. There was discussion. She commented a table for the entire procedure would be appropriate. Councilor Weldon agreed this could be done in the future.

Vice Mayor Gilbert questioned section 27-147 (7). Discussion ensued over required findings and precedent setting.

Consensus: **TO LEAVE SECTION 27-147 AS IS.**

Ms. Durden stated that in 27-149 variances had not been transferable and so she had added words to allow an applicant to request transferability. Council discussed this issue.

Art. IV

Council discussed PUDS. Ms. Durden stated it provides options but was not absolutely necessary. It is not a legal issue and could be addressed in the future. Mayor Brown stated it could be useful.

Ms. Durden let the council know she changed Section 27-178 and 188 so that an appeal had to be filed within 30 days.

Councilor Pruette asked why in Table 27-229-1 corner lot side yard setback was changed to 8 feet in R4. This issue, why and when it was changed, was discussed.

Councilor Shealy asked why 35 feet height was not changed. City Clerk Volpe stated the consensus was to treat that as a separate ordinance and first read would be on October 4th.

Mayor Brown questioned Section 27-222 and if goals could be used for or against variance applicants. Ms. Durden answered they could be used to support or deny a decision. Discussion ensued.

Vice Mayor Gilbert discussed that light manufacturing was added to C-2 by exception. Council discussed whether it should be included in the LDR's or left as its own ordinance.

Consensus: **TO PUT IT IN THE OCTOBER WORKSHOP AND TREAT LIGHT MANUFACTURING AS A SEPARATE ORDINANCE.**

Ms. Durden questioned moving and storage facility. She confirmed the council did not want this provision and therefore it was correct to cross it out. She also pointed out that adult entertainment was now by exception. This caused some discussion.

Art. V Councilor Pruette question 27-328 which gave distances of air compressor units. Discussion ensued.

Consensus: **TO KEEP IT AS IS AND CHANGE IT IN THE FUTURE IF IT BECOMES A PROBLEM.**

Art. IX No discussion on Article IX. Councilor Pruette did suggest educating citizen about trees.

Art. X. Vice Mayor Gilbert asked if section 27-479 required just one house to have sidewalk on a street. Discussion over the wording ensued. Ms. Durden suggested collecting a fee for sidewalk construction until enough as collected to do the entire block.

Consensus: **TO ALLOW THE CONSULTANT TO CHANGE WORDING SO SUBSTANTIAL MEANS 3 LOTS OR MORE IN RESIDENTIAL AREAS.**

Art. XIII. Councilor Weldon confirmed parking in CBD was reduced.

Art. XVIII Councilor Pruette wanted to know why principal was replaced with non residential in section 27-706 (2). She reminded Ms. Durden the council allowed the footprint bill to include commercial zones. Ms. Durden stated she agreed it needed to be changed but would take another look at it.

Consensus: **TO CHANGE NON RESIDENTIAL BACK TO PRINCIPAL.**

Councilor Weldon asked why platted was stricken in 27-705. Ms. Durden stated by putting in platted lot you are restricting someone from rebuilding on a metes and bounds lot (not part of a subdivision). Discussion ensued.

City Clerk Volpe questioned if the changes would be complete by the end of the week so that the second read could be on October 4th. Ms. Durden stated that would be fine. Ms. Volpe clarified that the 35 foot ordinance would be on first read in October and the light manufacturing would be at the October workshop.

City Manager Jarboe asked for a consensus to use Ms. Durden's firm for the comp plan.

Consensus: **TO USE LEWIS, LONGMAN & WALKER, PA. FOR THE COMP PLAN.**

City Clerk Volpe let the council know the final ordinance would not have bold and italicize. Councilor Pruette requested a copy of the changes made.

City Manager Jarboe stated there would be a grand opening for the new City Yard on October 7th at 6:00 pm.

Ms. Durden thanked the council and stated it was a good working document.

Adjournment

There being no further business, the meeting adjourned at 9:00 p.m.

COMMUNICATIONS AND CORRESPONDENCE / NONE**CITY MANAGER REPORTS**

PUBLIC SERVICES FACILITY PROJECT: City Manager Jarboe reported the contractor was finishing up the landscaping and final punch list on the Public Services Facility.

PUBLIC COMMENTS

Micheline Grabulis, 217 Odom's Mill Boulevard, Ponte Vedra, supported the DePaul School. Her family moved from West Virginia so her child, who was dyslexic, could attend the school.

Stan Christovich, 110 Seagate Avenue, Neptune Beach, opposed the special exception for DePaul School. He was concerned about added noise and traffic in the residential area.

Al Ray, 202 Hopkins Street, Neptune Beach, lived across the street from First Christian Church and opposed the special exception for DePaul School. He was concerned about added noise and traffic in the residential area.

Cynthia Hall, 1700 South San Pablo Road, Jacksonville, Dean of the DePaul School, supported the special exception.

Philip Koelker, 215 Margaret Street, Neptune Beach, supported the special exception for the DePaul School.

Candace Carr, 215 Margaret Street, Neptune Beach, parent of a second grader enrolled in DePaul School, supported the special exception.

Susan Harper, 1822 Leeward Lane, Neptune Beach, teacher at the DePaul School, supported the special exception.

Kathryn Ivey, 353 Tarrasa Drive, Jacksonville, whose son attended DePaul School, supported the special exception.

Kris Matson, 540 Hopkins Street, Neptune Beach, opposed the special exception for DePaul School. He was concerned about noise and traffic in the residential area.

Susan Eldredge, 1816 Leeward Lane, Neptune Beach, employee of the DePaul School, supported the special exception.

Jo Anne Waddill, 115 Oleander Street, Neptune Beach, opposed the special exception for the DePaul School. She was concerned about the effects of noise and traffic in the residential area.

Kathleen Walsh, 1422 Indian Woods Drive, Neptune Beach, whose daughter attended DePaul School supported the special exception.

Kevin Gay, 20 North 20th Avenue, Jacksonville Beach, opposed the special exception for DePaul School. He was concerned about the noise and traffic in the residential area.

Galye Cane, 11857 Coastal Lane, Jacksonville, President of DePaul School, supported the special exception for DePaul School.

Linda Stout, 221 Magnolia Street, Atlantic Beach, also owner of rental property at 213 Cherry Street, Neptune Beach, supported DePaul School.

Harriett Christovich, 110 Seagate Avenue, Neptune Beach, opposed the special exception for DePaul School. She was concerned about noise and traffic in the residential area.

City Clerk Lisa Volpe read the following letter from Pastor Mahlon S. Dixon, Jr., of the First Christian Church of the Beaches for the record.

To citizens gathered and concerned:

I am confident that everyone appreciates the educational services provided by The DePaul School of Northeast Florida. The commitment to understanding and educating students with specific learning differences such as visual and auditory processing disorders, memory or attention deficits and dyslexia, is above reproach. However, the issue before the Neptune Beach City Council has little to do with the quality of education provided by the school. The issue is whether or not First Christian Church of the Beaches (Disciples of Christ) can host the school on a temporary basis while the school pursues a permanent facility somewhere in the Beaches Community. What is the impact to our neighbors and community?

It needs to be stated that First Christian Church of the Beaches (Disciples of Christ) has made no decision to house The DePaul School of Northeast Florida. Our official board unanimously voted to send the issue to our Trustee's. The Trustee's have made no recommendation to our Official Board and a congregational vote would be required should the Trustee's and Official Board make a positive recommendation. The Trustee's have opted to wait in their study of the impact of the school upon our church family, and making any recommendation, until a decision was made by our city government with regard to the temporary exception in zoning.

I have been the minister at First Christian Church of the Beaches (Disciples of Christ) for the past sixteen months. It is my understanding that our church has always had a good relationship with our surrounding neighbors and together we make the quality of life on the beach acceptable. That cooperation will certainly continue under my leadership. Our church family significantly reduced the impact upon our neighbors by those seeking the sand and surf or when neighbors have gatherings and their private property can not sustain the transportation of their guests. Our private parking lots are open on a daily basis to the general public. Even on Sunday mornings we do not enforce parking in our private lots in an attempt to be a "good neighbor" and for the sake of the "common good." Conversely, we are very grateful to our neighbors for their tolerance of our church family and its activities.

First Christian Church of the Beaches (Disciples of Christ) has no plans to operate a school. Our call as Christians is to be of service to our neighbors and our community. When The DePaul School of Northeast Florida came to us and asked to help them on a temporary basis, our desire was to investigate the possibility of serving the school, knowing the value the school affords the Beaches.

We will graciously receive whatever decision the Neptune Beach City Council makes and we thank you for serving us, our neighbors and our wonderful community.

Blessings!
Mahlon S. Dixon, Jr.

DePaul School

PRELIMINARY DEVELOPMENT ORDER AND SPECIAL EXCEPTION – 2125 OCEANFRONT BOULEVARD – DEPAUL SCHOOL: The application was for a special exception to allow the operation of DePaul School at First Christian Church of the Beaches on Oceanfront Boulevard. The beaches branch of DePaul School was formerly housed in the Neptune Baptist Church on Third Street. The DePaul School main campus is located in Arlington.

Moved by Weldon.

Motion: **TO APPROVE THE PRELIMINARY DEVELOPMENT ORDER AS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

MOTION DIED DUE TO LACK OF A SECOND

Councilor Weldon stated the DePaul School had been housed at Neptune Baptist Church for the last six years and had a flawless track record. He encouraged Council to allow the school to remain in Neptune Beach and operate out of the First Christian Church.

Councilor Shealy questioned how many students currently attended the school, how long they intended to operate at First Christian Church, and if the school was a non-profit organization. He also questioned why they waited so late in the year to request the special exception when the school year was set to begin in a few weeks.

Gayle Cane, 11857 Coastal Lane, President of the DePaul School, responded there were currently 40 students enrolled. The school was non-profit and they were requesting the location for one year. Ms. Cane stated Neptune Baptist Church informed them at the beginning of the last school year they would not renew the lease because the Church needed the space occupied by the school. However they did initially offer to the lease the school a smaller space within the church. The school considered the smaller space as a last alternative while seeking a new location in the beaches area until the end of the last school year when they were notified that space also was no longer available.

Councilor Shealy asked out of the 40 students enrolled, how many were residents of Neptune Beach. Ms. Cane replied only three of the students were residents of Neptune Beach.

Councilor Pruette stated she supported the school but felt it was not an appropriate location for children.

Moved by Gilbert, seconded by Shealy.

Motion: **TO DENY THE APPLICATION AS APPROVED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shealy, Brown

Noes: 1 – Weldon

MOTION CARRIED

Local 630

APPROVAL OF LOCAL 630 CONTRACT: City Manager Jarboe explained the 3-year contract had been negotiated and ratified by union employees. The contract would give employees a 5% salary increase as of October 1, 2004. On October 1st of the second and third year employees would receive a cost of living increase and a possible merit increase based on a performance evaluation not to exceed a total of 5%. The new contract also included Christmas Eve as a full holiday.

Moved by Shealy, seconded by Pruette.

Motion: **TO APPROVE THE LOCAL 630 CONTRACT.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held August 16, 2004 at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:30 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

Public Services Facility	City Manager Jarboe reported the new Public Services Facility should be completed within 2 to 3 weeks. The contractor was completing the landscaping and punch list. Once completed an open house for the public would be scheduled.
Stormwater	The stormwater repairs were underway and should be completed within the next 2 weeks.
Paving	Once the stormwater repairs were complete the paving should begin, which should take place late this week. The paving contractor would begin with the area west of Third Street. The paving included replacing existing speed bumps with speed humps. There would be a speed hump on every street east of Third Street.
Third St.	The City of Jacksonville committed \$250,000 for the beautification of Third Street. Once they have approved the landscaping design it would be placed for bid.

Kings Rd. Bridge

The design for the Kings Road Bridge was expected to be complete by the end of August and would be ready to start the bid process.

Councilor Weldon requested replacement of beach signage along with the replacement of the street signage.

PUBLIC COMMENTS

Bob Zimpfer, 2545 Waters Edge Drive, felt the city should be responsible for paving Waters Edge Drive because they had made the repairs in the past. He also asked the city to consider paving Bartolome Drive.

Adelbert O. Baker, 106 Pine Street, opposed the streetlight shading due to security and liability.

Brooklyn Perry, 2523 Waters Edge Drive, asked the city to repair the potholes on Waters Edge Drive.

Ralph LaPerna, 2507 Waters Edge Drive, stated the city had been repairing the potholes on Waters Edge Drive since 1976 and he did not understand why the city would not repair them now.

City Manager Jarboe explained the residents of Waters Edge Drive were notified the meeting would begin at 7:00 p.m. Because the meeting began at 6:30 p.m. he asked Mayor Brown to postpone the public hearing until 7:00 p.m.

PROPOSED ORDINANCES / NONE**CONTRACTS / AGREEMENTS**

Grant Consulting

PROPOSAL FROM LANGTON ASSOCIATES FOR GRANT CONSULTING SERVICES: City Manager Jarboe explained he received a proposal from Langton Associates for grant consulting services for the Florida Communities Trust grant program for land acquisition. The proposal included an assessment fee of \$1,000 to compare the criteria and priorities of other cities and determine if the grant would be worth seeking. If the consultant determined the city was likely to receive the grant they would write the grant for a fee of \$8,000.

Councilor Weldon questioned if the \$8,000 would be paid if the grant was not received.

City Manager Jarboe stated he would do some research and report back to the Council at the September regular meeting.

Consensus: **HAVE THE CITY MANAGER RESEARCH AND REPORT BACK TO THE COUNCIL AT THE SEPTEMBER REGULAR MEETING.**

ISSUE DEVELOPMENT

Personnel Policy

RESOLUTION AMENDING THE PERSONNEL POLICY: Mr. Jarboe explained the Resolution updated the personnel policy to coincide with the union contract.

Councilor Weldon questioned if the salary ranges had been adjusted. He was concerned about senior staff salaries being adjusted without the consent of the Council. Mr. Jarboe replied it was only a salary range and did not reflect the exact salary of the employee.

Consensus: **FORWARD TO SEPTEMBER REGULAR MEETING.**

PUBLIC COMMENTS

Tim Ingram, 113 Pine Street, stated the streetlight illuminated excessive light onto his property and he would like the streetlight to remain shaded.

John Roberts, 109 Pine Street, felt shaded streetlights defeated the overall purpose. He was concerned about security.

Todd Krohn, 102 Pine Street, felt streetlights provided security and should not be shaded.

Nicole Evans, 220 Pine Street, stated Pine Street was dark and the streetlight was needed for security.

Debbie Lupole, 116 Pine Street, felt the streetlight provided security and deterred crime and should not be shaded.

Peg Paschal, 113 Pine Street, stated the streetlight on Pine Street was too bright and should be shaded. She felt private property owners should provide their own security lighting.

Robert Varn, 2539 Waters Edge Drive, asked the city to repair the potholes on Waters Edge Drive.

Streetlight Policy

City Manager Jarboe explained he received requests from residents to shade and not to shade the streetlight on Pine Street. The city did not have a policy in place regarding the shading of streetlights. He created a policy that would require a percentage of signatures of the affected residents as to whether or not streetlights should be shaded.

Councilor Shealy questioned how many streetlights in the city were shaded. Jarboe replied over the years many streetlights had been shaded. Councilor Shealy questioned if the city would be liable in the case of crime if the streetlight were shaded. He felt residents should put shades in their windows if they were concerned about streetlights shining into their homes.

City Attorney White advised the city had the right of discretion to control street lighting and would not be liable.

Councilor Weldon asked the Council to consider a consensus to dispense of the current streetlight policy, have all streetlights within the city unshaded, and have them all set to the standard wattage.

Mayor Brown suggested gathering information regarding what the standard streetlight wattage was before unshading the lights.

City Manager Jarboe stated he would conduct a study of standard streetlight wattage and report back to the Council in October. During the study no shades would be removed or installed.

Recess/reconvene

Mayor Brown recessed the meeting at 7:50 p.m. and reconvened the meeting at 7:58 p.m.

Waters Edge Dr.

City Manager Jarboe stated the residents on Waters Edge Drive asked the city to repair the potholes. Research showed Waters Edge Drive was on a J.E.A. easement granted to the owner of the property and therefore was a private road. The developer tried to dedicate the road to the city but it did not meet city standards. Although the city had repaired the potholes in the past in order to make the road usable for city services, Mr. Jarboe

contacted J.E.A. and was informed the current property owners were responsible for the maintenance of the road. He also stated the southern part of the road was privately owned and the owner could block access if they desired.

Mr. Jarboe added repairing the potholes would only be a temporary solution. The road needed to be completely reconstructed. It would be very costly for the city to reconstruct the road, as Department of Environmental Protection and St. Johns Water Management permits would be required. The city would also have to lease the road from J.E.A. If the city reconstructed the road there would be a major assessment for the property owners.

City Attorney White stated the road was never dedicated to the city therefore the city was not obligated to maintain it. The fact that the city had made repairs in the past had no bearing. The road was granted to the developer from J.E.A. in 1975. The city could not fix the road because it did not belong to the city. Mr. White explained if the city reconstructed Waters Edge Drive, and assessed the property owners, it would then be considered a public street and the city would be required to take over future maintenance.

Councilor Gilbert felt since the city allowed the property to be built and sold separately the city could at the least patch the potholes. He also suggested paving Bartolome Road as an alternative.

Councilor Pruette agreed the city should try to help and work out a plan to do something with the easement or pave Bartolome.

Mayor Brown stated the city was not to blame. It was private property. He had concerns about spending taxpayers' dollars to repair or construct private property.

City Manager Jarboe stated it would cost roughly \$1,300 to \$1,400 for the city to repair the potholes.

Councilor Weldon felt the property owners had a responsibility for the way the property was developed and the person that sold them the property was to blame. He asked staff to provide proposals for the cost and assessments per owner. He would support the city repairing the potholes on a one-time basis, however he was opposed to the city accepting responsibility for the road.

Councilor Shealy stated the Council was elected as stewards of the citizens of Neptune Beach and should not spend tax dollars on property that did not belong to the city.

Councilor Pruette asked City Manager Jarboe to find out the cost of constructing Bartolome Road. She recommended the Waters Edge property owners form a homeowners association.

City Manager Jarboe stated the engineering for the road was over 15 years old and funds would be required for a new engineering study.

Consensus: **TO DIRECT STAFF TO STUDY OPTIONS AND SPEND \$1,500 TO REPAIR THE POTHOLES ON A ONE TIME BASIS FOR EMERGENCY VEHICLE ACCESSIBILITY.**

City Manager Jarboe emphasized the city was doing the one time repairs for public service vehicle accessibility.

Monster Homes/
35' Height Limit

Councilor Pruette explained she placed the issue of monster homes on the agenda for discussion so the changes could be added to the Land Development Regulations Ordinance 2004-10 before the second reading in September.

Community Development Director Jason Cleghorn described the different zoning districts.

Councilor Weldon stated the purpose of the ordinance was to protect monster homes from being constructed in the R-3 and R-4 districts. He recommended allowing the 35' height in the R-1 and R-2 districts if the lot sizes were a minimum of 10,000 square feet, had 100 foot of frontage with a minimum of a 5/12-roof pitch.

Discussion ensued regarding lot sizes, widths, and roof pitches.

City Clerk Lisa Volpe recommended that a separate ordinance for the height limit be prepared for first read at the October regular meeting.

Consensus: **TO ALLOW 35' HEIGHT IN THE R-1 AND R-2 DISTRICTS WITH A MINIMUM LOT SIZE OF 10,000 SQUARE FEET, SOME MINIMUM FRONTAGE, AND A MINIMUM OF A 5/12 ROOF PITCH FOR FIRST READ IN OCTOBER.**

City Clerk Lisa Volpe reminded the Council the September regular meeting would be held on Monday September 13, 2004 due to the Labor Day holiday.

Councilor Pruette informed the Council that Kara Tucker was in the hospital and asked if the Council could write a letter wishing her well. City Clerk Volpe stated she could write a proclamation for "Kara Tucker Day" for the Council to sign.

Vice Mayor Gilbert thanked City Manager Jarboe for keeping the Council updated during the emergency situation with Hurricane Charley.

City Manager Jarboe stated six police officers were being sent to the disaster area to relieve others. The officers would receive first hand experience on the aftermath of a hurricane. FEMA would reimburse the city for the officers' time.

City Manager Jarboe informed the Council the partying and noise situation on Margaret Street continued and was out of hand. He would be meeting with the residents to try to resolve the issue.

Adjournment

There being no further business, the meeting adjourned at 9:31 p.m.

Richard A. Brown, Mayor

Absent: 1 – Shealy

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown recognized Eric Pardee, Chairman of the Code Enforcement Board, for being 1 of 5 finalists for the City of Jacksonville's Employee of the Year Award.

Councilor Pruette complimented the Public Safety Department for their efforts during the 4th of July holiday adding that she received many positive comments from the public.

City Manager Jarboe stated the following letters were received commending the Public Safety Department: 1) Officer Dehm was commended for retrieving a stolen bicycle for an eleven-year-old boy. 2) Lifeguard Jason Snead was commended for rescuing a mother and her daughter after their kayak flipped over in the ocean and they were caught in a run out. 3) The department received a letter of thanks for providing a report on the patrolling of a vacant home while the owners were out of town.

CITY MANAGER REPORTS

PUBLIC SERVICES FACILITY PROJECT: The Public Services Facility Project was close to completion. The Certificate of Occupancy should be received in August. The public would be invited for a Grand Opening and Ribbon Cutting Event.

PUBLIC COMMENTS

Sybil Ansbacher, 2008 Strand Street, Chairperson of the Board of Appeals, stated the Board of Appeals abided by the Code regarding the denial of the 6foot privacy fence for Ms. Korman, 529 Margaret Street. She added most citizens had the need for 6-foot privacy fences and asked the Council to address fence heights.

CONSENT AGENDA

VOICE STRESS ANALYZER: Approval of request for Public Safety to expend \$10,800 for a voice stress analyzer from the forfeiture fund.

LAND DEVELOPMENT REGULATIONS LEGAL REVIEW: Approval of request to expend the cost of the Land Development Regulations legal review from the contingency fund.

Moved by Gilbert, seconded by Weldon.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Absent: 1 – Shealy

MOTION CARRIEDVARIANCES

V04-14
Ms. Korman
527 Margaret St.

VARIANCE REQUEST – V04-14 – PAMELA KORMAN – 529 MARGARET STREET:
Appeal the replacement of a 6foot privacy fence in the rear yard that was denied by the Board of Appeals.

Ms. Korman explained she installed a swimming pool in her backyard and wanted to replace the old six-foot privacy fence. The fence company informed her it was against the city's code to have a solid six-foot privacy fence. They recommended a five-foot solid fence with a one-foot lattice top panel. The lattice did not provide much privacy or security and she would like to replace the top lattice panel with a solid panel. She added other property owners were putting up fences without applying for a permit and she felt she was being penalized for following the law and obtaining a permit. She also had submitted letters of approval from her surrounding neighbors.

Councilor Pruette disclosed she had spoken with Ms. Korman and members of the Board of Appeals regarding the fence.

City Clerk Lisa Volpe reminded the Council the Land Development Review Meeting scheduled for Monday, July 12, would cover the fence portion of the Code.

Councilor Weldon felt Ms. Korman should abide by the Code and the fence should remain 75% solid until the Code was changed.

Councilor Pruette stated she asked the Council to revise the fence height at the March 22, 2004 meeting and felt the Council was partly to blame. She felt that Ms. Korman had been honest and law abiding by obtained a permit and it was not right to deny her request to replace the fence when many citizens had done the same thing.

For the Record Councilor Gilbert stated for the record six-foot privacy fences should be standard and limits should be set on anything above the standard.

Councilor Weldon stated people were required to follow the law. He added Council did not take action based on approval of surrounding neighbors.

Moved by Pruette, seconded by Gilbert.

Motion: **TO REVERSE THE DECISION OF THE BOARD OF APPEALS AND ALLOW THE SIX FOOT PRIVACY FENCE.**

Ayes: 3 – Gilbert, Pruette, Brown

Noes: 1 – Weldon

Absent: 1 – Shealy

MOTION CARRIEDORDINANCES

Ord. No. 2004-09

ORDINANCE NO. 2004-09 – AMENDING THE OPERATING BUDGET, SECOND READ AND PUBLIC HEARING: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2004 BEGINNING OCTOBER 1, 2003 AND ENDING SEPTEMBER 30, 2004.

Mayor Brown read Ordinance No. 2004-09 by title only and opened the public hearing.

There being no comments from the public the public hearing was closed.

Moved by Weldon, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2004-09 ON SECOND READ AND PUBLIC HEARING.**

OLD BUSINESS

Strategic Plan

STRATEGIC PLAN FOR FISCAL YEAR 2004 / 2005: City Manager Jarboe stated the Strategic Plan was developed to achieve the goals for fiscal year 2004 / 2005 defined at the Goal Setting Workshop Meeting. He asked Council to formally endorse the plan.

Moved by Gilbert, seconded by Pruette.

Motion: **TO ENDORSE THE STRATEGIC PLAN FOR FISCAL YEAR 2004 / 2005 AS SUBMITTED.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 0

Absent: 1 – Shealy

MOTION CARRIED

Roundabouts

ROUNABOUT FEASIBILITY STUDY: To approve a contract with Alternate Street Design, P.A., to conduct a roundabout feasibility study at the intersections of Penman Road and Florida Boulevard and Florida Boulevard and Windward Lane. The contract was for an estimated amount of \$9,995.00 with additional services charged at an hourly rate of \$130.00.

Mayor Brown stated he would like to delay the expenditure and identify the level of support from the county.

Richard McCubbin, P.E., Interim Chief Traffic Engineering Division, City of Jacksonville, stated roundabouts were considered traffic calming devices and were not recommended for collector roads. It was his experience that roundabouts did not reduce traffic or speeding. He added the City of Jacksonville was willing to work with Neptune Beach in considering options.

Mayor Brown asked if the county would assist in the study. Mr. McCubbin replied the study would be done through contract, however they would review the study and be glad to assist. Mayor Brown asked if they would help financially. Mr. McCubbin replied that would be left up to City of Jacksonville Councilman Art Graham.

Councilor Pruette stated widening Penman Road was not an option because Penman Road was in a residential area, the citizens were totally against it, and it would devastate the quality of life.

Mayor Brown felt that widening Penman Road would encourage more traffic.

Mr. McCubbin stated the only problem currently on Penman Road was traffic during morning and afternoon rush hours.

Councilman Art Graham, Beaches Representative for the City of Jacksonville, explained he had spoken with Jacksonville Mayor John Peyton and he had agreed to have the Metropolitan Planning Organization conduct a study of Penman Road. The study was to begin in the 3^d quarter and results were expected in early November. He urged the Council to wait until the Metropolitan Planning Organization completed their study before expending the \$10,000 for the roundabout study. He added once the study was complete the Neptune Beach City Council would be able to consider all options.

Moved by Weldon, seconded by Gilbert.

Motion: **TO POSTPONE THE DISCUSSION ABOUT ROUNDABOUTS UNTIL WE HAVE HAD FEEDBACK FROM THE CITY OF JACKSONVILLE OR IT'S COMMITTEE WITH A FULL RANGE OF ALTERNATIVES.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 0

ABSENT:

City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:55 p.m.

Land Development

City Manager Jarboe introduced Community Development Director Jason Cleghorn and explained he was going to give a presentation of some helpful information about development. Mr. Cleghorn gave a slide presentation about development. The presentation was from Louisiana State University.

LAND DEVELOPMENT REGULATIONS GROUP 3: Mr. Cleghorn started on Article IX Tree Protection and Landscaping.

Councilor Weldon commented that the tree protection article covered all the key points.

Councilor Shealy asked how dead trees were handled. Mr. Jarboe said they could be taken down with a permit.

Mayor Brown questioned the process of tree removal for a pool installation. Mr. Jarboe stated it was taken care of during the pool permit process.

Community Development Director Cleghorn explained that the current code allowed trees within 20 feet of development to be taken down. With the way lots are in Neptune Beach most trees fit this requirement. The new ordinance is not as liberal allowing for more conservation of trees.

Vice Mayor Gilbert inquired if the city is liable if a tree removal is not granted and it damages a house during a storm. Mr. Cleghorn answered there is more of a standard for removal and the city can ask for some replanting.

Councilor Pruette asked if her Christmas tree in back of city hall is protected. Mr. Cleghorn stated protection of trees start with a 6 inch trunk.

Mr. Jarboe requested Mr. Cleghorn to go section by section and answer any questions the Council may have. Mr. Cleghorn proceeded to review the article.

Councilor Pruette asked if there was a charge for a tree permit. Mr. Cleghorn answered no.

Councilor Weldon pointed out a typo in Section 27-448 (5). Planning and Development Review Board needed to be capitalized.

Assistant to the Building Official Piper Turner observed that in Section 27-452 it asked for a removed tree to be measured 4 feet up when usually only a stump remains. Council determined the language needed to be cleaned up.

Mayor Brown questioned which sections of Neptune Beach will be most affected by this ordinance. Mr. Cleghorn felt west of Third Street, since there are more trees. Councilor Weldon specifically cited Steve Jarrett's developments on the intra coastal and how he accommodated the Planning and Development Review Board by not cutting too many trees.

Vice Mayor Gilbert reported some of the trees saved on Emma Lane, a Jarrett Development, are too close to the road and the trees are dying. This may cause a burden on the homeowners having to deal with dead tree removal. There has to be some protection for the homeowner in a new development. Vice Mayor Gilbert remarked that preservation is the key but all aspects need to be looked at. Councilor Weldon stated these concerns were addressed in preservation. There is a time period where trees have to be replaced if they die. City Manager Jarboe added if the street is deeded over to the city, there will be a survey to determine whom the tree belongs to and who is responsible for its upkeep.

Councilor Weldon explained to Councilor Pruette that only the vehicular use areas of parking garages are exempt. The vehicles do have to be screened from adjacent properties.

Councilor Weldon commented that Landscape Requirements is a difficult section to understand.

Councilor Pruette asked if shopping centers were responsible for letting trees die. Mr. Cleghorn informed council that there are provisions for upkeep and replacement in Section 27-459.

Mayor Brown asked about the conflict between having 20% area of landscaping and the parking requirements on a commercial property. Mr. Cleghorn stated there is provision when the property would just not accommodate it.

Chairman of the Board of Appeals Sybil Ansbacher requested the tree tables be moved to an appendix for easier updating. City Clerk Volpe commented it was not really necessary.

Consensus: **THEY AGREED NOT TO CHANGE ANYTHING IN ARTICLE IX.**

ARTICLE X STREETS SIDEWALKS AND RIGHTS-OF-WAY – Community Development Director Jason Cleghorn stated the new sidewalk dining ordinance was already included. He continued stating this article was reviewed by Director of Public Services Leon Smith since this is more within the public works field. Director Smith reviewed it. Most of the information comes from the Florida Department of Transportation Handbook.

Councilor Pruette questioned Section 27-478(d) Vacations of rights of way since the city has had past concerns. She asked that "shall be approved" be changed to "may be approved". City Manager Jarboe stated right of way changes should be done by permit. Some discussion ensued.

Consensus: **THAT "SHALL BE APPROVED" BE CHANGED TO "MAY BE APPROVED" IN SECTION 27-478(D)**

Mr. Cleghorn explained that Section 27-478 (c) outlines procedure for pavers being replaced in city right of way. City Manager Jarboe explained this was causing a lot of expense to the city when rights of way were damaged from utility work. The Council discussed this.

City Manager Jarboe added, in Section 27- 480 Driveway aprons and pavement material, it does encourage people to use pavers for drainage. Council discussed pervious and impervious areas in driveways.

Consensus **IN SECTION 27-480(B) TO DELETE "SUCH AS COQUINA, CRUSHED SHELL OR PEA GRAVEL, ALSO MAY BE USED." AND ADD "OR STABILIZED POROUS MATERIALS" AND ADD "AS APPROVED BY THE CITY MANAGER MAY ALSO BE USED.". TO DELETE SECTION 27-480 (C).**

Recess/Reconvene

Mayor Brown called a recess at 8:05 p.m. and reconvened the meeting at 8:20 p.m.

Development Director Cleghorn continued with a discussion of the unfinished issues in Group II of the Land Development Code.

PODS

Ms. Cleghorn had added PODS into Section 27-324. City Manager Jarboe clarified the problem with pods was some people used them for months. Mr. Jarboe felt they should be in a yard no longer than 6 weeks. Councilor Pruette asked if the code language was specific to the length of time. Community Development Director Cleghorn stated Section 27-324 needed to be clarified more. City Manager Jarboe informed the council that new language will be added.

FENCES

Councilor Weldon asked council to look at the impact of allowing stockade fences along Third Street. The Code allows 8 feet walls in the backyard. He felt this should not be encouraged. Councilor Shealy commented that the city should leave leeway for people who want privacy in their backyard. Councilor Pruette emphasized the code should be consistent, fair and enforced. Mayor Brown felt there was a problem with inconsistency. He found it puzzling to require someone to buy a more expensive fence.

Councilor Pruette suggested including language from the Jacksonville Beach code that allowed the city to declare fences in disrepair nuisances.

Vice Mayor Gilbert felt 8 feet fences in backyards are excessive. He argues that 6 feet is a good size and the code should be more concerned with height than with what type of fence. To restrict type (solid or not) is undue burden costwise. City Manager Jarboe commented that 8 feet is used as a buffer to commercial areas. He asked if 8 feet could be stipulated for commercial buffer areas.

Councilor Pruette questioned the definition of 75% solid.

Councilor Weldon felt that new developments were better without stockade fences. Some incentive should be added to have 75% solid fencing. He would accept 6 foot fences but felt the code should be enforced on corner lots where only a 4 ft fence is allowed on an exterior side.

Community Development Director Cleghorn informed council that the city is starting to enforce permitted fencing. City Manager Jarboe suggested code enforcement be addressed in a council meeting to decide if the city wants to be proactive or reactive. Discussion of code enforcement ensued.

Consensus: **TO ALLOW 6 FT FENCES IN BACKYARDS AND 8 FT ONLY IF BACKING UP TO COMMERCIAL AREA WITH APPROVAL OF THE CITY MANAGER. TO DELETE THE 75% RULE BUT ENCOURAGE IT. TO ADD NUMBER 10 WITH THE JACKSONVILLE BEACH LANGUAGE "FENCES TO BE MAINTAINED AND REPAIRED. ALL FENCES SHALL BE MAINTAINED IN A GOOD STATE OF REPAIR AND STRUCTURALLY SOUND CONDITION, INCLUDING BUT NOT LIMITED TO, PAINTING AND REPAINTING; REPLACEMENT OF MISSING, DECAYED, CORRODED, OR DAMAGED COMPONENT PARTS, AND KEEPING IN PLUMBING. FAILURE TO SO MAINTAIN AND REPAIR SAID FENCE MAY RESULT IN THE FENCE BEING DECLARED A NUISANCE AND ABATED IN ACCORDANCE WITH THE PROVISIONS OF NEPTUNE BEACH CHAPTER 28." TO CHANGE 27-330 (4) FROM AUTOMOBILES TO MOTORIZED VEHICLES.**

Councilor Pruette asked about allowing for higher hedges if well manicured. There was some discussion.

AWNINGS

Mr. Cleghorn stated the code already had a definition of awnings. He added verbiage to Section 27-235 to require wind loads.

Councilor Weldon asked to change automobile to motor vehicles. Some discussion ensued.

Consensus: **MAKE EVERYTHING AFTER "ALL CARPORTS..." NO. 4 AND RENUMBER. DELETE "FOR AUTOMOBILES."**

City Clerk Volpe outlined the next step for the Land Development Code. Once the final changes are made a complete copy of all three groups will be sent to council. First read will be at the August regular meeting. Once the legal review is complete any changes necessary will be made and second read should be in September.

The council asked for a complete copy of the definitions.

Adjournment

There being no further business, the meeting adjourned at 9:10 p.m.

PRESENTATIONS / NONE

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

Contract Wall Fencing City Manager Jarboe reported the concrete wall fencing of Jarboe Park and the Public Services Facility was underway.

First St. Mr. Jarboe stated the paving of First Street would begin in August after the stormwater drainage repairs were complete.

Building Activity Report	Mr. Jarboe presented a Building Activity Report for the months of October 1, 2003, through June 30, 2004, calling attention to a total of \$153,937.90 in cash receipts.
New Street Signs	Councilor Pruette asked if the new street signs had been received. Director of Public Services Leon Smith replied the signs were received late last week. City Manager Jarboe mentioned he was asked to reposition some of the stop signs on First Street because they were obstructing drivers views.
Street Signs on the Beach	Councilor Weldon described the street signs at the street ends eastward of the crossovers on the ocean as unsightly and asked if they were necessary. Chief Brandt informed that the street signs were necessary for emergency purposes. Councilor Weldon suggested replacing the existing signs with more durable and attractive signs. City Manager Jarboe stated he would examine other options.
Kings Rd. Bridge	Councilor Weldon questioned when the final design of the Kings Road Bridge would be ready for review. Director of Public Services Leon Smith advised the plans should be delivered the third week of August.

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

Sewer Line Repairs	City Manager Jarboe informed he received a proposal for \$132,000 for the repair of the damaged stormwater sewer lines that were recently televised. He would place the contract on the August regular city council meeting agenda for approval.
--------------------	--

ISSUE DEVELOPMENT

2004/2005 Budget	<u>FISCAL YEAR 2004-2005 BUDGET:</u> Director of Finance Steve Ramsey presented the Fiscal Year 2004-2005 General Fund Proposed Budget.
Revenue	The proposed revenue of \$4,457,007 was based on a 2.9 Milage rate and reflected a 5.08% overall increase from the previous year.

Expenditures	Department	Total Expenditures	Percent Increase / Decrease
	Mayor & City Council	\$ 37,717	- 0.66%
	City Managers Office	\$ 91,269	- 20.79%
	Finance Department	\$ 113,113	4.37%
	Legal Counsel	\$ 63,300	11.44%
	Building Department	\$ 225,395	18.16%
	City Clerks Office	\$ 138,256	12.74%
	Non-Departmental	\$ 662,586	- 4.43%
	Police Department	\$ 2,329,557	7.17%
	Fire Services	\$ 4,100	2.50%
	Animal Control	\$ 114,417	23.34%
	Street Department	\$ 316,595	9.46%
	Parks Department	\$ 123,736	- 5.93%
	Lifeguards / Beach Cleanup	\$ 216,169	4.94%

Total Expenditures	\$4,456,210	5.06%
--------------------	-------------	-------

Mr. Ramsey specified the expenditures in each department included a 10% increase in employee health insurance.

The major increases in the Building Department included the expense to rewrite the Comprehensive Plan, educational courses, overtime, probationary increases, coverage for time off, and the expense for the operation of two vehicles.

The major increases in the City Clerk's office included imaging and elections.

The major increases in the Non-Departmental included rent on a new copier for City Hall and \$75,000 for Super Bowl expenses.

Discussion ensued regarding the \$75,000 Super Bowl expense.

Councilor Pruette suggested drafting a Resolution asking the City of Jacksonville to provide funding for the expenses.

Councilor Weldon agreed the City of Jacksonville would receive more benefits and he felt \$75,000 in expenses far outweighed the benefits Neptune Beach would receive.

Consensus: **TO DRAFT A RESOLUTION FOR COUNCIL CONSIDERATION AT THE AUGUST REGULAR COUNCIL MEETING.**

For the Record Councilor Weldon stated for the record he was opposed to Town Center events during the Super Bowl weekend. He felt the city should try to limit the amount of public events.

Consensus: **TO DRAFT A RESOLUTION OPPOSING ANY SPECIAL EVENTS DURING THE WEEK OF THE SUPER BOWL.**

The increased amount in the Animal Control Department was due to overtime for employees having to work weekends, and for the purchase of a used four-wheel drive.

The Lifeguards were paid $\frac{3}{4}$ of their salary from an interlocal agreement with the City of Jacksonville. Because lifeguards were seasonal employees they did not get time and a half for overtime.

In Summary:

Total Revenue	\$4,457,007
Total Expenditures	<u>\$4,456,210</u>

Net Income	\$ 797
------------	--------

Councilor Shealy asked Mr. Ramsey to research and find out if insurance benefits were available to Council members. Mr. Ramsey responded insurance was available for Council members at the same rate of the full time employees. He would gather information on how much it would cost the city per council member and a total cost for the entire council.

Mr. Ramsey summarized the budget was based on a milage rate of 2.9 plus reserves. He added as the amount of reserves decreased the milage rate would need to be increased to

balance future budgets.

City Manager Jarboe advised the 2.9 milage rate was lower than in any other northeast Florida city. The general fund surplus was above what the auditors prefer. Mr. Ramsey added the auditors preferred only one month of operating expenses to be held in reserves.

Mr. Ramsey explained 2 years ago the council allowed the city manager to set the Not to Exceed Milage Rate. The city manager would set it at 3.5 so there could be chance of having to increase the Final Milage Rate from the Not to Exceed.

Homestead
Exemption

PROPOSED CONSTITUTION AMENDMENT TO INCREASE HOMESTEAD EXEMPTION:

The Florida Supreme Court ruled the proposed amendment to double the state's \$25,000 homestead exemption would not be on the November ballot. Council action to oppose the amendment was therefore not necessary.

Recess/Reconvene

Mayor Brown called a recess at 7:06 p.m. and reconvened the meeting at 7:15 p.m.

Beach Access

BEACH ACCESS MORATORIUM / STREET END SURVEYS: Councilor Pruette voiced concern that the moratorium on the development of beach accesses and street ends would expire in November. She felt it was time for Council to consider other options to protect the beach accesses.

City Attorney Chris White mentioned he had sent a letter to former City Manager Richard Linn describing other actions. He added the moratorium could continue past the expiration until it was challenged.

Councilor Weldon asked the City Attorney and the City Manager to investigate directions the Council could take to control what happens to the beach accesses. City Attorney White agreed he would work with City Manager Jarboe.

Consensus: **FOR THE CITY ATTORNEY AND THE CITY MANAGER TO LOOK AT DIRECTIONS THE COUNCIL COULD TAKE TO CONTROL WHAT HAPPENS ON THE BEACH ACCESSES.**

Height Limitation

35' HEIGHT LIMITATION FOR RESIDENTIAL WEST OF THIRD STREET: Councilor Shealy stated he would like Council to consider raising the height limit on larger size lots.

Community Development Director Jason Cleghorn explained a normal roof pitch was 6/12. Therefore the total height for a 50' wide two-story house with 10' ceilings would be 34' 10". Mr. Cleghorn explained other scenarios relating to roof pitches and height limits.

Councilor Weldon declared the referendum to increase the height limit to 35' did not include overall heights. The purpose of the referendum was to protect the city from over development. He would agree to allow 35' height in the R-1 district with a 10,000 square foot minimum lot size requirement.

Consensus: **FOR COMMUNITY DEVELOPMENT DIRECTOR JASON CLEGHORN TO STRUCTURE A STARTING POINT AND HAVE STAFF COME UP WITH OPTIONS FOR CONSIDERATION.**

Storm Drainage

STORM DRAINAGE REPAIR EAST OF THIRD STREET: City Manager Jarboe advised blockages were found in the stormwater sewers east of Third Street during the televising and cleaning. He received a proposal for the repairs in the amount of \$132,000 piggybacking off of

the City of Jacksonville. The contract would be placed on the August regular meeting for approval.

Consensus: **TO FORWARD THE CONTRACT TO THE AUGUST REGULAR COUNCIL MEETING FOR APPROVAL.**

Adjournment

There being no further business, the meeting adjourned at 8:15 p.m.

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIEDCOMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated citizens were concerned about the use of the rear entrance gate to the new Public Services Facility. She had requested in a memo to place the issue on the June workshop agenda to hear concerns from residents. City Manager Jarboe had already invited the residents to meet with him Thursday, June 10, 2004 at City Hall to discuss their concerns. Therefore she felt it was longer necessary to place the issue on the agenda. City Manager Jarboe stated he would report back to the Council.

Agenda Amendment City Manager Jarboe requested amending the agenda to include a request for cleaning of storm drains east of Third Street. Mayor Brown stated he would add it to the agenda under new business.

CITY MANAGER REPORTS

SEWER IMPROVEMENT PROJECT: The Sewer Improvement Project was complete.

PUBLIC SERVICES FACILITY PROJECT: The Public Services Facility Project was estimated to be complete in six to eight weeks. The contractor was having a difficult time keeping subcontractors on the job.

MENZI MUCK DELIVERY: The menzi muck was on order and should be delivered in 2 months. It is manufactured in Switzerland and takes 120 days for delivery.

Councilor Pruette suggested the repaving schedule be placed on the web page. Director of Public Services Leon Smith stated repaving was scheduled to begin the mid to end of July.

PUBLIC COMMENTS

Agenda Amendment Mayor Brown amended the agenda to hear the development order for Scotty's.

Scott Laughlin, 791 Assisi Lane #608, Atlantic Beach, favored the development order for the indoor outlet mall for Scotty's. He felt it would be valuable for retailers and buyers. He added as a jeweler he planned on renting space within the building.

NEW BUSINESS

Development Order
630 Atlantic Blvd.
Scotty's DEVELOPMENT ORDER – SCOTTY'S – 630 ATLANTIC BOULEVARD: City Manager Jarboe stated Jason Cleghorn, the Community Development Director was on vacation. He invited the representatives from Scotty's to speak.

Paul Hardin, Attorney for Scotty's, stated the property was currently zoned for the use of an outlet mall. The Planning & Development Review Board recommended approval of the mall. He asked David James to come forward and explain the project.

David James, Vice President of Scotty's, explained the outlet mall would provide affordable retail space to retailers. It would not be a flea market because only new products would be sold. It would be a fun place to shop in a clean environment with live entertainment. There would be full time management and maintenance staff along with a full time activities director. The plan included restrooms a food court, and a central checkout. The retailers would have the option of whether or not they wanted to use the central checkout. The retailers would lease the space on a month-to-month basis with no long-term commitments.

Councilor Shealy asked if each retailer would acquire a separate occupational license. Mr. James responded each retailer would have to provide an occupational license from the City of Neptune Beach prior to moving into the building.

Councilor Weldon asked other than selling new products what else separated the outlet mall from a flea market. Mr. James responded used products would not be sold. Flea markets sold used products such as yard sale type goods that did not appeal to the cliental. The mall would have a festive atmosphere, would be air conditioned, and would operate with aggressive advertisement.

Councilor Weldon questioned if there would be cooking on the premises and if alcohol would be sold. Mr. James replied there would be no alcohol sales. The cooking would depend upon the vendor. There were three types of food offered, packaged food, food prepared on site, and food that was prepared at an offsite located and transported.

Councilor Weldon asked if all of the food providers would be properly licensed and inspected. Mr. James replied they would be properly licensed and meet the health department requirements.

Councilor Weldon asked what type of retailers had signed up. Mr. James responded 56 retailers had expressed an interest.

Councilor Weldon asked how many retail spaces there would be. Mr. James stated the quantity would vary depending upon the size of space for the individual retailer. The spaces would vary from 10 x 10, or 10 x 20, to 20 x 60 with 6-foot aisles. Without the aisles and the common space it would leave approximately 30,000 square feet for venders.

Councilor Weldon asked if Scotty's other outlet malls in the state were successful and how long they had been in operation. Mr. James stated they were doing quite well since the openings last November.

Councilor Pruette was concerned the houses were too close to the lumberyard. She was concerned about noise problems and parking requirements. Mr. James replied the mall operating hours would be from 10:00 a.m. to 6:00 p.m. Wednesday through Sunday. The houses were across a retention area. They would be utilizing the yard area for vendor parking. The lease provided them with 303 parking spaces.

Councilor Shealy asked if they planned to change the pole sign to a monument sign as recommended by the Planning & Development Review Board. Mr. James replied yes.

Councilor Weldon asked if the fascia signs would have internal lighting. Mr. James stated he was informed internal lighting would be acceptable based on the new sign ordinance.

Councilor Weldon asked if the problem with the fire lane would be corrected. Mr. James replied that appealed to him and they would consider that in the process.

Vice Mayor Gilbert asked the staff if each retailer would need a permit. Assistant to the Building Official Piper Turner replied they would not need a building permit but they would be required to have an occupational license.

Vice Mayor Gilbert asked if the occupational licensing and safety inspections would place a burden on the staff. Mrs. Turner replied Fire Marshal John Webber would inspect the property before an occupational license was issued and inspect the building on the first of

each month. He asked who would ultimately be responsible for any violations. Mrs. Turner stated the owner of the shopping center would be ultimately responsible.

Vice Mayor Gilbert questioned since the mall was a new concept, if Council could stipulate that the mall would be subject to a review at the end of year.

City Attorney Chris White cautioned the Council that placing stipulations on development orders exceeded the Council's authority. He advised any problems should be properly handled through code enforcement.

Mayor Brown felt the mall would be controlled through occupational licensing and code enforcement. He added the outlet mall would be better than having a boarded up building.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE THE DEVELOPMENT ORDER WITH THE STIPULATIONS STATED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Councilor Pruette asked Mr. James if they would provide five additional handicap parking spaces. Mr. James stated he would have no objection to that.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown asked when was the projected opening date. Mr. James replied the tentative opening date was August 28, 2004.

ORDINANCES

Ord. No. 2004-06

ORDINANCE NO. 2004-06 – BUILDING HEIGHT – FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA CALLING FOR A REFERENDUM TO AMEND THE CHARTER TO CREATE A NEW SECTION 4.07 TO LIMIT THE HEIGHT OF ALL BUILDING STRUCTURES IN THE CITY OF NEPTUNE BEACH TO THIRTY-FIVE FEET; AND ESTABLISHING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-06 by title only and opened the public hearing.

Jim Stinekraus, 208 Bay Street, questioned the need to raise the height limit from the current 28 feet maximum to 35 feet maximum.

There being no further comments from the public the public hearing was closed.

Mayor Brown explained the referendum would make the height restriction tighter. It did not mean that all building structures could be 35'. The referendum would prevent future council's from raising the height limit without the vote of the citizens.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2004-06 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Development Order
622, 624, & 630
Oceanfront

DEVELOPMENT ORDER – GREGORY SCOTT – 622, 624, & 630 OCEANFRONT: Mr. Gregory Scott stated he would like to replat Lots 4 & 5 Block 19, Neptune Replat into one single lot. He was requesting two residential addresses for the combined property. The existing duplex would be renovated and converted to a single-family home with a detached garage with guest apartment to be newly constructed.

City Manager Jarboe stated without the replat Mr. Scott would be able to build a duplex on each of the two lots.

Moved by Shealy, seconded by Pruette.

Motion: **TO APPROVE THE FINAL DEVELOPMENT ORDER FOR MR. GREG SCOTT AT 622, 624, & 630 OCEANFRONT.**

MOTION CARRIED

Storm Drains

CLEANING OF STORM DRAINS EAST OF THIRD: City Manager Jarboe asked the Council for permission to contract with Environmental Pipeline Rehabilitation for \$21,000 to televise and clean all of the stormwater drains east of Third Street. The contract would piggyback on a J.E.A. contract for \$3.00 per linear foot.

Moved by Weldon, seconded by Gilbert.

Motion: **TO AUTHORIZE THE CITY MANAGER TO EXPEND \$21,000 TO T.V. AND CLEAN STORM DRAINS EAST OF THIRD STREET.**

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown stated Ordinance No. 2004-08, regarding fireworks should be adopted before July 4, 2004.

Vice Mayor Gilbert felt the vote to banning fireworks was premature without further documentation of associated problems. He also felt there would not be enough time to inform the public before the July 4th holiday.

Mayor Brown called a special meeting to be held following the June workshop meeting for the second read and public hearing of the fireworks regulation Ordinance No. 2004-08.

Consensus: **TO HOLD A SPECIAL MEETING FOLLOWING THE JUNE WORKSHOP FOR THE SECOND READ AND PUBLIC HEARING OF ORDINANCE 2004-08.**

Vice Mayor Gilbert asked the City Manager to provide documentation that Jacksonville Beach and Atlantic Beach had adopted a similar ordinance at the June workshop meeting.

City Manager Jarboe stated Council would be considering for the first time a capital outlay plan at the June workshop meeting and a presentation on the Technology Evaluation Study.

Adjournment

There being no further business, the meeting adjourned at 8:31 p.m.

Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special workshop meeting to order at 6:40 p.m. and announced the purpose of the meeting was to decide the design for the Kings Road Bridge.

Kings. Rd. Bridge

KINGS ROAD BRIDGE REPLACEMENT DESIGN: Mayor Brown stated there were safety concerns with the way the bridge was to be designed and cost issues. City Manager Jarboe reviewed that the discussion had centered on where to put walkways on the bridge. City Manager Jarboe introduced Gregory Nettuno, P.E. Vice President of North Florida Operations, G.A.I. Consultants who would answer questions. Mr. Jarboe emphasized that the city needed a consensus from council so that the project could be started since the cost of steel was going up everyday.

Vice Mayor Gilbert understood there was some concern for a separation between vehicles and pedestrians. The current bridge is 16 feet wide. Vice Mayor Gilbert questioned why four feet could be added for pedestrians for a total of 20 feet instead of a 24 feet design. Mr. Nettuno answered the span type is premade and comes in 8 feet sections. That is the reason for 24 feet. The city is not saving money by going to 20 feet span since a half span would be needed. If you use 6 feet spans you lose the safety section and you would not save a significant amount of money. The cost is \$120 per square foot, the total cost approximately being \$330,000.

Councilor Shealy's only concern was the safety of the kids walking and fishing. He felt the bridge project needed to start as soon as possible.

Councilor Pruette was also concerned for safety. She explained she would like a handrail between vehicles and pedestrians.

Councilor Weldon asked what was the cost difference between 24 feet and 20 feet. Mr. Nettuno answered it would not be saving much by making it narrower than 24 feet. He prefers to protect the sidewalk with a handrail and rail on top of wall. Mr. Nettuno explained there is no expectable DOT standard for just a rail for safety. Vice Mayor Gilbert commented the pedestrian walk way would be on the west side. Mayor Brown suggested making the sidewalk smaller. Mr. Nettuno stated 5 feet was used regularly for ADA requirements.

Councilor Pruette asked if it were possible to make both sides safe for pedestrians. Mr. Nettuno stated it would not be safe to make travel lanes 12 feet without any shoulder. Councilor Weldon commented it was better to have one side very safe than two sides unsafe. The city could enforce no fishing on one side of the bridge. Mr. Nettuno offered to add signs.

Consensus: **THE MIDDLE DESIGN SUBMITTED WHICH ALLOWED FOR A 5 FOOT PROTECTED SIDEWALK ON THE WEST SIDE WITH RAILING ON TOP OF THE BARRIER AND A 12 FOOT TRAVEL LANE WITH A SHOULDER ON EACH SIDE.**

Adjournment

There being no further business, the meeting adjourned at 6:55 p.m.

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:00 p.m.

PRESENTATIONS

TECHNOLOGY EVALUATION AND STRATEGIC TECHNOLOGY DIRECTION INFORMATION

PLAN: City Manager Jarboe stated one of the issues from the Goal Setting Meeting was to determine necessary steps to upgrade the city's technology system. His office contacted the Florida League of Cities and requested assistance in conducting a Technology Evaluation. Mr. Frank Hagy, CPM, Chief Information Officer for Florida League of Cities was prepared to present a report on the findings.

Mr. Hagy explained the League began its work by gathering City data, spending time on-site interviewing various employees and talking with current software vendors and providers. The League recommended that the City upgrade the technology infrastructure including the network transport system, upgrade the desktop environment, and replace the current enterprise software package.

The following were specific recommendations:

- Priority 1: Separate NT Server from ISERIES (AS/400)
- Priority 2: Establish a Standard Architecture
- Priority 3: Replace Obsolete PC's (12)
- Priority 4: Replace the Current Enterprise Software Package (H.T.E.)
- Priority 5: Connect to the Public Works Complex
- Priority 6: Imaging

City Manager Jarboe stated according to the report the purchase of new hardware and software would save the city approximately \$160,000 over a 10 year period. He added the Florida League of Cities was non-bias and they were not trying to sell a product.

Councilor Weldon asked City Manager Jarboe if Council action was needed at this time. City Manager Jarboe replied the funds for the technology update were included in the fiscal year Capital Improvement Plan and would be approved by Council when the 2004-2005 budget was approved.

COMMITTEE REPORTS / NONE

CITY MANAGERS ACTION LIST

City Manager Jarboe asked Council if they had any questions regarding his Action List. He advised one of the projects currently underway was the videotaping and cleaning of the storm water sewers. A copy of the videotape was on file in his office for anyone to view.

Vice Mayor Gilbert asked if the pump behind Beaches Chapel had been installed. City Manager Jarboe replied there were no recent problems with flooding in the area. He would like to find out from the televising what work would be needed before the installation.

Councilor Weldon questioned if the grant software purchased for \$4,000 was an asset. Community Development Director Jason Cleghorn responded the software worked fine but many of the available grants were not for a city of our size. City Manager Jarboe stated having no low-income areas precluded obtaining grants.

Councilor Pruette asked when the repaving would begin. City Manager Jarboe replied he wanted to make sure the First Street drainage problem was complete before repaving to avoid having to cut the street up again. He estimated the repaving would begin toward the end of July and once they started it would only take about 2 or 3 weeks to complete.

Councilor Weldon asked if the A1A landscaping would be funded through the Better Jacksonville Plan. City Manager Jarboe replied once the landscape design was approved by the City of Jacksonville it would be funded through the Better Jacksonville Plan.

Councilor Weldon asked about the concrete wall that was to be built around the lift station on Third Street and Florida Boulevard. City Manager Jarboe explained at the present time it was extremely difficult to get the materials for a concrete wall. The contractor was still waiting for material to complete the wall around the new Public Works Complex.

For the Record Councilor Weldon stated for the record he did not want to drop the idea of adequately screening the lift station at the corner of Florida Boulevard and A1A in Jarboe Park.

City Clerk Lisa Volpe stated the Regular Council Meeting for July fell on July 5th, which was a holiday, and City Hall would be closed. She asked the Council if they would prefer to reschedule the meeting for Tuesday July 6th or Monday July 12th. She added Community Director Jason Cleghorn had completed Group 3 of the Land Development Regulations and a meeting needed to be scheduled.

City Manager Jarboe added he would like to have a Labor Strategy Meeting before the Workshop Meeting on July 19, 2004 at 6:00 p.m.

Consensus: **TO HOLD THE REGULAR MEETING TUESDAY JULY 6, 2004 AT 7:00 P.M. AND THE LABOR STRATEGY MEETING JULY 12, 2004 AT 6:00 P.M AND THE LAND DEVELOPMENT MEETING JULY 12, AT 6:30 P.M.**

PUBLIC COMMENTS / NONE

PROPOSED ORDINANCES

Ord. No. 2004-08

ORDINANCE NO. 2004-08 – REGULATION OF FIREWORKS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 14 OFFENSES; BY CREATING A NEW SECTION 14-9, "REGULATION OF FIREWORKS;" SETTING FORTH REGULATIONS FOR THE POSSESSION OF FIREWORKS; PROVIDING PENALTIES; PROVIDING FOR CONFLICTING ORDINANCES; SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette stated the word "sales" was left out of the title and the body of the Ordinance. She requested a friendly amendment to add the word "sales." City Clerk Volpe stated the title could not be changed but it could be added to the body of the Ordinance.

Consensus: **TO INCLUDE THE WORD "SALE" IN THE BODY OF THE ORDINANCE.**

Councilor Weldon questioned the intent of the Ordinance and if it would prevent people from using fireworks on their property. Chief Brandt replied the objective and intent of the Ordinance was to prevent all fireworks other than city sponsored events. It would prevent people from using fireworks on their property.

Consensus: **FORWARD TO THE SPECIAL MEETING FOLLOWING THIS WORKSHOP TO TAKE ACTION.**

ISSUE DEVELOPMENT

Voice Stress
Analysis

REQUEST FOR PUBLIC SAFETY TO EXPEND \$10,800 FOR A VOICE ANALYZER FROM THE FORFEITURE FUND: Chief Brandt explained the voice analyzer was a tool used to find out if people were lying or telling the truth. He added one of the officers had professional training on the operation of the device.

Consensus: **FORWARD TO THE JULY REGULAR CITY COUNCIL MEETING.**

Recess/Reconvene

Mayor Brown called a recess at 7:23 p.m. and reconvened the meeting at 7:36 p.m.

Budget 2004-2005

CAPITAL IMPROVEMENT PLAN AND ENTERPRISE FUNDS: City Manager Jarboe

explained this was the portion of the budget that included the Enterprise Funds and the Capital Improvement Plan. The format for the Capital Improvement Plan included items over \$15,000 for Council to consider throughout the upcoming 5-year period.

Director of Finance Steve Ramsey reported the water & sewer rate increase of 3.04% approved last year would be effective October 1, 2004. He projected a 4.6% increase in the overall Water & Sewer Revenue.

Mr. Ramsey reported the following Proposed Budget for Year Ending September 30, 2005.

Account	2005 Budget Request	% Increase (Decrease)
General & Administrative	\$ 337,204	6.92%
Sewer Services	\$ 906,155	9.51%
Water Services	\$ 740,190	3.10%
Interfund Transfers	\$ 69,727	3.49%
Stormwater Utility Fund	\$ 247,061	25.36 %

MINUTES
SPECIAL CITY COUNCIL MEETING
JUNE 21, 2004 AT 8:05 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held June 21, 2004, at 8:05 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor John Weldon
City Manager James Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

Councilor Larry Shealy
City Attorney Christopher White

STAFF:

Director of Public Safety William Brandt
Director of Community Development Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 8:05 p.m. and announced the purpose of the meeting was for the second reading and public hearing of Ordinance No. 2004-08, regulation of fireworks.

Ord. No. 2004-08

ORDINANCE NO. 2004-08, REGULATION OF FIREWORKS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 14 OFFENSES; BY CREATING A NEW SECTION 14-9, "REGULATION OF FIREWORKS;" SETTING FORTH REGULATIONS FOR THE POSSESSION OF FIREWORKS; PROVIDING PENALTIES; PROVIDING FOR CONFLICTING ORDINANCES; SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-08 by title only and opened the public hearing.

Wade Westbrook, 1918 Strand Street, stated there were a lot of fireworks near his house from May through September leaving litter all over the beach. He favored Ordinance No. 2004-08.

There being no further comments from the public the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADD THE WORD "SALE" IN PARAGRAPH 2(A) AND ADOPT ORDINANCE NO. 2004-08 AS AMENDED.**

Inconvenience

Vice Mayor Gilbert felt the ordinance was imposed on Neptune Beach due to Jacksonville Beach and Atlantic Beach passing a similar ordinance. He stated citizens had enjoyed fireworks on the beach for the past 20 years. He was also concerned there was not sufficient time to notify the citizens before the 4th of July celebration.

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 0

Absent: 1 – Shealy

Director of Public Safety Chief William Brandt
Director of Community Development Jason Cleghorn
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Weldon to lead the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown recognized and presented plaques to Steven Davie, Jerry Dredge, Mike Todd, and Harry Mullins, for their assistance in the transportation of the Easter Bunny to the "City of Neptune Beach Easter in the Park Event 2004".

Mayor Brown recognized Elaine Kenny and Rebecca Miller for volunteering and organizing the "Sunday in the Park" event.

Ron Hoogle, Project Manager for G.A.I. Consultants, gave a presentation of the proposed design of the Kings Road Bridge. He explained the structure of the bridge and construction materials.

Discussion ensued regarding different design options and materials.

City Manager Jarboe stated he would obtain additional pricing for suggested options and forward the information to the workshop meeting for discussion.

Consensus: **FORWARD TO THE MAY WORKSHOP AGENDA.**

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MINUTES:**

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated the residents on Margaret Street were once again having problems with noise, and parking. City Manager Jarboe responded he was aware of the situation and was taking action. Councilor Pruette also commented that she received a letter from Jacksonville City Councilman Art Graham denying the city's request to put a light on Florida Blvd by the elementary school. She asked the city to keep up this effort.

City Clerk Volpe introduced Cynthia Baines and John Reeves to the Council. They were both to be appointed to the Board of Appeals by Resolution 2004-09, which was later on the agenda.

CITY MANAGER REPORTS

SEWER IMPROVEMENT PROJECT: The Sewer Improvement Project was complete with the exception of a few odds and ends.

PUBLIC SERVICES FACILITY PROJECT: The Public Services Facility Project was estimated to be complete in six weeks. A ribbon cutting ceremony and hot dog social would be planned once the project was complete.

Councilor Weldon questioned if the area on the north side of the fence would be landscaped. City Manager Jarboe replied once the asphalt was completed they would work with the neighbors on landscaping the area on south side of Forest Avenue from the fence to the road.

Councilor Pruette asked if new furniture would be purchased for the new offices. City Manager Jarboe stated new furniture would be purchased for Director of Public Services Leon Smith's office and for the entrance lobby. For the time being the old furniture would be used in the remaining offices.

PUBLIC COMMENTS

Steve Jarrett, 36 Seawood Drive, Jacksonville Beach, asked the Council to consider allowing extra height limits for commercial structures to hide air conditioning units, elevator shafts, and other equipment generally placed on the roofs.

Marsha Coker, 206 Margaret Street, asked for increased police patrol on Margaret Street to control the noise, late night partying, and illegally parked cars.

Christine Chin, 227A Margaret Street, stated Margaret Street residents were once again having problems with noise, late night partying and illegally parked cars.

Dennis Joyce, 1998 Strand, stated the parked cars on Margaret Street sometimes prevented other cars from driving down the road. He questioned if it was legal for cars to be parked in the street. City Manager Jarboe stated parking on the street was legal, as long it did not block the road. He explained a letter would be sent to all the residents on Margaret Street informing them of city ordinances and the penalties for violations.

David Cole, 1500 Penman Road, asked Council to forward Ordinance No. 2004-06, to the next workshop to consider allowing extra height for commercial buildings.

CONSENT AGENDA

Res. No. 2004-08

RESOLUTION NO. 2004-08: A RESOLUTION ESTABLISHING THE ATLANTIC BOULEVARD REVITALIZATION COMMITTEE AND APPOINTING MEMBERS.

ATLANTIC COAST ASPHALT COMPANY CONTRACT: Approval of a purchase order with Atlantic Coast Asphalt to pave streets and install speed humps.

AQUA EAST SURF CAMP: Approval to allow Scott Holmes to conduct surf camps on the beach.

Councilor Pruette requested removing Resolution No. 2004-08 from the consent agenda for further discussion.

Moved by Pruette, seconded by Weldon.

Motion: **TO REMOVE RESOLUTION NO. 2004-08 FROM THE CONSENT AGENDA AND VOTE ON ITEMS B & C.**

Roll Call Vote:

Ayes: 4 – Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Pruette suggested striking the words “in a row” from Section 5 which read: Any committee member missing more than three (3) called meetings in a row will no longer remain a member of the committee.

The remaining Council Members disagreed and felt “in a row” should not be stricken.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE RESOLUTION 2004-08.**

Roll Call Vote:

ORDINANCES

Ord. No. 2004-05

ORDINANCE NO. 2004-05 – AMENDING CHAPTER 2, ADDING SECTION 2-363, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 2, ADDING SECTION 2-363 TRANSFER OF APPROPRIATIONS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-05 by title only and opened the public hearing.

Leslie Karlin, 1506 Spindrift Circle West, favored approval of Ordinance No. 2004-05.

There being no further comments from the public the public hearing was closed.

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2004-05 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 4 – Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2004-06

ORDINANCE NO. 2004-06 – BUILDING HEIGHT – FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA CALLING FOR A REFERENDUM TO AMEND THE CHARTER TO CREATE A NEW SECTION 4.07 TO LIMIT THE HEIGHT OF ALL BUILDING STRUCTURES IN THE CITY OF NEPTUNE BEACH TO THIRTY-FIVE FEET; AND ESTABLISHING AN EFFECTIVE DATE.

Councilor Shealy suggested the ordinance read, “no residential building structure in the city shall be allowed to exceed 35 feet.” This would leave commercial building structures height limitations as they now stood.

Councilor Weldon felt commercial buildings should have a special exception to mount utilities on the roof.

Discussion ensued regarding the current height limitations on commercial buildings.

Steve Jarrett suggested amending the ordinance to include the 41 feet for commercial buildings.

For the Record Councilor Weldon stated for the record the code did not allow an automatic extra 6 feet or 41 feet for commercial buildings.

City Clerk Volpe stated in order for the referendum to be placed on the ballot the

ordinance had to be in the Supervisor of Elections Office by July 19, 2004.

Councilor Weldon suggested passing Ordinance No. 2004-06 on first read and working out the details at the workshop meeting.

Councilor Pruette suggested the ordinance read as follows: "no residential building structure in the city shall be allowed to exceed 35 feet and no commercial building shall not exceed 41 feet."

Moved by Weldon, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2004-06 ON FIRST READ CALLING FOR A REFERENDUM ELECTION AMENDING THE CHARTER REGARDING BUILDING HEIGHT LIMITATION AND THAT THE COUNCIL AGREE TO REVISE THE LANGUAGE IN THE ORDINANCE TO ADDRESS THE ISSUE OF ROOF TOP UTILITIES AND PARAPET WALLS TO SCREEN UTILITIES.**

ORDINANCE NO. 2004-08 – FIREWORKS – FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 14, OFFENSES; BY CREATING A NEW SECTION 14-9, "REGULATION OF FIREWORKS;" SETTING FORTH REGULATIONS FOR THE POSSESSION OF FIREWORKS; PROVIDING PENALTIES; PROVIDING FOR CONFLICTING ORDINANCES; SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Director of Public Safety William Brandt explained the ordinance would give police officers the authority to confiscate illegal fireworks. Atlantic Beach and Jacksonville Beach were both adopting similar ordinances before July 4, 2004.

