Monthly Report

January 2024

Chief's Message

Your NBPD is continuing to move forward in 2024! As we get settled into the new year and look back on the month of January, I'm proud of the sheer number of advancements and innovations our staff are handling to propel this agency into the future.

One of our top priorities is hiring! Each year, recruitment endeavors become more challenging. Between competing public safety agencies and the private sector, who continues to evolve with work-from-home options and higher pay, the challenges we face are real. Filling our ranks with highly skilled employees, full of integrity and commitment to service is a challenge, but one worth striving for. The hardships faced by finding the right person pale in comparison to choosing the wrong person for what our community expects and deserves from its peacekeepers.

Chief Michael J. Key Jr.

Departmental Activities

- Several key appointments and changes were announced within the Police Department this month:
 - Sergeant Liam Toal has been appointed to Police Commander and will lead the Patrol / Operations Divisions.
 - Police Commander Gary Snyder will transition from Patrol / Operations Division to lead the Services Division.
 - Emergency Communications Officer Elaine Dean has been appointed to the rank of Services Division Supervisor and will lead the Communications Unit.
- In the month of February, the Police Department will celebrate these promotions and hold a swearing in at a future council meeting. Chief Key noted "the future success of our agency requires leadership from every level, throughout the organization. We are blessed to have such a talented and dedicated cadre of leaders, who are all ready to meet the demands of their new roles. Leaders who understand that everyday integrity, excellence, and honor must be demonstrated to ensure accountability to our community. We'd like to encourage everyone to join us congratulating these individuals as they embark on their new challenges."

Continued...

- Officer Patrick Carlson was selected Officer of the Year for 2023.
 - He is known for being a team player and always has a positive attitude. Officer Carlson is seen as a leader and a mentor among his peers. He prides himself in protecting Neptune Beach and continues to exceed the expectations of his peers and leadership through proactive law enforcement and the interdiction of narcotics and firearms. During 2023, Officer Carlson made 12 felony arrests, 9 of which resulted in the seizure of large sums of dangerous narcotics and/or a combination of narcotics and firearms. An additional 21 misdemeanor arrests were made during 2023, many also the result of self-initiated proactivity. In addition to his normal duties, Officer Carlson has spent countless hours on amending and revamping our Field Training Officer Guide, which benefits those new employees who go through our rigorous Field Training Program. He is the only recipient in at least two decades to have received this honor twice in a short time period. In 2019, he was also selected for Officer of the Year.
- As mentioned above, we are actively hiring for Police Officers, Dispatch, and Crossing Guards vacancies. Our Recruiters have done an unbelievable job reinventing the way in which we approach this task; utilizing innovative techniques such as the strategic use of a QR code on hiring literature, attending job fairs, police academies, new branding materials, and much more. Their energy and commitment to finding the best qualified applicants to serve our amazing community is both refreshing and commendable!
- Officer Rhoden began his orientation and field training this month. This includes topics & tasks such as:
 - Uniform & equipment outfitting, computer program training & certifications, CPR/First Aid/AED Training, High Liability Subjects (Pursuits, Use of Force, Building Searches, etc.), Firearms Qualifications, Force-on-Force Scenario Based Training, DUI & Traffic Enforcement Training and more.
 - This in-depth orientation provides a solid foundation for all new hires to transition into the 16 week Field Training Program where they will pair up with training officers in the field.

Special Events & Community Outreach

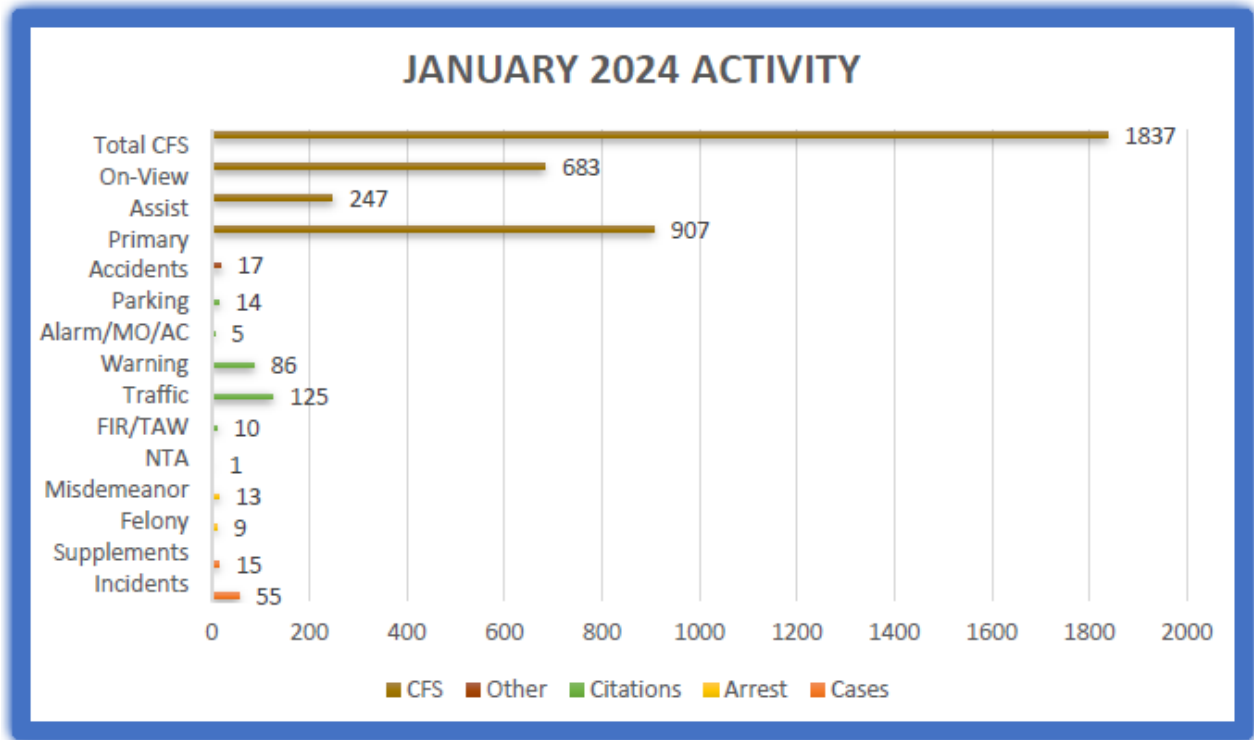

Past:
