Monthly Report

February 2024

Chief's Message

If you're like me, these reports have a way of reminding me just how quickly the days and months have already unfolded in 2024. February was no exception and as I look back and summarize the month, I'm always amazed at just how much we as a Police Department and City accomplish.

One effort in particular was the ushering in of two new municipal ordinances last month which will increase the safety of Neptune Beach. While I understand there are differing opinions on Automated Speed Enforcement Cameras within School Zones, my ultimate goal as your Police Chief has been and will continue to be keeping our residents safe. This means trying new ideas and methods to tackle problems within our community. The absence of such effort can easily translate to being eclipsed by our ever-evolving society and technology. I'm willing to try this and other new tools in my continued effort in keeping children safe - always!

Chief Michael J. Key Jr.

Departmental Activities

- At the beginning of February, we celebrated the promotion of Commander Liam Toal, who filled a vacancy and has since been tasked with overseeing the Operations Divisions of the agency.

Cmdr. Toal's Bio:

Commander Toal earned the promotion by dedication and commitment as he rose through the ranks of the department. In August of 2008, he started his career as an auxiliary officer for the NBPD. In October of 2008, he was hired as a full-time officer and has served the City of Neptune Beach and the Beaches' community proudly for the last fifteen years. In 2016, he was promoted to Patrol Sergeant where he maintained that role until 2023 when he transferred into the position of Criminal Investigations Division Sergeant. He will now lead the agency's Operations Division along with fulfilling roles such as Training, Recruitment, and Internal Affairs. A couple of Commander Toal's personal career highlights include becoming an agency Field Training Officer, a General Instructor with focus on high-liability topics, and a graduate of the Jacksonville Beach Police Department's Basic SWAT school. Commander Toal served in an operational capacity for over eleven years with the Beaches SWAT Team, prior to abdicating his role in 2023.

Please join me in welcoming Commander Toal to the Executive Leadership Team!

- On January 12th the NBPD Criminal Investigations Division conducted an undetermined death investigation at 1100 Seagate Avenue. At the time, a 44 year old male was discovered deceased and his cause of death was unknown. Working with the District IV Medical Examiners Office, it was determined the male died from a fentanyl overdose. NBPD, along with the JSO's Overdose Unit, began a year long investigation attempting to identify the source of the illegal drug. On February 23, 35 year old Taasha Lynn Bullard, of Jacksonville, was arrested and charged with Manslaughter, Sale or Delivery of Fentanyl, and Unlawful Use of a Two-Way Communication Device.

- We are actively hiring for Police Officers. Our Recruiters are ready to talk or help in any way during the hiring process. We introduced a QR code on hiring literature and encourage you to apply and join our team! If you'd like to learn more, you can email joinNBPD@nbfl.us to speak to one of our recruiters directly.