Councilor Pruette questioned how the ordinance would be enforced. Chief Brandt replied officers would issue "Notices to Appear."

Moved by Pruette, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2004-08 ON FIRST READ.**

Roll Call Vote:

Ayes: 4 – Pruette, Shealy, Weldon, Brown

Ditch Maint.

DITCH MAINTENANCE PLAN – PURCHASE OF MENZI MUCK: City Manager Jarboe explained the Menzi Muck could be purchased by piggybacking off of the City of Jacksonville for a cost of \$175,000 saving an estimated \$30,000. The Menzi Muck would enable the city to have the equipment in house to maintain ditches. The company would also train city employees to operate and maintain the equipment.

Councilor Weldon was concerned because the money was not budgeted and asked if it could be incorporated into the coming years budget. City Manager Jarboe stated he would inquire as to when the City of Jacksonville's contract expired.

City Manager Jarboe explained Finance Director Steve Ramsey suggested borrowing the money from the general fund and paying it back over four years. He added he would institute a Capital Outlay Plan for the upcoming budget.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE THE PURCHASE OF THE MENZI MUCK.**

Roll Call Vote:

Motion: **TO APPROVE RESOLUTION NO. 2004-10.**

Roll Call Vote:

Ayes: 4 – Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Councilor Pruette stated bricks were being sold for \$100.00 to raise funds for the track improvements at Neptune Beach Elementary School. The project was scheduled to begin the first of June and be completed by the middle of July.

Councilor Weldon stated the current code allowed exceptions to accommodate elevator shafts and utilities and did not specifically allow 41 feet. He asked council members to consider that while thinking about how to word the referendum.

City Manager Jarboe read Section 27-239 of the Code. Building height limitations. (b) Exceptions. The following features are exempt from the height limitation: 1) Church steeples, chimneys and similar structures not intended as places of occupancy or storage, 2) Flag poles and similar devices, and 3) Heating and air conditioning equipment, solar collectors, elevator shafts, and similar equipment, fixtures, and devices provided that: (a) They are set back from the edge of the roof a minimum distance of one foot for every foot by which such feature extend above the roof surface of the principle building to which they are attached, (b) No more than one-third of the total roof area may be occupied by such features, and (c) Parapet walls are constructed up to a height not to exceed the height of such features.

SPECIAL CITY COUNCIL MEETING
MAY 10, 2004 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held May 10, 2004, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

City Attorney Christopher White

STAFF:

Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting was the second read and public hearing for Ordinance No. 2004-02 and the first read and public hearing for Ordinance No. 2004-10.

Ord. No. 2004-02

ORDINANCE NO. 2004-02, AMENDING CHAPTER 27, SECTION 27-479, SIDEWALKS AND BIKEWAYS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance No. 2004-02 by title only and opened the public hearing.

Hays Bishop, 1443 Spindrift Circle East, opposed Ordinance No. 2004-02 allowing sidewalk dining on public property.

Joanne Hoffman, 130 Sandcastle Way, opposed Ordinance No. 2004-02. She turned in a petition signed by other citizens that also opposed.

Mary Ann Padrta, 1030 Second Street, opposed Ordinance No. 2004-02 and asked the Council to vote "no".

There being no further comments from the public the public hearing was closed.

Moved by Weldon, seconded by Gilbert.

For the Record Councilor Pruette stated for the record that she enjoyed outdoor dining, but not on public property.

Councilor Shealy felt allowing sidewalk dining on the right-of-way would not benefit Town Center.

Motion: **TO ADOPT ORDINANCE NO. 2004-02 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 3 – Gilbert, Weldon, Brown

Noes: 2 – Pruette, Shealy

MOTION CARRIED

Councilor Pruette quoted Section 4.5 of the Code of Ordinances. "It shall be unlawful for any person to consume any alcoholic beverage or to possess any alcoholic beverage in an open container while upon the Atlantic Ocean beach, public property such as streets and highways and other rights-of-ways." She felt this section of the code needed to be addressed.

Councilor Gilbert requested placing the subject on the workshop agenda to address and obtain a legal opinion from City Attorney White.

Ord. No. 2004-10

ORDINANCE NO. 2004-10, AMENDING THE OPERATING BUDGET, FIRST READ AND PUBLIC HEARING: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2004 BEGINNING OCTOBER 1, 2003 AND ENDING SEPTEMBER 30, 2004.

City Manager Jarboe explained the ordinance would amend the budget to allow expenditures for the menzi muck, regular salaries due to changes in city managers, and contributions to the Police Pension Fund.

Mayor Brown read Ordinance No. 2004-10 by title only and opened the public hearing.

There being no comments from the public the public hearing was closed.

Moved by Weldon, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2004-10 ON FIRST READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Ord. No. 2004-02

Councilor Weldon questioned the need to address the issue of Section 4.5 of the Code when City Attorney White had already reviewed and approved of the ordinance. He felt the process had been held up long enough.

City Manager Jarboe stated he would speak with the City Attorney the next day and provide the Council his opinion.

Vice Mayor Gilbert stated he would be satisfied with a letter or memo from the City Attorney.

City Clerk Volpe reminded the Council the development order for Sunny Caribbee still required approval. It was postponed until the ordinance was adopted.

Council Members questioned why the development order was not placed on this agenda.

Community Development Director Cleghorn stated the ordinance was not solely for Sunny Caribbee. This was only the beginning of the process to allow outdoor seating on the public right-of-way.

Councilor Weldon clarified the council was not working solely on behalf of Mr. Brocato. He asked City Manager Jarboe to tie up all the loose ends before the June regular meeting.

Mayor Brown questioned why the issue of the development order and the resolution had not been discussed in previous meetings.

City Manager Jarboe explained the development order could not be approved concurrently. The first step was to adopt the ordinance and the next step was to approve the development order. He added anytime there was a change to an original development order a new order was required.

Adjournment

There being no further business, the meeting adjourned at 6:36 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
MAY 17, 2004, AT 7:20 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held May 17, 2004 at 7:20 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Public Safety Director William Brandt
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:20 p.m.

PRESENTATIONS

APPRECIATION PLAQUE PRESENTATIONS – LARRY DEAN, SAM BASS, AND JOAN HERMAN: Mayor Brown recognized and presented plaques to Officer Larry Dean for 30 years of service with the city, Officer Sam Bass for 25 years of service, and Joan Herman for 25 years of service.

ROUNDAABOUT PRESENTATION – MICHAEL WALLWORK, P.E., ALTERNATE STREET DESIGN, P.A.: Michael Wallwork, P.E., Alternate Street Design, gave a presentation on roundabouts verses traffic signals at intersections.

Discussion ensued regarding the placement of roundabouts on Penman Road at Florida Boulevard and Penman Road at Seagate Avenue.

City Manager Jarboe stated Florida Boulevard was a county road and would require cooperation from the City of Jacksonville.

Consensus: **SOLICIT A PROPOSAL FROM MR. WALLWORK FOR A FEASIBILITY**

STUDY.

Vice Mayor Gilbert requested the study include placement of a roundabout at Windward Lane and Florida Boulevard at the entrance of the Neptune Beach Elementary School.

AUDIT PRESENTATION – DUFRESNE & ASSOCIATES: Linda Defrasne, Defrasne & Associates, C.P.A., P.A., presented and reviewed the audit report.

LONG RANGE TRANSPORTATION PLAN PRESENTATION – FIRST COAST METROPOLITAN PLANNING ORGANIZATION: Denise Bunnewith gave a presentation on the Metropolitan Planning Organization's long-range transportation plan that would be completed in December of 2004. She encouraged the public to attend the workshops and provide opinions.

KINGS ROAD BRIDGE PRESENTATION – G.A.I. CONSULTANTS: Ronald Hooglan, P.E., Project Manager, G.A.I. Consultants, presented a design for the Kings Road bridge. The design was for a 12' travel lane and a sidewalk with pedestrian railing separated from the travel lane by a barrier rail. He explained how the bridge would be constructed and the materials that would be used.

Councilor Shealy stated the sidewalk would provoke children to fish off of the bridge. He felt this would be a safety concern because when the tide went down they would want to fish from the other side where there was no sidewalk. He suggested maybe placing a sidewalk on both sides.

City Manager Jarboe stated it would cost an additional \$50,000 to add a sidewalk on the west side. He was concerned about the rising cost of materials

Vice Mayor Gilbert felt the sidewalk would encourage people to gather and fish and he did not see that as an asset to the community.

Mayor Brown stated there would be activity on the bridge with or without the sidewalk.

Councilor Weldon felt the bridge should be rebuilt to accommodate vehicles, bicyclist, and pedestrians. He felt eliminating the sidewalk would be a disservice to the community.

Discussion continued regarding the size of the bridge and the need for a sidewalk.

Mr. Hooglan suggested painting bicycle lanes on both sides with the traffic lane in the middle. The bicycle lanes would allow pedestrians and cyclist to safely use the bridge.

City Manager Jarboe asked what the total construction cost would be for the bridge. Mr. Hooglan estimated the cost of the bridge to be around \$325,000.

Consensus: **TO DESIGN A 24 FOOT WIDE BRIDGE WITH A 12' TRAVEL LANE AND 4' PAINTED BICYCLE LANES ON EACH SIDE.**

Recess/Reconvene

Mayor Brown called for a recess at 9:35 p.m. and reconvened the meeting at 9:45 p.m.

City Clerk Volpe reminded the Council of the Land Development Regulations Review meeting on Monday, May 24, 2004 at 6:00 p.m.

COMMITTEE REPORTS / NONE**CITY MANAGERS ACTION LIST**

City Manager Jarboe asked the Council to phone him if they had any questions regarding the City Manager's Action List.

PUBLIC COMMENTS

David Cole, 1500 Penman Road, was concerned about the point of reference for the height limit due to hurricane regulations set by the Department of Environmental Protection.

Steve Jarrett, 36 Seawood Drive, Jacksonville Beach, felt 2-way pedestrian traffic was not necessary on the new Kings Road bridge and eliminating one could save the city \$60,000. He was concerned about regulations set by the St. Johns River Water Management District and the Department of Environmental Regulations and recommended the finished floor begin 1 foot above an approved site plan.

Daryl Grubbs, 1919 Nightfall Lane, felt the referendum raising the height limit was not necessary and needed more research. He agreed there was an issue with children fishing off of the Kings Road bridge.

Christine Chin, 227A Margaret Street, felt the referendum needed to be clear on the point of reference.

PROPOSED ORDINANCES

Ord. No. 2004-06

ORDINANCE NO. 2004-06 – BUILDING HEIGHT REFERENDUM: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, CALLING FOR A REFERENDUM TO AMEND THE CHARTER TO CREATE A NEW SECTION 4.07 TO LIMIT THE HEIGHT OF ALL BUILDING STRUCTURES IN THE CITY OF NEPTUNE BEACH TO THIRTY-FIVE FEET; AND ESTABLISHING AN EFFECTIVE DATE.

Mayor Brown asked if the proposal before the council was the language that would be on the ballot.

City Manager Jarboe suggested the following proposal:

Height Limit
Referendum

Section 4.07 Building Height Limitation Set by Referendum., no building that exceeds 35 feet shall be permitted in the City.

- a) *Purpose.* To protect the public health, safety, general welfare and aesthetics.
- b) *Point of Reference.* The height of a building will be determined by using the average natural grade of that portion of the property that is to be built upon.
- c) *Damaged Buildings over 35 feet.* Such buildings may be built back to their original height.
- d) *Exceptions:* 1. Non-residential buildings may be allowed an additional five-feet for uses such as air conditioners, solar cells, elevators and parking. 2) Antennas, flagpoles, spires, water towers not intended for human occupation may exceed the height limit.
- e) *Lower Height Limits.* City Council may impose lower height limits in individual zoning districts.

BALLOT TITLE: Adding Section 4.07 Building Height Limitation to the Neptune Beach City Charter.

BALLOT SUMMARY: Adding Section 4.07 Building Height Limitation to the Neptune Beach Charter limiting the height of new and remodeled buildings to 35 feet; providing height definitions and exclusions; allowing for a provision for damaged buildings to be rebuilt to their existing height, the City Council may impose lower height limits in individual zoning districts.

City Manager Jarboe explained the proposal outlined the language that could be placed on the ballot. Section 4.07 Building Height would be the language actually added to the Charter if the referendum was approved. The Ballot Title was limited to no more than 15 words and the Ballot Summary was limited to 75 words.

Mayor Brown stated at the last discussion it was suggested that the easiest way to describe the referendum to the public would be for residential buildings only.

Councilor Weldon stated there was a misconception that the language on the referendum was limited. It was since learned that you could actually write an ordinance in more detail as long as the ballot summary clearly reflected the changes to the Charter. He felt both commercial and residential structures needed to be addressed in the referendum. He felt a) was okay, b) could be saved for later discussion, c) okay, d) change "non-residential" to "commercial". He felt if Council agreed with the proposal with the grammar changes, they only needed to decide the point of reference.

City Manager Jarboe added for consideration: b) or development required grade for drainage or coastal setback requirements.

Vice Mayor Gilbert felt if state agencies dictated a certain grade then that should be the point of reference and lots not requiring state agency approval needed to be in line with the neighboring existing homes.

Mayor Brown suggested identifying the point of reference in ordinance form instead of putting it in the Charter.

Vice Mayor Gilbert questioned if the entire proposal from City Manager Jarboe including; Section 4.07, Ballot Title, and Ballot Summary would be on the ballot.

City Clerk Volpe replied she would inquire with Supervisor of Elections Office.

Discussion ensued regarding point of reference.

Councilor Pruette suggested the issue of point of reference be discussed Monday, May 24, 2004 before the Land Development meeting.

Councilor Weldon agreed to forward the discussion to Monday, May 24, 2004, adding that he would like to change the following: c) to read "rebuilt to their original height, d) 1. to read "commercial buildings allowed an additional 5 feet" as opposed to non-residential, and d) 2. to replace the word "spires" with "antennas, flagpoles, church steeples, and water towers not intended for human occupation.

City Manager Jarboe stated he would be concerned about discrimination if it read only church steeples because other commercial buildings may want to erect steeples.

Councilor Weldon agreed to take out the word "church" leaving " steeples."

Councilor Weldon stated the last change he would like to change the last sentence of the Ballot Summary to read: "providing height definitions and exclusions: allowing for provisions for damaged buildings to be rebuilt to their existing height and authorizing City Council to impose lower height limits in individual zoning districts.

Consensus: **TO DISCUSS THE POINT OF REFERENCE ON THE 35' HEIGHT LIMITATION BEFORE THE LAND DEVELOPMENT MEETING ON MAY 24, 2004 AT 6:00 P.M.**

Ord. No. 2004-08

ORDINANCE NO. 2004-08 – FIREWORKS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 14 OFFENSES; BY CREATING A NEW SECTION 14.9, "REGULATION OF FIREWORKS;" SETTING FORTH REGULATIONS FOR THE POSSESSION OF FIREWORKS; PROVIDING PENALTIES; PROVIDING FOR CONFLICTING ORDINANCES; SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert felt the ordinance did not go through the proper channels for first read and requested this ordinance be deferred to the June workshop meeting.

Consensus: **TO DEFER ORDINANCE NO. 2004-08 TO THE JUNE WORKSHOP MEETING.**

CONTRACTS / AGREEMENTS / NONE

MINUTES
SPECIAL CITY COUNCIL MEETING
MAY 17, 2004 AT 6:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held May 17, 2004, at 6:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Director of Public Safety William Brandt
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:30 p.m. and announced the purpose of the meeting was to vote on the Development Order for Sunny Caribbee and Resolution No. 2004-11.

Sunny Caribbee
100 First St.

DEVELOPMENT ORDER – SUNNY CARIBBEE – 100 FIRST STREET: City Manager Jarboe explained the Planning & Development Review Board denied recommending approval of the development order because there were no provisions in the Code that allowed for outdoor seating on public right-of-ways. The development order was postponed until Ordinance No. 2004-02 was adopted and a vote was now in order.

Moved by Gilbert, seconded by Weldon.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR SUNNY CARIBBEE.**

City Manager Jarboe suggested including in the motion that the development order would be contingent on the conditions of the lease agreement

Moved by Weldon, seconded by Gilbert.

Friendly **APPROVAL OF THE DEVELOPMENT ORDER WILL BE CONTINGENT**

Amendment **ON THE CONDITIONS OF THE LEASE AGREEMENT.**

Roll Call Vote:

Ayes: 3 – Gilbert, Weldon, Brown

Noes: 2 – Pruette, Shealy

MOTION CARRIED

Res. No. 2004-11

RESOLUTION NO. 2004-11 – LEASE FOR PUBLIC RIGHT-OF-WAYS: A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA AUTHORIZING THE LEASE AGREEMENT BETWEEN THE CITY OF NEPTUNE BEACH AND SUNNY CARIBBEE.

Moved by Weldon, seconded by Gilbert.

Motion: **TO APPROVE RESOLUTION NO. 2004-11, BASED ON A RENTAL LEASE RATE OF \$10.05 PER SQUARE FOOT @ 433.5 SQUARE FEET.**

Councilor Pruette suggested making the following changes to the lease:

- Changing the trial period from one year to six months.
- Require Mr. Brocato to be responsible for replacing and maintaining trash receptacles.
- The entrance into the outdoor dining area would be through the restaurant only.
- Glass containers would not be allowed in the outdoor seating area.
- Mr. Brocato would be required to remove and replace the personalized bricks upon owner request and replace them if damaged during the move.

Councilor Weldon asked Mr. Brocato how he felt about those conditions. Mr. Brocato replied he would be happy to remove and relocate bricks upon request and would replace them if they were damaged during the move. He would be responsible for the trash receptacles and would immediately remove any broken glass from the outdoor seating area.

Councilor Weldon stated the trial period had previously been discussed and determined and the Ordinance stated Council had the right to revoke the lease at any time.

Vice Mayor Gilbert stated the lease required that all dining or other activities cease no later than 10:00 p.m. He questioned if that meant the area was to be cleared of patrons at 10:00 p.m. or if 10:00 p.m. would be the latest to seat patrons. Mr. Brocato replied the average table of four usually dined forty five minutes and he would have to stop seating patrons outdoors at 9:15 p.m.

Councilor Shealy also felt one year was too long for a trial period.

Councilor Weldon stated he would not object to a six or eight month trial period.

Mr. Brocato stated he was in the process of committing to guests during the super bowl and it was important that he have the space available. He would also have to commit to manpower and could not do that if he was limited.

Roll Call Vote:

Ayes: 3 – Gilbert, Weldon, Brown

Noes: 2 – Pruette, Shealy

Call to Order/Roll Call

The Mayor called the meeting to order at 6:08 p.m.

Height Referendum

Mayor Brown stated the first item to discuss was the Height Referendum.

City Manager Jarboe explained at the last meeting there was discussion as to what the point of reference was. The staff's recommendation for the point of reference was within the packet. He read it aloud, "The Point of Reference for determining the height of a building shall be of one foot above the crown of the road in front of the propose building or the average of the natural existing grade. The point of reference for determining the height of a commercial building affected by the Coastal Construction Control Line will be the minimum elevation required for habitable space required by Florida Administrative Code."

Councilor Weldon stated he was happy with it except the conflict of natural grade or crown of the road. After some discussion it was suggested adding "the greater of". He also explained the second line had an effect on all of the commercial area. Council discussed the effect of this line, which would make some commercial buildings slightly higher.

City Clerk Volpe stated the elections office confirmed that the code language, ballot title

and ballot summary could all be included on the ballot. Council asked if the code language could be left out to avoid confusion. Ms. Volpe commented she would find out.

Councilor Weldon pointed three typo's 1) in c "back" needed to be deleted and "building" needed to be directly after "damaged" 2) in d add "and" after steeples and change "occupation" to "occupancy".

City Manager Jarboe stated once the changes were made it would be sent out for the council to look at. The city could send out information about the referendum instead of the newsletter before election.

Consensus **TO INSERT THE NEW WORDING INTO THE ORDINANCE.**

: ***Section 4.06 Building Height Limitation Set by Referendum., no building that exceeds 35 feet shall be permitted in the City.***

- (a) *Purpose. To protect the public health, safety, general welfare and aesthetics.*
- (b) *Point of Reference. The Point of Reference for determining the height of a building shall be the greater of one foot above the crown of the road in front of the propose building or the average of the natural existing grade. The point of reference for determining the height of a commercial building affected by the Coastal Construction Control Line will be the minimum elevation required for habitable space required by Florida Administrative Code.*
- (c) *Damaged Buildings over 35 feet. Such buildings maybe rebuilt back to their original height.*
- (d) *Exceptions. 1. Non-residential buildings maybe allowed an additional five-feet
for uses such as air conditioners, solar cells,
elevators and parking.
2. Antennas, flagpoles, steeples, and water towers
not intended for
human occupancy may exceed the height limit.*
- (e) *Lower Height Limits. City Council may impose lower height limits in individual zoning districts.*

BALLOT TITLE: Adding Section 4.07 Building Height Limitation to the Neptune Beach City Charter.

BALLOT SUMMARY: Adding Section 4.07 Building Height Limitation to the Neptune Beach Charter limiting the height of new and remodeled buildings to 35 feet; providing height definitions and exclusions; allowing for a provision for damaged buildings to be rebuilt to their existing height, and authorizing the City Council to impose lower height limits in individual zoning districts.

Land Development

LAND DEVELOPMENT REGULATIONS GROUP 1 & 2: City Manager Jarboe explained Table 27-226-1 needed to be reviewed to finish Land Use.

Table 27-226-1

He stated mall type retail space needed to be discussed since the issue has come up in the city recently. After some discussion, Vice Mayor Gilbert recommended doing it by exception. City Manager Jarboe stated the problem is that it is not mentioned at all in the table and therefore a problem. It causes problems with the building official and code enforcement and occupational licensing. It is labor intensive for a small staff. The council will hear the mall issue in Scotty's at the June regular meeting. Planning Development and Review Board passed the Scotty's development order with some exceptions.

Consensus: **TO ADD MALL TYPE RETAIL SPACE BY EXCEPTION IN C1, C2, AND C3.**

Community Development Director Cleghorn asked if an entire new line item under retail needed to be added. Council said yes. Mr. Cleghorn would research the correct name for this type of establishment.

Vice Mayor Gilbert asked about worship facility not being permitted where social fraternal club and lodge was permitted. It should be all or none to avoid discrimination. Gilbert suggested not allowing any in commercial zone. Discussion ensued over what to allow. City Manager Jarboe and Community Development Director Cleghorn suggested allowing all by exception in commercial. Councilor Weldon suggested only allowing all in residential by exception.

Consensus: **TO ALLOW WORSHIP FACILITY IN ALL DISTRICTS BY EXCEPTION AND MAKE FRATERNITY/SOCIAL CLUBS BY EXCEPTION BUT NOT PERMITTED IN ALL COMMERCIAL ZONES.**

Vice Mayor Gilbert asked why building height pages were included in the packet. Mr. Cleghorn asked if building height definition in the text of the code had to be changed to match the upcoming referendum definitions.

Consensus: **TO CHANGE THE CODE TO MATCH THE REFERENDUM.**

Councilor Pruette asked if we should define POD's. Community Development Director Cleghorn said he would add that to the definitions as well as in Article V. Discussion ensued over how long they should be allowed. Vice Mayor Gilbert said limit to 30 days unless on the building permit.

Councilor Pruette mentioned a "horse trailer" on Myra Street. Assistant to the Building Official Piper Turner said it would be taken away by June 7th. Mr. Cleghorn said he would look into it.

Article V

Community Development Director Cleghorn started with page one of Article V Accessory Structures and Uses.

Councilor Pruette asked about temporary carports and also other temporary structures. Mr. Cleghorn stated he would look into it.

In Section 27-328(a) (2) (c), Vice Mayor Gilbert stated there are already a lot of houses that do not have 10 feet to install air conditioner units. Discussion ensued about this. Mr. Cleghorn stated he needed to change 5 foot fence to 4 feet in Section 27-328(a) (2)(c)(2) so the fence does not have to be solid.

Consensus: **TO LEAVE 2C ABOUT AIR CONDITIONING COMPRESSORS AS IS AND TO CHANGE THE FENCE HEIGHT TO FOUR FEET.**

Mr. Cleghorn pointed out Section 27-330 (a) (3) Any fence should be not be more than seventy-five (75) percent solid. Vice Mayor Gilbert opposed regulating the type of fence. Councilor Pruette preferred shadow box east of Third Street for any type of breeze. Councilor Weldon agreed with her. Vice Mayor Gilbert suggested doing it by zone. Discussion ensued. Mr. Cleghorn suggested to have any fence over 6 foot not be solid or to add except in R4 district.

Vice Mayor Gilbert asked why an overlay district east of Third Street could not be made. Mr. Cleghorn stated this would take a lot of research and may want to pass the Land Development Regulations and then look into this.

Consensus: **TO COME BACK TO THE FENCE ISSUE AT A FUTURE MEETING.**

City Manager Jarboe pointed out Section 27 (330)(c) needs to be updated for the ordinance we just passed.

Fred Catter, a Neptune Beach resident, emailed asking that real estate brokers be added to home occupations. Mr. Cleghorn stated the trade is governed by state law, where they are required to have a sign at their place of business. This would be a problem in the city's code, which prohibits external signs for home occupations. Also home occupations should not have additional traffic. The council discussed this idea. Mr. Cleghorn recommended to leave it as is. Councilor Weldon agreed with him.

Discussion ensued about different occupations allowed at home.

Consensus: **TO KEEP REAL ESTATE AGENT AND BROKER LICENSE ISSUE AS IS IN THE CURRENT DRAFT.**

City Manager Jarboe questioned contractor storage.

Recess/Reconvene Mayor Brown called a recess at 7:15 p.m. and reconvened the meeting at 7:30 p.m.

Kings Road Bridge Councilor Weldon asked if the public could speak about the Kings Road Bridge.

Ron Powell, 1830 Nightfall Drive, had concerns about the bridge design with no railings between vehicle traffic and pedestrians. He would like to see an area designated for pedestrians which provides safety.

Roger Bennett, 1875 Nightfall Drive, had concerns about the bridge design having no railings between vehicle traffic and pedestrians.

James Wetzel, 1821 Indian Woods Drive, have lived there a long time, consider change add sidewalk on west side and speed should take into consideration

Reeny Grider, 1870 Nightfall Drive, has seen area grow, there is a lot of kids going over bridge and should have safe sidewalk.

Sue Connelly, 1864 Nightfall Drive, voiced support for better safety conditions on bridge.

Steve Jarrett, Jacksonville Beach, questioned what the safety issue was.

Councilor Weldon thanked council for allowing them to speak. Councilor Pruette agreed.. City Manager Jarboe stated the changes must be made soon. Discussion about bridge ensued.

Consensus: **SET A WORKSHOP AT 6:30 P.M. ON JUNE 7, 2002 BEFORE THE REGULAR MEETING.**

Mr. Cleghorn stated he would have to look into Section 27-333. He did not know why the consultant put it in. It could be discussed at the next meeting.

Article XIII Cleghorn moved on to Article XIII Off Street Parking and Loading.

Councilor Pruette suggested adding building official to Section 27-540(d). Mr. Cleghorn stated that was ok.

Consensus: **TO ADD BUILDING OFFICIAL TO SECTION 27-540(d).**

Community Development Director Cleghorn added Section 27-542 Bicycle parking requirements. He felt it was a good idea that came out of the Town Center Parking Committee for the CDB. Vice Mayor Gilbert stated it should not be the responsibility of the storeowner to provide surveillance equipment.

Consensus: **TO TAKE OUT SURVEILLANCE.**

Mr. Cleghorn explained Section 27-543. In some conditions it was impossible to conform to the parking requirements. He had added Section 27-545(b)(2) where owners could add landscaping if parking requirements were deferred. Mayor Brown did not see the reason for this. Mr. Cleghorn stated he could make it a suggestion instead of a mandatory rule.

Weldon asked to take out "thru the input of Community Development Director" since this was inferred.

Consensus: **CHANGE THE LANDSCAPING PLAN FOR DEFERRED PARKING AREA FROM "SHALL" TO "MAY" AND TAKE OUT "THRU THE INPUT OF THE COMMUNITY DEVELOPMENT DIRECTOR".**

Councilor Pruette questioned Section 27-548(h) about drainage. Discussion ensued.

Community Development Director Jason Cleghorn stated he and Sonya Doring of Atlantic Beach would get together in the future to establish some guidelines for the two cities to be in common. As it was now there was not much difference.

Councilor Pruette questioned Section 27-540-1 table that only asked for 2 spaces for single-family homes. Most families have more than to 2 vehicles. Councilor Weldon disagreed because the city should not encourage over paving. Vice Mayor Gilbert suggested the lots are not big enough to ask for more parking. Discussion ensued.

Article XVIII

Mr. Cleghorn moved on to Article XVIII Nonconforming lots, structures, uses and signs.

He stated he did not make many changes to this article. Section 27-707 needed to be changed to comply with the new sign ordinance.

Councilor Pruette asked Mr. Cleghorn to explain Section 27-705(b) Terminating nonconforming development. Mr. Cleghorn stated there was a lot of discussion on Section 27-706 (b), but it still works as written.

Assistant to the Building Official Piper Turner stated the building official asked how far is substantially taken down voluntarily, what is remodel and what is rebuild. Is it 50% or one wall or what is the determination? Discussion ensued.

Call to Order/Roll Call

The Mayor called the meeting to order at 9:00 a.m.

City Manager Jim Jarboe introduced Marilyn Crotty from the Institute of Government at the University of Central Florida.

Ms. Crotty lead the city council and staff through team building and goal setting exercise. The following goals were decided upon for the city to work on in the next year:

First tier:

Growth management:

- * Rewrite land use code
- * Height limitation referendum
- * City wide landscape plan

Infrastructure:

- * Develop a five-year priority plan for the following infrastructure- water, sewer, stormwater, streets and bike path.

Economic Development:

- * Staff to develop an ordinance/resolution to establish a citizen committee for commercial economic development.

Fiscal:

- * Develop and adopt a five year capital improvement plan

Streamline government:

- * Review citizen advisory board; adopt policy for appointment and evaluation.

Second tier:

Infrastructure:

- * City should provide necessary infrastructure in Prado Ferrer area.

Stream line government:

- * Update charter

Internal and external communication:

- * Develop and implement council protocol
- * Establish a public information program for the city

Ms. Crotty stated she would forward a full and complete report for the session within the next couple of weeks.

Mayor Brown thanked the volunteers for their efforts in the success of "Sunday in the Park".

Councilor Pruette thanked the volunteers for their efforts in "Sunday in the Park" and thanked staff for their involvement in the Goal Setting Workshop.

Vice Mayor Gilbert introduced local artist Gary Mack and thanked him for his donation of artwork as a door prize at the Northeast Florida League of Cities monthly dinner meeting.

City Manager Jarboe thanked council members and staff for attending the goal setting workshop meeting.

CITY MANAGER REPORTS

City Manager Jarboe gave each council member a copy of his project status report. The report included sixteen projects, the responsible department, and the status of each project.

MENZI MUCK DEMONSTRATION: A demonstration of the Menzi Muck would be conducted April 6, 2004 at 1:30 p.m. at the corner of Third Street and Bay Street.

LIFT STATION ON FIRST STREET: The landscaping of the lift station on First Street had been completed and a tap was to be installed.

SUMMER SANDS ENTRANCE: A turn lane for the Summer Sands entrance on Ish Brant Boulevard was to begin construction on April 7, 2004.

City Manager Jarboe asked if there were any questions from the council regarding the project report.

TOWN CENTER PARKING SPOT PAVING: Councilor Pruette asked if the parking spot paving of Town Center would include an area for motorcycles. Mr. Jarboe replied motorcycle parking was not included in the plan but he would look into it.

PUBLIC SERVICES FACILITY: City Manager Jarboe added there would be a ribbon cutting ceremony for the new Public Services Facility in approximately eight weeks.

MOTION CARRIED

Ord. No. 2004-02

ORDINANCE NO. 2004-02 – AMENDING CHAPTER 27, SECTION 27-479, SIDEWALKS AND BIKEWAYS, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown requested action be deferred on Ordinance No. 2004-02 until a full Council was present.

Vice Mayor Gilbert stated Atlantic Beach Commissioners had contacted him regarding conditions of the ordinance. They were concerned as to how the ordinance would impact Atlantic Beach. He asked to forward the ordinance to the workshop meeting for further discussion.

City Attorney White stated the public hearing was advertised for the ordinance and should not be dismissed. He advised the Council to listen to the public comments and then decide what action they wanted to take.

Mayor Brown read Ordinance No. 2004-02 by title only and opened the public hearing.

Joanne Hoffman, 130 Sand Castle Way, opposed Ordinance No. 2004-02. She was concerned about smoking, drinking, and bad language.

Gary Mack, 315 Plaza, Atlantic Beach, supported Ordinance No. 2004-02. He felt outdoor seating would be an asset to the community.

Steven Orr, 371 Fourth Street, supported Ordinance No. 2004-02.

Jay Starr, 683 Sturdivant Avenue, supported Ordinance No. 2004-02.

Bill Darush, 304 Sunrise Circle, opposed the Ordinance. He felt public property should not be leased for the purpose of serving food and alcoholic beverages. He was also concerned about sidewalk congestion.

David Baker, 1102 First Street, opposed the Ordinance. He questioned how many other restaurants would qualify under the conditions. He was also concerned there would be problems with parking and drinking.

Mary Ann Padrta, 1030 Second Street, opposed the Ordinance. She suggested a referendum to allow the citizens to vote on whether or not public property should be leased to restaurants for outdoor seating. She was concerned about smoking, drinking and parking.

Christine Chin, 227 Margaret Street, favored the Ordinance with the condition that the city would monitor the area and withdraw the lease agreement if there were persistent problems.

There being no further comments from the public the public hearing was closed.

Moved by Pruette, seconded by Gilbert.

Motion: **TO DEFER ORDINANCE NO. 2004-02 FOR ACTION TO THE MAY REGULAR CITY COUNCIL MEETING AND TO PUT IT ON THE NEXT WORKSHOP AGENDA.**

MOTION CARRIED

Ord. No. 2004-04

ORDINANCE NO. 2004-04, AMENDING CHAPTER 27, SECTION 27-330, FENCES, WALLS AND HEDGES, SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-330 FENCES, WALLS AND HEDGES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained this Ordinance would allow the city to install safety fences around public facilities.

Mayor Brown read Ordinance No. 2004-04 by title only and opened the public hearing.

There being no comments from the public the public hearing was closed.

Moved by Gilbert, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2004-04 ON SECOND READ AND PUBLIC HEARING AS AMENDED.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shealy, Brown

MINUTES
WORKSHOP CITY COUNCIL MEETING
APRIL 19, 2004, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held April 19, 2004 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

STAFF:

Public Safety Director William Brandt
Community Development Director Jason Cleghorn
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

GUEST SPEAKERS

Mayor Brown opened the floor to Atlantic Beach Mayor John Meserve and Former Atlantic Beach Commissioner Mike Borno so the Council could hear their concerns regarding Ordinance 2004-02.

Atlantic Beach Mayor John Meserve asked Council to consider the precedence the ordinance would set for Town Center. He asked Council to delay taking action on the ordinance until staff from both Neptune Beach and Atlantic Beach could set common rules for Town Center. Mayor Meserve also asked for support for the beach cities to join in with the City of Jacksonville to establish events to be held at the beach during the week of the Super Bowl.

Mayor Brown stated Ordinance 2004-02 would allow Sunny Caribbee a lease for a one-year trial period for outdoor seating. If there were persisting problems the lease could be revoked. He felt it would be beneficial to Town Center as a whole.

Councilor Weldon questioned the need for special events at the beach during the Super Bowl period. He felt the beach itself would attract people.

Mayor Brown added the Super Bowl Host Committee was working to insure a good time for all and he looked forward to working with Mayor Meserve.

Former Atlantic Beach Commissioner Mike Borno asked Council to consider coordinating and establishing issues and perimeters of Town Center such as overlay zones. He added they were looking for sponsorships to fund the Super Bowl events.

PRESENTATIONS

Leon Smith

DIRECTOR OF PUBLIC SERVICES LEON SMITH – APPRECIATION PLAQUE: Mayor Brown recognized Public Services Director Leon Smith and presented a plaque for 28 years of service to the city. A proclamation was previously presented to Mr. Smith on his 28th anniversary naming April 13th, 2004 “Leon Smith Day.”

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Jarboe reported he was working with the Ish Brant Beautification Committee to develop a team concept with city staff. The committee was setting up a budget for potential projects and would seek approval of the Council for those projects. The committee would also be involved with the landscaping of the Water Plant.

CITY MANAGERS ACTION LIST

City Manager Jarboe asked if there were any questions regarding the 28 items on the “Action List”. There were no questions from the Council.

PUBLIC COMMENTS

Lynda Padrta, 1113 First Street, opposed outdoor seating for Sunny Caribbee, opposed the height increase referendum, and was concerned about code enforcement.

Michael Dunlap, 212 Lora Street, supported the sidewalk café but opposed the height referendum.

Rhonda McDonald, 515 Third Street, supported the outdoor seating.

Kara Tucker, opposed the sidewalk seating. She felt people like herself with a disability would not have enough space to walk on the sidewalk.

Virginia Smith, 553 Davis Street, requested the city have a representative at the public hearing for the testing of explosives at Mayport.

Sandy Golding, 1203 18th Avenue North, Jacksonville Beach, applauded the efforts of letting the citizens vote on the height limitation. She wished Jacksonville Beach had done the same.

Kelly Elmoore, 1650 Beach Avenue, Atlantic Beach, supported the sidewalk seating.

Neil Falone, 108 First Street, owner of Hibernia and President of the Town Center Agency, favored the outdoor seating.

Steve Jarrett, asked Council to consider rezoning the R-4 District to allow the 35' height limit before the November election.

Steve Hould, 111 Walnut Street, felt the 28' height limit should remain east of Third Street.

David Cole, 1500 Penman Road, owner of the Sea Horse Oceanfront Inn, asked Council to consider leaving latitude for exceptions on the 35' height limit.

PROPOSED ORDINANCES

Ord. No. 2004-02

ORDINANCE NO. 2004-02, SIDEWALKS & BIKEWAYS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert stated he would not be present for the May regular meeting and suggested Ordinance No. 2004-02 be deferred to June for a full Council vote. He added he was in favor of the ordinance.

Mayor Brown stated without calling a special meeting it would go into June and he felt Mr. Brocato deserved an answer sooner.

Councilor Weldon felt the issue had been debated long enough and it was a little late for Atlantic Beach to get involved. He felt it should be left up to the restaurant owner to determine if food should be served with alcohol. He agreed the Council should vote on the Ordinance in May.

Mayor Brown stated the one-year trial period would allow the Town Center organization to observe and make recommendations. He added there would still be room on the sidewalk for pedestrians.

Councilor Pruette stated other businesses would be harmed because of the parking situation. She would vote against it.

Councilor Shealy was concerned about functional abandonment and parking problems. He would not support it at this time.

Mayor Brown suggested setting a date for a special meeting to vote on Ordinance 2004-02.

Councilor Gilbert asked for a consensus to table it to the June meeting when all council members would be present.

Councilor Weldon stated he would not be present for the June meeting. He was willing to support a special meeting.

City Clerk Volpe stated the special meeting had to be advertised 10 days in advance. She suggested holding the meeting on May 10th or before the workshop meeting on May 17th.

Councilor Pruette stated one agenda item should not be different from another and the vote should be done at the May regular meeting as long as there was a quorum.

Mayor Brown asked for a consensus to hold a special meeting Monday the 10th of May.

Councilor Pruette was not in favor of the special meeting.

Councilor Shealy stated out of respect and fairness for fellow council members he would support a special meeting.

Consensus: **TO HOLD A SPECIAL MEETING FOR THE SECOND AND FINAL READING OF ORDINANCE 2004-02 ON MAY 10, 2004 AT 6:00 P.M.**

Councilor Weldon stated there were several "should's" that still needed to be changed to "shall's" and asked Community Development Director Jason Cleghorn to make those changes.

Councilor Pruette asked about the condition that food must be served with orders for alcohol.

Consensus: **TO ADD THE CONDITION THAT FOOD MUST BE PURCHASED WITH THE PURCHASE OF ALCOHOLIC BEVERAGES.**

Councilor Pruette asked about the condition that personalized bricks be removed and replaced at the request of the owner. Mr. Brocato stated he would either move the bricks to another location or have new ones made to be placed in a different location.

Ord. No. 2004-XX

ORDINANCE NO. 2004-XX, SPECIAL EVENTS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 18, ADDING SECTION 18-3 SPECIAL EVENTS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe stated this ordinance set rules and guidelines for special event permits. In the past each event was taken as it came without set rules for protection of the citizens and the city.

Councilor Weldon asked if the City Attorney had approved the ordinance.

City Attorney White stated he was satisfied with the ordinance.

Councilor Weldon suggested adding Item I to the ordinance to read "no sales or rentals of any kind."

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ.**

Ord. No. 2004-XX

ORDINANCE NO. 2004-XX, BUILDING HEIGHT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA CALLING FOR A REFERENDUM TO AMEND THE CHARTER TO CREATE A NEW SECTION 4.07 TO LIMIT THE HEIGHT OF ALL BUILDING STRUCTURES IN THE CITY OF NEPTUNE BEACH TO THIRTY-FIVE FEET; AND ESTABLISHING AN EFFECTIVE DATE.

City Clerk Lisa Volpe stated she spoke with the Supervisor of Elections Office and there were requirements for advertising a referendum. The ordinance would need to be adopted by mid June in order to advertise for the November election.

Councilor Weldon agreed to sponsor the ordinance. He asked the ordinance be reworded to read " Section 4.07 Building Height Limitation – No building structure in the City of Neptune Beach shall be allowed to exceed 35 feet in height without prior approval of the electors. Lower height limits may be established by the city council in individual zoning districts." The reason was so that anyone reading it on the ballot would understand that it was a height cap.

On the Record Councilor Weldon stated for the record he would strongly oppose any increase in the 28' height limit in the R-4 District. He did not object to the 35' height limit in the R-1 District where the lots were much larger if reasonable restrictions were placed on the roof pitches.

City Attorney White advised the height cap had to be on all structures.

City Clerk Volpe stated the substance of the amendment must be an explanatory statement not to exceed 75 words length and styled in a manner that a "yes" vote would indicate approval of the proposal and a "no" vote would indicate rejection. The ballot title shall consist of a caption not exceeding 15 words in length in which the measure is commonly referred to or spoken of.

Councilor Weldon was concerned about the reconstruction of the Seahorse Hotel. The City had agreed to allow him 35 feet for the building and an extra 3 or 4 feet to obscure utility equipment on the roof. He felt the City should honor the agreement.

City Attorney White advised the Council not to make exceptions in the referendum. Referendums were to be clear and concise and not subject to interpretations.

Councilor Pruette felt the entire council should sponsor the ordinance.

Consensus: **FOR ALL COUNCIL MEMBERS TO SPONSOR THE ORDINANCE.**

City Manager Jarboe stated if the referendum passed, the 28' height limit would remain until changed by the Council.

Consensus: **TO CHANGE THE ORDINANCE TO READ "NO BUILDING STRUCTURE IN THE CITY SHALL BE ALLOWED TO EXCEED 35 FEET IN HEIGHT WITHOUT PRIOR APPROVAL OF THE ELECTORS. LOWER HEIGHT LIMITS MAY BE ESTABLISHED BY THE CITY COUNCIL IN INDIVIDUAL ZONING DISTRICTS."**

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR FIRST READ.**

Recess/Reconvene Mayor Brown called a recess at 8:25 p.m. and reconvened the meeting at 8:43 p.m.

CONTRACTS / AGREEMENTS

Atlantic Coast Asphalt **ATLANTIC COAST ASPHALT COMPANY CONTRACT:** City Manager Jarboe explained the contract was a piggyback off the City of Jacksonville. He was uncomfortable with the contract and suggested using a purchase order with the City Manager and the Public Services Director aligning the work schedule. He added an inspector would be hired to inspect and insure we were receiving the services we were paying for.

Councilor Weldon questioned if speed humps would be placed on all of the east west in R-4.

City Manager Jarboe replied the existing speed bumps would be replaced with speed humps.

Councilor Weldon stated the Volkert Traffic Study proposed exactly were the speed humps would be placed.

Vice Mayor Gilbert stated the speed humps should be placed according to the Volkert Traffic Study.

Councilor Pruette stated the citizens should be informed of the additional speed humps. She added there were areas west of Third Street where the speed bumps would be replaced with speed humps.

City Manager Jarboe stated he would have the speed humps placed according to the Volkert Study. He added there would be a cost increase.

Consensus: **FORWARD TO THE MAY REGULAR MEETING ADDING UNIFORM SPEED HUMPS AS RECOMMENDED BY THE VOLKERT TRAFFIC STUDY EAST OF THIRD STREET AND REPLACE THE SPEED BUMPS WEST OF THIRD STREET AS RECOMMENDED.**

ISSUE DEVELOPMENT

Aqua East
Surf Camps

AQUA EAST REQUEST TO HOST SURF CAMPS WITHIN THE VICINITY OF NEPTUNE BEACH: Scott Holmes, 696 Atlantic Boulevard, representative for Aqua East Surf Shop, requested permission to host a surf camp on the beach at the end of Lemon Street. He added the surf camp would provide a safe and fun environment for children to learn how to surf.

City Manager Jarboe stated background checks and fingerprints were required for anyone working with children and the surf shop would also be required to add the city to their insurance policy. He added any signs used on the beach would have to be approved and there could be no sales or orders for sales on the beach.

Consensus: **FORWARD TO THE MAY REGULAR MEETING CONSENT AGENDA.**

Ditch Maint.

DITCH MAINTENANCE PROGRAM: City Manager Jarboe stated he would like to improve the maintenance on the major ditches. Public Services was now capable of doing 25% a year with the available funding for ditch maintenance. The plan involved the purchase of equipment that would actually get down into the ditch. The equipment would allow Public Services to clean all the ditches within a one-year period. The demonstrator of the equipment agreed to train two employees on site while working on a project.

Vice Mayor Gilbert stated he saw the demonstration and it was a great piece of equipment. He felt it would be a good investment for the city. He asked City Manager Jarboe to inquire if FDOT would reimburse the city for cleaning their part of the ditches.

Councilor Weldon stated the reimbursement from FDOT would defray the cost of equipment.

City Manager Jarboe stated he would ask FDOT about a maintenance agreement.

City Manager Jarboe stated Director of Finance Steve Ramsey suggested borrowing the money for the equipment from the general fund with a 3.5% interest rate instead of paying the interest to an outside lender.

Consensus: **FORWARD TO THE MAY REGULAR COUNCIL MEETING.**

ABRC

RESOLUTION ESTABLISHING THE ATLANTIC BOULEVARD REVITALIZATION COMMITTEE AND APPOINTING MEMBERS: City Manager Jarboe explained the Resolution was to form a committee to encourage desirable tenants for the vacant commercial properties.

Councilor Pruette asked to change the resolution to allow the Town Center Agency to chose which of its members to serve on the committee.

City Manager Jarboe stated he would make any changes before the regular meeting.

Councilor Weldon recommended Lori Gaglione to serve on the committee.

City Manager Jarboe stated there were a number of qualified people who would like to serve on the committee. He would like to consider all interested applicants then bring them before the Council for consideration.

Consensus: **FORWARD TO THE MAY REGULAR COUNCIL MEETING.**

Utilex City Attorney Chris White advised the city was served a lawsuit from Utilex naming both the city and PBS&J. He considered the lawsuit to be totally without merit. He asked if anyone had questions to call his office.

FLC City Manager Jarboe recommended Council members attend the Florida League of Cities training institute.

Scotty's Councilor Pruette questioned an article in the Shorelines regarding turning Scotty's into an outlet mall. City Manager Jarboe replied the city was not aware of the changes and they had not been approved by the City or the Planning & Development Review Board. Community Development Director Jason Cleghorn stated he was in the process of working with them and would meet the CEO Wednesday.

Adjournment There being no further business, the meeting adjourned at 9:22 p.m.

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Mayor Brown stated he received a letter from City of Jacksonville Mayor John Peyton regarding Penman Road Improvements. The letter advised that he had asked the City of Jacksonville Public Works Department to handle the matter.

Mayor Brown was concerned about a letter he received from the Duval County Health Department with news that Neptune Beach had a higher than average infant mortality rate. The Health Department requested our help in publicizing services for expectant mothers at the beaches. Councilor Shealy stated the correspondence was based on the percentage of one per thousand, which he felt, made our numbers seem higher than average.

Mayor Brown stated the Boys & Girls Club was campaigning to raise funds for improvements. He encouraged the community to support their fund drive.

Mayor Brown advised the City of Atlantic Beach, the City of Jacksonville Beach and the City of Neptune Beach were hosting the monthly Florida League of Cities Dinner Meeting on March 18, 2004 at the Sea Turtle Inn and he encouraged the Council to attend.

Mayor Brown stated his wife Elaine Brown wished to thank the city for the kinds thoughts and flowers during her hospital stay.

Councilor Gilbert stated Atlantic Beach City Commissioner Desmond Waters was heading up a campaign for door prizes for the Florida League of Cities Dinner if any local businesses would like to donate.

Councilor Pruette stated she had written a memo concerning the Penman Road Traffic Study and would like to place the issue on the March workshop meeting agenda.

Mayor Brown commended Officer Robert S. Jones for receiving a Certificate of Appreciation for his participation in the Buckle Up Florida Enforcement Wave.

City Clerk Lisa Volpe informed Council reservations must be made for attendance at the Florida League of Cities Dinner Meeting by March 15th. She advised she would make reservations for anyone who wished to attend.

CITY MANAGER REPORTS

Action List

CITY MANAGER ACTION LIST: City Manager Jarboe described the following projects that he placed on an action list.

1. A CITY WIDE DRAINAGE IMPROVEMENT PLAN: He would be meeting with representatives of Jacksonville Beach to discuss possible long-term shared drainage options.
2. BAL HARBOR DRAINAGE IMPROVEMENT: He recommended installing a permanent small lift station as a solution for the Bal Harbor drainage problem.
3. FIRST STREET DRAINAGE IMPROVEMENT: He was working on putting together a request for proposals for drainage improvements on First Street.
4. FIRST STREET REBUILD PLAN: Once the drainage improvements were complete he planned to have First Street milled down as far as possible and overlay the top. He felt this could be done within the budget and would take a week or less to complete.

5. STREET PAVING PLAN: He proposed to move forward on the repaving project provided by the Volkert Study. The paving could be done within the existing budget by piggybacking off of the City of Jacksonville's contract.
6. WATER PLANT IMPROVEMENT: He proposed to fence in the entire Water Plant area and install landscaping to make it less intrusive. The fencing could also be funded within the existing budget and the landscaping expense would come from the Convention Development Tax Fund.

Mr. Jarboe informed the Council he would provide periodic updates on each project outlining the stage and expenses to date.

Discussion ensued regarding street paving priorities.

City Manager Jarboe stated he would meet individually with Council Members to discuss their concerns and would report back with a revised priority list for their approval.

Sewer Project SEWER IMPROVEMENT PROJECT: The contractor was finishing up the change order work on the sewer improvement project.

City Yard Project CITY YARD PROJECT: Director of Public Services Leon Smith reported the construction of the new city yard was still on schedule and should be complete by June 1st, 2004.

Beach Accesses BEACH ACCESSES: Community Development Director Jason Cleghorn, stated Boatwright / Durden Land Surveyors ordered concrete markers for the beach accesses. They would begin surveying once the markers were received.

Mr. Cleghorn prepared a Beach Access Preliminary Survey that determined out of all the accesses six of them had the potential for future development.

City Manager Jarboe stated coastal aerial views would soon be available from the Department of Environmental Protection and would provide a more detailed view of the accesses.

PUBLIC COMMENTS

James Raimondo, 1305 Noe Court, supported the donation from the City for the Neptune Beach Elementary Track.

Lynda Padrta, 1113 First Street, opposed allowing the use of the public property for outdoor restaurant seating.

CONSENT AGENDA

WAIVER OF OPEN CONTAINER ORDINANCE FOR "DANCIN' IN THE STREETS": Approval to waive the open container ordinance for the annual "Dancin' in the Streets".

NEPTUNE BEACH ELEMENTARY TRACK DONATION OF \$5,000: Approval to donate \$5,000 toward the construction of the new track and provide equipment and labor for sod placement.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE THE CONSENT AGENDA.**

ORDINANCES

Ord. No. 2004-01

ORDINANCE NO. 2004-01 – AMENDING CHAPTER 27, ARTICLE XV, ADVERTISING, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, ARTICLE XV ADVERTISING, AMENDING SEC. 27-575 PURPOSE AND INTENT, SEC. 27-576 DEFINITIONS, SEC. 27-577 MAINTENANCE OF SIGNS, SEC. 27-580 EXEMPTIONS, SEC. 27-581 PROHIBITED SIGNS, SEC. 27-582 SIGN AREA COMPUTATION, SEC. 27-583 PERMITTED TEMPORARY SIGNS, SEC. 27-584 GROUND SIGNS, SEC. 27-586 ENTRANCE SIGNS FOR SUBDIVISIONS AND MULTIFAMILY DEVELOPMENTS, SEC. 27-589 PLACEMENT STANDARDS, SEC. 27-591 DESIGN STANDARDS, SEC. 27-592 NONCONFORMING SIGNS, SEC. 27-593 VIOLATION CONSTITUTE NUISANCE; ABATEMENT, DELETING SEC. 27-585 BUILDING SIGNS AND ADDING SEC. 27-585A BUILDING SIGNS, SEC. 27-585B UNIFIED SIGNS PLAN, SEC. 27-585C SIGNS WITHIN PLANNED UNIT DEVELOPMENT (PUD) ZONING DISTRICTS, SEC. 27-585D SIGNS WITHIN CONSERVATIONS (CON) ZONING DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

Moved by Gilbert, seconded by Weldon.

Motion: **TO PASS ORDINANCE NO. 2004-01 ON FIRST READ.**

Councilor Pruetto stated she would support the Ordinance on first read but wanted to hear the city attorney's opinion before second read.

Mayor Brown stated he would also support the Ordinance on first read but he had questions he would like to discuss at the workshop meeting.

Councilor Weldon stated he had spoken with City Attorney White and Mr. White had no objections to the Ordinance.

Councilor Weldon instructed Development Director Jason Cleghorn to review the Ordinance and change the words "should" and the words "maybe" to shall.

Councilor Weldon advised Section 27-584(2) that allowed developers or landowners on corner lots to have two signs on their property was deleted.

Roll Call Vote:

MOTION CARRIED

Ord. No. 2004-02

ORDINANCE NO. 2004-02 – AMENDING CHAPTER 27, SECTION 27-479, SIDEWALKS AND BIKEWAYS, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Moved by Weldon, seconded by Gilbert.

Motion: **TO PASS ORDINANCE NO. 2004-02 ON FIRST READ.**

Mr. Brocato, Owner, Sunny Caribbee, stated he felt the lease rate of \$11.00 per square foot was reasonable. He also agreed to comply with 50% being designated a nonsmoking area and placing a sign designating alcohol was not to leave the premises.

Councilor Pruette asked that the ordinance include provisions that during "Dancin' in the Streets" the tables and chairs would have to be removed. She also asked that the restaurant owner relocate personalized bricks if there were any written requests from citizens. She felt the building official should inspect the area. She also asked that patrons be required to buy an entrée in order to sit outside and drink.

Councilor Weldon explained in response to Lynda Padrta's comment the lease rate was reasonable because the area would not be useable year round and there was no infrastructure associated other than the sidewalk itself. He felt the owner should not have to bear the cost of moving tables & chairs for "Dancin' in the Streets". He felt Councilor Pruette's request to have bricks relocated was reasonable. He felt it placed a burden on patrons not the restaurant owner if an entrée was required to have a drink.

Mayor Brown asked the Council to keep in mind the lease would be renewed on an annual basis and if they were not satisfied the lease could be discontinued.

Councilor Shealy had concerns about smoking and drinking on public property.

Mayor Brown stated now that patrons were not allowed to smoke inside restaurants they would gather outside the entrances to smoke.

Vice Mayor Gilbert agreed the building official should inspect the area for safety issues. He preferred the entire area to be nonsmoking because smoke could not be detained in a specific area due to winds.

Vice Mayor Gilbert asked to place the ordinance on the workshop meeting agenda.

Moved by Weldon, seconded by Gilbert.

Friendly Amendment: **TO APPROVE ORDINANCE NO. 2004-02 ON FIRST READ INCLUDING REVIEWING SOME THE ISSUES AT THE NEXT WORKSHOP.**

Roll Call Vote:

Ayes: 3 – Gilbert, Weldon, Brown

Noes: 2 – Pruette, Shealy

MOTION CARRIED

OLD BUSINESS

Whataburger

DEVELOPMENT ORDER – WHATABURGER – 1201 ATLANTIC BOULEVARD: Mayor Brown stated the Planning & Development Review Board recommended approval of the Whataburger Development Order.

Councilor Weldon added the Planning & Development Review Board recommended approval conditional on bringing two sign options.

Brian Smith, Senior Project Manager, FesteCapital Development, stated Whataburger would be a full service sit down restaurant with a drive through window and turnaround. He explained the proposal was to convert the old Burger King into a Whataburger with minimal site changes. The covered area on the northside of the building would be eliminated and landscaping would be added. The exterior of the building would be orange

and white. They wanted to maintain the existing 25' pole sign changing the logo. The playground equipment was to be donated to a school.

Vice Mayor Gilbert stated the PDRB had asked them to bring in two signs options, one being a monument sign.

Mr. Smith stated they brought in two potential sign options but they preferred to use the existing pylon sign.

Beth Breeding, owner/landlord, stated there were constraining factors which prevented the placement of a monument sign. She read the following letter from Ward Koutnik, President of Transportation Planners & Engineers, a company they hired to look at the site.

As requested, TPE conducted a site investigation and took appropriate photographs regarding the driver's sight distance clearance at Penman Road and Atlantic Boulevard related to the southwest corner business site (previous Burger King restaurant). Figure 1 shows the site and the corner details.

At present, the northeastern portion of the property has 3' to 6' height bushes and the single pole pylon business sign which is about 18 feet from the north property line and 17 feet from the east property line.

In order to meet the Florida Department of Transportation's "Sight distance at the intersection" (Index 546), a driver stopped at the stop bar on Penman Road would have to have a clear line of sight to the west two feet above the ground (top of ground cover) as shown on Figure 1. Nothing within the clear sight area should be higher than two feet above the ground.

Figure 1 also shows the 25 foot corner setback used by the City of Jacksonville. Some of the present landscaping at the property will have to be removed and replaced with low growing plants (e.g.-junipers) in order to meet the two foot height criteria for sign distance.

At present, the only objects that hinder a motorist view on Penman Road at the stop bar or on Atlantic Blvd. traveling eastbound, are the traffic signal pole, the power pole, the pedestrian signal and the JTA bus stop bench and trash can. Of course, you have no responsibility for these items.

The present single pole pylon business sign doesn't block any driver views. It is outside the FDOT's sight distance standard as well as the 25 foot corner triangle area. This sign should remain where it is. No monument sign should be located on the property since it would likely block various driver views at the driveways and or/on-site. Furthermore, driver views approaching the Penman/Atlantic intersection from the south and west, respectively, would be blocked by a monument sign around the present single pole business sign. Hence, when the traffic signal is about to change from "red" to "green" for the eastbound direction and the reverse for the northbound direction, an intersection accident could occur. (vehicle runs red light and approaching vehicle enters without stopping). The reverse situation can also occur.

In conclusion, if the landscaping within or near the FDOT sign distance "limit of clear sight" is modified to be only two feet above the ground level, there should be no sight blockage as discussed above. Furthermore, there is no need to remove the existing business sign related to traffic safety.

Ward Koutnik, President

Ms. Breeding felt based on those safety issues the pole sign should remain.

Moved by Weldon.

Motion: **TO DENY THE DEVELOPMENT ORDER FOR WHATABURGER.**

MOTION DIED FOR LACK OF SECOND.

Councilor Weldon stated within 30 days the new ordinance would prohibit pylon signs and pole signs. The new ordinance would require all pylon and pole signs be removed within 10 years. He added the five other businesses that recently located in the area recognized the community's interest and complied voluntarily.

Ms. Breeding argued the other businesses were not located on a busy intersection and did not have visibility issues.

Councilor Pruette stated that was a busy corner and she could see where there would be a problem with visibility.

Mayor Brown stated traffic safety could not be ignored and a monument sign should not be required because the new sign ordinance had not been adopted. He added traffic safety would continue to be an issue even after the ordinance was adopted and would have to be considered.

Vice Mayor Gilbert stated he would have seconded Councilor Weldon's motion if he felt it was legal to deny it. He added he would be the first one to demand that it come down in ten years. They were giving them the opportunity to install a monument sign now instead of ten years from now.

Mayor Brown stated it was correct the city was moving in the direction of monument signs but the request was not illegal.

Moved by Gilbert, seconded by Pruette.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR WHATABURGER.**

Councilor Pruette asked once more if they were willing to reconsider and install a monument type sign.

Mr. Smith stated they would like to get the development order approved with the 25' pole sign, however it was something they may reconsider.

Roll Call Vote:

Ayes: 3 – Gilbert, Pruette, Brown

Noes: 2 – Shealy, Weldon

MOTION CARRIED

Recess/Reconvene

Mayor Brown called a recess at 8:25 p.m. and reconvened the meeting at 8:30 p.m.

Monahan Roofing

DEVELOPMENT ORDER – MONAHAN ROOFING – 2050 KINGS CIRCLE: Development Order for Thomas Monahan, owner, Monahan Roofing, 2050 Kings Circle.

Director of Community Development Jason Cleghorn, explained Mr. Monahan received approval from the Planning & Development Review Board in May of 2002 but did not move forward with that plan. The plans have been reviewed and revised moving the building toward the rear of the property to allow for parking. A variance was required and approved for the relocation of the building. Mr. Cleghorn also discovered part of the street encroached onto Mr. Monahan's property and would have to be removed.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR MONAHAN ROOFING.**

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Jim Jarboe
City Clerk Lisa Volpe, CMC

ABSENT:

City Attorney Christopher White

STAFF:

Director of Community Development Jason Cleghorn
Assistant to the Building Official Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 6:55 p.m.

Land Development

LAND DEVELOPMENT REGULATIONS GROUP 1 & 2: Mayor Brown introduced former Board of Appeals Chairman Donald White. Mr. White gave a written copy and a brief description of his ideas for the land use changes.

Councilor Pruette asked if prior consensus had already been incorporated into the rewrite. City Clerk Volpe stated she had reviewed what the present council had completed and all but a few words had been changed by the consultant. There was some discussion over prior consensus.

Community Development Director Jason Cleghorn explained the version of the land development regulations before the Council included some changes he had made. He would review page by page the changes made. Mr. Cleghorn explained that most of the changes were minor grammatical ones and if anyone had any concerns what so ever to please stop him at any point.

Mr. Cleghorn started page by page with his minor changes. There was discussion over the 27-15 Definitions. Councilor Pruette questioned garage apartments and if all definitions were in the code. Mr. Cleghorn stated they were all listed somewhere in the

code. Vice Mayor Gilbert stated the council changed the definition of family by ordinance.

Sec. 27-22 Effective date, this would have to be changed when it was adopted. Councilor Weldon stated some definitions would be added when the code was being revised. Steve Jarrett questioned Sec. 27-16 Computation of required or permitted units. Mr. Cleghorn and Piper Turner stated it read the way it was to control density. Council agreed.

Council discussed Sec. 27-47 Membership and officers (d) (1), whether a member should be removed from the board if they fail to attend three meetings. No changes were made.

Recess/Reconvene

Mayor Brown called a recess at 8:00 p.m. and reconvened the meeting at 8:10 p.m.

Development Director Cleghorn continued with his changes. Sec.2-84 ~~Concept~~ Preliminary plan requirements, he added that they had to be drawn to scale. Councilor Pruette asked why stormwater management was stricken. Councilor Weldon stated it was just a checklist for the preliminary plans. Mr. Cleghorn stated it is addressed in another part of the code. He also had to review if the sign conditions corresponded with the new sign ordinance.

Mr. Cleghorn added Sec. 27-101.1 Platting requirements and 27-101.2 Required plat information. This standard information was necessary and would help the city.

Consensus: **COUNCIL WAS COMFORTABLE WITH THESE NEW SECTIONS**

Steve Jarrett had a question of 27-86 Final development plant requirements (5). After some discussion City Manager Jarboe suggested he submit his concerns in writing to be looked into at a later date.

Councilor Pruette questioned Sec. 27-109 Standards and restrictions (4). This was to control density with minor replats. After much discussion, "specified in Comp Plan" was added.

Mr. Cleghorn changed 27-143 Application requirements so that the city would mail notices not the applicant.

Mr. Cleghorn added Sec. 27-145.1 Administrative Variances. This allows the Community Development Director to grant variances that are under 10% of the applicable zoning district's requirements. There was discussion as to whether this was necessary; if it could be appealed and the effect on the Development Director.

Consensus: **TO LEAVE IN ADMINISTRATIVE VARIANCES AND SEE HOW IT WORKS.**

Mr. Cleghorn added verbiage on Sec. 27-149 Expiration of issued variance. Councilor Weldon asked for the added language to be reworded to say "After a variance is expired a new variance must be applied for, the new fees must be paid and the newly filed variance will go through the same procedure."

Mayor Brown asked if Mr. Cleghorn could look over Mr. White's recommendation and see if it could be used. Mr. Cleghorn stated he would look at it and see if parts could be used. He also had used some ideas already.

Councilor Weldon stated that when the city worked with the consultants all "his/her" were taken out and asked for Mr. Cleghorn to do the same.

In Sec. 27-222 Purpose and intent of zoning districts, Mr. Cleghorn changed the densities to "not to exceed" to match the Comp Plan. There was some discussion on how the figures for density came about.

Sec. 27-227 Special restrictions and conditions on allowable uses within zoning districts. (4), needed to be looked at as to whether persons or people should be used and if the 30 person minimum complied with the alcohol and beverage section of the code.

City Manager Jim Jarboe asked Mr. Cleghorn to double check Sec. 27-227 8 (b) about parking lot sales with permits. Also (11) needed to be changed from ambulance service to fire rescue services.

Community Development Director Cleghorn suggested stopping at Sec. 27-229 Minimum lot area requirements.

Consensus: **TO HOLD THE NEXT LAND DEVELOPMENT WORKSHOP MEETING ON MONDAY, MARCH 29, 2004, STARTING AT 6:00 P.M.**

Adjournment

There being no further business, the meeting adjourned at 9:30 p.m.

Assistant to the Building Official Piper Turner

Order Call

Mayor Brown called the special meeting to order at 6:30 p.m. and announced the purpose of the meeting was the first reading of Ordinance No. 2004-03 and Ordinance No. 2004-04.

Ord. No. 2004-03

ORDINANCE NO. 2004-03, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING AND REWORDING SECTION 2-377 AND ADDING NEW SUBSECTIONS AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the ordinance would change the requirements for bids for certain goods and services and allow the city to piggyback on other governmental agencies contracts.

Mayor Brown agreed to sponsor the ordinance.

Moved by Pruette, seconded by Shealy.

Motion:

TO PASS ORDINANCE NO. 2004-03 ON FIRST READ AND TO INCLUDE SECTION 2-377(C) NONE OF THE EXCEPTIONS DETAILED ABOVE

SHALL VOID THE CITY'S RESPONSIBILITY TO PROCURE ALL GOODS AND SERVICES AT REASONABLE AND COMPETITIVE RATES.

Roll Call Vote:

MOTION CARRIED

Ord. No. 2004-04

ORDINANCE NO. 2004-04, FIRST READ: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING THE EXISTING CHAPTER 27, SECTION 27-330 FENCES, WALLS AND HEDGES AND PROVIDING AN EFFECTIVE DATE.

City Manager Jarboe explained the ordinance would allow public agencies to install fencing above the normal height limitation for safety and protection.

Councilor Pruette quoted Section 27-330(3) stating that any fence in excess of four feet in height shall not be more than 75% percent solid. She asked Council to consider allowing citizens to replace old fences that were more than 75% solid.

Councilor Weldon stated he did not want extra large fences built around public facilities without approval of the Council.

Moved by Gilbert, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2004-04 ON FIRST READ.**

Councilor Gilbert and Councilor Shealy agreed to sponsor the ordinance.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

DEP Consent Order

DEPARTMENT OF ENVIRONMENTAL PROTECTION CONSENT ORDER: City Manager Jarboe explained the Department of Environmental Protection conducted an inspection of the stormwater facilities last year and fined the city \$10,000 for not providing a copy of the Stormwater Pollution Plan. Department of Public Services Leon Smith worked with the DEP to prepare a plan and the fine was reduced to \$2,000.

Councilor Weldon questioned how the city was placed in the position of being fined.

Director of Public Services Leon Smith stated he was not informed of such a plan until the time of the inspection.

Moved by Shealy, seconded by Weldon.

Motion: **TO AUTHORIZE THE CITY MANAGER TO PAY THE CONSENT ORDER.**

Roll Call Vote:

Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 6:50 p.m.

CITY MANAGERS PUNCH LIST

Special Goals Workshop	<u>SPECIAL GOALS WORKSHOP MEETING:</u> City Manager Jarboe reminded the Council a Special Goals Workshop Meeting was scheduled for Saturday, April 3 rd from 9:00 a.m. to 4:00 p.m.
Water Project	<u>WATER IMPROVEMENT PROJECT:</u> The city was still waiting on a response from the contractor for final payment and settlement of the dispute.
Sewer Project	<u>SEWER IMPROVEMENT PROJECT:</u> The Sewer Improvement Project was almost completely finished with the exception of a few small items. The Public Services Department would be installing vegetation around the lift station on First Street.
Kings Rd. Bridge	<u>KINGS ROAD BRIDGE:</u> The design was underway for the new Kings Road Bridge. Public Services Director Leon Smith and Code Enforcement Officer Larry Dean had been speaking with the residents and providing handouts regarding information.

- Public Services Facility PUBLIC SERVICES FACILITY: The new Public Services Facility was under construction and moving along quickly. The occupants of the old administration building were being moved to the new administration building and the old one would be demolished. A ribbon cutting ceremony and hot dog social would be planned for early this summer.
- Hopkins Creek HOPKINS CREEK DRAINAGE IMPROVEMENTS: Public Services were in the process of doing drainage work. A maintenance plan would be set after Ordinance No. 2004-03 was adopted.
- The drainage work for First Street would also begin after the adoption of Ordinance No. 2004-03.
- Complaint System NEW COMPLAINT SYSTEM – BETTER PLACE: A new complaint system had been implemented and Council would be provided a printout of complaints at the next Council meeting.
- City Manager Jarboe stated he would be changing the name “City Manager’s Punch List” to a more formal name.

PRESENTATIONS

- Roy Deese RECOGNITION OF ROY DEESE FOR OUTSTANDING COMMUNITY SERVICE: Mayor Brown recognized Roy Deese for his outstanding community service and presented him with a plaque.
- Recess/Reconvene Mayor Brown called a recess at 7:00 p.m. and reconvened the meeting at 7:10 p.m.

PUBLIC COMMENTS

- Stephen Kuti, 1132 Linkside Drive, Atlantic Beach, opposed Ordinance No. 2004-02 regarding outdoor seating on public right-of-way.
- June Baldwin, thanked the Council for supporting the first annual “Sandy Paws Event”. She stated over 300 people and 450 greyhounds attended the event. She presented Mayor Brown and Animal Control Officer John Webber with a Certificate of Appreciation. The organization would like to have the event again next year.

PROPOSED ORDINANCES

- Ord. No. 2004-01 ORDINANCE NO. 2004-01, ADVERTISING ORDINANCE, SPONSORED BY COUNCILOR WELDON: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, ARTICLE XV ADVERTISING, AMENDING SEC. 27-575 PURPOSE AND INTENT, SEC. 27-576 DEFINITIONS, SEC. 27-577 MAINTENANCE OF SIGNS, SEC. 27-580 EXEMPTIONS, SEC. 27-581 PROHIBITED SIGNS, SEC. 27-582 SIGN AREA COMPUTATION, SEC. 27-583 PERMITTED TEMPORARY SIGNS, SEC. 27-584 GROUND SIGNS, SEC. 27-586 ENTRANCE SIGNS FOR SUBDIVISIONS AND MULIFAMILY DEVELOPMENTS, SEC. 27-589 PLACEMENT STANDARDS, SEC. 27-591 DESIGN STANDARDS, SEC. 27-592 NONCONFORMING SIGNS, SEC. 27-593 VIOLATION CONSTITUTE NUISANCE; ABATEMENT, DELETING SEC. 27-585 BUILDING SIGNS AND ADDING SEC. 27-585A BUILDING SIGNS, SEC. 27-585B UNIFIED SIGN PLAN, SEC. 27-585C SIGNS WITHIN PLANNED UNIT DEVELOPMENT (PUD) ZONING DISTRICTS, SEC. 27-585D SIGNS WITH CONSERVATION (CON) ZONING DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated no changes had been made to the ordinance after the first read.

Discussion ensued regarding the timing of when political signs could be placed.

Consensus: **PAGE 6, ITEM (7), STRIKE OUT THE WORD "QUALIFIED".**

City Attorney White cautioned the Council not to place time limits or any restrictions on political signs.

Consensus: **PAGE 6, ITEM (7), PARAGRAPH 3, STRIKE OUT "SHALL NOT BE PLACED ON PROPERTY PRIOR TO QUALIFICATION OF THE CANDIDATE TO RUN FOR OFFICE."**

Discussion ensued regarding the size of political signs.

Consensus: **PAGE 6, ITEM 7, ADD 4 SQUARE FEET FOR RESIDENTIAL AREAS AND 32 SQUARE FEET FOR ALL OTHER ZONING DISTRICTS.**

Community Development Director Jason Cleghorn stated there were several small changes that needed to be made to the ordinance.

City Clerk Volpe asked the Council if Mr. Cleghorn could go ahead and make those required changes.

City Attorney White stated when an Ordinance is presented to the Council it should be a clean copy. Mr. Cleghorn could make the changes and present the Council a clean copy and review the changes he made with the Council at the time of the second reading.

Consensus: **PAGE 14, ITEM (4), STRIKE "NOT" AND ADD "ALSO."**

Councilor Weldon asked Mr. Cleghorn if snipe signs were addressed in the ordinance. Mr. Cleghorn responded they were addressed on page 4.

Councilor Shealy asked if the ordinance addressed people dressed in costumes holding and waving signs. Mr. Cleghorn replied he thought that was covered by a separate ordinance.

Mayor Brown asked for commercial addresses to be clear and visible. Mr. Cleghorn stated the issue was addressed on page 11.

Mr. Cleghorn stated he would make the appropriate changes to the ordinance for the April regular meeting.

Consensus: **FORWARD TO APRIL REGULAR MEETING.**

Ord. No. 2004-02

ORDINANCE NO. 2004-02, SIDEWALKS AND BIKEWAYS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 27, SECTION 27-479 SIDEWALKS AND BIKEWAYS AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown agreed to sponsor Ordinance No. 2004-02.

Community Development Director Jason Cleghorn stated there was still a question of smoking and drinking in the outdoor seating area.

Mayor Brown asked if there were a consensus on the smoking.

Councilor Weldon stated a smoking area was an incentive for restaurants to have an outdoor seating section and felt 50/50 would be reasonable.

Councilor Gilbert was concerned that 50/50 may cause conflicts between patrons.

Councilor Shealy questioned if it would be a violation of the state law to permit smoking. City Attorney White stated the state smoking ban was for indoors.

Mr. John Brocato, 100 First Street, Sunny Caribbee, stated he had the opportunity to speak with his customers regarding the smoking issue. He found his customers preferred to have a non-smoking outdoor seating area to a smoking one.

Councilor Pruette felt because the outdoor seating would be on public property patrons must be required to purchase a meal or entrée in order to be served an alcoholic beverage. She also felt an evaluation should be performed quarterly by the building official or city manager and the owner should be required to relocate personalized bricks upon request.

City Clerk Volpe stated Section 27-479d(14) covered the right for the city to prohibit the operation at any time because of anticipated or unanticipated problems or conflicts.

Vice Mayor Gilbert asked Mr. Brocato how he felt about the entrée requirement. Mr. Brocato replied the intention of the outdoor area was for dining not drinking. He added he did not want to have to tell patrons they had to purchase an entrée in order to have a drink.

City Attorney White stated the intent was to have a resolution for situations that may arise and Section 27-479d(1) stated the Council shall determine and establish by resolution the charges, terms and termination procedures for the right-of-way sidewalk uses.

Vice Mayor Gilbert felt one of the benefits for Sunny Caribbee was the patrons would enter through a front door and would have to go out the side door into the outdoor seating area.

Councilor Weldon stated other restaurants would be excluded if they were required to have a separate entrance through the restaurant to be seated outdoors. He suggested seating by a hostess could be required.

Consensus: **TO MAKE THE OUTDOOR SEATING AREA ALL NON-SMOKING AND FORWARD TO THE APRIL REGULAR MEETING.**

Councilor Pruette asked what would be done regarding the personalized bricks. City Manager Jarboe stated it could be included in the resolution that Mr. Brocato be required to relocate the bricks upon request.

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Vineyard Church

VINEYARD CHRISTIAN FELLOWSHIP CHURCH: Vice Mayor Gilbert stated Reverend Lee Brookins was currently investigating through property management if the church could lease space inside Scotty's. The code still needed to be addressed in regard to allowing religious establishments in commercial districts.

City Attorney White stated he would work with City Manager Jarboe to prepare an ordinance.

Florida Blvd.
Landscape

LANDSCAPE DESIGN CONTRACT BY GODARD DESIGN & ASSOCIATES: Vice Mayor Gilbert stated a landscape design was necessary in order to apply for a grant. The project was for the one block area between Kings Circle and Bay Road on Florida Boulevard. Godard Design & Associates offered a contract for the design in the amount of \$3,500.

Councilor Weldon requested the council approve the conceptual plan design before proceeding with the construction document design.

Councilor Pruette asked for an update on the Atlantic Boulevard entrance sign.

Consensus: **TO SUPPORT THE LANDSCAPE DESIGN CONTRACT.**

Adjournment

There being no further business, the meeting adjourned at 8:43 p.m.

ABSENT:

Councilor Larry Shealy
City Attorney Christopher White

STAFF:

Director of Community Development Jason Cleghorn
Assistant to the Building Official Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

Land Development

LAND DEVELOPMENT REGULATIONS GROUP 1 & 2: Community Development Director Jason Cleghorn explained at the last LDR meeting the council stopped at 27-229. He stated table 27-229-1 was the major information that needed to be reviewed at this meeting.

Council discussed at length the percentage of lot coverage. Vice Mayor Gilbert questioned whether all zoning districts should be the same regardless of lot size.

Consensus:

TO CHANGE THE PERCENTAGE OF LOT COVERAGE BACK TO 50% FOR R1-R5 DISTRICTS AND TO ADD LANGUAGE THAT ALL IMPERVIOUS SURFACES COUNT INCLUDING SWIMMING POOLS.

Mr. Steve Rosenbloom, Greenscape, announced that Greenscape would be having their annual tree sale in Town Center on Saturday April 3rd, starting at 7 am. He stated he was told by the Finance Department that he had to request, in person, for council to donate \$500 to Greenscape for the tree sale. Council discussed the donation. No decision could be made at a workshop.

Council discussed setbacks in residential zoning districts. Mr. Cleghorn pointed out that he had changed the side yard to 5 feet in R5.

Consensus: **LEAVE R4 SIDEYARD SETBACKS AT 7 FEET NOT 5 FEET.**

Council discussed height limitations in all districts. Vice Mayor Gilbert mentioned changing residential to 35 feet. Discussion ensued over a referendum asking that height was limited to 35 feet. Council asked staff how could this be done. City Clerk Volpe stated a referendum can be placed on the ballot by petition or by an ordinance passed by council.

Consensus: **TO LEAVE R5 HEIGHT LIMITATION AT 28 FEET. AND TO HAVE STAFF DRAFT AN ORDINANCE FOR A REFERENDUM TO HAVE THE HEIGHT MAXIMUM AT 35 FEET AND IT BE PLACED ON THE APRIL WORKSHOP.**

Recess/Reconvene

Mayor Brown called a recess at 7:15 p.m. and reconvened the meeting at 7:30 p.m.

Development Director Cleghorn continued with a discussion of setbacks in the commercial zone. Council questioned why the CDB now had a five feet setback. Mr. Cleghorn stated this complied with the state fire code.

Consensus: **COUNCIL WAS COMFORTABLE WITH COMMERCIAL SETBACKS.**

Councilor Pruette asked about section 27-235 use of front, side and rear yards. She questioned permitting for awnings and temporary carports. She requested there be a definition for awnings. The council discussed awnings and temporary carports.

Consensus: **TO DEFINE AWNING, ADD "FROM WINDOW OR DOOR" AFTER CANOPIES IN (3) AND TO DELETE "MARQUEE" IN (3).**

Mr. Cleghorn informed the council that he had added a Planned Unit Development (PUD) section. He stated it was in the City's Comprehensive Plan and therefore should not be deleted from the LDR. He felt it was a flexible land use tool that could be used to the benefit of the community.

Mayor Brown stated it was a good tool in order for developers to improve their land and the city to receive benefits in return. He felt it was not wise to eliminate it completely, even if it would not be used.

Vice Mayor Gilbert felt that PUD's had been removed so that condos and apartments would not be built. Mr. Cleghorn explained density would still have to be met and could not be ignored.

Councilor Weldon questioned what the benefits of PUD's were. Mr. Cleghorn said the developer gives concessions such as parks and open land in return for some thing from the city. Councilor Weldon felt in his experience the city usually does not get any compromises for the benefit of the community.

Councilor Pruette felt the problems she reads about in communities were always about PUD's. She does not support them.

Consensus: **TO DELETE SECTION 27-243 PLANNED UNIT DEVELOPMENT.**

Community Development Director Cleghorn suggested stopping at the end of Article IV Land Use.

Council discussed how to proceed with the LDR in order to finish before elections. City Manager Jarboe explained once the LDR is approved the Comp Plan needs to be changed in order to be in compliance with the LDR changes. There was some discussion on the frequency and time of meetings including a suggestion to have an hour after the regularly scheduled workshop.

City Manager Jim Jarboe reminded the council of the Saturday goal setting session. He also said there would be a menzi muck demonstration on April 6th.

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special workshop meeting to order at 6:30 p.m. and announced the purpose of the meeting was to hear a presentation by G.A.I. Consultants regarding the Kings Road Bridge.

Kings. Rd. Bridge

KINGS ROAD BRIDGE REPLACEMENT DESIGN: Ronald Hooglan, P.E., Project Manager, and Gregory Nettuno, P.E. Vice President of North Florida Operations, G.A.I. Consultants gave a presentation on the design and construction of the replacement bridge.

Mr. Hooglan stated the contract for the design and inspections was for the amount of \$108,000. The contract included the design of a one-way direction bridge with a pedestrian walkway with two alternate designs to choose from and inspections. The estimated construction time was 2 ½ months. The City of Jacksonville Beach agreed to open a temporary access while the bridge was out of service.

Interim City Manager Chief Brandt stated he would prefer the pedestrian walkway to be on the west side of the bridge. Mr. Hooglan stated that would not be a problem.

City Attorney Chris White asked that the following changes be made to the draft contract:

1) Responsibility of Client: The conditions that Client is responsible for right-of-entry on the land and/or facilities for GAI, etc. and change restorations of the land and/or facilities accomplished at the Clients expense.

2) Limitation of Liability: He would expect the limitation liability to be 1 million as opposed to \$50,000 or the price of the contract whichever is greater.

3) Terms of Agreement: He would ask that the prevailing party be entitled to attorney fees and cost as opposed to each party sharing their own attorneys fees and cost.

Vice Mayor Gilbert asked to place the contract on the workshop meeting agenda for review and forward to the March regular meeting for action.

Ty Edwards, Public Works Director, Jacksonville Beach, stated he would coordinate the temporary access with Public Services Director Leon Smith.

Interim City Manager Chief Brandt added G.A.I. would also conduct neighborhood meetings to keep the residents informed and allow their input.

Adjournment

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated she had presented a memo to the Council regarding the ranking of the seven finalists for the city manager position. She felt the process was flawed and could lead to legal issues.

Vice Mayor Gilbert asked City Attorney Chris White if he had the opportunity to review the process and if he felt the process involved in legal issues. He felt the Council should move forward if there were no legal issues involved.

City Attorney Chris White replied he spoke with Councilor Pruette last Friday. It was his opinion everything that took place during the ranking process at the last Council meeting was legal.

Councilor Shealy stated it should be noted that the same three candidates would have come out on top without the inclusion of the staff vote.

On the Record Councilor Weldon stated for the record he agreed with Councilor Pruette that the process that occurred at the last special meeting to narrow the list of candidates for City Manager lent an air of impropriety to the entire effort. It reflected badly on the city and badly on the ultimate choice of a city manager, however, he felt there was no benefit in making an issue of it now.

Councilor Pruette quoted the language in Section 2-67 of the City Code. "The city manager and such other officers of the city as may be designated by vote of the City Council shall be entitled to seats in Council, but shall have no vote therein." She did not agree with the way the process was handled.

Mayor Brown stated there was no policy and procedure in place for hiring a city manager. He suggested defining and adopting a policy and procedure in a future workshop meeting.

CITY MANAGER REPORTS

Sewer Project **SEWER IMPROVEMENT PROJECT:** Director of Public Services Leon Smith reported the contractor was connecting the sewer services on South Street. They still had to open cut the new main from the Sea Horse Motel to Lemon Street. There were also two point repairs that needed to be done on the west side of Third Street at Florida Boulevard. He estimated the project would be completed in a few weeks.

City Yard Project **CITY YARD PROJECT:** Director of Public Services Leon Smith reported the construction of the new city yard was on schedule. The heating and air conditioning ducts were being installed, the interior wall studs had been installed and the electrical wiring was being installed.

PUBLIC COMMENTS

Susan Conley, 1864 Nightfall Drive, was concerned that Hopkins Creek was filling up with silt and was getting shallower.

Sandy Leidy, 1810 Strand Street, stated of all the candidates for city manager it was amazing that after hiring a consultant to do a nationwide search the one selected was living here in Neptune Beach. He felt because Mr. Jarboe was already known in the community that the decision was decided beforehand and was not fair to the other candidates.

Richard Keene, 733 Bay Street, felt his neighborhood had been the storage shed for sewer equipment. He questioned the completion date of the sewer project. Jim

Miller, PBS&J, responded the estimated completion date was March 15, 2004.

Christine Chin, 227A Margaret Street, felt Walter Barry would be a comfortable choice for city manager. She questioned if the ranking would have been different had the Council not known Mr. Jarboe. She felt the Council was divided and encouraged them to find a way to heal the division.

Lynda Padrta, 1113 First Street, was concerned about the process of the hiring of a city manager.

Steve Jarrett, 210 South Street, thanked the Council for donating their time to the betterment of the government of Neptune Beach and asked them to keep up the good work.

Mary Ann Padrta, 1030 Oak Street, felt staff should not have been involved in the ranking of candidates for city manager and was disappointed the Council was unwilling to correct the process. She also questioned if Mr. Jarboe would have been chosen if he had not been known.

Scott Wiley, 723 Davis Street, stated he knew Jimmy Jarboe and felt he was qualified for the position of city manager.

Leslie Lyne, 501 Hopkins Street, felt if there were no names on the resumes the top candidates would have been the same. She also felt there would be a smoother transition if the Council all agreed on the top candidate.

CONSENT AGENDA / NONE

VARIANCES / NONE

ORDINANCES / NONE

OLD BUSINESS

Kings Rd. Bridge

KINGS ROAD BRIDGE REPLACEMENT DESIGN: Approval of contract for G.A.I. Consultants for the design of new Kings Road Bridge.

Moved by Pruette, seconded by Gilbert.

Motion: **APPROVE THE CONTRACT FOR G.A.I CONSULTANTS, CONTINGENT ON THE CITY ATTORNEY'S APPROVAL OF THE FINAL LANGUAGE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

NEW BUSINESS

Shade Mtg.

REQUEST FOR SHADE MEETING: City Attorney Chris White requested Council schedule a shade meeting to discuss pending litigation of the Dan Arlington and Solantic cases.

Consensus: **TO HOLD A SHADE MEETING PRIOR TO THE WORKSHOP ON FEBRUARY 23, 2004, AT 6:30 P.M.**

Resolution No.

RESOLUTION NO. 2004-04: A RESOLUTION APPOINTING BOARD MEMBERS TO

2004-04

THE CODE ENFORCEMENT BOARD.

Councilor Pruette stated Council had not met appointee Constance Green. She suggested postponing Ms. Green's appointment until she could attend a council meeting.

Moved by Gilbert, seconded by Shealy.

Motion: **TO ADOPT RESOLUTION NO. 2004-04 APPOINTING LORI GAGLIONE TO THE CODE ENFORCEMENT BOARD.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Whataburger

DEVELOPMENT ORDER – WHATABURGER – 1201 ATLANTIC BOULEVARD: Vice Mayor Gilbert stated he did not approve of the proposed pole sign for Whataburger.

Councilor Shealy added the Planning & Development Review Board recommended approval of the development order with the stipulation in the motion that the applicant would provide additional sign options, one being for a monument type sign.

Councilor Weldon asked if the applicant for Whataburger was present to answer questions. Councilor Weldon asked to postpone the development order until a representative was available to answer questions. He asked the City Attorney if it would be feasible to post a moratorium on sign construction until the new sign ordinance became effective.

City Attorney White stated he would draft a Resolution to pass a moratorium for the building of pole signs and have it available for the February Workshop Meeting.

Hank Baltar, Chairman of the Planning & Development Review Board, stated the Board did in fact ask the applicant to provide alternative sign designs emphasizing the desire for a monument type sign.

Consensus: **TO POSTPONE THE DEVELOPMENT ORDER FOR WHATABURGER.**

Consensus: **TO HAVE CITY ATTORNEY CHRIS WHITE PREPARE A RESOLUTION FOR A MORATORIUM ON POLE SIGNS FOR THE WORKSHOP MEEETING.**

Monahan Roofing

DEVELOPMENT ORDER – MONAHAN ROOFING – 2050 KINGS CICLE SOUTH: City Clerk Lisa Volpe informed the Council there was not a representative present for Monahan Roofing.

Councilor Weldon asked to postpone the development order until the applicant could be present.

Hank Baltar, Chairman of the Planning & Development Board, felt the applicants should be present for the final approval of development orders. He added once the Board recommended approval the applicant was informed when it would go before the council so they could be present.

Consensus: **TO DEFER THE APPLICATION UNTIL THE APPLICANT COMES BEFORE COUNCIL TO BE AVAILABLE TO ANSWER QUESTIONS.**

City Manager

CITY MANAGER CONTRACT: Mayor Brown asked if Council members had received the

correspondence from the consultant regarding the top three candidates interest and starting salary.

Moved by Shealy, seconded by Gilbert.

Motion: **TO NEGOTIATE A CONTRACT WITH JAMES JARBOE TO BE THE NEXT CITY MANAGER.**

Mayor Brown stated Mr. Jarboe was a finalist because of his background, resume, and interview process.

On the Record Councilor Shealy stated for the record he did not know James Jarboe until the interview process began. He was impressed by his experience and goal setting, and stood behind his decision of making him his number one choice.

Vice Mayor Gilbert stated he did not know James Jarboe personally and he treated Mr. Jarboe equal with the other candidates. His final decision was based on Mr. Jarboe's experience and interview and he felt he was the proper candidate for the position.

Councilor Weldon offered an amendment to the motion that the Council unanimously select James Jarboe as the City Manager.

Moved by Weldon, seconded by Shealy.

Friendly Amendment **TO UNANIMOUSLY AS A COUNCIL SELECT JAMES JARBOE AS THE CITY MANAGER.**

Vice Mayor Gilbert stated he did not want to risk the loss of a top candidate by the addition of the amendment but he urged the Council to vote unanimously.

City Attorney White stated Councilor Weldon offered the amendment and Councilor Shealy seconded the motion. The amendment needed to be voted on before the motion.

Councilor Pruette stated she was unhappy with the selection process but she would support the majority of the Council.

Councilor Shealy withdrew his second on the amendment.

AMENDMENT WITHDRAWN

Vice Mayor Gilbert asked for a roll call on the original motion.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
Interim City Manager & Public Safety Director William Brandt
Interim Assistant City Manager & City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Director of Finance Steve Ramsey
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special workshop meeting to order at 6:00 p.m. and announced the purpose of the meeting was to negotiate a contract with James Jarboe for the position of City Manager.

**City Manager
Contract**

CITY MANAGER CONTRACT NEGOTIATION: Mayor Brown asked City Attorney White to comment on the structure of the contract.

City Attorney White explained the contract was a form contract provided by the International City Manager's Association. It was up to the Council to determine the terms of salary and benefits.

Councilor Pruette stated according to the Florida League of Cities salary survey the minimum salary for a city manager in a city with a population of less than 10,000 was \$63,321 and the maximum was \$68,617. The \$80,000 proposed salary was 26% above the average. She asked Council to consider making the following changes to Mr. Jarboe's proposal:

- **Section 2.A. Term:** Change February 16, 2009 to February 16, 2007.
- **Section 2. B. Term:** Change the written notice from 180 days to 90 days.
- **Section 3.1. Suspension:** Strike the word "employee".

- Section 4.A. Termination and Severance Pay: Change from 6 months to 3 months.
- Section 7 Salary: Change annual base salary from \$80,000 to \$73,386 and change the minimum of 5% base salary increase to 3%.
- Section 8.B. Performance Evaluation: Change from each year to each fiscal year.
- Section 12.A. Vacation, Sick, and Military Leave: Change accrual of leave time from being accrued by general employees of Employer with 10 to 15 years of continual full time service to being accrued by general employees with beginning full time service.
- Section 14. Retirement: Change contribution amount of deferred compensation plan from 10% to 7%.

If those changes were made the contract would remain the same as past City Manager Richard Linn's contract with a 5% increase in salary.

Mayor Brown felt the \$80,000 salary and terms of the proposed contract were fair. He stated the other top candidates had requested a higher salary.

Councilor Shealy stated he was comfortable with the conditions of Mr. Jarboe's proposed contract. He felt \$80,000 was a fair salary for someone with Mr. Jarboe's experience.

Mayor Brown stated he worked with Mr. Jarboe on the Jacksonville City Council and his relationship with the county would benefit the city.

Vice Mayor Gilbert felt Mr. Jarboe deserved a salary of \$80,000 because of his experience. He was willing to accept the proposed contract.

Councilor Weldon stated he was not concerned with the format of the contract but he felt the terms should be reviewed in detail. In his opinion it would be irresponsible for the Council to give Mr. Jarboe everything he asked for in the contract and he felt Mr. Jarboe did not expect to get everything he requested. He agreed with the \$80,000 salary but suggested the following changes be made to the contract:

- He agreed the written notice should be 90 days in lieu of 180 days.
- The termination severance pay should be 3 months in lieu of 6 months.
- The salary increases should not be guaranteed they should be subject to review.
- Outside activities 10 hours a month

Councilor Weldon also felt a whole life insurance policy in the amount equal to the annual gross salary was an expensive proposition. The deferred compensation should be reviewed in a year. He felt professional development and club memberships should be limited and subject to Council approval.

Mayor Brown stated he would like the new City Manager to be involved the community. He would also expect him to manage his time and curtail club memberships.

Councilor Shealy stated the verbiage in the contract regarding club memberships was exactly the same as the previous City Manager's contract.

Councilor Pruette stated \$115,184 was a lot of money for a city of this size to pay for a city manager.

Councilor Shealy asked Councilor Pruette how she came up with the \$115,184 figure.

Councilor Pruette stated she asked Director of Finance Steve Ramsey to compare the differences between the previous city manager contract and the proposed new city

manager contract including salary and total cost of added benefits. The total amount of the proposed contract including benefits amounted to \$115,184. She added that Mr. Jarboe was also asking for a 5 year contract in lieu of a 3 year contract.

Mayor Brown stated the contract could be terminated at any time given written notice. City Attorney Chris White added the city manager could always be terminated but the city would have to pay him severance.

Moved by Weldon.

Motion: **APPROVE THE CONTRACT THAT WAS SUBMITTED WITH THE FOLLOWING CHANGES: 1) THE TERM IN SECTION 2-B BE REDUCED FROM 180 DAYS TO 90 DAYS, 2) THE TERMINATION AND SEVERANCE PAY IN SECTION 4 BE LIMITED TO 3 MONTHS RATHER THAN 6 MONTHS, AND 3) SECTION 7, SALARY THAT THERE ARE NO AUTOMATIC PAY RAISES, THEY ARE AVAILABLE ONLY SUBJECT TO ANNUAL REVIEWS.**

MOTION DIED FOR LACK OF A SECOND

Moved by Shealy, seconded by Gilbert.

Motion: **TO APPROVE THE CONTRACT AS SUBMITTED.**

Councilor Weldon commented that the other three council members continued to ignore himself and Councilor Pruette. He was concerned that if a pattern were created it would not benefit anyone. He added that he would appreciate a little more cooperation from the three council members.

Councilor Pruette stated she had received many telephone calls from citizens who had lost confidence in the elected officials.

Councilor Shealy stated the three council members disagreeing with Councilor Weldon and Councilor Pruette was only in one instance. He felt hiring Mr. Jarboe was a good opportunity for the city. He added the telephone calls he had received from citizens were positive.

Councilor Weldon stated contracts were negotiated all the time and he felt the Council should negotiate the details.

Mayor Brown stated he did not think the contract was unreasonable.

Councilor Pruette stated there had been no negotiating, the majority of the Council gave Mr. Jarboe everything he asked for in the proposed contract and the citizens would have to pay for it.

Mayor Brown asked City Clerk Lisa Volpe to call the roll on the motion to approve the contract as submitted.

Roll Call Vote:

Ayes: 3 – Gilbert, Shealy, Brown

Noes: 2 – Pruette, Weldon

MOTION CARRIED

Mayor Brown asked when the contract would be become effective. Interim City Manager

Chief Brandt stated Mr. Jarboe would begin work for the city on February 17, 2004.

Adjournment

There being no further business, the meeting adjourned at 6:35 p.m.

Call to Order/Roll Call

The Vice Mayor called the meeting to order at 6:45 p.m.

Land Development

LAND DEVELOPMENT REGULATIONS GROUP 1 & 2: Vice Mayor Gilbert stated he had not had the opportunity to review the latest version of the revised land development regulations.

Councilor Weldon questioned the Council as to how they would like to proceed with the review. He spoke with Gary Dickens, formerly of Ivey, Harris & Walls. Mr. Dickens informed him there was an amount remaining on the contract with Ivey, Harris, & Walls. Councilor Weldon stated he would like to deplete the remainder of the amount of the contract.

City Clerk Lisa Volpe stated Mr. Dickens was no longer with Ivey, Harris & Walls. She added the amount remaining on the contract was \$9,400.

Councilor Weldon stated he was aware Mr. Dickens was no longer employed by Ivey, Harris, & Walls. But because Mr. Dickens did all the work on the project Mr. Ivey had no objection to transferring the contract from Ivey, Harris, & Walls.

City Clerk Lisa Volpe stated she was concerned about Mr. Dickens reliability because he had not returned telephone calls in the past.

Councilor Weldon stated Mr. Dickens had been hard to reach due to his transition from Ivey, Harris, & Walls. He added the city had invested a lot of money with Ivey, Harris, & Walls and recommended giving Mr. Dickens the opportunity to complete the task.

Councilor Pruette stated she had no confidence in Mr. Dickens. The Council had come to many consensuses to changes they wanted that were not implemented.

Interim City Manager Chief Brandt questioned whether the consultant had already been paid the \$9,400. If so they owed the city \$9,400 worth of services.

City Clerk Lisa Volpe stated the contract with the consultant included: turning over the 1998 and 1999 revised material, attendance at five council meetings, and the legal review. All that remained was the revisions to Group 3 and the legal review.

Interim City Manager Chief Brandt suggested proceeding in the following manner. Have Mr. Dickens turn over the revised materials to Community Development Director Jason Cleghorn, have Mr. Cleghorn review the material, send it to Council for approval, then back to Mr. Dickens to provide the legal review. He suggested during the process each Council member meet with Mr. Cleghorn to discuss any concerns.

Councilor Pruette replied she felt the Council Members needed to hear each other's concerns.

Vice Mayor Gilbert stated he did not want to go through the revisions line by line. He was willing to allow Mr. Dickens the opportunity to complete the project.

Councilor Shealy agreed to give Mr. Dickens another opportunity.

Community Development Director Jason Cleghorn explained the version of the land development regulations before the Council included some changes he had made without the knowledge of the Council.

City Clerk Lisa Volpe explained Group 1 and Group 2 up to Section 27-234, was reviewed by the consultant and changes agreed to by the Council before Mr. Cleghorn's changes. The Council had not started the review of Group 3.

Councilor Shealy questioned why Mr. Cleghorn made changes to Group 1 and Group 2, up to Section 27-234 if it had already been approved by the Council.

Mr. Cleghorn replied he was told to review the Code and make any changes he felt were necessary.

Councilor Weldon asked Mr. Cleghorn to go over the changes he made with the Council and have the Council agree or disagree and move forward from there.

City Clerk Volpe suggested Mr. Cleghorn draw up a document showing all the changes he made.

Vice Mayor Gilbert asked Mr. Cleghorn how many changes he had made.

Mr. Cleghorn replied the major changes he made were to Section 27-145, Variances, adding certain items that needed to be included on plat maps, a new Administrative Variance Section, and changes to zoning districts.

Councilor Weldon suggested for a starting point to have Mr. Cleghorn go over all the changes he made to Group 1 with the Council and have the Council agree or disagree on each change and finish up Group 1.

Vice Mayor Gilbert asked Mr. Cleghorn to be prepared to go over the changes he made with the Council at the next meeting.

City Clerk Volpe stated all the consensuses the Council agreed to up to Section 27-234 were included in the current document. She recommended that Mr. Cleghorn go over the changes he made up to Section 27-234 with the Council and complete the project up to that point. Then the Council needed to decide if they wanted the consultant or Mr. Cleghorn to complete Group 3.

Vice Mayor Gilbert stated if the Council agreed Mr. Cleghorn could go over his changes with the Council at the next meeting and finish up Group 1 and Group 2 up to Section 27-234.

Councilor Weldon asked City Clerk Volpe to make sure the changes the Council agreed to by consensus were included and had not been altered.

Vice Mayor Gilbert asked Mr. Cleghorn how much time he needed to prepare to go over the changes he made to Group 1 and Group 2, Section 27-234 with the Council.

City Clerk Lisa Volpe stated Monday, March 8, 2004, was available.

Mr. Cleghorn asked Council to clarify what they wanted him to do.

Vice Mayor Gilbert instructed Mr. Cleghorn to highlight the changes he made in his copy up to Section 27-234 and be prepared to go over those changes verbally with the Council at the next meeting.

Consensus: **TO HOLD THE NEXT LAND DEVELOPMENT WORKSHOP MEETING ON MONDAY, MARCH 8, 2004, STARTING AT 6:00 P.M.**

Adjournment

There being no further business, the meeting adjourned at 7:30 p.m.

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Gilbert asked Director of Public Works Leon Smith for an update on the Bal Harbor flooding issues. Mayor Brown stated Mr. Smith would comment on the issue under the City Manager Reports.

Councilor Pruette asked to place the stormwater system on the workshop agenda for January 12, 2004. She asked that the study for widening Penman Road include alternatives.

City Clerk Lisa Volpe stated the regular workshop meeting date of January 19, 2004 fell on Martin Luther King Jr. Day, and would be moved to January 12, 2004.

CITY MANAGER REPORTS

- Sewer Project **SEWER IMPROVEMENT PROJECT:** Director of Public Services Leon Smith explained the sewer project was moving along on schedule. The contractor was pulling out the old liner on Third Street and installing new pipe. The contractor had agreed to clean up the storage area.
- City Yard Project **CITY YARD PROJECT:** Director of Public Services Leon Smith stated the wastewater treatment plant building and the animal control building were dried in; meaning the trusses were set, the plywood was on, and the tar paper was on. The administration building should be dried in by the end of the week.
- Bal Harbor **BAL HARBOR STORM DRAINAGE:** Director of Public Services Leon Smith stated the drainage in Bal Harbor was a problem for private property owners during heavy rains when the ditches were full and when the tide was high because all of the water drained into Hopkins Creek. To help control the problem he had an access pipe for a trailer-mounted pump installed so that the water could be pumped out into the ditch. The only other solution was to install a pumping station.

PUBLIC COMMENTS

Elaine Kenny, 1301 Neptune Grove Drive West, requested permission from the Council to Chair "Sunday in the Park". She introduced Rebecca Miller who volunteered to Co-chair the event. The event would take place on April 4th or 18th.

Rick Sonner, 547 Magnolia Street, was concerned about the flooding on his property in Bal Harbor. He suggested the city install a small pump house.

Wayne Willey, 569 Bay Street, was concerned about flooding on his property in Bal Harbor.

Tim Slater, 573 Magnolia Street, was concerned about flooding on his property in Bal Harbor. He felt the problem was the amount of water going into the retention areas was increasing and the capacity of the retention areas were decreasing. He suggested the city use the funds collected for stormwater to enlarge the ditches.

Jim Clements, 616 Magnolia Street, was concerned about flooding on his property. He stated the moisture from the flooding had caused his garage floor to rise and he was concerned about the foundation of his house. He felt the problem was also a public safety issue for people that were not familiar with the area.

Leslie Karlin, 1506 Spindrift Circle West, favored approval of Resolution 2004-01. She questioned the issues of Resolution 2004-02. She stated Solantic understood the action of the Code Enforcement Board. She asked the Council to consider other

citizens rights when a religious organizations asked for exceptions.

Todd Brown, 1512 Strand Street, felt the proceedings for request for relief for 104 Davis Street was not appropriate and had no merit. He felt it would be a waste of taxpayer money because the mediation was non-binding.

Laura Patronik, 1520 Leeward Lane, opposed the widening of Penman Road. She stated the beach accesses were already protected and there was no need for surveys.

Lynda Padrta, 1113 First Street, supported surveying the beach accesses. She also supported the approval of Resolution 2004-01. She asked the Council to support the Code Enforcement Board action regarding the Solantic sign.

CONSENT AGENDA

Approve surveys for beach accesses to be completed by Boatwright Land Surveyors for \$6,000.

RESOLUTION NO. 2004-01: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NEPTUNE BEACH, FLORIDA OPPOSING CREATION OF A STATE-WIDE WATER AUTHORITY, PRIVITIZATION OF WATER RIGHTS, AND THE TRANSPORT OF NORTH FLORIDA WATER RESOURCES TO CENTRAL AND SOUTH FLORIDA.

Moved by Weldon, seconded by Pruette.

Motion: **TO APPROVE THE ABOVE CONSENT AGENDA.**

Mayor Brown asked to remove the survey for beach accesses from the consent agenda and vote on each subject separately.

Councilor Weldon withdrew the motion.

Moved by Pruette, seconded by Weldon.

Motion: **TO APPROVE SURVEYS FOR BEACH ACCESSES TO BE COMPLETED BY BOATWRIGHT LAND SURVEYORS FOR \$6,000.00.**

VARIANCES

104 Davis St.

VARIANCE FOR 104 DAVIS STREET – REQUEST FOR RELIEF: City Attorney White explained if a property owner sought relief under the state statute the city was required to participate and did not have the option to decline. He explained the city and the property

owner had to agree on a Special Master who would determine whether or not the action by the city unfairly restricts or imposes an undue burden on the owners use of the property. He and the attorney for the property owner agreed to use Bill Birchfield as the Special Master. Approval of the Council was necessary to set the proceedings in motion and move forward.

Moved by Gilbert, seconded by Shealy.

Motion: **TO ACCEPT THE ADVICE OF CITY ATTORNEY WHITE AND USE BILL BIRCHFIELD AS THE SPECIAL MASTER.**

MOTION CARRIED

OLD BUSINESS

Solantic Sign

SOLANTIC SIGN: City Attorney White stated Solantic would be moving forward with a lawsuit. The lawsuit sought relief relating to the action of the Code Enforcement Board and the subsequent action of the Council relating to the sign. He asked the Council to authorize the preparation and approval of a Resolution allowing him the authority to move forward and take all necessary action to defend the matter and prosecute any action the city may wish to take against Solantic in terms of issues discussed at the previous meeting.

Councilor Weldon asked Mr. White if the lawsuit would derail any action by the city to seek injunctive relief in the interim. Mr. White stated Solantic had asked for injunctive relief to prevent the Code Enforcement Board action from being enforced. In turn the primary offensive tactic the Council should consider was to seek injunctive relief to see that the actions of the Code Enforcement Board were enforced.

Moved by Weldon, seconded by Gilbert.

Motion: **TO APPROVE A RESOLUTION AUTHORIZING CITY ATTORNEY CHRIS**

NEW BUSINESS

Beaches Chapel

APPLICATION FOR SPECIAL EXCEPTION FOR BEACHES CHAPEL – 610 FLORIDA BOULEVARD: The application for the special exception was for the reconfiguration of the monument sign.

Wayne Bezman, authorized agent for Beaches Chapel, explained the request was to upgrade the existing plywood sign to match the newly remodeled church. The existing sign was 9' wide x 8' tall. The proposed new sign would be 12' wide x 8 tall'.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE THE SPECIAL EXCEPTION FOR BEACHES CHAPEL.**

MOTION CARRIED

Dial-a-Ride

REQUEST FOR DONATION FOR DIAL-A-RIDE PROGRAM: Director of the Senior Activity Center Leslie Lyne requested a donation from the city of \$1,000 for the Dial-a-Ride Program.

For the Record Director of Finance Steve Ramsey stated for the record the last contribution to the Dial-a-Ride Program was in 2001.

Councilor Weldon felt the Council should be informed of how much money they needed in order to operate. He asked that future requests for donations include budgets and annual reports.

Moved by Gilbert, seconded by Pruette.

Motion: **TO APPROVE A DONATION OF \$1,000 FOR THE DIAL A RIDE PROGRAM.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS/NONE

COMMITTEE REPORTS/NONE

CITY MANAGERS PUNCH LIST

Water Project **WATER IMPROVEMENT PROJECT:** Interim City Manager Brandt stated final payment would be made to Utilex once the billing was received in proper format.

Sewer Project **SEWER IMPROVEMENT PROJECT:** Jim Miller, PBS&J, stated the sewer contractor had continued running into problems with the old liner on Third Street. The latest problem was at the corner of Third Street and Florida Boulevard where the water contractor had difficulty installing the bore and jack and damaged a sewer line. Due to the problems, Mr. Miller recommended at the contractors request, a 45-day extension of the contract. Mr. Miller added that with all the problems and extra work the project would still be completed under the contracted time.

Director of Public Services Leon Smith stated the sewer line for the Sea Horse Motel was backing up quite a bit and a sewer line for a house on Orange Street at the oceanfront needed

to be extended. He would have the contractor take care of those problems as well.

Consensus: **TO ALLOW THE CONTRACTOR A 45 DAY EXTENSION TO DO REPAIRS ON ORANGE AND MIDWAY.**

Councilor Weldon voiced concern regarding low water pressure on a property on the oceanfront north of Cedar Street. Mr. Smith stated he would look into the situation.

Kings Rd. Bridge

KINGS ROAD BRIDGE: Interim City Manager Brandt stated G.A.I. Consultants were prepared to give a presentation to the Council on the design and construction of a new bridge.

Consensus: **TO HOLD A SPECIAL MEETING FOR G.A.I. CONSULTANTS ON FEBRUARY 2, 2004, AT 6:30 P.M. PRIOR TO THE REGULAR COUNCIL MEETING.**

Public Services Facility

PUBLIC SERVICES FACILITY: Director of Public Services Leon Smith stated the construction of the new public services facility was moving along well and ahead of schedule. The construction was due to be complete by June 1st.

Hopkins Creek

HOPKINS CREEK PROJECT: Mayor Brown stated the Florida Department of Transportation continued to look at options other than the original plan for culvert.

City Manager Selection

CITY MANAGER SELECTION PROCESS: Councilor Pruette suggested the reception for the city manager candidates be held at City Hall in lieu of the Beaches Diner. She felt more citizens would attend if it were held at the City Hall building.

Mayor Brown stated the Beaches Diner would be open for the reception attendees only and there were also more available parking at that location.

PUBLIC COMMENTS

Sandy Leidy, 1810 Strand Street, asked the Council to reconsider the sequence of public comments on the agenda. He felt the public should have an opportunity to speak before each agenda item.

Tim Slater, 573 Magnolia Street, asked Council to consider a cost effective solution for cleaning the drainage ditches. He suggested Council consider charging impact fees on development.

Lynda Padrta, 1113 First Street, questioned the timeline for street replacement and landscape repairs and the impact on the stormwater system from the addition of the stormwater drainage from Town Center.

PROPOSED ORDINANCES

LDR

LAND DEVELOPMENT REGULATIONS: Council was asked to set a date for a workshop meeting to review the Land Development Regulations. City Clerk Lisa Volpe stated February 16th was a holiday and the available dates for the workshop were February 9th or the 23rd.

Consensus: **TO HOLD THE LAND DEVELOPMENT REVIEW WORKSHOP ON FEBRUARY 9TH AT 6:00 P.M. AND THE REGULAR WORKSHOP MEETING ON THE 23RD AT 7:00 P.M.**

Sign Ord.

SIGN ORDINANCE: Councilor Weldon felt the sign ordinance should be more consistent with the Atlantic Beach sign ordinance. He asked Council to allow him to work with Community Development Director Jason Cleghorn and submit a new draft to Council for approval. City Clerk Lisa Volpe advised the latest draft did not include the ordinance relating to political signs.

Consensus: **COUNCILOR WELDON TO WORK WITH JASON CLEGHORN AND DRAFT THE SIGN ORDINANCE.**

CONTRACTS / AGREEMENTS/NONE

ISSUE DEVELOPMENT

Sunny Caribbee

SUNNY CARIBBEE: Chief Brandt stated Mr. Brocato, owner of Sunny Caribbee was not prepared to appear before the Council and asked to defer the item.

Councilor Weldon stated applicants should not be allowed to determine the council agenda. He was prepared to discuss the issue of outdoor seating on public right-of-ways. He added that he was willing to consider the idea if the following guidelines were set: 1) a fair price per square foot was determined, 2) a clear insurance guaranty to protect the city, 3) clear enforcement regarding enforcement of alcohol and food, 4) it would not be used as an excuse to allow a smoking area and would have a non-smoking section, and 5) determine the amount of space necessary for pedestrians in addition to the space being utilized for sidewalk dining.

Councilor Pruette agreed that if sidewalk dining was allowed, guidelines should be set so there would be no misunderstandings.

Councilor Weldon stated Mr. Brocato was asked to determine the fair price for the outdoor retail space for the Council to consider. Instead he suggested staff contact local merchants and come up with a fair price per square foot for retail restaurant space.

Mayor Brown stated other sidewalks in retail areas were narrow and could not be considered for sidewalk dining because there would not be additional space for pedestrians.

Vice Mayor Gilbert stated he did not have a problem with the sidewalk dining. He was concerned that if the restaurant provided entertainment after 10:00 p.m. it would create an adult situation and felt at that point it should no longer be considered a restaurant.

Councilor Shealy stated his two majors concerns were the cost per square footage for retail restaurant space on the right-of-way and liability. He was also concerned about creating a public safety issue.

Mayor Brown asked the staff to prepare a draft of guidelines and contact local merchants regarding the price per square foot for rental of outdoor seating space.

Councilor Pruette asked Director of Community Development Jason Cleghorn to copy information regarding sidewalk dining permits to the other Council members. She also felt agenda items should go through the City Managers office. City Clerk Lisa Volpe stated unless the issue was ongoing all agenda items were approved by the City Manager's office.

Chief Brandt stated there was also the issue of sidewalk diners serving alcohol verses those serving coffee. He suggested a barrier be placed around the dining area if alcohol was being served.

Councilor Weldon asked staff to prepare a set of perimeters for the next Council meeting. He also wanted the City Attorney's analysis of the liability the city may face by accepting rent money.

Councilor Shealy stated the guidelines should also include an escape clause.

Stormwater

STORMWATER: Councilor Pruette stated most areas east of Third Street were fully developed

and the water east of Third Street drained into First Street. She felt the only relief for the drainage was to keep the drainage ditch on First Street cleaned out and free of debris. She suggested the city initiate a regular schedule for cleaning drainage ditches and pay to have the debris hauled off.

Interim City Manager Chief Brandt asked Director of Public Services Leon Smith if the debris removed from the drainage ditches would be considered biohazard. Mr. Smith replied there was a potential that petroleum products may be within the debris but the debris would not be considered the same as sludge.

Jim Miller, PBS&J, stated it would be up to the Department of Environmental Protection to determine the contents of the debris and whether or not it would be considered a biohazard. Mr. Miller stated the overall problem was the ditches from Atlantic Beach and Jacksonville Beach also flowed into Hopkins Creek. The stormwater sewer system was undersized and old. Out of 33 subsystems 22 had flood problems some of which go down immediately once the rain had stopped. He added the only solution would be to install a pumping station.

Councilor Pruette stated cleaning out the ditch behind the church helped with the situation in Bal Harbor. She felt that dredging out and cleaning the ditches would be helpful in other areas.

Director of Public Services Leon Smith agreed the ditches needed to be cleaned but stated his department did not have the capability to dredge all of the ditches. He added he would request the money to be included in his budget for next year.

Vice Mayor Gilbert stated the stormwater system was the final portion of updating the city's infrastructure. Standing water has been a problem for a long time and would take time to repair. He felt temporary repairs would work until priorities were set and the city could look into a long-term diligent approach to the drainage problems. He felt impact fees would be a way to help generate funding.

Councilor Weldon requested the Council be presented a formal report outlining the problems in the existing system. The information provided in the report would locate the critical areas and staff could produce a plan to address the issues.

Jim Miller, PBS&J, stated his company prepared a Stormwater Master Plan for the City in 1998.

Councilor Weldon stated he was unaware of the Stormwater Master Plan. He asked staff to prepare a brief of the plan for the Council outlining critical areas where immediate action should be taken and prepare a price estimate.

Jim Miller stated he would meet with Leon Smith and prepare a summary with up to date cost.

Mayor Brown stated the problem in Bal Harbor has been temporarily corrected. He asked the summary show the difference between what was considered an inconvenience and what was considered a major problem. He felt there were some areas in need of attention but the situation was not a crisis.

Consensus: **DIRECT STAFF TO WORK WITH THE CITY ENGINEER AND CREATE AN EXECUTIVE SUMMARY FOR THE COUNCIL HIGHLIGHTING THE CRITICAL AREAS NEEDING ATTENTION RIGHT NOW AND A PLAN OF ACTION TO ADDRESS THE ENTIRE STORMWATER SYSTEM WITH A TIME LIMIT.**

New Yrs. Event

Councilor Pruette suggested having a big screen television brought into Town Center for the 2005 New Years Eve celebration. She thought it would be nice for citizens to come together in Town Center to celebrate the new year and watch the ball drop.

Adjournment

There being no further business, the meeting adjourned at 8:40 p.m.

Community Development Director Jason Cleghorn
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Order Call

Mayor Brown called the special meeting to order at 6:00 p.m. and announced the purpose of the meeting was to select a new city manager.

Mayor Brown thanked Chief Brandt for his role as Interim City Manager and Bob Slavin for his role as consultant.

**Hiring of new
City Manager**

Mr. Bob Slavin recommended each Council Member rank the candidates one (1) through seven (7); collect the results; and select the top three candidates. He would then contact the top three to find out if they were still interested and their salary requirements.

City Clerk Lisa Volpe tallied the votes and announced the results. The candidates ranked in the following order:

Jim Jarboe	16 (first)
Walter Barry & Dennis Kelly	19 (tie for second)
Rance Leaders	21 (third)
Barbara Bramblett	26 (fourth)
Mark Eckert	32 (fifth)
Joseph Turner	35 (sixth)

Councilor Pruette asked to see the results.

Councilor Pruette questioned why the staff was included in the voting. She added she understood the staff would advise the Council of their preference but it was her understanding only the Council would vote.

Councilor Weldon agreed the staff should not be included in the vote.

Interim City Manager Chief Brandt replied that when he accepted the position of Interim City Manager he was told staff would have a say in who would be the next City Manager.

Discussion ensued regarding the involvement of the staff vote.

Mayor Brown asked if there would be any benefit in eliminating the bottom four and voting again on the top three.

Councilor Weldon stated Council agreed before getting to this stage the results would be discussed before a final vote. He asked for a recount of the votes excluding staff's vote.

Councilor Shealy felt because staff was included in the interviewing process he did not have a problem with the vote.

Mayor Brown added that council did not ask for the staff recommendation before voting and felt the vote should be included.

Councilor Weldon stated he was interested in the staff recommendation but he was not comfortable with the staff input swaying the decision of the Council.

Councilor Pruette stated she also valued the staff input but felt the Council should make the final decision. It was her understanding the staff would discuss their recommendation with the Council.

City Attorney White suggested Council determine whether or not the staff should be included in the vote before making an adjustment in the numbers as opposed to voting and then deciding.

Councilor Pruette questioned City Attorney White as to who could legally vote and who could not. City Attorney White stated the vote in terms of offering a package would be entirely the vote of the Council. How the Council got to that point was up to the discretion of the Council. There was no rule.

Vice Mayor Gilbert stated maybe staff should have recommended to Council beforehand. But he had a problem changing the rules after the votes had been counted. He suggested making it clear that when it came to the final vote they would accept the staff's input but staff would not be included.

Moved by Weldon, seconded by Pruette.

Motion: **TO RECOUNT THE VOTES ELIMINATING THE STAFF VOTE.**

Roll Call Vote:

Ayes: 2 – Pruette, Weldon

Noes: 3 – Gilbert, Shealy, Brown

MOTION FAILED

Moved by Gilbert, seconded by Shealy

Motion: **FROM THIS POINT ON STAFF DOES NOT HAVE A VOTE IN THE FINAL OFFERING OF THE PACKAGE TO ANY INDIVIDUAL OR ANY FURTHER NARROWING DOWN OF CANDIDATES.**

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown asked Mr. Slavin if there was any value in breaking the tie vote. Mr. Slavin replied no and suggested that he speak with all three of them first regarding their interest and requirements.

Councilor Weldon asked Council Members if they had received Dennis Kelly's written material that was not included in the final report. He questioned why Mr. Slavin why this was not included in the final report.

Each Council Member and Interim City Manager Chief Brandt discussed the reasons for their top choices.

Mr. Slavin encouraged the Council to allow him to speak with each candidate regarding terms and conditions before selecting and announcing a top candidate.

Mayor Brown stated the selection of the City Manager would then be placed on the February 2, Regular Council Meeting agenda.

Adjournment

There being no further business, the meeting adjourned at 7:16 p.m.

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

COMCAST - \$5,000 CONTRIBUTION TO THE CABLE TELEVISION EXPENDABLE TRUST FUND: Ann Murphy, representative for Comcast introduced Doug McMillin, Vice President and General Manager and Bill Ferrer, Area Director of Government Affairs for Comcast. Mr. McMillin presented a \$5,000 annual contribution to the city for special events.

COMMITTEE REPORTS / NONE

CITY MANAGERS PUNCH LIST

Water Project

WATER IMPROVEMENT PROJECT: Jim Miller, PBS&J stated the water project was substantially complete with the exception of the cleaning of debris from the storm sewers. Utilix submitted their final invoice in the wrong format with demands.

The remaining balance of the contract was for \$615,106.23 minus the change order for liquidated damages in the amount of \$125,250.80 leaving a balance of \$489,853.53 once the storm sewers were cleaned. Because the storm sewers had not been cleaned they were

charged another \$10,000 leaving a final remaining balance of \$479,853.53. Utilex was asked to turn in an invoice for that amount in the proper format.

There was still the potential of litigation because Utilex was requesting somewhere over one million dollars in claims against the city for work beyond what they thought was in the scope. Utilex was reminded that their bid was for a lump sum amount and they were given many opportunities to withdraw their bid.

- Sewer Project SEWER IMPROVEMENT PROJECT: Director of Public Services Leon Smith stated the contractor was moving along on schedule.
- Kings Rd. Bridge KINGS ROAD BRIDGE: Director of Public Services Leon Smith stated he had met with GAI and was awaiting a response.
- Public Services Facility PUBLIC SERVICES FACILITY: Construction of the Public Services Facility was moving along on schedule. The block work would be completed by next week and trusses for the main administration building had been delivered.
- Hopkins Creek HOPKINS CREEK PROJECT: Mayor Brown stated he had spoken with Aage Schroder, District Secretary FDOT. Mr. Schroder informed him FDOT was still working on a new design that would be more suitable for Neptune Beach.

Councilor Pruette voiced concern regarding a property located on the drainage ditch on Twentieth Street across from the school on the northeast side.

Councilor Weldon voiced concern regarding a drainage problem on Magnolia Street caused by the renovations of the Beaches Chapel. He asked Director of Public Services Leon Smith to inspect the problem and report back to the council.

PUBLIC COMMENTS

Tim Slater, 573 Magnolia Street, stated he had spent a lot of time and money improving his property and was concerned about a flooding problem in the neighborhood. The problem was the drainage ditch retention area running parallel to Florida Boulevard and Magnolia Street between his property and the Beaches Chapel. The problem was so bad it filled the ditch up to the brim and flooded the west end of the Beaches Chapel building and caused flooding inside his home. He asked the Council to help correct the problem.

Director of Public Services Leon Smith stated he would inspect the problem and respond to Mr. Slater within a few days.

PROPOSED ORDINANCES / NONE

CONTRACTS / AGREEMENTS

- Beach Access Surveys BOATWRIGHT LAND SURVEYS – BEACH ACCESS SURVEY: Boatwright Land Surveyors provided an estimate of \$6,000 to survey the beach accesses which included a \$2,000 cost for concrete monuments to be set at the boundaries. Interim City Manager Chief Brandt recommended acceptance of the proposal.

Vice Mayor Gilbert suggested that adjacent property owners be notified in writing of the intent of the surveys.

- For the Record Mayor Brown stated for the record he felt the expenditure was not necessary because the beach accesses were not being threatened.

Consensus: **FORWARD TO THE JANUARY CONSENT AGENDA.**

ISSUE DEVELOPMENT

Greyhound Gathering **GREYHOUND GATHERING EVENT:** June Baldwin, Sandy Paws Event Co-coordinator, stated the "Greyhound Gathering Event" was scheduled for the weekend of March 5th. People from many states would be attending the event thereby boosting economy for the local hotels, restaurants and area shops. She requested leniency for allowing dogs on the beach and requested that extra trash cans be placed throughout Jarboe Park that weekend.

Wayne Baldwin stated the "Blessing of the Animals" was planned for 9:00 a.m. March 6th at the lifeguard station. The "Dancing Greyhounds" would be at Jarboe Park approximately 4:30 p.m. March 6th. He invited everyone to come out and enjoy the events.

Interim City Manager Chief Brandt stated he had no opposition to the event and official action by the City Council was not necessary.

Beaches Chapel **BEACHES CHAPEL HISTORICAL STRUCTURE:** Interim City Manager Chief Brandt stated the Beaches Chapel had offered to donate and pay for the relocation of the old chapel to Jarboe Park.

Vice Mayor Gilbert felt there was not enough room in Jarboe Park for placement of the structure. He felt the building would be better placed in a historical district.

Councilor Weldon stated he would consider the placement of the structure in Jarboe Park. He added it would provide a place for public meetings and community gatherings.

Councilor Pruette opposed placing the structure in Jarboe Park. She added that Section 4.05 of the Code stated the city shall be prohibited from reducing the size of any parks or parklands without prior approval of the voters.

Mayor Brown stated he would like to consider creative ideas from the community. He suggested getting the dimensions of the structure.

Councilor Weldon encouraged everyone to take a look at the structure and think about it.

First Street **FIRST STREET BLINKING LIGHTS:** Councilor Pruette asked the Council to consider removing the blinking lights on First Street. She felt once the repaving and traffic calming was complete they would no longer be needed.

Consensus: **TO ASK THE CITY OF JACKSONVILLE BEACH TO REMOVE THE BLINKING LIGHTS ON FIRST STREET AT THEIR EARLIEST CONVENIENCE.**

Florida Blvd. **FLORIDA BOULEVARD LANDSCAPING:** Vice Mayor Gilbert stated Community Development Director Jason Cleghorn had indicated grant money may be available for the landscaping of Florida Boulevard. A landscape design was necessary in order to apply for the grant. He asked for a consensus to get proposals for a landscape design.

Consensus: **TO EXPLORE THE COST OF A LANDSCAPE DESIGN.**

Interim City Manager Chief Brandt stated request for proposals would need to be advertised.

Director of Community Development Jason Cleghorn stated he found an old landscape plan for Stevens Park and would like permission to apply for a grant.

Dayne Etherton, IBBC Member, suggested incorporating the beautification of Stevens Park and all of Florida Boulevard into one project. The Ish Brant Beautification Committee had submitted several grant applications already for Stevens Park and had asked the state for \$250,000 for improvements on Florida Boulevard.

Community Development Director Jason Cleghorn stated the projects each should be treated separately. Council agreed to allow Mr. Cleghorn to apply for the Stevens Park grant.

Adopt-an-Area

ADOPT AN AREA AGREEMENT: Interim City Manager Chief Brandt stated he and the City Attorney had read and approved the new Adopt-an-Area agreement.

Councilor Weldon voiced concerned regarding the 4' height limit for landscaping. He was concerned that existing landscaping would have to be adjusted or changed.

Joanne Waddill, Ish Brant Beautification Comminttee Member, stated the 4' height limitation provision coincided with the city code regarding the 4' height limit on fences. The 4' height limit was added to the agreement to provide uniformity. She added the Adopt-an-Area Agreements had to be approved by the Committee and exceptions could be made. She asked the Council to support the efforts of the Committee in receiving state funding.

Consensus: **TO APPROVE THE ADOPT AN AREA AGREEMENT.**

Penman Rd.

WIDENING OF PENMAN ROAD: Councilor Weldon stated members of the City of Jacksonville Beach Council contacted him regarding the widening of Penman Road. He felt it was time to consider the possibility and encourage the City of Jacksonville to prepare a study.

Mayor Brown felt the widening of Penman Road would encourage more traffic and completely change the character of the neighborhood.

Vice Mayor Gilbert supported moving forward with the study. He questioned if it was part of the Interlocal Agreement that the City of Jacksonville would be required to pay for the study if asked.

Councilor Pruette suggested that an in-depth study of the situation of growth at the beaches be done. She felt Neptune Beach had not grown but the traffic was coming through Neptune Beach.

Interim City Manager Chief Brandt asked City Attorney White if the Interlocal Agreement called for the City of Jacksonville to be responsible for the operation and maintenance of Penman Road. City Attorney White responded yes; it was the responsibility of the City of Jacksonville.

Solantic

SOLANTIC SIGN COMPLIANCE: Councilor Weldon stated the Solantic Walk-in Urgent Care Center sign was not in compliance. By flashing the unnecessary advertising the sign was in violation of the Code and the agreement with the Code Enforcement Board. He felt it was clear Solantic had no intention of removing the sign and it was time for the Council to seek relief in order to have the sign shut off or removed.

Mayor Brown asked City Attorney White to comment.

City Attorney White stated Florida law allowed the City to seek injunctive relief through the circuit court to see if the City would be entitled to a preliminary injunction to halt the violation of the zoning regulation and further seek a permanent injunction. Mr. White added that once litigation was initiated the court would order mediation.

Vice Mayor Gilbert stated the ultimate goal was to bring the sign into compliance. He felt the

more effort the City put forth to resolve the problem the better. He felt Solantic should be given another opportunity to bring the sign into compliance.

City Attorney White suggested writing a letter to Solantic asking them what actions they intended to take to bring the sign into compliance. Court proceedings could be started depending upon their response. In order to start the proceedings the Council would need to approve a Resolution for the January Regular Council Meeting.

Consensus: **HAVE CITY ATTORNEY SEND SOLANTIC A LETTER ASKING WHAT THEIR INTENTIONS WERE REGARDING THE SIGN AND ACT DEPENDING ON THE RESPONSE.**

Water Resources

NORTH FLORIDA WATER RESOURCES: Mayor Brown stated the Northeast Florida League of Cities was encouraging the northern cities to adopt a resolution in opposition of creating a statewide water authority.

Consensus: **TO MOVE FORWARD WITH THE RESOLUTION.**

104 Davis St.

Councilor Pruette questioned correspondence received from the law firm of Edwards, Cohen regarding a Request for Relief Pursuant to Section 70.51, Florida Statutes; V03-34; Variance Request that was turned down for 104 Davis Street. She asked City Attorney White to comment.

City Attorney White stated he would respond to the letter accordingly. He added that Chapter 70 of the Florida Statutes was the Bert Harris Act that dealt with whether or not an undue burden was being placed on the development of the property. A Special Master could also hear the issue. Under the law the adjacent property owners and anyone who presented significant input in the variance process must be notified.

Adjournment

There being no further business, the meeting adjourned at 8:50 p.m.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette announced the annual Christmas in the Park would be held Friday, December 5th, and the Town Center Tree Lighting would be held Saturday, December 6th.

Vice Mayor Gilbert announced that Jacksonville City Councilman Art Graham was holding a Town Meeting Tuesday, December 2, 2003, at 7:00 p.m. at Fletcher High School to discuss traffic situations at the beach.

Councilor Shealy stated he had received calls from the resident on the corner of Florida Boulevard and Penman Road concerning noises. Chief Brandt replied the Public Safety Department was aware of the situation and it was currently under control.

CITY MANAGER REPORTS

City Yard Project CITY YARD PROJECT: Director of Public Safety Leon Smith reported the City Yard Project was moving along on schedule. The block walls were being erected, electric was being installed, and the trusses for the administration building were due to be delivered on December 11, 2003.

DART NOISE ORDINANCE – DART TEAM: Chief Brandt reported the DART Team had devised warning tickets for first offenses of the noise ordinance and violation tickets for the second offense. To date only warning tickets had been written. There had not been a need to write any violation tickets.

Junk Cars JUNK CAR ABANDON PROPERTY ORDINANCE: Assistant to the Building Official Piper Turner reported twenty-one vehicles had been tagged since the Junk Car Abandon Property Ordinance was enacted. Seventeen of the twenty-one were removed by the owners and four had to be towed away.

Land Use LAND USE REGULATIONS: Chief Brandt stated Community Development Director Jason Cleghorn was working on obtaining a CD from Ivy, Harris, & Walls that included the updated changes. It would be easier to make new changes once the CD was received. He felt Council should wait until Mr. Cleghorn received the CD and could provide the Council members with an updated hard copy before scheduling the Land Use Regulations Review meetings.

Discussion ensued regarding the process of the Land Use Review.

Consensus: **TO MEET THE MONDAY, JANUARY 12, 2004, TO REVIEW THE LAND DEVELOPMENT.**

Sewer Project SEWER IMPROVEMENT PROJECT: Chief Brandt stated the sewer project would be completed \$150,000 to \$200,000 under the budgeted amount. He recommended using the remainder of the money to inspect the area south of Florida Boulevard between Third Street and Fifth Streets.

Jim Miller, PBS&J, stated Kinsel Industries offered to clean and TV inspect the area South of Florida Boulevard between Third and Fifth Streets for \$41,670 in order to find out what work is needed. Approval from the Council was necessary in order to add the work to the Kinsel contract.

Moved by Shealy, seconded by Pruette.

Motion: **TO APPROVE EXPENDITURE OF \$41,670 TO KINSEL INDUSTRIES.**

WORKSHOP CITY COUNCIL MEETING
NOVEMBER 17, 2003, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held November 17, 2003 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
Interim City Manager & Public Safety Director William Brandt
Interim Assistant City Manager & City Clerk Lisa Volpe, CMC

STAFF:

Community Development Director Jason Cleghorn
Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call

Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

BEACHES RESOURCE CENTER: Rick Carper, Chairman, Beaches Resource Center Oversight Committee, asked the City to contribute \$4,000 to the Beaches Resource Center Foundation to be used for funding literacy and other programs at the Beach.

Consensus: **FORWARD TO DECEMBER REGULAR MEETING CONSENT AGENDA.**

TRAFFIC STUDY – VOLKERT & ASSOCIATES: Jerry Dabkowski, P.E. and Angelo Rao, P.E., representatives from Volkert & Associates, presented the traffic study east of Third Street. They recommended replacing the speed bumps on east/west streets and Strand Street with speed humps or speed tables and installing the appropriate warning signs prior to the installation. Mr. Angelo Rao also recommended that some type of action be taken on First Street for the continual use of non-motorized users.

Discussion ensued regarding cost of the speed humps in conjunction with the repaving.

COMMITTEE REPORTS / NONE

CITY MANAGERS PUNCH LIST

Water Project	<u>WATER IMPROVEMENT PROJECT</u> : The water project was complete. There were still issues with Utilex regarding payment and liquidated damages to be determined through mediation.
Sewer Project	<u>SEWER IMPROVEMENT PROJECT</u> : The sewer project was proceeding along on schedule. The contractor had started piping along Third Street. There were also some point repairs on Third Street.
Public Services Facility	<u>PUBLIC SERVICES FACILITY</u> : The construction of the new public works facility was proceeding on schedule. The contractor had started the block walls on two of the buildings. The footers and rough plumbing were complete on the remaining two buildings.
Hopkins Creek	<u>HOPKINS CREEK</u> : The Florida Department of Transportation was seriously considering installing retaining walls as opposed to culvert.

PUBLIC COMMENTS

Sybil Ansbacher, 2008 Strand Street, Chairman of the Board of Appeals, opposed Ordinance No. 2003-16. She suggested reviewing the Code regarding the variance process. She thanked Council for considering the donation to the Beaches Resource Center where she worked as a mental health counselor.

Lynda Padrta, 1113 First Street, approved of the traffic study, approved of Ordinance No. 2003-16, opposed Ordinance No. 2003-18, opposed the outdoor seating for Sunny Caribbee, and favored protecting the beach accesses.

Michael Dunlap, 212 Lora Street, opposed Ordinance 2003-16 and supported the outdoor seating arrangement for Sunny Caribbee.

Chris Chin, 227A Margaret Street, Member of the Board of Appeals, opposed Ordinance 2003-16.

Steve Jarrett, 221 South Street, suggested moving forward with the review and modifications of the Land Development Regulations.

Claire Zaiser, 111 Davis Street, felt the historic district east of Third Street should be separated having different zoning requirements than other areas of the city. She suggested postponing the second reading of Ordinance No. 2003-16 until after a public hearing was held.

Recess/Reconvene	Mayor Brown called for a recess at 8:12 p.m. and reconvened the meeting at 8:25 p.m.
------------------	--

PROPOSED ORDINANCES

Ord. No. 2003-16	<u>ORDINANCE NO. 2003-16, VARIANCE APPEALS – SPONSOR VICE MAYOR GILBERT</u> : AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA DELETING SECTION 27-153 PROCEDURE FOR APPEAL AND AMENDING SECTION 27-154 PETITION FOR CERTIORARI AND PROVIDING AN EFFECTIVE DATE.
------------------	--

Vice Mayor Gilbert stated the ordinance would have variance appeals bypass the council and be settled in circuit court. He felt the variance appeal process should be more consistent. He asked council members to dedicate one day a month to review the Land Development Regulations. He also expressed concern regarding the appointment and orientation of board members. He also felt an attorney should be present at the Board of Appeals meetings.

Mayor Brown stated he appreciated the work of the board. He felt the finding of facts should be modified to allow more flexibility for the Board to approve variance requests.

Councilor Pruette suggested asking the city attorney to meet with the Council and members of the Board of Appeals each January to remind them of their role in the variance process. She also felt an attorney should be present at the Board of Appeals meetings. She asked that all new board members receive a copy of Chapter 27 of the Code.

Councilor Weldon stated when it came to appeals the Council's role was to determine only if the Board handled the request properly not to rehear the case. He felt if there was a consistent problem with the ability to build on lots or reduce a triplex to a single family the code needed some adjustment and Council should focus on changing the Code.

Councilor Shealy agreed the focus should be on changing the Code to allow more flexibility for variance approvals. He also agreed with holding a public hearing and dedicating one Monday a month for the review of the Land Development Regulations.

Mayor Brown suggested the Council and members of the Board of Appeals hold a joint meeting to discuss the variance process and possible adjustments to the Code. He asked Vice Mayor Gilbert if he wanted to defer the Ordinance.

Vice Mayor Gilbert stated he would dismiss the Ordinance if Council would consent to dedicating one Monday a month starting in December to review the Land Development Regulations. He added that Council members should be actively recruiting citizens to serve on the various boards.

Council Weldon asked staff to implement an orientation package for the board members.

Consensus: **TO AGREE TO DEDICATE ONE MONDAY A MONTH STARTING IN DECEMBER TO REVIEW THE LAND DEVELOPMENT REGULATIONS.**

VICE MAYOR GILBERT TABLED ORDINANCE 2003-16.

Ord. No. 2003-18

ORDINANCE NO. 2003-18, GARAGES – SPONSOR, VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-328(a)(1) ACCESSORY BUILDINGS AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert stated the current code did not allow detached garages in front yards. The proposed ordinance would allow single story detached garages in front yards if they were within the setbacks.

Councilor Shealy stated he would prefer all requests for detached front yard garages require a variance.

Councilor Weldon felt the ordinance should require windows on the front of the garage facing the street and the garage door on the side. He also felt a detached garage should be connected to the house by a breezeway or lanai and that the garage match the exterior of the house.

Vice Mayor Gilbert asked if an open breezeway from the garage to the house was currently considered an attached garage and if the ordinance was needed.

Community Development Director Jason Cleghorn stated each request for a detached garage should go through the variance process and he felt the ordinance was not needed.

Councilor Weldon suggested adopting a resolution stating it was the opinion of the Council that the Board interpret rear loaded lots as a hardship.

Community Development Director Jason Cleghorn suggested the Council adopt a policy statement stating that a rear loaded lot should be considered a hardship for the purpose of allowing a detached garage in the front yard.

Michael Dunlap, architect, favored the idea of establishing an overlay district east of Third Street to define a more compatible set of codes. He added that it was very rare for someone to build a detached garage in the front yard.

Consensus: **CREATE A COUNCIL POLICY STATING THAT IN SPECIFIC CASES WHERE HOMES ARE ON THE REAR OF THE PROPERTY AND THERE IS NO POSSIBILITY OF BUILDING A GARAGE IN THE SIDE OR REAR YARD THE COUNCIL WOULD INTERPRET THAT AS A HARDSHIP FOR THE BENEFIT OF THE BOARD OF APPEALS VARIANCE PROCESS.**

Signs

PROPOSED SIGN ORDINANCE – COUNCILOR WELDON: Councilor Weldon suggested adopting a sign ordinance that would phase out the large pole signs to ground based monument signs and reduce the square footage of signs to 100 square feet. This would coincide with Atlantic Beach's sign ordinance.

Vice Mayor Gilbert agreed the ordinance would establish a more uniform look. He suggested a 10-year or 15 year phase out period.

Councilor Weldon asked for a consensus to instruct staff to rewrite the sign ordinance using the Atlantic Beach sign ordinance as a model or template, adding a 10-year phase out period for the pole signs and forward it first read within three months.

Consensus: **INSTRUCT STAFF TO REWRITE THE SIGN ORDINANCE USING THE ATLANTIC BEACH SIGN ORDINANCE AS A MODEL ADDING A 10 YEAR PHASE OUT PERIOD FOR POLE SIGNS – FORWARD TO FIRST READ WITHIN THREE MONTHS.**

CONTRACTS / AGREEMENTS

Kings Rd. Bridge

KINGS ROAD BRIDGE ENGINEERING SERVICES: Requests for qualifications for engineering services for the replacement of the Kings Road Bridge were received on October 24th. Director of Public Services Leon Smith, City Engineer John Galen, and Interim City Manager Chief Brandt met with the five short listed organizations and recommended negotiating a proposal with G.A.I. for the engineering services.

Consensus: **FORWARD TO THE DECEMBER REGULAR MEETING CONSENT AGENDA.**

ISSUE DEVELOPMENT

Sunny Caribbee

SUNNY CARIBBEE DEVELOPMENT ORDER: Mr. John Brocato, Owner of Sunny Caribbee, submitted an application to provide outdoor seating for the restaurant.

Mayor Brown felt the proposal for outdoor seating was suitable for the atmosphere of Town Center. He suggested the city negotiate a lease with Mr. Brocato for the use of the right-of-way. He also requested Mr. Brocato reduce his proposed amount of tables to eight.

Mr. John Brocato stated he was hoping to provide his customers with the choice of dining outdoors. His request was to use of the right-of-way on the Atlantic Beach side of the

restaurant from the outside wall of building to the columns. The sidewalk on the other side of the columns would be unobstructed. He had reduced the amount of tables to 15. Mike Armeono, insurance agent with Harding & Associates, stated Mr. Brocato had adequate insurance coverage.

Councilor Weldon stated Atlantic Beach did not allow outdoor alcohol sales. He asked Mr. Brocato if alcohol would be served. Mr. Brocato responded "yes" that he did intend to serve alcohol. Interim City Manager Chief Brandt stated the Code did permit alcohol to be served outdoors with a special occupational license.

Councilor Weldon felt the city should be compensated for the use of the right-of-way. He was concerned that other businesses would also want to provide outdoor seating and the right-of-way would turn into a smoking section.

Mr. Brocato stated he did not object to paying market value to lease the right-of-way. He agreed to limit the smoking area.

Councilor Pruette was also concerned that other businesses would request outdoor seating and the city should come up with a policy and adopt an ordinance. She agreed with the lease arrangement and suggested a trial period.

Mr. Brocato replied there were a lot of expenses involved in setting up. He suggested a six-month trial period with an option to renew.

Councilor Shealy was concerned about the open container law and how to keep customers from wondering off with drinks. Mr. Brocato replied customers would enter and exit the outdoor area through the side door of the restaurant and planters would be placed around the edges. He added staff and management would be on site.

Councilor Pruette was concerned people would not be able to view their bricks if they were inside that area. Mr. Brocato agreed to relocate the bricks at his expense if there was a problem.

Mayor Brown stated the sidewalk on Atlantic Boulevard was wider than other areas and that would deter other businesses from requesting outdoor seating.

Councilor Weldon brought up parking issues.

Mayor Brown asked if there was a consensus to look closer at the details and concerns.

Councilor Weldon suggested working through the negotiation process and see if it works then memorialize it in an ordinance.

Consensus: **FORWARD TO JANUARY WORKSHOP ASK MR. BROCATO TO COME UP WITH A REASONABLE PRICE PER SQUARE FOOT AND ADDRESS CONCERNS FOR ALCOHOL AND SMOKING.**

Recess/Reconvene

Mayor Brown called a recess at 10:10 p.m. and reconvened the meeting at 10:20.

Beach Accesses

BEACH ACCESSES: Councilor Pruette felt now that the moratorium was in place eliminating development of the beach accesses for one year it was time for the Council to address the future protection of the beach accesses.

Councilor Pruette requested a legal opinion from City Attorney Chris White on whether or not there was a way to restrict beach accesses from residential development and uses and if they could be dedicated as parks or greenspace. She agreed that a survey should be done on all

the beach accesses.

Consensus: **TO ASK CHRIS WHITE FOR A LEGAL OPINION AND DIRECT STAFF TO GET A COST FOR SURVEYS OF THE BEACH ACCESSES.**

Condos **CONDOS:** Councilor Pruette stated the Community Development Director provided an eleven-page memo on the subject of condominiums and it was determined there was no ability to restrict condominiums. The height limit would prevent high-rise condos.

Greenscape **GREENSCAPE:** Community Development Director Jason Cleghorn explained Greenscape was a nonprofit organization that donated trees for planned projects. He stated a landscape plan was necessary so they could determine how many trees they would provide. Once the landscape plan was complete an application could be filled out. Mayor Brown asked Mr. Cleghorn to get some bids from landscape architects. Councilor Pruette agreed.

Water Plant Fencing **WATER PLANT FENCING:** Director of Public Services Leon Smith contacted four fencing companies for bids on the construction of a concrete fence around the water plant. He recommended Duratek to construct the fence for the cost of \$57,980. The cost also included fencing around the lift station. Director of Finance Steve Ramsey stated the funds could come from the Better Jacksonville Plan if there was enough money left over after the construction of the new Kings Road Bridge.

Adopt an Area **ADOPT AN AREA AGREEMENT:** Councilor Pruette stated the new adopt an area agreement would replace the old adopt a road program.

Councilor Weldon asked if staff had reviewed the revised agreement.

Consensus: **HAVE STAFF REVIEW THE AGREEMENT.**

Councilor Weldon stated he did not want to receive anonymous e-mails and asked for a consensus that they not be copied out to the Council. City Clerk Lisa Volpe responded the policy was to copy out all incoming mail. She added she would reply to the anonymous e-mails and request their name and address.

Consensus: **CONSULT WITH CITY ATTORNEY AS TO WHETHER OR NOT ANONYMOUS E-MAILS SHOULD BE COPIED OUT.**

Adjournment There being no further business, the meeting adjourned at 10.55 p.m.

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Councilor Pruette stated Jim Miller had asked her to announce publicly that he was not the James Miller that wrote two letters to the editor.

Councilor Pruette publicly thanked Public Services Director Leon Smith and his department for their participation in the clean up and removal of debris from the track at Neptune Beach Elementary School.

Councilor Pruette asked Public Services Director Leon Smith about the status of the beautification around the water plant. Mr. Smith replied he was working on getting prices for fencing and should have something this week.

Interim City Manager Chief Brandt stated he spoke with Mr. Slavin. Mr. Slavin advised him that he had prepared a profile for the position of City Manager to give to the Council and the potential candidates. He had already received five or six resumes.

CITY MANAGER REPORTS

Sewer Project

SEWER IMPROVEMENT PROJECT: Director of Public Services Leon Smith stated the sewer improvement project was moving along on schedule. The contractor ran into some problems due to the old pipe breakages on Third Street. There would be additional cost for the point repair.

Councilor Weldon asked if the additional cost was included in the approved amount.

Jim Miller, PBS&J stated the problems were anticipated and the additional amount was still under the approved loan amount for the project. The project was currently \$250,000 to \$300,000 under the original bid for the job.

City Yard Project

CITY YARD PROJECT: Director of Public Services Leon Smith advised the slab was poured for the administration building. They anticipated the walls would go up this week. The footers and rough plumbing was completed in the three remaining buildings.

PUBLIC COMMENTS

Public Comments

Sheri Nicholson, Representative for Neptune Beach Elementary, thanked the Council members and the Public Services Department for their participation in the removal of the track debris at the Neptune Beach Elementary School. She added that with all the help the project was completed in three hours.

Sandra Brinson, 1512 Strand Street, asked the council to uphold the decision of the Board of Appeals and deny the variance appeal for 104 Davis Street.

Todd Brown, 1512 Strand Street, asked the council to uphold the decision of the Board of Appeals and deny the variance appeal for 104 Davis Street.

Christine Chin, Member of the Board of Appeals, 227-A Margaret Street, felt the Board of Appeals should not have heard the second variance request for 104 Davis Street because there was no substantial change in the plans and there was no error of the Board. She asked the council to uphold the decision of the Board and deny the appeal because there was no error on the boards finding of facts.

Claire Zaiser, 111 Davis Street, asked the Board to uphold the decision of the Board of Appeals and deny the variance appeal for 104 Davis Street.

Ed Jones, 200 First Street, stated when he was a member of the Council the city paid a lot of money to have a traffic study done. He also felt the code needed to be revised in regard to variances.

Barry Grahek, 1403 Oceanfront, felt the council should deny the variance for 104 Davis Street because there was no hardship.

Leslie Karlin 1506 Spindrift Circle West, stated a traffic study had been done. She asked the council to deny the variance for 104 Davis Street. She questioned Resolution 2003-14, if City Attorney Chris White would be representing Dan Arlington or the City in "Arlington versus the City of Neptune Beach."

CONSENT AGENDA

Wireless Telecommunications Facility Siting Services
Ecivic, LLC Grant Research System

Moved by Gilbert, seconded by Pruette.

Motion: **TO APPROVE THE ABOVE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED

VARIANCES

104 Davis Street

VARIANCE REQUEST FOR 104 DAVIS STREET – KIM KAWASAKI: Karl Sanders, Attorney for Mr. Kawasaki, submitted for the record a transcript of the hearing before the Board of Appeals on October 15, 2003.

Mr. Sanders explained the basis for the appeal was: 1.) Due process. Due process required having notice and a fair opportunity to be heard. He did not receive the sixteen-page staff report recommending the board deny the request until the night of the hearing after he had already addressed the Board. Therefore he felt the applicant was denied a fair opportunity. 2.) Competent Substantial Evidence. The non-conformities of the lot were existing and permitted by the Brockman Bill. The Brockman Bill permitted non-conformities until such time as they were removed, discontinued or enlarged. The requested addition itself would not require a variance. Based on those issues Mr. Sanders asked the Council to reverse the decision of the Board and approve the variance.

Councilor Weldon stated that was an interesting technical point and asked City Attorney White for an opinion.

City Attorney Chris White stated the city had consistently taken the position of considering all non-conformities on the property. If the size of the footprint is being increased it triggered having to bring the other non-conformities into compliance.

Moved by Pruette, seconded by Shealy.

Motion: **TO AFFIRM THE DECISION OF THE BOARD OF APPEALS.**

On the Record Councilor Weldon stated for the record he welcomed Mr. Kawasaki to the

neighborhood and hoped he would find a way to renovate the home and enjoy Neptune Beach.

Mayor Brown stated he was concerned about the entire variance process and he would vote "no" to affirm the Board's decision.

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shealy, Weldon

Noes: 1 – Brown

MOTION CARRIED

ORDINANCES

Ord. No. 2003-15

ORDINANCE NO. 2003-15, THREE STRIKE CLEAN UP, SECOND READ AND PUBLIC HEARING – VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(c); ADDING A NEW SECTION 13-5(e) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS; ADDING A NEW SECTION 13-5(f) – NUISANCE; DECLARING VIOLATIONS; PROVIDING ENFORCEMENT AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown read Ordinance 2003-15 by title only and opened the public hearing.

There being no comments from the public the public hearing was closed.

Moved by Pruette, seconded by Gilbert.

Motion: **TO ADOPT ORDINANCE NO. 2003-15 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Ord. No. 2003-16

ORDINANCE NO. 2003-16, PROCEDURE FOR APPEAL, FIRST READ – VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA DELETING SECTION 27-153 PROCEDURE FOR APPEAL AND AMENDING SECTION 27-154 PETITION FOR CERTIORARI AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert explained the ordinance would have future variance appeals handled in circuit court.

On the Record Vice Mayor Gilbert stated on the record it was important for the Council to address the Land Use Code.

On the Record Mayor Brown felt it was part of Council's job to represent the citizens of the Neptune Beach and that included cleaning up the entire variance procedure. He felt the ordinance was out of order. He had some amendments to the procedure for Council to consider at the next workshop meeting.

Councilor Weldon stated future applicants for the Board of Appeals needed to be carefully screened for professionalism and thoroughness and also have a clear understanding they would be appointed to uphold the code and not reinterpret it.

Moved by Gilbert, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2003-16 ON FIRST READ.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Shealy, Weldon

Mayor Brown called for a recess at 8:00 p.m. and reconvened the meeting at 8:15 p.m.

Ord. No. 2003-18

ORDINANCE NO. 2003-18, ACCESSORY BUILDINGS, FIRST READ – VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-328(a)(1) ACCESSORY BUILDINGS AND PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert explained currently detached garages were not allowed in front yards. This ordinance would allow accessory buildings and detached garages in front yards provided there was room on the property within the building setbacks.

Councilor Weldon questioned why the issue of permitting detached garages in front yards was being addressed when it was part of the review of the land development regulations to be overhauled. He asked staff to examine why detached garages were prohibited in front yards and gather information that would justify the passing of a separate ordinance.

Moved by Gilbert, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2003-18 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

1311 Atlantic Blvd.

DEVELOPMENT ORDER – 1311 ATLANTIC BOULEVARD – SONIC RESTAURANT: The Planning & Development Review Board recommended approval of the development order for Sonic Restaurant at 1311 Atlantic Boulevard with conditions.

Councilor Weldon encouraged Council to deny the development order if they did not agree to install a monument ground based sign.

Councilor Pruette asked the representatives for Sonic to install a monument sign.

Gary Abbey, Civil Engineer for the project, stated they were originally concerned a monument sign would obstruct drivers view. They now felt they could successfully install a 10' high x 12' long pedestal mounted sign on the eastern side of the site.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR SONIC WITH THE 10 x 10 MONUMENT SIGN.**

City Attorney White asked Mayor Brown to amend the agenda to hear the Bay Street Replat.

Bay Street Replat

REPLAT ADJACENT TO BAY STREET: Bob Persons, Attorney for Russell Stuart, buyer of the property, stated Mr. Stuart wanted to withdraw the application for the replat.

100 First St.

SPECIAL EXCEPTION – 100 FIRST STREET – SUNNY CARIBBEE: John Brocato, owner of Sunny Caribbee proposed placing outdoor seating on the Atlantic Boulevard side of the building. The area would cover the 7 feet from the wall to the columns leaving 10 feet from the column to the curb. The area would be blocked off with planters and customers would enter the area through the side door on Atlantic Boulevard. His insurance coverage would extend to the outdoor seating area.

Councilor Weldon asked Mr. Brocato if the property was on the city right-of-way. Mr. Brocato replied the property was city right-of-way.

Councilor Pruette asked Mr. Brocato if he would remove the seating during Town Center events. Mr. Brocato stated the space would be utilized during events and customers would have to enter the restaurant to get to the seating. It would not be open for the general public to walk in and sit down.

Mayor Brown felt the idea fit with the Town Center atmosphere. He felt it would not add new business but it would give the customer a choice of indoor or outdoor seating. He suggested deferring action and moving the issue to a workshop for further discussion.

Consensus: **DEFER ACTION AND FORWARD TO THE NOVEMBER WORKSHOP MEETING FOR DISCUSSION.**

Adjournment

There being no further business, the meeting adjourned at 9:00 p.m.

SPECIAL CITY COUNCIL MEETING
SEPTEMBER 29, 2003 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held September 29, 2003, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon

ABSENT:

City Attorney Christopher White

STAFF:

Interim City Manager & Public Safety Director William Brandt
Interim Assistant City Manager & City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

ICMA Range Riders

ICMA RANGE RIDERS: Mayor Brown introduced Paul Sharon and Thomas C. Kelly from the Range Rider Organization.

Paul Sharon, Range Rider, introduced Thomas Kelly who would be the Range Rider assigned to Neptune Beach.

Thomas Kelly stated that the Florida Range Riders were one of the few in the nation that provided the service of helping cities select city managers. It is a great help to very small cities who cannot afford to hire a search firm. Larger cities would use a search firm who are much more capable of searching out a qualified candidate. The city should first advertise and be specific as to what type of qualities the city is looking for along with a salary range and a description of the city. The first step would be to list characteristics before any ad is placed.

Once applications have been collected Mr. Kelly would go through them and find at least ten that are qualified. It is up to the council to find a match who is technical competent and has a good chemistry with the group. It is up to the city how to interview the final candidates.

It is best not to negotiate the contract yourself but to ask someone either staff or outside help who is experienced in negotiating. Mr. Kelly stated he checks on candidates by using other range riders and people he knows. There is a network of Range Riders throughout the country in twenty-three states. The city should do an extensive background search before they hire a candidate. The Range Riders do fall under the sunshine law there for all communication needs to take place at a meeting. It is also unethical to recruit someone out of another job, which is what a paid consultant could do. The process would take at least a couple of months a paid consultant may be able to accomplish the process somewhat faster.

Mayor Brown questioned where Mr. Kelly had retired from. Mr. Kelly retired from Volusia county for 23 years.

Councilor Shealy asked for recommendations of how to interview and where to advertise. Mr. Kelly stated everyone should pick their top four and see if there is a consensus of 4 or 5 to bring in to interview. The Florida City Managers Association journal. Councilor Shealy asked what the time frame was. Mr. Kelly stated it would take some time but you could put a time limit on the taking of resumes. Sometimes it takes a while if the council does not get along, candidates are more likely to pull out.

Councilor Pruette stated the council gets along pretty good. She asked what the difference was with the Range Riders and a consultant. Mr. Kelly explained a consultant may be able to find someone faster since they can actively recruit. Councilor Shealy asked if it was limiting not being able to recruit. Mr. Kelly answered that the city did not have a bad reputation with too many city managers and if the city were willing to pay a little over the market salary you could get a top notch candidate. Mr. Kelly said military commanders and assistant managers do not have enough experience.

Councilor Weldon asked what the market salary would be. Mr. Kelly did not know. Councilor Weldon asked if the application review was paper only. Mr. Kelly stated it was unless something didn't make sense he would check with someone he knows who would know the candidate. If you have a good quality of applications it is easy to pick an experienced manager instead of asking for an assistant manager.

Councilor Weldon asked why the range riders provided this service in Florida and not in other states. Mr. Kelly stated the managers in Florida felt it was needed especially in the small cities. Also the retired managers wanted to give back to their organization.

Councilor Weldon asked if Mr. Kelly would be managing the process or just advising. Mr. Kelly stated he would be advising. Councilor Weldon asked why they are under the sunshine law. Mr. Kelly said they are basically a committee (unpaid) therefore are subject to the sunshine law.

Councilor Pruette asked what Mr. Kelly has to offer if the city should go with him or a paid consultant. Mr. Kelly stated they could probably do the search faster and the city should call them in and see if that is what they want. Mr. Kelly emphasized that as a board you want to feel comfortable with whomever you hire.

Mayor Brown asked if the city was in a position to find someone who was moving up in their career. Mr. Kelly stated some just want to make a change.

Chief Brandt asked what cities Mr. Kelly had worked with in the past. Mr. Kelly listed Sanford, Fernandina Beach. Chief Brandt also asked if he could help with the ad and salary negotiations. Mr. Kelly said he could be of some help with the ad but the council should be able to come up with characteristics and he was not experienced with negotiations.

Vice Mayor Gilbert stated he understood the functions at the Florida League of Cities Conference.

Councilor Weldon asked when he had worked with Fernandina Beach. Mr. Kelly answered three years. Councilor Pruette asked if there were a salary range would there be a lot of negotiating. Mr. Kelly said there work to be done in this area and should not be taken too lightly.

Paul Sharon stated they had many years of experiences to help in the search. Consultants are basically ex managers and have more resources. As Range riders and not paid consultants they can be more candid if they see the council is going in the wrong direction. Mr. Sharon commented there are times when a person will go to a city to work on something they do not have experience with.

Mayor Brown thanked Paul Sharon and Thomas Kelly for an informative presentation. Councilor Weldon felt it was best to allow someone who specializes in these matters to help the city find a city manager.

Recess/Reconvene

Mayor Brown called a recess at 6:55 p.m. and reconvened at 7:05 p.m.

Mayor Brown stated there needed to be discussion as to which way the council wanted to go with a paid consultant or with the Range Riders.

Councilor Weldon liked the idea that the Range Riders could be more blunt with the council and they have many years of experience as managers. He felt the negatives were no recruitment of working managers, no extensive background searches, no help with negotiating or management of the search. He concluded by stating he was not afraid to spend \$20,000 to find a qualified manager.

Councilor Pruette felt the consultant had a lot more to offer than the Range Riders. She wanted to know where the \$20,000 would come from.

Mayor Brown liked both but felt the paid consultants had more to offer the city and had given some really good ideas.

Councilor Shealy had a background in using headhunters and felt it was a more professional way to hire someone in that position. A consultant could hire someone in a timely way. He did question where the \$20,000 would come from.

Mayor Brown commented that the timeline would probably be the same with Range Rider or the consultant.

Vice Mayor Gilbert felt that the management firm would be the best option but felt the council should listen to at least one more presentation to decide on a firm. He felt \$14,000 was a lot for a professional fee. He thought the consultant could do a much more thorough job. He did not like the sunshine law having an effect on the Range Riders and felt they did not do as much as he had understood. He wanted to know if there was any guarantee with the consultants if the new manager left in a very short amount of time. The council commented that Mercer Group did say something about a guarantee.

Chief Brandt stated the Range Riders do call to check on certain candidates but do not call the city they are working at which agrees to the way the consultant. He was disappointed the Range Riders did not do any background search.

The council discussed city manager characteristics briefly. Mayor Brown wanted someone with a good amount of experience. Councilor Pruette wanted someone who knew how to find grants.

Consensus: **TO INVITE SLAVIN MANAGEMENT CONSULTANTS TO SPEAK AT THE OCTOBER 6TH CITY COUNCIL MEETING.**

Councilor Weldon stated he would not be at the October 6th meeting but he only wanted to be sure that council did not have the meeting to decide characteristics until he could be there.

Ballistic vests

Chief Brandt told the council he received a 50% grant for ballistic vests. He needed their ok to use forfeiture funds to pay the rest of the cost, which would be approximately \$12,000.

Consensus: **TO PLACE THE PURCHASE OF BALLISTIC VESTS ON THE CONSENT AGENDA FOR OCTOBER 6TH COUNCIL MEETING.**

Adjournment

There being no further business, the meeting adjourned at 7:30 p.m.

Volkert & Associates

VOLKERT & ASSOCIATES: Director of Public Services Leon Smith gave his recommendation that the consultants should study the area east of Third Street for \$3500 before paving began. Discussion ensued about the paving project such as which streets are to be milled.

Consensus: **TO CONTRACT WITH VOLKERT AND ASSOCIATES FOR AN EAST OF THIRD STREET STUDY FOR \$3500.**

The Mercer Group Inc.

THE MERCER GROUP INC.: Mayor Brown introduced Tom Feijo, Senior Vice President for The Mercer Group.

Tom Freijo went over the process his company would go through to help the city find a city manager. First, he would meet with council members separately to discuss what they are looking for in a city manager, what difficulties the city is facing, what issues will they be facing as city manager and a salary range. After meeting with the council he would advertise in publications and contact managers he knew would fit Neptune Beach. He would pick the best 12 to 18 and have the council pick the top eight to ten candidates to interview. He would do extensive background searches and bring back five or six finalists to interview. The background search includes speaking with department heads and elected officials they have worked with along with internet newspaper searches and more. The interviews would be conducted with the council as a group along as one on one. They would meet with department heads, have a tour of the city, and have a social with the public to meet them. Selection would be made soon after and the candidate would only be given 48 to 72 hours to respond to the offer.

Mayor Brown questioned how a consensus could be facilitated if more than one candidate was on the top of the council's list. Mr. Freijo responded it was up to the council to make that final decision on their first and second choice.

Councilor Weldon asked to be assured that advertising and detailed analysis would be completed. Mr. Freijo stated that all advertisements would be copied to the city along with detailed reports on who was spoken to about each candidate and what they said. He commented he knew a lot of managers and may ask certain people to apply if they were a good fit. Councilor Weldon asked for a comparison of the Mercer Group and the Range Riders. Mr. Freijo stated he felt his company was more in depth than the Range Rider services.

Vice Mayor Gilbert questioned how long the company was in business; if candidates paid a fee; and what the not to exceed fee included. Mr Freijo stated the company has been around for 25 years and in its current form since 1990. He has worked for them for three years. Candidates do not pay any fee. He explained that the expense fee covered such things as advertising and his travel. Any travel by the candidate would be paid directly by the city.

Mr. Freijo emphasized the time line and doing a thorough search the first time not to let good candidates get away. He was ready to get started immediately, which would allow a city manager to start working in January.

Councilor Shealy felt with his background in the private sector that hiring an executive search firm would be in the best interest of the city.

Councilor Pruette asked if the consultant reviewed the city's code. Mr. Friejo stated it is one of the pieces of information he reviewed.

Councilor Weldon asked what mistakes the city should try to avoid in this process. Mr. Freijo stated the first thing to do is hire someone you trust to do the search. Following the time line was very important to keep qualified candidates interested. Giving a person a timely offer after the interviews was necessary to make for a smooth transition. Salary expectations need to be clear at the beginning of the process. He stated if one or two candidates turn the position down you may have to start the process all over again and this stops qualified candidates from applying. You should not speak to the city the manager is presently working for until they are one of the finalists.

Mayor Brown thanked Tom Freijo for an informative presentation. Councilor Weldon felt it was best to allow someone who specializes in these matters to help the city find a city manager.

Adjournment

There being no further business, the meeting adjourned at 7:07 p.m.

City Attorney Christopher White

STAFF:

Community Development Director Jason Cleghorn
Assistant to the City Manager Terry Klein
Director of Finance Steve Ramsey
Director of Public Services Leon Smith
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call

Mayor Brown called the meeting to order at 7:00 p.m.

NEPTUNE BEACH ELEMENTARY FIELD: Sherry Nicholson, representative for Neptune Beach Elementary School, was concerned that the track & field behind the school were in bad condition and in need of improvements. She inquired as to who was responsible for the maintenance of the property. She felt the improvements could be made through the use of grants and foundations. She asked if the city would be able to contribute through the Bed Tax Fund, which could be used for recreational purposes.

Vice Mayor Gilbert asked Mrs. Nicholson if she had cost estimates for the improvements. Mrs. Nicholson replied she had an estimate from James Newman of \$94,000.

Director of Finance Steve Ramsey replied the bed tax amounted to \$13,000 or \$14,000 per year and was to be used for the purpose of recreation. There was currently \$40,000 in the account. Mr. Ramsey added that the funds could only be used on city owned property and the city leased the property from the Duval County School Board.

Councilor Weldon supported making improvements to the field but wanted to understand the School Board's responsibility before allocating any funding.

Councilor Pruette supported the improvements. She felt the city could take care of the cleaning up the trash. She asked if the school board had been contacted about the weeds, ants, and condition of the track. Mrs. Nicholson replied she had not contacted the school board.

Mayor Brown stated the city would look into the lease agreement and the background of the maintenance.

Councilor Weldon asked Chief Brandt to assign someone from the staff to assist Mrs. Nicholson and have that person report back to the council.

COMMITTEE REPORTS

Volkert & Assoc.

VOLKERT & ASSOCIATES: Jerry Dabkowski, P.E. and Angelo Rao P.E., representatives from Volkert & Associates, gave a presentation on various traffic calming devices. They could evaluate traffic calming on every street to be resurfaced in the city for less than \$5,000. To include an evaluation of the signs would cost a total of approximately \$8,000 to \$9,000.

Discussion ensued regarding stop signs, speed humps and which streets were to be resurfaced.

Mayor Brown stated he would like to place the issue back in the hands of staff and place it on next Monday's meeting agenda.

Consensus: **PLACE IN THE HANDS OF STAFF AND ADD TO NEXT WEEK'S AGENDA.**

CITY MANAGERS PUNCH LIST

Kings Rd. Bridge

KINGS ROAD BRIDGE: Interim City Manager Chief Brandt asked for direction on the Kings Road Bridge. Councilor Weldon stated the council came to a consensus to rebid the project. City Clerk Lisa Volpe stated she needed a scope of work in order to advertise the request for proposals.

Hopkins Creek

HOPKINS CREEK: City Attorney White sent a public records request to the Florida Department of Transportation for records relating to the Hopkins Creek drainage project. Mayor Brown stated a resolution was sent out to the FDOT addressing the Council's position on the project.

PUBLIC COMMENTS

Mary Ann Padrta, 1030 Second Street, felt the city should not pay for Mr. Linn to attend the City Manager's Conference in North Carolina because it would not benefit the city. She presented a letter from Lynda Padrta with recommendations for hiring a new city manager.

PROPOSED ORDINANCES

Ord. No. 2001-08

ORDINANCE NO. 2001-08, ACCESSORY BUILDINGS – COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 17-32, DEFINITIONS: AMENDING SECTION 27-328(3) AND 27-328(4) ACCESSORY BUILDINGS AND ADDING SECTION 27-238(A)(5), 27-328(A)(6) AND SECTION 27-(A)(7).

Councilor Pruette felt the ordinance needed to be updated to allow detached garages in front yards. City Attorney Chris White advised her the ordinance should either be left alone having

the property owners continue to seek a variance or change the ordinance to allow detached garages with conditions and restrictions.

Mr. White further advised if detached garages were allowed in front yards on a case-by-case basis the city could face lawsuits.

Vice Mayor Gilbert stated he did not mind if detached garages were allowed in front yards if they were one story and behind the building restriction line.

Councilor Weldon questioned why the previous Council adopted Ordinance No. 2001-08 not allowing detached garages in front yards. Vice Mayor Gilbert replied the Council was trying to avoid allowing garage apartments. Councilor Weldon was concerned that new construction plans may request detached garages in the front yard and felt the issue should be considered in the Land Development Regulations revisions.

Councilor Pruette suggested informing the Board of Appeals that it was not the intent of the Council not allow detached garages in front yards at all. Councilor Weldon did not want to encourage the Board of Appeals to violate the Ordinance. The Board needed to follow the Ordinance until it was changed.

CONTRACTS / AGREEMENTS

Sea & Sky Spectacular **SEA & SKY SPECTACULAR INTERLOCAL AGREEMENT:** Mayor Brown stated the Sea & Sky Spectacular would be held at the beaches this year. The beach cities each contributed \$10,000 for the event in 2001 and were asked to contribute \$10,000 again this year.

Director of Finance Steve Ramsey stated part of the \$10,000 would come from the Cable T.V. Fund and part from the King Neptune Fund.

Councilor Weldon questioned how the show would benefit Neptune Beach. Mayor Brown replied there was the feeling of unity in supporting a major event that was well received by the public and the Neptune Beach residents enjoyed the event. Vice Mayor Gilbert agreed the event was family oriented and benefited the city as a whole.

Councilor Pruette stated in 2001 the \$10,000 contribution was a one-time contribution. City Clerk Volpe replied in 2001 the contribution was placed on the consent agenda and approved. During the discussion at the workshop meeting Vice Mayor Shimp stated on the record that the \$10,000 would be a one-time contribution only, however, the majority of the council did not agree.

Consensus: **FORWARD TO THE OCTOBER REGULAR MEETING CONSENT AGENDA.**

Recess/Reconvene Mayor Brown called a recess at 8:45 p.m. The meeting reconvened at 8:56 p.m.

ISSUE DEVELOPMENT

Variance Appeals **VARIANCE APPEAL PROCESS:** Vice Mayor Gilbert felt non-conformities that were grandfathered into the original footprint should not be considered by the Board of Appeals. Only those non-conformities that were allowed by a previous variance should be considered. He asked Community Development Director Jason Cleghorn to speak to the Council about the benefits of creating an overlay district.

Community Director Jason Cleghorn stated there was a distinction between the community east of Third Street and west of Third Street. Creating an overlay district would reclassify the property east of Third Street and make the lots become conforming. He also explained the benefits of administrative variances.

Councilor Gilbert suggested that once the Board of Appeals denied a variance it should be appealed to the Circuit Court and not to the City Council.

Councilor Weldon stated there were already overlay districts in the community. The real issue was the Council's roll in reviewing decisions made by the Board of Appeals. He agreed appeals should be handled through the circuit court.

Mayor Brown felt there should be some level of flexibility in variances and the whole process needed to be reviewed.

Councilor Pruette stated in the past the procedure for an appeal to the council did not state the errors of the Board as was required.

City Clerk Volpe stated she had created a new form for appeals applicants to fill out that required applicants to state the specific error.

Water Plant
Landscaping

LANDSCAPING OF THE WATER PLANT: Mayor Brown asked Director of Public Services Leon Smith if he could landscape around the chain link fence at the water plant.

Director of Public Services Leon Smith felt landscaping would not completely hide the chain link fence. He recommended a privacy fence with columns similar to the one surrounding the water plant in Jacksonville Beach. He provided photographs of the fence to the Council.

Councilor Weldon added the lift station on the corner of Florida Boulevard and Third Street was also an eyesore and suggested placing a fence around it as well.

Consensus: **PUBLIC SERVICES DIRECTOR LEON SMITH TO GET PROPOSALS ON THE FENCE AND REPORT BACK.**

City Manager Search

EXECUTIVE SEARCH FOR A CITY MANAGER: Chief Brandt stated he spoke with Paul Sharon, International City Manager Association (Range Riders), and was impressed with the service they could provide at no charge. They would provide the same services as a professional company for no charge. A private professional search would cost approximately \$20,000.

Councilor Pruette was not in favor in spending \$20,000 for a professional search. She suggested advertising on the city web page, newspapers, and in the Florida League of Cities Newsletter or using the services provided by the ICMA.

Vice Mayor Gilbert favored using the ICMA (Range Riders). The service was free and the Florida League of Cities endorsed them. If they could not provide results within a few months then we could look at other options.

Mayor Brown suggested each Councilor put their thoughts together on the qualities and requirements they were looking for in a new City Manager before publishing an advertisement.

Councilor Weldon stated hiring a new City Manager would be the most significant act of the Council. He was not opposed to hiring a professional headhunter to help organize the search. He was willing to listen to presentations from both services.

Mayor Brown felt the ICMA and the private company would use the same outlet for information and would advertise in the same publications.

Interim City Manager Chief Brandt stated ICMA could do a presentation at the October 6, 2003, meeting.

City Clerk Lisa Volpe stated she would invite The Mercer Group, Inc. to attend the September 22, 2003 meeting and the ICMA (Range Riders) to attend the September 29, 2003 meeting.

Ad Hoc Parking
Committee

AD HOC PARKING COMMITTEE: Mayor Brown stated Atlantic Beach Mayor John Meserve was inviting all council members to participate in an Ad Hoc Parking Committee that would include the Town Center Merchants.

Adjournment

There being no further business, the meeting adjourned at 9:39 p.m.

Richard A. Brown, Mayor

MOTION CARRIED

Hopkins Creek

HOPKINS CREEK OUTFALL DITCH: Mayor Brown stated the 90-day extension period to explore alternatives to Florida Department of Transportation's proposed closed culvert system was September 18, 2003. Mayor Brown had drafted a letter to Aage Schroder, District Secretary, FDOT, informing a suitable alternative to stabilize the ditch banks and save the mature trees had not been found. He asked council members if they agreed with the drafted letter.

Councilor Pruette stated if FDOT were to proceed with the culvert plan she would be concerned about the future maintenance based on their past maintenance record.

Jim Miller, PBS&J, stated the feasibility study conducted by PBS&J concluded that it was in the best interest of the city not to take over the project unless more funds were provided.

Councilor Weldon stated the proposal from FDOT to take over the ditch for 3.1 million was unreasonable. He felt the city should continue to resist the culvert project. He suggested writing a letter to FDOT stating we were opposed to the continuation of the project, the offer was inadequate and we would pursue it through our state representatives.

Councilor Gilbert agreed the funds offered by FDOT were not sufficient and the city should continue to resist. He was also concerned about prior maintenance of the ditch.

Councilor Shealy voiced concern regarding the city's liability by delaying the state project.

City Attorney White stated he expected at some point the FDOT would either settle with the city or move forward with the project. He added there would be concern of liability once the delay reached a certain point of getting their way.

Councilor Pruette suggested each Council Member speak with the state representatives.

Councilor Weldon felt the city should not endorse, support or in any way cooperate with the state. He had spoken with State Representative Don Davis and Senator Jim King regarding the project and recommended each Council Member also speak with them.

City Attorney White stated the resistance needed to be in the form of a Resolution.

Consensus: **TO OFFICIALLY TAKE THE POSITION TO RESIST BY RESOLUTION.**

On the Record Mayor Brown stated for the record that he did not agree with the direction to resist because he did not hear anything that would lead toward a favorable resolution.

Councilor Weldon stated the city could resist by injunction or by specifying that the city wanted 13.1 million for taking over the project to be paid over the 5-year duration of the project.

City Attorney White stated more discussion was necessary before the city made the decision to commit to taking over complete responsibility of the ditch regardless of the amount of money offered by the State.

Vice Mayor Gilbert stated the State still had not produced the prior maintenance record of the ditch. He would like to see those records and the proposed 10-year plan and maintenance schedule.

City Attorney White stated he would send a public record request to the State for the records.

Consensus: **HAVE CITY ATTORNEY WHITE SEND A PUBLIC RECORD REQUEST TO THE STATE FOR PRIOR MAINTENANCE RECORDS.**

City Manager Position **INTERIM CITY MANAGER POSITION:** Mayor Brown had written a memo provided in the agenda packet recommending Director of Public Safety Chief William Brant be appointed as Interim City Manager and City Clerk Lisa Volpe serve as Interim Assistant City Manager for administration.

Vice Mayor Gilbert agreed with the Mayor's recommendations adding that they should be compensated for the extra duties. He recommended Chief Brant begin receiving the 5% increase that he expected in March, which amounted to an additional \$3,285.00. He further recommended that City Clerk Volpe receive a 20% salary increase in the amount of \$8,127.00.

Mayor Brown questioned if those figures were annual. Vice Mayor Gilbert replied "yes" on top of their current salary.

Councilor Pruette questioned what would happen to the current Administrative Assistant to the City Manager Terry Klein's. Mayor Brown replied her job duties would remain the same.

Councilor Weldon agreed with Mayor Brown's recommendation for the appointments. He did not agree with tying the compensation to salary increases. He suggested defining a six-month bonus for both positions; \$1,500 per month for the Interim City Manager and \$1,000 per month for the Interim Assistant City Manager.

Councilor Pruette asked Chief Brandt if he was willing to accept the appointment. Chief Brandt replied he would accept the appointment of Interim City Manager.

Vice Mayor Gilbert asked Finance Director Steve Ramsey if it would be easier to use Councilor Weldon's suggestion of a six-month bonus or his suggestion of salary increases. Mr. Ramsey replied it would not matter.

Councilor Shealy agreed with Councilor's Weldon's suggestion.

Moved by Gilbert, seconded by Shealy.

Motion: **TO ACCEPT THE TERMS DISCUSSED.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Steve Ramsey informed the Council that staff was concerned as to the chain of command and who they would report to.

Vice Mayor Gilbert stated the people who reported to Mr. Linn should now report to Chief Brandt.

Councilor Weldon stated there would be only one City Manager, Chief Brant, and that Ms. Volpe would be his assistant.

Discussion ensued regarding the requirements and salary of a new City Manager and if the position should be advertised or if a professional headhunter should be hired.

Councilor Weldon felt the only way to find a qualified candidate was through a professional headhunter and suggested hearing some proposals.

Councilor Shealy agreed with Councilor Weldon.

Vice Mayor Gilbert felt the staff should be involved in the selection of the new City Manager because they would have to work for him.

Mayor Brown asked to place the issue on the September workshop agenda.

Councilor Weldon suggested Interim City Manager Brandt and Interim Assistant City Manager Volpe contact publications and professional headhunters and report back at the workshop meeting.

Repaving

Councilor Weldon stated Volkert & Associates would be present at the workshop meeting to discuss the repaving project.

Public Comment

Julie Cummings, 172 Lighty Lane, felt the city should be reimbursed from the state for services not rendered in the maintenance of the ditch.

Vice Mayor Gilbert stated Council should move forward with the Land Development Revisions now that we had a new Community Development Director.

Councilor Pruette requested that the new Building Official and the new Community Development Director come before the Council at a future workshop meeting and explain their positions and suggestions.

Adjournment

There being no further business, the meeting adjourned at 7:07 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown asked to place the issue of landscaping the area surrounding the water plant in Jarboe Park on the September workshop agenda.

Councilor Pruette questioned when the palm trees on First Street would be trimmed.

Director of Public Services Leon Smith replied the trees on First Street were trimmed once a year and he would check with Public Works Supervisor Paul Williams in regards to the next scheduled trimming.

Councilor Pruette asked City Manager Linn if FDOT had responded to his request to clean the ditch around Fifth Street and Fletcher High School. City Manager Linn stated he had not received a response from FDOT.

Councilor Shealy asked what would be done with the old fire hydrants. Director of Public Safety Leon Smith stated they should be removed in approximately one month.

City Manager Linn introduced the new Community Development Director Jason Cleghorn to the Council.

City Clerk Lisa Volpe reminded the Council a budget meeting was scheduled for next Monday night at 6:00 p.m. to set the millage rate.

CITY MANAGER REPORTS

- Water Project WATER IMPROVEMENT PROJECT: The water improvement project was 100% complete.
- Sewer Project SEWER IMPROVEMENT PROJECT: The contractor had received the permit from FDOT and started the work in the Third Street right-of-way. The pump station at Orange Street and First Street was installed and functioning. The project was moving along on schedule.
- City Yard Project CITY YARD PROJECT: The contractor was given notice to proceed on the 300-day project last week and the large building had been demolished.

PUBLIC COMMENTS

- Public Comments Karl Sanders, attorney representing Mr. Kawasaki asked the Council if he would be given the privilege to speak on V03-21 later on the agenda or if he should speak during the public comments. Council responded they would allow him to speak on the agenda item.
- Sandy Leidy, 1810 Strand Street, was concerned that the meeting started before 7:00 p.m. and not many people were present.
- Council agreed to recess the meeting.
- Recess/Reconvene Mayor Brown recessed the meeting at 6:20 p.m. and reconvened the meeting at 6:47 p.m.
- Sandy Leidy, 1810 Strand Street, voiced concern regarding protection of the beach accesses and avoiding high-rise buildings being built on the beach.
- Mary Ann Padrta, 1030 Second Street, was concerned because animal control was not readily available when dogs were roaming freely in her neighborhood.
- Bob Shimp, 1109 First Street, recommended the Council support City Manager Linn's request to retire in March allowing him the respect he deserved.
- Edith Alcorn, 317 Oceanwood Drive, supported the City Manager's retirement in March allowing him his full retirement benefits and a smooth transition between city managers.

Todd Brown, 1512 Strand Street, felt the motion to reconsider the Council decision to affirm the denial of Variance V03-21 was not valid. He asked the Council to support the Board of the Appeals decision to deny the request and withdraw the motion to reconsider.

Sandra Brinson, 1512 Strand Street, read a letter from Clair Zaiser disapproving the Council's reconsideration of the denial of variance V03-21. She asked the Council to withdraw the motion to reconsider.

Karl Sanders, attorney representing Mr. Kawasaki explained there was a legal distinction between a motion for rehearing and a motion to reconsider. A motion for rehearing was a procedure to rehear a judicial matter under certain circumstances. A motion to reconsider was a legislative term that allowed a legislative body to reconsider their position on anything at the following meeting. City Attorney White stated the Neptune Beach Code was different. Mayor Brown stated he would call on Mr. Sanders if the Council had any questions when the variance was discussed.

City Clerk Lisa Volpe informed the Council at the request of Councilor Shealy the second reading and public hearing for Ordinance 2003-10 would be on September 8, 2003.

MOTION CARRIED

Ord. No. 2003-11

ORDINANCE 2003-11, MORATORIUM ON DEVELOPMENT OF OCEAN ACCESSES – FIRST READ, SPONSORS, COUNCILOR WELDON AND COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING THE EXISTING CHAPTER 18, STREETS, SIDEWALKS AND OTHER PUBLIC PLACES, ADDING SECTION 18-2 MORATORIUM ON DEVELOPMENT OF OCEAN ACCESSES, AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon asked City Attorney White to confirm that Section 18-2 would cover any presently proposed development. City Attorney White replied it set an effective date of August 18, 2003. As far as he was concerned if there is any use or development in existence as of today it applies. It would apply to the minor replat on Bay Street.

Moved by Pruette, seconded by Shealy.

Motion: **TO PASS ORDINANCE 2003-11 ON FIRST READ WITH A FRIENDLY AMENDMENT THAT IT NOT INCLUDE THE AUTHORIZATION BY THE ISH BRANT BEAUTIFICATION COMMITTEE.**

Councilor Pruette explained some street ends have been adopted through the City Manager's office for beautification.

City Attorney White stated the moratorium on development did not include landscaping.

FRIENDLY AMENDMENT WITHDRAWN BY COUNCILOR PRUETTE

Mayor Brown stated the public beach access remained protected under the 1997 referendum. The Ordinance will allow the Council to fine tune the protection of the accesses.

MOTION CARRIED

OLD BUSINESS

Variance V03-21

MOTION TO RECONSIDER CITY COUNCIL DECISION TO AFFIRM THE DENIAL OF VARIANCE REQUEST NO. V03-21 – VICE MAYOR GILBERT: Vice Mayor Gilbert asked for advice regarding the legality of reconsidering the council decision to deny the variance. He did not want to place the City in jeopardy and asked City Attorney White for his opinion. City Attorney White stated in the introductory provisions of the Code Section 2-35 a motion to reconsider says "after the decision of any question it shall be

in order if somebody from the prevailing side wants to reconsider". If the motion for reconsideration passes it was back in debate.

Discussion ensued regarding the legality of the reconsideration.

Councilor Weldon stated in other cities appeals for variance requests had to go through the court system.

Vice Mayor Gilbert stated the owner had made the following changes to his request: 1) to rescind the duplex status to single family and, 2) use a pervious type of material for parking. He stated if he could not get a definite answer on the legality he would remove it from the agenda.

MOTION TO RECONSIDER WITHDRAWN

Vice Mayor Gilbert requested the issue of variance appeals to be placed on the workshop agenda for discussion of possible changes.

Councilor Pruette suggested the applicant return to the Board of Appeals with the changes without the required fee.

Consensus: **TO ALLOW THE APPLICANT TO RETURN TO THE BOARD OF APPEALS WITH THE CHANGES TO HIS REQUEST AND WAIVE THE REQUIRED FEE.**

City Manager
Contract

CITY MANAGER'S EMPLOYMENT CONTRACT: City Attorney Chris White read the following letter from City Manager Linn's attorney Jeff Sneed for the record:

For the Record

Dear Chris,

As you know over the last week we have had several conversations regarding the legal issues arising out of my clients Richard Linn contract with the City of Neptune Beach. In order to amicably resolve these issues Mr. Linn would like to make the following proposal for early retirement from his employment with the City.

- 1) Richard's last working day would be September 12, 2003.
- 2) Effective his last day of work Richard would be placed on paid administrative leave through January 7, 2004.
- 3) During the period of administrative leave Mr. Linn would receive all benefits including insurance and the value of his vehicle.
- 4) Mr. Linn would receive the value of his vested personal leave time in January 2004.
- 5) The city would pay the amount necessary to vest Mr. Linn's pension in January 2004.

City Attorney White asked City Manager Linn if that was in fact his proposal. City Manager Linn responded "yes".

Moved by Weldon, seconded by Gilbert.

Motion: **TO ACCEPT THE PROPOSAL MADE BY MR. LINN THROUGH HIS ATTORNEY.**

Councilor Shealy questioned the monthly value of the vehicle. Director of Finance Steve Ramsey stated the value amounted to \$341.66 per month.

City Attorney White stated Mr. Linn was surely entitled to his accrued leave time in item number four. The retirement benefit proposed in item number five amounted to \$4,451.00 as of last Friday but could fluctuate by January 2004.

Councilor Shealy voiced concern regarding what would happen between now and September 12, 2003. He hoped that Mr. Linn would continue doing a professional job.

For the Record Mayor Brown stated on the record that he felt all along, that several months of work with the City Manager doing the job of the City Manager while in transition would have been better for the city.

Mayor Brown stated each department was capable of performing their duties.

Vice Mayor Gilbert called the question to move forward with the request.

Roll Call Vote:

Ayes: 5 - Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown called on City Manager Linn to comment.

City Manager Linn made the following comments:

He requested Mayor Brown to allow him the opportunity to make comments. He was concluding his career of 37 years in public service at the state and local level. It had taken him from snow making on the top of the mountains in Pennsylvania to palm trees in sunny Neptune Beach and had been quite a ride. He recognized first and foremost his wife Patricia in the audience, adding the Saturday they would celebrate their 24th wedding anniversary and she had been by his side through the laughs and the tears and was his strongest supporter. He recognized his three children Jim, Cassie and Alan who being a child of a City Manager dealt with him being in the newspapers. He assured the Council that the management team was very capable. He recognized Director of Public Safety Bill Brandt for leading the finest Police Department he had ever seen and for being an asset to the community. He recognized Director of Public Services Leon Smith Public who came up through the ranks from a blue-collar worker to leading a department and thanked him for all his support. He recognized Director of Finance Steve Ramsey as a people person and finding ways to get things done. He recognized his assistant Terry Klein and his former assistant Lisa Volpe who broke him in. He thanked them for their support. He added that Neptune Beach was in very able hands with the management team and he was assured that the future of Neptune Beach would be well served. He recognized Mayor Brown as a friend and supporter. He recognized Vice Mayor Jimmy Gilbert for his support. He recognized all the employees of the city for being the ones that keep the city running. He stated there were three adjectives that defined a City Manager, first there was the new city manager, the next stage was the embattled city manager, and the last adjective was the former city manager. He thanked the Council and the community for their support and added that he would continue to do his professional job until September 12, 2004.

Recess/Reconvene Mayor Brown called a recess at 8:10 p.m. and reconvened the meeting at 8:27 p.m.

NEW BUSINESS

Traffic Signal
Florida Blvd. &
Windward Ln.

A RESOLUTION IN SUPPORT OF THE INSTALLATION OF A TRAFFIC SIGNAL AT FLORIDA BOULEVARD AND WINDWARD LANE: City Manager Linn stated the city had requested the installation of a traffic light at the intersection and now needed support from the Council.

Councilor Shealy recommended having the yellow light flashing during the non-heavy traffic hours put it in the application.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE RESOLUTION IN SUPPORT OF A TRAFFIC SIGNAL AT FLORIDA BOULEVARD AND WINDWARD LANE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Minor Replat
Bay St.

CITY COUNCIL ACTION TO WITHDRAW AND DISAPPROVE A MINOR REPLAT ON BAY STREET:

Moved by Weldon, seconded by Pruette.

Motion: **TO WITHDRAW AND DISAPPROVE THE MINOR REPLAT FROM BAY STREET.**

City Attorney White suggested the Council come to a consensus that the City Manager issue a letter to the developer stating approval of the minor replat had been withdrawn and rescinded.

MOTION WITHDRAWN

City Manager Linn questioned why a formal motion was not necessary. City Attorney White suggested the Council by consensus authorize the City Attorney to convey his opinion letter to the developers' attorney.

Consensus: **TO AUTHORIZE THE CITY ATTORNEY TO CONVEY HIS OPINION LETTER TO THE DEVELOPERS ATTORNEY.**

Street Resurfacing

CITY COUNCIL CONSENT TO AWARD STREET RESURFACING CONTRACT TO ATLANTIC COAST ASPHALT COMPANY IN THE AMOUNT OF \$448,372.32 PLUS \$30.00 PER LINEAR FOOT FOR SPEED HUMPS: City Manager Linn recommended the acceptance of the contract piggybacking off of the City of Jacksonville in lieu of requesting bids.

Councilor Weldon stated at the Florida League of Cities Conference Exhibition there was a company called Volkert & Associates who specialized in reviewing engineering for repaving and confirming speed humps met national standard. He recommended postponing awarding of the contract for 30 days until proposals could be received from

Volkert & Associates.

Director of Leon Smith stated the contract was based on the City of Jacksonville pricing. He did some comparisons and this was the better price. He added the speed humps could be installed at a later date.

City Manager Linn stated the cost of asphalt would increase with the price of oil.

Councilor Pruette suggested inviting the representative from Volkert & Associates to the workshop meeting.

Consensus: **TO POSTPONE THE AWARD OF THE CONTRACT FOR 30 DAYS AND LOOK AT OTHER FIGURES.**

Interim City Manager **INTERIM CITY MANAGER APPOINTMENT:** City Attorney White advised Council to call a special meeting next week to appoint an interim city manager.

Consensus: **TO HOLD A SPECIAL MEETING TO APPOINT AN INTERIM CITY MANAGER MONDAY, SEPTEMBER 8, 2003 AFTER THE 6:00 P.M. BUDGET MEETING.**

Adjournment There being no further business, the meeting adjourned at 8:56 p.m.

SPECIAL CITY COUNCIL MEETING
SEPTEMBER 2, 2003, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Workshop Meeting of the City Council of the City of Neptune Beach was held September 2, 2003, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Richard Brown	Master Sergeant Anthony Carrillo
Vice Mayor James Gilbert	Comm. Development Director Jason Cleghorn
Councilor Harriet Pruette	Assistant to the City Manager Terry Klein
Councilor Larry Shealy	Building Official Tony Perez Guerra
Councilor John Weldon	Director of Finance Steve Ramsey
City Attorney Christopher White	Director of Public Services Leon Smith
City Manager Richard A. Linn	Deputy City Clerk Karla Strait, CMC
City Clerk Lisa Volpe, CMC	Assistant to the Building Official Piper Turner

Order call

Mayor Brown called the special workshop meeting to order at 6:00 p.m. and announced the purpose of the meeting was to adopt Ordinance 2003-06, Water and Sewer Rates.

Ord. No. 2003-06

ORDINANCE NO. 2003-06, WATER & SEWER RATES – SECOND READ AND PUBLIC HEARING: AN ORDINANCE OF AMENDING THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, FLORIDA AT SECTION 23-84(B)(C) AND (D) TO INCREASE WATER RATES AND AMENDING AT SECTION 23-85(A)(B) AND (C) TO INCREASE SEWER RATES; AND ESTABLISHING AN EFFECTIVE DATE.

Finance Director Steve Ramsey explained the rate study performed by Burton & Associates determined the need for the rate increases in order to meet the rate covenant test required by our bond ordinances.

Mayor Brown read Ordinance No. 2003-06 be title only and opened the public hearing.

Sandy Leidy, 1810 Strand Street, stated the water did not taste good.

There being no further comments from the public the public hearing was closed.

Councilor Pruette questioned how the increase would be used. Steve Ramsey replied the study was based on expenses and bonds and there was no specific area.

City Clerk Lisa Volpe asked for a sponsor for the ordinance. Mayor Brown agreed to sponsor the ordinance.

Moved by Weldon, seconded by Gilbert.

Motion: **TO ADOPT ORDINANCE NO. 2003-06, WATER AND SEWER RATES
ON SECOND READ AND PUBLIC HEARING.**

Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Public Safety Director William Brandt
Director of Public Works Leon Smith
Director of Finance Steve Ramsey
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m. and welcomed Boy Scout Troop # 623 Committee Member Ron Stafford and his scouts. The scouts present were working on earning their communication merit badge.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The Ish Brant Beautification Committee was in recess for the summer.

CITY MANAGERS PUNCH LIST

Water Impr. UTILITY IMPROVEMENT PROGRAM – WATER PROJECT: The water utility improvement program was 100% complete. The punch list would be completed by the end of the week. Liquidated damages and penalties totaling \$123,000 would be subtracted from the contract amount in the final payment.

Sewer Impr. UTILITY IMPROVEMENT PROGRAM – SEWER PROJECT: The contractor received the permit from the Florida Department of Transportation and was ready to begin work on Third Street.

Councilor Pruette stated muck and dirt was blocking the stormwater drainage on the east side corner of Cherry Street and First Street. She asked City Manager Linn to have the area cleaned up. Mr. Linn responded he would advise the field inspector of the matter.

City Clerk Lisa Volpe informed the Council the September Regular Meeting would be held on Tuesday, September 2, 2003. City Hall would be closed that Monday in honor of Labor Day.

City Manager Linn stated the City received a check from Jacksonville Transportation Authority in the amount of \$22,000 for reimbursement of cost and expenses incurred from the Mayport Flyover condemnation proceedings.

Minor Replat
Bay St.

Mayor Brown stated the public had comments regarding the Bay Street Minor Replat. He City Attorney White to share some additional information with the public regarding said replat.

For the Record

City Attorney White read for the record the following letter he addressed to the City Manager early today:

I participated this morning in a telephone conference with Robert Persons, Russell Stuart's attorney; (Mr. Persons and Mr. Stuart are in the audience tonight). In that conference we discussed the provisions of Section 27-474 and I informed Mr. Persons that if roadway improvements were to be required by the city on an unopened right-of-way the developer would be responsible for all necessary roadway improvements.

In reviewing the supplemental information we have received on what would be required by and, therefore, would be the responsibility of the developer on the subject right of way, the proposed development would fall outside the parameters of a minor replat and would instead require development plan review.

I have informed Mr. Persons of this fact and have told Mr. Persons that, as the minor replat has not been recorded, the subject minor replat will be withdrawn and disapproved with instructions to the developer that, if he so chooses, he may proceed through the applicable development review procedures in the Code.

PUBLIC COMMENTS

Ellis Johnson, 1106 Hagler Drive West, stated the tenants occupying 1121 Florida Boulevard, directly behind his house, continued to have disturbing parties after the police had been called. The tenants also had dogs that barked during the night.

Anne Olsen, 1101 Hagler Drive West, stated she was also disturbed by the late night parties and barking dogs at 1121 Florida Boulevard.

Bee Jay Lester, 907 Second Street, favored the Council placing a moratorium on the development of beach accesses.

John Henry David, 2035 Cherokee Drive, was concerned about preserving the beach accesses and felt more beach parking should be provided for the public.

Sandy Leidy, 1810 Strand Street, felt the minor replat on Bay Street should not have been granted because in 1997 the citizens voted to save and protect the beach accesses.

Robert Persons, 2215 South Third Street, Attorney for Russell Stuart who requested and was granted the minor replat on Bay Street, stated Mr. Stuart felt there was a misconception concerning what he wanted to do with the property. He had no intent or desire to ask the city to close, vacate, abandon or restrict the beach access right-of-way. He was only requesting ingress and egress from a

dedicated public roadway to the property he was purchasing.

Mary Ann Padrta, 1030 Second Street, favored the noise ordinance but felt the fine for the third offense should be increased to \$500.00.

Darcia Davidson, 106 Bay Street, felt the City Manager was bullied into granting the minor replat on Bay Street. She also felt because the minor replat involved a beach access council and the public should have been included in the decision.

Christine Chin, 227-A Margaret Street, asked the council to keep the beach accesses green. She read a letter from her husband, Kerry Chin, regarding "conservation" and "legacy" of the city.

Kathy Durkin, 809 Camellia Terrace Drive North, was concerned that the minor replat was granted by the City Manager after being denied by the Planning & Development Review Board. She favored preserving the beach accesses.

PROPOSED ORDINANCES

Minor Replat

ORDINANCE NO. 2003-XX, MINOR REPLAT – COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING CHAPTER 27, DIVISION 4, MINOR REPLAT REQUIREMENTS, AMENDING SECTION 27-108(b) REVIEW PROCEDURES; AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown informed the concerned citizens that the Council was not given the privilege of ignoring the Code of Ordinances and the minor replat was acted upon in accordance with the current Code. He added that Council had the power to take action to legally correct any flaws in the code and they were considering an amendment to the minor replat ordinance.

Councilor Pruette stated the issue was brought to the Council because of the price of property and the density east of Third Street. She felt the Council should have been involved in the minor replat decision because the road would need to be extended in order to access the property.

Mayor Brown stated the beach access was not in any way threatened by the extension of Bay Street and public use of the access was very well protected by the referendum.

Councilor Weldon believed the 1997 referendum may have been technically flawed by not specifying electors did not want ocean accesses developed at all. He felt the City Manager should have the authority to make minor replat decisions and changing the ordinance to have Council approve all minor replats was not necessary. He asked to include the following ordinance establishing a moratorium on development of ocean accesses in the discussion.

Beach Access Moratorium

ORDINANCE NO. 2003-XX, ESTABLISHING A MORATORIUM ON DEVELOPMENT OF OCEAN ACCESSES – COUNCILOR WELDON AND COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING THE EXISTING CHAPTER 18, STREETS, SIDEWALKS AND OTHER PUBLIC PLACES, ADDING SECTION 18-2, MORATORIUM ON DEVELOPMENT OF OCEAN ACCESSES, AND PROVIDING AN EFFECTIVE DATE:

Councilor Shealy stated the Council needed to study the issue carefully.

Councilor Weldon agreed the issue needed to be studied carefully and a moratorium on beach access development should be imposed until a conclusion was arrived.

Mayor Brown was concerned if the Council passed an ordinance for minor replats to be approved by the Council the city may face dealing with laws of private property.

Councilor Pruette supported the moratorium on the development of beach accesses until the Council gathered enough information to make a good decision. She suggested conducting a study of the number of lots abutting beach accesses, the size of those lots and whether or not they could be subdivided.

City Attorney White stated a study would need to begin with the original dedication of the street ends and would require a title search because it would be difficult to find the old records. It would be necessary to first review the language in the dedications and second to review all related ordinances since the dedications.

City Manager Linn stated whether the minor replat had to be approved by the Council or the City Manager the decision could not have been different. In the past 6-½ years he had only received two requests for minor replats.

Mayor Brown asked if the Council was in favor of approving all minor replats, only those east of Third Street, or only the oceanfront lots.

City Attorney White stated issues relating to minor replats on beach accesses would be resolved if Council imposed the moratorium. A moratorium was temporary in nature and implemented to address a larger issued. A cut off date for existing conditions and a time period for the moratorium would need to be set. The moratorium could possibly be challenged by injunctive relief.

Councilor Weldon suggested a cut off date of August 15th.

Councilor Shealy agreed to move the ordinance on minor replats aside and move forward with the moratorium to stop development on beach accesses.

Vice Mayor Gilbert agreed with placing a moratorium on beach accesses and asked to keep in mind the accesses to the intracoastal as well. He added for absolute protection of the beach accesses they could be dedicated as parkland.

Mayor Brown asked the Council what would be good time period for the moratorium.

Vice Mayor Gilbert suggested 12 months. He questioned if the time period could be repealed.

City Attorney White advised the language in the ordinance stated that the moratorium should remain in place for a period of blank months from the date of it's enactment unless earlier repealed.

Consensus: **TO MOVE FORWARD WITH THE MORATORIUM – FILLING IN THE DATE AS OF AUGUST 18TH.**

Consensus: **NOT TO PURSUE THE CHANGE IN THE MINOR REPLAT.**

Councilor Weldon stated he felt the minor replat on Bay Street was improperly handled by the staff.

Mayor Brown stated the first legal opinion from the City Attorney stated the City Manager shall approve the minor replat and the second and revised legal opinion stated the staff handled it improperly.

Councilor Pruette stated Mr. Gregory Scott had requested access to his property off of Cedar Street. In a letter dated April 11, 2002, the City Attorney stated the lot did not fall within the definition of a corner lot and Mr. Scott was denied the use of the right-of-way.

Mayor Brown felt Councilor Pruette's comment was not relevant because Mr. Scott had an alternate access available.

Councilor Weldon stated Mr. Stuart could have access through Azalea Street if he could acquire the property. He stated functional abandonment had occurred on Bay Street access and he was also concerned about the remaining accesses.

Recess/Reconvene

Mayor Brown called a recess at 8:10 p.m. and reconvened the meeting at 8:25 p.m.

Noise Ord.

ORDINANCE NO. 2003-XX, NOISE PROHIBITED – COUNCILOR PRUETTE AND COUNCILOR SHEALY: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING SECTION 13-5, CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH AND PROVIDING AN EFFECTIVE DATE.

Councilor Shealy stated the ordinance would give police the tools needed for enforcement and hold people responsible for their actions. He suggested a fine of \$100 for the first offense, \$250 for the second and \$500 thereafter.

City Attorney White stated paragraph c of the ordinance included that on top of the fines the violator would also have to pay administrative fees imposed by the Clerk of Court.

City Manager Linn stated the \$200 filing fee could be avoided if the fine was paid to the Public Safety Department within 10 days.

Discussion ensued regarding the amount of the fines.

Councilor Weldon voiced concern regarding barking dogs. City Manager Linn stated the Animal Control Ordinance Chapter 6.64, Habitual Nuisance, addressed barking dogs.

Chief Brant added the ordinance was very similar to surrounding cities and could be enforced with using the officer's discretion.

Mayor Brown suggested allowing fair warning to the residents by placing information regarding the ordinance and fines in the monthly city newsletter.

Consensus: **MOVE THE NOISE ORDINANCE FORWARD WITH FINES OF \$50 FOR FIRST OFFENSE, \$150 FOR SECOND OFFENSE AND \$250 FOR THE THIRD ADDING THAT THE VIOLATOR WAS RESPONSIBLE FOR THE CLERK OF COURT FILING FEES.**

Abandon Vehicles

ORDINANCE NO. 2003-XX, ABANDONED VEHICLES – VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA, AMENDING CHAPTER 22, SECTION 22-35(a)(b) ADDING SECTION 22-35(c)(d)(e) ABANDONED VEHICLES.

Vice Mayor Gilbert stated under the current Code an abandoned vehicle could be removed temporarily to be in compliance with the Code. The proposed ordinance would allow abandoned vehicles to be towed after a 10-day notice and give closure to repetitive violations.

Consensus: **MOVE THE ABANDON VEHICLES ORDINANCE FORWARD.**

Building Code

ORDINANCE NO. 2003-XX, AMENDING CHAPTER 8, BUILDING AND BUILDING REQUIREMENTS – VICE MAYOR GILBERT: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF NEPTUNE BEACH, FLORIDA, BY REPEALING ARTICLE II. BUILDING CODE, ARTICLE III. ELECTRICAL CODE, ARTICLE IV. PLUMBING CODE, ARTICLE V. MECHANICAL CODE, ARTICLE VI. GAS CODE AND ARTICLE VII. COASTAL CONSTRUCTION CODE. EXCEPT FOR DIVISION 3, AND MOVING OF STRUCTURES OF ENTIRETY AND SUBSTITUTING THEREFORE A NEW ARTICLE II ADOPTING THE FLORIDA BUILDING CODE BY REFERENCE, REPEALING ARTICLE VII SUBSTANDARD HOUSING AND SUBSTITUTING THEREFORE A NEW ARTICLE III. PROPERTY MAINTENANCE CODE ADOPTING THE INTERNATIONAL PROPERTY MAINTENANCE CODE, AS AMENDED, BY REFERENCE, TO REPEAL ORDINANCES IN CONFLICT HEREWITH, TO PROVIDE AN EFFECTIVE DATE, AND FOR OTHER PURPOSES.

Vice Mayor Gilbert stated the Unified Building Code was adopted March of 2002 by the State of Florida to replace the Southern Building Code. Therefore cities were now required to adopt the Unified Building Code.

City Manager Linn stated the new Unified Building Code was developed over a 5-year period and only recently made available to the city.

Councilor Weldon asked for an assessment and opinion of the changes from the building official.

Consensus: **MOVE THE BUILDING REQUIREMENT ORDINANCE FORWARD.**

CONTRACTS / AGREEMENTS

Kings Rd. Bridge

DESIGN PROPOSAL – KINGS ROAD BRIDGE REPLACEMENT, PITMAN – HARTENSTEIN: City Manager Linn stated the Council agreed to move forward with the planning of the Kings Road Bridge Replacement. The existing contract with Pitman-Hartenstein was updated to \$171,580.06. The decision of the council was to accept the updated amount or to solicit bids for the design.

Councilor Weldon questioned the amount Pitman-Hartenstein had already been paid. City Manager Linn replied the original contract was for \$63,466 and Pitman-Hartenstein had been paid all but \$8,885.24.

Councilor Weldon felt \$171,580.06 was too much money to design a small one-lane bridge. He felt the city should solicit competitive bids.

Consensus: **TO ADVERTISE REQUEST FOR PROPOSALS AND INCLUDE A NOT TO EXCEED AMOUNT.**

City Manager
Employment Contract

CITY MANAGER'S EMPLOYMENT CONTRACT: City Manager Linn informed the Council he planned to retire March 15, 2004 and would like to continue his contract through to that date. He wanted to be an instrument in the hiring of a new City Manager and at the same time protect his financial interest.

City Attorney White stated the proposal from the City Manager was to have his contract effective through March 15, 2004.

Mayor Brown supported the proposal adding that it allowed the Council ample time to find a replacement for Mr. Linn. It would eliminate the urgency and proceed in an orderly

manner.

Vice Mayor Gilbert also found the proposal acceptable that it gave time to search for a replacement. He felt it would be in the best interest of the city to accept the proposal.

Councilor Weldon questioned Mr. Linn's significance of the March 14, 2004 date. City Manager Linn responded he would be fully vested in his retirement plan as of March 7, 2004. He added he would lose \$3,800 of retirement benefits if he left prior to that date.

Councilor Weldon stated if Mr. Linn left at the present time the city would be obligated to pay him through to the second 90 day cycle in January which would amount to 2 months of salary and \$3,800 in vested retirement. Councilor Weldon was prepared to go along with the proposal with the option of moving forward with the replacement once one was found.

Mayor Brown stated not every city had the opportunity to look for a new City Manager while having one employed. He felt it would be an advantage to the city to accept Mr. Linn's proposal.

Councilor Pruette was dissatisfied with the proposal. She stated Mr. Linn had asked to renew his contract under various time limits. She felt the Council should be informed of issues in writing prior to meetings and wanted to see the city manager's proposal in writing.

City Manager Linn stood and passed out an envelope to each council member.

Councilor Pruette called for a point of privilege to review whatever was in the envelope.

Recess/Reconvene

Mayor Brown called a recess at 9:15 p.m. The meeting reconvened at 9:25 p.m.

Discussion ensued regarding the City Manager's performance and his proposal.

Councilor Shealy felt after tonight it would be difficult for Mr. Linn to work with the Council. He recommended accepting the resignation effective October 7, 2003 which would carry through to January 7, 2004.

City Attorney White – not talking about resignation – would be terminating the contract. The termination notice would have to be in writing before October 7, 2003.

Weldon asked for a consensus to give Mr. Linn termination notice effective October 7, 2003. He was prepared to negotiate the \$3,800 in question regarding the retirement and pay through the obligated period.

Consensus: **TO GIVE MR. LINN TERMINATION NOTICE EFFECTIVE OCTOBER 7, 2003 AND NEGOTIATE THE \$3,800 REGARDING HIS RETIREMENT.**

City Manager Linn stated his existing contract was in force through January 7, 2004 and he would abide by all terms of the contract and expected the Council to do the same. He did not wish for any concession for his retirement. He reminded the Council that he had over 3 months of personal leave.

City Attorney White reminded the Council that no action was being taken tonight. Any action would be addressed at the September meeting.

Consensus: **TO CONSIDER A TERMINATION ON THE CITY MANAGER'S CONTRACT AT THE SEPTEMBER REGULAR COUNCIL MEETING.**

PQH Arch.

CONSTRUCTION ADMINISTRATION SERVICES CONTRACT, PQH ARCHITECTS:
PQH Architects submitted a proposal to handle the construction administrative services for the construction of the new public services facility. City Manager Linn recommended moving the proposal to the September regular meeting consent agenda.

Councilor Pruette questioned the cost of construction. City Manager Linn replied a change order was signed for a total contract price of \$2,184.00.00 for the construction.

Consensus: **FORWARD TO THE REGULAR SEPTEMBER MEETING.**

ISSUE DEVELOPMENT

Mayor Brown met with the secretary of the Department of Transportation regarding the Hopkins Creek Project. The amount offered to the city to take ownership of the creek was based on the 1,000 feet project. He committed that the FDOT would increase the landscaping to help satisfy the community. He asked to place the Hopkins Creek Project on the agenda for the September regular meeting.

Adjournment

There being no further business, the meeting adjourned at 9:46 p.m.

Richard A. Brown, Mayor

**BUDGET WORKSHOP MEETING
AUGUST 11, 2003, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held August 11, 2003 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Councilor Harriet M. Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey

Director of Public Safety William Brandt
Director of Public Services Leon Smith

Absent:
Vice Mayor James Gilbert
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn informed the council that the finance director had updated the figures based on 2.9 milage rate which is the current rate with a transfer from the sanitation fund of \$316,700.

Finance Director Steve Ramsey introduced Dave Polovina who is the city's insurance advocate and helps the city take proposals from insurance companies. Mr. Ramsey stated the current carrier requested a 61.34% raise from this year.

Dave Polovina, stated it was the second renewal he worked with for the city. Last year the request for proposals did not solicit any proposals due to some health concerns under the bid. Aetna, the carrier at the time, was not aware of that and came with a 22.2% increase and with some minor benefit changes the percentage of increase dropped to 8%.

The market place has changed this year. The insurance industry is under pressure to make a profit and there is few competitors along with malpractice issues. Aetna was paid by the city in premiums \$319,00 and the pay on gross claims was \$537,000. This is the reason for the large increases this year. HIPPA legislation has limited disclosure of medical information, therefore, the companies are not privy to as much information in order to give the city a bid and the city was given good rates. Mr. Polovina was not sure how this would affect next year's rates.

Mr. Polovina's recommendation was for the city to speak with Humana first who had the lowest rate. They also have insured Jacksonville Beach for the last year, therefore, have a comprehensive provider list for the beaches' area. There is a meeting set for Tuesday to

Speak with Humana about the bid and next year's renewal.

Councilor Pruette asked how many employees are insured. Mr. Polovina stated 64 with about 100 including dependents. Councilor Shealy asked if Humana would make any guarantees about next year. Mr. Polovina stated no.

Discussion ensued about the overall health care system and providing insurance benefits to employees. The entire beaches insurance issues were discussed.

Councilor Shealy asked if council members were covered in the beaches' cities. Mr. Polovina stated they had the right to participate. Councilor Weldon asked whom the city paid for. Mr. Ramsey answered that the city pays full coverage for the employee and the union contract went up to 50% for dependant/family coverage.

Councilor Weldon stated all options needed to be looked into for the future in order for the city to be able to continue paying for this benefit. Different plan options were discussed.

Mr. Ramsey stated with the Humana plan the rate for city would only increase 5% for the dependant coverage as stated in the union contract.

He stated the budget is based on 2.9% milage, transfer from sanitation fund, 100,000 contingency fund as required by prior councils. Councilor Weldon questioned the contingency fund. Mr. Linn stated there used to be a separate contingency in each department but three years ago council made it one fund with their approval to spend.

Mr. Ramsey continued that the budget included a \$19,000 increase in capital spending from last year. Excluding debt service the total increase in the budget was 7.8% based largely on the added position of Community Development Director along with union raise of 5% and capital expenditures.

Mr. Ramsey stated the percent increase in the budget for the past few years: 2002 9.02%; 2003 -4.99%; 2004-7.8%. He also commented that the new property accrued a \$9,255 increase in tax revenue. Tax revenue for the city was discussed along with anticipated increases.

The 7.8% increase was discussed among the council. Mr. Ramsey clarified for Councilor Weldon that any increase in cost to the water and sewer enterprise fund were financed by an increase in water rates as dictated by our bond company.

The council discussed setting the milage rate at the current rate of 2.9 or raising it. They also considered the already set water rate hikes.

Council Weldon asked about the statistics for reserves. Mr. Ramsey answered that there is no set level and each city does it differently so a clear answer is not given. Discussion ensued over reserves and at what level they should be at.

Councilor Pruette questioned security levels and their cost. Mr. Linn stated it was just a matter of how much you want to spend. Councilor asked Public Works Director Leon Smith if the tractor could be bought used. Mr. Smith stated they would be shopping for used equipment. Mr. Ramsey explained the debt serve transfer to Councilor Shealy. Capital items were discussed.

Councilor Shealy stated that if the departments needed computers they should work them in the budget instead of having to ask council to by something so small out of contingency.

Councilor Pruette asked about buying furniture for the new City Yard. Mr. Ramsey said there was nothing budgeted and would have to be purchased a little at a time.

Councilor Weldon stated he did not want any major contingencies coming up in the year. He wanted to know while working on the budget what was needed. Mr. Smith stated the only concern was there might be additional cost for a Vulnerability Study. Councilor Weldon commented that staff and council needed to work together in order to run an efficient city and be able to afford to run all services into the future.

Councilor Pruette asked where the money was placed when surplus items were sold. Mr. Ramsey stated it was put back into the fund the item was originally purchased from.

Future budget meetings were discussed. Council debated the milage rate and the use of the sanitation fund reserves. Councilor Shealy suggested raising the milage rate to 3.0. Mr. Ramsey stated to raise it .1 the city would gain an additional \$46,750 in revenue. The amount of necessary reserves was discussed. Mr. Linn stated that contingency reserves have only been used for approximately \$200 and departments are good with holding to their budgets.

Consensus: **TO LEAVE THE BUDGET AS IS AND HAVE THE NEXT MEETING AT THE FIRST READ ON SEPTEMBER 8TH.**

Adjournment

There being no further business, the meeting adjourned at 7:40 p.m.

Richard A. Brown, Mayor

ATTEST:

MINUTES
REGULAR CITY COUNCIL MEETING
AUGUST 4, 2003, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held August 4, 2003, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown	City Clerk Lisa Volpe, CMC
Vice Mayor Jimmy Gilbert	Director of Public Safety William Brandt
Councilor Harriet Pruette	Director of Public Services Leon Smith
Councilor Larry Shealy	Director of Finance Steve Ramsey
Councilor John Weldon	Assistant to the City Manager Terry Klein
City Attorney Christopher A. White	Assistant to the Building Official Piper Turner
City Manager Richard A. Linn	Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and Councilor Shealy led the pledge of allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Donald White

Mayor Brown presented a plaque to Donald White in appreciation for his service on the Board of Appeals.

Relay for Life

Denise Brown and Robin Allen-Paris, American Cancer Society's Relay of Life, thanked the city for all the support in using Jarboe Park and City employees participated. It was the most successful event the beach ever had. They hoped the event could continue next year on April 17 and 18. They brought t-shirts for the council.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES:
JULY 7, 2003, REGULAR CITY COUNCIL MEETING
JULY 14, 2003, BUDGET WORKSHOP MEETING
JULY 21, 2003, WORKSHOP CITY COUNCIL MEETING

Moved by Gilbert, seconded by Weldon.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

Councilor Pruette questioned City Manager Linn if FDOT responded to his letter asking them to clean up the ditch on 5th Street. City Manager Linn stated the area was already cleaned up.

Councilor Pruette asked if "Beach Accesses" could be discussed at the end of the meeting.

Vice Mayor Gilbert asked if the Bike Path could be extended all the way to Penman Road. City Manager Linn replied he would like to see the Bike Path extended down Penman Road to Seagate Avenue. He added that he would inquire about available funds through the MPO.

CITY MANAGER REPORTS

Water Project WATER IMPROVEMENT PROJECT: The water project was found substantially completed and all the connections were made. The contractor was working on repaving the streets, driveways, and sidewalks, and installing sod they had removed. The sidewalk on Florida Blvd would be replaced within 30 days.

Sewer Project SEWER IMPROVEMENT PROJECT: The sewer project was moving along. The contractor was waiting for the permit from FDOT for Third Street. A temporary lift station was being installed.

Town Center
Drainage TOWN CENTER DRAINAGE PROJECT: The groundbreaking for the project took place a week ago. The City of Jacksonville Public Works Department was to begin the project to solve the Town Center drainage problem at the end of Atlantic Boulevard within 30 days. There would be palm trees available to be placed on city right-of ways.

Councilor Pruette asked why there had been a water break earlier in the day. City Manager Linn stated it was not a break but a scheduled maintenance to dead end the old line.

City Clerk Volpe asked council to please speak into the microphone since the air conditioning could be loud at times. City Manager Linn stated the a/c manufacturer was looking into dampening the noise.

Mayor Brown recognized Scott Shine in the audience from the Surf Riders Association. He commented that the ordinances would have separate public hearings later in the meeting. City Attorney Chris White stated that the variance appeal should be based on the Board of Appeals minutes and no further testimony should be given by the public.

PUBLIC COMMENTS

Public Comments Craig Lighty, 1810 Strand Street, wanted the beach accesses to be preserved as green space and not to be developed on at all.

Mary Ann Padrta, 1030 Second Street, questioned the council for giving the city manager the right to contract for the Public Services Operations Center for 2.2 million.

Todd Brown, 1512 Strand Street, questioned the appeal process and why an incomplete appeal application would be allowed on the agenda. He also

questioned why his appeal for an administrative decision was not granted.

Councilor Pruette asked why Mr. Brown was not allowed to appeal. City Attorney White explained it was mandated in the code that an appeal went straight to council and therefore was not an administrative decision and could not be appealed.

CONSENT AGENDA

Public Services
Facility

Award contract to Bob Mathews Inc. in the amount of \$2,210,000 for construction of the Public Services Operation and Maintenance Facility with the authorization for the City Manager to sign change orders to provide for value engineering not to exceed total project cost of \$2,200,000.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Moved by Gilbert, seconded by Shealy.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED

Kings Road Bridge

To approve the replacement of Kings Road Bridge as summarized in the letter from Pitman-Hartenstein dated April 12, 2003.

Motion: **TO APPROVE ITEM B KINGS ROAD BRIDGE.**

Moved by Gilbert, seconded by Shealy.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED

Councilor Weldon asked if it meant that the bridge engineering would not be bid again. City Manager Linn stated it only confirmed that the bridge would be replaced and a proposal for engineering would come back before the council.

VARIANCES

V03-21 Kawasaki
104 Davis St.

VARIANCE #VO3-21 APPEAL – KAWASAKI RESIDENCE – 104 DAVIS STREET:
Michael Dunlap, architect, spoke as to what the variance was asking for and felt the board did not have competent substantial evidence to deny the variance based on only what the neighbors felt. Carl Sanders, attorney for Mr. Kawasaki, spoke as to the definition of competent substantial evidence and that the board did not have such evidence based on the minutes of the board's finding of facts in order to deny the variance.

Councilor Weldon asked the City Attorney what the council was there to do. City Attorney White stated the council was there to review if an error in procedure was made or in this case if there was competent substantial evidence to deny this variance. He discussed how competent substantial evidence was defined. Councilor Weldon asked Mr. Sanders which specific finding of fact did he find was not substantial competent evidence. Mr. Sanders stated the one that stood out is number 3. "The

proposed variance would not adversely affect adjacent and nearby properties or the public in general. No there were objections for the neighbors." Mr. Sanders felt there were no facts to deny the variance. Discussion ensued over the finding of facts.

Mayor Brown asked if the actual addition was within the setbacks. Mr. Sanders stated it was.

Councilor Weldon asked the City Attorney what the Council's role was. City Attorney stated this was not a retry of the variance. The council is limited to deciding if an error in procedure was made or, in this case, if there was competent substantial evidence to deny this variance.

Vice Mayor Gilbert asked for clarification as to which variances existed. Mr. Dunlap explained that since it was a non conforming lot most of that list was existing. The new variance was to build an entry deck on the south side and a second floor deck on the north side. Also reducing the current three living units to one, but maintaining the duplex status.

Acting Chairman of the Board of Appeals, Jim Miller spoke on behalf of the board. He stated they listened to Mr. Dunlap and comments of the public. He had reminded the board that they could only take into account the seven finding of facts and not ocean views or other comments made by neighbors. Off street parking was considered as well as the over building of the lot. It was a unanimous decision by the board based on the finding of fact. Discussion ensued over the guidelines for the Board of Appeals.

Council discussed the improvement of the neighborhood and the parameter of the appeal process. Also the council discussed whether the board's findings of facts were antiquated. The nature of increasing density whether it should be the number of dwelling units or the amount of square footage was discussed.

Motion: **TO AFFIRM THE BOARD OF APPEALS DECISION FOR THE APPEAL.**

Moved by Shealy, seconded by Pruette.

Roll Call Vote:

Ayes: 3 – Gilbert, Pruette, Shealy,
Noes: 2 - Weldon, Brown

MOTION CARRIED

Recess/Reconvene Mayor Brown called a recess at 8:25 p.m. and reconvened the meeting at 8:40 p.m.

Mayor Brown announced there would be a budget meeting at 6 pm on Monday August 11, 2003. He introduced Art Graham, Jacksonville City Councilman. Councilman Graham stated there would a town meeting on August 7, 2003 from 6:30 p.m.- 8:30 p.m. at the San Pablo Baptist Church. The meeting would be to discuss the rezoning of the corner of Beach Blvd and Hodges Blvd. There is scheduled to have a Super Wal-Mart and ten out parcels and a Super Target with seven out parcels along with 900 apartments to be built on this corner. He added that with six laning Beach Blvd and four laning Hodges Blvd the traffic condition would only upgrade to a D level with development as is.

ORDINANCES

Ord. No. 2003-07

ORDINANCE NO. 2003-07 – THREE STRIKES – FINAL READ AND PUBLIC HEARING– SPONSOR VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF

NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(c); ADDING A NEW SECTION 13-5(d) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS; ADDING A NEW SECTION 13-5(e) – NUISANCE; DECLARING VIOLATIONS; PROVIDING AN EFFECTIVE DATE.

Mayor Brown explained the ordinance and stated he had some amendments to suggest. 1. To change the effective date to 90 days after the ordinance passes. 2. To have a 12 month sunset after the effective date. At that time the results will be studied and the ordinance reinstated, amended or repealed. 3. Which may not be needed, would be the property owner being called before the Code Enforcement Board, a first appearance will be fact finding only and will not result in a fine.

Councilor Pruette asked if the noise ordinance changes were being worked on. City Manager Linn stated it was being worked on and would be forwarded to her in the next day or so.

Mayor Brown opened the public hearing:

Marsha Coker, 206 Margaret Street, supported the ordinance to curtail the late night disruptions.

Lynda Padrta, 1113 First Street, felt rental properties are a business and should be held responsible for uncontrolled tenants. She stated all parking violations should be ticketed by the police.

Robert Newbern, 205 Pine Street, opposed the ordinance for going after the landlord instead of the tenant and suggested the city evict the tenants.

Mary Sorrell, 1415 Indian Woods Drive, considered the proposed ordinance unconstitutional in her legal opinion.

Christine Chin, 227A Margaret Street, supported the proposed ordinance and disagreed with the Realtors' Association's objections.

Dee Wagner, 1201 Kinds Road, supported giving residents relief from noisy neighbors and helping with parking concerns.

Joanne Waddill, 115 Oleander Street, supported the ordinance and thanked Vice Mayor Gilbert for the ordinance.

Mary Ann Padrta, 1030 Second Street, objected to the letter by the Northeast Realtors' Association.

Rae Brady, 1536 Sea Oats Drive, Jacksonville Beach, asked for cooperation between neighbors, landlords and the city to find a solution without penalizing landlords for what tenants are doing.

Fred Catter, 110 Walnut Street, a landlord and a member of the Northeast Realtor's Association was opposed to the ordinance and felt the tenants should be responsible. He felt the city should help with evicting tenants and enforce laws already enforce.

Jeanell Wilson, 3090 S. 3rd Street, thanked the council for addressing concerns and for looking at the noise ordinance to deal with tenants. She was opposed to ordinance 2003-07.

James Sorrell, 464 Seagate Avenue, spoke against ordinance 2003-07. He felt it was redundant with the noise and nuisance ordinances already in place.

Teresa Thomas, 224 Margaret Street, supported the ordinance and thanked the police department for all of their hard work.

Mayor Brown closed the public hearing.

Vice Mayor Gilbert stated this ordinance will help with loud neighbors and it will also help the landlords to be informed. He agreed with the amendments brought by Mayor Brown.

Councilor Shealy felt the individuals needed to be held accountable and the current laws should be enforced before another one is made. Councilor Pruette supported the ordinance and the amendments. Mayor Brown stated it had come to his attention that the third amendment may not be needed.

Councilor Weldon was opposed to the word sunset but would agree to an automatic review in twelve months. City Attorney White stated it would be difficult to write an automatic review into the ordinance. He also commented that the Code Enforcement Board has its own set of rules of what they could do therefore the third amendment is not necessary.

Mayor Brown stated he could understand the second and third amendment not being necessary but still felt the first amendment was a good idea.

Friendly Amendment: **TO INSERT THE FLOOR AMENDMENT OF CHANGING THE EFFECTIVE DATE TO 90 DAYS AFTER THE PASSAGE.**

Moved by Gilbert, seconded by Weldon.

Motion: **TO APPROVE ORDINANCE 2003-07 WITH THE FRIENDLY AMENDMENT.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 1 – Shealy

MOTION CARRIED

Councilor Pruette asked the nuisance ordinance be placed on the next workshop.

Ord. No. 2003-08

ORDINANCE NO. 2003-08 – PROHIBITED USES – FIRST READ AND PUBLIC HEARING – SPONSORS MAYOR BROWN, VICE MAYOR GILBERT, AND COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-225(2) AND ADDING SECTION 27-223(4) USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

City Clerk Volpe stated the updated ordinance included the changes made in Ordinance 2002-12. Mayor Brown stated this was to help make the commercial districts more vibrant and help bring in desirable uses.

Mayor Brown opened the public hearing:

Jeanne Miner, 409 Penman Road, stated she was the property manager of Penman Plaza and felt this was an excellent ordinance. A drive-in would not cause problems since security and clean up measures were already in place.

Mayor Brown closed the public hearing.

Councilor Weldon opposed the ordinance and felt it called into question to allowing gas stations and mini warehouses. He felt it added suburban sprawl and blight. Councilor Pruette felt the area already had blight and a drive-in restaurant is family oriented and would help the area.

Motion: **TO APPROVE ORDINANCE 2003-08.**

Moved by Gilbert, seconded by Pruette.

Roll Call Vote:

Ayes: 4 - Gilbert, Pruette, Shealy, Brown

Noes: 1 – Weldon

MOTION CARRIED

OLD BUSINESS / NONE

NEW BUSINESS

Beaches' Historical
Society

APPROVE CONTRIBUTING \$5,000 PER YEAR TO THE BEACHES' HISTORICAL SOCIETY FOR THE DEVELOPMENT OF A MUSEUM IN JACKSONVILLE BEACH:
The council clarified it was a per year amount and it was based on if they could raise the full amount.

Motion: **TO APPROVE \$5000 PER YEAR FOR FIVE YEAR PROVIDED EVERYTHING IS AGREED TO PER THIS AGREEMENT.**

Moved by Gilbert, seconded by Weldon.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Beach accesses and
replats.

Councilor Pruette asked to discuss the beach accesses and the replat at Bay Street and Oceanfront. She asked to find a way to stop paving over the beach accesses.

Councilor Weldon agreed that something needed to be done. He questioned if a referendum could be written to protect the accesses and if a moratorium could be drawn up to help until a solution could be made.

Vice Mayor Gilbert recommended a change to waterfront instead of just oceanfront.

City Attorney Chris White wanted to clarify what he was being asked to do. He stated that you cannot deny people access to their property. He also asked how many other properties could possibly be affected and need access through beachfront accesses. He would look into if the council could impose a moratorium on any development on the beach access. The Charter that was put in place with the last referendum allowed people to use the right of way it just did not allow the council to vacate or abandon.

Mayor Brown asked Assistant to the Building Official Piper Turner if any other property could be replatted. Ms. Turner stated she could not think of any. Councilor Pruette stated that did not take into consideration redevelopment.

Councilor Pruette made a motion to rescind the replat given by the City Manager. City Attorney White stated the council did not have the authority to do that under the code. The code clearly stated the city manager granted replats. Also the replat was not even originally on the agenda. Councilor Pruette reminded the council she had asked the city manager to bring it before the council but the manager made the decision without doing as she asked.

City Manager Linn explained that the code did not give him the ability to ask the council for their decision. He welcomed the council changing the code to have the council grant minor replats. He did not have a choice in granting the replat due to the city attorney's opinion.

Councilor Weldon stated a solution needed to be found with the help of moratorium and/or a referendum.

Dr. Haycock, 912 Oceanfront, had a question as to who is allowed to request a replat since he is owner of record and had not asked for it. City Attorney White stated the code stated the developer could request for it. He stated Mr. Haycock and Mr. Russell were both present at the Planning and Development Review Board meeting. Mr. Haycock had no further knowledge after the board meeting and did not realize the replat had been granted.

Consensus: **FOR THE CITY ATTORNEY TO LOOK INTO A MORATORIUM AND A REFERENDUM. FOR PIPER TURNER TO SEE IF ANY OTHER PROPERTIES WOULD BE AFFECTED.**

City Attorney White stated you could not stop access to property. A moratorium until this was discussed was considered unless the issue was forced.

Adjournment

There being no further business, the meeting adjourned at 10:30 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
JULY 21, 2003, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held July 21, 2003 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC

Public Safety Director William Brandt
Director of Public Works Leon Smith
Director of Finance Steve Ramsey
Building Official Anton Perez-Guerra
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

ABSENT:

Mayor Richard A. Brown

Call to Order/Roll Call Vice Mayor Gilbert called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

Building Official BUILDING OFFICIAL POSITION: City Manager Linn introduced new Building Official Anton Perez-Guerra to the Council.

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee had taken a summer recess. He added that one of the members had put a lot of effort in improvements to the Butterfly Garden in Jarboe Park.

CITY MANAGERS PUNCH LIST

Water Impr. UTILITY IMPROVEMENT PROGRAM – WATER PROJECT: The contractor would make the final connection at Penman Road tomorrow night. Once the connection was complete the liquidated damages clock would stop and the contractor would begin work on the punch list items.

Sewer Impr. UTILITY IMPROVEMENT PROGRAM – SEWER PROJECT: The sewer project was moving ahead of schedule. The contractor still had not received the permit from the Florida Department of Transportation to make the connections on Third Street.

Kings Rd. Bridge KINGS ROAD BRIDGE: The Kings Road Bridge was an item further ahead on the agenda under Issue Development for discussion of options and the City Managers recommendation to replace the bridge.

Public Services Facility	<u>NEW PUBLIC SERVICES OPERATION AND MAINTENANCE FACILITY:</u> The Public Services Facility was placed on the agenda under Contracts/Agreements with a recommendation to award the contract to the low bidder.
Hopkins Creek	<u>HOPKINS CREEK OUTFALL PROJECT – DRAINAGE IMPROVEMENT:</u> Hopkins Creek was also on the agenda under Issue Development. Jim Miller, PBS&J would give a report on the feasibility study.
Planning Director	<u>NEW POSITION OF PLANNING DIRECTOR:</u> The position of Planning Director was advertised and many resumes were received. Mr. Linn would review the resumes this week and ask the applicants to fill out an application.

PUBLIC COMMENTS

Lynda Padrta, 1113 First Street, supported the Three Strike Ordinance. She favored the forming of an Economic Development Committee. She also felt there was no justification for the City Manager to receive salary increase because he was on a 90-day contract.

Mary Ann Padrta, 1030 Second Street, supported the Three Strike Ordinance. She was concerned about rental properties not having enough parking for their tenants.

James Sorrell, 464 Seagate Avenue, opposed the Three Strike Ordinance. He felt tenants should be held responsible for their actions. He felt the best way to control noise was to fine the violators.

PROPOSED ORDINANCES

Ord. No. 2003-07	<u>ORDINANCE NO. 2003-07, THREE STRIKES – VICE MAYOR GILBERT:</u> AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(c); ADDING A NEW SECTION 13-5(d) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS; ADDING A NEW SECTION 13-5(e) – NUISANCE; DECLARING VIOLATIONS; PROVIDING ENFORCEMENT AND PROVIDING AN EFFECTIVE DATE.
------------------	---

Vice Mayor Gilbert stated as a condition of passing the Ordinance on first read it had been brought back to a workshop for discussion before the second reading.

Vice Mayor Gilbert stated Florida Statutes already required tenants and other persons on the premises to conduct themselves in a manner that did not unreasonably disturb the tenant's neighbors or constitute a breach of peace. He felt property owners who continued to rent property to unruly tenants and chose not to evict them after complaints should be held responsible.

Councilor Pruette stated the city could not force a landlord to evict tenant. She suggested imposing a progressive fine on the tenants and notifying the landlord that their tenants have received a citation and after the third notice bringing the landlord and the tenant before the Code Enforcement Board.

City Manager Linn stated the effort of the ordinance was to place the responsibility on the property owners to control unsavory noise by their tenants. The current noise ordinance was very technical and was drawn up for commercial areas. He wanted the ordinance to be an aid that would allow police officers to cite persons in residential districts.

Councilor Weldon asked Chief Brandt if a citation could be given under the current noise

ordinance. Chief Brandt responded a \$25.00 citation is issued on the second violation and if there are minors drinking on the premises an arrest is made.

City Attorney White stated if the charge was under a municipal ordinance violation the judge was obligated to look at the local ordinance and the penalties. He advised against the ordinance having a prerequisite for a warning on the first violation. He added the purpose of the Three Strike Ordinance was to hold the landlords responsible. Dealing with the tenants was a separate issue. He suggested that he draft another ordinance dealing with the separate issue of the tenants.

Councilor Weldon wanted to make sure the language "Notice to Appear" and "Documented Police Report" was consistent in the ordinance. Chief Brandt stated a "Notice to Appear" was considered a documented police report.

Councilor Pruette asked to leave in the language that landlords be sent a copy of the documentation. She disagreed with having three separate complaints by three separate persons.

Vice Mayor Gilbert stated the three separate complaints by three separate neighbors was fair.

Councilor Weldon suggested adding the language and/or between three sworn complaints and three documented police reports.

Consensus: **ADD AND/OR BETWEEN THREE SWORN COMPLAINTS AND THREE DOCUMENTED POLICE REPORTS.**

City Attorney White asked if it was a consensus to have both the revised version of the Three Strike Ordinance and the proposed ordinance dealing with the tenant for the August Regular Council meeting. Vice Mayor Gilbert and Councilor Weldon stated the two issues should be handled separately and the Council should deal with the Three Strike Ordinance first.

Councilor Pruette suggested adding the description of "within a reasonable amount of time". Councilor Weldon suggested the "reasonable amount of time" be 30 days.

Consensus: **DESCRIBE REASONABLE AMOUNT OF TIME AS 30 DAYS.**

City Attorney White read the following language in paragraph (d) for confirmation: In the event that there are three or more sworn complaints by three different persons for three separate incidents within six months or three documented police reports of disturbances all pursuant to paragraph (c) above or any combination of the above on the same residential property.

Chief Brandt stated any time the police showed up it was documented. He suggested changing "Documented Police Report" to "Citation". City Attorney White stated he would come back with that language.

Consensus: **FORWARD TO AUGUST REGULAR COUNCIL MEETING.**

Ord. No. 2003-XX

ORDINANCE NO. 2003-XX, PROHIBITED USES, SPONSORS – MAYOR BROWN, VICE MAYOR GILBERT, COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-225(2) AND ADDING SECTION 27-223(3) USES EXPRESSLY PROHIBITED WITHIN ZONING DISTRICTS AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette stated several months ago the request to allow a Sonic Drive-In Restaurant was turned down by the Council. Since that time citizens had commented that they would like to have a Sonic Drive-in. She supported changing the permitted uses to allow drive-in restaurants in the C-3 district.

Councilor Weldon stated the Planning & Development Review Board and the Council previously denied the request to allow the Sonic-Drive-In the C-3 district because it was prohibited by the Code. He felt it did not benefit the city to change the Code for the benefit of one applicant. He added drive-in restaurants were specifically exempted to protect the residential quality of life in Neptune Beach.

Councilor Shealy stated he was on the Planning & Development Review Board when the Sonic Drive-In was originally presented and the Board denied the request. The applicant appealed to the Council and was denied again.

Councilor Pruette felt the Council should be open-minded and look at possible changes to the Code to help the property owners fill the vacancies in the strip malls.

Councilor Gilbert stated the outparcel was pre-existing and the drive-in restaurant would not be in a residential district. He did not think the impact of the drive-in restaurant would be more of a problem than a Tire Kingdom.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING FOR FIRST READ.**

CONTRACTS / AGREEMENTS

Public Services Facility

PUBLIC SERVICES OPERATION & MAINTENANCE FACILITY – RECOMMENDATION TO AWARD: City Manager Linn stated six bids were received for the construction of the new Public Services Facility and were opened June 26th. One of the contractors was disqualified because they did not pre-qualify. Bob Matthews submitted the low bid of \$2,210,000. The bond resolution was for 2,200,000. He recommended awarding the contract to Bob Matthews for 2,210,000 with the provision that the City Manager and architect work with Value Engineering to get the cost down to 2,200,000.

Councilor Pruette suggested eliminating the second gate that was discussed during the meetings with public works, council and the citizens.

Consensus: **FORWARD TO THE AUGUST REGULAR MEETING CONSENT AGENDA.**

Wireless Siting

WIRELESS SITING – CONSULTANT SERVICES – REPORT CITY MANAGER: City Manager Linn stated he received five proposals for the wireless siting consulting services but he was not prepared to give a recommendation. He asked the Council to table the issue.

Consensus: **TABLE THE WIRELESS SITING CONSULTING SERVICES TO THE AUGUST WORKSHOP.**

Recess/Reconvene

Vice Mayor Gilbert called a recess at 8:00 p.m. and reconvened the meeting at 8:15 p.m.

ISSUE DEVELOPMENT

Kings Rd. Bridge

KINGS ROAD BRIDGE – RECOMMENDATION TO REPLACE:

Laurel Jeter, 1715 Indian Woods Drive, suggested the new bridge be raised high enough to allow small boats access to the intracoastal or close the bridge and open and

access through Seagate or open up the cul-de-sac in Jacksonville Beach.

Rudolf Lowey-Ball, 1834 Nightfall Drive, did not agree with raising the bridge to allow boat traffic or opening another access.

City Manager Linn was concerned that replacing the Kings Road bridge would not be a priority for state funding. He recommended moving ahead with the replacement of the bridge using funds from the Better Jacksonville Plan. He added that he would check on the addition cost to raise the bridge.

Councilor Weldon stated the area was a preserve and he was not in favor of raising the bridge to encourage motorized watercraft.

Consensus: **TO MOVE TO THE CONSENT AGENDA FOR REPLACEMENT OF THE KINGS ROAD BRIDGE AND ASK JACKSONVILLE BEACH TO CONTRIBUTE.**

Hopkins Creek

FDOT HOPKINS CREEK PROJECT – REPORT AND DECISION OF PROPOSAL: Jim Miller, PBS&J, stated the FDOT selected the aluminum arch culvert option because it was the least expensive. The study conducted by PBS&J looked at open ditch alternatives of gabion retaining walls or geoweb retaining walls. The disadvantages of retaining walls were the greater cost, liability, engineering cost, operating & maintenance cost, and acquiring an easement for a roadway for maintenance access. Mr. Miller added no matter what the remedy trees would still need to be removed. It was his company's opinion from an engineering standpoint it was not a good deal to accept the proposal.

Councilor Weldon stated he would have to say no to the proposal from FDOT because there was not enough money to protect future liability or maintenance. He suggested the City Manager write a letter to FDOT asking for a more generous proposal. He also asked the City Manager to write a letter asking FDOT to clean up the ditch.

Consensus: **FOR THE CITY MANAGER TO WRITE A LETTER TO FDOT ASKING FOR A MORE GENEROUS PROPOSAL AND ASKING THEM TO CLEAN UP THE DITCH.**

Economic Dev. Committee

ECONOMIC DEVELOPMENT COMMITTEE COMPOSITION AND MISSION: Councilor Gilbert stated he agreed with Mayor Brown's suggestion of city officials and staff meeting with property owners for an update on the vacant commercial properties before forming an Economic Development Committee. City Manager Linn stated city officials and staff could meet with the owners of the establishment to see how the city could aid them in filling the vacant properties.

Councilor Pruette asked the City Manager to write a letter to the property owners asking them to meet with city officials and staff.

Consensus: **FOR THE CITY MANAGER TO WRITE A LETTER TO THE PROPERTY OWNERS AND REPORT BACK ON THEIR RESPONSE AT THE NEXT WORKSHOP MEETING.**

BAHS

REQUEST OF FINANCIAL SUPPORT FROM BEACHES AREA HISTORICAL SOCIETY – MAYOR BROWN: City Manager Linn stated the Beaches Area Historical Society made a presentation to the Council requesting a contribution of \$15,000 per year for five years to build a museum in Jacksonville Beach. The City of Jacksonville Beach made a commitment to contribute \$50,000 a year for five years with the condition that no city money be used before all the money for the project was collected and banked. Atlantic Beach was still considering the request for a contribution of \$25,000 per year for five

years.

Councilor Weldon felt the city was not in a position to commit to \$15,000 per year for five years. He recommended a contribution of \$5,000 per year for five years with the same condition that the money not be used until all the money to complete the project was collected and banked.

Councilor Shealy asked where the \$5,000 per year would come from. City Manager Linn stated the funds could come out of the Better Jacksonville Plan.

Consensus: **TO CONTRIBUTE \$5,000 PER YEAR FOR FIVE WITH THE SAME CONDITIONS AS JACKSONVILLE BEACH.**

Workshop Agenda

WORKSHOP AGENDA – COUNCILOR SHEALY: Councilor Shealy stated in order to be more efficient in the workshop meetings the council needed to determine what issues should go before Council for approval and what issues the City Manager should handle. He suggested having one spokesperson for issues that filled the Council Chambers or lowering speakers time limit to three minutes instead of five. He felt the Council should stay focused on agenda items only and not engage in conversation with the public speakers.

Councilor Pruette stated another way to shorten the meetings was to end the discussion of an issue after fifteen minutes if it was on a regular meeting to be voted on. She disagreed with limited the public speakers to less than five minutes.

Councilor Gilbert stated he liked listening to the public. He suggested each Council Member gather as much information as possible before each meeting.

City Manager Salary

SALARY REVIEW OF CITY MANAGER: City Manager Linn stated one of his contract provisions was an annual salary review. He did not believe it was in the best interest of the city for him to continue on a 90-day contract. He asked Council to consider a longer-term contract along with the salary review. His desire was for a two-year contract but he would consider a one-year contract with an automatic one-year renewal.

Councilor Pruette stated she did not have any information. City Manager Linn stated Director of Finance Steve Ramsey was prepared to give the Council the information. Vice Mayor Gilbert and Councilor Pruette wanted to see the information in writing.

Councilor Weldon stated the Council needed to address the contract issue before reviewing the salary. He asked to place the issue of the contract on the next agenda.

Discussion ensued regarding terms of the City Manager's contract.

Councilor Weldon asked for a copy of the proposed new contract and all previous data related to the City Manager's salary and historical raises. He would like to see a comparison of the City Manager's salary for neighboring cities.

Consensus: **MOVE TO THE NEXT WORKSHOP AGENDA.**

City Hall Security

Councilor Weldon stated he did not have a problem closing and locking the interior doors and the rear entry doors. He was concerned that bulletproof glass at the front counters would create a wall between the city and the public. He asked that the bulletproof glass be considered at Council level prior to being installed. City Manager Linn stated the cost of the bullet proof glass would be over \$10,000 and would need the Council's approval.

Councilor Pruette suggested placing camera's in the lobby of City Hall. She also

questioned the security of the City Yard.

Solantic Sign

Councilor Weldon stated the Solantic sign was approved by Jacksonville Beach inspection code and would remain without any discussion of the intensity or the fact that it should never have been approved. He was unhappy that the sign was now permanent.

Adjournment

There being no further business, the meeting adjourned at 9:28 p.m.

BUDGET WORKSHOP MEETING
JULY 14, 2003, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held July 14, 2003 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet M. Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey
Director of Public Safety William Brandt
Director of Public Services Leon Smith

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

City Manager Linn stated as required by the Code a balanced budget for FY 2004 was being presented to the City Council.

Director of Finance Steve Ramsey explained the presentation would focus on the General Fund and Special Revenue Fund.

Capital Requests

Proposed Capital Requests:

City Managers Office	Computer & Printer	\$2,750
Community Development	Computer & Printer	3,000
City Clerks Office	Miscellaneous	500
Non-Departmental	Building Improvements	3,500
Police Department	Building Improvements	5,000
	Vehicles	83,000
	Radar Units	10,000
	In-Car Videos	13,000
	Total	111,000
Street Department	Computer & Software	4,300
	WHT DF2000 Antifreeze Recycler	2,000

	10 Ton Oil Filter Crusher	1,400
	Total	7,700
Parks Department	Exmark 72" Cut Mower, 27HP Diesel Engine	13,000
	TOTAL GENERAL FUND CAPITAL	\$138,700

Mr. Ramsey stated the Police Department would need an additional Capital Request of \$25,000 for the purchase of a Smart Trailer.

Chief Brandt explained a smart trailer was a device that could be placed on different streets throughout the city to record the speed of vehicles. This would make drivers aware of the speed limit and the speed they were traveling. The smart trailer would be used to help slow down the traffic in areas where there were speeding complaints.

General Fund

City Manager Linn stated the major portion of the budget was for personnel. He added there was a reduction of a \$50,000, high level position when Leon Smith took over the position of Public Works Director his old position was eliminated.

Councilor Weldon questioned how the 2003 deficit of \$250,000 would be funded. Mr. Ramsey responded the funding would come from reserves. The projected final deficit would be \$250,000 or less, which was less than the original budgeted amount.

Councilor Weldon questioned how reserve funds accumulated in the General Fund. Mr. Ramsey replied over the past ten years the roll back provided little income in reserves. City Manager Linn stated the reserves hit a peak in 1998 and 1999. Reserves were used to balance the budget for fiscal year 2000 and 2001 but were not spent because revenues were either higher or expenses lower than anticipated. Reserves were not used until 2002. Currently there were 1.7 million in reserves. Mr. Ramsey explained reserves were in place to provide city operation for three to six months in the event of a natural disaster.

Councilor Weldon asked if the 1.7 million in reserves would be adequate for a six-month emergency period. Mr. Ramsey replied "yes" it would.

Mr. Ramsey stated the practice of rolling back the milage rate did not affect the city until two years ago because revenues were higher. He added since 9/11 state tourism had dropped decreasing sales tax revenue. He predicted a 9% increase in sales tax this year, which was less than prior years. Last year the city received \$640,000 in state sales tax. This year he projected \$680,000.

Councilor Weldon asked if all the improvements in the city were being paid from the Water & Sewer Fund. Mr. Ramsey replied "yes".

Mayor Brown asked what the increase in revenue from the tax base would be this year. Mr. Ramsey stated he had not calculated the difference between last year's taxes and this year. He added the budget was figured on last year's not exceed milage rate of 3.5.

Councilor Weldon asked Mr. Ramsey to compare the General Fund Reserves to those of Jacksonville Beach and Atlantic Beach. Mr. Ramsey stated he would do a comparison and see if the Florida League of Cities could provide information on the amount of reserves in similar cities.

City Manager Linn stated Mr. Ramsey compared the total milage rate between Duval County, Jacksonville Beach, Atlantic Beach, and Neptune Beach. The comparison showed the combined milage rate for Atlantic Beach was 19.48, Jacksonville Beach 21.0, Duval County was 19.60, and Neptune Beach had the lowest milage rate of 19.21.

Councilor Weldon asked Mr. Ramsey to describe the sources of revenues in the General Fund.

Mr. Ramsey highlighted the following major revenues in the General Fund:

Property Taxes	\$1,587,120
Jacksonville Beach Electric Franchise	276,000
Telecommunications Tax	284,000
Occupational License	52,000
Cigarette Tax	99,000
Half Cent Sales Tax	670,000
911 User Fees	81,000
Florida Boulevard Maintenance	24,000
Lifeguard / Beach Clean Up	155,000
Court Fines	80,000
Cell Tower Rent	28,000
Transfer from Sanitation Reserves	120,000

Councilor Weldon stated there was \$400,000 in Sanitation Reserves. He questioned what the other \$280,000 would be used for. Mr. Ramsey replied the \$280,000 would be used on an as needed basis with Council approval.

City Manager Linn explained the Sanitation Reserves was originated to replace garbage trucks and equipment needed by the Sanitation Department. The reserves were no longer needed because trash services were contracted with BFI. Councilor Weldon suggested placing the entire \$400,000 from Sanitation Reserves in the General Fund and use it to defray tax increases. Mr. Ramsey replied it was up to the Council to make the transfer. Councilor Shealy asked if there were any other similar reserve funds.

Councilor Pruette suggested raising the fines on parking tickets and animal control citations to increase revenue. Mr. Ramsey stated parking tickets and animal control citations were already significantly higher than other cities.

Special Revenue Fund Mr. Ramsey explained Special Revenue Funds were special funds from the state allocated for specific purposes.

Proposed Capital Requests from the Special Revenue Fund:

Better Jax ½ Cent Tax	Improvements	\$428,838
Street Improvement Fund	2004 Ford 250SD Truck	23,000
	All Terrain Forklift	25,000
	Total	\$48,000

Councilor Weldon stated he was still trying to get a sense of how much money the city had in reserves.

Mr. Ramsey responded there was also \$596,350 in reserves in the Street Improvement Fund that was restricted for street improvements. Discussion ensued over the use of this money to repave streets after the water and sewer project were complete. Public Services Director Smith stated he would give a list to council as to which streets were set for repaving.

Councilor Weldon asked Mr. Ramsey to describe the sources of Special Revenue Funds:

Special Revenue Funds:

Police Education Fund	\$11,411
Jarboe Park Grant	No Activity
Community Development Block Grant	102,503
Conventional Development Tax Fund	50,856
Fines & Forfeitures	20,200
Local Option Gas Tax Fund	625,006
Radio Communications Trust Fund	37,000
Better Jax ½ Cent Tax	678,838
Christmas Decorations	10,136
Revenue Bond Sinking Fund	111,669
Street Improvement Fund	574,051
King Neptune Trust Fund	12,725
Cable TV Trust Fund	7,050

Mr. Ramsey explained the following Special Revenue Funds:

The Local Option Gas Tax Fund was restricted for street maintenance.

The Radio Communications Trust Fund was a percentage of the traffic citations and was restricted for police radio equipment.

The Better Jax ½ Cent Tax would be used to replace the Kings Road Bridge and for the construction of the new public works facility.

The Christmas Decoration Fund was a new fund. After discussion, this fund was to be renamed Holiday Decoration.

The Revenue Bond Sinking Fund was transferred from the General Fund to make principal and interest payments.

The Street Improvement Fund was restricted for street improvements and maintenance.

The King Neptune Fund was used for the annual festival. Councilor Weldon asked if this fund was still needed. Mr. Ramsey replied the fund was also used for contributions to the community.

The Cable TV Trust Fund was also used for contributions. Vice Mayor Gilbert asked if the King Neptune Fund and the Cable TV Trust Fund could be combined. Mr. Ramsey stated they would have to wait until the next budget year to combine the funds.

General Fund

Mr. Ramsey asked if there were any questions regarding the General Fund or Capital requests.

Mayor Brown asked if there were any major expenditures.

Mr. Ramsey responded the largest increase in expenditures was the salary of \$50,000 for the added position of Community Development Director in the Building Department.

Councilor Shealy stated there was a large increase in salaries in the Police Department. Mr. Ramsey explained police officers salaries were difficult to estimate due to the Career Track. The Career Track allowed officers to be promoted once they achieved a certain education level. It was difficult to determine what levels would be achieved.

Councilor Weldon questioned the \$205,000 increase in police officers retirement contributions. Mr. Ramsey explained the city was required by state law to make up the deficit in the retirement fund when market goes down.

Councilor Gilbert suggested it would be simpler for employees to use comp time in lieu of being paid overtime.

Councilor Shealy asked if every police officer had a police car. Chief Brandt stated each police officer was assigned their own vehicle and they were personally responsible for the care and maintenance. It was in the best interest of the city for the vehicles to be properly maintained.

Mr. Ramsey pointed out the 494% increase in Rentals & Leases under Non-Departmental and explained it was for leasing a new copy machine.

Councilor Pruette questioned the 270% increase in Repair & Maintenance under Animal Control. Mr. Ramsey stated that might be a typographical error. Chief Brandt asked Mr. Ramsey to reduce the line item to \$500.

Councilor Weldon stated that most departments' budgets increased 10% and asked if that was consistent with previous years. Mr. Ramsey stated the largest increase involving all departments was 25% for health insurance. Three companies were providing estimates and he would have the exact figures in August.

Mr. Ramsey added the budget for the City Clerk's Office included an update to the code book. City Clerk Volpe explained the supplement to update the code would cost \$5,900 or the entire code including the Land Development Regulations could be republished for a cost of \$7,500.

In summary there was a 9.1% increase in the overall city budget.

Vice Mayor Gilbert asked what milage rate would balance the proposed budget. Mr. Ramsey replied a milage rate of 3.5 would balance the budget without the use of reserves. Using last years rate of 2.9 and transferring \$386,000 out of the sanitation fund would also balance the proposed budget.

Adjournment

There being no further business, the meeting adjourned at 8:00 p.m.

Absent:	1 – Weldon

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette stated she received an anonymous letter from a citizen. She asked that citizen, if they were in the audience, to see the City Manager after the meeting for assistance.

Councilor Pruette asked City Manager Linn to write a letter to the Florida Department of Transportation requesting that they clean up the area of the Hopkins Creek Ditch which is surrounded by a fence by the high school.

Councilor Shealy stated he received the same anonymous letter from a citizen. He added he could not respond to a letter that was not signed.

CITY MANAGER REPORTS

Building Official /
Community Dev. Dir.

STATUS REPORT – POSITIONS OF BUILDING OFFICIAL AND COMMUNITY DEVELOPMENT DIRECTOR: City Manager Linn stated he had developed job descriptions for both a Building Official and a Community Development Director. Several applications were received for the position of Building Official and he would be making a selection this week. The position of Community Development Director was posted on the internet and applications for that position would soon be received.

Councilor Pruette questioned why the salary range of \$45,000 to \$55,000 for a Building Official required only a high school diploma while the lower salary range of \$35,000 to \$45,000 for a Development Director required a bachelor's degree. City Manager Linn replied the salary ranges were average for the area. The building official position also required state certification and training.

Councilor Pruette stated it was the City Manager's job to fill the positions. She did not want any building department services subcontracted. She felt like the salaries for those positions could be made up as other positions became vacant.

Utility Impr. Projects

UTILITY IMPROVEMENT PROJECT – SEWER: The sewer project was ahead of schedule with 225 days until expected completion. The contractor still had not received the permit from the Florida Department of Transportation to make the connections on Third Street. The new lift station at the corner of Orange Street and First Street would be installed sometime this week.

UTILITY IMPROVEMENT PROJECT – WATER: The bonding company was put on notice that the contractor was now 83 days into liquidated damages at \$1,000 per day including a penalties of \$500 if a utility was hit plus the cost of repairs. The contractor would be making connections Monday and Tuesday of next week. Public Works would be installing relief valves on the system to keep it in operation while connections were being made. The tie ends on Florida Boulevard were complete, they were finishing the surface restorations east of Third Street, and punch list items would follow.

Kings Rd. Bridge

KINGS ROAD BRIDGE: The Florida Department of Transportation was pleased with the results of the recent repairs of the Kings Road bridge and placed it on a six-month inspection schedule. The FDOT also placed the bridge on a five-year capital project replacement schedule that would use federal funds to replace the bridge. The Council now had the option of waiting five years to replace the bridge or to continue with the replacements plan currently in progress.

Consensus: **FORWARD REPLACEMENT OF THE KINGS ROAD BRIDGE TO THE JULY WORKSHOP MEETING.**

Economic Dev.
Committee

COMMUNITY ECONOMIC DEVELOPMENT COMMITTEE: City Manager Linn stated he received several memos from council members recommending persons to serve on the committee. The Council would need to decide if the committee would be a stand-alone committee making recommendations to Council or if Council would be directly involved with the committee.

Mayor Brown stated his idea was for the committee to meet and brainstorm and Council to then join the committee for round table discussions.

Councilor Pruette suggested placing the issue on the July workshop agenda for further discussion.

Consensus: **FORWARD ECONOMIC DEVELOPMENT COMMITTEE TO THE JULY WORKSHOP MEETING.**

Hopkins Creek

HOPKINS CREEK FDOT PROJECT: City Manager Linn stated he signed an agreement with PBS&J for the amount of \$3,500 for a study that included a review of the Florida Department of Transportation's plans for the Hopkins Creek ditch along with the cost of alternatives for repairs. Jim Miller, PBS&J stated he would have the study completed before the July workshop meeting.

City Manager Linn added he received a telephone call from FDOT's District Secretary encouraging the Council to speed up the process of the decision whether or not to accept the offer of transferring ownership of the ditch to the city along with the \$3,500,000 allocation for the project. The District Secretary also informed Mr. Linn that FDOT was not willing to transfer the 1,000 feet portion of the ditch.

PUBLIC COMMENTS

Public Comments

Jill Bonner, 203 Hopkins Street, stated she would prefer permanent speed bumps on Hopkins Street in lieu of the temporary speed bumps that she stated had been in place for ten years. She also voiced concern regarding handicap parking space at the beach access on Hopkins Street with no handicap access onto the beach.

James Sorrell, 464 Seagate Avenue, opposed the Three Strike Ordinance and encouraged enforcement of the current noise ordinances.

Hank Baltar, 2029 Sandpiper Point, opposed the Three Strike Ordinance. He felt tenants should be responsible for their own actions. He suggested rewriting the noise ordinance to empower the police department to cite violators. He added it was very expensive for a landlord to evict a tenant.

Lynda Padrta, 1113 First Street, supported the Three Strike Ordinance. She added she would like to know who was being appointed to the serve on the Boards. She did not understand why the salary review for the City Manager was on the agenda when his contract was on 90-day extensions.

Jan Murdza, 601 Valley Forge Road North, stated he leased his house to five students and did not understand how he could be held responsible for their actions. The lease was signed six months ago and he did not know how he could evict them. He felt people should be held responsible for their own actions.

Beth Schultz, 608 Valley Forge Road North, felt tenants should be responsible for their own actions.

Rhonda Farris, 1100 Seagate Avenue, favored the Three Strike Ordinance. She stated

she had complained multiple times to the apartment property manager about disturbances and they did not respond. She relied on the police response.

CONSENT AGENDA / NONE

VARIANCES / NONE

ORDINANCES

Ord. No. 2003-07

ORDINANCE NO. 2003-07 – THREE STRIKES – FIRST READ – SPONSOR VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(c); ADDING A NEW SECTION 13-5(d) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS; ADDING A NEW SECTION 13-5(e) – NUISANCE; DECLARING VIOLATIONS; PROVIDING AN EFFECTIVE DATE.

Vice Mayor Gilbert explained the ordinance originated due to the many complaints from residents regarding tenants having all night parties creating noise and parking problems. The ordinance would hold tenants responsible for their actions by being issued a citation or getting arrested. The purpose of the ordinance was to create an environment where someone would be held responsible. The landlord would be notified after each violation and be brought before the Code Enforcement Board after the third offense allowing ample time to warn the tenants of eviction. The landlord could add this provision in the lease making it legal to evict tenants under those circumstances.

Mayor Brown stated the ordinance would not impact many property owners. Currently only two or three residents would be impacted. The owner would be notified of each violation and could take action by warning tenants and making it part of the lease agreement.

Councilor Pruette felt the three complaints should not have to be by three different persons. She stated she would support the ordinance on first reading with the understanding that it would be forwarded to the July workshop agenda for further discussion before second read.

Councilor Shealy felt tenants should be held responsible for their behavior. He also favored forwarding the ordinance to the July workshop meeting.

Moved by Gilbert, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2003-07 ON FIRST READ WITH THE UNDERSTANDING THAT IT WOULD BE FORWARDED FOR DISCUSSION AT THE JULY WORKSHOP MEETING.**

Voting Delegate
FLC

DESIGNATION OF VOTING DELEGATE TO THE FLORIDA LEAGUE OF CITIES:
Councilor Gilbert nominated Mayor Brown to serve as the voting delegate at the Florida League of Cities Conference. Councilor Pruette seconded the nomination.

Consensus: **TO HAVE MAYOR BROWN SERVE AS VOTING DELEGATE AT THE FLORIDA LEAGUE OF CITIES CONFERENCE.**

Resolution No.
2003-08

RESOLUTION NO. 2003-08, APPOINTING BOARD MEMBERS: RESOLUTION APPOINTING BOARD MEMBERS TO THE PLANNING AND DEVELOPMENT REVIEW BOARD AND THE BOARD OF APPEALS.

Councilor Shealy questioned why the Council was not introduced to board applicants before they were appointed. City Clerk Volpe stated the applications were sent out to Council Members prior to being placed on the agenda. The applicant's qualifications and telephone numbers were on the application and council was welcome to phone them at anytime.

Mayor Brown stated meeting the applicants could be discussed at a future workshop meeting to be made part of the appointing process.

Moved by Gilbert, seconded by Pruette.

Motion: **TO APPROVE RESOLUTION NO. 2003-08, APPOINTING BOARD MEMBERS.**

Resolution No.
2003-09

RESOLUTION NO. 2003-09 – BOND RESOLUTION – PUBLIC WORKS FACILITY (CITY YARD): A RESOLUTION OF THE CITY OF NEPTUNE BEACH, FLORIDA; PROVIDING FOR THE ACQUISITION, CONSTRUCTION AND EQUIPPING OF AN OPERATIONS AND MAINTENANCE FACILITY; AUTHORIZING THE ISSUANCE OF \$2,200,000 CAPITAL IMPROVEMENT REVENUE BONDS, SERIES 2003 TO PROVIDE FUNDS FOR SUCH PROJECT; AUTHORIZING AWARD OF THE BONDS TO THE SUCCESSFUL BIDDER FOLLOWING SOLICITATION OF COMPETITIVE PROPOSALS; AUTHORIZING PAYMENT OF THE BONDS FROM THE CITY'S NON-AD VALOREM REVENUES; PROVIDING FOR THE RIGHTS OF THE HOLDERS OF THE BONDS; PROVIDING AN EFFECTIVE DATE.

City Manager Linn stated bids for construction of the new Public Services Facility were

opened on June 28, 2003. The architect estimated the cost of construction would be \$2,200,000. The lowest bid was for \$2,210,000. The second lowest bid was \$2,218,000. The architect was asked to meet with the low bidder to determine ways to lower the bid to meet the estimated \$2,200,000 figure.

Director of Finance Steve Ramsey explained the bonds had to be in place before the bid could be awarded. He added once the resolution was approved requests for proposals on rates would be sent to a number of banking facilities.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE RESOLUTION 2003-09 – BOND RESOLUTION.**

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown stated the City of Jacksonville approved \$250,000 for each beach city to be used for beautification of the Third Street/A1A medians. The Jacksonville City Council amended the approval to have the landscaping plans for each project submitted to them for approval. It was also suggested that the money be distributed

according to the miles of A1A within each city.

Councilor Pruette asked if the \$250,000 included correcting the drainage problem at the end of Atlantic Boulevard. City Manager Linn responded the City of Jacksonville's Public Works Department was taking the drainage problem on as a separate project.

Councilor Pruette stated residents wanted additional palm trees placed on First Street along with the replacement of the palm trees that were removed by the sewer contractor.

Councilor Shealy was concerned about a possible reduction in the lifeguard budget. City Manager Linn replied lifeguards were paid time and a half for overtime in the past. Deputy Finance Director Manny Rolland advised that according to the Fair Standard Labor Act temporary recreational employees were not entitled to overtime pay and would no longer receive overtime pay. This reduced the city's portion of the cost over and above the City of Jacksonville's contribution through the interlocal agreement. The lifeguard duty hours on the beach would not be decreased.

Councilor Gilbert asked to place the possibility of forming an Economic Development Committee on the June workshop agenda.

City Clerk Volpe reminded Council there was a meeting on Land Development scheduled for Monday, June 9, 2003.

Councilor Gilbert felt it would be beneficial for the Chairman of each Board to attend the upcoming Florida League of Cities Annual Conference. City Manager Linn replied he would investigate the cost to the city for them to attend.

CITY MANAGER REPORTS

Water Project

WATER UTILITY PROJECT: The lines were in the process of being tested and disinfected. The final connection would be made when the bacteriological clearances were received. Following the final connections the paving and finishing would be completed. The 12" main on Florida Boulevard was complete and the liquidated damages on the main contract had ceased.

Councilor Pruette asked if she could see the punch list for paving and replacing sod before the contractor was finished. City Manager Linn stated he was keeping a log of complaints and each one would be inspected. Jim Miller, PBS&J, stated some of the complaints were with the sewer contractor and those complaints would not be fixed until the sewer project was completed.

Sewer Project

SEWER UTILITY PROJECT: The project was ahead of schedule and the contractor projected an August 1, 2003 completion date. The replacement of the lift station would begin the week of June 1, 2003.

PUBLIC COMMENTS

Public Comments

Lynda Padrta, 1113 First Street, stated she was glad the City of Jacksonville would be correcting the drainage problem at the end of Atlantic Boulevard. She was concerned about the stormwater system being cleaned out. She added parking laws on First Street were not being enforced.

MOTION CARRIED

OLD BUSINESS

Hopkins Creek

HOPKINS CREEK OUTFALL PROJECT: City Manager Linn stated a letter was received from Aage Schroeder, District Secretary for the Florida Department of Transportation. The letter stated FDOT would like to proceed with the culvert project. FDOT offered to transfer ownership of the ditch and the 3.5 million allocation for the project to Neptune Beach. Mr. Linn recommended drafting a letter to the FDOT requesting 90 days in order to consider the option, maintenance and costs.

City Attorney White stated the FDOT was asked at the previous meeting if they had a set date to begin the project and they answered “no”. The reason the issue was on the agenda was not the letter from FDOT but to ask Council to decide if they wanted to file an injunctive relief action. He informed, municipalities were exempt from posting bond but advised posting a reasonable bond would limit extensive damages in the event the injunction was not successful. He further advised not to file the injunction if the court set the bond too high.

Councilor Weldon proposed writing a letter to FDOT requesting the 90-day consideration period and authorize the City Attorney to file injunctive relief action at the first sign of hesitancy to provide those 90 days.

Mayor Brown stated FDOT informed him they would be able to work on the project without disrupting Penman Road. There was longer the urgency to start now that school was out of session.

Councilor Pruette stated she had heard that the FDOT was paying the City of Atlantic Beach to maintain their ditches. She asked City Manager Linn to check into it.

Councilor Gilbert suggested waiting for FDOT to respond to the 90-day period before filing legal action.

Consensus: **HAVE THE CITY MANAGER WRITE A LETTER TO FDOT REQUESTING A 90-DAY INVESTIGATION PERIOD.**

NEW BUSINESS

Surplus Vehicles

SURPLUS CITY OWNED VEHICLES: City Manager Linn stated 7 vehicles used by the Public Services Department had been replaced. He asked the Council to declare them surplus and authorize the sale of the vehicles over the internet to the highest bidder.

Moved by Gilbert, seconded by Pruette.

Motion: **TO DECLARE THE VEHICLES SURPLUS AND AUTHORIZE THE CITY MANAGER TO SELL TO THE HIGHEST BIDDER.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Resolution 2003-05

RESOLUTION 2003-05 SET DATE FOR PUBLIC HEARING AND ADOPTION OF INTERLOCAL AGREEMENT BETWEEN DUVAL COUNTY SCHOOL BOARD, CITY OF JACKSONVILLE, BEACHES CITIES, AND THE TOWN OF BALDWIN. RECOMMEND A SPECIAL MEETING AT 6:30 P.M. A RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE AN INTERLOCAL AGREEMENT BETWEEN THE CITY OF JACKSONVILLE BEACH, THE CITY OF ATLANTIC BEACH, THE TOWN OF BALDWIN, THE CONSOLIDATED CITY OF JACKSONVILLE, THE CITY NEPTUNE BEACH (THE "CITIES") AND THE DUVAL COUNTY SCHOOL BOARD (THE "SCHOOL BOARD") TO COORDINATE THE LOCATION AND DEVELOPMENT OF PUBLIC SCHOOL FACILITIES THROUGHOUT DUVAL COUNTY; PROVIDING AN EFFECTIVE DATE.

City Manager Linn explained the state passed a law to allow school boards to be represented on the local planning commissions. To be in compliance with the state the resolution would need to be enacted by July 1, 2003. Mr. Linn recommended a Special Meeting on June 16, 2003 at 6:30 p.m. to vote on the resolution and hold a public hearing.

Consensus: **TO SCHEDULE A SPECIAL MEETING ON JUNE 16, 2003, AT 6:30 P.M. BEFORE THE WORKSHOP MEETING.**

Resolution 2003-06

RESOLUTION 2003-06. BOARD APPOINTMENTS: RESOLUTION APPOINTING BOARD MEMBERS TO THE CODE ENFORCEMENT BOARD, THE PLANNING AND DEVELOPMENT REVIEW BOARD AND THE BOARD OF APPEALS.

Moved by Gilbert, seconded by Weldon.

Motion: **TO APPROVE RESOLUTION 2003-06.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MINUTES
SPECIAL WORKSHOP CITY COUNCIL MEETING
JUNE 2, 2003, AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Workshop Meeting of the City Council of the City of Neptune Beach was held June 2, 2003, at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Richard Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Deputy Director of Finance Manuel Roland
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

Order call

Mayor Brown called the special workshop meeting to order at 6:00 p.m. and announced the purpose of the meeting was the presentation of the Water & Sewer Revenue Update.

City Manager Linn explained the original Water & Sewer Rate Study was completed by Burton & Associates in 1998 when the capital project was started. The Water & Sewer Rate Study Update was required to insure funds would be available in the future to cover the State Revolving Fund Loan debt.

Mike Burton, Burton & Associates, presented the updated Water & Sewer Rate Study to the Council. He explained three scenarios were developed for consideration to meet the minimum financial requirements for the State Revolving Fund Loan for the three-year projection period.

Scenario # 1 would increase the rates 4.66% in 2004, 3.04% in 2005, and 3.88% in 2006.

Scenario # 2 would increase the rates 5.00% in 2004, 4.00% in 2005, and 4.00% in 2006.

Scenario # 3 would increase the rates 5.00% in 2004, 5.00% in 2005, and 5.00% in 2006.

City Manager Linn stated a 30-day notice, on the bill itself, was required to all customers prior to consideration of the rate increase. He asked Council to choose a scenario and move the Ordinance to the following Regular Meeting Agenda for first reading.

Councilor Weldon proposed moving forward with Scenario # 1 having Burton & Associates conduct a separate study based on water conservation.

Consensus: **TO MOVE FORWARD WITH SCENARIO # 1 – HAVING BURTON & ASSOCIATES CONDUCT A STUDY ON WATER CONSERVATION WITH AN INCLINING BLOCK RATE.**

Mike Burton stated he would conduct the water conservation study and what the consequences would be based on the option of including the commercial class or excluding the commercial class

WORKSHOP CITY COUNCIL MEETING
LAND DEVELOPMENT REGULATIONS
JUNE 9, 2003 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Workshop Meeting of the City Council of the City of Neptune Beach was held June 9, 2003, at 7:05 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Assistant to the Building Official Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 7:05 p.m.

City Manager Linn asked the council if there was any objection to having the budget meetings on June 23rd and July 14th at 6 p.m. He reminded the council that the following Monday's meeting started at 6:30 p.m. to have time for a public hearing for the school board regulations interlocal agreement.

**Land Development
Group I
Articles I, II, & III**

LAND DEVELOPMENT REGULATIONS REVIEW – GROUP 1, ARTICLES I, II, & III:
City Manager Linn stated Gary Dickens of Ivy, Harris & Walls, was present to begin the review. Mayor Brown asked if there were any points to clear up on Group I before beginning Group II.

Councilor Weldon stated at the last LDR meeting, he had submitted a list of goals and objectives for Groups I section and wanted to know if they were going to be placed in Group I even though they were already in the Comprehensive Plan. He suggested that the boards did not look at the Comp plan therefore putting them in the LDR would serve as a reminder to the boards.

Gary Dickens stated he had read the Comprehensive Plan and tried to condense it in the LDR but could not condense it into two or three points. He did not know if the council wanted to repeat the purpose in different sections of the LDR. He wanted to avoid potential internal inconsistencies.

Councilor Weldon stated he did not want to be repetitive but wanted a clear specific statement of the city's goals. Mr. Dickens asked if he wished to place it by the Planning and Development Review Board section or in the land use section.

There was a lengthy discussion as to what and where the goals should be placed. It was discussed that goals would be thought about as the LDR was discussed and would be brought back up later.

Gary Dickens stated he needed to work on the conflict between the Board of Appeals and the Planning and Development Review Board.

Councilor Pruette mentioned that at the May 28, 2002 meeting density was discussed and the consensus was to leave density the same.

Councilor Weldon pointed out the following mistakes in the group I update:

SECTION 27-82 PROCEDURE FOR APPLYING FOR AND ISSUING DEVELOPMENT ORDERS.

(h): review of final development plans and issuance of a final development order. The Planning and Development Review Board shall conduct a public hearing on the final development plan to determine whether the plan satisfies the requirements of this code. based on the determination from evaluating the above factors, The Planning and Development Review Board shall either: (1) issue a final development order complying with section 27-87 of this code with or without conditions; or (2) refuse to issue a final development order if it is not possible for the proposed development, even with reasonable modifications, to meet the requirements of this code.

The paragraph should state Council not Planning and Development Review Board.

SECTION 27-84 PRELIMINARY PLAN REQUIREMENTS.

- (a) the Concept preliminary plan shall show the following existing conditions, in the form of a current (dated within 30 days of plan submittal) certified, signed and sealed survey:
- (b) the concept preliminary plan shall show the following development and design element:

Consensus: **TO ADD IN SECTION 27-84 (a) AND (b) DEVELOPMENT AFTER PRELIMINARY.**

SECTION 27-84 (b) has a numbering miscount.

Councilor Pruette stated that on SECTION 27-78 there was a consensus on October 8, 2001 meeting to add the ability to get an extension for six months.

Gary Dickens began discussing Group II. Article IV.

Article IV, Land Use

SECTION 27-215. PURPOSE AND INTENT: The section was discussed earlier.

SECTION 27-216. DEFINITIONS: All definitions had been moved and would be discussed at a later meeting.

SECTION 27-218 AMENDMENTS TO ZONING MAP:

- (c) the city manager or designee shall update the zoning map as soon as possible after the amendments to district boundaries or rezonings are adopted by the city council and shall indicate on the map the date of revision.

Councilor Pruette asked to put a definite time for this section.

Consensus: **TO LEAVE SECTION 27-218 AS STATED WITH NO CHANGES.**

SECTION 27-222. PUPOSE AND INTENT ZONING DISTRICTS:.

The City of Neptune Beach has developed over the years as a city with unique character and environment. Since a primary goal of the city is to retain this environment as much as possible, this zoning ordinance article must impose certain extraordinary restrictions on the use of land within the corporate limits of Neptune Beach to ensure that future development is in keeping with the existing development.

Consensus: **TO STRIKE THE WORD EXTRAORDINARY FROM THIS SECTION.**

City Manager Linn questioned whether the area east of Third Street, which is considered R-4 zoning, should be given an overlay district due to its unique characteristics with non conforming lots.

Gary Dickens stated this had been discussed at the last LDR review. It was suggested that since east of Third Street was the largest section of R4, it would be more practical to rezone the other sections of town zoned R4 such as Summer Sands and leave East of Third Street as R4. Mr. Dickens stated that if there were too many variances being applied for then the code should be changed to better fit the community.

Council discussed the small lots in this area and how to allow people their right to build a duplex. Mr. Dickens suggesting waiting to see if the problems would clear up with the rewrite before setting up an overlay district. Discussion ensued over making an overlay district.

Consensus: **TO LEAVE EAST OF THIRD STREET AS R4 AND TO MOVE TO REZONE SUMMER SANDS AS R5 AND TO REZONE THE OTHER PIECE OF R4 ON FLORIDA BLVD.**

Councilor Weldon recognized former Building Official Dan Arlington. Mayor Brown recognized developer Steve Jarrett. Both were in the audience.

Mr. Dickens stated that Section 27-222 was another area that stated goals of the city.

Consensus: **TO ADD "RESIDENTIAL" CHARACTER TO SECTION 27-222.1.a.**

Mr. Dickens brought attention to Section 27-222.4, which discussed the density of each zoning district. Councilor Pruette stated that at the May 28, 2002 meeting the council had consensus to leave density as it was.

The Council had a lengthy discussion over what the density should be. Whether it should be consistent with what is now east of Third Street. City Manager Linn pointed out there is a problem with how many square feet is needed to build a duplex.

Consensus: **TO LEAVE THE DENSITY AT 5, 10 AND 17.**

Assistant Building Official Piper Turner stated that if density is left at the stated amounts then it would not be possible to have a duplex on a 6000 square foot lot. Discussion ensued over what size lot a duplex could be built on. Dan Arlington stated 6000 square foot should work since there is a mixture of single family homes. Vice Mayor Gilbert questioned whether a person with a 48 by 100 foot lot would be able to build a duplex.

Mayor Brown welcomed Jacksonville Councilman-elect Art Graham.

Recess/Reconvene

The meeting recessed at 8:35 p.m. and reconvened at 8:45 p.m.

Gary Dickens moved on to Section 27-226. The Council discussed Table 226-1. Councilor Pruette stated that a constituent asked to include café bar in the chart. It was decided that this issue could be discussed with the definitions. Dan Arlington pointed out that Outdoor Dining had already been added but was not reflected in this edition.

Vice Mayor Gilbert asked for an explanation of Section 27-226.e of PUD's (Planned Unit Development). Gary Dickens stated it was an attempt to do appropriate planning on a macro scale. The philosophy is to let the PUD go as it was and then it will have to go through its own degree of scrutiny because of its nature of being a PUD. There is not a large chance that Neptune Beach will have a PUD since you need three acres of land. After a lengthy discussion as to whether or not to make it more difficult to have a PUD, no changes were made.

Assistant to the Building Official Piper Turner stated the 30 person minimum of persons served at one time in Section 27-227.b.4.b. was not equal to the 150 limit in the Alcoholic Beverages Section 4-4.d of the Code.

Consensus: **TO HAVE SECTION 27-227 b.4.b PARALLEL STATE REQUIREMENTS.**

There was some discussion over whether you could build a church within 1000 feet of adult entertainment. Gary Dickens explained that you can build a church but you cannot build an adult entertainment within 1000 feet of a church.

Section 27-228 USES PERMITTED BY SPECIAL EXCEPTION

Consensus: **TO CHANGE PLANNING AND DEVELOPMENT REVIEW BOARD TO CITY COUNCIL.**

Gary Dickens moved on to Table 27-229-1 Lot Requirements. Vice Mayor Gilbert stated his concern was that if a person had a 50 lot in a zone that allowed duplex would he be able to build a duplex. Discussion ensued over whether a duplex could be built on a 6000 square foot lot or if 8712 was needed or if a 50 foot wide lot was needed. The council discussed property rights for homeowners and lot owners.

Consensus: **TO ALLOW DUPLEXES IN THE R4 DISTRICT WITH A MINIMUM LOT SIZE OF 8712 SQUARE FEET.**

Consensus: **TO END THE REVIEW AND RETURN ON JUNE 23, 2003 AT 7:00 P.M.**

Adjournment

There being no further business, the meeting adjourned at 9:50 p.m.

Richard A. Brown, Mayor

MINUTES
WORKSHOP CITY COUNCIL MEETING
JUNE 16, 2003, AT 6:35 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held June 16, 2003 at 6:35 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon

Public Safety Director William Brandt
Supervisor of Waste Water Mark Greenwood
Director of Finance Steve Ramsey
Assistant to the City Manager Terry Klein

City Manager Richard A. Linn
Deputy City Clerk Karla Strait, CMC

ABSENT:
City Clerk Lisa Volpe, CMC

Call to Order/Roll Call

Mayor Brown called the meeting to order at 6:35 p.m.

PRESENTATIONS

Cell Towers

PRESENTATION BY GANNETT FLEMING CONCERNING SITING OF CELL TOWERS AND ANTENNAS – FREDRIC L. PERKLE: Fredric Perkle of Gannett Fleming, Inc. Engineers and Planners, gave a presentation in reference to providing the city with consulting services for the negotiation, installation, & leasing of cell towers and antennas at no charge to the city. He asked Council to have the City Attorney review the agreement and ordinance for their services.

Councilor Weldon stated he would like to interview other consulting companies before making a decision. City Manager Linn felt the service would be beneficial to the city. He stated he would contact the Florida League of Cities for their expertise and guidance.

Consensus: **FORWARD TO A FUTURE WORKSHOP MEETING.**

Agenda Amendment

City Manager Linn asked Mayor Brown to amend the agenda to add the issue of street/block parties under issue development.

Consensus: **AMEND THE AGENDA TO ADD STREET/BLOCK PARTIES UNDER ISSUE DEVELOPMENT.**

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: The committee was active and had a wedding planned for the butterfly garden. The funding for the Florida Boulevard culvert

was not available from the state and the committee was seeking other sources.

CITY MANAGERS PUNCH LIST

Utility Impr.

UTILITY IMPROVEMENT PROGRAM – WATER PROJECT: The water line from the crossing at Penman Road to the water tank failed the pressure test. It was retested and passed. The contractor was waiting for clearance from the Department of Transportation before the connections could be made. The contractor was well over the completion date and liquidated damages would be negotiated.

UTILITY IMPROVEMENT PROGRAM – SEWER PROJECT: The sewer project was ahead of schedule. The contractor was waiting on the permit from the Department of Transportation to begin the work on the Third Street sewer line.

Councilor Pruette asked how the two contractors would determine which one was responsible for what damages. City Manager Linn responded each contractor videotaped the work locations prior to starting. The water contractor would be responsible for cleaning up the streets.

Underground Containers

UNDERGROUND CONTAINERS: City Manager Linn invited the Council to look at the two underground trash containers that were installed in Jarboe Park. The remaining containers would be placed at the beach accesses.

Councilor Pruette recommended removing the underground containers from the City Managers Punch List.

Consensus: **TO REMOVE THE UNDERGROUND CONTAINERS FROM THE CITY MANAGERS PUNCH LIST.**

Public Services Facility

PUBLIC SERVICES FACILITY: Several contractors attended a pre-bid Conference at City Hall on June 11, 2003. The bids would be received and opened on June 26, 2003 at 2:00 p.m. The Finance Director was preparing the Bond Resolution.

Hopkins Creek

DRAINAGE IMPROVEMENT HOPKINS CREEK: City Manager Linn sent the letter to the Florida Department of Transportation requesting 90 days to consider the offer transferring ownership of the ditch and the 3.5 million dollar allocation for the culvert project. He had not received a response to the letter. He walked the area with an engineer from PBS&J. The engineer would provide a report with a recommendation. He would be walking the area with a representative of the City of Jacksonville on Friday at 9:00 a.m. He invited anyone interested to join him.

Mayor Brown stated he attended the Metropolitan Planning Organization meeting last week and Florida Department of Transportation District Secretary informed him they received the letter requesting the extension. He stated the 90-day extension could cause FDOT to have some liquidated damages and asked if a decision could be reached sooner. Mayor Brown informed him we were working with consultants to determine the options and would try to reach a decision as soon as possible.

Councilor Weldon did not feel a recommendation from PBS&J would provide enough information to make a decision of that magnitude. He felt a consultant was needed to project a real cost for the repairs and maintenance throughout its life cycle.

Councilor Pruette asked City Manager Linn if he had spoken with the City Manager of Atlantic Beach, Jim Hanson, regarding property FDOT turned over to Atlantic Beach. City Manager Linn replied he was not aware of any FDOT drainage ditches in Atlantic Beach but he would speak with Mr. Hanson.

City Manager Linn stated more facts were needed before an agreement with FDOT was entered. However it would take well over 90-days to solicit firms for proposals to conduct the study and the actual study could take six to nine months.

Councilor Gilbert suggested waiting on the engineers recommendation. He added there was still the option of filing an injunction. He asked to place the issue on next Monday's agenda for further discussion.

Consensus: **TO HOLD A SPECIAL WORKSHOP MEETING ON JUNE 23, 2003 FOR FUTHER DISCUSSION.**

PUBLIC COMMENTS

Jim Schultz, 608 Valley Forge Road North, opposed the requirement of sworn complaints on the proposed three strikes ordinance.

Marsha Coker, 206 Walnut Street, favored the three strikes ordinance without the sworn complaints requirements.

Lynda Padrta, 1113 First Street, favored the three strikes ordinance. She felt rental property was a business and should require a license.

Teresa Thomas, 224 Margaret Street, favored the three strikes ordinance but opposed the sworn complaints requirement.

B. J. Costner, 224 Margaret Street, favored the three strikes ordinance but felt sworn complaints should not be required.

Gynell Mohr, 225 Margaret Street, was concerned about parked cars blocking the street.

Chris Chin, 227 Margaret Street, favored the three strikes ordinance but opposed the sworn complaints requirement.

Marci Weinberg, 221 Margaret Street, supported the three strikes ordinance.

Cannon Rasmusun, 221 Margaret Street, enjoyed living in the neighborhood with the exception of some unruly neighbors.

Recess/Reconvene Mayor Brown called a recess at 8:00 p.m. and reconvened the meeting at 8:10 p.m.

PROPOSED ORDINANCES

Ord. No. 2003-XX **ORDINANCE NO. 2003-XX, THREE STRIKES – COUNCILOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 13-5(c); ADDING A NEW SECTION 13-5(d) – PROPERTY OWNER RESPONSIBILITY FOR SWORN COMPLAINTS; ADDING A NEW SECTION 13-5(e) – NUISANCE; DECLARING VIOLATIONS; PROVIDING ENFORCEMENT AND PROVIDING AN EFFECTIVE DATE.**

City Manager Linn explained Section 13-5 (c) of the Code was originally adopted to control noise from commercial properties. The section requires that in order to be considered a noise violation a sworn complaint was necessary if a noise-measuring device was not used.

Chief Brandt suggested inserting "police witnessing the behavior on three separate occasions"

Mayor Brown asked Chief Brandt if the ordinance limiting the number of unrelated people living together in a single-family unit was helping. Chief Brandt replied that sometimes it was difficult to determine who lived in the house.

Discussion ensued regarding requiring sworn complaints.

Chief Brandt stated he had a group of five people set up to work on resolving the problem and the ordinance would be helpful to them.

Discussion ensued regarding parking.

Chief Brandt stated the cars were legally parked if a "No Parking" sign was not posted. He added if "No Parking" signs were installed it would also limit parking for the residents.

Councilor Pruette suggested adding "allowing 24 hours to file a sworn complaint" and the Chief's suggestion of "Police witnessing the behavior on three separate occasions" to the ordinance.

Councilor Weldon proposed requiring two types of strikes: 1) a documented police report of a disturbance, or 2) a sworn citizen complaint. If a property received more than three strikes within a six-month period the property owner should be cited and brought before the Code Enforcement Board.

Councilor Weldon suggested striking the following in Section 13-5 paragraph (c):

(c) Any person making a complaint under this Section shall be required to sign a sworn complaint ~~prior to an arrest being made; otherwise, no such complaint will be honored.~~ Notice of any such complaint shall be provided to the owner of the property on which the sworn complaint is made, his agent or property manager.

Section 13-5 paragraph (c) would then read as follows:

Any person making a complaint under this Section shall be required to sign a sworn complaint. Notice of any such complaint shall be provided to the owner of the property on which the sworn complaint is made, his agent or property manager.

Councilor Weldon also suggested Section (d) read as follows:

(d) Responsibility of Owner of Property. The owner of the residence or property from which the offending noise is emitted, shall be responsible for compliance with this Chapter, and may be punished for violations of this Chapter. In the event that there are three (3) or more sworn complaints or documented police reports of disturbance made pursuant to paragraph (c) above, by three (3) different persons for three (3) separate incidents within six (6) months on the same residence or property, the owner of that property on which the sworn complaints are made shall be guilty of a violation of this Section and subject to Code Enforcement Board proceedings pursuant to Section 2-440 of this Code.

Chief Brandt suggested that a documented police report be defined as: 1) someone at the house receives a Notice to Appear or, 2) a disturbance resulting in an arrest.

Consensus: **HAVE THE CITY ATTORNEY MAKE SUGGESTED CHANGES AND**

FORWARD TO THE JULY REGULAR MEETING FOR FIRST READ.**CONTRACTS / AGREEMENTS**

Water Rate Study

PROPOSAL FROM BURTON & ASSOCIATES – WATER RATE STUDY: During the discussion of water rate increases at the June 2, 2003 special meeting, Burton & Associates were asked to conduct an inclining block water rate study. The proposal from Burton & Associates to conduct the study was for \$8,915.00. City Manager Linn did not feel the proposal was needed. He felt city staff was capable of conducting the review and making a recommendation to the Council. Mr. Linn added that currently there was no charge for sewer after 15,000 gallons of water was consumed.

Councilor Weldon asked the staff to prepare the study within a reasonable amount of time. He added he would like to view the study before voting on the rate increases.

Consensus: **HAVE THE STAFF PREPARE THE RATE STUDY BEFORE THE VOTE ON THE WATER RATE INCREASE.**

ISSUE DEVELOPMENTEconomic
Development

ECONOMIC DEVELOPMENT COMMITTEE: Councilor Pruette felt an Economic Development Committee would be helpful in moving businesses into the vacant strip malls.

Mayor Brown stated he contacted the Beaches Chamber of Commerce. The Chamber agreed to arrange for some of their economic development specialists to meet with the committee.

Vice Mayor Gilbert questioned who would recommend the committee members and suggested Council make recommendations by memo to City Manager Linn.

Consensus: **TO FORM AN ECONOMIC DEVELOPMENT COMMITTEE RECOMMENDING MEMBERS BY MEMO TO THE CITY MANAGER.**

Street/Block
Parties

STREET/BLOCK PARTIES: Councilor Pruette stated she received calls over the weekend regarding a block party on Strand Street. She felt in fairness the city should have guidelines regarding block parties. She recommended residents apply for a permit showing the date, time, hours, and how many people would be present.

City Manager Linn stated he had received four requests for block parties in the past three years. He and the Chief considered each request on a case-by-case basis. He suggested a policy that would prohibit all block parties with the exception of an appeal to the City Council.

Consensus: **CITY MANAGER TO HANDLE REQUESTS FOR BLOCK PARTIES WITH DISCRETION.**

Building Dept.

BUILDING DEPARTMENT: Councilor Weldon stated the city was not providing adequate building service since the termination of Dan Arlington, former Building Official. He asked Council to give direction to the City Manager on how to provide building services. He suggested separating building & planning and hiring both a Community Development Director and a Building Inspector/Official. He asked the Council to make a decision before the City Manager hired a Building Inspector.

Vice Mayor Gilbert agreed that one person should not have that much control over the city and planning was just as important as inspections.

City Manager Linn advised he had signed an extension with Jacksonville Beach to continue the building inspections for 30 days until July 14, 2003 adding the Northeast Florida Regional Planning Council could provide the planning services. The Building Department budget would fall short \$20,000 to \$30,000 if both a Building Official and a Planning Director were hired. He stated he could hire a building inspector/plan reviewer and have Northeast Florida Regional Planning Council provide planning services for the remainder of the current fiscal year.

Councilor Weldon asked for a consensus of the Council to hire a Building Inspector and a Planning Director. He felt if only one person could be hired a Planning Director should be hired and the building inspections subcontracted.

Consensus: **GIVE THE CITY MANAGER AUTHORIZATION TO HIRE A COMMUNITY DEVELOPMENT DIRECTOR AND A BUILDING INSPECTOR/OFFICIAL.**

City Manager Linn stated he would work up a job description for a city planner and bring the proposal to the Council requesting a budget amendment for the current fiscal year.

July 4th

JULY FORTH POLICE PATROL: Councilor Pruette asked about the parking restrictions on First Street for July 4th. Officer Dean responded extra officers would be on duty on bicycles and motorcycles. The chief and the city manager would determine the parking restrictions. In years past parking was allowed on the west side of First Street until 11:00 p.m.

Councilor Weldon advised he would be on vacation and would not be present at the July 7, 2003 meeting.

Adjournment

There being no further business, the meeting adjourned at 9:40 p.m.

BUDGET WORKSHOP MEETING

JUNE 23, 2003, AT 6:00 P.M.

**CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Preliminary Budget Workshop Meeting of the City Council of the City of Neptune Beach was held June 23, 2003 at 6:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet M. Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey
Director of Public Services Leon Smith

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 6:00 p.m.

**Water and Sewer
Funds**

City Manager Linn turned the meeting over to Finance Director Steve Ramsey. Mr. Ramsey stated the budget was for the Enterprise Funds. There were a couple of errors, which he needed to let the council know about. On the Professional Services line item 441-1441541.30-31, it should only be \$5,000 instead of \$40,000 and on Other Contractual Services it should be \$80,000, which reduces the transfer amount. The revenue for water and sewer was calculated with the rate increase of \$4.66, which was discussed at an earlier City Council Meeting. Special pay for employees was under budgeted last year that is why it went up this year.

Councilor Weldon asked for an explanation of salaries. Mr. Ramsey stated that certain personnel salaries were given percentages in different funds since their work were distributed in different departments. This saved having to transfer money to the General Fund for the Enterprise Funds. All salaries were given 5% increase as per union contract. Discussion of salaries ensued.

Mr. Ramsey stated in the Water and Sewer fund, Professional Services should be lowered from \$10,000 to \$7,000. The line item paid for consumptive use permits. Other Current Charges would also be lowered by \$700, which paid for chlorine gas fees to the Florida Department of Community Affairs. The Revenue transfer went up by 115% because of debt service payments.

Councilor Pruette inquired if overtime would go down due to less breaks in the water and sewer lines. Mr. Ramsey said he hoped that would be true. She also asked if former Public Services Director John Galen would be continuing to be on the payroll. City Manager Linn stated Public Service Director Leon Smith would speak with him to see if it were still necessary.

Councilor Shealy asked if health insurance was going up 25%. Mr. Ramsey stated final numbers had not been received yet. Councilor Weldon questioned the accounting costs. Mr. Ramsey stated the new required GASBY format would add additional costs. Mr. Linn stated audit services would be bid out next year.

Councilor Weldon questioned the budget overrun. Mr. Ramsey stated he conservatively projected it would be a \$100,000 overrun. Weldon questioned Other Contractual Service in the sewer fund. Mr. Ramsey stated it was due to a copper problem. Mr. Smith stated the Department of Environmental Protection mandated a certain level in copper in the outfall line which empties into the Intracoastal Waterway. The three beach cities were working together to fix this problem.

Finance Director Steve Ramsey stated there is an increase in property insurance because of the new yard facility.

Councilor Pruette asked what the Other Contractual Service was for. Mr. Ramsey stated it was the Consumer Confidence Report and all lab fees, which were all state required.

Councilor Weldon questioned why there was an increase in utility services. Mr. Ramsey stated it was for electrical payment to Jacksonville Beach. Discussion ensued over electric cost and conservation.

Councilor Weldon asked how the budget is determined and if it was all financial or if department heads were asked how to cut cost. Mr. Ramsey stated it was based on what was spent in the preceding year. Mr. Linn stated department heads did look at their budget, fixed costs of union contracts were added in but most numbers were based on the last few years worth of expenditures. Mr. Linn stated discretionary spending was very little. Discussion ensued over conservation policies.

Councilor Weldon asked for the over all increase in the Enterprise Fund expenditures. Mr. Ramsey calculated it was about a 14% or 15% increase. Discussion ensued over what caused the increase percentage.

Capital Expenditures

Vice Mayor Gilbert asked about Hypochlorite System. City Manager Linn stated it would change the gas chlorine method to liquid chlorine.

Finance Director Ramsey explained debt service payments at Councilor Weldon's request. Banking services were discussed.

Discussion of Capital Items began. Vice Mayor Gilbert stated the fork lift was necessary for safety but he did not feel a chipper was necessary. He also questioned the security system. Leon Smith stated it was necessary due to 9/11 security issues. Discussion ensued about security and buying a chipper.

Consensus: **TO DELETE THE CHIPPER FROM THE LIST OF CAPITAL ITEMS.**

Council Pruette questioned touch read meters. Mr. Linn stated it was a five year project to change all the meters in the city to touch read, which were easier to read and more accurate. Councilor Weldon questioned if the forklift could be bought used. Mr. Linn stated they were already looking at surplus equipment. Discussion ensued over vehicle buying and selling.

Director of Public Services Leon Smith explained the VFD's for Effluent Pumps w/ Bypass were for the copper problem. Tank Cleaning for Package Plan cleans the sand out of the tanks at the sewer plant.

Stormwater Funds Vice Mayor Gilbert had a problem with \$1,000 worth of uniforms for two people. Mr. Ramsey said it was a brand new fund with the new Stormwater fee, so it was difficult to budget for this year. Discussion ensued over ditch cleaning and street sweeping. Mr. Ramsey stated there were a few corrections: Other Contractual Services needed to be raised to \$80,000 and Professional Services needed to be reduced to \$5,000.

Sanitation Fund Finance Director Ramsey explained what was paid out of this fund. Councilor Weldon wondered why expenses were going up and revenues down. Mr. Ramsey stated that BFI was increasing rates according to the CPI each year while the city did not pass this along to the customers.

Mayor Brown stated if anyone had more questions they could bring them back up at the next budget meeting. Finance Director Ramsey stated the next budget meeting would be for the General Fund on July 14, 2003 at 6:00 pm. There would be more meetings for the budget after that. Vice Mayor Gilbert asked if last year the council had agreed to allow the city manager set the Not to Exceed Milage Rate. City Manager Linn stated that was true.

Adjournment There being no further business, the meeting adjourned at 7:30 p.m.

Richard A. Brown, Mayor

ATTEST:

Lisa Volpe, CMC, City Clerk

MINUTES
SPECIAL WORKSHOP CITY COUNCIL MEETING
HOPKINS CREEK OUTFALL PROJECT
JUNE 23, 2003, AT 10:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Workshop Meeting of the City Council of the City of Neptune Beach was held June 23, 2003, at 10:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Richard Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith

Absent:
City Attorney Christopher White

Order & Roll Call

Mayor Brown called the special workshop meeting to order at 10:30 p.m. and announced the purpose of the meeting was to discuss the offer from the Florida Department of Transportation to transfer ownership of a portion of Hopkins Creek to Neptune Beach along with the 3.5 million dollar allocation for the planned culvert project.

Mayor Brown asked City Manager Linn to report on the opinion of PBS&J and the City of Jacksonville Public Works Department.

City Manager Linn reported he walked the portion of Hopkins Creek with Jim Miller and Bruce Myhre, engineers from PBS&J, Chief Engineer John Pathus and other employees of the Jacksonville Public Works Department. The overall opinion was the Florida Department of Transportation plans for the culvert would be the best solution.

Councilor Weldon had asked at the last meeting to have a consultant provide a real cost estimate for the repairs and future maintenance. City Manager Linn stated PBS&J proposed conducting a feasibility study. The study would take 30 days and would cost \$9,200. Mr. Linn felt the study was necessary to determine if it would be in the best interest of the city to take on the obligation.

Jim Miller, PBS&J, stated during his walk, he observed a considerable amount of areas that needed substantial repair. His concern was there was not adequate right-of-way for access to make the repairs or provide future maintenance. The city would need to create an easement for access and also purchase equipment. Mr. Miller was also concerned about future liability. The study would provide information and cost for repairing the ditch without eliminating the trees and buffer zone and would also consider liabilities.

Councilor Weldon asked if gabion baskets or sandbag reinforcement could be performed from the base. Mr. Miller replied his biggest concern was the maintenance. He suggested acquiring a right-of-way from the apartments and school.

Councilor Pruette asked if a bulkhead would work. Mr. Miller responded there was not room for a bulkhead because houses and swimming pools backed right up to the fence.

Councilor Weldon asked Mr. Miller if the study would be worth it. Mr. Miller stated whatever repairs the city did they would have to provide the maintenance and there was no access. He added the city would still be liable for erosion. PBS&J would be happy to conduct the study.

Councilor Weldon suggested taking liability for only 1,000 feet of the ditch.

Mayor Brown felt it would be nice to obtain the property, spend a half million of the 3.5 million dollars for repairs and use the remainder for future maintenance. Mr. Miller stated there was still the liability issue.

Vice Mayor Gilbert felt sandbagging starting from the bottom and using retaining walls in certain areas could make the repairs. He suggested if the city assumed responsibility for 1,000 feet the property owners of the apartments and owners of properties that backed up to the ditch could be asked to sign a waiver giving the city relief from future liabilities.

Mr. Miller questioned if FDOT would be willing to transfer ownership of only 1,000 feet along with the 3.5 million.

Councilor Weldon questioned if the study should be done. Mr. Miller replied the study could provide options for repairs and cost of maintenance. Mr. Miller added it would be good sense to have a regular maintenance schedule for every six months to a year.

Councilor Shealy stated it was his opinion that the state was trying to unload a burden. He was concerned about the cost of maintenance and liability.

Councilor Weldon felt the city owed it to the residents to determine if there were any alternatives. He would be willing to vote for the study based on the experiences and expertise of the manufacturers of gabion baskets and companies that had experience building sandbag bulkheads from the creek level up.

Mr. Miller stated the intent of the study was to look at alternatives for repairs and maintenance and estimate the costs.

City Manager Linn stated the responsibility and maintenance would be forever and recommended PBS&J conduct the study.

Public Services Director Leon Smith stated with only two people in the stormwater department it would be difficult to maintain. He also felt the liability was great.

Councilor Weldon suggested bargaining with the state for ownership of 1,000 feet of the ditch for the 3.5 million dollar allotment plus guaranteed revenues for maintenance before paying for the study.

Councilor Pruette questioned where the \$9,200 to pay for the study would come from. City Manager Linn stated the money would have to come out of the contingency fund.

Councilor Weldon asked Jim Miller, PBS&J to conduct the study based on traditional sheet piling or sandbags talk to the manufacturers and report on the findings. Mr. Miller responded he would provide the information at the July 7, 2003, Regular Council Meeting.

Councilor Pruette felt unless the Florida Department of Transportation was willing to give ownership of just the 1,000 feet there was no need for the study.

Councilor Weldon stated the area on east side and behind Fletcher High School was an eyesore and needed to be cleaned up regardless.

City Manager Linn added the city used to clean that area until FDOT erected a fence for liability purposes and we no longer had access.

Adjournment

There being no further business, the meeting adjourned at 11:30 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
LAND DEVELOPMENT REGULATIONS
JUNE 23, 2003 AT 7:50 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Workshop Meeting of the City Council of the City of Neptune Beach was held June 23, 2003, at 7:50 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Assistant to the Building Official Piper Turner

Call to Order/Roll Call

The Mayor called the meeting to order at 7:50 p.m.

Land Development
Group II
Article IV, V, XIII, XVIII

LAND DEVELOPMENT REGULATIONS REVIEW – GROUP II, ARTICLES IV, V, XIII, & XVIII: City Manager Linn stated Gary Dickens of Ivy, Harris & Walls, was present to begin the review.

The discussion began on the size of a lot needed for a single family and duplex home in the R4 district.

Consensus:

THE MINIMUM LOT SIZE FOR A SINGLE FAMILY HOME IN THE R4 DISTRICT SHALL BE 4356 SQUARE FEET AND A DUPLEX SHALL BE 8712 SQUARE FEET.

Councilor Weldon asked why the maximum lot coverage was not listed on residential districts in Table 27-229-1. Mr. Dickens stated it was because residential properties had Floor Area Ratios, which is in section 27-237. Commercial property does not have Floor Area Ratio so maximum lot coverage was necessary. Mr. Dickens also informed the council that the Maximum Impervious Surface column had not yet been updated to fit the ordinance the council had recently passed.

Councilor Pruette questioned how high a lot can be filled before a house could be built on top of it. Discussion ensued referencing section 27-240 which gives a minimum of 12 inches and the definition of height. Mr. Dickens stated he would research if there were any more references to this in the code.

SECTION 27-231 FRONT YARD SETBACK REQUIREMENTS. Discussion ensued over the changes in the front yard set backs. 15 feet was allowed in the R4 district if cars were able to be parked on the side or rear yard. After much discussion it was decided to come back to this section after looking at parking in the code.

SECTION 27-234 MEASUREMENT OF MINIMUM REQUIRED YARD SETBACK. The council discussed whether rear yard decks with the deck floor less than 30 inches above grade should be allowed within the setbacks.

Consensus: **TO START AT SECTION 27-234 AT THE NEXT LDR MEETING.**

Adjournment

There being no further business, the meeting adjourned at 10:30 p.m.

MINUTES
REGULAR CITY COUNCIL MEETING
MAY 5, 2003, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held May 5, 2003, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown	City Clerk Lisa Volpe, CMC
Vice Mayor Jimmy Gilbert	Director of Public Services Leon Smith
Councilor Harriet Pruette	Deputy Finance Director Manuel Roland
Councilor Larry Shealy	Assistant to the City Manager Terry Klein
Councilor John Weldon	Assistant to the Building Official Piper Turner
City Attorney Christopher A. White	Deputy City Clerk Karla Strait, CMC
City Manager Richard A. Linn	

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. He invited everyone to join him in a moment of silence in remembrance of Lieutenant James Peter "JP" Kelly, who passed away on May 3, 2003. The moment of silence was followed by the pledge of allegiance.

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette asked the City Manager to consider replacing the street name signs after receiving correspondence from a resident regarding their condition.

Councilor Pruette asked the City Manager to find out if a portion of the bike path would be designated for walking.

Councilor Pruette questioned a private dune walkover to the beach near Cherry Street and asked the City Manager to report on it at the May workshop. City Manager Linn responded the crossover was on private property and is controlled by the Department of Environmental Protection. The crossover was not prohibited as long as the owner had a permit.

Councilor Shealy stated he had spoken with Chief Brandt since the last council meeting regarding the police department and they had a good discussion.

CITY MANAGER REPORTS

Water Project	<p><u>WATER UTILITY PROJECT:</u> Water was shut off east of Third Street last Thursday night in order to disconnect the old system from the main water line. The task was not accomplished due to hidden connections. The Public Services Department was working with the contractor to locate those connections. The engineer felt the project would be complete in 3 to 4 weeks.</p> <p>Councilor Pruette stated the contractor should be penalized for the delay of the project. City Manager Linn replied the city would receive all entitled liquidated damages.</p> <p>Councilor Weldon questioned what the delay would cost the city and if there was enough withholding. City Manager Linn replied the withholding was 10% equal to \$107,000 and the engineer estimated there to be \$48,000 to \$50,000 in penalties.</p>
Sewer Project	<p><u>SEWER UTILITY PROJECT:</u> City Manager Linn reported he was pleased with the progress of the sewer project. Although, due to the many palm trees, the contractor might not be able to pipe burst Bay Street. In which case the cost of an additional line in the street was an estimated \$20,000.</p>
Kings Road Bridge	<p><u>KINGS ROAD BRIDGE REPAIRS:</u> The Kings Road bridge would be closed Thursday and Friday for the emergency stringer repair work. In case of an emergency equipment would be in place to open the rear access in Jacksonville Beach. The options for the permanent repair of the bridge would be considered at the May workshop meeting.</p>
Sunday in the Park	<p><u>SUNDAY IN THE PARK:</u> City Manager Linn reported "Sunday in the Park" was a success and thanked Elaine Kenny for organizing the event. He also thanked the council members for their participation. He added the event resulted in a net revenue of \$253.17 for the city.</p>
Easter Egg Hunt	<p><u>EASTER EGG HUNT:</u> City Manager Linn reported the annual "Easter Egg Hunt" had an excellent turnout. He thanked the Police Department for organizing the event.</p>
Solantic Sign	<p><u>SOLANTIC SIGN:</u> The Code Enforcement Officer sent a letter of violation to Solantic and the property owner citing two code violations: 1) putting up a sign without a permit, and 2) putting up a prohibited sign. The letter gave them 10 days to remove the sign. Solantic planned to request the sign be allowed to remain with only the time and temperature displayed.</p>

Town Center
Invitational

TOWN CENTER INVITATIONAL – VOLLEYBALL TOURNAMENT: Jay Young of IBS, Event Director for the Town Center Invitational thanked the Council for granting approval of the event. He felt the event was well received by the community and everyone enjoyed the tournament. According to the Public Safety Department there were no complaints, incidents or accidents. He stated the Public Safety Department and Public Services Department were very helpful.

PUBLIC COMMENTS

Public Comments

Bob Shimp, 1109 First Street, was concerned about residents using the proposed "Three Strikes" ordinance to harass their neighbors. He stated parking east of Third Street was difficult for police to enforce because property lines could not be determined. He preferred speed ramps to speed bumps.

Lynda Padrta, 1113 First Street, asked for better enforcement of the parking ordinance. She questioned when the repairs would be made to streets and landscaping from the water & sewer project.

Mary Ann Padrta, 1030 Second Street, favored the proposed "Three Strike" ordinance.

ORDINANCES

Ord. No. 2003-02

ORDINANCE NO. 2003-02, SECOND READ AND PUBLIC HEARING – SPONSOR COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 TO INCLUDE A DEFINITION OF A FAMILY; ADDING SECTION 27-333 RELATING TO PROHIBITED ACTIVITIES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown opened the public hearing.

B. J. Lester, 907 Second Street, favored the ordinance. She suggested landlords establish rental guidelines for their tenants.

Patrick Cline, 1210 Oceanfront, was concerned about a small house that had 5 dwelling units within it and only 3 parking spaces. The ordinance would increase the amount of unrelated persons in that dwelling to 20. He proposed an ordinance that would limit the number of persons under one roof to the

number of parking spaces provided.

Chris Chin, 227-A Margaret Street, stated the parking and density east of Third Street was a problem that needed to be addressed.

Teresa Thomas, 224 Margaret Street, favored the ordinance. She felt illegal subdividing of property created a great deal of the problem.

David Baker, 1102 First Street, suggested the City Attorney create a guideline lease agreement that would make landlords responsible.

Lynda Padrta, 1113 First Street, supported the ordinance. She asked the council to consider incentives to reduce the number of units on a property.

There being no further comments from the public the public hearing was closed.

Moved by Pruette, seconded by Gilbert.

Motion: **TO ADOPT ORDINANCE NO. 2003-02 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

OLD BUSINESS / NONE

NEW BUSINESS

401 Margaret St.

DECLARING A 25' X 52.90' PARCEL ADJACENT TO 401 MARGARET STREET CITY SURPLUS AND ACCEPTANCE OF A PURCHASE OFFER OF \$5,290.00 BY DONALD A. PADGETT, P.A.: City Manager Linn stated said property was once used by the city for a well that had since been abandoned. The parcel was too small to build

on and the city had no future use for the property. There being no requirement to bid the property the City Manager recommended the surplus of the property and acceptance of the purchase offer. He also recommended that any environmental concerns be the responsibility of the purchaser.

Moved by Weldon, seconded by Gilbert.

Motion: **TO SURPLUS THE 25' X 52.90 PARCEL ADJACENT TO 401 MARGARET STREET AND ACCEPT THE PURCHASE OFFER OF \$5,290.**

MOTION CARRIED

City Manager
Contract

EMPLOYMENT CONTRACT OF CITY MANAGER – CITY ATTORNEY WHITE: City Manager Linn asked to be excused from the meeting during discussion of his employment contract and exited the Council Chambers.

City Attorney White explained as reflected in Mr. Linn's memo he would be willing to accept a one-year contract conditioned on; 1) an automatic one-year renewal clause with ninety-day prior notice of renewal by either party, 2) the severance clause be increased to six months, and 3) the base salary be reviewed. He was also willing to continue employment within the terms of the current contract calling for 90-day extensions, annual salary reviews, and a three-month severance package.

Councilor Shealy proposed continuing under the current contract with 90-day period extensions, a six-month severance, and a salary review.

Councilor Weldon stated he was satisfied with the current contract and 90 day extensions.

City Attorney White explained the severance pay would only be effective if the contract was terminated before the end of the 90-day extension period. He stated if the contract were terminated on the 90th day there would be no three-month severance pay. He stated the memo was unclear on the severance pay and stated the City Manager needed to confirm what was acceptable.

Discussion ensued regarding under what conditions the severance pay would come into effect and if Mr. Linn understood those conditions.

City Manager Linn was asked to return to the Council Chambers to clarify his memo. Mr. Linn confirmed a one-year renewal contract with 90-day notice and six-months severance would be satisfactory or he would be willing to continue within the terms of the current contract offering 90-day extensions with 90-days notice prior to termination, and three months severance pay. His current contract was now in effect until October 7, 2003.

Mr. Linn explained the purpose of the contract was due to the nature of the position of having to do the job free of political influence.

Mayor Brown stated he was not comfortable with the current contract offering 90-day extensions. He did not want to encourage a change in City Managers while the city was undergoing major projects.

City Attorney White stated a salary review needed to be done on or before July 7, 2003.

He explained if no action was taken by the Council the contract would continue under the current conditions with 90-day extension periods and 3-months severance.

The Council took no action.

Development Order
220 First St. & 214
Orange St.

DEVELOPMENT ORDER – 220 FIRST STREET & 214 ORANGE STREET: Mr. Tom Goetz owner of the property stated he had previously asked the council to consider a development order however he reconsidered due to parking requirements. The plans for remodeling included the second floor of the old bike shop to be used for commercial offices and the first floor to be a market-grocery. The plan also called for an addition in the rear of the old cabinet shop to be used as a studio for classes. Parking would be created by removing a portion of the existing building on the east side of the old cabinet shop creating 4 new parking spaces.

A discussion ensued regarding parking requirements.

Moved by Shealy, seconded by Gilbert.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 220 FIRST STREET AND 214 ORANGE STREET AS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Councilor Pruette felt the parking situation was inadequate for the Central Business District.

Roll Call Vote:

Ayes: 4 – Gilbert, Shealy, Weldon, Brown

Noes: 1 – Pruette

MOTION CARRIED

Development Order
115 Penman Rd.

DEVELOPMENT ORDER – 115 PENMAN ROAD: Kim Larson, Kurstar Construction, stated the request was to demolish the existing Flower Market and construct a new 3300 square foot office building for the use of Watson Property Management. The building would face Penman Road with access to the parking area via Lemon Street. The Planning & Development Review Board recommended approval with the following conditions: 1) The sign to be a ground mounted monument type, and 2) no illumination of the building sign on the south side.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 115 PENMAN ROAD AS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

DISCUSSION

Councilor Pruette informed the Council she had placed the nuisance, pet and parking ordinances on the May workshop agenda.

Councilor Gilbert was concerned about the timing of the red light at Penman Road & Florida Boulevard. City Manager Linn stated the loops in the pavement were cut due to

the construction and that deactivated the on demand cycling, the light was now on a timer. When the construction was completed the City of Jacksonville would replace the loops.

Drainage
Improvement

DRAINAGE IMPROVEMENT – OCEAN OAKS & NEPTUNE LANE: Councilor Weldon was concerned about the drainage project that Florida Department of Transportation was to begin in three weeks. He stated it would be a massive impact on the city. The project involved the removal of mammoth live oak trees leaving an empty field between Fletcher High School and the residential area.

City Manager Linn stated the drainage project was a \$13 million plus job that the State started work on six years ago and was scheduled to begin the work in three weeks. He added it would be difficult to stop or delay the project at the point.

Discussion ensued regarding what the city could do to stop or delay the project.

Consensus: **TO HAVE THE MAYOR DRAFT A RESOLUTION OF OPPOSITION TO THE STATE.**

City Manager Linn stated letters of objections could be sent to the Department of Transportation but the project was planned to begin in 3 weeks. He asked the City Attorney if injunctive relief was available.

City Attorney White advised by law a municipal body was not required to post a bond for injunctive relief. It would be very expensive and could bankrupt the city. He could start the process and then bail out if necessary.

For the Record Mayor Brown wanted to go the record officially that the Council would take action at a regular meeting to look for ways to delay and oppose the project until there was more public input and other alternatives.

Moved by Weldon, seconded by Gilbert.

Motion: **TO TAKE ACTION TO LOOK FOR WAYS TO DELAY AND OPPOSED THE PROJECT UNTIL THERE WAS MORE PUBLIC INPUT AND OTHER ALTERNATIVES.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

PRESENTATIONS

**Beaches Historical
Museum**

PRESENTATION OF BEACHES HISTORICAL SOCIETY MUSEUM PROJECT: Beaches Historical Society President Sam Vanlear and Past President Bill Hilleglass gave a presentation on the proposed new Beaches Historical Museum. The Historical Society had plans to construct a new museum on Fourth Street between Beach Boulevard and Pablo Road in Jacksonville Beach. The plans were for a 10,000 square foot two story building. The total cost of the project would be 3 million. The funding goal was to collect money through private and public donations and grants. The City of Jacksonville Beach verbally approved a donation of \$250,000, \$50,000 for 5 years. The City of Atlantic Beach verbally approved a donation of \$125,000, 25,000 for 5 years. They were requesting a donation of \$75,000, \$15,000 per year for the next 5 years from Neptune Beach.

Mayor Brown asked the City Manager to meet with the Finance Director to see if the money was available and make a recommendation to Council.

**Hopkins Creek
Outfall**

PRESENTATION OF HOPKINS CREEK OUTFALL PROJECT – FDOT – PUBLIC COMMENTS: Mayor Brown stated the Florida Department of Transportation Project involved removing large oak trees and destroying the buffer between Fletcher High School and residential homes. He asked the FDOT if they could take care of the maintenance without destroying the oak trees.

City Manager Linn introduced Mike Goldman, FDOT Public Information Officer; Gene Howerton, BH&R Engineers; Larry Parks, FDOT Design & Planning; Jim Knight, FDOT Design & Planning; Nick Tsengas, FDOT, Jacksonville Construction; & Rob Hansgen, FDOT, Jacksonville Construction.

Gene Howerton, BH&R Engineers, explained the ditch was originally constructed in the 1940's to drain the water from Beach Boulevard down to the Intra Coastal Waterway. The 50 foot right of way in Neptune Beach was owned by the FDOT. The limits of the project were from Penman Road to Ocean Oaks Apartments property line and Fletcher High School. The project was placed in the FDOT work program in 1997 due to the erosion problems associated with the ditch. A study was performed and it was determined that a closed conveyance system would eliminate the erosion problems and provide better flow. The culvert solution would also provide safety, erosion, property and liability protection. After the public meeting in 1999 the owners of the apartment complex filed suit against the FDOT to prevent damages from erosion to their property. Because the project was to begin in June 2003, the lawsuit was withdrawn.

Councilor Weldon asked the FDOT to explore the alternative of reinforcing the walls instead of culvert. It would have a less evasive impact on the buffer between the residential and commercial. He added the problem was due to the lack of maintenance not the design of the drainage channel.

Gene Howerton replied installing retaining walls would not stabilize the bank and solve the erosion problem. The culvert was the best solution for long-term stability and maintenance. The area would be landscaped and trees would be planted over the culvert.

A lengthy discussion ensued regarding the negative impact on the community and any possible alternatives.

FDOT responded they looked at other solutions and chose the best solution for solving the erosion problem. They would take the concerns of the Council and the residents back to the department for consideration. However, a design build consultant was selected and a contract was prepared to be executed for the project to begin the first two weeks of June.

City Attorney White questioned when the funding for the project was approved, why it took so long to implement, when the design build contract was awarded and if other public hearings were held in between.

FDOT responded funding for the project was approved in 1997. The project was to begin around the end of 2002 but was postponed until the end of the school year. The design build contract was awarded April 2003. The last public hearing was held on March 2, 1999 at Fletcher High School.

City Attorney White asked if the water came from rainfall or a northeastern. FDOT replied the water occurred due to runoff from rainfall not storm surge.

City Attorney White asked if a six-month moratorium could be placed on the project. FDOT replied they wanted to get started the first of June to prevent Penman Road from being closed while school was in session.

City Attorney White asked if it could be extended for a year. FDOT responded they were concerned about safety and liability and ready to begin the project.

Councilor Gilbert asked to see how much money FDOT spent on the maintenance of the ditch over the past five years and how much 3.5 million in proper maintenance would go into the future.

Councilor Gilbert questioned if Penman Road needed to be widened in the future would the culvert have an impact. FDOT responded the existing culvert could be extended.

Discussion continued regarding other alternatives.

City Manager Linn stated it was his suggestion to FDOT in the beginning to wait until the end of the school to begin the project so Penman Road would not closed while school was in session. He added that FDOT picked the most expensive solution from the options given by the engineering firm. The FDOT asked him if the city wanted to take over the maintenance after the project was complete and he told them the city was not interested in maintaining the ditch.

Mayor Brown in conclusion asked the FDOT to consider the comments from the new Council and public and explore other options.

FDOT concluded they would listen to the public comments and take them back to the department to discuss alternatives. They concluded that at this point they were still looking at moving forward the project.

PUBLIC COMMENTS ON THE HOPKINS CREEK PROJECT

Scott Gay, 1100 Seagate Avenue, Comptroller for the KAE Apartments / Ocean Oaks, stated back in 1998 or 1999 a resident was concerned about the ditch encroaching on the her rear stairwell. At that same time a lender visited the site and was concerned about erosion and the liability issue. They asked the State at that time to bulk head part of the ditch. Sometime in 2000 or 2001 they received a condemnation notice on an area of land to be used as a temporary construction easement. The land ran from Penman Road east to the property line behind the school and along the property line on Penman Road. They did not initiate a 3.5 million dollar lawsuit against the state over the ditch. They did not want all the vegetation to be destroyed. The construction, noise and foot traffic would also disturb their residents.

Dorothy Anderson, 1100 Seagate Avenue #287, felt the area was a wildlife sanctuary and should not be destroyed. She had a list of 100 residents that opposed the destruction.

Raymond Shaw, 1100 Seagate Avenue #283, opposed the project.

Steven Fleming, 1100 Seagate Avenue, opposed the project. He stated the culvert would not be pretty and would be a big maintenance problem. He felt there were other alternatives that would protect the wildlife.

Scott Mullaney, 8221 Forest Circle, opposed the project and asked to extend it for a year. He felt once the project was complete it would lower property values.

Thomas DiVita, 612 Oleander Street, opposed the project.

Denis Corriveau, 815 Forest Circle, stated if FDOT had maintained the ditch there would not be an erosion problem.

Eddie Rynell, 1100 Seagate, stated FDOT had not maintained the ditch. He did not think it was a safety problem. He wanted FDOT to find a solution that would preserve the wildlife.

Merrill Palmer, 911 Neptune Circle, stated there was not an erosion problem behind his property. On one occasion he saw correctional inmates doing maintenance on the ditch. He asked the State many times to come and clean the ditch.

Recess/Reconvene The meeting recessed at 8:15 p.m. and reconvened at 8:30 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn reported the Ish Brant Beautification Committee pending approval of the Jacksonville City Council would receive funding for the Third Street medians. They planned to use any remaining funds for the culvert on Florida Boulevard. They continued to work on the Butterfly Garden in Jarboe Park and selecting a "Yard of the Month."

CITY MANAGERS PUNCH LIST

Kings Rd. Bridge KINGS ROAD BRIDGE REPAIR: The emergency repair of the stringers on Kings Road bridge was completed last week. Council would consider the options for the repair or replacement of the bridge later in the agenda.

Underground Containers UNDERGROUND TRASH CONTAINERS: City Manager Linn stated he was still awaiting the delivery of the smaller containers. Upon their arrival they would be placed at the beach accesses.

Public Services Facility PUBLIC SERVICES FACILITY: Several contractors submitted pre-qualifications for the construction of the new public services facility. A pre-bid conference was scheduled for June 10, 2003, at 2:00 p.m. and a bid opening was scheduled for June 26, 2003.

Manholes Jarboe Park MANHOLES AT JARBOE PARK: Public Services employees removed the manholes in Jarboe Park as requested.

Utility Rate Study UTILITY RATE STUDY: City Manager Linn stated the consultant completed the Utility Rate Study and was ready for a workshop meeting to discuss options on utility rates. He suggested scheduling a workshop meeting before the regular meeting on June 2nd to discuss the options.

Consensus: **TO SCHEDULE A WORKSHOP MEETING AT 6:00 P.M. ON JUNE 2ND TO DISCUSS OPTIONS ON THE UTILITY RATES.**

Land Development Regulations REVIEW OF THE LAND DEVELOPMENT REGULATIONS: Councilor Weldon questioned what happened to the Land Development Regulations Review. City Clerk Volpe stated she would be receiving the revised copies of Group I and II from Ivy, Harris, and Walls and a meeting could be scheduled was June 9, 2003.

Consensus: **TO SCHEDULE A LAND DEVELOPMENT REGULATIONS REVIEW WORKSHOP MEETING ON JUNE 9, 2003.**

Wild Bear Councilor Pruette asked the City Manager to report on the wild bear that was spotted in Jarboe Park on Saturday. City Manager Linn replied the bear was caught in Mayport tranquilized, and transported to a national forest.

For the Record Mayor Brown stated for the record Florida Wildlife Commission was not available to provide assistance until Sunday afternoon.

Evacuation Return Passes Councilor Pruette was concerned the evacuation passes that were mailed to residents were dated 2002. City Manager Linn replied the passes were supplied by the City of Jacksonville. They were printed in 2002 and were still valid.

PUBLIC COMMENTS

Jacklyn Payne, 2125 & 2127 Florida Boulevard, asked Council to consider an ordinance that would decrease the rate of interest on the sewer connection.

Ray Corbin, 209 Bay Street, was concerned about evacuation passes being returned to the city when residents moved from the beach. He felt the "Three Strike" ordinance should include all resident not just tenants.

B. J. Costner, 224 Margaret Street, favored the "Three Strikes" ordinance. She agreed the ordinance should effect all residents not only tenants.

Geynell Mohr, 225 Margaret Street, supported the "Three Strikes" ordinance.

Lynda Padrta, 1113 First Street, stated the speed bumps on Florida Boulevard and stop signs on First Street had worked to decrease the volume of traffic. She favored the "Three Strikes" ordinance. She wanted the parking ordinance to be enforced on First Street.

Mike Disch, 118 Magnolia Street, stated unruly tenants were an issue east of Third Street and he supported the "Three Strikes" ordinance.

Gerard Petroni, 1879 Beach Avenue, was concerned about lifeguards sitting together listening to music and not paying attention while on duty.

Teresa Thomas, 224 Margaret Street, favored the "Three Strikes" ordinance.

Patrick Clyne, 1210 Oceanfront, opposed speed bumps on Lora Street.

Rae Brady, 1636 Sea Oaks Drive, opposed speed bumps on Lora Street. She felt landlords needed to be informed of the first violation of undesirable tenants.

Wayne Laberge, 1703 Lora Street, favored speed bumps on Lora Street. He was concerned about parked vehicles on the street obstructing emergency vehicles.

Rosalind Starling, 229 Lora Street, supported the speed bumps on Lora Street and the "Three Strikes" Ordinance.

Verna Griffin, 229 Lora Street, supported speed bumps on Lora Street but would prefer speed humps.

Lora Watts, 254 Lora Street, favored speed bumps on Lora Street.

Michael Dunlap, 212 Lora Street, favored the "Three Strikes" ordinance. He opposed any speed bumps.

Cody Nix, 220 Lora Street, supported speed bumps on Lora Street.

Chris Chin, 227 Margaret Street, supported speed bumps on Lora Street and the "Three Strikes" Ordinance.

George Felts, 100 Rose Place, opposed speed bumps on Lora Street.

PROPOSED ORDINANCES

Ord. No. 2003-XX

ORDINANCE NO. 2003-XX, THREE STRIKES YOU'RE OUT – COUNCILOR GILBERT: Councilor Gilbert proposed a "Three Strikes You're Out" Ordinance to help control unruly tenants. The proposed ordinance was to work within 365-day periods. If police were called to a house the first violation would result in citing the tenant, the second call would result in a citation and arrest of the tenant, and the third call would result in a citation and arrest of the tenant and taking code enforcement action against the landlord.

After hearing the public comments Councilor Gilbert agreed the Ordinance should affect all residents not only tenants and owners should be notified from the first violation.

Mayor Brown questioned the magnitude of the problem. City Manager Linn responded Chief Brandt was working on a written report of all noise violation calls since the beginning of the year. Council would be made aware of the calls once the written report was received.

City Attorney White advised Council they needed to decide what kind of strikes they wanted; 3 citations, 3 convictions on the premises, or 3 sworn complaints under the noise ordinance.

Discussion ensued regarding how the ordinance would be enforced.

City Attorney White informed Council could not mandate when or how people were arrested. Arrests were in the power of the police.

Councilor Weldon suggested eliminating having the violator arrested because the issue was with the landlord not the tenant. He also suggested decreasing the 365-day period. He would support the ordinance with a number of complaints in violation of the noise ordinance on the same premise during a specific time period resulting in a Code Enforcement action against the owner of the property.

City Attorney White stated the owner would need to be notified each time a sworn complaint was filed against their property. The Code Enforcement Board would allow the property owner to correct the problem within a period of time or face a \$250.00 a day fine for the first offense and a \$500.00 a day fine for the second offense.

City Attorney White asked if Council wanted to make it a criminal offense or a Code Enforcement issue against the property owner.

Council discussed the options and the time it takes to legally evict a tenant.

Mayor Brown felt the ordinance would be effective if the property owner was notified of each offense. City Attorney White added the notice would inform the property owner of the first offense and the future consequences.

Questions arose about who would be responsible of keeping track of the complaints and notices. City Manager Linn stated it would be a large burden on the police department to keep track and notify owners of each call. It would be a lesser burden if the owner was only notified when a citation was issued on the property.

Mayor Brown asked what would happen if the property was managed by a property management company. Mr. White responded the ordinance would put pressure on the property management company employed by the owner. The focus would still be on the property owner.

Mayor Brown suggested the landlord could make the ordinance a condition on the lease agreement. Mr. White stated the landlord could put anything in the lease if it was not in contravention of the Florida Landlord Residential Tenant Act.

Attorney White requested a consensus of the Council for him to draft an ordinance.

Consensus: **TO MOVE FORWARD AND HAVE THE CITY ATTORNEY DRAFT THE ORDINANCE.**

Attorney White stated he would draft the ordinance based on three sworn complaints on three separate incidents and leave the time period blank subject to discussion. The draft would include landlord notification provisions starting with the first violation.

CONTRACTS / AGREEMENTS

Kings Rd. Bridge

KINGS ROAD BRIDGE REPAIR – SELECTION OF ALTERNATIVES: The three options for the Kings Road bridge were 1) to repair the abutments to existing bridge, 2) repair the bridge for future widening, or 3) permanently replace the bridge adding an additional lane. City Manager Linn stated the continuing maintenance and repairs to the bridge indicated the need for a more substantial bridge. The maximum weight limit of the current bridge was less than the weight of loaded garbage trucks, fire trucks, and many construction trucks. He recommended Council authorize him to negotiate a contract with Pitman-Hartenstein to design the permanent bridge replacement or advertise for request for qualifications. He also recommended pursuing sharing the cost with Jacksonville Beach.

The total cost estimate for the proposed repair of the abutments was \$163,246.37. The cost estimate to repair the bridge for future widening was \$204,301.47. The cost estimate for replacement of the bridge with an additional lane was \$438,805.77. City Manager Linn stated funds could be paid from either the Better Jacksonville Fund, Local Option Gas Tax Fund or General Fund Reserves.

Council discussed the various options and expenses.

Consensus: **TO ADVERTISE FOR REQUEST OF QUALIFICATIONS FOR DESIGN BUILD AND MOVE FORWARD WITH TOTAL REPLACEMENT OF THE BRIDGE.**

ISSUE DEVELOPMENT

Economic
Development

ECONOMIC DEVELOPMENT – COUNCILOR PRUETTE: Councilor Pruette was concerned about vacant commercial properties. She suggested forming a committee of business people to explore ways to bring businesses to the empty shopping centers and discuss problems associated with vacant stores.

Councilor Weldon suggested adding a staff position of Community Development Director whose position would be responsible for development issues and focus on economic development. City Manager Linn stated request for proposals were out for a City Planner Consultant Firm and he would compare those costs to the cost of a full time position.

Lora St. Speed Bumps

REQUEST FOR SPEED BUMPS ON LORA STREET – PUBLIC HEARING: A resident of

Lora Street requested speed bumps. In compliance with the Speed Bump Policy a survey was mailed to all residents. Out of 27 surveys returned 17 favored the installation of speed bumps and 10 opposed them. Signs were posted on Lora Street advising residents of possible placement of speed bumps and notification of the public hearing. The public spoke out earlier during the first public comment session.

Discussion ensued regarding the difference between the cost and installation of speed bumps verses speed humps.

Consensus: **TO INSTALL SPEED HUMPS ON LORA STREET.**

Adjournment

There being no further business, the meeting adjourned at 11:10 p.m.

CITY MANAGER REPORTS

Water Project	<p><u>WATER UTILITY PROJECT:</u> The contractor was given an additional 33 days from March 13th to complete the water project and should be completed by April 20th. There was an issue at the Penman Road crossing of not being able to locate the underground utilities. That issue had been resolved without the requirement of an easement. The contractor was to start on the project this evening working throughout the night with a traffic lane closed.</p>
---------------	--

Sewer Project	<u>SEWER UTILITY PROJECT:</u> The sewer project was on schedule. City Manager Linn was pleased with the progress.
---------------	---

Kings Road Bridge	<u>KINGS ROAD BRIDGE REPAIRS:</u> Council authorized the emergency repairs on the Kings Road Bridge. The cost was less than \$10,000 and did not require approval from the Council. The bridge would be closed for 1 day to a 1½ days and the residents would be notified of the closure.
-------------------	---

PUBLIC COMMENTS

Public Comments	<p>Tim Kazmerczak, 2102 Acacia Road, was opposed to the city placing speed bumps on Kings Road between Florida Boulevard and Forest Avenue. He was concerned that soon there would be speed bumps on every street in the city. He was also concerned about the 25-ton weight limit on the Kings Road bridge. He asked the city to put a sidewalk on the portion of Kings Road that did not have one.</p>
-----------------	--

Dan Arlington, 636 Camellia Terrace Court North, felt the city would not be well served without a strong building & zoning person employed by the city. He felt a contracted planner would not look after the best interest of the city.

CONSENT AGENDA

Police Uniform Jackets	<u>POLICE UNIFORM JACKETS:</u> Approval of expenditure of \$6,000 from the Fine and Forfeiture Fund to purchase replacement uniform jackets for the Public Safety Department.
---------------------------	---

Moved by Pruetto, seconded by Gilbert.

Motion: **TO APPROVE THE CONSENT AGENDA.**

ORDINANCES

Ord. No. 2003-02	<p>ORDINANCE NO. 2003-02 – SECOND READ AND PUBLIC HEARING – SPONSOR</p> <p><u>COUNCILOR PRUETTE</u>: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 TO INCLUDE A DEFINITION OF “FAMILY”; ADDING SECTION 27-333 RELATING TO PROHIBITED ACTIVITIES; AND PROVIDING AN EFFECTIVE DATE.</p>
------------------	--

Mayor Brown opened the public hearing.

Shirley Myers, 1001 Florida Boulevard, opposed Ordinance 2003-02. In her opinion the ordinance: 1) infringed on property rights, 2) was the first step to allow inspections 3) put an undue burden on owners and not realtors, 4) held residents responsible for turning in their neighbors and 5) it failed to take into consideration the Florida Landlord Tenant Act.

Marsha Coker, 206 Margaret Street, favored Ordinance 2003-02. She added the speed bumps that were recently installed on Margaret Street helped to reduce the speeding.

Beth Schultz, 608 Valley Forge Road North, favored Ordinance 2003-02.

Christine Chin, favored Ordinance 2003-02. She felt it would aid in dealing with certain situations.

There being no further comments from the public the public hearing was closed.

Councilor Weldon ask the Council to consider raising the number of unrelated persons from 3 to 4 and adding "landlord, rental agent or other persons" to Section 27-333 (c).

Moved by Pruette, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2003-02 ON SECOND READ AND PUBLIC HEARING.**

Moved by Weldon, seconded by Pruette.

Amendment: **TO INCREASE THE NUMBER OF UNRELATED PERSONS TO 4.**

Roll Call Vote:

Ayes: 4 – Gilbert, Pruette, Weldon, Brown

Noes: 1 – Shealy

Moved by Pruette, seconded by Weldon.

Amendment: **ADD "LANDLORDS, RENTAL AGENTS, OR OTHER PERSONS" IN SECTION 27-333 (C).**

City Attorney White stated the purpose of the ordinance was to hold the property owners responsible.

Councilor Shealy asked to return the Ordinance to a workshop for further discussion.

Councilor Pruette withdrew the motion. Councilor Weldon withdrew the second.

MOTION WITHDRAWN AS AMENDED.

Consensus: **SEND ORDINANCE TO APRIL WORKSHOP.**

Ord. No. 2003-03

ORDINANCE NO. 2003-03 – SECOND READ AND PULBIC HEARING – SPONSOR – VICE MAYOR GILBERT: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 15 PEDDLERS AND SOLICITORS AMENDING SECTION 15-1 AND ADDING SECTIONS 15-5, 15-6, AND 15-7 AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown opened the public hearing.

There being no comments from the public the public hearing was closed.

Moved by Gilbert, seconded by Pruette.

Motion: **TO ADOPT ORDINANCE NO. 2003-03 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Ord. No. 2003-04

ORDINANCE NO. 2003-04 - FIRST READ AND PULBIC HEARING – SPONSOR COUNCILOR WELDON: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO LANDLORD REGISTRATION; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; ADDING SECTION 27-334 RELATING TO PROHIBITED ACTIVITIES AND PROVIDING AN EFFECTIVE DATE.

Moved by Gilbert, seconded by Pruette.

Consensus: **TO DEFER ORDINANCE 2003-04 TO WORKSHOP.**

Mayor Brown opened the public hearing.

Leslie Karlin, 1506 Spindrift Circle West, stated the Summer Sands Homeowners Association held the landlords responsible. She felt the landlords should be responsible for the tenants.

Michael Adams, 320 First Street, felt Ordinance 2003-04 was an invasion of privacy and there were other ways the city could deal with the noise and parking problems.

Jeanell Wilson, 3090 South Third Street, representing the area realtors, stated the Ordinance was another layer of bureaucracy, was discriminatory and created extra work. She added property owner's names and addresses could be accessed through the tax rolls.

Fred Cattar, 110 Walnut Street, opposed Ordinance 2003-04. He added there were other laws in place to evict bad tenants.

Jim Myers, 1001 Florida Boulevard, opposed the ordinance stating it would take money to enforce and keep records.

Shirley Myers, 1001 Florida Boulevard, opposed the ordinance.

OLD BUSINESS / NONE

NEW BUSINESS

Development Order
900 Third Street

DEVELOPMENT ORDER, 900 THIRD STREET, CORAL PLAZA, ADDITION OF A SECOND FLOOR, AND PERMISSION TO PAVE A PORTION OF PINE STREET RIGHT OF WAY – DARRYL GRUBBS: Darryl Grubbs, owner of 900 Third Street, stated he was proposing to rebuild the burnt building as a two story. In order to do so he would need to use part of the right-of-way on Pine Street for a driveway. There

would only be two parking spaces on the right-of-way. The city could still come in and pave Pine Street without any effect except losing the two parking spaces. He would place a 48" pipe in the existing ditch and fill over it creating a small swell as well as adding landscaping.

Scott Johnson, S. Johnson Consultants, the engineer for the project, stated they had studied the drainage area and the proposed plan would not adversely affect anything upstream. The current ditch was in very bad shape and to cover it and put a 48" culvert in place of the existing 30" culvert would benefit the city.

Discussion ensued regarding landscaping. Mr. Grubbs committed to having his landscaper maintain the right-of-way.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR 900 THIRD STREET AND GRANT PERMISSION TO PAVE A PORTION OF PINE STREET RIGHT OF WAY.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

Development Order
200 First Street

DEVELOPMENT ORDER, 200 FIRST STREET, ADDITION OF A SHADE TRETTLE COURTYARD PATIO – EDWARD JONES: Mr. Ed Jones stated his request was to add a shade trestle with a fountain and bench seating in his courtyard.

Councilor Weldon asked Mr. Jones if he would be using the space for outdoor retail sales, which the code did not allow.

Mr. Jones replied if the code was rewritten to allow retail sales he would but as the code stood today he would not.

Councilor Weldon asked the Council to defer the development order to a workshop.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE THE DEVELOPMENT ORDER BASED ON THE RECOMMENDATION OF THE PLANNING & DEVELOPMENT REVIEW BOARD.**

The Planning & Development Review Board approved the Preliminary Development Order for a shade trestle with the following conditions: 1) no amplified music, 2) no after hour events shall be held and, 3) it was to be used for retail events.

Discussion ensued regarding the use of the space for outdoor retail sales.

Roll Call Vote:

MOTION CARRIED

Seagate Ave.
Subdivision

SEAGATE AVENUE SUBDIVISION DEVELOPMENT PLAN APPROVAL – STEVE JARRETT: Steve Jarrett stated the new plan for the Seagate subdivision was to extend the cul-de-sac in a teardrop shape with a teardrop shaped island in the center. The lot

sizes remained the same and would accommodate homes from to 4,000 to 7,000 square feet.

Councilor Gilbert questioned Mr. Jarrett about parking at the end of the cul-de-sac to allow citizens access to the intracoastal view of the sunset.

Mr. Jarrett replied there was no intention by the development or association to restrict public parking at the end of the cul-de-sac. He added he planned to landscape the area nicely.

City Manager Linn stated his only concern was that the sewage for the five lots located in Neptune Beach was to be provided by Jacksonville Beach and the utility code required connection to Neptune Beach if the sewer system was available in the future. He was also concerned because it would be impossible to limit that cul-de-sac to the 600 feet required by the code.

Mr. Jarrett replied he would be willing to disclose that information to the buyer upon the sale of the lots.

Councilor Weldon asked Mr. Jarrett what the size of the buffer zone would be.

Mr. Jarrett responded the buffer zone would be a minimum of 15 feet.

Moved by Shealy, seconded by Gilbert.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR SEAGATE AVENUE.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

SPECIAL CITY COUNCIL MEETING
APRIL 21, 2003, AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held April 21, 2003, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Richard Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Director of Finance Steve Ramsey
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

Order call

Mayor Brown called the special meeting to order at 7:00 p.m. and announced the purpose of the meeting was to approve the State Highway System Lighting, Maintenance Agreement.

City Manager Linn stated the Florida Department of Transportation determined Neptune Beach was eligible to receive \$9,568.00, under the State Highway System Lighting, Maintenance and Compensation program, for fiscal year 2002/2003.

Councilor Weldon questioned why the FDOT agreement was for the amount of \$9,883.00 as opposed to the \$24,298.56 total cost of the maintenance. He asked Finance Director Steve Ramsey to call the FDOT and request an increase in the amount.

Moved by Pruette, seconded by Shealy.

Motion: **TO APPROVE AND HAVE THE CITY MANAGER SIGN THE STATE HIGHWAY SYSTEM LIGHTING, MAINTENANCE, AND COMPENSATION AGREEMENT.**

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:05 p.m.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: The Ish Brant Beautification Committee was back on their semi-monthly meeting schedule. The committee was currently working on an application for a grant from the Jacksonville's Mayor Office Neighborhood Program, \$5,000 for improvements at Stevens Park. Also following up on a request from the state representative's office for a project to complete the culvert along Florida Boulevard. The Seagate Avenue and First Street beautification project was completed. The committee also continued the Yard of the Month program.

Councilor Pruette stated she would like to see some beautification and clean up around the water plant in Jarboe Park. She added she would like to place the disposal of the manholes in Jarboe Park on the punch list. City Manager Linn replied he was working with Director of Public Services Leon Smith to hire a crane to have them removed and find a way to dispose of them. He added at one time landscaping was planned for the fence around the water plant but after September 11th decided against it for security reasons.

Councilor Gilbert asked City Manager Linn to make sure that the west side of Florida Boulevard was still on the committee's agenda. City Manager Linn responded that was part of the project for the culverts on Florida Boulevard.

CITY MANAGERS PUNCH LIST

Bike Path

FLORIDA BOULEVARD BIKE PATH IMPROVEMENT: The Bike Path was complete and would be removed from the punch list. The city lowered the fence that was constructed by

the Florida Department of Transportation after receiving criticism from citizens.

Kings Rd. Bridge	<u>KINGS ROAD BRIDGE</u> : The purchase authorization was issued for the stringer repair. Director of Public Works Leon Smith stated it would take 6 weeks to receive the material. City Manager Linn received the estimates from Pittman & Hartenstien for the various options of repairs on the Kings Road bridge.
Underground Containers	<u>UNDERGROUND CONTAINERS</u> : Mr. Linn stated the underground containers had been shipped to Toronto, Canada and he was awaiting the arrival of the smaller containers for the beach accesses.
Utility Improvement Water	<u>WATER IMPROVEMENT PROJECT</u> : Councilor Weldon stated the project was behind schedule. City Manager Linn replied the contractor would soon be into the liquidated damage clause. Councilor Weldon voiced concern about oceanfront homes not being connected to the new water system. City Manager Linn stated the project never included replacing the main lines on Strand and Oceanfront. Due to the risk of structural damage to homes they were being connected on a case-by-case basis.
Utility Improvement Sewer	<u>SEWER IMPROVEMENT PROJECT</u> : The sewer project was moving along on schedule. Some palm trees on First Street had slowed down the work a little. Their roots had grown around the 6" pipe. The contractor has had to jet spray the roots loose from the old pipe. Some palm trees may be lost.
Public Services Facility	<u>PUBLIC WORKS FACILITY</u> : City Manager Linn stated the pre-qualifying proposal was advertised and a short list of qualified contractors would be selected to bid the project. Jose Perez, PQH Architects, stated he had met with the surrounding neighbors of the facility on the initial design. He went back to the drawing board and accommodated their wishes and desires. He presented and explained the new design to the Council. The request for qualifications was due on May 8 th and a short list would be selected. The general contractor would be selected on May 26 th . City Council would then review and approve the agreement. Construction was planned to start August 11 th and the project would be completed no later than July 2004. The budget for the project was 2.1 million. The contractors would be invited to suggest options and ways to lower the cost.
City Manager Contract	<u>CITY MANAGER EMPLOYMENT CONTRACT</u> : Councilor Shealy questioned why the approval of the City Manager's employment contract was not on the April regular meeting agenda. City Manager Linn replied the City Attorney was preparing the agreement and it would be placed on the May regular meeting agenda.

PUBLIC COMMENTS

Mike Disch, 118 Magnolia Street, stated the problem was unruly behavior not people living together.

R. V. Kovacs, 912 First Street, had problems with unruly neighbors and a difficult time getting police to respond. He added without police patrol on a regular basis people living on First Street would never be able to sleep.

Mary Ann Padrta, 1030 Second Street, stated she had problems with the neighbors living in the 900 block of First Street, hanging out on the balcony, playing football in the street, and using First Street as their private playground.

Rae Brady, 1636 Sea Oats Drive, questioned how it would be determined if people were living together or visiting. She also questioned the definition of "occupying" and how often landlords would have to register.

Fred Cattar, 100 Walnut Street, felt the city regulating property would not solve the problem of noisy and unruly neighbors. As an area realtor and member of the Northeast Florida Association of Realtors, he stated the association was strongly against the ordinance.

Kelley Strong, 2031 Marye Brant Loop South, felt rental properties were a form of business and landlords should register their business.

Beth Schultz, 608 Valley Forge Road North, questioned when the landlord registration would go into effect if adopted.

Lynda Padrta, 1113 First Street, favored limiting the number of unrelated persons living together to four. She added that occupational licenses were necessary for the operation of businesses in the city and landlords should be required to register.

Geynell Mohr, 225 Margaret Street, favored the ordinances limiting the number of unrelated persons living together and landlord registration.

Shirley Myers, 1001 Florida Boulevard, opposed landlord registration and felt the number of unrelated persons living together should be based on the size of property and number of legal parking spaces.

Chris Chin, 227-A Margaret Street, stated other cities had ordinances defining "family" and cited a few. She also felt rental properties should be considered a business.

Bonita Costner, 224 Margaret Street, felt there should be some kind of limitation and monitoring on rental properties.

Teresa Thomas, 224 Margaret Street, stated she no longer felt safe living in Neptune Beach and others were moving out. She favored passing the ordinance.

PROPOSED ORDINANCES

Ord. No. 2003-XX

ORDINANCE NO. 2003-XX, PROPERTY INSURANCE TAX: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING ARTICLE III PROPERTY INSURANCE TAX SECTION 21-71, AND DELETING SECTION 21-73, ESTABLISHING PERCENTAGE BY STATE STATUTES AND PROVIDING AN EFFECTIVE DATE.

City Manager Linn explained this ordinance resulted from the City of Jacksonville providing fire service to the City of Neptune Beach. The ordinance allowed the 2% of the property insurance tax collected by the state to be deposited in the City of Jacksonville's Fireman Pension Fund. The ordinance also changed the amount from 2% to the state mandated 1.92%.

Councilor Shealy agreed to sponsor the ordinance.

Consensus: **TO MOVE APPROVAL OF THE INTERLOCAL AGREEMENT TO THE MAY CONSENT AGENDA AND FORWARD THE ORDINANCE TO THE MAY REGULAR MEETING FOR FIRST READ.**

Recess/Reconvene

The meeting recessed at 8:40 p.m. and reconvened at 8:50 p.m.

Kings Road
Speed Bumps

KINGS ROAD SPEED BUMPS – PUBLIC HEARING: Mayor Brown opened the public hearing for the proposed speed bumps on Kings Road between Florida Boulevard and Forest Avenue.

Jamie Holway, 1129 Kings Road, stated Kings Road between Florida Boulevard and Forest Avenue did not have any stop signs. He added the cars speeded up to 45 mph. He was concerned about safety of children waiting on the school buses.

Robert Wood, 2000 Sandpiper Point, opposed speed bumps on Kings Road. He did not feel that speed bumps controlled speeding. He suggested stop signs, and more police patrol would reduce speeding.

Michelle McCullogh, 1601 Forest Avenue, opposed speed bumps on Kings Road and suggested more police patrol. She added that speed bumps penalized law-abiding citizens.

Brad Duttera, 2026 Cherokee Drive, opposed speed bumps on Kings Road. He suggested adding police presence to solve the problem.

Bill Fogg, 1207 Big Tree Road, opposed speed bumps on Kings Road. He suggested stop signs and police enforcement to help the problem.

Tim Kazmierczak, 2102 Acacia Road, opposed speed bumps on Kings Road. He added speed bumps would wear on cars and delay emergency services.

Kenneth Shubow, 1908 Strickland Road, opposed speed bumps on Kings Road. He felt the bumps would be hard to see and create more problems.

Lester Sanders, 2025 Marye Brant Loop North, opposed speed bumps on Kings Road. He felt other alternative should be explored. He added that Atlantic Beach was eliminating all the speed bumps in the city.

Patricia Sena, 1113 Hamlet Lane East, opposed speed bumps on Kings Road adding that more speed limit signs, watch for children signs, crosswalks, and stop signs were other alternatives.

Ron Powell, 1830 Nightfall Drive, opposed speed bumps on any section of Kings Road because it was a thoroughfare not a dead end street.

Michael Little, 1107 Kings Road, opposed speed bumps on Kings Road. He felt stop signs would be a better solution.

Terri Hunnewell, 1219 Trailwood Drive, opposed speed bumps on Kings Road. She added that crosswalks, caution children signs, and more police presence would be good solutions.

Jim O'steen, 1135 Kings Road, opposed speed bumps on Kings Road. He suggested more police presence to help identify the daily speeders.

Pete Kalleres, 1707 Forest Avenue, opposed speed bumps on Kings Road.

Ord. No. 2003-02

ORDINANCE NO. 2003-02, DEFINING FAMILIES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 TO INCLUDE A DEFINITION OF A FAMILY; ADDING SECTION 27-333 RELATING TO PROHIBITED ACTIVITIES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown voiced concern about the effective date of the ordinance if it was passed and how to notify the public. He added the ordinance was amended at the last council meeting to limit the number of unrelated persons to 4 in lieu of 3.

Councilor Shealy was concerned about enforcement of the ordinance. He felt there was a problem with enforcement. He questioned the two million dollar budget for the police department and wanted to see where the dollars were going. He felt the noise, parking, and speeding problems should be enforced.

Councilor Gilbert agreed with Councilor Shealy adding there should be laws that can be enforced. He felt the tools to enforce the laws should be there. He asked to see just how many complaints there would be if all the laws about speeding, riding bikes, partying at night were enforced with zero tolerance for 30 days.

Councilor Weldon was satisfied with the ordinance the way it was written.

Councilor Pruette stated the citizens were basically complaining about the lack of enforcement. She added it was the City Manager's responsibility to enforce the Code and the enforcement should be stepped up.

Consensus: **FORWARD TO THE MAY REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Councilor Pruette asked City Manager Linn to go through the codes and inform the council of the parts that needed to be enforced.

City Manager Linn stated the Police Chief supported the ordinance as a tool to enforce rowdy behavior in some locations. He encouraged the council to pass the ordinance as it was written. The Code Enforcement Board would enforce the ordinance with evidence of a violation. He added other communities had similar ordinances.

Councilor Shealy asked why the Chief was not present at the council meetings. City Manager Linn replied he did not require a department head presence at the council meetings unless there was a matter pending within that particular department. Councilor Weldon stated all department heads or a representative for them should be present at all council meetings.

Ord. No. 2003-04

ORDINANCE NO. 2003-04, LANDLORD REGISTRATION: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO LANDLORD REGISTRATION; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; ADDING SECTION 27-334 RELATING TO PROHIBITED ACTIVITIES AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown stated rental properties could be identified through the property appraisers office.

Councilor Gilbert stated he would not be opposed to the ordinance if it was a one-time registration for landlords with no fees and no permits required.

Councilor Pruette stated she was satisfied with defining "family" and limiting the number of unrelated persons living together to four. She felt that was all that was needed at this point and registering landlords would not work.

Councilor Gilbert stated the ordinance was not perfect but it was a good starting point.

Councilor Weldon felt registering landlords should be an annual event and permitting should be required.

Discussion followed regarding how to enforce to the ordinance.

Following the discussion Councilor Weldon withdrew the Ordinance.

ORDINANCE WITHDRAWN

CONTRACTS / AGREEMENTS

City Yard Project UPDATE OF CITY YARD PROJECT – JOSE PEREZ, PQH: Mr. Perez gave his presentation earlier in the meeting. There was no consensus.

ISSUE DEVELOPMENT

Public School Facility Planning INTERLOCAL AGREEMENT – PUBLIC SCHOOL FACILITY PLANNING: City Manager Linn explained last year the legislature past a statute whereby school boards were to be represented by local municipal planning agencies. Mr. Linn suggested tabling the agreement until the School Board and the City of Jacksonville acted on the agreement.

Consensus: TO TABLE APPROVAL OF THE AGREEMENT.

Kings Rd. Speed Bumps KINGS ROAD SPEED BUMPS: Mayor Brown felt the speed bump policy needed to be reviewed. After listening to the request of the public the council decided not to install speed bumps on Kings Road.

Consensus: TO NOT INSTALL SPEED BUMPS ON KINGS ROAD AND ADD MORE POLICE PATROL, AND CITY MANAGER TO INVESTIGATE CROSSWALKS.

Welcome Sign WELCOME SIGN – CITY MANAGER RICHARD LINN: The City of Atlantic Beach and the City of Neptune Beach jointly funded an effort for the design of a welcome sign to be placed at the entrance of the city by the Mayport flyover. The design was presented to the council. If approved the cost of the sign would be shared equally between the City of Atlantic Beach and the City of Neptune Beach and built into the budget next year. The sign would have to be approved by the Florida Department of Transportation.

Discussion ensued relating to the cost of landscaping and maintenance and which city would provide it.

Councilor Weldon made a request to look into other designs.

Consensus: TO REPORT BACK THAT THE ISSUE WAS NOT DEAD BUT THEY DID NOT LIKE THE CONCEPT AND WOULD LIKE FOR THEM TO EXPLORE A LITTLE MORE.

Financial Update FINANCIAL UPDATE FY 2003 – DIRECTOR OF FINANCE STEVE RAMSEY: Director of Finance Steve Ramsey updated the council on the current status of the budget for the 2003 fiscal year. Revenues and expenditures were right at the 50% mark and overall right on budget.

OPEN DISCUSSION

Councilor Weldon questioned the status of the Land Development Regulations Review. City Clerk Volpe replied she would contact Gary Dickens this week.

Councilor Shealy questioned the legality of the flashing sign at Solantic. City Manager Linn replied the issue would be going before the Code Enforcement Board for action.

Councilor Gilbert suggested a review of the sign ordinance and perhaps moving toward more monumental type signs.

Adjournment

There being no further business, the meeting adjourned at 10:40 p.m.

COMMUNICATIONS AND CORRESPONDENCE

Mayor Brown spoke with Mayor Marsden of Jacksonville Beach and suggested their city officials and staff meet with our city officials at the Kings Road Bridge to look at the benefits of expanding the sheet piling to accommodate a wider bridge in the future.

Councilor Weldon questioned the number of homes on the south side of the Kings Road bridge. City Manager Linn replied 29 of the 71 homes were in Jacksonville Beach.

Mayor Brown stated the St. Johns River Water Management District would be holding a meeting on Seawater Demineralization on March 18, 2003 in Deland, Florida. He questioned if Neptune Beach would like to be represented at the meeting.

Councilor Pruette heard complaints of permits taking a long time to process. She questioned how permits were issued when the building official was absent. City Manager Linn responded the statutory requirement for a permit was 30 days. The building official usually had the permits up to date before leaving town. If it was urgent it could be contracted out to Atlantic Beach.

Councilor Shealy stated the residents of Florida Boulevard heard about the speed bumps recently installed on Margaret Street. The residents of Florida Boulevard residents filed the proper paperwork with the city managers office and were still awaiting the installation of speed bumps. He asked the city manager to place the issue on the March workshop meeting.

CITY MANAGER REPORTS

Water Project	<p><u>WATER UTILITY PROJECT:</u> The original completion date for the water project was March 13, 2003. There would be days added to that date for the rain days that were missed. There was also a change order granted by the city to the contractor for additional money and 24 days on the Penman Road crossing. There was another change order for the stub out granting 2 additional days to the project.</p> <p>Councilor Pruette asked City Manager Linn to look into the standing puddles in streets where paving was completed.</p>
Sewer Project	<p><u>SEWER UTILITY PROJECT:</u> The contractor started the pipe bursting on portions of First Street and east west streets. The sewer line connections would be made the same day as the pipe bursting. When the patching was done they would be completely finished with that block.</p>
Public Works Facility	<p><u>PUBLIC WORKS FACILITY:</u> The drawings for the new public works facility were received and ready for review. The architect would be invited to the March workshop meeting to review the plans with the Council.</p>
Kings Road Bridge	<p><u>KINGS ROAD BRIDGE REPAIRS:</u> The 90% drawings for the Kings Road bridge repair were ready for review. City Manager Linn would set a meeting date for the engineer to brief council on the plans. He left a message for Vice President Scott Jones asking him if the price of the change order to expand the work could be reduced.</p>

PUBLIC COMMENTS

Virginia Cauthon, 617 Valley Forge Road North, favored Ordinance No. 2003-02. She lived next door to a house that was leased by five unrelated people.

Jim Schultz, 608 Valley Forge Road North, favored Ordinance No. 2003-02. He lived

across the street from a house that was leased by five unrelated people.

Judy Bost, 115 Walnut Street, favored Ordinance No. 2003-02; she also supported annual city inspections if it would benefit the landlords. She added the ordinance for "no short term rentals" needed to be addressed and enforced.

Lynda Padrta, 1113 First Street, asked about a sewer project schedule. She favored Ordinance No. 2003-02 and would also support permits. She questioned the weight limit of the Kings Road bridge.

Ronda McDonald, 515 Third Street, stated current ordinances should be enforced without having to limit the number of unrelated people living in a single unit.

CONSENT AGENDA

Ivy, Harris, & Walls

APPROVAL OF IVY, HARRIS & WALLS CONTRACT FOR \$9,400: The contract was to complete the Land Development Regulation Review and included five council meetings and the legal review.

Moved by Shealy, seconded by Weldon.

Motion: **TO APPROVE THE CONSENT AGENDA.**

ORDINANCES

Ord. No. 2003-02

ORDINANCE NO. 2003-02 – FIRST READ – SPONSOR COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 TO INCLUDE A DEFINITION OF "FAMILY"; ADDING SECTION 27-333 RELATING TO PROHIBITED ACTIVITIES; AND PROVIDING AN EFFECTIVE DATE.

Councilor Weldon stated without permitting rental properties it would be difficult to enforce the ordinance because there would be no means of tracking violations. He added he would not support annual inspections.

Councilor Pruette asked City Attorney White if the ordinance would be a problem to enforce. Mr. White replied if there were any problems it would be enforcement.

Vice Mayor Gilbert stated he would support a landlord registration.

Councilor Shealy suggested placing the issue of landlord registration on the March workshop meeting for discussion.

Council asked City Attorney White to draft an ordinance requiring landlord registration for the March workshop meeting.

Moved by Gilbert, seconded by Pruette.

Motion: **TO PASS ORDINANCE NO. 2003-02 ON FIRST READ.**

City Attorney White stated the underlined portions in Section 15.1 were new definitions that were inserted after the workshop meeting.

Councilor Weldon stated Section 15.7 (b) of the ordinance read: “No person shall stand or be upon or go upon any roadway for the purpose of soliciting a ride.” He questioned if hitchhiking was currently illegal.

City Manager Linn responded he was not aware of a local law that prohibited hitchhiking.

City Attorney White stated the language of the ordinance would make hitchhiking an infraction.

Councilor Weldon suggested striking the language “the purpose of soliciting a ride”.

Moved by Gilbert, seconded by Shealy.

Motion: **TO PASS ORDINANCE NO. 2003-03 ON FIRST READ AND FORWARD TO THE MARCH WORKSHOP MEETING FOR FURTHER DISCUSSION REGARDING SOLICITING OF RIDES.**

MINUTES
WORKSHOP CITY COUNCIL MEETING
MARCH 17, 2003 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 17, 2003 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance: IN ATTENDANCE:

Mayor Richard A. Brown	City Clerk Lisa Volpe, CMC
Vice Mayor James Gilbert	Director of Public Safety William Brandt
Councilor Harriet Pruette	Director of Public Services Leon Smith
Councilor Larry Shealy	Assistant to the City Manager Terry Klein
Councilor John Weldon	Assistant to the Building Official Piper Turner
City Attorney Christopher White	Deputy City Clerk Karla Strait, CMC
City Manager Richard A. Linn	

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The Ish Brant Beautification Committee was seeking a proposal from a landscape architect to design planting along the ditch that is being covered with the bike path. The funding would come from the Duval County Tree Mitigation.

CITY MANAGERS PUNCH LIST

Bike Path FLORIDA BOULEVARD BIKE PATH: The bike path was progressing. The Florida Department of Transportation was working on some problems with the construction.

Utility Improvement
Water WATER IMPROVEMENT PROJECT: The water improvement project was winding down. The original completion date was March 13, 2003. The contractor had 33 additional calendar days to complete the work east of Third Street, Phase B & C. There was also an additional 29 days for the Penman Road Crossing and 2 days for the stub out. The system had been pressure tested. He was awaiting a report from the engineer regarding the bacteriological testing. The connections were being made. Some homes were having problems with weak pipes due to the increased water pressure.

Council Weldon stated he wanted to revisit the issue of potential damage to residential plumbing. He added, as a courtesy, citizens might need to be noticed that there could be damage to pipes.

Utility Improvement SEWER IMPROVEMENT PROJECT: The sewer improvement was going well. The

- Sewer contractor was proceeding on schedule, paving and replacing the sod as they go.
- Councilor Pruette stated puddles were standing in areas where the contractor has repaved.
- Kings Rd. Bridge KINGS ROAD BRIDGE: The 90% drawings had been received and were available. However, since the drawings arrived a letter, from the Department of Transportation was received indicating the inspection completed on March 26, 2003, did not pass. The stringers were cracking and splitting. Public Works Director Leon Smith was working on a cost estimate for the repairs of the stringers. This brings to question whether to proceed with the plans to repair the bridge or to consider replacement of the bridge. Mr. Linn suggested setting a date to meet on location with the engineers to determine which direction to proceed.
- Discussion ensued regarding heavy vehicle traffic on the bridge.
- Consensus: **COUNCIL TO MEET AT THE KINGS ROAD BRIDGE MONDAY, MARCH 24, 2003 AT 6:00 P.M.**
- Drainage Impr. DRAINAGE IMPROVEMENT: Councilor Pruette was concerned about a drainage project that was approved many years ago that involved covering up ditches. Citizens were concerned about cutting down trees, higher water in the Hopkins Creek, flooding, and through traffic on streets. Mr. Linn stated it was a Florida Department of Transportation project that would improve the drainage between Ocean Oaks and Neptune Lane. The drainage starts in Jacksonville Beach, flows north up Fifth Street, goes under Fifth Street to Penman Road and out into the marsh. The DOT designed the project and a public hearing was held. Councilor Weldon asked City Manager Linn to add this project to his punch list.
- Underground Containers UNDERGROUND CONTAINER: City Manager Linn signed a proposal with Alpha Manufacturing to purchase 15 sandstone colored containers to be placed on the beach.
- Public Services Facility PUBLIC WORKS FACILITY: The 60% drawings were complete and available for review. City Manager Linn would schedule a meeting with the architect if necessary.
- Councilor Weldon stated he would like the architect PQH, to make a presentation to the Council on the project.

PUBLIC COMMENTS

- Samuel Lloyd, 223 Florida Boulevard, requested the city install speed control devices on Florida Boulevard to slow traffic that accelerates to catch the green light at Florida Boulevard and Third Street.
- Dan Disch, 224 Florida Boulevard, requested the city install speed bumps on Florida Boulevard east of Third Street due to the high volume of traffic and safety of the children.
- Lynda Padrta, 1113 First Street, supported placing speed bumps on Florida Boulevard. She stated she had noticed a change in her water pressure since the new water lines were installed and connected. She asked Council to consider the details of the cable franchise agreement and try to model the City of Jacksonville's franchise agreement. She added she had a wonderful boss.
- Ron Powell, 1830 Nightfall Drive, was concerned about the safety of the Kings Road Bridge. He favored a complete new bridge.

Beth Schultz, 608 Valley Forge Road North, was concerned how the ordinance requiring landlord registration would be enforced.

Tim Kazmierzak, 2102 Acacia Road, was concerned about the weight limit on the Kings Road bridge. He suggested opening an alternate route for heavy vehicles. He stated there was a one-block section of Kings Road that did not have a sidewalk and asked for the sidewalk to be installed. He added Acacia Road was not a heavy-duty road and the garbage trucks were shifting the pavement.

Judy Bost, 115 Walnut Street, stated she did not object to landlord registration. She did question how it would benefit the city.

LuJuan Kazmierczak, 2102 Acacia Road, asked the city to install a sidewalk on the one block portion of Kings Road that was without one.

Donald White, 1414 First Street, opposed an ordinance that would require landlords to register with the city. He felt enforcement of the current parking ordinance would curb the partygoers. He thanked the council for having stop signs installed on First Street adding that they helped to slow traffic. He suggested adding angled parking on Florida Boulevard with sidewalks on each side.

PROPOSED ORDINANCES

Ordinance
No. 2003-03

ORDINANCE NO. 2003-03, PEDDLERS AND SOLICITORS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 15, PEDDLERS AND SOLICITORS, AMENDING SECTION 15.1, AND ADDING SECTIONS 15.5, 15.6, AND 15.7 AND PROVIDING AN EFFECTIVE DATE.

City Attorney White suggested inserting language in Section 15.5 at the end of subparagraph a: "including ATM's and immediate surrounding area."

Consensus: **TO ADD THE LANGUAGE SUGGESTED BY THE CITY ATTORNEY AND LEAVE THE LANGUAGE "SOLICITING A RIDE" IN TACK AND FORWARD TO THE APRIL REGULAR MEETING FOR SECOND READ AND PUBLIC HEARING.**

Ordinance
No. 2003-XX

ORDINANCE NO. 2003-XX, LANDLORD REGISTRATION: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO LANDLORD REGISTRATION; AND PROVIDING AN EFFECTIVE DATE.

City Attorney White stated an editorial correction was made on page 2 the word permit was taken out and replaced with the word registration. City Manager Linn stated in Section C insert the word "be" before "unlawful."

Mayor Brown opposed the ordinance. He was concerned about the cost and workload this would put on staff and also felt it was a step toward inspections. City Manager Linn stated the initial year would create a workload of creating the register. After the first year it would only need to be updated and should not be that great a task.

Councilor Pruette questioned when the ordinance would be put into effect. City Attorney White stated the ordinance would not be implemented on an immediate basis. The Council would have to define an effective date.

Councilor Shealy questioned what the benefit to the city would be. City Manager Linn stated the greatest benefit would be for the city to be aware of how many rental units

there were in the city and whom they belonged to. The information could be used in controlling density.

Councilor Weldon stated the registration would help control density and illegal apartments. It would also make landlords more responsible.

Councilor Shealy felt it would be a privacy issue and he was not comfortable with the ordinances.

City Attorney White stated the ordinance would provide a tool to enforce the ordinance limiting the number of unrelated persons living in a single residence. Councilor Pruette agreed.

Councilor Gilbert stated most of the citizens he spoke with did not have a problem with registration. They did have a tremendous problem with permits and annual inspections. He added it would help identify the owner of the property. He agreed it was only a tool.

City Attorney White asked the Council when they would like the ordinance to take effect. Councilor Weldon suggested 90 days after passing. Mayor Brown suggested January 1, 2004.

Councilor Weldon agreed to sponsor the ordinance.

Consensus: **FORWARD TO THE APRIL REGULAR COUNCIL MEETING FOR FIRST READ.**

Recess/Reconvene Mayor Brown called a recess at 8:15 p.m. the reconvened at 8:20 p.m.

CONTRACTS / AGREEMENTS

CATV Franchise **PROPOSED ATTORNEY-CLIENT AGREEMENT WITH LEIBOWITZ & ASSOCIATES TO SERVE AS ADVISORS TO THE CITY MANAGER IN THE FRANCHISE RENEWAL NEGOTIATIONS WITH COMCAST:** City Manager Linn asked to table the renewal of the cable franchise agreement. It did not expire until September 8, 2005. City Attorney White stated it was not in the time window to renew.

ISSUE DEVELOPMENT

Police Jackets **REQUEST FOR PUBLIC SAFETY TO EXPEND \$6,000 FOR UNIFORM JACKETS FROM THE FINE AND FORFEITURE FUND:** City Manager Linn requested the Council approve an expenditure from the Fines and Forfeiture Fund in the amount of \$6,000 for new police jackets. The Florida Statutes required approval from the Council to use the Fine and Forfeiture Fund. Chief Brandt stated the jackets were around \$250.00 each and they could be worn during all seasons.

Consensus: **FORWARD TO THE APRIL REGULAR COUNCIL MEETING CONSENT AGENDA.**

Nature Preserve **ESTABLISHMENT OF A NATURE PRESERVE:** Councilor Pruette wanted to establish a nature preserve at the foot of Seagate Avenue and protect the area to allow residents to visit and watch sunsets and boats.

City Attorney White advised leaving the area alone as a city right-of-way. The original deed specified the right of way could be used only and exclusively for streets and utilities. The Council would run the risk of losing the right-of-way by allowing the property to be used for any other purpose.

Councilor Gilbert suggested allowing citizens to use the end of Forest Boulevard for observing sunsets and boats traveling on the intracoastal. City Manager Linn responded the property was going to be used as part of the new public works facility.

Councilor Pruette asked if two parking spaces and signs could be placed at the end of Seagate Avenue and Forest Boulevard to make citizens aware they could access the area for their enjoyment.

Councilor Shealy stated placing parking spaces at the end of the street would invite unwanted strangers onto others property. He added sunsets over the intracoastal could be viewed in other areas.

Councilor Gilbert agreed adding he would not want strangers parking at the end of his street. He stated there was a big difference between the street ends on the ocean and the intracoastal street ends.

City Manager Linn added parking was allowed anywhere in the city as long as a "no parking sign" was not posted.

Steve Jarrett stated from the audience that his new development plans included paving Seagate Avenue all the way down to the intracoastal allowing for a 180° full view of the intracoastal right on the proposed paved road. He added there was not a lot of traffic on the west end of Seagate Drive except for the people that lived there. He did not see what else could possibly be done to make the property available to the public.

Traffic Safety

TRAFFIC SAFETY EAST OF THIRD STREET: Councilor Shealy was concerned about the traffic safety east of Third Street. He stated Florida Boulevard, Bowles Street, Davis Street, and Lara Street, south of Florida Boulevard were the only streets left east of Third Street that did not have speed bumps. He suggested using the money saved from the traffic calming islands on First Street be used to for a circular plant island at Florida Boulevard and First Street and to install stop signs and speed bumps on those streets that did not have them.

City Manager Linn stated it would best to install the traffic calming devises after the Utility Improvement Project was complete and the major resurfacing was done. He suggested speed humps in lieu of speed bumps.

Consensus: **TO INSTALL SPEED BUMPS ON FLORIDA BOULEVARD.**

City Manager Contract

EXTENSION OF EMPLOYMENT CONTRACT FOR THE CITY MANAGER: City Manager Linn requested Council consider extending his employment agreement for a two-year term past the July 7, 2003 expiration date.

Councilor Gilbert stated the City Manager dealt with a lot of problems. He felt the City Manager was doing a good job in each city department with the exception of complaints about the building department. He favored a two-year extension.

Councilor Shealy felt the Council should conduct a performance evaluation in fairness to the City Manager. He added he had not been on the council long enough to have the information required to extend the contract another two years. He suggested extending the contract one year with an option after that. He added the contract asked the City Manager to prepare in writing his annual goals and objectives.

Mayor Brown stated the City Manager position was challenging and he supported the request for a two-year contract extension.

Councilor Pruette stated there were many projects in process that were initiated by City Manager Linn and it would be unfair not to extend his contract. She also felt the Building Department was the weakest link. She suggested the Council and City Manager define the City Managers goals together. She favored a two-year extension.

Councilor Weldon stated he had not been on the council long enough to extend the contract another two years. He would be satisfied with a one-year extension. He stated the building department had a tough job resisting the pressure of the citizens as well as acting in the best interest of the community.

Discussion ensued regarding the terms and conditions of the contract.

City Manager Linn asked the council to consider altering the contract for a separation pay of six months in lieu of three months, changing the base salary in Section 7 to reflect his current salary, strike the annual 5% salary increase to have the salary increase set by the council at budget review, and to have his performance review in writing one council member at a time in lieu of at a public meeting.

Consensus: **TO FORWARD TO THE APRIL REGULAR MEETING.**

Adjournment

There being no further business, the meeting adjourned at 9:53 p.m.

WORKSHOP CITY COUNCIL MEETING
KINGS ROAD BRIDGE
MARCH 24, 2003 AT 6:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held March 24, 2003 at 6:00 p.m., at the Kings Road Bridge and in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Supervisor of Streets Paul Williams

Call to Order/Roll Call

Mayor Brown called the meeting to order at 6:00 p.m.

Kings Road Bridge

KINGS ROAD BRIDGE: City Council and members of staff met with the design engineers, Scot Jones and Lev Zilberman from Pitman Hartenstein & Assoc. for the repair of the Kings Road Bridge at the bridge.

City Manager Linn stated the engineers had provided a design and cost estimate to repair the abutment of the bridge. After the estimate was received the Department of Transportation did an inspection of the bridge. The inspection concluded that the stringers were cracking and splitting and two of them needed to be replaced. Street Supervisor Paul Williams stated his department did routine maintenance on the bridge by adding rock under the plates of the abutment.

The design engineers stated the cost to completely replace the bridge would be roughly \$400,000 and the cost to replace the stringers only would be around \$20,000. The gave two sketches of either a two lane bridge or a one lane with a sidewalk.

Council discussed a two part option of first to repair the abutments then to completely replace the bridge.

The meeting moved to City Hall and reconvened at 6:50 p.m.

Councilor Weldon stated he saw two problems: 1) to conform with the State compliance and 2) look at the long term solution.

City Manager Linn stated he could get an estimate for a one lane concrete span bridge

with a sidewalk and a separate estimate to bring the bridge in compliance.

The engineer suggested proceeding with the stringer repairs and deciding what type of bridge the city would like in the future. He added a timber bridge would be less expensive but it would require more maintenance.

Council agreed to a one lane concrete bridge with a sidewalk.

City Manager Linn stated he would need to have the engineers give some information so that the replacement of two stringers could be send out for bid or request for proposal.

Consensus: **TO MOVE FORWARD WITH REPAIRS OF THE STRINGERS AND ABUTMENTS.**

The engineer suggested the city write a letter to the Department of Transportation informing them the bridge was under repair.

City Manager Linn stated it would take 5 to 6 weeks to prepare a contract. He would have to shop prices get various quotes and then call a special meeting for approval of emergency repairs.

Easement on Florida
Blvd.

City Manager Linn stated a special meeting would need to be called to approve the necessary easement on Florida Boulevard in order for the contractor to complete the water project. The easement was necessary because the contractor could not locate the underground utilities with the information given to them by the utility companies.

Councilor Weldon stated he would like to revisit the city's relationship with the engineer.

City Manager Linn stated the City Attorney was working on the paperwork for the easement and the contractor would be held up until the easement was granted. He added the State would approve the funds for change order in the loan for the project.

Council agree to hold a special meeting when the easement was ready so that work would not be unnecessarily delayed any further.

There being no further business the meeting adjourned at 7:21 p.m.

Articles I, II, & III**

LAND DEVELOPMENT REGULATIONS REVIEW – GROUP 1, ARTICLES I, II, & III:
City Manager Linn stated Ivy, Harris & Walls, agreed to continue working with the city in the effort to revise Chapter 27, Land Development Regulations for the cost of \$9,400, which included the legal review.

Gary Dickens, Ivy, Harris & Walls, stated his firm was originally hired in 1999 to review the Land Development Regulations. He explained the intent was to review and improve the regulations, not to completely rewrite them. He added the latest version of the land development regulation changes dated March 24, 2003, included all the ordinances he was given.

Councilor Weldon stated he expected all changes after each meeting to be included in the revised edition for the next meeting. City Manager Linn replied the City Clerk would be the direct line of communication with the consultant to get everything updated.

Mayor Brown asked Mr. Dickens what would be the best way to move through the changes. Mr. Dickens replied it would be best to look at each page collectively and he would point out the changes made by the previous councils. He would ask this council if they agreed or disagreed with those changes that were underlined or struck through.

Article I, In General

SECTION 27-15. DEFINITIONS: Councilor Weldon suggested postponing Section 27-15. Definitions because definitions would be added throughout the review.

SECTION 27-24. ENCROACHMENT AND REDUCTION OF LOT AREA: Councilor Pruette questioned if the footprint bill should be included in this section.

Article II, Administrative
and Enforcement
Bodies

Consensus: **TO NOTE IN SECTION 27-24 TO REFER TO SECTION 27-706.**

DIVISION 1. GENERALLY: NO CHANGES

DIVISION 2. PLANNING & DEVELOPMENT REVIEW BOARD.

SECTION 27-36. ESTABLISHMENT: Councilor Weldon suggested this section clarify the PDRB handled commercial review development plans.

Consensus: **TO ADD: AS SUCH, THE PDRB HEARS COMMERCIAL VARIANCES REQUESTS. STRIKE: "AND APPROVE OR DENY".**

SECTION 27-37. PURPOSE: Councilor Weldon requested the "Goals and Objectives of the Board" be added at the end of the paragraph. Mr. Dickens suggested making sure it was consistent with the Comprehensive Plan. Councilor Weldon responded the Board referred to Chapter 27 not the Comprehensive Plan.

Consensus: **TO HAVE THE CONSULTANT REVIEW THE "GOALS AND OBJECTIVES" SUBMITTED BY COUNCILOR WELDON AND COMPARE THEM WITH THE COMPREHENSIVE PLAN.**

SECTION 27-38. MEMBERSHIP AND OFFICERS.

Consensus: **STRIKE "THE ARCHITECTURAL REVIEW AND/OR" IN (h)**

Consensus: **STRIKE ALL REFERENCES TO ARCHITECTURAL REVIEW IN (h) & (i).**

Consensus: **STRIKE "SUBJECT TO CONFIRMATION BY THE CITY COUNCIL" IN (i).**

SECTION 27-39. GENERAL FUNCTIONS, POWERS AND DUTIES.

Consensus: **LEAVE "ADVISORY" IN (a) 4).**

Consensus: **LEAVE "HISTORIC PRESERVATION" AND STRIKE OUT "OR ARCHITECTURE" IN (b) (2) & (b) (3)**

Consensus: **ADD "PRELIMINARY DEVELOPMENT ORDER" STRIKING "DEVELOPMENT REVIEW" IN (c).**

DIVISION 3. BOARD OF APPEALS

SECTION 27-46. ESTABLISHMENT.

Consensus: **ADD "ADMINISTRATIVE" BEFORE "APPEALS" AND INSERT "RESIDENTIAL" BEFORE "VARIANCES" IN 27-46.**

SECTION 27-47. MEMBERSHIP AND OFFICERS.

Consensus: **STRIKE OUT "AND SECRETARY" IN (f).**

SECTION 27-48. GENERAL FUNCTIONS, POWERS AND DUTIES.

Consensus: **ADD "RESIDENTIAL" BEFORE "VARIANCES" IN (2)**

DIVISION 4. CODE ENFORCEMENT BOARD: NO CHANGES

DIVISION 5. CITY STAFF: NO CHANGES

DIVISION 6. CITY COUNCIL: NO CHANGES

Recess/Reconvene

The meeting recessed at 9:05 p.m. and reconvened at 9:20 p.m.

Article III. Administrative
& Enforcement
Procedures

DIVISION 1. GENERALLY: NO CHANGES

DIVISION 2. DEVELOPMENT REVIEW

SECTION 27-76. GENERALLY.

Consensus: **STRIKE ALL REFERENCE TO FINAL DEVELOPMENT PLANS.**

SECTION 27-78. DEVELOPMENT PERMIT REQUIRED.

Consensus: **DO NOT CHANGE.**

SECTION 27-82 PROCEDURE FOR APPLYING FOR AND ISSUING DEVELOPMENT ORDERS.

Consensus: **CHANGE 6 MONTHS TO 3 MONTHS; STRIKE "PRELIMINARY PLAN SUBMITTAL AND" AND CHANGE FINAL TO PRELIMINARY IN (b)**

Consensus: **ADD THE WORD "PUBLIC" BEFORE "HEARING" IN (e)**

Consensus: **ADD "WITH OR WITHOUT CONDITIONS" IN (f)(1).**

Consensus: **STRIKE "PLANNING AND DEVELOPMENT REVIEW BOARD" AND ADD "COUNCIL" AND ADD THE FOLLOWING SENTENCE AT THE END OF THE PARAGRAPH: "THE FINAL DEVELOPMENT PLAN SHALL BE CONSISTENT WITH THE PRELIMINARY DEVELOPMENT ORDER AND MAY CONTAIN NO LAND USE PROPOSALS DIFFERENT THAN THOSE APPROVED IN THE PRELIMINARY DEVELOPMENT ORDER" TO (g)**

Consensus: **CHANGE (h) TO (i) ADDING THE FOLLOWING NEW LANGUAGE TO (h): REVIEW OF FINAL DEVELOPMENT PLANS AND ISSUANCE OF A FINAL DEVELOPMENT ORDER. THE PLANNING AND DEVELOPMENT REVIEW BOARD SHALL CONDUCT A PUBLIC HEARING ON THE FINAL DEVELOPMENT PLAN TO DETERMINE WHETHER THE PLAN SATISFIES THE REQUIREMENTS OF THIS CODE. BASED ON THE DETERMINATION FROM EVALUATING THE ABOVE FACTORS, THE PLANNING AND DEVELOPMENT REVIEW BOARD SHALL EITHER: (1) ISSUE A FINAL DEVELOPMENT ORDER COMPLYING WITH SECTION 27-87 OF THIS CODE WITH OR WITHOUT CONDITIONS; OR (2) REFUSE TO ISSUE A FINAL DEVELOPMENT ORDER IF IT IS NOT POSSIBLE FOR THE PROPOSED DEVELOPMENT, EVEN WITH REASONABLE MODIFICATIONS, TO MEET THE REQUIREMENTS OF THIS CODE.**

SECTION 27-88. REQUIRED AND OPTIONAL CONTENTS OF FINAL DEVELOPMENT ORDERS.

Consensus: **STRIKE "PLANNING AND DEVELOPMENT REVIEW BOARD" AND ADD "CITY STAFF".**

DIVISION 3. PLATTING REQUIREMENTS

SECTION 27-101.1 (b) (5)

Consensus: **TO LEAVE (b) (5) AS IS.**

SECTION 27-102. PROCEDURES FOR PLATTING

Consensus: **STRIKE "IN DUPLICATE" AND ADD "TEN COPIES" AND STRIKE "HOWEVER, NO FINAL DEVELOPMENT PLAN APPROVALS OR ORDERS SHALL BE ISSUED UNTIL THE PLATTING PROCESS HAS BEEN COMPLETED, FIRST AND FOREMOST" TO (a).**

Consensus: **STRIKE "ONE" AND ADD "COPIES" TO (b).**

DIVISION 4. MINOR REPLAT REQUIREMENTS: NO CHANGES

DIVISION 5. GUARANTEES AND SURETIES.

SECTION 27-116. MAINTENANCE OF IMPROVEMENTS.

Consensus: **AND "FINAL" BETWEEN APPROVED AND DEVELOPMENT PLAN IN (b) (1).**

DIVISION 6. ENFORCEMENT OF DEVELOPMENT PERMITS AND ORDERS: NO CHANGES

DIVISION 7. REVIEW OF ADMINISTRATIVE AND LEGISLATIVE DECISIONS.

SECTION 27-133. REVIEW OF ADMINISTRATIVE DECISIONS.

Consensus: **ADD "COMMERCIAL" AS THE FIRST WORD IN THE LAST SENTENCE BEFORE "LAND USE" IN (a)**

DIVISION 8. VARIANCES

SECTION 27-144. NOTICE REQUIREMENTS.

Consensus: **FOR THE CONSULTANT TO REVIEW REMEDY NOTICES
REQUIREMENTS AND DISCUSS THIS SECTION BEFORE ANY
CHANGES WERE MADE.**

DIVISION 9. SPECIAL EXCEPTIONS: NO CHANGES

DIVISION 10. AMENDING THIS CODE: NO CHANGES

DIVISION 11. AMENDING THE COMPREHENSIVE PLAN: NO CHANGES

MINUTES
REGULAR CITY COUNCIL MEETING
FEBRUARY 3, 2003, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held February 3, 2003, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Jimmy Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher A. White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Pruette to lead the pledge of allegiance. He asked everyone to observe a moment of silence in memory of the seven astronauts who lost their lives in the space shuttle Columbia tragedy on February 1, 2003.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS / NONE

APPROVAL OF MINUTES

Motion: **TO APPROVE THE FOLLOWING MINUTES AS STATED:**

JANUARY 6, 2003, REGULAR CITY COUNCIL MEETING

Moved by Weldon, seconded by Gilbert.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown
Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Vice Mayor Gilbert thanked City Manager Linn for the prompt attention in which the speed bumps were installed on Margaret Street.

Councilor Pruette stated she had not received an annual report that she requested in a memo to the City Manager. City Manager Linn responded the report was sent out last week.

CITY MANAGER REPORTS

Water Project WATER UTILITY PROJECT: The water project was at the final stage of pressure testing. If tested okay the entire system would be disinfected and a sample given to the Department of Environmental Protection. If the sample was bacteria free the service connections would then be made. The patch paving was to begin this week. The City Attorney was preparing the documents for the required easement at the intersection of Florida Boulevard and Penman Road. The open cut trenching had been subcontracted out. The project should be completed in three to four weeks.

Sewer Project SEWER UTILITY PROJECT: The notice to proceed was given in January. The contractor had 90 days to start. The project would start at Seagate Avenue and move south to avoid interference with the water project.

PUBLIC COMMENTS

Teresa Thomas, 224 Margaret Street, thanked the Council and City Manager for installing speed bumps on Margaret Street.

Marsha Coker, 206 Margaret Street, thanked the Council and City Manager for the prompt attention installing speed bumps on Margaret Street.

Ellen Cordy, 1929 Seagate Avenue, opposed having a public facility in her backyard on Seagate Avenue, stating she would not want her children playing outside with strangers lurking in the park. She added that if the Council voted in favor of the park they would be voting in the best interest of the City of Jacksonville and not the City of Neptune Beach.

Geynell Mohr, 225 Margaret Street, thanked council for installing the speed bumps and extra police patrol on Margaret Street. She hoped that special attention would also be given to the residents on Seagate Avenue.

Dennis McClendon, 1914 Seagate Avenue, opposed a park at the end of Seagate he felt it would create a traffic problem. He also had safety concerns for children.

Bill Brogdon, 1930 Seagate Avenue, stated the Council listened to a select group of people when acting to install speed bumps on Margaret Street. He felt the residents of Seagate Avenue deserved the same consideration as those on Margaret Street and they all favored Jarrett's development and were opposed having a park.

Lynda Padrta, 1113 First Street, opposed approval of the height variance appeal at 115 North Street stating there was no hardship for an upper deck. She favored a preserve over a park for the end of Seagate Avenue.

Debbie Fields, 1901 Forest Avenue, stated the property at the west end of Seagate Avenue was the last undeveloped property on the marsh in Neptune Beach and should be respected and left in its natural state.

Craig Fields, 1901 Forest Avenue, he did not want to see the property at the end of Seagate Avenue developed. He asked the Council to vote "no".

Bill Cissel, 1924 Seagate Avenue, favored the Jarrett development at the end of

Seagate Avenue. He stated the development would increase property value and increase in the tax base. He added the development would have to meet state and federal permit requirements and those agencies would not allow any danger to the wetlands. He asked the Council to keep their personal opinions out of the vote and vote in favor of the development.

Joanne Waddill, 115 Oleander Street, member of the Ish Brant Beautification Committee, stated she had spoken with Mike Middlebrook and he assured her the property would be a preserve because it was not big enough to be a park. She asked Council to adhere to the Code on the development. She also asked that the Ish Brant Beautification Committee be allowed to adopt and maintain the entire area of Seagate Avenue.

Nelson Humphrey, 1908 Seagate Avenue, favored Jarrett's development stating the west end of Seagate Avenue could not handle a park.

Hank Baltar, 2029 Sandpiper Point, member of the Planning & Development Review Board, felt a preserve would serve all citizens of Neptune Beach. He also felt Jarrett's development should be rejected because it did not follow the correct procedure or comply with city codes.

Mark Dillon, 1550 Kings Road, was involved in trying to create the Hopkins Creek Preserve to no avail because it was currently under development. He felt the property at the west end of Seagate Avenue should be preserved.

Sybil Ansbacher, 2008 Strand Street, Chairperson of the Board of Appeals, explained the Boards decision to deny the variance appeal for 115 North Street was based on there being no hardship. She added the Council originally set the height limit at 28' and the Board upheld that decision.

Roger Bennett, 1871 Nightfall Drive, felt Council did not have enough facts to make a decision in favor of the development because the plans had been amended at each review and were not complete.

Ron Powell, 1830 Nightfall Drive, also felt the Council did not have enough information to make a decision in favor of the development and they could only vote on what they expected it to be. He added it was prime property and deserved a prime development plan.

John Dawson, 1910 Seagate Avenue, stated that Mr. Steve Jarrett had more at stake than just a development because he intended to own one of the seven lots. He quoted Mayor Delaney in a newspaper article that read: "the City of Jacksonville had more parkland than any other city in the United States." He added that Mr. Jarrett had complied with everything the Council requested and his plans should not be delayed. He also had spoken with Mr. Middlebrook and was shown plans for a park not a preserve. He was assured the area would be made into a park and not a preserve.

Jeannie Jones, 630 Cherry Street, favored Jarrett's development over a park. She added that Mr. Jarrett had met all the Council's requirements. She had concerns about the Kings Road Bridge if a park was created. She asked the Council to vote "yes" for the development.

Tom Brannon, 2020 Tara Court, favored the Jarrett development. He asked the Council to vote "yes" for the development. He felt there would be no benefits in the property being a preserve.

Kerry Chin, 227A Margaret Street, thanked Council for taking action on the speed

bump issue on Margaret Street. He felt the Jarrett development did not follow proper procedure and should go through state and federal agencies before getting approval from the city.

Christine Chin, 227A Margaret Street, thanked Council for installing the speed bumps on Margaret Street. She felt the development procedure was out of order and the plans should be completed before it was approved.

Julie Anderson, 1637 Arrowhead Trail, encouraged Council to vote "no" and support the Board of Appeals decision on the height variance appeal for 115 North Street. She supported Ordinance No. 2003-01 giving notice of Planning & Development Review Board meetings. She felt the development order should follow procedure.

Rudolf Lowery-Ball, 1834 Nightfall Drive, felt development plans should go through the review system and be done correctly.

Janet Boone, 1936 Seagate Avenue, agreed with Mr. Dawson (above) stating Jarrett had first position as a buyer for the property at the west end of Seagate Avenue. She added that Mr. Jarrett had complied with Council requests and the Council had a moral responsibility to move forward with the development and not continue to change procedure to accommodate more requirements.

Leslie Karlin, 1506 Spindrift Circle West, supported the 28' height limit. She stated her experience with the Jarrett development behind Summer Sands found Mr. Jarrett difficult to work with. She felt the development plan should follow procedure and Council did not have enough information to vote in favor of it.

Sue Conley, 1864 Nightfall Drive, stated the issue should not be a "park" verses a "development." It was an issue of the development order. She felt the developer should be clear on what the development would be and follow the code.

LaJuan Kazmierczak, 2102 Acacia Road, favored the development now that Mr. Jarrett had offered to provide access to the intracoastal. She added it would also be a substantial increase in the city's tax base.

Recess/Reconvene Mayor Brown called for a recess at 8:25 p.m., the meeting reconvened at 8:40 p.m.

Jim Miller, 1633 Hopkins Creek Lane, stated Mr. Jarrett had presented conceptual plans and felt the Council should proceed and vote on the development order. As the city engineer he suggested implementing the master plan and getting all the houses on the south side of the Kings Road Bridge off septic tanks and on a master sewer system.

Tim Kazmierczak, 2102 Acacia Road, stated that if the development fell within city guidelines Mr. Jarrett should have the option to develop it. He was concerned about the weight of emergency vehicles on the Kings Road Bridge.

Sandy Leidy, 1810 Strand Street, felt the reason for the objections to the park was that people were unsure of what it would be. He stated he had spoken with Mr. Middlebrook and was informed verbally (not in writing) that the property would be preserved.

CONSENT AGENDA / NONE

VARIANCES

115 North St.

APPEAL OF VARIANCE REQUEST ON HEIGHT LIMITATION – 115 NORTH STREET: City Manager Linn explained this was an appeal for a height variance at 115 North Street that was denied by the Board of Appeals.

Michael Dunlap, architect for the project, explained building a three level home at a 28' height limit would not be attractive. The existing duplex on the property would be completely demolished. The owners wanted to construct a single family home with a third level deck that would exceed the 28-foot height limit by 4 feet. The plans met all other required setbacks. The basis for his appeal was there was not substantial competent evidence for the Board to deny the request. There was one vote on the Board in favor of the variance request. He added there were other issues in maintaining a variance other than being required to have a hardship.

Moved by Weldon, seconded by Pruette.

Motion: **TO DENY THE APPEAL AND SUPPORT THE DECISION OF THE BOARD OF APPEALS.**

Councilor Pruette stated she supported the decision of the Board of Appeals and asked City Attorney White to explain to the new members of the Council what the Council considered when hearing an appeal. City Attorney White responded the Council could only decide whether or not procedural due process was afforded the applicant and whether or not there was competent substantial evidence to support the Board's decision.

Vice Mayor Gilbert felt the height limitation in Neptune Beach was sacred. The citizens of Neptune Beach asked for the 28' height limit and he would deny any requests to exceed that limit until it was changed.

Councilor Weldon stated everyone would like to have an ocean view and that was the purpose of the deck. He added granting height variances would create towers all over the R-4 district that would allow for ocean views.

Mayor Brown stated it was a nice design but the height was not allowed. He called for the vote.

City Attorney White stated the motion should be either to reject or affirm the decision of the Board. So in this case the motion should be to affirm the decision of the Board of Appeals.

Moved by Weldon, seconded by Pruette.

Motion: **TO AFFIRM THE DECISION OF THE BOARD OF APPEALS.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown.

MOTION CARRIED

ORDINANCES

Ord. No. 2003-01

ORDINANCE NO. 2003-01 – SECOND READ AND PUBLIC HEARING – SPONSOR COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-40(d), ADDING ADDITIONAL LANGUAGE RELATING TO NOTICE OF MEETINGS OF THE PLANNING AND DEVELOPMENT REVIEW BOARD AND PROVIDING AN EFFECTIVE DATE.

Mayor Brown opened the floor for public comments.

Lynda Padra, 1113 First Street, commented that she was in favor of any improvements that would notify citizens of changes in their neighborhood.

There being no further comments the public hearing was closed.

Moved by Gilbert, seconded by Weldon.

Motion: **TO ADOPT ORDINANCE NO. 2003-01 ON SECOND READ AND PUBLIC HEARING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

MOTION CARRIED

OLD BUSINESS

Seagate

FINAL DEVELOPMENT ORDER, SEAGATE SUBDIVISION – STEVE JARRETT: City Manager Linn explained the history of the development order dating back to June 2002. Mr. Jarrett was considering subdividing the parcel at the west end of Seagate currently owned by Roberts Interests in June 2002. The development order was withdrawn at the developers request. The Planning & Development Review Board made a recommendation to the City Council in July 2002. The Council delayed action pending the abandonment of the right-of-way on Seagate Avenue. The request laid dormant until January 2003 at which time the developer requested it to be placed back on the agenda.

Building Official Dan Arlington made the following comments:

- 1) The issue of the natural buffer zone still was not resolved.
- 2) The driveway on the end was not resolved unless Council considered it was city property. Mr. Arlington thought it still appeared to be private property.
- 3) There will be no on street parking.
- 4) The cul-de-sac was over 600 feet.
- 5) The cul-de-sac width, actual paved radius, had been corrected.
- 6) The city right-of-way would have 120 feet in diameter, but it was the same as the pavement.
- 7) If the road is widened then the existing road should also be widened.
- 8) He thought lot 3 and 5 would require variances.

City Manager Linn asked Mr. Arlington to elaborate on the natural buffer zone. He understood the developer had to acquire a permit from the St. Johns River Water Management District and he was not sure that would satisfy the city ordinance for wetland protection. Mr. Arlington responded the ordinance stated to protect and not allow development to occur on the wetlands.

Councilor Shealy asked Mr. Arlington if previous developments were held to the same standards or if precedence had been set. Mr. Arlington responded previous developments were not held to the same standards.

Moved by Gilbert, seconded by Shealy.

Motion: **TO ACCEPT THE DEVELOPMENT ORDER PROVIDED THAT ALL THE NECESSARY PERMITS ARE IN PLACE FROM THE VARIOUS AGENCIES THAT PERTAIN TO WETLANDS, DRAIN STORMWATERS, WHATEVER UTILITIES ARE DESIRED.**

Councilor Weldon read the following prepared statement:

Our Council will seldom have an opportunity like this one to positively influence the direction of land development at the beaches. I will vote to deny this development application for the following reason; first, it is not compliant with the Land Development Regulations of Neptune Beach. The proposed cul-de-sac far exceeds the 600-foot maximum length specified in our Code. Some may argue that we have waived this provision in the past. I assert that we are under no obligation to waive it tonight. Each of these applications are judged on their own merits. Precedent is not an issue. Second, this proposal does not offer adequate wetland buffer zones. The Hopkins Creek estuary has been designated a conversation area by Neptune Beach. It should be and must be protected from residential fertilizer and pesticide runoff. This application does not offer any guarantee of buffer zone width in fact it proposes to fill some adjacent wetlands. Third, the proposed platting of the site will encourage variance applications by eventual property owners. The applicant has essentially agreed on the record that this was the case. This runs counter to Council responsibility in approving final development orders. Why would we approve a proposal only to have it modified by the Board of Appeals. Finally and most importantly, the proposed design of this sight will actively discourage if not deny public access to the intra coastal waterway at the western end of the Seagate right-of-way. Once homes have been constructed and landscaping has grown in this will not look like a street end. Furthermore, there will be no place for the public to park. I will vote no on this proposal and I encourage my fellow council members to do likewise. We are well within our authority to do so.

Councilor Pruette had reservations. She did not believe the Code had been followed from the very beginning of the development. She felt more information was needed to make a decision.

Mayor Brown felt the Council needed to be in the position that the development met all the Codes and at that point there would be nothing else to debate.

Councilor Shealy stated the people that were most effected were in favor of the development. The motion was contingent upon approval from the state and federal agencies. He was concerned about the second position contract on the property. He supported the motion to move forward with the contingencies.

Vice Mayor Gilbert stated when the development order was first reviewed it was contingent upon abandonment of the city right-of-way. The Council deferred action at that time. Then a representative came forward to explain another use of the property should the current plans not be approved. That put Mr. Jarrett in a position to take immediate action at which time he proposed plans that did not require abandonment of the city right-of-way. Comments were then made regarding park benches and the road not stopping before the driveway at which point Mr. Jarrett complied and extended the road past the driveway. The reason the development order did not follow procedure was because the Council asked for changes. To gain approval of other agencies on development orders had not been protocol in Neptune Beach for the past three years. To set that protocol now was unfair and a burden on the contractor who had every right to develop the property without consideration of an alternate use of the property. The reason the plans were not complete was the City's responsibility. Vice Mayor Gilbert concluded the Environmental Protection Agency would not allow anyone to destroy the property and it was not right to delay the development in any manner.

Councilor Weldon asked the Chair to recognize Mr. Jarrett.

Steve Jarrett stated he submitted a fully engineered set of plans for the development. The Council requested him to make changes and he complied with those requests. The Council has acknowledge in the past the Code was out of sync with reality and the

procedure should be changed to grant final development orders contingent on all other permits being received. The Council at the workshop meeting waived having the plans reviewed again by the Planning & Development Review Board. The plans were in compliance and he was in the process of obtaining environmental permits. Mr. Jarrett was unsure what the delay was and asked the Council what they wanted him to do and why they felt the plans were not in compliance.

Mayor Brown stated if the plans were code complaint there was not an issue.

Vice Mayor Gilbert stated he asked Building Official Dan Arlington to ask Mr. Jarrett to answer any unresolved questions at the workshop meeting. Mr. Jarrett provided answers to his questions at that time. Councilor Gilbert called a point of order to take a vote.

City Attorney White brought to the Council's attention that the City's Planning & Development Code was not the best. The process under Section 27-76 stated "site plan approval of the final development shall be required in all instances in all districts except where requirements for submittal of development plans are waived by the City Council in acting upon written recommendations submitted by the Planning & Development Review Board." He advised that through its action Council sometimes waived certain procedural compliance under the Code by acting on written recommendations of the Planning & Development Review Board.

Motion: **TO APPROVE THE DEVELOPMENT ORDER CONTINGENT UPON THE FOLLOW UP PERMITS FROM THE VARIOUS AGENCIES, WHATEVER OTHER PERMITS ARE REQUIRED BY MR. JARRETT IN ORDER TO RECEIVE A PERMIT FROM THE CITY OF NEPTUNE BEACH.**

Roll Call Vote:

Ayes: 2 – Gilbert, Shealy

Noes: 3 – Pruette, Weldon, Brown

MOTION FAILED

NEW BUSINESS

Special Event

REQUEST FOR A SPECIAL EVENT – IDS – JAMES W. INGALLS: City Manager Linn stated he had met with Mr. Ingalls prior to the holidays and asked him to present the event to the Planning & Development Review Board for a recommendation. The PDRB recommended approval of the one time special event. The event would be held in the parking lot of the Sea Horse Motel on April 25th, 26th, and 27th.

Moved by Gilbert, seconded by Shealy.

Motion: **TO APPROVE.**

Councilor Weldon asked if alcoholic beverages would be served. City Manager Linn replied alcoholic beverages would be served under the Sea Horse Motel's license.

Councilor Weldon questioned who would be competing.

Mr. Ingalls, representative for IDS, stated the original format was to have high school students compete. However, upon investigation the Florida High School Athletic Association informed they did not allow teams to compete out of season. He then approached the U.S.A. Volleyball Florida Region office and they agreed to aide in identifying 8 teams of men and 8 teams of women to compete. There would be an entry fee for participants. Finals would be held on Sunday and cash prizes would be

awarded.

Councilor Pruette asked City Manager Linn to inform the Town Center Board of the event.

Councilor Weldon felt the city would be endorsing a commercial event to benefit the sponsors. He asked what the benefits would be for Neptune Beach. He also had concerns relating to parking, police protection, and crowd control.

Jim Ingalls responded the event would attract more visitors to Neptune Beach on the weekend of the "Opening of the Beaches". They had approached businesses in the area to participate and allow parking in their lots. He had included the cost of police protection using Neptune Beach police officers in the budget. He had obtained a permit from the Department of Environmental Protection and approached the Army Corp of Engineers relating to the sand for the volleyball court and its disposal. The Green Market agreed to relocate that Saturday. The bands would not play past 10:00 p.m. and the event would end at 11:00 p.m. on Friday and Saturday nights. The entire event would shut down Sunday at 6:00 p.m.

Councilor Weldon questioned insurance and liability. Mr. Ingalls replied IDS was required to carry a one million dollar policy and would provide insurance to the City and the Sea Horse Hotel.

Councilor Weldon suggested council consider approving the concept only and gather more details, including approval from the Town Center Agencies before approving the event.

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Building Official Dan Arlington

Absent:
City Attorney Christopher White

Call to Order/Roll Call

The Mayor called the meeting to order at 7:00 p.m.

OPENING COMMENTS

Mayor Brown stated the meeting was called to discuss how and when to continue the review of the Proposed Land Development Regulations. He added the review had been a lengthy process and council members have changed throughout that period. It was important to remember they could not start with a clean slate. He felt problems and inconsistencies in the code needed to be cleaned up in a manner that would be respectful of property rights and would not decrease property values.

Vice Mayor Gilbert stated he looked forward to continuing the review of land regulations.

Councilor Shealy stated the current Land Development Regulations had caused a lot of indecisiveness in the past. He was looking forward to cleaning up the code.

Councilor Pruette stated the original intent of the review was not to completely rewrite the code but to clean up the language and inconsistencies. She stated the citizens wanted to keep Neptune Beach the way it was. She wanted to know what the inconsistencies were in the code and what had been changed since beginning the review.

Councilor Weldon stated the intent was not to change Neptune Beach. He felt the way to preserve and maintain the ambiance was to structure the code to protect the community. His six years experience on the Planning & Development Review Board made him aware the code was severely flawed.

DISCUSSION

Councilor Weldon offered the following background information:

About five years ago a review committee was formed consisting of City Manager Linn, himself and three or four other people. The committee determined they needed a consulting firm specializing in land uses to guide them through the process. The first order of business of the committee was to send out a proposal for bids and review the applications for a consulting firm. For several months they interviewed eight different firms and narrowed it down to Ivey, Harris, & Walls. The consultant started addressing the Planning & Development Review Board, the city staff, and the City Council about how to approach the project. They sent out a survey to the citizens and categorized what they liked about Neptune Beach. The consultants then started reviewing the code piece by piece first with the Planning & Development Review Board and then with the Council. The review with the Council was never completed.

Councilor Weldon stated that without an effective organized code the city would be vulnerable to changes beyond its control. He asked for a commitment of the Council to complete the project.

Vice Mayor Gilbert felt the Council should commit to one night a month to complete the review.

Councilor Shealy asked should it start over at the Planning & Development Review Board level or be taken up where the Council left off. Councilor Weldon responded the Planning & Development Review Board had already reviewed it and suggested starting at the council level.

Council questioned if changes made by previous councils, and the ordinances passed since the last update, were incorporated into the draft document.

City Manager Linn informed the latest update from Ivey, Harris, & Walls was from the year 2001. The document did not include changes from the October 8, 2001 and the May 28, 2002, Council meetings or Ordinances passed after 2001.

City Manager Linn spoke with Gary Dickens, Ivey, Harris, & Walls, and the firm was interested in completing the process. Mr. Linn recommended sending the information from the two council meetings and the ordinances that were not included in the draft to the consultant to be incorporated into the document. The cost of completing the review would be between \$7,000 and \$10,000 total, including five meetings with the consultants and the final legal review with Rogers, Towers, Bailey and Gay. Mr. Linn stated the code should include redevelopment since the city was 96% built out.

Councilor Weldon stated a consultant was necessary. Ivey, Harris and Walls were already involved in the process and knew more about it than anyone new they could hire.

City Manager Linn suggested starting out by inviting the consultants to a meeting asking them to explain the changes that were recommended by previous councils.

Mayor Brown suggested council hear from the public and staff before bringing the consultants back in. He did not want the consultants telling them what to do with each meeting. He wanted to see exactly where the flaws were in the old code and where they had been corrected in the new code.

Councilor Shealy agreed with Councilor Weldon that \$40,000 has already been spent on the project and should move forward.

Councilor Gilbert stated the Council should receive the material two weeks before the meeting so they had plenty of time to review it.

City Clerk Volpe stated each Councilor should make sure they had the latest version for each meeting and discard any old versions. She suggested having the consultants update the document with all changes to date and start from that point.

Councilor Pruette stated she would like to see exactly where the flaws were in the old code and where it had been corrected in the new code.

John Webber, the fire marshal for the City, stated the Council should start with the definitions because they would be carried out through each section of the code. The Council should come to a consensus on every change they wanted to make in each section. He asked them to think about what they wanted Neptune Beach to be in the next ten years.

Councilor Weldon agreed that the definitions would carry through each section and could be modified at that point if necessary.

Councilor Gilbert stated the most important thing to him at this point was to get the correct material in advance.

Councilor Pruette stated the money was not in the budget and questioned where the funds to pay the consultants would come.

City Manager Linn replied the money would come out of the contingency fund which held \$100,000.

Councilor Weldon asked for a consensus to rehire Ivey, Harris, & Walls to complete the project.

City Manager Linn stated he would send Ivey, Harris, & Walls the documents to incorporate into the draft and ask them to prepare a proposal. He would present the proposal at the February workshop meeting.

Councilor Weldon proposed to go ahead and schedule the next meeting and if there was an objection to the proposal they could postpone it.

City Manager Linn recommended scheduling the meeting on Monday, March 10, 2003 to review group one.

Consensus: **TO HOLD A MEETING ON GROUP ONE OF THE LAND DEVELOPMENT REGULATIONS ON MONDAY, MARCH 10, 2003.**

PUBLIC COMMENTS

Judy Bost, 115 Walnut Street, approved of moving forward with the Land Development Regulations review. She was concerned about illegal parking.

Lynda Padrta, 1113 First Street, ask that the city require the consultants to provide an electronic copy of any documents for the staff and the public.

Ron Powell, 1830 Nightfall Drive, member of the Planning & Development Review Board, stated a lot of money and work went into the reviewing the Land Development Regulations and he would like to see the project completed.

For the Record Councilor Weldon asked City Manager Linn to brief the Council on the security precautions the city staff had undertaken in response to the federal government raising the security threat level to orange.

City Manager Linn stated because it was not on the agenda and was not advertised to the public the topic could not be discussed.

City Clerk Volpe stated a letter from Chief Brandt regarding the heightened threat level was placed in the council mailboxes earlier in the day.

Adjournment

There being no further business, the meeting adjourned at 8:25 p.m.

MINUTES
WORKSHOP CITY COUNCIL MEETING
FEBRUARY 24, 2003 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held January 27, 2003 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Safety William Brandt
Director of Public Services Leon Smith
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

Call to Order/Roll Call Mayor Brown called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS / NONE

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The committee was awaiting a proposal from a landscape architect for landscaping the area of the Mayport flyover. City Manager Linn inquired about using the county's tree mitigation funds for the proposed landscaping.

CITY MANAGERS PUNCH LIST

Bike Path BIKE PATH IMPROVEMENT: City Manager Linn stated there were concerns that the bike path was close to an open ditch. He would address the issue with the Florida Department of Transportation. Representative Don Davis had been asked to request the culvert continue on to the Mayport flyover. Council Pruette suggested having a split rail fence installed.

Utility Improvement Water UTILITY IMPROVEMENT PROJECT WATER: The water project was in the final stage. The contractor had started the pressure testing and paving. Jim Miller, PBS&J, stated the project should be complete by the middle of March pending clearance from the state.

Utility Improvement Sewer UTILITY IMPROVEMENT PROJECT SEWER: Jim Miller, PBS&J, stated the projected completion date for the sewer project was February 17, 2004.

Kings Rd. Bridge KINGS ROAD BRIDGE: The Kings Road Bridge would be discussed further into the meeting.

Underground UNDERGROUND TRASH CONTAINERS: The manufacturer was awaiting a purchase

Containers	order for the purchase of our large units before shipping the smaller ones for trade. Once the smaller containers were received they would be installed.
Seawood Dr.	<u>CLEANING OF CITY RIGHT-OF WAY – SEAWOOD & LINCOLN:</u> With the cooperation of the neighbors on Seawood Drive and Lincoln Road Director of Public Services Leon Smith had the right-of-way cleaned.
City Hall A/C	<u>CITY HALL AIR CONDITIONING:</u> City Manager Linn stated the air conditioning units on City Hall had to be replaced. He asked the Council to allow him to send out a Proposal for Bids for replacing the units. The cost would be funded through the contingency non-departmental line item.

PUBLIC COMMENTS

Judy Bost, 115 Walnut Street, felt the current noise and parking ordinances should be enforced to control the problem of multiple unrelated persons living together in a single unit. She opposed permitting rental property.

Dr. Bob Grovenstein, 411 Snapping Turtle Court East, Atlantic Beach, owner of rental property in Neptune Beach, felt permitting landlords was another layer of bureaucracy that was not needed. He opposed installing traffic islands on First Street.

Wanda Sauls, 126 Cedar Street, was concerned large vehicles would not be able to get through First Street with the traffic islands. She felt stop signs would be sufficient for traffic calming on First Street and would be less expensive.

Laura Johnson, 1062 Kings Road, felt an ordinance regulating unrelated persons living in a single unit would be difficult to enforce and would place too much responsibility on the landlords.

Mike Disch, 118 Magnolia Street, favored traffic calming on First Street in any manner to discourage cruising.

Fred DeSapio, 234 Florida Boulevard, felt there would be a problem with enforcing an ordinance regulating the number of unrelated persons living in a single unit. He also opposed rehiring Ivy, Harris and Walls for the continuance of the land development regulations.

Marsha Coker, 206 Margaret Street, favored the ordinance limiting the number of unrelated persons living in a single unit. She stated the recently installed speed bumps on Margaret Street had slowed traffic.

Lynda Padrta, 1113 First Street, commented an annual inspection by the city in Virginia saved her mothers life. She opposed rehiring Ivy, Harris, & Walls. She stated the residents east of Third Street wanted something done about the traffic on First Street.

JoAnne Waddill, 115 Oleander Street, felt landlords caused the problem of too many unrelated people living together. She thought registering rentals was an excellent idea.

Chris Chin, 227 Margaret Street, stated there was a problem on Margaret Street with too many people living in a single apartment and she would like to see something done. She felt landlords should take more responsibility for their tenants. She also favored installing traffic islands on First Street.

Geynell Mohr, 225 Margaret Street, stated, as a landlord she would not mind having her rental property inspected. She felt enforcing the current ordinances would help control too many unrelated people living together. She felt the absentee landlords were a big problem. She suggested placing stop signs at every block on First Street to help control cruising on First Street.

David Baker, 1102 First Street, stated that the speeding and illegal parking ordinances were not being enforced. He suggested posting a 20-mile per hour speed limit east of Third Street.

Laura Parham, 214 Bowles Street, felt that defining families would be too personal. She suggested allowing an exception in the ordinance for landlords who lived on their property.

Ben Rodriguez, 1224 Forest Oaks Drive, opposed the ordinance defining families and inspecting rental property.

Ray Corbin, 209 Bay Street, suggested adding partial speed bumps in lieu of stop signs to calm traffic on First Street. He felt that annual inspections of rental property were an invasion of privacy. He added that privately owned single-family homes could also have unrelated people living together. He suggested annual voluntary inspections.

Beth Schultz, 608 Valley Forge Drive North, favored an ordinance defining families. The home across the street from her had five unrelated people living in it.

Bonita Costner, 224 Margaret Street, favored an ordinance defining families. She stated nine people currently rented one unit on Margaret Street.

Teresa Thomas, 224 Margaret Street, thanked the Council for having the speed bumps installed on Margaret Street. She favored an ordinance to define families.

Recess/Reconvene Mayor Brown called a recess at 8:35 p.m. the meeting reconvened at 8:45 p.m.

PROPOSED ORDINANCES

Ordinance
No. 2003-XX

ORDINANCE NO. 2003-XX, AMENDING SECTION 27-15 ADDING A DEFINITION OF "FAMILY" AND ADDING SECTION 27-333 RELATING TO LANDLORD PERMITS: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA RELATING TO DEFINING FAMILIES; REQUIRING RENTAL PERMITS; PROHIBITING OCCUPANCY OF FAMILY DWELLING UNITS BY UNRELATED PERSONS ABOVE A SPECIFIED NUMBER; PROVIDING PENALTIES AND VIOLATIONS; AMENDING SECTION 27-15 TO INCLUDE A DEFINITION OF "FAMILY"; ADDING SECTION 27-333 RELATING TO LANDLORD PERMITS AND PROVIDING AN EFFECTIVE DATE.

City Attorney Chris White stated there were two issues in the ordinance to consider. The first was to define "family"; the second issue was "landlord permits." He added the ordinance did not include or require annual inspections by the city.

Councilor Pruette stated the ordinance was not about city inspections and she opposed city inspections. The ordinance was to relieve residents from abuses caused by landlords who did not care.

The Council discussed how to define "family", what the maximum number of unrelated persons in one household should be, the cost of landlord permits, and how the ordinance

would be enforced.

Consensus: **ELIMINATE SECTION 1-12 A & B REGARDING PERMITTING REQUIREMENTS AND FORWARD TO THE MARCH REGULAR MEETING FOR FIRST READ.**

Councilor Weldon stated he wanted to bring back a separate ordinance on the landlord permitting issue.

Ordinance
No. 2003- XX

ORDINANCE NO. 2003-XX, AMENDING SECTION 15.5, 15.6, AND 15.7, REGULATING SOLICITING OR BEGGING ON PUBLIC PROPERTY: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 15 ADDING SECTIONS 15.5, 15.6, AND 15.7 AND PROVIDING AN EFFECTIVE DATE.

Director of Public Safety William Brandt stated the purpose of the ordinance was to control aggressive panhandling and collectors for charities in medians.

Vice Mayor Gilbert agreed to sponsor the ordinance.

Consensus: **FORWARD TO THE MARCH REGULAR MEETING FOR FIRST READ.**

Ordinance
No. 2003- XX

ORDINANCE NO. 2003-XX, AMENDING SECTION 27-71 TO CHANGE THE AMOUNT OF THE CHAPTER F.S., CH. 175 TAX ON INSURANCE COMPANIES: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING ARTICLE III PROPERTY INSURANCE TAX SECTION 21-71, ESTABLISHING PERCENTAGE BY STATE STATUTES AND PROVIDING AN EFFECTIVE DATE.

City Manager Linn asked to table the ordinance because it was not ready.

Consensus: **TABLE THE ORDINANCE UNTIL READY.**

CONTRACTS / AGREEMENTS

Ivy, Harris, & Walls

CONTRACT WITH IVY, HARRIS, & WALLS – CONTINUE REVIEWING LAND DEVELOPMENT REGULATIONS: City Manager Linn stated Ivy, Harris & Walls agreed to complete the Land Development Regulations for \$9,400. The cost would include five meetings and the legal review. Mr. Linn added the \$9,400 was not budgeted and would come out of the contingency fund.

Councilor Pruette felt the completion of the Land Development Regulations should be put on hold until the money was budgeted. She asked to be shown where the code was broken and how it was being cleaned up.

Councilor Shealy stated \$40,000 had already been spent on the project. He supported moving forward with the contract. Councilor Weldon, Vice Mayor Gilbert, and Mayor Brown also supported moving forward.

City Manager Linn stated a meeting on Land Development Regulations was scheduled for March 10, 2003. Ivy, Harris, & Walls would need to provide the document for the meeting. He asked for a consensus to move the contract to the March regular meeting for a vote.

Consensus: **RESCHEDULE THE LAND DEVELOPMENT REVIEW MEETING FROM MARCH 10, TO MARCH 24, 2003.**

Consensus: **FORWARD TO THE MARCH REGULAR MEETING FOR A VOTE.**

Pitman & Hartenstein

CONTRACT WITH PITMAN & HARTENSTEIN – KINGS ROAD BRIDGE REPAIR DESIGN: City Manager Linn received two proposals from Pitman & Hartenstein to design the repairs of the Kings Road bridge, one for \$35,575 would allow for future expansion, and the second for \$150,585 to completely replace the bridge.

Councilor Weldon thought the proposals were extremely high. He suggested receiving competitive bids. He felt patching the problem was a lack of foresight and the work and money invested in the project now should be recovered when the time came to expand the bridge.

Councilor Shealy suggested asking the City of Jacksonville Beach for financial assistance because Jacksonville Beach residents had to access their property through the Kings Road bridge.

Councilor Gilbert agreed Jacksonville Beach received benefits from the bridge and Neptune Beach should not bear the full burden.

Councilor Pruette agreed it would benefit the citizens of Jacksonville Beach as well as Neptune Beach.

City Manager Linn stated Jacksonville Beach viewed the bridge as being located in Neptune Beach. It was the same as Neptune Beach residents driving over a bridge in Jacksonville Beach.

Councilor Weldon asked Mayor Brown to speak with Mayor Marsden regarding sharing some of the cost of the bridge repairs. He added access could also be opened though Jacksonville Beach.

City Manager Linn stated the city was at a disadvantage to renegotiate the contract because a contract was already in place. He recommended moving forward with the contract that was already in place. The Better Jacksonville funds would be used.

Consensus: **NOT TO MOVE FORWARD WITH THE ANY ADDITIONAL CHANGES TO THE CONTRACT AT THIS TIME. TO HAVE MAYOR BROWN TALK TO MAYOR MARSDEN AND CITY MANAGER LINN TALK TO PITMAN HARTENSTIEN.**

ISSUE DEVELOPMENT

First Street

TRAFFIC CALMING ISLANDS AND STOP SIGNS ON FIRST STREET: The traffic study, which was completed several years ago proposed traffic calming islands to be placed at selected intersections on First Street. There was now concern over large vehicles maneuvering around the islands.

Councilor Gilbert stated he preferred having stop signs installed at every intersection with the exception of one traffic-calming island at Florida Boulevard.

Councilor Pruette agreed with Councilor Gilbert. She asked if the city could get a change order for a refund of the cost of the islands.

Mr. Miller, PBS&J, responded the cost of \$20,000 for the traffic calming islands was a line item in the contract and a change order could be done for a refund.

City Manager Linn stated at the time of the traffic study the Council preferred the traffic calming islands to speed bumps on First Street. Mr. Linn recommended stop signs at

every intersection in lieu of traffic calming islands.

Discussion continued about traffic and parking on First Street.

Councilor Weldon stated if stop signs were installed at every intersection on First Street they would need to be installed at every intersection on Second Street to avoid diverting the traffic to Second.

Councilor Shealy stated experts recommended the traffic calming islands and he was not ready to abandon them.

City Manager Linn asked Council for a consensus to install the stop signs immediately.

Councilor Weldon suggested a 30-day waiting period to allow time for public input.

City Manager Linn stated he would have to order the stop signs and it would take a few weeks for delivery. He asked Council to make a decision on the traffic calming islands so he could initiate the change order as soon as possible. He added the islands could always be added at a later date.

Consensus: **TO PLACE STOP SIGNS AT ALL INTERSECTIONS ON FIRST STREET AND SECOND STREET AND TABLE THE TRAFFIC CALMING ISLANDS.**

Adjournment

There being no further business, the meeting adjourned at 10:55 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

MINUTES
REGULAR CITY COUNCIL MEETING
JANUARY 6, 2003, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held January 6, 2003, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown
Vice Mayor Jimmy Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher A. White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith
Director of Finance Steve Ramsey
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Deputy City Clerk Karla Strait, CMC

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked everyone to observe a moment of silence in memory of former Mayor Ish Brant who passed away on January 2, 2003. Following the moment of silence Councilor Shealy led the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Beaches Voter
Challenge

In response to Mayor Brown's Beaches Voter Challenge Resolution 2002-06, following the results of the 2002 election, City of Jacksonville Beach Mayor Marsden, and City of Atlantic Beach Mayor Meserve awarded the City of Neptune Beach a plaque for achieving the highest percentage of registered voter turnout.

Councilor Pruette informed the audience that the Ordinance limiting the number of unrelated persons per household was not on the agenda. She added it would be placed on the January workshop agenda.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES AS STATED:

DECEMBER 2, 2002, REGULAR COUNCIL MEETING
DECEMBER 3, 2002, SPECIAL COUNCIL MEETING
DECEMBER 9, 2002, WORKSHOP COUNCIL MEETING
DECEMBER 16, 2002, WORKSHOP COUNCIL MEETING
DECEMBER 17, 2002, SPECIAL COUNCIL MEETING

Moved by Gilbert, seconded by Pruette.

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

COMMUNICATIONS AND CORRESPONDENCE

Councilor Pruette inquired about “road work” signs on Leeward Landing off Florida Boulevard. City Manager Linn responded the signs were in place to advise the beginning of construction of the Bike Path. The signs were required by the state to identify the work zone and limit the liability.

Councilor Shealy asked City Manager Linn to have the shrubbery that was obstructing the view of the stop sign south of Cedar Street on First Street trimmed.

City Clerk Volpe stated January's Council Workshop meeting would fall on Martin Luther King Jr., Day and City Hall would be closed. She suggested moving the Workshop Meeting to Monday, January 27, 2003.

Consensus: **TO MOVE THE JANUARY WORKSHOP MEETING FROM THE 20TH TO THE 27TH.**

Agenda Amend. Mayor Brown amended the agenda to hear the Seagate Avenue Development Order.

NEW BUSINESS

Seagate Ave. **DEVELOPMENT ORDER – ROBERTS LAND, SEAGATE AVENUE:** Steve Jarrett explained the revised plans for the development order no longer required the city to abandon the right-of-way at the end of Seagate Avenue. He asked to withdraw the recommendation of the abandonment from his application. The new proposal was to develop the seven lots that were in compliance. The developer would pave the road and install the water, sewer and stormwater management improvements.

Councilor Gilbert asked since the Development Order was code compliant was it no longer an issue.

Legal Advise City Attorney White advised if the order was code compliant the Council would have to pass it, if not it would create other issues. He added the Council could not postpone the decision for other reasons.

Mayor Brown suggested deferring the decision because most were hearing the details for the first time and there was another presentation for the property use.

Councilor Weldon was concerned paving the driveways on the right-of-way would imply functional abandonment. Mr. Jarrett replied he would pave the road 24 feet wide to the end of the marsh to allow public access to the intra coastal.

Councilor Shealy was concerned about the legalities.

Legal Advise Attorney White replied if a developer complied with the city requirements to develop a piece of property it would be first in line whatever the other options were. If the action was postponed or denied and the developer took the City to court the court would decide if the actions taken by the Council were in good faith for legitimate reasons or if it was a delay tactic to achieve another purpose.

Mayor Brown was concerned if allowing improvements on the right-of-way would imply abandonment.

Legal Advise Attorney White stated the right-of-ways would be established in the description of the property.

Discussion ensued regarding functional abandonment verses legal abandonment.

Councilor Weldon felt because the Development Order had been revised it should be returned to the Planning & Development Review Board for recommendation.

Councilor Pruette stated the Code required homes all the way around the cul-de-sac and the development order did not met those requirements. Steve Jarrett responded the Code stated each lot would have a minimum of 35 feet along the road right-of-way and the three lots abutting the right-of-way met the requirement. Councilor Pruette agreed with Council Weldon that the Development Order should be returned to the Planning & Development Review Board for a recommendation.

Legal Advise City Attorney White stated the Council had three options: 1) take action on the Development Order, 2) not take action, or 3) return it to the Planning & Development Review Board.

Councilor Gilbert was concerned the property would be turned over to the City of Jacksonville if they were to obtain a grant for a park preserve. He did not think it would be appropriate to hear a presentation from the park grant representatives.

Discussion ensued regarding if the Development Order should be returned to the Planning & Development Review Board for a recommendation.

Moved by Shealy, seconded by Pruette.

Motion: **SEND TO THE WORKSHOP MEETING AND WAIVE SENDING IT TO THE PLANNING & DEVELOPMENT REVIEW BOARD.**

For the Record City Attorney Chris White stated on the record there was no requirement to send it back to the Planning & Development Review Board. Building Official Dan Arlington stated Section 27-28 of the Code required Council to make a decision within 20 days to either approve or deny Development Orders in the same form approved and recommended by the Planning & Development Review Board. Attorney White stated that by deferring action the Council agreed not to send it back to the PDRB.

Roll Call Vote:

Ayes: 4 – Gilbert, Shealy, Weldon, Brown

Noes: 1 – Pruette

MOTION CARRIED

Preservation Mayor Brown stated the public would like to comment on the possibility of the property becoming a park preserve if the development did not occur. Mayor Brown asked if it was improper to call on the representatives of the preservation land to clear up some misinformation.

Legal Advise City Attorney White stated it would not be appropriate to hear from the public or from the representative of the park preserve because it was not an agenda item.

Councilor Gilbert stated that should be on a workshop meeting also.

Councilor Pruette stated the developer made the park preservation an issue not the Council.

PUBLIC COMMENTS

Phillip May, 921 Thirteenth Street, Jacksonville Beach, opposed a proposed park preserve at the end of Seagate Avenue while favoring Steve Jarrett's development order.

Jerry Cordy, 1929 Seagate Avenue, opposed a proposed park preserve at the end of Seagate and favored Steve Jarrett's development order.

LaJuan Kazmierczak, 2102 Acacia Road, was against the city abandoning the right-of-way at the end of Seagate Avenue for development.

Tim Kazmierczak, 2102 Acacia Road, stated if the development was approved he would like a public access provided to the intra coastal.

Julie Anderson, 1637 Arrowhead Trail, wanted a public access provided to the intra coastal at the end of Seagate Avenue and favored Ordinance 2002-14 that provided notice of the Planning & Development Review Board.

Paul Nicholson, 222 Oleander Street, felt the city should take more time making decisions pertaining to remaining city property. He opposed a proposed park at the end of Seagate Avenue.

Bill Cissel, 1924 Seagate Avenue, favored Steve Jarrett's development at the end of Seagate Avenue stating the development would increase property values and the city's tax base. He opposed a park preserve.

John Henry David, 2035 Cherokee Drive, opposed abandoning the city right-of-way at the end of Seagate Avenue. He felt if the city allowed private driveways on the right-of-way it would imply a functional abandonment.

Craig Leidy, 1810 Strand Street, was concerned about access on all waterways. He favored the proposed park preserve on the city right-of-way at the end of Seagate Avenue. He added in any case the access should be clearly marked.

Cindy Brannon, 2020 Tara Court, favored Steve Jarrett's development order at the end of Seagate Avenue. She was opposed to a proposed park preserve due to increased traffic and maintenance.

Ron Powell, 1830 Nightfall Drive, stated if the city abandoned the right-of-way at the end of Seagate Avenue it would eliminate access to the intra coastal forever. He opposed Steve Jarrett's development order and felt the area should remain in the current natural state.

Dennis McClendon, 1914 Seagate Avenue, opposed abandoning city property. He felt if the City of Jacksonville used the property for a park preserve Neptune Beach would no longer maintain control of the property.

John Dawson, 1910 Seagate Avenue, favored Jarrett's development and opposed the proposed park preserve.

George Brew, 641 Goldenrod Lane, was concerned about what the Council would do with the right-of-way.

Lynda Padrta, 1113 First Street, thought the public access to the intra coastal proposed

by Jarrett would look more like a private driveway to the public. She was concerned about the Council modifying board recommendations. She requested an update on the water project.

Roger Bennett, 1871 Nightfall Drive, felt the city should maintain the public access to the intra coastal.

Sharon Silver, 2010 Cherokee Drive, wanted clarification of the activities of the city government boards and council actions.

Hank Baltar, 2029 Sandpiper Point, Chairman of the Planning & Development Review Board, was concerned about the changes in Steve's Jarrett's development plan and felt it should have gone back to the Planning & Development Review Board for a recommendation prior to going before the Council. He did not approve of abandoning property whether functional or legal.

Craig Porter, 2748 Seagate Avenue, favored Jarrett's development.

Mark Middlebrook, Executive Director of the Preservation Project, City of Jacksonville, Office of the Mayor, stated he was not opposing one thing over the other. They had a backup contract on the property. The Florida Forever Project allowed state funds to be used to help purchase land along the intra coastal waterways. He explained the City of Jacksonville would not have any control over the land. The only restriction would be that it had to be preserved. The property would still belong to the City of Neptune Beach.

Recess/Reconvene Mayor Brown called for a recess at 9:30 p.m. and reconvened the meeting at 9:40 p.m.

CITY MANAGER REPORTS

Water Project WATER UTILITY PROJECT: The Contractor projected the project would be completed by the end of January. City Manager Linn stated it would more likely be completed by the end of February.

Sewer Project SEWER UTILITY PROJECT: A pre-construction meeting was scheduled for January 8, 2003. The Department of Environmental Protection had approved the plans.

City Yard Project CITY YARD PROJECT: As a result of the meeting with the surrounding neighbors of the city yard the plans for the new public services facility had been slightly altered and the architect was completing the 70% drawing.

Kings Rd. Bridge KINGS ROAD BRIDGE REPAIR: Plans for the Kings Road bridge repair were expected to be completed this week. Temporary access would be provided through Jacksonville Beach. Once commenced the repairs should be completed in 90 days.

ORDINANCES

Ord. No. 2002-14 ORDINANCE NO. 2002-14, AMENDING THE OPERATING BUDGET, SECOND READ AND PUBLIC HEARING – SPONSORED BY VICE MAYOR GILBERT, COUNCILORS PRUETTE AND SHEALY: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2003, BEGINNING OCTOBER 1, 2002, AND ENDING SEPTEMBER 30, 2003.

City Manager Linn explained the new radio system would allow communication between other local police agencies.

Mayor Brown opened the public hearing.

Leslie Karlin, 1506 Spindrift Circle West, questioned the need for the police radios.

There being no further comments from the public the public hearing was closed.

Moved by Pruette, seconded by Shealy.

WORKSHOP CITY COUNCIL MEETING
JANUARY 27, 2003 AT 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Workshop Meeting of the City Council of the City of Neptune Beach was held January 27, 2003 at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon
City Attorney Christopher White
City Manager Richard A. Linn

City Clerk Lisa Volpe, CMC
Director of Public Safety William Brandt
Director of Public Services Leon Smith
Building Official Dan Arlington
Assistant to the City Manager Terry Klein
Assistant to the Building Official Piper Turner
Deputy City Clerk Karla Strait, CMC

ABSENT:

Mayor Richard A. Brown

Call to Order/Roll Call

Vice Mayor Gilbert called the meeting to order at 7:00 p.m. City Clerk Volpe stated Mayor Brown was out of town.

COMMITTEE REPORTS

IBBC

ISH BRANT BEAUTIFICATION COMMITTEE: City Manager Linn stated the Ish Brant Beautification Committee would be holding one meeting per month on the first Monday of the month in lieu of two.

CITY MANAGERS PUNCH LIST

Bike Path

BIKE PATH IMPROVEMENT: Neptune Beach Elementary School representatives were concerned about children walking to and from school because the sidewalk had been removed for the bike path installation. City Manager Linn referred the issue over to the Department of Transportation.

Utility Improvements

UTILITY IMPROVEMENT PROJECT: A construction meeting on the Utility Improvement Project was held on January 8, 2003. The minutes of that meeting had not been completed. He received an updated construction schedule today.

Kings Rd. Bridge

KINGS ROAD BRIDGE: The Kings Road bridge had to be temporarily closed last Thursday for a two-hour period for emergency repairs. Plans for the permanent repairs were under design. They should be received in the very near future and brought before the Council for approval. The construction period should be 90 days or less.

Councilor Weldon felt the bridge may need more extensive repairs and asked to place the issue on the February workshop agenda.

Councilor Pruette asked City Manager Linn to report at the February workshop meeting how many new homes were built in Jacksonville Beach in the past 5 years that are using the Kings Road bridge to access their property.

Underground
Containers

UNDERGROUND TRASH CONTAINERS: The manufacturer of the underground trash containers confirmed the negotiations to trade the 7 large containers for 15 smaller containers that would be placed at the beach street ends. The smaller containers were 8 feet deep and held large plastic bags that would be emptied on a monthly basis.

Fire Hydrants

FIRE HYDRANTS REPLACEMENT PROGRAM: Starting in fiscal year 2002 to date a total of 75 fire hydrants had been replaced this included 37 new hydrants in Phase 1 of the water project. Outside of the water project east of Third Street south of Florida Boulevard 5 new hydrants had been proposed and 3 were proposed West of Third Street. Once the water project was completed an audit firm would test the hydrants and present an efficiency report.

"Sunday in the Park"

"SUNDAY IN THE PARK": Elaine Kenny volunteered to organize the "Sunday in the Park" event. The event would be held on April 13, 2003.

PROPOSED ORDINANCES

Unrelated Persons
Occupying a Dwelling

ORDINANCE REGULATING UNRELATED PERSONS OCCUPYING DWELLING UNITS: Councilor Pruette proposed an ordinance that would limit the number of unrelated people living together in a single-family home with the definition of "family" clearly defined.

Vice Mayor Gilbert opened the floor to public comments.

Kelly Strong, 2031 Marye Brant Loop South, Member of the Homeowners Association for Secluded Woods stated owners were in favor of an ordinance to limit the number of unrelated people living together in a single-family home.

Dan Disch, 224 Florida Boulevard, was in favor of the ordinance.

Skip Small, 306 Bay Street, knew of at least one rental property that had eight people living together creating parking and noise problems. He favored anything that would limit the number of unrelated persons living together.

Marcia Coker, 206 Margaret Street, favored a limit on unrelated persons living together stating that high density rental property created inadequate parking, safety hazards, and noise in the early morning hours.

Lynda Padtra, 1113 First Street, favored an ordinance. She felt it would also aide the landlords in evictions. She questioned what the penalty would be and how it would be enforced.

Dr. Kyriakos Ioannides, 633 Valley Forge Road North, stated when he moved to Neptune Beach he expected to have neighbors. He did not expect to have a battalion of unrelated people living nearby in one household. He favored the ordinance.

Nicholas Cheremeta, 616 Oak Street, stated he had a problem with a number of unrelated people living together in the house behind his. He favored an ordinance.

Virginia Cauthon, 617 Valley Forge Road North, stated she had a problem with a number of unrelated people that lived together in the house next door to her. She favored an ordinance.

Beth Schultz, 608 Valley Forge Road North, favored an ordinance that would regulate the number of unrelated persons that shared a single-family dwelling.

There being no further comments from the public the public hearing was closed.

Consensus: **TO HAVE THE CITY ATTORNEY DRAFT AN ORDINANCE DESCRIBING FAMILY – WITH NO MORE THAN THREE UNRELATED PERSONS LIVING TOGETHER IN A SINGLE FAMILY DWELLING – EXPLORE A CAP ON THE MAXIMUM NUMBER OF UNRELATED PERSONS SHARING A SINGLE FAMILY HOME BASED ON THE NUMBER OF BEDROOMS – SOMETHING THAT COULD BE ENFORCED.**

City Manager Linn stated Chief Brandt assured him they could enforce such an ordinance depending on how it was written. The violation should be on the landlord not the tenants. The landlord would have to evict the tenants and would also be levied a monetary fine.

Legal Advise City Attorney White asked the Council to think about allowing a transition period before it would take effect. He cautioned that an ordinance could be passed but it may difficult to enforce. He stated the focus should be on the landlord and not the tenant because the tenant may not be aware of the code violation.

City Manager Linn stated another difficult subject was the enforcement of seasonal rentals. Seasonal rentals were not allowed in Neptune Beach. He felt there should also be an ordinance that specified term limits on leases.

Consensus: **FORWARD TO THE FEBRUARY WORKSHOP MEETING.**

CONTRACTS / AGREEMENTS / NONE

ISSUE DEVELOPMENT

Development Order
Seagate

CONSIDERATION OF FINAL DEVELOPMENT ORDER, SEAGATE AVENUE – STEVE JARRETT: Steve Jarrett explained he changed the plan from paving the street straight down to curving the street around the large oak trees. He felt 20' of pavement would be adequate for the atmosphere. He would also provide a park bench at the end of the cul-de-sac to encourage sightseers.

Councilor Pruette questioned how wide the buffer zone would be. Mr. Jarrett replied the buffer zone would be 15' all the way around. The 15' buffer zone met the criteria of the St. Johns Water Management District and the Army Corp of Engineers.

Councilor Pruette asked if it was possible for the road to reach further down toward the marsh. Mr. Jarrett answered he had an obligation to keep the traffic and sightseeing as much out of the backyard of Lot 5 as possible. He wanted to discourage the property owners from installing privacy fences to avoid obstructing views.

City Manager Linn stated Council should not be considering Lots 6 & 7 because they were in the jurisdiction of Jacksonville Beach and their Land Development Regulations were different. The height limit in Jacksonville Beach was 35' and Neptune Beach was 28'. He questioned how Mr. Jarrett would deal with that. Mr. Jarrett replied he would not

try to restrict Jacksonville Beach into complying with the Neptune Beach Code.

Councilor Pruette questioned the type of curbing. Mr. Jarrett answered the entire road would have a 16" wide ribbon curb. Around the cul-de-sac would be a "Miami Curb" which would contain and channel the water to drain into the retention.

Building Official Dan Arlington questioned the following:

- 1) Would the Water Management District determine the width of the buffer zone? Mr. Jarrett replied the development order was contingent on State and Federal permits.
- 2) The issue of private driveways on city right-of-ways had not been resolved.
- 3) The Comprehensive Plan directed the city to protect future existing waterways.
- 4) Would on street parking be provided? Mr. Jarrett replied no parking spaces would be provided on the road.
- 5) Two of the proposed lots were in Jacksonville Beach.
- 6) Who would supply the utilities? Public Works Director Leon Smith stated Neptune Beach would supply the water and Jacksonville Beach would provide the sewer.
- 7) The cul-de-sac would have to be longer than 600'. He recommended a 38' diameter cul-de-sac.

Consensus: **FORWARD TO THE FEBRUARY REGULAR MEETING FOR A VOTE.**

Recess/Reconvene

The meeting recessed at 8:30 p.m. and reconvened at 8:40 p.m.

Council Meeting
Protocol

CITY COUNCIL MEETING PROTOCOL – COUNCILOR SHEALY: City Manager Linn stated the Council set the order of business by Resolution.

Discussion ensued regarding the order of public comments on the agenda. Council felt citizens should be heard on subjects before they were voted on by the Council and should be able to comment on subjects other than those on the agenda.

Consensus: **TO DRAFT A RESOLUTION CHANGING THE ORDER OF BUSINESS ON THE WORKSHOP AGENDA TO HEAR PUBLIC COMMENTS FIRST AND REMOVE "ON AGENDA ITEMS ONLY".**

Land Development
Regulations

REVIEW OF LAND DEVELOPMENT REGULATIONS BY CITY COUNCIL – COUNCILOR WELDON: Councilor Weldon requested that the City Manager contact Ivey, Harris, and Walls, and negotiate a continuation of the original agreement to move forward with the Land Development Regulations Review. He felt the consultants that were originally selected should continue the process. City Manager Linn stated funds were not budgeted to renegotiate a contract with the consultants.

Consensus: **TO HOLD A WORKSHOP MEETING TO GET STARTED ON THE LAND DEVELOPMENT REGULATIONS ON FEBRUARY 10, 2003, AT 7:00 P.M. AND MOVE THE FEBRUARY WORKSHOP MEETING TO MONDAY, FEBRUARY 24, 2003.**

Traffic East
Third St.

TRAFFIC PROBLEMS EAST OF THIRD STREET: Councilor Shealy was concerned about the traffic east of Third Street. Some of the streets that ran east and west had speed bumps and others did not. The traffic was being channeled to streets that did not have speed bumps. He felt once the water and sewer project was complete the traffic calming islands should control the problem on First Street. City Manager Linn stated there was a policy that considered the desires of all the residents before installing speed bumps.

Vice Mayor Gilbert opened the floor to public comments.

Geynell Moore, 225 Margaret Street, stated there was a speeding problem and a safety hazard on Margaret Street. She requested the city install speed bumps and have additional patrol.

Teresa Thomas, 226 Margaret Street, was concerned about overcrowding on Margaret Street.

Lynda Padra, 1113 First Street, favored traffic calming for all areas east of Third Street.

Consensus: **INSTALL SPEED BUMPS ON MARGARET STREET ACCORDING TO THE CITY POLICY.**

Seawood
Fence

REMOVAL OF FENCE ALONG SEAWOOD – CITY MANAGER DICK LINN: City Manager Linn stated he was concerned about the safety of the deteriorating privacy fence on Seawood Drive that had been installed by the private developer. The City Attorney informed him it was not the city's responsibility to replace the fence. He recommended that Public Services determine if the fence was a safety hazard and remove it if it was. Councilor Pruette asked the City Manager's office to notify the neighbors abutting the fence before removing it.

Easement

CONSIDERATION OF PERPETUAL EASEMENT – DONALD PADGETT: Donald Padgett requested the city grant him access to his property through a 25' x 52.9' city easement located in the rear of his lot at 401 Margaret Street on the corner of Third Street and Margaret Street. This would allow access through the rear of the property via Margaret Street in lieu of Third Street.

Discussion ensued involving the city receiving due compensation for converting public property to private property and the possibility to surplus it.

Legal Advise

City Attorney White advised he would need an entire deed history of the parcel before the Council could make a decision. He would then review the deed history and prepare a list of options for the Council to consider.

Eminent domain

Councilor Pruette stated she had sent City Attorney White a memo on January 16, 2003, regarding questions from Roger Bennett. She asked the City Attorney to answer the following questions.

1. To whom and in what manner should an offer to purchase private lands for public uses or purposes described in the Florida Statutes Chapter 166.411? Mr. White's Answer: That is the eminent domain statute. It has to be pursued in the name of City and the City has to contact the property owner in private negotiations to see if anything can be done. It has to be initiated by the City with the approval of the Council to negotiate the purchase of property with the intention that if an agreement is not reached to purchase it then eminent domain proceedings would be initiated.
2. How should the Council proceed to acquire municipal ownership of private lands for public use and purposes in the event the private owner of those lands is unwilling to sell and convey title to such property? Answer: The same as question number one. If private negotiations do not work out your only alternative is to file the condemnation proceedings.
3. May the municipality exercise it's right of eminent domain to acquire private property described in Chapter 166.401 for the uses or purposes described in Chapter 166.411? Answer: Of course, those are certain enumerated uses. No

matter what the Statute says about what uses you can exercise eminent domain for, you still face the possible challenges of whether or not it is serving a public necessity regardless of what it is said it is being used for. It is not public demand or public desire that dictates what a piece of property can be used for. It is whether or not there is a reasonable public necessity for it.

4. Does the existence of an agreement to transfer ownership from a private landowner and another private owner preempt or prevent the municipality from proceeding to acquire ownership of such private lands for public uses or purposes described in Chapter 166.411. Answer: No, it does not prevent the City from doing anything. Does it raise the prospect of how much the City is going to have to pay? The only question is the determination of ownership on that property and how much the City is going to have to pay under eminent domain.
5. May a municipality seeking to acquire private lands for public uses or purposes make such offers to purchase contingent upon the availability of funding? Answer: No, legally it is haphazard at best. Budget wise it is a legal nightmare. Would the refusal of a private landowner to accept an offer containing funding contingencies from a municipality prevent the municipality from successfully proceeding with the exercise of eminent domain to acquire that property through civil suit? Answer: There is not going to be any type of contingent funding if a governmental entity is taking property without the consent of the property owner. By initiating those proceedings you are saying "you have the money" and you would have to deposit that money in court to get quick take and title to the property.
6. If an offer to purchase private lands for public uses or purposes is rejected, and pursuant to Florida Statute Chapter 73.021, and the municipality subsequently initiates petition to acquire such property through the exercise of eminent domain, may the municipality withdraw that petition and halt proceedings should their source of funds be found insufficient to compensate the private landowner? Answer: A municipality is never going to initiate eminent domain proceedings unless it has the funds to acquire the property. That is why you cannot have contingent funding for eminent domain. Would such a withdrawal of its petition due to a discovery of insufficient funding be considered defensible should an affected party subsequently file suit for monetary damages resulting from the mere initiation of condemnation proceedings? Answer: They can file suit for monetary damages and they would win and they would get attorneys' fees and cost.
7. May the municipality take possession and title to property it petitions to acquire through its right of eminent domain prior to the issuance or a final judgment by the court having jurisdiction in such proceedings? Answer: Absolutely, but it also requires the City to pay into the court registry its good faith appraised value of that property. Under no circumstances is eminent domain ever utilized based upon some potential source of funding or a contingent source of funding.
8. Do the legislative declarations found within Chapter 259.105 elaborate a legitimate public policy and rationale for the municipality to pursue public ownership of substantially undeveloped private lands when significant alteration and development of such lands is considered imminent? Answer: Chapter 259.105 is either the Florida Preservation or Florida Forever State Grant Program. First of all you have to get on a list. Then if the property is selected you have to figure whether or not you are going to get the money. You have to go through the appraisal process. It is all based upon the fact that the landowner is voluntarily agreeing to sell the property. The State programs are not used for condemnation proposes because they become expensive. It allows a municipality to go in a request public ownership of a property, but it presumes there is an agreement with the property owner to sell it.

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Public Comments

Teresa McMahon, 1032 Lincoln Road, asked the city to clear the potato vines in the greenspace on Seawood Drive behind her house. Her dog was getting sick from eating the potatoes that were falling from the vines into her back yard. She felt the city was not responsible to replace the deteriorating fence on Seawood Drive. City Manager Linn was asked to add this item to his punch list.

Roger Bennett, 1871 Nightfall Drive, asked council to consider the Code, in Chapter 22, Article 2 dealing with parking, stopping and standing in making a decision on Steve Jarrett's Seagate development.

John Henry David, 2035 Cherokee Drive, encouraged Council to allow Steve Jarrett to pave Seagate Avenue to the end and allow parking for a canoe and boat launch. He added that if speed bumps were placed on heavily traveled streets there would be major traffic accidents.

Bill Brockman, 1930 Seagate Avenue, felt the end of Seagate would not be a good place for a canoe launch because of the low tide. Wanted to keep the street end in its current quiet state.

Lajuan Kazmierczak, 2102 Acacia Road, felt public comments to stick to a particular subject. She favored speed bumps except for on main thoroughfares.

Julie Anderson, 1631 Arrowhead Trail, was concerned about the Seagate Subdivision and also felt public comments should be on each subject.

Janet Boone, 1936 Seagate Avenue, favored a natural well-balanced neighborhood at the end of Seagate Avenue.

Patricia Getz, 1359 Beach Avenue, Atlantic Beach, felt the property at the end of Seagate Avenue should be preserved for a canoe launch.

Adjournment

There being no further business, the meeting adjourned at 10:25 p.m.

Richard A. Brown, Mayor

Attest:

Lisa Volpe, CMC, City Clerk

Approved: _____

MINUTES
REGULAR CITY COUNCIL MEETING
DECEMBER 2, 2002, 7:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Regular Meeting of the City Council of the City of Neptune Beach was held December 2, 2002, at 7:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

IN ATTENDANCE:

Mayor Richard A. Brown	City Clerk Lisa Volpe, CMC
Vice Mayor Robert D. Shimp	Director of Public Services Leon Smith
Councilor Jimmy Gilbert	Director of Finance Steve Ramsey
Councilor Ronald D. Patronik	Building Official Dan Arlington
Councilor Harriet Pruette	Assistant to the City Manager Terry Klein
City Attorney Christopher A. White	Deputy City Clerk Karla Strait, CMC
City Manager Richard A. Linn	

Order Call/Pledge

Mayor Brown called the meeting to order at 7:00 p.m. and asked Councilor Gilbert to lead the Pledge of Allegiance.

AWARDS / PRESENTATIONS / RECOGNITION OF GUESTS

Mayor Brown recognized Councilor Elect Larry Shealy and Councilor Elect John Weldon's presence in the audience.

Mayor Brown presented each council member a t-shirt that listed Paris, London, New York, and Neptune Beach as four of the world's greatest cities.

APPROVAL OF MINUTES

Motion:

TO APPROVE THE FOLLOWING MINUTES AS STATED:

NOVEMBER 4, 2002, REGULAR CITY COUNCIL MEETING
NOVEMBER 6, 2002, SPECIAL CITY COUNCIL MEETING
NOVEMBER 18, 2002, WORKSHOP CITY COUNCIL MEETING
NOVEMBER 18, 2002, PUBLIC HEARING MEETING

Moved by Shimp, seconded by Patronik.

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown
Noes: 0

MOTION CARRIED**COMMUNICATIONS AND CORRESPONDENCE**

- Sidewalk Maintenance Mayor Brown was concerned about the maintenance of sidewalks on Florida Boulevard. Director of Public Services Leon Smith stated there was a problem west of Penman Road and he would be taking care of it.
- Unleashed Pets Mayor Brown stated he was concerned about an incident in Jarboe Park that involved an unleashed pit bull dog attacking another dog. City Manager Linn responded he was unaware of the incident but he would follow up on it.
- Right-of-ways Councilor Pruette questioned when Ms. McDonald would be removing her palm tree from the city right-of-way. City Manager Linn responded she would be moving the tree onto her property within a few days.

CITY MANAGER REPORTS

- Public Services Facility **SCHEDULED MEETING WITH THE NEIGHBORS OF THE PUBLIC SERVICES FACILITY:** A meeting was scheduled with the neighbors of the public services facility on Monday, December 9th at 6:45 p.m. to discuss changes in the conceptual plans that were suggested at the last meeting.

PUBLIC COMMENTS

- Leslie Karlin, 1506 Spindrift Circle West, felt there was a missing link between the council and the boards. She suggested each council member be assigned to a board. City Attorney White advised that would be a legal problem because the council was an appellant body for board decisions.
- Michael Aston, 1523 Summer Sands, asked the council to allow the residents of Summer Sands to adopt the barricaded right-of-way at the end of Oakhurst Drive.
- Lynda Padrta, 1113 First Street, questioned if First Street would be resurfaced after the water project. City Manager Linn replied the paving of First Street would begin this month.
- Laura Patronik, 1520 Leeward Lane, opposed opening Buddy Crout Lane from Leeward Landing into Summer Sands.

CONSENT AGENDA

- Utility Study **APPROVAL OF JOINT BEACHES UTILITY STUDY:** The study was to determine the pros and cons of wholesaling water from Jacksonville Beach and Atlantic Beach and consider a central billing system.

Moved by Pruette, seconded by Shimp.

Motion: **TO APPROVE THE CONSENT AGENDA.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED**VARIANCES/NONE**

ORDINANCES/NONE**OLD BUSINESS / NONE****NEW BUSINESS**

Sewer Project

AWARD CONTRACT FOR PHASE I SEWER PROJECT TO KINSEL INDUSTRIES OF HOUSTON, TEXAS IN THE AMOUNT OF \$3,260,204: City Manager Linn recommended awarding Phase I of the Sewer Project, Parts B&C, to Kinsel Industries.

Moved by Pruette, seconded by Shimp.

Motion: **TO AWARD PHASE I SEWER PROJECT, PARTS B&C TO KINSEL INDUSTRIES IN THE AMOUNT OF \$3,260,204 CONTINGENT OF DEP APPROVAL.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Sunny Caribbee

APPROVAL OF FINAL DEVELOPMENT ORDER FOR SUNNY CARIBBEE AT 100 FIRST STREET: The request was for John Brocato, Caribbee Associates D/B/A Sunny Caribbee for the property located at 100 First Street to be used as a restaurant and bar. The first floor would include seating, kitchen facilities, and retail space. The second floor would be open-air and have a lexan rail panel. There was also an agreement to provide only non-amplified music.

Michael Dunlap explained the restaurant would be family oriented with an open-air bar upstairs.

Moved by Shimp, seconded by Patronik.

Motion: **TO APPROVE THE DEVELOPMENT ORDER FOR SUNNY CARIBBEE WITH THE RESTRICTIONS RECOMMENDED BY THE PLANNING & DEVELOPMENT REVIEW BOARD.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown.

Noes: 0

MOTION CARRIED

Oakhurst Drive

BEAUTIFICATION OF OAKHURST DRIVE: Councilor Patronik stated the residents of Summer Sands wanted to adopt the barricaded right-of-way at the end of Oakhurst Drive in order to beautify and maintain the area themselves.

Legal Advise City Attorney White cautioned Council against placing an existing right-of-way under private control.

Moved by Patronik, seconded by Shimp.

Motion: **COUNCIL AGREES IT WOULD BE A GOOD IDEA FOR SUMMER SANDS TO MEET WITH THE CITY MANAGER AND THE BEAUTIFICATION COMMITTEE TO PLANT AND BEAUTIFY A BARRICADE WITH THE APPROVAL OF THE CITY MANAGER AND THE RECOMMENDATION OF THE BEAUTIFICATION COMMITTEE**

**AND SUMMER SANDS UNDERSTANDS THAT THIS IS NOT A
PERMANENT CLOSING OF THE ROAD.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Leeward Landing

RESTRICTION OF LEEWARD LANDING / SUMMER SANDS OPENING: Councilor Patronik wanted to prevent the opening of Buddy Crout Lane from Leeward Landing into Summer Sands without approval of the council.

Moved by Patronik, seconded by Pruette.

Motion: **TO REQUIRE COUNCIL APPROVAL FOR ANY CHANGE OF ANY
OPENING OF SUMMER SANDS AND LEEWARD LANDING.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Res. No. 2002-15

**RESOLUTION NO. 2002-15, APPOINTING BOARD MEMBERS TO THE CODE
ENFORCEMENT BOARD AND THE PLANNING & DEVELOPMENT REVIEW
BOARD:** A Resolution appointing Eric Pardee, Paul Waters, and Lyndal Sweeney to the Code Enforcement Board and appointing James Stahlman, Fred Catter and Joanne Doherty to the Planning & Development Review Board.

Moved by Gilbert, seconded by Shimp.

Motion: **TO ADOPT RESOLUTION NO. 2002-15.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MOTION CARRIED

Res. No. 2002-16

**RESOLUTION 2002-16, A RESOLUTION TO INCREASE THE CITY CLERKS
COMPENSATION:** A Resolution increasing the City Clerk's salary by 5%.

Moved by Patronik, seconded by Shimp.

Motion: **TO ADOPT RESOLUTION 2002-16.**

Roll Call Vote:

Ayes: 5 – Gilbert, Patronik, Pruette, Shimp, Brown

Noes: 0

MINUTES
SPECIAL CITY COUNCIL MEETING
INDUCTION CEREMONY
DECEMBER 3, 2002, AT 8:00 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held December 3, 2002, at 8:00 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Dick Brown	City Clerk Lisa Volpe, CMC
Vice Mayor Robert D. Shimp	Deputy City Clerk Karla Strait, CMC
Councilor Ronald D. Patronik	Assistant to the City Manager Terry Klein
Councilor Harriet Pruette	Building Official Dan Arlington
Councilor James Gilbert	Director of Finance Steve Ramsey
City Attorney Christopher White	Director of Public Services Leon Smith
City Manager Richard A. Linn	Director of Public Safety William Brandt

Order call

Mayor Brown called the special meeting to order at 8:00 p.m. and announced that the purpose of the meeting was to administer the Oaths of Office, and elect a Vice-Mayor.

Invocation and Pledge

Mayor Brown asked Councilor Patronik to lead the Pledge of Alliance.

Plaques

PRESENTATION OF PLAQUES: Mayor Brown presented plaques to outgoing Vice Mayor Shimp and Councilor Patronik for their dedicated service to the city.

Oaths of Office

OATHS OF OFFICE: City Clerk Lisa Volpe administered the Oath of Office to Councilor Elect James Gilbert, Councilor Elect Larry Shealy, and Councilor Elect John Weldon, whereupon they each, respectively, assumed the duties of their elected office.

Certificate of Election

CERTIFICATE OF ELECTION: City Clerk Lisa Volpe presented a Certificate of Election to Councilor Gilbert, Councilor Shealy and Councilor Weldon. The new Council members addressed the citizens of Neptune Beach.

Mayor Brown congratulated the new council members and asked the other council members if they would like to comment.

Councilor Gilbert stated it was an honor to represent the city and he looked forward to working with the new council members.

Councilor Pruette stated she also looked forward to working with the new council and her goal was to accomplish the review of the proposed land development regulations.

Councilor Shealy stated his goal was to work together with the council and staff.

Councilor Weldon stated his goal was to protect and enhance the quality of life and special characteristics of the city.

City Manager Linn welcomed the new council members and stated he looked forward to working with them.

Election of Vice- Mayor ELECTION OF VICE-MAYOR: Pursuant to Section 2.04(b), City Charter, Mayor Brown opened the floor for nominations for Vice Mayor.

Councilor Pruette nominated Councilor Gilbert to serve as Vice Mayor and asked for support from the other Council members.

Moved by Pruette, seconded by Shealy.

Motion: **TO NOMINATE AND ELECT COUNCILOR JAMES GILBERT TO SERVE AS VICE-MAYOR.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

Noes: 0

MOTION CARRIED

Mayor Brown invited everyone to stay after the adjournment of the meeting for refreshments and fellowship.

Adjournment There being no further business, the meeting adjourned at 8:13 p.m.

**WORKSHOP CITY COUNCIL MEETING
DECEMBER 9, 2002, AT 6:45 P.M.
CITY HALL, 116 FIRST STREET,
NEPTUNE BEACH, FLORIDA**

Pursuant to proper notice a Workshop City Council Meeting of the City Council of the City of Neptune Beach was held December 9, 2002 at 6:45 p.m., at the Senior Activity Center at 2002 Forest Avenue, Neptune Beach, Florida.

Attendance:

IN ATTENDANCE:

Councilor Harriet M. Pruette
Councilor Larry Shealy
City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Director of Public Services Leon Smith

Absent:
Mayor Richard Brown
Vice Mayor James Gilbert
Councilor John Weldon

Jose Perez of PQH Architects outlined the schematic plan of the facility highlighting the changes from the last design. The vehicle maintenance and administration would be in one building in the middle of the area. The storage facilities would be along Strickland Road. A solid concrete 8 foot fence would be all along Forest Blvd on the property line and along Strickland Road. A second entrance would be on Strickland for emergency use only. The design would take 4 to 5 months and construction would be at least 14 months. Animal control would open out towards the inter coastal to lessen any noise problems.

City Manager Linn stated the pistol range would stay but 500 lbs of lead had been cleaned out. He also stated there maybe some minor changes to stay within budget.

Adjournment

There being no further business, the meeting adjourned at 7:20 p.m.

Call to Order/Roll Call The Mayor called the meeting to order at 7:00 p.m.

COMMITTEE REPORTS

IBBC ISH BRANT BEAUTIFICATION COMMITTEE: The Ish Brant Beautification Committee continued to meet and work on ongoing projects.

CITY MANAGERS PUNCH LIST

Bike Path BIKE PATH IMPROVEMENT: Construction of the Bike Path was scheduled to begin on January 2, 2003.

Utility Improvements UTILITY IMPROVEMENT PROJECT: Jim Miller, Engineering Consultant, PBS&J, gave a report and update on the Water Improvement Project at the November workshop meeting.

Kings Rd. Bridge KINGS ROAD BRIDGE: The contract for the Kings Road Bridge was signed and the architect was working on the design.

Underground Containers UNDERGROUND TRASH CONTAINERS: Negotiations were still underway with the manufacturer to trade in the jumbo underground trash containers for smaller ones.

Fire REPORT ON DECEMBER 11, 2002, FIRE AT 900 THIRD STREET: The City of Jacksonville Fire Department responded within 6 minutes of the call to a fire at 900 First Street on December 11th that started at approximately 4:30 a.m. Neptune Beach police

officers were on the scene prior to the firefighters arrival and reported the fire had already burned through the roof. The firefighters had a problem opening the fire hydrant closest to the scene and reported they had to use a fire hydrant 400 feet away. The fire hydrant in question was last opened and tested 6 weeks ago when the line was flushed because a new hydrant was installed for the new Secure One building.

Councilor Pruette felt the problem with the hydrants created a lack of confidence among citizens. She suggested the three beach cities combine resources and create a single fire department.

Public Services Director Leon Smith reported the fire hydrant was a little stiff and hard to open however his men were able to open the hydrant when they tested it around 8:30 a.m.

City Manager Linn reported 21 fire hydrants had been completely replaced and another 37 were due to be replaced. Currently there were 11 inoperable fire hydrants in the city that were clearly marked in black.

Mr. Linn had asked the City of Jacksonville Fire Chief Ray Alfred to have his men check all the fire hydrants in Neptune Beach and report back to him. Mr. Linn added the Building Official had recently required the owner of the building to install a firewall that saved the remainder of the building. The fire was currently under investigation as a possible arson.

Councilor Shealy questioned how council members were notified of important incidents. Mr. Linn responded upon request he could have the dispatcher notify each council member. Public Safety Director Chief Brandt stated he would inform the dispatcher to notify all council members of such incidents.

PROPOSED ORDINANCES

PDRB Notices
Ord.

NOTICE OF PLANNING & DEVELOPMENT REVIEW BOARD MEETINGS – COUNCILOR PRUETTE: AN ORDINANCE OF THE CITY OF NEPTUNE BEACH, FLORIDA AMENDING SECTION 27-40(d), ADDING ADDITIONAL LANGUAGE RELATING TO NOTICE OF MEETINGS OF THE PLANNING & DEVELOPMENT REVIEW BOARD AND PROVIDING AN EFFECTIVE DATE.

Councilor Pruette felt abutting residential property owners in commercial districts should be notified of proposed changes regarding businesses and be advised of the Planning & Development Review Board meeting.

Building Official Dan Arlington suggested that an orange sign would be enough notification on its own.

Consensus: **MOVE FORWARD WITH THE ORDINANCE.**

Budget Amendment
Ord.

BUDGET AMENDMENT PROVIDING FUNDING FOR COUNTYWIDE POLICE RADIO SYSTEM – FINANCE DIRECTOR STEVE RAMSEY: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2003 BEGINNING OCTOBER 1, 2002 AND ENDING SEPTEMBER 30, 2003.

The Public Safety Department had been working with the county, J.E.A., and police agencies within the county and northeast Florida to develop a common radio system. The total cost of \$217,000 was not determined during the budget process. City Manager Linn recommended scheduling a special meeting on December 17, 2002, at 6:00 p.m. for the first read of the Ordinance.

Officer Larry Dean explained the need for the special meeting was to have the first read of the ordinance in December and the second reading in January because the cost was based on the City of Jacksonville's contract, which would expire in January.

City Attorney White advised an emergency would have to be declared in order to hold a special meeting for a reading of an ordinance.

Consensus: **DECLARE AN EMERGENCY MEETING FOR DECEMBER 17, 2002
BASED UPON THE TIME LINE FOR FIRST READ AND HAVE THE
SECOND READ IN JANUARY.**

CONTRACTS / AGREEMENTS

Water Impr. Project

**REQUEST FOR CHANGE ORDER FOR THE WATER IMPROVEMENT PROJECT –
CITY MANAGER LINN:** During the Water Improvement Project, Phase I B&C, three areas of concern arose that caused the need to issue change orders.

Jim Miller, PBS&J, Engineering Consultant, explained the need for the change orders.

City Manager Linn recommended approval of the change order for the Penman Road intersection crossing at \$103,014.00, and the 6" line on Strand at \$24,012.00.

Mr. Linn felt the city would be in a better position to evaluate the need for the 12" line from the water plant to Seawood Drive after the Joint Beach Utility Study was completed. He did not recommend approval of the 12" line at this time.

Consensus: **FORWARD TO SPECIAL MEETING DECEMBER 17, 2002 AT 5:30 P.M.**

ISSUE DEVELOPMENT

Building Dept.
Functions

BUILDING DEPARTMENT FUNCTIONS – COUNCILOR PRUETTE: Councilor Pruette requested looking into the functions of the Building Department in order to run it more efficiently and provide better services. She was concerned over the costs of contracting outside help for plan reviews and inspections. She also had received complaints about the time involved in issuing permits.

City Manager Linn stated during the budget process Council discussed hiring another person for the Building Department. At that time Council decided it was better to contract out the services. He added the costs of the contractor services were recovered from the permit and inspection fees. It was also determined during the budget process that the Building Official would not be involved in code enforcement and that task would be turned over to Officer Larry Dean.

Councilor Pruette stated the past Building Official informed her that he did all the plan reviews and inspections himself without the aide of an outside contractor.

Building Official Dan Arlington stated that building permits had increased 20% this year. He was also still involved in code enforcement because Officer Dean had been assigned to temporary patrol duty. He added that Florida Statutes allowed a 30-day time limit for residential permits and his office currently had a 2-week turnaround.

Councilor Gilbert asked City Manager Linn to report to Council on the Building Departments performance and the possibility of hiring an outside entity to act as the Building Department.

Special Mtg.

SET A SPECIAL MEETING FOR DECEMBER 17, 2002, AT 6:00 P.M. IF NECESSARY:

A special meeting needed to be scheduled for December 17, 2002, at 6:00 p.m. for a reading on the Budget Amendment Ordinance.

Consensus: **TO DECLARE AN EMERGENCY MEETING FOR DECEMBER 17, 2002, AT 5:30 FOR THE FIRST READ OF THE BUDGET ORDINANCE AND THE APPROVAL OF CHANGE ORDERS FOR THE WATER IMPROVEMENT PROJECT.**

PUBLIC COMMENTS ON AGENDA ITEMS ONLY

Public Comments Lynda Padtra, 1113 First Street, asked that the sale of the existing radios go back into the fund and if the Building Department performance was being measured.

Building Official Dan Arlington responded the Building Department performance was recently rated a 3 on a 10 to 1 scale by the D.C.A. and I.S.O. with 10 being the worst and 1 being the best.

Adjournment There being no further business, the meeting adjourned at 8:41 p.m.

MINUTES
SPECIAL CITY COUNCIL MEETING
DECEMBER 17, 2002, AT 5:30 P.M.
CITY HALL, 116 FIRST STREET
NEPTUNE BEACH, FLORIDA

Pursuant to proper notice a Special Meeting of the City Council of the City of Neptune Beach was held December 17, 2002, at 5:30 p.m., in the Council Chambers, City Hall, 116 First Street, Neptune Beach, Florida.

Attendance

The following Council members and staff were in attendance:

Mayor Dick Brown
Vice Mayor James Gilbert
Councilor Harriet Pruette
Councilor Larry Shealy
Councilor John Weldon

City Manager Richard A. Linn
City Clerk Lisa Volpe, CMC
Director of Finance Steve Ramsey
Director of Public Safety William Brandt

Order call

Mayor Brown called the special meeting to order at 5:30 p.m. and announced that the purpose of the meeting was for a first reading on Ordinance No. 2002-14 to amend the operating budget and to approve change orders for the Water Improvement Project.

Ord. No. 2002-14

ORDINANCE NO. 2002-14, AMENDING THE OPERATING BUDGET, FIRST READ: AN ORDINANCE AMENDING THE OPERATING BUDGET FOR THE CITY OF NEPTUNE BEACH, FLORIDA FOR FISCAL YEAR 2003 BEGINNING OCTOBER 1, 2002, AND ENDING SEPTEMBER 30, 2003.

The budget amendment was to provide funding for countywide police radio system. Vice Mayor Gilbert, Councilor Shealy and Councilor Pruette agreed to co sponsor the ordinance. A summary of the reasons for the ordinance was given for Councilor Weldon's benefit.

Moved by Gilbert, seconded by Pruette.

Motion: **TO PASS ORDINANCE 2002-14 ON FIRST READ.**

Roll Call Vote:

Ayes: 5 – Gilbert, Pruette, Shealy, Weldon, Brown

COMMUNICATIONS AND CORRESPONDENCE

Lemon St. Parking

PARKING ON LEMON STREET: Vice Mayor Shimp asked to place the issue of adding parking spaces along Lemon Street, in front of the sidewalk that was being installed next to the Amsouth Bank, on the November workshop agenda.

JTA Bus Route

JACKSONVILLE TRANSPORTATION AUTHORITY BEACHES BUS ROUTE BH2: Councilor Gilbert asked if there was a way the City could prevent J.T.A. from canceling Bus Route BH2.

City Manager Linn stated Council could pass a resolution in opposition of J.T.A. canceling the route. Residents could also write letters of objections to J.T.A. The Mayor asked staff to check the impact on Neptune Beach because of this cancellation.

Seawood Drive SEAWOOD DRIVE GREENSPACE – CLEAN UP: Councilor Pruette questioned the progress of the Seawood Drive greenspace cleanup.

City Manager Linn responded the City was instructed to remove the potato vines and the large piles of yard waste and nothing else unless directed otherwise by the Council.

Leeward Landing ROADWAY CONNECTING LEEWARD LANDING AND SUMMER SANDS: Councilor Patronik asked to place the issue of the platted roadway that would connect Leeward Landing to Summer Sands on the December regular meeting agenda.

Election ELECTION 2002: City Clerk Lisa Volpe reminded everyone there would be a special council meeting on Wednesday, November 6, 2002, to certify the results of the election. She urged everyone to vote on November 5th.

CITY MANAGER REPORTS

Public Services Facility REPORT ON MEETING WITH NEIGHBORS OF THE PUBLIC SERVICES FACILITY: City Manager Linn reported a meeting was held with the property owners that abutted the Public Services Facility to discuss concerns regarding the conceptual plans for the new facility. The meeting went very well and some major changes were made to the plans. There would be a follow up meeting with new drawings in approximately two weeks.

PUBLIC COMMENTS

Richard Fail, 510 Oak Street, was concerned about the city cleaning up areas in his neighborhood.

Michael Aston, 1523 Summer Sands, thanked the Council for making the decision not to allow Steve Jarrett access to Poinciana Road through Summer Sands.

Scott McClure, 310 Sunrise Circle, was concerned about a possible assessment on his property. He felt the developer should bear the cost of development.

Susan Daicoff, 1438 Spindrift Circle East, a single mother with two small children, thanked the Council for their decision not to open Oakhurst Drive through to Florida Boulevard allowing access to Poinciana Road through Summer Sands.

Lynda Padrta, 1113 First Street, voiced disappointment that the link for the Water & Sewer Project schedule had been removed from the city web page.

Hays Bishop, 1443 Spindrift Circle East, asked for clarification that Oakhurst Drive would not be opened to Florida Boulevard.

Scott Weikel, 228 Windswept Circle, was concerned the intended access to Poinciana Road for Steve Jarrett's development would raise the possibility of a large assessment on his property.

Jim Miller, 1633 Hopkins Creek Lane, Vice President, PBS&J and Engineer for the Water & Sewer Project explained the link for the project schedule had been removed from the website due to possible liabilities involving PBS&J.

Laura Patronik, 1520 Leeward Lane, opposed opening a throughway from the Leeward Landing subdivision into the Summer Sands subdivision.

Leslie Karlin, 1506 Spindrift Circle West, thanked the Council for their decision not to open Oakhurst Drive to Florida Boulevard. She felt the decision would also satisfy the developer.
